Office of the Commissioner
Police Headquarters,
Georgetown
Guyana

91F/127/74 12th December, 1975.

Dear Sir,

Application for Firearm Licence

With reference to your letter on the above subject, I wish to inform you that approval is given for the issue of a firearm licence to the People's Temple Agricultural Mission to acquire a pistol and for Mrs. Paula Jean Adams to be licensed to use same.

Please advise Mrs. Paula Jean Adams, to get in touch with the office of the Divisional Commander 'F' Division, Eve Leary, Kingston in connection with the issuing of the licence.

Yours faithfully,

W.A. Argyle,
f. Commissioner of Police.

Mr. Eugene Chaikin,

COMMISSION

Commissioner of Police,
Police Headquarters,
Eve Leary, Kingston,
Georgetown.

Dear Sir;

We hereby make application in the name of our church organization to purchase and carry a pistol for the protection of our personnel.

As you know, we are a religious organization engaged in the pursuit of agriculture in Port Kaituma in the North West Region established since December 1973 by Pastor Jim Jones. It is necessary, however, for us to have a Georgetown based office for administrative and accounting purposes. In connection with the administration of the project which is being executed with the approval and under the general aegis of the Ministry of Agriculture, we have to make fortnightly payments to a staff of approximately sixty-nine at Port Kaituma which means we must draw large sums of cash from the Guyana National Cooperative Bank to transport to our location in the North West Region. In addition to this, we must keep cash in our Georgetown office to effect domestic expenditures which run into several thousand dollars. Indeed, since we have been established here, our premises, including our boat, have been burglarized several times, and one of our personnel was attacked and robbed.

We have thus been advised to apply for firearm licence and I feel sure that you will handle this application with your customary dispatch. The permit we would wish granted in the name of our organization as hereunder noted, but the actual firearm will be carried solely by our accountant Mr. Paula Adams whose duties include withdrawal, banking and general safeguarding of our funds.

Yours co-operatively,

for,
Eugene Chaikin
Member of the Board

H-1-a-9c

Handgun - it is under Tim Day / that was the type of work he was involved in before, that was his last job / and that's what's it for/ asp. concerning the warehouse bec. of where our equipment was gone, and also concerning protection of Jim. I have gotten word from up there that everything is approved and processed and just waiting for a word to come from him. Letter of Approval needed.

Peoples Temple Agricultural Project
P.O. Box 893, Georgetown, Guyana
October 5, 1977

Commissioner Lloyd Barker
Police Headquarters
Eve Leary
Georgetown

Dear Commissioner Barker:

The People's Temple Project would like permission to import and licence a .357 magnum revolver to one of our members, Timothy Jones.

Due to a number of recent incidents at the farm in the North West Region we feel it necessary to secure our supplies warehouse and to maintain an on-duty guard for the protection of our children who have been threatened with kidnapping. The kidnapping threats are not mere heresay but were witnessed first-hand and because of the possibility of this occurring undetected until after the fact, runs a high risk.

Timothy Jones, whom we wish to become our security person, has been employed as a security guard in the U.S. and has proven to be of fine character and demonstrates controlled reactions to crises. We therefore feel that he would be well suited to the urgently needed appointment.

The Peoples Temple Agricultural Project has always been a peace loving group but because of the organized conspiracy and the lengths gone to harass, we feel a protection weapon of this calibre to be an urgent necessity.

Our appreciation to the fine leadership of Guyana can never be stated enough, and---always sharing good relations with police authorities---we hope you will consider this request expeditiously. Our regard for you and your department has always been with great respect. Thank you.

Cooperatively yours,

Paula Adams

WEAPONS

Commissioner of Police,
Police Headquarters,
Eve Leary, Lingston,
Georgetown.

Dear Sir;

We hereby make application in the name of our church organization to procure and carry a pistol for the protection of our personnel.

As you know, we are a religious organization engaged in the pursuit of agriculture in Port Kaituma in the North West Region established since December 1973 by Pastor Jim Jones. It is necessary, however, for us to have a Georgetown based office for administrative and accounting purposes. In connection with the administration of the project which is being executed with the approval and under the general aegis of the Ministry of Agriculture, we have to make fortnightly payments to staff of approximately sixty-nine at Port Kaituma which means we must draw large sums of cash from the Guyana National Cooperative Bank to transport to our location in the North West Region. In addition to this, we must keep cash in our Georgetown office to effect domestic expenditures which run into several thousand dollars. Indeed, since we have been established here, our premises, including our boat, have been burglarized several times, and one of our personnel was attacked and robbed.

We have thus been advised to apply for firearm license and I feel sure that you will handle this application with your customary dispatch. The permit we would wish granted in the name of our organization as hereinbefore noted, but the actual firearm will be carried solely by our accountant Mr. Paula Adams whose duties include withdrawal, banking and general safeguarding of our funds.

Yours co-operatively,

for,
Eugene Chaikin
Member of the Board

Interpol - Washington Office October 20 ltter to Georgetown Office
from Mr. Louis Sims
RE: JJ file # 13024
Subject: Trafficking in Currency and Weapons

The cover letter was accompanied by a report given by an intermediary agent S.E. Murtaugh . Murtaugh was reporting on information provided by an agent who met with 13 former members on February 24,1977. The agent was unidentified. (Feb. 3rd - initial contact made.)
From information given, it is clear that one of the 13 was Grace, Danny Phillips

POINTS:
one source metions having had 170 weapons stored in her home(Grace)
claims sent to G.
Mary Ruth named as person receiving $$$$.
One source mentions having had 200, 300 $$$$ kept in her home
Mentions allegations
says that because of PT political influehce in welfare, SF. DA and other departments, no investigations of allegations possible, therefore the 13 had contacted investigative reporters, and subsequently articles appeared on Jones and in broadcast media.
Jones allegedly seeking political influenec in G. "possibly and ambassadorship" (this could possibly refer to letters sent in that regard from TOS to Mondale in Nov. and Dec.)
claims that by estinates PT has several hundred weapons in G.
claims that in 1975 JJ "was seen: throwing tear gas into demostartion in G.
sees JJ as seeking to politically influence and become a factor in G poliyics.
Mentions support of Black Panther Party and Black Muslims.
does not mention us as Socialist-- probably because the two above mentionwd organizations have a reputation for violence which fits in with this weapons thing.
→ Talk in code to SF on radio.

→ *** says that G. and PT have agreement that no inspection of any crates markeed agricultural supplies or "used clothes"-- inference that we are shipping in shit with cooperation of G. government.
→ *** Observers now located at Houston, New Orleans, Miami to watch PT shipments going out.
S.F. immigration confirms being "deluged" with requests for passports from people going to G.-- part of move to G.
→ RECOMMENDED FUTURE ACTION: MORE OBSERVERS, and immigration to watch for $$$$$ and weapon traficking, investigate. → (more outposts to observe)

- Also mentioned Denne Banks - approached - (didn't mention Conn by name) - conversation taped + tape turned over to Jones. Subsequently 5 letters received that contained reference to parts of conversation, says she stops.

- Also mentioned reference to State Dept involvement in investigation.

PEOPLES TEMPLE AGRICULTURAL MISSION
Port Kaituma, N.W.D., Guyana

File Copy - Original is just the same

Honorable Minister Frank Hope
Ministry of Finance
Main Street
Georgetown

Dear Minister Hope,

Peoples Temple Agricultural Mission is seeking waiver of duty and consumption tax on a .22 caliber carbine rifle. The sole purpose of the rifle is for the humane slaughtering of livestock and elimination of chicken hawks interfering with poultry production.

Approval for importation has been granted by both the Commissioner of Police and the Minister of Trade.

Because of the nature of the exclusive use of this rifle for agriculture/livestock purposes, we feel that it falls under Item 9 (1) of Part B (1) of the Free-Schedule.

The rifle is presently at the Police Headquarters Armoury, therefore we are eagerly awaiting a reply at your earliest convenience. Thank you.

Yours Co-operatively,

Paula Adams, Secretary

Enclosures

October 5, 1977

Commissioner of Police Lloyd Barker
Eve Leary
Police Headquarters
Georgetown
Guyana

Dear Commissioner Barker:

The Peoples Temple Agricultural Project would like to have some of the members hunt wild game for food. With a population of approximately 750 persons, we need several sources to meet protein requirements. The following list of persons were selected by Peoples Temple to be responsible for the guns:

1) Al Simon
2) Jose Simon
3) Stephan Jones
4) Tim Jones
5) Lou Jones
6) Jim Jones Jr.
7) Darrell Devers
8) Bruce Oliver
9) Tim Carter
10) Johnny Jones
11) Carl Barnett
12) Johnny Cobb
13) Emmett Griffith
14) Walter Williams

Thank you so much for your kind and courteous advise. Bishop Jim Jones has remarked on several occasions about the tremendous integrity and principle on which you run your high quality police force.

Hoping to hear from you soon on the approval of the above named people.

Sincerely,

Paula Adams

Paula Adams
Coordinator

October 13, 1978

Commissioner of olice
Lloyd Barker
Eve Leary
Georgetown

Dear Sir:

As you must know, in the last few months Jonestown has been the subject of several attacks, presumably for the purpose of murder or kidnap. We, of necessity, must take these matters very seriously. Accordingly we have asked the advice of several Security Consultants in the U.S.A. for suggestions on how to best protect our community from such a threat. On their ~~reqes~~ we are making the following request.

We are requesting permission to possess the following arms and ammunition, which we would like to purchase in the United States and bring down:

5 AK16 Auto ... Rifles
500 rounds of ammunition for same
5 standard law enforcement Mace sets
10 Mace replacement cartrides

The quantity of ammunition requested is primarily for training purposes. All equipment will be used by five of our men who will be specially trained in security methods.

Your favorable consideration of these matters will be greatly appreciated.

Co-operatively yours,

_____

Joseph A. Mazor & Associates
Post Office Box 99717
San Francisco, California 94109
U.S.A.

Dear Joe:

Thanks for your letter of Sept. 26, which I just received. I was very glad for the clarification of your relationship to us and also to Charles. I think that your position is intelligente and well taken. As far as I am concerned it is the best for all.. Certainly, by not assuming a "partisan" position whatever you find will not be distorted by questions of influence and the like.

By the time that you get this letter I suppose that you will have been to England and returned so you should have some idea of what is to be learned there. Needless to say we are very interested. The source of his funding is of great interest and concern to us all. If there is any way I can help just let me know.

We have set the machinery in motion to get the permits to import the things that you recommend for our security. Although things have been quiet and peaceful we are really concerned with security and will continue to be so. The beaurocracy, however, mooves at its own speed. As yet we have had no word back about it. We are pushing. I think that the very best thing that we can do is to wire you when we have the permits (or a negative response to our request if we are not fortunate) so that you can begin to make your plans accordingly at that time. I have been here for some years, and my experience is that they really go slow ontthis sort of thing. lease be assured that we do not minimize the need for security or the value that your [illegible] can provide. We feel that it is a matter of prime importance and are dealing with it as fast as local conditions will permit.

I also want to thank you for providing a vest for Jim. We will see that it is used at once. My thanks is personal as well as organizational. I have great respect and admiration for Jim and wish everything possible done to secure him and his family.

SMAPLE ONLY DO NOT MAIL

October 18, 1978

Dear Joe;

Thanks for your letter of Sept. 2o, which I just received. I was very glad for the clarification of your relationship to us and also to Charles. I think that your position is intelligent and well taken. As far as I am concerned it is best for all concerned. Certainly, by not assuming a "partisan" position whatever you find will not be distorted by questions of influence and the like. ~~I say full speed ahead.~~

By the time you get this letter I suppose that you will have been to England and returned so you should have some idea of what is to be learned there. Needless to say we are very interested in the situation. Some good work on your end would be worthwnile for all of our various concerns in the matter. The source of his funding is a matter of no small concern to everyone who is interested in us, or in him. If there is any way in which I can be of further assistance please let me know.

We have set the machinery in motion to get permits to import the things that you recommended for our security. Although things have been very quiet and peaceful we are really concerned with it, and will continue to be so. However much we have pointed this out to Government, however, the beaurocracy has its own speed. We have no word yet from them about it. I think that the very best thing we can do is to wire you when we have the permits (or a negative response to our request if we are not fortunate) so that you can begin to make your plans accordingly at that time. As you know I have been here, off and on, for some years, and my experience is that they really go slowly on this sort of thing. We are keeping up the pressure, though did do hope for something soon. Please be assured that we do not minimize the need for security or the value that your input could provide. We feel that it is a matter of prime importance and are dealing with it as fast as local contitions will permit.

I alsowant to thank you for your consideration in providing a vest for Jim. We will certainly see to it that he gets used to it as soon as it comes in. In this case my thanks is personal as well as organizational. I have great respect and admiration for Jim and wish everything possible to be done tosecure him and his family.

H-1-d-8a

CONCERNING THE MAZOR LETTER.....

My suggestion is that I write him that I feel good bout the clarification of his relations with us and with Charles, that I do understand his position and feel that it is in everybodies best interest, and will be looking forward to seeing him when he comes down. About his arrangements, we have begun the machinery for getting permits for the things that he has requested, and hope to hear from the authorities soon, but that Idon't see any point in his coming down till such time as we have the permits. We're pushing and will let him know just as soon as they come through. We are very concerned with security, appreciate the jacket and his concern for Jimssafety and the safety of the group here.

STRATEGY: He is concerned that we be 100% STRAIGHT with him. I think that he will check up on us to see what we have done , or more precisely I do not think that we should take the risk that he might check with government. Accordingly I feel that we should actually make the application for 5 AR16 rifles, 500 rounds of ammunition, 5 standard mace police sets with an additional 10 spare cartriges. Of course they will not give us the permits, and we might even tell them we are not too eager. It would make a record for us. Mark did not like this idea when I presented it to him. At that time we did bring Mazors name into it and I think he felt ahta might compromise us somehow. We might just say that we feel the need of some security because of past history. Harriet doesn't like the idea either.... she says we can just be vag ue about what we have done about it, but I think that is just another type of not being "straight" and if we are going to put him on we had better cover our bases.

JUNE 27, 1977

TO: THE OFFICE
FROM: GENE CHAIKIN
SUBJECT: CONSTRUCTION OF STEAM GENERATOR PLANT

I AM ATTACHING TO THIS MEMO DETAILED PLANS FOR THE CONSTRUCTION OF THE CEMENT BASE FOR THE TWO STEAM ENGINE ALTERNATORS. WE NEED TO DRAW OUR OWN PLANS FOR THE SLAB FLOOR FOR THE ENTIRE GENERATOR BUILDING WHICH WOULD HOUSE, PRESUMABLY, THE BOILER, TWO ENGINES AND ALTERNATORS WITH PANELS, AND ONE 100 KVA DEISEL STAND-BY GENERATOR WITH PANEL AND FUEL TANK. IN ADDITION, WE NEED SKETCHES OF THE CONSTRUCTION OF THE REFRACTORY WHICH SHOULD COME FROM ENGLAND.

WE FEEL THAT THE CONSTUCTION COULD BE CARRIED OUT AS FOLLOWS. FIRST, WE SHOULD CONTRACT FOR THE PURCHASE AND DELIVERY OF THE CONSTRUCTION MATERIALS NEEDED FOR THE PROJECT. THESE WOULD INCLUDE SAND, GRAVEL, CEMENT, BRICKS, CONSTRUCTION STEEL. WE WOULD IMPORT A BOAT FULL, WHICH WOULD LIKELY INCLUDE AT LEAST 150 TONS OF SAND AND 150 TONS OF GRAVEL. AT PORT KAITUMA, IT COULD BE UNLOADED EITHER WITH OUR CRANE AND A BUCKET, OR, PREFERABLY BY THE GOVERNMENT CRANE INTO RAILROAD CARS AND DUMPED AT THE THREE MILE POINT.

WE SHOULD CONTRACT THE BUILDING OF THE FOUNDATIONS, SLAB AND REFRACTORY TO A BUILDERS CO-OP IN GEORGETOWN EXPERIENCED WITH CEMENT CONSTRUCTION WORK. THERE ARE SEVERAL BUILDERS CO-OPS IN GEORGETOWN WHICH MIGHT QUALIFY AND WHICH WOULD HAVE ALL OF THE REQUIRED EQUIPMENT AVAILABLE. THEY WOULD PROVIDE THE LABOR, EQUIPMENT AND SKILLS, AND COULD ALSO BUILD THE BRICK REFRACTORY AND SMOKESTACK FOR THE BOILER. THERE IS A GOOD BIT OF SOPHISTICATED CEMENT CONSTRUCTION WORK IN GEORGETOWN AND I AM SURE THAT PEOPLE COULD BE FOUND WITH THE REQUISITE SKILLS.

THE ENGLISHMEN WHO COME OVER WILL SUPERVISE THE PLACEMENT OF THE EQUIPMENT ON THE FOUNDATIONS, HOOK IT UP, PUT IT THROUGH A TRIAL OPERATIONAL PERIOD, AND TRAIN OUR PEOPLE IN MAINTENANCE AND REPAIR. THEY WILL GUARANTEE THAT IT IS OPERATIVE THERE. THIS IS

File No.: _____

September 26, 1978

Dear Gene;

I received your most welcome letter today and am pleased and happy to hear that Jim is feeling better and to know that my coming to Jonestown, had something to do with his recovery. Hopefully, things will commence to work out better for you in the future. I will continue to do whatever I can to solve some of the remianing problems which face you, so that all of you will be able to do your thing, without interference from outside factions.

With regard to my going to London, I think that communications got somewhat fouled-up when I tried to pass information along to you. I cannot go without charging fees if, I am simply going for the Temple business. However, that is not the case as of this writing. I am going on other business and therefore, I will be able to do what I have to without charging the Temple for the trip. Also, it is my understanding that ABC in London will have a camera there to document my findings and actions so that a news story can be made from the material. So that should be helpful to you, as well as myself.

With regard to my not working for Charles, again, I think there may have been a communications problem. For the past 18 months, I have worked openly and I do not want to be placed in a position where my activities are the work product of an attorney and particularly not Charles' since credibility is important and he is the Temple attorney. As an attorney, I am sure you will understand my position. There are still several UNANSWERED questions in this mess and I must have the freedom to find the solutions without restraints. As I said, if the Temple is clean, I will be the first to come to your side on the issue at hand.

OFFICES: GUAM, WASHINGTON D.C., ATHENS, GREECE
HOME OFFICE ADDRESS: POST OFFICE BOX 99717, SAN FRANCISCO, CA 94109

Regarding the matter of security. I am ready and willing to train Hugh in the matter of protecting Mrs. Jones, but so far, he hasn't called me. I am more than willing to give my time for that matter.

I am also willing to give my time to setting up security at Jonestown, but you people will have to pay for the equipment and get the necessary permissions for guns, mace, etc and I think that is a fair deal. I estimate a five man security force fully equiped will cost approximately $1,500.00, give or take $300.00 which depends on where the weapons are purchased and how they are shipped. I estimate the training at 7 to 8 days and I am willing to donate that time for such a cause. I do feel that you should consider the security of Jonestown as a prime activity. If you can purchase weapons in Guyana and get whatever permission you need, it might save time. You will also need permission for Mace (tear gas) which is effect but not harmful.

If you decide to do the above, I would like to be able to do the training during the last part of October. Please give me sufficient notice.

Gene, as I told you all when I was there, I am not sure of many issues and there are a lot of unanswered questions, but I am impressed with what you are doing and as long as you are straight with me, I will back you 100%, even though I do not like your politics, I like you as human beings and will go to bat for you in clearing up the problems. I will even donate my time to you from here on out, but not expenses because I cannot afford to, not that I don't want to. Secretarys and investigators on staff cost money.

As of today, I have Jim's vest and will get it to San Francisco this week for shipment. Make sure he wears it immediately for a day or two so that he gets use to it. By the way, it is a gift.

I would appreciate hearing from you on the matters of security and others.

Joseph

SUGGESTION ON STRATEGY

1. Dad house should for the next several days should have a stationary security force of 3 men in the area. I feel they should be armed with 2 shotguns one semi-automatic and 2 hand pistols. Also Jim should have not only a hand gun in his posession but also a shotgun. If its not possible for Mother to be with Jim, security should be located at her house also while she is there.

2. As is already done security should be kept in the tower 24 hours a day at night there should be 1 semi-automatic located there.

3. We should have at least 4 rovers — 2 sisters and 2 brothers with one shotgun and one rifle. Naturally each group should have a C.B. in their possession.

4. If not already done, we should have an alternate radio set up just in case of other activities. However, ~~if~~ I do feel the chance of a real force attack is slim. more than anything as Dad has said they'll either try an assassination attempt or a kidnapping — it will probably be quick and fast, and probably wouldn't last more than two days, unless they have connections with some in this area.

5. Spot lights should be also located behind the vegetable stand area in order to light up the wind row behind West house. This can be done by two sisters.

6. Our wells should be watched very closely and should be kept locked.

7. A bomb squard should be assigned if we are successful in the making of such a weapon. They should be pre-trained.

8. 15 min. radio contacts should be kept at all times with all posts.

9. A reserve squad should be ready at all times, more than likely they should live together for the next week or two in a central location w/weapons available to them. I would say a reserve force of about 6, this could also include silent weapons.

10. Maps should be streatched out with our general area layout into sectors and assigned codes and studied by all groups until they are known by heart. That way we would not give our position away when communicating over the radio.

11. In case of an attack, it is in very poor judgment to have everybody meet in the Pavilion, because we could all be easily made targets. We should probably meet in two apartments with nurses available.

H-1-e-2a

over

A reserve medical station should be set up in the apartments.

10. Full security should be from sundown to sunup and can be very light during day hours.

The following are those used last time on weapons:

Greg Watkins
2. Tony Walker
3. Cris Jones
4. Don Jackson
5. Don Fitch
6. Al Simon
7. Al Touchette
8. Poncho Johnson
9. Bruce Oliver
10. Ronnie James
11. Ed Crenshaw
12. Joe Wilson
13. Johnny Jones
14. Tom Kice
15. Bob Kice
16. Ronnie Dennis
17. Lew Jones
18. Alfred Smith
19. Bob Christian
20. Johnny C. Jones

To set up the safeguard I have described would take 13 men and 4 women. Plus those assigned to the bomb squad.

SUGGESTION ON STRATEGY

Night
Lew
B.J.
Poncho
Greg
Danny
Terry
Joe

This should Start Right away!

1. Dad house should for the next several days should have a stationary security force of 3 men in the area. I feel they should be armed with 2 shotguns one semi-automatic and 2 hand pistols. Also Jim should have not only a hand gun in his posession but also a shotgun. If its not possible for Mother to be with Jim, security should be located at her house also while she is there.

2. As is already done security should be kept in the tower 24 hours a day at night there should be 1 semi-automatic located there.

3. We should have at least 4 rovers -- 2 sisters and 2 brothers with one shotgun and one rifle. Naturally each group should have a C.B. in their possession.

4. If not already done, we should have an alternate radio set up just in case of other activities. However, ~~to~~ I do feel the chance of a real force attack is slim. More than anything as Dad has said they'll either try an assassination attempt or a kidnapping -- it will probably be quick and fast, and probably wouldn't last more than two days, unless they have connections with some in this area.

5. Spot lights should be also located behind the vegetable stand area in order to light up the wind row behind West House. This can be done by two sisters.

Alma Thomas + B J

6. Our wells should be watched very closely and should be kept locked.

7. A bomb squad should be assigned if we are successful in the making of such a weapon. They should be pre-trained.

8. 15 min. radio contacts should be kept at all times with all posts. Tower; C.Mill; Front Entrance;

Get w Grubbs About S/Weapons

9. Back Page A reserve squad should be ready at all times, more than likely they should live together for the next week or two in a central location w/weapons available to them. I would say a reserve force of about 6/8, this could also include silent weapons.

10. Maps should be streatched out with our general area layout into sectors and assigned codes and studied by all groups until they are known by heart. That way we would not give our position away when communicating over the radio.

11. In case of an attack, it is in very poor judgment to have everybody meet in the Pavilion, because we could all be easily made targets. [We should probably meet in two apartments with nurses available.]
