broken or missing - she has to wait on the electricians to supply her w/ one - I'll have to have another [illegible] when she gets it

Went up to the pavilion to wait for my first period class - we had had some rain & there was an atmosphere of unrest - I had effected great seriousness aft. T nights' announcement on J's health & last nights news on attempts to kill J - there was not the usual announcement about the start of classes, as J was riding more from Chilean Prisoners of War - some of the members of the first class gathered - I went to the sch off to get the composition bks - my pencils were all missing when I got back - I had planned to give the class practice in writing news events - I had to have them recite - the performance was disappointing - Kenny & Ronnie had been wking on the bd, came in late, as did Willie, who had been in a conf w/ Marcie Mr Tr sd I was late starting the class!

The second period class came in noisy, their restlessness increased as they realized they had to do written wk - there was a mix-up of the compos. bks - I had some of Jann's & I did not find Julie Guevara's at all - she [illegible] pencil - I borrowed [illegible] - I gave the class a choice of 2 items on which to write & they finally got down to wk but most of them will need another day

I went to the [illegible] my pol. enlight-

& co-tchrs were absent, incl. Jann

We drafted the tests for the snrs & those
under 65 - we made the tests harder
than last time, giving each grp 10 ques-
tions w/o short ans, 5 essay questions, &
5 review questions from the last test -
Mike Touchette & Rob Christ conducted the
mtng, which was disorderly w/people spking
at the same [illegible] had decided
we wd have the spec class for those who
failed the first test immed. aft. the second
test thus some felt it was a bad time
for snrs to have to think - no other time
is available - those who have to take the
second class are to be divided into grps &
volunteers were asked to teach the grps -
I was relieved I did not have to teach them
all, altho Teresa King [illegible] it wd be better
if I did - I was also glad that at the
moment at least it seems there will be
only one [illegible] teach
these grps in a spec. session every wk -
I was the first to volunteer - the final
decis. was that all tchrs who did not
have another appt ment wd take a spec. grp

I got home aft this mtng about 10 5

I intended to hold a 1st o'clock class after my usual 12th o'clock adult [illegible] class; but I was on the p.a. system so that I did not make an announcement - a few people came, - one was a yng woman R(N) Quinn (37) who had been told by J to come to one of my classes - I sat down w/her & evaluated her knowl. of both news events & of writing - she had very poor abil. in both, wrote on a 2nd grade level at that - an attractive pers, she had grown up in Miss., went as far as 7th grade in L.A.

I worked on understanding of their reading (of the 1st period class) & gave them vocab & spelling [illegible] - they behaved well

The second period class came to the new facilities rather quietly - it started to rain after I had explnd the paper they were [illegible] - we all retreated to the sch tent where they finished their papers next to a class taught by Dick Tripp, which may be the reason they gave no trble - the rain poured down furiously - I had no rain gear exc a rain hat - went to the sch [illegible] to put away my materials & was stranded

Aft lunch, at my adult rding class, I cont'd evaluations of persons I had told to come to my class - I tested for understanding of news events - one woman, an elderly bl, I fnd knew very little about Martin Luther King - she thought he was a "revolutionary" but did not know what he was struggling for - from the questioning I cd not tell what led her to the Te unless it was economic self-int. - she is able to rd, at least simple Eng - I tested sev others on rding & fnd they were at least able to read from a children's text bk

The first period class cont'd to read about space stations from a textbk, prob about 4th grade level

In the second period class, I retd the papers I marked & graded in the morn. - some students inquired about specific comments - I started a disc on coordinate & subordinate clauses by rding a good ex from Patricia Houston's paper, then taking Regina Bowser's paper which [illegible] of short sentences, although well written, I wrote them on the board, asking the students to combine them when pos.

I was [illegible] on cast of the wk last [illegible] to standing on my feet all the time to teach classes & not having enough sleep.

When I got home fol. bkfst I fnd Irma sweeping out the cottage - she had gone to bed early last night, but she was annoyed because people had not picked up all their belongings nor swept under all the beds - she th clothing lying around to the warehouse altho some belonged to Ruth Lenin, who left it neatly placed on a spare bed.

I [illegible] wk'd on class prep - some fr high child were sent around to see whether beds were pushed out far enough for the sprayers [illegible], w/ Patty Dennis, entered our cottage w/o adult supervis. - they sd the sprayers were wking on the cottages then - I abandoned the cottage & went to the library, trying to write [illegible] my girl but too many people came up & asked questions, so I accomplished little [illegible].

In my adult class I gave a phonetics lesson, asking for examples of the various sounds.

Ret'd to the cottage - there was no evidence it had been sprayed, but I was told the sprayers had finished w/ the cottages - I had only time to get needed mater. & go to the Med. Off to give my wkly presentation on the news - they were not quite ready & had to finish treatm on the people still in the

Th my shower & had to go immed to my h.s. classes

In the first period sev were late — Kenny Reed & Ronnie Dennis often are wking on the boat & do not come at all — when they do come they are usually late, saying they don't get off early enough to be on time — Billie Jones is often late, using some excuse about having to see the nurse or having whid at night overslept — we finished the space station story

In the second period there was minor disorder but the sit was better than usual — I gave them some info on subordinate clauses, some examples, & using items on Saudi Arabia suggested by the class, we started wh cooperatively on an essay

For dinner we had a watermelon & pineapple salad

The tchrs met & talked to 2 or 3 studs chgd with unruly behav.

Had lunch

Then I started my adult class I was asked if I cd [illegible] the [illegible] when the visitors arrvd, as it is usual for them to be exercising in front of the pavilion area – I had intended to [illegible] some more people as to knowl of current [illegible] as [illegible] abil. but decided just to have [illegible] members rd – we rd a story in the sch textbk – saw elderly women rd very well – among them was Nancy Clay [illegible] as I remembered cdn't rd a lbr when she started in my class – (Dick Tropp says she prob once cd rd & forgot) – then it came back to her) – she sd she had been [illegible] – we were interrupted [illegible] of the visitors half way through the class & resumed ten mins or so aft wds – I was held up for s'time answering questions on wds I had written on the board & other matters

The first period class was well behav'd exc that Billie was late & Kenny was sd to be on the boat; I later fnd this was not true - wl

Liane Harris, who has been assigned to monitor the h.s. classes, was present at the beginning of the second period - they entered in a rowdy mood - tho I had come early & put material on the board, what we had prepar'd yest, some acted as if they had no idea what to do w/it & wdn't give me a chance to explain - they were bored & insolent - while Liane was still there I, very embarrassed, spoke indignantly of their attit., - some, perh a majority, quietly tried to do the wh, but the rest were uncooperative - I was very distressed, knowing the sit wd be presented bef Tr & the teachers

Ret'd my mater to the sch off & got my dinner plate - we had watermelon

At tchrs mtng Liane rptd, in not too caustic terms, her impression of my class - Tr sd they were testing to see who was going to control the class, a common sit here - when he faced the probl, he shouted at them until they quieted down - I studs

Don Jackson th the first pt of the class & I the second

I had not even tho't there wd be the extra soc. classes this wk because of the visitors - however, Bob Rankin informed me that he & I were to meet w/those assigned to the extra class in the dining pavilion - we moved to the second sch tent & from there to the first sch tent - x some - people attended mostly adults, many [illegible] some [illegible] high studs - we listened to the diffics they had in learning the news & [illegible] - someone, perh I, lost the list of those who were required to attend - Willie Malone & a few others attended who were not requ'd to do so - we dismissed the class about 10^15

When I got home, I find I did not have either my clock or my pillow which I

Went to lunch & noticed there were a larger no of people than usual - I had not heard any announcement but Mary Casanova told me all the field workers had been told to come in for lunch, which she sd was a signal that there wd be an alert - discussed this w/Pete who didn't confirm it, but other people tho't this was the case

Tho't I might have time to do my laundry so I started it & had to stop bef I rinsed when the alert came about 2 ar

I chng'd clothes, th w/me water bottle, pillow sacks, [illegible] sandwich I had fnd

When I did arr, he sd one of our people from Geo'town had defected; though the Te had his passport he had gone to the Emb for another, stolen some official Te money to which he had access - he sd he was going either to the U.S. or Sov Rus. - his prob. was sef & an impatience w/our strict regs (apparently regarded as an interf w/his civil liberties) - a long-time member, he //name & sef not indicated// knew a gr deal about our finan resources & secur arrangements, cd do more harm than Tim Stoen - some radio codes were known to him - tho his intentions are not clear, he will inevitably be debriefed when he goes through customs - he will prob. establ contact w/Stoen - he has relatives in Jonestown, & in & out of the Te in the U.S.

I sd we take for granted an attack cd be launched on us at once - I gathered we had had plans to move in on our enemies which the defector cd reveal, & in the disc I confirmed this - our radio commun were being interfered w/ & there may have been no way to cancel the present instructs

Long discussions on the microphone flower - I proposed rev. suicide as the only acceptable

13 May - S - 2

[illegible] attention was given to [illegible] people on the boat we are purchasing & trying to go to Cuba but there are [illegible] obstacles & most do not want to go anyway - there was no enthusiasm for appealing to Sov Rus - our brand of communism is too advanced for either of these ctys & we almost certainly cd not cont as a grp under the leadership of JJ - the Guyanese govt is turning to the right - the [illegible] is tow passage of the proposed referendum which will result in cont'd rule by the P.N.C. - a soc democ. will likely be established & w/pressure from Guy & the US this will be all we can expect in Jonestown, a rejection of the pure communism we now enforce

Statements on tape were made so as to attempt to reach the world's press as to the reasons we resorted to rev. suicide - I participated in this because I intended to assent to whatever decision was made, [illegible] encourage other anti-fascists throughout the world, although I did not approve of the action

Dinner was served to us

There was continued disc & votes were taken - at all times those in favor of rev. suicide were in the major; however

(over)

C-2-A-3 (65)

I felt that these were strongly infl'd by his advocacy - few yng people expressed any opin - the no of those opposed grew, as thot'ful st'ments were made - one by Jenn Gurvich was outstanding - I mentioned the world sit which seemed to be turning in favor of liberation movements, against the U.S. & might result in war, which cd be helpful to us

Heavy rain came & it was hard to hear - I had us rest for a while, but I cdn't go to sleep sitting up

When we resumed, (declined - those) oppos. to the proposed suicide in favor of carrying it out ton seemed more determined & I became convinced by the tired eyes of Sharon Amos that I wd be wrong to persist - I sd he alone wd commit suicide

There were only a few score opposed when the guest of what to do about our members in Geo'town (a lge number have just arrived), down the river & in S.F. was brot up - as for S.F., all were adults & knew what to do - it was at last decided to delay until others outside cd be brot in

At first it seemed to be decided that the guest wd be sent out earlier than planned while we [illegible] be under tight secur

During the day I conversed w/Rita Lenin Dor. Brewer & Bec Orsott on yests' events, getting slightly diff. pts of view, later listened to a convers btwn Inez Wagner & Irma Johnson - from these I got a better idea of what I may have been trying to do in the White Night

In my first period class, I had decided to recount some of my effers abroad, as Jerome used freq. to ask me to do — the class, all of whom were present exc for Billy Jones, did not seem very eager, but they became more intrstd in my tales of guerilla warfare in Greece — I spent most of the time on Greece, little on the Phil. & India — one handicap was that this class does not know where any of these ctys is

The 2nd period class entered w/ disorderly attit — when I had taken the roll, I got their attention & efflnd I was going to read excerpts from Blake, Keats & Yeats — they had very little int. in these poets — when I told them we wd have Shakespeare tom they protested — if there were any who did not agree, they did not make themselves heard — I agreed to let them rd from bl poets tom

Tropp told us we wd not have a tchrs mtng if none of us had any probls

We had a big dinner, w/ a piece of roast pork

When I got home, I fnd that Versie was suggesting we have a house mtng w/ Patty Kennis, who has been giving trble — she resented being put again under the supervis of Laura Johnston — she is rebellious w/ all the adults in the cottage; is suspected of having stolen cosmetics from Ann, food

Th a shower

Michaeleen Brady had been rpt'd missing (see hrs late) & I alerted SAT to make a thorough search - she was fnd asleep in the jungle - 2 people, one Marcus Anderson, had heard her threaten to run away - I the whole aft exhorted supervisors to rpt immed when a pers under their supervision was late & he warned the commun. again & again of the futil of trying to escape - he also insisted on rpting anyone who makes negative remarks

Ghd on my girl

We had the biggest rain we have had since my arr – it rained heavily most of the day – I have never fnd my rain coat – have my rain hat & boots & wore a piece of plastic arnd my shoulders – if my head & feet are dry, I don't care if I get wet on other pts of my body but clothing is hard to dry in this weather

Had lunch & went to adult class at 12¹⁵ – attendance was down on acct of the weather no doubt – I commented on what I had learned last night, [illegible] attending my class tho they prefer Barbara's because I told them to go to my class – I told them to attend the one they preferred & that I prob wd give my class only at 12⁰⁰, as Barb teaches at 12⁰⁰ – I plan to give them a written unsigned guest ionnaire tom

Retd to the cottage - didn't have time for my shower so went to the Ind Dept & gave them a briefing on the news - they were very busy & not so many attended, but I cd make myself hd - I was also better organized & covered only 3 items thoroughly, 3 or 4 others in less depth

Tho the rain subsided, I cd not meet my first period class in the new tent, which leaks - we met in the pavilion - I gave them a spelling test on some of the 465 most frequently used wds, aft time for study

Brot my dinner plate to tchrs mtng - we talked to a few studs who had given trble

We had a mtng of the polit. enlightenm tchrs - I had told us to draft another test to incl the Sov films, "The Heart Is a Lonely Hunter", & the news - there was some confus abt the mtng time, the usual arguments & lack of order in drawing up the questions, & intensified bad feeling btwn Tish & Bob Christian, but we finally succeeded in writing ten questions for those under 65 & modifications of the questions for snrs

I had been trying for sev days to get from Vernette Christian another list of those who have to take the second pol. enlitenm class after the reg one, as Bob Rankin & I lost the list we had last wh - I accompanied Chr. home to get it

Prepared a questionnaire to give the adult class or what they needed & wanted from the class

Typed, making 2 carbons, the list of the people who are required to take the extra socialism class

Went to Lunch

Met the adult class at 12^15 & gave them the questionnaire – all the questions cd be answ'd w/ yes or no or a one word ans exc the last in which I asked for their criticisms of the class, any improvements they cd suggest, etc. – I asked them not to sign their names – Kaye Rofas & Lore Parris helped me

At about 1^00 when I stopped reding the news I went to the microphone in the Radio Hut & rd the names of those who had to take the extra soc. class – I arrived while I was doing this, & I had the impres. he was displ'd, perh only because he wanted to use the micr. & was in pain, as he is always

I stayed past 1^00 to let people finish their papers – some had not finished & I told them they cd finish later

Th a shower

Rd through the adult class quiz – most of the remarks made in ans. to the last quest. were extremely laudatory, tho there were some suggestions made

I met my first period Eng class in the pavilion

on acct of the rain - sev. students were not there - I brot sev dif rding textbks from which each per cd choose s'thing to read to h'self - then I had them rd aloud to me a few paragraphs so that I cd see how they do - the bks were approp. 9th grade level & all made many errors - Marcus had the most trble

The 2nd period class was to have a day for free rding in the libr. - however, Jann. gave a sp. briefing on the news because of the test ton & most attended this session

I ate dinner

There was no Eng tchrs mtng

Went to the cottage & prpd for polit. enlighten class at 7³⁰ - the questions were rd by J - he made few changes - he rd the questions very fast & it must have been hard to write the answers - I was writing the questions down - Don Jackson wrote them on the board - I had to help sev. seniors who cd not write & rd some of the questions again - at the end of the test J came on the microphone w/ an accusation that cases of cheating had been uncovered - the tchrs went to meet w/ Johnny Jones, Sr & go into these chges - in the meantime, J appt'd Lee Jagran & Jann Blurvich to conduct the extra soc. class - this met in the rice tent, while the hearing on the cheating went on in the sch tent - I ate the latter for a while but decided to [illegible] extra class - the people accused of cheating were mostly high sch studs, but it was not

The class was out at 10 - I went home very tired - went to bed - Inez was disturbed by a second night of hammering on the windmill & platform being built at the end of the last row of cottages (and now) - it is part of a children's playground but I hear that it is really a camouflaged watch tower & that child. prob will be allowed there only under supervision and/or to impress guests - I went to sleep in spite of the hammering

X I borrowed Rita's pail and did my laundry - fnd space on the line bkt the cottage - altho there were a few showers during the day, the sun came out sufficiently to dry everything

I made notes for my jnl entry

Had lunch at 12 00

Tropp had called for a mtng of the Eng. tchrs from 1 00 to 3 00 today - for curric. planning - I thot he sd it was to be in the pavilion & I went there at 1 00 - fnd no trace of Tr there, & he not in sch tent or rice tent - inquired at Radio Rm & they didn't know where he was

Did pers. chores, th a shower & washed my hair

I finished rding the adult class quiz & tabulated the results - some answers

were not clear, in spite of the simplicity of the questionnaire but on the whole I think it gives a useful indice of the state of mind of the class - I typed a 2-page rpt for J - I also turned in praises for Lora B. Parris & for Nancy Clay, who has made much prog in riding

Went to dinner

Long list of praises

Mtng dismissed - I got home about 1^00

A dirty plate & fork had been left on top of Annie's bed - I questioned each pers as they came in but Ann was not in by the time I went to sleep - it was obv. she had done it - that & the thievery from peoples belongings were discs'd & we decided to try to hold a house mtng tom

Went to bed about 1^30

[1 May — Su

For bkfst today we had biscuits & syrup, w/ nothing extra — I was hungry bef dinner was served in the aft

Ann had left a plate & fork in the cottage since yest. — I saw her at bkfst & reminded her they shd be rel'd to the dining rm, as I had been very firm about this last night — she sd she wasn't in last night's rally

At home I made jrnl notes

I on the p.s. system announced that Mrs. Hunter had not appeared by the fur set for her expulsion & an order for her arrest had been issued

As I had a free morning w/ everybody else out, etc Harriet & Ruth, until 12 00 noon, I typed in my jrnl — I made consid. prog.

When the others arrived for their half day off, I put the jrnl away & went through the papers in my crate — sorted out what I wanted to keep, read, or use in teaching — the others cleaned house, dried out beds & mattresses (which had gotten wet from the rain) & so on — there was disc. of putting curtains on the beds & decorating — Inez wants to put up curtains and her bed & wants me to do the same to bal the appearance of the rm

Rain fell this aft

Went to dinner about 4 00 — we had boiled chicken & dumpling

Rd some of the papers I had sorted out, nsp & mag articles & so forth — I kept out some for instructional purposes

There was music in the pavilion, movies in the dining rm — at 7 00 I went for my treat

listed on Guy. sch rolls - most of these
students are the ones who suffered most
from the U.S. sch sys., don't take learning
seriously & have low abilities - Betty
some of her studs left the mtng again for
disruptive actions - one was Keith Wade,
who seems to take an insolent attit

I talked in the pavilion for some time

// wearing boots, nec. now because of rain, is the main factor – feet get hot & perspire //

Had lunch

Held my adult rdng class at 12 or – did the phonics review first – I had all the begin. readers sit in front, also those who can't see well – Christine Young (formerly Cobb) had spoken to me about helping w/my adult class – she who nights, has spare time during the day – [illegible] wait this wh & see what we are doing – a flurry of rain drove us inward in the sch tent where we had less space & not all cd see the chalkbd but we did the best we cd – I skimmed over an article on apartheid in So. 24 May - W

We rose & had bkfst 2 hrs late this morn. - heavy rain fell most of the day

The sched. was changed for the jr high sch; because they had the space I cd not hold my adult class

Christine Young had come for the class - I invited her to walk home w/me & talk about the class - I told her my usual procedure, described the class to her, & showed her the result of my questionnaire - when I told her that I had diffic. keeping the roll she offered to do this as one of her tasks - wh agreed she wd attend the rest of the wh & see what other way she cd most satisfactorily help - Christine told me about attending Angela Davis's class at SF State just bef she came over here - it was decided she shd teach "Feminism" as the most sap topic - her appearances were hedged and w/all kinds of restrictions - most amazingly there were only 3 black studs in the class

I wrote in my jnl & made prep. for my classes

For the first period class I managed to get the space in the pavilion at the chalkbd - I decided to spend the hr on the definition of certain terms starting w/socialism & communism - I told the class that under perfect communism there wd be no milit, no police & no laws but some of the studs

(over) C-2-A-3 (109)

disagreed w/me - an argument developed
thru Jerome + Willie's seeing Lee, Ingram,
I called him in to define the terms -
he thot it unrealistic to expect a soc.
w/no laws + no police
// most of the class were passive listeners,
if that, even Billy Jones //
Peter Wotherspoon came into my second
period class today + rd poetry to them - it
was modern poetry + he wh'd hard to appeal
to their interests but they showed little
enthus
Yesterday I had been presented from taking
my plate to the pavilion for the tchrs mtng
because of the new rule, so Dick, James +
I ate on the steps of the sch off + discussed
a little business
There was a sisters' mtng at 7^30 +
brothers met at 8^00 in the dining pavilion -
I spent at least half the time at our mtng -
Dorothy Rollins was on the floor again for
persisting in her attit. two Sebastian +
num. other unemancipated females followed
her inc. Anitra Green - Ava, who conduct-
ed the session, complained that women were
still building up John Jones' ego - the worst
offenders were put on the n.b. + some were
required to wear an ugly sack dress w/a
sign "I oppress women" - I went into some
detail describing as to how the homosexual male
goes from woman to woman because he
really hates women, told what he had had

to do to make men accept their own home-sefuality

The Intvy was finally dismissed at about 12 00 but Bey I got out of the yard we were called back for an alert

A crisis of unknown proportions had occurred because Leon Collier & Jean Brown in SF had told Albert Kahn, a pro-Soc. fund of ours, about the Guyanese govt's intention to appeal Cathy Hunter - Kahn had called the Santa Rosa Press Democrat which employs her & suggested they send a more sympathetic reporter - the result was apparently to embarrass the Guyanese govt & to alert forces which persuaded Guy. officials to ground the plane which was to assist Mrs Hunter - moreover, 4 of our people who were conducting a surveillance of Mrs Hunter - Terry Carter, Debbie Touchette, Don Casanova & Daisy Lee - were interrogated by the local Geo'l town police at [illegible] - the others held out agst admitting [illegible] but Daisy signed a doc & do not remember what she had signed - she does not rd Eng well & was intimidated - the police threatened to arrest them all & sd they wd come back later ton - they had not as yet retd - I had ordered they all be taken into hiding - he sd he wd not ever consent to have any of our people subjected to court

process — our money was also removed — the danger is that police may be ordered to search our premises in Jones-town — if they try, it will mean war, for which we must be prepared — a hunger strike was mentioned as a method of signifying our commitment to our intention — Dick Tropp & Carolyn Layman were instructed to draw up a statem to this effect, & when it was ready, all, 16 & over, filed out [illegible]

At one pt in the eve Ovan Poplin arrvd — she was preceded by rpts that she had given trble not only in Georgetown but on arrival in Jonestown — she wd not eat the food offered her, wanted a brand of cereal called "Salt-o-meal" — she wore a diamond ring and wore a money belt, both of which she refused to turn over — she was dressed in the fashion she displayed in San Francisco

I had her up on the floor & much discussion [illegible] — mentioned pieces of property I left cons, argument & other forms of persuasion she finally accepted the nuces, of being more agreeable

As I had worn boots on acct of the weather, my foot was giving me a great deal of trble & tho I th the boots off during the 2 mtngs, I was afraid the blisters wd be worse.

We were dismissed at about 5 [illegible] w/instructions to stay in bed until 4 [illegible], have [illegible] & rest to the pavilion

25 May - Th

We got up & had bkfst at 11^30 - then we ret'd to the pavilion for further disc. of our sit.

A new method of rev. suicide was tested, in case we did not have time to use the potion alone - we wd pack ourselves into partic bldgs & these bldgs wd be blown up - the demolition material was tested

The windmill which is being erected as a watchtower was disc'd - it is intended to lk like part of a children's playgrnd, & whether this intention was carried out was questioned - J. suggested some changes - the device actually generates some electricity - whether the struct. cd also be taken as a radar device from the air was disc'd but it was decided that no one famil. w/radar wd be so deceived

Many people were put on the floor, incl some referred from the women's & men's [illegible] - sev. were put on New [illegible]

Mention was made of Norman James, who was going to get a piloting assignment which wd allow him to visit Jonestown occasionally - instd he has turned down a Gev'town job, has flown other routes at a good salary, we have not seen any of his money, & he is rptd to be involved in

romantic affairs.

On the basis of many rpts, incl. one written by me, Lovie Jean Lucas was put on the floor - she is a seemingly well-educated, refined black woman whom I had heard declare her loneliness & lack of int. in Jonestown - she is a barber & had hoped to pract her profession in Geo'town - she sd she had effected to travel - she didn't know she was turning over her property & jewelry to the Te & didn't get them back - testimony from many others revealed her bkgrnd as a maid for movie stars - she had then taken care of an old man whom she neglected - she stole some of his retirem. checks & a diamond pin - her house was filthy & her animals neglected, & govt. action was even threatened - she admitted these facts only aft I reminded the questioners she deserved the same treaton as the other senior (Orean Poplin) had rcvd last night, & it was given to her & it was demanded she use her talents as a barber for the community

Proposals were made that preparation for jungle warfare begin - Steve will conduct classes - I asked for anyone who had suggestions to get on the floor - among those who did was Annie B. Washington who had been a follower of Martin Luther King; but

(cont)

C-2-A-3 (114)

had never blvd in pacifism - she had carried a loaded firearm w/her

In the evening J. gave an hr & a half for dinner & rest - I ate and rd the news on the blackboard in the library - I had been sitting during the mtng w/my boots off, & my foot was much better

When the mtng was resumed, J told us contact had been made w/ Home Affairs Minister Kings who had been mtng w/others in the govt. - they had concluded - they may have called off the arrests & may inform us in the morns

We were dismissed at 12^00

26 May — F.

Annie B. Washington moved today to a dormitory (called "apartment" now) so that she wd not have to walk so far to work, meals, shower & so on

During my bkfst trip to the central area, I th care of a no of errands — stopped at the warehouse, got shampoo & a sweater as I have been a little chilly sitting on my bed in the cottage — at the mending room // the only one they had is a little too big for me — I lost the one I bot just bef I left the US //

Alma Thomas measured me preparatory to making a rain coat for me out of a plastic bag I brot w/me from the States

My foot is healing nicely

The weather was clear in the early pt of the day

Marshall Ferris's made & installed a shoe rack on our cottage porch, which will help keep the porch & consequently the house cleaner

X I didn't go home as we were to have polit. enlightenment classes in the pavilion at 8 or - had my clip board & paper w/me & wh'd a little on my jail

28 May – Su

On acct of the late hr last night, we rose & ate bkpt 2 hrs late this morn.

I washed my sheets which I had not done yesterday

Shampooed my hair

A black cat came to the cottage this morn. & made hims. at home on my bed as I wh'd – he stayed until evening – he was a very agreeable cat

I made jrnl entries

I wrote a memo to J. – offered to go to the States to take care of the matter he had mentioned last night, as I had previously – also told him I thot I'd get back my job at Bechtel's & help the Te's finances

The weather was clear early in the day but there was a big shower at 2^00 – Jann had wanted me to meet w/her & Peter to disc lesson plans for neft wh I had intended to go at 2^00 – I had hoped to get at typing in my jrnl today but didn't succeed

I went at 3^00 – Jann, Peter & I talked a little about class plans but did nothing precise – I got some mater from Don Jackson on Senate Bill 1437^x – watched J play w/one of the toucans in the pavilion

Dinner was not served until late – about 5^30 – we had a Guyanese dish called roti, prob orig an East Ind. dish – it was curried pork w/vegs wrapped in a tortilla-like bread – during dinner conversed w/Marshall

(over)

C-2-A-3 (127)

Ferris – he told me of his efforts in the Longshoreman's Union, of Harry Bridges & [redacted] his [illegible] during the war, in which [illegible] was wounded – he first heard J. about the same time I did

I went home & rd Man Cried

Aft dark & more rain had fallen, I went to the pavilion to get my treat – candy this wk

X A yng girl, Longa Evans, is moving in to the cottage – she will sleep in Ellie's bed at night

Inez got cloth from the sewing rm to make her curtains & increased her efforts to get mine – Irra also got cloth & talked of her plans to make tops – a large amt of scraps have been sent from the States – many are being used to make items for sale, but apparently individs can obtain pieces for their own use

X I cont'd to rd Man Cried until I went to bed at 11 or

11 ✓ The cat had gone when I ret'd

29 May - M

Rain fell almost all day, at times furiously

Aft having bkfst & following my morning routine, I wrote up lesson plans for the wk for my I Language Arts classes - in the remedial group I plan to cont. the work on polit. definitions & intensive agric & to deal w/ Senate Bill 1437, intermixed w/ some spelling lessons - in the advanced grp which I will have this wk, I plan a wk's work on metaphors of dif. types

Did a little work on my jnl

Went to lunch - I was a little late & there was a long line prob because wd had got arnd there was some roti left over - it was gone bef I got to the window, but I got some very good soup

One of the older women told me she had seen my lost raincoat - a woman who works in the rice tent has it - my name & cottage no was on it but the woman whose name is Martha Turner had made no effort to ret it - later Mary Costello told me that Martha had told her she had it & to let me know - she apparently became concerned I wd learn who had it

I held my adult class from 12^00 to 2^00 - the major of students stayed for both sessions & I'th roll each time - I wkd on phonics the first pt of the period & on polit definitions - perh on acct of the rain, perh on acct of Lore not being there to help me at first, the class was noisier than usual

Tk my shower

Met my aft classes in the pavilion - I managed to get a table & benches & a blackboard - in the

(over)

C-2-A-3 (129)

first period I went ahead w/polit. definitions - Marcus made some thot'ful comments - I introduced the subject of metaphor to the 2nd period class, then turned the class over to Anita as chairperson - she was to have the class members give proverbs and explain them while I recorded & evaluated the proceedings - the class showed cons. interest but there gen. attit. tow me was not good

Ate dinner

Attended h.s. tchrs mtng in the pavilion - Tropp told me that Peter Gotherson wd be teaching the advanced Lang Arts class taking over from me, as he understood I had expressed dissatisf w/the studs to Peter - I ad have argued the case but was really relieved to be free of the respons. - Discussed the arrangement as I can devote more time to the adults - Jane will teach the intermediate grp - the math classes were also reorganized - I showed my lesson plans to Tropp & they pleased him - we discussed the sch compos. bk sit. - many are being lost or stolen - a method of issuing new bks & making tchrs resp. for them was adopted - Tropp had surveyed the list of h.s. studs & fnd sev who were not taking the right classes - David Goodwin, who was not in the socialism class, was brot bef the grp - he had also been caught obviously trying to steal a compos. bk

At home I brot jnl entries up to date, then rd Man Cried about an hr

Went to bed at 11 hr but had a hard time going to sleep, as there was much noise outside, & I was a little tabled at losing the advanced class.

30 May - T

Patty is still living in the cottage - I had thot she wd be staying in one of the apts to help w/ the New Brigade - she still fails to get up & go to sch on time - this morn we exchng'd some hot wds & I told her angrily she had better ret my needles - what makes me especially angry is that the card contained my needle-threader & with my weak eyes I find it very diffic. to thread a needle w/ it - sentiment in the cottage is that Patty needs more supervision & that she shd be moved

Aft bkfst I whd in the library an hr or so collecting bks w/ samples of metaphors for my second period class - Rhonda Parks, one of Teresa's assistants opened the cases and helped me find some of the bks - all bks are locked up now, since there has been so much theft - she saved the bks for me until class time

I saw Martha Turner in the rice tent - I expressed myself rather firmly, that it was odd of her not to see that I got my raincoat back, since my name & cottage no were on it - she that I was lucky she had saved it, tho she made no effort to ret it when the rainy season came

I stopped at Ruby Carroll's cottage where the seamstresses wh, hoping to get some scraps of mater for curtains & to make some little cloth bags for containers of my cosmetics & sewing materials - I am using nylon

(over)

C-2-A-3 (131)

bags which break - I was told my cottage mates got mater through a "misunderstanding" - Ruby was back & I'd have to ask her

The boat got in early this morn, having been delayed by the rain - Robin Tschelle & Estelle McCall arrived on it from the States, plus sev other members from Gov'town

Made my jnl entry

Went to lunch

Taught the adult class at 12 - I gave some spelling wds & had a few people show their abil. in public - Nancy Clay again astonished me by making no errors - I then gave the details on SB 1437 which I sd to emphasize in all classes - Christine Young

Th a shower

Only a few were present in my first period class - I again gave them the mater. on SB 1437

In the second period I presented the material on metaphor, reading to the class from diff types of lit, & discussing the metaphors fnd in them - the class was interested esp. in revolutionary sources & pd fairly gd attention, tho not perfect

Had dinner

We were to have a tchrs' mtng but it never got under way & I went home

Laura had asked if she cd borrow my t w again - I was reluctant, tho I told her she cd but she'd have to wait until I got home - by the time I got

30 May 1978 - 2

Went to the rally - got a good seat
Tape of news played
Lee Ingram made announcements
Text: (1) Gist of an impassioned statement 3/
Having on what was hold-up for tractor to leave - Charlie T. says fixing up the tractor so that it was suitable - I said it was going to be costly to make up in presents for this discourtesy - I kept asking for hurry-up, he never got any response - Dick Barnett had been resp for getting the tractor ready but he had left Wesley Breidenbach in chge & gone back to his college - it was
// 2/ to the college, I must have missed her //
// 3/ made by J - I had been very sleepy & tho I heard it, I forgot it - I wrote s'thing about discrim btwn the rich & poor; (2) main pts of HR 1437 - I wrote all I had time for; (3) news I had given today - of the newscast just given, I had forgotten much but remembered enough to write until time was called - I then had to help a senior who had table writing //
// 4/ All aft I kept hearing on the loud sphr about a Guy. Defense Force plane which was coming in from Mathews's Ridge to take 6 of our people to Geo'town - some were patients & nurses - Mike Carter was going in to take chge of radio traffic - Marcy was going in to talk to govt officials & apt'ments had been made for her - later comments from

(over) C-2-A-3 (133)

J, becoming more & more urgent showed that the tractor was not being made ready to leave on time, & finally that it did not leave & the milit plane flew out, not taking our passengers - J was indignant, as these GDT flights are a favor, very costly, & no chge made to us!!
not clear to me why Wesley couldn't finish on time - no body gave J nor Marcy & the other passengers any explanation as to what was wrong - when Marcy came to see what was the matter Wesley seemed arrogant to her - Marcie made it clear that she could have proceeded w/the orig equipm & J emphasized that he shd be kept fully informed at all times of problems that came up! -
11 J Dick was not present when the matter was first brot up but appeared later!
11 J did not come today - later I saw her - she sd she had been ill - but wd come tom!
7 X Agric rpts were given briefly
Praises were given, people taken off & assigned to the new Brigade
The rally was dismissed at about 1 00
11 J A rpt, ~~[illegible]~~ Shirley Hicks, on band after in Geo'town & 2 other towns was rd - some members had behaved exemplarily - but Shirley spoke of rivalry, lack of coop btwn her sister Martha's Hicks & Diane Wilkerson - also that that many of band accepted alcoholic beverage at home of Guy national who entertained them - the guilty confessed reluctantly - only Carroll & Jimmy Jones were sent as watchers but job was too much for them

31 May — W

Rising & bkpt were at the usual time

Had had a talk w/ Ruby Carroll about getting cloth for curtains — she sd those who had obtained it previously had been given it w/o authorization, inspectors wd take it away from them — on my way home I stopped at the rice tent where the sewing project is conducted — they gave me some scraps of material for my little bags

The day was mostly clear

Cleaned out my crate hoping to come across my needles but didn't find them

Wd on a jail entry

Went to lunch

Taught the adult class at 4 or — gave a phonics lesson first — then we had a discussion on Sot African treatm of blacks, based on an article about apartheid in the Atlantic Monthly which I had started reading to the class in time ago

Tk a shower — on my ret saw Patty Cartmell — she mentioned Lisa Layton, that she did not know whether to mention Debbie Blakey's dejection — she had an idea Lisa didn't want to talk about it — she told me Debbie had acted strangely in Geo'town & she shd have been suspicious — she had remarked to Debbie that she seemed to be gaining wt & Debbie's reaction was hostile

(over) C-2-A-3 (135)

I had told us in the rally that Debbie was pregnant - she had been influenced by the attentions of an outsider who probably was assigned to persuade her to leave the cause - I warned all that any of us, male or female, ad be the objects of such a purpose. Patty doesn't have a rain coat & later I made up my mind I ad let her have the one Alma Thomas made for me, but I then cdn't reach her

11 ✓ stopped at the rice tent & got my rain coat from Martha Turner - she didn't admit any failing in ethics in keeping it so long, tho she ad have easily gnd me!

In the first period class we discussed Marxist - Leninist terms - all were present exc Billie & Willie - they were fairly cooperative

In the second period, I gave illustrations from bks I had assembled of metaphors taken from dif types of lit - the class seemed fairly intrstd - I explnd what we wd do tom

Pineapple was on our dinner plates

Tchrs mtng was at 6 00 - Ellie Bean had asked to make a complaint agst Corliss Boutte' - she cdnt learn math in her class she sd & wanted to be transferred - see other studs, incl. Ava Ingram, spoke agst Ellie who they think causes trble in the classrm - the tchrs

C-2-A-3 (136)

31 May - 2

had trbl getting to the bottom of her complaint - she seems to be suffering from hurt pride - we advised she get help & stay where she is

There were movies and counseling ton - Inez + Versie have been appt'd counselors

Patti ret'd my needles - she had apparently been counseled by Sharon Amos + sd that Sharon was requesting me to say no more about the incident - I agreed

Ira had borrowed my scizzors 2 days ago + had not yet ret'd them - I had wanted to sew on my bags

Aft bkpt rd news on the bond, so as to be prepared for talking at the Mid Off

At the warehouse got some soap & a piece of string on which to put my keys to my crates so that they'd be safe from pilferers & from loss

Did some more research in the lib. on books to be used in teaching metaphors to my second hr class

Wh'd on girl entries

We had a heavy lunch: greens, soup & a peanut butter sandwich – I was not very hungry today, so I th the p.b.s. home, kept it in plastic

Got my shower – had to hurry to get to the Mid Off in time for my usual Th talk at 2:00

They were so busy that instd of my talking to the group I ran through the items for Sylvia Grubbs & she th notes to distribute to the others

I ret'd to the cottage to get my material for my classes

The first period class was late in assembling. The news was being given on the p.a. system. Mid Troop cd not make an anncement – some were late which Tr noted – I gave the class a spelling lesson – I thot it was time to demand better behav from this grp of students – their demeanor in class has

(over) C-2-A-4(2)

improved, but they still interrupt me w/o raising their hands, talk to each other during class, play w/objects during class, and paw over my books & & worst of all ask irrelevant questions continually — I told them this behavior had to stop — a few did well in the spelling test, the others did badly

In the second period class I told the student I was going to have them do the metaphor project on a class rather than individ. basis — I put the bks & mags I had got from the lib on the table & told them to share them & help each other — most of the class wk'd hard; I got questions from some, a few didn't try — occasionally a teenage sense of humor was displayed in a partic. metaphor

At dinner we again had a good meal: rice w/gravy & chicken giblets, sweet potatoes, a veg. I didn't take a bun

I missed the tchrs' mtg — went home

At 7:30 the sec tchrs met w/instruc. to prepare a test for pos. use — Rob Christian was not there, nor Vernetta — Bud Jackson presided — Bobbie Jenner had info on points I wanted included — we kept our voices low & watched secur. over the test questions diligently — we each made suggestions & turned them over to Tish to type up — we then discussed teaching methods w/ref to senior particly, tho we did not know how the extra classes were to be handled — Jann who was

Teaching a sp class at 8^00 sent wd asking for help - 3 of us volunteered

Sev people were in the cottage when I arrived - Ellie was "pressing" Ann's hair w/ a hot iron - Inez was making & putting up her curtains - Irma was sick w/a virus perh which a no of people have had - Estelle M. Cell visited us - she & Inez are close - she may move in - she hadn't rec'd to 1029 Geary - she sd Jossie Chambliss had her passport & Michel Johnson was expecting to come aft her son's baby arrives

Patty Dennis has been moved to a dorm

I finished Man Cried but went through the last pt hastily, went to read the ending again

Went to bed at 11^00

I corrected the first period spelling tests & made plans for today - rd the papers on metaphor from the second period class - they had done well on the whole

Made notes for jnl entries

Went to lunch

Stopped at the library, looked up more mater. for the second period class

At 1st met the adult class - we had a phonics lesson - I then discussed a few news events to help the class pass the test if there was to be none too

Th my shower

During the first period spent the time on definition of Marxist - Leninist terms

I rel'd papers to the second period [illegible] them I wd be turning the class over to Peter - I rd some of the metaphors from some of the papers - did not have time to give any extra mater which I had planned - I talked to a few studs who did not have the idea & to those who hadn't turned papers in: Sha Jwanna Harris (Constance Jones' dghter) + Maury Jenaro - the never show much int. in Lang. Arts - they had excuses, not very good, saying they hadn't had books to work with, implying [illegible] on the pt of others - this may be true

of this class but they cd have asked me for help

Had dinner

We had tchrs' mtng - Dish th down absences - we discussed students' behav. & recommended some for praises - I told Peter of the studs who didn't get their wk in - Troop mentioned that lesson plans had been suggested - it was agreed that Eng & math tchrs wd meet & wk cooperatively on them a 5 at 3 or to 5 or

I went home

Socialism classes met in the pavilion - I located a seat but had to give it up, as the socialist tchrs had to monitor the test - I asked the questions, all of which were essay type - Jerome Anderson asked me to write his answers as he can't write well enough - the test was difficult & given very fast, tho people were allowed to go back over it - Jerome did only fair - I, at the papers were collected, had the answers given on the p.a. system - he sd the tchrs wd take the test tom at the rally

Jann was assigned to teach the eftre class to be given tom to those who had failed previous tests - I asked her if she needed help, as I had volunteered last night - she obviously didn't want me - Pauline Simon taught

A lga grp from Jonestown is going to see of the towns in the Northwest Region to hear Burnham sp tom - Versie & Inez were named - they readied their clothing & packed - then Inez was told Tom Grubb, who has been overworked, was told not to come to wh tom, & the probl of running the Sch op came up

I had borrowed 2 of my (former) bks from the library: Collected Poems by W.B. Yeats & The Identity of Yeats by Richard Ellman & I rd them for over an hr while waiting for Versie & Inez to finish their wh

Went to bed at 1 30, very tired from the days' events, esp. being on my feet so long during the test

3 June - S

Had bkfst

Find that Inez didnt go to the P.N.C. mtng, as Tom was out

Borrowed a pail from Inez & did my laundry, hanging it over nr the toilet area as our line was filled up - the weather was clear in the morn but rain fell every now & then in the aft, & my clothes did not get dry

Did a little wk on my jrnl

Had lunch

Becky Beikman had had plans to meet in the pavilion - she wanted some help on the news - the Eng Tchrs were 11½ at 2 45 to meet at 3 00 & wk tog on lesson plans - neither Becky nor the tchrs came, prob because of very heavy rain - I didnt have anything to read, so just watched the rain for some time

I was very tired from last night & didnt feel well all day

Went to dinner

I decided not to have a rally ton as a lge no of people were out at Papaya for the P.N.C. mtng

I ate about 5:30 - tried to trade w/ Kertis Smith breast for a leg, but he decided his leg was

I rd in the pavilion until time to go to Ruths' - invited Joycie Clark & Mary Castillo to accompany me - among those assembled were sev who were well informed & as a result I learned more than I was able to give - they had heard!

We went to the rally at 7 30

I began w/ comments on the news & c made notes

A gp from [illegible] is going to Caracas, Venezuela for a mtng - we will be able to get some [illegible], such as agric. & medical, which [illegible] have not been able to [illegible] - [illegible] the depts. to [illegible] such & turn the lists in

Patty Cartmell described her latest trip up the river w/ Rheavinie, Tommy Johnson, + Chuck Beikman

Volunteers to give individ. attention to the yng people on the New Brigade were requested.

I thot the no of praises he had rcvd this wk was absurd - people were being praised (on work crews) for just doing their jobs - these will not be accepted - ~~he did approve of praising~~ students for excellent school work

//1 Today's news casts, which I hadn't//

//2 I rd through again the last pt of The Man Who Cried I Am by John A. Williams + finished it//

Treats were distrbtd during the mtng

The agric. ppts were heard - those working in the herbal garden + the herbal kitchen had missed a bottle containing an experimental alcoholic substance - someone observed ~~that [illegible]~~ had had alcohol on his breath - he was called on the floor - he sd he had got some pineapple rind, put sugar on it and it fermented - I told him as a former alcoholic that socialist soc. at this stage has

no sm for alcohol or fleas. – Richmond knew nothing of the bottle mixed by the herbal experimenters

Lorie Jean Lucas, Oren Poplin & another women were called on the floor for expressing discontent w/life in Jonestown & were given severe warnings – Lorie Jean is to be restricted in her conversation to a few people – one named by J was Esther Mohrer's

Reprimands and praises were given

J stated that Rev. Burnham had intended to fly into Jonestown after the PNC mtg at Papaya but his plane had trouble & he didn't come

Rising & brickfst time 2 hrs late this morn.

Worked on lesson plans for adult class (2 hrs) & remedial class - in gen. for the adults I am planning to spend a pt of each hr on phonics or reading & pt on news items - today I want to try w/the news some time on disc & writing (for those who are able to write) - w/the remedial [illegible] grp [illegible] much that I intend to be adopt strict behav. demands & make a determined effort to teach the students to read & write - at least those who have the intell.

On my way to [illegible] I saw Christine Young who has been sick for sev days but is all rt now - I gave her my latest [illegible] lists for the adult class, asked her to draw up an alphabetical list - we will add to it during the wk & then put it in perm. form - I told Christine my plans for the class today & suggested she might like to take the writing grp

Got a new supply of pencils from Inez

I was taking roll in the Lang Arts class - some were late as usual - Shirley Hicks as an observer approached, noted the tardiness sit & also a few samples of unacceptable behav - she spoke sharply to the students & I followed w/ my already planned demands for better order & attit & efflan of what were going to do this wk - told the studs we wd start diagnostic testing tom - I then dis'cd w/ them the sit in Vet Nam & Kampochia & had them begin a written summary of it when the period ended - at the end of the period Tropp came arnd to suggest more activ. for this class - I told him of my present plans

Made notes for my girl & girl entries

Made preparations to give diagnostic reading tests to my 1st period class – Tom had collected these for me s'time ago – most are for child finishing the second grade & have consid. phonics – there is one copy of a sixth grade test

Had lunch

~~[illegible]~~ my adult class from 12 to 2 – I opened w/a phonics lesson, then tried to explain a talk by J on the subj. of relig, mysticism & related topics, tying in the major histor. econ developments w/the prevailing faith, going on to the danger of being caught up in either tradit. relig. or such obsessions as space travel & space wars & other modern manifestations of the escapist mentality – it was a very diffic presentation & I expected most of the seniors to have trbl. I stayed to watch the same procedure w/the 4 45 classes - some of them were more astute but on the whole they displayed more boredom

Had dinner & attended tchrs mtng

I was a little late for Chpt & there was a long line – some newly prepared fruit preserves, aft being approved by J on a rally were served & I surpst this drew more people than usual or, perhaps people th larger helpings – the kitchen had run out of biscuits & had to make more & there were no preserves by the time I got to the window.

I typed in my jnl for an hr & a half – Ellie Bean, who sleeps in the daytime, afterwds asked me if I typed every day – I sd no but every now & then, as I intend to try to make more prog on my jnl – she sd it disturbed her – I later told Inez about the incident, who sd the housing com. shd not put day sleepers in cottages w/ day workers – I wrt upset about the matter, because Ellie either has or effects to have consid. infl w/ Jonestown author because of her dad, Jack Bean

Visitors were in Jonestown today

Aft Bkpt I made girl entries, also whd. on lesson plans for my classes & rd papers written by the adult class & first period class

Had lunch

In the adult class we had a phonics drill first - we then discussed news items suggested by dif. class members - Vernette came by & gave me a sheet w/ J's remarks last night ✓ Christine did not come today // ✓ I put the main details on the board //

Had my shower

During the 1st period class we had discussion around the table on "Z" - the studs displayed occas. insights but also had a number of misconceptions

I waited in the pavilion for a snr who had wanted me to write 's thing for her, but she didn't come - I wrote girl entries

Aft. dinner I went home, then came back for svc. tchrs mtng - Chr. presided - we were to draft questions for the next test if J decided to give one this wk - we each wrote down 2 questions & a com of 3 was to select the ones to pass on to J. as our selections - we heard some comments

(over)

C-2-A-4.(52)

on the grading of the last test - Chr was very resentful of Dick Tropp's criticism - Jean sd, she wd never supervise such a test again

We broke up & the pol. enlightenm classes met - Chr. rd the test questions - I was exhausted - I wrote the questions on paper, & Don Jackson wrote them on the board - studs wrote the questions down, ans'd them later - I opr'd to stay to help people who cdn't write - this proved to be a tiring chore, as I had to move to each one to hear the ans privately & write it down - there were about eight sums & 2 children

A reg'd movie on the Kazis was being shown in the pavilion but when I finished the test I didn't stay for it - I went home & rd Jeats

The other cottage residents came home - there was talk of the rat who had been heard in the cottage - some saw him - he had apparently eaten a hole in my plastic bag & on some of Ina's fabric scraps - Inez & Ina were partic'ly upset - Christine Lucientes went next door to sleep - I didn't get to sleep until midnight because people heard or saw the rat - he ran around the loft & over the beds

C-2-A-4(53)

17 June - S

A house check was conducted this morn, [redacted] waking me up - I got up & went to the [redacted] & tried to go back to sleep but the rat was [redacted] again - Inez & Irma thot he was dying [redacted] Verne's bed - Inez got up & dressed for wk - I did not go back to sleep

At 7^30 dressed & went to bkfs

The answers to the polit. enlightenment test were put on the chalkbd in the sch test last night for the tchrs that most had been erased - I [redacted] & Don Jackson about grading the papers - went by Christians' house & got the answers from Rob

Borrowed Rita's tub & did the laundry that had accumulated since I did it Th. - had a convers w/ Don Fields - he was asking what I thot about the Guy. referendum to be held in July - we talked about Guy politics in gen & I told him I had very bitter knowl not even being acquainted w/ the personalities nor issues involved even through the maps

Conversed w/ Rita - she is still urging me to tell Ruby Carroll that Inez & Irma have taken [redacted] scraps to make clothes for themselves - we both believe this is irresponsible as money can be made for the commun by making articles to sell - Rita furthermore has Jers int - when I told her Inez was talking of making a quilt for Mark & his companion she had a My [redacted] (Ruth) does not even have a blanket & graded half of the pol. enlightenm tests,

taking the other half to Dr Jackson's cottage — I'll help the [illegible] papers — the scores were better than I expected — a fairly good range was represented — however, my opin was reinforced that the test gave a very poor idea of the individ's knowl of news events of the wk

Went to lunch

Served for a good part of the aft. — started to make another bag from the mater which was blind to be some Patty had — it was in a box which was retd from her house & I decided to use it

Went to dinner

Retd to the cottage & prep'd for the rally

A horse check was made again around 5^00 lights turned on & spking in a loud voice - aft that I only dozed until time to get up, 8^00 For Bkfst we had pancakes w/syrup - some mango butter was given to each on an experimental basis - we also had coffee

Typed in my jrnl from 9^00 until 12^00 finishing 6 pp again - I th another half hr or so to write a 2-page memo to J proposing a teaching instd of a testing program in polit. enlightenm in the case of those who cannot write based on my exper of the past few wks - Ellie is still in the Public Serv Mnt & the other residents were putting in their half day

audiotape machine for children - then the documentary on Castro was to be shown & later a comedy film

Inst'd to the College - I left my clip-board in the toilet, went back for it & learned someone th. it to turn into the Radio Rm - I made notes for my jnl

Hearing an anncement that I had made the Castro film mandatory, I went to the pavilion, - stopped at the Radio Rm but didn't get the clipboard - had trble finding a seat for the film but finally got one next to the Tschetas - treats were being given out, today popcorn balls made w/ fudge

The film was an interview w/ Fidel Castro by Barbara Walters - I conducted a disc agt'wds - he had been obviously dstrb'd by the lack of seriousness he had seen, making nec the mandatory showing & his remarks following it - some people had been disappt'd that he wdn't allow them to dance on the dirt floor which kicks up dust bad for their lungs - also someone close to him on his stop had demanded sex relations w/ him - he made references to a person, white, given an ed. by him & connected these characteristics w/ sev. who had become traitors incl. Debbie - he thot white educated people, unless they had suffered unusually,

were particly vulnerable to Treason - Debbie Blakey had not wanted to study Marxism - Leninism - he dwelt upon the unwillingness of many to make sacrifices - When all our people are safe here, we will have more freedom

I made comments & answered questions on the Castro interview - though he find questionable some Castro practices, such as wearing an expensive watch, he admired him for his devotion to & promotion of communism

A partic'ly heavy rain fell during the night, awakening both Inez & myself - water was coming in the window & the wind yanked the latch off when I tried to close it

Aft breakfast I wh'd on lesson plans for my classes

Upon further convers w/ Rita on the big bags of material which Inez & Irma are planning to make up for their pers. use, I saw Ruby Carroll about the matter - she sd she wd lh at it, but she'd have to wait for Sukika, as she had to have an inspector w/her - later on the p.a system we were informed some Amer. newspapermen wd be visiting, & the inspectors had to see that all was in order, so Ruby apparently had to postpone her investigation

I'd turned over to Ruby my iron, which Harriet had given back to me - everyone in the cottage had been borrowing it for pers use - I was dismayed to find that it had been used too hot on mater which melted on the surf. of the iron

Heavy rain started up during my ad'd class, & we had to move further in - the number was small today - I'd some stories from 3 bks of African folk tales - some class members went to sleep

We have a couple of cats wandering in & out of the cottage & altho the rat has not died from poison as far as I know & has not been caught in the trap & Inez says she saw him last night, some of the commotion has subsided

Aft breakfast I spent some time gathering news, which I needed for my adult class because the community may be tested tom at the rally - I intended first to read the mater. typed up by Irene from Jo's p.c. accounts but it had been stolen - I wrote down some details from what she had put on the chalkboard from the mater prepared by Vernetta, now posted at the cottages - this latter is hard to read & it is uncomfortable to stand in the sun to get it

Made some girl entries & did lesson plans

The lines for lunch were very long - the servers [illegible] out of dishes & we had to wait - 2 young men got dishes from people who [illegible] & tried to get served [illegible] chead of us but I did not let them - when we finally did [illegible] lunch, we had a very good bean soup, but they must have run out of it, because those last in line got bread pudding - I was told

The my shower

I rethought my approach in my memo to J on the testing prog, thinking I had not stated what a remarkable achievement had already been made in teaching a huge commun, to pay attention to intellectual mater. – also, my memo was too long, so I intend to rewrite it

All my students in the h.s. class were present today – I moved them from the pavilion to the ech tent where we found an empty space w/c table – I gave them the first of the diagnostic rdng tests I have been planning – they did not have much diffic w/t & wh'd hard

Went home at my class & retd w/what I needed this eve

Ate dinner

Went to the pavilion where the h.s. soc. classes were viewing a TV prog on the Rosenberg spy case which I watched

A no of smrs were gathering as usual in the pavilion to claim seats for the rally – they set out the benches where they had been placed for the TV showing, but the crew, arranging them for the rally, insisted on everyone's getting up until they were through & this is the common procedure bef every rally & is exasperating to all concerned – I was distrbd that my wh was interrupted

Went to dinner

The polit. enlightenment tchrs met in the rice tent at 7^00 - only about half the tchrs were there - Mike Touchette is ch'man of the committee, which I didn't know, w/ Rob Christian only co-chairman - Mike is going to Gov'town, & it was neces. to elect a new co-chairman - aft nominations were made, it was the feeling of the grp that a woman shd be elected & Debby Jensen was elected - Chr. explnd the new procedures we're using - there were disc & decisions on some matters, - we all contrbtd 3 suggestions for items on the test - tchrs volunteered to teach tomb soc classes for those who failed the test - Kaye Kelson, Norma Jackson & I selected items from suggestions & made up the test - we finished about 9^45

Went to lunch

In my adult class I had a drill on phonics & then spent the remainder of the two periods on the news, putting the most signif. items on the chalkboard — the class [illegible] as [illegible] I expected on the day of an expected test — I think many people were preparing chickens

Ph my shower

In my lang arts high sch class I gave them a day off from diagnostic tests & concentrated on news items to help them w/their test — Jerome missed today's class again, on wh assignment

Went home & prep'd for ton's events

Had dinner

Tr met w/the h.s. tchrs, taking suggestions for reprimands & praises — we discussed the possibil. of getting tutors for some of the h.s. students who are having diffic w/rding — he sa Chris Talley was tutoring Marcus Anderson, which I did not know — Dick, acc. to J., has sold 2 articles on Jonestown personalities to mags, but he told me they were considering them — I asked

I corrected the spelling wds I gave the adult class last week — of those who turned their papers in, the majority did very well — [illegible] corrected the diagnostic tests given to [illegible] remedial [illegible] class — they did [illegible] later than I expected

Went to dinner, then home to prep for the eve

We all gathered in the pavilion, expecting a test

[illegible] the pre-sys. w/an announcement that we had to evacuate immed. all 200 of the people still in the States — they were all threatened w/going to jail — he called all coordinators to meet on housing plans, which wd have to be speeded up — later he announced that, surprisingly, we wd be able to take care of all the new arrivals in the housing we had available now

Meanwhile, "Roots" was shown for all those who cared to watch it — some of it had been shown on one of the last few nights, as the present showing started where the prev. one had broken off

Trop called for all the writers to meet in the rice tent — my name was on the list — Trop wanted 40 or 50 ltrs to Thomas Fleming, publisher of the San-Reporter, in SF, thanking him for his favorable editorial — I wrote my draft quickly so that I ad see

the "Roots" episodes - I had seen only 2 or 3 of them - I came into the pavilion in time to see the end of a part I had seen: the rape of Kizzy - I was most interested in the aud. reaction to the defiance or submissiveness of the characters - the entire videotape was shown - it ended about 1^30

I went to bed about 2^00 - the cottage was dark & I got ready for bed w/o turning on the light

I prepared to type in my jrnl but [illegible]
the power was off & there were no [illegible]

I then cleaned out & rearrng'd the contents

used items in my daily life = bks &
supplies for my classes, jrnl folder, pers. care
& sewing materials, writing materials
Mk'd our jrnl [illegible]

tive & whe up Harriet & then Ruth & Ellie,
all daytime sleepers - Harriet was angry &
Ellie scolded Sonya & told the little girls to
go home

The other residents arrv'd home - Inez brot

Irma obtained garden tools [illegible] in the yard -
there was much talk btwn her & Inez over the
lack of coop of others - they pd little attention

trying not to talk to me - they had lnd

know that I gave it away

Everybody's plans chng'd because we cdn't take showers until the water went on again at 4 00 - I had intended to wash my [illegible] but started to sew - I put handles and [illegible] little bag I had made

Went to dinner at 4 30 - we had fried rice w/chicken

Then showered & shampooed my hair

Listened to a short prog at the pavilion incl. dancing by the Soul-Stippers

Got my treat - a film "Tora, Tora, Tora" was shown but I did not care to see it

Th to Troop in the [illegible] of my ltr to Tom Fleming which I had had to copy by hand

Went home & rd [illegible] - Inez was cool to me all evening - went to bed at 4 00

26 June – M.

Aft [illegible], made final entries.

Corrected adults' spelling papers & almost finished correcting my h.s. class diagnostic tests

Went to lunch – Grubbs spoke to me about a crash literacy prog I wants to conduct in Jonestown – Grubbs is to head it up & asked me questions about my class – as a start he wants to take 30 of my students, finally decided on the non-readers of whom I told him I was not having very good luck – he plans to come tom to my class & take the non-readers

In my adult class I reviewed news for the sec. test scheduled for tom – many were wking on chickens but the attendance was fairly good anyway

For a shower

In the h.s. class I also gave the studs some prep for the test – I spent most of the time on W.E.B. Du Bois who had [illegible] topics

Aft. going to the cottage & getting what I needed for tom, I went to dinner

Then I went to the pavilion & listened to the news on the p.a. system until the rally started – I got a good seat aft the benches were arrng'd

(over)

C-2-A-4(B)

I, on entering, began the test - questions were the same for everybody - he had used a few of the items our [illegible] had prepared from the tchrs' suggestions, but in gen. it was a diff. test - he asked mainly essay questions, 5 of them & then 5 bonus questions - people named on a list previously were spsd to help those who can't write at finishing their own tests, but there weren't enough so all the tchrs had to help as well - when the test was over & as the rally cont'd, those appt'd to grade the papers went to the side of the pavil & started to wk, not finishing until the rally was nearly over - Trigg distrbtd the papers & Jana gave the answers - we were to make allowances for the age of the person - I had sev seniors in my grp, some of whom did very well - I had a fairly good range Excellent plus to Failure - a couple were so thinly pencilled that my eyes in the poor light were unable to make them out & I had to ask for help

In the rally going on at the same time, agric rpts were given first - then a no of behav probls were taken up - I cd not follow them closely while I was grading papers - the first concerned the relationship of Marylee (Bogue) Neal w/her companion Cordell S - I had felt Cordell was imposed upon her unreasonably

altho in the end the facts did not seem to be that bad

Tommy Bogue's was then on the floor for cont'd bad behav - he is already I think on the PSU for stealing - he remains a source of grief to his family & the commun.

The case of a yng girl 2 accused of stealing a pr of Thomas shoes was then the subj. of a long confrontation - all the evidence seemed conclusively agst her, - she

// 2 whose name I do not remember //

had been seen scrubbing the shoes vigorously (to get mud off, she claimed), w/ the purp. of rubbing out another girl's name - she persistently denied stealing the shoes & aft a long long hearing, I had he belvd her, altho he had not used his energy to disarm the truth

3 As he has done on every pos occasion lately I pleaded w/ us to take our performance more seriously, [illegible], and waste, get our minds off luxuries we enjoyed in the States - the efforts of the conspirators agst us become more intensive all the time - they are threatening law suits agst us which will tie up the property we still own in the States & we have to move fast to get all our people out

// 3 one amusing item concerned Rose McKnight

(over) C-2-A-4

(Pearson) – The other day an unidentified plane flew low over Jonestown – most people came out to observe it – Rose was seen running for cover, afraid it would bomb the area – she was chided for taking so much thought for her own safety – she said she was protecting child. – "Then, why," she was asked, "was she running ahead of the children?" which brought a good laugh //

We finished grading the papers + went to the auditorium by the rally was over

I got to bed at 3[am]

Aft Bkpt I spent a couple of hrs or so news gathering in prep for my appearance by the Wed Bkpt & polit enlightenment class
It was an exceptionally hot day
Made up lesson plans
Th my shower by going to lunch as Th afts are always stacked
Aft lunch I met w/my adult class - I made sure to arr by 12 or as Jerome was spoke to [illegible] the adult class & I planned to have a disc w/him concerning his goals - he did not come, however, exc to look in while on patrol w/other Security - the attendance was quite lge - I th the roll [illegible] so as to get spelling of names correct [illegible] the identity of more of the [illegible] begin to get and accurate list - I find that some wished to be counted present while actually attending Barbara Walker's class next to mine - I am changing my tactic on teaching [illegible] as the Dister approach has not proved very fruitful & I want to involve all studs in rdng improvem. - I spent the last pt of the period on a list of African countries w/ some of the imp facts concerning them - I started w/ Angola & Chad & was astounded that no one knew their former relationship w/a European ctg nor any facts concerning

them now, tho they have been in the news for weeks

I was a little late arriving at the [illegible] dept tho they were later gathering [illegible] hear me & only a few attended the [illegible] I spent the time mostly on a rather scattered no of items - I left about 3[30]

In my high sch. class I gave the last of the diagnostic tests which th the entire period - most of them seemed to enjoy the actn & were well behaved, exc for Billie who was quiet but acted like an [illegible] Billie was absent - I saw him later & he sd he was sick & I gathered he had had some [illegible] of theft of his belongings

I went home, picked up what I wd need later - on the way back a heavy rain started up & tho I had on my raincoat & boots, I got some of my body drenched & the boots filled w/water & I didn't get dry the entire eve.

Had dinner

Went to the pavilion to claim a seat - [illegible] until the polit. enlightenm [illegible] met at 7 [illegible] in the rice tent - Debbie was in chge, but Chr was present - D. had the scores of those who th the test - those who failed & perh those who made "Fair" are to meet in spec. classes, while those who made Excellent plus to Good" are to be in the pavil. - J

My seat had been saved for the showing of "The Battle of Algiers" - I commented on the film - it was required that all see it

Aft the film I went down to the dining rm area to get water - when I came back I was standing in front of the Radio Rm talking to the community on the loud spkr system - a day or so ago he had requested that depts get in any list requests they had for supplies from the States as the conspiracy may tie up our funds in suits - a com was appt to coordinate the requests - for I hd the orders totalled much more than we wd have available & wd have to be pared down - he went ahead to say that in future we will not be able to get anything at all from the U.S. & we shd plan where in Soc. Chys or in Eng. we can order what we need

I remarked on the increasing intensity of the lies being told about us - to the Chge that 2 black men had attacked Mrs.

Because my feet are usually tired & s'times tingle (caused, I suppose by my being on my feet so much & by my varicose veins), Joyce Lund suggested I elevate my feet 2 hrs a day - as that not practical w/my sched I am trying to keep my feet up at night by putting a pile of clothing under my mattress on the bottom end - this also serves as a pillow for my head when I am [illegible] the system may have helped, & like the past 2 days I have used it

the time on polit. items — discussed a little of the hist. of Algeria & then led a class disc on the film, "The Battle of Algiers" — a few of the class did most of the talking — one in partic had a remarkable understanding of the action of the pict & sev. drew sound revolutionary conclusions — for the past few days & today in partic I have rec'd complaints from the less advanced members of my class that they are being neglected & are not learning to read — it was also called to my attention what I had noted yet on calling the roll orally that some people attend Barbara's class during my class period but put their names on my roll — they go back & forth, apparently w/ the idea of getting as much "education" as pos. by copying what each of us puts on the board.

& I joined them – [illegible], Shirley & James had

the most intransigent of the lot today
