I. ORGANIZATIONAL DATA

A. LOCATION OF HEADQUARTERS AND PADS

On February [redacted] reported that the group known as the National Committee for Combat Fascism (NCCF), Winston-Salem, North Carolina, was a recognized BPP affiliated group and [redacted] reported that their headquarters was located at 1210 East Fifth Street, Winston-Salem, North Carolina, with a pad at Apartment N, Colony Apartments, 940 Cleveland Avenue.

During [redacted] reported that the group cleaned up a house at 1602 East 14th Street, which is on the corner of 14th and Jackson Avenues which is to be their new headquarters.

On [redacted] reported that the group continues to use 1602 East 14th Street as a headquarters with some of the full-time members residing in the headquarters, noting someone is present 24 hours each day.

On July 8, 1970, a Special Agent of the FBI observed officers of the Forsyth County Sheriff's Office evicting the occupants of 940 Cleveland Avenue, Apartment N.

On [redacted] reported that the apartment of WILLIAM RICE, 940 Cleveland Avenue, Apartment H, was used as a pad. [redacted] noted also that there has been discussion of [redacted]

The Black Panther, official newspaper of the BPP, in its issue of Saturday, June 27, 1970, Page 22, had a "list of recognized chapters and branches and NCCF of the BPP" which includes Winston-Salem, North Carolina, as 1602 East 14th Street, Telephone 919-722-4097.

B. OFFICERS AND MEMBERSHIP

Based on information from [redacted] as furnished during June, 1970, and July, 1970, the following information was obtained:

1. OFFICERS AND LEADERS

CENTRAL STAFF

LARRY DONNELL LITTLE, Field Lieutenant and actual leader of the entire group.

WILLIAM RANDOLPH RICE, Lieutenant in Charge of BPP newspaper distribution.

NELSON LEE MALLOY, JR., Field Lieutenant.

THERESA THOMAS, also known as "Slack" Thomas, Lieutenant in Charge of Finance.

DAVID BOWMAN appears to be Officer of the Day and in Charge of Children's Liberation School.

JULIUS CORNELL as of July 17, 1970, had the title of Captain of Defense in Charge of Panthers in Training subservant to LARRY LITTLE.

[redacted] 1970, RICE had quit coming around the BPP headquarters and [redacted] was of the opinion he had dropped out due to his dissatisfaction with LARRY LITTLE and the fact he had been put on restriction.

[redacted] noted that DOUGLAS PAUL MIRANDA is not around Winston-Salem, North Carolina, at the present time and that KATHERINE YVONNE HARRIS has been transferred out of Winston-Salem, North Carolina, but her location is known only to the higher leaders.

2. MEMBERSHIP REQUIREMENTS, DUTIES AND TRAINING

The membership, limited to Negroes, consists of approximately 15 individuals, as of [redacted] according to [redacted] On occasion there will appear to be more individuals, but these are just people from the community in the area of the BPP headquarters who sell papers for the Panthers.

Members are divided into two groups, one of which is full-time workers and the other is community workers or part-time workers. Full-time workers usually live at the Panther headquarters and are supported by the Panther group having no other employment. They work with the breakfast program, liberation school and sell Panther newspapers and pamphlets. These individuals who are considered full-time members are required to sell $12.50 worth of newspapers per week. All of this money is returned to the Officer of the Day or individual who sits at the front desk of the BPP headquarters and this individual gives the money back to the full-time members as it is needed. Part-time members usually have a job or other source of income and they contribute to the group, although there are no required dues.

Members are required to come by the BPP headquarters each day and the leadership request they do not use drugs or alcohol as this would impair their effectiveness in the event the orders come down from California to start a revolution.

On [redacted] reported that in connection with articles appearing in the BPP newspapers, these are written by members of the Panther group only and not by Panthers in Training which is the title given to individuals prior to the time they have obtained proper instructions in the BPP platform and programs.

It is noted that the names of members and active workers will be set forth in other sections of this report as information pertaining to them is set forth.

3. TRAVEL OF LEADERSHIP

On [redacted] reported that LARRY LITTLE was coming to California from Winston-Salem, North Carolina, and was to confer with the BPP leaders at Berkeley. The purpose of the trip was not stated.

On May 11, 1970, [redacted] advised that LARRY DORNELL LITTLE, Lieutenant in the BPP, Winston-Salem, North Carolina, departed by plane, 2 P.M., May 10, 1970, en route to San Francisco, California.

On May 13, 1970, LA T-40 reported that an individual at Los Angeles advised that a male at Los Angeles was to travel to Winston-Salem, North Carolina, that date. Subsequently on [redacted] reported that LARRY LITTLE was returning to Winston-Salem, North Carolina, on May 14, 1970, and was bringing with him four boxes of excess luggage containing the current issue of the BPP newspaper which is dated May 19, 1970.

On May 18, 1970, LA T-40 reported that ELMER PRATT, Deputy Minister of Defense of the BPP, was at that time in Winston-Salem, North Carolina, and money was to be sent to PRATT via Western Union under the name of WILLIAM RICE, 1602 14th Street, Winston-Salem, North Carolina, for his plane fare back to the West Coast.

On [redacted] reported that "GERONIMO" was at the Winston-Salem, North Carolina, BPP headquarters during the week of May 18, 1970, and was identified as Deputy Minister of Defense for California.

"GERONIMO" has been identified in an issue of the BPP newspaper as ELMER PRATT, Deputy Minister of Defense for southern California.

[redacted] also noted that WILLIAM RANDOLPH RICE and NELSON MALLOY were talking about a trip to California to visit National Headquarters but no plans were actually made.

On [redacted] reported that ROBERT BEY (East Coast Field Marshall) and BRAD BREWER, a BPP member, were to travel to North Carolina and possibly return the same day.

On [redacted] reported that due to changes at New Haven, Connecticut, DOUGLAS PAUL MIRANDA, former Area

Captain for New Haven, Connecticut, has been transferred to Winston-Salem, North Carolina, and on May 25, 1970, SF T-22 reported that MIRANDA reportedly was transferred for disciplinary reasons from New Haven, Connecticut. He had arrived and according to information available to SF T-22 was functioning at Winston-Salem, North Carolina.

On [redacted] reported that MIRANDA was in Winston-Salem, North Carolina, and "realized mistakes he had been making in New Haven."

On June 4, 1970, [redacted] reported that KATHY THOMAS, described as a Negro female, reportedly graduated from University of Los Angeles, was en route by airplane to Winston-Salem, North Carolina, and departed Jersey City, New Jersey, June 3, 1970, accompanied by [redacted] a Marine Corps deserter.

[redacted] subsequently identified KATHY THOMAS as being identical with KATHERINE YVONNE HARRIS, who they called the "girl from Oakland."

It is noted that on July 8, 1970, [redacted] was arrested by Special Agents of the FBI at Winston-Salem, North Carolina.

On [redacted] reported that DOUGLAS MIRANDA was returning to New Haven, Connecticut.

On [redacted] reported that HOWARD CLAYTON MOORE, a member of the NCCF at Richmond, Virginia, had traveled to Winston-Salem, North Carolina, in the recent past to attend a NCCF conference but was not admitted as no one could vouch for him as a member.

On [redacted] reported that JUNE HILLIARD (Assistant Chief of Staff of the BPP) was in Winston-Salem, North Carolina, but departed June 11, 1970.

On [redacted] reported that HILLIARD had been at Winston-Salem, North Carolina, but was returned to California on June 12, 1970, accompanied by EDDIE GRIFFIN, a San Francisco, California, BPP member.

On [redacted] reported that [redacted] described by [redacted] as a San Francisco BPP member

recently assigned to perform various duties in the Eastern United States indicated that she is presently assigned to the NCCF, Winston-Salem, North Carolina.

On June 30, 1970, DOUGLAS PAUL MIRANDA was observed at Superior Court, New Haven, Connecticut, during the selection of jurors for the trial of [redacted] one of a group at New Haven accused of the murder of a BPP member.

On [redacted] reported that KATHY HARRIS recently working in Winston-Salem, North Carolina, was at that time in Chicago, Illinois, reason unknown.

On [redacted] reported that RAYMOND HEWITT, Minister of Education of the BPP, was at that time in Winston-Salem, North Carolina.

On [redacted] reported that reservations had been obtained for Mr. HEWITT and Mr. JOHNSON on Eastern Airlines for a flight to Winston-Salem, North Carolina, on the evening of July 8, 1970.

On [redacted] reported that on [redacted] at approximately 4 P.M, five Negro males, one of whom was RAYMOND HEWITT, arrived at BPP headquarters, Winston-Salem, North Carolina. This group of individuals appeared to be together as they were shown through the headquarters by JULIUS CORNELL and all were accorded approximately the same degree of deference. One of the individuals mentioned, other than HEWITT, was a Negro male, approximately 23, five feet nine inches to six feet, 165 pounds, medium size, afro haircut, with a gold ring on his left hand.

On July 10, 1970, [redacted] reported that the purpose of HEWITT's trip to Winston-Salem, North Carolina, was to inspect operations of the NCCF Office and returning to New York over the coming weekend.

[redacted] it was determined that when HEWITT was in Winston-Salem, North Carolina, it was some type of inspection tour possibly concerning the recent ousting of some of the former leadership in Winston-Salem, North Carolina. HEWITT apparently mentioned that HUEY P. NEWTON would be out on bond within a short time and would visit each BPP unit personally including Winston-Salem, North Carolina.

4. PURGED OR DISMISSED MEMBERS

[redacted]

On [redacted] reported that JAMES FORD, a member of the BPP at Winston-Salem, North Carolina, had been accused of being an informant for the "pigs" and had left Winston-Salem, North Carolina.

On July 7, 1970, [redacted] reported that JAMES FORD was noted selling Panther newspapers at the Northside Shopping Center at Winston-Salem, North Carolina, and it appears he is back from some type of restriction.

On [redacted] reported that ROBERT TAYLOR GREER, Area Captain of the BPP, had had an agrument with some of the members at the BPP headquarters, 1602 East 14th Street, on [redacted]

Apparently GREER had been told by other Panthers, not identified, that he would have to quit his job and become full time Captain of Defense or else get out of BPP. GREER wanted to know how he would pay his bills and they stated they would pay his bills for him.

GREER indicated to the group that inasmuch as they were broke, charging food for the breakfast program, apparently unable to pay the rent and having a very few donations coming in, he would just pull out of the group. JACKIE PEOPLES, JESSE STITT and a few other members left with him.

[redacted] In addition, he reported that LARRY LITTLE wanted to run things more like California and GREER allegedly stated that California (meaning BPP headquarters) could go to hell as they did not have the same problems as Winston-Salem, North Carolina. The members identified as dropping out [redacted] were as follows:

ROBERT TAYLOR GREER

JESSE STITT

JACKIE PEOPLES

FEY SWEITZER

DAVID BLAIR

There were a number of other minor figures [redacted] who dropped out.

On [redacted] reported that several of the former BPP members were talking about the fact that LARRY LITTLE as the new leadership was considered a "rabid fool." He had started everyone on three hours of physical training, two hours of class where they read the BPP newspaper and other literature and then three hours of work in the BPP headquarters without a shower, dinner or time to rest. From the conversation, it was indicated that other people were dropping out due to their being unhappy over LITTLE's leadership and the current membership was down to LARRY LITTLE, WILLIAM R. RICE, DAVID BOWMAN, NELSON MALLOY, THERESA THOMAS, NANCY WITHERSPOON and one or two fledgling Panthers [redacted].

C. PUBLICATIONS

During the period, January, 1970, to July, 1970, SF T-16 and T-22 reported that the Winston-Salem, North Carolina NCCF were in regular receipt of the BPP newspaper. There were some complaints of papers being delayed, ruined by water, etc., but they received from 600 to 3,000 papers during this period.

Distribution at Winston-Salem, North Carolina, was initially handled by LARRY LITTLE, however, it was subsequently turned over to NELSON MALLOY then WILLIAM RICE. There were difficulties in getting together the money for payment to the BPP headquarters for the papers and other pamphlets and posters ordered and at one time during May, 1970, the group was considered to be two weeks behind.

On [redacted] reported that in addition to the paper sales at Winston-Salem, North Carolina, on July 6, 1970, [redacted] to sell BPP newspapers.

[redacted] reported that each BPP member must sell 50 papers per week and on that day approximately 17 individuals were observed selling newspapers both in downtown Winston-Salem, North Carolina, and at the Northside Shopping Center. LARRY LITTLE, DAVID CATO, BOBBY STOVER and EDWARD MC QUEEN were all selling the papers at the Northside Shopping Center. [redacted] also noted that McMillan's Minute Market, a store on Liberty Street believed to be Mooney's Drug Store, and the Barber Shop next to Harriston Drugs were also selling the papers.

[redacted] reported that publications and literature [redacted] included Page 21 of the June 13, 1970, issue of the BPP newspaper, which is a full page announcement of the BPP rally which was held at Washington, D. C., on June 19, 1970. Page 11 to Page 14 of the June 13, 1970, issue of the paper is a statement by HUEY P. NEWTON concerning the rally and a reprint of Page 11-16 of the June 20, 1970, issue of BPP rally held June 19, 1970, and a statement concerning the rally.

Also available is a reprint of the January 3, 1970, BPP newspaper, of which Page 6 is an article concerning "Black Soldiers as Revolutioners to Overthrow the Ruling Class" by BOBBY SEALE, BPP chairman.

On July 7, 1970, [redacted] made available the following brochure entitled "Organizing Self-Sefense Groups" which is as follows:

SELF-DEFENSE GROUPS

PART # 1

In organizing self - defense groups at this stage of the struggle the most important consideration is whether or not the person to be incorporated into the group understands fully that what he or she is doing is the right thing to do. At this stage of the struggle if any members of a self-defense group are weak minded or do not understand that the only way to put an end to brutality & murder by this racist power structure is to organize self-defense groups & counter-attack, *practice has shown* that if this weak minded person is ever captured he or she will certainly not be able to *withstand* the methods of persuasion used by the fascist pigs and they will talk, give up information. So the first priority for any self-defense group is to be armed ideologically.

Because of the consequences if anything goes wrong during an *operation*, members within the group must maintain a face to face realtionship, get to know each *others strengths and weaknesses* thoroughly, and participate fully in the planning of operations. Liberalism at this level can cost the lives of comrades and/or jeopardize the success of an operation.

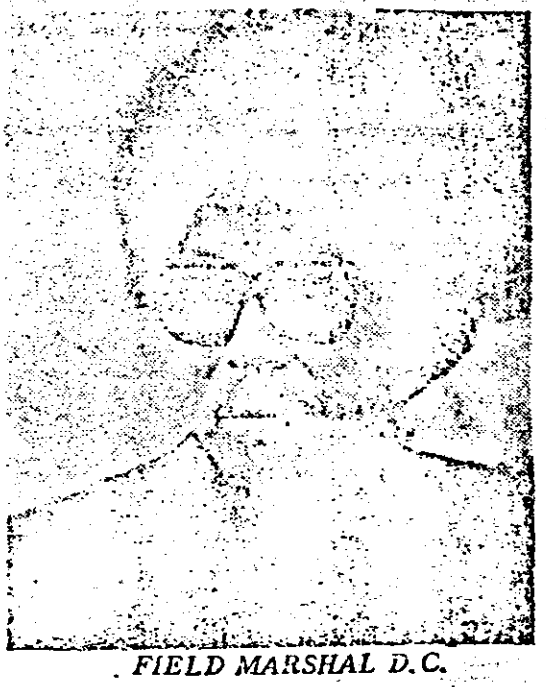
At this time self-defense groups should have no more than four to six members. The struggle at this time requires no operation that can't be handled by four to six *people*. Also security is sacrificed the larger the group. At this time self-defense groups should be *formed all across Babylon, North*, South, East and West. However, at this time groups must work autonomously. Under no circumstances should any group seek out and try to make contact with another group. Due to the fact that this level of struggle is in its embryonic stages and fools, agents and provacatures are scattered all across Babylon if *autonomy* is maintained when a member of a group is captured he or she will only be able to give up *information on one group*, their own.

Know the *enemy*. At this time the pigs have three things going for them:

1. Communication
2. Mobility
3. Information

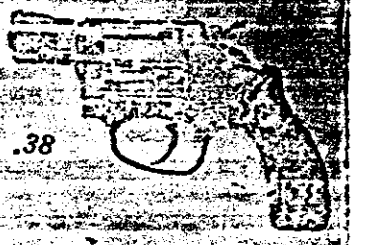
C.M.I.

When planning any operation the pigs' C.M.I. must be taken into [illegible] tion when planning tac-



FIELD MARSHAL D.C.

Due to the brainwashing done by TV, movies, comics etc., there are a lot of incorrect ideas about firearms that must be cleared up. The first thing to understand is, there is no one piece (gun) that covers any and all situations. Although they show pigs on TV and in the movies, killing people a block away with a snub-nose .38



revolver, in reality this is not very practical and shouldn't even be attempted unless you are an expert's expert. From seeing too much *Wyatt Earp and Mat Dillon* too many people think that if they have a hand gun either pistol or *revolver* that they are ready for anything. All that is necessary to give you a different perspective is to examine the armament of the pigs that occupy our Black communities anywhere in Babylon. When you do that you will discover that most pig cars have at least one .12 gauge pump or automatic shotgun, one or two semi-sutomatic or automatic assault rifles, one or two bolt-action rifles with a scope mounted for sniping *purposes*, and, of course, the pigs have strapped on at least one handgun either an automatic pistol or a revolver. In San Francisco, the S.F. Tactical Squad members carry two handguns, their standard service revolver plus a second handgun which is their personal preference, in many cases an automatic pistol. So at this time let's examine these three types of weapons-the shotgun, the rifle and the handgun.

.12 GAUGE SHOTGUN: the pigs use the shotgun, either pump or semi-automatic, loaded with 00 buckshot generally in crowd situations such as rebellions. The standard load is nine (9) buckshot pellets per shell, however there is the magnum load of 12 pellets per shell. These magnum loads are to be used *only in magnum shotguns*. If you use magnum loads in a regular shotgun, you might not live *to tell it*

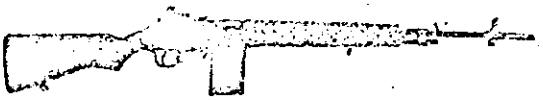
COUNTER-ATTACK
D.C.

The pigs also use slugs, I plant lead ball. In the plans the Berkeley pig dept. had drawn up to attack National Headquarters of the Black Panther Party, they intended to use slugs to knock the armor plate off of our windows and to knock out the doors.

Another very good assault rifle is the M-14 caliber 7.62MM Nato (.308 in English). This is a very good weapon although it has been replaced by the M-16 in the fascist military. Most national guard units, at least here in California, are equipped with the M-14. Check your local National Guard availability.



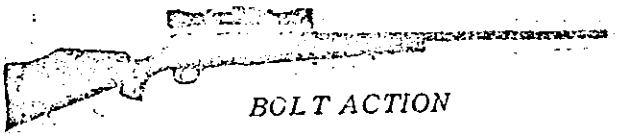
M-14

There is also a tear gas shell now designed to be fired from a .12 gauge shotgun.

Every Black home should have at least one .12 gauge shotgun to be used to protect the door. Use 00 buckshot and it will deal with any criminals trying to enter uninvited. Cuban guerrilas used shotguns very successfully in the revolutionary war led by Fidel Castro. They would set up ambushes close to roads usually only a few feet away and shotguns loaded with 00 buck would have a devastating effect upon the occupants of cars and/or trucks.

There is one thing about shotguns that possibly can be viewed as in our favor at this time that is that the barrell is smooth inside so it doesn't put any marks on the pellets; therefore, the pigs can't make an investigation based on ballistic marks.

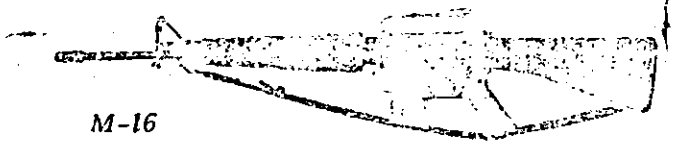
The RIFLE: The bolt-action rifle in .30-06 or .308 (7.62 MM Nato) with a four (4) power scope (or better) mounted is a sniping



BOLT ACTION

weapn. A specialist piece. This virulent (deadly) combination is for one purpose, and one purpose only-to fire ONE well placed shot. So each self-defense unit needs only one such weapon at this time. There is nothing else to say about that.

The assault rifle is either semi-*automatic or preferable one that* can be fired either semi-automatic or fully automatic. The limit here is that posed by the limit of the enemy's arsenal. Here we will discuss the most common seen in our communities carried by the gestapo pig forces. The AR-15 caliber .223 is the semi-automatic civilian model called "sporting" model of the M-16 used in Vietnam. The M-16 fires either semi-auto or fully auto. After the lives of many brothers were lost in Vietnam because the weapon was new and untested, it has now been



M-16

c-bugged and is fairly reliable. It can be found on all military bases and some gestapo pig-occupied [illegible] in Africa was [illegible] on the public market and has been [illegible] by the AR-180 caliber [illegible]. The AR-180 is not [illegible] to the AR-15, however [illegible]

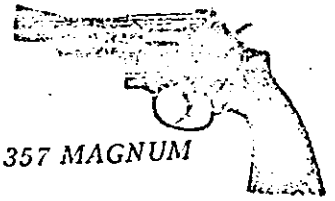
The Thompson Sub-Machine gun if in good working order is very reliable in .45ACP caliber. It fires either semi or fully auto. One rewarding feature is it uses the same ammunition as the .45 automatic pistol cutting down on the variety of ammunition necessary for your stash. Check your local police-mafia arsenal.

Finally the age-old M1-Garand caliber 30-06. Very good, plenty of them around, heavy and accurate way out, easy to get and plenty of ammo around. Check your pawn shops and gun shops also some national guard units and college ROTC units have them readily available.

The M1-30 caliber carbine? Use it for target practice and training.

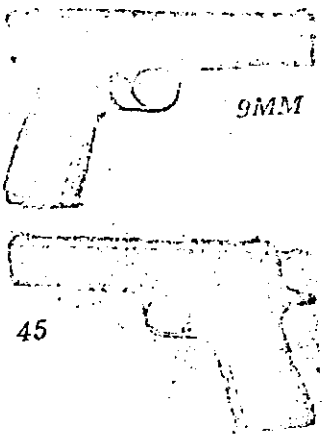
Assault rifles are to be used in fire fights, more commonly known as shoot-outs. People waging wars of liberation around the world also use assault rifles to annihialate (wipe out) their enemy's in ambushes and in counter attacks against fascist military outpost.

HANDGUNS: There are two types, semi-automatic pistols and revolvers. There are so many different brands and calibers, I will only deal with what I consider to be the best choices.



357 MAGNUM

.357 Magnum revolver made by either Colt or Smith & Wesson. It holds six shots and with armor piercing ammo is supposed to crack an engine block. Many pig departments have switched or are switching from .38 special to .357 magnum. The less powerful .38 special just can't match the .357. There was an incident where a brother was defending himself against a pig and fired at the pig with a .38 special. The bullet hit the [illegible] and was deflected. [illegible]



[illegible] pistols. Although pistols are called "automatic", they really are semi-automatic. The trigger has to be pressed for [illegible] against someone with a [illegible] revolver, they don't have to [illegible] 2 times and you've still two shots left.

An Automatic pistol. This [illegible] the sidearm issued to the fascist military troops. They can be purchased in stores. It also seems to be a lot of [illegible] available in the streets. [illegible] with your local street merchant.

Even if you have the finest [illegible] defense weapons they are no better than clubs if you don't know how to use them. By the same token if you practice, it is possible to get good enough to kill elephants with a .22. However with [illegible] practice with the above mentioned weapons and being armed ideologically with the invincible theory of the Black Panther Party, it is possible like the Panthers who were attacked in Los Angeles December to be a match for [illegible] hundred.

PART-3 TRAINING

When planning any operation, the pigs' C.M.I. must be taken into consideration in planning tactics.

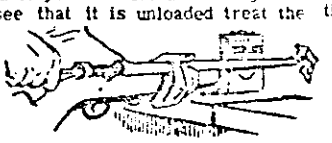
Practice - Practice - Practice - Practice - Practice - Practice -

In order to perform well in your work on all levels it is necessary to practice, the more you practice the better you perform. Don't think just because you read something you can do it. You can memorize a book on how to drive a car but until you get behind a wheel and practice you still can't drive.

The first things to understand before you ever put a round of ammo in a chamber are basic safety rules. 99% of all accidental shootings happen with guns that aren't "loaded" and/or by people that say "I'm sorry, I didn't know it was loaded." Therefore, rule #1 is: the first thing you do when you pick up a weapon is check to see if it is loaded, keep your finger off the trigger and follow the following procedure. Point gun away from area where someone could possibly be shot. If it is a revolver swing out the cylinder; if it is a pistol remove the magazine and pull back the slide. Even after you have unloaded the gun or see that it is unloaded treat the gun in the manner as if it were still loaded. Never touch the trigger unless you are practicing trigger squeeze (explanation later), firing on training grounds or dealing with the enemy. Never point a gun at anyone you don't intend to shoot. I can't stress these points enough, they seem simple enough; however, many that generally haven't had any experience with pieces violate these rules constantly. If I am ever shot accidentally by some idiot it will be very difficult to suppress the desire to blow his or her head off, providing I'm only wounded.

The next step is to learn how to disassemble and assemble your pieces, also care and maintenance. Due to the fact that self-defense activity will not be limited to daylight hours you should learn to break your piece down and reassemble it even in the dark. Your life depends on it. So do it.

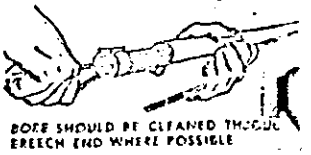
After you've gotten this down the next step is to learn how to aim and fire your weapons properly. All of this is to be done before you ever put your first round of ammo in the chamber, the first thing to deal with:



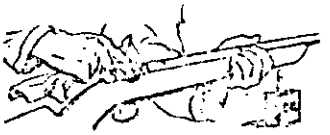
CLEAN BARREL AND METAL PARTS WITH GOOD COMMERCIAL SOLVENT

CLEAN BORE UNTIL DRY PATCH COMES THROUGH AS CLEAN AS POSSIBLE

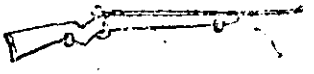
RUN OILY PATCH THROUGH BARREL



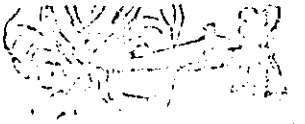
BORE SHOULD BE CLEANED THROUGH BREECH END WHERE POSSIBLE

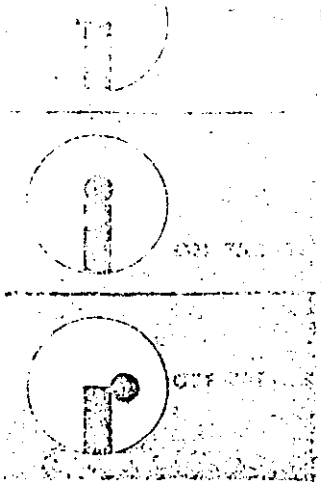


ALL METAL PARTS SHOULD GET LIGHT COAT OF OIL



STORE IN HORIZONTAL POSITION





proper sight alignment. Sight alignment is lining up your front sight with your rear sight correctly. Your front sight lined up with your rear sight and both lined up on the target is called the "sight picture". The correct sight picture basically is having the front not too high or too low, not to the right or to the left, but having the target resting on top of the front sight. The sight picture will not always appear perfect, but if the correct sight picture is understood practice will bring improvement.

The next thing to get down with is trigger squeeze. That's right you squeeze the trigger, you don't pull it or jerk it, contrary to what ever you saw on t.v., trigger squeeze is a process of putting slow steady pressure on the trigger until a shot goes off. If you try to anticipate the shot, you will jerk and mess up your aim.

One other thing to watch for is movement of your piece which comes from breathing, which also messes up your aim. One method of breath control is to take a deep breath, let out half of it, hold the rest of it then begin your trigger squeeze.

It would be ideal if you could incorporate into your group a veteran of the pigs' military service. Veterans are of great value and assistance in helping with the above training also when you are ready to begin practice with live ammunition. When practicing with live ammo make sure your location is where you won't be hassled by pigs. Actual combat conditions can be deadly as a training ground. When practicing with live ammo. remember it is valuable. Don't just start popping caps for the heck of it; the whole purpose is to prepare yourself to be "a Match for One Hundred" which will only come about as a result of correct practice.

One thing to guard against is flinching. Flinching is caused by being intimidated by the sound and kick of your weapon. With proper trigger squeeze and breath control, you won't have any problems with flinching. If you have problems keeping all your shots in a fairly small group or if you have a problem just getting your shots on the target anywhere you are probably flinching. Have someone watch you as you fire and they will be able to tell you whether or not you are flinching.

The basic thing in the training of members of a self defence group is to know how to handle fire arms of all types, hand guns, [illegible] machineguns, etc. [illegible] different types of [illegible] explosives. Study

I will begin by pointing out that we must not allow the racist power structure to define our struggle. What I mean is the language that we use like everything else in this society is in the service of the racist capitalist bandits. They control the educational institutions, the news media and the means of production to turn out all the educational material. We sometimes are trapped by the rhetoric (words) of the slavemaster. In our 400 year struggle for survival it has been the guns and force manifested in the racist pig cops that occupy our communities that directly oppress, repress, brutalize and murder us. So for us to talk about survival we must talk about self-defense against this brutality and murder that is defined by the racist power structure as justifiable homicide. So when a self-defense group moves against this oppressive system, by executing a pig by any means, sniping, stabbing, bombing, etc., in defense against the 400 years of racist brutality and murder this can only be defined correctly as self defense. The slavemaster, however, through his lackeys and puppets calls it 'terrorism', the work of crazed men, criminals, insane killers etc. We must define our struggle not the pigs. Carlos Marighella, an urban guerrilla in Brazil who was assassinated Nov. 4th 1969 just one month before Fred Hampton and Mark Clark, says, "the accusation of assault or terrorism no longer has the pejorative (negative) meaning it used to have. It has acquired new clothing, a new coloration. It does not factionalize, it does not discredit on the contrary it represents a focal point of attraction."

"Today to be an assailant or terrorist is a quality that ennobles any honorable man because it is an act worthy of a revolutionary engaged in armed struggle against the shameful military dictatorship and its monstrosities.

So with that, I say this, all self-defense groups must strike blows against the slavemaster until we have secured our survival as a people and if this takes shooting every pig and blowing up every pig city then let's get on up.

Below are some recipes that might help some of you get started.

SELF IGNITING MOLOTOV COCKTAIL

CAUTION: POTASSIUM CHLORATE IS VERY VOLATILE. IT CAN IGNITE ALMOST SPONTANEOUSLY IN THIS MIXTURE. IT CAN BE IGNITED OR DETONATED BY A SINGLE SPARK, EXCESSIVE HEAT OR MERELY BY THE FRICTION OF STIRRING THE INGREDIENTS TOGETHER. SO USE PLASTIC OR WOOD UTENSILS FOR MIXING. DO NOT USE METAL. USE EXTREME CAUTION.

Mix 3 parts of potassium chlorate with 2 parts of sugar. Add water to make a 'solution'. Take a large sock, soak in the mixture then dry. Keep dry and away from heat.

Away from the area or after you have thoroughly cleaned the area where you handled the above mixture take a fifth wine bottle and fill 1/5 to 1/4 full of sulphuric acid. Fill the rest of the way up with gasoline. Pour the gas slowly, it could bubble and heat up. Cap the bottle tightly. Make sure it doesn't leak you should test it first with water. To cap the bottle it is preferable to use a stopper with a rubber plunger because acid eats plastic and metal. Don't shake the bottle hold it upright. When ready to use, put the bottle in the sock soaked in the chlorate sugar mix and knot the sock at the top. Throw at target. When it hits and the glass breaks it will explode as the sulphuric acid contacts the potassium chlorate and sugar mixture on the sock. The gasoline will spread the fire. The principal behind this fire bomb is when sulphuric acid comes into contact with a mixture of potassium chlorate and sugar there is an explosion that gives off a lot of heat. The more potassium chlorate the more explosive, the more sugar the more heat. For [illegible] information, this fire bomb will work even if the mixture on the sock is wet. However, it is more volatile when dry.

PEOPLE'S HANDGRENADE

Take a (water) pipe about 3" in diameter and 8" long with caps to screw on at ends. Screw on bottom cap then put wadding in the bottom. (Wadding can consist of cardboard, rubber, or toilet tissue) for tighter packing and prevent leaking out. Put in about one inch of shot or scrap metal, then put tube with BLACK POWDER packed in it and put fuse into pipe taped at ends, then pour shot or scrap metal between tube and pipe wall (as shown in drawing) leave about one inch space at top of pipe for top wadding (don't put wadding tightly around fuse) Put top pipe cap on and tighten. Then bend to side of pipe and tape to keep it from being pulled out

This handgrenade should be tested by using a small amount of ingredients, then taken out away from people so the person using it could test his work before moving on his or her objective.
will normally move outward in all directions or could have some directional pattern, depending upon the placement of the container.

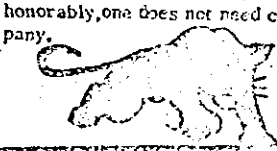
Part 5
HOW TO COMBAT C.M.I.

The principal of Juche (Self-Reliance) clarified by Eldridge Cleaver, the Minister of Information of the Black Panther Party, is "Use what you got to get what you need." To answer the question of how do you combat the pigs' C.M.I. (communication, mobility and information), we must first determine what we have going for ourselves. Checking out the practice of self-defense groups, we see that we have the power to determine what is to happen, when it is to happen and how it is supposed to go down. What, When and How (W.W.H.) the element of surprise. The pigs have C.M.I. and self-defense groups have W. W. H.

To consider a self-defense operation successful is not to just plan and execute but to plan, execute AND escape. There have been too many instances where members of self-defense groups have planned and executed righteous blows against this racist system only to be captured, wounded or killed. These are the consequences for revolutionary activity, however we must keep casualties within an acceptable minimun. The slogan must be Maximum Damage to the Enemy, Minimun Damage to Us. Practice has shown that when planning W.W.H. if it is done with knowledge and an understanding of C.M.I. casualties will be kept within an acceptable minimum. Too often, much attention is given to a plan up to the point of execution without giving the same attention to evasion and escape, that phase of the operation that determines success. This is a subjective approach, a onesided approach. W.W.H. is only one side of the coin, C.M.I. is the other side. Because self-defense groups use W.W.H., the pigs' C.M.I. does not go into operation until a self-defense group commits itself by actually executing some type of self-defense activity.

All of us should be aware t once C.M.I. is activated pigs s showing on the set from 30 seco to 1 minute maximum in ev major city in Babylon, therefor the success or failure of a d fense operation is dependent upo the attention given to C.M.I. and the planning of evasion and esca As I see it, learning to deal w the pigs' C.M.I. is the number o military problem facing revol tionary forces in Babylon too It is time for all who have som thing to teach, by example, to st forward. And remember, to d honorably, one does not need company.



Part 6
ON REVOLVERS

SAFETY PRECAUTIONS:

1. Check to see if gun is loaded. You do this on a revolver by swinging out the cylinder. Pull back on the cylinder latch and gently push out on the cylinder.

2. Keep your finger off the trigger unless practicing trigger squeeze or firing.

3. Point your gun away from where someone may be shot-Point at the ceiling or to the floor, but wherever you point, make sure no one is in the way and can be harmed.

4. [illegible] a revolver.

KINDS OF REVOLVERS:

.38 Snubnose - This gun has only a 2" barrel and shoots 38's. It is very easy to conceal.

.38 Special - Has a 4" barrel and shoots 38's.

.357 Magnum - This is the type of handgun the pig carries. The ammo for this is .357 magnum. Mutal piercing bullets will pierce an engine block. This is the best type of revolver to have.

.41 and .44 Magnums - Have more knock down power than a .357 Magnum. The [illegible] Patrol carries these to [illegible] through car [illegible] but a [illegible] will go through a car door also and .357 ammunition is more [illegible].

UNLOADING:

[illegible] der latch with right hand. (#3). Push out cylinder with the fingers of left hand Now that you have swung out the cylinder and the bullets are visible you gently push down on the extracter and let bullets drop out into your right hand

LOADING:

To load, simply follow the same steps in unlatching the cylinder. Then drop bullets into the chambers of your cylinder. Gently push cylinder closed, and you are ready to fire. DO NOT SLAM CYLINDER CLOSED, this causes extra wear on your gun.

COCKING A REVOLVER:

Put the tip of your thumb on the hammer holding revolver steady in the palm of your hand, [illegible] your [illegible] in the [illegible] [illegible] your [illegible] locks back. You gun is ready to fire, do not put your finger in the trigger until you are ready to fire. After cocking hammer, place your thumb directly on the frame beside the hammer, resting the tip of your thumb on the cylinder latch.
Your forefinger should be placed on the other side of the straight out just above the trigger guard until ready to fire. Every time you cock the hammer before firing, this is called single action firing.

UNCOCKING A REVOLVER (LOADED):

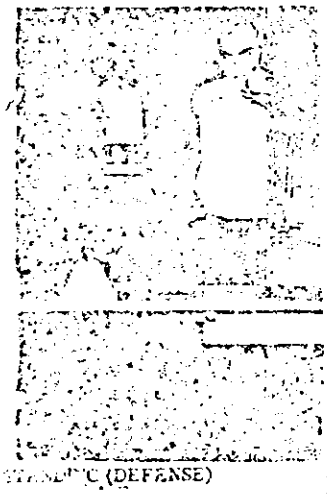
Keep your finger off the trigger! With gun already cocked, place your thumb on the hammer firmly. Now with the gun firmly in your hand, pointed in a safe direction and thumb firmly [illegible] [illegible] [illegible] hammer [illegible]

[illegible] will hold [illegible] NOT [illegible] THE [illegible] [illegible] Ba, let your thumb [illegible] [illegible] very slowly until it is completely depressed and [illegible] By leaving your finger in the trigger, or letting the [illegible] forward you will FIRE THE GUN. Practice cocking and unlocking your revolver with the gun unloaded.

[illegible] or [illegible] shall a [illegible] or [illegible], [illegible] your stance, [illegible] which can be used to defeat [illegible] for [illegible] a small target [illegible] or [illegible] or [illegible] or [illegible]. You should learn and become comfortable in each of these positions, because you never know what a situation might dictate.

KNEELING POSITION

PRONE POSITION



STANDING (DEFENSE)

POSITIONS IN FIRING:

There are [illegible] positions in [illegible] (shown below). Each one is [illegible] for a different battle condition. The prone position is for when you are being shot at and you [illegible]

STEPS IN FIRING A REVOLVER:

The following steps must be observed in accurate shooting. If you don't pay attention to all four steps you will end up shooting just anywhere. Before you can learn to just draw and shoot you must observe the first steps in shooting. Practice these steps with your gun unloaded, until you can get them down pat, you will be able to see if you are following them correctly by the way you shoot.

1. Sight Alignment is aligning your rear sight and front sight together.

2. Sight Picture is placing the sights on your target with your sights already aligned.

3. Breath Control consists of taking a breath, letting a little out, holding the rest until you have completed your trigger squeeze and the shot has been fired.

4. Trigger squeeze is very important in accurate shooting. When shooting single action apply slow steady pressure on the trigger. The shot could not be anticipated, it should not be a surprise to you.

REVOLVER TERMS

EXPLANATIONS OF COCKING, SINGLE ACTION, DOUBLE ACTION, AND RAPID FIRE

Single Action: cocking the hammer each time before firing. Cock the hammer and then pull the trigger.

Double Action: just pulling the trigger each time, not cocking the hammer first. Try not to jerk or snap the trigger. The action is fast but smooth.

Pointing: the process of firing quickly without using sight alignment. You simply draw and point the barrel at your target and fire.

Rapid Firing: drawing, pointing, and shooting double-action. When you practice rapid firing, shoot off two shots in succession as quickly as possible.

CLEANING YOUR REVOLVER:

For all of the revolvers listed at the beginning of the article you can use a .38 caliber cleaning kit. You will need a cleaning rod, bore brush tip, .38 caliber cleaning patches, cleaning solvent, and gun oil. For patches you can use material like flannel, and some types of cotton, any material that does not ravel or is very linty, cut into circles about 2" in diameter. All of this cleaning material can be purchased in any gun store.

Your revolver should be cleaned twice a week, and every time after firing. Keep it free of dust and dampness to avoid rusting. If you do not clean your gun immediately after firing it can cause corrosion of the barrel and eat away at it causing your shooting to become inaccurate because of holes that can develop from the powder eating away at the metal or rust from a lack of cleaning and dampness.

1. After firing your barrel and chambers in the cylinder have to be scrubbed with your bore brush and solvent every time. Attach brush to rod, dip brush in solvent, and use a brisk movement in and out of barrel and chambers in cylinder, cleaning out all of the particles out by holding barrel up to light to see if it shines inside, and you will be able to see any particles still holding on.

[illegible] 10 times. You [illegible] completely clean.

2. Then attach clean patches [illegible] and of 1 2 to 3 drops of oil [illegible] and not already dried [illegible] oil. Do NOT [illegible] patch in oil.

4. After cleaning the barrel [illegible] cylinder, take a patch with a little solvent on it and wipe off your extractor and all other metal parts (outside of cylinder, and the [illegible] side of the gun. Cock the hammer and wipe it off thoroughly, [illegible] a couple of drops of oil down in hammer).

5. Take a patch and with a couple of drops of oil on it rub your revolver, (all metal parts lightly). There should be no visible finger prints on your revolver or excessive streaks on the outside. Your gun should not have an oily surface, just apply enough oil for protection against rust.

6. Sometimes for extra hard to get areas you will have to use a toothbrush dipped into a little solvent and brush briskly the metal to get areas. Sometimes your bore brush will not remove all rust; in that case use fine steel wool and solvent, rubbing lightly to remove rust.

***For normal cleaning just run a patch through the barrel and cylinder and wipe off the gun with a few drops of oil on patch.

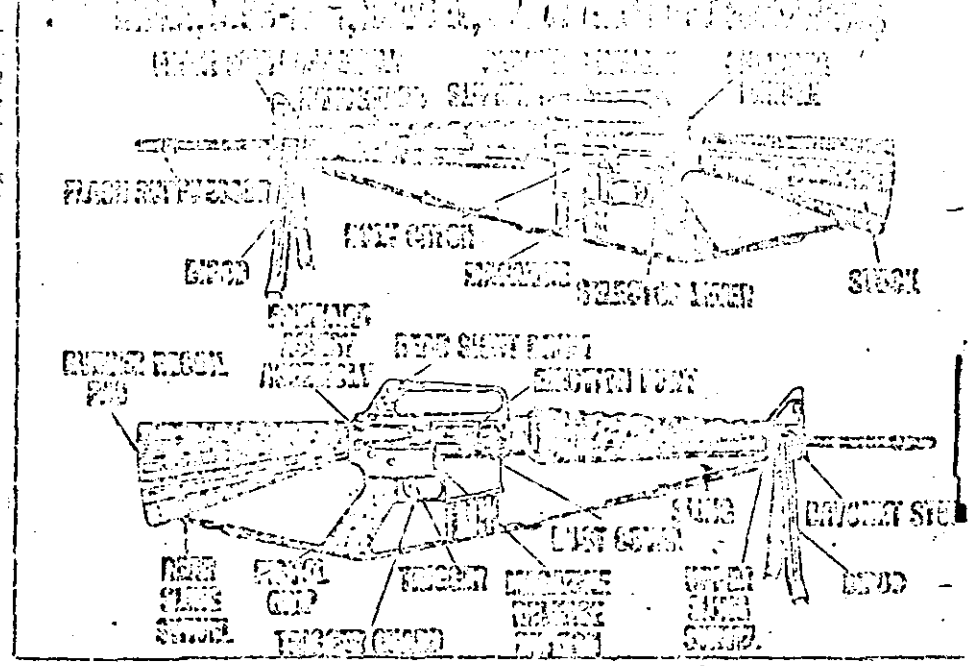
Part #7

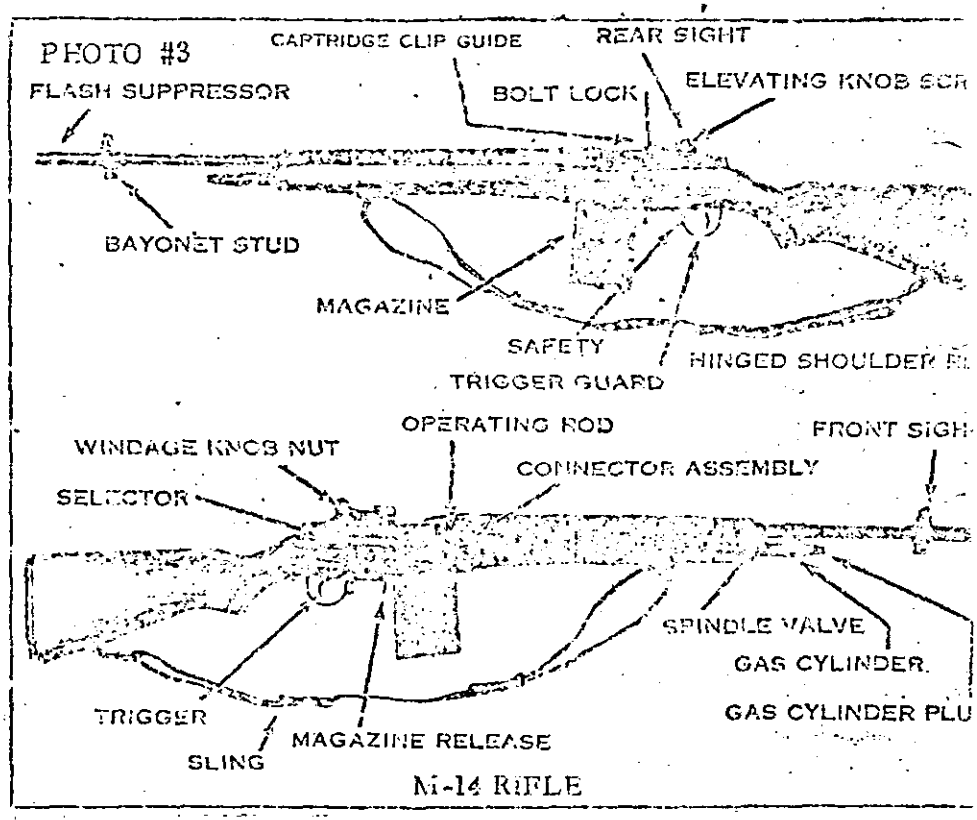
The first weapon that we will deal with is the AR-15/16, which is the latest development in combat weaponry. This rifle is used by the fascist pig army in Viet Nam; It was a replacement for the M-14. The M-15 is a 5.56 mm, magazine fed, gas-operated air-cooled, shoulder weapon. By changing the position of a selector lever, the rifle can be made to shoot fully automatic. The rifle also has a flash suppressor mounted on the muzzle [illegible] rel is surrounded [illegible] tant material [illegible] which [illegible]

[illegible] to the second, hitting some-[illegible] [illegible] per minute this size [illegible] at a very high rate [illegible] The bullet [illegible] to be [illegible] the most deadly caliber [illegible] when it hits its target it [illegible] to tumble, tearing everything it hits.

Firing semi-automatic the M-16 rifle shoots up to 45 to 65 rounds per minute. Fully-automatic it shoots 200 to 300 rounds per minute. The gun has a killing range up to 500 yards. (500 yards is the length of a football field). Comparing the M-15 to the M-14, the M-16 fires more semi-automatic than the M-14 does fully automatic. The ammunition that the M-16 uses, the 5.56 mm, also called .223 caliber, weighs half as much as the NATO, that the M-14 shoots or the 30.06 which the M-1 Garand shoots. Therefore it is possible to carry twice as much 5.56 mm ammunition.

The model that has been explained so far is the government military version. There is a commercial model that is still being sold in gun stores, although not in large quantities; it is called the AR-15. The only difference between the two is the AR-15 does not have a selector switch that enables you to change the fire from semi-automatic to automatic fire. The bolt of the AR-15 is not chrome-plated like the M-16, and the M-15 is made up of a heavy material, thus making it stand up to better combat conditions. The AR-15 is also lighter—it only weighs 5 pounds. It sells in the store from $250.00 to $400.00 with a sniper scope mounted on the weapon. The weapon has a very light recoil; the bolt has a large spring in it called the 'action spring', which absorbs a great deal of the recoil of the rifle, bringing the recoil down to as much as 1/4 of the recoil of the M-14. This weapon because of its high rate of fire is a perfect weapon for assault operations. Also it serves as an excellent defensive weapon with its large magazine capacity.





M-14 RIFLE

M-14 General Description

The M-14 is a gas operated magazine fed, air-cooled shoulder weapon. The magazine has a capacity of 20 rounds. When the M-14 was issued to the troops, it [illegible] by removing the selector and replacing it with a selector and selector spring. The rifle has a flash suppressor which also reduces recoil of weapon. A bayonet can be attached also. It has a muzzle velocity of 2,800 feet per second. The maximum effective [illegible] is 30-20 semi-automatic and [illegible] round per minute. It has a maximum [illegible] of [illegible] the other [illegible] ber 7.62 NATO (308)

The troops in Vietnam no longer use this as the main weapon any longer, the National Guard troops that come into the Black community have these weapons now. This weapon is also a good defensive and offensive weapon, that can be [illegible] the weapon cannot be as effective as the shorter M-15 in close combat conditions. The weapon has good penetration power. It will pierce a GI helmet on both sides at 500 yards.

The weapons are not sold in the stores and are illegal to have so if you have one or have the chance to get one, remember you [illegible] [illegible] the [illegible]

Flash Suppressor -- attachment that is located at the end of barrel. Its function is to blow the flash that comes out of gun when fired.

Magazine--Where ammunition is [illegible] from the chamber.

[illegible] fire is when [illegible] wish to fire weapon you must pull the trigger.

Fully Automatic--Fully automatic is when you pull the trigger and hold it, the gun will keep on shooting until you release the trigger.

Maximum Effective Range--This is the farthest distance that the weapon can be [illegible]

Maximum Rate of Fire--If could shoot for one (1) minute without stopping to reload the amount of shots you would be maximum rate of fire.

Muzzle-- End of barrel

Velocity--Speed [illegible] is a counter of bullet. So a 20 round magazine would mean the magazine could hold 20 bullets.

Recoil--When the rifle fires it will kick upward or backward [illegible] is called the recoil.

The July 18, 1970, issue, Page 9, contained an article under the caption "Mary Ann Brooks was Refused Service By Reynolds Memorial Hospital's Lackies...Because She Had no Money" by RICE which refers to MARY ANN BROOKS, a registered nurse, employed by Kate Bitting Reynolds Memorial Hospital, Winston-Salem, North Carolina, who could not get service at the hospital before paying $12, until it was determined she was an employee.

It is noted that [redacted] has described MARY ANN BROOKS as the girl friend of WILLIAM RANDOLPH RICE.

The July 18, 1970, issue, Page 16, contained an article under the caption "We Must Recognize That We Can Destroy This Racist System That is Enslaving The World" by LARRY which article considered the "racist government" and its fascist tactics to be enslaving the world and states "when we are armed, then we are certainly a force to be reckoned with."

The July 18, 1970, issue, Page 8, contained an article under the caption "Bobby Stover Victim of American Terror Tactics by White Racist Pigs" refers to a Negro Marine discharged yet still listed by the Winston-Salem, North Carolina, Police Department as a deserter. This was called an attempt to kill all brothers who have come back from Vietnam because they have acquired valuable knowledge about guns and how to kill the aggressors.

The July 18, 1970, issue, Page 4, contained an article under the caption "We Want an End to The Robbery By The Capitalist of Our Black Community". This article by TOOTSIE CRISS (true name CYNTHIA CRISS) refers to a court matter wherein a Negro male was arrested in 1959 and was required to put up a peace bond, however, died and his wife has been unable to obtain the money. The article accuses attorneys and Winston-Salem authorities of being racist pigs dogs who are oppressing and exploiting the people.

D. COMMUNITY ACTIVITIES

1. BREAKFAST FOR CHILDREN

On February 4, 1970, SF T-16 reported that from information received from the group at Winston-Salem, North Carolina, it was indicated that they were going to start a breakfast program at Winston-Salem, North Carolina, within the next week.

[redacted] reported that on [redacted] at Winston-Salem, North Carolina, the BPP picked up children for their breakfast program starting at approximately 7 A.M. and claim they feed 40 children each day at their headquarters on East Fifth Street. It was claimed the purpose of this program is to win favor and approval of the community at large. In addition to the breakfast program, this is a method for indoctrinating the children in Panther psychology and militant activites.

[redacted] reported that approximately 30 children were fed at BPP headquarters, 1210 East Fifth Street, Winston-Salem, North Carolina, [redacted]

[redacted] reported that approximately 35 children were fed.

On June 2, 1970, observation was made of the BPP headquarters, 1602 East 14th Street, Winston-Salem, North Carolina, from 7:15 A.M. until 8 A.M. and approximately 15 children were observed entering or leaving the house at this period. One vehicle observed letting three children out in front of the house had a 1970 North Carolina license [redacted] Winston-Salem, North Carolina; at the time the automobile was observed at the house it was being driven by a Negro male with a mustache and sideburns.

It is noted that [redacted] has reported [redacted] as being the girl friend of [redacted]

During June, 1970, [redacted] reported that after the close of school, the breakfast for children program was discontinued.

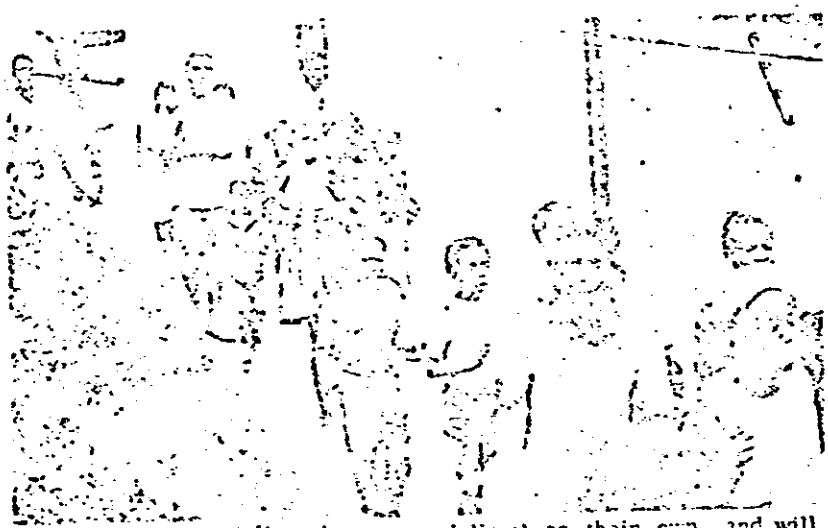
WINSTON SALEM LIBERATION SCHOOL

"We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present-day society."

As members of the Black Liberation Army, we are the Vanguard Party of the masses. Therefore, we should help our people and protect them by any means necessary.

We realize that our people have been under oppression for over 400 years. Our people are hungry and without clothes, without decent housing and without knowledge of the nature of our struggle. When the people from the community come to us for help, this is good; we say right on, to that, because that is what we're here for, "to serve the people". We must remain humble servants of the people. As Huey says, "we are oxen, to be



ridden by the people", and we are going to be ridden down the path of a people's revolution.

We say that our people and our youth in particular should be educated, to the nature of our struggle. So what do we do? We implement Liberation School from 11:00 a.m. to 2:00 p.m. every day Monday through Friday; and political education classes for the community on Tuesday night from 7:30 p.m. to 9:00 p.m.

The lunch program is now functioning here in Winston-Salem. It started June 15, 1970, we had approximately 40 kids and they responded beautifully. The young warriors are learning and taking the concept of the 'Big Family' (socialism) as their own, and will spread these ideas in the community. We must continue to let this beautiful thing go on. We have to hold fast and educate the youth because the Youth Make the Revolution.

Most of us will not live to see the end of the revolution, but our one comforting thought is that the youth will do as we have done in the name of the Revolution.

On July 7, 1970, SF T-16 reported that [redacted] believed to be [redacted] had mentioned that they had had 20 people at the Liberation School on July 7, 1970, and was inquiring as to the curriculum to be used

On [redacted] reported that a political meeting was held at BPP headquarters, 1602 East 14th Street, [redacted] when the main speaker was LARRY LITTLE who talked to a group from the surrounding community concerning oppression. from the pig forces of the city. He also spoke at length about a new constitution to be written by black people in Philadelphia this fall.

On [redacted] reported that on [redacted] LARRY LITTLE conducted an indoctrination talk at BPP headquarters where he stated there would be revolution in the near future and told those present to get a gun, preferably a big gun such as a .44 Magnum. LITTLE made derogatory statements concerning President NIXON's policies ranging from the Vietnam War to wellfare, claiming NIXON takes people's money and gives only a little back to a few. He commented about the Police Departments using vicious war type tactics against the Panthers. Apparently he has a strong grudge against Winston-Salem, North Carolina, Chief of Police JULIUS TUCKER.

On [redacted] advised that political education classes are taught daily for various groups and the BPP in Training attend the classes at least every other day. Teachers are LARRY LITTLE and JULIUS CORNELL [redacted] There are sometimes as high as 30 people in the political education classes with many of these people being from the surrounding communities and not members. LITTLE and CORNELL deride the systems and local law enforcement and tell people they must get guns to protect themselves from the pigs and avaricious businessmen.

[redacted] noted that during the mornings, there are approximately 20 small children who come to the BPP headquarters between the hours of 8 and 11.30 [redacted] These children are between the ages of 4 and 10

3. PUBLIC APPEARANCES

On January 8, 1970, [redacted] advised that in connection with a "Save Marie Hill Day" demonstration at Raleigh, North Carolina, January 8, 1970, a rally was held with a number of speakers, one of whom was LARRY LITTLE who was introduced as the Minister of Information for the BPP at Winston-Salem, North Carolina.

On January 9, 1970, a recording of the speeches was made [redacted] The remarks of LARRY LITTLE referred to Point Number 8 of the BPP 10-Point Program as set forth by Minister of Defense HUEY P. NEWTON desiring all black people to be freed from prison because they did not receive a fair trial. LITTLE also condemned the "racist, fascist, imperialist court system" of North Carolina. He ended his speech by stating "black power to black people and panther power to BPP."

On February 10, 1970, a flyer was noted on the door of the BPP Office, 1210 East Fifth Street, Winston-Salem, North Carolina, by a Special Agent of the FBI. This flyer called for a BPP birthday rally, February 15, 1970, in honor of HUEY P. NEWTON. The flyer listed a number of local speakers and sets forth that the children from the free breakfast program and liberation school would perform.

It is noted in connection with this rally on February 4, 1970, SF T-16 reported that [redacted] was to determine if anyone was available from the national BPP office to speak at the February 15, 1970, celebration at Winston-Salem, North Carolina.

On February 16, 1970, [redacted] reported 300 to 400 people attended the HUEY P. NEWTON birthday rally at Winston-Salem, North Carolina, where ROBERT T. GREER, Defense Captain, of the NCCF, acted as master of ceremonies. Leaflets handed out indicated Winston-Salem, North Carolina, NCCF is considered to be an organizing bureau of the BPP. The contents of the speeches dealt with the "No Knock" law and were the routine militant type advocating violence with the exception of political candidate, WILLIE E. SMITH, who was not a BPP member and was opposed to the violence as called for by the NCCF. Much was said about the panthers killed in the past by the police.

A transcript of a tape recording of speeches made at the rally indicates that JACKIE PEOPLES and ROBERT T. GREER acted as masters of ceremonies. GREER called for the

freeing of HUEY P. NEWTON, stating that they had nothing on NEWTON referring to California authorities and he was really in jail because he was the first true revolutionist in 100 years. GREER described himself as Defense Captain of the NCCF, political arm of the BPP and his comments derided a Winston-Salem, North Carolina, policeman, "Pig MATTHEWS", stating that he is crazy and wants to kill him a "nigger."

BARTZE VERNARD SPEASE, introduced as Lieutenant of Education, stated that the BPP has stopped more oppression than any organization; however, 28 panthers have been killed in stopping this oppression. SPEASE was also critical of drugs in the community due to the fact that a "junkie" would sell them out.

LARRY LITTLE in his speech called for mobilization of forces as that is the only thing understood by the power structure in Winston-Salem, North Carolina. He considered the Government capitalist and did not meet the needs of the people. He stated the BPP would deal with anybody that stands in the way of their programs. He stated "we're for their emancipation and we understand that no one is going to be free until we destroy this imperialist monster right here, the United States Government." (Referring to emancipation of blacks and poor oppressed people.) He called for the building of a black liberation army to take what was theirs. He stated "there is an organized attempt that is coming down from J. EDGAR HOOVER, Head of the fascist bastards Incorporated, and RICHARD NIXON, the Head of the American people, the Chief Spokesman of the American people. There is an attempt to try to liquidate the BPP." LITTLE called for the takeover of the black community.

ROBERT T. GREER ended the meeting with a speech calling for the people to get a gun and be ready to defend themselves and also called for the people of the community to unit with the BPP.

On [redacted] reported that on February 19, 1970, WILLIAM RICE and LARRY LITTLE appeared at Winston-Salem State University (a predominantly Negro school) where they spoke and had a question and answer period. It was apparent from the questions and lack of enthusiasm that the group was not well received and one student commented that he felt the panthers were uncouth and stupid and many of the questions by the students concerned the lack of education, administrative ability and goals of the BPP group. The talks by RICE and LITTLE were primarily derogatory toward the establishment and ran down the college and instructors for their lack of black identity and black involvement.

On February 21, 1970, approximately 4 carloads of BPP members went to a dance at Winston-Salem State University which was a part of "Black Identity Week." They took over the dance, blocked the doors and ROBERT TAYLOR GREER yelled and cursed at the people for their lack of support for the BPP, threatening to forcibly shave some of the Afro hairdos.

[redacted] advised on April 11, 1970, LARRY LITTLE, representing the BPP, spoke for approximately 15 minutes at an Anti-War Festival of the University of North Carolina at Chapel Hill, North Carolina. In his speech, LITTLE referred to President NIXON as a pig who should be in a pin and stressed the only thing the power structure in America understood was violence and money.

During March, 1970, and April, 1970, SF T-16 reported that [redacted] was planning a "May Day Rally" for May 3, 1970, and he desired a national prominent BPP member to speak along with the film "Off the Pig".

On April 21, 1970, [redacted], provided a copy of a flyer concerning this rally as follows

On [redacted] reported that the rally scheduled for May 3, 1970, was held from the hours of 5:30 to 8:30 P.M. with approximately 300 in attendance. LARRY LITTLE was master of ceremonies and main speaker was a member of the New York 21" and what appeared to be his bodyguard.

It is noted that in connection with this on May 3, 1970, NH T-12 reported that [redacted] advised that [redacted] had instructed him [redacted] and [redacted] to Winston-Salem, North Carolina; however, NH T-12 later reported that [redacted] would accompany [redacted] as his bodyguard.

[redacted]

LARRY LITTLE acted as master of ceremonies with the principle speakers being DARUBA, one of 21 members of the BPP arrested in New York. In addition to DARUBA, "SLACK" THOMAS (THERESA THOMAS) spoke on the need for women to back up their men in the fight. BILL RICE (WILLIAM RANDOLPH RICE) referred to the 29 panthers already murdered and the numerous ones in jail, stated that "everyone knows that laws are made of the pigs, by the pigs and for the pigs." RICE called the trial of BPP Chairman BOBBY SEALE preplanned muder and genocide. DARUBA called for people to pick up the gun and free BOBBY SEALE along with the "Connecticut 9" and the "New York 21" who he stated were arrested because of their struggle for the people. He called for Negroes to stay in the Army and off (kill) their officers. DARUBA called for an attack on law enforcement and for the people to relate to the struggle of the North Vietnamese.

On [redacted] reported that around six members of the Winston-Salem, North Carolina, NCCF along with approximately 30 other individuals from Winston-Salem, North Carolina, were planning on attending the rally in support of the BPP at the Lincoln Memorial on June 19, 1970.

On June 19, 1970, [redacted], reported that Piedmont Coach Lines Bus bearing North Carolina license 2410-FA departed BPP headquarters, 1602 14th Street, Northeast, at 7 A.M. with 11 males and 15 females aboard.

E. FINANCES

On June 10, 1970, SF T-22 reported that 2,000 BPP papers were to be sent to Winston-Salem, North Carolina, that week. [redacted] has reported that each member is required to sell 50 papers per week at 25 cents per paper and turn the money back into headquarters [redacted] It appears the panthers have sufficient money to get along on and as of July 17, 1970, [redacted] reported observing people walk up to the panther members on the streets and give them donations.

On [redacted] reported that KATHY HARRIS (later identified as KATHERINE YVONNE HARRIS by [redacted] sent to Winston-Salem, North Carolina.

[redacted]

F. CONNECTIONS WITH OTHER GROUPS

On [redacted] reported that JOSE GONZALVEZ was attempting to organize a group under the name of the SVRP in North Carolina. [redacted] at Winston-Salem, North Carolina, was instructed to develop information concerning this. On February 4, 1970, NH T-12 reported that LITTLE was not connected with BPP members at New Haven, Connecticut, which is where GONZALVEZ was before traveling to North Carolina.

[redacted] was told that JOSE had been in Connecticut after receiving training on the West Coast but lacked ability to lead.

On [redacted] reported that [redacted] was apparently preparing some type of communication to down grade GONZALVEZ and on March 28, 1970, the following article appeared in the BPP newspaper.

TO THE PEOPLE OF NORTH CAROLINA

A study of history will show that one of the major obstacles that oppressed people have had to deal with in their just struggle for freedom has been the oppressive power structure. This Liberation struggle in the Black Colony proves to be no exception. A Rent-a-Nigger organization called the Southern Vanguard Revolutionary Party has emerged in Greensboro, N C. under the disguise of trying to solve the drug problem in Greensboro. The Winston-Salem National Committee to Combat Fascism can relate to anybody trying to get drugs out of the community because we understand that drugs along with the Mass Media are part and parcel of the apparatus of oppression that the people are up against. But we also say that "social practice is the criterion of the truth." So we're going to judge these niggers through their social practice to determine if they are true servants of the people or whether they're just another Rent-a-Nigger organization that the oppressive power structure is using to infiltrate the revolution in an attempt to lead the people's struggle astray.

The chairman of this organization is Jose Gonzalez, an agent provacateur from the New Haven Branch of the Black Panther Party. This is the same nigger that so mysteriously split from the Party right before the frame-up of the Connecticut "8." While in the Black Panther Party this nigger's social practice proved that he was nothing more than an egotistical fool, always greedy for recognition, he even stole clothes and watches from the comrades in the Party. This nigger has been seen in other areas of the states selling .22, suicide pop guns to little brothers who don't know any better.

THE BLACK PANTHER, SATURDAY, MARCH 28, 1970

Before this Jack-a-nape Gonzalez and his fellow lackey, Brad Belcher (who's listed as the Minister of Defense), started their own Rent-a-Nigger organization they were going around misleading the people in North Carolina by telling them that they were Field Marshals of the Black Panther Party and that they were sent into the North Carolina area to organize. At this time these same niggers along with a few more bootlickin niggers are going around wearing Black Leather Jackets, Berets and Party buttons telling people that their Rent-a-Nigger organization is affiliated with the Black Panther Party which is a lie. The Winston-Salem National Committee to Combat Fascism (which is a political Bureau of the Black Panther Party) is the only organization in the State of North Carolina that is affiliated with the Black Panther Party.

People of North Carolina and throughout America BEWARE of these niggers who call themselves revolutionaries and who use super - revolutionary slogans but through their social practice can be discovered to be either opportunistic niggers who are just greedily trying to get on the Band Wagon because they think it's the popular trend OR The Lowest of Low-lifed Pigs these bootlicking niggers who are trying to infiltrate the people's righteous struggle in an attempt to prolong and maintain their MASTERS oppression over their own people.

G. MISCELLANEOUS

PEOPLE OF THE COMMUNITY VS THE SLUMLORDS AND FASCIST PIGS OF WINSTON-SALEM

"We want decent housing, fit for the shelter of human beings." In any city, country or nation, this is one of the most important necessities that one needs to live. But it seems as if the Slumlords and Fascist Pigs of Winston-Salem don't know this or that they just don't care about anyone else.

On March 4, 1970, Miss Polly Graham came into the Headquarters of the Winston-Salem Office of the National Committee to Combat Fascism and stated that she had been evicted from her house after the door had been kicked down by fascist pigs and a silly avaricious Slumlord. Miss Graham asked the N.C.C.F. for any type of help or assistance we could give her. After arriving in the community we found out not only had Miss Graham been evicted but the fools (PIGS) had promised to come back and evict other families of the community. The houses in the Locust Street area are not fit for the Shelter of Human Beings: some of the homes do not have bathtubs, some don't have hot water, windows are broken and some have holes in the walls big enough for pigs to crawl through. The Slumlords have not made any effort to correct any of these deficiencies. If anyone should be paying anything, the people who live in these rat infested houses should be paid for living under such conditions. The people of this community got together with a Brother and Sister of the Winston-Salem National Committee to Combat Fascism and decided that Miss Graham nor anyone else was going to be evicted. Miss Graham's belongings were moved back into the house. The Brother and Sister and people of the community armed and prepared themselves to deal with the pigs and landlords when they returned. When word reached the low-life pigs that we were ready to deal with them in the language they spoke, (through the barrel of a gun) they wouldn't show their faces in the community. The running dogs hid. Afterwards, it was reported that an anonymous donor had paid the rent, and another report said some type of government agency had paid the rent. But regardless of how the rent was paid; the people had taken their stand and they vowed to resist any more evictions and the re-eviction of Miss Graham. Most of the people also objected to the paying of the rent because they felt like the house was not worth the money that was paid.

Since this incident, the city officials or "City Slickers" have gotten upset over the eviction, as if this was the first time it has happened. Of course everyone knows this is not the first time this type of oppression has taken place. Just last week an elderly lady, Mrs. Minnie Bellamy and her grandchildren were evicted in 'ice cold' weather, and nothing was done about it. Those fools downtown couldn't help know about it because it was publicized for two days all over the city. The real reason why these fools are upset is because the people of this community have taken [illegible] and again this madness and refuse to [illegible] it happen again. So to you "deeply concerned" city officials, Mr. "Mad" Benton, Chief of Pigs "[illegible] justice" Tucker, your upset [illegible] have just begun, because we po[illegible] oppressed people of Winston-Salem are going to be dealing wi[illegible] you from here on out. We ha[illegible] the constitutional right to be[illegible] arms, and if that's what it take[illegible] to deal with you, so let it b[illegible]

THE PEOPLE OF NORTH CAROLINA ARE READY TO DEAL WITH SLUMLORDS.

In connection with the above article, the following information is set forth:

On March 5, 1970, SF T-16 reported that [redacted] of Winston-Salem, North Carolina, had advised the National Headquarters of the BPP at Berkeley, California, that in connection with an eviction proceeding for non-payment of rent, deputies had moved a woman's belongings into the street and these were returned by brothers to the house with armed guards posted after which the law enforcement officers withdrew from the scene.

On March 12, 1970, Forsyth County Deputy Sheriffs BOB SHORE and JAMES INGRAM advised that on approximately the third of March, 1970, they went to the area of Locust Street and first went to a residence at 1521 East 16th Street, Winston-Salem, North Carolina, with eviction papers.

A Negro woman, LILLIAN FARMER, was sick in bed so they did not evict this family, but told them to find another place to live as they would have to come back in a few days to evict them.

They then went to 1608 Locust Street with a magistrate's order of eviction for the residents, noting they had previously been served with a magistrate's summons on eviction. No one was home and the door was padlocked on the outside. They pulled the hasp with a crowbar and started putting the furniture in the street as ordered by the magistrate's order of eviction. This was listed as the home of FRANK MC MULLIS, but after they had removed approximately one half of the furniture, an unidentified woman who was drunk and yelling and swearing said that this was her furniture and not to set it out. She picked up a hammer and started after the people moving the furniture, but the deputies told her to leave and she did.

During this time, another drunken Negro female identified as POLLY GRAHAM, came in swearing and yelling but she also left. The deputies advised they started to move the cook stove, but could not do so as it would fall apart so they left it in the house.

They then went to a house at the corner of Locust and 16th Streets, with papers for eviction, but found there was a drunk blind elderly Negro man in the back room. He had apparently accidentially kicked over a portable oil stove as there was oil on the floor and the house was full of smoke. The deputies advised they set the stove back up to insure there was not a fire hazard and told him of the eviction, but as he was old and blind, they did not evict him and told him to find a new place to stay as they would have to come back in a few days and evict him.

During this time, the Negro female identified as POLLY GRAHAM came into this house, swearing and yelling, and she was told to leave or she would be arrested for cursing and abusing an officer. She said "You go to hell, you don't have enough authority to arrest me because we all stick together over here." She then ran out and went down Locust Street yelling "Let's all stick together."

The deputies advised they then went on about their normal business and did not ever see any Panthers in the area. These activities occurred at approximately 10 A.M. and at approximately 2 P.M., Sheriff E. G. SHORE, Forsyth County Sheriff's Office, called them on the radio and told them the rent had been paid on all three of the above-described places and not to evict them.

The deputies emphasized there had been no encounter with Panthers and no racial incident and they had not even seen any BPP members in the area.

The March 3, 1970, issue of "The Twin City Sentinel", Winston-Salem, North Carolina, daily newspaper, contained an article which states in part that that morning two members of the BPP stationed themselves outside a house on Locust Street whose occupant had been evicted earlier by Deputy Sheriffs after moving her furniture and possessions back into the house. The newspaper article quoted the Panthers as stating they would resist attempts to re-evict the woman.

"The Journal", daily Winston-Salem, North Carolina, newspaper, in its issue of March 4, 1970, contained an article under the caption "Donor Pays Rents, Avoiding Evictions," which article is quoted in part as follows:

> "An anonymous donor paid $540 in back rent and court fees yesterday and postponed the evictions of three East Winston tenants.
>
> "The action averted a possible armed confrontation between sheriff' deputies, who were making the evictions, and Black Panthers, who were posted around the area with loaded guns.
>
> "The money was paid to L. F. REED and Son Real Estate Company about 3 P.M. yesterday, by ROBERT LAW, a staff member of the Experiment in Self-Reliance. LAW would not reveal where the money came from.

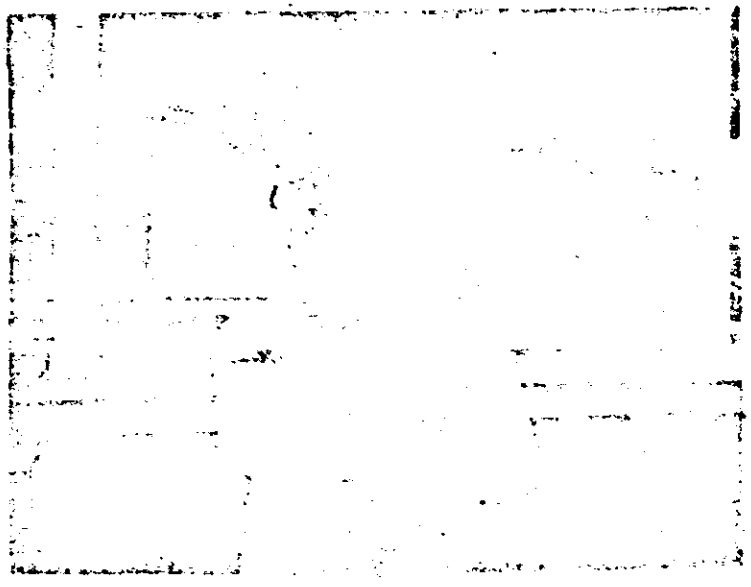
"MARK H. FREEMAN, Director of the Urban Coalition, said last night that a person had given the money to the coalition and that the coalition would use it to reimburse the Experiment, which took the money from its emergency fund."

On February 16, 1970, [redacted] identified LARRY DONNELL LITTLE as the Minister of Information of the NCCF at Winston-Salem, North Carolina, which group considers itself to be a BPP affiliated organization.

[redacted] reported that [redacted] to be used in connection with an article concerning police harassment.

On July 17, 1970, [redacted] advised this article was written by EDWARD MC QUEEN.

BOBBY STOVER
VICTIM OF AMERICAN TERROR TACTICS
BY WHITE RACIST PIGS



Billy Stovers, victim of racist terror tactics.

No. 6 of our 10-Point Platform and Program states that: "We want all Black men to be exempt from military service," and that "We believe that Black people should not be forced to fight in a military service to defend a racist government that does not protect us."

On June 24, 1970, Brother Bobby Stover was at his home where his sisters live. He had just been discharged from the Marine Corp a couple of weeks before. As they sat talking, a car load of racist pigs drove up to his house with their guns drawn, ready to shoot. They said that they had a warrant stating that the F.B.I. was looking for him and also the Marine Corps. They never gave any reason why they were looking for him. Brother Bobby had his discharge papers with him stating that he had been discharged on June 5, 1970. Because of the racist nature of these blood thirsty goons, Brother Bobby was fortunate that he wasn't killed by these pigs.

This should prove to Black people that a Black man can have no peace or justice in this decadent society. The fact that brother Bobby has fought for this country in a war for the benefit of the pigs, and when he gets back home, these same pigs that he was protecting were ready and eager to murder him and his sisters. Luckily, Bobby was able to produce his papers or else more niggers would have been dead. There is at this time a clear attempt by the fascist dogs to rip off all the brothers who have come back from Vietnam because they possess valuable knowledge about guns and how to go about ripping off the oppressor.

Check it out, brothers, remember that you didn't have to go to the war, but if you go because you're already in, let the first thing you do be to place a shot right between the eyes of your commanding officer and all other lackeys who are committing genocide against other people of color. These are the same racist pigs that give out the orders to have your mothers and fathers brutalized and murdered. It is not the Vietnamese people that call you nigger or fire-bomb, and shoot-up your home in midnight raids of the Black community.

So, brothers, if you go, bring back the knowledge you gained and put it to use for the people.

PIGS OF WINSTON-SALEM MODEL CITY POLICE PRECINCT ARE ATTEMPTING TO WIN THE SYMPATHY OF THE PEOPLE

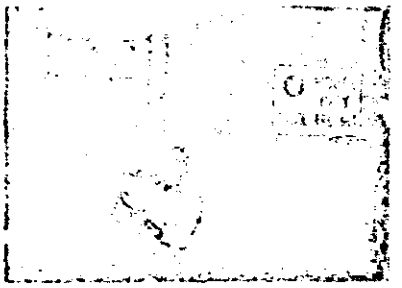
The Black Panther Party has always served the people. The Black Panther Party members have strove continuously to help the people get their basic needs and desires and have been an oxen to be ridden by the people. The Black Panther Party is a people's Party and exists because it is truly a Party that is of the people, by the people and for the people. The Party is made up of the people, therefore it is manifested in the people. making the people and the Party one-in-one and the same.

Pigs use deceptive measures to sabotage revolutionary actions of the N.C.C.F.

The N.C.C.F. of Winston-Salem has implemented some of the programs that the National Black Panther Party has set the example of how to serve the people. In Winston-Salem, the N.C.C.F. has a Free Breakfast for Children where, during the school months we serve a hot breakfast consisting of a variety of foods every morning. We have for the people, a Free Lunch Program, where we serve lunch to the youth of the community every day during the summer months. We have Liberation School for the youth and community political education for the older brothers and sisters where they each learn about the Party, this decadent society, and what must be done in order for

attempting to win the sympathy of the people and in doing so, discredit the activities of the N.C.C.F. here in Winston-Salem.

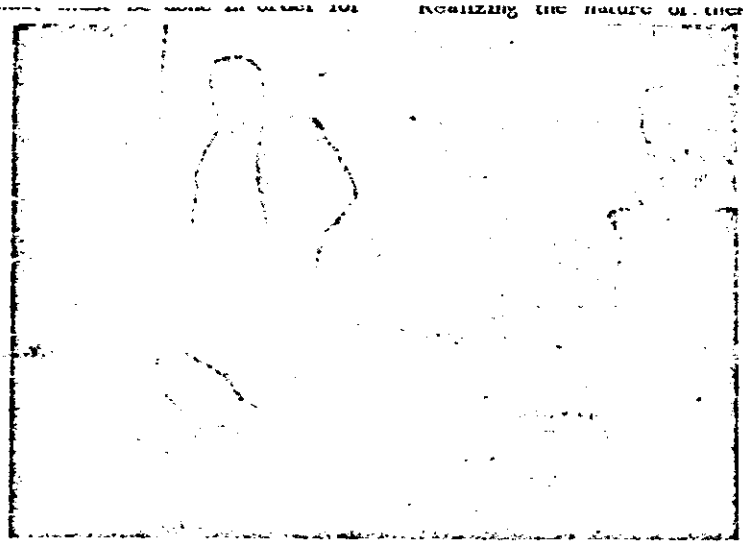
These pigs started out by sending out newsletters to the community to store owners telling them that we misuse the money and donations that they give. They accuse us of extorting money from other store owners. To further their sabotage attempts they have started what appears to be a Free Lunch Program in various areas of the community. They pass out surplus food in



Brother and his child in front of pig mobile station.

little shoe boxes to the people. The food consists of nothing but cold bologna, milk, a spoonful of slaw or potato salad, or something similar, but definately nothing nourishing. The pigs have moved a trailer into the community, which is called a Model City Pig Precinct, that is for the purposes of supposedly protecting the people of the community, and bring about a lower crime rate in the community. The pigs show through their practice that this is not the reason they are there because the crime rate has risen since their occupation. The pigs show jive movies to the youth in the community and sometimes carry them downtown and buy clothes and shoes.

63



In their deceptive act, Pigs show movies to the people to pacify the people's struggle.

Black people to gain their freedom. We buy food and pay rent when we are able to, for the people in the community when they find themselves and their family in a desperate situation, about to go hungry or their welfare checks late. Once a month we assist the forgotten senior citizens get their groceries from the stores and take them home.

These are some of the things that we're engaged in to help the people. These programs have been successful and the people relate to them heavily and can readily see who has their interest at heart. And because the people can recognize this, the pig power structure has gotten uptight and started tripping out. The pigs, along with bootlicking lackeys have begun to act as though they are the ones who are truly concerned about the welfare of the people. They are beasts, we recognize their plan of gaining the sympathy of the people and making themselves look like angels and the members of the N.C.C.F. look like devils. Once they think they have gained the sympathy of the people, they are going to attempt to rip off the People's Community Center. Through their initative programs they think that the people will stand idly by and endorse such actions of aggression and fascism.

Pigs, the people have been checking out your practice for 400 years and are saying that there is nothing you can do that will ever stop them from recognizing who the real enemy is and how to go about dealing with the man in an efficient manner.

BLACK PANTHER PARTY,
Also Known As
Black Panther Party for Self-Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics and the destiny of the black community. It was organized by Bobby Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton was sentenced in 1968 to serve 2 to 15 years after being convicted of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman Mao Tse-tung of the People's Republic of China and feature Mao's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

Referenced Bureau airtel states that "...The Department, in connection with efforts to develop a prosecutive theory against the BPP for the violation of security statutes, has previously requested this Bureau to develop evidence regarding documents of the BPP which urge its revolutionary doctrines and to also develop evidence showing a cohesion or unity between national headquarters of the BPP and its chapters and affiliates.

"Information regarding the shipment of BPP newspapers and other publications falls within the above categories and it is essential that every effort is made to develop full and complete details concerning such shipments. This should include not only the ascertaining of information contained on shipping papers and invoices but; whenever possible through established sources, the confirmation of exactly what is included in the shipment.

"It is anticipated that in the event of prosecution of the BPP, it may be extremely important to be able to conclusively prove that a specific BPP publication containing revolutionary doctrines was in fact shipped by the BPP to various BPP members and/or supporters. Accordingly, it is essential that this Bureau develop evidence of this nature in order to support possible prosecution of the BPP..."

San Francisco does not desire an answer to this communication. Information that is developed concerning instant shipment should be made a matter of record and included in your next BPP report and/or any other appropriate communication.

RE: PROPOSED BLACK PANTHER
PARTY RALLY

On July 26, 1970, [redacted] further explained the rally was cancelled inasmuch as alleged local Black Panther Party member MELVIN LLOYD BARBER, former OEO employee, has a trial pending on three assault charges stemming from his recent dismissal by OEO, Greensboro, North Carolina, for taking several neighborhood Youth Corps girls to a Black Panther Party meeting at Winston-Salem, North Carolina, several weeks ago.

On July 24, 1970, BARBER appeared in United States District Court, High Point, North Carolina, on these assault charges; however, his case was continued until August 17, 1970.

At the time the continuance was granted Judge KENNETH CARRINGTON explained to BARBER that he would be held personally accountable for any violence which might directly or indirectly occur in the community in the meantime.

[redacted] explained that this lecture brought about the cancellation of the rally for fear of jeopardizing BARBER'S case.

On July 26, 1970, a check of the Washington Terrace Park, High Point, North Carolina, by two FBI Agents disclosed that no meeting or gathering was held.

A characterization of the Black Panther Party is attached herewith.
