Tip:	Credible claims of sexual asssault have been brought against Supreme Court nominee Brett Kavanaugh, as witnessed by millions of Americans at yesterday's Senate Judiciary Committee hearing. It is neither fair to the American people, nor in keeping with our nation's commitment to justice to have to hope that those claims will be investigated: they must be. The American Bar Association has called for a delay in the process and a thorough investigation. The integrity and credibility of the Supreme Court is at stake, and I implore you, as our leading law enforcement agency, to open an investigation into these matters immediately.

Tip:	I noticed that during the Judicial Confirmation hearing for Judge Kavanaugh, Sheila Jackson Lee (D-TX)passed one envelope to the attorney for Mrs. Ford, and had another envelope in her hand to give to someone else. It looks as if she was trying to do it secretly. I believe this needs to be investigated. What was in the envelope? Why is she giving it to the attorney? Thank you.

Tip: Dear Sir or Ma'am: this is not an emergency. This is in reference to previous tips regarding [redacted] I can recall from the 1990's that [redacted] told me that he knew of plans people had to scuttle political campaigns, elections and selecting people to office. I can recall [redacted] saying that people know for generations who becomes eligible for US Supreme Court office and that there was someone coming up for consideration who people were planning on ruining due to sexual misconduct allegations. [redacted] said that that individual, who I believe was Brett Kavanaugh, never had gotten involved in any kind of sexual misconduct and that there was someone else who people knew was the culprit and who knew how to mimic Kavanaugh so that his victims could blame Kavanaugh. Nothing further at this time.

Tip: Dear Sir or Ma'am: this is not an emergency. This is in reference to previous tips regarding [redacted] Regarding Brett Kavanaugh, I can recall [redacted] saying that Kavanaugh was deeply involved in organizing social events for classmates and friends, and that it was easy for someone to mimic him, so that drunken sexual partners could then think Kavanaugh had gotten involved in what could be considered misconduct. Tip:	I believe Judge Brett Kavanaugh lied and committed perjury, under oath, to senators during the Senate's Ford Hearing yesterday about being of legal drinking age when he went to high school and college. He was not. Given his course of study, he was surely aware of this. I believe he may have this in order to deceive the senators and the public in order to be confirmed to the U.S. Supreme Court.

Tip: I believe that Brett Kavanaugh sexually assaulted Dr. Christine Blasey Ford. This is evident by Dr. Ford's unchanging story, the details of her story matching with Kavanaugh's personal calendar from the summer of 1982, and the testimonies of numerous related parties who were friends with Kavanaugh during that time period. Further investigative action should be taken to affirm that this criminal act did indeed happen before he is considered for a Supreme Court Justice seat. As it stands, the evidence strongly suggests that Kavanaugh sexually assaulted Dr. Ford, and this insinuation is enough to diminish his standing as a Supreme Court nominee.

Tip: Credible claims of sexual asssault have been brought against Supreme Court nominee Brett Kavanaugh, as witnessed by millions of Americans at yesterday's Senate Judiciary Committee hearing. It is neither fair to the American people, nor in keeping with our nation's commitment to justice to have to hope that those claims will be investigated: they must be. The American Bar Association has called for a delay in the process and a thorough investigation. The integrity and credibility of the Supreme Court is at stake, and I implore you, as our leading law enforcement agency, to open an investigation into these matters immediately.

Tip: Credible claims of sexual asssault have been brought against Supreme Court nominee Brett Kavanaugh, as witnessed by millions of Americans at yesterday's Senate Judiciary Committee hearing. It is neither fair to the American people, nor in keeping with our nation's commitment to justice to have to hope that those claims will be investigated: they must be. The American Bar Association has called for a delay in the process and a thorough investigation. The integrity and credibility of the Supreme Court is at stake, and I implore you, as our leading law enforcement agency, to open an investigation into these matters immediately.

Tip: There are many things I want to know about yesterdays hearing with Dr. Ford and Brett Kavanaugh. Why wasn't Dr. Ford asked if she has a drinking problem? Why wasn't she asked where she got the (1) beer she said she drank? How often did she drink? How often did she go to these gatherings? Things just wasn't asked of her that was SLAMMED to Brett. Why hasn't she had a FBI investigation? How do we "the American people" know what kind of person she is? She has to many "holes" in her accusation. Cannot remember when, where, how she got home and many other things. She has NO WITNESS. It is her word and I and many other people would like to make sure she isn't LYING! Also she cannot even remember when her lie detector was. The day of her grandmothers funeral or the next day. Doesn't even know if she had a camera on her. REALLY??? And only2 questions on a lie detector. Hum. What was the outcome of the test and what were the questions?
And
the reason she gave why she didn't want to come to Washington, D.C. was her fear of flying. But during the hearing she has flown all over the place. So was that a lie?
I could go on and on but I won't. I hope that I know this was even read.
I feel so sorry for Brett Kavanaugh and my heart breaks for him and his family. He has been through 6 background checks. And ONE PERSON CAN SMEAR HIM FOR LIFE!!! Just is not right!
We the American people
want to know if she is getting an FBI investigation? I think she should!

Respectfully,

Tip:

As an engaged citizen who has watched approximately 10 hours of hearings involving Supreme Court nominee Judge Brett Kavanaugh, I respectfully ask you--in doing an an anticipated diligent investigation into allegations that Kavanaugh sexually molested Christine Blasey Ford and others-- to investigate possible perjury by the Judge.

During his testimony,
Kavnaugh said he never blacked out or passed out while drunk; yet in his yearbook he said he had to "piece together" events. He mentioned "beer" dozens of times--yet, I believe, he denied ever having a drinking problem --this despite a roommate who said Kavanaugh often got incoherently drunk. Kavanaugh said "Devil's Triangle" is a drinking game -- it is a threesome, and I believe he knows that. He denied Renate Alumnius was a reference to sexual conquest by multiple boys--- please question others about the veracity of his statement.

Below are links to articles that reference
Kavanaugh's alleged lies:

Brett Kavanaugh Lies About Everything

Disappointed in Blatant Lying

Thank you for what I anticipate will be a serious and thorough investigation.
I will ask my Senator Kamala Harris to follow up with you, as well, on this request.

Tip: Brett Kavanaugh Background: Honesty: Devil's Triangle IS NOT a drinking game; there are two definitions - both are related to having sex. Boofing IS NOT flatulence - it is code for anal sex. This is a reference from someone on Twitter, sorry I can't remember who discovered this, however, it's worthy of investigating - Mark Judge's grandmother house was a 25-minute walk from the Country Club referenced in Dr. Ford's testimony. Hope this is helpful in your continued background check on Bart Kavanaugh. Sincerely,

Tip: RE: Prof Ford. [redacted] my HS 60's we knew our body chngd every yr
as did "fashion" & hairstyles & transition into a new social world.
Swim suits were memorable. Was her one piece suit for dive practice or
pool party? What clothes covered suit? Hair groomed & after? did she
cry? mascara smear? Shoes? Day or night? Time? Did she walk to & after?
Physically composed returning home to parents at home? Was she alone? Most
15 yo girls have a BF & go places in a previously coordinated group
& talked on the phone constantly. Her Body confidence at 15? July
1st calendar says beers at Jimmies w 5 others. Jimmies house, his parents,
siblings? Was there a pool? Who furnished the beer? Did they "chip $ in"?
Keg? Her beer in a cup? Pre party to 4th of July? Her house in proximity
to other party goers Did she have a curfew? were schools on holiday? Family
4th of July traditions. Did she have a HS job? any community involvement
- church - school activities/clubs? Perceived HS personality status. She
knew the guys at the party. Why did she go? Did she feel safe? A whim
to "join in"? Drop by get together incident?

I BELIEVE HER, but I
have all these female questions.
Mark Judge says now he will cooperate.
Safeway job is verifiable & might help Dr.Ford remember. He evidently
had privilege & intellectual choice.

Mark Judge & Brett Kavanaugh
went to beer party in July 1982. So did Dr Ford.

Tip:	"Credible claims of sexual asssault have been brought against Supreme Court nominee Brett Kavanaugh, as witnessed by millions of Americans at yesterday's Senate Judiciary Committee hearing. It is neither fair to the American people, nor in keeping with our nation's commitment to justice to have to hope that those claims will be investigated: they must be. The American Bar Association has called for a delay in the process and a thorough investigation. The integrity and credibility of the Supreme Court is at stake, and I implore you, as our leading law enforcement agency, to open an investigation into these matters immediately."

There
is a lot to share but ill try
1.ford admits to being a sexaholic drunk
2.the
ACTUAL boy who mounted her that party has come forward and admitted it
was him..he also named the other boys there that day
3.her story keeps
changing
4.the house work permit pulled for her home repair was in 2008
but the actual work was done in 2012...clearly another lie
5.she claimed
fear of flight to put off hearing but flew mutiple times on vacas
6.bretts
mom oversaw fords family home repo(revenge?)
7.fords family has ties to
cia and the trump character assassination attempt(brett also is being assassinated)
8.ford
tried to stop sexual assult investigation for this hearing
9.her story
at first..she cant remember times dates places or exacts of attack.but
after talking to legal team...she all of sudden told different story(im
an incest rape survivor I REMEMBER EVERYTHING DOWN TO EVEN SMELLS AND SOUNDS
50+ yrs after!)
10.Feinstein even admitted she has serious doubts about
her story
11.prosecutor(see attached newslink)

Im sure there are a
lot of points iv not couvered but my ticker is down under 500 strokes so
i must end here

Fbi investigation should immediatly close on brett...but
an investigation into fords ant the two others as well as Feinstein and
the two lawyers should cont..ie:giving false info under oath taking bribes
(payoffs were given to lawyers ..its on tape!)...slander...undermining
gov procedures by lies and smoke screens

Brett and his family have been
permanently harmed...now being labeled a rapist..when clearly he has been
falsely accused and maligned by Feinsteins refusal to stop the false testimonies..

Announce
tomorrow am that brett has been cleared by preponderance of truthful evidence
Feinstein refused to be allowed entry in the kangaroo court !

HARM BRETT
AND HIS FAMILY NO MORE...

HE/THEY ALREADY HAVE ENOUGH EVIDENCE FOR A
MULTI MILLION $$$ LAWSUIT..DO NOT CONTINUE THIS WITCH HUNT AND CONTINUE
HARM TO THEM...

SHOW AMERICANS THE FBI C A N BE TRUSTED TO DO THE RIGHT
AND MORAL HIGHGROUND THING !!!

Clear and close only bretts fbi case
and allow him to swear into supreme tomorrow or sunday !!!

Thankyou

Tip: FYI: tip from Far Left Watch via The Gateway Pundit

Armed Leftists Call
for Mass Violence if Brett Kavanaugh Confirmed to SCOTUS

https://www.thegatewaypundit.com/2018/09/armed-leftists-call-for-mass-violence-if-brett-kavanaugh-confirmed-to-scotus/

On
Thursday leftists on Twitter began discussing the need for a “violent
general strike” if he were to be confirmed.

https://farleftwatch.com/armed-leftists-call-for-violent-strike-if-kavanaugh-is-confirmed/

This
Emily Gorcenski is based in Berlin but had been in Charlottesville VA,
the implication is she organized rioting and violence there until law enforcement
got interested in her group Rednect Revolt and others and she fled the
US. Now she is attempting to organize violence in the US remotely.

Thanks.

Tip: I am very pleased that you are going to ivestigate The Brett Kavanaugh case. [redacted] I am published in the subject of risk assessment. His friend, Mark Judge wrote a book entitled "Wasted" in which he claimed the term "Devil's Triangle" is 2 men having sex with one woman. Kavenaugh in his testimony, under oath to the Senate stated the term "Devil's Triangle" was a "drinking game". Because we dealt with parents (CPS) Child protective Servises. We were taught the skill of spotting signs of alcohol and drug abuse. Kavenaugh professed his love of beer several times during his testimony even asking the senator if he liked beer. We have observed therefore learned the symptom of intoxication excessive beer ingestion is what is known as the "thirst Hoorors" His constant water drinking and his erratic behavior mood changes (rapid)shifting from crying and rage. Made me want to see him breath allized. I would not have been suprised to learn he "drank his lunch. another term he reffed to is the "train" that is the line outside a bedroom door where men line up for their "turn to gang rape" a woman. I tried to buy Mark Judge's book "Wasted" but it is out of print. Amazon offered it for (950.) not in my budget.

Tip:	Hello, I think the FBI should look at Brett Kavanaugh's calendar page from September 1982. The alleged assault may have occurred around Labor Day. His lawyers have released May, June, July, and August. What about September? Heavy drinking, pool party, empty house--all the elements are there. Thanks.

Tip: Lying to a Senate committee under oath is a crime. Here is a simple line of inquiry that should be pursued by the FBI in this coming week's investigation into Brett Kavanaugh's behavior. Here is evidence for FBI that Kavanaugh lied repeatedly re Sen. Whitehouse questions …
The actual meaning of
the slang yearbook terms Sen. Whitehouse asked about is quite different from what Kavanaugh said. Just read the CBS story below and have your staff google "urban dictionary" to confirm. All these terms relate to drunkeness and abberant sexual behavior, so he made up other meanings. Bottom line: He lied to the Senate and should be punished for doing so. Please make sure the FBI includes this in their investigation.

Tip: Subject Brett Kavanaugh. He lied to Senate Juduciary Committee yesterday. Asked about phrases on his Yearbook page he lied while under oath. His yearbook page. Warning a bit X rated:

A Devil's Triangle :is a threesome
with two guys and a girl.

Boof :refers to taking alcohol through the
rectum.

FFFF: refers to one night stands. FIND them, FEEL them, F**K
them, FORGET them.

He lied under oath yesterday. He said Devils Triangle
was a drinking game. Boofed meant flatulence. FFFF how his friend stuttered.
All his answers made up to hide the fact of the sexual nature of his character
as a student. Contemporaneous evidence of
his character during time he
allegedly attacked Dr Ford. He lied and should be questioned about this.
He also lied about the mention of a girl Renate. Said Renate Alumnius meant
he was good friends with this girl. Fact is same was written on yearbook
pages of more than 12 members of football. Team. Actual meaning that she
had sexual relations with all of them. He lied to Senators. Please investigate.

Tip: https://michaelsavage.com/is-dr-ford-deeply-tied-to-cia/

Is this possibly
true? I am sure you are possibly already aware of this as fact or fiction. If so, it should be investigated. Michael Savage is not an ordinary citizen and has exposed a lot of corruption. This should be part of the Dr. Ford and Brett Kavanaugh investigation in my humble opinion. I wish no harm to anyone, only the truth to be told.

It seems that Mr. Savage has
been right before. I am sure I won't be the only one asking for it to be considered as part of the investigation. If this is not true then I sincerely apologize.

Kindest Regards,

Tip: Now that you are moving forward with an investigation of the sexual allegations by Dr. Ford against Brett Kavanaugh, I wanted to suggest being in touch with a psychologist/psychiatrist (as an expert witness) who specializes in shadow work (revealing/understanding the role of shadow in the psyche, or areas one hides from their awareness) as an explanation for the Dr. Jekyll/Mr. Hyde characteristics that Brett Kavanaugh displayed at the Senate Judiciary Committee hearing on Thursday, and his staunch defiance/refusal to acknowledge/evasiveness. He truly believes himself incapable of doing what Dr. Ford alleges, despite his display of aggression during the hearing. I can only imagine the level of anger he displays when intoxicated. This level of denial is characteristic of shadow - what we push out of our awareness, but lurks right beneath it. It could help bridge the credibility gap between Dr. Ford's and Mr. Kavanaugh's testimony. A psychologist in L.A. who specializes in this work and helped define the field is [redacted] I just wanted to mention this because this possible explanation was so striking to me, yet I did not hear it raised in any of the commentary, and I think it needs to be considered as part of the discussion. It would be remiss on my part not to mention it. Thank you [redacted]

Tip: I am fairly confident that [redacted] at Yale would party with Brett Kavanaugh intermittently or regularly during much of our time at Yale. They enjoyed parties with jocks and I vaguely recollect antics about him including references to his inebriation (a sort of lore). (1) [redacted] (2) The other I don't have contact info for, [redacted] was her name at Yale. She went to Harvard Business School after working for [redacted] at Harvard Business School, so presumably [redacted] or Yale or Harvard could provide contact info. [redacted] I recall, had the same major as what is listed for Kavanaugh, American Studies. [redacted] and I picked / were picked to be in the suite in Pierson College (Yale dorm) our junior year where you gave a keg party every Tuesday (Tuesday Night Club). People came from all over campus. It may be from those parties Brett is a familiar face / name, but I don't have clear first-hand memories of him. Also, Yale Daily News [redacted] is researching a story about his homophobia related to an eccentric roommate whom he treated badly, including apparently nailing a dead pigeon to his bedroom door. She called me asking if I recognized any names on her list of 6-7 boys who were friends of Brett at Yale. I did not.

Attn: Delaware FBI regrading the Investigation of Brett Kavanaugh as ordered by President Trump today.

Over ten (10) years ago, I documented for law enforcement a very violent event I endured while a college student in Bloomington, Indiana in the 1980's. I wrote down everything that I could remember about the words spoken during that violent event by my captors. This incident involved an older man who was instructing two (2) younger men. Today, that violent crime consists of at least one (1) felony. Detective [redacted] has the information in his files from my meetings with him over ten years ago. Many of the words that I overheard were related to physical locations in the Chevy Chase Maryland area.

b6 -4
b7C -4

I allege that [redacted] of Springboro Ohio was involved in, at a minimum, planning that violent crime. I suspect that [redacted] has known the father of Brett Kavanaugh and his family and/or friends for many years because of [redacted] work with a Cosmetics & Toiletries industry association. It is very probable that [redacted] knows the identity of this older man and the two (2) younger men as outlined in my paragraph one (1) of this correspondence.
My concern is that this older man may have been an elder Kavanaugh and the two (2) younger men may have been his family member(s) and/or friends or people associated with the elder Kavanaugh.

b6 -4
b7C -4

Yesterday, Dr. Ford stated that she felt it was her civic duty to come forward. Today, I know it is my civic duty to write to you about this violent experience years ago.

There was another unusual event that I witnessed in the late 1980's in Atlanta GA. I strongly suspect that [redacted] along with the father of Brett Kavanaugh were involved in trying to cause harm to me and others that day.

b6 -4
b7C -4

Please let me know if you have questions or want additional information from me.

Respectfully,

[redacted]

To whom it may concern.... I saw a friend post this on on FB and it may be of interest. Maybe you can research or confirm the terms Kavanauagh referred to. Not sure this is the proper platform to submit but it's the only one I know..I'd like to remain anonymous. See below

.....O.B.
: I was a dude who went to parties in the eighties, and worked on the yearbook staff, so let me shed some light on a few things:

"Boofing" doesn't
refer to farts or flatulence. Boofing is a very specific category of anal insertion. He lied about that. Under oath.

"The devil's triangle" is
not and has never been a drinking game. It's a euphemism for a threesome involving two men and one woman. He lied about that too. Under oath.

Yearbook
editors do not doctor or change copy provided by students for their dedication page without their permission. Whatever he wrote in his yearbook is 100% his own words. He lied about that as well. Under oath.

Just like he
lied about his drinking, just like he lied about never having assaulted anyone, just like he lied about the reasons why he won't agree to an FBI investigation to prove his innocence, just like he lied about not having tried to rape Dr. Ford at that party.

The boy who tried to rape Dr.
Ford at that party was exactly the same entitled, binge-drinking jock douchebag who got away with the same exact crap at your school in the eighties and nineties.

That's who Brett Kavanaugh is.

I don't even have to believe
Dr. Ford. I do, but I don't have to. I just don't believe him. None of what he said today was true, and it was obvious. His lies were absurd and easy to debunk. He isn't even a good liar.

Here's a photo of the real
Brett Kavanaugh. Not the sniveling gaslighting jackass in a cheap suit who barked at Senators today and whined about not being handed a job he feels entitled to.

Here's the guy who shoved am innocent girl into a
room with his friend, locked the door, tried to rape her, and then went on about his day. That's his true

Tip:	Brett Kavanaugh is clearly lying. This is going to sound trivial, but yesterday when questioned about his yearbook quotes/profile, he lied about the meaning of slang terms such as Devil’s Tirangle, boof, and FFFF. Please research these terms as they are sexual and crude. It seems clear that he and his buddies liked to party hard in their teenage years, and he could have easily committed sexual assault.

Tip: Re Judge Brett Kavanaugh: See the article in the Montgomery Sentinel newspaper of MD of 9/27/18, called "Culture of Privilege" with an anonymous interview with a woman who knew Judge Brett Kavanaugh in high school in MD, and avoided him because he was "obnoxious & crude" when drunk -- and he did drink. Although the source is anonymous, the Sentinel states that the source was validated and was clearly in high school in that area, in that social circle. I have a copy of the paper if you want one. The piece is apparently not yet on the mont.thesentinel.com website. There are still a few copies on newsstands and in drug stores in Mont. County. [redacted] cell: [redacted] might be able to put you in touch with this anonymous source. (Please do not tell [redacted] that I suggested you contact him or gave you his cell.) The source might lead you to other people in that social circle. And those people could perhaps give you credible evidence on what "devil's triangle" and "boofing" and "quarters" and "ffffffFourth of July" really meant in that crowd. Good hunting.

Tip: THERE IS NO OTHER GOVERNMENT ON OUR PLANET MORE CROOKED AND DANGEROUS THEN “THE UNITED STATE OF AMERICA”.

The FBI investigated my wife and
I and found out we are better Americans then they are. FBI what did you
do about the criminals?

Brett Kavanaugh said his reputation is ruin
because of recent allegations and the hearings on TV about sexual crimes
he may have committed. Our reputation was ruin with the help of the FBI
.The same FBI agency they mention on TV about investigating the allegation
against Brett Kavanaugh.

My wife and I were Attack and Assaulted at
Walt Disney World Florida by 3 Orange Co Fl Deputies in 2005. We did absolutely
nothing wrong. I was arrested for Battery On A Law Enforcement Officer
and went to jail. This charge was a total lie. We went to Disney Parks
for about 35 years. We even took 2 or 3 Disney Cruises and never had a
problem . FBI why don’t you start telling the truth and stop protecting
dangerous criminals.

The 3 Orange Co Fl Deputies got five Disney Employees
to file false police reports to help
collaborate their crimes against
my wife who had cancer at the time and I . I still have the employee police
reports that are missing from the case files at the Orange Co Fl Sheriffs
Department. I subpoena Disney for surveillance video’s to prove what
happen. I work at Disney prior the attack and knew they had surveillance
camera’s in the area we were attack. Disney told the courts they could
not find any video’s. This was a total lie. Police abuse is high at Central
Florida Theme Parks.

in 2006 we went to the FBI and spoke with FBI
Agent [redacted] in Knoxville TN to file complaints about the attack
at Disney World and about a incident we had at our home by the same police
department about 6 months prior the Disney attack.

b6 -1
b7C -1

At our home my wife
and I were abused and lied about. I also have those police reports in
my files. They were loaded with lies. In 6 months I had Domestic Violence
, Repeat Violence and Battery On A Law Enforcement Officer which were all
total lies. They even posted this garbage on the Orange Co Fl Clerk Of
Courts Website. Hey Brett how about our reputation?

Three FBI Agents
came to our home in 2017 to tell me I was frame for a felony. “REALLY”!
We knew this 12 years ago. The FBI investigated my wife and I while protecting
dangerous terrorist criminals. Many times I question the Orange Co Fl Sheriffs
Department the FDLE and the FBI wanting to get justice for both incidents.
What happen FDLE and FBI ?

The picture below is a total lie. This was
posted on Orlando Florida Topix by a Florida Cop or Disney Employee or
Disney themselves or maybe even the FBI. They all did all they could to
destroy my wife and I. We are better Americans then any one of these rotten
anti American bastards.

Tip: [redacted] in a public online discussion about Brett Kavanaugh crimes, appears to proudly admit to worse crimes of his own when he was young.

Léona
[redacted] I have no clue what you're talking about his BTW I don't know what that means I don't do Facebook code. And your other comment [redacted] [redacted] who's are you referring to I don't understand it either. My days in high school well young lady some of the things we did in high school would shock you you would find them unbelievable trust me. They went well beyond gropes and possible rubbing of the hands on the outside of the body that's enough said. And you know what not one of the women ever complained. In fact they enjoyed it.

Tip: I am passing along info from a blog on FB which tell you potential address where Kavanaugh and Ford attended the party, as well as the names of other guests. Apparently the blogger merely had to do a search string that she has spelled out below the picture in the blog. Hope you are looking at this info already...watch for crowd sourcing info like this, it seems productive and fast. Here is the link https://marycumminsrealestatemarycummins.blogspot.com/2018/09/who-is-timothy-p-gaudette-brett.html and
here are a few copied and pasted details from the blogger's text: "The other people at Timmy's house July 1, 1982 were Tom Kaine, PJ Smyth, Bernie McCarthy and Chris Garrett besides Brett Kavanaugh and Mark Judge." and check out the blogger's research on possible family home of Timmy..."[redacted] It's a two story home but so are most in the area." thank you. Hope you can talk to all potential partiers and friends of Kavanaugh under oath!! Please!!

Tip: RE BRETT KAVENAUGH INVESTIGATION: If the FBI could determine that Brett Kavenaugh WAS "in town" when Dr.Ford alleges she was sexually abused by him, wouldn't that reveal he WAS LYING UNDER OATH when he insisted he was not even "in town" at the time?

Wouldn't it be possible for the FBI to ascertain (run down) where he really was at that particular day?

Tip: I just read a 9/25/18 article by Robin Wood about his experiences working with Brett Kavanaugh in the late 1990s. It told how Kavanaugh was the designated leaker to the press of sensitive information from Starr's operation. Etc.

I don't know if this article is important in reviewing Kavanaugh's background or not, but I'm alerting you to it just in case.

Tip: Dear Sir or Ma'am: this is not an emergency. This is in reference to previous tips regarding [redacted] Regarding Brett Kavanaugh, I can recall [redacted] saying that 'its him' regarding [redacted] efforts to bring gay people into government, that they 'knew how to do it'. That is to say that [redacted] said that they were making a directed effort to get someone 'elected', positioned or selected to the Supreme Court who could be hamstrung. I had no idea what [redacted] was talking about and [redacted] did not care which was typical for our sessions. It was as if [redacted] used the sessions we had together for his own agenda. <> Regarding [redacted] [redacted] did the same thing. I can recall [redacted] radioing with Minot AFB, as referenced in previous tips, that he 'had a ball on board' which referred to me, as if I was a ball to be used in a game between competing parties in order to get people 'made' or do whatever. Apparently, having me present made it able for [redacted] or like [redacted] to hamstring people. <> Unrelated, I can also recall [redacted] saying as he flew with me over what he called Donnybrook, that there was a militia or what he called a 'milit' at the camp where he and [redacted] had hiked to '20 miles' out to somewhere around a preserve. I also recall [redacted] saying that he was going to 'jam' with a refueler to fuel up the 'dev' he was flying, apparently a trainer and not an actual A10. I recall [redacted] arguing with Minot about how he had arranged it prior, that they had already discussed it, and that it was a training mission for the refueler and [redacted] I recall [redacted] saying that the person he was radioing with at Minot knew me from Vanderbilt. Nothing further at this time.

Tip: If the FBI is going to re-open the Ford allegation, it should be two-pronged. Since the witnesses Ford named cannot...do not...recollect the event that Dr. Ford has alleged, then perhaps there's another possible scenario. Surely with all the flak taking up most of the time of the media, something surely should have jiggled a remembrance by someone who took her to the house in question and/or drove her home afterwards, but no one has stepped forward...so let's look at the possibility that it didn't happen in the summer of 1982, but the summer of 1983..This would have made Dr. Ford 16 at the time and able to drive herself to and from said site. It would also change the summer dynamics of the now graduated Brett Kavanaugh. I know my summer following graduation changed my life dramatically..Not only was I working hard to earn money, I also was working out to be in shape when I reported to college, and...was getting ready to leave for college, and my summer was about a month shorter than past ones as freshman orientation started earlier than classes. It also meant I had less time to spend with extraneous people.

Now
that the FBI is reopening the Ford allegations , here's something that sounds rather suspect..Ford claims that she was naive about lawyers and asked Sen Feinstein for advice. What she failed to tell the world is that her dad is a lawyer and both her brothers are lawyers in the DC area. In fact, her oldest brother worked for the law firm that now represents GPS Fusion. This is a little too convenient to be coincidental.

Another
thing I have found is that Dr. Ford's father worked at the CIA at one time, and we know no one actually fully reties from the CIA. He would surely be able to advise a psychologist on how to manipulate a lie-detector test, but more importantly, advise her/her lawyers on "who to get to administer one . Perhaps one goven by a FBI professional should be administered.

Tip: I received this email and since, we all know the committee did not vote to advance the nomination yesterday, this could be a fraud or an attempt by a foreign country to influence our electorate.

Tommy,

Every single Republican on the Senate Judiciary Committee just voted to advance Brett Kavanaugh's nomination for the Supreme Court.

Despite yesterday's powerful hearings, they still think he's fit for a lifetime appointment to the most powerful court in the country and will use their Senate Majority to put him there. There has never been a clearer case for why we need to flip the Senate.

Yesterday,
America saw Kavanaugh unravel and become unhinged when asked questions
about the sexual misconduct allegations against him.

It's clear, Brett

Tip: I wish to inform the FBI of some verbiage used by Mr. Brett Kavanaugh testimony's that in my opinion was falsified under oath. I attended junior and senior high school in Abilene, Texas, college at the University of North Texas in Denton, Texas and Texas Tech University, Lubbock. In all three cities, boys commonly used the term "boof" as the sex act, usually but bot exclusively referring to anal sex between males. And I can absolutely tell you the that "FFFFFFF was widely known to mean "Find, feel, fondle, finger, fu*k and forget." It is my contention that these were commonly used phrases heard in most boy's dorm rooms at the time. Please look into this.

Tip: Credible claims of sexual asssault have been brought against Supreme Court nominee Brett Kavanaugh, as witnessed by millions of Americans at yesterday's Senate Judiciary Committee hearing. It is neither fair to the American people, nor in keeping with our nation's commitment to justice to have to hope that those claims will be investigated: they must be. The American Bar Association has called for a delay in the process and a thorough investigation. The integrity and credibility of the Supreme Court is at stake, and I implore you, as our leading law enforcement agency, to open an investigation into these matters immediately.

Tip: Brett Kavanaugh provided a 1982 Northwestern Mutual Life calendar as so called proof he did not attend a party as alleged by Dr. Ford. Hard to believe a person would keep calendars for 36, or more, years. Anyway, I am not sure if the FBI is aware a blank 1982 Northwestern Mutual Life calendar can be purchased on the internet. Movies during the summer of 1982 can also be viewed. One could easily purchase the calendar and fill in the squares and state it was a calendar he/she kept over the years.

Sir/Madam:

Re: Brett Kavanaugh Investigation Ordered by the President

Pursuant
to the Christine B. Ford's confidential letter that was leaked to the press,
you may want to follow-up with Paige Herwig, former staffer to Dianne Feinstein,
who presently is the deputy head of Demand Justice under Brian Fallon (Hillary
Clinton's former press secretary). Demand Justice is an NGO whose mission
statement is to block every one of President Trump's nominees to the federal
court system.

Topic: Brett Kavanaugh Background Check. Phrases "Boofed," "Devil's Triangle," "FFFFFFourth of July","Renate Alumnius", and "train"

Urgency: I believe
the FBI must move quickly to include questions about these phrases during interviews with Mr. Kavanaugh's classmates such that you assemble a consensus of then-current definitions.

The Issue: Mr. Kavanaugh used these phrases
(except "train") to describe himself. When written, he was using then-current definitions in mind. During Senate testimony, he seems to have offered definitions which are, at best, misleading. At worst, he perjured himself at the Senate Judiciary Committee and showed how easily he can lie to the Committee and the public.

The Challenge: To come to understand the then-current
definitions. Sources: classmates, high school counselors, dorm counselors.

Comment
specifically about "trains": Ms. Swetnick referred to trains. Senator Graham asked Mr. Kavanaugh if he was a serial rapist. Having lived/worked in college dorms for seven years, I can tell you young people are much more accepting of "trains" or "pulling a train" than they are of "rape". "Trains" generally involve some sort of consent (albeit often given under the influence). Set aside your argument that drunken consent cannot be given. Think like a teenager. Guys line up to have set with a girl that (they think) has given consent. They do not think it is rape. That's why people (like Ms. Swetnick) could return to those parties. Their mind set is not "rape". It's "pulling a train", which usually implies some sort of consent. As an adult, we understand that drunken consent is NOT consent. But you have to get into the mind set of a teen or college student. Ms. Ford's experience would have been rape if she had not escaped. If she had given any sort of consent, it could easily have turned into a "train" with Mr. Kavanaugh and Mr. Judge. Or if sex was concurrent, a "Devil's Triangle".

Think
like a teenager to understand what was going on. Gather then-current definitions and compare them to what Mr. Kavanaugh told the Senate Judiciary Committee. Count the number of entries of each phrase in the year book. They were badges of honor, not "rape" like adults think of such sexual acts. WE know different, but think like a teenager as you try to figure out what these phrases mean and what was going on in this group of young people.

Tip: While watching Prof. Christine Blasey Ford's testimony on 9/27/2018, on television, I recall Ms. Mitchell referring to a letter to Prof. Ford about a Brett Kavanaugh look=alike. Suddenly, Prof. Ford and her attorneys seemed to panic and didn't want to talk about it. I haven't heard anyone mention this exchange. Also, did anyone ask Prof. Ford about the lighting on the stairs when she was looking for an upstairs bathroom? Perhaps these things could be examined by the FBI? Thank you for your service to our country.

Tip: Please call this man as a witness re Kavanaugh

from [redacted]
under a photo of high school Kavenaugh and Judge sticking out their tongues):

b6 -4
b7C -4

I
was a dude who went to parties in the eighties, and worked on the yearbook staff, so let me shed some light on a few things:

"Boofing" doesn't
refer to farts or flatulence. Boofing is a very specific category of anal insertion. He lied about that. Under oath.

"The devil's triangle" is
not and has never been a drinking game. It's a euphemism for a threesome involving two men and one woman. He lied about that too. Under oath.

Yearbook
editors do not doctor or change copy provided by students for their dedication page without their permission. Whatever he wrote in his yearbook is 100% his own words. He lied about that as well. Under oath.

Just like he
lied about his drinking, just like he lied about never having assaulted anyone, just like he lied about the reasons why he won't agree to an FBI investigation to prove his innocence, just like he lied about not having tried to rape Dr. Ford at that party.

The boy who tried to rape Dr.
Ford at that party was exactly the same entitled, binge-drinking jock douchebag who got away with the same exact crap at your school in the eighties and nineties.

That's who Brett Kavanaugh is.

I don't even have to believe
Dr. Ford. I do, but I don't have to. I just don't believe him. None of
what he said today was true, and it was obvious. His lies were absurd and
easy to debunk. He isn't even a good liar.

Here's a photo of the real
Brett Kavanaugh. Not the sniveling gaslighting jackass in a cheap suit
who barked at Senators today and whined about not being handed a job he
feels entitled to.

Here's the guy who shoved an innocent girl into a
room with his friend, locked the door, tried to rape her, and then went
on about his day. That's his true face.

He lied under oath for the better
part of an hour today, and every man who grew up in the same era f___ing
knows it.

Tip: This is connected to the Brett Kavanaugh issue. I saw a post today on Facebook, that if true, needs to be part of your investigation. I tried to confirm the post, but was unable to. In short [redacted] and he indicates that Judge Kavanaugh lies multiple times during the hearing regarding the terms of “boofing” and “Devil’s Triangle”. These are serious accusations, and I hope you are able to investigate them further. Thank you.

Tip: I watched every minute of Senate Judiciary Committee hearing that had Christine Basley Ford and Brett Kavanaugh. I am suspicious of Mrs. Ford's motives because some things she said didn't ring true, and I've seen photo of her on internet that indicate she is anti-Trump, holding up sign "Not My President".

I
am an old lady who sits at home and watches TV. I saw Sen. Grassley say he and his committee would fly to CA to interview her and would meet her anywhere she wanted. He said it multiple times. But in her interview, she acted surprised, like she didn't know about this offer for committee to come to CA to interview her. How come she didn't hear about this? Wouldn't a friend call her and tell her? I heard Sen. Grassley say they emailed her multiple times and tried to call her and also left messages with Sen. Feinstein whose office didn't call back.

When she said "I
am terrified" she didn't sound terrified. There are machines that can measure stress level, maybe better than my ears can measure stress level.

I
made a list of what I thought was odd about her case.
WHAT'S ODD ABOUT
CHRISTINE'S CHARGES:
1. never filed a rape report with police, even though
Maryland has NO TIME LIMIT to file. Maryland reported that no charges had been filed against Brett Kavanaugh by anybody.
2. talked to Washington
Post, but claims she didn't want to go public.
3. Claimed she couldn't
fly from CA to WASH, D.C. but she was already near Wash, DC, visiting parents in Maryland (next door to Wash, DC) Also flew to exotic far away places,

so flew often.
4. Doesn't remember if she gave medical records to Washington
Post, only 6 weeks ago.
5. Her Yearbook had numerous references to her
playing drinking games, passing out, having sex. Brett's yearbook extensively
analyzed but no one looked at her yearbook. Her yearbook was scrubbed
off internet, but Infowars had predicted that and had copied it before
it could be scrubbed off internet.
6. Didn't know if she was videoed during
polygraph test. Camera and one bright light would be obvious.
7. Didn't
know who paid for polygraph test, or her lawyer fees. When I went to lawyer,
fees carefully spelled out before I received services.
8. Said "I am terrified",
but didn't SOUND terrified.
9. What's really odd is lawyers met her in
a car in a parking lot. When I met with lawyer, it was always in their
office, no one came out to meet me in a car.

Now that your office is
investigating, I think you should investigate all the correspondence between
Mrs. Ford, her lawyers, and Sen. Feinstein's office and the office of her
local rep, Eshu (?). I believe there was coordination between their offices,
(but I have no proof) and since Sen. Feinstein withheld Mrs. Ford's letter
for 60 days, there should be checking between them for conspiracy to "out"
Mrs. Ford and to accuse Brett Kavanaugh unfairly. Sen. Feinstein should
have shared letter in private Senate meeting. Instead she ruined their
lives and reputations. (My opinion)

Tip: I am not sure this is true however, because it is out there on Facebook
I think the FBI should search to see if this is true about Brett Kavanaugh
and if so, this big national problem will be easily solved and the FBI
could help improve it’s image greatly. The only way to find out if it
is true would be to get her Facebook account opened again which she recently
closed. I understand she could and only she could do or have the FBI demand
to see this Facebook Account she closed. I have seen things on Facebook
that states she said on her site back in March that “SOMEONE NEEDED TO
COME FORWARD AND ACCUSE NEIL GORSUCH OF RAPE TO DERAIL HIS SCOTUS NOMINATION
TILL TRUMP NOMINTES MERRICK GARLAND.” If this is true it would very strongly
suggest that she just about did the same thing she suggested someone do
to Judge Garland in March. If it is not true it would clear it up for her
end very bad story that is out there about her.
With the whole country
divided on this BIG ISSUE every effort should be made by the FBI to find
out if this thing really happened or not.

Tip:	The FBI needs to check things listed on Brett Kavanaugh's calendar that should be fairly easy to check, such as the time he claims he donated bone marrow. One does not just walk in and donate bone marrow. Usually this is an all day procedure and requires quite a bit of recovery. Other items also could be easy to check his creditabilty.

Tip: I watched the US Senate hearing on Brett Kavanaugh, but at the time did not realize the lies that Kavanaugh told. I should have caught the FFFFF reference and also never heard of Devils' Triangle as drinking game, but on searching after the hearing came across this article, published before the hearing:

https://www.vox.com/2018/9/26/17901368/kavanaugh-yearbook-boof-devil-triangle-renate-beach-week

and also about underage drinking:

https://gazette.com/news/as-a-teen-kavanaugh-was-never-a-legal-drinker-in/article_aa23f352-c37a-11e8-9789-3f0d74becf33.html

Lying under oath is a felony. Just based on these lies he must be charged. It is your duty to expose these obvious lies, even though they are not directly about the sexual assault charge, they raise the serious question of his truthfulness in denying those charges.

Tip: Please investigate Supreme Court nominee Brett Kavanaugh.Credible claims of sexual asssault have been brought against Justice Kavanaugh as witnessed by millions of Americans at yesterday's Senate Judiciary Committee hearing. It is neither fair to the American people, nor in keeping with our nation's commitment to justice to have to hope that those claims will be investigated: they must be. The American Bar Association has called for a delay in the process and a thorough investigation. The integrity and credibility of the Supreme Court is at stake, and I implore you, as our leading law enforcement agency, to open an investigation into these matters immediately.

Tip: The DEVIL's TRIANGLE: Take three bodies and form a equally sexually active MMF triangle. That means one of the men was performing sex on the other man.

Since Mark Judge is the "recovering" alcoholic, there is the strong possibility that Bret Kavanaugh was the ALPHA MALE and Mark Judge was the BETA and needed alcohol to "perform" as Bret commanded. After Brett, possibly brushed aside Mark Judge, or possibly replaced him, Mark Judge continued to drink to slow the synaptic transmissions of what he did and what Brett, as the ALPHA PREDATOR MALE, may have made him do.

That may be the more compelling reason Mark Judge doesn't what to talk about it, especially, if Mark identifies as heterosexual and cannot reconcile the incongruity/cognitive dissonance. If Mark Judge identifies as gay, what he may have done to be in Brett Kavanaugh's presence might go toward what Mark Judge may perceive as diminishing his self-worth/self-value. If Mark Judge was a totally invested BETA, the loss of his AIPHA may have caused a downward self-destructive spiral.

Tip: O.B. : I was a dude who went to parties in the eighties, and worked on the yearbook staff, so let me shed some light on a few things:

"Boofing"
doesn't refer to farts or flatulence. Boofing is a very specific category of anal insertion. He lied about that. Under oath.

"The devil's triangle"
is not and has never been a drinking game. It's a euphemism for a threesome involving two men and one woman. He lied about that too. Under oath.

Yearbook
editors do not doctor or change copy provided by students for their dedication page without their permission. Whatever he wrote in his yearbook is 100% his own words. He lied about that as well. Under oath.

Just like he
lied about his drinking, just like he lied about never having assaulted anyone, just like he lied about the reasons why he won't agree to an FBI investigation to prove his innocence, just like he lied about not having tried to rape Dr. Ford at that party.

The boy who tried to rape Dr.
Ford at that party was exactly the same entitled, binge-drinking jock douchebag who got away with the same exact crap at your school in the eighties and nineties.

That's who Brett Kavanaugh is.

I don't even have to believe
Dr. Ford. I do, but I don't have to. I just don't believe him. None of what he said today was true, and it was obvious. His lies were absurd and

easy to debunk. He isn't even a good liar.

Here's a photo of the real
Brett Kavanaugh. Not the sniveling gaslighting jackass in a cheap suit
who barked at Senators today and whined about not being handed a job he
feels entitled to.

Here's the guy who shoved am innocent girl into a
room with his friend, locked the door, tried to rape her, and then went
on about his day. That's his true face.

He lied under oath for the better
part of an hour today, and every man who grew up in the same era fucking
knows it.

Tip: I have provided information to Special Counsel, Robert Mueller in the past, and I need this information to go thrust him. It was Brett Cavanaugh who stopped me from talking to people in the White House, about the upcoming September 11, 2001 terrorist attacks, in the early days of the Bush Administration. I think he may have committed Misprision of Treason.

I have known George Bush Jr since I was a child. He was my personal pilot. I introduced him to his wife, Laura. I have also known Donald Rumsfeld, Dick Cheney, and George Tenant since I was a child. I was close friends with many other people in his administration; Valerie Plane, Condoleeza Rice, Scooter Libby, and many others. I spoke to everyone at first, up until I gave intelligence for Condoleeza Rice to write the Presidential Daily Briefing titled: Osama Bin Laden Plans to Attack US Mainland. After that, Donald Trump and Brett Cavanaugh called me up and angrily told me they wouldn't allow me to speak to anyone at the White House. They sent people to kill me and steal from me. They were successful in stealing some documents from me and obstructed me long enough to allow the attacks to occur.

Former President Bush is working to keep Brett Cavanaugh from being appointed, even though he is letting the public and the F.B.I. assume differently. He knows I can't trust or depend on the F.B.I. to do its job as long as Trump is being protected from Treason charges. I just am trained to always do my part even though there have always been racist white people in government, criminally conspiring against me. Thanks for nothing; heroes the intell.

Tip: Dear Governor Larry Hogan, Lt. Governor Rutherford, J Thomas Manger, Chief of Police and Montgomery County State’s Attorney John McCarthy:

I
write to all of you to help uncover truth. I show no partiality, I only want TRUTH, not lies.

I want you to look at the yearbook pictures within this video, specifically the football picture where Bret Kavanaugh and Mark Judge are shown side by side. Brett Kavanaugh and Mark Judge look VERY much alike. They could pass for brothers or even twins.

https://www.nytimes.com/2018/09/27/us/mark-judge-kavanaugh-hearings.html

Look at this picture as Mark Judge appears now, wearing a red baseball jersey and cap. He STILL looks like Brett Kavanaugh.

https://www.huffingtonpost.com/entry/mark-judge-brett-kavanaugh-hearing_us_5bad2086e4b09d41eb9f7d86

Mark Judge was the young man who led the WILD lifestyle. Brett Kavanaugh was involved with law enforcement.

The allegations made could be caused
by confusing the identities of these two men from the time they were teenagers.

I would like to know, if a set-up was done, the football picture of
the two young men were separated (with the jersey number blurred out just
in case they know the jersey numbers or have seen the picture before),
and they each are asked to identify who the particular individual is -
if ALL of the women would misidentify the two young men?

When I
saw the picture in the Huffington Post, all I could say was Oh my God!
Also consider this, that when words fly - one man has the last name of
"Judge" and the other IS A Judge. Gossip is a terrible thing.

I ask
that you PLEASE consider these facts for the protection of all those concerned.
A man's whole life and career is at stake for this.

Respectfully,

Tip: Not a tip, just a (probably dumb-ass) specu.ation re Christine Ford Brett Cavanaugh investigation, trying to imagine what could possibly provide compelling physical evidence after all this time. So for what it's worth, here goes . . . IF you can find the house where the assault allegedly took place (IF it still exists), and IF the bedroom still has its original flooring, and IF that flooring comprised wooden floorboards, and IF DNA evidence in the cracks (hair follicles, skin cells, etc.) can survive 35 years in dry conditions . . . WOULDN'T THAT BE SOMETHING!

I probably watch too
many TV cop shows. Anyway, good luck.

Tip: This tip is in regard to the Brett Kavanaugh investigation: Last night (Friday 9/28/18) I found a Twitter conversation thread between people who claimed to be associated with the private school peer group that included Brett Kavanaugh and Christine Ford. They were theorizing and connecting dots about the who, what, where, when, why, and how of July 1, 1982 on Kavanaugh’s calendar, and contextualizing the information against a backdrop of sexual abuse by teachers at Kavanaugh’s all-boys Catholic high school and an adolescent culture of having to constantly “prove one’s manhood.”
Tracking these conversations might yield important patterns and insights.
I cannot find the thread nor do I remember the names of folks tweeting.
I will be continuing to try to relocate it.

Tip: Re: Kavanaugh sexual abuse investigation information

Judge Brett Kavanaugh,
while under oath, stated that the term “Devil’s Triangle” (a term he included in what he wrote for his own high school year book entry) referred to “a drinking game” involving quarters.

THIS IS DEEPLY TROUBLING.

According to the online “Urban slang dictionary”, the ACTUAL principal definition of this slang term is “A THREESOME WITH 1 WOMAN AND 2 MEN”. There is no mention of a definition involving drinking games.

Here’s the link - https://www.urbandictionary.com/define.php?term=Devils%20Triangle

According to the Wikipedia “disambiguation” page, “devil’s triangle” has associations with many subjects, none of them (also, see footnote), involve drinking games. It DOES include “A sexual threesome, consisting of one woman and two men”.

Here’s the link https://en.wikipedia.org/wiki/Devil's_Triangle_(disambiguation)

Here’s what troubles me.

1. Dr Ford (a woman) described being sexually set upon by Brett Kavanaugh and Mark Judge (two men). Sounds like the most commonly used definition of “devil’s triangle”.

2. Judge Kavanaugh
denies this and deflects the definition of “devil’s triangle” to
something which sounds credible (given his admitted propensity for drinking
alcohol, especially beer) yet that definition is not supported by common,
credible online sources.

Respectfully, may I suggest the following lines
of enquiry:-

1. What is the consensus of opinion of Judge Kavanaugh’s
school friends regarding their understanding of the term “devil’s triangle”
back in school days? How did they interpret the most common usages of
these words back then?

2. Gain an understanding of why Judge Kavanaugh
might have chosen to mislead regarding the meaning of the term he wrote
for his year book entry.

3. Track down the person who hacked the Wikipedia
page mentioned in the footnote below, and establish motive. (The key to
answering this is the IP address of the computer used in the member’s
office, which is recorded by Wikipedia in the edit log)

Footnote

Shortly
after Judge Kavanaugh’s testimony, a member of congress (or staffer)
changed the Wikipedia disambiguation page to include his false testimony.
Here is the wording that was added:-

** ”Devil's Triangle", a popular
drinking game enjoyed by friends of Judge Brett Kavanaugh. **

Prior
to this hack, the Wikipedia page did not mention “drinking game”.
This hack has subsequently been removed, and the page no longer includes
any reference to “drinking game”.

Here’s one instance of the widely
reported hack - https://thenextweb.com/insider/2018/09/27/devils-triangle-wikipedia-entry-edited-by-anonymous-member-of-congress-after-kavanaugh-hearing/

Please
feel free to contact me. I doubt that I can add any more since I was not
involved in any of the past or current events, and have never met any of
the participants of this drama. I’m just a concerned citizen.

Tip: Regarding Mr. Brett Kavanaugh's testimony, it was very commonly known in Texas where I went to college that the term "Boof" was a crude contraction of the wors "butt" and the "F" word. The FFFFFF Mr. Kavanaugh referred to as a stuttering friends way of saying words beginning with F — was actually another popular saying "Find, feel, fondle, finger, f**k and forget. (The Texas version in the 1970s used only five "Fs", excluding the word Fondle, which was not in popular use at the time.
I believe these terms
to be in popular use at the time, heard in most any boys's dorm room at the time.

Tip: I realize that this is not technically a "tip" but I wasn't sure how best to communicate this...I hope that the FBI will investigate the two men who each said that it wasn't Kavanaugh, but them (two separate claimants) who assaulted Dr. Ford - that it was merely a situation of mistaken identity as the republican senators are claiming. Because those senators are saying that they believe someone assaulted Dr. Ford, but not Brett Kavanaugh, it seems very important to determine the authenticity of their claims.

Thank you!

Tip: With regards to the Brett Cavanaugh's FBI investigation launched yesterday, please consider the following information as a possible motive for Ms. Ford's allegations:

Brett Cavanaugh's [redacted] Ms. Ford's [redacted] which resulted in Ms. Ford's [redacted] as reported by Judge Jeanine Pirro on her Fox News show which aired Saturday, September 22, 2018.

b6 -4
b7C -4

This is a significant piece of credible information as Judge Pirro verifies information before reporting it (unlike the mainstream media); and therefore should be considered.

Ms. Ford could "kill two birds with one stone" by her allegations: Revenge on behalf of her parents, and her left leaning political ambitions as evidenced by her outspoken protesting. The third motive to be considered would be the enormous "GOFUNDME" money she has received, upwards of $800,000 already and being a political justice warrior gaining her much needed attention. This makes it a trifecta.

Please consider the above information.

Tip: PLEASE READ and CONCIDER:
I support Judge Kavanaugh and it is disheartening
to see what is occurring in his hearings. There is something going that
is causing Ms. Ford to go to the extent that she is to block this. When
at first, I agree she came across as credible the more I think logically
about this I think there is revenge in the works.
As psychologist she
would know how to appear as credible.
It is totally unreasonable for her
to not remember the location, how she got to the location she claims this
happened and how she got home.
It is too convenient for her to not
remember ‘facts’ that could prove she is lying.
Did she, as a young
teenager, have a crush on Brett, and she wasn’t ever on his radar and
is now doing a payback? This happens.
Did something occur during the [redacted]
[redacted]
her to feel the need for revenge? [redacted]
but what went on during the interim?
This is too much of a coincidence
that all this is happening.

Tip:

Hello,

I occasionally read Breitbart to see what people with opposite views of my own think. Do you ever monitor or investigate people in online comment sections? Commenters in some of their articles seem to really have some violent fantasies and speak openly about how they would kill people and with what weaponry with detail. Also, how they would deystroy critical infrastructure in urban areas. I’m not sure if they are just playing tough guy on the Internet but the mind set is freightning. Anyways, I am sure the FBI is quite busy and this may be disregarded but I just wanted to attach a link of a comment section that is a hotbed of this thinking and full of possibly threatening comments.

Tip: I WOULD LIKE TO KNOW WHY BLASEY-FORD IS ABLE TO GET RICH OFF HER ACCUSATIONS AGAINST BRETT KAVANAUGH!?!? SHE HAS3 "GO FUND ME" ACCOUNTS TOTALING OVER $679,000! IT'S UNBELIEVABLE TO ME THAT SHE CAN GET AWAY WITH THAT? THAT WOULD MEAN ANYONE CAN WRONGFULLY ACCUSE ANYONE AND GET RICH OFF OF IT! THIS SHOULD NOT BE ALLOWED AND TO ME SHOWS GUILT! ALSO, I WISH YOU WOULD CHECK INTO HER CONNECTIONS WITH THE CIA, APPARENTLY HER BROTHER AND OTHERS WORK VERY CLOSELY WITH THOSE IN THE FBI, CIA, AND WITH THOSE THAT ARE MIXED UP IN THIS CLINTON SCANDAL? IS THIS THE WAY THE CLINTONS GET EVEN FOR THE WORK KAVANAUGH DID INVESTIGATING THEM WITH KEN STARR? AFTERALL, BILL CLINTON WAS IMPEACHED...EVEN THOUGH THE CLINTONS WERE NEVER MADE TO LEAVE THE WHITEHOUSE, AS BILL CLINTON REMAINED WORKING AS OUR PRESIDENT! SEEMS TO THE COMMON PERSON, ALOT STILL STINKS IN WASHINGTON DC! ALSO, THERE WAS SOMETHING I'M QUESTIONING AFTER THE HEARING WAS OVER, JACKSON, A BLACK WOMAN HANDED FORD'S ATTORNEY AN ENVELOPE, WAS THAT THE PAYMENT FOR HER LYING? BECAUSE IT CERTAINLY CAME OFF AS SUCH...OR MAYBE EVEN $ GIVEN TO THE GO FUND ME SITES? ARE WE REALLY TRYING A MAN FOR SOMETHING HE DID WHEN HE WAS 17 YRS OLD? UMNBELIEVABLE!

Tip: Brett Kavanaugh's calendar has an entry on July 1,1982 that matches Dr Ford's description of the gathering and those in attendance. She said she ran into Mark Judge approx 6 to 8 weeks later when he was working at Safeway and in Judge's book he mention's working at a grocery store in August of 1982. The attendees match, the timeframe matches. Dr. Ford was most likely attacked by Kavanaugh on July 1, 1982. I bet the person's house that Kavanaugh states they went to on July 1, 1982 matches Ford's description of the bedroom, bathroom and stairwell. Please find the truth!! Women are counting on you! Thanks!!

I have no personal knowledge, but I do have a legal background and have
seen two things online that might be of interest to the FBI in their supplemental
background check of Judge Brett Kavanaugh, in case you haven't seen them.

1.
https://www.washingtonpost.com/politics/2018/09/27/mark-judges-book-validates-christine-fords-timeline-alleged-kavanaugh-assault/?utm_term=.24ba70aa779a

In case you haven't seen this, Mark Judge said in his book "Wasted"
that he worked at a grocery store for a few weeks before his senior year,
which would be 1982. He did so to pay for a football camp. The Kavanaugh
calendar shows camp was on August 22, 1982. So even if Albertsons/Safeway
doesn't still have those payroll records and even if Mark Judge didn't
earn enough to file tax returns or have a W-2 from Safeway, the book and
the calendar give you a smaller time frame.

2. [redacted]

b6 -4
b7C -4

This person
has no direct knowledge that I'm aware of, but apparently read through
Brett Kavanaugh's 1982 calendar and found reference to three different
doctors and a notation that he needed to get prescriptions (plural) refilled
(right before football camp). They also apparently tried to figure out
who these doctors were, and I found this observation VERY interesting:
"August 18th 1982 Dr Crowley. Perhaps it’s Dr Brian Crowley who specializes
in some issues that may apply to Kavanaugh: Sexual Misconduct, OCD, anger
management..."

The FBI is probably already aware of both these things,
and please forgive me if I'm bothering you with things you're already aware
of, but I thought I should provide these tips in the off chance they aren't
already known.

Thank you for your time and all the work you do.

O.B. : I was a dude who went to parties in the eighties, and worked on the yearbook staff, so let me shed some light on a few things:

"Boofing"
doesn't refer to farts or flatulence. Boofing is a very specific category of anal insertion. He lied about that. Under oath.

"The devil's triangle"
is not and has never been a drinking game. It's a euphemism for a threesome involving two men and one woman. He lied about that too. Under oath.

Yearbook
editors do not doctor or change copy provided by students for their dedication page without their permission. Whatever he wrote in his yearbook is 100% his own words. He lied about that as well. Under oath.

Just like he
lied about his drinking, just like he lied about never having assaulted anyone, just like he lied about the reasons why he won't agree to an FBI investigation to prove his innocence, just like he lied about not having tried to rape Dr. Ford at that party.

The boy who tried to rape Dr.
Ford at that party was exactly the same entitled, binge-drinking jock douchebag who got away with the same exact crap at your school in the eighties and nineties.

That's who Brett Kavanaugh is.

I don't even have to believe
Dr. Ford. I do, but I don't have to. I just don't believe him. None of what he said today was true, and it was obvious. His lies were absurd and easy to debunk. He isn't even a good liar.

Here's a photo of the real
Brett Kavanaugh. Not the sniveling gaslighting jackass in a cheap suit who barked at Senators today and whined about not being handed a job he feels entitled to.

Here's the guy who shoved an innocent girl into
a room with his friend, locked the door, tried to rape her, and then went on about his day. That's his true face.

He lied under oath for the better
part of an hour today, and every man who grew up in the same era fucking knows it.

Tip: As a former police officer, a father/grandfather, with decades in sales, and as a pretty damn good poker player there's something I want to bring to your attention about Christine Fords bullshit testimony. When asked what the most horrific memory of what she had about the alleged incident was she stated that it was their "the sound of their laughing". Now, she seems to have forgotten that she stated that she thought that Kavanaugh might "accidentally kill me. He groped my entire body, was grinding against me and I thought I might die" because of the way that he allegedly had his hand over her mouth, so how does the sound of them laughing trump that? It reminds me of Hillary giggling when she recounted landing under sniper fire and then dismissed it the next day stating that she "misspoke" (I suppose that's what Blumenthal did too when he said he served in Vietnam - remember him? He's the one who commented on Kavanaughs "credibility" during the hearing). So, my question is IF Ford thought she was going to die, why wouldn't THAT be what she remembered as being the most horrific thing of all? Now, I'm not a republican or a democrat, just an American that's old enough to remember a better America than we live in now. And now, it turns out, that Ford lied under oath about her credentials because she is not a "licensed" psychologist. So if she perjured herself here where else may she have lied? https://www.dangerous.com/49836/records-show-dr-ford-is-not-a-licensed-psychologist-may-have-committed-perjury/ My gut tells me to trust Kavanaugh, it also tells me that this 11th hour BS meant to scare him away by the dems is a delay ploy. Get your 302's ready, just have ALL the information available for BOTH he and Ford.

Tip:

One of Brett Kavanaugh's drinking buddies went on CNN yesterday and that the denied alleged sexual assault could not have happened because the location was 10 to 11 miles away and the friend's house (PJ?)was a townhouse not a house. The smaller living room and stairwell that was described by Dr Ford fits the description of a townhouse. An FBI investigation can reveal proof positive of the location and time frame. The public records of the parents of Brett's friends could tell where they lived in 1982 and photos can be taken of those locations to trigger Dr. Ford's memories.
I am a realtor and just thought this suggestion may be helpful.

Tip: July 1, 1982 was the day the drinking age was raised in Maryland from 18 to 21. In the Brett Kavanaugh background investigation, I hope the FBI will ask the attendees of the July 1 party (including Christine Blasey Ford) what they remember about the day the drinking age was raised. It is more likely to jog someone's memory than merely saying "July 1," a date that is not remarkable for any other reason (except the alleged attack).
I suspect the party was held specifically BECAUSE the age limit was changing that day. Thank you.

Tip: FORWARD TO YOUR FORD KAVAUNAUGH TEAM

Ford Caught In Major Lie? — City
Remodeling Permits Show Project She Linked To Kavanaugh Was In2008 Not
2012

(Gateway Pundit) – Christine Blasey Ford told the US Senate
Judiciary Committee that the memories of Brett Kavanaugh “first came
up” when she went into counseling in 2012. In May 2012 Ford and her husband
argued over her desire to add “a second front door” to their home.
Ford told the committee on Thursday the desire for a second door was because
Brett Kavanaugh made her “claustrophobic.”

As Paul Sperry reported
on Thursday night. The Palo Alto building permits were issued to Ford and
her husband in 2008 — NOT 2012.
Paul Sperry: Palo Alto bldg permit records
raise questions about Ford’s testimony she completed an “extensive
remodel” of home in 2012 & that this was seminal event that led her
down path to coming out against Kavanaugh b/c she needed to add an escape
door. Permit was issued in 2008.

LIVE: Ford claims she's not "political"
& that reason Kavanaugh first "came up in counseling" in May 2012 was
that she & her husband argued over her desire to add "a second front
door" to home b/c Kavanaugh had made her "claustrophobic." But there may

Tip: Evidence about Christine Blasey Ford and Brett Kavanaugh

Dr Ford stated
that she was sexually abused by Judge Kavanaugh when she was 15 years old.
She reported this to her therapist in 2012. All therapists in California
are mandated child abuse reporters. They have to report child abuse even
when the perpetrator is a child and “even if the victim of the known
or suspected abuse has reached the age of majority by the time the required
report is made.”

If Dr. Ford’s therapist did not report this as
required by law, the therapist could go to jail for up to 6 months and
pay a fine. The therapist is mandated to report a sexual assault perpetrated
by a 17 year old on a 15 year old even if the event occurred decades ago.
The reason for this is that the child abuser described by Dr. Ford could
reoffend for years and even molest his own children.

If Dr. Ford’s
therapist did not believe that there was “reasonable suspicion” then
a report to the local law enforcement or child abuse hot line would not
be required. Either way you can get evidence if you follow this lead. Please
let me know if I can help further.

URGENT: Will you see that this information gets to the right people within

Tip:	Can someone on the Justice B. Kavanaugh investigation this week PLEASE ask Dr. Ford how she knew the boy "that night" was Brett Kavanaugh? Could she pick him out of a photo array? I am aware first hand that kids getting caught in places they should not have been, doing things they should not have been doing when I was a teen in the 1970's would give law enforcement someone elses name. Usually someone they did not like and of course so their parents would never be notified. So again, I respectfully ask, please..how did she know with such certianty that the boy whom she did not know was Brett Kavanaugh? Thank you.

Tip: After the "Renate Alumnus" notes in his high school yearbook came to light in the last few days, Brett Kavanaugh said something like "When we read about it and talked to each other..." "...my friends and I have cringed."
My questions: 1. With whom did he talk and cringe? 2. Can those conversations and/or phone calls be verified before Mr. Kavanaugh has a chance to interfere with an investigation into whether the conversations/phone calls happened? (The conversations would be very recent, so multiple "friends" should be able to immediately confirm what kind of conversation they'd just had with Mr. Kavanaugh.) 3. Was Mr. Kavanaugh lying when he said that he'd talked with multiple friends and that they cringed together at the "Renate Alumnus" references. It appears that he was under oath when he made these comments.

Tip: Re: Judge Brett Kavanaugh investigation tip. Ms. Ford's interview before the senate had many unanswered questions, which I feel should be fully investigated. Her statement that she did not remember the house, or place may be untrue. She also did not remember how she got there as a 15-year-old non-driver, or how she got home. This should be investigated. My hunch, is that, this incident incriminating Judge Kavanaugh may have happened not at a friend's house, but in her own house. This would make sense why she did not want to say what house it was, and it would make further sense that NO ONE took her there, and NO ONE brought her home, because she was home all the time in her own house, up in her own bedroom. If tbis pans out to be true, it may free Judge Kavanaugh as he did not live near Ms. Ford's home at the time and it was impossible for him to be at a party a long distance from his own home as a teenager himself. Just a hunch that Ms. Ford is not telling the truth and deliberately hiding these details from the investigation.

Tip: Re: Judge Brett Kavanaugh investigation tip. Ms. Ford's interview before the senate had many unanswered questions, which I feel should be fully investigated. Her statement that she did not remember the house, or place may be untrue. She also did not remember how she got there as a 15-year-old non-driver, or how she got home. This should be investigated. My hunch, is that, this incident incriminating Judge Kavanaugh may have happened not at a friend's house, but in her own house. This would make sense why she did not want to say what house it was, and it would make further sense that NO ONE took her there, and NO ONE brought her home, because she was home all the time in her own house, up in her own bedroom. If tbis pans out to be true, it may free Judge Kavanaugh as he did not live near Ms. Ford's home at the time and it was impossible for him to be at a party a long distance from his own home as a teenager himself. Just a hunch that Ms. Ford is not telling the truth and deliberately hiding these details from the investigation.

Tip: I entered Yale in 1982, one year before Brett Kavanaugh. Brett entered in 1983, he was 18, the drinking age was 19. Later in 1983, the drinking age was raised to 20. Brett joined the DKE fraterity, an organization that existed primarily to help underclassmen circumvent the drinking age. Thus, Im sure you will be able to verify that Brett Kavanaugh repeatedly broke the law over a two year period by drinking when he was underage. While it seems like a minor crime, a law was clearly broken, and repeatedly. It is important for the FBI to document this, since it shows a lack of respect for law. This information should be verified and be made available to those in the Senate who will decide if Brett's disrespect for the law is consistent with him being appointed to a federal judgeship. Also during that period, there was a lot of cocaine and marijuana at Yale. Based upon Brett's disregard for the drinking age and his membership in DKE, I think it won't be difficult to find out if Brett also broke federal drug laws.

Tip: I would like to encourage someone that is involved in the Brett Kavanaugh investigation to relook at the first few minutes before his last testimony when he adjusted, repositioned, and straightened his name plate repeatedly. I am certainly not a trained psychologist but I do have a bachelors degree in special education and a masters+ in elementary education and I do recognize this obsessive compulsive behavior. I taught for 30+ years mostly with special needs children. Children with this OC behavior can behave quite rationally if they feel they are in control of situations but will become defensive, aggressive, and belligerent when someone threatens their control. I know that you have trained professionals doing this investigation and looking into his all aspects of his temperament. I’m relieved to know that a further investigation is being done on his background and fitness to serve on our high court.

Tip:	I simply wish to make a suggestion re the Kavanaugh investigation: C Ford stated under oath that the music was turned way up in order to drown out her blood curdling screams. Then she locked herself in the bathroom across the hall. She then heard Brett & Mark leave the room laughing & pinballing off the wall going downstairs. This is contradictory, as she would have only heard one thing from the locked bathroom: The deafening sound of music from the room she just left.

Tip: Please consider the following facts in your investigation of U.S. Representative Congresswoman Eshoo and U.S. Senator Diane Feinstein for intentionally trying to derail the confirmation of Brett Kavanaugh to the Supreme Court Justice. The facts to their behavior constitute disciplinary action against both members of Congress.

I have listed the exact time in the video where each statement is referenced so that anyone can go and verify that my comments are factually accurate.

https://www.youtube.com/watch?v=-XqbQH0__o8&t=934s

1.
July 6, 2018: Dr. Ford called U.S. Representative Congresswoman Eshoo's office and “let her receptionist know that someone on the Presidents short list had attacked her”.

Per Dr. Fords statement She “had a sense of urgency to relay this to the Senate and the President as soon as possible” (Video: 10:20-10:40)

Question: Why didn’t Representative Eshoo immediately notify all of the Senate Judiciary Committee members as well as the President as per Dr. Fords wishes? Dr. Ford didn’t state that she wanted only the Democratic Senators to know but rather the “Senate and the President” .

2. July 9, 2018: Representative Eshoo's office called Dr. Ford.

3. July 20, 2018: Dr. Ford met with Representative

Anna Eshoo and discussed her allegations that Brett Kavanaugh had sexually assaulted her.

4.July 30, 2018: Representative Eshoo sent a copy of Dr. Fords letter to Democratic Senator Diane Feinstein’s Office (video 12:33).

Questions:
A. Why did Senator Eshoo take 10 days to send Dr. Fords letter to Senator Feinstein and still had not notified the complete Senate Judiciary Committee and President as per Dr. Fords request?

B. Why didn’t anyone from the Washington Post begin investigating the allegation that Brett Kavanaugh and Mark Judge as possibly having sexually assaulted a woman? Why wouldn’t they have immediately turned this allegation over to the full Senate Judiciary Committee to fully investigate?

Congresswoman Eshoo failed to carry out the wishes of Dr. Ford and instead turned it over to Senator Feinstein, who then withheld the information from the members of the Senate Judiciary Committee and the President. Dr. Ford was manipulated by both Eshoo and Feinstein for their own political purposes.

All Dr. Ford wanted was to confidentially provide the information/allegation to the Senate Judiciary Committee and the President so that they could be aware of the allegations and then determine if to proceed with Kavanaugh's confirmation.

Eshoo and Feinstein bear the responsibility of turning the confirmation hearing into a three ring circus, breached Fr. Ford's confidentially request, and brought out the allegations and paid protesters when the hearing started. By employing these tactics the Congresswomen allowed false and uncorroborated allegations to publicly shame Brett Kavanaugh and his family.

The Congresswomen are derelict of duty and in violation of the oath of office, by both their actions and their intent.

He said the people pubishimg the information in the yearbook knew the Devil’s Triangle was not a drinking game bit having sez between two men and a woman and boofing was not farting but was placing things in anus in contradiction to Brett Kavanaugh testimony. I know nothing more than that. I don’t know anything else other than what I tead on Facebook but he seems to know a lot about this testimony being false. I have a picture I took of what I saw on Facebook and can send it to you if you need it. I was reluctant to getinvolved as I am a 68 year old woman in Iowa that knows nothing else about this. Dear Special Agent [redacted]

I write following exchanges earlier today with Jill Tyson in the FBI's Office of Legislative Affairs. Our office received a call this morning from a Rhode Island constituent, [redacted] who made

allegations regarding U.S. Supreme Court nominee Brett Kavanaugh, [redacted] reported that early on a Sunday morning in August of 1985, a close acquaintance of the constituent was sexually assaulted by two drunk men named Brett and Mark on a boat in the harbor at Newport, Rhode Island, after meeting the two at a bar. According to [redacted] when he learned of the assault at approximately 5:00 a.m. that same morning, he and another individual went to the harbor, located the boat the victim had described, and physically confronted the two men, leaving them with significant injuries. [redacted] recently realized that one of the men was Brett Kavanaugh when he saw Kavanaugh's high school yearbook photo on television over the weekend. He promptly reported the incident to our office on Monday morning, September 24, 2018.

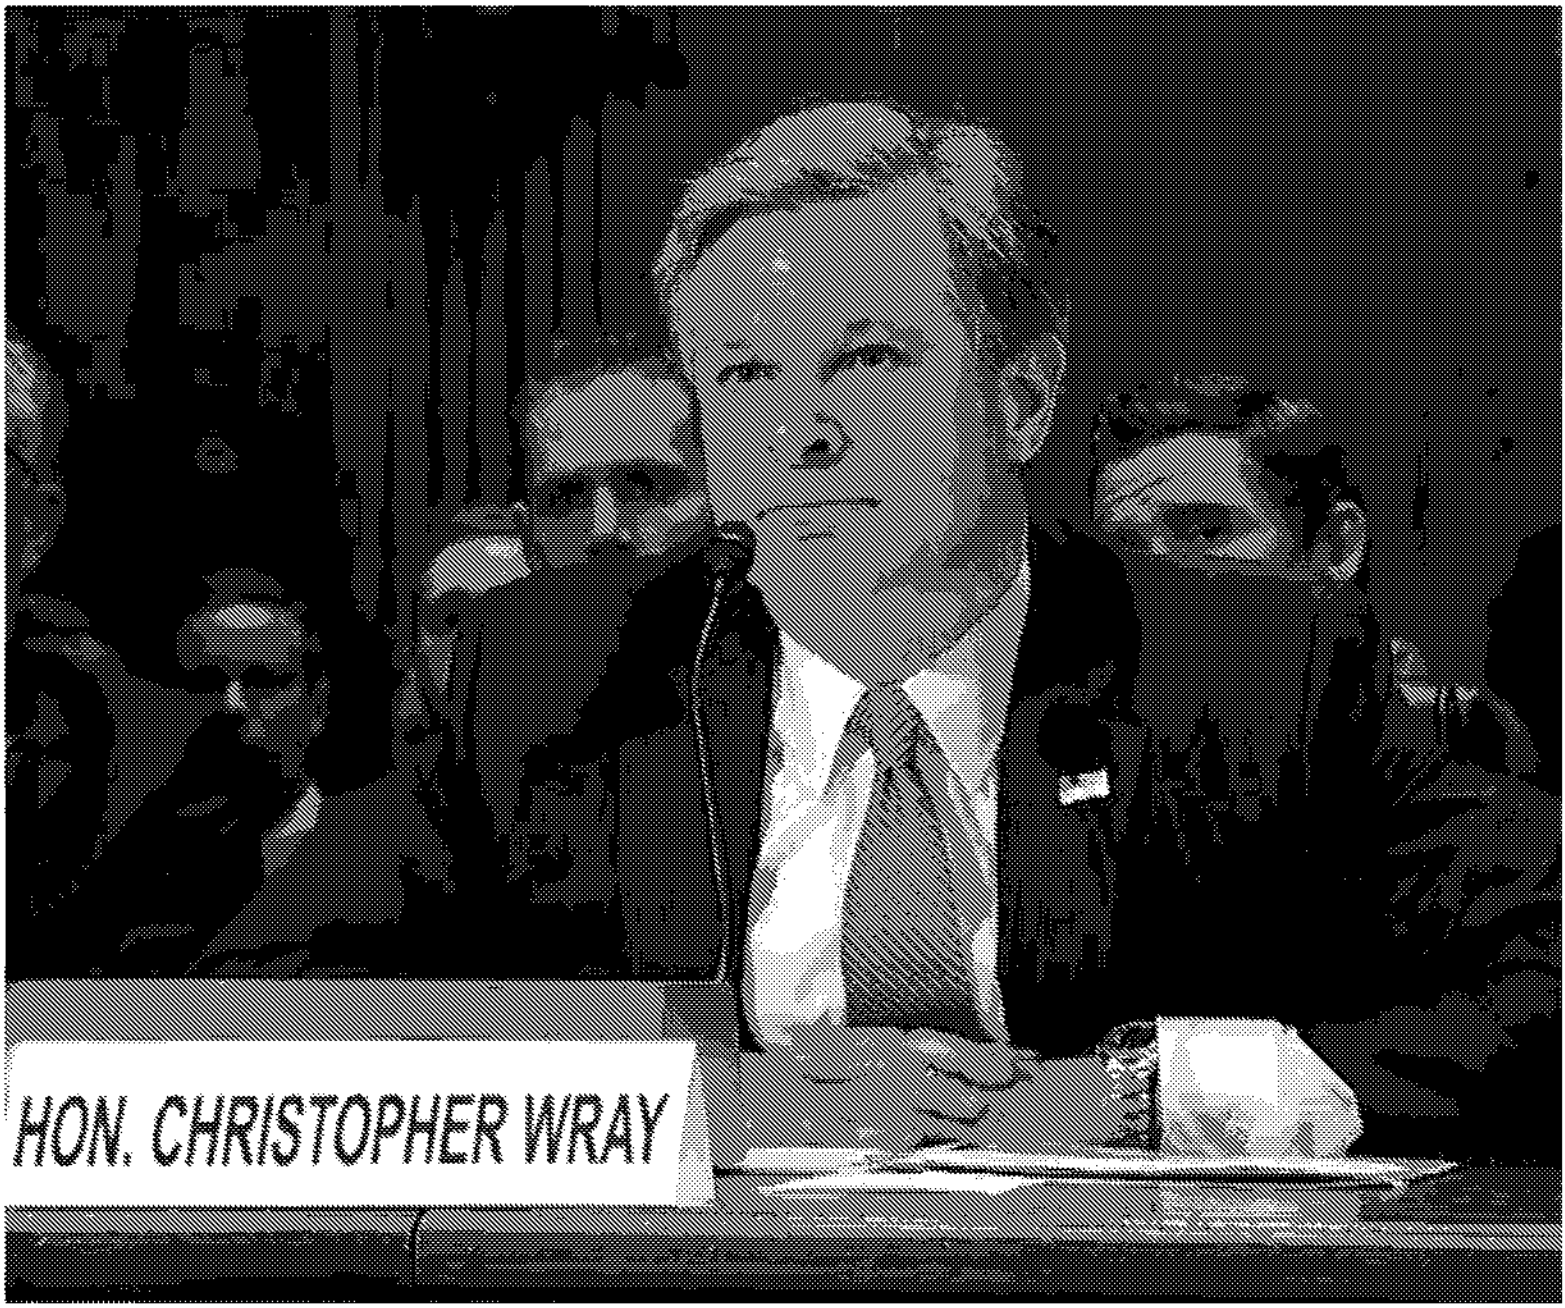
In Case You Missed It... Highlights from the Director's Recent Senate Testimony

by the Office of Public Affairs Published: October 30, 2018

UNCLASSIFIED



FBI 18-cv-02567-1019

In testimony before the Senate Homeland Security and Governmental Affairs Committee on Oct. 10, Director Wray discussed current threats, FBI priorities, and the supplemental background investigation of Brett Kavanaugh. Read the following excerpts from the Director's opening statement and testimony to learn more.

b7E -1

National Security and Counterterrorism

"National security remains the FBI's top priority, and counterterrorism is still a paramount concern, but that threat has changed significantly since 9/11. We're not just worried about large structured terrorist organizations like al-Qaida plotting large-scale, spectacular attacks in big cities like New York and D.C., although that threat definitely still exists. Now, of course, we also face groups like ISIS, which use social media to lure people in and inspire them remotely to attack whenever and wherever they can.

And we face homegrown violent extremists, or HVEs, who self-radicalize at home and are prone to attack with very little warning. This HVE threat has created a whole new set of challenges with a much greater number, much greater volume of potential threats, and each one of them with far fewer dots to connect and much less time to prevent or disrupt an attack. These folks are largely radicalized online and they're inspired by the global jihadist movement. Right now, as I sit here, we're currently investigating about 5,000 terrorism cases across America and around the world. And about 1,000 of those cases are homegrown violent extremists, and they are in all 50 states."

Domestic Terrorism

"We have... about 1,000 active investigations into domestic terrorism. Now, those cover the waterfront of the full range of extremist ideologies from right to left, and everything in between. We have assessed that it's a steady, very serious threat. [W]e've had 100-some-odd arrests just of domestic terrorism subjects over the last year or so. So it's something we take very seriously."

The China Threat

"I'm reluctant to try to rank threats, but I would tell you that I think China in many ways represents the broadest, most complicated, most long-term counterintelligence threat we face. Russia is, in many ways, fighting to stay relevant after the fall of the Soviet Union. They're fighting today's fight. China is fighting tomorrow's fight – and the day after tomorrow, and the day after that – and it affects every sector of our economy, every state in the country and just about every aspect of what we hold dear."

Economic Espionage

"Nation-state adversaries, and China in particular, also pose a serious threat as they seek our trade secrets, our ideas and our innovation. And they're using an expanding set of nontraditional methods to pursue their goals – like cyber intrusions, foreign investment, corporate acquisitions and supply chain threats.

The threat of economic espionage affects businesses in every region and every sector of the United States, from big cities to rural areas, from big corporations to innovative start-ups, from chemicals to agriculture.

But China is not the only adversary looking to steal our ideas and innovation. In March, in one of our cases, indictments were unsealed against nine state-sponsored Iranian hackers who were affiliated with the Mabna Institute, a private government contractor based in Iran. They were charged with stealing 31 terabytes of proprietary data from 30 American companies and scores of universities, and compromising hundreds of universities all around the country and throughout the world."

Foreign Influence Task Force

"As the midterm elections approach, of course the FBI is also working with our interagency partners to identify and counteract the full range of foreign influence operations targeting our democratic institutions and values.

Last fall, I established at the FBI a new Foreign Influence Task Force, which brings together the FBI's expertise across disciplines — we're talking about counterintelligence, cyber, criminal and even

b7E -1

counterterrorism — to root out and respond to foreign influence operations. In addition to investigations and operations going on in all of our field offices around the country, the Foreign Influence Task Force is focused on information- and intelligence-sharing with our partners in the intelligence community, as well as with our state and local partners, to establish a common operating picture. The task force is also focused on building even stronger relationships with technology companies through classified briefings and the sharing of actionable intelligence, so that they can better secure their networks, products and platforms."

Staying Ahead of Cyber Challenges

"This is something that we've spent an enormous amount of time on, as you would imagine. We have Cyber Task Forces... in all 56 field offices and I think what people don't fully appreciate about these task forces is that they have about 184 other agencies that have task force officers on our Cyber Task Forces. We also have a Cyber Action Team, which is a sort of elite rapid deployment task force that we send out depending on the incidents. We have cyber ALATs, which are assistant legal attachés in our foreign offices, and we are trying to partner more and more with the private sector.

One of the things I think is a real challenge for law enforcement, generally, is the need to improve the digital proficiency, the cyber proficiency, through the profession. We just can't recruit enough cyber whiz kids who also have all the other qualities that you and I would both want in law enforcement. And so, we're really focused on trying to improve the training that we can provide so that we can make sure our workforce is truly digitally savvy."

Supplemental Background Investigation of Brett Kavanaugh

"Unlike most investigations... traditional criminal investigations, national security investigations – a background investigation is very different. Our only authority is as requested by the adjudicating agency – in this case, the White House.

Our investigation here – our supplemental update to the previous background investigation – was limited in scope, and that is consistent with the standard process for such investigations, going back quite a long ways... I've spoken with our background investigation specialists, and they have assured me that this was handled in the way that is consistent with their experience and the standard process..."

FBI Employees

"We face serious and evolving national security threats, and staying ahead of those threats is a significant challenge. But the strength of any organization is its people. Every day at the FBI, I see people tackling their jobs with strength, with honesty, and with professionalism. The threats we face as a nation have never been greater, and the expectations of the FBI have never been higher. But the men and women of the FBI continue to meet and exceed those expectations every day. I'm proud of the FBI's work, but I'm even more proud to be part of it."
