For information of the Bureau, Laboratory Section, at approximately 12:30 PM, 5/20/79, the body of victim JOHN SHERMAN MARZLOFF, an inmate at the U.S. Penitentiary, Atlanta, Georgia (USP-A), was discovered in a toilet stall in the recreation building. MARZLOFF had multiple stab wounds and an apparent hatchet blow to the back of the head. MARZLOFF was pronounced dead at the scene. Developed as suspects were inmates BARRY B. MILLS, FBI # 152 817 G;

b6
b7C

All of the above suspects are believed to be members of a prison organization known as the Aryan Brotherhood.

Enclosed for the Bureau are five copies of an FD-302 reflecting recovery of items in this matter and locations where found. During the course of a crime scene search, the following items were recovered and are enclosed under separate cover for the Bureau:

REC-70 70-41001-2

COPY AND SEND ALL RETAINED IN LAB FOR LAB ACTION AND REPORT

OCT 2 1979

Approved _____ Transmitted _____ (Number) (Time) Per _____

(2) One home-made knife, 8½inches, with black tape handle

(3) One empty pack of Winston cigarettes

(4) One envelope containing hair marked, "Hair from a toilet paper holder" (to distinguish it from Item #5)

(5) One envelope containing hair marked, "Hair taken from side of toilet stall #4"

(6) One letter-size envelope

(7) One fatigue jacket in a brown envelope (the brown envelope is of no significance other than the fact that it was the original container in which the jacket was placed)

(8) One white book of inmate matches

(9) One white tee-shirt

(10) Several brown paper towels

(11) One 12-inch knife with cloth handle

(12) One fatigue jacket in plastic bag

The Latent Fingerprint Section is requested to examine items (1), (2), (3), (6), (8), (10), and (11) for latent fingerprints. If fingerprints are developed, they should be compared with the known prints of suspects whose FBI numbers are shown above, as well as the prints of victim MARZLOFF, FBI # 969 41 E.

The Serology Section is requested to examine items (1), (2), (7), (8), (9), (10), (11) and (12) for blood and other fluids. Blood from victim MARZLOFF is being obtained and will be submitted. Blood from suspects will be submitted when obtained through court order.

The Hair and Fiber Section is requested to examine items (2), (3), (4), (5), (7), (9), (10), (11), and (12). NOTE: The black tape on Item (2) and the

cloth on Item (12) should be examined as well as the items themselves since a search is being conducted of all personal property of suspects to determine if tape or cloth of a similar nature can be located. As soon as this search is completed, the Hair and Fiber Section will be notified of the results.

Additionally, court order is being obtained to obtain hair samples from suspects and will be submitted later.

At the conclusion of the examinations of the enclosed items, they should be returned to Atlanta for use as evidence.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 5/24/79

1

The following crime scene investigation was conducted at the Recreation Building of the United States Penitentiary, Atlanta, Georgia (USP-A) on May 20, 1979:

At 2:30 PM, [redacted] USP-A, displayed the body of JOHN SHERMAN MARZLOFF, JR., Inmate Number 32292-138, to the investigating Agents. [redacted] advised the restroom area in which the body had been discovered had not been disturbed since its discovery other than by the prison doctor who had examined MARZLOFF and pronounced him dead. b6 b7C

Prior to any collection of evidence or disturbance of the crime scene, photographs were taken by Special Agent [redacted] b6 b7C

A crime scene sketch was prepared by SA [redacted]

A crime scene search was then conducted by SA [redacted] and SA [redacted] with the following results. The crime scene was the urinal stall and commode stall area of the restroom and shower room of the recreation building.

Upon entering the door to the restroom, there are two washbasins located on the left of the door, continuing along the left wall are five stalls, the first two are urinal stalls and the last three are commode stalls. For purposes of clarification, the stalls were numbered 1 through 5, starting with the stall nearest the door to the restroom.

Located in Stall Number 1 was a tee-shirt which was found on the floor on the right side of the urinal. This tee-shirt is white in color with a tag marked, "All Cotton, Made in U.S.A., X-Large 46-48". The tee-shirt appeared to be brand new, being of softer texture than a tee-shirt which had been previously washed. The tee-shirt had several blood stains on it. The tee-shirt was removed from the floor and sealed in a plastic envelope by SA [redacted] b6 b7C

Investigation on 5/20/79 at Atlanta, Georgia File # AT 70-5408

by SA [redacted] SA [redacted] SA [redacted] Date dictated 5/21/79 b6 b7C

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

Examination of Stall Number 2 did not reveal any items of evidentiary value.

Located in Stall Number 3 were the following:

(a) A letter-sized envelope marked "FPS Box PMB Atlanta, Georgia 30315, Official Business Penalty for Private Use, $300". This envelope was located on the left side of the commode by SA [redacted] and was placed in a plastic envelope and sealed by SA [redacted]. b6 b7C

(b) Located on the floor near the commode were several paper towels, wadded up, with several small blood stains on them. These items were sealed in a plastic envelope by SA [redacted]

(c) Located in the commode was a home-made knife, 12 inches by one inch, made of steel with a handle made by wrapping white tee-shirt type cloth. The handle of the knife had a large quantity of blood on it. This knife was placed in a plastic envelope and allowed to dry by SA [redacted] b6 b7C

(d) The right upper portion of MARZLOFF's body was in the right side of the stall beneath the partition separating Stall Number 3 and Stall Number 4. A large pool of blood was on the floor beneath and around the upper portion of his body.

(e) Located in the crotch of MARZLOFF's right arm was a home-made knife made of steel, 8½ inches by one inch, with a handle made by wrapping black electrician's tape around it. The handle had a large quantity of blood on it, however, the blade did not appear to have blood on it.

Located in Stall Number 4 were the following:

(a) The major portion of MARZLOFF's body was located with the head toward the back on the left side of the commode, laying on his right side beneath the partition between Stall 3 and 4, angling back to beneath the middle of the door of Stall 4.

(b) Clutched in MARZLOFF's left arm was a green fatigue jacket imprinted with Number 32292. When this

jacket was picked up by SA [redacted], a book of matches fell out, which was white in color. The fatigue jacket was completely soaked with blood. The book of matches had several blood stains and smears on it. These items were allowed to dry and later placed in an envelope and sealed by SA [redacted] b6 b7C

(c) Located on the right side of the stall was a second green fatigue jacket which was imprinted with the number [redacted] This fatigue jacket was sealed in a brown manilla envelope by SA [redacted] b6 b7C

(d) Located on the partition between Stall 3 and 4 was a large smear of blood with a quantity of hair adhered to it. A sample of this hair was taken by SA [redacted] and sealed in an envelope.

(e) Located in a crevice between the toilet paper holder and the wall to which it was attached, in Stall 4, was a lock of hair. This lock of hair was sealed in an envelope by SA [redacted] b6 b7C

(f) It was noted that the ceiling tile above the back of Stall 4 had been knocked upward out of its tracks.

Located in Stall Number 5 was a piece of cardboard which was placed over the commode in Stall Number 5. This cardboard was sealed in a plastic bag by SA [redacted]

The trash container located near the door was emptied and among numerous used paper towels was located an empty pack of Winston cigarettes. This pack was sealed in an envelope by SA [redacted] b6 b7C

SA [redacted] and SA [redacted] then processed Stall Number 4 for latent fingerprints and obtained five lifts of latent fingerprints.

ENCLOSURE

12th Inmate Killed at Penitentiary

Homemade Weapons Used on Bank Bandit

ATLANTA — (AP) — A 36-year-old Houston man has become the 12th victim in three years of killings at the Atlanta Federal Penitentiary, authorities say.

John Marzloff, who was serving 10 years for bank robbery, died Sunday of what appeared to be multiple stab wounds, said FBI Agent Ed Pistey. No motive was known, Pistey said.

Authorities said Marzloff was killed with homemade weapons. One of the weapons was left in his body, which was found in a restroom.

Prison officials have said they want to close the prison, scene of a dozen inmate slayings in the last 30 months, and have set 1985 as a target date for a shutdown.

The first of the recent series of killings took place Nov. 26, 1976, when someone doused Ronald Bell, 33, with paint thinner and set him afire as he slept in his cell.

Bell was killed in a dispute over drugs, officials said.

Two of the other 10 slayings were attributed to homosexual quarrels, two others to personal grudges, another to drugs and four to contract killings.

One of victims was Vincent C. Papa, believed to have been the brain behind the theft of $70-million worth of drugs that had been confiscated in the "French Connection" case and were being stored at the New York Police Department. He was stabbed in July 1977.

By the time the ninth prisoner was found dead on April 10, 1978, U.S. Senate hearings on prison conditions had been held and a special task force was dispatched to take a first-hand look at the 28-acre complex.

During the hearings, a convicted loan shark testified that drugs were easily available inside the prison and an enemy could be killed for as little as $500.

The prison population has been cut from more than 2,300 in 1977 to about 1,500. New locks and metal detectors have been installed, more guards hired and inmates restricted in their movements.

OUTSIDE SOURCE

[redacted]

Dear [redacted]

Jethro Shepherd Marzloff

Reference is made to your letter with enclosures dated June 9, 1979, concerning the tragic death of your son, Mr. John Marzloff, on May 20, 1979, at the United States Penitentiary, Atlanta, Georgia.

Please be advised that the FBI is investigating the murder of your son with the hopeful conclusion that the individual(s) responsible will be brought to trial. We, as in all ongoing investigations, cannot comment as to the results of our investigation to date as such action may prejudice any future judicial proceedings. Your anguish over your son's loss is understandable, and I assure you the FBI will do everything possible to solve this murder.

The FBI is not in a position to respond to your request for information concerning his incarceration and documents pertaining to his death. In this regard, you may desire to correspond directly with the Bureau of Prisons, Washington, D. C., which is being provided a copy of your letter and enclosures.

Sincerely yours,

Enclosed for Springfield are three copies of a court order directing that hair samples be taken from subjects.

For the information of Springfield, victim was found stabbed and hacked to death in the recreation building at the U. S. Penitentiary, Atlanta (USP-A) on 5/20/79. Investigation has developed the four subjects as the individuals who stabbed the victim. At the crime scene, numerous body hairs, not the victims, were found. It is believed that during the course of the attack on the victim, the victim may have pulled some hairs out of the head of one of his attackers.

The U. S. Attorney's Office in Atlanta was asked to obtain this court order on 6/1/79, but do to an inexplicable delay, the order was not obtained until 7/9/79. In the meantime all four subjects have been transferred to the U.S.P. Marion.

WASHINGTON, D. C. 20535

To: SAC, Atlanta (70-5408)

July 17, 1979

FBI FILE NO. 70-72027

LAB. NO. 90529062 [redacted] b6 b7C

Re: UNSUBS;
JOHN SHERMAN MARZLOFF - VICTIM;
CGR - MURDER (A)

Specimens received May 29, 1979

Specimens:

Q1	Piece of cardboard
Q2	Knife
Q3	Empty pack of cigarettes
Q4	Hairs from toilet paper holder
Q5	Hairs from side of toilet stall
Q6	Envelope
Q7	Fatigue shirt
Q8	Book of matches
Q9	T-shirt
Q10-Q14	Five brown paper towels
Q15	Knife with cloth handle
Q16	Fatigue shirt

(over)

Result of examination:

Numerous brown head hairs of Caucasian origin were found on or in specimens Q2, Q4, Q5, Q7 and Q16. Several additional brown pubic hairs of Caucasian origin were found on or in specimens Q2, Q9 and Q16. The aforementioned head and pubic hairs are suitable for microscopic comparisons in the event known head and/or pubic hair samples from suspects are submitted for this purpose.

All foreign textile fibers deriving from debris recovered from the submitted garments have been preserved in the event future comparisons are desired. Moreover, numerous white and blue-gray cotton fibers were found on the Q2 knife. These fibers are of very limited value for comparison purposes.

The number [redacted] has been stamped on the bottom inside back portion of the Q7 shirt. No visible or invisible identifying markings were observed or detected on specimen Q9. The number 32292 appears on the back, outside portion of the Q16 shirt. b6 b7C

The handle of the Q2 knife appears to consist of wrappings of a rubberlike material which is dissimilar to types of electrical insulating tapes normally encountered.

A piece of fabric wrapped around the tang of the Q2 knife is of white cotton knit construction and exhibits torn edges. Such edges are of value for comparison purposes in the event similar-type fabrics are recovered from a suspect or suspects. It was further noted that the fabric appeared to be of the type commonly encountered in the construction of T-shirts.

FD-302 (REV. 3-8-77)

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 5/24/79

1

The following crime scene investigation was conducted at the Recreation Building of the United States Penitentiary, Atlanta, Georgia (USP-A) on May 20, 1979:

At 2:30 PM, [redacted] USP-A, displayed the body of JOHN SHERMAN MARZLOFF, JR., Inmate Number 32292-138, to the investigating Agents. [redacted] advised the restroom area in which the body had been discovered had not been disturbed since its discovery other than by the prison doctor who had examined MARZLOFF and pronounced him dead. b6 b7C

Prior to any collection of evidence or disturbance of the crime scene, photographs were taken by Special Agent [redacted]

A crime scene sketch was prepared by SA [redacted]

A crime scene search was then conducted by SA [redacted] and SA [redacted] with the following results. The crime scene was the urinal stall and commode stall area of the restroom and shower room of the recreation building. b6 b7C

Upon entering the door to the restroom, there are two washbasins located on the left of the door, continuing along the left wall are five stalls, the first two are urinal stalls and the last three are commode stalls. For purposes of clarification, the stalls were numbered 1 through 5, starting with the stall nearest the door to the restroom.

Located in Stall Number 1 was a tee-shirt which was found on the floor on the right side of the urinal. This tee-shirt is white in color with a tag marked, "All Cotton, Made in U.S.A., X-Large 46-48". The tee-shirt appeared to be brand new, being of softer texture than a tee-shirt which had been previously washed. The tee-shirt had several blood stains on it. The tee-shirt was removed from the floor and sealed in a plastic envelope by SA [redacted]

Investigation on 5/20/79 at Atlanta, Georgia File # AT 70-5408 b6 b7C

by SA [redacted], SA [redacted] [redacted] SA [redacted] Date dictated 5/21/79

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

Examination of Stall Number 2 did not reveal any items of evidentiary value.

Located in Stall Number 3 were the following:

(a) A letter-sized envelope marked "FPS Box PMB Atlanta, Georgia 30315, Official Business Penalty for Private Use, $300". This envelope was located on the left side of the commode by SA [redacted] and was placed in a plastic envelope and sealed by SA [redacted]

(b) Located on the floor near the commode were several paper towels, wadded up, with several small blood stains on them. These items were sealed in a plastic envelope by SA [redacted] b6 b7C

(c) Located in the commode was a home-made knife, 12 inches by one inch, made of steel with a handle made by wrapping white tee-shirt type cloth. The handle of the knife had a large quantity of blood on it. This knife was placed in a plastic envelope and allowed to dry by SA [redacted]

(d) The right upper portion of MARZLOFF's body was in the right side of the stall beneath the partition separating Stall Number 3 and Stall Number 4. A large pool of blood was on the floor beneath and around the upper portion of his body.

(e) Located in the crotch of MARZLOFF's right arm was a home-made knife made of steel, 8½ inches by one inch, with a handle made by wrapping black electrician's tape around it. The handle had a large quantity of blood on it, however, the blade did not appear to have blood on it.

Located in Stall Number 4 were the following:

(a) The major portion of MARZLOFF's body was located with the head toward the back on the left side of the commode, laying on his right side beneath the partition between Stall 3 and 4, angling back to beneath the middle of the door of Stall 4.

(b) Clutched in MARZLOFF's left arm was a green fatigue jacket imprinted with Number 32292. When this

jacket was picked up by SA [redacted] a book of matches fell out, which was white in color. The fatigue jacket was completely soaked with blood. The book of matches had several blood stains and smears on it. These items were allowed to dry and later placed in an envelope and sealed by SA [redacted]

(c) Located on the right side of the stall was a second green fatigue jacket which was imprinted with the number [redacted] This fatigue jacket was sealed in a brown manilla envelope by SA [redacted]

b6
b7C

(d) Located on the partition between Stall 3 and 4 was a large smear of blood with a quantity of hair adhered to it. A sample of this hair was taken by SA [redacted] and sealed in an envelope.

(e) Located in a crevice between the toilet paper holder and the wall to which it was attached, in Stall 4, was a lock of hair. This lock of hair was sealed in an envelope by SA [redacted]

(f) It was noted that the ceiling tile above the back of Stall 4 had been knocked upward out of its tracks.

Located in Stall Number 5 was a piece of cardboard which was placed over the commode in Stall Number 5. This cardboard was sealed in a plastic bag by SA [redacted]

The trash container located near the door was emptied and among numerous used paper towels was located an empty pack of Winston cigarettes. This pack was sealed in an envelope by SA [redacted]

b6
b7C

SA [redacted] and SA [redacted] then processed Stall Number 4 for latent fingerprints and obtained five lifts of latent fingerprints.

SUBJECT: UNSUBS;
JOHN SHERMAN MARZLOFF - VICTIM
CGR - MURDER (A)
OO: AT

COPY AND SPECIMENS RETAINED IN LAB FOR LAB ACTION AND REPORT

For information of the Bureau, Laboratory Section, at approximately 12:30 PM, 5/20/79, the body of victim JOHN SHERMAN MARZLOFF, an inmate at the U.S. Penitentiary, Atlanta, Georgia (USP-A), was discovered in a toilet stall in the recreation building. MARZLOFF had multiple stab wounds and an apparent hatchet blow to the back of the head. MARZLOFF was pronounced dead at the scene. Developed as suspects were inmates BARRY B. MILLS, FBI # 152 817 G; and

b6
b7C

All of the above suspects are believed to be members of a prison organization known as the Aryan Brotherhood.

Enclosed for the Bureau are five copies of an FD-302 reflecting recovery of items in this matter and locations where found. During the course of a crime scene search, the following items were recovered and are enclosed under separate cover for the Bureau:

(1) One piece of cardboard, two feet by four feet

3 - Bureau (Enc. 5)
(1 - Package Copy)(Enc. 12)
2 - Atlanta

b6
b7C

(5)

(2) One home-made knife, 8½inches, with black tape handle

(3) One empty pack of Winston cigarettes

(4) One envelope containing hair marked, "Hair from a toilet paper holder" (to distinguish it from Item #5)

(5) One envelope containing hair marked, "Hair taken from side of toilet stall #4"

(6) One letter-size envelope

(7) One fatigue jacket in a brown envelope (the brown envelope is of no significance other than the fact that it was the original container in which the jacket was placed)

(8) One white book of inmate matches

(9) One white tee-shirt

(10) Several brown paper towels

(11) One 12 inch knife with cloth handle

(12) One fatigue jacket in plastic bag

The Latent Fingerprint Section is requested to examine items (1), (2), (3), (6), (8), (10), and (11) for latent fingerprints. If fingerprints are developed, they should be compared with the known prints of suspects whose FBI numbers are shown above, as well as the prints of victim MARZLOFF, FBI # 969 41 E.

The Serology Section is requested to examine items (1), (2), (7), (8), (9), (10), (11) and (12) for blood and other fluids. Blood from victim MARZLOFF is being obtained and will be submitted. Blood from suspects will be submitted when obtained through court order.

The Hair and Fiber Section is requested to examine items (2), (3), (4), (5), (7), (9), (10), (11), and (12). NOTE: The black tape on Item (2) and the

cloth on Item (12) should be examined as well as the items themselves since a search is being conducted of all personal property of suspects to determine if tape or cloth of a similar nature can be located. As soon as this search is completed, the Hair and Fiber Section will be notified of the results.

Additionally, court order is being obtained to obtain hair samples from suspects and will be submitted later.

At the conclusion of the examinations of the enclosed items, they should be returned to Atlanta for use as evidence.

Re: [redacted]

JOHN SHERMAN MARZLOFF - VICTIM;
CGR - MURDER (A)

Specimens received June 4, 1979

Q17	Left hand fingernail clippings from victim (#2e)
Q18	Right hand fingernail clippings from victim (#2e)
Q19-Q26	Package of Debris (#2f)
K1	Liquid blood sample from victim
K2	Scalp hairs from victim (#2a)
K3	Pubic hair from victim (#2b)
K4	Chest hair from victim (#2c)
K5	Left arm hair from victim (#2d)

Result of examination:

The K1 liquid blood sample was determined to have originated from an individual of blood group "A." Human blood, insufficient in quantity for grouping purposes, was identified on specimens Q17 and Q18.

[redacted] b6 b7C
(4)

FBI/DOJ

Blue, light green and white cotton fibers were found in specimens Q17 and Q18. These fibers are of limited value for comparison purposes. Numerous blue cotton fibers were found in specimen Q26 which are suitable for microscopic comparisons.

Many of the previously recovered hairs from specimens Q2, Q4, Q5, Q7, Q9 and Q16 are microscopically like or similar to the hairs of specimens K2 and K3. Additionally, some of the brown head hairs found in specimens Q21, Q22, Q24, and Q25 are microscopically like the hairs of specimen K2.

A description of specimens previously submitted will be found in the FBI Laboratory report dated July 17, 1979, (Laboratory #90529062).

A microscopic comparison of hairs dissimilar to those in specimens K2 and K3 will be made if known hair samples from suspects are submitted.

#30

Enclosed for the Bureau are cut as well as pulled head hair samples from BARRY MILLS.

Enclosed for Atlanta are eight copies of an FD-302 regarding the obtaining of the head hair samples from BARRY MILLS, on 9/6/79, at the United States Penite Marion, Illinois.

Atlanta has advised that victim was found stabb and hacked to death in the recreation building at the United States Penitentiary, Atlanta, Georgia, on 5/20/79. Investigation has developed the four subjects as the individuals who stabbed the victim. At the crime scene, numerous body hairs, not the victims, were found. It is believed that during the course of the attack on the victim, the victim may have pulled some hairs out of the head of one of his attackers.

Report of: SA [redacted] Office: Atlanta b6 b7C

Date: October 4, 1979

Field Office File #: 70-5408 Bureau File #: 70-72027

Narrative of Offense:

This investigation was predicated upon receipt of information from authorities at the U. S. Penitentiary, Atlanta (USP-A), that JOHN SHERMAN MARZLOFF, an inmate at the institution, was found stabbed to death in the recreation yard at the prison on 5/20/79.

JOHN MARZLOFF had arrived at the USP-A from the USP at Leavenworth, Texas toward the end of April, 1979. While at Leavenworth, MARZLOFF was involved in a drug dispute with [redacted] a member of the Aryan Brotherhood, a gang of white prison inmates with members in prisons, both State and Federal, throughout the country. [redacted] told another inmate he would have MARZLOFF taken care of at Atlanta.

On the day of the murder, MARZLOFF was seen entering the recreation shack at the USP-A with [redacted] [redacted]. Several minutes later, [redacted] MILLS [redacted] were observed leaving the recreation shack without MARZLOFF. b6 b7C

Shortly thereafter, MARZLOFF was found stabbed to death in the bathroom of the recreation shack. [redacted] MILLS, [redacted] are all members of the Aryan Brotherhood.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

REPORT of the

FEDERAL BUREAU OF INVESTIGATION
WASHINGTON, D. C. 20535

To: SAC, Atlanta (70-5408) July 17, 1979

FBI FILE NO. 70-72027

LAB. NO. 90529062

Re: UNSUBS;
JOHN SHERMAN MARZLOFF - VICTIM;
CGR - MURDER (A)

b6
b7C

Specimens received May 29, 1979

Specimens:

Q1	Piece of cardboard
Q2	Knife
Q3	Empty pack of cigarettes
Q4	Hairs from toilet paper holder
Q5	Hairs from side of toilet stall
Q6	Envelope
Q7	Fatigue shirt
Q8	Book of matches
Q9	T-shirt
Q10-Q14	Five brown paper towels
Q15	Knife with cloth handle
Q16	Fatigue shirt

Result of examination:

Numerous brown head hairs of Caucasian origin were found on or in specimens Q2, Q4, Q5, Q7 and Q16. Several additional brown pubic hairs of Caucasian origin were found on or in specimens Q2, Q9 and Q16. The aforementioned head and pubic hairs are suitable for microscopic comparisons in the event known head and/or pubic hair samples from suspects are submitted for this purpose.

All foreign textile fibers deriving from debris recovered from the submitted garments have been preserved in the event future comparisons are desired. Moreover, numerous white and blue-gray cotton fibers were found on the Q2 knife. These fibers are of very limited value for comparison purposes.

b6
b7C

The number [redacted] has been stamped on the bottom inside back portion of the Q7 shirt. No visible or invisible identifying markings were observed or detected on specimen Q9. The number 32292 appears on the back, outside portion of the Q16 shirt.

The handle of the Q2 knife appears to consist of wrappings of a rubberlike material which is dissimilar to types of electrical insulating tapes normally encountered.

A piece of fabric wrapped around the tang of the Q2 knife is of white cotton knit construction and exhibits torn edges. Such edges are of value for comparison purposes in the event similar-type fabrics are recovered from a suspect or suspects. It was further noted that the fabric appeared to be of the type commonly encountered in the construction of T-shirts.

LAB. NO. 90529062

Re: UNSUBS;
JOHN SHERMAN MARZLOFF - VICTIM;
CGR - MURDER (A)

b6
b7C

Specimens received May 29, 1979

Result of examination:

This report supplements and completes the FBI Laboratory report dated July 17, 1979. For a detailed listing of the submitted evidence, please refer to that report.

Group "A" human blood was identified on specimens Q9 and Q16. Grouping tests conducted on the human blood identified on specimens Q2, Q7, Q8 and Q14 were inconclusive. Blood, which could not be further characterized, was identified on specimens Q10 through Q13 and Q15. No blood was identified on specimen Q1.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 5/22/79

ROBERT E. LEE HOGAN, Inmate number 40489-133, United States Penitentiary (USP), Atlanta, Georgia was advised as to the identities of the interviewing Agents and the nature of rights as shown by an executed interrogation; Advice of Rights and Waiver form. HOGAN voluntarily provided the following information:

HOGAN advised he arrived at USP, Atlanta, Georgia May 17, 1979 from USP, Lewisburg, Pennsylvania and is not acquainted with anyone in Atlanta except [redacted] an inmate he met in the hospital. HOGAN continued that he does not know JOHN SHERMAN MARZLOFF.

HOGAN advised he was in the company of [redacted] the full time he was out in the yard. HOGAN stated that at 10:00 AM he [redacted] were in the music room waiting for an unknown inmate from C Block to bring them two guitars. They were to practice on the guitars as they were both in the band. HOGAN advised they had signed up for the room from 10:00 o'clock until 12:00 o'clock, however, when it became obvious that they were not going to have any instruments, they gave up the room to some black guys at approximately 11:40 AM. HOGAN [redacted] then returned to the mess hall where they ate lunch together. b6 b7C

After lunch both HOGAN [redacted] returned to their respective cells. [redacted] to get the guitars and then to his cell and met HOGAN in the main hall area with one guitar. HOGAN went to his area to get an ice bucket and put ice and two cokes in it and met [redacted] n the main hall area. The time they met in the main hall area was approximately a few minutes prior to twelve o'clock. They then walked to an area near the Putt Putt Golf course where they layed in the sun, drank their cokes and played the guitar. b6 b7C

At 1:50 PM, HOGAN [redacted] started back to the housing area. During their walk they noted prison employees carrying a stretcher into the recreation shack and other unknown inmates who were in the vicinity advised that someone b6 b7C

Interviewed on 5/20/79 at Atlanta, Georgia File # 70-5408

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency. FBI/DOJ

had been "hit". Another inmate who was described as white, male, age 35, height 5'8", to 5'9" and medium build; pointed out the recreation shack as the building where the "hit" occurred. [redacted] asked the inmate who was hit and the inmate responded, "A young white dude with long hair".

HOGAN advised that both he [redacted] were searched by a prison guard at the entrance to the yard.

HOGAN advised [redacted] b6 b7C

[redacted] HOGAN was wearing a T-shirt, khaki trousers and running shoes. A spot of what appeared to be blood stains were observed on the khaki trousers and they were confiscated. HOGAN advised the stains were paint.

The following information was obtained through observation and interview:

Name:	ROBERT E. LEE HOGAN
DOB:	November 10, 1949
POB:	Sumpter, South Carolina
Height:	5'9"
Weight:	160 lbs
Eyes:	Blue
Hair:	Red, long
SSAN:	296-54-7202
Education:	High School graduation, Virginia State Penitentiary
Scars, Marks and Tattoos:	15 stabs wounds, (one on neck and 14 on chest and arms) Two dozen tattoos - "Heres Mine" and two cherries on R/forearm, Cross w/chain on chest, Maltese cross and swastika on L/hand, Skull and dagger on R/arm.

COPY AND SPECIMENS RETAINED IN LAB FOR LAB ACTION AND REPORT

B 74953

For information of the Bureau, Laboratory Section, at approximately 12:30 PM, 5/20/79, the body of victim JOHN SHERMAN MARZLOFF, an inmate at the U.S. Penitentiary, Atlanta, Georgia (USP-A), was discovered in a toilet stall in the recreation building. MARZLOFF had multiple stab wounds and an apparent hatchet blow to the back of the head. MARZLOFF was pronounced dead at the scene. Developed as suspects were inmates [redacted] BARRY B. MILLS, FBI # 152 817 G; [redacted]

b6
b7C

All of the above suspects are believed to be members of a prison organization known as the Aryan Brotherhood.

Enclosed for the Bureau are five copies of an FD-302 reflecting recovery of items in this matter and locations where found. During the course of a crime scene search, the following items were recovered and are enclosed under separate cover for the Bureau:

(1) One piece of cardboard, two feet by four feet

3 - Bureau (Enc. 5)
1 - Package Copy (Enc. 12)
2 - Atlanta
[redacted]
(5)

[redacted]

b6
b7C

C.F.S.

70-72027

(2) One home-made knife, 8½ inches, with black tape handle

(3) One empty pack of Winston cigarettes

(4) One envelope containing hair marked, "Hair from a toilet paper holder" (to distinguish it from Item #5)

(5) One envelope containing hair marked, "Hair taken from side of toilet stall #4"

(6) One letter-size envelope

(7) One fatigue jacket in a brown envelope (the brown envelope is of no significance other than the fact that it was the original container in which the jacket was placed)

(8) One white book of inmate matches

(9) One white tee-shirt

(10) Several brown paper towels

(11) One 12 inch knife with cloth handle

(12) One fatigue jacket in plastic bag

The Latent Fingerprint Section is requested to examine items (1), (2), (3), (6), (8), (10), and (11) for latent fingerprints. If fingerprints are developed, they should be compared with the known prints of suspects whose FBI numbers are shown above, as well as the prints of victim MARZLOFF, FBI # 969 41 E.

The Serology Section is requested to examine items (1), (2), (7), (8), (9), (10), (11) and (12) for blood and other fluids. Blood from victim MARZLOFF is being obtained and will be submitted. Blood from suspects will be submitted when obtained through court order.

The Hair and Fiber Section is requested to examine items (2), (3), (4), (5), (7), (9), (10), (11), and (12). NOTE: The black tape on Item (2) and the

cloth on Item (12) should be examined as well as the items themselves since a search is being conducted of all personal property of suspects to determine if tape or cloth of a similar nature can be located. As soon as this search is completed, the Hair and Fiber Section will be notified of the results.

Additionally, court order is being obtained to obtain hair samples from suspects and will be submitted later.

At the conclusion of the examinations of the enclosed items, they should be returned to Atlanta for use as evidence.

FD-302 (REV. 3-8-77)

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 5/24/79

1

The following crime scene investigation was conducted at the Recreation Building of the United States Penitentiary, Atlanta, Georgia (USP-A) on May 20, 1979:

At 2:30 PM, [redacted] USP-A, displayed the body of JOHN SHERMAN MARZLOFF, JR., Inmate Number 32292-138, to the investigating Agents. [redacted] advised the restroom area in which the body had been discovered had not been disturbed since its discovery other than by the prison doctor who had examined MARZLOFF and pronounced him dead.

b6
b7C

Prior to any collection of evidence or disturbance of the crime scene, photographs were taken by Special Agent [redacted]

A crime scene sketch was prepared by SA [redacted]

A crime scene search was then conducted by SA [redacted] SA [redacted] with the following results. The crime scene was the urinal stall and commode stall area of the restroom and shower room of the recreation building.

Upon entering the door to the restroom, there are two washbasins located on the left of the door, continuing along the left wall are five stalls, the first two are urinal stalls and the last three are commode stalls. For purposes of clarification, the stalls were numbered 1 through 5, starting with the stall nearest the door to the restroom.

Located in Stall Number 1 was a tee-shirt which was found on the floor on the right side of the urinal. This tee-shirt is white in color with a tag marked, "All Cotton, Made in U.S.A., X-Large 46-48". The tee-shirt appeared to be brand new, being of softer texture than a tee-shirt which had been previously washed. The tee-shirt had several blood stains on it. The tee-shirt was removed from the floor and sealed in a plastic envelope by SA [redacted]

Investigation on 5/20/79 at Atlanta, Georgia File # AT 70-5403

b6
b7C

by [redacted] Date dictated 5/21/79

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

70-72027

Examination of Stall Number 2 did not reveal any items of evidentiary value.

Located in Stall Number 3 were the following:

(a) A letter-sized envelope marked "FPS Box PMB Atlanta, Georgia 30315, Official Business Penalty for Private Use, $300". This envelope was located on the left side of the commode by SA [redacted] and was placed in a plastic envelope and sealed by SA [redacted]

(b) Located on the floor near the commode were several paper towels, wadded up, with several small blood stains on them. These items were sealed in a plastic envelope by SA [redacted]

b6
b7C

(c) Located in the commode was a home-made knife, 12 inches by one inch, made of steel with a handle made by wrapping white tee-shirt type cloth. The handle of the knife had a large quantity of blood on it. This knife was placed in a plastic envelope and allowed to dry by SA [redacted]

(d) The right upper portion of MARZLOFF's body was in the right side of the stall beneath the partition separating Stall Number 3 and Stall Number 4. A large pool of blood was on the floor beneath and around the upper portion of his body.

(e) Located in the crotch of MARZLOFF's right arm was a home-made knife made of steel, 8½ inches by one inch, with a handle made by wrapping black electrician's tape around it. The handle had a large quantity of blood on it, however, the blade did not appear to have blood on it.

Located in Stall Number 4 were the following:

(a) The major portion of MARZLOFF's body was located with the head toward the back on the left side of the commode, laying on his right side beneath the partition between Stall 3 and 4, angling back to beneath the middle of the door of Stall 4.

(b) Clutched in MARZLOFF's left arm was a green fatigue jacket imprinted with Number 32292. When this

jacket was picked up by SA [redacted], a book of matches fell out, which was white in color. The fatigue jacket was completely soaked with blood. The book of matches had several blood stains and smears on it. These items were allowed to dry and later placed in an envelope and sealed by SA [redacted]

b6
b7C

(c) Located on the right side of the stall was a second green fatigue jacket which was imprinted with the number [redacted] This fatigue jacket was sealed in a brown manilla envelope by SA [redacted]

(d) Located on the partition between Stall 3 and 4 was a large smear of blood with a quantity of hair adhered to it. A sample of this hair was taken by SA [redacted] and sealed in an envelope.

b6
b7C

(e) Located in a crevice between the toilet paper holder and the wall to which it was attached, in Stall 4, was a lock of hair. This lock of hair was sealed in an envelope by SA [redacted]

(f) It was noted that the ceiling tile above the back of Stall 4 had been knocked upward out of its tracks.

Located in Stall Number 5 was a piece of cardboard which was placed over the commode in Stall Number 5. This cardboard was sealed in a plastic bag by SA [redacted].

The trash container located near the door was emptied and among numerous used paper towels was located an empty pack of Winston cigarettes. This pack was sealed in an envelope by SA [redacted]

b6
b7C

SA [redacted] and SA [redacted] then processed Stall Number 4 for latent fingerprints and obtained five lifts of latent fingerprints.

K8

Re Springfield airtel to Atlanta dated 9/10/79.

K8

Enclosed for the Bureau, attention: FBI Laboratory, are head hair samples taken from [redacted] on 10/15/79 at the Federal Correctional Institution (FCI), Tallahassee, Florida, pursuant to a court order issued by U. S. District Judge WILLIAM C. O'KELLEY, Northern District of Georgia, Atlanta Division, dated 7/9/79.

b6
b7C

Enclosed for Atlanta are original and one copy of FD-302 regarding obtaining of hair samples from [redacted] on 10/15/79.

For the information of the FBI Laboratory, [redacted] along with other captioned subjects is suspect in murder of victim at the Federal Penitentiary, Atlanta, Georgia, on 5/20/79. Victim was found stabbed and hacked to death in the recreation building. At the crime scene, numerous body hairs, not the victim's, were found.

The FBI Laboratory is requested to conduct hair sample comparison of enclosed hair samples with that of previously submitted hair samples.

INSTRUCTIONS

PHOTO UNIT
U.S. DEPT. OF JUSTICE
SEP 17 12 21 PM '80

GENERAL

ALL photographic work must be submitted under the substantive case caption when it relates to an investigative matter. Include FBIHQ file number when available. All other photographic processing forms (including FD-482) are obsolete and should not be used. The FD-523 is to be utilized for all photographic processing work forwarded to FBIHQ except employee identification and/or credential cards. Requests for official FBI identification and credential cards must be submitted on form FD-464, Attention: Property Procurement and Management Section.

The FD-523 may be filled out in legible hand printing. The following information is set forth to assist in properly filling out this form. Remove third sheet only (yellow field copy) and submit the remaining five pages.

1. **ENCLOSED PHOTOGRAPHIC WORK RELATES TO:**

All photographic work submitted should be checked as Current Investigation, Mug Shot Program, or OTHER in appropriate block. If "OTHER" is checked a short description of what it is should be stated under item #4 (Remarks).

2. **ENCLOSURE(S):**

Film To Be Processed - Check appropriate column for Color, Black and White film, alongside the size of the film. Also, indicate the number of sheets or rolls or cassettes in the quantity column. Slides refers to **EXTACHROME ONLY, DO NOT SEND KODACHROME.**

Movie Film Or Microfilm - Check appropriate block for size and quantity. **DO NOT SEND COLOR MOVIE FILM.**

Negatives To Be Printed - Check appropriate block for size; Color or Black and White and quantity submitted. If 135mm negatives are to be printed, indicate by frame number, do not cut up into individuals frames. The same applies to any roll film.

Other - Enclosures to be copied e.g. photographs, documents, objects, etc.

3. **WORK REQUESTED:**

Processing - Only means to develop the film and **NO COPIES or PRINTS** e.g. microfilm.

Process And Print - Means to develop film and make one or more prints.

Process And Make Contact Strip - Means to develop film and make prints same size as negatives.

Slides To Be Processed - Means Ektachrome film to be developed and slides mounted.

Slides To Be Duplicated - Means process slide film and make one or more duplicates of each slide.

Prints To Be Made - From 135, 126 and 110 film, check size 3½ X 5 or 5 X 7. These are the only size prints available from our machine printers. Check Color or Black and White.

From 120 and 4 X 5 Film - Check size 4 X 5 or 8 X 10 and indicate Color or Black and White. These are the only size prints available from our machine printers.

Cibachrome Prints - Prints made directly from slides. Machine prints can be made in sizes 3½ X 5, 5 X 7 and 8 X 10.

Custom Prints - From any size negative or slide; indicate quantity and size of prints either Color or Black and White. Custom prints are available in various sizes but require extensive special handling. This type of printing is done on special request and proper justification must be furnished under item #4 (Remarks).

4. **REMARKS:**

Justification for custom prints. Any special instruction or short description of "other" photographic work in item #1 of this form.

FEB 10 1981

* Include subclass letter if applicable.

[redacted]

INSTRUCTIONS

(1) Submit an original only of the FD-515 within 30 days of a recordable accomplishment. Submission of each statistic should not be delayed awaiting the accumulation of several statistics.

(2) The date the FD-515 is submitted must be shown.

(3) The field office file number and appropriate subclassification, if applicable, must be set forth.

(4) Category A - **"PRELIMINARY JUDICIAL PROCESS"** - This indicates the number of subjects against whom judicial action has taken place. The number of subjects must be indicated with a numerical entry and not with the letter "X" or a check mark.

FOR EXAMPLE: If 4 subjects have 10 Bills of Indictment returned against them, enter 4 on line 3.

(5) Category B - **"FINAL JUDICIAL PROCESS"** - This, again, indicates the number of subjects and the number of counts or violations for which the subject is convicted. The number of counts shown on lines 5 and 7 must equal or exceed the number of subjects indicated on lines 4 and 6, never be less. Category 4 and 5 or 6 and 7 cannot be claimed prior to sentencing.

FOR EXAMPLE: If a subject is convicted for multiple counts in a single indictment or is convicted on a number of individual indictments, the entry in either case will be one subject convicted.

(6) Category C - **"SENTENCES"** - Indicate only the number of subjects and where a combination of sentences are imposed, enter only the most severe sentence. The number of subjects cannot exceed the number of subjects indicated in Category B, lines 4 and 6. The amount of the fine (line 5), if any, is always claimed in conjunction with either lines 1, 2, 3, or 4.

(7) Category D - **"ARRESTS/LOCATES/SUMMONS"** - Indicate the number of subjects under designated priorities.

(8) Category E - **"RECOVERY AND LOSS PREVENTED"**- Recoveries - When stolen or illegally possessed items with intrinsic value are recovered as a part of an FBI investigation, the value of the item should be recorded. Restitutions will be recorded in this category when ordered as part of a sentence.

Potential Economic Loss Prevented - Record items such as counterfeit securities, money orders, Cashier Checks, Travelers Checks, and pirated copyright and patented material.

A justification airtel must be submitted with the FD-515 as an enclosure when the recovery or potential economic loss prevented exceeds $1,000,000.

(9) Category F - **"CIVIL MATTERS"** - To record an entry in this category, it is necessary to conduct actual investigation in the matter. Both the original amount sought and the damages awarded by the court are to be recorded under amount of suit and settlement or award. Therefore, if numbers 1 or 3 are completed, it is necessary that number 2 and 4 also be completed even if by zero. The only exception would be when monies are paid by the subject in Ascertaining Financial Ability Matters wherein it is not necessary to record an entry in F3.

(10) **"REMARKS"** - Identify the name of the subject(s) and when reporting a conviction identify the Title, Section, and Code applicable to each count convicted.

(11) Errors - If a previously submitted FD-515 is determined to contain an error after verifying the statistic on the Monthly Statistical Results Report, submit an original only of the FD-515 clearly marking the top of the form in red ink with the word **"AMENDED."** Other than the title, FBIHQ file number (if known), field office file number, and date, only complete the category being corrected by a numerical entry representing the appropriate decrease or increase. If this entry represents a decrease, insert a minus " — " sign and if an increase, insert a plus "+" sign directly to the left of the numerical entries which will signify the type of correction.

MAR 16 1981

Approved: _____ Transmitted _____ (Number) (Time) Per _____

☆ U.S. GOVERNMENT PRINTING OFFICE: 1980-305-750/5402

Mills is believed to be the head of the Aryan Brotherhood, a violence prone prison organization, which has been responsible for numerous murders and assaults within Federal and State penitentiaries. Mills is reputed national leader.

Barry Byran Mills is determined to have FBI number 152817G. Inmate [redacted] determined to have FBI number [redacted] b6 b7C

Springfield has contacted U.S. Attorney's Office who will prosecute this matter should sufficient evidence be developed. Springfield will obtain court order obtaining handwriting samples from Mills upon his return from writ to court in California.

FBI LABORATORY

Will compare printing on enclosed letter to known handwriting of Mills contained in copy of letter sent by Mills.

LATENT FINGERPRINT SECTION

Will compare any latent fingerprints developed on item one with inked fingerprints on file for Barry Bryan Mills, FBI number 15217G and [redacted] FBI number [redacted] b6 b7C

Bureau is requested to expeditiously furnish copies of Laboratory and Latent Fingerprint results to Atlanta and Springfield.

For information of Bureau, Subject is charged with murder in U. S. Penitentiary, Atlanta, Georgia, and Atlanta feels analysis would be beneficial in upcoming trial.

SPRINGFIELD DIVISION

AT MARION, ILLINOIS

Will attempt to obtain identities of any other individuals who handled this letter, and if necessary will forward their fingerprints to the FBI Latent Fingerprint

b6
b7C

Specimens received March 12, 1981

Q27 One-page hand printed letter beginning "Hi [redacted] Hows ...."

Kc9 Photocopy of envelope and four page letter bearing handwriting and hand printing of BARRY BRYAN MILLS

Result of examination:

Because of insufficient comparable writing, a meaningful comparison could not be conducted between the hand printing on Q27 and the available known writing of BARRY BRYAN MILLS, the writer of Kc9, which is handwritten material.

You will be separately advised of the results of the requested latent fingerprint examination and the disposition of the submitted evidence. Photographs are retained.

CGR - CONSPIRACY TO COMMIT MURDER
OO: SPRINGFIELD

[redacted] LC# B-74953 3-18-81

Re Springfield airtel to Charlotte, 2/20/81, and Atlanta telephone call to Springfield, 3/6/81.

Enclosed for the Bureau are the following items:

1) Printed letter to [redacted] from "The Baron", this letter received 2/23/81 from [redacted] Security Investigative Supervisor, U.S. Penitentiary, Marion, Illinois; b6 b7C

2) Copy of a letter which is known handwriting of inmate Barry Byran Mills, this copy received from [redacted], Supra, on 2/23/81.

Enclosed for Atlanta is one copy each of above items.

For information of the Bureau, enclosed letter Lead sent by Mills and received by inmate [redacted] who is a Federal prisoner at the Federal Correctional Institute, Butner, North Carolina. Letter appears to be a murder contract being let by Mills for the murder of inmate [redacted] inmate number [redacted] Both [redacted] were recently transferred from the U. S. Penitentiary, Marion, to the Federal Correctional Institute, Butner. b6 b7C

(3) - Bureau (Enc. 2)

[redacted] b6 b7C
(4)

70-72027

[redacted]

Mills is believed to be the head of the Aryan Brotherhood, a violence prone prison organization, which has been responsible for numerous murders and assaults within Federal and State penitentiaries. Mills is reputed national leader.

Barry Byran Mills is determined to have FBI number 152817G. Inmate [redacted] determined to have FBI number [redacted] b6 b7C

Springfield has contacted U.S. Attorney's Office who will prosecute this matter should sufficient evidence be developed. Springfield will obtain court order obtaining handwriting samples from Mills upon his return from writ to court in California.

FBI LABORATORY

Will compare printing on enclosed letter to known handwriting of Mills contained in copy of letter sent by Mills.

LATENT FINGERPRINT SECTION

Will compare any latent fingerprints developed on item one with inked fingerprints on file for Barry Bryan Mills, FBI number 152817G and [redacted] FBI number [redacted] b6 b7C

Bureau is requested to expeditiously furnish copies of Laboratory and Latent Fingerprint results to Atlanta and Springfield.

For information of Bureau, Subject is charged with murder in U. S. Penitentiary, Atlanta, Georgia, and Atlanta feels analysis would be beneficial in upcoming trial.

SPRINGFIELD DIVISION

AT MARION, ILLINOIS

Will attempt to obtain identities of any other individuals who handled this letter, and if necessary will forward their fingerprints to the FBI Latent Fingerprint

Re Atlanta airtel to Bureau 2/5/81.

On March 18, 1981, Federal District Court Judge Robert Ready ruled Federal Grand Juries in the Northern District of Georgia between 1977 and 1979 were illegally constituted because certain classes of people i.e. handicapped, housewives, professional people, were routinely excluded on the Grand Jury. As a result, 52 criminal indictments were dismissed. One of those indictments was against Barry Mills, a subject in this case.

AUSA [redacted] is currently in process of drawing up new indictments against Mills. It is expected Mills will be indicted when a new Grand Jury is formed and this may not be for several more months. b6 b7C

Bureau will be advised when Mills is reindicted.

(ATTENTION: FBI LABORATORY)

Re Springfield airtel to Bureau, 3/6/81; report of the FBI Laboratory, 3/18/81; and report of the FBI Latent Fingerprint Section, 4/3/81.

Enclosed for the Bureau are the following items which will consist of known handwritings of inmate Barry Byran Mills:

1. Copy of envelope and letter dated [redacted]

2. Copy of envelope and letter dated [redacted]

3. Six pages of handwritten addresses written by Mills.

b6
b7C

Springfield has attempted to locate known handwriting of Mills in which he printed, but has been unsuccessful and the only items located are those enclosed for the Bureau above. The FBI Laboratory has already conducted a handwriting comparison of a one page handprinted letter beginning "Hi [redacted] Hows ----" and compared these items to a photocopy of an envelope and four pages of letters bearing handwriting and handprinting of Mills. The FBI Laboratory number assigned was 10312044 [redacted] and there was insufficient writings to make any determination.

35

AUG 27 1981

* Include subclass letter if applicable.

INSTRUCTIONS

(1) Submit an original only of the FD-515 within 30 days of a recordable accomplishment. Submission of each statistic should not be delayed awaiting the accumulation of several statistics.

(2) The date the FD-515 is submitted must be shown.

(3) The field office file number and appropriate subclassification, if applicable, must be set forth.

(4) Category A - **"PRELIMINARY JUDICIAL PROCESS"** - This indicates the number of subjects against whom judicial action has taken place. The number of subjects must be indicated with a numerical entry and not with the letter "X" or a check mark.

FOR EXAMPLE: If 4 subjects have 10 Bills of Indictment returned against them, enter 4 on line 3.

(5) Category B - **"FINAL JUDICIAL PROCESS"** - This, again, indicates the number of subjects and the number of counts or violations for which the subject is convicted. The number of counts shown on lines 5 and 7 must equal or exceed the number of subjects indicated on lines 4 and 6, never be less. Category 4 and 5 or 6 and 7 cannot be claimed prior to sentencing.

FOR EXAMPLE: If a subject is convicted for multiple counts in a single indictment or is convicted on a number of individual indictments, the entry in either case will be one subject convicted.

(6) Category C - **"SENTENCES"** - Indicate only the number of subjects and where a combination of sentences are imposed, enter only the most severe sentence. The number of subjects cannot exceed the number of subjects indicated in Category B, lines 4 and 6. The amount of the fine (line 5), if any, is always claimed in conjunction with either lines 1, 2, 3, or 4.

(7) Category D - **"ARRESTS/LOCATES/SUMMONS"** - Indicate the number of subjects under designated priorities.

(8) Category E - **"RECOVERY AND LOSS PREVENTED"** - **Recoveries** - When stolen or illegally possessed items with intrinsic value are recovered as a part of an FBI investigation, the value of the item should be recorded. Restitutions will be recorded in this category when ordered as part of a sentence.

Potential Economic Loss Prevented - Record items such as counterfeit securities, money orders, Cashier Checks, Travelers Checks, and pirated copyright and patented material.

A justification airtel must be submitted with the FD-515 as an enclosure when the recovery or potential economic loss prevented exceeds $1,000,000.

(9) Category F - **"CIVIL MATTERS"** - To record an entry in this category, it is necessary to conduct actual investigation in the matter. Both the original amount sought and the damages awarded by the court are to be recorded under amount of suit and settlement or award. Therefore, if numbers 1 or 3 are completed, it is necessary that number 2 and 4 also be completed even if by zero. The only exception would be when monies are paid by the subject in Ascertaining Financial Ability Matters wherein it is not necessary to record an entry in F3.

(10) **"REMARKS"** - Identify the name of the subject(s) and when reporting a conviction identify the Title, Section, and Code applicable to each count convicted.

(11) Errors - If a previously submitted FD-515 is determined to contain an error after verifying the statistic on the Monthly Statistical Results Report, submit an original only of the FD-515 clearly marking the top of the form in red ink with the word **"AMENDED."** Other than the title, FBIHQ file number (if known), field office file number, and date, only complete the category being corrected by a numerical entry representing the appropriate decrease or increase. If this entry represents a decrease, insert a minus " – " sign and if an increase, insert a plus "+" sign directly to the left of the numerical entries which will signify the type of correction.

MARION, ILLINOIS CGR - CONSPIRACY TO
COMMIT MURDER

OO: Springfield

Examination requested by: Springfield

Reference: Letter dated August 13, 1981

Examination requested: Document

Remarks:

For information, differences were noted in comparison of the known hand printing of BARRY BYRAN MILLS, Kc10, and the questioned hand printing on Q27, previously submitted, which indicate that MILLS may not have prepared that writing, if Kc10 is representative of the natural writing style of MILLS. However, a more definite conclusion could not be reached, because of the limited amount of comparable known hand printing and because the Kc10 specimens are photocopies.

Enclosed herewith for the Bureau, Attention: FBI Laboratory, Special Projects Section, is one blueprint of the recreation shack at the U. S. Penitentiary, Atlanta, Georgia. Also enclosed is a proposed model of a second chart to be used to display 5x8 photographs of the crime scene.

The Special Projects Section is requested to make a trial chart copy of the enclosed blueprint and display chart to be used in the trial of this matter which is scheduled to start 11/2/81. In the blueprint it will not be necessary to put in all the broken lines and specifications put in by the architects. Measurements of rooms also will not be necessary.

Because trial in this matter will start 11/2/81, the Special Projects Section is requested to give preparation of these two charts expedite handling.

[redacted]

ET AL;
JOHN SHERMAN MARZLOFF - VICTIM
CGR - MURDER
(OO: ATLANTA)

Enclosed is subpoena for SA [redacted] for trial in captioned matter, which is scheduled for November 2, 1981. SA [redacted] is expected to testify to a psychological profile he prepared on Robert E. Lee Hogan. Hogan murdered a dietician at U. S. Penitentiary, Atlanta, in 1979. SA [redacted] prepared a profile of Hogan after this murder. Hogan is himself now dead but before his death claimed credit for the Marzloff murder.

- 6H Local - Nonelected Executive Level
- 6J Local - All Other

Bank Officers Or Employees:
- 7A Bank Officer
- 7B Bank Employee

All Others:
- 8A All Other Subjects (not fitting above categories)

*If a subject can be classified in more than one of the categories, select the most appropriate in the circumstance.

Instructions

Subject Priorities for FBI Arrest or Locates:
- A - Subject wanted for crimes of violence (i.e. murder, manslaughter, forcible rape, robbery and aggravated assault) or convicted of such crimes in the past five years.
- B - Subjects wanted for crimes involving the loss or destruction of property valued in excess of $25,000 or convicted of such crimes in the past five years.
- C - All others

Claiming Convictions Other Than Federal:

It is permissible to claim a local (state, county or local) conviction if the FBI's investigation significantly contributed to the successful local prosecution. A succinct narrative setting forth the basis for claiming a local conviction must accompany this report. When claiming a conviction other than Federal, enter the word "LOCAL" in the "Conviction-Section" block, disregard the number of conviction counts, but enter the sentence in the appropriate blocks. Enter "LF" in the "In-Jail" block for all life sentences and "CP" for all capital punishment sentences.

Reporting Convictions:

Convictions should not be reported until the sentence has been issued. There are two exceptions to this rule. The conviction information can be submitted by itself if:

1. The subject becomes a fugitive after conviction but prior to sentencing.
2. The subject dies after conviction but prior to sentencing.

An explanation is required in the Remarks section for either of the above exceptions.

Rule 20 Situations:

The field office that obtained the process (normally the office of origin) is the office that should claim the conviction, **not** the office where the subject enters the plea in cases involving Rule 20 of the Federal Rules of Criminal Procedures.

Investigative Assistance or Techniques (IA/Ts) Used:

-Since more than one IA/T could have contributed to the accomplishment, each IA/T must be rated.

-The IA/T used must be rated **each time** an accomplishment is claimed. (For example - if informant information was the basis for a complaint, an arrest, a recovery and a conviction and if separate FD-515s are submitted for each of the aforementioned accomplishments, the "Informant Information" block must be rated on each FD-515 even if it was the same information that contributed to all the accomplishments.)

being served. In addition, Judge Evans revoked Mills' mail privileges for 5 years and ordered he serve 18 months in solitary confinement.

On 12/18/80, [redacted] pled guilty to a one count indictment charging him with conspiracy to commit armed robbery on a Government Reservation. On 12/21/81, Judge Orinda Evans sentenced [redacted] to 3 years custody of the Attorney General, the sentence to run consecutive to the sentence now being served. b6 b7C

CRIME ON A GOVERNMENT
RESERVATION-MURDER

b6
b7C

On May 20, 1979, John Sherman Marzloff, an inmate at the United States Penitentiary, Atlanta, Georgia (USP-A), was found murdered in the recreation shack at the prison.

On November 2, 1981, trial commenced in United States District Court, Atlanta, Georgia, against Barry Mills, who was charged with Murder and Conspiracy to Commit Murder in Marzloff's death.

On November 13, 1981, Mills was found guilty of both charges.

During the course of the trial, it was brought out that the murder of Marzloff was a gang murder committed by Mills, who is a leader of the Aryan Brotherhood (AB). The AB is a violent white prison gang started in the California prison system in the late 1960's, and now with members in numerous state as well as the federal prison system. Allied with the AB in matters of mutual interest and concern, within state and federal prison systems, is the Mexican Mafia, a gang of prison inmates of Mexican descent. The Mexican Mafia is also known as the "EME", "The Mob", or "M".

GSA FPMR (41 CFR) 101-11.6

UNITED STATES GOVERNMENT

Memorandum

TO: DIRECTOR, FBI

DATE: 2/21/80

FROM: SAC, KANSAS CITY (89-350) P

SUBJECT: [redacted]
BARRY BYRON MILLS;
[redacted] VICTIM;
[redacted] VICTIM,
CORRECTIONAL OFFICERS,
U. S. PENITENTIARY,
LEAVENWORTH, KANSAS
AFO (B)
OO: KC

b6
b7C

For information of the Bureau, as of 1/14/80, trial commenced in USDC, Topeka, Kansas, pertaining to [redacted] who was charged with a murder at USP, Leavenworth, which took place February, 1979. [redacted] is believed to be a member of the Aryan Brotherhood, a convict gang which originated in California. He called as his witnesses two members of the Aryan Brotherhood, [redacted] Barry Mills, from the USP, Marion, Illinois. Mills was not even at USP, Leavenworth, when the murder occurred.

b6
b7C

On 1/8/80, these two convicts were brought into the USP, Leavenworth, on a subpoena issued by [redacted] They were taken to the control unit for security reasons. As they were being entered into the control unit inmate [redacted] attacked [redacted] kicking him in the knee. [redacted] had to receive medical treatment for that. As this happened, inmate Mills struck out at officer [redacted] breaking [redacted] glasses and breaking out one of [redacted] teeth. Both inmates were subdued.

b6
b7C

N.35 DE-60 A/89-1642-1

In the trial, [redacted] attorney made a plea that the officers beat the convicts. Mills [redacted] so they would not testify against [redacted] On 1/25/80, the jury returned a verdict of guilty to first degree murder against [redacted]
