Went up to the Haight - Ashbury to the second - hand stores to buy a few items I need for my trip - I got a pr. of tennis shoes, a pr. of walking shoes, 2 pr. of panties & a light house coat

Prepared & ate a meal & did dishes

Listened to the Te broadcast - the panel - disc was on the power of mind & was concerned w/ so-called miraculous happenings, not exclusively healing.

Cleaned the apt

At 4 [illegible] I slept for a couple of hrs

I sorted out the clothes I am giving to the Te - I had 2 big bags

I was about to eat some melon when Rob called - he picked me up at 7 45 & we arrived at the Te at 8 [illegible]

As we were entering, [illegible] forth I's [illegible] - he was [illegible] reacting to the testimonials being given [illegible] disc of pol T. & other [illegible] should be devoted to honor [illegible]

By the time I came upstairs, there [illegible]

been generated an atmosph of praise & re-
joicing

I came on pedium & altho Rich Cordell had just taken an offering, he sd it had not been suffic, & the another - he sd too many were going to stores, trying on clothing, & buying things they don't need - if we enjoyed liking at articles in stores, going to movies, liking at TV shows, & eating in restaurants, there was too much of Sodom & Gomorrah in us - you are not only in Sod & Gom. but Sod America is in you

A film was shown, "Rush and the Preacher", w/ Sidney Poitier & Harry Belafonte, directed by Poitier - it concerned the ~~st~~ wagon trains which were organized by blacks in the South the Civil War he moved to the west & were harassed by Southern night riders who were intent on keeping them in the force - the pict. showed coop thru the Ms & Inds in helping the Ms to get to freedom - the photog was stunning, the sound in the [illegible] was [illegible] - The film was more pop w/ the [illegible] than any I remember being shown in T.T.

Films of the p.l. were then shown - most of the scenes had been shown previously

J performed healings

He took an offering for a sp need of one of our members

New members were admitted

The serv was dismissed about 12 30 - J sd there wd be no good mtng - the aud. cd thus be used for arranging horses

As Beulah had not come, I volunteered to Judy Flowers to take someone else; Florine Dyson was assigned to me - Christians did not have rm for me so we waited for Glenn Hennington to take us along w/some others - ~~we arrived home at 1 30~~

I pd to Deane Louie $20 for my ticket to the testimonial dinner in honor of J on 25 Sept

Jim McElwane was sitting beh me downstairs - he sd he was "dreadfully" to some 12 child the boys who had been in the house when Liz was there, plus the ones Pat Blannet was caring for - Pat has moved in -

(over)

C-1-A-3 (55)

Liz is no longer there - he thi't she might be living in SF - Renee, he sd, was w/ her - I forgot to ask about Bob Davis

It was raining & I got the hem of my opertory dress wet - we arrvd home about 1,30

Got up at 9 00 – Il was already up

I bathed

Prepared bkfst: honeydew melon, biscuits w/currants, steak – I made a mist. in measuring ingredients for the biscuits & th a long time getting them into the oven

Florine is 86 yrs old – she was born in Va, says she had no ed. – she likes music & sang in church choirs – she was a member of the Peace Mission in Phil but was vague about when she left them & joined J.J. – she apparently heard of J. from Mary Black (then Love)

I left the dishes – dressed

I had got my offertory dress wet last night & altho I had rinsed it out I didn't have time to iron it, wore a short one

I called a taxi as Chris didn't have run for us

I slept until 9:00 - the rm I was in was so dark I didn't see anything - Don & Eddie were already up

I had some cantaloupe & Sanka

We spent most of the morning talking - Don told us of Paul's wedding - the bride was Polly Williams & Don had some snapshots - it had been a simple wedding conducted by a Unitarian minister in the garden of the parents' house in N.J. - Polly's father is well to do - Paul has his own business designing buildings

Don's chief topic was her affiliation w/ Madalyn Murray O'Hair's atheistic gp - she still dislikes the T's identity as a ch tho she is not bitter about the incident in Chic summer beg last - she fears being the object of J's "occult" abils.

Both Don & Eddie warned me to avoid disc of J & the Ta w/ Mabs - they are concerned about her mental condition - they think she is drinking too much, but she has too few interests -

(over) C-1-A-3 (68)

they think she shd get rid of her house + do not understand her reason for keeping it - her finan sit is not good but not desperate - I promised to be careful in disc w/ Mabs

^ The three of us went for a short walk w/ Eddie's 3 dogs - the weather was ideal

We had a light lunch

Eddie intends to retire in perh another yr - she will get a pension from her sch adminis.

We drove to Denver, stopping at a shopping ctr on Wadsworth to make a few purchases - I got some zippers for my 2 dresses w/ Eddie's advice - Denver was very hot

Eddie drove through Barnum where we had lived as child & we looked at famil sites - she & Don remembered them better than I did

We had dinner at Stouffer's × rest. on Colorado Blvd in the

airport - we had salmon - we thot too much attention had been given to surf embellishments; the food was not extraordinary - prices were high - we paid $8.50 for the entree alone - Dor paid for the dinner

At 8.00 we picked up Mabs at the airport - we fnd her right away altho we had not been certain of the aisline nor flight no

Mabs was in a good mood tho her complexion seems muddy & she has gained weight - she was happy because Miranda has just taken a job in Washington w/some experimental agric. proj. of the govt, starting in Oct - the climate in Montreal is hard on her - Tagore is five - he suffers from allergies & has to have a restrictive diet - she says he has a hot temper - he lks like Matthew

X We spent some time in getting out of town as Eddie th the wrong road

We went to bed at 11.00 - Mabs slept in the same run as I

17 Aug - T

I slept soundly during the first part of the night, woke at 4^00 & cdn't get back to sleep - Mabs slept rather restlessly

I got up at 5^30, made some Sanka, that I wd make jrnl entries - but Mabs joined me & we sat talking until Eddie & Dor got up

We had toast & eggs for bkfst

When we had dressed we went in the car w/ Eddie driving us to see sev of her frnds in the locality, to her sch to meet her principal, whom she likes very much, to the vet w/ one of the dogs who was limping on one foot - we had a hamburger for lunch - Mabs & I shopped for food for ton while Dor & Eddie went to the beauty salon & had their hair done

perceptions – however, she is very concerned about soc. issues & agrees w/me about the harmfulness of the present soc. sys.

On our rd we visited another of Eddie's friends – I had 2 glasses of Scotch & was very tired

I slept for an hr & a half

Then a shower while Mabs told me others of some of her relationships –

Eddie had borrowed a projector from the cabs & showed the films I had given him of her, Paul, Mabs & Edna, Friends, Mathews, Mother & the ranch

We had dinner which Edna prepared: T-bone steak, baked potato, mushrooms, toms – I had paid for the food

Mabs told of the trial & sentencing of the man who attempted to rape & murder her – he "copped a plea", was sentenced to seven yrs, of which he served two – she does not think he was rehabilitated

Mabs told of some of her efforts

Eddie th the dogs for a walk

We packed & got ready for going to Dillon - we talked so much that we were very slow & didn't get away until 1 30

We had called my aunt Josie & told her we wd be coming - Ben & Florence came from Fort Collins & we phoned Laura in Pueblo - she drove up directly

We stopped in Idaho Springs - Mabs & I had a hamburger & a root beer

Just out of Idaho Springs rain began to fall heavily & we pulled to the side of the rd as Edna cd not see the rd very well

A tunnel has been dug under Loveland Pass because of the numerous skiers who go across the Divide on Wkends - it save a good deal of time but one misses some of the scenery

We arrived in Dillon about 3 30 - they had expected us much sooner & were

(over) C-1-A-3 (70)

worried - Ben had taken Laura sightseeing - w/ Josie driving we all followed them - we first went to see the site of "the ranch", which my grandfather & then my Uncle Earl owned & where we had spent some of our summers as child - part of the land is flooded - the ranch house burned down sev yrs ago - the old barn & tool house are still standing & are still in use - condominiums & other tourist housing have been built in other places - the whole area has had a tremendous growth in population - the lake created by the dam built by the Denver water district is used for recreational purposes & the water goes to Denver

We then went to Keystone to see more condominiums & a fancy hotel built to accommodate skiers & summer tourists - we had met Ben & Laura on the way

Ben is now 67 but [illegible] to be [illegible] life, tho [illegible] a stroke 2 yrs ago - he is retired from the Forest Serv - Florence had a gall

Josie spends the summers in Dillon & the winters in Mesa, Ariz - she seems the same as ever, very mild - tempered & agreeable - Florence also is much the same, very critical, esp. of people's housekeeping

For dinner we had steaks, an eggplant dish, green beans, & cake - we discussed politics & gave a rave info on all the child. & other relatives - Dor was quite valuable in her beliefs 3 ✓ ✗ 2 ✗ Ben is concerned about environmental issues but is conservative on the subj of economy in govt, prej. agst welfare recipients, racial relations - Flor was even more narrow - minded in the racial quest -

We lkd around a store which sold plants & she bot one for Joyce - Joyce, who is a close fund of both Mabs & Dor, is the dghter & wife of rich men - the father owned the Republic Drug Stores & Max Struble owns a hardware co - Joyce wks in the store & is, according to Mabs & Dor, quite liberal - she is now deeply involved w/NOW - the Nat Org of Women - she has done many services for Mabs & Dor & they always visit her when in town - I remember mtng her only once

11 Dor met her yrs ago when she was wking at the Bkstore at Indian's Dept Store

He th Dor to the airport - her [illegible] wasnt until about 1 pm - we had a [illegible] drink & talked w/her until about 2 pm - both Edna & I had some items to show her - Edna's were items used in

20 Aug - F

I slept late

We stayed at home today

We three th a walk down the rd - Mabs & Edna discussed the various flowers & shrubs - tourists have scattered a good deal of trash arnd & we th back aluminum which Edna sells

Mabs worked in Edna's garden

Edna showed me how to put new zippers in 2 of the dresses Clara gave me - under her instruction I did most of it exc the machine sewing

~~Ind Radicalism in America~~

We had more disc - Mabs gave more detail on the assault she had undergone when a yng black man had attempted to rape & murder her in about 1971 - when he tried to rape her she got him off, he then stabbed her 3 times & threw 2 objects at her face, living her for dead - she described the plastic surgery she had which was remarkably successful

I learned of the finan sit of each sister - Mabs is able to get along on her annuity, supplemented by her home

(over) C-1-A-3 (77)

teaching - I don't think the nursery is returning anything to her & her partner that they don't put back in the business but she says they have a firm foundation & an excel. reputation - the house is run down & needs much wh but she requires to sell it on cost of the garden

Edna plans to retire in another yr - she makes twice the salary I do & Alice left her 17,000 - most of her surplus has gone into the house & "I" she will get retirem pay from the sch. distr until old enough to draw soc sec "

she has still more to do

Edna made preps for the return of Sue, to whom she has rented the downstairs - Sue is expected this wkend - Edna has cooking, laundry & sleeping facils already [illegible], is moving her dishes & cooking equipm

I slept until 9 00

Mabs & Eddie had walked w/dogs

I packed

Eddie offered to finish the sewing on my dresses while I changed sheets on the beds - Mabs will move upstairs - Mabs cont'd w/her gardening projs at which she worked most of the day

// Mabs & I had honey dew melon, an egg & toast for bkfst - Eddie ate coffee-cake //

I had a half hr's walk - I went up the rd on prop above Eddie's place owned by Johns Manville - it was a beautiful sunny day - the wild flowers were the best I have seen

Eddie & I left for the airport at 12 00 - Mabs stayed back - Eddie made one stop at an electrical shop & I purchased some grapes & a can of salted nuts, as a meal was not going to be served on the plane

Eddie & I discussed the reunion we had had, agreeing that it had been very successful - we had not had any angry arguments - we are all concerned

(over) C-1-A-3 (79)

about each other & reassured that we are all well - even Zabs is in a better condition than we had expected, tho we wish she didn't smoke or drink so much - Edna sd they were pleased that I was happy, had friends & are now convinced that my retirement is taken care of - she asked if I thought they were selfish - I told her the whole country was living at a level which was beyond its deserts

My own conclusions are that altho not racist & altho they back many progressive ideas & movements, they refuse to accept the seriousness of the sit - all have faith that reformist solutions can & prob will be fnd to our national probs. - they are bound by ties to loved ones & prop they own - Dor is so adamantly anti - relig that she cannot accept any phenomena which she regards as supernatural - she also lacks sympathy w/all living things & to a certain extent w/people - I did make some headway w/all of them in leading them to view extra - sensory occurrences as real

We arrvd at the airport at 1³⁰ - Edna did not come in

The plane, on Continental flight to SF by way of Colo Springs & Albuquerque, left at 2^35 - I had a window seat - at Albuq. I rd Radicalism in America, ate my grapes & nuts - soft drinks & nuts were served twice

her for persuading Garry to lv when he seemed to be adapting well to the Te - Garry is w/ Liz, Bonnie, sd - it was unforgiveable that she just "dumped" Renée instd of placing her w/ someone else - Liz spent much time on her make-up - when I inquired what had led to Liz's living - the Te now, Bonnie thought it was the prospect of getting money from her grandfather - I had always known what she was like - she was mentally unstable & he gave her every chance // V Pat works also at Juvenile Hall //

Bonnie told me Linda Dunn's dghter is now in Juv Hall - she used cigarettes, drugs & alcohol & has been "on the pill" since she was 11½ - she is 14 now

I mentioned my phs to Bonnie & she suggested I let her keep them - I is moving everything down from RV

Bonnie left at 11⁴⁵

// 2 Bonnie had no partic item in mind for me to write for the nsp - I told her of my idea of writing agric. s'thing concerning the high civiliz of dark people & how it has usually been taken over by lighter nomadic peoples who then enslave or exterminate the dark races - we are not sure this theme wd be suitable for the nsp but she thot I shd give the mater to J. to use w/the congreg & to Lois Pons who is in chge of a gp of gen high level child.

I also suggested for the nsp a questionnaire on the Bible which wd give the contradictory answers which J uses to show its unreliability - I rd to her Dor's list of quotations on relig bel & atheism //
