[redacted] stated he had no reason to question PAGE's truthfulness [redacted] stated PAGE was not hazed or harassed, [redacted] The [redacted] meeting ended when PAGE left for band practice; however, [redacted] later learned that PAGE never showed up to his band practice. After a week or so of nobody getting a hold of PAGE [redacted] advised after the [redacted] meeting he expected to see PAGE in a couple of weeks [redacted] in Wisconsin.

Interviewing agents questioned [redacted] about the Hammerskins policy for dealing with members who are found [redacted] In response, [redacted] gave an ambiguous response, concluding with no specific punishments; however, he advised that members know to not be a "race traitor." Additionally, [redacted] advised there is no specific procedure for quitting the Hammerskins.

[redacted] received a package [redacted] from PAGE on [redacted] The package was postmarked [redacted] and was delivered by the United States Postal Service via regular mail. Upon receipt of the package, [redacted] to open the box in case it was a bomb. [redacted] advised he threw the package into the air and let it land to see if anything would happen. Upon the package landing, [redacted] voluntarily cut a hole in the side of the package ensuring not to disturb the main opening in the event there was a triggering device. Eventually, the package was opened and [redacted] advised it only contained Hammerskin t-shirts and nothing else. [redacted] stated he thought it was unusual that if WADE quit the Hammerskins why he didn't include the "NHS" (Northern Hammerskins) patch in the package. On [redacted] received a cardboard style envelope [redacted] from PAGE. The envelope contained PAGE's NHS patch. According to [redacted] the patch appeared to have never been stitched or "worn" on a jacket and that neither mailings contained a note, a computer hard drive, or any other items. [redacted] was unaware of anyone else receiving a mailing from PAGE. Furthermore, [redacted] stated that PAGE sent the mailings to him because PAGE didn't have anyone else's address. PAGE likely obtained [redacted] which he provided PAGE. Agents questioned [redacted] regarding his previous statement that PAGE didn't have anyone else's address with information regarding to PAGE'S prior travel to [redacted] Illinois. [redacted] was non-committal in answering the question.

all the items he received. Interviewing Agents questioned [redacted] what he meant by "dispersed." [redacted] advised he may have given the contents away; however, [redacted] advised he couldn't remember who he gave the contents to. Later in questioning, [redacted] eluded that the contents may have been destroyed. [redacted] refused to provide any details on the whereabouts of the contents from the mailings he received [redacted] was questioned why he didn't contact SA [redacted] who previously provided [redacted] with his contact information when he received the mailings from PAGE. In response, [redacted] advised he didn't want the FBI sending out a bunch of people causing a disturbance [redacted] Furthermore, [redacted] provided no explanation why he didn't notify the interviewing agents of the package when he was interviewed [redacted]

[redacted] was questioned about his knowledge of [redacted] In response, [redacted] stated you mean [redacted] was questioned if he was aware that [redacted] was near the vicinity of the shooting the day it occurred. [redacted] advised he learned that [redacted] was up there through [redacted] sounded displeased with [redacted] and advised that [redacted] should have notified him that he was up there the day of the shooting instead of learning about [redacted] whereabouts through [redacted] was asked if [redacted] attended the [redacted] meeting in [redacted] Wisconsin. [redacted] admitted that [redacted] was present at the meeting and that he traveled to meeting with [redacted] When questioned why he didn't provide this information during previous interviews with the FBI, [redacted] responded that the interviewing agents never specifically asked if [redacted] was present at the meeting.

b6
b7C

[redacted] reiterated his limited knowledge of PAGE's personal life by stating he wasn't aware that PAGE [redacted] Furthermore, [redacted] claimed he learned PAGE's last name earlier this year when he questioned PAGE about the "WP" tattooed on his hand. [redacted] advised he thought the "WP" stood for "White Power;" However, PAGE advised the tattoo stood for white power and were his initials. Additionally, [redacted] was aware that PAGE was already a Hammerskin when he moved from North Carolina to Wisconsin [redacted]

b6
b7C

At one point during the interview, [redacted] angrily stated "Fuck Wade Page, he's a pussy." [redacted] continued by advising his displeasure with PAGE because of the scrutiny people within the white power movement are receiving because of PAGE's actions. When questioned why he thought PAGE committed the shootings, [redacted] stated, "There's only one person who knows that and he's dead."

Chief John Edwards
Oak Creek Police Department
301 W Ryan Road
Oak Creek WI 53154

Dear Chief Edwards:

I write to address the critical incident that involved a use of force by Lieutenant [redacted] and Officer [redacted] at the Sikh Temple (7512 South Howell Avenue) on August 5, 2012. You and your staff exhibited exceptional professionalism and courage during this difficult occasion and I deeply appreciate the willingness of your involved officers to provide detailed information so soon after they responded to this traumatic event. In particular I wish to thank Lt. [redacted] for speaking to me [redacted] I am prepared to make a decision on the issue of the privileged use of deadly defensive force in this incident. I can do so based on compelling squad car video evidence, the 911 audio tapes of citizen witnesses at the scene of the incident, reports of the examination by the Milwaukee County Medical Examiner, and on the detailed statements of the City of Oak Creek Police Officers who responded to the incident. While the criminal investigation continues, I believe I have sufficient information to make a determination with respect to the lawful use of force by your officers. I place particular weight on the observations of Lt. [redacted] and Officer [redacted] who were the first law enforcement officers to arrive on scene and who first confronted the armed suspect later identified as Wade Michael Page.

b6
b7C

My conclusion is that Lt. [redacted] Officer [redacted] confronted an individual who had already killed numerous civilians at the temple and was determined to kill them when they intervened. They both exercised a high degree of reasonable and professional judgment and the use of force was necessary and therefore privileged under Wisconsin law. The Milwaukee County Medical Examiner determined that the fatal wound Mr. Page suffered was self-inflicted, but I strongly believe the evidence shows that Mr. Page would have continued his violent actions but for the armed intervention of Officers [redacted]

b6
b7C

The first calls for assistance from the Sikh Temple were received via 911 calls to the Oak Creek Police Department and from the Milwaukee County Sheriff's Office dispatcher at approximately 10:25am on August 5. The callers described a disturbance that involved a man with a gun discharging the weapon. Callers provided a general description of the individual, describing him as a bald white male shooting people in the parking lot outside the temple.

Lt. [redacted] was on patrol and was the first to respond in Squad [redacted] a marked utility vehicle equipped with light bars and a in-board camera. The camera in his squad shows him arriving within minutes of the calls for help and shows him driving up the east-west driveway to the parking lot where he first encounters two victims located in the north-west area of the parking lot. It is significant that the approach to the parking lot of the temple is a gently rising slope that obscures a complete view of the parking lot until one crests the hill and enters the lot itself.

move in on Page in a tactical manner. The squad video from responding Officer [redacted] who positioned his squad next to Officer [redacted] captures the sound of an additional gun shot from Page after he went to the ground. Officers secured Page and secured a 9mm pistol and additional magazines in Page's possession. Page appeared to have wounds to his head and stomach. b6 b7C

The report from the Milwaukee County Medical Examiner indicates that Page suffered two gun shot wounds, one from a recovered 5.56mm bullet that struck Page [redacted] The fatal round was a recovered 9mm bullet [redacted] The Medical Examiner determined that the fatal round was self inflicted and that finding is corroborated by the squad video capturing the discharge of a round from Page's vicinity after he was brought down by Officer [redacted] round. Recovered from Page was a Springfield Armory 9mm pistol, a Springfield plastic pistol holster and numerous magazines for the pistol. It should also be noted that Page had a single ear plug located in his right ear. This is relevant because it indicates that Page anticipated discharging his gun and desired to protect his hearing on his strong side (the right side) while still being able to hear the sounds in his surrounding environment with his left ear. b6 b7C

The scene itself was worked by technicians from the Federal Bureau of Investigation and that investigation remains pending. Detectives from the Milwaukee Police Department and investigators from my office responded to the scene on August 5th and assumed primary responsibility for investigating the use of force circumstances. I wish to express my thanks to the Milwaukee Police Department for their professional and thorough response to the incident and its aftermath. Their actions are consistent with the extraordinary response provided by all the assisting law enforcement and emergency medical personnel from Milwaukee County.

Based on the evidence available at this time I believe that the actions of Lt. [redacted] and of Officer [redacted] were justified and privileged under Wisconsin law, and furthermore, reflect highly on their personal courage and the Oak Creek Police Department's professionalism. b6 b7C

I would like to again commend your department's response to this critical incident on several levels. First, the response time was immediate. From the first report to Lt. [redacted] arrival on scene was a matter of minutes. One can not underestimate the potential for further loss of life had Lt. [redacted] arrived even seconds later. Second, all the responding officers from your department acted with courage and decisiveness to a chaotic scene. Of particular note are the actions of Officer [redacted] whose actions will be studied closely as a model response to a tragic circumstance. I am left with no doubt that Officer [redacted] actions saved both Lt. [redacted] life and those of others on scene. In addition, your command response to this situation created the conditions that allowed the scene to be properly controlled during a time when information was limited. The Oak Creek community and your law enforcement partners are proud of the response of your agency. b6 b7C

In conclusion, I find the actions of Oak Creek Police Officers [redacted] to be a reasonable and privileged use of force under the circumstances and leave to your sound discretion the decision to return them to assigned duties. b6 b7C

Sincerely yours,

John Chisholm
District Attorney

Lt. [redacted] indicates that he saw two victims on the ground near cars in the north-west part of the lot. He pulled his squad up to provide cover for them, and removed his weapon from the holster while he checked the victim's status. He determined they needed medical attention and decided to return to his squad to get a ballistic shield to provide some protection in the exposed parking lot, while at the same time he continued to scan the area for suspects. The squad video captures Lt. [redacted] as he first spots Page leaving the entrance to the temple. Page, wearing clothing consistent with the information provided by the 911 callers, appears to be heading in a south-west direction, which was later determined to be the location of the vehicle belonging to Page. Officer [redacted] indicates that he saw what looked to be a holster on Page's right side and that when he ordered Page to stop saw Page raise his right arm. Lt. [redacted] believed, based on Page's actions, that Page was preparing to discharge a weapon at him so he raised his weapon, a .45 caliber Heckler Kock semi-automatic, and fired a round at Page. At the same time Lt. [redacted] described [redacted] Realizing he had been struck by Page, he took cover behind a vehicle, assessed his injuries and situation, and then attempted to reacquire Page, who he anticipated would continue towards his car to escape.

b6
b7C

Lt. [redacted] goes out of view from his squad camera at this point, but Page can be seen to alter his route from the south-west to the north, in essence flanking Lt. [redacted] to his rear. Page can be seen to discharge his weapon multiple times in the area that Lt. [redacted] is last seen on camera. Page's actions are deliberate and methodical, indicating a clear intent to kill Lt. [redacted] Lt. [redacted] states that after he took cover he tried to find Page and was raising his gun in a two-handed grip [redacted] knocking his weapon from his hand. Lt. [redacted] states that with the loss of his weapon he tried to seek cover by crawling under a vehicle, but Page continued to close in on him and continued firing at him, striking in multiple locations [redacted] Lt. [redacted] says that he recalled wondering when Page would run out of ammunition, and remembers Page calmly focusing on him while he was shooting at him from a short distance. Lt. [redacted] at this time heard additional squads arriving and heard Officer [redacted] yelling. At this time Page broke contact with Lt. [redacted] attempted to crawl back towards his squad until he was contacted by fellow officers. [redacted] did hear additional shots fired after Page broke contact with him.

b6
b7C

Officer [redacted] responded to the temple from an assignment at the Red Roof Inn near 13th and College. Officer [redacted] years experience including extensive time with Oak Creek's [redacted] He was in a marked Oak Creek Police squad and was armed with a .45 caliber semiautomatic pistol as his sidearm but also had a semi-automatic AR-15 rifle (5.56 mm) in the squad. He stated that as he responded he could see on his display board that Lt. [redacted] would arrive first and he hastened to provide support. He arrived at the temple and drove up the slope of the driveway where he could see an individual later identified as Page standing in parking lot slightly to the south-east of the driveway entrance. He reported that he thought he heard shots as he approached, but could not see Page shooting when he crested the hill. Page appeared to focus on him so he backed his squad temporarily so he could rearm from his pistol to the rifle. He then drove forward at which time he observed that Page appeared to be walking deliberately towards him with what he believed to be a weapon in his hand. As [redacted] ordered Page to drop his weapon and surrender Page can be observed raising his right hand and a round can be seen to impact on the windshield of [redacted] car. Page then attempts to walk back to the south-west (presumably to get to his vehicle) when Officer [redacted] returns fire with six aimed shots from his rifle. Page is seen to go to the ground at which time assisting officers

On Sunday 8/5/12 off-duty Detective [redacted] was contacted by [redacted] Lieutenant of Police [redacted] who informed me that there was a critical incident in the City of Oak Creek and I was needed to assist in the investigation. During the course of my investigation I had the opportunity to speak with a paramedic that was working on Oak Creek Med Squad [redacted] at the time of this incident, Firefighter Paramedic [redacted] W/M [redacted] who was stationed at firehouse 7000 W. Rawson, phone # 414-570-5630.

Upon speaking with Firefighter Paramedic [redacted] he informed me that on Sunday 8/5/12 he was on Med Unit [redacted] along with his partner Firefighter Paramedic [redacted] Firefighter Paramedic [redacted] indicated on 8/5/12 at approximately 10:30 AM they responded to the Sikh Temple located at 7512 S. Howell Ave for a shooting. He relates upon arrival to the scene they staged south of the entrance to the Temple facing northbound on South Howell Ave. [redacted] indicated that they staged for approximately 1 min. at which time they received an update by their dispatcher stating, "officer shot". He then asked the dispatcher for the location of the officer that was shot. His partner [redacted] then began to drive into the Sikh Temple parking lot at which time they were met by Officer [redacted] who stopped his car approximately 20 feet in front of them. Paramedic Firefighter [redacted] indicates at that time they observed that there was a bullet hole in the center of the windshield of the squad that PO. [redacted] was driving. Paramedic Firefighter [redacted] began getting out of his rig at which time PO. [redacted] yelled, "get back in the rig". He then got back into the rig and they took off following PO. [redacted] to the scene. [redacted] states as they were driving they saw a patient down on the ground and followed PO [redacted] to [redacted] squad. b6 b7C

Paramedic Firefighter [redacted] indicates that they were followed by Oak Creek Paramedic Med Unit, Squad [redacted] that was staffed by Firefighter Paramedic [redacted] Upon seeing Lieut. [redacted] squad they all got out of their med units and ran to his location to render first aid. Paramedic Firefighter [redacted] indicates Lieut. [redacted] was lying in the back seat of his squad and Officer [redacted] was in the backseat also yelling [redacted] give me a knife" at which time Paramedic. Firefighter [redacted] handed PO [redacted] his knife. b6 b7C

Paramedic [redacted] indicates that Squad [redacted] had brought their cot and longboard and they extracted Lieut. [redacted] from the rear seat of his squad and placed him on the longboard and rolled him into the rear of Squad [redacted] All four (4) of the paramedics along with Officer [redacted] got into the squad and Paramedic [redacted] drove them to Froedtert Hospital. While in route to the hospital they were tending to Lieut. [redacted] gunshot wounds at which time he observed that Lieut. [redacted] had gunshot wounds [redacted] He was also able to see gunshot wounds [redacted] and he observed that [redacted] They drove directly to Froedtert Hospital at which time Froedtert Emergency Trauma Staff took Lieut. [redacted] into the emergency trauma room.

RE: Oak Creek Police Related Homicide IR# 12-020305

This report is dictated by Detective [redacted] assigned to Metropolitan Investigation Division, Day Shift. b6 b7C

On Sunday, August 5, 2012, at 1:18 PM I I was off duty when I was contacted by Lieutenant [redacted] and instructed to respond to the City of Milwaukee Police Department Police Administration Building for an active investigation in regards to a shooting incident in the City of Oak Creek. He advised that we would be providing support in the investigation. Upon responding to the Police Administration Building Lieutenant [redacted] instructed me to go to Froedtert Memorial Lutheran Hospital where Lieutenant [redacted] was being treated for multiple gunshot wounds in connection with this shooting incident. Detective [redacted] and I met at the hospital during the course of our investigation there I received from Lieut. [redacted] [redacted] property that he explained was recovered from Lieut. [redacted] during his treatment. I subsequently conveyed this property back to the Police Administration Building where I examined it for evidence. These following items were later conveyed to Detective [redacted] who put them on inventory under inventory number # 12023131. During this examination (54) photographs were taken by Forensic Investigator [redacted]

During the examination of Lieut. [redacted] equipment I made several observations. I observed that much of the property [redacted] I noticed that when I unfurled his folded uniform [redacted] a bullet fragment fell from [redacted] onto the examination table. It appeared to be the majority portion of the jacketing of a copper covered hollowpoint bullet. Further examination of the uniform [redacted] revealed damage to [redacted] of these areas of damage appeared to be consistent with the ripping action of a fired bullet. These appeared to be [redacted] These areas were photographed as well as the bullet fragment that was recovered. Uniform [redacted] were designated as item # 7 in the inventory. Bullet fragment was designated as item number # 19 in the inventory. b6 b7C

I then made observations of Lieut. [redacted] Again, [redacted] I observed several areas of damage to [redacted] that appear to be consistent with the ripping action of an entering bullet. These areas [redacted] There were a total of [redacted] areas that appeared to have this sort of damage [redacted] I then examined [redacted] and observed [redacted] areas of damage that b6 b7C

appeared consistent with bullet damage. These were [redacted] There were [redacted] areas consistent with this damage [redacted] was designated as item # 1 on the inventory. [redacted] was affixed with the number [redacted] This was designated as item # 4 on the inventory.

I then examined the front panel of Lieut. [redacted] b6 b7C I observed what appeared to be damage from an entering bullet [redacted] I did not recover any bullet evidence I believed to be consistent with that damage. I then observed [redacted] I was able to locate a bullet fragment that appeared to be a jacketed hollowpoint bullet that had been discharged and mushroomed consistent with an impact. [redacted] was designated as item # 2 on the inventory and the deformed bullet fragment was designated as item # 52.

I then examined [redacted] and observed [redacted] b6 b7C damage [redacted] consistent with the damage [redacted] in an association with the bullet recovered [redacted] I also observed [redacted] Examined further and discovered a hard object had embedded itself [redacted] After cutting this object out and discovered that it was a deformed bullet fragment that appeared to be consistent with a jacketed hollowpoint bullet. [redacted] was designated as item # 3 and the deformed bullet fragment recovered [redacted] was designated as item # 21 on the inventory sheet.

During my examination of Lieut. [redacted] I observed two magazines b6 b7C with the insignia of "HEK" and the designation of a 12 round capacity. Each of the magazines had 12 cartridges which were 45 caliber jacketed hollow point cartridges. They were inscribed with the following "Winchester 45 Auto" on the back of the casing of the cartridge. The magazines and cartridges were designated as items # 25 through # 50 on the inventory form.

All items recovered were then placed in a locked, secured area, pending transferance to the Property Control Section.

RE: Oak Creek Police Related Homicide IR# 12-020305

This report is dictated by Detective [redacted] assigned to Metropolitan Investigation Division early shift. b6 b7C

On Sunday, August 5, 2012, I Detective [redacted] received a call from Lieut. [redacted] regarding the above incident. Lieut. [redacted] requested that I respond from home to this incident as part of [redacted] Lieut. [redacted] stated that it was unknown at the time of this call if there were additional suspects holding hostages inside of the Sikh Temple of Wisconsin located at 7512 S. Howell Ave., Oak Creek Wisconsin. Lieut. [redacted] instructed me to respond to the Oak Creek Police Department located at 301 W. Ryan Rd. Lieut [redacted] further instructed me to contact other members of [redacted] in order for them to respond to this incident as well.

With this, I Detective [redacted] made contact with Detective [redacted] Detective [redacted] Detective [redacted] and Detective [redacted] All of these detective stated they were available and began to respond to the Oak Creek Police Department where we met. b6 b7C

Once at the Oak Creek Police Department, we were informed that this incident was no longer a possible hostage crisis however it was a police related shooting with multiple casualty homicides. Lieut. [redacted] informed us that he would like all of us Detectives to respond to the command post located at the Classic Lanes bowling alley (7501 S Howell Ave.).

Once at the command post, Lieut. [redacted] informed us that we would be conducting the investigation related to the police involved shooting during this scene. Lieut. [redacted] stated that the multiple casualty homicides was going to be investigated by the FB I. Lieut. [redacted] requested that Detective [redacted] Detective [redacted] and I interviewed the officers involved in the initial response to this incident. b6 b7C

With this, at 2:57 pm, I met with one of the officers that stated he initially responded to this incident but did not discharge his weapon. The interview of this officer took place inside the Classic Lanes bowling alley. This officer identified himself as [redacted] of the Oak Creek Police Department. PO [redacted] stated that he has a badge number of [redacted] and was assigned Squad [redacted] PO [redacted] states that he was appointed to the Oak Creek Police Department on [redacted] PO [redacted] states that on this day, he worked from 7 AM to 3 PM and was

This rifle was affixed to PO [redacted] utilizing a sling. This rifle was assigned to his car that being car numbe[redacted] It should be noted that while at this location PO [redacted] was photographed in this entire by PO [redacted] of the Oak Creek Police Department.

Re: Sunday, August 5, 2012 PO [redacted] provides the following. PO [redacted] states that on this day he woke up at home at 6 AM. PO [redacted] states that he arrived at work at 6:45 AM and started at 7 AM. PO [redacted] states that when he arrived, he dressed into his full uniform as described above. PO [redacted] states that he was assigned to squad [redacted] buy himself and was assigned general patrol of the entire city of Oak Creek. b6 b7C

Prior to this incident, PO [redacted] states that he did a traffic stop in the area of 5th and Puetz. PO [redacted] states that this traffic stop resulted in a written warning. PO [redacted] states in a short time after the stop, he went back into the police station to work on reports.

PO [redacted] states that while inside the police station, he heard dispatch come over the air and asked for squads to start responding to a fight at the Sikh Temple. PO [redacted] states that he believes Lieut. [redacted] of Squad [redacted] was the first to start responding. PO [redacted] states that other squads also started going but he does not recall who. PO [redacted] states that shortly after the original assignment was put out, it was updated by dispatch to a subject with a gun and shots fired. b6 b7C

PO [redacted] states that based on the update, he immediately began to respond from the police department. PO [redacted] states that PO [redacted] was also at the station and responded at the same time he did. PO [redacted] states that he took Ryan Rd. east to Howell Avenue and Howell Avenue northbound to the scene. PO [redacted] states that he responded with his red lights and sirens activated.

PO [redacted] states that as he arrived, he pulled into the driveway leading to the parking lot. PO [redacted] states that he observed that two squads, both being Tahoes, were already stopped in the driveway next to each other. PO [redacted] states that he parked behind these two trucks. PO [redacted] states that he then grabbed his squad rifle and exited his truck. PO [redacted] states that he also had put on his ballistic helmet and ballistic vest. PO [redacted] states that as he exited the truck, he heard one gunshot coming from the east or the parking lot area of the Temple. PO [redacted] described this gunshot as if it were coming from a handgun. PO [redacted] stated that he looked around however he could not see anyone shooting. PO [redacted] states that he then moved to the area of the light post thinking it would give him a better view of the scene. PO [redacted] states that he then laid in a prone position facing eastbound but could not see anything because of the hill. PO [redacted] states that around him at that time was PO [redacted] and PO [redacted] b6 b7C

PO [redacted] states that he, PO [redacted] and PO [redacted] all moved towards a shed to the south of them. PO [redacted] states that this was a move to get better cover in a better position to see what was happening. PO [redacted] states that he and PO [redacted] went to the South side of the shed and then looked into the lot from that location. PO [redacted] states that while there, he saw the suspect lying on the ground wearing a white t-shirt with a large black handgun in or near his right hand. b6 b7C

PO [redacted] states that he and PO [redacted] began to walk towards the suspect. PO [redacted] states that PO [redacted] approached the suspect from a different direction and then kicked the gun away from the suspect.

PO [redacted] states that he and PO [redacted] moved past the suspect searching the area for additional suspects. PO [redacted] states that he then observed Lieut. [redacted] truck and approached the vehicle. PO [redacted] states that as he got to Lieut [redacted] truck, he observed the Lieutenant lying on the ground propped up on his right elbow. PO [redacted] states that Lieut. [redacted] was moving slightly and PO [redacted] and PO [redacted] approached the Lieut. PO [redacted] states that he then moved to the drivers side of the Lieut. truck. PO [redacted] states that the drivers door was open. People [redacted] states that he moved to the Tactical V of this door and took a position of cover. PO [redacted] states that he used his rifle to cover the front door of the Sikh Temple. PO [redacted] states that at this point he did not know if there were additional suspects inside the Temple or outside in the parking lot. b6 b7C

PO [redacted] states that while in this position, he observed two subjects lying on the ground to the north of him. PO [redacted] states that both of these subjects were male subjects and both appeared obviously deceased. PO [redacted] states that based on the uncertainty of the scene at this time, he continued to focus his attention at the front of the Temple as well as the immediate area around them. PO [redacted] states also while at this location, Lieut [redacted] was loaded into one of the department trucks. PO [redacted] states that an ambulance then came and took Lieut. [redacted] from that location. b6 b7C

PO [redacted] states that he was still unsure of how many suspects there were or the location of the suspects. PO [redacted] states that he was unsure if the suspect had concealed himself either inside or under one of the vehicles in the parking lot. PO [redacted] states that based on this, he and PO [redacted] determined that they would start clearing the vehicles one by one. PO [redacted] states that they begun on the north end of the lot and worked their way, West to East. PO [redacted] states that while in this first row, he encountered a van with dark tinted windows. PO [redacted] states that he then used the knife that he carries to break the van window to clear the inside. PO [redacted] states that he and PO [redacted] then cleared the entire parking lot from the north to the south and did not find any additional suspects. b6 b7C

PO [redacted] states that the last vehicle they checked was a gray Toyota Camry located in the South East corner of the parking lot. PO [redacted] states that once this vehicle was cleared, he and PO [redacted] remained in this position covering the front of the building and the north side of the building for containment. PO [redacted] states that he and PO [redacted] remained in this location until he believes the entire building was cleared by responding tactical officers. b6 b7C

PO [redacted] states that he later noticed that the squad driven by PO [redacted] (car six) had a bullet hole in the windshield. PO [redacted] stated he also noted that there was a .223 caliber casing on the front seat of this truck. PO [redacted] stated that he did not go into the truck to look for any additional evidence.

b6
b7C

While speaking with PO [redacted] we did do a brief walk-through of the scene. During this walk-through PO [redacted] was able to confirm the information that he had told me by pointing these details out to me. PO [redacted] did notice that two of the deceased victims appeared to have been moved from where he had last seen them. These two victims were the victims that he saw on the north side of the lot. PO [redacted] did point out [redacted] PO [redacted] stated that [redacted] represent where he saw the two obviously deceased victims. PO [redacted] also pointed out that PO [redacted] truck was in a different location than he last remembered. PO [redacted] states that he last saw PO [redacted] truck in the driveway however at the time of the walk-through it was near where he saw Lieut. [redacted] lying. PO [redacted] further stated that Lieut. [redacted] truck was not where he had seen it during the time of the incident. PO [redacted] states that he believed Lieut [redacted] truck (car number [redacted] was in the area of the 15th parking spot east of the westernmost parking spot on the north side of the lot.

RE: Oak Creek Police Department Officer involved shooting fatality

---

This report is being dictated by Detective [redacted] assigned to the Metropolitan Investigation Division, Criminal Investigation Bureau, Early Shift. b6 b7C

On Sunday, August 5, 2012 I was contacted by Detective [redacted] regarding a possible hostage situation in Oak Creek, Wisconsin. I was informed by Detective [redacted] that as a member of [redacted] that we were being activated to provide assistance regarding this investigation.

I then responded to the Oak Creek Police Department located at 301 W. Ryan Rd., and upon arrival at that location I was informed that [redacted] I was advised by Lt [redacted] that Detective [redacted] Detective [redacted] Detective [redacted] Detective [redacted] and I were to assist with interviews of involved police officers related to the police involved shooting of the suspect in the incident. b6 b7C

The above detectives then responded to the Classic Lanes Bowling Alley located at 7501 S Howell Ave, which was set up as a command post for this incident. While at the Command Post I was instructed by Lt [redacted] to conduct an interview with Oak Creek Police Officer [redacted] Lt [redacted] from the Oak Creek Police Department also was present during the interview.

Interview of Police Officer [redacted] b6 b7C

While inside the Classic Lanes Bowling Alley, I conducted an interview of Police Officer [redacted] who was assigned to patrol at the Oak Creek Police Department. Police officer [redacted] s assigned badge [redacted] Squad [redacted] and on this date worked his normal shift of 7 AM to 3 PM. Police Officer [redacted] has been employed by the Oak Creek Police Department since [redacted] and was assigned to area 1 on this date.

Police Officer [redacted] was regular off on Saturday August 4, 2012 and stated he had no alcohol or medication on August 4th or 5th. [redacted] stated he did go to sleep between 10:30pm-11:00pm on the 4th and awoke at 5:00am-5:30am on Monday morning before his tour of duty. b6 b7C

[redacted] has been a sniper on the Oak Creek Police Department since [redacted] and a member of the Oak Creek Police Department Emergency Response Unit (SWAT Team) since [redacted]

Police Officer [redacted] stated he was assigned to Police Squad [redacted] which is a marked Chevrolet TAHOE. This squad is equipped with video dash cam and an audio microphone attached to Police Officer [redacted] Police OFFICER [redacted] stated this squad is also equipped with an Oak Creek Police Department issued 223 semi-auto patrol rifle which is mounted in a rack between the front driver and passenger seats. b6 b7C

Police Officer [redacted] stated prior to this call he was at a fight complaint at the Red Roof located at 6360 S 13th St. Police Officer [redacted] stated he was unable to locate the complainant or actor of this fight and was seated in his squad car updating the MDC computer of his findings at this assignment. Police Officer [redacted] stated he heard a disturbance call come over the air on his squad radio at the Sikh Temple located at 7512 S Howell Ave. Police Officer [redacted] did start to respond to that assignment. Police Officer [redacted] stated he drove his marked squad north on S. 13th St. and turned to go east on W. College Ave. Police Officer [redacted] stated as he was responding to the call it was updated to a shots fired complaint. Police Officer [redacted] advised me that he looked at his squad computer and saw on the grid that Sq [redacted] Lt [redacted] was going to beat him to this location. Police Officer [redacted] stated he was responding with emergency lights and sirens to the call. Police Officer [redacted] stated he turned to go south on S. Howell Ave and as he approached the Temple he knew that Lt. [redacted] was on scene. Police Officer [redacted] stated he wanted to get up to the Temple quickly and drove over the median to cross S. Howell Ave. b6 b7C

Police Officer [redacted] stated as he pulled into the long driveway toward the Temple he believes his siren was off but he knows his emergency lights were still activated. Police Officer [redacted] stated he is now traveling east in his squad toward the Temple. Police Officer [redacted] stated when he entered the driveway he was still not able to see the Temple due to a hill in front of him. Police Officer [redacted] stated as he crested the top of the hill he drove a short distance and observed a subject he described as a male wearing a white t-shirt and black pants approximately 75 yards east of his location. Police Officer [redacted] described that suspect to be aggressively walking in his direction. Police Officer [redacted] immediately backed his squad up approximately 40-50 yards and then moved forward so he was able to see the suspect again. Police Officer [redacted] observed the subject put his left hand up toward his face and was making motions with his right hand as though he was reloading or checking the position of a magazine in a firearm. b6 b7C

Police Officer [redacted] stated he then focused solely on that subject and was unable to see if any other squads were in the parking lot. Police Officer [redacted] stated he depressed the two release buttons for the locks on the squad [redacted] rifle mount. Police Officer [redacted] stated he took control of his squad [redacted] rifle and opened his squad door. Police Officer [redacted] stated he exited his squad and began to position himself in the tactical V position between his squad door and the inside of his vehicle. Police Officer [redacted] stated he observed the suspect begin to raise his hand up and observed an item he believed was a gun in the subject hand. Police Officer [redacted] began to verbally order the subject to drop the gun. Police Officer [redacted] did make a radio transmission that he had a subject walking toward him with a gun. b6 b7C

Police Officer [redacted] stated he then heard his windshield explode and felt glass spray. Police Officer [redacted] stated he now knew he was taking on gunfire from the subject. Police Officer [redacted] stated the subject began to move south in the parking lot when Police Officer [redacted] charged up his rifle and placed the sights or bead on the suspect. Police Officer [redacted] estimated the suspect was about 50-75 yards away from him at this time. Police Officer [redacted] stated since the subject was moving he was leading the subject with his sights and began to fire at the subject. Police Officer [redacted] stated he was unsure how many rounds he fired but fired until the threat was stopped. Police Officer [redacted] stated the subject appeared to be struck and began to go down to the ground. Police Officer [redacted] stated where the subject went down his view of the suspect was obstructed by a grassy burm. Police Officer [redacted] stated he was unsure at this time if the subject went down due to being struck by gunfire or if the subject was attempting to take up a position of cover. b6 b7C

Police Officer [redacted] stated he observed another officer to his right and heard additional officers responding at this time. Police Officer [redacted] stated he was unsure which officers were near him at the time of this incident. Police Officer [redacted] did also remember hearing one single shot coming from the area where the subject was down. Police Officer [redacted] stated he was unsure at this time if the subject was attempting to return fire on him or responding officers. Police Officer [redacted] remembered ordering officers to take cover near the garage / shed to the south of them and also remembers an officer yelling the subject was down. b6 b7C

Police Officer [redacted] re-entered back into his squad car and moved east into the parking lot. Police Officer [redacted] moved forward a little bit and exited his squad car and saw the suspect down. Police

Officer [redacted] re-entered his squad car again and moved to a position closer to the suspect on the ground. Police Officer [redacted] exited his squad and again pointed his rifle at the subject and was yelling to other officers that he was covering the suspect. Police Officer [redacted] stated this is a term he uses and other members of his department know that cover means that an officer is covering the suspect while other officers move into place the suspect into custody. Police Officer [redacted] stated he observed the suspects hands both up near his head and observed a black semi-auto handgun in the suspect's hand. Police Officer [redacted] could not remember what hand the gun was in and did approach the suspect and first attempted to brush the gun away from the suspect with his foot and then kicked the gun in an easterly direction away from the suspect. Police Officer [redacted] stated the handgun traveled 20-30 feet away from the suspect.

Police Officer [redacted] stated he was unsure what officers were with the suspect but knows that other Oak Creek officers placed the suspect into custody.

Police Officer [redacted] stated he was unsure when but he remembers attempting to call Lt [redacted] on the squad radio and got no response. Police Officer [redacted] stated he focused his attention toward the front doors of the Temple and began to search for Lt [redacted]

Police Officer [redacted] stated he observed two subjects down near a vehicle on the northern most aisle of the parking lot. Police Officer [redacted] described these subjects as a male and a female and near a brick retaining wall.

Police Officer [redacted] was tactfully walking in a southeast direction through the parking lot and observed Lt [redacted] down on one elbow and appearing to be trying to get up. Police Officer [redacted] observed a lot of blood near his face and on the ground near him. Police Officer [redacted] stated other members of the Oak Creek Police Department were behind him and he stepped just to the east of Lt [redacted] and acted as a cover officer while other officers tactfully removal of Lt [redacted] Police Officer [redacted] stated the other officers placed Lt [redacted] into squad [redacted] Police Officer [redacted] stated he believes he radioed for medical personnel to come up to the scene. Police Officer [redacted] stated he ran back to his squad car and drove his squad car to S. Howell Ave and waved Fire Personnel into the scene. Police Officer [redacted] pulled his squad [redacted] to the area where Lt [redacted] was found and put on his tactical vest and helmet. Police Officer [redacted] stated he moved his squad car up to act as cover of medical personnel.

Police Officer [redacted] stated knowing that Lt. [redacted] was down he was the senior officer and took over incident command. Police Officer [redacted] stated knowing that other subjects were down he and another officer from another jurisdiction did move the two subjects to an area near the burm on the west side of the parking lot. Police Officer [redacted] stated they moved the subjects to get them into a position so the rescue personnel could easily access the subjects and put them far enough away from the Temple to put the rescue personnel out of danger. Police Officer [redacted] was ordering other Police personnel to clear all vehicles in the parking lot.

Police Officer [redacted] stated that Squad [redacted] Sgt [redacted] arrived on scene. Police Officer [redacted] stated he briefed Sgt. [redacted] telling him that he was fired upon and returned fire and the suspect is down. Sgt. [redacted] did then take over as Incident Command.

Police Officer [redacted] stated he ran back to the driveway and ran west to the top of the hill. Police Officer [redacted] stated he began to jump up and down trying to get the attention of the fire personnel. Police Officer [redacted] stated he ran to S. Howell Ave and attempted to get a South Milwaukee Ambulance to come into the parking lot. Police Officer [redacted] stated the South Milwaukee personnel advised him he was unauthorized to enter per the Oak Creek Fire Chief. Police Officer [redacted] stated he observed the Oak Creek Fire chief and asked him for ambulances to respond inside the scene to assist subject's shot. Police Officer [redacted] stated that two ambulances did come into the scene. Police Officer [redacted] was unsure if those ambulances transported anyone but did remember someone state that one subject was deceased.

Police Officer [redacted] stated officers set up a perimeter and he remembers hearing from officers that had gained intelligence from two subjects that exited the Temple that the scene might not be safe. Police Officer [redacted] advised the fire personnel to again retreat back to Howell Ave. Police Officer [redacted] stated he got into an empty ambulance and moved it back to Howell Ave. Police Officer [redacted] stated there was a fire engine left behind for cover for the officers.

b6
b7C

Police Officer [redacted] stated he stayed on S. Howell Ave and acted as a liaison between fire personnel and law enforcement both from Oak Creek and outside jurisdictions. b6 b7C

Police Officer [redacted] stated as tactical enforcement teams from outside jurisdictions and FBI arrived on scene he did brief the personnel.

Police Officer [redacted] was directed by the Oak Creek Chief of Police to stand by with Oak Creek Officer [redacted] until investigators arrived on scene.

Police Officer [redacted] did stand by with Police Officer [redacted] until Lt. [redacted] and I conducted his interview.

Police Officer [redacted] was dressed in a full Oak Creek Police Department dark blue uniform with nametag affixed to his right breast and his Police Badge [redacted] affixed to his left breast. The Oak Creek Police department patch is sewn onto the left sleeve near the shoulder and an American Flag is sewn onto the right sleeve near the shoulder. During the time of the incident Police Officer [redacted] was wearing his department issued leather duty belt, which included is H & K model USP45 .45 caliber handgun and two (2) additional magazines. The handgun was loaded with 12 .45 caliber cartridges in the magazine and one in the chamber. The additional magazines contained 12 .45 caliber cartridges. After the shooting incident Police Officer [redacted] did put his green Department Issued Tactical Enforcement vest on and ballistic helmet. Police Officer [redacted] was armed with an additional 6 magazines in his tactical vest for his squad 223 semi-auto rifle. These magazines were loaded with 30 rounds in each. An inspection of the vest showed that one magazine was missing and per Police Officer [redacted] that was the magazine he reloaded into his rifle. b6 b7C

Per Lt. [redacted] and Police Officer [redacted] the squad rifle inside the squad should have been loaded with 28 cartridges. b6 b7C

After the interview was complete Lt. [redacted] and I met with Lead Investigator David BUDDE from the Milwaukee County District Attorneys office and advised him we wanted to conduct a walk through of the scene with Police Officer [redacted] Investigator BUDDE did want to accompany us on the walk through.

Investigator BUDDE, Lt. [redacted] PO [redacted] and I did begun the walk through of the scene when FBI personnel advised us that the FBI closed the scene until the scene was processed properly. b6 b7C

I, Detective [redacted] did advise Lt. [redacted] that I wanted each officer involved in the incident photographed in their uniforms as they were during the incident. Lt [redacted] was able to provide members from the Oak Creek Police Department evidence processing team to assist us in the photo taking process.

Oak Creek Police officers [redacted] did take the photographs and Police Officer [redacted] logged the photographs. The following officers were photographed. b6 b7C

Police Officer [redacted] was also photographed in his tactical vest and while holding his squad 223 rifle.

A copy of the photographs and log sheet will be turned over to the Milwaukee Police Department by the Oak Creek Police Department and will be placed on Milwaukee Police inventory.

I Detective [redacted] did ask [redacted] to leave his uniform shirt at the Oak Creek Police Station and that it would be collected as evidence due to possible glass spray from his front windshield. Detective [redacted] did collect that uniform shirt and placed that shirt on Milwaukee Police Inventory. b6 b7C

Police Officer [redacted] did complain of hearing loss to his right ear and was taken by Police Officer [redacted] to Froedtert Hospital to receive medical treatment for his hearing. Police Officer [redacted] was also ordered by Oak Creek Police Department policy to provide a sample of his urine regarding this incident. b6 b7C

I, Detective [redacted] did take the squad rifle as evidence and placed the rifle on Milwaukee Police Inventory 12023105. The rifle is a Rock River brand, model LAR15 5.56mm / 223 black semi-auto rifle. Milwaukee Police gun Tag 59327 was placed on the rifle. The magazine inside the rifle was also placed on Milwaukee Police Inventory 12023105 along with the 30 Hornady 223 REM cartridges inside the magazine. The top cartridge in the magazine was placed on a separate line of the inventory.

Detective [redacted] did provide me with an additional magazine that was stripped from the rifle by [redacted] during a tactical reload. Please see Detective [redacted] supplemental report on the recovery of that magazine. b6 b7C

The magazine provided by Detective [redacted] was the magazine inside the rifle during the firing of this rifle by PO [redacted] Detective [redacted] and I did empty that magazine and determined that there are 23 cartridges remaining inside that magazine. The Oak Creek Police squad rifles are equipped with 28 cartridges when loaded into the squads. The magazine and cartridges were also placed on Milwaukee Police Inventory 12023105. The top cartridge in the magazine was placed on a separate line of the inventory.

On Monday August 6th, 2012, I Detective [redacted] was contacted by Investigator [redacted] from the Milwaukee County District attorneys office and advised that he would like to do a walk through of the scene with Police Officer [redacted] On Monday August 6th, 2012 Police Officer [redacted] Lt. [redacted] and I did meet with Investigator [redacted] at the Command Post located at the Classic Lanes at 7501 S Howell Ave. b6 b7C

Lt [redacted] Investigator [redacted] Lieutenant [redacted] (Milwaukee Police), Sgt [redacted] Wisconsin Professional Police Association Agent [redacted] FBI scene supervisor and I did conduct a walk through with Police Officer [redacted] Police Officer [redacted] was able to show us points and positions of his and others during this incident. The initial interview provided by [redacted] did not change during the walk through.

Respectfully submitted,

RE: Oak Creek Police Officer involved shooting at the Sikh Temple

This report is written by Det. [redacted] assigned to the Metropolitan Division Day Shift [redacted] b6 b7C

On Sunday, August 5, 2012 at approximately 6 PM squad [redacted] I, Detective [redacted] working along with Detective [redacted] responded to the City of Oak Creek Police Department located at 301 W. Ryan Rd. to conduct an interview of a Police Officer/witness regarding the Police Officer involved shooting incident at the Sikh Temple of Wisconsin located at 7512 S. Howell Ave. in the City of Oak Creek Wisconsin.

Upon arrival to the Oak Creek Police Department Detective [redacted] conducted an interview with Police Officer [redacted] The results of that interview will be reflected in a separate supplemental report. b6 b7C

I had occasion to interview Oak Creek Police Officer [redacted] This interview was conducted in a captain's office located within the Police Department Building. At the time the interview was conducted, Police Officer [redacted] was dressed in his department issued uniform with his department issued duty belt. During the course of this interview I did have occasion to inspect [redacted] department issued handgun. I observed this weapon to be a Heckler and Koch USP .45 auto, semi- automatic pistol with a serial number [redacted] The pistol has a silver top slide and a black handle. I found the pistol to be loaded with 12 - .45 caliber Winchester Auto cartridges in addition to one unfired cartridge in the magazine. Police Officer [redacted] also carried two (2) extra magazines with each magazine containing 12 unspent Winchester 45 auto cartridges.

Officer [redacted] identified his date of birth as [redacted] He was appointed to the Oak Creek Police Department on [redacted] and assigned badge numbe [redacted] He is currently assigned to work dayshift patrol with his hours being from 7 AM to 3 PM working as Squad [redacted] b6 b7C

Regarding this incident, Police Office [redacted] stated he was inside the Police Department meeting [redacted] who was bringing food for he and his fellow officers [redacted] At approximately 10:30 AM he began responding to a call of a "fight" or "trouble with a subject" at the Sikh Temple. He stated the call

was quickly updated to a "shots fired" complaint and he had heard Squad [redacted] Lieut. [redacted] was already responding to that location. [redacted] stated he was aware that the Sikh Temple is located on S. Howell Ave. with the address he later confirmed to be 7512 S. Howell Ave. Officer [redacted] stated that he was responding to the Temple in his fully marked Chevy Tahoe squad car number [redacted] with the lights and sirens activated (referred to as code 3). [redacted] stated that this squad is equipped with an in squad camera and he also was wearing a corresponding microphone which is recorded on the squad digital audio and video system. [redacted] recalls that additional squads were also responding to the Sikh Temple for the call of "shots fired". He identified the additional squads also responding along with Lieut. [redacted] (Squad [redacted] as Squad [redacted] Police Officer [redacted] Squad [redacted] Police Officer [redacted] and Squad [redacted] Police Officer [redacted] stated that while in route to the scene he heard Lieut. [redacted] announced that he had arrived on scene (10-23). He believed that that Lieut. [redacted] was the 1st to arrive on scene and it appeared that several other squads were still some distance away from the scene.

Officer [redacted] stated that he proceeded eastbound on W. Ryan Rd. and then turned left to go northbound on S. Howell Avenue to the Sikh Temple. [redacted] stated he could see that Squad [redacted] Police Officer [redacted] was further ahead of him, also proceeding northbound on S. Howell Ave. Officer [redacted] stated that he noticed that Squad [redacted] passed by the driveway entrance, but because he was familiar with the location of the Temple and the fact that it was set back off the road, he stopped and verified the address with the dispatcher and then turned up into the driveway as Squad [redacted] and another squad passed by the entrance. [redacted] stated he pulled into the driveway approximately 75 feet off the roadway to the crest of the hill on the driveway. [redacted] explained that the driveway goes up a hill and because the Temple is set back you cannot see the Temple or the parking lot in front of the Temple until you reach the crest of the hill in the driveway. He stated he pulled up just to the south of Squad [redacted] where he observed Police Officer [redacted] was already out and on the left side of his [redacted] squad. He observed that Officer [redacted] had his squad rifle deployed and pointed eastbound in the direction of the parking lot in front of the Sikh Temple. Officer [redacted] stated he believed Lieut. [redacted] was on scene but he had no idea where Lieut. [redacted] was located at this time. Officer [redacted] stated he then observed a male subject wearing a white shirt and black pants standing in the parking lot at approximately 35 to 40 yards away, to the east of his location. Officer [redacted] stated that he drew his service pistol and pointed it downrange in the direction of the suspect at the "ready 3" position. He observed this male subject raised his right hand and extended his arm outward at about shoulder height in the direction of where Officer [redacted] was standing. [redacted] stated he did not actually see a weapon or gun but he believed that the subject raised his arm in a threatening manner. [redacted] stated that both he and [redacted] began yelling commands to the effect, "don't move, don't move" and "get down, get down". Officer [redacted] stated the suspect failed to comply with their commands to stop moving or get down on the ground and the suspect began walking in a southbound direction. [redacted] explained that the suspect was walking to the south, from left to right across their field of the view. Officer [redacted] stated he then heard Officer [redacted] discharge his rifle several times in the direction of the suspect and he saw the suspect dropped to the ground. [redacted] stated he also noticed that a glass window broke out on a SUV or van parked in the parking lot, downrange from the suspect. Officer [redacted] stated he could still see part of the suspect's body although his view of the suspect was partially blocked due to a grass berm partially obstructing his view. He stated he could see the upper body of the suspect and appeared as though the suspect was on his back rolling from side to side as if he was trying to get up off the ground. Officer [redacted] stated that they continued to give the suspect commands to stop moving and stay down. [redacted] stated he believed the suspect was still a threat based on the fact that he continued to move and he appeared to be trying to get up. Officer [redacted] stated that after a brief period of time he then heard a gunshot go off coming from the direction of where the suspect was laying. He believed the suspect was returning fire in their direction. Officer [redacted] stated he still did not see a weapon in the suspect's hands but he believed the suspect was

definitely armed because the gunshot definitely came from the location of where the suspect was on the ground.

Officer [redacted] stated that Officer [redacted] suggested that they move to a different location to get a better position of cover and to get a better view of the suspect. Officer [redacted] stated he recalls they were then joined by Police Officer [redacted] and they decided to relocate to the southeast corner of a shed or garage along the west side of the parking lot. Officer [redacted] stated they tactically moved to the southeast corner of the garage and Officer [redacted] took up a position directly in front of him because he [redacted] also had a squad rifle. [redacted] stated he could see that the suspect had stopped moving. He stated that Officer [redacted] tactically approached the suspect with his rifle trained at the suspect's body. Officer [redacted] could see that the suspect's right hand was extended upward alongside of his head and the suspects left arm was extended outward away from the body. He stated he observed Officer [redacted] approach the suspect and then kick a black semi- automatic handgun out of the suspect's right hand. He stated that the black handgun skid across the parking lot approximately 10 to 15 feet east away from the suspect's body. Officer [redacted] stated this is the 1st time he actually saw the suspect's weapon.

b6
b7C

Officer [redacted] explained that at this point he was still concerned that there may be one or more active shooters inside the Temple and although one suspect was down he was still concerned of a potential threat from other actors. [redacted] stated that he and Officer [redacted] then approached the suspect and he could see that the suspect was shot in the head. He stated he observed [redacted] and he believed that the suspect was probably deceased. The suspect also had a significant quantity of blood on his left arm and the suspect was no longer moving. [redacted] stated that at this point both Officer [redacted] and Officer [redacted] then broke off and went to go search for Lieut. [redacted] stated he then heard someone call out that the lieutenant had been shot and they were calling for medical attention. He stated he was then joined by police Officer [redacted] (Squad [redacted] who told him that they should handcuff the suspect. [redacted] stated he was going to put on gloves to grab the suspect hands because the suspects left arm was bloodied but he had no gloves so he just grabbed the suspects left hand by the fingers and he pulled his left arm over his body rolling the suspect over onto his right side and then facedown onto his stomach so that he could handcuff the suspect with his arms behind his back. He stated that the suspect still has his handcuffs on him at this time.

b6
b7C

[redacted] stated that he then directed his attention to the parking lot area and to the front of the Temple building to assess whether there were any other active threats or 2nd shooters or any people coming out of the Temple. He stated he saw Officer [redacted] went off in a direction to the northeast. He stated that Officer [redacted] then suggested he go take his squad and relocate to the south of the building to get a tactical view of the south and west side of the Temple. Officer [redacted] stated he returned back to his squad and he drove across the parking lot and onto the grass and took up a position to the south and slightly west of the Temple. Officer [redacted] stated he remained at this position and he used his radio and PA to call out to other squads when he observed people exiting the front of the Temple. He recalls that at least two (2) different people exited the Temple and they were directed over to the northeast where other squads had taken a position of cover.

b6
b7C

Police Officer [redacted] stated he then observed as Officer [redacted] and Officer [redacted] proceeded to check each of the cars in the parking lot for potential threats, victims or other active shooters. He stated they made their way through the parking lot and ended up behind a car located to the south of the Temple. He stated he could also see that Milwaukee County Sheriff squads and other squads were now responding along the north side of the parking lot to take up a tactical position to cover the north side of the building.

b6
b7C

b6
b7C

Officer [redacted] stated that Sgt [redacted] (Squad [redacted] had now arrived on scene and assumed responsibilities as incident commander. He stated that after a period of time he heard a request for officers to secure a parking lot at the Delphi plant parking lot for the arrival of the Flight for Life. He stated his Sgt. advised him to respond to that location which is about a block away. [redacted] stated he responded to that location and got a perimeter and a secure area set up until the helicopter landed. He then responded to the area of 300 E. Manitoba St. This street is just south of where the Sikh Temple is located. He observed a paramedic ambulance in the parking lot of a residence and he was told that there was some bloodied clothing and a dagger or knife of some type that was still in the yards around that home. He stated he believed these items were evidence related to the shooting at the Sikh Temple and he secured these itmes until he was relieved by another officer.

Officer [redacted] had no further information to provide at this time.

That concludes this report.

Re: Sunday, August 5, 2012 PO [redacted] provides the following. PO [redacted] states that she woke up this day at 5:30 AM. PO. [redacted] states that she left home around 6:20 AM. PO. [redacted] states that she went to work dressed in her uniform. PO. [redacted] states that once at work, she was assigned Squad [redacted] in Squad [redacted] which is a marked Tahoe truck. PO. [redacted] states that she was working by herself.

b6
b7C

Prior to this incident, PO. [redacted] states that she was sent to a fight at a hotel. PO [redacted] states that she arrived at this incident but left after a short time because it was determined to be a baseless or unfounded complaint. PO. [redacted] states that when she left, she went to the Pick N Save grocery store located at 27th and Ryan Road. PO. [redacted] states that she was going to do a business check at this location.

PO. [redacted] states that around 10:25 AM, she heard a call from dispatch regarding a fight at the Sikh Temple. PO. [redacted] states that she was aware of a previous incident at this location that got out of control, so she started to respond. PO. [redacted] states that while she was responding, the call was updated to "the caller said that shots were fired". PO [redacted] states that she then responded red lights and siren going eastbound on Ryan to Howell Avenue and then north.

b6
b7C

PO. [redacted] states that while responding, she recalls Lieut. [redacted] coming over the air and providing an update "any other squads pull in behind me". PO [redacted] states that as she was approaching the scene, she heard on the radio "he's still shooting". PO [redacted] states that based on this, she determined that it would not be safe to pull into the driveway so she parked just south of the driveway on Howell Avenue. PO. [redacted] states that by the time she arrived, multiple squads were already there.

PO [redacted] states that as she exited her squad, she then grabbed her squad rifle. PO. [redacted] states that she then ran eastbound up the driveway leading to the Temple. PO. [redacted] states that while running, she saw police officers in a group ahead of her. PO. [redacted] states that she also heard one or two gunshots coming from the east of her which is where the parking lot of the Temple is located.

b6
b7C

PO. [redacted] states that the group of officers that she observed ahead of her, then moved south from their location to an area by a garage. PO. [redacted] states that she went with this group to the south side of the garage. PO. [redacted] states that from that position, she then saw a subject lying on the ground. PO. [redacted] states that the subject was a balding white male wearing a white T-shirt. PO. [redacted] had identified this subject as the suspect. PO. [redacted] states that as she approached this suspect, she could see that this subject had suffered from a gunshot wound to his head.

PO. [redacted] states that she and PO. [redacted] approached the subject who was lying on his back. PO. [redacted] states that as they were approaching the suspect, she heard PO. [redacted] yell on the radio "one officer was shot". PO. [redacted] states that also as they approached the suspect, she observed that a black semi- auto handgun was about 10 to 15 feet away from the subject. PO [redacted] states that she covered down on the subject by pointing her rifle at the subject and PO. [redacted] rolled the subject to a position where he could place handcuffs on this subject.

PO. [redacted] states that as she stood by with the subject in a white shirt, identified as a suspect, she then heard PO [redacted] yell "Officer down". PO. [redacted] states that other officers had gone towards PO [redacted] and that she remained with PO. [redacted] and the suspect. PO [redacted] states that the suspect did not say anything [redacted] PO [redacted] states that at this point, she did not know if there were additional suspects in the area. PO. [redacted] states that her attention was focused towards the suspect as well as the parking lot area and the Temple.

PO. [redacted] states that she determined that they needed cover so she ran to her squad which was parked on Howell Avenue and moved it near the suspect's body. PO [redacted] states that once she pulled her squad to that location, she moved to a different position of cover. PO [redacted] states that at this point, PO. [redacted] of the Franklin PD. was standing by with the suspect.

PO. [redacted] states that from this new location she could see two subjects wearing turbans lying next to or on top of each other. These subjects were next to the brick retaining wall along the north side of the lot. Neither of these subjects were moving or breathing. PO. [redacted] and a Police Officer from Frankin PD. later grabbed both of these subjects and dragged them west in the lot in an attempt to make them more accessible to the responding paramedics.

PO. [redacted] states that her new position of cover was along the north side of the parking lot at the rear of Squad [redacted] PO [redacted] states that from this position, she was covering the front side of the building. PO. [redacted] states that as she was in this position, PO. [redacted] and PO. [redacted] cleared the paiking lot by checking each of the vehicles. PO. [redacted] states that she remained at this location until relieved by other agencies. Once releived, she along with PO. [redacted] of South Milwaukee PD. and PO. [redacted] of Franklin PD moved to a position of cover along the tree line at the north end of the lot.

PO. [redacted] states she was later approached by PO. [redacted] of the Franklin Police Department. PO. [redacted] states that PO. [redacted] told her that he recovered the suspect weapon, cleared the weapon, put it into her squad. PO [redacted] explained to her that he had recovered and cleared the weapon for safety reasons. PO [redacted] wrote a note to her that read Springfield Arms .45 (semi auto), 1 in chamber, removed clip, [redacted]

RE: Oak Creek PD Incident 12-020305, Shooting at 7512 S. Howell Ave, interview of Police Officer [redacted] of Oak Creek PD

This report is being dictated by Detective [redacted] assigned to the Metropolitan Investigation Division, Criminal Investigation Bureau [redacted] Early Shift.

On Sunday, August 5, 2012 I was contacted by Detective [redacted] regarding a possible hostage situation in Oak Creek Wisconsin. I was informed by Detective [redacted] that as a member of [redacted] that we were being activated to provide assistance regarding this incident. I then responded to the Oak Creek Police Department located at 301 W. Ryan Rd., and upon arrival at that location I was informed that [redacted] I was advised, along with Detective [redacted] Detective [redacted] Detective [redacted] and Detective [redacted] that we were to assist with interviews of involved Police Officers related to the police involved shooting of the suspect in the incident.

The above detectives then responded to the Classic Lanes bowling alley, located at 7501 S. Howell Ave, which was set up as a command post for this incident. At that location I was assigned by the Milwaukee Police Department supervisor on scene, police Lieut. [redacted] that I was to interview Police Officer [redacted] of the Oak Creek Police Department.

Interview of Police Officer [redacted]

While inside the Classic Lanes bowling alley, I conducted an interview of Police Officer [redacted] who is assigned to patrol section at the Oak Creek Police Department. Police Officer [redacted] is assigned badge [redacted] squad [redacted] and on this date worked his normal shift of 7 AM to 3 PM. Police Officer [redacted] has been employed by the Oak Creek Police Department since [redacted] and was employed by [redacted]

Police Officer [redacted] stated that he worked on Saturday, August 4, 2012 his normal shift, from 7 AM till 3 PM. After meeting a friend for dinner he was home at 9:30 PM and immediately went to sleep, sleeping a full nights sleep until 5:50 AM on August 5, 2012. Police Officer [redacted] then readied himself for work. He drove to work and arrived at approximately 6:45 AM, changing into his Oak Creek Police Department uniform. At 7 AM was roll call. Police Officer [redacted] stated that on this date that the shift included Police Officer [redacted] Police Officer [redacted] Police Officer [redacted] Police Officer [redacted] Police Officer [redacted] and Police Officer [redacted] He stated that the shift Lieut. on that date was Lieut. [redacted] Police Officer [redacted] was assigned to use car number [redacted] which is a fully marked Crown Victoria with a light bar on top.

Police Officer [redacted] took his first assignment at eight or 8:30 AM, assigned to an entry to coin boxes complaint at the PDQ store on 27th and College Avenue. Upon concluding that assignment he patrolled and at 9:30 AM he went into the Oak Creek police station where he processed evidence from a burglary. Police Officer [redacted] was in the station for approximately one hour when this incident occurred. b6 b7C

About 10:30 AM Police Officer [redacted] heard over the radio, which is being broadcast throughout the station, that squads were being dispatched to a fight complaint. He is aware that Police Officer [redacted] was dispatched along with another unknown squad to that assignment. Police Officer [redacted] is aware that he heard Lieutenant [redacted] arrive "10-23" at the assignment shortly after it was dispatched. Police Officer [redacted] thought to himself that Lieut [redacted] had arrived very quickly to the assignment and that Lieut. [redacted] would have been there by himself at that point. Very shortly after thinking that, the assignment was updated by dispatch to be a shots fired incident. Police Officer [redacted] then knew that he should respond to this incident and quickly ran to his car outside. He is also aware that Police Officer [redacted] was in the district station report room when this assignment was upgraded.

Police Officer [redacted] then drove his car eastbound on Ryan Avenue to Howell Avenue, turning N. onto Howell Ave. While en-route, Police Officer [redacted] heard Police Officer [redacted] indicate that he was 10-23, which means he is on scene. Police Officer [redacted] heard on radio that Police Officer [redacted] was at the location of Howell and Drexel, and Police Officer [redacted] then said that he was 10-33, indicating that he was going to be responding to the incident with his M-4, squad rifle. When Police Officer [redacted] was hearing this he was still about six blocks away from the scene of this incident, although at this time he then also indicated to dispatch that he was going to be 10-33, armed with the squad rifle. b6 b7C

Based on the address provided by dispatch Police Officer [redacted] initially believed that they were responding to a house, that they had been to in the past, which is near that location. Upon arriving, however, he realized that they were actually responding to the Sikh Temple at that location. By that time, Police Officer [redacted] realized that, he had pulled past the driveway of the Sikh Temple, so he parked his vehicle just North of the driveway facing northbound on Howell Avenue. He observed Police Officer [redacted] now arriving, pulling onto the driveway of the temple.

Police Officer [redacted] then exited the car with his squad rifle. Police Officer [redacted] loaded the rifle with a magazine of ammunition, charged a round into the chamber and began to walk eastbound up the driveway, hill, towards the Sikh Temple. As Police Officer [redacted] was running up the hill, he hears 3 to 4 shots. Moments after hearing the 3 to 4 shots, Police Officer [redacted] then heard an additional 3 shots. The 3 to 4 shots sounded to be different type of caliber gun then the 3 gunshots he heard, he believed that the three shots sounded like they were fired from a squad rifle. All the shots, however, sounded as if they were coming from the parking lot in front of the Sikh Temple. b6 b7C

Upon cresting the hill Police Officer [redacted] saw Police Officer [redacted] standing on the driveway facing eastbound towards the Sikh Temple building. He observed that Police Officer [redacted] was dressed in his full duty uniform, and was pointing his squad rifle towards the building area. Police Officer [redacted] while still moving eastbound up the driveway observed two adult male victims on the pavement, located on the ground near the retaining wall on the north side of the parking lot in the angled parking area, next to the curb. He observed that one of these men was wearing a turban and had a gray beard, and was dressed in gray colored clothing. The second male was wearing darker colored clothing. Both of these subjects were not moving as they lay on the ground and were facing away from the Police Officer [redacted] to the east. In addition to those two subjects Police Officer [redacted] observed a "bald guy" lying on the ground. He observed that the subject was a white male and had a stocky build. At this point Police Officer [redacted] could not see the face of the subject. Police Officer [redacted] directed his attention towards the south and observed Police Officer [redacted] standing in the grassy area to the south and west of the parking lot. Police Officer [redacted] continued to walk now in a southeasterly direction on the grass arriving behind the shed, which is immediately west of the center of the parking lot. While arriving behind the shed he was joined by another officer, which Police Officer [redacted] was unsure if it was Police Officer [redacted] or Please Officer [redacted] b6 b7C

Police Officer [redacted] along with two other Police Officers, either Police Officer [redacted] and Police Officer [redacted] then began to move from the south side of the shed, to the east onto the parking lot, while moving towards the "bald guy" on the ground. Police Officer [redacted] now observed Police Officer [redacted] pointing his rifle towards the "bald guy" as Police Officer [redacted] was moving forward at that time approximately 10 feet away from the "bald guy". Police Officer [redacted] then observed Police Officer [redacted] arriving next to the "bald guy" then use his foot to kick a gun which was in the possession of or was next to the "bald guy", causing the gun, which Police Officer [redacted] described as a full-sized semi b6 b7C

automatic handgun black in color, to slide across the ground approximately 15 feet away from the "bald guy". Police Officer [redacted] did not see this gun until it was kicked by Police Officer [redacted] Police Officer [redacted] observed that the "bald guy" had a gunshot wound [redacted] He also observed that the "bald guy's" [redacted] b6 b7C

Police Officer [redacted] then continued past the "bald guy", and realizing that Lieut. [redacted] was unaccounted for, asked where [redacted] was. He then observed Lieut. [redacted] lying on the ground next to a car, which was parked between the two islands, located in the North East, and North Central portions of the parking lot.

Police Officer [redacted] then immediately went up to Lieut [redacted] and saw that the lieutenat [redacted] Police Officer [redacted] stated that Lieut. [redacted] said to them that he had been shot twice [redacted] Police Officer [redacted] stated that Lieut. [redacted] was conscious, although he was "out of it".

Police Officer [redacted] and other officers realized that they needed to medically evacuate Lieut [redacted] immediately. He observed that there was an SUV squad car now parked near the lieutenant. Another Police Officer pulled the squad car closer, although Police Officer [redacted] was unaware which one did it. Police Officer [redacted] then picked up Lieut [redacted] from behind under his arms as Police Officer [redacted] carried Lieut [redacted] feet. They carried Lieut. about 10 feet to the vehicle and then, being assisted by another officer, put the lieutenant all the way into the vehicle until just his feet were not inside yet. It was at this time that an Oak Creek fire department ambulance pulled into the parking lot. The Oak Creek fire Dept. personnel then unloaded the lieutenant and put him on a backboard, then into their ambulance. Police Officer [redacted] stated that he was going to go with the lieutenant to the hospital and entered the ambulance, which then left the area. b6 b7C

While all of this is going on, Police Officer [redacted] is aware that there are numerous reports coming in through their dispatch about what was going on inside the temple. Police Officer [redacted] as well as several other officers took cover behind an SUV, Oak Creek squad, which was located on the parking lot. Behind this SUV were Police Officer [redacted] Police Officer [redacted] Police Officer [redacted] a female South Milwaukee Police Officer (unknown), and a Franklin Police Officer (unknown). While behind the SUV, the Franklin Police Officer provided a loaded magazine for a .223 rifle to Police Officer [redacted] stating that one of them must have dropped it. Police Officer [redacted] put this magazine in his pocket, and held possession of it until he later turned it over to me. Police Office [redacted] then made a statement that they should clear the cars in the area for any other suspects. Police Officer [redacted] and Police Officer [redacted] then began to clear the cars in the parking lot. They started with the cars located near the angled parking on the north side of the lot. Prior to Police Officers [redacted] and Police Officer [redacted] clearing these cars, Police Officer [redacted] was aware that a male, and a female came out of the Temple. Police Officer [redacted] heard the male state that there were still people inside of the Temple. b6 b7C

While they were clearing the cars, Police Officer [redacted] then attempted to provide medical assistance to the two victims located on the north side of the parking lot in the angled parking area near the retaining wall. Police Officer [redacted] along with another, unknown officer, began to pull these victims back, westbound in an effort to obtain medical attention for them. While making their way southbound across the lot clearing cars, Police Officer [redacted] observed what he believed was the lieutenant's gun, based on the location and appearance, laying on the ground approximately 15 feet away from where Lieut. [redacted] previously was. He also observed one silver casing on the ground, as he was passing the area. b6 b7C

Upon arriving on the south side of the lot, along with Police Officer [redacted] Police Officer [redacted] and Police Officer [redacted] took up a position behind a Toyota Camry type vehicle, which was parked there. At this point the officers were attempting to hold a perimeter around the temple. Police Officer [redacted] was aware that Police Officer [redacted] was broadcasting on the radio that they needed crowd control on Howell Avenue. Police Officer [redacted] was in a cover type position on the North side of the parking lot, behind a tree. Police Officer [redacted] was unaware where the South Milwaukee, or Franklin officers were, but believes they were still assisting with holding the perimeter. b6 b7C

Police Officer [redacted] could not see any activity at the Temple but he was aware that information was coming into their dispatch from people inside who were texting and calling. Some of these updates were being broadcast and he remembers that one was that there was "still a shooter in the basement".

Police Officer [redacted] and Police Officer [redacted] then held that perimeter position for what he remembers to be one and half hours. During this time nothing was happening in regards to anyone coming in or out of the Temple. The bearcat vehicle arrived coming up from the south side of the building to the north side of the building where it held position. The occupants of the bearcat vehicle were broadcasting on the PA microphone requests and orders, although Police Officer [redacted] does not remember what they were saying. b6 b7C

Approximately 45 min. after holding position Police Officer [redacted] heard reports on the radio that there was somebody shot on the south side of their location in the yard at 328 E. Manitoba. Police Officer [redacted] is unaware of who that person was.

Police Officer [redacted] also observed that an FBI truck cleared the tree-lined behind him to the south. He also then heard that there was an ambulance that had arrived earlier and that they took the shooting victim from that location. He heard over the air that it was a Cudahy ambulance. Please officer [redacted] continued to stand by as the SWAT team made entry. He could observe from his position that they were clearing the Temple as doors would open and SWAT members would appear in the doorway. Additional SWAT personnel showed up and two of the SWAT members from inside of the Temple then approached and requested that they move their position further to the west, as there was a white Dodge pickup truck with a 55 gallon drum in the back of it, causing concern. They then moved further back to the West to an Oak Creek squad that was parked to the west of them and upon arriving there, inside was a Shorewood, and a Menomonee Falls officer. b6 b7C

They then were relieved by SWAT personnel who told them to go to the CP. Police Officer [redacted] went to the CP, and was assigned to accompany K-9 officers north on Howell to search a wooded area. Prior to departing to accomplish that Police Officer [redacted] was pulled back to conduct this interview.

Police Officer [redacted] during this incident, was wearing a standard issue Oak Creek uniform. He was wearing a short sleeve dark blue button up uniform shirt and uniform pants. I observed that he had a metal Oak Creek PD badge pinned on his left chest area and a nametag pinned on his right chest area. I observed that he had pins on the collars of his shirt with the letters OCPD. I observed that on the right arm of his uniform shirt was an American flag patch, and on the left arm of his uniform shirt was an Oak Creek Police department patch. I observed that under Police Officer [redacted] uniform shirt, he was wearing a ballistic vest. Police Officer [redacted] was wearing a leather uniform duty belt with the following items on the duty belt: starting on his right side in the front and going clockwise are the following: b6 b7C

- Leather cuff case with two pairs of handcuffs enclosed
- Keys in a leather holder
- OC spray in leather holder
- A holster with his issued handgun, which I observed to be an H and K 45 caliber semi automatic handgun bearing the serial number [redacted] I observed that on the bottom of the magazine within this weapon was a sticker with the number [redacted] This is also consistent with the bottom of the magazines in the magazine pouch, also having stickers with the numbers [redacted] I did verify the contents of the magazines in the holders, each containing 12 rounds of ammunition, being Winchester brand 45-caliber ammunition. I observed that in the magazine within the weapon were 12 rounds of Winchester ammunition, in addition to one round of Winchester 45 caliber ammunition in the chamber of the gun.
- A case containing a hobble
- An Oak Creek radio was a cord attached to it, which led to his chest area of his uniform, with the microphone being attached to his shirt in the center of his chest.
- A baton in a holder
- A baton ring, which was empty
- A Tazer with a strap leading to his leg, where the Tazer was accessed on his left leg.
- Two magazines in a leather holder
- Police Officer [redacted] was also armed at the time of this incident, and at the time of this interview, with a squad rifle from car number [redacted] This squad rifle was a Rock River arms, 5.56 caliber, model LAR-15, bearing serial number [redacted] This rifle was loaded with a metal removable magazine. I unloaded this magazine to verify the number of rounds contained within and found it to be loaded with 28 rounds of ammunition. Police Officer [redacted] showed me that the chamber of this weapon was empty, indicating that at the conclusion of this incident and after being relieved to report to the CP, he unloaded the chambered round and placed it once again into the top position of the magazine. b6 b7C

I then escorted Police Officer [redacted] to a separate section of the Classic Lanes bowling alley, where Police Officer [redacted] from the Oak Creek Police Department photographed Police Officer [redacted] wearing the equipment and uniform that he was wearing at the time of this interview, and incident. Police Officer [redacted] photographed a front and side profile of Police Officer [redacted]

I again verified with Police Officer [redacted] at the conclusion of this interview that he had not fired any weapon during this incident.

I later turned the magazine that Police Officer [redacted] had provided to me during this interview and had been handed to him by the Franklin Police Officer during this incident, over to Detective [redacted] of the Milwaukee Police Department who later placed it onto Milwaukee Police Department inventory. Through the investigation it was revealed that this magazine was stripped, during a tactical reload, from the weapon fired by Police Officer [redacted] during this incident.

Respectfully Submitted,

RE: Oak Creek PD Incident 12-020305, Shooting at 7512 S. Howell Ave, interview of Police Officer [redacted] of the Franklin Police Department

This report is being dictated by Detective [redacted] assigned to the Metropolitan Investigation Division, Criminal Investigation Bureau, [redacted] Early Shift. b6 b7C

On Sunday, August 5, 2012 I was contacted by Detective [redacted] regarding a possible hostage situation in Oak Creek Wisconsin. I was informed by Detective [redacted] that as a member of [redacted] that we were being activated to provide assistance regarding this incident. I then responded to the Oak Creek Police Department located at 301 W. Ryan Rd., and upon arrival at that location I was informed that [redacted] I was advised, along with Detective [redacted] Detective [redacted] Detective [redacted] and Detective [redacted] that we were to assist with interviews of involved Police Officers related to the police involved shooting of the suspect in the incident.

The above detectives then responded to the Classic Lanes bowling alley, located at 7501 S. Howell Ave, which was set up as a command post for this incident. At that location I was assigned by the Milwaukee Police Department supervisor on scene, police Lieut. [redacted] that I was to interview Police Officer [redacted] of the Franklin Police Department. b6 b7C

Interview of Police Officer [redacted]

While seated in a marked Squad Car parked at the scene of this incident, I conducted an interview of Police Officer [redacted] who is assigned to patrol at the Franklin Police Department. Police Officer [redacted] is assigned Squad [redacted] badge [redacted] and on this date worked his normal shift of 7:45 AM to 4 PM. Police Officer [redacted] has been employed by the Franklin Police Department since [redacted] and was employed by [redacted] b6 b7C

On today's date [redacted] worked his normal shift starting at 7:45 AM. He was assigned Squad [redacted] which is [redacted] Wisconsin. He stated he began his shift by doing traffic enforcement detail work, indicating that he was looking for traffic stops, although he did not conduct any. b6 b7C

At 10:34am, [redacted] was dispatched to an Oak Creek shooting. [redacted] was near the area of 35th and Dory, which is the 6800 block south, when he was dispatched. [redacted] went red lights and sirens southbound on 35th St., turned eastbound on Rawson Avenue and continued to Howell Avenue where he then went southbound. [redacted] upon arrival observed several squad cars parked on Howell Avenue.

He checked his CAD and found that he arrived at 10:40 AM. [redacted] parked in the median break North of the driveway of the Sikh Temple, facing southbound. [redacted] then secured his shotgun from his squad and then went on foot, along with a second officer from Franklin, police officer [redacted] who was also armed with a long gun. [redacted] together with police officer [redacted] then walked eastbound along the tree line on the north side of the parking lot area of the Sikh Temple. [redacted] observed numerous police officers moving around the lot and at no time while he was there did he hear or see any shooting occurring. [redacted] then stepped down from the retaining wall near the center of the lot, onto the parking lot and as he did he observed that there were bodies on the ground near where he was stepping.

Police Officer [redacted] then made contact with Police Officer [redacted] of the Oak Creek Police Department asking about the bodies on the ground. Police Officer [redacted] told him that they were dead. Police Officer [redacted] also indicated to him "I shot him", referring to the white male with the gunshot wound to his head, who was lying on the parking lot.

Police Officer [redacted] then asked if it was an active shooter incident and he was informed that it was not, so they decided not to go directly inside of the building at that point.

Police Officer [redacted] observed a medical unit ambulance parked on the driveway of the parking lot. He also was aware that Police Officer [redacted] was calling for additional medical units. Police Officer [redacted] then took up a position, along with Police Officer [redacted] of the Franklin Police Department behind an SUV on the parking lot. He was also aware that there was a female and male citizen, who were Sikhs behind this SUV along with he and Police Officer [redacted] Sgt. [redacted] of the Oak Creek Police Department arrived and moved them back to a position further west. They then held that position, near the driveway along with citizens and Police Officer [redacted] and Police Officer [redacted] of the Franklin Police Department.

Police Officer [redacted] was aware that the tactical enforcement teams inside of the Temple were requesting an ambulance for a victim that they were escorting from the building. Police Officer [redacted] then, observing the empty ambulance got into the driver seat of this ambulance and found two medics who were waiting in the area. He then took that ambulance and drove on the parking lot of the businesses to the north of the Temple. He drove to Marquette Street, then after going eastbound on Marquette Street turned southbound between the buildings, turning eastbound around the driveway of the easternmost building and upon making that turn did scrape the retaining wall with the ambulance. Police Officer [redacted] then stopped the ambulance near the south east corner of the easternmost building to the north of the Temple and at that point the tactical enforcement team brought a male gunshot victim and put him into the back of the ambulance. Police Officer [redacted] then drove the vehicle around the back of the building to the east, then to the north. When he arrived on Marquette he pulled the ambulance onto the road and the drivers of a different ambulance got into the ambulance that he was in and with the victim inside, the ambulance left the area. Police Officer [redacted] then entered the ambulance that was left by the second set of medics and drove it back to Howell Avenue to once again stage it for any additional victims that were removed from the Temple.

Police Officer [redacted] then went back and reported to Sgt. [redacted] Sgt. [redacted] then requested that he and other Franklin officers to include Police Officer [redacted] and Police Officer [redacted] then drove to the houses on Manitoba where there were reports of a person with a yellow shirt who was in that area. They then drove to that area, not finding anyone matching that description.

On Sunday, August 5, 2012 I was contacted by Detective [redacted] regarding a possible hostage situation in Oak Creek Wisconsin. I was informed by Detective [redacted] that as a member of [redacted] that we were being activated to provide assistance regarding this incident. I then responded to the Oak Creek Police Department located at 301 W. Ryan Rd. and upon arrival at that location I was informed that [redacted] I was advised, along with Detective [redacted] Detective [redacted] Detective [redacted] and Detective [redacted] that we were to assist with interviews of involved Police Officers related to the police involved shooting of the suspect in the incident.

The above detectives then responded to the Classic Lanes bowling alley, located at 7501 S. Howell Ave, which was set up as a command post for this incident. At that location I was assigned by the Milwaukee Police Department supervisor on scene, Police Lieutenant [redacted] that I was to interview Police Officer [redacted] of the Franklin Police Department.

b6
b7C

It was revealed during the investigation that Police Officer [redacted] picked up the suspect gun from the ground during this incident, unloaded it and placed it into an Oak Creek Police Department vehicle. During this incident, Police Officer [redacted] arrived after the suspect was shot. He did not see, or hear anyone shooting during this entire incident. Police Officer [redacted] himself did not fire any weapon during this incident.

At 9:15 PM while at the Command Post of this incident located at the Classic Lanes bowling alley and while within the Franklin Police Department Command Post vehicle, I conducted this interview with Police Officer [redacted] I observed that Police Officer [redacted] was dressed in a full Franklin Police Department uniform, complete with duty belt. Police Officer [redacted] provided his information as Police Officer [redacted] white male, [redacted] Police Officer [redacted] is employed with the Franklin Police Department and has been employed there since [redacted] Prior to being a Franklin Police Officer, Police Officer [redacted] was a [redacted] Police Officer [redacted] is currently assigned to the day shift with hours from 7:45 AM till 4 PM.

b6
b7C

On the day of this incident, Police Officer [redacted] was assigned Squad [redacted] which is [redacted] Wisconsin. He was at the Walmart substation located on 27th and Sycamore, inside the station when he heard a mutual aid call, over his radio at 10:30 AM. The call came over that an officer was down at 7512 S. Howell Ave. Police Officer [redacted] got into his squad and drove eastbound on Rawson Avenue than southbound on Howell Avenue. He stopped his vehicle at the Hill on Howell and Marquette and asked his dispatcher for additional directions regarding where he should go. b6 b7C

Police Officer [redacted] was then advised to meet with the fire department at the Temple located at 7512 S. Howell Ave. He then conducted a U-turn and parked in front of the gray house located to the west of the Temple. Upon parking his vehicle, facing northbound, he observed a fire department ambulance in the driveway. Police Officer [redacted] then secured his rifle from the trunk of his squad. That rifle being a 5.56 caliber semi automatic AR type rifle.

Police Officer [redacted] then ran eastbound in the driveway up the hill. He observed that the fire rig they first saw was empty as he passed it. He observed Oak Creek SUV type Squad [redacted] parked on the lot, with three Police Officers behind this rig. He knows the Police Officers, all of which were Oak Creek Police Officers and name them as Police Officer [redacted] Police Officer [redacted] and Police Officer [redacted] Police Officer [redacted] observed that with these three Police Officers behind the SUV were to seek witnesses, one male and one female. b6 b7C

Police Officer [redacted] now observed that there was a firearm on the ground approximately 10 feet in front of the vehicle that they were behind. He also observed approximately 15 feet away from the vehicle was a subject on the ground who was handcuffed. He observed that the subject had a gunshot wound to his head and that [redacted] He observed that there was a set of eyeglasses [redacted] and that the wound in the head of the subject [redacted]

Fearing that there were potentially additional suspects, Police Officer [redacted] felt that the firearm on the ground was a weapon that could be secured by additional actors and used against Police Officers and other innocent people, Police Officer [redacted] decided that he should attempt to recover that weapon and make it safe. At the same time, Police Officer [redacted] was aware that there were people congregating near Manitoba on the south side of the Temple area near the trees. He stated that Police Officer [redacted] then ran that way towards those people and attempted to get them to back off. b6 b7C

Police Officer [redacted] then, after reaching out and picking up the gun on the ground, removed the magazine from the gun. Upon doing so he felt, based on the weight of the magazine he removed, that there were just a few rounds, possibly three or four, left in the magazine. Police Officer [redacted] ejected a round from the chamber of the handgun, with the live round dropping onto the ground. Police Officer [redacted] then picked up the round and upon observing it saw that it had dried blood splatter on it. Police Officer [redacted] did not know how, and was curious himself as to how that blood got on to the live round. Upon my asking he stated that there was no way that it could have fallen into any blood on the ground after he ejected it from the chamber of the gun. Police Officer [redacted] then opened the passenger door of the squad they were behind and put the gun, as well as the magazine and ejected live around onto a briefcase within that vehicle.

While maintaining cover behind the SUV and while protecting two witnesses, the Sikh man and woman, Police Officer [redacted] spoke with those witnesses in an attempt to get information from the people inside the temple still. He asked the male subject to call the people inside of the Temple to find out if there were any more shooters. Every number that the subject attempted to call was either busy or had no answer. Police Officer [redacted] maintained position with those two subjects and after approximately one half hour he was informed over the radio by Sgt. [redacted] that it was not believed that there were any more shooters inside of the Temple. Approximately 15 to 20 min. after that, a Milwaukee County Sheriff Bearcat vehicle arrived. Police Officer [redacted] was relieved from the position behind the vehicle and entered the bearcat, along with the two subjects. b6 b7C

The bearcat drove the three of them to the driveway area located near the northwestern portion of the parking lot. Upon beginning to drive down the hill over the berm, the two subjects were unloaded from the vehicle and Police Officer [redacted] exited the vehicle himself. Police Officer [redacted] upon stepping out of the vehicle heard a sound consistent with a casing hitting the ground. Police Officer [redacted] immediately looked to where he heard the sound and observed that a casing on the ground was moving, consistent with what he believed it to having just fallen out of the back of the bearcat that he was in. He observed that this casing, which was a .223 round, silver in color, was dented on the top portion. Police Office b6 b7C

[redacted] does not believe that this casing had been kicked and believes that it had fallen from the back of the bearcat vehicle.

I asked Police Officer [redacted] whether or not he had seen the lieutenant who had been injured during this incident or saw the medical rig that the lieutenant was conveyed in, leave the area, and he stated he did not. Police Officer [redacted] also stated he did not see any of the victims being moved around or dragged. He stated that it looked like everything had already happened upon his arrival. Police Officer [redacted] did not hear any shots being fired and did not shoot his own weapon, that being the squad rifle or his handgun, during this incident.

After exiting the bearcat vehicle there was a report of a person being down in the yard at [redacted] which is the street [redacted] With that report Police Officer [redacted] then got into an Oak Creek SUV along with Police Officer [redacted] and Police Officer [redacted] both of the Franklin Police Department. He then drove the SUV on the lawn, driving to the south. Upon arriving at [redacted] which is [redacted] they observed that there was medical equipment in the driveway. He also observed that there was a Cudahy Fire Department ambulance, which was empty, parked at that location. They then attempted to contact any resident at that location and received no answer at the door. They drove the SUV back to the driveway of the Temple and checked in with Sgt. [redacted] who was the supervisor at that location.

Sgt. [redacted] then assigned Police Officer [redacted] Police Officer [redacted] and Police Officer [redacted] to hold a perimeter near the tree line at the northwest corner of the Temple. Police Officer [redacted] remained with the others at that position until later relieved.

I asked Police Officer [redacted] if there was anything else that he believed was important regarding his role, or observations during this incident. He did inform me that he observed on the inner aspect of the right forearm of the suspect, who was handcuffed on the ground, he observed that he had a black colored fist tattoo.

Respectfully submitted,

(U) [redacted] white female, date of birth (DOB) [redacted] Social Security Number: [redacted] [redacted] Wisconsin, telephone: [redacted] was interviewed at 7501 South Howell Avenue, Oak Creek, Wisconsin . After being advised of the identity of the interviewing Agent and the nature of the interview, [redacted] provided the following information, with the assistance of [redacted] DOB: [redacted] as a translator:

On 08/05/2012, [redacted] was in the Temple lot parking her car prior to the start of the days activities. While parking her car, [redacted] noticed a white male walking through the Temple's lot carrying two items. As the white male continued through the parking lot, [redacted] wondered why a "white guy" was walking through this area. Suddenly and without warning, the white male subject walked up to one of the Temple priest's, raised a gun, aimed, and shot him three times. [redacted] stated, the first two shots were in quick succession and the third was slightly delayed. [redacted] thought the three shots were to the priest's chest due to what she thought was smoke coming from his chest area. [redacted] watched the Temple priest stumble to his side and fall to the ground, about 20-feet from the Temple entrance. [redacted] stated the priest was RANJIT SINGH and she believed the shooter was approximately ten-feet away from him when he was shot. When SINGH fell to the ground, [redacted] put the car in drive and fled the area. [redacted] did not see where the shooter went as she exited the Temple's lot, but believed SINGH saw the shooter approach him just before being shot. [redacted] drove a short distance away to a Cousin's Sub on Rawson Avenue in Oak Creek, and called 911 at 10:24am. [redacted] was unable to get through to 911 on her first attempt, so she called [redacted] and told him of the shooting. [redacted] then called 911 a second time, was able to speak to a 911 operator, and reported the incident. [redacted] stayed at the Cousin's Sub until [redacted] picked her up and drove her back to the Temple. [redacted] described the shooter as a white male, 35-40 years old, 6'-00', brown hair, white T-shirt, clean shaven, no glasses, and unsure if he had tattoos. As [redacted] watched the shooter walk through the parking lot and approach SINGH, the shooter gave no warning, did not say anything, no yelling, no arguing, and it appeared to be a total surprise to SINGH just before he was shot. [redacted] stated SINGH did not even have a chance to raise his hands in a surrender or defensive motion as the shooter approached. [redacted] did not know where the shooter came from, saw no other shooters or suspicious persons, estimated the shooter was 10-15 feet from her when she first saw him, and heard no shots being fired prior to SINGH being shot. [redacted] was uninjured during the incident. b6 b7C b6 b7C b6 b7C

RE: Oak Creek PD Incident 12-020305, Shooting at 7512 S. Howell Ave, interview of Lieutenant. [redacted] Oak Creek PD

b6
b7C

This report is being dictated by Detective [redacted] assigned to the Metropolitan Investigation Division, Criminal Investigation Bureau, [redacted] Early Shift.

b6
b7C

On Thursday, August 29th, 2012 Police Lieutenant [redacted] requested that I accompany him and Detective [redacted] to the home of Oak Creek Lieutenant [redacted] to conduct an interview regarding the circumstances surrounding his involvement in the shooting at the Sikh Temple, located at 7512 S. Howell Ave., which occurred on August 5, 2012. Lieutenant [redacted] had recently been discharged from the hospital, and had not been interviewed in detail regarding this incident.

At 9:40 AM we went to the address of [redacted] where we conducted this interview in the living room of the residence. Present for this interview were Lieut. [redacted] of the Oak Creek Police Department, [redacted] Milwaukee County Dist. Atty. John Chisholm, Lieut. [redacted] of the Oak Creek Police Department, Capt. [redacted] of the Oak Creek Police Department, Lieut. [redacted] of the Milwaukee Police Department, Milwaukee County Dist. Atty.'s Office Investigator [redacted] Milwaukee County Dist. Atty.'s Office Investigator [redacted] Detective [redacted] and myself.

b6
b7C

Due to Lieut. [redacted] physical condition we primarily focused on the events surrounding this incident. We did not request or obtain background information. In regards to this incident, Lieut. [redacted] states the following: Lieut. [redacted] states that on the day of this incident he worked his normal shift from 7 AM till 3 PM. He stated before the call he was near the area of Puetz Road and Howell Avenue. Lieut. [redacted] stated that he heard a call come over the radio for shots fired at the Sikh Temple located at 7512 S. Howell Ave. Lieut. [redacted] indicated he had been to that location in the past for directed patrol missions, and was familiar with where that location was. Lieut. [redacted] stated that while en-route, the call was updated from a "report of shots" to a "shots fired" call. Lieut. [redacted] drove to the Sikh Temple activating his lights and sirens. He stated that he was driving squad number [redacted] on that date and that upon the lights and sirens being activated, the cameras automatically turn on.

b6
b7C

Lieut. [redacted] stated that he was aware that everybody else from the shift was responding to the incident as well, as he heard on the radio the other units responding. Lieut. [redacted] knew, because he was very close when the call came over, that he would most likely be the first to arrive at the scene. Lieut. [redacted] upon arriving at the scene deactivated his lights and siren, however he was aware that the cameras would still be active, as they would have to be turned off manually and he did not do that. Lieut. [redacted] drove eastbound into the parking lot, driving up the incline and upon getting to the crest of the incline

b6
b7C

initially did not see anything in the parking lot. Lieut. [redacted] parked his car on the northern portion of the parking lot, slightly canting it towards the building, as he wanted his camera to be facing the building. b6 b7C

It was at this time that Lieut. [redacted] observed two victims lying on the ground. He exited his car and began to approach these victims, getting about 10 feet away and observing that they were two Indian male victims with one laying on top of the other, the top one wearing a black shirt. He observed that the victim on the bottom was obviously deceased and it appeared to him that the victim on top was also deceased [redacted]. He observed that the subject on top had a gunshot wound to his chest. Lieut. [redacted] immediately then began to broadcast on his radio that there were two subjects down, and requested an ambulance to respond. He also informed the responding squads that there were two subjects down.

Lieut. [redacted] knowing that there were two subjects down, and also aware that there was a shooter in the area believed that he should at this point retrieve the shield from the back of squad number [redacted] It was at this time as he began to move towards his car, walking sideways towards this truck as he canted his body towards the Temple. Lieut. [redacted] then observed a subject who he described as a white male in his mid-30s with a stocky build and close haircut, wearing a light colored shirt and light colored pants, exit the Sikh Temple. Lieut. [redacted] who stated he has been to India in the past immediately recognized that this subject did not fit what he expected to see as far as a Sikh person. Lieut. [redacted] also observed that the subject had a holster affixed to his right side b6 b7C

Lieut. [redacted] observed that the subject was walking fast, not quite running, on the sidewalk in front of the Temple. It was at this time that Lieut. [redacted] while pointing his firearm in the direction of the subject, believing that he was the person who shot the victims, because he matched the description given, pointed his handgun at the subject and told him "STOP DON'T MOVE". Lieut. [redacted] observed that the subject then looked towards him, and that their eyes "Locked up". Lieut. [redacted] observed that the suspect appeared surprised and "wide eyed", and that the suspect was approximately 30 to 40 feet away from him at the time. There were cars in between them at the time.

The suspect, who was originally traveling initially in a South West direction, then turned towards Lieut. [redacted] who was northwest of him. The subject then immediately began shooting at Lieut. [redacted] from a handgun he was holding in his right hand. Lieut. [redacted] stated that the suspect fired twice at him and that he shot once towards the suspect. He stated that these shots taken by the suspect and he occurred at virtually the same time. Lieut. [redacted] stated that with one of the first two shots the suspect shot that [redacted] then ducked down behind a car he was standing near. He stated that this car was south of his squad car. Lieut. [redacted] while ducking down [redacted] lost sight of where the suspect went. Lieut. [redacted] was facing south as he ducked down and after readying himself he stood up again with his firearm in his hands facing to the south. Lieut [redacted] did not see the suspect, and was unaware of where the suspect was at that time. b6 b7C

It was at this time that Lieut. [redacted] who was pointing his firearm to the south with both hands then was shot from behind [redacted] He stated that at that time he had both hands on his gun and he sees that [redacted] coming at him from behind. Lieut. [redacted] again went down and thinks that this is when he may have dropped his gun.

Lieut. [redacted] stated he fell face first onto the ground and was lying in a south east diagonal position. He states that the suspect was facing northwest and was shooting at him while Lieut. [redacted] was laying face down on the ground. Lieut. [redacted] described the suspect as standing above his head. Lieut [redacted] described the suspect as "unloading" on him, firing numerous times. Lieut. [redacted] attempted to crawl using his arms to get under his car and at this time he felt himself get sho [redacted] described the suspect as firing approximately 10 shots during this time. b6 b7C

Lieut. [redacted] described a pause, and stated that this time he felt "warm and comfortable". Lieut [redacted] then determined that he was "not going to go out on that parking lot" so he again attempted to crawl towards his vehicle.

The suspect resumed shooting at Lieut. [redacted] once again, [redacted] remembered thinking that he couldn't believe that the suspect had not run out of ammunition yet. Lieut [redacted] then turned over onto his back and upon doing so was sho [redacted] could hear the sirens coming and realized that the squads were getting close. b6 b7C

Lieut. [redacted] at this time observed the suspect's face and saw that the suspect was not showing any emotion and described the suspect as being "all business", and that it was "not a game". Lieut. [redacted] was then shot by the suspect [redacted] estimates that while the suspect was shooting at him that he was standing about 8 to 10 feet away, demonstrating that distance to us in his living room. Lieut. [redacted] continued to look for his gun so he could return fire and he could not find it. Lieut. [redacted] stated that he then wanted to "shrimp" meaning that he wanted to flip over and present his vest towards the suspect, in a fetal type position, so he would not be struck in vital areas, however, his body would not function that way at the time.

It was at this time that Lieut. [redacted] could hear Police Officer [redacted] yelling, although he could not understand what Officer [redacted] was yelling. He then heard two shots, describing those shots as sounding like the crack of the squad rifle.

Lieut. [redacted] then heard Police Officer [redacted] ask "where is he?", the next thing he realized, PO [redacted] flipped him over and grabbed Lieut. [redacted] around his chest from behind. Police Officer [redacted] then helped PO [redacted] with Lieut. [redacted] feet as they carried him towards a Squad vehicle, putting him inside. Lieut. [redacted] explained his injuries to the officers and told them that he believed that there was only one shooter. Lieut [redacted] then explained that he was ok, while explaining his injuries. Lieut. [redacted] told the officers that someone needed to get inside to help the people.

Lieut. [redacted] stated that he was moved into an ambulance, and that Police Officer [redacted] was in the ambulance with him while they took him to the hospital. Lieut. [redacted] described [redacted] as "keeping his cool" during the situation as he asked for assistance.

Upon arriving at the hospital, the staff cut off his clothing and vest. Lieut. [redacted] did not loose consciousness at anytime during this incident, until he arrived at Freodtert Hospital and was given medication. Lieut. [redacted] described the injur[redacted] as hurting.

Lieut [redacted] described the Police Officers that responded to be calm in a very stressful situation. He credits the excellent training that they all receive, and that they practiced the same way they performed in this high stress incident. He described how they all came together during this incident.

Respectfully Submitted,

NARRATIVE

Officer [redacted] had responded to the area of 305 East Mahn Court, after hearing Officer [redacted] transmission regarding a vehicle parked behind that location. Upon officer's arrival, Officer [redacted] had confirmed that the vehicle was unoccupied and that there were not any other signs of suspicious activity in the area. While speaking to Officer [redacted] about the vehicle, officer could see into the parking lot at the SIKH TEMPLE. Officer noticed a red Mustang parked near the southwest corner of the parking lot. Officer noted that there were many other parking spaces closer to the entrance of the temple available. Officer then noticed a very fair skinned white male exiting the driver's seat of the vehicle and walking to the passenger side of the vehicle, where he then appeared to rummage around inside the vehicle. Officer then observed this subject appeared to take a backpack out of the vehicle and place it onto his back. Officer could tell, even at this distance, that the subject did not appear to be of Asian Indian descent, nor was he dressed in any of the clothing or headgear characteristic of the male subjects that generally attended the SIKH TEMPLE. Officer advised Officer [redacted] of the suspicious subject, and both officers left the DHL lot and proceeded to drive to the SIKH TEMPLE parking lot. b6 b7C

Once in the parking lot, officer observed that the red Mustang was affixed with Maryland license plate MRK219. While officer was checking the license plate, the hired security guard for the temple, [redacted] exited the temple and walked towards officers. He then stated that he was concerned as he had just observed a white male with a backpack on enter the temple. [redacted] stated that he had observed what appeared to be several wires hanging out of the backpack. [redacted] stated that the subject was not of Asian Indian or Middle Eastern descent, and had also not been dressed in any of the traditional garb of the male Sikh worshippers. [redacted] stated that the subject had entered the building and removed his shoes and then proceeded towards the kitchen area. Officer notified dispatch of same and requested additional squads to respond. This officer and Officer [redacted] then proceeded into the temple. Officers located the subject in question, who was identified by a Maryland photo driver's license as Joel CORBETT, seated in the prayer room of the temple, with his backpack placed next to him. Officers then approached CORBETT and asked him why he was there. CORBETT initially stated that he had seen the story of the SIKH TEMPLE massacre on CNN and had wanted to come to the temple to pray with the worshippers there. Officers explained the level of concern felt by both officers and the security guard of his entry and presence at the temple. Officer then asked CORBETT for consent to search his backpack and CORBETT did give officer consent to do so. While Officer [redacted] was speaking with CORBETT, this officer proceeded to open and examine the contents of CORBETT's backpack. Officer did locate a large plastic bag containing a numerous amount of plastic zip ties. Officer also located an unused roll of duct tape in the backpack. Officer also located a folded manila envelope encased in a plastic Zip Lock bag, which CORBETT stated contained was $4,500.00 in cash. Officer also located a Christian Bible, along with a notebook and several other pieces of b6 b7C

b6 b7C

paperwork including hotel receipts from various hotels around the country. Officer observed that the "wires" that [redacted] had noticed were various cords for chargers (cell phone and MP player). b6 b7C

Officer [redacted] had conducted a pat down of CORBETT and had not located any weapons or items of contraband on his person. CORBETT had indicated to Officer [redacted] that he had been driving around the country, originating from his home state of Maryland, visiting various areas where tragedies had occurred. He stated that he had also recently visited the site of the Aurora, Colorado movie theater shootings. Officer [redacted] then asked CORBETT for consent to search his vehicle and CORBETT gave officers verbal consent to search his vehicle. While officers were proceeding to the parking lot with CORBETT, CORBETT stated that he felt that he should advise officers that there were several boxes of firearm ammunition in his vehicle. He went on to state that, however, there were not any actual firearms in the vehicle. He stated that he used to own firearms but had left them at home in Maryland.

Other officers had arrived at this time and stood by with CORBETT in the parking lot while officers searched his vehicle. Officers did locate four boxes of 9mm ammunition (three boxes full 50 count, one missing nine rounds 25 count). Officers also located another package of zip ties and another roll of duct tape. Officers also located a suitcase containing clothing and other personal toiletry items, as well as camping gear and other types of "survival gear" (i.e. water purification tablets, a vegetable seeds starter growth kit, a camping lantern, and a Coleman first aid/survival kit). Officers also located an empty Glock handgun case and three bottles of gun cleaning solvent.

At this point CORBETT advised Lieutenant [redacted] that he had in fact traveled to the SIKH TEMPLE with the intent of speaking with members there regarding the shooting on August 5, 2012, for the purpose of a book that he was authoring. A short time later he also told Lieutenant [redacted] that God had told him to travel to the SIKH TEMPLE. b6 b7C

Officer [redacted] then spoke with a few temple members that expressed the fact that CORBETT's presence at the temple had aroused her suspicions and made them feel uncomfortable. Officers then checked the areas where CORBETT had been inside the temple to determine if any weapons or other items had been stashed or hidden anywhere. Officers did not locate any suspicious items in these areas.

Lieutenant [redacted] advised officer to contact both the MILWAUKEE FUSION CENTER and the FBI at this point regarding CORBETT's presence at the temple. Officer did so, and a short time later was contacted by Agent [redacted] of the FBI. Officer briefed him on the situation and he stated that he would be responding to the SIKH TEMPLE. b6 b7C

CORBETT had consented to remaining at the temple and being placed in the back of Officer [redacted] squad car while waiting for Agent [redacted] response. Officer

b6 b7C

[redacted] then contacted [redacted] on the telephone, and spoke with her about [redacted] (see Officer [redacted] supplemental report). Officer [redacted] informed this officer that during his conversation with [redacted] she had advised that [redacted] had left his firearms [redacted] in Maryland and that she had sold them on his behalf. A short time later FBI Agent [redacted] arrived and proceeded to go through the items located in both CORBETT's backpack and vehicle. Agent [redacted] then interviewed CORBETT in Officer [redacted] squad car. After Agent [redacted] had interviewed CORBETT for some time, Agent [redacted] advised officers that there was not any immediate reason or probable cause to arrest CORBETT. He stated that he had skimmed the writings in CORBETT's notebook and had found that the writings, while unusual, were not hate-filled or threatening. Agent [redacted] stated that there was a piece of crime scene tape taped in the notebook on a page which contained writings about CORBETT visiting the Aurora, Colorado movie theater shooting site. He stated that CORBETT had consented to surrender the boxes of ammunition to the OAK CREEK POLICE DEPARTMENT. Agent [redacted] also advised officer that CORBETT had consented to following Agent [redacted] to the OAK CREEK POLICE DEPARTMENT so that Agent [redacted] could make a copy of the writings contained in CORBETT's notebook.

Officers took possession of the ammunition located in CORBETT's vehicle. Officers and Agent [redacted] then proceeded back to the OAK CREEK POLICE DEPARTMENT followed by CORBETT in his vehicle. CORBETT remained in the lobby while Agent [redacted] made copies of the writings in CORBETT's notebook. Agent [redacted] then returned the notebook to CORBETT. CORBETT was advised not to return to the SIKH TEMPLE (per their request). He stated that he understood why his presence would have aroused suspicions and advised that he would not return there.

Officer placed the confiscated ammunition into the OAK CREEK POLICE DEPARTMENT property room. Officer also retained copies of the pages of writing in CORBETT's notebook.

NARRATIVE

On Sunday, October 28, 2012 at 8:22 a.m. I noticed a vehicle parked in between two buildings located on Mahn Court which is adjacent to the parking lot of the SIKH TEMPLE located at 7512 South Howell Avenue. Officer [redacted] arrived on scene as backup officer. After concluding that most likely the vehicle owner was an employee at DHL ENTERPRISES Officer [redacted] noticed a suspicious person later identified as Joel CORBETT entering the temple with a backpack on his back. Officers made contact with CORBETT in the temple and he was detained for investigative purposes as to what his intentions were at the temple. CORBETT had mentioned that he was traveling from Maryland and gave the name of [redacted] he was at approximately one month ago. b6 b7C

I called [redacted] in order to obtain more information on the history of Joel CORBETT so officers would be able to have more information on how to proceed with Joel. I left a voicemail for [redacted] to contact me. b6 b7C

Approximately one hour later [redacted] did call and I was able to speak with her on the phone regarding [redacted] I explained to her that he was at the scene of a mass shooting that occurred in the City of Oak Creek on August 5, 2012 and he had been seen by officers walk into the temple and enough suspicion was raised in order to detain him. [redacted] stated that she has not seen Joel for approximately a month to a month and a half when [redacted] She stated that occasionally she will receive a text message from him however she generally does not speak to him only when he is in need of money. I informed her that Joel had told officers that he had $4,500.00 in his possession and she said that she had bought out his interest in a Ford Mustang and provided him with $10,000.00 as payment and this is most likely where he has received the money from.

I told [redacted] that some ammunition was found in his vehicle and asked if he traveled with a weapon inside the vehicle. She informed me that he had two guns that she was aware of and with those being one shotgun and one 9mm pistol. She could not recall the brand name of the weapons however stated that he left those [redacted] and she has since sold them. I asked if she had heard from him at all that he may have purchased another weapon and she said that he had not informed her that he had. b6 b7C

[redacted] described Joel being a very intelligent individual stating that he has four bachelor's degrees, two in computer science, one in marketing, and one in finance all from the UNIVERSITY OF BALTIMORE. She stated that he does have a temper however will quickly withdraw from that after acting out and apologize. She indicated that his thinking is erratic in nature she believes he is b6 b7C

undiagnosed as a schizophrenic and has not sought any therapy, counseling, or a diagnosis from a doctor.

[redacted] had brought to the attention of me that she believes that Joel is borderline schizophrenic and bases this self diagnosis on the fact that he had told her that God has told him to go to certain places. She stated that she had asked him if he hears voices or sees things and he has told her that he does not but just gets "feelings" to go to certain places. [redacted] asked if the police could send him for a mental evaluation and I told her that at this point we had no cause to detain him on a Chapter 51 because we had found no intent by him to harm himself or others.

(U//~~FOUO~~) On 08/02/2012, [redacted] left her place of employment at 3:45 PM to attend the Thursday evening service at the Sikh Temple of Wisconsin, 7512 S. Howell Avenue, Oak Creek, Wisconsin. After attending the service, [redacted] decided to leave the temple at approximately 6:15 PM with the intent of driving herself to her residence. When [redacted] entered the parking lot, she walked toward her vehicle. [redacted] heard an unknown voice say "excuse me ma'am". [redacted] turned toward the location where the voice came from and observed an unknown white male subject, hereinafter referred to as UNSUB, walking from the grass on the south side of the parking lot in her direction. [redacted] responded by asking the UNSUB "what can I do for you". The UNSUB asked [redacted] "what kind of place was this," referring to the Temple. [redacted] responded that the place was the Sikh Temple and they are a peaceful people. The UNSUB inquired if the Temple was for "Arabian people" or "Muslims". [redacted] responded that they were neither, but were Sikhs and repeated they were a peaceful people. The UNSUB commented on the smell of food and inquired if the Temple was also a restaurant. [redacted] informed the UNSUB that he was welcome to enter the Temple to get a snack, but it was not a restaurant. The conversation ended and [redacted] departed in her vehicle. She was not aware where the UNSUB went after the conversation ended and was not aware if he entered the Temple. b6 b7C

(U//~~FOUO~~) [redacted] described the UNSUB as polite, wearing glasses, a white long sleeve shirt, a white undershirt or T-shirt, an American flag bandana covering his head, and blue jean shorts which hung down to the mid-calf. [redacted] further described the UNSUB as 33 to 34 years of age, muscular, 5'10" to 5'11", with a goatee, and was carrying a backpack on his shoulder. [redacted] was asked if she noticed the UNSUB's shoes or shoelaces. [redacted] responded that the shoes were brown but she did not notice the shoelaces. [redacted] stated that the UNSUB was not armed nor did he act in threatening manner during the encounter. b6 b7C

Case ID #: 266N-MW-2440609 (U) Wade Michael Page;
AOT - White Supremacist Extremists;

Synopsis: (U) It is requested that Language Services send a Punjabi translator and a Hindi translator to assist with a briefing for approximately seventy victims.

Full Investigation Initiated: 08/05/2012

Details:

On August 5, 2012, the armed subject, Wade Michael Page, entered the Sikh Temple of Oak Creek, Wisconsin. He opened fire, killing six members of the Temple and wounding several more, including a responding Oak Creek Police officer. He was then shot by another officer, and subsequently took his own life.

A briefing for approximately seventy identified victims and family

Serial 699

members has been set for November 16, 2012 from 3pm to 5pm (CST)at the FBI Milwaukee Field office. Along with the general briefing, private individual meetings between family members and the Medical Examiner will be made available.

Many of the victims speak and understand very little English, Therefore it is requested that Language Services provide a Punjabi translator and a Hindi translator.

Depending on flight schedules, the linguists could arrive earlier on November 16 and depart the following day. Transportation to and from the airport can be arranged, unless a rental car is preferred. The Milwaukee Field Office is approximately thirty minutes from the airport, traffic permitting.

It should be noted on 10/28/2012 SA [redacted] met with Officers [redacted] of the Oak Creek Police Department, Oak Creek, Wisconsin about a suspicious white male, later identified as JOEL SINCLAIR CORBETT, date of birth 01/22/1981, male, white, [redacted] Maryland, [redacted] cellular telephone 443-354-2604. CORBETT entered the Temple with his backpack and was confronted by Officers [redacted] Also present was [redacted] a security guard hired by the Sikh Temple of Wisconsin employed with [redacted] telephone number [redacted] Wisconsin. According to Officer [redacted] CORBETT provided consent to search his backpack and his vehicle located in the parking lot of the Temple grounds. Prior to conducting the initial search of his vehicle, CORBETT admitted to the officers that he had ammunition in the vehicle. During their initial search of CORBETT's vehicle, the officers located several boxes of 9mm ammunition, an empty case for a Glock handgun, and gun cleaning solution. CORBETT informed the officers that he did not possess a weapon. SA [redacted] and Officer [redacted] completed the search of the vehicle and no additional items of interest were located. SA [redacted] was informed by Officer [redacted] that CORBETT was polite and cooperative.

After assisting in the search of CORBETT's vehicle and a cursory review of items in his backpack, SA [redacted] interviewed CORBETT in an Oak Creek Police Department squad car parked in the parking lot of the Sikh Temple of Wisconsin, 7512 S. Howell Avenue, Oak Creek, Wisconsin. The interview of CORBETT was conducted in the squad car because of the cold temperature and to provide him with privacy because members of the Temple were walking by to attend their Sunday service. After being advised of the identity of the interviewing Agent and the nature of the interview, CORBETT agreed to speak to SA [redacted] in the squad car and provided the following information: b6 b7C

CORBETT departed Ocean City, Maryland on 10/27/2012 for the purpose of avoiding hurricane Sandy and also to travel to the Sikh Temple of Wisconsin, Oak Creek, Wisconsin to conduct research on active shooters for the purpose of writing a paper or book. CORBETT was interested in the motives of the shooters and has also traveled to other active shooter sites to include Tucson, AZ and Aurora, CO. Besides conducting research, CORBETT wanted to assist law enforcement by looking for clues that may help in the investigations. CORBETT also travels to the active shooter sites because he was guided by the Lord. CORBETT referred to the aggressive actions of the shooters as reaching a "boiling point" and he wanted to know what drove them to reaching that aggressive state or "boiling point"..

CORBETT also stated his writing were located on the website www.abovetopsecret.com under the user name of strangedays, with the password saleen. SA [redacted] has attempted to access the site with negative results. b6 b7C

When asked about the hotel receipts in his backpack and travel to other active shooter locations, CORBETT stated that he has been drifting around the country conducting research and visiting friends. He has been able to afford this lifestyle because he sold his interest in a 2012 Mustang to [redacted] for $10,000 using the proceeds to pay for his living expenses.

CORBETT stated the ammunition in his vehicle was for home defense and was kept with his survival kit. HE did not have a handgun in his possession and did not hide one in the Temple. The Glock case in his vehicle was an empty case from a .40 Glock 22 which he sold approximately 5 years ago to [redacted] a United States Army veteran. Corbett owns a 9mm Sig Sauer and a Mosberg shotgun which were at [redacted] was identified as [redacted] b6 b7C

[redacted] MD, home telephone number [redacted] cellular telephone number [redacted] His father, William Lee Corbett, was a police officer who died in his 50s of a heart attack.

A review of LexisNexis by Milwaukee identified [redacted] MD [redacted] telephone number [redacted] as a possible person referred to by Corbett as the purchaser of the Glock 22. Per Corbett, the sale of the Glock was coordinated tthrough Barts Sportsworld, 6814 Ritchie Highway, Glen Burnie, MD. Conduct logical investigation with Barts Sportsworld.

When asked about his foreign travel to Iceland and Amsterdam, CORBETT admitted to being a marijuana enthusiast. Corbett has a medical prescription for testicular cancer and melanoma.

Currently, CORBETT is unemployed after leaving a job at the Green Turtle restaurant in Edgewater, MD after the third day. He has also worked for the following employers:

1. Ecolab, Towson, MD for approximately two years;

2. Green Turtle, Edgewater, MD for approximately two years;

3. Communications Electronics, various locations in MD for approximately 5 years.

According to [redacted] CORBETT has not been diagnosed or treated for any psychological conditions. CORBETT confirmed that he was not under medical or psychological care.

At the end of the interview, CORBETT agreed to travel in his vehicle to the Oak Creek Police Department, 301 Ryan Road, Oak Creek, Wisconsin to allow SA [redacted] to copy his writing from a notebook located in his backpack. CORBETT accompanied SA [redacted] Officer [redacted] Officer [redacted] and Mr. [redacted] back to his vehicle. At the request of the members of the Temple, SA [redacted] informed CORBETT that he was to leave the Temple property and not to return. He was advised that his presence was disturbing to the members of the Temple. CORBETT apologized and seemed to understand why his presence and actions caused the members of the Temple to be suspicious of his true motives. CORBETT agreed to leave and not return to the Temple.

CORBETT agreed to allow SA [redacted] to photocopy his notebook at the Oak Creek Police Department. He followed SA [redacted] to the police department located a short drive from the Temple. CORBETT was allowed to use the restroom and his notebook was returned to him after it was copied. CORBETT indicated

that he was probably going to travel south toward Kentucky. CORBETT also provided verbal consent to utilize his username and password to view his writing on the aforementioned website.

On 11/05/2012, SA [redacted] left a voicemail for CORBETT on his cellular telephone. On 11/06/2012, CORBETT returned the telephone call and confirmed his username and password. CORBETT stated he was traveling from North Carolina returning to Maryland. CORBETT stated that he was not allowed to return [redacted] and became upset when SA [redacted] asked why he was not allowed to return [redacted] The call was terminated by CORBETT.

~~Rant~~ How homosexuality draws 3...

Ok, so I saw that there was a reading festival going on in Baltimore this weekend and decided to head out today to it to check out local and lesser known authors, try to bring the light of the Lord to them. I got there kind of early, and things were just opening up so I decided to grab a bite to eat and chill out while the tents got set up. I ordered chicken fingers and had my own drink with me, and the lady seemed irritated that I didn't purchase 2 items. I shrugged it off, and waited for my food. It ended up being a while ~~the~~ about 10 minutes time. During the wait, the Lord told me (via perception, as I am conscious blind and now hearing) they were asking if I was homosexual. ~~I assume~~ I'm not first off, and I wondered why they would ask that. I assume its because of my purple polarity, and I guess a lot of people who are gay (purple can mean asian, gay, royalty, a lot of things) ~~were~~ are now hearing/conscious blind as well. I wonder to wake these purples up (polarize them to RED or BLUE)? I think ~~I perceive~~ the mass needs to do mean stuff to them, as a tribe to work off them "sins" of homosexual activity. I quote "sins" because I don't know where I fall on the issue - I don't care that people practice homosexuality, It's just not for me but what I do have a problem with is discrimination practices, and feel they should be given the same rights as us. When I was on the street (am still homeless, just temporarily found a place) people would treat me so horribly and push me around / bully me (read my thread)

Add ons
- Nusance is ok

So I can imagine gay people go through that exact same stuff, as do minorities (which is where I first noticed it), and it's horrible and unfaire. I think the idea is to bully them until they finally polarize on die, and once they polarize they join the conscious mass and can "go home". But anyways I put 2 and 2 together and figured that they thought I was gay because I am conscious blind and was at a book festival. What they were doing was delaying my food to A) "bait me"/intentionally anger me and B) fishing, or looking for traders to attack me and needed time for a few to pass by to "make a deal" on me. I guess blind people are a big commodity [redacted] ete) and since there are less and less of them, fishing has become popular at gay spots. That may explain the extreme pressure put on them (blind people), and why they crack and go on crazy killing sprees and stuff. Anyways, I told a few people "God bless you" and they must've caught on from me doing that that I wasn't gay, and they started mocking me. I decided it was best to not get bullied and left the festival. As I left I happened to be listening to The Listener's Bible, and it happened to be on a passage that said something (It was the 1st Book of Chronicles) about mockery and how the Lord hated it (He doesn't like it when you mock him - probably the same way Muslims didn't like that US filmmaker mocking the Prophet Muhammad) and how he was going to do something about it. Not 5 minutes later a big car accident happened right in the middle of the

b6
b7C

festival and everybody got all freaked out. I was dancing out at this time, and I saw one of the sets of people that had mocked me and explained to them that this is what they got for mocking the Lord. I also noticed several things about this festival. The media (C-span) was there so there was a lot of RED money present, and I wondered if it was them who put the (headhunter) bounty on me. I remembered all of the media trucks at the Aurora 12 shooting, taking coverage and posting up in the theater lot all week, ~~I~~ It reminded me of that and I wonder if they summon (or try to summon) 3 to ~~make~~ create stories to cover? This would make sense because it's how they make their money- ~~not~~ event coverage. Why not create events to make money off them if you don't really care about anything other than the dinero? Anyways, since they "hunt" or "fish" for the blind, and a lot of gays are blind, the perfect place to find them would be a book store or book festival. I noticed email lists and sign ups at all the tables and thought of how easy it must be to get contact info, and find out where your target (or fish) lives, so that you can organize people to both provoke and attack them. Then I realized from the accident, how much dark power they carry (sodomy is a dark ritual, heavy RED H the ~~3~~ put up summoning thread) from ~~the~~ the sodomy that they engage in. This made me think of why the government need to have a problem with gays in the military - think about it, if that energy could mess a driver up and cause them to run into or not see another person, what if it were to mess up a pilot on a planes electronics that were carrying a hundred

troops overseas? It would put those soldiers lives at risk. I think it also has to do with the concentration of gay energy in the town at the time. There are a lot of Boston Red Sox fans in town for the O's/Red Sox series and Boston is a popular gay town we read, and today is game 3 in the [redacted] series. Boston gay energy, being local + Baltimore (Baltimore also has a lot of gays) gay energy + a lot of those gay Bostonens (Baltimorians) having game 3 on their mind (which starts at 7pm tonight - 7(gold) tithe) must have forced that energy and manifested it into an accident. I guess the energy gays cause is ok if it's spread out and allocated properly, but maybe all the sodomy going on in Baltimore over the past 3 days was enough of a tithe to force this out. C-span may have been trying to force an event by pushing pumples since they are aware of this and have knowledge on how to use dark ritual power and maybe that accident and other happenings (robberies, shootings, other accidents, etc) help to "let air out of the balloon to keep it from popping" metaphorically or something. But I never realized how it worked until Now, and maybe I am wrong about the military industrial complex (maybe not, since it's in the private sector) or just the military in general and they are doing what they can to prevent chaos. There are less ~~regular~~ rules in the private sector and more ways to get around the law/constitution, so maybe there's a light and dark side to that total sector as well. I don't really know. But it would make sense in [redacted] case, since bullying him for being gay caused him to [redacted] But I now understand why the gays being in the

b6
b7C

military was such a huge issue, gay activity burns ~~dark~~ dark energy quickly, and these spirits can wreak havoc on electronics, cause others to be gay to increase its strength, ~~etc~~ or many other things. It was more a safety issue for them rather than a morality issue. Its probably the reason gay marriage is so controversial. For the record I think gay people should not get married, as its a union under the witness of God, and the Bible is against it. Having said that - I dont think that they should be denied spousal benefits like insurance, adopting children (but not if they will teach them to be gay - its the persons/child's personal choice once of age), or bullied out of society - its the same as racism/segregation/Jim Crow laws. Its not fair. Basically im pro everything for them except the marriage under God part. Common law stuff works, as its not in a church - that way they can get access to medical treatment and such. Ive experienced being turned away from medical service with my homeless status ~~and~~ twice now, with cancer, and wouldnt wish that on anyone - its inhumane. ~~It's~~ Also the more being gay is popularized, the more young people there will be that practice it, and more dark energy will be released from the sodomy (strangely enough, women dont do it I dont think has as severe an effect - as no sodomy takes place and the Bible specifically mentions sodomy - not scissoring (lol) and such). But I guess this is why its such a deeper issue. In the shadow/awake-and-seeing world and on the surface it seems like a "so what, it doesn't affect me" issue to the public, as the shadow (real) world kinda governs what happens in the regular world. It's all about

balance, which is why I think this wouldn't have happened if there wasn't an over-limit amount of gay people in our town these past 3 days. I never realized how big of an issue these things really were until today. I'm pretty liberal and respect everybody generally, regardless of race, creed, gender, sexuality, etc, and figured since this is a "free" ~~nation~~ Republic most people feel the same way and it wasn't that big of a deal - until I realized ~~it~~ ~~works with the~~ that there was a shadow world, and how it interacts with our everyday seen world. Ont

How they killed the dog. I kept noticing that [redacted] trash on her deck kept being opened and rummaged through (she stores it outside on her back deck). I assumed it was because someone was trying to steal credit card information, but it was to find out what products [redacted] was consuming, so that we could be [redacted] via the food. I called the Wonka candy company one time to ask for nutritional information / ingredients in one of their candies and they were able to track the UPC on the specific box I was looking at. They had mfg date, where it was sold (exact store # store address), what lot/bin it was bulk shipped in - basically they knew where that box was at all times and who was handling it - EVERYTHING. So I assumed they were tracking what we ate, right down to the cook mixing the ingredients together. Sometimes, it's not just

b6
b7C

This is how when we have salmonella outbreaks and causes they can so accurately track where/what plants and lots within the facility the virus comes from. Also sometimes its intentional - this is why its a national security issue, as terrorists can poison the food supply. One reason that attackers do that. Not only could they get to a specific lot and poison it with a slow poison (so that if al tenuates consumed it, it would not kill them and it could be put in a combination of the tanget foods), they could also add/plant poisons to it. Our dog (a dog will generally eat anything given to it without hesitation) would sometimes eat food wrappers and things from the trash when it was full and exposed through the top where she could get to it. So like I said we kept noticing that it was opened every trash night, and someone was illegally entering her back yard and trespassing onto the deck. This is how they poisoned our dog. If you view my other thread (dog thread) you'll see she came down with breathing problems ~~similar~~ (a symptom of the white dust that causes suffocation when consumed or inhaled) and eventually died from those respiratory issues. As you should know, 3 hates dogs as they call her enemy and in order to work her way into our house the dog needed to be dead/gone. [redacted] slut she came to get her things [redacted] in between leases) [redacted] which I thought was strange. I realize [redacted] (funny, she's known for being a whore too) could not enter the house without that dog being gone as dogs always hated her and she had an

b6
b7C

unhealthy fear of canines, but loved cats (I'm good with all animals, ~~that's why~~ I always figured if you are good with one you are good with all). If I was some sort of mark/target and she needed to enter [redacted] the logical order of things would be to contract 1 or more masons to regularly ~~be~~ trespass onto the property to poison the dog via the trash, and once the dog died figure out a way to enter the house/have a reason to enter it, so have [redacted] contracted out like a prostitute, encouraging her to engage in sexual activities [redacted] sadly) stage a break up for some BS reason [redacted] (which I thought was odd- I figured she wanted to bang someone [redacted] which was strange, and use the collection of her possessions as a reason to enter [redacted] I suspect she put something in the basement when they were getting her stuff (which was only a suitcase full of things, which is why I thought her presence was odd. ~~From~~ The family has a history of animal abuse as well, and has a police record for dog neglect, that I was able to look up on MD Judiciary Case search and verify. In addition to that, the dog must have kept running away from them as they were cited for it running loose several times. This explains her phobia of dogs to me, they don't like her and the dog kept trying to escape the abuse. It's

I would always see the numbers 11 (lucky RED number) and 9 (E) when I was around them. And for whatever reason, when I think of them the famous inventor Leonardo DaVinci comes to mind. Delta Blue/Delta Red - the "pull" point from the planet

Delta Blue is the Bermuda Triangle - controlled by the spirits, and is chained/leashed to the dogstar (Delta Red - triangle in the night sky - is a star pattern).

- Causes heavy current (name - ocean current because its the connection point between the planet and the sky North atlantic
- "pulls" the ark (planet) by a "leash" or "chain" that is outside the visible spectrum

more

- Cape Canaveral is at the northern point of the triangle, and NASA has always known this and that's why its the optimal launch point for our spacecraft & satellites

- Ships and planes do not send distress signals out at all when going down. This is because the humans on board are "drained" by the triangles and cannot react or are already dead before the boat sinks or the plane goes down (conscious wise/sentience wise & or really killed dead not sure) fires and ~~em~~ electromagnetism and things manifest from the electronics or explosive materials and it's completely natural, not an alien laser or something that stories would have us think (although aliens do exist IMO). This is all God's creation - its mind blowing. What happens is the spirits/deity/dead manifest a fire or disaster on board that stops EM blocks the ability to send a distress signal or just makes the crew brain dead or blinded or puts them to sleep and the other spirits "fan the fire" long running leaked fuel into it (just an real world example, there are other ways to manifest the sacrifice like a hurricane or storm, run aground, etc) and the vessels perish. I'm not sure at this point, there could be ~~etc~~ extra terrestrial /extra dimensional entities controlling spirits or doing it directly, but I KNOW spirits walk among us, I just don't know if they are "controlled" by a captivating force like we are

and follow a ruleset on something. I know there is name real governance at least, and that is a part of the Bible (Book of Numbers).

- I believe the triangles are our planets "Stargate" (like [redacted]). They may connect by wormholes, blackholes, dark matter, but I know they can slow and speed up time. This may explain why the Mayans and Aztecs have all the alien references in their cultures, since they are geographically next to the stargates. This also leads me to believe that there are at least 2 other stargates (one sky one land, on the dog star cluster serves as the main sky/star portal for 2 land portals - the cat/sphinx in the middle east, the dog in the Americas) in the east.
- This would explain the Star of David's design, a triangle/delta pointing upwards matched with a triangle/delta pointing downwards, and why it's the source point/origin of man/"Motherland".
- The saints/spirits may be these "~~God~~ governor's of souls" I talk about. I know they've been here forever, and may have been known by other spirit names in the past in cultures that no longer exist. They just explain themselves as "Michael" or "Mary" or other names but may have been known as names in sand script that we no longer have access to now. I know that the Ancs are seperate, but I feel they all blend into God (the One when talking to space people, but it

b6

the same person/entity at the top). But that's why I think all religions point to the same divine force, it's just explained differently in different cultures because of polarity differences (like RED is more war-oriented, so they focus more on God's warring side and BLUE is more growth oriented and that's why they focus on Immutability, just for example), WAR and PEACE, ~~BLUE and RED~~, RED and BLUE, WOMAN and MAN, YIN and YANG PUSH and PULL (east may be the push, Bermuda triangle may be the pull since it sucks things in), basically the balance that is struck between the white and black.

- Since sacrifice pleases RED, that's why you see more war in the motherland, it balances the rest of the world and that's why the west has such abundance. As time goes on, the western hemisphere will have to take its sacrifice to balance the polarity of the planet, and I've asked God and he's assured me that the "good people" will be pulled out of the mess to come. Those that practice and follow his word. This also explains the heavy increase in RED in the past decades here in the USA (mass killings, disease, cancerinates, animal die offs, etc). To balance our side of the planet and preserve life, both the RED side of the government and RED side of the private corporations (like Monsanto) create wars

in the far east and grow crops with engineered diseases/cancer. Its also why our Navy is experimenting with sonar in the deep. The solar/EM activity naturally increases the pressure in the oceans, and they are using sonar technologies in an attempt to preserve the sea life. This is why whales and dolphins bleed from the ears during mass beachings and die offs, the pressure crushes them internally. Our military "experiments" are not causing the die offs, its a response to the naturally occurring environments. They may also be real life "mermaids" that are helping them, as crazy as that sounds. Bodies also wash ashore with the sea life and are quickly covered up, may explain the montauk monster [redacted] AKA [redacted] talked about). Maybe there is war going on down there too to balance the polarity that the regular terran society is not aware of. For decades, deep sea fishermen have found coral tridents and spears (like Poseidon's) in deep sea life they have caught (perhaps sea-apes that evolved when water originally covered the earth), which may be evidence of things we will come to see more of this. But that's why we provoke war in the east. If the killing is done over there, it keeps the US thriving. But since it is against the 10 commandments (thou shalt not kill) and it's not in self defense, it is a great sin. This is why more spiritual activity is beginning to manifest

b6

here in the USA. Shows like "Ghost Hunters" are the mainstream real world examples of this, but I'm told very very soon people will start to see it personally in their own lives. Remember that even if these physical things do exist, they would easily be governed ~~over~~ by extra dimensional forces that aren't physical. You can't touch the spirits but they can easily get to you. The smokers are screwed basically. But that's what I've been told about the significance of the Dogstar cluster and Bermuda Triangle and how they control planetary polarity. The undersea sonar type weapons are the same as the above ground cell phone towers/BSA's weapons they use on people. They are running around giving people heart attacks (like Andrew Breitbart), calling themselves "hunters" thinking they are all big and bad, but they will soon be killed in total.

Whats happening with the Police...

Ok, so we have seen many instances of police brutality (Minnesota guy kicking black family in the head, guy in MD beating a guy in a wheelchair up, the Oscar Grant shooter, Houston cops shooting the guy in the wheelchair and killing him, Kelly Thomas' murderer, etc) in recent years. What happens is that brass gets a healthy amount of leaway because they put themselves in the "line of fire" for the rest of the public. There are a few bad ones, but Id say 95% of LEO's are good. They protect us. What is happening is that there are women and men (I'm going to use women because it's more common) that are placing delta/dead energy on them and it accumulates and the result is outbursts like the above examples. What happens is the female (just an example to real world illustrate, not picking on women I swear) will develop a habit of fighting with her bf and eventually that energy manifests in to him hitting her or doing something nasty out of anger. She then calls the police, they come out and sometimes have to fight the bf, and in extreme cases, get shot at. If you know women like this, (I know quite a few) or many of them this is a repetitive pattern. Female rape victims often have it happen over and over. There are women that develop habits of fighting with boyfriends then calling the cops on them, and im not talking about it happening once. They see that although they cannot physically overtake the bf they

are mad at, they can call someone who can and will take there side most of the time, and 9 times out of 10 ends up in there favor. It becomes habit to use the police as a "weapon" as they become less and less tolerant of not getting there way (they are usually "harlots" like the Bible describes and have many men which seperates them from the light of the Lord) and are more quick to call the police any time they dont get their way. How many times have you seen couples fight over the smallest of issues and it leads to the cops being called, often when alcohol (spirits, GOLD) is involved? The police arrive and fight the bf, then "absorb" his rage and go about to the next incident that they need to handle. This energy eventually "boils over" and you have outbursts like the police incidents I mention above. They get fined and chastised for these things, and its because the "bad" public that's been seperated from God dumped dead energy onto them. That's why you always see me giving extra lean way to them, as they are good people and put themselves into situations so we dont have to. And the whole thing is these ~~females~~ males and females that fight and fornicate so often help to increase the polarization of the society and are one of the reasons we are seeing the seperation and chaos. ~~You a real world mate example to balance the scales~~. "Good" energy females with the light of the Lord befriend the harlots for various reasons: to be "cool", to try to save them, because they don't/were never taught the teachings of the Bible, etc and they see

what the harlots do and begin to think it's normal, like "everybody cheats" (no they don't) for example, and they begin to imitate the harlots, it makes them feel powerful and they serve to further polarize our society, sadly. Men add to the dead energy going into police as well, not just the women, it just manifests in a different way. They tell us that we are "pimps" and cool if we have sex with many women and dispose of them (GAM - groove and move, FAC - fuck and dunck, etc). They start to treat women as objects and not treat them like they should, and end up causing the women to mistrust us, and anger the women who look for revenge and thus begins the cycle of them harlotry and hurts the women's chances ~~of the~~ to obtain the Lord's light. This ends up with the cops getting called and they are the ones that end up taking the burden and ultimately absorbing their crap energy. Also those "pimps" become more inclined to do crimes (cops police dead energy because they have to respond to it), rape women, etc. Then these police walk around so angry that it takes very little to set them off, and next thing you know they are shooting a handicapped man in a wheelchair for swinging a pen around. This is why you should ALWAYS be cooperative with police. Im less inclined to support security guards (but I generally do, as they too are part of the LEO family - Law enforcement officer) because they get on power trips with the limited power they have, and go beyond their "observe and report" duties trying to exercise power they don't have

on deserve in many cases, and then you have things like [redacted] happening. He had no right to shoot [redacted] and in fact baited him to have an excuse to shoot him. Unless we begin to cooperate with our police, this will only continue, and it's not just about cooperation at the point of contact. It begins with knowing our Constitution (cut+paste) and following the teachings of the Lord, and not being a whore or a jon. I mean beat off if you can't stop having sex as a substitute. Most won't listen, but time is getting short and all of this is being recorded, extra dimensionally as there are both angels and demons around us all the time. But this is why we are having all these outbursts and why it's our duty to protect our LEO's by doing our "self policing" through learning and practicing the ways of the Lord. Stay away from men and women that are known to have many sexual encounters, they carry dead energy, STD's, and can reincarnate your entities. Teach your children abstinence to keep them away from this dead energy. Teach them the 10 commandments (cut+paste) and yourself too (even sinners can be redeemed if they repent - all is not lost for you if you think you are a bad person), and take the ACTIONS of practicing them. ~~Teach~~ Just knowing, it won't help you, you need to practice it through actions. These are "real world" examples of how it manifests into society. The metaphors in the Bible manifest themselves into real/tangible things and you need to get

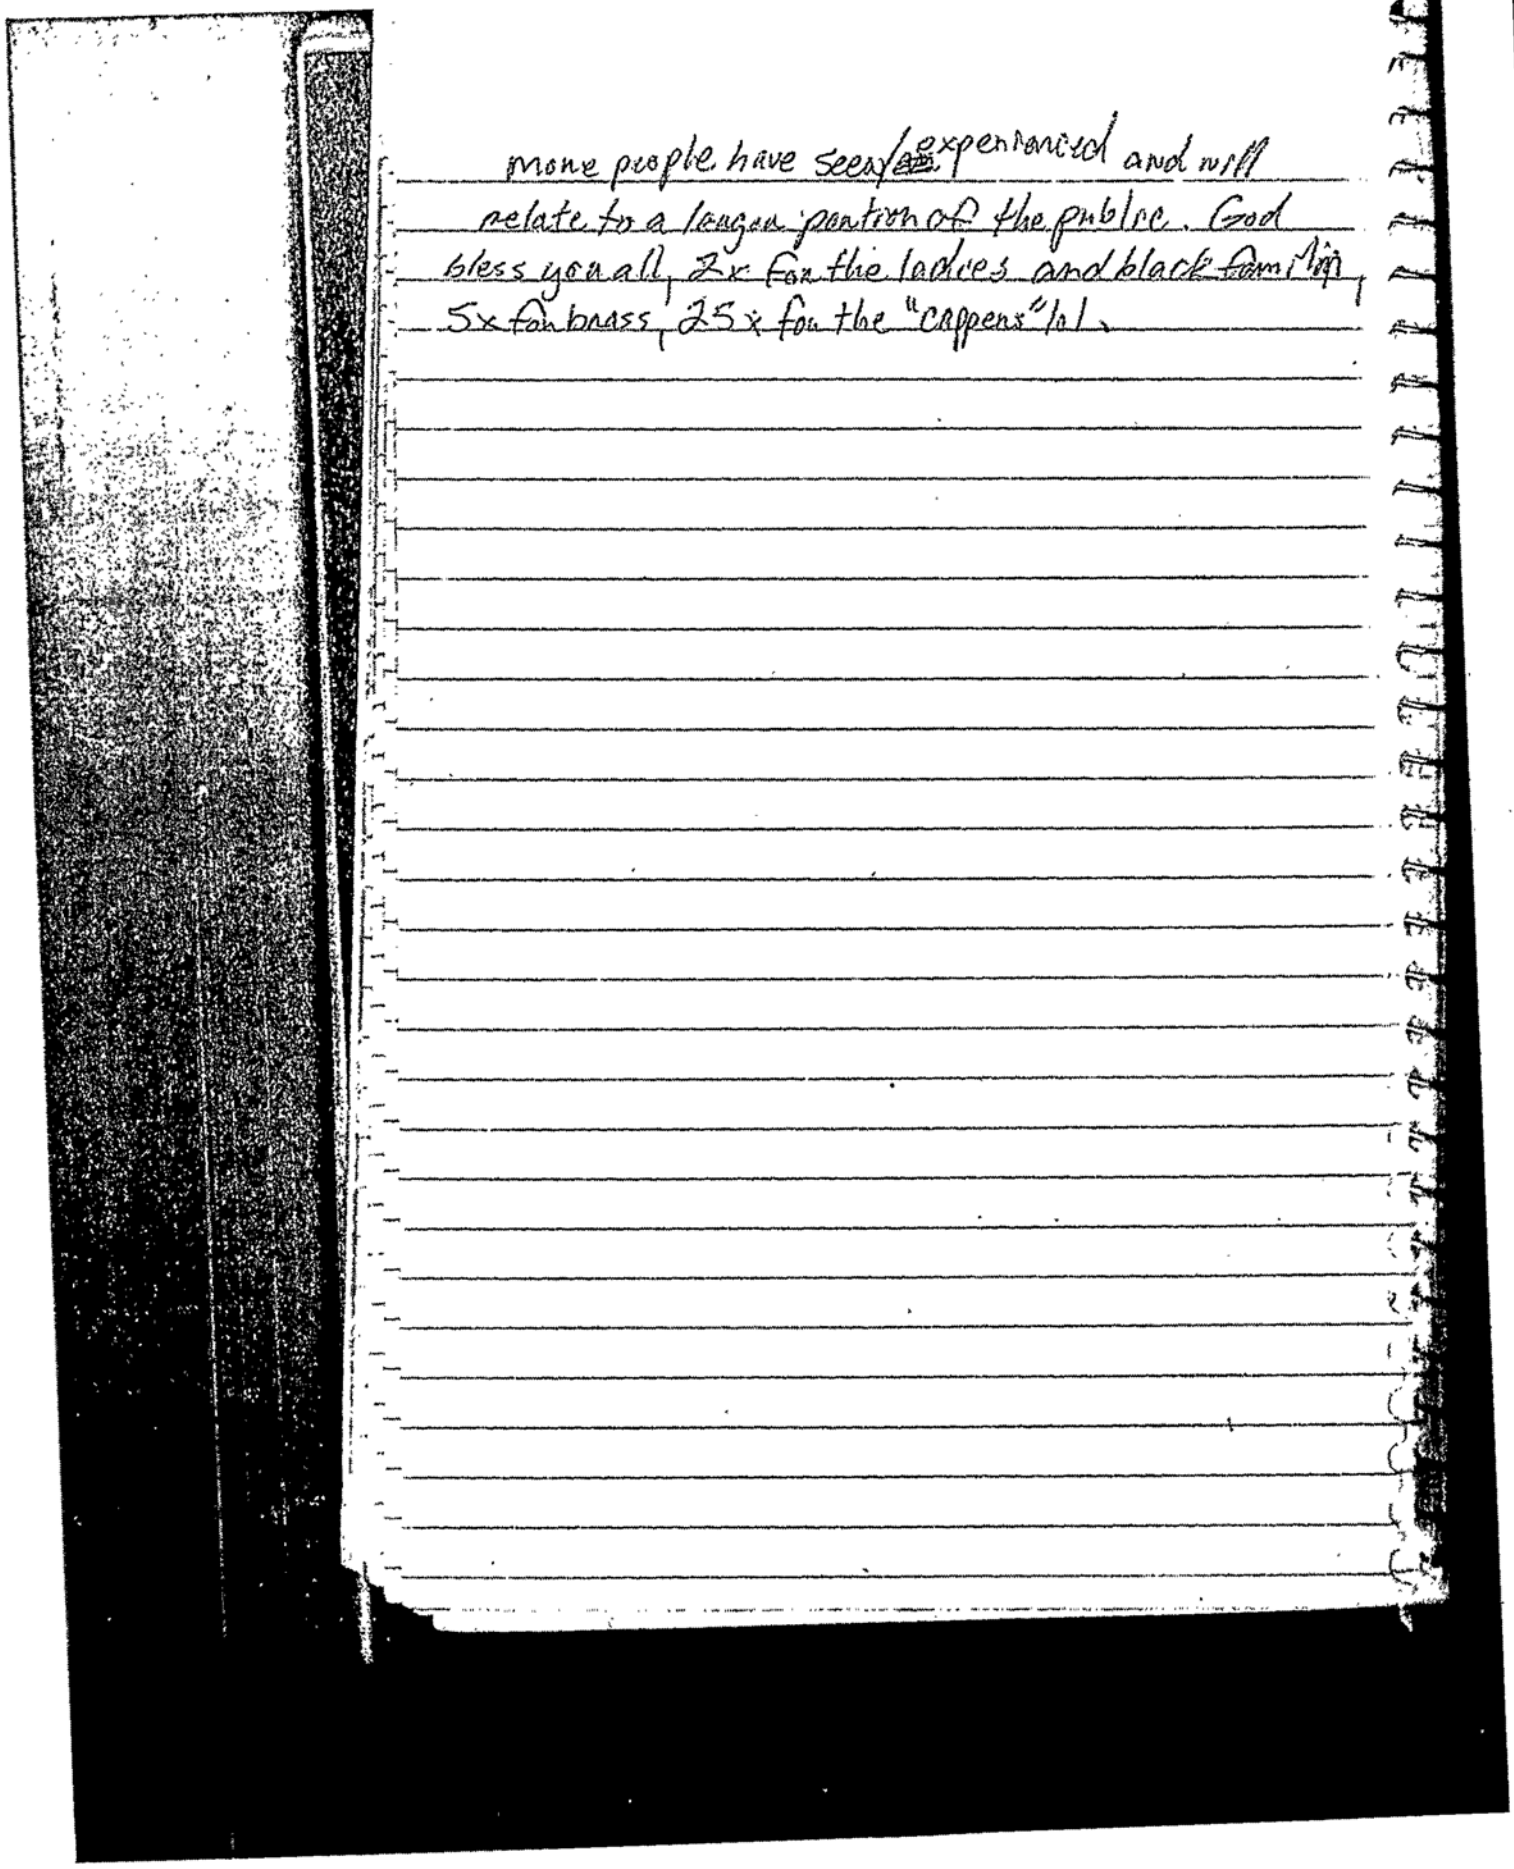
a Bible and learn it, and gain your "spiritual armor". If you dont like reading, pay $30 bucks and download the Bible from my posts. Its what got me started and helped increase my vision and to see these things. Put it on when you sleep on the stereo if its boring and doesnt hold your attention. I promise it will become easier and easier to listen to, and actually becomes more exciting/encouraging as you start to "wake up" and get your vision. You start to see all the nasty things that are right in front of your face that you never were aware of before, and it helps you to make decisions that point you in the direction of a better life that would have gone "over your head" when you couldnt see before and would have done otherwise and further attracted dead energy. The police being "set up" like im talking about in this thread are just 1 of the many tricks/illusions that will be used to make our protectors seem like they are enemies. ~~Ex~~ Additionally, these cops are not all the hook, they will "take them lumps" for the bad things they've done, obviously some worse than others and frankly, they deserve it. You dont shoot a handcuffed man. You dont beat a guy in a wheelchair that's drunk and mouthing off, and you certainly dont shoot him. Make no mistake, God is still PISSED about this and they will pay. Feel free to put up examples and Ideas you all have that manifest this dead energy, its not just limited to couples fighting, I just chose that because its something that



more people have seen/experienced and will relate to a longer portion of the public. God bless you all, 2x for the ladies and black family, 5x for brass, 25x for the "cappers" lol.

How homosexuality brings 3pt 2

cont

Ok, so when the people that are conscious and use homosexuality as a ritual to conjure 3, they have certain patterns they follow. I am in Delaware (Rehoboth Beach) right now, and have been targeted. I've had poison put in my food from a fish & chips place that looks like a British flag at their boardwalk, it was more of that dust. Apparently poisoning people is more popular than I thought, then even go as far as to reference it in that [redacted] video (they poiso[redacted] Anyways, it's out of season here and less people are around, so im less likely to be targeted BUT this is known for being a largely homosexual area, so im sure this is a refuge for gays/lesbians, but also a "fishing" spot for predators. Since I came in under an overcast/storm I was concealed last night, but they were able to make phone calls to the "hunters" or "deer hunters" (I am the deer) who will fake illness or something to "take a few days to get away from the office" at their jobs to come down here and "hunt" me. What they will do is come down here with their panthers, which is most likely conscious blind (an organic portal like me) - that OP's boss will give them the time off as well as if the OP's boyfriend has made contact with them as they will receive a cut of the spoils because of the size of the bounty on me, as they are completely aware of

b6
b7C

whats happening. Anyways the gay controller considers the other gay (the OP) an animal because of his conscious blindness and lack of awareness of the shadow world. What will happen is they will check in at My hotel or one in close proximity, the OP unaware and just thinking they are having a mid-week getaway with their partner (it being cheaper is more of an incentive) while the aware "hunter" partner will really be down here on business - to kill the target and collect his bounty. So like I said before, sodomy brings 3, but also anal sex (although much much less). ~~what the ritual~~ Then will use lambskin condoms, as they are made of the skin of an animal and help to consummate the animal sacrifice portion of the ritual. The controller will engage in anal sex and sodomy in the rooms around the target (me) and in the adjacent hotels, probably at certain hours (3am? 6am? 6pm? 3pm?) to conjure 3. The OP's will be unaware that they are doing this at certain specific times, as the controller will just use the excuse that they are "just really horny right now" if the OP for some reason doesn't want to have sex, and will also use the EM stimulation on their genitals to make them sexually excited and more likely to engage in it. There is a "weapon" that uses EM to stimulate privates (or it's an internal generated signal from the slave master controller). They will (and probably have always been) use the excuse that they are allergic to latex and ~~xxx~~ can only use a lambskin condom

and thats only if the OP/slave/monkey/animal asks, as the controller will most likely just produce a condom in the heat of the moment, and the composition materials of the condom will never even come into question. This will put 3's "eye in the sky" on me, and ~~then~~ increase 3's presence in the area, helping the "hunters" to zero in on me and locate me. They will then use the sonar/vibration weapons by banging on my walls/door/floor/ceiling/etc-(like I said before anything that creates sound vibrations) that will give me heart arrythmia and possibly cause a stroke or heart attack. The spiders will then move in on them and "consume" the insects. Not sure how they do it and thats ok with me at long as they are eliminating the threat. God bless those spiders man lol, Spiderman FTW/Forever.

Add on/topics

~~More on celebs being~~ More on celebs being "Kings" and why they have frequent spirit contact.

- The cell weapons are weaker in low cellphone coverage areas/areas of no service, although I think you still can generate a field to use the weapon from a portable antenna, such as the cb radio field from a semi truck as explained in another thread (insert thread). Also, if ~~the~~ you use one of those commercial grade "cell tower blocker" boxes, you can interrupt/block the field, which weakens or eliminates the cell weapons effectiveness.

Incence=ok

Ways to deal with the attackers and some of them methods...

Ok, so like i've said on other posts, attack tend to take place at 3am, as its the dark lights time. Int specifically 3am because 3 is the "catalyst" for change, so that + the dark lights time period make it the optimal ritual time. This is why crimes and things are more common at 3am. It's also why bars typically close at 2am, as people tend to have been drinking (spirits) which is the GOLD on activation to the ~~[redacted]~~ part of the sacrifice. This is why police always say no one but drunks are on the road after 12-1am ish and to take extra caution when driving at these times during the night. A popular way to combat harassment/attack is to create an "artificial insomnia" for yourself by going to bed at 8pm or even earlier, or by working an overnight job. This way you are awake at key ritual times as attackers like to try to get you in your sleep to remain anonymous - through suffocation/compressed breathing, EM heart attacks/"banging" you out of your sleep, television flicker rate (causes seizure like [redacted] always talks about), mental manipulation (you can tell it's happening by strange dreams/nightmares or "horrible/~~[redacted]~~ ungrounded thoughts), and other methods. This is why experts say to not eat before you go to bed and to avoid midnight snacking. This is why foundation Reds make/buy/use dreamcatchers, and why

b6
b7C

Christrans and Pelegrons people may lay out a cross when they sleep (on pretense of Pelegrons focuses over their bed) and other things to counter the rituals. Also, even in the daytime (but more at night) speech can be manipulated from the sender (speaker) and mis interpreted by the receiver (listener). A popular (and wise) weapon against this was taught to me [redacted] b6 b7C What you do, even if you are not deaf, is use the closed captioning feature on the TV at these times. This way you have consistent text to match the speech you are hearing, so they don't play tricks on you with the persons voices, as they may say a word or phrase, and when you hear it it may come across as something completely different than the actual word/words the speaker said. Since priests/ministers are light warriors of God, this works with them too. My good friends at Real Life Church and Victorious Ministries Int'l taught me this. The churches audio record their services and dub them down to CDs so you can listen to them while driving (will help to shield you from attacks on the road) or at home on in a CD walk man. Like I do with my audio Bible, you can listen to the sermons on just put it on when you go to bed, as this will help (although not completely eliminate ive found) to keep the dead energy off of you and also keep their physical attackers (Deltas, human "drones" w/sports controller their bodies) from finding you (or at least run interference on them). There are other ways/counter rituals, and I'll hold them as they come to me. MORE

- use a night light (generates light in the darkness)
- run a fan (covers humans them off, although be careful because certain music channels them (electronic) and the TV can also harm them so I'd avoid that unless it's religious)
- have wood furniture & plants (organics bring life to the room)
- have lots of white/bright colors (paint, bedsheets, towels, etc)
- don't drink ~~before~~ alcohol/spirits before bed
- run AC (if you are BLUE polarity (RED spirits hate the cold)
- run heat if you are RED polarity (BLUE spirits hate heat)
- read the Bible before bed, keep it at your bedside
- not 100% sure about this, but if you are a RED you are probably a night person and since the Koran and Bagavad Gita are RED polarity religious text, read these before you go to bed in the daytime if you are a RED
- Turn off cell phones & ~~the~~ unplug electronic items when sleeping (as many as possible, doesn't have to be all of them)
- Say prayers before bed (this is where the "Now I lay me down to sleep, I pray the Lord my soul to keep, If I die before I wake, I pray the Lord my soul to take") funny enough I learned this from Metallica's "Enter Sandman" lol
- Keep a clean room & sleeping area (no clothes, plates and stuff)
- Avoid smoking in bed (a RED trifecta and why so many fire deaths happen this way - the spirits put them to sleep while it's still lit in their hand)
- It's also why our military has "lights out" time and is early to rise, as its foundations are somewhat religious and why they have chaplains and stuff

Add on add'l topics:

- White=1 Blue=2 Red=3 possibly? not sure
- what the saying "Screw me once, shame on you, screw me twice, shame on me" means: when RED does something to hurt you and BLUE polices it, it apologizes and acts like everything is ok (so you will let your guard down) then "burns" you again. Hence the term fool me once shame on you fool me twice shame on me (for falling for it again)
- There are more "bad" people (physical workers for 3) ~~areas~~ in the towns around military bases. They work for RED and try to "bring black to brass" or find ways to manipulate the minds of our soldiers and bring harm to them. I suspect these masons/traders/head hunters got to [redacted] who was weak because he was gay (that opened the door to them) and found him in [redacted] and manipulated him to cause [redacted] Evidence also suggested he was listening to [redacted] (RED/BLACK music) and that also served to help open his mind to the BLACK.
- Remember that ALL people's sins will have to pay dues. This includes our own US military. There are certain depts/factions of our military (BLUE/BLACK) that will "experiment" on the public ~~in the~~ under the guise of "doing it for the greater good". They are paid to play the bad guy so that our govt can discover ways to attempt to manipulate the spirits in their own favor (thou shalt not bear false witness) to see/discover ways to "harness the power" of Christ. I'm told they too will feel the wrath of the Lord. It's sad because they have families and are

b6
b7C

putting themat risk by engaging in this type of behaviour. Its the same thing [redacted] talks about, like when they injected syphillis into African children and observed them to "see what it would do" (thou shalt not kill) so they could later weaponize it or use it for other means without the consent of the victims. Even if you are on the "good" side, it doesn't mean that you can side step the US constitution on the word of God (they do both). Id encourage anyone who reads this to stay with the scriptures as our own govt has corruption within the ranks as well. Id say 1/2 of it is good people both morally good and spiritually good, but there is another 1/2 that is out for self and self preservation motivated by money and is corrupt/blended to the ways of the world. They might not even realize it, but they themselves are just as much a problem as our enemies are and represent a threat to the future development and safety of our nation. I write this because ~~[redacted]~~ maybe they will see the error in their ways and not further destroy our nation in the interests of money and power. Remember to stay with what the scriptures say. EVERYONE has a price and can be bought (threats to family/friends, money, sex, etc.) especially as they gain more. Just remember to stay open and balanced, just as the scriptures say.

~~Hello~~ Addl Notes:

-when you swear an oath, in to office, at a trial/hearing, basically "sworn in" you raise your right hand to God and place your left hand on the Bible. This is why you put your left hand on the Bible: right foot is BLUE/WHITE, Left foot is RED/WHITE, Right hand is BLUE/BLACK and left hand is RED/BLACK. Since RED/BLACK channels the dead and cannot always be trusted, putting ~~that~~ its representing appendage on the Bible channels the Lord, who will block or supervise that section/... Guarantee of the whole, to ensure total truth in the situation

-Ok so im in Va Beach, and there's a huge military base here. They are using me to bait RED cutters in the area. What they do is shock me with the heart energy thing a weapon, which somehow "primes" me and attracts RED attackers to me. I'm told there is a sub-terranean (underground) facility that is the BLUE base (versus Denver airport being the RED base) and there may be an entrance near a local mall. Anyways I get prime-shocked, then RED jumps on me, then the spiders (BLUE/BLACK) jump on them, leaving me hurt and I just lose. The Lord has told me that this is not right and they will suffer too, and to maintain a neutral position. I'm afraid a large scale event like Hiroshima will occur here this time as it's the US's turn to "take the sacrifice"

(Insert quote written when I was unwell and influenced/poisoned)

This excerpt was written when RED was pushing on me

this time, Hopefully I put God 1st and our country 2nd. Our country has lost God and sight of the principals of the Lord that it once had. Our own soldiers agree. We go east, provoke wars and when the "enemy" responds, we kill them after drawing first blood. He's told me "our role" that are nothing me as bait will bring BLACK to our door. We don't even know why we are fighting those people in the east. When a one world govt eventually happens, this will cause major complications. Like I said before although there seems to be a higher concentration of RED problem makers, BI-HE has some problem makers of its own. It all displeases the Lord, regardless of which political party people fall under, as going WHITE is what's correct/best/most pleasing to the creator.
- What they do/how I know a "big fish" (what deep O, 66, Navy call a target that's living in the area near the base and is strong enough to cause them trouble) is in the area and centering in on me is I have these nightmares I talk about but they are very intense to the point that I'm almost "fighting" in my sleep against them. I almost suffocate and my heart pounds through my chest, and the dreams seem real until I wake up. I believe some sort of astral projection is occurring with. These people where their essence somehow leaves their bodies and tries to push into my brain's electrical activity, forcing out some bizarre dreams, and the dreams are actually a side effect of the actual heart/breathing attacks. These people are the enemy, but so are the traitors to our country

that use the EM tech to attack one own for there own purposes, and use us as "lab rats" to further there own personal agendas, with no regaurd for human life that gets in the way of that agenda. We have terrorists we fight against, and we have "our own" that are terrorists as well, and the Lord has told me both are marked and will pay dearly. Its all in the race to harness "power" that was meant only for the Lord to exercise. Man cannot play God, he is too simple. Everything is too simple, it will never reach the potential of that which created it. Anyways I realize that these "dream attacks" have been occurring since I was a child, and thats why the NSA has been so interested in me since I was a child. They have been using me as high tech bait/an experimental lab rat since I was a child, im just now waking up to it. The dreams are so intense that I can remember them always, even from decades ago. Ususally dont dream or lightly dream when im safe and just living my life. The last major nightmare I had (this VaBeach one has been the worst) was in 2008, the month of May I think. I was also in the area of a military base at the time, living in a rented house in a neighborhood outside of Ft Meade [redacted]. They must have ~~but done~~ used me as bait then to nail one of these "big fishes" that was causing problems at that base at the time. I figure that the person/psychic/~~state~~ spirit controller was not as strong as this VaBeach one, but was still extremely strong as it was the 2nd most intense dream I've

b6
b7C

even had (In the dream I was tied down on my bed and being suffocated). I hope they made them money off that discovery like they did at the Va Beach one (the spirits tell me that this "warfare" produces HUGE amounts of money for the military industrial complex) as the money is the motivator. Its said that they would person hunt and kill people for money. Its not more important than life. But like I said the bond says ALL are marked, regardless of polarity (why we have RED/BLACK and BLUE/BLACK, they will both die). But like I said this has been happening since I was a child. I can remember the dreams as a child, just not the dates on those dreams as it was too long ago (I can probably ask the spirits and they will tell me if them is pertinent). I hope they made their money off it then too, as I don't think it was worth it. Money is not more important than God, sorry. Or human life. But anyway thats how I can tell a big fish is in the area. They only seem to move in the late hours of the night (3am-4am). This one I had last night happened at exactly 3am. They must be fragile one easily hunt/killed as they only seem to move in when it safe and extreme (they must "take the kill shot"). Probably why they are the "big fish" because them people need to set up a security perimeter and great lengths are taken to protect them and also to provide security for them. There are many people in the hotel parking lot all night and day, doing surveillance. I assume if a "stranger" walks through the parking lot that is not cleared with these "security teams" on a communicating party thats how they find the big fish. The people that

work for the big fish will probably send a patsy through the lot (on more than 1) to ensure it's safe, then they move the big fish in in various "disguises" (a homeless person, utility worker, elderly person, child, etc) that are unassuming and won't attract attention. I also notice they use the usual type trucks (this time in VA Beach it was Enterprise trucks) to move/house equipment in the lot, which I assume are antennas to interrupt ~~and~~ other feeds and generate their own field. What they do is turn them on when I move in/near my room (if they already know my destination, otherwise once in they drive the trucks with antennas into the lot) to set up an "electronic fence" to keep the opposing polarity out. Once they know I am in for the night, they will turn the "fence" off & and the attackers will move in as they won't know the fence is there (in the trucks or rooms) then turn it back on to contain them. Another method they use if they can't "get any fishes" that way on the enemy is wise to their technique, is to rattle me with their own EM attack like I stated above (self terminate - BLUE/BLACK) so I will leave the electronic fence area and go to a movie or something away from the area and the opposing polarity will use masons (gold cars, white cars, cars w/ gold trim, silver cars) to "headhunt" ~~me and the~~ or "fish" me out and turn me onto more attackers (green cars, white cars) which will follow me back to the hotel, where they will then turn the "fence" back on to get those fish. The way a mason/headers mark me as a target is that they will try to talk to me ~~via~~ via mind (telepathically) and if I don't

respond that will alert them to the fact that I am conscious/blind (the blinded awareness and that's how they are blinded, mine is different as it comes from a head injury as a child which makes me the perfect bait= the ego no justified reason to attack me, and many dont even know/aware that my kind even exist) then they will sell me to a "greens"/greenlighter "hunter" as those POS's call themselves to feel strong. The greens then attack me, masking themselves in the process and the spiders/ES/ES move in on them. Still not sure what happens to those greens as they dont look like they kill or harm them as I've verified and seen them walking around fine after they attack me. But the band says they will pay and I trust him. But that's all I got for now. More later.

Also, they work in teams. There are I believe that it takes 7 to manifest a "dream death push": 3 golds, 3 greens, and 1 black, which is the "big fish". The golds/masons bang on the walls to get the target aggravated and the matching greens administer the heart attack through the vibrations (the mason aggravation "gives" the target to the greens influence) and when they do it in 3s you have 6 total attackers on the team, and then the "big fish" is the lucky number 7 that moves in for the kill during the target's sleep, via the mind/dream push and suffocates the victim in their sleep. This is why alot of the masons work at cheap hotels, as it's easy to locate victims, and they can access the adjacent rooms next to the victim, or let other masons and greens in to do the kill (assist) among many other

Odd | note's

- I dont like lying or bearing false witness. I felt I had to lie on something so simple; ordering a pizza. I gave them a fake last name so that they would not put the dust on poison my food. I was forced into lying as a result of how the world works now. I feel like crap for even lying to protect myself. What I did was pray to God and asked for forgiveness for lying in order to protect myself. I told the pizza guy when he got here that I lied, and that I was sorry. He laughed because it was such a dumb thing, but I still feel better that I confessed my sin to him. If I was dealing with someone I would want the entire truth from them, and if they were forced to lie to me, I would want them to apologize to me & God and tell me the truth (confession). This is why we go to a preacher for confession of our sins. We also live in a world where we cannot trust our churches. If you see it this way and dont go to churches because you don't trust them, you can still confess your sins to those you have wronged personally and ask God for forgiveness. But that really bothered me because I take pride in being truthful and it is not right to lie. I hate that this world forces us to lie in order to survive and that's not right and needs to be changed. So I did what the Lord told me to do which was confess. I hate liars.

cont from hotel masons/queens

because of the masons/queens/big fish register, they can be tracked from their registration information. Also these types of masons that would kill an innocent victim are "bottom of the barrel" types that barely scrape by in life, so they cant afford the rooms so thats why they need the hotel worker mason to let them in, so Id imagine that mason gets a larger take than the other 2. Alot of these bottom feeder masons make their money doing that, and thats why they have nothing, the Lord takes it away from them. The "hit" money comes from parties of interest outside that circle of 7 that are threatened by the information that the target has discovered and carries. Example: Andrew Baerbart had this huge batch of information (supposedly about Obama, but I think that was a cover and it was about another person, because God and the spirits both tell me he is a great light warrior - [redacted] too actually) that made him a target, and he was killed ~~before~~ right before he was about to release that info, I suspect he may have had info on dark things the masons that hover (or hovered at the time since it was from when he was in college) around him did or things people from his fraternity did. Since they were rich Harvard families, and had access to large amounts of money, they could put a contract out on Baerbart through masonic (GOLD) connections to one of these low level teams that had no reservations about killing a known political analyst, and hand them money in an envelope to remain completely disconnected from the crime. This is why [redacted] talks about how the bank puts out an

b6
b7C

b6
b7C

investigation on you if you draw more than 10K in cash. It's also why they don't allow more than that through customs, as with spies going into different countries it gives them the ability to do an anonymous hit and slither back to their home country where they will be safe and get away with killing another person (thou shalt not kill). This is the basis (one of the major facets) of what our Dept. of Homeland Security does and how they keep us safe. We never see what they are actually doing and only see all the money being allotted to them and it leads the blind public to criticize them, but the problem is that they can't disseminate the info to anyone because the "spies" will switch their methods. God bless America x7; May GOD bless America maybe we can kill these heathen off and have our own National Security hit teams to take them out and take our nation back. Then we can focus on peace and cooperation with other countries so we don't have to constantly live in fear.

How "falling asleep" works

Ok, so you will hear about people "falling asleep". What this is is basically having your conscience shut down. Its characterized by your rationality leaving your thoughts like if you definetly know its wrong to do something (like sleeping with your best friend's girlfriend) but it suddenly seems right or okay or rational to do it. It comes from "pushers" casting their influence over you and projecting themselves onto you. Its also characterized by you feeling sleepy (like I talked about in the chemtrail thread) at times when you should not be sleepy. This is why you feel sleepy after eating certain foods around lunchtime, as they contain additives/chemicals that make you more susceptible to pushers making you sleepy. Its basically God not putting his light on you to recover you from that sleep. Those chemicals matched w/ a radio/EM frequency shut your brain down basically. For example, you may have a friend that is promiscuous. Lets say he contracts a venereal disease after sleeping with many women and you have a heart to heart talk with him, telling him why its bad to do that. You explain he is putting himself plus the women he sleeps with at risk by engaging in this behavior. He understands and you visit with him for the next week and it seems like hes improving. The following week though, he goes and does it again, like your into went in one car and out the other (sand people lol) He was basically put "back to sleep" after you had "woke him up" from his

stupid and dangerous behavior, because of the negative influence being cast upon him, from the various sources: FM influence, the other peoples problantes & influences that he keeps company with, and other sources. If he read the Bible and practiced its teachings, God's light would have been upon him, and helped to "keep him awake". By engaging in promiscuity with many women, it angers the Lord and results in him not wanting to give the light to your friend. If you were teaching him/encouraging him in the direction of God's word, you were casting a "temporary light of the Lord" but once you seperated from him, the light you brought from the Lord faded and also the other influences in his life helped to remove it from him. RED activities will put you to sleep if you are BLUE base polarity and vice versa. This is why the Lord is represented by WHITE. It is a universal wood that works for both; and why you have RED/WHITES and BLUE/WHITES. They tend to cooperate because they have a neutral interest in the Lord. The spider (BLUE/BLACK) and the fly/insect (Red/BLACK) tend to look at life as more of just polarity and that's how it is. There's not much religion in those types. So they just tend to benefit when RED and BLUE are dominant in the area. The WHITE helps to make you universal when dealing with opposing polarities as you will carry the light of the Lord and not fall back to sleep. Wake up!

AOT - White Supremacist Extremists;

Synopsis: U//~~FOUO~~ Classification: UNCLASSIFIED

==========

On 08/05/2012, WADE MICHAEL PAGE, a member of the White Supremacist Extremist group known as the Hammerskins, shot and killed six members of the Sikh community at the Sikh Temple of Wisconsin, 7512 S. Howell Avenue, Oak Creek, Wisconsin. PAGE also wounded several other people to include the first responding police officer, Lt. [redacted] Oak Creek Police Department, Oak Creek, Wisconsin. PAGE died at the scene of a self-inflicted gunshot after he was wounded while engaging other officers in the parking lot of the Temple.The result of the incident has left the members of the Sikh Temple unnerved and worried about the safety of their members. b6 b7C

On 10/28/2012, officers from the Oak Creek Police Department observed a suspicious white male in the parking lot of the Sikh Temple exit a red Ford Mustang with a backpack and head toward the entrance of the Temple. The suspicious white male entered the Temple and was subsequently approached by the officers. An interview was conducted and the Oak Creek Police Department contacted the FBI. SA [redacted] also interviewed the subject who was identified as Joel Sinclair Corbett, date of birth 01/22/1981, [redacted] MD [redacted] Corbett was polite and cooperative during the interview. He stated he was at the Temple because he was researching recent active shooters and had already traveled to Tucson, AZ and Aurora, CO. He also stated that he traveled to the Temple to pray with the Sikhs, assist law enforcement in looking for clues and because he was directed by the "Lord". Corbett consented to a search of his backpack and vehicle. The backpack contained duct tape, zip ties, a bible, $4,500 in cash, hotel receipts, a notebook with Corbett's writing, and several chargers for b6 b7C

electronic equipment. The vehicle had survival gear, a sleeping bag, suitcase, clothing, and asp, an empty Glock case, gun cleaning solution, and personal toiletries. Corbett did inform officers before searching the vehicle that he had ammunition but did not have a handgun. Four boxes of 9mm ammunition were located in Corbett's vehicle. Corbett allowed the officers from the OCPD to seize the ammunition.

Corbett stated that he previously owned a .40 Glock 22 which he sold to [redacted] who he believed worked for the US Army. b6 b7C
Corbett also claimed that he owned a 9mm Sig Sauer and a Mosberg shotgun. OCPD officers contacted [redacted] MD, telephone number [redacted] stated that she believes [redacted] is schizophrenic, but he has never been diagnosed with said condition. She described Corbett as intelligent but his thinking can be erratic.

Corbett has been drifting around the US for since 09/2012. In his backpack, Corbett had hotel receipts for the following locations:

1. Quality Inn, 1055 Walton Creek Road, Steamboat Springs, Colorado, dated 06/27/2012;

2. Inn of the Mountain Gods Resort and Casino, dated 07/08/2012;

3. Quality Inn Flamingo, 1300 Stone Avenue, Tucson, Arizona, dated 06/26/2012 - 06/27/2012;

4. Best western Point South, Ridgeland, SC, dated 10/16/2012;

5. Motel 6, 4760 Euclid Road, Virginia Beach, Virginia, 10/06/2012;

6. Best Western Airport, 2550 52nd Avenue, Moline, Illinois, dated 05/09/2012.

He stated that he has been traveling to the active shooting sites and visiting friends throughout the US. He has also traveled to Amsterdam and Iceland because he is a self admitted marijuana enthusiast.

CORBETT is unemployed after leaving a job at the Green Turtle restaurant in Edgewater, MD after the third day. He has also worked for the following employers:

This report contains the results of the examination of friction ridge prints.

Results of Examinations:

Three latent fingerprints of value were detected on Q62. No latent prints of value were detected on the remaining specimens.

The latent fingerprints detected on Q62, a tray from Q61, have been identified as fingerprints of WADE MICHAEL PAGE, FBI #109129WA2.

Methods:

Items of evidence submitted to the Latent Print Operations Unit for examination may be examined visually, examined with various light sources, and/or processed with chemicals and powders to detect the presence of latent friction ridge prints. The specific sequence of examinations and processes depends upon the nature of the evidence.

Friction ridge print examinations are conducted using the Analysis, Comparison, Evaluation, and Verification methodology (ACE-V), which includes an assessment of the quantity and quality of the information present. The steps of ACE-V are applied to each examination as appropriate.

Analysis is the assessment of a friction ridge print to determine if sufficient reliable details are present to conduct a comparison with another print and to reach an identification conclusion. If these conditions are met, the print is determined to be of value.

Comparison is the direct side-by-side observation of friction ridge prints of value to determine whether or not the information in two prints is in agreement.

Evaluation is the formulation of a conclusion based on the information gathered during the analysis and comparison of the friction ridge prints.

Conclusions that can be reached are as follows:

- Identification - the determination that there is sufficient quality and quantity of detail in agreement to conclude that two friction ridge prints originated from the same source.

- Exclusion - the determination that there is sufficient quality and quantity of detail in disagreement to conclude that two friction ridge prints did not originate from the same source.

- Inconclusive - the determination that corresponding areas of friction ridge prints are absent and/or unreliable and therefore cannot be identified or excluded.

Verification is the independent application of the analysis, comparison, and evaluation phases of the ACE-V methodology to a friction ridge print by another examiner.

Interpretations:

The presence of a friction ridge print on an item of evidence indicates contact was made between the source and the item of evidence. The presence of a friction ridge print alone does not necessarily indicate the significance of the contact or the time frame during which the contact occurred.

Due to the many factors involved in the deposition of a friction ridge print, neither the absence of a friction ridge print on evidence nor the exclusion of a friction ridge print with a given source disassociate that source from having touched the evidence.

Remarks:

No latent print examinations were conducted on Q201 or K1.1.

Enclosure(s): Enclosed are the following items:
1. (U//~~FOUO~~) AT&T documents

Details:

On 08/05/2012, WADE MICHAEL PAGE shot and killed six members of the Sikh Temple of Wisconsin located at 7512 South Howell Avenue, Oak Creek, Wisconsin. During his attack on the Temple, PAGE also wounded several other members of the Temple and the first responding police officer, Lieutenant [redacted] Oak Creek Police Department (OCPD), who was shot 15 times. As law enforcement officers from several jurisdictions responded to the scene of the shooting, PAGE was confronted by Officer [redacted], OCPD, in the parking lot of the Temple. During the confrontation, Page fired shots at Officer [redacted] who returned fire wounding Page. Page then turned his weapon on himself dying as a result of a self inflicted gunshot wound to the head.

Re: 266N-MW-2440609, 01/11/2013

The investigation revealed that PAGE had been a member of several White Supremacist Extremist (WSE) groups since 2000 to include the Northern Hammerskins based in Chicago, Illinois, and the Confederate Hammerskins originating from the east coast of the United States. PAGE was well known in the WSE community as a member of several white power bands which traveled throughout the United States and Europe promoting the WSE cause.

As a result of PAGE's rampage at the Sikh Temple of Wisconsin, the members of the Sikh community remain fearful that they will be victimized again because of their religious beliefs and their traditional dress. The Sikh Temple of Wisconsin continues to operate as a place of worship for the Milwaukee Sikh community. However, they have experienced suspicious persons entering their property and several harassing telephone calls. Consequently, they remain fearful that their community will again be the target of indiscriminate violence. The elders of the Sikh Temple of Wisconsin have been instructed by the OCPD and FBI to report all suspicious activity or threatening communications to the relevant law enforcement agency.

On 01/10/2013, a telephone call was received at the Sikh Temple of Wisconsin at approximately 1:14 PM which was identified by the caller ID as a "Private Number". The unknown male caller caller made a rambling series of statements referring to Sikhs, Muslims, Hindus, and the killing of the Temple President by Wade Michael Page on 08/05/2012. The caller also made several threats to kill members of the Sikh community which were thought to be direct threats to members of the Sikh Temple of Wisconsin. Two members of the Temple listened to the telephone call and believed the call was a white male who spoke with no audible accent. He referenced Canada several times during the rambling statements.

The Sikh Temple of Wisconsin received the telephone call at their main number, 414-764-7454, operated through AT&T. SA [redacted] contacted AT&T at 1-800-635-6840 requesting the incoming telephone number for a call received by the Temple at approximately 1:14 PM. AT&T identified a b6 b7C

[redacted] Police Officer, Oak Creek Police Department, was interviewed at the Milwaukee FBI office located at 330 E. Kilbourn Avenue, Suite 600, Milwaukee, Wisconsin. After being advised of the identity of the interviewing Agent and the nature of the interview, [redacted] provided the following information: b6 b7C

[redacted] has been a police officer with the Oak Creek Police Department for [redacted] years and a member of their tactical or SWAT team [redacted]

On 08/05/2012, [redacted] was working a day shift starting at 7:00 AM and ending at 3:00 PM. At approximately 10:00 am, [redacted] was handling a call at the Red Roof Inn involving two transvestites arguing over a room. [redacted] heard a call over the radio concerning a "disturbance" at the Sikh Temple of Wisconsin. [redacted] heard a second radio transmission regarding the Sikh Temple of Wisconsin where the status was changed to "shots fired". [redacted] who was 2 1/2 miles from the Temple, decided to leave the call at the Red Roof Inn to assist responding officers on the call of shots fired. b6 b7C

[redacted] and SA [redacted] agreed that the the officer involved shooting report prepared by the Milwaukee Police Department and the dash cam videos from the Oak Creek Police Department would cover [redacted] activity from the time he arrived at the Temple to the time he discharged his weapon striking WADE MICHAEL PAGE. b6 b7C

After PAGE shot himself, [redacted] and other officers moved to a forward position toward PAGE's location. [redacted] approached PAGE, who was unresponsive to commands, and kicked away a gun laying near PAGE's body. After he realized PAGE was dead, [redacted] and the other officers started to search for the first officer on scene, Lieutenant [redacted] observed [redacted] who had been shot multiple times, on the ground in the aisle of the parking lot waving his hands. He moved in [redacted] direction and moved past [redacted] in order to take a covering position on the Temple for the officers attending to [redacted] While he provided cover, [redacted] observed other officers placing [redacted] in Squad [redacted] where they began to provide first aid to [redacted] then requested an ambulance at their location and received a response that the responding ambulances where staying on Howell Avenue and would not be moving up to assist. b6 b7C

Consequently, [redacted] drove his squad down the driveway to Howell Avenue where he requested an ambulance follow him up to [redacted] location so the EMT personnel could render aid to the wounded officer. An ambulance did follow [redacted] who positioned his vehicle to block any threat from the Temple allowing the ambulance personnel to treat [redacted]

While covering the Temple, [redacted] received information of an individual shot at a neighboring house which made [redacted] worry that there was a second shooter in the surrounding neighborhood. [redacted] also learned about the vehicles which left the Temple parking lot at the time of the shooting. This also made [redacted] wonder if a second shooter or accomplice left the Temple prior to the arrival of the responding officers. [redacted] observed several people leave the Temple and run to a safe location, however, one individual dressed in green clothing left the Temple standing outside of the main entrance. This unknown person did not respond to verbal commands to move toward the officers to a safe position and spoke on a cellular telephone. Because little was known if the threat had been contained and if there were others involved in the shooting, [redacted] instructed the officers to expand the perimeter and provide cover if there were additional persons involved in the shooting inside the Temple. [redacted] described the situation as very fluid and continually changing with the intelligence received during the event.

Because [redacted] was not certain if the other wounded individuals in the parking lot could be treated, he returned to Howell Avenue to request another ambulance for the purpose of providing aid to the wounded located in the parking lot. After being told that ambulances were not released to travel up toward the Temple, [redacted] jumped on the running board and instructed the driver to take him toward the parking lot near the Temple for the purpose of treating potential survivors. [redacted] and other law enforcement personnel moved the two individuals with gunshot wounds on the north side of the parking lot toward the ambulance. [redacted] left the victims with the EMT personnel and started to instruct the officers on scene to establish a perimeter around the Temple.

[redacted] was eventually relieved and was instructed to remove himself from the tactical response.

[redacted]

Synopsis: (U) The Department of Justice, Community Relations Service, coordinated a six month leadership follow-up meeting regarding the Oak Creek Sikh Temple shooting.

Details:

(U) On 02/04/2103, the Department of Justice coordinated a key leadership follow-up meeting to the Oak Creek Sikh Temple shooting incident. The meeting was scheduled as a follow-up to the 08/8/2012 key leadership meeting that took place immediately after the shooting incident.

(U) The facilitators of the meeting were the Department of Justice [redacted] and United States Attorney of Wisconsin - Eastern District James Santelle. Invited and present at the meeting were members of the Oak Creek and Brookfield Sikh Temples, Department of Justice (DOJ), Federal Bureau of Investigation (FBI), Alcohol Tobacco Firearms (ATF), Oak Creek Police b6 b7C

Serial 748

Title: (U) Oak Creek Community Six Month Follow-up
Re: [redacted] 02/20/2013 b3 b7E

Department, Oak Creek Mayor, District Attorney's Office (DA), and the Sikh Coalition. The discussions focused around needs, issues, and concerns.

(U) The FBI was represented by SAC Teresa L. Carlson and SA [redacted] who summarized investigative matters since the shooting; to include threats to the Temple. b6 b7C

(U) The meeting was categorized as informal, productive, and very cordial. The Temple members were appreciative of the opportunity and cooperation with the federal and state governments. The members also thanked federal and local law enforcement for their efforts.

(U) According to the Sikh Coalition, who claimed to cover other incidents of hate crimes and injustice, the working relationship and cooperation between all entities at the meeting had never been witnessed by the coalition.
