Late getting up again & no lkpt again - however, we had the monthly staff mtg at 8:30 & I ate a couple of doughnuts.

The topic for today's mtg was uranium enrichment, specif. Uranium Enrichment Associates, of which the pres. is Jerome W. Komes, a Vice-Chairman & a Director - UEA is a partnership of Bechtel, Cap, Goodyear Tire & Rubber Co & Williams Co - sph. were Komes & Ashton J. O'Donnell, Gen Mgr of UEA - UEA is proposing that the Govt award a contract for uranium enrichm. to them instl of production's remaining under govt control as at present in 3 existing plants - some of the highlights: the proposition is for a long-term rich - it will be 8 yrs by it begins to pay off - sev. billion dollars will be invested, of which $2 bil will be raised abroad - overseas customers will take 1/2 of the production - Ip, W. Eur., & Iran have already expressed an int - Iran, for inst., wants it to 30% of the capacity.

The main pt at issue was, Komes said,

to make it suitable for fuel - uranium which can be used for weapons will not be produced - to bring it to weapons level would cost several billion dollars more - all they have available uranium which is the 11th most prevalent element - the plant will produce the equivalent of 2 m. barrels of oil a day - the op will have a favorable effect on the U.S. bal. of trade

Romes did not have much admiration for most members of Cong nor people in gov't, that they were mainly anti - but his contempt for the "environmental freaks" was greater - he said he & his associates felt they were serving U.S. interests, as we are now dependent on others for 40% of our petroleum needs

Agony of our sister

11 3 Choir sang "I'm Going Away and I Won't Be Troubled No More" - Emily Bellard was hysterical - I sd we cd understd. this older sister's Choir sang it again agony

I doubly depressed about Amer. told by newsmen it is beginning of conspiracy - concealing info from the people about corruption - Roselli dead aft saying he knew who killed Kennedy - no one will go to a map

Some of you who talk about how much you love Amer, how sorry you feel about Amer's blacks you weren't marching w/us - those who tell how you love Amer, you want to fight for freedom in Amer you didn't come w/us

Fresno one of most dang places in Amer. - much hate - wanted to put us in jail or kill us

Quests - Caresan inquired about law approved by Brown - If you can't trust these leaders - you can't trust a leader who wants the job - in China & Cuba if you seek an off. you don't get it - a person who wants to be a leader shd be barred from being a leader - he rd some of the law - minimum sentences still very high

We cd do far more to help everyone if we were in another cty - nothing is good in this miserable cty - it's all hell

11½ Mary tells me that she doesn't like the girls at all - in spite of having got her way about the lunch hr, she has only scorn for them - Jean was gone from the off for s'time & we think she was seeing Betty - she had had some diffs w/ Kate Walker over Peter Hughes' wife, & this may have been the subj.

Don has been evidencing unease lately over her author - today when I was merely joking, she made a remark to Bob O'Neill implying I was trying to usurp her role of receiving incoming wk - he understood the signing for it - she over-supervises wk at the machines & does many jobs hers, which she can delegate - Mary & I both know that she shd be working on her record-keeping 11

14 Sept - T

Maggie brot back the Fr version of the Sonatrach contract on the Mag'd & I had made some mistakes but Philippe Lamy had also made some minor changes one of which I didn't notice until I was almost through - I spent 3 hrs on this - also made some corrections on the Litigation Rpt

The rest of the time I spent on jnl entries

Saw a film in the Employee Series, "Europe for All Seasons" at lunch time - it had shots of various European cities w/ background music but no dialogue - it was only 20 mins long

I finished my lunch on the P&E steps

I left the off half an hr early, although I don't think Don liked it very much, in spite of the hrs over time I put in last night

I got home at 5^00 - ate some bonita, crackers, & a green pepper - th the bus to the Te arriving at about the set time, 6^00

The buses th us to the newly opened Democratic campaign hdqs on Market St oppos. the Towne House - the place is a bare hall & w/our people was crowded shoulder to shoulder - I worried about our seniors and handicapped people - the spkrs stand was at one end & I cd barely see the heads of the people there incl. J

Candidates were introduced by the Chairman, Agar Jaicks - the emphasis was on Prop 14 for the Farm Workers & legis to benefit "the people" - bes. ourselves, the chicanos seemed to be the only grps rpr'd - Cecil Wms. as well as J were asked for a few wds - Wms spoke as a supporter of the Democrats w/the neces. of their caring for the common man - J. mentioned specif. causes, such as cutting milit expenditures, ending CIA intervention w/other govts, & finally put in a dig at the Supreme Ct - we gave him a tremen. ovation, & the chairman acknowledged that we were 65 or 70 %

We had very little wh in the off

At noon I saw videotapes of "Time of the Tar Sands" and "One Weld of the Alyeska Pipeline" - the first, lasting a half hr, was about the Syncrude project in Alberta, Can, & was quite interesting - the second was not as good - Nora came to see the films too but was late & there was such a crowd that we didn't get tog - I ate my lunch during the showing

In the aft Maggie brot in some docs to put on Mag Cd - tho' they were relatively simple, Dor insisted on experimenting w/them, & when I had a slight diffic w/her instructions, she became quite irritable - thinking about her irascibility later, I again began to worry about her mental stabil - she has been showing many signs of insecur lately & her generally unhealthful

I arrived at Kaiser a little aft 3^00 - I was taken care of rather quickly - the doctor, asking where I was going, sched'd me for a typhoid booster, a tetanus shot, & polio immunization - the nurse, however, sd I shd not get the polio until a mo. aft the yellow fever shot

Marg did have an ATS job pt of the time

Dor told me Jim Grant [illegible] to be resp for the litig rpt [illegible] unhappy because it has been taken over by the legal dept, who are having so much trouble establishing a suitable format

About an hr or so out of LA the buses came to a halt & we heard over the inter-com concerning an accident - that had occurred - police were mentioned & J's voice came over, asking someone if he was hurt - we learned that someone had thrown s'thing into the windshield of the lead (Jim's) bus

The police had come; the buses went on their way after reporting the incident - some had been slightly injured by shattered glass but J had hospitalization was not nec

I stept

When we had a short stop at Button Willow, everyone was allowed to lk at the bus - the missile thrown had not made a hole & was apparently not a bullet but had hit the glass w/ terrific impact - I saw Mike Prokes, the driver, & Karen Layton, who had been cut w/ glass, got it in their eyes & swallowed

some, & had been cut & covered w/blood - all wounds had healed & only some effect on Mike's eyes was visible - Mike had been miraculously able to park the bus safely at the side of the rd (I told us later that his son Steve had also been struck by the glass but was also all right) - I had been standing in Mike but had moved a few mins bef

I had Viola Motor as a seat partner - again - she told me all about a son who plays in the movies & whom she saw in L.A. - however, she stopped talking aft a while & I had a comfortable night

I ran at the last rest stop

I estimated 500 people will go to the p.l. - we have 300 communal people

New people who had joined us on the trip were asked to say a few wds

A yng woman, Bertha X , 16, was brot on the floor — she th off w/o permission — she sd she had never seen anything loving from Father — she has been involved in questionable activs — she wants to go to her grandmother — her mother thought this arrangem wd be hard on her grandmother — the mother is not communal — the girl has been up many times bef — the mother sd the girl had bruises, sd she had been beaten by the counselors — questioned, Bertha admitted she had hit her own arm & that she cd always manipulate her mother — J. recalled that she sd she had always hated her mother — J sd: the neft pers who criticizes me beh my
