- BOSTON ACTIVITIES -

While at the Sheraton Plaza Hotel, LANSKY has been surveilled by Agents of the Boston Office, and the following information developed:

b7D [redacted]

On September 29, 1961, surveillance indicated LANSKY appeared at the Peter Bent Brigham Hospital [redacted]

b7D [redacted]

About 5:00 PM, September 26, 1961, [redacted] was observed in the lobby of the Sheraton Plaza Hotel in the company of another male individual [redacted] made an inside call on the lobby phone and appeared to be friendly with the person with whom he was talking. At this time, it was known that LANSKY was not in his room, but his wife was there [redacted] thereafter left the hotel, leaving the other individual in the lobby, and was observed departing in a chauffeur-driven 1960 Oldsmobile station wagon [redacted]

b7C

The individual [redacted] left in the hotel lobby was obviously endeavoring to obtain a room, and while waiting for same, made an inside call from the lobby phone. He indicated familiarity with the person with whom he was talking, and inquired thereof as to "your dear husband", and asked that the latter be told he was downstairs in the lobby.

This individual was unsuccessful in obtaining a room at the Sheraton Plaza Hotel, and subsequently left [redacted] No contact was observed between LANSKY and [redacted] during the latter's stay in Boston.

Re Bureau letter to Miami dated 11/13/61.

This case is receiving continuous attention in the Miami Office. Subject has been out of town in the middle of August, 1961, through October 26, 1961, but is currently at his residence in Hallandale, Fla.

The Miami Division contemplates the following steps in an effort to develop information that will insure the most complete coverage possible of his activities:

(1) Will intensify physical surveillances of subject in an effort to determine his contacts and places where his contacts are made [redacted] b7D

(7) Will maintain liaison with other investigative agencies who are conducting independent investigation of the subject.

(8) [redacted] b7E

In connection with the above investigative aims, it should be noted that the Miami Division is alert to the desirability of having a confidential source at the subject's residence, but previous investigation has indicated that the

physical location of this residence is such that it negates the utilization of this type of investigative endeavor in this area.

In addition to the above outlined steps, results of daily investigation will be closely scrutinized and all avenues of possible productivity will be scrupulously explored.

6. Type of case involved:

Anti-Racketeering and Criminal Intelligence Program

7. Connection or status of subject in the case:

LANSKY is one of the individuals selected by the Department for vigorous investigation and early prosecution, and more recently has been designated as one of the individuals to be the subject of a "crash" investigation.

8. Specific information being sought:

Information regarding illegal operations of LANSKY and other Top Hoodlums in the United States. Information concerning his personal income and other financial affairs.

9. Reasons for believing the specific information will be obtained by the technical surveillance:

LANSKY is in poor health and does not have a place of business. It is believed he relies heavily on the telephone to conduct his affairs. [redacted]

b7D

10. Importance of case and subject:

On Departmental instructions, LANSKY has been selected for "crash" investigation and is presently under intense and vigorous investigation.

11. Possibilities of obtaining desired information by other means (Explain in detail):

LANSKY has been the subject of continuous and intense investigation since 1957 but investigation has not developed concrete information concerning any illegal activities over which this Bureau has jurisdiction. The Internal Revenue Service has conducted active investigation of his business activities since 1944, but has developed no information to support a successful prosecution.

It is believed that valuable information sufficiently concrete to support prosecution on any violation may be developed only through the utilization of unusual investigative techniques.

12. Risks of detection involved:

None known.

13. Probable length of technical surveillance:

Indefinite, depending on productivity.

14. Request made for technical surveillance by any outside agency (name specific official, title and agency):

None.

15. Remarks:

LANSKY's residence is in a highly exclusive residential area. Each street is separated from all others by waterways and there is but one entrance to the entire area. Hibiscus Drive is a dead end street on which there are only four houses. All houses in the area are widely spaced and the LANSKYs have an open view of the whole area from their house. Because of the above circumstances it has been impossible to effect a misur installation at LANSKY's residence.

16. Recommendation of Assistant Director:

Miami should continue to vigorously explore the possibility of obtaining highly confidential source coverage that can accurately report on Lansky's present activities. This source might conceivably be located on a close associate or a possible "meeting place" where Lansky transacts business with other hoodlums. This matter should be afforded priority as the Bureau feels it is highly desirable to obtain such coverage on all individuals designated for "crash" investigation and early prosecution.

BOSTON ACTIVITIES

b7c

The following investigation was conducted by SA [redacted] at Boston, Massachusetts:

On December 22, 1961, an individual telephonically contacted SA [redacted] at the Boston Office and identified himself as MEYER LANSKY. He stated he was calling to advise that he had checked in at the Sheraton Plaza Hotel, Boston, where he planned to stay for several days, probably until December 28, 1961. He stated his visit to Boston was a pleasure trip and that he wanted to spend the Christmas Holidays with his son and daughter-in-law. His son was on orders to report to Wright-Patterson

Air Force Base in Ohio for six weeks school. LANSKY advised that he was alone and in excellent health with no expectation of consulting his doctor. He insisted his visit to Boston was a family get together and that he had no business activities in Boston requiring his presence there. At the conclusion of the conversation SA [redacted] telephonically contacted the hotel and determined that LANSKY was registered there in room 427.

[redacted] talked to LANSKY and verified he had contacted [redacted] LANSKY refused to indicate who had advised him of [redacted] interest in his activities.
