11 ↓ The reason Christians don't have their car is that it was repossessed surreptitiously - altho they had made the paym. to Houston wd had not reached the agent in SF - the car was taken the eve of the day paym was due - they had reason to bel the police were involved - they got the car back but the gas tank which had

(over)

been locked was damaged & the car is now being repaired - Christians will try to get reparations //

I dressed - ate an apple

J: Miss Heard convicted - shows not even rich safe - feels it will encourage terrorists - only soc. which brings equal. will keep us safe - we weren't sil about dense soc by Sifer & Chr of Pol - voice tone - man on stry saying I bel she is guilty shocks him - bloodthirsty - if you think you're safe you must be some kind of damn idiot - money spent on overthrowing govts - $5 bill. spent on C.I.A. actions since 1975 - rev is coming here

Sov Rus has been on the side of the poor people whenever there has been a rev - Am. has been agst it

If you say you're - Chr & not a soc, you're a hypocrite - to quiet he emphasized this - if you want to be in ch w/ stand & wrinkle, you have to be agst aggrandizement, selfishness, & capitalism - if you're in this consciousness, you will never die - to those you cannot judge, but and they will be damned "because you didn't fel" - he spoke of seeing God - in Mar 1976 - you haven't seen God, because you're selfish - you want money

21 March - Su

Woke at 9.00 - bathed

Prepared bkfst while the others dressed - for brfst I gave my guests applejuice, hamburger patties, fried eggs, toast, jam, Sanka, carbo milk for the child.

The two children with Lue Ester were two little girls, Lisa Williams and Lawanda Mitchell - ~~I don't think they're relatives of hers~~ - Lisa is her own child

X

Vicki washed the dishes - one of the girls was supposed to help her rinse but I don't know whether she did or not, as I was dressing

//1 We had some diffic. getting everybody through in the bathroom//

We agreed it would be good to get to the Te early - I had Vicki leave the rest of the dishes - I called a cab - we left at 11.00 - service was scheduled for 12.00

We entered the Te by the back door as we had last night - tho the line was not long, the auditorium was already nearly full - I was given one of the usher' seats - I tdidn't have my head scarf - thought I had lost it during search or sign-in - bought one from one of the women from L.A. who was selling them, as I couldn't be seen taking offering without one

The serv started at 12.00 - prelim. announcements were made - a telecast was being made downstairs - KGO had wanted to broadcast the "Wire Choir" -- those who are trying to lose weight by wiring their teeth

The choir sang

J. introduced the first speaker, Fred Furth, who

C-2-A-7 (70)

as an attorney had represented us in the Exam. matter - he is running for State Senator - has always reprs't liberal causes

Next was Harvey Milk, who, J. sd, had had the courage to back the gay movement - Milk said he had dedicated his life to building bridges between people - he is running as a State Representative - asked for our backing

J. took an offering by sum - when I came back my seat had been given to someone else - many guests had come in and those of us who gave up our seats were told to come down front and sit on the platform, which I did - it wasn't comfortable but had an excellent view of the rows of distinguished guests and by craning my neck could see the speakers

I had a particularly good view of the young women who presented their African dance and Frances Johnson's group who presented their dance about conditions on the slave ship

I was particularly interested in watching Angela Davis who was sitting on the front row - she paid very close attention

J. presented a series of speakers:

Dennis Banks is being moved to Oregon where he faces charges - J. said it is likely the Ore. gov. will be more favorable to refusing extradition of him

Willie Brown - expressed his opinion on whom to support for pres - after observing all the candidates his advice was to vote "no" - he spoke about Cezar Chavez and the Labor Re. Bd.

C-2-A-7 (71)

21 March - Su - 3

John Maher of the Delancey St. Foundation - a white man

A representative of the nation of Islam

Sheriff Hongisto who was very emotional about the situation which had developed regarding Chief of Police Gain - he spoke of the issue concerning Gain's banning the Amer. flag from his office, which had been used by the media and the rank and file police to stir up discontent - he said the press knew about the flags two weeks ago - he could only speculate what their motive is in revealing it now - he warned that powerful forces were trying to get rid of Gain

J. led the congregation in sing "A Mighty Fortress is Our God," inviting the audience to pay attention to the way in which we have changed the lyrics to indicate that socialism is our god

J. spoke briefly - right away he used the word "shit" saying the Bible is full of it - he joked that he meant that the Bible used a word which was even dierier in their language: "dung" - Hongisto particularly seemed to enjoy this and other cracks about relig. which J. made, for he ran the gamut, i.e. I graduated from a cemetery, I mean seminary

J. then presented Angela Davis - she is slender, with rather light skin and hair, but with an Afro - her voice is soft and her accent cultivated - her scholarly background was obvious

At this point I was offered a seat about three rows down

Angela gave a long speech - she said she was grateful for the help given to her by the Te - the bulk of her talk

C-2-A-7 (72)

was on her work on behalf of prisoners - she gave details about the numerous people in jailon account of their relationship to progressive causes - N. Car. is a particularly bad state - she asked us to write letters and to join a demonstration to be held on Labor Day in Raleigh, N. Car. - she emphasized the neces. of all standing together

J. said we would try to send a delegation to the N. Car. rally - he took an offering, the proceeds to go to the cause of the prisoners for whom she was working - I gave $5.00

J. healed several people while the guests were still present - one woman had a cancer removed from her body being

J. dismissed the meeting at 5.30 - the meal was served outside

I got a ride to Hayes St. where I took a bus which came along quickly

Was home at 6.00 - nevertheless had only time to eat - had hoped to press clothes - the eve. mtng was sch'd'd for 7.00

Did not start back until 7.10 - I bro't Beulah's blanket which she had forogotten - had found my head scarf at home - had to wait for a bus for 30 mins. - arr'v'd at the Te about 8.00

Serv. had not been in prog. long - testimonials were being heard - J. was on the podium

Rick Cordell tk offring

A group of little girls sang "Git Away" with gestures

J. gave a series of warnings, rather than bring the culprits on the floor:

To those in communes who bear tales or tell lies - blood relationship doesn't count - "we're going to see that everyone works out his own plan of salvation"

Those who think they can have affairs with outsiders: write how you're going to make recompense

Anyone abusing a child sexually (a man): cease

A minister's son who has shoplifted, impregnated your seed; you will keep the rules

J. spoke of today's mtng - Angela had said: Let me count this church my church - we got TV pictures of all the officials today with their hands up in salute - this represents insurance for the future

After a brief meditation period, J. dismsd mtng, urging all who felt they shd give s'thing, pref. $3.00, to come to the altar - most of the congreg. went up - the mtng was out at 9.30

I talked with one of the L.A. women who had been on the bus last night - she sd. they had never gotten any lodging and had to stay on the bus all night

I had a long wait for the Christians - then Vern was held beh. the concession stand until 10.30 - I had a talk with Gene Chaiken, who got himself some bread & peanut butter from the kitchen - he doesn't mind living and working in the same place, as he gets out to appear in court and so on, tho he admitted he doesn't get any exercise - he missed the agric. work in the p.l. which was the kind of work he would have chosen rather than law had he known more - "but I'm good at the law and this is the way I can serve right now"

At lunchtime went to PG&E bldg for the SFSC Issues & Answers prog - the spkr was Dr. Arthur Berger, expert on popular culture who has written sev bks on the subj - he explnd the meaning of the terms by giving examples - television rcvd the greater pt of his attention - he spoke of the cynicism bred in youth when they learn they have been lied to & of the commercials which teach people to use products that are

Dr these past few days has been less friendly & also more inclined to argue, I don't know for what reason

This aft whd on jrnl entries - had not yet finished putting Sus entry on Mag Cd

Moscone in the chair explnd that items in the budget wd be discussed in turn - anyone who wished wd address h'self to any item - afterwards, comments on the budget as a whole wd be heard

At this point 2 men seized the microphone & insisted on expressing their point of view on the process as a whole, insisting the procedure was a farce - they represented the Labor Party & denounced the Mayor & his colleagues as exploiters of the people - some shouted at them angrily, more clapped their hands to drive them out, & Moscone advocated ignoring them, saying they wd get tired & lo - this they did fairly soon

A member of the Civil Serv Com, when that off was dscd, wanted more jobs for minorities

When the Dist Atty's off came up, our reason for being there was evident, as sev of our people lined up at the microphones - each presented a partic point of view based on his or her profession, advocating more funds for the P.A.'s off - those who spoke were Carolyn Lowman, C. J. spoke of the films we have of the p.l. - they prove that those who say we are not going to take everyone to the p.l. are lying - the films will be shown in L.A. on Thurs.

J. sd he knows by revelation a terrible thing that was going to happen next wk, but by being together we will keep it from happening - at next Sun's mtng many dignatories will be there and one imp. enemy

J. asked if there were any questions - one concerned Angela Davis - J. sd. the oppos. tried to do her in this wk but didn't get it done - the questioner had heard a black minister attack her on the air - his name is Claude Evans - members of the aud. gave various reports on Evans who regularly opposes all progressive measures & backs City Hall

Healings were performed

J. determined that all shd come to the altar with an offring

She finally said it was not for her to judge how much anyone can do

I prepared a meal, ate, washed dishes

Typed in my grid from 10 am to 12 am
Rest until 1,30, when I went to bed

3 Apr - S

Got up at 9 am

Phoned the Continental Co & arranged to rent a car

Ate an apple

Went down & bought S & Sa maps - it was drizzling

Phoned for a taxi

Left a little after 10 am -

The taxi took me to the rent-a-car co - the fare was $3.00 & I gave the driver 20¢ - The car, which I picked up around the corner, was a grey Chevrolet & cost - the charges are $9.00 a day, 6¢ a mile & buy gas own gas - had to give $40 deposit

I drove to the Coop & shopped for my groceries - at 11 am I came out to the car & listened to the Tel broadcast - I spent little over 2 hrs at the Coop & since parking validation covered only 1½ hrs had to pay 1.10 more

Took groceries upstairs & put them away

Prepared a meal, ate, & washed dishes

Cleaned up the apt - just vacuumed & dusted - did not scrub the kitchen & bathroom floors

Slept for an hr

Had some very juice - dressed

11 ✓ I saw Beulah - there were so many people in L.A. who wanted to come that the buses didn't have space - she & Dwayne came w/ Maxine - Dwayne was sick & vomited in the car - he had eaten & drunk too much - she had Vicki & Stephanie with her

We got home about 2 00

Beulah & Dwayne slept on the bed, the 2 girls in the hall & I slept in the closet

I had some Sanka & toast & peanut butter & toast & jam

Went to bed 3 30

C-2-A-8 (9)

4 Apr - Su

Got up at 8 00 - we had for bkfst apple juice, eggs, hamburger patties, toast, Sanka & carob milk - I had the girls leave the dishes, as we wanted to get to serv as soon as pos

We left at 9 30 - serv. was at 10 00

I was at the door & we didn't have to go through search nor sign meditation sheet

No seats were left on grnd floor, on acct of huge crowd & seats being saved for Muslims & other visitors - Beulah & I went up to bale - I came up to bale & had me move down-stairs, as white people were needed to integ the aud.

Laurie Efrein and Dick Tropp played classical music on the piano and cello

Tim Stoen presided, introduced Dr. Karl Irwin, who gave the invocation

The New Birth Dancers (the Te girls who do African dances) performed

Tim introduced Jim who introduced the choir, which sang "United We Stand" - the congregation sang "Lift Every Heart and Sing" - Norman Ijames ang "Sing a Song of Freedom" - the congregation sang "Born Free"

The visitors, about three rows of them, had been coming in with their Te companions - I was not sure which of them was the reporter whom J. considered a threat nor which was the reporter from the Examiner whom he had invited - J. introduced some of the guests: Willie Brown, District Attorney Joseph Freitas, Dennis Banks, a rep. of the Nation of Islam

C-2-A-8 (10)

J. said he had been asked to "sermonize" - ordinarily he did not preach but answered questions, saying he preferred to respond to what was on people's minds - this he did now - some of the questions concerned his attitude concerning hell (he believed God would not be less kind than he, a human being, is), eeuthanasia and capital punishment (he was extremely cautious about giving people the right to end life and was opposed to capital punishment), what made him work so hard and what was his view of his role in regard to human service (these he movingly explained how he felt about the intense suffering which others endured, such as the mother in Ethiopia with dried up breasts whose baby was starving - "I'm a human being like her and my children have enough to eat, why should I be privileged?" - he received two questions about healing - the first was a white woman who complained of a pain in her neck and back - tho he explained that he did not like to emphasize his healing ministry, there was no doubt that some people have such gifts - there is not accounting for why some people are healed and others not - he thought compassion might be the clue, but he had had a great deal of compassion for some whom nevertheless he had not been able to heal - the second person was a black person who also had back pains - J. asked her if she was not jealous because he had healed a white person and she had not been healed - she said yes - he was able to heal her - he added that he had had to make an effort in this case, but he could not heal a white person and leave a black one in her pain

// whom he healed//

J. dismissed the meeting at 1.00, saying that those who wanted to speak with the nsp. reporter could come to the platorform; the rest of the congregation should file downstairs preparatory to paying a visit to the Nation of Islam - he said the child. cd go out and play which gave them much delight

C-2-A-8 (11)

I found Beulah again - the congreg. lined up in separate rows, male and female - we left about 2.00 - most people left their purses beh. in the Te - Beulah and I put ours in the trunk of my car

The Muslim service was extremely boring, consisting of prayer, a long sermon dealing with incomprehensible theology, and some remarks about marriages, betrothals, and births, plus a display of a man's suit for sale for $85, I think made by a member or members - J. and the leadership arr'v'd toward the end, and J. was introduced - the speaker had emphasized the new tolerance of the Muslims on race questions and was friendly toward J and the Te visitors - the Muslim mtng ended about 4.00 - attendance had been rather sparse and I noticed few children
I didn't want to stay at the Te for the meal which was being served, as the crowd was too large and I had no problem as I had the car - I invited Beulah to come home with me but as I had little that I thought she would like, I proposed going to Geary and getting some Chinese food - this matter had not been settled when we met a Te member, Evelyn Benefield, who had our purses in her hand and asked if we recognized them - she had found them in the park - they had been removed from the trunk of my car - Evelyn wouldn't turn them over to us without consulting the Te authorities - we checked the car, which showed no obvious signs of having been broken into - nothing else had been taken

We went back to the Te and spent a hr trying to find our purses - we were told they had been turned into Gene Chaikin but when I found him he said he hadn't even heard of the incident - I also talked to Tim Stoen - told Jim McE about the theft and he came up to look at the car - finally we found Evelyn again and we cleared it with security to get the purses returned to us - both purses had been emptied out - Beulah got back most of her belongings except for about $8.00 which the thieves took - I lost the $5.00 which I keep for emergencies in my wallet, what change I had, about a dollar's worth of stamps, my Te membership card, my apartment

C-2-A-8 (12)

house keys, my bank record - though not my checks, my little notebook, my compact - my pen had been ruined - my personal papers were intact in my wallet - with Evelyn, Beulah and I returned to the park to see whether we could find additional items - mostly we found pieces of paper from my notebook scattered around - one of the Te young people told us he had seen some small boys playing with the purses, naturally not knowing they were ours

I had some food at the Te - wrote a preport on the theft for McE - Beulah had to leave with Maxine and didn't have time to turn in a report - we went back to the car so that she could get her luggage - I drove home, because I wanted to see ifMrs. Heitmeyer was there - she was home and gave me duplicate keys, but she was not favorable to the idea of getting my lock changed - she said the apartment

house was being sold and no repairs were being made

I cleaned up, had a cup of Sanka and return'd to the Te

4 Apr - Sa - 5

Drove back to Te & arrived in serv at 7:00 - serv had been in prog, half an hr - rides were being arrng'd - I ofrd to take some people home

Met w/ Rice E & Lee Ingram on the incident - their chief concern whether ch involved - assured them nothing about ch in notebk which was taken - they advised me get p.o. by no & pay for having my lock changed - decis. not to rpt to police as culprits prob kids & strong possibility trunk not locked

Hames called of LA people to see whether they [illegible] or staying to help an emerg. prog - heavy pressure on people to stay

Norm Hames chastised those who wd not stay - I entered a [illegible] & disc [illegible] to BA people - how many in readiness to follow instrucs & march protest when called? - fervent appeal to those who not willing - count made - I sd need 500 people at least - I mentioned many who stayed out today sneet a little danger - we face [illegible] crisis pt of conspiracy [illegible] to destroy BC people

At noon went to the PG&E bldg. to hear the SFSU Amer. Issues Forum - last week I had missed Urban Whitaker because I stayed out sick - Norma McCoy, child psychologist, was the speaker today - she spoke on changing family life - statistics she gave showed the rapid fluctuations that have taken place in the areas of the role of women, care of children, increase in suicide, homicide, delinquency among the young - she took a largely pessimistic view ~~at~~ — ~~though~~ her spec. field is sex differences - I ate my lunch during the lecture

About 3.00 Betty Vasil brought in a xerox job on which she had several of the secretaries working - I had to xerox an entire file of some 288 pages - the case concerned an alleged violation by Bechtel of federal safety rules on a construction job - I had to use a ditto machine on the 22nd floor and use supplies of other secretaries - I barely finished before the close of the work day

Testimonials were heard.

Jim came out, in an ebullient mood, starting with, "Everyone say, 'Shit on church.'" He paid a tribute to the people who had been wonderful in getting our nsp. out- we distr'b'd a half million copies this wk - he sd. our enemies have made us mean - he told of the Doukhobors in Canada who maintained their freedom though on one occasion they had to strip all their clothes off and appear nude in protest against restrictions - "Jesus was a radical son of a bitch" - he spoke of the difficulties which the enemy had put in our way this past week or so - all black leaders and progressive whites had begun to suffer oppression - Playboy had made a mockery of Cecil Williams - he told J. he couldn't get any of his congreg. to write letters for him. J. told him, "We'll write for you, Cecil" - liberals are no good - they won't back you up - even some of our own people have deserted us - if it hadn't been for the people from L.A. this audit. wouldn't have been filled tonight, as it usually is, because "some of those folks stayed home" - he told of the disgraceful behavior of the Indians on Sat. in connection with Dennis Banks - they wouldn't ride with blacks, had to sit with people of their own tribe - Dennis Banks told the nsp. "not to hurt this man - he's the only friend I've got" - - the appearance of our nsp. and the who were climbing hills and steps to deliver it made a big impression on nsp people - J. was lavish in his praise for "you good motherfuckers" who worked - William Kuntzler, lib. lawyer who had defended many liberal leaders, told him on Su, "I've been so lonely. I wish I had a family like this."

The congreg. demonstrated triumphantly, singing & shouting & J. leading them danced - then he turned his back on the aud. and went down quickly from the podium - I had a seat beside Magnolia - I told her perhaps J. was ill - he came back in a few mins. with tears in his eye, said "I hate to

C-2A-8 (23)

see that some of you are not there" - I had made a plastic covering for some pictures from the Chronicle which showed a middle-class black man being beaten up by whites in Boston and stabbinng him with the standard of an Amer. flag - J. had it passed around through the congreg.

J. warned of what might result if a gen. strike is called in the Bay Area - America is beginning to fall apart

After another offring and a meditation period, the mtng was dismissed at 11.00

I volunteered to take one of the guests from L.A. home, although at first I had tho't it wd be too much for me while I was working - a woman who had once stayed with me in R.V. asked to go home with me, Lavana James - I told her to get her luggage and wait for me downstairs by the front door - I checked again to see what to do to get a new membership card - I was told to see Yolanda Williams but couldn't find her - I also tried to find some transp. to bring Lavana to the Te tom., as I assumed she would be coming back to help deliver nsps - all cars are being used to deliver nsps. so I did not have any success

I waited a long time with Lavana for Bob Christian - feared that he had gone, but I bel. he was taking others home - tho I had told Lavana not to move, she went back to look for a blanket - Bob already had a load and I told him to go on - I didn't know how we were going to get a ride - Glenn Hennington took us - He is in chge of transp. for the Te - sd. he would get only an hr's sleep ton.

I broke my thermos filler at my desk

Gail Carney's husb. has sev. job offers, 2 from Bechtel, & they may not go to Boise

Betty left on time aft. work - she let me off at Turk & Masonic - I walked to the drugstore in the Petrini lot, bo't a filler for my thermos

Betty told me Chuck Stiles is looking for another job, altho she knows he is already getting more pay than the other secretaries - he is perpetually aggrieved - Betty herself has been having a bad time with Mr. Braman, who insists on supervising every detail

Lavana phoned at 6.00 - she was at Christians - I let her in - she had spent the day making sandwiches in the kitchen

We each ate what we wanted - Lavana washed dishes & I tidied up - I don't like the way she does dishes

14 Apr - W

Worked most of the morn. on the Leg. Dept Instruc & finished it w/very little help from Don - then did 2 short memos for Maggie

At lunch went to the SFSU lecture in the Bicentennial series - the spkr was an educational psychologist × × who spoke on accepting risks in an era of rapid soc change - his main thesis was that it is not good for us to demand that every effort be pleasurable

Aft lunch I did an eff rpt for Maggie - much work was coming into the Off & Don started to put a contract on ATS for Rita - a revis. of a leg. instruc. I had done previously was requested - Don was going to do it because of the title I had had w/the one finished this morn, but because she was so busy she gave it to me

I have started to wk on final entries but was unable to cont

Betty waited until the traffic diminished to start home for & I cont'd w/my wk on the leg instruc - Don showed me how to get more meter. on a

I got home at about 6 15

I ate leftover meat & vegs, green beans & a salad - washed & changed clothes

Christians called about 7 45

We entered by the back door again - wd was passed arnd that people w/ red scarves shd take them off - prob because of extra people from LA, some people were still eating - there was consid confusion perhaps because people were tired from ltr writing & alloring nsps

At the outset of the mtg I indicated we wd have a visitor - he sd there shd be no polit was used, such as soc

An offering was taken hurriedly

J. introduced Walter Heady, John Birch member, as one of our strongest friends - Heady showed Katanga, film concerning UN's partic. in overthrow of Tshombe backed by the Communist Bloc

Quist period: H. attacked income tax, upheld priv. enterprise - U.S. is no longer operating under constit. - our tribes are result of socialistic control - p.o. an example - UN is horrible thing - his slogan, "Get us

Kissinger is selling this city down the river - following fall of VN a whole string of Com. victories - Rhodesia & Hn of So Africa are not as racist as the press wd lead you to think - Communists are having trble keeping control in Red China - Communism always results in just a few governing & having all property & masses are kept down

Heddy left at 11^45 - J: he fights all the forces which are the Commn enemy the Rockefellers & IRS - he doesn't realize that only sharing will prevent big capitalists from running every thing - there isn't any free enterprise in this city - I don't bel in these politicians - Heddy lives more simply than some of the black politicians who claim to be socialists - J: the film was all wrong - [illegible] the candidates are any good - J: [illegible] Carter backing ethnic purity - Abernathy & Mr L King Snr backing him - we need to get ourselves tog & sell ev'thing & get our asses

Some of you are holding back - you're going to feel so guilty - no one is going to follow us into the jungle - we ought not to be here - we are a people born out of due season - there will be no protection as long as you stay here - must we wait until we can't take anything w/us?

J w/ gr vehemence stated that he did not want those outside to know who he is - we have a pearl of gr price which we shall keep from the swine

Starting to take an offering he demanded sacrifices - now is the time to give up houses & lands, husb & wife who won't stand w/ you when they come to throw you into a concentration camp - he asked for pledges for another $1000 from those who had already turned in the first $1000 - he asked for expensive jewelry, furniture, silver & so on - some donations of this sort were made - 3/ by revelation he knew that everyone shd give an extra $20 - pledged $20 above my commitment for May

High Forsome
LA and mis. 7 May - F - 4

Went to the Christian's car & got my luggage, then put it on bus No. 3 & w/ Valyshe's help got a good seat in the front - June Crym was my seat mate - the bus was terribly crowded, as I heard we were one bus short - I went outside & ate my food

X Saw C. J. Jackson & asked to talk w/him - I had intended to do so ever since for the the opening on the bus 2 wks ago - had a long conversation w/him - my main points were that he talked & preached too long which interfered w/my sleep & that I resented pressure being put on me aft I had given all I cd spare - he emphasized the diffic. of knowing how to appeal for offrings & that the quotas were set by J who knew what money was available - I told him I thought praise was more effective than scolding

The bus left SF about 2 ^m - I slept well, not even getting off at the first rest stop

// ✓ Talked w/Vern Gosney, who has a job w/Fred Furth - he says Furth is an unpless, ambitious man, not a sincere radical, flaunts his wealth - the Te is not backing him, tho some of our members are spsd to give that impression, to avoid F's vindictiveness //

The McCoy boy, who suffered serious head injuries in the accident involving Edith Cordell, was able to be in serv. ton.

J. came on podium at 9.15 - starting to take an offring, he appealed for loeans which wd be well secured for an animal refuge ctr in difficulties- were threatened with having to close, J. by revelation perceived they were in diffic. and offered a loan; ten minutes later owner of property would have come into possession of assets for one dollar, and would have made thousands - owner, Tom Plant, is going to get some unfavorable public. in the press, or we will give him some in our publication

J. emphasized again giving $1,000 tow. hotel and personally wrote names down of those who gave this sum or lesser amts.

Billy Jones was sd. to be making prog. - he has been cleaning bathrooms

Steve Jones on floor - when questioned about his schooling by Marie Katsaris, he struck her - what can excuse the violation of tthe rule that we are not to use physical violence agst. each other? J. asked - Marie explnd what occurred, but J. sd. she minimized & covered for him in order not to hurt J. - J. expln'd this actually caused him more pain - Steve admits there is no excuse for his behav; he had been an ass-hole - J. sd. you need to see yrself as an ass in order to make change - all of J's sons have been neglecting school

J. spoke of the effect on some of severe punishment - an example was Louetta Brown who had recv'd severe punishment, about 150 whacks, & was now performing in an exemplary manner - what will work for some won't work for another - J. sd. he had been an ass too - one sin he had committed was bringing child. in - his child. had cared for him, but kindly deeds will be for nothing if you don't follow the rules - to Steve he sd., you have a good mind but are not using it - "You are going to pass" -

you are going to be up all night for three nights studying under supervision

Attention was shifted to all males in the cong. and an effort

made to convince them that all are homosexual - C.J. helped in bringing a bearded yng man up who had a probl - J. wk'd with him to bring his sexual feelings out - J. sd he was scared of him because he doesn't understand hims - he's got a deeply hidden probl - the heterosexual who can't even embrace a man has the probl - "I don't have any faith in any of you mother fuckers who won't deal with yr homosexuality' - what we need is a socialist personality

Attention was turned back to Lew - J: You may think you're kissing the succulent lips of a rose petal & you're just eating shit" - Lew admitted his homosexual feelings

J. sd he never sucked anyone's dick, but if someone gave him $5000 ton he wd do it - what he hates is not the penis but the attit. men have, letting women wait on them

J. complained about those who intrude on him, make demands on him all the time, in contrast to those who are considerate - he wd like to be able to spend more time with the latter

J. tried to discourage all sex relationships - the only reason is high money for the cause, and they shd not know who you are - this is hard to do - check with him first

Referring to the offer of the Mayor to put him on the Human Rights Commission, he turned it down - what he wants are paying jobs for his people

Making a disposition of the cases regarding his sons, J. sd all are to study three days and three nights - Lew has been gypped on the car -he ordered the leadership: get some of the brothers and see the seller - talk to him about taking the car back and returning the money

12 May - W - 8

To set at rest wonder as to where Chris Lewis is, J. sd. he was on a mission - for those who had doubts, he told the workers to get his voice on tape and bring it for the wkend meeting

J. decided that all his sons were to pamphlet - he had already sd they had to put any money earned into the commune, just like everyone else - the boys had previously not been allowed to pamphlet for fear of their being kidnapped, but J. sd. there would be sufficient guard to take care of that fear

Danny offered to study all night and also pamphlet

I spent all day putting a contract for Garb on ATS - it was the portion of the contract for construc. of an internat. airport which involves wh inside Iran - it was good practice for me, as I haven't done much on ATS for some time - Garb is taking a day off on F & O'Neill was overloaded

At lunchtime I went to the "Energy Forum" - Hugo G. Simens spoke on "Food and Energy," in which he emphasized the necessity of using lge amts of energy in order to increase food supplies so as to help under-developed nations feed their growing populations - but he didn't say much about the respons. of wealthy nations to cut their consumption of resources

O'Neill brot in another Iran airfield contract, this one the portion involved w/ wh outside the cty, & again I spent the whole day on it - it was partic. frustrating because the basic contract I had changed for the contract yest had to be used again for this one, & many items deleted had to be restored
