I am old now, but the scene described by Dr. Ford reminds me of a scene I beleive I read years ago in some romance book. The details of the one piece bathing suit and locking herself in the bathroom and listening to the boys bonce down the steps is something I just know I have read. I seemed to know the story as Dr. Ford shared it. Maybe you are able to find passgaes from books on a web search. Just a thought. I would bet Dr Ford read romance books as a kid. There was just something in the way she described the scene. Good luck.

It's possible either he has them and/or his publisher does. I have no first hand knowledge of this information. This is just a suggestion for your investigation. This is about the Judge Kavanaugh hearings. Georgtown HS boys had a supposed "George Hyman" Construction firm fan club. Kavanaugh listed it on his page. I knew guys who used similar things as a plausibly deniable reference to "hymen," meaning they had sex with a virgin. Chris Garrett's year book page shows "Chief Foreman George Hyman" ...he most likely wasnt a chief foreman of that Bethesda construction firm...he was too young to be employed in construction as a chief foreman...it refers to him being first guy on the team to break a girls hymen.

Re: Felony Lying & Gross Misrepresentation to the US Senate on 7/27/18 by current Judge & Attorney Brett Kavanaugh. Dear FBI Investigators: I am now aware that a former Yale college classmate & former college friend of now Judge Brett Kavanaugh, Dr. Elizabeth Swisher of the University of Washington School of Medicine, has said on national television & radio, that she SAW Mr. Kavanaugh drunk & under the influence of alcohol too many times to count. She has also said that

b6

she was BOTH good friends & a roommate with new case Witness/Victim, Ms. Deborah Ramirez, now a very trusted & reliable longtime FEDERAL employee. Another former Yale roommate aware of these things is Ms. Lynne Brookes. These three (3) brilliant Yale graduates have 1st-hand information for you about their real life experiences with now Judge Kavanaugh. [redacted] She was ALWAYS very perceptive, aware, open & honest. Maybe too much even. This should help you greatly. I hope this helps you better understand important key Witness stories & truths in this new case. In addition, as a [redacted] Judge Kavanaugh clearly demonstrates someone with severe history of Alcohol Abuse, with severe minimization & denial. Deception & lying & drama are all part of Addiction. I watched his testimony & personal interviews. As you know, persons highly intoxicated or in "black out" due to alcohol overuse, usually do NOT recall many or any embarrassing or dangerous behavioral incidents after, once sober & lucid. Disinhibition of behavior & poor judgment are common & often damaging to many. This seems clear here. Call or write should you have any additional questions or concerns, [redacted] Desk Phone) [redacted] e-mail) [redacted]

My understanding is that the following statement has already been received by your office and I am waiting to hear back. However, if I am mistaken, I submit the following: "I have been contacted by numerous reporters about Brett Kavanaugh and have not wanted to say anything because I had nothing to contribute about what kind of justice he would be. I knew Brett at Yale because [redacted] and Brett enjoyed socializing with athletes. Indeed, athletes formed the core of Brett's social circle. b6 b7C

b6
b7C

b6
b7C

In recent days I have become deeply troubled by what has been a blatant mischaracterization by Brett himself of his drinking at Yale. When I watched Brett and his wife being interviewed on Fox News on Monday, and when I watched Brett deliver his testimony under oath to the Senate Judiciary Committee on Thursday, I cringed. For the fact is, at Yale, and I can speak to no other times, Brett was a frequent drinker, and a heavy drinker. [redacted] When Brett got drunk, he was often belligerent and aggressive. [redacted] I do not believe that the heavy drinking or even loutish behavior of an 18- or even 21-year-old should condemn a person for the rest of his life. I would be a hypocrite to think so. [redacted] And I do believe that Brett's actions as a 53-year-old federal judge matter. If he lied about his past actions on national television, and more especially while speaking under oath in front of the United States Senate, I believe those lies should have consequences. It is truth that is at stake, and I believe that the ability to speak the truth, even when it does not reflect well upon oneself, is a paramount quality we seek in our nation's most powerful judges. I can unequivocally say that in denying the possibility that he ever blacked out from drinking, and in downplaying the degree and frequency of his drinking, Brett has not told the truth. I felt it was my civic duty to tell [redacted] and I offer this statement to the press. I have no desire to speak further publicly, and nothing more to say to the press at this time. I will, however, take my information to the F.B.I."

Apparently the FBI has been ordered by the President to gather further info on Bret Kavanaugh. The Seattle Times on Wednesday September 26 had an article about Dr. Elizabeth Swisher, a U. of WA. medical school professor who was a classmate of Kavanaugh at Yale, drank with him, and commented on his drinking problem. The link to the article is: https://www.seattletimes.com/seattle-news/uw-professor-drawn-into-national-limelight-on-supreme-court-nominee/ I'm providing the info for you to assess its usefulness. Regarding the Kavanaugh investigation. It is possible they both are being truthful. With Dr Ford having been in psychological therapy during the past 35 years, one of her therapists in the course of treatment could have used hypnosis. If someone coerced or tempted a therapist to implant Judge Kavanaugh in her mind during a therapy session, Dr Ford could establish the judge as the perp. I have had personal experience with this kind of treatment. [redacted] and we went to 17 different counselors. The last counselor used hypnosis to redirect her memory of the perpetrator to a b6 b7C b7E

different person who [redacted] knew was dead. This completely removed her anxiety regarding the fear she harbored each day. In my opinion I could see some scurrilous big money entity using this technique to sabatage the judges reputation, for their own purposes what ever. b6 b7C

RE: Judge Kavanaugh background investigation: Find the home where the alleged assault on Dr. Ford occurred and you'll be one step closer to the truth. Yesterday, I sent you a tip that included a long list of questions to ask Dr. Ford that would allow you to identify the home where the alleged assault by Judge Kavanaugh took place. I said that the interview should be conducted with an architect present. However, I failed to put into perspective how effective those questions will be in identifying the home. Dr. Ford may remember many key elements of the home even though the incident occurred 36 years ago. Assume you have a general idea within a mile or two of where the incident occurred. Also assume there are 10,000 homes in that area. You can eliminate single story homes and homes built after 1982. That might be 30% of the housing stock or 3,000 homes. Ask Dr. Ford to imagine standing in the street looking at the home. If Dr. Ford can answer the

following questions, then you can expect the following results; Was the driveway on the right or the left side of the home? You've eliminated half (3,500) of the remaining 7,000 homes. Did it have a garage? If so, was the garage attached or detached? Pretty easy to imagine eliminating half of the remaining 3,500 home. Now you're down to 1,750 homes. Was the garage door about 8' wide or 16' feet wide? Did the home have a single or double front door? Was the front door on the left, center or right side of the home? Was the front door inset or flush with the front of the home? Did it have a covered porch over the entry? If so, was it small or large? Describe it as best you can. It's pretty easy to imagine the answers to these questions will allow you to eliminate half of the remaining homes. Now you're down to under 900 homes. Was the street sloping? I looked at the Chevy Chase area and it seems that lots of streets slope. This sets up a situation where you have homes where some lot slopes uphill from left to right. Homes on the opposite side of the street will be on lots that slope uphill from right to left. Other homes will be on flat roads that cross a hillside. Half the homes on these streets will be above the road and the other half will be below the road. Other homes will be on the flat. The answer to this question might eliminate 75% of the remaining homes. Based on exterior factors, you've eliminated all but 150 to 200 homes. Simple questions about the interior of the home will be just as definitive. Was the living room to the right or left of the front door? Was there a family room? There are too many questions to list here but an architect can do an amazing job of drawing a general sketch showing the relationship of the various rooms to each other. Given the significance of this issue and speaking as a Realtor, I can guarantee Realtors and their associates in the area would be happy to aid in finding homes that meet the search criteria.

Following all of the tv coverage regarding Dr. Blasey-Ford and Judge Kavanaugh and knowing that you will now will be investigating the matter I wanted to comment. I don't know what exactly you look into regarding this investigation; but I think that it is very important to look into any prescribed or illicit drug use by any of the people questioned during that time in 1982? up to the present. I know you are much smarter than I. I just wanted to bring this to mind having watched the behavior of the 2 witnesses questioned yesterday at the Senate Judicial Committee Hearing. Thank You for your service.

Regarding the Brett Kavanaugh investigation----ask to see each person's yearbook. Male or female, whomever you interview: Brett himself, PJ, Squee, Mark Judge, Leland, etc... Their personal copies of their yearbooks could have a lot to say with "inside" jokes, etc. And, if they claim not to have them any longer? Hmmm....A guy who kept every calendar for 35 years doesn't have his yearbook? Highly doubtful, and therefore highly suspect. That none of them would have their yearbooks to share with you is curious also, and is information that the Senate might find interesting to know.

Topic: Brett Kavanaugh Background Check. Phrases "Boofed," "Devil's Triangle," "FFFFFFourth of July","Renate Alumnius", and "train" Urgency: I believe the FBI must move quickly to include questions about these phrases during interviews with Mr. Kavanaugh's classmates such that you assemble a consensus of then-current definitions. The Issue: Mr. Kavanaugh used these phrases (except "train") to describe himself. When written, he was using then-current definitions in mind. During Senate testimony, he seems to have offered definitions which are, at best, misleading. At worst, he perjured himself at the Senate

Judiciary Committee and showed how easily he can lie to the Committee and the public. The Challenge: To come to understand the then-current definitions. Sources: classmates, high school counselors, dorm counselors. Comment specifically about "trains": Ms. Swetnick referred to trains. Senator Graham asked Mr. Kavanaugh if he was a serial rapist. Having lived/worked in college dorms for seven years, I can tell you young people are much more accepting of "trains" or "pulling a train" than they are of "rape". "Trains" generally involve some sort of consent (albeit often given under the influence). Set aside your argument that drunken consent cannot be given. Think like a teenager. Guys line up to have set with a girl that (they think) has given consent. They do not think it is rape. That's why people (like Ms. Swetnick) could return to those parties. Their mind set is not "rape". It's "pulling a train", which usually implies some sort of consent. As an adult, we understand that drunken consent is NOT consent. But you have to get into the mind set of a teen or college student. Ms. Ford's experience would have been rape if she had not escaped. If she had given any sort of consent, it could easily have turned into a "train" with Mr. Kavanaugh and Mr. Judge. Or if sex was concurrent, a "Devil's Triangle". Think like a teenager to understand what was going on. Gather then-current definitions and compare them to what Mr. Kavanaugh told the Senate Judiciary Committee. Count the number of entries of each phrase in the year book. They were badges of honor, not "rape" like adults think of such sexual acts. WE know different, but think like a teenager as you try to figure out what these phrases mean and what was going on in this group of young people. [redacted] b6 b7C

This is about the Judge Kavanaugh hearings. Georgtown HS boys had a supposed "George Hyman" Construction firm fan club. Kavanaugh listed it on his page. I knew guys who used similar things as a plausibly deniable reference to "hymen," meaning they had sex with a virgin. Chris Garrett's year book page shows "Chief Foreman George Hyman" ...he most likely wasnt a chief foreman of that Bethesda construction firm...he was too young to be employed in construction as a chief foreman...it refers to him being first guy on the team to break a girls hymen.

I strongly suggest that Dr.Ford should have a psych evaluation and handwriting analysis. She could pass a poly graph or lie detector if mentally unstable. If her past trauma has put her into schizophrenic episodes then she will believe what she thinks as absolute truth. Her countenance changes noticeably and her body language doesn't line up with her testimony. Have all involved take psych evaluations, hand writing analysis, and personality tests. No one disputes that the Judge likes beer and parties. His present behaviors are important to identifying his character.

I have done much research on alcohol abuse and alcoholism. Brett Kavanaugh has many of the characteristics of current alcoholism. His constant referral to beer is unusual and defiant (another characteristic). His transference of questioning others of their drinking habits is an attempt to redirect focus from himself. Even his facial characteristics are those of an alcoholic (red cheek patches and forehead; hooded eyelids). His demeanor is that of an alcoholic. He needs treatment.

I saw this information online in a comment section that might help with the Kavanaugh investigation: written by [redacted] 6 hours ago 9 /28/18: "Anne America Really? No reason? Are you aware that Kavanaughs [redacted] In 1996, Fords [redacted] was Cavanaughs [redacted] Fords [redacted] 1996. Weird coincidence we find ourselves here today with this accuser? Why isn't this known by everyone?! I'm sorry but i Had very little room left in thinking it was maybe possible it happened. Once I found this out, no way! Without a doubt this is getting back at the Kavanaughs for the family losing their home. NO doubt in my mind at all now. Kavanaugh is 100% innocent." Why a person does what they do needs a motive and here is a good one for Christine

While watching Prof. Christine Blasey Ford's testimony on 9/27/2018, on television, I recall Ms. Mitchell referring to a letter to Prof. Ford about a Brett Kavanaugh look=alike. Suddenly, Prof. Ford and her attorneys seemed to panic and didn't want to talk about it. I haven't heard anyone mention this exchange. Also, did anyone ask Prof. Ford about the lighting on the stairs when she was looking for an upstairs bathroom? Perhaps these things could be examined by the FBI? Thank you for your service to our country. [redacted]

Twitter post - Sep 24 6:37pm [redacted] Twitter post - reply by [redacted] to Sep 17 1:01 pm post by [redacted] (post since been removed but I still have screen shot)- said she graduated from Holton Arms, knew Brett Kavanaugh and Mark Judge, heard about incident with Blasey-Ford for days afterwards. My note-although Blasey-Ford said she didn't tell anyone, everyone knows that high school boys boast and this may be why it was known by others. Facebook post -[redacted]- Sep 19 10:36 am - talks about experience with Mark Judge when [redacted] and

Not a Democrat or Republican. Just completely independent. If you want to get to the heart of the investigation and waste much less time, interview Dr. C.B. Ford's husband. You already know much about what Kavanaugh and Ford had to say about attacks and alcoholic beverages. GO AT IT FROM A DIFFERENT ANGLE TO SAVE TIME - Dr. Fords mental health issues DECADES ago, before the alleged attack by Kavanaugh. That suggestion is NOT a JOKE. Who said, "Truth is stranger than fiction." Wikipedia John Forbes Nash. Do you MANY similarities? Look at his credentials. Look at her credentials. Dr., mathematics field, both last names four letters, and now, the "crazy" similarity - bothe last names have been automobile makers. She was not an accidental witness. She is easily influenced. When making U.S. far-reaching and wide-spread legislation about mental health, it helps to show the senators and the people in the United States of America a true example of a functioning person with a major mental illness. Better than some

lobbyist, like Paul Manafort. What did Christine Blasey Ford say? Something like, "I knew,in 2012, that he would be nominated to the U. S. supreme court." We are sorry that the Democrats and Republicans are wasting your time. We are not. The information above is ture and correct. Go at the investigation from a different angle - mental health. Start with Ford's husband, then her work associates.

I'll be succinct. I believe there is a widespread collusion effort by the Democratic Party to influence the mid term elections. For example, On Senator Patty Murray's Facebook, about one and five commenters are not even from Washington state! Yet their passions are wry far left and there are many of them who support one another with Comments and/or "likes". I believe that there is a major psychological ploy on at least the state of Washington, maybe even conducted by Patty Murray, to influence voters into voting Democrat for the mid term elections in November. This has not just been one occurrence with one of Patty Murray's posts. It is with every post, multiple people who are not even Patty Murray's constituents are demanding justice of Kavanaugh (for instance). They are undermining due process through psychological warfare. I am asking the FBI to investigate this matter. I do wish to be contacted regarding this matter, because I feel it is very important especially at this time and don't want to be blown off.

I was wondering if there is a connection between Diane Feinstein's [redacted] and Dr. Ford. Did he advise her? Was he involved in any way? During her testimony, Dr Ford said, "I'll never forget that NIGHT." Hmm...Night? If you finish your diving practice, it's probably early afternoon. How much time did she spend in this mystery house? Summer evenings in Maryland are very long, ending in the 8 O'clock hour. Only had one beer over a several hour period? Even more remarkable she remembered what she had to drink. I understand someone pulled the building permits on the Fords house remodel, and it was in 2008, 4 years before Dr Ford claimed in testimony. By claiming it was 2012, it dovetails with her marriage counseling session which Dr.Ford said was what triggered her Kavanaugh memory. Dr. Ford forgot the time, date, and location, and she forgot that she has fear of flying. I'm no shrink, but she seem awfully susceptible to outside suggestions. I'm just a curious retired grandma with too much time on my hands. b6 b7C

Re Kavanaugh Case:

I think that it is very important that the FBI interview

Kavanaugh saw this person frequently at [redacted] house", including on July 1st 1982, which, according to Kavenaugh's calendar, includes people independently named in Ford's testimony at the gathering in question. b6 b7C

Based on some research, [redacted] house is at the following address: b6 b7C

[redacted] b6 b7C

NOTE: This is about [redacted] west of Columbia Country Club - in between [redacted] b6 b7C

It is therefore entirely possible that this is the house where the incident in question took place. If so, this would account for why/how Ford could have walked from the Country Club to the

gathering at [redacted] house, and then back to her home after the incident. b6 b7C

I have no personal stake in this matter. I have never sent any other message to the FBI. I am a research scientist and I care about details. And it seems that this person is a potential key witness.

Thank you for your attention.

Brett Kavanaugh is clearly lying. This is going to sound trivial, but yesterday when questioned about his yearbook quotes/profile, he lied about the meaning of slang terms such as Devil's Tirangle, boof, and FFFF. Please research these terms as they are sexual and crude. It seems clear that he and his buddies liked to party hard in their teenage years, and he could have easily committed sexual assault.

This is all speculation, please do NOT take this as a fact until researching this, but after digging a bit online, I saw some paths. Again, no evidence so PLEASE do not consider this a claim, please do a thorough investigation into this "supreme court justice wannabe". Please research this first 1. kavanaugh 2. 1987, [redacted] Investigate him. He has an "oddness" about him. I sense he is a dick. Hope this helps. I heard this before looking it up.

This is connected to the Brett Kavanaugh issue. I saw a post today on Facebook, that if true, needs to be part of your investigation. I tried to confirm the post, but was unable to. The poster's name is [redacted] and the post specifically addresses Judge Kavanaugh's testimony in the special hearing this past Thursday. I have screen shots of the post, but I'm unsure how to attach them to this tip. I'm happy to send them if you let me know how I can do that. In short, [redacted] was part of the yearbook staff for Judge Kavanaugh's senior yearbook, and he indicates that Judge Kavanaugh lies multiple times

b6

during the hearing regarding the terms of "boofing" and "Devil's Triangle". These are serious accusations, and I hope you are able to investigate them further. Thank you.

I'll be succinct. I believe there is a widespread collusion effort by the Democratic Party to influence the mid term elections. For example, On Senator Patty Murray's Facebook, about one and five commenters are not even from Washington state! Yet their passions are wry far left and there are many of them who support one another with Comments and/or "likes". I believe that there is a major psychological ploy on at least the state of Washington, maybe even conducted by Patty Murray, to influence voters into voting Democrat for the mid term elections in November. This has not just been one occurrence with one of Patty Murray's posts. It is with every post, multiple people who are not even Patty Murray's constituents are demanding justice of Kavanaugh (for instance). They are undermining due process through psychological warfare. I am asking the FBI to investigate this matter. I do wish to be contacted regarding this matter, because I

I have sent numerous messages to you about him since he faked his death in 2011 which is obv from the obituary in the BOston Globe from 2011 since its obviously fabricated. I also called the [redacted] police and filed a police report to which they still have not followed up. When the man returned to my neighborhood I then Called the [redacted] Police again to which they didnt send a cruiser to my apartment. WHen

I walked down to the station and asked why they didnt send the cruiser I was told it was because [redacted] If this is what you call professionalism then its no wonder police brutality is such a large issue in this nation. The mans victims sometimes are forced into committing suicide when he tells them that no one will believe them if they speak to police. I have experienced this and lost a friend recently to suicide. Without assuming that [redacted] person who is not telling the truth, it would be great if you could verify the claims I am making instead of ignoring me. My family and other families saw this man as a so called professional so I know we are not the only ones. You have absolutely betrayed all of his victims and this will be the last message I send to you. Its upsetting that you dont take his victims seriously and they get hurt because of it. If you are too afraid and unwilling to take the risk that you are paid to take to protect us, and unwilling to take [redacted] person seriously or at least send a cruiser out to find out if they are in danger then you dont serve and protect any of your citizens. You serve your own self interests and you dont hold each other accountable for your crimes as is now common knowledge across the nation. Do your best to stop blaming the people you victimize or the victims who you dont help. Like Kavanaugh and all his supporters, you are truly PREDATORY Police not professionals. I give up on trying to receive help from you in any way shape or form. And there have been a lot of victims of the man who are dismissed as delusional by psychologists and Police because the nature of the abuse which involved hypnosis is hard for people to believe. But if you actually did your job right you would still check on these victims claims before assuming they are delusional or lying. Which is how he got away with it. You are a disgrace to the communities you claim to protect and the victims you refuse to help. Im sure most of you support and voted for Mr Trump since he is a sexual predator like a lot of cops. Stop pretending you care about victims when you have more victims than most citizens while you harass and terrorize your citizens and extort us. He threatens entire families and we received no help from you.

I watched every minute of Senate Judiciary Committee hearing that had Christine Basley Ford and Brett Kavanaugh. I am suspicious of Mrs. Ford's motives because some things she said didn't ring true, and I've seen photo of her on internet that indicate she is anti-Trump, holding up sign "Not My President". I am an old lady who sits at home and watches TV. I saw Sen. Grassley say he and his committee would fly to CA to interview her and would meet her anywhere she wanted. He said it multiple times. But in her interview, she acted surprised, like she didn't know about this offer for committee to come to CA to interview

her. How come she didn't hear about this? Wouldn't a friend call her and tell her? I heard Sen. Grassley say they emailed her multiple times and tried to call her and also left messages with Sen. Feinstein whose office didn't call back. When she said "I am terrified" she didn't sound terrified. There are machines that can measure stress level, maybe better than my ears can measure stress level. I made a list of what I thought was odd about her case. WHAT'S ODD ABOUT CHRISTINE'S CHARGES: 1. never filed a rape report with police, even though Maryland has NO TIME LIMIT to file. Maryland reported that no charges had been filed against Brett Kavanaugh by anybody. 2. talked to Washington Post, but claims she didn't want to go public. 3. Claimed she couldn't fly from CA to WASH, D.C. but she was already near Wash, DC, visiting parents in Maryland (next door to Wash, DC) Also flew to exotic far away places, so flew often. 4. Doesn't remember if she gave medical records to Washington Post, only 6 weeks ago. 5. Her Yearbook had numerous references to her playing drinking games, passing out, having sex. Brett's yearbook extensively analyzed but no one looked at her yearbook. Her yearbook was scrubbed off internet, but Infowars had predicted that and had copied it before it could be scrubbed off internet. 6. Didn't know if she was videoed during polygraph test. Camera and one bright light would be obvious. 7. Didn't know who paid for polygraph test, or her lawyer fees. When I went to lawyer, fees carefully spelled out before I received services. 8. Said "I am terrified", but didn't SOUND terrified. 9. What's really odd is lawyers met her in a car in a parking lot. When I met with lawyer, it was always in their office, no one came out to meet me in a car. Now that your office is investigating, I think you should investigate all the correspondence between Mrs. Ford, her lawyers, and Sen. Feinstein's office and the office of her local rep, Eshu (?). I believe there was coordination between their offices, (but I have no proof) and since Sen. Feinstein withheld Mrs. Ford's letter for 60 days, there should be checking between them for conspiracy to "out" Mrs. Ford and to accuse Brett Kavanaugh unfairly. Sen. Feinstein should have shared letter in private Senate meeting. Instead she ruined their lives and reputations. (My opinion)

Credible claims of sexual asssault have been brought against Supreme Court nominee Brett Kavanaugh, as witnessed by millions of Americans at yesterday's Senate Judiciary Committee hearing. It is neither fair to the American people, nor in keeping with our nation's commitment to justice to have to hope that those claims will be investigated: they must be. The American Bar Association has called for a delay in the process and a thorough investigation. The integrity and credibility of

the Supreme Court is at stake, and I implore you, as our leading law enforcement agency, to open an investigation into these matters immediately.

Regarding the investigation of Brett M Kavanaugh: I allege Kavanaugh may have unreported offshore bank accounts not reported to the IRS, as his name appears in the International Consortium of investigative Journalists database. The ICIJ won a Pulitzer for reporting. If the FBI searches for Brett M. Kavanaugh, that name will return results for 2233 offshore entities and more info. Like Paul Manafort, Mr. Kavanaugh must swear under oath to the FBI that he has reported all of

Dear FBI Investigation Team Member: Dr. Christine Ford stated that she had no reason to lie during her testimony, hat is not true. There are several online articles describing that Dr. Christine Ford authored at least 8 studies for the "abortion pill" and consults for its manufacturer. This type of research is easily verifiable and often VERY LUCRATIVE. Here is an example: https://stream.org/christine-blasey-ford-abortion-profiteer/ If Kavanaugh is appointed, this income stream could dry up if Roe V Wade is overturned. What compensation is Dr. Ford receiving for coming forward or testifying? There is currently over $520,000 in her Go Fund Me account and she referred to multiple accounts in her testimony. Has she been promised anything else (money, trips, etc.) by anyone? Her lawyers and related costs are reportedly pro-bono. There are also many articles that detail how Dr. Ford has participated in marches and is signatory to petitions against of several of Trump's initiatives, reportedly being part of the resistance. If these are accurate, she does have a motive to lie to

keep Kavanaugh off the court. Even though she claims to have no political motive, she admits that the reason she sent the letter to Sen. Feinstein was to have President Trump pick someone else. I believe that she lied under oath when she said she had no political motivation. How far is she willing to go to keep Kavanugh off the court? Although we know that Dr. Ford is well educated, we know nothing of her background, character, or mental health and if she's a credible witness or a good liar and actress. Will she release her therapy notes? Are they consistent with her testimony? I hope you will be able to answer these and other concerns for the Congress and American people. Thank you for your consideration.

Respectfully, [redacted] b6 b7C

The American Bar Association has called for a delay in the process and a thorough investigation. [redacted] provided the following information: b6 b7C

From [redacted] perspective as a citizen and [redacted] she feels SCOTUS nominee Brett Kavanaugh suffers from acute alcoholism. According to [redacted] Kavanaugh should be admitted to a 72 hour detox facility. Although Kavanaugh may not oblige, [redacted] feels he should do so in order to be more responsive. Alcoholism is a lifelong problem, [redacted] said, and one that disqualifies him for the position. Those who opt to receive treatment still have the potential to relapse. b6 b7C

While this matter is being reviewed as a legal problem, [redacted] said it is "far more important and compelling" because the "consequences could be a lot worse." The investigation should encompass his alcohol habits and status. Following any treatment Kavanaugh receives, he should be physically evaluated. Furthermore, Kavanaugh should not be considered for the office. b6 b7C

Kavanaugh submitted a calendar(diary) which he said he said he kept from age 14 to present. He said the date in question entries would prove he was not there a,if you get the t the house. He gave copies to the panel. I content if you get the original, which he had at the meeting, you can prove it was doctored. I respect you guys, and as much as you have been denigrated by these gang of thieves, I hope you are successful in this quest for justice.

American Journal on FB reports that Palo Alto, CA permits records shows permit issued to Christine Blasey Ford rental addition to house in 2008, not 2012 as she stated repeatedly under oath with second front added bc of sexual harassment trauma from 1982, and that renters actually receive mail at that address. Please investigate this finding as part of your newly authorized investigation of allegations in the Ford/Kavanaugh hearings.

[redacted] Please let the public know how many of Kavanaughs statements were lies as far as drinking is concerned. Please provide a confidence level to his statements vs. the womans and request him to undergo a lie detector test. One of my friends on Facebook [redacted] believes Kavanaugh lied about drinking at the states known legal drinking age. Please see if this claim is true or not and if so it must beg the investigation to ask when it is complete to share publicly what else is he willing to lie about? Which leaves Congressional Senators to decide Kavanaugh appropriateness as a Supreme Court Justice. Please avoid dragging Kavanaugh's 10 year old into this if possible.

This is re:Kavanaugh's calendar. On July 1 1982 he mentions "skis". My boyfriend, who was also a prep school boy, says that in his school they called doing cocaine "skiing" and cocaine "skis". So it could be that. I am surprised drugs haven't come up, because EVERYONE with money was doing a shit ton of blow then, ESPECIALLY these privileged kids.

Hello, I think the FBI should look at Brett Kavanaugh's calendar page from September 1982. The alleged assault may have occurred around Labor Day. His lawyers have released May, June, July, and August. What about September? Heavy drinking, pool party, empty house--all the elements are there. Thanks.

I can not demonstrate the veracity of the photo and have not seen the original. If accurate it is another demonstration of Kavanaugh luring during his testimony.

I do not know how to contact your investigators who will be asking Dr, Ford questions as part of this weeks request for thefBI to conduct an examination of the Kavanaugh appointment to the Supreme Court so perhaps you can forward a few questions that I think are important and have not yet been asked. A map shown during the hearing yesterday indicated her home is about a 20 minute drive from the country club near the house where she said the party took place. She has said that she spends a lot of time at this club. She could not remember how she got to the house where the party took place or how she got home. No one has asked her how she got to the club when she frequently spent a lot of time at the club or how she got home. She was 15 and did not have a drivers license so she either had someone who transported her or else how did she get back and forth from home so often? The answer should result in finding out how she got home from the party. 15 year olds usually do not go to a beer party without an invitation. Since she said there were only 5 people at the party I presume one of them

must have invited her or took her if she is correct. No one has asked how she happened to be at this party or who took her to it. She said when she escaped from upstairs she immediately left. She said her long time close best friend was at the party but that person said she did not remember any such party and did not remember seeing Judge Kavahaugh at any parties. If Dr. Ford had left such a party with only 5 people there, it is unlikely she would not have said something to her best friend who was there as to why she was leaving or that she was leaving for any reason. Did Ford just run out of the house without saying anything to the few others at the party? When she was told the Senate committee offered more than once to fly their staff investigators to California to interview her in private there, she responded that she did not know that. Her attorneys were told by the Senate and if she did not know it that must mean her attorneys did not tell her. They had a legal responsibility to tell her that and her interview was delayed more than a week because she or they said she was afraid to fly. Yet it was shown she flies all the time all over the world. Why did she say she could not fly to Wash DC and had to hold up the hearing because of it? Then she did admit she flew there and flies all the time. Did her attorneys, who were suggested by Senator Finestein acting on her behalf or on behalf of others who wanted to delay the hearing? When she was asked about taking the lie detector test she said she was hooked up to the machine for a long time and became uncomfortable because it took so long. The person who I hope you can pass along my comments above to the persons who are responsible for meeting with Dr. Ford in the next few days so they can consider my questions before meeting with Dr. Ford. I have no way to contact them myself but you should be able to do it

b7E

An anonymous female caller (Anonymous), estimated to be [redacted] further identifiers unknown, called the PAL via the FBI Headquarters telephone number [redacted] to report information pertaining to Nominee Judge Brett Kavanaugh in [redacted]

b6
b7C

Anonymous provided the following information:

Information pertaining to Judge Brett Kavanaugh - in the early 1980s, Anonymous described herself as a minor at the time. She became involved in the hardcore music scene of the east coast region of the United States, through which she met members of bands who participated

in the straight edge subculture. Unidentified band members identified themselves as enrolled at Georgetown Preparatory School. These band members complained of the drug use and alcohol abuse by classmates at Georgetown Preparatory School. Anonymous believed the drug use referential of the classmates' recreational use of illegal drugs.

By the early 1990s, Anonymous maintained [redacted] The nightclubs frequently hosted dance nights attended by patrons from the area of Washington, D. C. Within the nightclubs were prevalent use "roofies" by patrons. To better protect patrons, the staff employed strategies including the placement of plastic cups over beer bottlenecks, restriction on the number of beverages sold in a single transaction to an individual patron, and completion of rounds through the club and its bathrooms to evaluate the status of patrons.

b6
b7C

The most egregious offenders in the use of roofies and alcohol abuse were recalled by Anonymous to be persons from Georgetown Preparatory School. These persons were under the drinking age and entered the clubs by use of fabricated identification, which Anonymous described to be far superior to the fabricated identification used by offenders from other areas. The persons identified themselves as enrollees of Georgetown Preparatory School by verbal admission or by wearing attire displaying affiliation with the school. These persons were frequently responsible for drugging other patrons, often discovered when attempting to leave from the clubs with victims. They often dropped their bags containing roofies during their attempts to leave, proceeding to identify the victims as romantic partners and cite the power of familial connections to avoid action taken against them. Anonymous recalled the offending students to arrive in groups ranging

in size from two to four members; however, by night's end multiple groups' arrival to clubs swelled the total number of students present to as many as twenty persons.

Anonymous also recalled enrollees of Georgetown Preparatory School attending the Boston Freedom Rally as a disruptive presence resulting from their drinking and fighting at the venue.

Anonymous recalled having no interactions with Kavanaugh specifically. Furthermore, friends and colleagues with whom she spoke before contacting the FBI revealed no interactions with Kavanaugh. Anonymous believed the prevalence of roofies was possibly connected to a past investigation Anonymous believed was jointly completed by the FBI and [redacted] Police Department into the [redacted] b6 b7C Connection" and the "FSU" hardcore music band street gang.

Apparently the blogger merely had to do a search string that she has spelled out below the picture in the blog. Here is the link https://marycumminsrealestatemarycummins.blogspot.com/2018/09/who-is-timothy-p-gaudette-brett.html and here are a few copied and pasted details from the blogger's text: "The other people at Timmy's house July 1, 1982 were [redacted] PJ Smyth, [redacted] and Chris Garrett besides Brett Kavanaugh and Mark Judge." and check out the blogger's research on possible family home of Timmy..." I am not sure this is true however, because it is out there on Facebook I think the FBI should search to see if this is true about Brett Kavanaugh and if so, this big national problem will be easily solved and the FBI could help improve it's image greatly. The only way to find out if it is true would be to get her Facebook account opened again which she recently closed. I understand she could and only she could do or have the FBI demand to see this Facebook Account she closed. I have seen things on Facebook that states she said on her site back in March that "SOMEONE NEEDED TO COME FORWARD AND ACCUSE

If this is true it would very strongly suggest that she just about did the same thing she suggested someone do to Judge Garland in March. If it is not true it would clear it up for her end very bad story that is out there about her. With the whole country divided on this BIG ISSUE every effort should be made by the FBI to find out if this thing really happened or not.

[redacted] They were successful in stealing some documents from me and obstructed me long enough to allow the attacks to occur. Former President Bush is working to keep Brett Cavanaugh from being appointed, even though he is letting the public and the F.B.I. assume differently. He knows I can't trust or depend on the F.B.I. to do its job as long as Trump is being protected from Treason charges. I just am trained to always do my part even though there have always been racist white people in government, criminally conspiring against me. Thanks for nothing; heroes the intell.

O.B. : I was a dude who went to parties in the eighties, and worked on the yearbook staff, so let me shed some light on a few things: "Boofing" doesn't refer to farts or flatulence. Boofing is a very specific category of anal insertion. He lied about that. Under oath. "The devil's triangle" is not and has never been a drinking game. It's a euphemism for a threesome involving two men and one woman. He lied about that too. Under oath. Yearbook editors do not doctor or change copy provided by students for their dedication page without their permission. Whatever he wrote in his yearbook is 100% his own words.

He lied about that as well. Under oath. Just like he lied about his drinking, just like he lied about never having assaulted anyone, just like he lied about the reasons why he won't agree to an FBI investigation to prove his innocence, just like he lied about not having tried to rape Dr. Ford at that party. The boy who tried to rape Dr. Ford at that party was exactly the same entitled, binge-drinking jock douchebag who got away with the same exact crap at your school in the eighties and nineties. That's who Brett Kavanaugh is. I don't even have to believe Dr. Ford. I do, but I don't have to. I just don't believe him. None of what he said today was true, and it was obvious. His lies were absurd and easy to debunk. He isn't even a good liar. Here's a photo of the real Brett Kavanaugh. Not the sniveling gaslighting jackass in a cheap suit who barked at Senators today and whined about not being handed a job he feels entitled to. Here's the guy who shoved am innocent girl into a room with his friend, locked the door, tried to rape her, and then went on about his day. That's his true face. He lied under oath for the better part of an hour today, and every man who grew up in the same era fucking knows it. Posted on social media by [redacted] He has information about this kavanaugh case. Dr. Ford lied about knowing nothing about the polygraph test. [redacted] involved a course on polygraphs. My professor testified in a number of court cases about the unreliability of the test. In the field of psychology even our General Psychology courses warn students not to take it. She demanded to have it because non-psychology majors may not be informed and she must have known how to fake it. Investigate her under oath by looking at her passport, she does fly. Did she ever feel ignored in high school by Judge Kavanaugh? Who is funding her court and travel fees? Why does she not know where the b6 b7C

money is coming from? As a very highly trained researcher, why did she not contact the F.B.I. rather than her Democratic Congresswoman. Who does she think outed her? Diane & Schummer are in a group to stop Supreme Court justices from being confirmed claims Mark Levin. What about her high school yearbook? Do her therapy notes show that she named Kavanaugh? What is her position on Roe vs. Wade? Does she know that Kavanugh under oath will uphold Roe vs. Wade unless Congress changes the law? With about 59 journal articles she is not as helpless as she portrayed herself during the hearings.
