(This letter need not be sealed)

Dear Mr. President

Nov. 16, 1960

This morning David Greenglass was freed from jail after serving 9 1/2 years. Morton Sobell a brilliant scientist, sentenced at the same trial has now served 10 years in jail, and is still there. Why freedom for David Greenglass & not Morton Sobell? Mr. Sobell has always said he is innocent & still does.

Yours respectfully - Sara Stevens
