(M19CO) AND SEVERAL OFF SHOOTS OF THESE GROUPS ARE PLANNING TO STAGE A NATIONAL DAY OF PROTEST ON SATURDAY, OCTOBER 27, 1984. THE EVENT WILL BE MARKED BY DEMONSTRATIONS TO BE HELD AT THE ALDERSON FEDERAL PRISON IN ALDERSON, WEST VIRGINIA, AND PLEASANTON CORRECTIONAL CENTER IN PLEASANTON, CALIFORNIA AND THE BASTROP FEDERAL PENITENTIARY IN BASTROP, TEXAS. THE SOURCES REPORT THAT MLN-M19CO MEMBERS FROM EAST OF THE MISSISSIPPI WILL BE INVOLVED IN THE PROTEST AT THE ALDERSON FACILITY. DURING THE PAST TWO WEEKS MLN-M19CO MEMBERS HAVE BEEN OBSERVED PASTING LARGE POSTERS THROUGHOUT CHICAGO ANNOUNCING THE EVENT. PRESENT PLANS CALL FOR PARTICIPANTS TO GATHER AT THE MLN-OPERATED BORINQUENA CULTURAL CENTER, 1671 NORTH CLAREMONT AVENUE, CHICAGO, AT AROUND 6:00 P.M., FRIDAY, OCTOBER 26, 1984. THERE THEY WILL BE LOADED INTO ONE TO THREE CHARTERED BUSES WHICH WILL DRIVE DIRECTLY TO ALDERSON ARRIVING EARLY OCTOBER 27. FOLLOWING THE PROTEST, THE PARTICIPANTS WILL DEPART ALDERSON IN THE BUSES AND RETURN TO CHICAGO ON SUNDAY AFTERNOON, OCTOBER 28.

[redacted] REPORTS THAT SOME OF THE MORE IMPORTANT MLN MEMBERS WILL SEEMINGLY MAKE THE TRIP IN A VAN OWNED BY AN

00 b6 b7C b7D

1cc to MLN

EMPLOYEE OF THE CENTER. NO OTHER PRIVATE VEHICLES ARE KNOWN TO BE SCHEDULED TO DEPART CHICAGO FOR THIS EVENT.

NO CHICAGO SOURCES HAVE DEVELOPED ANY INFORMATION TO INDICATE THAT MLN-M19CO MEMBERS INTEND TO DO ANYTHING OTHER THAN DEMONSTRATE AT THE PRISONS. NONE OF THE SOURCES HAVE DEVELOPED ANY INFORMATION TO INDICATE THAT VIOLENCE WILL BE INVOLVED OR THAT EVEN "CIVIL DISOBEDIENCE" POSSIBLY RESULTING IN ARRESTS, WILL OCCUR. CHICAGO NOTES, HOWEVER, THAT THE DATE OCTOBER 26 IS OF GREAT SIGNIFICANCE IN THE HISTORY OF THE PUERTO RICAN INDEPENDENCE MOVEMENT IN THAT THE TERRORIST FALN (FOR WHICH THE MLN IS A SURFACE SUPPORT GROUP) WAS FOUNDED ON THAT DATE A DECADE AGO, OCTOBER 26, 1974, WHEN THE GROUP CLAIMED CREDIT FOR FIVE BOMBINGS IN NEW YORK CITY THAT CAUSED ALMOST A MILLION DOLLARS IN DAMAGES.

ALTHOUGH THERE IS REASON TO BELIEVE THAT SOME OF THE TARGETS OF THE TERPEN INVESTIGATION (MAJOR CASE 52) WILL MAKE THE TRIP TO ALDERSON, MEMBERS OF THE CHICAGO "TASKFORCE" DO NOT INTEND TO SURVEIL THESE INDIVIDUALS OR ANY OTHER INDIVIDUALS ON THE EXCURSION. CHICAGO DOES INTEND, HOWEVER, TO PROVIDE INFORMANT COVERAGE THROUGH [redacted] b6 b7C b7D

see to MLN

[redacted] AND [redacted] WHO WILL MAKE THE TRIP. THE PROTEST DEMONSTRATION FALLS WITHIN THE FIRST AMENDMENT RIGHTS OF THE PARTICIPANTS AND IT IS NOT CHICAGO'S INTENTION TO HAVE THE SOURCES PROVIDE COVERAGE ON THIS ACTIVITY, PER SE. PAST EXPERIENCE HAS REFLECTED THAT SOURCES HAVE BEEN ABLE TO DEVELOP VALUABLE INFORMATION CONCERNING CLANDESTINE ACTIVITY BY BEING IN DIRECT CONTACT WITH INDIVIDUALS KNOWLEDGEABLE ABOUT SUCH ACTIVITY, DURING LONG TRIPS. CHICAGO ENVISIONS THAT A THIRTY HOURS BUS TRIP WILL SERVE TO ENGENDER CONVERSATIONS THAT MAY WELL ELICIT VALUABLE INFORMATION CONCERNING FUGITIVES, BOMBINGS AND OTHER COVERT ACTIVITIES OF INTEREST TO LAW ENFORCEMENT. CHICAGO IS ALSO AWARE THAT PARTICIPATION BY SOURCES IN EVENTS SUCH AS THE OCTOBER 26 TRIP DOES MUCH TO BUILD THE CREDENTIALS OF THESE INFORMANTS THEREBY ENABLING THEM TO BETTER DEVELOP INFORMATION OF VALUE IN THE FUTURE.

b6
b7C
b7D

NONE OF THE SOURCES HAS BEEN ABLE TO LEARN THE EXACT ROUTE THAT WILL BE TAKEN BY THE CHICAGO CONTINGENT, CONSEQUENTLY IT IS NOT KNOWN THROUGH WHICH FIELD DIVISIONS THE SOURCES WILL TRAVEL. [redacted]

b7E

[redacted]

b7E

CHICAGO SOURCES HAVE NOT BEEN ABLE TO ASCERTAIN THE EXACT NUMBER OF TRAVELERS FROM CHICAGO BUT BEST ESTIMATES SEEM TO BE 120 TO 300 INDIVIDUALS.

CONSIDER THEM MEMBERS TO BE ARMED AND EXTREMELY DANGEROUS.

May 19th Communist Organization
Domestic Security/Terrorism

The M19CO is a Marxist-Leninist group that advocates the overthrow of the United States Government through armed struggle/revolution. Members of the M19CO are linked through physical evidence to known terrorist organizations such as the New Afrikan Freedom Fighters (NAFF), a clandestine organization comprised primarily of black revolutionaries engaged in terrorist activity, and the Fuerzas Armadas De Liberacion Nacional (FALN), an armed clandestine Puerto Rican terrorist group dedicated to ending United States control of Puerto Rico. (U)

On May 5, 1984, a contingent of the M19CO, consisting of approximately 20 to 30 persons, conducted a demonstration at the Armed Forces Recruiting Center, West 43rd Street and Times Square, NYC. The M19CO members passed out a booklet entitled "Communiques From The Red Guerrilla Resistance." This booklet contained a preamble written by the M19CO. This document is set forth: (U)

"We are reprinting and distributing communiques from revolutionary clandestine forces, who, in their early stages of development, are striking imperialism from within u.s. borders. We urge people who read them to copy and distribute them as well, so that the practice and politics emerging from clandestinity can reach more people and contribute to our movement's struggle to build a revolutionary ideology and practice.

"Over the past ten years, when revolutionary struggle and mass resistance was in a lull inside the u.s., the Fuerzas Armadas de Liberacion Nacional (FALN) and the Black Liberation Army (BLA) continued to struggle from clandestinity for their respective national liberation struggles -- for independence and socialism for Puerto Rico and land and independence for New Afrika. As they developed their own revolutionary strategies, they also struck imperialist targets as the U.S. went to war against nations in Central America, the Middle East and southern

Africa, acting in the spirit of proletarian internationalism. A development of struggle for the white anti-imperialist movement came to light in 1981, when three white anti-imperialists were captured along with BLA combatants in a unsuccessful expropriation attempt. Two of them, Judy Clark and David Gilbert, said they were freedom fighters who had decided to fight alongside the New Afrikan (Black) Independence Movement. These freedom fighters, along with Carroll Ishee, an anti-imperialist who died last year fighting in El Salvador with the Farabundo Marti National Liberation Front (FMLN), provide examples for our movement of white people willing to take up arms as allies of national liberation struggles.

"The BLA and FALN have suffered setbacks as the u.s. has focused its domestice counterinsurgency forces against them, the national liberation movements from which they come, and the white anti-imperialist forces who have taken up the demand for liberation of oppressed nations as their own. Yet, over the past two years new clandestine organizations have emerged. The actions of the Armed Resistance Unit, the United Freedom Front, the Revolutionary Fighting Group, and the Red Guerrilla Resistance are significant developments for the anti-imperialist movement inside the u.s. As revolutionaries within the u.s. oppressor nation, we are challenged by these forces who politically and with an armed capability, fight in solidarity with nations waging wars of national liberation against the u.s. imperialist war strategy. They challenge us with a practice that argues against the reformism and electoral politics that people believe will win change, and for the reality that, like other revolutionary movements tighting imperialism worldwide, the revolutionary core of the struggle here must be forged in clandestinity and developed in combat against the u.s. state. Fifteen years ago, Che Guevara argued for 2,3,many Vietnams as an internationalist strategy to defeat u.s.-led imperialism by fighting to win self-determination for all the nations the u.s. has stolen or occupied to build its empire. The communiques from

these actions challenge us to take up our most fundamental task as white anti-imperialists -- to join this international revolutionary strategy by opening up a front of battle on many levels for these demands inside the oppressor nation.

"To build a revolutionary resistance movement that has real consequences for the u.s., we must unite with the strategy argued from clandestinity. Whatever our current strength or whatver means at our disposal, we can strike against imperialism. Because we live inside the belly of the beast, the u.s. war machine is within our reach. The anti-war movement of the 60's gave us thousands of examples as people on hundreds of campuses and in communities across the country fought ROTC and military recruiters, closed down induction centers, raided and fire-bombed the offices of war criminals. Today, we see the beginnings of another militant/movement in response to the struggles in Central America. But the demands of 'non-intervention' and 'an end to imperialist war' can only become real when more and more of us organize to oppose and stop the day to day functioning of the u.s. war machine, demand the liberation of the nations held by u.s. imperialism, and defend revolutionary governments which are fighting to build new socialist societies. In order for us to build the combative resistance that can contribute to the defeat of u.s. imperialism, we must draw from the lessons that are coming from the armed clandestine movements.

"COMMUNIQUE FROM THE RED GUERRILLA RESISTANCE APRIL 4, 1984

"Tonight we struck against the 'Israeli' military by bombing the New York headquarters of Israel Aircraft Industry (IAI).

May 19th Communist Organization
Domestic Security/Terrorism

"36 years ago this month, Menachem Begin led the forces of the Irgun in a massacre of 250 Palestinian men, women and children at Deir Yassin. Genocide literally paved the way for the establishment of the zionist state a month later. 36 years later, Begin is a respected elder statesman and his fascist Herut party controls the 'Israeli' government.

"Today, the joint U.S./'Israeli' vision of a 'greater Israel' and a totally dominated Middle East has faltered against the steadfast resistance of the Palestinian and Lebanese peoples. The Camp David accords, the imperialist/zionist blueprint for control of the region, has been dealt a serious blow by the progressive forces in Lebanon. 'Israel' has found that the guerrilla forces of the Lebanese and Palestinian people not only resisted their war machine during the 1982 invasion of Lebanon, but continue to resist in occupied Lebanon, the West Bank, and in occupied Palestine. We act tonight in solidarity with those couragous fighters whose goal is the liberation of their peoples.

"IAI is a key part of the 'Israeli' war machine and is run directly by the 'Israeli' government. They customize and maintain the U.S.-supplied F15 and F16 jets that were used in the massive civilian bombing of Beirut in 1982. IAI produces the Kfir fighter, the Dabar and Devora patrol boats, and almost every major weapons system used by the 'Israeli' military. The U.S. Congress and Reagan administration have just given 'Israel' $550 million to have IAI develop and produce a line of "Israeli'-made jet fighters. It is the first time that the U.S. has directly funded another country's ability to become militarily self-sufficient. 'Israel,' like South Africa, will then be immune from the impact of possible international sanctions.

"IAI plays a central role in the arming of fascist governments around the world. When domestic and international pressure forced the U.S. to cut off arms to Somoza in Nicaragua

and to the military dictatorship in Guatemala in the late 1970's, 'Israel' stepped in with patrol boats and aircraft produced by IAI. When South Africa needs jet fighters, the U.S. ships fighters to 'Israel' where IAI makes them combat ready and transfers them to South Africa. The history of IAI is a damning indictment of the growing reactionary violence of two settler regimes -- the U.S. and 'Israel.'

"Our movement needs to be clear on the nature of zionism and move to oppose it.

"ZIONISM IS RACISM. The essence of zionism is settler colonialism, with its theft of the land, genocide of Palestinian and Arab people, and blatant white supremacy. This was exposed at Deir Yassin, at Beirut, at the Palestinian refugee camps of Sabra and Shatila. The official state terrorism is paralleld by the rise of unofficial death squads of settler/soldiers responsible for the recent attacks on Palestinians at Bir Zeit University and throughout the West Bank. TNT, the 'Israeli' counterpart of the U.S.-based Jewish Defense League, is as much a death squad as any in El Salvador or Guatemala. Because zionism is based in white supremacy, zionists actively build racism toward Third World people in this country as well. There is perhaps no better example than Ed Koch, the mayor of New York, whose virulent hatred of Palestinian and Arab people is matched only by his racism toward Black and Latin people.

"ZIONISM IS AN INTERNATIONAL MOVEMENT BASED IN THE U.S. The world zionist movement has innumerable organizational forms that maintain 'Israel's' existence through a flow of colonists, a massive transfer of money, and an intensive propaganda campaign. The zionist movement tries to obscure the true nature of the 'Israeli' state by invoking the horrors of a holocaust perpetrated by European fascists and through racist

characterizations of Palestinian and Arab people. The avid zionism of anti-semites like Jerry Falwell, Richard Nixon, and Ronald Reagan make it clear that zionism is a matter of politics and power, not religion.

"'ISRAEL' IS PART OF THE U.S. IMPERIALIST SYSTEM. The U.S. and 'Israel' openly admit their strategic unity. It is a unity based in imperialist domination of the Middle East and a common goal of destroying the progressive forces in the region. Any differences are tactical. When 'Israel' could not sustain the occupation of the whole of Lebanon, the U.S. moved in and allowed 'Israel' to withdraw. Now that the U.S. has been forced to retreat, 'Israel' will move to partition the country and maintain the fascist Phalange party in power. the new 'Israeli' fighter, the massive U.S. Military aid given as grants and not loans, and the involvement of IAI and the 'Israeli' military with the U.S. Rapid Deployment Force are the sweeteners in the agreement for 'Israel' to once again extend its military role in the region.

"There is an answer to the 'problem' of the Middle East. The solution lies in the establishment of a democratic and secular Lebanon; it lies in the establishment of a democratic and secular Palestinian state as called for by the PLO. It is the anti-imperialist solution supported by progressive forces around the world. Only racism and implicit or explicit collaboration with zionism has allowed the anti-imperialist movement here to say little and do less as the U.S. Navy bombarded Beirut or Congress voted to finance further 'Israeli' military aggression.

"The imperialist warmakers, whether U.S. or "Israeli,' should not feel comfortable in this country or anywhere in the world. The recent exemplary action of the Red Brigades in assassinating Leamon Hunt, U.S. guarantor of Camp David in the Sinai, made it clear the Europe is not safe for the warmakers.

May 19th Communist Organization
Domestic Security/Terrorism

We hope our action tonight will contribute to the building of a movement here that will combat zionism as an integral part of our struggle to defeat U.S. imperialism.

"If we want to end imperialist war, we must be prepared to sacrifice and to fight. It is a bitter self-deception to believe any politician can bring peace when the U.S. ruling class wants war. We need to demand more of ourselves. We can draw great strength from the Lebanese and Palestinian people. In 1982, it appeared that the Lebanese National Movement and PLO had been destroyed in the rubble of Beirut. ...through determined struggle under the most difficult conditions, the defeats of ... are being transformed into the current victories of the Lebanese National Movement and the consolidation of the revolutionary forces within the PLO. Armed struggle and mass resistance are powerful weapons in the hands of the oppressed. We, too, need to take them up.

"VICTORY TO THE LEBANESE PEOPLE! LONG LIVE THE LEBANESE NATIONAL MOVEMENT!
VICTORY TO THE PALESTINIAN PEOPLE! LONG LIVE THE PLO!
BUILD THE INTERNATIONAL GUERRILLA FRONT AGAINST IMPERIALISM!
BUILD A REVOLUTIONARY RESISTANCE MOVEMENT! DEATH TO IMPERIALISM AND ZIONISM!

"RED GUERRILLA RESISTANCE COMMUNIQUE APRIL 20, 1984

"We dedicate this action to Carroll Ishee, North American anti-imperialist who died fighting alongside the Farabundo Marti National Liberation Front of El Salvador. His dedication and willingness to take up arms as an ally of the

Salvadorean people is an example for our armed struggle. To honor the memory of Carroll Ishee is to pick up his gun, build a militant resistance, and struggle to defeat U.S. imperialism on every front.

"COMPANERO CARLO ESTA PRESENTE

"Tonight, while the U.S. military prepared for Ocean Venture '84 we attached the Officers' Club at the Washington Navy Yard. We take this action as part of our ongoing campaigning resistance against the U.S. imperialists to bring the war home to the waremakers. We act in solidarity with the sovereign revolutionary nation of Nicaragua the national liberation struggle of the Salvadorean people led by the FMLN FDR the revolutionary struggle for independence and socialism for Puerto Rico and all the just struggles to self-determination of the peoples of the Caribbean and Latin America.

"Here at the Washington Navy Yard high ranking officers helped to plan Ocean Venture. They meet at the Officers' Club to relax and swap stories and dream of careers to be made by invading Grenada, shelling Lebanon and blockading Nicaragua. Genocide is a ladder to success for these men. By their own actions they make themselves the enemy of the people of the world and the target of revolutionary forces. Whether in Central America, the Middle East, or parts of Europe, the U.S. military is being attacked. They hide behind barricades or stay miles offshore in their ships. They return to the U.S. to relax and recuperate and be adulated by a reactionary government and an increasingly militaristic society. We need to rob them of the security of a home base and make them know they are the enemy wherever they go. Their officers' club is gone--let them hide in their homes.

"Ocean Venture '84 is the largest of an ongoing series of U.S. war games. The military will bring together 33,000 of

its troops and will practice amphibious assaults and bombing attacks against Vieques Puerto Rico--once again making the direct colony of Puerto Rico the U.S. military's training ground. Ocean Venture amasses U.A. troops and weapons in the Caribbean, training and orienting its troops to the region's terrain and climate. In 1982, Ocean Venture was a trial run for the invasion of Grenada. Now, as this war 'game' begins, the Reagan administration is openly discussing its plan to invade Central America. The purpose of Ocean Venture '84 could hardly be more clear. The imperialist strategy of counterinsurgency and covert war has not been enough to halt the inexorable drive toward freedom and liberation in the region so the groundwork is being laid for a more direct and protracted committment of U.S. troops. Honduras has been turned into a garrison state; the CIA committed an act of war by mining Nicaragua's harbors; U.S. advisors fly military assault missions against the revolutionary forces in El Salvador, and the U.S. government accustomed to dominating other nations, does not even hesitate to abrogate international law and intervene against the right of nations to self-determination.

"For years inhabitants of the Puerto Rican islands of Culebra and Vieques have struggled against U.S. naval attacks on their islands--attacks that pockmark these islands with bomb craters, threaten to destroy the fishing industry, and force the inhabitants out of their homes. Determined struggles on Culebra in the 60's drove the navy out, then Vieques became the new target of these genocidal 'games.' In 1979, Comrade Angel Rodriguez Cristobal, Puerto Rican revolutionary and leading member of La Liga Socialista Puerto...quena was arrested demonstrating with the people of Vieques against the U.S. Navy; on November 11, 1979, he was assassinated by the U.S. government while imprisoned in Tallahassee, Florida. In honoring his memory, we commit ourselves to continuing to fight in solidarity

with the struggle for Puerto Rico independence and socialism. We express our support for the Puerto Rican armed clandestine movement and Puerto Rican political prisoners and prisoners of war.

"The U.S. has hesitated to deploy its ground troops in Central America because they remember that U.S. troops were defeated by people's war in Viet Nam, and because they need a more consolidated base of support at home for imperialist war. But they have taken the first step towards increased intervention by invading Grenada in the face of world condemnation. Now the U.S. is escalating its aggression against Nicaragua and El Salvador. The peoples of Central America are enacting the revolutionary anti-imperialist strategy of 2,3,many Viet Nams, and they will deliver the next strategic defeat to U.S. imperialism and neo-colonialism--in its own 'backyard.'

"...a point when we most need a movement that will fight and resist the escalating U.S. war machine, our...weakened by reformism and electoral politics. To build an effective resistance, we will have to...the U.S. war machine with heightened militancy in every arena of struggle. To defeat this...a new society, many more of us will need to take up arms as did Comrade Carroll Ishee...borders of the U.S. as well as around the world.

"VIVA...LIBRE! VICTORY TO THE FMLN/FDR!
INDEPENDENCE AND SOCIALISM FOR PUERTO RICO!
BUILD THE INTERNATIONAL GUERRILLA FRONT AGAINST IMPERIALISM!
BUILD A REVOLUTIONARY RESISTANCE MOVEMENT!
FR... POLITICAL PRISONERS AND P.O.W.s!
DEATH TO IMPERIALISM!"

Just prior to the above incident, the M19CO was selling to the public a document entitled "ARMED PROPAGANDA AGAINST THE U.S. WAR MACHINE." This document was compiled with an

introduction by the M19CO, and contained communiques from the ARMED RESISTANCE UNIT (ARU) and the UNITED FREEDOM FRONT (UFF) from 1982 through 1983. This document also contained the address of M19CO, Post Office Box 3111, Cadman Plaza Station, Brooklyn, NY, and contents of this document is set forth: (U)

"Introduction

"Over the past year, armed revolutionary actions have begun to increase inside the u.s. These seven communiques from the Armed Resistance Unit and the United Freedom Front were received by public forces and the mass media after revolutionary actions against the u.s. war apparatus and the u.s. ruling state. Terms for this period of armed activity were defined when the Fuerzas Armadas de Liberacion Nacional (FALN) bombed New York Police headquarters, New York FBI Headquarters, and the U.S. Attorney's offices in Brooklyn and Manhattan on December 31, 1982. Followed by a flurry of repressive activity by the u.s. state, this series of bombings shattered the tranquility of the u.s. imperialists and their colonial domination of Puerto Rico.

"At a time when the u.s. 'Trilateralist' ruling class is preparing its military apparatus to be able to fight at once on four continents, these actions have interrupted the basic acceptance voiced by the u.s. public for these war maneuvers. Except for these actions and several mass mobilizations dominated by a distinct lack of revolutionary strategy and militancy, imperialist aggression to smash the socialist revolution in Grenada has met with acceptance inside the borders of the u.s. In a mass movement defined by opportunist leadership, these armed actions have lent the crucial revolutionary voice to solidarity with the peoples of the Caribbean, Central America and the Middle East. This practice in an embryonic form begins to attack the worldwide system of imperialism in its heart. It empowers a revolutionary direction at a time when pacifism, reformism and rabid anti-communism have rendered the movement powerless to

mount an organized militant response to u.s. war. These revolutionary forces have begun to strip the deomcratic veil off of a system which depends upon the illusion of bourgeois liberty. They've contributed to putting the u.s. warmakers and their ruling apparatus behind protective barriers to shore up its defenses. They expose the vulnerability of a system in extreme contradiction with the people it rules -- it has to beef up its security because it doesn't know when it will be attacked. 'Democratic rights' in a 'free and open' system clearly become expendable, and the real nature of the system as an empire thriving on colonial oppression is revealed.

"These actions have exposed that the imperialist enemy is a system, one that is expanding its wars to meet its political and economic crisis, and not just a bad administration. In this period, they define the cutting edge between a movement that petitions an empire for 'better policies' and one that fights to build a serious opposing force. The imperialists are mobilized to prevent the revolutionary character of the resistance during the Vietnam war. They know that they can't afford revolution at home, so they are seriously engaged in trying to criminalize and destroy the revolutionary forces in the Puerto Rican Independence Movement, the New Afrikan Independence Movement, and the revolutionary anti-imperialist movement.

"As the u.s. counterinsurgency machine and the petit bourgeois character of the movement together encourage an overall cynicism about change, a basic immunity to imperialist atrocity and conservatism to protect the privileges of empire, these actions point to the fighting leadership of revolutionary struggles at they are being waged today; and recognize the leadership offered by the FALN and the BLA (Black Liberation Army) and the contribution of captured freedom fighters inside u.s. prisons. They call for a movement that <u>fights</u> imperialism, that confronts its military and actually interrupts its plans for war. They call for revolutionary resistance inside the u.s. --

to fight the world's enemy on its own turf. They argue that a new society can only be built on the ashes of the old.

"These actions have begun to provide revolutionary leadership for those American people who are truly disturbed by the u.s. invasion of Grenada, and for the growing solidarity movements with the peoples of Central America. This leadership to be massified must be taken up by public revolutionary forces. For revolutionaries in the oppressor nation, solidarity with national liberation struggles provides the political basis upon which we will polarize the white proletariat to organize significant sectors of it to fight for socialist revolution. Recognizing the leadership the oppressed nations struggling for independence and socialism offer in the dismemberment of the imperialist system calls for a strategy in the oppressor nation that makes war on the warmakers. The Armed Resistance Unit has made a particular argument in declaring its solidarity with 'the peoples of Grenada, Lebanon, Palestine, El Salvador and Nicaragua -- who are confronting direct U.S. aggression and those, like the people of Chile and the Philippines, who are struggling to free their nations from U.S. puppet regimes. They are all paying a tremendous price for freedom, and we commit ourselves to fight with the same seriousness for the same goals -- self-determination for oppressed nations, the total defeat of imperialism, and the building of a socialist world. Our actions also carries a message to the anti-imperialist movement here, that we need to resist and fight as people all over the world are doing -- with principle, consistency and determination.' (from the communique which accompanied the bombing of the U.S. Capitol, November 7, 1983).

"The struggle to build a revolutionary force in the oppressor nation is at a turning point. It can't be an intellectual exercise, nor can it tail the protest activity led by opportunists. We agree with Judy Clark and David Gilbert, anti-imperialist freedom fighters captured in the course of

struggling with the BLA for New Afrikan independence when they argue that:

'Organizations that work at the public level have to bring numbers of people into actual struggle against the enemy, toward the goal of revolution. . . While legal and illegal work must be maximized, a clandestine mentality, a conspiratorial consciousness, a willingness to seek new forms of struggle, must be embedded in all levels of revolutionary and anti-imperialist struggle. Ultimately the struggle for power must be led by organizations based in clandestinity.'

"UNITED FREEDOM FRONT COMMUNIQUE #1

"On December 16, 1982, the United Freedom Front bombed the offices of the South Afrikkkan Purchasing Office in NYC and an IBM corporate office complex in Westchester County. NY.

"From Sharpesville to Maseru, Lesotho, the racist rulers of South Afrikkka have been brutally downpressing our Black sisters and brothers for more than a century.

"Today, we attack the property of the fascist South Afrikkkan government and the IBM Corporation, which supplies this racist regine with the technology it needs to continue this slave state. IBM, one of the world's largest corporations, does at least one third of its South Afrikkkan business with the

government. Its computers enable the South Afrikkkan regime to implement the 'PASS LAWS,' which are the corner stone of the apartheid system; a system under which the traditional People of the land are forced to endure sub-human conditions; a system which officially supports white privilege over the majority of Blacks who total at least 90% of the population. In South Afrikkka, the slightest resistance by the People brings on banishment, detention, torture or death.

"South Afrikka is totally dependent on technological and monetary support from the U.S. and its corporations. The U.S. controlled International Monetary Fund has just granted the South Afrikkkan government $1.2 billion, which is equal to their military budget for two years. Thus American people's tax dollars are totally supporting apartheid's repressive military machine.

"In the words of the African National Congress:

'Foreign investors have played a leading role in creating and establishing the apartheid institutions and structures within the economy and have continued to strengthen racism in our country. The Erosion and withdrawal of this support can and will shorten our struggle and diminish the price paid for freedom in the suffering of our People.'

"The IBM Company is not the only corporate giant operating in South Afrikka nor is its relationship that unusual. It is part of U.S. imperialism, the world wide spread of capitalism, which must maintain a global expansionist policy to survive. U.S. imperialism means multinational corporations exploiting the people and resources of other countries, especially in conjunction with local fascist rulers like those in South Afrikkka. This attack against IBM is therefore a blow against U.S. imperialism as well as the fascist government of South Afrikkka.

Domestic Security/Terrorism

"With Reagan in office, more than ever, South Afrikkkan military and security personnel have found an ally in the U.S. as seen through their frequent visits to the White House, the home of the Klan and the center of world wide terrorism.

"While the African Peoples throughout the continent are seeking to throw off the effects of their colonial oppression and gain full self-determination, they are constantly being attacked by the ever-growing technological and military powers of the racist South Afrikkkans. Without U.S. support the South Afrikkkan government would be unable to occupy the nation of Namibia and sustain their attacks on Angola and Mozambique, or to continue to undermine the new popular government of Zimbabwe.

"The most recent massacre of children, women and men in Maseru, Lesotho, once again demonstrates the South Afrikkkan government's readiness to cross any border to attack and murder people in their homes. What is to keep them from launching a nuclear attack on any of the countries of Southern Africa? A threat that has been documented as fact, even though the South Afrikkkan fascists continue to deny it. The ability to carry out this threat has been supplied through the advanced computer technology of the U.S. and its corporations.

"ARMED RESISTANCE UNIT BOMBS WAR COLLEGE

"April 26, 1983

"Tonight we attacked Fort Lesley McNair Military Base in Washington, D.C. Fort McNair houses one branch of the U.S. War College, the National Defense University, and the Inter-American Defense College (IADC). This action was taken in solidarity with the growing liberation movements in El Salvador, in Guatemala, and throughout Central America, and with the socialist government of Nicaragua. This region today is the center of world revolution and the front line in the defeat of U.S. imperialism. For this reason, it is currently the target f the most vicious ... counterrevolutionary attacks.

"At the IADC, the U.S. trains high-ranking military officers from Latin America in its program of counterinsurgency warfare. Trained in torture and terror, tied to the U.S. military and the CIA, its graduates are responsible for the overthrow of progressive and democratic governments throughout Latin America and for the establishment of fascist military regimes that oppress the masses of people. They are responsible for the

murder of over 30,000 El Salvadoreans. The IADC serves to keep Latin America as the backyard of Yankee imperialism and the graveyard of millions.

"The people of El Salvador, under the leadership of the FMLN/FDR, are fighting to end the oppression. Their righteous struggle for peace, self-determination, economic and social justice is a beacon for the peoples of Latin America and the world who have seen their lives, labor and resources sacrificed for the enrichment of U.S. imperialism and its multi-national corporations.

"The U.S. response is to use all the techniques of countreinsurgency taught at the IADC. Green Berets fight directly in El Salvador while thousands of Salvadorean government troops train at Ft. Bragg and Ft. Benning, hundreds of millions of dollars of military aid is given to the junta, and massive 'war games' are conducted by U.S. troops throughout the region. The CIA has hundreds of agents in Central America and is training and supplying thousands of mercenaries and ex-members of Somoza's National Guard who are currently invading Nicaragua. The U.S. is openly transforming Honduras into a garrison state to implement U.S. military strategy in the region. Facing military defeat in El Salvador, the U.S. is implementing 'rural pacification' programs that will result in the deaths of tens of thousands, the forced displacement of hundreds of thousands of campesinos into barbed-wire enclosed strategic hamlets, and the destruction of the land. Faced with a people's war, the U.S. attempts to kill the people. This is full-scale counterinsurgency war, and we must actively oppose it.

"This is not the policy of just one bad administration. It is the reality of U.S. imperialist control in the Third World. It is the result of a system based on maximizing profit for relatively few throughout the world and within its own borders. Caught in a political and economic crisis of its own making,

faced with the growing struggles of people through the world for national liberation and socialism, the response of the U.S. is war, fascism and genocide.

"The courage, sacrifice and determination of the people of El Salvador is an inspiration to oppressed people throughout the world. Our action is part of the growing worldwide solidarity with that struggle.

"We inside the U.S. are in the belly of the beast. Solidarity is growing, but alongside our protest we must build an active resistance to the U.S. war machine. The growing militarization of our society means that the military is everywhere -- and vulnerable to out action. Recruiting stations dot neighborhoods, ROTC functions on campuses, factories produce the weapons, military bases train the men. Resistance is not only an act of solidarity -- it is the basis for our own revolutionary movement.

"El Salvador will win, Guatemala will win, the people of Latin America and the Caribbean will be free, U.S. imperialism will be defeated.

"U.S. OUT OF EL SALVADOR HANDS OFF NICARAGUA

"On May 11, 1983 the United Freedom front bombed the 77th U.S. Army Reserve Command Center, (800th Military Police Group), Hempstead, N.Y. and the U.S. Naval Militia Base, (Naval Reserve Center), Whitestone, Queens, N.Y.

"The People of El Salvador have been struggling against a vicious dictatorship and living under conditions of economic exploitation, political repression, starvation, and human suffering, for generations. While in Nicaragua, where the people after a long hard fight were able to get rid of the U.S. government supported dictatorship, Reagan is now arming and paying for a mercenary force to try and overthrow the popular Sandinista government.

"With this action we attack the U.S. imperialist military machine, a machine which has pumped hundreds of millions of dollars in military aid to prop up a military dictatorship, which is in opposition to a just and popular movement of the People of El Salvador.

"The military rulers of El Salvador are outright fascists who rape, torture, mutilate, dehumanize and massacre tens of thousands of Campesinos and other civilians.

"Once again a president, Reagan in this case, has lied to the American People to try to gain support for yet another bloody war. These lies will not cover the truth and reality of the People of El Salvador, nor will it stop their fight for freedom.

"In an economy based in agriculture, where the overwhelming majority of the land is owned by few rich families,

(the oligarchy), 70% of the children under five years of age are malnourished, the infant mortality rate is criminally high and unemployment and illiteracy are rampant.

"Rather than alleviating any of these conditions, U.S. involvement has only served to maintain this barbaric system.

"The majority of the People of El Salvador are in, or support the Revolutionary organizations, Farabundo Marti Front for National Liberation, (FMLN), and the Democratic Revolutionary Front, (FDR). We recognize the Revolutionary leadership of the FMLN/FDR and support the People's right to self-determination and certain victory against the military dictatorship of El Salvador and U.S. imperialism.

"ARMED RESISTANCE UNIT BOMBS NAVY COMPUTER

"August 17, 1983

"Tonight we attacked the computer operations complex at the Washington Navy Yard. We have acted in solidarity with the revolutionary struggles of the peoples of Central America and the Caribbean. We hope that this act of proletarian internationalism is just one of a growing number by anti-imperialists in this country determined to show that there will be no blockade between the struggle of oppressed people around the world and those here inside the U.S. borders.

"The U.S. government wants war. It is planning for it and planning on it. There is massive U.S. involvement in El Salvador; there are 6000 marines in Honduras poised to attack Nicaragua while a de facto naval boycott surrounds its coasts; U.S. warships threaten to violate Libyan waters and U.S. aircraft its airspace; the U.S. is overseeing military partition of Lebanon.

"The computer complex at the Washington Navy Yard is used to train high-ranking officers at the Naval War College.

They simulate massive naval battles, practicing how to sacrifice the lives of millions -- perhaps hundreds of millions -- for the interest of the U.S. ruling class. The computers are part of the technology of death that the U.S. government employs to try to defeat the struggles of people around the world for national liberation, for socialism and for peace. U.S. finance, mining and industrial capitalists have hundreds of billions of dollars invested in the exploitation of Latin American land and labor, and use the government's military might to protect their profit.

"We have acted tonight to contribute to the building of a resistance movement in this country that will rob the U.S. government of the stable home base it so desperately needs. This is a lesson from the Vietnam War that we can apply now. Our movement can organize the soldiers and sailors not to fight; the military's recruiting efforts can be blocked, and the technology can be sabotaged. The government wants the political debate in this country to go on between Republicans and Democrats over how to maintain imperialist control; our movement can be a progressive and anti-imperialist alternative that challenges that control.

"Our action is a call directed to all who support the peoples of Latin America and oppose U.S. aggression to embrace the struggle for independence and socialism for Puerto Rico. Since 1898, the U.S. military occupation of the island to maintain it as a colony has been and is the most direct form of imperialist aggression against the nations of this hemisphere.

"The U.S. confronted by what Reagan has the arrogance to call 'the fire in our backyard' is committed to turning Puerto Rico into a military garrison to wage war against progressive movements in all of Latin America. Massive U.S./NATO exercises

devastate Vieques; Ramey Air Force Base and Ft. Buchanan Army Base are being reopened; the U.S. counterinsurgency training center for the hemisphere will soon be moved from Panama to Puerto Rico.

"The revolutionary Puerto Rican Independence Movement will transform these U.S. plans into their opposite and bring the fire of Latin American revolution to the front yard and the very heart of the U.S. empire. Can those of us who know the true role of Kissinger and the CIA in Chile, the current reality of counterrevolution in Nicaragua and counterinsurgency in El Salvador, withhold our support from those forces building the national liberation struggles of the Puerto Rican people? Alongside our demands in support of Nicaragua and El Salvador, we fight for the independence of Puerto Rico. We extend our solidarity to the FALN and the revolutionary clandestine organizations fighting in Puerto Rico. We join with people around the world in demanding the freedom of William Morales, the unconditional release of the 11 Puerto Rican POWs held in U.S. prisons, and the freedom of all Puerto Rican political prisoners and grand jury resisters.

"The U.S. efforts to return to the days of gunboat diplomacy will fail. Oppressed and exploited people around the world learned an invaluable lesson from the heroic struggle of the Vietnamese people against U.S. imperialism. The imperialist war machine can be defeated through a protracted resistance and growing armed struggle. It is the time for progressive North Americans to renounce the empire and take our own first steps down the long road to revolution and a new socialist world. It is the only path that can bring peace, end fascist violence, and promote the full development of humanity.

"UNITED FREEDOM FRONT BOMBS ARMY RESERVE CENTER

"August 21, 1983

"HANDS OFF NICARAGUA U.S. OUT OF EL SALVADOR

"Tonight the United Freedom Front continues its attack against the U.S. military machine with the bombing of the Sgt. Joseph Muller Army Reserve Center (Provost Marshal's Unit, 408, 1163 and 303 battalions) in the Bronx, New York.

"This is in direct response to U.S. imperialism's CIA-backed invasion of Nicaragua, Reagan's 5,000 man combat force and fleets of warships blockading and threatening to overthrow the Popular Sandinista Revolution. These imperialist forces are also in a position for rapid deployment against the People's Forces in El Salvador and to try and stop revolutionary progress in other Central American countries. To more clearly demonstrate U.S. intentions in this region, Pig Kissinger was brought out, with the blood of the Chilean and Vietnamese people still wet on his hands, to map out the course for continued U.S. domination of that area.

May 19th Communist Organization
Domestic Security/Terrorism

"Despite strong efforts by the governments in Central America to try to prevent war, including the Nicaraguan Government's July 19th six point plan for peace, Reagan called in war-monger Kissinger along with a huge invasion force. They included more air power than that of any Central American nation and a larger naval fleet than all of the countries in the area combined. With the millions of dollars being poured into military bases, air strips and communications systems, in Honduras, it is obvious that this is a desperate move by imperialism to try to maintain its hold on these countries. Imperialism needs to dominate the people and resources of other countries to survive. Capitalism needs war and war preparations to pull itself out of economic depressions, recessions and times of outrageous unemployment. The bottom line of U.S. imperialism is its military forces invading other countries; thus making them a legitimate target whether lurking on the borders of Nicaragua of here in the belly of the beast.

"On July 20 while Reagan and Congress continued their deceptive charade of certifying the fascist Salvadorean government's human rights policy to justify sending more U.S. money, arms and troops into that country, the Salvadorean Army slaughtered 200 unarmed peasants.

"Honduras is being turned into a U.S. fortress in an attempt to hold back the tide of the People's Liberation struggles. In spite of all these U.S. efforts, the People of Central America are throwing off fascist repression, but at a horrifying cost in human lives, suffering and misery.

"All the peoples of the world must unite with these courageous Sisters and Brothers in their just battle for the defense of the Nicaraguan Revolution, the inevitable victory of the Salvadorean People and the rights of all Central American Peoples to Freedom, Self-Determination and a future for the Children free of hunger, fear and need.

"ARMED RESISTANCE UNIT BOMBS THE U.S. CAPITOL

"COMMUNIQUE FROM THE ARMED RESISTANCE UNIT
NOVEMBER 7, 1983

"Tonight we bombed the U.S. Capitol building. We attacked the U.S. government to retaliate against imperialist aggression that has sent the marines, the CIA and the army to Grenada, Lebanon, El Salvador, and Nicaragua, to carry out imperialism's need to dominate oppress, and exploit. Every act of the U.S. military -- directed by the White House and Congress -- has been nothing less than an outright attack on the fundamental right of nations to self-determination, peace and freedom. These acts have been carried out with cynical disregard for life as well as for truth. Reagan calls progress and revolution 'terrorism' and tries to portray the true terrorism of imperialist invasion as 'democracy' and 'freedom.' Only a government arrogant enough to believe that its economic and political needs should dominate the whole world can call the invasion of Grenada a 'rescue operation,' the invasion of Lebanon a 'peace-keeping mission,' the fascist rulers of El Salvador 'democracy's friends,' and the contrast 'freedom fighter.' The Reagan lie that the invasion of Grenada prevented a 'Cuban takeover is nothing less than a pretext for eliminating a Black socialist nation in the Caribbean. Last year, in a dress rehersal called 'Ocean Venture,' the U.S. armed forces practices the Grenadian invasion on the island of Vieques, Puerto Rico. The vicious attack on the socialist nation of Cuba -- which has provided a consistent, revolutionary example of proletarian internationalism -- and the attempt to discredit and destroy the People's Revolutionary Army and the New Jewish Movement of the Grenadian people, show the extent to which the U.S. will go in order to controland dominate Latin America, Central America, and the Carribean, and to try to defeat socialism in the region.

May 19th Communist Organization
Domestic Security/Terrorism

With the collusion of the press, the U.S. government is building anti-communism to justify these attacks and further military aggression to resolve its own internal economic and political problems.

"We are acting in solidary with all those leading the fight against U.S. imperialism -- the peoples of Grenada, Lebanon, Palestine, El Salvador, and Nicaragua -- who are confronting direct U.S. aggression, and those, like the people of Chile and the Philippines, who are struggling to free their nations from U.S. puppet regimes. They are all paying a tremendous price for freedom, and we commit ourselves to fight with the same seriousness for the same goals -- self-determination for oppressed nations, the total defeat of imperialism, and the building of a socialist world.

"Our action also carries a message to the anti-imperialist movement here, that we need to resist and fight as people all over the world are doing -- with principle, consistency and determination. We join with all the people across the U.S., and the millions throughout the world, who condemn U.S. imperialist aggression. Our solidarity with the liberation struggles under attack by U.S. imperialism must be uncompromising, militant, and unwavering in supporting the right of those nations to self-determination. We cannot fall into the trap of debating which wing of the government has the right to declare war, or which politician might be less blatant in his racism and anti-communism, nor can we be fooled by those bourgeois politicians who claim to be sympathetic to Third World nations -- and who would more 'humanely' exploit those nations in the interest of U.S. imperialism. The enemy is the imperialist system. Electoral politics and pacifism are paths that have been tried many times, and that have failed. To follow those paths now will only weaken and undermine the movement and defeat our attempts to organize greater numbers of people to resist.

May 19th Communist Organization
Domestic Security/Terrorism

"Our action carries a message to the U.S. imperialist ruling class: we purposely aimed our attack at the institutions of imperialist rule rather than at individual members of the ruling class and government. We did not choose to kill any of them at this time. but their lives are not sacred, and their hands are stained with the blodk of millions. Let it be as clear to the people of this country as it is to the rest of the people of the world that the U.S. ruling class are war criminals, and they will be held accountable for their crimes.

"33 years ago almost to the day, Oscar Collazo and Griselio Torresola, two Puerto Rican Nationalists fighting for Indepedence for Puerto Rico, attacked another part of imperialist power -- the Commander-in-Chief, the President of the U.S. Their action was one of the first in which the oppressed brought the war back to the doorsteps of the oppressor. We salute them and all those Puerto Rican, Mexican, New Afrikan, Native American and North American freedom fighters who have been killed or captured in the struggle. "HANDS OFF NICARAGUA U.S. OUT OF EL SALVADOR

"Today armed units of the United Freedom Front continued our attacks on the U.S. military machine with the bombing of the New York District Navy Recruiting headquarters, in East Meadow, Long Island, New York. We take this action in solidarity with the People of Central America, especially Nicaragua and El Salvador, who continue to resist U.S. imperialism's escalating acts of war.

"As other Freedom Fighters recently said, 'The U.S. government wants war. It is planning for it and planning on it.' In addition to the massive air, sea and land armies in and around Central America, U.S. military forces are occupying the lands and killing the People from Grenada to Lebanon. Meanwhile the worn out old boogeymen of revolution, socialism, terrorism, outside agitators (Cubans, Russians, etc.) are dragged out in high hollywood style by Reagan to try to convince the American People to accept and support these military invasions. Not satisfied with already getting hundreds of U.S. soldiers killed -- let alone perhaps thousands of civilians that U.S. soldiers have killed, maimed or left homeless by invading these other People's countries -- Americans are now told to honor the blood of those dead soldiers by continuing the occupations and even increasing them. These very same arguments were heard time and time again to justify and continued presence and escalation of the U.S. invasion and war in Vietnam. This old propaganda must not be allowed to work anymore, and our action today, as part of the whole effort by sincere People on every level, is what it will take to end it.

"In Central America, U.S. sponsored atrocities continue daily. Death squads in Guatemala and El Salvador feel freer than ever to murder people who express even moderate opposition to the

fascist governments because U.S. imperialism has given them a blank check of support. Three years after the brutal killings of four American churchwomen, Reagan announced that he would no longer need to approve the fascist government of El Salvador's human rights policies in order to fund that war. It is obvious that the U.S. government is not concerned with the human rights of the People but only with the power of the right wing dictatorship.

"On November 4th, one hundred children, women and men were massacred in the villages of San Nicolas, El Escopeta and Copapayo, El Salvador by the U.S. advised and trained Atlactl battalion.

Not satisfied with this level of barbarity, the CIA has now publicly ordered these mercenary forces to step up their attacks and move them.....in order to continue receiving their U.S. funds.

"Dec.14,1983 COMMUNIQUE #5

"HANDS OFF NICARAGUA U.S. OUT OF EL SALVADOR

"Tonight armed units of the United Freedom Front bombed Honeywell offices and facilities in Queens, new York City. This action signals an expansion of our ongoing campaign against the U.S. military machine by also targeting, disrupting and destroying war profiteers and military contractors, who actually supply and maintain the imperialist U.S. armed forced.

"As we have tried to point out in the communiques accompanying our attacks on various military installations over the past year, U.S. imperialism is meeting increasing resistance from the Peoples of many countries who are trying to throw off the yoke of oppression. From El Salvador to Grenada to Lebanon, from the Phillipines to South Africa and South Korea (and the list goes on,) the People, in spite of indescribably brutality and repression, are fighting to gain control of their lands, resources and lives. Whether it is U.S. military forces directly or any one of dozens of local U.S. puppet rulers who carry out the bestial attacks on the People, the end results are the same: 1.) U.S. imperialism owns, controls and manipulates the land, resources and people of these countries 2.) U.S. war contractor companies supply the means for this to happen. While the acts of horror committed against the People of El Salvador, South Africa, etc. might at first not seem connected to the 'refined' ruling class corporate board officers of companies like Honeywell, only a little examination will provide that they are steeped up to their necks in the blood of untold thousands of peasants and workers. The weapons, surveillance systems, etc. that U.S. forces or local U.S. backed dictators used to kill and control the people of these countries are made and sold by the war producer corporations. In most cases these war profiteers not only know how their weapons and other products will be used but they will even custom design items. Just as Hitler had war

producers building his ovens, so too U.S. imperialism has death merchants who grow fat from the profits of their tools of destruction.

"Honeywell is one of the top twenty military contractors in the United States. They design, develop and produce numerous guidance systems and controls for military aircraft, space vehicles and naval missiles and vessels. They make the navigation system for B-52 strategic bomber. They also produce weapons and weapon components, infared lighting and sensing systems, lasar guidance systems and extensive surveillance equipment. In addition they make combat vehicles, fire control systems, aircraft target detectors, classification systems, chemical defense systems and radar gun fire control equipment. They also make and market a wide range of electronic data processing and communications systems that are made expressly for military and police application.

"At Honeywell's Minneapolis plant they produce the 48MK46M2, a light weight, deep diving torpedo. They also make receiver transmitters, height indicators and interference systems for various aircraft as well as components for the electronic altimeter used in most U.S. naval aircraft.

"Honeywell supplies computers to the fascist government of South Africa. They are credited with providing much of the electrical equipment used to build SASOL, the South African government owned oil-from-coal plant which was built in secrecy and believed to involve the further development of nuclear and other military technologies. Fortunately, armed units of the African National Congress were able to blow it up.

"Honeywell also makes component parts for cluster bombs. The cluster bomb is an anti-personnel (i.e. anti-people) bomb made up of individual units contained within a larger bomb. It can break up in the air releasing individual bomblets, resulting

in several hundred separate explosions with increased numbers of fragments. These smaller bombs can explode in the air, on the ground or with a delayed fuse. In other words, after the bomb is dropped and people are killed, the survivors come out believing they are safe, but they too can then be killed by the delayed fuse bomblets. Some of these bombs are usually filled with nails.

"Cluster bombs kill women, men and children - soldiers and civilians. They are not designed to go through steel and brick; they are made to tear through flesh.

"The U.S. government used cluster bombs extensively in their wars of agression in South East Asia, especially Vietnam and Laos. Recently they were also used against the Palestinian and Lebanese People by the Israeli zionist forces. Just two weeks ago the zionists negotiated a new deal with Reagan for more weapons, including cluster bombs.

"Imperialism, the final murderous stage of capitalism is marked by almost constant aggression against other countries and People and internally by deadly repression and long periods of unbearable economic recession and depression. U.S. imperialism while sending troops all over the world also represses the Black and Native Nations within its borders, as well as brutalizes Third World and poor working people in general. The newspapers in every part of the U.S. are filled with stories of killer cops and soup lines. It's in these times that the military sucks in the young unemployed to keep up a constant supply of cannon fodder/storm troopers for its present and future wars. Likewise while millions are unemployed and facing increasing homelessness, hunger and sickness, the war producers agree to relatively decent wages to try and buy off their workers. WAR PROFIT IS BLOOD MONEY AND WAR PRODUCERS ARE DEATH MERCHANTS. The People want peace and jobs not cluster bombs.

"The northeast is saturated with military contractors like Honeywell, who produce the weapons that are destroying the people and land in Central America and elsewhere. As a matter of revolutionary principle and strategy we must expose and attack them. As a matter of concrete conditions requiring protracted struggle and warfare, we must continue to attack U.S. imperialism, its military and its war producers.

"Honeywell has been a focus of popular movements since the Vietnam war and we support and encourage such political actions at all levels.

"WARNING NOTICE
MESSAGE TO THE PEOPLE - TO ALL CIVILIANS AND WORKERS

"The United Freedom Front, a revolutionary anti-imperialist organization, has and will continue to engage in armed attacks on military, police and government installations/personnel and on death merchants, both military contractors and corporations engaged in oppression of the People and exploitation of our resources.

"These attacks have taken various forms. The method addressed by this notice is the use of bombs/explosive devices. It is NOT the intention of the United Freedom Front to hurt any innocent civilians and workers and it has been our procedure, when applicable, to give sufficient warning for evacuation of buildings and to use other methods to minimize the chance of personal injury. The following precautions/procedures must be observed:

"A.) WHEN A NOTICE HAS BEEN RECEIVED THAT A BUILDING/INSTALLATION HAS BEN TARGETED FOR BOMBING - IMMEDIATELY EVACUATE ALL CIVILIANS AND WORKERS - GET OUT OF THE BUILDING! REMOVE YOURSELF FROM THE VICINITY - STAY A CONSIDERABLE DISTANCE AWAY FROM THE BUILDING!

"C.) DO NOT TOUCH OR HANDLE ANY UNATTENDED PACKAGES, BAGS, BRIEFCASES, SUITCASES, HANDBAGS, BOXES, ETC.! OBSERVE ANY EXPLICIT WARNINGS ON SUCH PARCELS.

"This notice is being distributed to various media, unions, workers groups and community organizations. Please try to see to it that this notice is read by as many people as possible.

"U.S. imperialism's tentacles reach throughout the world, causing suffering and death. In Central America, Nicaragua and El Salvador are just two countries where the American government is trying to destroy the struggle of the People for their Freedom. There are many more: Puerto Rico, South Africa, the Phillipines, Lebanon, etc., etc. The U.S. government and war profiteer corporations not only take the side of the fascists, but they often engineer events so one murderous gang of generals/fascists after another become the dictators of these countries.

"We are in a unique position, being in the U.S. - 'the heart of the beast' - to strike a blow for the liberation of People everywhere, including in this country where millions are cold and hungry, without jobs, adequate health care or housing; where racist attacks against our People of color are a daily brutal reality; where fascists calling themselves police and correctional officers, swat teams and task forces commit acts of torture and murder daily against our People. As long as these conditions and the system that created them exist, there will be popular opposition and we will be part of it!

"UNITED FREEDOM FRONT

"Even with these millions of CIA dollars, U.S. government officials have openly admitted that these mercenary bands will never succeed in overthrowing the popular Sandinista government. Therefore, the U.S. imperialists are either just viciously spilling the blood of thousands of people, simply because they want self-determination and freedom, or they are preparing for a Grenada style invasion with U.S. troops -- or both. The Nicaraguans have and continue to offer numerous proposals for talks and peace, but meeting with no success they have also strengthened their national readiness to meet an invasion.

'The aircraft carriers are there. U.S. troops are carrying out 'prolonged maneuvers' in Honduras. The CIA continues financing the counter revolution. The Green Berets continue training the Honduran Army. And we continue contributing the dead.

'We want peace. We need peace in order to work, to study; in order to sing, to laugh; in order to simply live.

'We want peace. Why won't they leave us in peace?

'What wrong have we done to the people of the United States? We have offered the hand of friendship. Why does their government respond with a clenched fist?

'We want peace, but we are disposed to defend ourselves. Neither our petition for peace nor our determination to defend ourselves is rhetorical.'

"Sandinistas

"Imperialism is the final stage of capitalism. Before it is destroyed it will attempt to bolster itself by supporting every type of fascist government and military adventure. We must

stop it, we must join with the Liberation Forces, mass movements, progressive governments and groups, individual acts of sabotage and resistance, to attack imperialism at its base and defeat it for the survival of Humanity.

'We will win our independence and our Freedom by means of our own struggle and with the solidarity of the People of the World.'

"Popular Forces of Liberation Farabundo Marti

"El Salvador

"We dedicate this action to the memory of Michael Stewart, community artist, who was brutally murdered by the New York City pigs and to the Fighting Spirit of Brother Mtyari Shabaka Sundiata (s/n Sam Smith) who was gunned down by the pigs of the joint terrorist task force.

Enclosed for receiving offices is one copy of LHM, captioned and dated as above. LHM is classified "~~Secret~~." (U)

As indicated in the attached LHM, M19CO continues to espouse the overthrow of the US Government through armed struggle by building a revolutionary force. This struggle will be led "by organizations based in clandestinity." The M19CO struggle was put into practice on 10/20/81, when a BRINKS armored car was robbed in Nanuet, NY, and one guard and two police officers were killed. This FBI investigation entitled "NYROB" revealed participants in the robbery, relating to M19CO members, included [redacted], [redacted] and [redacted]. These M19CO members had joined forces with black radicals/terrorists and white radicals/terrorists (WEATHER UNDERGROUND fugitive [redacted]), both groups involved in NYROB, to expropriate funds to finance their terrorist acts. (U)

To date, the M19CO continues to support and associate with the REPUBLIC OF NEW AFRIKA (RNA)/NEW AFRIKAN FREEDOM FIGHTERS (NAFF), a black radical/terrorist group, and FUERZAS ARMADAS DE LIBERACION NACIONAL (FALN), a Puerto Rican radical/terrorist group, both of whom are known terrorist groups responsible for attempted/planned robberies and/or bombings in the US. (U)

On 11/29/84, [redacted] (a M19CO member/leader and Bureau fugitive in NYROB case) and [redacted] (known associate of M19CO in NY City) were arrested in Cherry Hill, NJ. Subsequent to arrest, 740 lbs. of explosives were recovered. (U)

In view of this arrest and the facts presented in the attached LHM, the M19CO, along with its association/support of the RNA/NAFF and FALN, is investigatively considered to be linked with the RED GUERRILLA RESISTANCE (RGR) and the ARMED RESISTANCE UNIT (ARU), both known to be responsible for bombing in NY City and/or Washington, D.C. (U)

~~SECRET~~

Based on information provided above, NYO continues to recommend a full Domestic Security/Terrorism investigation on the M19CO. (U)

For information of the Bureau, the address "John Brown Anti-clan Committee, 504 West 24th Street, Box 101, Austin, Texas, 78705" was found among the possessions of [redacted]. Investigation at Austin, Texas, as reported in enclosed investigative insert determined that post office box was at a private post office box rental agency and was subscribed to by [redacted], Major May 19th Communist Organization Leader, from 8/25/84 until 12/26/84. [redacted], another May 19th Communist Organization member from Austin, Texas, previously subscribed to a private mail box at that same location.

SIZER further advised that several individuals made speeches to the group and that most of the emphasis for the demonstration was directed toward herself and the prison staff because of the confinement of two Puerto Rican prisoners who the protestors feel are being treated unfairly. Warden SIZER advised that after being at the prison gates protesting for approximately two to two and one-half hours, the demonstrators then returned to their buses and left the area. Warden SIZER advised that there was no trouble and that the demonstration was peaceful.

Warden SIZER further advised that the entire demonstration was put on video film and still photographs were made. Warden SIZER advised that leaflets were passed out by individuals in the demonstration to anyone along the march route who would accept them. SIZER advised that these leaflets were by individuals representing the New Movement in Solidarity with Puerto Rican Independence and Socialism located at Box 295, 2520 North Lincoln, Chicago, IL.

The above being submitted to receiving offices in view of their investigative interest in captioned organizations.

No further investigation being conducted by Pittsburgh and this matter is being placed in a closed status.

2). One copy of a newspaper entitled, Stop the Grand Jury!, published by JBAKC, P.O. Box 406, New York, New York 10009, which is dated November, 1984.

3). A packet of leaflets obtained at the JBAKC sponsored meeting on 10/29/84.

The enclosed newspapers entitled, Stop the Grand Jury! were available in Washington, D.C. bookstores during the last week of October, 1984 and first week of November, 1984. Page one contains a photo of CHRISTINE RICO, JULIE NALIBOV, STEVEN BURKE, and SANDRA ROLAND. Below the photo is a story regarding their position of non-collaboration with the Federal Grand Jury (FGJ) in Washington, D.C. Also on page one is a story regarding CAMERON BISHOP and the fact that he has been subpoenaed before a FGJ in Boston, Massachusetts.

The top leaflet in the packet which is entitled, "Stop the Witch Hunts!" has contact numbers for further information (202) 639-6221 and (212) 244-4270. C AND P TELEPHONE COMPANY, Washington, D.C., advised that (202) 639-6221 is one of the numbers at the WISE OWL ANSWERING SERVICE, 918 F Street, N.W., Washington, D.C. A pretext call to that number was answered, "Witch Hunt", and the answering service advised that no one was in their office and requested a message be left with a telephone number.

As set forth in the statement of SA [redacted], ATF, on 10/29/84 a rally was held in Washington, D.C. supporting all activists who refuse to cooperate with FGJ's. Speakers included [redacted] stayed at [redacted] Washington, D.C. during the weekend of 10/27-28/84, and the night of the rally. [redacted]'s brown [redacted] stationwagon, New York license [redacted], was observed parked at [redacted] Washington, D.C. and was used for transportation to the site of the rally. b6 b7C

It has been determined that telephone number [redacted] located at [redacted] Washington, D.C. is subscribed to by [redacted]. Surveillances have found that [redacted] is a frequent visitor at that residence. Both are known members of the JBAKC at [redacted] Washington, D.C. They are also leaders of the AMERICAN UNIVERSITY Students for Peace in Central America and have organized demonstrations at AMERICAN UNIVERSITY protesting U.S. involvement in Central America. During an early morning surveillance on 10/25/84 an unknown white female, possibly [redacted], departed [redacted] in the Toyota and went to her apparent place of employment, [redacted] Maryland.

WFO investigative efforts are targeted at [redacted] Washington, D.C. A pen register was installed on [redacted] Leads will be set forth in later communications. A survey is also being conducted to determine the feasibility of closed circuit television coverage of the alley and driveway behind the target location. Only one trash cover attempt has been successful to date but additional attempts will be made.

GUILD guitar Model F-212-NT - Serial No. 89453 was manufactured in Hoboken, NJ, on 5/15/74. It was shipped to MULDERS MUSIC. GUILD does not know where MULDERS is, but indicated that it has to be in Texas, Arkansas, Oklahoma, or Louisiana. GUILD's records date back only seven years, and the exact location where the guitar was shipped is impossible to determine.

The ELIZABETH, NEW JERSEY GUILD office cannot determine how many GUILD guitars are made in a year, but advised that, that information could be obtained at Westerly, R.I.

Lead designations are being left up to the discretion of New Haven.

June 21, 1985

BALTIMORE DIVISION
JUNE 20, 1985

Pursuant to a Federal Search Warrant executed in Baltimore, Maryland, on the residence of three individuals associated with the May 19th Communist Organization (M19CO), a revoluntionary terrorist organization, operating in the United States, numerous documents linking the group to bombing of U.S. government office facilities were seized. Detailed plans for future bombings were also seized. One set of handwritten documents under the heading "FMLN/FDR, February - March, 1984" appears to be a rough draft for a newspaper or periodical dealing with the armed revoluntionary movement in El Salvador and its political and ideological connection with the communist leaders in Nicaragua. The draft contains editorials, news articles and interviews. The articles and interviews indicate there exists a close association between the Nicaraguan Communists and the Insurgents in El Salvador. There is no indication in text as to whether the May 19th communists personally visited El Salvador and Nicaragua or whether they obtained the information through their ties with the communists in both countries. Some Excerpts of positive intelligence value have been excerpted below with the title of the news article proceeding the quote. News articles of lesser interest have been identified and summarized. Another set of documents seized appear to consist of handwritten notes taken at a RAF Session, as the notes are entitled. It appears RAF representatives presented its ideological/political position and revolutionary plans during a question and answer session, date unknown. The note indicates the RAF operates as a violent communist group in West Germany. Information of positive intelligence value have been excerpted and put in quotes.

Salvador, "Monsignor Oscar Arnulto Romero" (the Monsignor's name is a part of the groups title.) ([redacted] is interviewed by "P" concerning her fight to win the "liberation of her people". She decries the government death squads and accuses President Reagan of indirectly supporting the human rights violations in El Salvador.) There are other forms of struggle, of which we still cannot speak openly, because it is to expose people who collaborate with the Mother's Committee, but people of various organizations helping, are collaborating to cast away this enemy who during 50 years has oppressed us with hunger, living in bad conditions, fighting so that our children have a dignified life... (now the woman who is not occupied as a guerilla with a gun, is collaborating from inside the factory, the work shops, from different places.... We are going to keep fighting until we get rid of this yoke that we have. We are asking all mothers, those from Lebanon, Uraguay, Paraguay, Columbia, Peru, Haiti, Chile, Mexico, Costa Rica and also Hondurian mothers, who are fighting to get rid of the military basis on Central American ground, these North American basis... that they unite with us."

Comandante Anna Maria, Teacher and exemplory guerilla: (in this article quotes are taken from a book by Comandante Anna Maria, a member of the FMLN, in which she states that the guerillas are found in more than two thirds of the country and the strong military offense of the Christian Democratic Junta against the popular armed forces have not achieved their objective.)

"The population and the guerilla: (This article discusses Milida Anaya Montes and her activity as a insurgent and organizer of the people.) "The infrastructure used by Ms. Junta for the transport of arms and repressive forces that assassinate the people have been and are being destroyed: For example, the Bridge of Gold and seven other more important objectives; today, they are having difficulties with the passage of troops, this was a response to the invasion of Chalatenango and the refusal to open a dialogue with the FMLN/FDR and was a political and military blow of great breath." (This quote was attributed to Milida

Anaya Montes). "The conviction that victory is near Springs from Comandante Anna Maria's belief in the fact that all of her life has been devoted to the service of popular causes." "The Salvadoran problem is a Central American problem.... Revolutionary movements with their example also intermingle. The common asperation of Central American peoples has been and is to construct a free, just, sovereign country. Nicaragua has been liberated, Guaetmala and El Salvador are in a maturing revoluntionary process; revolutionary forces have to confront internal enemies and Yankee imperialism." "In proportion to how much they identify themselves with the people, in proportion to how much governments with democratic aspirations respect self determination, in that same measure they will contribute to the victory of the Salvadoran Revolution. In that measure, the Salvadoran conflict is a Central American problem."

"Women in Guazapa": (This article is written as if dictated by a "woman from Guazapa). In 1980 a local guerilla force was formed and fulfilled the work of Militias... At the same we were dedicating ourselves to planting, to business or to the home, we were clandestinely supplying the combatants. Little by little we having been adding to our levels of organization until today counting on the Association of Salvadoran Women, "Lil Milagro Remirez." We decided to take the name of Lil in honor of that heroic combatant of the Salvadoran Revolution from the revolutionary movement in this province of Cuscatlan. She worked clandestinely in the Burmuda zone, organizing the base for the United Popular Action Front (FAPUN) there from 1973 through 1974. As a tribute to this heroic woman, We... founded the women association as a part of the organization of FAPUN in our control zone in Guazapa. At this meeting the following were defined as objectives of the AMS:

To incorporate woman massively in all the tasks of the revolution, to strengthen mass work on the front line of the war, to collaborate in task and projects from the front, to project our association of woman at a National and International level. Women as much as men are capable of fulfilling the

fundamental task of the revolution. It is in this sense that we coordinate activities with the popular committees in the different zones of control on our front line, with the goal of consolidating popular power.... The women of the militias and of the guerilla forces are active members of AMS, which permits us to coordinate our activities of support with the plans of the army. On military expeditions, for example, we meet with women in the zones where the army and militias are going to operate, (the army refers to the revolutionary army) in order to accomplish supply operations. From the experience of Calle Nueva, we are joining together with the militias to blow up electrical energy outpost, propaganda responsibilities, mass education, and organizing fiestas of celebration when the guerilla army enters victoriously into our zones of control. We participate in the campaigns to build anti-aircraft shelters, trenches, and lines of building homemade arms, explosives with tin plates saved from what the army troops left when they invaded our lands. Also we have learned to make black powder and explosives extracted from certain plants that grow there in Guazapa, we have joined together in making pails, jars, pots for storage of the homemade explosives that serve us for the self defense of our zones, for our security when we are massively displaced at the times of invasion by the Genocidal Army. Also we are incorporated into making homemade armaments such as spears of Guiscoyol, arrows and broad zone mines." (After this article is the notation "taken from the magazine Guazapa").

"Comandante Jorge Handal: <u>We are winning the war</u>

Last January 28, the Secretary General of the Communist Party of El Salvador (PCS) a member of the general command of the FMLN, Schafik Jorge Handal, offered an objective panorama of the course that the Salvadoran process is following in an extensive political/military analysis of the three years of the popular revolutionary war... Comandante Handal reformed that the Salvadoran people, lead by their vanguard the FMLN, are winning the war. The analysis emphasizes that territories under control of the FMLN will add up to one third of the expanse of the country, adding to them those areas called disputed zones.

BALTIMORE DIVISION
JUNE 20, 1985

Likewise it controls the principle highways of the country and more than 80 towns are politically administered by revolutionary forces. On making mention of the situation in which the government army finds itself, Handal showed that in this period the FMLN has caused more than 15,000 casualties (dead and wounded) at the same time it captured more than 2,350 prisoners, among them tens of officials, including the ex-vice minister of defense. The account also details that the insurgents have recovered 5,700 weapons, three hundred and forty-seven of them support arms, as well as hundreds of thousands of rounds of ammunition of diverse calibers and a great quantity of war equipment. Handal (stated) that none of the parties that are going to the elections in March represent the interest of the Salvadoran people. All of them, he added, are blood stained by genocide or they are accomplices in covering it up. For this reason, he said, the FMLN will not recognize the validity of the results from the electrical farce, on the contrary, we will continue developing the popular revolutionary war before, during, and after the elections. FMLN did not need to boycott the elections, nor will they do it."

"Letter from Salvadoran mothers to mothers of marines: (This is a letter allegedly from Salvadoran mothers requesting that the mothers of U.S. Marines stop their sons from participating in "North American Imperialism".)

"Women in the controlled territories:

(This article discusses North American imperialist, exploitation and intervention in Central America.) "Patricia, a woman leader, points out... We (women) have accomplished tasks of communications, as guides, information, production tasks in health and teaching brigades, in the organization of popular committees, on the political level, in logistics and supply, and also on a military level. In this aspect, we can point out the presence of women commanders such as Anna Guallalupe Martinez (Marie) Mass Leader of the Northeast Front, and Comandante Anna Sonya Medina (Mariana), responsible for important sabotage actions. Comandante Mercedes Del Carmen Setona (Louisa),

responsible for the Radio Venseremos System, Teacher Melida Anaya Montez (Anna), Second Commander in Chief of the Popular Liberation Forces (Farabundo Marti). In all the territories under control of the FMLN, just as in this village, the population who are not fighting grow crops, grind sugar cane, care for live stock, etc. This production is used to maintain supply for the guerillas. Also homemade presses account for editing of pamphlets, propoganda, etc."

"Radio Venceremos is part of the People-Comandante Mercedes Del Carmen Setona (Louisa):

Once again our enemies equivocate and do the ridiculous. Yesterday, February 3, in the morning hours we heard the official protest of the government of our brother Republic of Nicaragua, for the air attack carried out against a civilian communications center and a storage facility for fuel, located in Cerro Casitas, in Clunandega Province, 50 kilometers from the Honduran border. It is a public fact, and the Reagan administration itself has no more than minimal interest in hiding it, rather on the contrary, the support, sustenance, arms supply and training that they provide to the Somocistas counter revolutionaries to sustain the aggressions our brother Nicaraguan people. (The article goes on to state that the Radio Venseremos signal does not eminate from Nicaragua but, rather, eminates from El Salvador.) The murderous bands of Somocistas, which are being silenced by the heroism and combativity of our Sandinista brothers... We are reinitiating on the fifth of February our broadcast for San Salvador on a changed frequency. Also, we are announcing to our people that for this year we have plans that are already moving forward to multiplying our transmission frequencies. The heroism and combativity of this revolutionary army built by the people has won control over so much territorial space that we are able to open the other stations we are proposing."

"Proposal for Integration and Platform of the Provisional Government of Broad Participation: (This article sets forth the FMLN-FDR plans for the formation of the Provisional Government of Broad participation. One of the

platforms mentioned is the "Nationalization of the Banking and Finance System of the country with the objective of putting the financing credit structure at the service of the interest of the majority of the nation".) The provisional government of Broad Participation... will affiliate with the movement of non-aligned nations, and consequently will strengthen the struggle against colonialism, neo-colonialism, Zionism, racial discrimination and apartheid. The establishment of diplomatic relations with other countries will be made independently of their social regime and on the basis of national interest. It will fulfill pledges contracted in the world organizations and will seek active participation in international forums, for the discussion and solution of problems derived from economic relations between countries. It reaffirms its bolivarian calling and consequently will strengthen itself in the promotion of and participation in the regional forums that strengthen the position of Latin American countries faced with regional problems of a political, diplomatic, economic/financial or social order. The provisional government of Broad Participation pledges not to permit the installation of foreign military basis and/or missiles in its territory. It will strengthen its efforts to making real the Morazarical ideal of the union of Central America, how our region may be free of foreign military forces, it will not participate in military blocks/as a consequence it will withdraw from Condeca. It will participate actively in the promotion and development of regional organisms that may guarantee the political solution to international contraversies and it will sign agreements that promote economic, social and political integrations." (The article at the end indicates that these proposals were made by the "general command of the FMLN and executive committee of the FDR in El Salvador, on January 31, 1984.)

"On the road towards decisive values:

(This is a transcript of an interview by code name "32" with Urey Second, Chief of Operations of the Armed Liberation Forces (FALN) Army of the Communist Party of El Salvador (PCS), member of the Farabundo Marti National Liberation Front (FMLN) in

which she answers questions by "32" concerning the political and military situation in El Salvador and womens participation therein.) The FMLN and the FDR (democratic revolutionary front) have developed a clear line in political, diplomatic and military areas. On political ground, our fronts have presented a platform that collects the aspirations of the broad sectors of the working class. Our fronts have rejected the elections at the same time that they have repeated a proposal for dialogue that will arrive at negotiation and a constitution of a provisional government of Broad Participation as a political solution to the conflict. We are not going to lend ourselves to the maneuvering of imperialism... (Our front) to a heightened in capacity for maneuvers, as much in attack and assaults on fixed positions as in movement, a level of deep knowledge of enemy tactics and techniques. All this as a result of iron discipline and high revolutionary morale. With the actions carried out between December 30, of last year and January 2, of the present year, we have begun the military campaign "all the people confronting imperialist intervention until we win", which is no more than a continuation of the offensive line maintained during the last months of 1983 through the campaigns "independence, freedom and democracy for El Salvador", "Yankees out of Granada and Central America". (In response to a question concerning the capacity of the FMLN to repeat similar and simultaneity attacks, Yuri gives the following reply): The Simalton 80 of the actions and surprise in the attack are two factors which contribute to the success of the operations. In this sense the FMLN has carried out a series of simultaneous operations, attacking different targets in an action radius of almost 300 square kilometers. The destruction of El Parasil Barracks, the attack on the Cuscatlan Bridge were simultaneous actions. Other simultaneous actions were those carried out in San Magal and La Union in April of last year where enemy positions at Santa Rose DeLima were taken, six important bridges were blown up, including the one that joins El Salvador with Honduras; enemy positions at El Delireo were taken and the electrical substation in that area was destroyed, just as sections of the liberal and Panamerican Highways were taken. In all these actions, numbers casulties were caused to the enemy and numerous of weapons were captured.

BALTIMORE DIVISION
JUNE 20, 1985

The FMLN has been capable of accomplishing simultaneity in actions as a result of a high level of military professionalism of her commanders and a high level of their coordination in planning military operations.

(* Note: In the midst of a sentence concerning "Yankee advisors", see following, the person writing the article writes in "(missing copy)", which suggests that the writer this article sat in on the interview or was listening to the interview on radio.) "For 1983 the Yankee advisors has outlined a plan named "Global strategy against subversion" and they are creating another elite counter insurgency battalion, "Manuel Jose Arce", through which they are trying to test the Vietnam experience of "strategic hamlets" by means of a restoration plan of areas, which they are beginning in Sanvicente, ... (missing copy)... On the contrary our attitude will be to continue fighting hard against the enemy". (The articles text continues): "The government that arises from the elections will be in the mist of down fall and defeat. Our attitude will always be to look for alternatives for a political solution while, no matter what, we will continue raising the levels of the war, destabilizing the regime and wearing out the damaged and defeated forces of the army in order to definitively win the liberation of our people... The Salvadoran women are found present in the first line of fire in the four fronts of the war of the FMLN, they have also organized military units, composed and lead solely by women comrades, such as units of Peloton, "Comrade Silvia". Women are found incorporated into the different mass organizations of the FMLN/FDR, as much in the city as in the country, carrying out responsibilities openly and in clandestinity.

The broadest and most combative solidarity was shown in El Salvador, and just as in Mexico, the anti/imperialist league of the Americans was founded to make solidarity more representative with the Nicaraguan people, an organization that transmitted information received from Nicaragua to Buenosaires, Argentina for the broadest international information... At the same time massive concentrations were carried out to inform about everything that was happening in Nicaragua and to protest joint involvement against Sandino; spectacular Mardies were carried out everywhere in the country to proclaim solidarity with Sandinos Anti/Imperialist struggle. (The article ends by indicating that the "Yankee invaders" were thrown out of Nicaragua in 1933".)

(Another set of handwritten documents are entitled "RAF Session II". Although "RAF" is not identified in the notes, it could possibly refer to the red army faction or the revolutionary action front. THE RECORD, SUNDAY, SEPTEMBER 15, 1985
Bergen/Hudson

In defense of leftist revolutionaries

By Bruce Rosen
Staff Writer

At the law firm of Flood, Holmes & Tipograph, they're not too happy that they've been so busy lately. Much of the firm's work consists of defending self-styled revolutionaries, most of whom have been in hiding until their arrests and many of them are friends of the lawyers'.

Susan V. Tipograph, Judith L. Holmes, and Sharon A. Flood form the nucleus of what is also known as the Resistance Law Firm in Manhattan. Their credo, according to a pamphlet describing the firm, is to use their legal skills "to fight repression and to support people who resist the U.S. government and who fight for revolutionary change."

"We have a little more work than we'd like," said Ms. Tipograph, referring to the recent success of federal and state law enforcement agents in apprehending suspected terrorists. That means a lot of unpaid work for the firm, which supports its defense of radicals by handling routine criminal and divorce matters.

This year, the lawyers spent several weeks representing Timothy Blunk, the son of a Presbyterian minister from Somerset County, and Susan Rosenberg, a onetime roommate of Ms. Tipograph's. They ultimately were convicted on federal charges of possessing explosives and sentenced to 58 years in prison.

Aug. 1, Ms. Tipograph successfully sought a subpoena requiring her to testify against a client, Marilyn Jean Buck, in a trial on fugitive charges. Buck was convicted anyway and now faces federal racketeering charges with Rosenberg in connection with the 1981 Nanuet, N.Y., Brink's heist, which left two

See LAWYERS, Page A-40

FROM PAGE A-29

policemen and a security guard dead.

In late September, the firm will represent Patricia Gros, one of the "Ohio Seven" — radicals charged in a series of bombings of businesses with military contracts as well as military recruiting offices in the New York City area. She was one of five members of the group captured in an FBI raid in Ohio last year.

After that, the firm will assist in the defense of two other "Ohio Seven" defendants, Thomas Manning and Richard Williams. Those self-professed revolutionaries face charges in New Jersey for the 1981 murder of a state trooper on Route 80 in Warren County.

Ms. Tipograph, 34, a Teaneck native; Ms. Flood, 33; and Ms. Holmes 37, a founder of a feminist law collective in Washington, D.C., are part of the new generation of defense counsel representing accused radicals.

Just as they did in their defense of those charged in the Brink's holdup, they'll be working on the Ohio Seven case with some of the established names in the revolutionary-defense business, including William Kunstler.

Ms. Tipograph can be as engaging in conversation as she is ferocious in the courtroom. During the Rosenberg-Blunk trial in Newark, she made no secret of her unhappiness with the rulings of U.S. District Judge Frederick J. Lacey, often raising her voice far more than permitted by most judges. Of course Lacey, who sentenced the pair, had the last word.

When Kunstler filled in for Ms. Tipograph at a pretrial hearing, Lacey remarked that he and Kunstler, though far apart philosophically, were old hands at the game of law and understood that it was better to approach things calmly.

"My hat's off to her," Kunstler said of Ms. Tipograph recently. "She's aggressive and has a big mouth which she opens for her clients when she knows she is right."

Kunstler said Ms. Tipograph, Ms. Holmes, and Ms. Flood are an increasingly rare breed. "We used to get the cream of the law school crop," he said. "Now they're in the Yuppie stream, trying to make big bucks or work as prosecutors. I see some revival of commitment these days, and part of that is due to people like 'Tip'."

Kunstler said cases brought against radicals these days involve higher penalties than in the 1960's and the early 1970's. "Where we used to get cases for breach of the peace, now they call it racketeering," he said.

Prosecutors are not as kind as Kunstler toward the resistance firm. Some dismiss their legal talents and call them propagandists. Others respect their abilities, but grumble about their sincerity or methods.

"We're good lawyers," said Ms. Tipograph, who was graduated from New York Law School in 1975. "We represent our clients vigorously and with a fair amount of skill."

The firm's most clear-cut victory was a $90,000 settlement from the FBI in a suit in which six radicals chargedthat their constitutional rights had been violated.

Their firm, in a lower Manhattan loft with wood floors and posters boosting Puerto Rican independence and the Palestinian movement, is a "collective." Sharing means not only equal pay for lawyers and other workers. It also means shared decision-making — even when it comes to legal strategy. Ms. Tipograph said her income is under $50,000 a year.

Representing revolutionaries can take several forms. Sometimes these lawyers fulfill a traditional role of acting as attorney and speaking for a client. Sometimes they act as advisers and sit back while defendants defend themselves before the

jury as part of a polemic-filled political trial.

"We're not just technicians," said Ms. Holmes. "Some clients we represent we are in full sympathy with."

The three take themselves extremely seriously. During the Rosenberg-Blunk trial, Ms. Tipograph distributed a lengthy legal brief which outlined the revolutionary goals and explained that the cause was not subject to U.S. law, but to the United Nations Charter and the Nuremberg Principles, a "higher law." Ms. Tipograph said at the time that the document eventually could become an important manifesto.

Even the legal assistants fit the mold. Silvia Baraldini, a former legal assistant married to Blunk, was convicted of federal racketeering charges in connection with armored car robberies and sentenced to 43 years in prison.

Eve Rosahn, 34, the present assistant, spent 15 months in jail for refusing to answer questions before a federal grand jury investigating the New Afrikan Independence Movement and its link to the Brink's robbery. Her car was identified as one of the getaway cars in the attempted robbery and murders.

The members of the firm say they have learned not to measure their successes in acquittals.

"Different people define winning in different ways," said Ms. Tipograph. Because the laws are being used to repress revolutionary ideas, she said, the fact that people are being found guilty by juries is "irrelevant."

Said Ms. Holmes: "What keeps us going is that it is a privilege to represent and know the political prisoners and revolutionaries we represent. They have character, courage, and commitment."

IT HAS ALSO BEEN LEARNED THAT THE 9/17/85 ISSUE OF THE VILLAGE VOICE CONTAINS AN ARTICLE CAPTIONED, "NY8+, FEDS 0". ON PAGES 22-25. THE ARTICLE MAINLY CONCERNS THE NEW AFRIKAN FREEDOM FIGHTER TRIAL. HOWEVER, IT ADVISES THAT ON 10/5/85. AT 33RD AND MADISON AVE, NEW YORK, NEW YORK, THERE WILL BE A RALLY TO BUILD A BROAD BASED COALITION AGAINST GOVERNMENT TERRORISM. THE NEW YORK JOINT TERRORIST TASK FORCE IS MENTIONED PROMINENTLY IN THE ARTICLE. IF IN FACT SUCH A RALLY TAKES PLACE TO "BUILD A BROAD BASED COALITION", IT IS LIKELY THAT SOME OF THE AFOREMENTIONED SIX INDIVIDUALS WILL PARTICIPATE.

Also, enclosed for San Antonio is a photomechanical copy of the drivers license of [redacted] and copies of surveillance photographs taken of an individual believed to be [redacted]. These photographs were taken on 8/23/85, in Bay St. Louis, Mississippi.

Referenced San Antonio airtel furnished Jackson with a photograph of [redacted].

SA [redacted], Jackson Division, who conducted the surveillance, described in the enclosed insert, believes that the individual surveilled is identical with [redacted]. However, SA [redacted] never got close enough to make a positive identification. San Antonio might consider showing the enclosed photographs to Agents familiar with [redacted] in an effort to effect a more positive identification. It is noted, however, that the enclosed photographs do not clearly depict the individual being surveilled.

Investigation is continuing at Jackson.

The following investigation was conducted by Special Agent (SA) [redacted]:

On August 19, 1985, a review of current and previous editions of the POLK'S CITY DIRECTORIES, Cross-Reference Telephone Directories, and SOUTH CENTRAL BELL Telephone Directories for Bay St. Louis, Mississippi, as well as Gulfport and Biloxi, Mississippi, failed to show any entry concerning [redacted].

On August 19, 1985, [redacted], Dispatcher, HANCOCK COUNTY SHERIFF'S OFFICE, Bay St. Louis, Mississippi, and [redacted], Secretary, BAY ST. LOUIS, MISSISSIPPI, POLICE DEPARTMENT, both advised that they could locate no record identifiable with [redacted].

On August 19, 1985, RONALD H. PETERSON, SHERIFF of HANCOCK COUNTY, Bay St. Louis, Mississippi, advised that he personally did not know [redacted]; however, he was familiar with [redacted]. He stated while many homes close to the beach are considered vacation or weekend residences, that the homes on [redacted] are believed to be year round residences.

On the night of August 22, 1985, a spot check was made of the residence of [redacted] at [redacted], Bay St. Louis, Mississippi. This spot check revealed a white female and a white male packing a van to which was hitched a medium sized U-HAUL TRAILER. Suitcases were tied onto the rear top of the van.

A dark-colored pickup truck was observed visiting at this residence, which might have been occupied by two or three people. The pickup truck was at the residence about 20 to 30 minutes. ~~During~~ this time period the truck left to go to a nearby all night grocery store and returned to the residence.

On the morning of August 23, 1985, the van was observed to be a [redacted], red with windows on all four sides and a white stripe approximately one foot wide encircling the vehicle. The vehicle was observed to bear Mississippi License [redacted]. The U-HAUL TRAILER was observed to have license Z-04700, white letters on a maroon background and believed to be an Arizona license plate.

Two dogs [redacted] were observed on the front porch of the residence. One of these dogs was on a chain and the other one was free to roam, although both of them stayed together.

b6
b7C
b7D

Subsequently on the same date a spot check of the residence revealed that the trailer had been unhooked from the van and left locked in the yard. The van was gone.

On August 23, 1985, [redacted] (Protect identity), [redacted], advised that [redacted] had notified [redacted] that she was moving to Texas on that date and had left a forwarding address with the post office.

On August 23, 1985, an inquiry at the United States Post Office, Bay St. Louis, Mississippi, revealed that a forwarding address had not yet been filed.

On August 23, 1985, records of the HANCOCK COUNTY TAX COLLECTOR'S OFFICE, Bay St. Louis, Mississippi, revealed Mississippi license number [redacted], was registered for use on a 1978 [redacted] van, Vehicle Identification Number [redacted], to [redacted] at the above address. Computer records reflect that the vehicle was purchased on July 16, 1985, from GULFPORT AUTO SALES, 2223 25th Avenue, Gulfport, Mississippi, by [redacted] at the Bay St. Louis address. The license tag for the vehicle was purchased on July 18, 1985, and expires on July 31, 1986. A safety inspection decal for the vehicle was issued on July 16, 1985. The title reflects that [redacted]'s Social Security Account Number is [redacted].

During the late morning of August 23, 1985, the above described vehicle with a white female believed to be [redacted] was observed grocery shopping, getting gas, eating lunch at a restaurant, and picking up a package at a dry cleaning establishment. During the afternoon, the same female with two dogs was observed walking near the beach and talking to children.

A spot check of the residence at approximately 4 p.m. revealed the vehicle and trailer gone and the house closed up with trash and boxes piled next to the street. The vehicle was subsequently located in Bay St. Louis, Mississippi, pulling the trailer and heading out of town at approximately 4:20 p.m.

EGGAN is a self proclaimed "full-time member of the PUERTO RICAN INDEPENDENCE MOVEMENT" and is deeply involved in both the every day activity of the MOVIMIENTO DE LIBERACION NACIONAL (MLN) as administrator of the Puerto Rican High School and as such is responsible for the planning of events and functions in conjunction with the MLN, NEW MOVEMENT, and the M19/JBAKC. EGGAN has been a very conspicuous supporter of the MLN, attending nearly all scheduled events. EGGAN served as co-director of the June 21, 1984 Puerto Rican High School graduation ceremony held at the BORINQUENA CULTURAL CENTER in Chicago. He also marched in the June 9, 1984 alternative Puerto Rican parade day, and has co-chaired a NEW MOVEMENT meeting at the LAKEVIEW LUTHERAN CHURCH [redacted], 7/11/84, concerning U.S. war plan preparation and militarization of Puerto Rico. Now at that meeting the group further discussed the 2020 plan which the speakers asserted describes the industrialization and strip mining exploitation of Puerto Rico by major U.S. corporations. EGGAN also played an active role in promoting the M19CO/JBAKC protest of U.S. militarization of Central America at the August 11, 1984 rally held at the GLENVIEW NAVAL AIR STATION.

Like other M19CO members, EGGAN apparently enjoys a joint membership in the JBAKC, PFOC, and the NEW MOVEMENT organizations which support the activities and philosophies promoted by the FALN/MLN, RNA, NAFF, BLA, and CISPES; EGGAN has surfaced at numerous events held by seemingly diverse political causes. Most recently, he was responsible for organizing the November 6 through November 13, 1984 "week of resistance" at the GREAT LAKES NAVAL TRAINING CENTER sponsored in cooperation with the DISARM NOW ACTION GROUP, featuring acts of civil disobedience and active penetration of the base grounds. EGGAN also arranged the M19CO "walk runathon" held September 23, 1984, which raised $542.00 and was geared primarily as a recruiting vehicle for the May 19th. On October 13, 1984, EGGAN led a group of Puerto Rican High School students at the MIDWEST FREEZE RALLEY in Chicago, which called for a freeze on production of nuclear weapons. At that ralley EGGAN and other M19CO members distributed NEW MOVEMENT and PFOC literature.

EGGAN is also known to attend a number of MLN sponsored functions, albeit not in a leadership role. On occasion he is the lone M19CO representative, or is one of two, appearing to enjoy defacto membership in the MLN.

EGGAN is known to be a close confidant of [redacted] of the MLN in Chicago. On one occasion EGGAN engaged in a conversation with [redacted] concerning the FBI's capture of Top Ten Fugitive [redacted]. In it EGGAN questioned how the FBI had located [redacted] and [redacted] responded that they would be finding out from New York shortly.

[redacted]

On December 1, 1984, FREDERICK EGGAN participated in a closed door meeting with several Chicago M19CO members in the library at the Puerto Rican Cultural Center. Those in attendance discussed events [redacted]. EGGAN responded to a question from the group as to why "everything" (referring to dynamite) was being moved at once, stating that "We had a new location to store everything." When questioned about "the other places" EGGAN said that they were going to stay away because "we don't know if they are being watched or not. We have to wait to see what happens", and that if anyone hears anything "they should contact [redacted] EGGAN. The conversation demonstrated knowledge that explosives were being stored and that there was other locations involved.

EGGAN has remained active in the JBAKC, urging attendance at a rally at Aetna Plaza, December 8, 1984. EGGAN attended a December 16, 1984, art exhibit at Westown Community Art Group sponsored by the MLN. The exhibits were made by incarcerated FALN members, their relatives, and FALN sympathizers.

On the same day, EGGAN [redacted] held a brunch at [redacted]. FALN member [redacted] addressed the assembled group concerning the deplorable prison conditions under which FALN prisoners live while in confinement. He complained that they are receiving poor treatment and urged M19CO members to adopt a strong public stance against such conditions and mistreatment. EGGAN continues to be active in MLN sponsored activity, such as

b6

that held December 22, 1984, at JOSEPHINIUM HIGH SCHOOL, Chicago. The activity consisted of a cultural affair featuring singing, dancing, and poetry reading. He is frequently at the Puerto Rican Cultural Center, even in the absence of others of Puerto Rican lineage, [redacted]. EGGAN was overheard talking to [redacted] on January 17, 1985, indicating that [redacted] might not be able to give a schedule speech at the Wellington Avenue Church in Chicago, on the 19th. EGGAN revealed that [redacted] would be the alternate speaker [redacted]. In addition to other activity, EGGAN occasionally holds himself out as a representative of the "New Movement in solidarity with Puerto Rican independence." On January 22, 1985, EGGAN represented the New Movement at a memorial service for JUAN ANTONIO CORRETJER held at the First Congregational Church, in Chicago, and sponsored by the Chicago MLN. During his address EGGAN spoke of CORRETJER's personal influence and vowed that everyone would work harder to follow in the honoree's footsteps. Each of the M19CO members in attendance, including EGGAN, donated $20.00 to help defray CORRETJER's hospital cost and for airfare of several Chicago individuals attending the funeral. EGGAN also attended a February 1, 1985, New Movement scheduled activity at Wellington Avenue Church entitled "Puerto Rican Women verses U.S. Colonialism". [redacted] spoke concerning the deplorable prison conditions of incarcerated Puerto Rican "prisoners of war". She urged those in attendance to publicly protest by letters to wardens, recruiting sympathizers, and petitioning the Government against these poor living conditions. A film, "La Operacion", a documentary film on the alleged U.S. program of sterilization of Puerto Rican women was shown. M19CO members, including FREDERICK EGGAN, donated $3.00. EGGAN also has participated in the "AD HOC Committee Against Repression" which sponsored a January 19, 1985, function at Wellington Avenue Church. EGGAN [redacted] sold M19CO and PFOC literature as well as other documents including the Communist Manifesto at this activity. Activity centered on Puerto Rican efforts to gain independence and [redacted]'s address concerning the U.S. Government's intrusion into Central America. Attendees were admonished not to cooperate with the illegal investigation against the NAFF in New York and Detroit, by speaker [redacted], a representative of the New African Freedom Fighters.

FREDERICK EGGAN has been involved in the structuring and presentation of private M19CO "study groups" being held at the residence of other M19CO members. Although not personally conducting any of the five study groups scheduled between February and April, 1985, EGGAN had led study groups in the past. EGGAN's activity appears to revolve around the

b6

Puerto Rican Cultural Center and the Puerto Rican Independence Movement. In addition to the previously mentioned memorial for JUAN ANTONIO CORRETJER, EGGAN attended a March 3, 1985, meeting commemorating his birthday. At that activity, a video tape of the funeral was shown along with a reading of his poetry. In addition, EGGAN attended a February 17, 1985, MLN sponsored breakfast at the Puerto Rican Cultural Center. All of the participants with the exception of EGGAN, M19CO members [redacted] and [redacted], were Hispanic. During the course of the breakfast, [redacted] held a private meeting with several Chicago members of the M19CO, including EGGAN in the library. The meeting lasted approximately two hours and security was instructed to keep everyone out of the library until the meeting's conclusion. As administrator of the Puerto Rican Cultural Center, EGGAN's duties include editing and production of the MLN sponsored and printed publication "Libertad."

On March 8, 1985, EGGAN followed the lead of other M19CO members and attended for the first time a Disarm Now Action Group sponsored demonstration in Downtown Chicago, held at Federal Square. M19CO member [redacted], claiming representation of the New Movement, addressed the group consisting of approximately 100 to 150 demonstrators, and spoke of incarcerated FALN prisoners complaining of the deplorable condition being afforded them at the MCC. She orchestrated the hanging of a poster in the square at the METROPOLITAN CORRECTIONAL CENTER (MCC). Several M19CO members were involved in spray painting pre-made stencils on to the Federal Building, as well as attaching stickers. Apparently having taken up the cause of the Nicarguans, [redacted] and [redacted] addressed the group regarding the exploitation of women in Central America, and of the U.S. intervention there.

Finally, the CHICAGO POLICE DEPARTMENT arrested members of the group who had defaced the Federal Building with white paint.

D. EGGAN traveled to M19CO sponsored and/or promoted activities held at Alderson, West Virginia, in October, 1984, the Cleveland, Ohio, "Emergency National Conference" held September 14 through September 16, 1984, with CISPES leaders, and to the April 13 through April 15, 1984, meeting with CISPES in Minneapolis. EGGAN was scheduled to and is believed to have attended a September 21, 1984, meeting in New York to plan the Alderson protest. He traveled to Chicago area demonstrations at the ROCK ISLAND, ILLINOIS ARSENAL, the GREAT LAKES NAVAL TRAINING CENTER in North Chicago, Illinois, and the GLENVIEW NAVAL AIR STATION demonstration at Glenview, Illinois.

E. The only known source of EGGAN's finances is his employment.

F. Photographs of EGGAN are derived from surveillance of demonstrations in Chicago, Illinois, during June, 1983.

The information set forth herein was furnished by [redacted] and provides insight [redacted] The information furnished herein came from two letters, both written by [redacted] one to [redacted] and the other to [redacted]. [redacted] are being furnished for analysis and intelligence they provide. [redacted] commented to [redacted] that she needed "solitude and time to think and collect myself" as she was "getting exhausted by the pace and responsibility".

b6
b7C

[redacted]'s letter to [redacted] expresses the same exhaustion and the same need for time to get herself together. [redacted] continued to tell [redacted] that the movement needed to utilize this period "to analyze the weakness of the anti-Imperialist movement and to develop a clear focus of anti-Imperialist principle and politics". According to [redacted], she (or M19CO, or the movement in general) has "gone back to basics" and are now trying to understand "the motive force of national liberation". [redacted] sees

this "motive force of national liberation" to be the cause of the "diverse resistance we're seeing" (by diverse resistance [redacted] mentions the Sanctuary Movement, the anti-Apartheid Movement, the Central American Solidarity Movement and other related movements occurring in this country). [redacted] feels that if her movement is "non-sectarian" it will give them a material basis for building more unity with the sectors mentioned above.

[redacted] goes on to relate that in Baltimore, Maryland, thirty people (predominantly from the left) came to an event and that most of these people were described by [redacted] as sincere people from Womens Affinity Group Networks. [redacted] told [redacted] that she made contact with people still doing work to support Black Panther Party Prisoners from the seventies still imprisoned for life and also made contact with, Plowshares People, Jonah House, and noted that the Collective House of "Berrigan and Liz McAllister is in Baltimore". [redacted] then relates to [redacted] that, "the major problem to overcome still is more contact with the black community".

[redacted] continues to note that in her opinion, it was "very interesting the co-existant Plowshares actions have meant they have people imprisoned all over with other political prisoners from us or the political prisoner movement". [redacted] feels that respect and unity is growing from the inside which has "big impact on the outside".

According to [redacted] has had a major impact in building good relations in Alderson (Alderson Correctional Facility, Alderson, West Virginia) and has met almost all visitors of "Plowshare folks". "This means very personal relationships and political respect is growing and they are significantly changing their views on national liberation" (meaning the Plowshares people). ?

[redacted] then states that we are "learning more about liberation theology and I think we should seriously study it".

[redacted] then comments on two goals; one an immediate goal, the other a long-term goal. The immediate goal of this outreach is to mobilize for demonstrations scheduled in March of 1986, called by the NLM and MAPO at the Federal Correctional Facility at Marion, Illinois. The demonstrators will then "caravan" to Lexington, Kentucky, where they will demand an end to "lockdown" and isolation as well as freedom for political prisoners. [redacted] also mentions an "East Coast" demonstration centered around [redacted] also in March of 1986 at an unspecified location.

DEMO

The long-term goal of the M19CO outreach to groups with more narrowly defined protests is "to make a good start to protracted vision of how the resistant to the particular repression faced by political prisoners and POWs can contribute to our building a resistant movement".

It appears from this correspondence that the M19CO may be attempting to recruit new cadre and sympathizers from the various national protest groups such as the Sanctuary Movement, the Plowshares Movement, the Central American Solidarity Movement, the Anti-Apartheid Movement, the Womens Affinity Group Network, Jonah House, the Black Panther Prisoners Support Group, and Berrigan's Organization in Baltimore, Maryland. At the very least, it appears that the M19CO sees itself in a role of raising the consciousness of these groups in an attempt to build a unified national resistance movement.

Ms. [redacted] pointed out a pay telephone located in the lobby area. The phone was assigned number (206) 443-9173. She advised that because the building was large with no elevator system, the management discouraged the receipt of telephone calls directed to the pay phone for tenants. She added that the management would not generally answer that phone but if they did, they definitely would not take a message or locate a tenant for a caller. Ms. [redacted] added that because of the layout of the building, and general management practices either she or one of the four other people, either employees or a tenant, would have seen everyone entering the building for whatever purpose. She made the following individuals available who all viewed the aforementioned photographs with negative results, Mr. [redacted] owner of the building; Mr. [redacted] maintenance man; Mrs. [redacted], cleaning lady; Mrs. [redacted], sister of Mrs. [redacted].

300 protest women's prison unit

By Sheila M. Poole
Herald-Leader staff writer

About 300 people, some from as far away as Chicago and Detroit, held a demonstration yesterday near the federal prison in Lexington to protest the addition of a high-security unit for women inmates at the Leestown Road institution.

The protesters, carrying red, black and green flags, placards and banners charging that the unit would house "political prisoners," arrived by bus just before 9 a.m. at Masterson Station Park.

"Lexington control unit. We say no. Control unit has got to go," was the chant as the protesters marched through the park to the fence of the Federal Correctional Institution, where they held a brief rally.

Prison security guards lined one side of the fence, and leaders of the demonstration repeatedly called attention to several men in vehicles whom they identified as "FBI."

"They have cameras so they can harass us later," said Chokwe Lumumba, chairman of the New Afrikan Peoples Organization of Detroit.

One reason for the march was to call attention to the opening of the unit, said Ginny Daley, one of about eight Fayette Countians at the protest.

"If the people of Lexington knew what was going on, they'd be a lot more concerned," Ms. Daley said.

Last year, FCI said it was renovating a four-story building to provide space for 116 women inmates. It will have three floors for inmates who require intermediate levels of security and a 16-bed, ground-floor unit for high-security inmates.

The renovation will help relieve overcrowding, FCI spokesman Dan Dove said. It began last August and is expected to be completed this summer.

The first prisoners are due to arrive by the end of summer. They will be transferred from prisons in Alderson, W.Va., and Pleasanton, Calif., Dove said. Their placement will be based on their criminal offense and institutional behavior.

"Some inmates require more supervision than others," Dove said.

Protesters charged that the new unit would deprive prisoners of their basic rights and that the women would be isolated and denied religious

freedom and visits with relatives.

They charged that the high-security unit would be modeled after a control unit at the federal prison in Marion, Ill. But FCI Lexington officials dismissed that charge and said that the new unit was not modeled on the Marion facility.

Dove said inmates in the new unit would have privileges like those of the other inmates.

Ms. Daley said the protesters were concerned about the treatment of the prisoners. "We're also concerned about the fact that prison officials won't admit what kind of prisoners will be here."

Protesters, including members of the National Committee to Free Puerto Rican Prisoners of War, also charged that the unit would be used for what they called "political prisoners."

They identified Susan Rosenberg and Alejandrina Torres as two of the women who would be sent to Lexington.

Rosenberg, 29, was sentenced last year in Newark, N.J., to 58 years in prison for the illegal possession of guns, explosives and thousands of false identifications. She also faced charges stemming from her alleged role as the getaway car driver in the 1981 Brink's armored car robbery in Nyack, N.Y., which left two policemen and an armored-car guard dead.

Torres, 46, was convicted of seditious conspiracy last year in U.S. District Court in Chicago. She and three other defendants admitted to being members of the FALN, a Puerto Rican terrorist group.

But Dove, the FCI spokesman, said that federal corrections officials had not identified the prisoners who will be transferred to Lexington. "To my knowledge there have been no designations," he said.

Dove said the presence of the high-security unit would not change FCI Lexington's minimum-security designation.

FCI in Lexington has 1,550 inmates, 550 of whom are women.

STATEMENT FROM GEORGE HARRISON RE: U.S. AGRESSION AGAINST LIBYA.

APRIL 1986

I consider the recent actions of the U.S. 6th. fleet in the Mediterranean and the attacks on Libyan vessals and installat--ions in the Gulf of Sidra, to be bothp provacative and an affront to the national sovereignity and independence of the Libyan nation.

The blood of scores of young Libyans was shed to satisfy the psyco--pathic hate which Ronald Reagan entertains for the leader and the government of Libya. It is a hate which parallels that which he has for the government and people of Nicaragua and their elected leader president Daniel Ortega. It is a hate which this despot Reagan trans--lates to all people in struggle against the remaining forces of colonialism and imperialism and their offspring- fascism.

Some months ago,on the eve of a trip to Europe,he placed an embaggo on Nicaragua but continued to do business as usual with racist killer Botha in S.Africa;with the fascist Pinochet in Chile;with Napoleon Duarte and his murdererous thugs in El Salvadore;with the colleagues of Botha in Angola and Namibia;with the zionist expansionst state of Israel and it,s policy of genocide against the brave Palestinian people;with the then dictator Ferdinand Marcos in the Philipines, and with the miscreent of Westminster- prime minster Thatcher-Reagans closet ally in world crime. Her barbarous policies against the nationalist people of British occupied Ireland, which include-the obscene strip-searching of female political prisoners;the indiscri--minate use of plastic bullets against civilians;the Shoot-to-Kill policy;the Supergrass trials,which are a mockery of justice;sectarian murders of political activists;the cold-bloodied intransigence displayed while Bobby Sands and his comrades hungered to death for justice rather than be criminalised;all these policies demonstrate the worst type of barbarity in what is supposed to be western civilization.

The blatant lies of this despot with regard to her criminal policies in Ireland and in Argentina-when the battleship Belgrano was sunk on her orders while outside the proscribed war-zone (sending 400 young Argentinians to their death in the south Atlantic) corresponds to the lies of Ronald Reagan regarding the recent deaths in Libya;

-more

contd.,

TO
IN regards the invasion of Grenada, which was an act of institutionalised international terrorism; with the countless deaths in Africa and in central America including the murders of missionary nuns and Arch--bishop Oscar Romera in El Salvadore and at the moment, NIcaragua is chosen as a target for death and destruction.

The correct response for all who are engaged in the anti-imperialist struggle is to speak out in protest against these two despots-Reagan and Thatcher- now clearly identified as the leaders of the last remnants of colonialism and imperialism.

I say -Brits out of Ireland; no aid to the mercenary Contras; embargo south Africa and all your fellow despots- NOT NICARAGUA- lift your blockade on Cuba -it has failed for a quarter of a century; and end your colonial policies in Puerto Rico. The only right which U.S. imperialism has in that country is similar to what british imperial--ism has in Ireland, and that is the Robbers, right or the right of conquest; and keep your CIA thugs out of the Philipines- let the Philipino people fulfill the fruits of their own victory.

The answer from all struggles must be that we share common cause and face a common enemy-imperialism-led by Reagan and Thatcher.

If we display an unbroken front then we will win conquer and defeat those oppressors of all humanity.

George Harrison

homes, the attempted assassination of [redacted], and of [redacted] and her husband in the presence of their three children. b6 b7C

The long list of crimes the British Prime Minister must be held responsible for is endless. Reaching outside Ireland it is easy to point out the sinking of the Belgrano when it was outside the zone of war, which sent 400 young Argentinians to their death in the South Atlantic; an act of infamy which brands her as a war criminal.

Your slanders against those who seek to complete Ireland's independence and make the dream of Tone, Emmett, Pearse, Connolly, Tom Clarke, Liam Mellows, and Bobby Sands a reality are only a re-echo of the slanderous attacks issued against the architects of former revolts and phases of struggle. All of them in their time, place, and generation were viciously maligned and vilified by the established forces of their period of struggle. History has since corrected that and now honors them as great patriots. I am fully confident that history will now repeat itself, and that the people you see fit to vilify will be vindicated. They, sir, will be remembered when you are forgotten.

This will happen when the winds of change which are now gathering such increased momentum in racist South Africa, Central America, the Caribbean, the Middle East, Ireland, Chile, and the Philippines will turn back the policies of the Reagans, the Thatchers, and their cohorts all over the earth, and bring peace, freedom, and justice to all humanity regardless of geographic location, race, color, or creed.

In closing, I wish to categorically state that as one of your strong supporters in a political crisis in your life, the respect and sympathy I felt for you then is matched by the contempt I now entertain for your unwarranted and unnecessary attack on those who seek to complete Ireland's independence. As you have listened to the lies of Thatcher and the British propaganda machine, I now challenge you to listen to the victims of British misrule: Bernadette Devlin McAliskey and Gerry Adams, who will come with the scars of British bullets on their bodies; the distinguished and respected [redacted]; and credible journalists such as [redacted] and [redacted]. Allow the American people to hear both sides of the story, and when they do, they will call for an end to the extradition treaty and to the close collaboration with the miscreant of Westminster like they called for an end to the foul and inhuman war in Vietnam when the stench from it became unbearable and intolerable. b6 b7C

Sincerely,

George Harrison

Senator Thomas Eagleton
U.S. Senate

Sir:

As one of those present at the hearing on the proposed extradition treaty between the United Kingdom and the United States (or Reagan and Thatcher) I wish to express my profound indignation and outrage at the insults you offered to the young volunteers of the Irish Republican Army who directly confront and challenge the British Army of occupation in British-occupied Ireland. In your intemperate and insulting remarks you referred to Ireland's historical army of resistance as a cult, and to its members as thugs.

Permit me to remind you, sir, that the Irish Republican Army was born in the smoke, flames, and blood of the General Post Office in the 1916 revolt. Its very name was coined by its first field commander, James Connolly, who fell before a British firing squad with 15 comrades. It has remained intact ever since despite repression, betrayals, and the slanders of its enemies foreign and domestic, and it stands now as it always has in the front line of defense of the Irish people.

You expressed great concern in regards to Madame Thatcher, who presided over the climactic hunger strike of Bobby Sands and his comrades who hungered to death for justice. You conveniently forgot the callous policies endorsed by this evil woman, to wit the shoot-to-kill crimes of her armed thugs, the use of plastic bullets, the obscene strip searches of female political prisoners in Armagh prison, and the general brutalization of all Irish political prisoners in the torture chambers of British dungeons. You made no reference to the murder of 13 civil rights demonstrators on Bloody Sunday on the orders of the British military commander. Both he and his assassins were later decorated by the reigning British monarch, who was later hosted by Reagan, as was Madame Thatcher.

You carefully avoided the murders of H-Block activists Mirian Daly, Ronnie Bunting, John Tormley, in their own

I cannott claim that I speak for any one component part of the Irish Revolutionary Movement. I have no such credentials. I can however speak as one who became involved in the Irish Independance Movement in my early youth in Ireland and that I have supported the armed struggle ever since. I also speak as a socialist and an anti imperialist, who sees the Irish struggle as part of the anti imperialist and anti colonialist struggle which has been waged throughout the world for centuries, and which has now reached a climatic point in the fight for human freedom. I can also lay some claim to be a grand jury resister and I take pride in that and to be a staunch supporter of grand jury resisters who oppose that star chamber climate of institutionalised state terrorism. In line with the apostles of Irish independance Tone, Connolly, Casement, Liam Mellowes, Frank Ryan and Bobby Sands I disassociate with any form of sectarianism or racism wherever it appears Northern Ireland, South Africa, or here in the U.S.

While I condemn the sectarian killers of Miriam Daly, John Tormley, Ronnie Bunting or Maura Drumm to name just a few as the list is long, I also condemn the racist murders of African patriots by the reprehensible Botha, the political murders in the Phillipines, in Chile, El Salvadore, Guatamala, the attacks on the Sandinista Govt. in Nicaragua, on the Palestinian people, on Puerto Rican activists and I equally condemn the racist murders of Eleanor Bumpers, Arthur Miller, Michael Stewart and Fred Hampton as well as the policy of genocide directed

against the indigenous people of this nation by the present and past administrations. I can make further parallells the brutalization of female political prisoners in terms of the obscene strip searching in Armagh prison allegedly in the center of western civilization but in fact western barbarism corresponds to the brutality inflicted on a Puerto-Rican woman [redacted] b6 b7C after her arrest for activities in the cause of Puerto Rican independance some 3 years ago. I attended her trial and that of her colleagues last year in Chicago in the company of Irish and Puerto Rican comrades, and the stifling influence of colonialism in that courtroom compared very closely to what I experienced at my own trial and that of others, and at the extradition hearings before the Foreign Relations Committee in the U.S. Senate a few months ago. I can still recall the rantings of Senator Eagleton and the whining apologetic attitude of some who were supposed to be friends. All I have said reflects in my opinion the correct position for an Irish revolutionary or a supporter of the Irish Revolutionary Movement to take even in the arid and unfriendly climate which prevails here today. A brief review of the past may be of some benefit to clarify the reason we are in the position we are at the moment. Younger people no doubt are far more concerned with the present but a brief review of the past will help them to face the present issues, and a future which they will have to make. I feel this is most necessary in any function held under the

name of James Connolly, stalwart leader of Labour, socialist theoretician, Marxist scholar, and Irish patriot who fell before a British firing squad in 1916 even though mortally wounded but his executioners could not wait but had to glut their vengeance on his tortured body. In a few weeks time the 70th anniversary of the 1916 fallen will be marked even by those who have long ago betrayed all that Connolly and his comrades enunciated in life and eventually died for. There will be some brave words spoken by sincere people but few will look into the forces who worked above and beneath the surface, some to make the 1916 Revolt a reality and others the reformers, opportunists and devious manipulators who watched and waited for the opportune moment to betray it. In the planning and organization of the 1916 insurrection there were 3 principal forces which made it possible. (1.) The I.R.B. the secret revolutionary force controlled and influenced by the veteran [redacted], and younger men such as [redacted], [redacted], [redacted] and [redacted] and [redacted]. (2.) The more open Irish Volunteers founded in 1912 and headed by the moderate and non revolutionary Eoin McNeill but yet to some extent controlled by the secret I.R.B. and (3.) the Irish Citizen Army a product of the historical 1913 strike and led by James Connolly. People such as Arthur Griffith whose limited goals were to reform the imperialist system, make it more tolerable or bearable but remain within it, stayed safely on the sidelines and waited.

b6
b7C

His colleague McNeill at the last moment shrank before the final collision of forces those of revolution and imperialism, and almost prevented 1916 ever being recorded. It is history now that after the revolt was suppressed in blood the conscience and the spirit of the Irish people was aroused and spread like a flame throughout the country. In an attempt to harness all this enthusiasm Sinn Fein which by now had become the political wing of the Independance Movement organized a national convention in Dublin in 1918, and in order to create a broad front allowed Arthur Griffith and Eoin McNeill to hold sensitive positions on the highest level of authority in the now reorganized movement, and that has been the great tragedy of those times, and has led to Ireland's tragedy today. Neither Griffith or McNeill were ever revolutionaries or republicans. When the time came Griffith was the first to sign his name to the document of betrayel in 1922, and in this he was consistent with his past. In 1911 he had called for British guns to break a strike led by Connolly and Larkin. On the broader issue of Irish national independance it was easy for him now to call for British guns to attack the four courts held by the followers of Connolly, Pearse and Clark, who refused to bargain or sell out the Irish people back into the belly of the monster of imperialism. The labour movement and the I.R.B. shorn of the leadership of Clarke, Pearse, Ceannt, McDermott, Connolly and their comrades blundered into support of the economic and national betrayel of the Irish nation in terms of the Treaty of Surrender.

The I.R.A. fought a rear guard action against the British equipped quisling army of the new puppet statelet until it could fight no more. But it never surrendered nor did it ever accept the document of betrayel as the last act or word in Ireland's struggle to achieve for herself an independant destiny. In 16 years despite brutal oppression carried on by successive quisling administrations in a climate of state terrorism they were able to throw down the gauntlet and take on the might of the British Empire and its native lackeys. They would go down in defeat again after paying a high price in blood and sacrifice but they left their mark indelibly on those times and after the jail gates opened to free the remaining political prisoners in the late forties plans for the future were soon set in motion. I recall a document issued in 1948 ("Ireland's Call to Arms") copies available which seemed almost like a forlorn hope then. However inside of 8 years 1956 the guns of the I.R.A. began to speak again in British occupied Ireland. They have scarcely ceased since except for a period of uncertainty in the 1960s and they will not cease now until the last tentacles of the octopus of imperialism are finally severed. It has not been easy to maintain or continue the unbroken struggle. A high price has been paid, too high for anyone to come along now and manipulate or scheme to settle for reforms or looser chains, such as replace the diplock juryless courts with trial by jury; Irish revolutionaries would still have to face life in the torture chambers of British controlled dungeons. What is wrong

in Ireland is British imperialism and the statelets it created in its own interests, its offsprings so to speak. An interesting subject for discussion is which has been most oppressive against the armed struggle, British rule or the indirect rule of its offsprings. To the best of my limited knowledge the British under their direct rule enacted 40 judicial murders in the 5 year period 1916-1921 16 immediately after the 1916 revolt and 24 at the hands of the British hangmen 1919-1921. Reggie Dunne and Jôe Sullivan were executed in London in August 1922 for the execution of Sir Henry Wilson chief of the British imperial staff an act that was carried out on the orders of Michael Collins. On the date of their execution Collins would wine and dine with the British representative to the new puppet statelet so much for the sincerity of this turncoat or one time revolutionary. In 1922-1923 under indirect British rule 77 Irish revolutionaries died at the hand of free state firing squads. This is not to mention scores who were blown to pieces by landmines while bound hand and foot as helpless prisoners of war as well as many others shot in cold blood who wound up stiff on the mountain side. In the years 1939-1945 6 Irish revolutionaries were executed by the satellite British statelet 5 by firing squad and one Charlie Kerins by the hired British hangman. Two patriots Jimmie McCormack and Peter Barnes were hanged in Coventry in 1940 and Tom Williams of Belfast was hanged in Crumlin in Sept. 1942 all by the same executioner. Several others were murdered by the guns of the political thugs

of the puppet statelet and others breathed their last in the torture chambers of their jailors. It is well to note also that of the 22 patriots who hungered to death for justice commencing with Tomas Ashe in 1917 and ending with Michael Devine in August 1981 6 died under the indirect British rule of the native traitor. All of us are aware and pretty much up to date on the superhuman heroism of the nationalist people in British occupied Ireland since 1969 and the equal heroism of the civil rights agitation which fused the present armed conflict and which was patterned after the civil rights movement here in America for the final emancipation of Black Americans led by the martyred Martin Luther King whose racist murder as well as that of the Kennedy Bros. leave many unanswered questions. This is a brief summary of Ireland's heroism and tragedy and intended to emphasise that 1969 was not something new or a beginning but a continuation of over 8 centuries of struggle to break the connection with the British imperialist system. The issue is quite clear one between the colonised and the coloniser. Once again as formerly a pittance or concession has been offered to the present leader of the puppet statelet Garrett Fitzgerald by his master in Westminister Madame Thatcher which is intended to defuse the intensity of the armed struggle. As in the past quisling Fitzgerald has accepted this document of treachery which is a perpetuation of the betrayel and surrender in 1922. There will be some who will temporise and compromise and will willingly accept some form of neo-

colonialism which leaves Ireland within NATO, a tool in the interests of western imperialism. The revolutionary response must now be as it always has been to categorically reject this surrender of natl. sovereignity. Sean McDermott stated it clearly in 1911 "England damn your concessions we want our country." The goals and aims of the armed struggle is for full freedom outside the imperialist system, and not a limited measure inside it. It is by the revolutionary will of the Irish people those goals will become a reality and not at England's pleasure. So it is with all struggles General Sandino hero of Nicaragua answered the American invader in clear and concise language in 1927 "The sovereignity and independance of a nation is not to be debated but defended with weapon in hand." Those who abandon the revolutionary road and seek the easier one of compromise or surrender will offer plausible excuses "stepping stones," or one step at a time. We have heard them before just as we have heard those who would diminish or narrow the Irish sturggle from the world wide struggle for all humanity. All who willingly support such opportunism diminish James Connolly and the goals and purpose of his life. I disassociate by word and deed from all such misrepresentations. Connolly's goals in life and death were for the full and unfettered freedom of his native land. The land and resources of Ireland for all the people who inhabit it not just a few exploiters, and reaching outside of Ireland his goals were for total freedom for all the people of this earth its whole

resources to belong to the people its rightful owners and not just a few families or international thieves. If he was still alive he would point an accusing finger at the real terrorists and international criminals of the world. He would accuse as I do Ronald Reagan, Madame Thatcher, and their cohorts, to name a few, racist Botha in South Africa, the fascist Pinochet in Chile, the U.S. backed murderous policy of Duarte in El Salvador and he would condemn the U.S. backed expansionist Zionist state of Israel and its policy of genocide against the brave Palestinian people and its role of U.S. proxy in support of apartheid and other fascists regimes in the interests of the dying remnants of imperialism and colonialism, he would condemn as some of us did the invasion of Grenada as an act of institutionalised international terrorism and oppose all aid to the U.S. backed murderous counter revolutionary contras in their efforts to destabilise the Sandinista govt. in Nicaragua. He would cry out embargo your fellow criminals in high places which includes Thatcher and not Nicaragua lift your blockade of Cuba and end your colonial policy in Puerto Rico, your only right there parallels the position of the Brits in Ireland and that is the robbers right or the right of conquest and finally end your collaboration with the fascist murderer Ferdinand Marcos in the Phillippines. His message would be as mine is twofold one to Reagan and one to the Filipino people. To Reagan end your support of the Marcos dictatorship, embargo Marcos to use an Irish term Boycott Marcos treat him as a leper

before humanity, and keep your C.I.A. thugs out of the Phillippines and respect the democratic dècision of the heroic people of the Phillippines. Reject the fraud of Ferdinand Marcos. To the Filipino people he would say warmly as I do long live the resounding victory you gave to Corazan Aguino and Salvadore Laurel, to those involved in the armed struggle he would say as I do long live your armed struggle to achieve natl sovereignity and independance long live and final victory to the N.P.A. All movements have their first apostles, Tone in Ireland, Jose Marti, Simon Bolivar, San Martin, Bernardo O'Higgins, Pedro Albisio Compos, Furabando Marti, Sandino in Central, South America, and the Caribbean, and Nelson Mandella a political prisoner for over 23 years in racist South africa. All of those and their comrades saw the linkage and parallels of the anti imperialist struggles. However I would have to single out one name as the apostle of anti-imperialism a hero of the Cuban revolution who was a native of Argentina and of Irish extraction Che Ernesto Guevara Lynch. Shortly before he left Cuba in 1965 to participate in other revolutionary struggles and to die a heros death in Bolivia at the hands of the C.I.A. backed fascist dictatorship while like Connolly critically wounded, he wrote his own epitaph and one for all anti imperialists which I quote in conclusion. "Wherever death may surprise us let it be welcome if our battle cry has reached even one receptive ear, and another hand reaches out to take up our arms and other men come forward to join in our funeral

dirge with the chattering of machine guns and new cries of battle and victory." All I could add are words spoken by Central American heros and Daniel Ortega President of Nicaragua "Free homeland or death!" It is my hope that we can be true to those historic words we can if we continue to render unqualified support to the ongoing fight for the natl political and social emancipation of the Irish people and extend solidarity to all kindred efforts throughout the world. All levels of struggle have to be taken into consideration political agitation etc. But we must always bear in mind that it is the spear or the cutting edge of resistance which is now, always has been, and will continue to be the vanguard of struggle and can be summed up in two words Armed Struggle. This can be maintained and continued to a successful conclusion to quote James Connolly "with the weapons closest to hand."

St. Patrick's Day has as much to do with a druidic celebration of the rites of Spring as it does with a remembrance of the birth—in England—of Ireland's patron saint.

The annual "wearing of the green" originated with the Celtic custom of running cattle through the smoke of burning green boughs in recognition of Spring's potential for rebirth.

But in this century St. Patricks' Day has amassed considerable political connotations as the beleaguered Irish nation continues to grapple with its "troubles"—the Irishman's euphemism for an 800 year struggle against the British presence.

Park Slope's St. Patrick's Day parade, on March 23, falls one week prior to the 70th anniversary of the Easter day when a handful of rebels—forerunners to the Irish Republican Army—launched an insurrection from Dublin's General Post office.

Within a week the British repressed the uprising, but it was the aftermath of the rebellion—in which 15 rebels were executed despite mounting protest—that propelled the country into a cycle of violence.

In *Easter 1916*, the Irish poet WB Yeats asked if the executions were "needless death afterall," and concluded that "Too long a sacrifice can make a stone of the heart." His words had a prophetic edge. In the years following the Easter Rebellion, Ireland was continuously torn by civil and guerilla warfare.

The latest round of violence is centered on the "border"—the partition that separates the 26 counties of the independent Republic of Ireland from the six county Northern Ireland, or Ulster, aligned with Britian.

The cycle of indiscriminate killings intensified—they now occur almost daily—in Northern Ireland—after the "Bloody Sunday" of January 1972, when pro-British forces fired on a band of marchers in Derry, leaving 14 dead and 40 wounded.

Last week *The Paper* met with two local Irishmen who have, by various ways and means, participated in Ireland's political struggles. By their own admission, they are not representative of Brooklyn's Irish and Irish-American community. But they say they have one side of the Ulster story to tell, a side they feel is all too rarely heard by Americans.

George Harrison

Seventy-one year old George Harrison, who was born in County Mayo and emigrated to this country in 1938, was living with his sister on East Ninth Street when he was arrested in June 1981 for the alleged violation of Federal Firearms laws. After months of surveillance, which included the wiretapping of his telephone, the FBI had concluded that Harrison was a gunrunner for the IRA.

Harrison, who offered a reporter a pot of tea and a vivid litany of all the wrongs suffered by Ireland at the hands of the British, recalled that while he was in custody 20 agents and a large "sniff dog" searched his house for over eight hours. He said that all of his money and bank accounts were taken, plus years' worth of family momentoes and correspondence.

"The Government agents came in the dark like thieves in the night, putting my home under seige and holding two women under house arrest," he said. "I compare them with the Black and Tan thugs who wrecked and desecrated Irish homes in the Ireland of my youth, and with their successors in infamy, the SAS British thugs who maim and murder in the Ireland of today."

After an eight week trial in Kings County Criminal Court, at which both Irish activist Bernadette Devlin McAliskey and former Attorney General Ramsey Clark testified for the defense, Harrison was acquitted. Though he won't discuss the details of his case, Harrison said the jury determined that he was entrapped.

Harrison added that what his trial really proved was security forces in the US and Britian were acting in collusion, and he therefore refused to testify on his own behalf.

"The US was acting in consort with Britain's colonial efforts, to which I am diametrically opposed—the British influence in that courtroom was stifling."

While Harrison declined to answer questions about whether he has ever been a gun runner, he said he recognizes the outlawed Irish Republican Army "as the only lawful historical representative of the Irish people and their eight centuries of resistance to British rule."

Folksinger Ray Collins spends his time between his native Belfast and Park Slope, his adopted home. "Any song that refutes demoralization works for a free and democratic Ireland," he says. BPP/Daniel Dutka

He justifies the armed struggle against the British presence in Northern Ireland as the only response to countries like Britain and the US, "who supply guns and ammunition to tin-horn dictators like Somoza, Baby Doc, Botha and Marcos."

Harrison said that the US manufactures and sells plastic bullets, which have been condemned by several human rights groups, to Northern Ireland's Royal Ulster Constabulatory.

Harrison spent several years as an IRA messenger before joining the organization at the age of 15. He grew up in the small farming village of Kilkerry, where all of the local IRA members were known to the community. Some were imprisoned during the Irish Civil War, and a cousin was killed by the Black and Tan auxilliary British forces in 1921.

He said he first joined the IRA out of the influence of older men, but he soon saw a historical thread running from the early battles of the Irish clans against the invading Scots to the 20th century IRA's guerilla warfare, and he recognized parallel struggles for freedom in the American and French revolutions.

After reading the works of James Conolly, one of the Easter rebels, Harrison said he concluded that the IRA brought together all the forces of a national, political and economic struggle.

During Harrison's eight year membership in the IRA, the organization was largely involved in arming itself and organizing military drills, and in lending covert political

The new owners of an auto repair garage on Sterling Place have taken Community Board Six to task for failing to contact them before sending a letter to the city's Corporation Counsel urging an end to their business.

In a February 28 letter to *The Paper*, Milton Ross, a co-owner of the Sterling Auto and Brake Service Inc, charged that the board had held a meeting to "recommend that the Corporation Counsel revoke the certificate of occupancy" of the garage. Without that certificate, Ross could no longer continue to operate his auto repair shop.

In the same letter, Ross assailed the board for holding a meeting without his knowledge "in an attempt to close our neighborhood business," and concluded that CB 6 "is acting as a tribunal without getting the true facts or our side of the story."

CB 6 district manager Robert Acito said that Ross was never directly notified of the meetings because the issue had never been formally introduced into the board's agenda. He added that the matter had been raised by representatives of the Sterling Place Block Association during the board's open-to-the-public meetings.

Those non-agenda discussions prompted CB 6 chairperson Louise Finney to write a February 13 letter to the city's Corporation Counsel requesting that the garage be prosecuted "to the full extent of the law" for allegedly making building alterations without proper permits, and for occupying the garage contrary to its certificate of occupancy.

A recent burst of violent crimes at the Fourth Avenue and Ninth Street subway station prompted Transit Police officials, local politicians and representatives from several Park Slope community organizations to tour the station last week in an effort to pinpoint trouble areas.

By the end of the tour, police had promised to beef up patrols at the station, and announced that the Transit Authority intended to install additional lights, mirrors and cameras.

In February, police reported seven felonies in the station, which was the scene of a murder last December 11.

IRA backers talk to The Paper....

support to Eammon DeValera, Ireland's first prime minister.

When he emigrated to Brooklyn and found work in the armored car industry, Harrison said he was surprised to discover the political complacency of the average American.

"A large part of the Irish struggle for freedom is its commitment to the rights of working people, but there are a lot of monied adventurers in this country, and their strength proved too much for launching a viable socialist movement."

Nevertheless, Harrison said that the Irishman's penchant for rejecting sectarianism and recognizing the strength of collective bargaining contributed greatly to his success in labor organizations and politics. "We saw that politics and unions were a way to give expression to our feelings, and of course they represented a way to advance ourselves."

After living in Park Slope and Windsor Terrace for 48 years, Harrison is moving to New Hampshire, where many in his family are buried. He remains optimistic that the "troubles", which plague Northern Ireland will one day be resolved.

"If the fight continues to be maintained, then reason will eventually prevail," he said, "and the people of England will stand up to Thatcher's intransigence."

Ray Collins

Ray Collins, a folk singer who divides his time between Park Slope and his native Belfast, was first arrested, on a charge of rioting, when he was 13 years old.

He recalled that when an election headquarters in the Falls Road section of Belfast displayed the Irish tricolor, Reverend Ian Paisley and a mob of Orangemen—Protestant Ulstermen—attempted to tear down the flag, which cannot be displayed in Northern Ireland without an accompanying Union Jack. Collins was arrested for throwing rocks at the mob, but he was released because of his age.

He was arrested again in 1972 for refusing to move during a Belfast riot, and this time he spent nine months in the Crumlin Road Jail. But Collins said he feels embarassed talking about his incarceration—he has many friends who are still imprisoned, including a cousin who is serving the 13th year of a 15 year sentence for possession of a weapon.

In a twilight filled room crowded with books and musical instruments, Collins cited the dangers of life in Northern Ireland in declining to say whether he has ever been a member of the IRA.

The violence that engulfs the province has as much to do with a struggle for human and civil rights as it does with nationalism, he said.

He said that the first time he applied for a job he was asked by the Protestant employer to name his religon. "As a Catholic, I knew that I didn't have a chance. I just turned around and walked out of the place."

He emphasized that Northern Ireland's problems are political—they just happen to fall along religious lines. But while growing up he knew that his chances of finding employment were dim. In the section of Belfast where he was raised, there was nearly 25 percent male unemployment.

"I have an uncle who has spent his whole life on the dole, and now he's got four strong sons to take his place," he said. "When I was a lad I had a teacher ask me why I didn't study, and when I told him 'what's the use, I'll never get a job', he didn't say anything. He knew I was right."

Ironically, Collin's father was a career British Army sergeant. When his father enlisted in the 1920's, he said, the Army frequently was the employer of last resort for many Northern Irish Catholics.

Even today, teaching is the best job to which a Catholic can aspire, while menial labor is the most common.

He said institutionalized discrimination still exists, for the unemployed cannot vote, while a businessman can have as much as six votes, depending on how many he employs. Since the majority of Northern Irish employers are Protestant, Collins reasoned that the country's Catholics are largely disenfranchised.

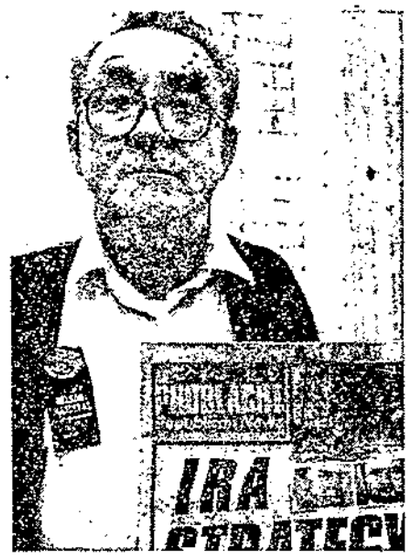
Collins grew up in a slum of corrugated tin shacks locally referred to as "the reservation." He said that many Irish Catholics identify with the American Indian, "who likewise saw their best land taken from them, and their people driven into barren lands."

He said that his mother, who witnessed a mob of Orangemen stuff a bedridden Catholic up a chimney, and later saw an armed Orangeman fall dead at her feet after being shot by an IRA man, pushed him to be strong and stand up for himself.

"A lot of my love for poetry and song came from her," he said. "She always told me not to be naive, and to pick up a brick or a stone if I had to defend myself."

He said he vividly remembers every July 12—Orange Day—of his childhood, when thousands of Ulstermen would march trough the streets of Belfast and beat their drums "with total, deep, dark, pure sectarian hatred. From the beginning of our lives, they try to make us believe that we're inferior, and it's up to us to spend the rest of our lives fighting that bigoted hatred."

Inspired by Pete Seeger, Bob Dylan and a host of Irish traditional musicans, Collins said he has waged most of his fight through his music. He recorded two tapes of traditional and original songs in Gary Cuzio's Park Slope studio, the first of which was to raise funds for Irish political prisoners and their families. He is now touring New England with his one man show of music and story-telling "which reflects life and experiences in Belfast under British rule."



Irish Republican Army member George Harrison BPP/Daniel Dutka

Collins has mixed feelings about St. Patrick's Day, which he said very often ignores Ireland's deep cultural fund, and instead promotes "green eyes and green beer and things that have nothing to do with Irish reality."

Yet he said that in Northern Ireland the day brings with it an opportunity for nationalistic expression, and its accompanying link with language and music.

"Northern Ireland will eventually gain its freedom through the cultural resurgence that it is now experiencing," he concluded. "Song and music are our most powerful weapons, which must stand up to the Brit's greatest weapon—demoralization. Any song that refutes demoralization works for a free and democratic Ireland."

Gay activist, 41, is killed by AIDs

By Kevin Clarke
Brooklyn Paper Publications

Long-time activist, one-time Community Board 6 member, and "dedicated fighter" for gay rights in Brooklyn, Peter Vogel died of AIDS-related causes on February 24 at the age of 41.

"He'll be missed; he'll be very missed," said CB 6 member Lew Smith. "He was a very hard worker and a very stubborn man. He was a fighter for what he believed in."

Smith described Vogel as a pioneer of gay rights activism in Brooklyn. "There were some groups fumbling around in Manhattan," he recalled. "Peter and Ginny (Appuzzo), we all felt something should be done in Brooklyn."

According to Smith, it was Vogel's belief that the fight for gay rights should be waged in Brooklyn at a grassroots level that led to the creation of the Lambda Independent Democrats and the eventual involvement of the gay community in community board politics. Smith said it was largely through Vogel's efforts that the gay community ultimately achieved a voice on CB 6.

CB 6 chairperson Louise Finney remembered the man she described as a "community leader, a co-worker and a friend."

"From what I know about Peter as a person and a colleague—his straightforwardness, his sensitivity, his ability to get right to the heart of any problem—these are the abilities that are going to be missed.

"He'll be remembered for his dedication to the gay community," said Smith. "He'll be remembered as a hard worker, someone who pushed for what he believed in.

"I think that anybody in the future or now that talks about Peter Vogel, they'll talk about a dedicated person who got gay rights accepted in Brooklyn."

At the time of his death Vogel was the chair of Governor Cuomo's Gay Task Force, co-chair of the governor's AIDS Advisory Council, and co-chair of the National Association of Gay and Lesbian Democratic Clubs.

Vogel had been assistant dean for student affairs at the Fashion Institute of Technology until 1984. He left to become assistant director for administration of the state Worker's Compensation Board.

Services were held at Beth Simchat Torah in Greenwich Village. Vogel is survived by his father, Adolph Vogel, and his companion of 20 years, Don Castellanos.

JOHN BROWN ANTI-KLAN COMMITTEE (JBAKC)

For information of the Bureau and receiving offices, on 5/2/86 an editorial appeared in the CALIFORNIA STATE UNIVERISTY at Northridge (CSUN) school newspaper "THE DAILY SUNDIAL" which contained information on the JBAKC in Los Angeles.

The article referred to one "VICTORIA LEWIS" (not true name) who was quoted as stating she was a member of "JBAKC", a revolutionary Marxist organization that monitors "white supremist groups". LEWIS identified herself as a sociology major at CSUN. She went on to explain the make-up of the JBAKC stating "the American system is rotten to the core, because of the system's vile, rascist and vampiric nature, it is necessary to overthrow the system and start out fresh." LEWIS expounded on the overthrow of the U.S. as a gradual process.

LEWIS also advised that JBAKC is affiliated with RED GUERRILLA RESISTENCE, a group which claimed responsibility for the February, 1985 bombing of the POLICE BENOVELENT ASSOCIATION in New York. LEWIS further stated that JBAKC is also closely associated with the NEW AFRIKAN PEOPLES ORGANIZATION and the BLACK SURVIVAL INSTITUTE in Los Angeles.

The purpose of this memorandum is to briefly outline the past activities of the May 19th Communist Organization (M19CO), the main subjects of the M19CO and the potential threat the M19CO poses to LIBSAIL.

The M19CO is a Marxist - Leninist Organization that advocates the overthrow of the U.S. Government through violent means.

Prior to 1983, the only actions taken by the M19CO included demonstrations, postering and spray painting. (Excluding NYROB investigation.)

In late 1984, and early 1985 five members and one supporter of the M19CO were arrested. The arrested include. ALAN BERKMAN, [redacted] MARILYN J. BUCK, [redacted] and [redacted]. It is to be noted, with the exception of [redacted] all of the above individuals are presently incarcerated. b6 b7C

Seized incidental to the above arrests were numerous weapons, hundreds of pounds of explosives and a large volume of false identification.

Documentary evidence seized reveals these arrests and searches inflicted a devastating blow to the clandestine arm of the M19CO. Source information has indicated a recruitment effort is underway. Through examination of seized items and investigation by the Baltimore and Philadelphia office it would appear the above individuals, to include [redacted], comprise the RFG, ARU and RGR which groups are responsible for numerous bombings in New York and Washington, D.C. b6 b7C

The following is a list of persons who are or have been associated with the M19CO and could be involved in a given action. This list includes persons who have been involved in strictly political demonstrations as well as persons who have supported or acted in illegal actions:

THREAT ASSESSMENT

While the set-backs caused by the aforementioned arrests might preclude the possibility of violence in the form of an attempted or actual bombing, they would not preclude the planning and execution of a less serious disruption such as a demonstration, postering and/or the spray painting of symbols of the federal government.

To reiterate, M19CO members, [redacted] and [redacted], are currently in a fugitive status. Investigation has determined [redacted] and [redacted] are members of the RFG, ARU and the RGR, which groups have claimed credit for numerous bombings in New York City and Washington, D.C. b6 b7C

Information has been received to indicate [redacted] may attempt to cause disruption during LIBSAIL by the switching of street signs in lower Manhattan. [redacted] has also proposed the spray painting of numerous buildings in lower Manhattan, prior to July 4, 1986, so the painted slogans will be visible to tourists attending the celebration. b6 b7C

Information has been received to indicate [redacted], M19CO, Chicago, may participate in a demonstration sponsored by various women's groups. Information has been received to indicate [redacted] may also join in this demonstration. No further specifics are known at this time. b6 b7C

Close liaison will be maintained by the White team with NYCPD, Intelligence Division for additional information on the possible actions of M19CO members during LIBSAIL.

RECOMMENDATIONS

[redacted] reccomends no interviews be conducted of M19CO members at this time. It is noted during the recent trials of MARILYN JEAN BUCK [redacted], in the SDNY, numerous claims of government harassment were made in open court. Due to the upcoming sentencing of [redacted] and the trial of BUCK re NYROB, it is felt that the allegations of government harassment would again be brought out. b6 b7C

[redacted] recommends the physical surveillance of [redacted] during operation LIBSAIL. [redacted] resides at [redacted] [redacted] frequents [redacted] and [redacted].

[redacted] is being recommended for surveillance due to her leadership role in the M19CO and in view of the possibility of her having contact with M19CO fugitives, [redacted] and [redacted]. b6 b7C

Attached hereto is one photo each of [redacted], [redacted] and [redacted].

THE CONTENTS OF THIS MEMORANDUM IS NOT TO BE DISSEMINATED OUTSIDE OF THE BUREAU.
