Mr. J. Edgar Hoover
Dear Sir

There must have been [illegible]
laxness on the part of the FBI

Again old lady Roosevelt
shoots off her big mouth.

If laxness can be blamed
on you, then it is because you are
so busy with the Communists she
played around with when in the
White House.

Every time you people expose
any Communist she is right on the
job to smear you.

Cant understand why she
cant be put into some institution for
the feeble minded, she is nothing but
a trouble maker going from city to city
poisoning the minds of the people against
our government.

RECORDED-27 MAR 10 1954

Yours respectfully
