Made yesterday's final entry

Dave Harrison phoned at 9 30, picked me up about 10 00 — other passengers were Mrs. Harrison's brother, Lawrence, Anita Harrison, & we picked up Don Jackson, who is living in a commune on Bush St. — we left the city about 10 30

I stayed awake until we got on highway 5, then slept for a while

I had been a little worried because I knew Dave was exceeding his 55 mi/hr limit & was not surprised when a CHP officer stopped him & gave him a ticket for driving 70 — he & Don argued w/ the officer, who

(over) C-1-A-1 (49)

threatened to arrest him for interfering w/an officer, but he let us go on - afterwards I told Dave & Don that even if Dave was not doing 70, he was going faster than 52, & we were lucky not to have had an accident - they should save their revolutionary fervor for a more worthy purpose

I got some more sleep - we stopped twice, once to go to the rest rm & the second time to get gas - I gave Dave $10 - the others bought snacks & soft drinks - I ate my sandwich, orange & veg juice, & bot a Sprite Cl

I saw Dave give Anita a $5.00 bill when she asked for money - I wondered how Dave escaped being communal as I had sd all in positions of leadership had to be communal - Anita, altho working in the Te better than she used to, was barely civil to me

I stayed awake when we went over

the Gapevine, then dozed again until we reached L.A.

We drove into the Te grounds at 4^30

Luggage was being put in the Annex - I hanged clothes & was in the Te at 5^00

Preparing for early dismissal, I had just let the child file out - the congreg was going to the altar w/ donations - applicants were admitted to membership

The serv was out about 6^00 - I had (fond seat mr Beulah)

After a brief wait, we were then home by X Harvey, whose car was packed - Beulah, in addition to the child who usually stay after, was housing Earline Watkins, [illegible] Smith, [illegible] Billie, [illegible] Amanda Griffith, brother Emmett Griffith - Jim Arthur [illegible] came [illegible] w/ [illegible]

I had a talk w/ Von Smith about his attit – he rarely spks to me, is lazy, slouches arnd, & won't carry his share of responsibility – Beulah had been complaining of him last night – I told him if his attit didn't improve he cd look for someone else to impose on, & that I wd report him to his commune – Beulah had him help w/ the dishes

— Harvey came for Earleen & me at 9 45 & drove us to the Te – I put my luggage again in the Annex, was in the audit by 10 30.

Serv started at 11 00

Attempt was made to get loans of cars for driving from LA to the Valley for the Fourth of July – resp not very good – rides had to be fnd for a few people who had no way to get to SF

Rides were arrng'd

start but find that Dave had been assigned to take back a yng woman w/a child - she had 2 child but someone else was going to take the other child - however, she had to get the child from their father & we wasted sev hrs for him to ret

In the meantime those going on the trip loaded the buses but they too were kept a long time - 3 cars, incl. a van, were coming down from the Public Off in S.F. & were hrs late in arriving - some members, such as Carol Stahl, had to get back & intended to go back in those vehicles - it developed that Dave wd have to take them if the Public Off cars did not come, & I might have lost my seat, since I'm on vacation nefts wh

I stood sur or sat in Dave's car most of the aft - rd F's nap & conversed w/ dif people - watched J & his staff who were conducting bus in the yd

I talked at some length w/ Vern Gomey, C.J. & Smith

I told Vern about the incident involving

(over) C-1-A-1 (55)

Van Smith this morn. – he said Van was no long in their commune (Shaw - Houston) - he gave so much trble & was such a bad influ on the younger child, that he was transferred to the Te commune last wk - he had guilty of serious offenses, incl. threatening an adult & damaging property & lastly had had a bad fight w/ Mr Cordell - (Van had scratches on his face but had lied about their cause) - I told Vern about the speeding incident involving Harris & he advised me to write it up - he said the Harrisons made up deficits in food over the wkends from their pers. funds were tough & "diplomacy" was needed to handle them

X Smith told me he was working on the apartments belonging to the Te - they are being renovated w/ the plan to sell them, all members are being moved up to SF - Shelly is living in a commune in SF - their younger child, are w/ Pat Grunnet in the Valley - Christas is in the Shaw commune - J. Vance (Kelley) had been w/ Mary Motherspoon in the Valley, but this arrangement did not succeed & he is now in the Te

as is Von

C.J. asked me about my plans to go communal & I told him my intentions in this respect - he left his job w/ the arbitration service & is wking w/ Dave Garrison on construction jobs - he makes almost as much money & likes the atmosphere better - besides the skills he is learning will be more useful in the p.l.

Finally 2 cars arrvd from SF w/ the Public. Staff - Patti Chastain, was in one, told me the car had made a wrong turning.

About the time the van arrvd so did the ying woman, Melissa Jackson, w/ the 2 child - the final arrangement was for Don Jackson to help drive someone else's car, & Dave the Melissa & the children besides me & ~~his~~ brother-in-law whom he went after - Anita went on the trip

The buses, which had been waiting for the Publications staff, prepared to lv - we left bef them, at about 7 30

X Dave forgot to meditate & when he cd get off the road I insisted on his doing so - he did not keep his speed down to 50, & Melissa even spoke to him once

(over) C-1-A-1 (57)

//2 Dan & I had eaten our lunches beg starting//

I did not sleep well because I was nervous about Dave's speed we stopped twice, went to the bathrm & got gas

3 The Highway Patrol pulled him over, sd he was going from 65 & 70, but Dave was conciliatory & the officer did not ticket him

About a hundred miles from SF Dave let the brother-in-law drive

We got 3 more worth of gas, for which I pd on Divisadero

I was dropped off at 2 30

//3 Once when I was dozing, I woke when Melissa spk of Marilyn Watson & Debbie Heneke - they had lived in the same commune but she sd they were gone now. she did not know where they had gone nor if Ara Pierce had left the ch too. she sd Marilyn's companion had not been able to hold jobs//

Dor's format so as to get what Maggie
wanted - she decided to have it
typed in by Brenda

The sys. was down for about half
an hr preventing me from finishing
Galbreath's doc - I had five or so
pp to go - I ordered a print - out
of what I had done - I had encountered
sev inconsistencies in capitalization &
format, as well as odd wordage, not all
of it a result of translation

3/4 Aft lving the off, I th the bus to the
SF Coop & I bot a shopping cart, as
it will be useful to bring produce
home from the Hayes St. coop but

The p.l. - not the pains & disappointments there that we have here - no one gave me a moment's concern - yng people there disprove the doct. of orig sin - nothing to celebrate on this day exc pain - some have gone out to be traitors / others will seem to go out & be traitors.

2007 people sentenced to die by cap. punish decision in Th - Israel invaded Uganda today. in SF officials celebrated this in Congreg Ch - relig justifies all kinds of evil deeds - in Ksten trad women do not even have a soul - in this cty where relig doesn't reign, materialism does - some of you are very relig - I don't want title of God - relig has done nothing for Amer. - almost harder for a white pers (or Mex) to enter soc than a camel to go through the eye of a needle - whites have a gr responsibl here - do not break anyone else's heart

Relationship btw husb & wife won't last - spoke of women who left child - let child know they don't stand alone - kept Jack Arnold's record clean - don't ask who has been a traitor, as I've never lied to you

No one else can have taken last night - people build alliances but drop you like a hot potato - some cop out - "I'm not worthy" - that's doctr. of orig sin - in pl environm opport made the dif.

When you hurt child, I'll never forget it

I arrived at the off earlier than Dor

She made no mention of F's events but she was still very tense all day - she observed the details of my wk closely

Dor spent 7 hrs going over the departmental invoices from the computer center

I spent seven hrs on the ATS, finishing Maggie's secrecy agreement doc by feeding Mag Cds prepared by Betty Barclay into the computer - it was exacting wk - making additions & rearranging lines required constant attention

I ate lunch at my desk - ~~then~~ th the bus up to the teleph co & pd my bill, then went to PG & E to pay that bill - the company now has a secur. system & requires employees to show badges - I was

not permitted to go through the hall & had to go to the Market St. entrance

In the last hr of the day I had to make minor corrections in Millers trust & thrift docs & orders cc of the 4 docs - I was late in loving the off

Having got home late, I was late in finishing my exercising

Got up at 5^30 so as to spend a half hr on my jnl, as I like to keep to the quote of 4 pp every night

Had tried to call Eddie & Dor. from Rita Schumann's off, now unoccupied, but didn't get any ans. - I wrote a ltr on Mag Cd & made a copy for each - I told them my plans were to be on Sn, 15 Aug & ret on S, the 21st - to Eddie I told him of the night's crash flight, the time & cost & of pos. arrangements for getting my ticket to me

I called Contonia from Rita's phone - had not seen her at the Te for a long time & someone told me she was ill - I spoke to her sister, Rosita Lewis who sd no one else had been in to Ch aft her & even [illegible] how she was - Rosita arranged for a sister who is not in the Te to take her in that sd she was at home now - Cont told me she had been ill for 2 mos & was still weak -

she had gone to a doctor - she had tonsilitis, laryngitis & strep throat - she had called Sylvia Grubbs, Debbie Evans & Marie Ketsaris but no one came to see her - she sd she was still loyal to J but she was getting out of the commune

In the early pt of the day I had little who to do - in the late aft one of the new attys, James Hartl, brot in a memo & a ltr, which I started to put on Mag Cd

At lunch time I saw the film in the Employees' Film Series, "Progress on Cancer," which showed new developments in many areas of research on treatment of cancer, making optimistic prognostications

Dors attd seemed normal - she sd a new girl has been hired to start Th

At home I exercised

Slusser opened, explaining the proj in gen - John Stewart who had also wkd on the contract negotiations & people from the division involved gave details - a repr from the graphics area had pictures & diagrams to display - the project, to build a whole city w/ refineries, infra-structure, 2 piers, housing, a training center, desalinization's plant, is estimated to cost $25 billion & require 20 yrs - the working force will be brot in from other ctys (from Pakistan & Yemen mainly) at first - Saudi Arabia has few trained personnel but Bech is expected to train replacements for all functions - the Saudis were very apprehensive that they wd be overcharged

The mtng lasted until 11 or - coffee, doughnuts & sweet rolls had been served

The rest of the day I had little wh to do - I made jnl entries

Ate my lunch on the PG & E steps, then walked up to Mission St. to a hardware store & bot a new key ring - aft getting back to the off I went to the bathrm as usual to brush my teeth

Dor was away from her desk - I later learned she had been w/ Betty Vasil - aft she had eaten her lunch at her desk she sd she'd like to talk w/ me bef the new girl enters on duty tom - she wants me

to be very strict about keeping off hrs, esp at lunch - "and I don't mean come in & put yr things down & go to the bathrm & brush yr teeth, I mean be at yr desk ready for wk at 12^45^" - she said she'd have to prod her son to get started earlier in the morn - she said nothing about any break, mid-morn & mid aft nor about being late getting out of the off at night

Tho I had set the alarm for 6^30 I got up at 6^10 - I was able to start for wh earlier than usual, at 7^20, & got into the off by 8^00 even after picking up the print & outs at the computer center - Dor was on the elevator w/m as she had got her son started earlier this morn

I was a little ahead of both Dor & Marg altho I had stopped to pick up computer print-outs - Dor made no explanation

Filled out my time ck - Dor showed Marg how to do hers

No wh came through for any of us this morn - Dor cont'd wh on invoices - told Marg & me to do whatever we wished - I compl'd jrnl entries

I ate outside on the PG & E steps - the day was pleasant but a little breezy - when I rec'd to the off Dor by an offhand remark revealed that Betty Vasil in requiring Marg & me to keep reg lunch hrs also told Dor she shd go out for 45 mins - Dor persists in eating at her desk

Had stacked the dishes & was about to wash them when Bob called - he had the car in running order

We got into serv about 8 10 - attendance was yet very sparse

A count was made of those who weren't going to L.A. - Wesley sd about 100 people weren't going (a low count in my opin as many people were not in serv yet) - he urged all to come to Mother's serv which she makes an effort to hold in Js absence - he asked those who were present to call some other member

C-1-A-2 (90)

J came on the podium during testimonials about 9.00, then left

Norm took an offring

J referred to 3 rich young men who kidnapped 26 child. & busdriver - newsmen, neighbors say how good they were- they're misunderstood (ironically) - if it's poor black, poor white, they're hoodlums - rich child. are always very nice - they won't serve any time, because money buys anything in this cty.

Someone downstairs now who got in trble, came for help - he was not inclined to give it

The Cleaver trial today shows our power

J: I know that some don't want to go to the p.l. - we'll give you a church and you can come and have church & sing to yourselves - don't want to force anybody to go when they don't want to go - if you work for us while you're here, when the sit. gets bad, come to us and we'll take you in - if you haven't worked for us, keep running

J took offring by sum

Two films on "People's China" shown - had a white narrator - first was "People's Communes," the second "People's Army." One or both I have seen before - J. said they have anti-revolutionary commentary but to us they don't look bad. - Amer. breeds alienation & suffring - the child gone from here 3 weeks has been out shooting cocaine - we're programmed by TV - I will take my chances on soc. - I wd be glad to give up a few individ. indulgences to live where there is no crime-

(cont)

C. 1-A-2 (91)

relationships in this country based on sex are superficial - none last - the poor have no chance - you wdn't have anything if it weren't for this grp - as Mao sd, the people are God - Christianity has been arnd for2000 yrs and has done nothing for anyone

Quest. period - Indian woman tells of pol. sci. class at Laney where they had trble keeping their ethnic class - she asks if we'll have an oppor. to go to China & Cuba - J. says soc. ctys arrange scholarships for youth - but the imp. thing now is survival - we'll have time later for travel, now we must wk - we're facing genocide - now we must wk to save our child.

Quest. by Joicy Clark: will there be any more exposure of Watergate? - J: they're not going to expose corruption - they are investigating who's screwing who - while big business buys congressmen, nothing is done to reform the tax structure - the rich screwing the poor is what I care about - to a question on deferring the implementation of capital punishment, J sd: yes, until the elections are over - the people are going back to relig. - you can't get people away from relig. - relig. is the worst disease there is - the cty is full of mad dogs - I've got people in here who believe in capital punishment

There's no use going down the tubes for a bunch of stupid people - he referred to spoiled children - our child. will be destroyed: shooting coke, snatching purses, breaking car windows - getting a Baptist for pres., we should get out of here - only a robot can keep from getting mad - not one of those three yng men will go to the gas chamber

After elections, you'll be sorry you didn't sell yr house, extra clothes, junk jewelry & give us the money to help build up the p.l.

Question on the Key Plan in Contra Costa Co. - J. didn't know what it was - someone expln'd it was a means by which Medical recipients were required to go to certain doctors or hospitals - pressure ~~was~~ put on people to join - benefits are going to be cut for those who don't join - J sd wd have to join if you lose yr benefits - here we go down the road to dictatorship

Quest. on Dennis Banks present sit - J: not very happy about Dennis Banks - he didn't keep his promise not to talk about certain subjs. - he didn't want to be associated with socialists

If you want to stay back, stay here and sell what we can't get rid of.

The L.A. church is up for sale - the police there are Gestapo - we cannot center there.

J. has had some contact with Jack Arnold - he wishes he hadn't left us - he said he has great respect for J's foresight - the financial straits of the ins. cos. is an ominous sign
