MISCELLANEOUS - INFORMATION CONCERNING

PURPOSE:

To advise Director relative to letter of [redacted] which alleges surveillance by the FBI of members of the American Friends Service Committee (AFSC) and obtain approval for attached acknowledgement.

BACKGROUND:

[redacted] mentions watching a special telecast on "surveillance" which program shows Philadelphia as representing a typical American city. The AFSC is located in Philadelphia. [redacted] alleges that AFSC had been under surveillance and expresse shock that such surveillance was so prevalent and felt that this is injurious to the freedom of Americans. She urged the Directo to give the matter serious consideration.

As a result of the break in of the Media, Pennsylvania Resident Agency 3/8-9/71, an investigation was launched to determine the perpetrators of the burglary and who was distributing the stolen documents to the press. Many individuals, some of whom were members of the AFSC, were contacted for interview during the course of this investigation.

Re: American Friends Service Committee
100-11392

The recent TV Program to which [redacted] refers is an apparent rerun of a 60-minute program produced by CBS Reports captioned "Under Surveillance," originally broadcast on 12/23/71. This program focuses on the City of Philadelphia and studies the various forms of surveillance by law enforcement, government and private agencies, such as wire taps, stake outs, photographin and tape recording suspect persons, monitoring the mails and investigations by credit companies. The FBI cases mentioned in this program were a rehash of cases brought to public light as a result of the surfacing of stolen FBI documents from the Media Resident Agency burglary.

The AFSC are plaintiffs in a civil action filed in July, 1971, in the United States District Court, Philadelphia, in which the Attorney General, the former Director and others are named as defendants. In addition to the AFSC, the Philadelph Resistance and eighteen individuals are plaintiffs. The complain alleges that the defendants through harassment, intimidation and surveillance have unlawfully intruded on plaintiffs' right to privacy and free speech. The matter is pending and the pretrial proceedings have not yet been completed. There were no illegal surveillances of any kind concerning AFSC.

October 16, 1970

The Committee to Defend the Minnesota 8 is comprised of approximately 25 persons, including the eight individuals who were arrested in connection with the break-in of three Selective Service boards in the State of Minnesota on the night of July 11, 1970. Meetings are held weekly on Wednesday nights at various locations wherein plans, demonstrations, and political philosophy are discussed. Most of the people who attend these meetings are members of Students for a Democratic Society (SDS) and persons sympathetic with the cause of those individuals who were arrested.

[redacted]

[redacted]
October 16, 1970, and
October 26, 1970

SDS was founded during June, 1962, at Port Huron, Michigan, and in the 1960s functioned as the leading New Left campus-based student organization in the United States. From an initial posture of "participatory democracy," SDS moved to a radical-revolutionary position, with debate centering on how best to create a revolutionary youth movement. Internal factionalism produced a split during the SDS National Convention in June, 1969, which resulted in the following three factions: Weatherman; Worker Student Alliance (WSA); and Revolutionary Youth Movement (RYM). The Weatherman and RYM are no longer affiliated with SDS. The WSA continues to use the name SDS and maintains its national headquarters in Boston, Massachusetts.

Weatherman, formerly a faction of SDS, controlled the SDS National Office from June, 1969, until its closing in February, 1970. Weatherman then entered an underground status and adopted a tactic of "strategic sabotage," with police and military installations designated as primary targets.

WSA, a faction of SDS, was expelled from SDS in June, 1969, by the then dominant Weatherman faction but continued to use the name SDS and opened an office in Cambridge, Massachusetts. WSA aligned ideologically with the Progressive Labor Party (PLP) and, in February, 1971, moved to Chicago, Illinois, whereit opened the SDS National Office at 1225 South Wabash Street.

RYM, a pro-Communist revolutionary youth organization, was organized in 1969, first as a faction within the SDS, then as a separate group with headquarters in Atlanta, Georgia. RYM was unsuccessful in attracting support, and by mid-1970, it was practically defunct.

The PLP was founded in 1962 by individuals expelled from the Communist Party, USA, for following the Chinese communist line. Its objective is the establishment of a militant working-class movement based on Marxism-Leninism and MAO Tse-tung thought.

February 1, 1971

The Minnesotans United to Free Angela Davis, organized approximately January, 1971, and controlled and dominated by the Communist Party, USA - Minnesota-Dakotas District, is no longer a functioning organization subsequent to the acquittal of Angela Davis in June, 1972, on the charges of kidnaping and murder.

NOTE:

The People's Blockade Committee is attempting to prevent the free flow of war materiel from points within the United States for export to our forces overseas. Neidlinger has attempted to have postal authorities prevent the captioned organization from mailing its material to him. Receiving no cooperation he referred the matter to the Attorney General claiming harassment by use of the mail. Assistant Attorney General A. William Olson of the Internal Security Division advised on 10/25/72 this matter was originally referred to the FBI for information only, without a request for investigation. Upon review of the Department's letter to Neidlinger Mr. Olson noted it could be construed by the recipient that the FBI was going to actively investigate the matter. He suggested the above contact with Neidlinger to put this situation in proper perspective and to preclude further correspondence.

Dear Mr. Secretary;

ENCLOSURES
SEPTEMBER 7th, 1972

In the early 1940's there were a few instances of Europeans lying down on railroad tracks to prevent Jews from being taken to concentration camps. We can only imagine what impact there would have been if thousands of people had taken such action instead of just a few dozen.

Actions like this are already taking place. At the Naval Amm Depot in Leonardo, N. J., people have begun a sustained campa blockade munition shipments leaving for Vietnam. On several a flotilla of canoes, sailboats, and small motor boats attemp blockade ships; and others were arrested while holding a wors vice on the railroad tracks which carry the munitions to the In Bangor, Washington, people have attempted similar sea bloc of munitions ships loaded with bombs for B-52s. And in Norfo a few weeks ago, people attempted a sea blockade of the 5000- aircraft carrier, USS America, which was to join 7 other carr the huge naval armada off the coast of Vietnam.

The war in Indochina has been "wound up" rather than "wound down" as claimed by the Administration. Compared with the so-called "height" of the war in '68-69, there are three times as many aircraft carriers raining death on the Indochinese, more daily air sorties over North Vietnam, more destroyers pounding Vietnam from the sea, three times as many B-52s . . . and Haiphong has been mined. In a word, there is more killing, more destruction.

This massive escalation of the war was ordered to obscure the failure of Nixon's Vietnamization policies. And by continuing its support for Thieu's military clique and by sabotaging the Paris Peace Talks, the U.S. shows its commitment to a military solution which will only prolong the misery of the Vietnamese people indefinitely.

Although the war has been escalated tremendously, the war ha an invisible war, a forgotten war. It is fought with highly cated electronic equipment; it is fought from high in the sk push buttons and IBM computers. The casualties are indochin American. Yet every day from ports, train and truck depots, bases across the country, the bombs and munitions are being to Indochina secretly and anonymously. This export of death china must be made VISIBLE and PUBLIC. People must be made the crimes of war in which we Americans are deeply involved.

The next five months are a most critical time for the Vietnamese people. If Nixon or another candidate committed to a Thieu-type government in Saigon is elected in November, the people of Indochina face another four years of bombs and napalm. The war must be made visible to the American public in order to save the innocent and American morality!!

The PEOPLES BLOCKADE is a nationwide effort to blockade bombs tions shipments bound for Indochina.

The PEOPLES BLOCKADE is nonviolent direct action against the our bodies between the bombs and the Indochinese people.

The PEOPLES BLOCKADE allows all of us who are torn and frustr government's war crimes against some of the gentlest peo face of the earth to prevent those crimes through a clea act of conscience.

The PEOPLES BLOCKADE says NO to our government; it says NO to against humanity; and it says that we will continue to s through nonviolent direct action until the war ends.

The Peoples Blockade office has materials, literature, posters, organizing manuals, etc., to help your group organize a land or sea Peoples Blockade. We have lists of possible targets - sea terminals, railroad tracks, and air bases. And we can help you make contact with experienced organizers and trainers. Resistance to Tyranny is Obedience to

Dea .citizens and Friends,

200 years ago a brave revolutionary woman s
our flag that we honor on June 14th. The flag Betsy Ross designed was to
national ensign for a new and promising nation, free of religious and poli
persecution. In the years following the American Revolution, parts of whic
fought in our community, this flag represented freedom from tyranny and the
beginnings of a democratic society unequalled in history.

Today, some of us are beginning to fear a new tyranny that hides behir
flag designed 200 years ago. Greed for wealth, power and control seem to b
motivation for fighting new wars. In the name of bringing "PEACE" and "FRE
to Vietnam, the lives of 50,000 American men have been lost. Over THREE MI
Indochinese have been killed, wounded or made refugees, 3,000TONS of bombs
dropped each day. In one week 24,000 TONS of bombs are dropped creating ar
additional 10,000 killed or wounded Vietnamese people! This weekly average
equivalent to the blast at Hiroshima; every minute an average of two tons o
bombs are dropped. These actions have brought neither peace nor freedom.
government supported by the U.S. in Southern Vietnam remains corrupt and ha
suspended most of the civil liberties of the people ruled by Nguyen Van Thi

In this country more than 73% of the people want an immediate end to t
wasteful war, yet the President still increases the bombings. Promising a
"Generation of Peace" and economic stability, he has only made the economy
dependent on the war which increases the cost of living and increases devas
in Southeast Asia. Because of the government's priority of spending on the
war; health care, child care, and environmental projects go unfunded or are
drastically slashed. Many of us in this community are forced, by economic
necessity to work at war related jobs (no other ones are available). Althou
against the war, we are tied to it. This is the new tyranny--a denial of
freedom of choice!!

The people involved have been saying that need more places of life, and fewer places of death. (For example, the 1 acre tract of land used to store and transport munitions could be utilize agricultural research and animal husbandry, important concerns for us liv New Jersey and for our country). People have also been pointing to dange having the Depot located in our community.

In 1944 there was an explosion at the Port Chicago Naval Ammunition which killed hundreds of people, devastated propert (remember pictures of and injured people as far as 7 miles away, the distance from Atlantic Hig to Staten Island. Every day trains move down the U.S. government railroa straight through our community, carrying deadly munitions to ships bound Vietnam. On one hand our community is physically endangered by war relat production, on the other hand it continues to suffer economically becaus that same war related production.

If you are interested in exploring alternatives to being trapped by war, join us in either our community discussions or demonstrations. Toge we can find ways to restore our flag to its original meaning of freedom i tyranny.

Statement from Bronson P. Clark, Executive Secretary

Two representatives of the American Friends Service Committee have just returned from Hanoi where they delivered a humanitarian shipment of heart surgery equipment. They are Dr. George Perera, former associate dean of the Columbia University College of Physicians and Surgeons and a recognized expert on hypertension, and John A. Sullivan, Associate Executive Secretary of AFSC.

Our representatives brought home personal and photographic evidence of what some of the American bombs are now doing: wrecked hospitals, schools, homes and cultural buildings. They stood on and photographed a primary and a secondary dike at Nam Dinh which had been bombed with no visible military target nearby. Whether the bombing of civilian institutions, the maiming and killing of civilians and the damage and weakening of dikes is intentional or accidental is academic. The critical question is whether these things are happening, and the direct, first-hand evidence of AFSC observers is that they are.

U.S. bombardment and naval shelling of North Vietnam must be terminated. For a technologically superior country like ours to be raining sophisticated destruction on a relatively defenseless, essentially peasant people who are completely without the means of the slightest attack on our country brings dishonor to American ideals. Our representatives found in all their conversations and observations that the North Vietnamese people, far from being driven to defeat, are uniting more strongly under the pressure and putting their ability to adapt and survive to work to outlast and endure the bombing.

In the name of all that is holy, in the name of spiritual values, in the very name of America, this loathsome bombing and shelling must stop.

4 August 1972

HANOI, July 20, 1972

Hostile planes knife through cold and silent sky.
Hearse loudspeakers signal the approach:
The sirens that I heard in London —
Another land, another time, another pang of history —
I hear again.
Theirs is the raucous call known well to ears that have heard war before.

Who goes there overhead? Is he
From the plains of Kansas, green slopes of Vermont,
The soft-voiced south, the uproar of New York,
The ever-greening Northwest U.S.A.?

Who up there knows what I see here?
Look: There goes the enemy:
A sweet-eyed child chubby-legged on a bike.
A mother caring anxiously for her young.
A slender girl bent over green shoots in a paddy,
A rider off his bicycle and sitting by a hole —
The single-occupancy shelter designed to beat the bomb.

Men, women, children...the enemy is everywhere?
And the targets abound.
The factories, ports, rails, homes, hospitals, dikes
That hold the salted sea from land,
Or coursing rivers that bring green life.
Or death.

Who sits underground?
I sit in concrete shelter rooms
and talk of war.
With a Vietnamese surgeon whom war has forced
To new techniques of saving lives.
An Indian of supreme dignity who
Presides over the international group
named to control the agreement of men who
Decided 18 years ago to supervise a peace that hasn't come.
An actress who knows the studios of
Paris, London, Hollywood,
Now to find, falling asleep at night,
That her pillow is wet from tears
Brought forth by sights of war and thoughts of men
Her country has sent to ride the skies on tubes of death.

Oh, Vietnam, Vietnam.
I know your gentle, slow and graceful people in the south,
And now I see here, in Hanoi, the same soft sweetness,
The same deep love of life and land.
The same people, the same clothes, the same words,
As those I know beyond the Ben Hai.

Oh, Vietnam.
In the enveloping heat of July, another flush comes to my face.
How can it be? When will it stop? Who will say the word?

— John Sullivan

PARTICIPANTS DISPLAYED A FIFTEEN FOOT BANNER INSCRIBED "STOP BOMBING THE DIKES" AND PLACARDS INSCRIBED "NIXON'S PEACE PLAN IS A BOMB," "SINCE NIXON TWENTY THOUSAND G.I.'S KILLED," "SINCE NIXON ONE HUNDRED TWENTY BILLIONS WASTED ON WAR" AND "SINCE NIXON BOMBINGS EQUAL TO FOUR HUNDRED HIROSHIMAS."

FOUR PARTICIPANTS WERE OBSERVED LEAFLETING PEDESTRIANS. ONE LEAFLET CAPTIONED "IS NIXON DELIBERATING CAUSING FLOODS IN NORTH VIERNAM?", AND STATED THAT THE FLOODS IN PENNSYLVANIA FOR WHICH NIXON EXPRESSED DEEP CONCERN WERE CAUSED BY A VIOLENT ACT OF NATURE, BUT THE SUFFERING IN INDO-CHINA IS CAUSED BY A VIOLENT ACT OF MAN, RICHARD M. NIXON. LEAFLET STATED THIS MAN MUST NOT BE RE-ELECTED PRESIDENT OF THE UNITED STATES, AND STATED THAT THE LEAFLET HAD BEEN ISSUED BY WSP AND PVVAW. PARTICIPANTS ALSO DISTRIBUTED LEAFLET URGING RECIPIENT TO VOTE AND GIVING LOCATIONS WHERE HE COULD REGISTER. THIS LEAFLET SELF-IDENTIFIED AS PUBLICATION OF MC GOVERN FOR PRESIDENT COMMITTEE, ROOM FIVE ZERO NINE,

ONE FOUR FIVE SOUTH THIRTEENTH STREET, PHILADELPHIA, PA.

BOB FIELDS, PVVAW MEMBER, WAS MAIN SPEAKER AND STATED THAT WHEN CAMPAIGNING IN NINETEEN SIXTYEIGHT, PRESIDENT NIXON STATED AN ADMINISTRATION THAT HAS HAD FOUR YEARS TO BRING PEACE AND DIDN'T, SHOULD NOT BE GIVEN ANOTHER CHANCE. HOWEVER, NIXON, AS HE PROMISED, HAS NOT ENDED THE WAR. RATHER, HE HAS ESCALATED THE WAR WITH RESULT THAT TWENTY THOUSAND MORE G.I.'S HAVE BEEN KILLED, AS WELL AS THOUSANDS OF INDO-CHINA CIVILIANS. FIELDS STATED THAT SINCE A GERMAN GENERAL WAS PROSECUTED FOR WAR CRIMES RESULTING FROM HIS FLOODING OF HOLLAND DURING WORLD WAR II, THEN NIXON SHOULD BE CONSIDERED A CONVICTED WAR CRIMINAL BECAUSE HE HAS BOMBED DIKES IN NORTH VIETNAM RESULTING IN FLOODING AND CIVILIAN CASUALTIES.

SUBSEQUENTLY, TWO MALES AND ONE FEMALE, NOT IDENTIFIED, REPEATED THE ABOVE REMARKS MADE BY FIELDS.

ACTIVITIES TERMINATED ONE THIRTEEN P.M. WITHOUT INCIDENT AND MAXIMUM OF TWENTYTHREE PARTICIPANTS. HEAVY LUNCH HOUR PEDESTRIAN TRAFFIC DISPLAYED LITTLE INTEREST IN ACTIVITIES, WITH GREAT MAJORITY REFUSING EVEN TO ACCEPT LEAFLET. MAXIMUM OF TEN PEDESTRIANS AT ANY ONE TIME PAUSED LONG ENOUGH TO LISTEN TO SPEAKER OR READ PLACARDS.

[redacted], ADVISED THAT STARTING TWELVE NOON, AUGUST THREE, NEXT, POW WEEK

END OF THREE

WILL CONTINUE ACTIVITIES WITH DEMONSTRATION AT THE AIR FORCE RECRUITING OFFICE, ONE ONE NINE NORTH BROAD STREET, WHICH ACTIVITIES WILL BE SIMILAR TO THE DEMONSTRATION AT NIXON HEADQUARTERS, AUGUST TWO, NINETEEN SEVENTYTWO.
