MONDAY OCT 2 Georgetown Feedback

J.T. Clarke -quite freind as usual. Invi ed us to lunch. As ed ab about Jims situation with JOhn. he said that he had been told t at the whole thing has been oput away. The diplomatic approach to hand hand ing the situation. He said that Hughes was given a warning by the government-- so he tried to get rid of the whole thing by giving it bacl to Bollers and Bollers had been instructed tnot to give oit to anybody else. Theres a clause that says after after 5 years its no longer valid(arrest order) Thats the way he heard it would be handled.
JT sent his love to Jim.
Thers an affair tonite tat has something to do with Viola Burnham.

US CONSUL-- he gave us a copy of rules and regulations which he himself had never looked at. Some things are different from what we've been doing. On normal occassions no death certifica cate needed. Need one for Vivian because shes been packed off and sent out of country. But as soon as someone dies, their proerty , personal eff cts etc. belong to the Consulate to give over to the closest of kin. Unless the e is a will, or if next of kin there in-community.Unless they gave it away before they died. In a situation like V v ans-- people could fill out a form that would have the next of kin listed-- which the person could choose to fill in whomever they wishe d to be lsited as next of kin.
Need: her passport-- number, date issued, place issued. Also itemized list of things she left.(perso al eff cts)

Had a brief chat with the Soviet guy they met at the party. Going to meet him again tomorrow before he leaves for Russia. Hell get us the names of the press in Yugo and Poland etc. that we appeared in and send them to us.

- Get details of Nuhro's attitude.

State Dept. & AG for USA

D to ~~AG~~ — all we want is to be left alone. A hands-off policy. Non-interference —

We are friendly to USSR — certainly US not friendly to us. Assistance has been offered to us by other countries which thus far has not been taken.

✓Make an application for Jean Brown to take $300,000. out of our external account for tractor parts, agric. equip. and medical supplies

✓Tell Mingo and Hamilton Green: Reid 2 top notch people in PNC told us hands off policy on PT and one impt. govt. official said that the USA tried to get us expelled. There had been pressure put on the Guyana govt. to try to kick us out. Is this true? We are sick of it. We are trying to build and don't understand why they do us this way.

Also tell them that Channel 7, KCBS, many other radio and TV stations did good stories on us - interviewed Lane and Freed and told about the conspiracy against us. Even the ~~[illegible]~~ was forced, out of fear of being sued, to do a good story.

Regarding money: we shouldn't let it die easy. Ought to have it to give the money to the PNC, but if a man's honest, it's a shame to have taken it away. You hear people on the plane joking about hiding money in their shoes and their hair. This upsets our people when money is taken away just bec. we're so honest, when we need money so badly. We will double that gift to PNC if given it back. We would like the privilege of giving it to the PNC rather than taking it like he was doing something wrong.

[illegible]: WRITE TO MINGO, REID, GREEN: had to get part for the boat. Give whole thing about our boat. Patients taken in, etc. Operate at a loss. Living off our reserve bec. of immense amt. of money put out to Guyanese

---

✓Tell Russia: by mutual agreement, everyone overnight took off hair, beards, mustaches. say in US it's a symbol of rebellion against the system (they trimmed off their well trimmed, neat beards.

✓Need the 3 English tapes to go along with Russian films.
Send out with next person coming out.

✓[illegible] - LIZZY-- Rabbi Washington: we don't understand why a man who we know is against PNC and came here fleeing the law is played up in the press everywhere, when there is a hands off policy against us. Even heart in the states had to admit we've been lied upon. It's not just the black press now. We don't intend to sue the govt, altho we could use the 40 million and get it. We just want them to lay off us and Guyana. Our whole concern is for peace.

He is not coming into town for medical care because he's been told he should play hide and seek and he's not a common thief. He's done the best he can. He's got emphesema, hematocrit 10 points lower than it should be. His white blood cell count is 14,000 when it should be 5-10,000. [illegible]

E-3-A-2 (036)

bronchial infection. His temp. is still high. He should have a bronchoscopy (sp?)/// (¶ Tell Ann that Mingo should know we are pissed about this kind of stuff). We've been told by sources that that John's thing will never be resolved, and is not being worked out to keep him here.

✓Ask Lionel or Eric Clarke whether or not an oral offer and acceptance is binding or does it have to be in writing?

✓RUSSIA -- We would certainly hope that if an individual in our musical troupe would attempt to seek asylum in the USSR (before the group) for some kind of easier life, that you would tell them to go back where they came from. As they are a part of this group it could be a sniveling cowards way to manipulate.

MEDICAL

E-3-A-6 (1)

EMERGENCY PROCEDURE TO FOLLOW WHEN PATIENTS ARE GOING TO G.T. 21/7/78

1. Radio room is to notify Sylvia immediately when a flight or boat will be leaving Jonestown with room for patients who need to go to Georgetown.

2. Practicioner, Doctor, Optometrist and Dental department is to notify Sylvia of the fact that he/she wants a patient to go in on the next boat or plane.

3. Sylvia is to notify Terri Jones in the radioroom so that Terri can clear the patient going to G.T., check on insurance and make appointment for the patient.

4. Sylvia is to assign Heloise Hall or Bessie Crosby to do a complete health protocol on patients if there is time. He will definitely have to know the patients full legal name, date of birth, age, primary problem, family history, and any significant secondary health problems.

5. Sylvia will be responsible to see that all medical consultation letters are turned in to her on time. Penny will be available to type summaries when necessary but summaries should not wait until the last minute unless it's an emergency.

6. When summaries are completed they are to be taken by Sylvia to Rita Lenin. In emergencies a letter-clearer might have to be awakened.

7. Sylvia is to take the cleared medical summary and any X-rays to Lucy Crenshaw - cottage 34.

8. Sylvia will notify the patient who is going to G.T. 24 hour in advance, if possible, so that they will have ample time to get ready for the trip.

9. Sylvia will notify Charlie Touchette 24 hours in advance, if possible, or as soon as it is confirmed - so that the tractor can be made ready in time for the trip to the boat or airplane.

10. Sylvia will pack and have forms completed for biopsies being sent into G.T. and she will give these to Lucy Crenshaw.

11. Sylvia will supervise to see that all patients are packed and have appropriate medical supplies with them and that their medication is given to Lucy Crenshaw, plus any other medical supply needed for them during their stay in G.T.

12. Sylvia will check with the pharmacy to see if the patient is on routine medication that they will need to take with them and get the medication to Lucy.

13. Sylvia will see that all people are ready in time for the tractor.

14. If the tractor is late she will notify the radio room.

15. Nationals are not to get on the tractor or boat without medical summary and their names on the boats roster directly cleared by Dad.

give Karen after you read

QUESTIONS OXX ETC FOR THE RADI O

I need to know if we should contact Lenetta Dolphin: she came to our cultural program a nd liked it and is friendly but she came out against the Feferendum

CHANGE OF CODES:
-change the code in the book for You re revealing too much from This is making m e gx hungry to Greg Thomas. It s too awkward to say This is making me hungry

Add to the book a code for you re mixing codes too much with regurlar conversation: for instance if you code an article that is published and many people read then it s easy for someone to break the code. so for that say Frank Cooper and that means y ou re mixing codes too much with other obvious stuff

also be careful of coding things like this: Terry Jones said The humanists are t aking over Jamaica - that to me blew the code for humanists meaning socialists as you xxx rarely hear of humanists taking over a country.

xxx instead of humanist meaning socialist we could refer to socialist as Mr. Gilbey Sxx (He is a socialist is He is a friend of Mr. Gilbey)

Marxist Leninist is Mr. Bugby Fredericks (he is a friend of Mr. Fredericks)

(add these right to the book both in the front and in the reverse directory or y they w on t be used)

xxxi
