DAILY SUMMARY (U)

At 2:22 p.m. this date, San Francisco Office advised that San Francisco Mayor George Mosconi and City Supervisor Harvey Milk were shot and killed in the Mayor's Office by an individual identified as Dan White. The shooting, which occurred at approximately 2:15 p.m., Eastern Standard Time, apparently is not related to captioned matter, but rather, is the outgrowth of a political argument over whether White could withdraw his resignation as City Supervisor and be reinstated by the Mayor. White, a city fireman, apparently became enraged at the Mayor's decision to appoint another individual to take White's place and shot both individuals. White is in local custody at this time. San Francisco is endeavoring at this time to determine if Dan White has ever had any association with the Peoples Temple (U)

REC-102 89-4286-730

[redacted], former member of the Planning Commission of the Peoples Temple, has furnished information to the San Francisco Office that the Peoples Temple is made up of four types of persons. These types include ex-members, current members, members of the Planning Commission, and "the Angels" or "Staff" who are the innercircle of the Planning Commission. The Angels have been characterized as the "hit men" by ex-members who have been interviewed. Ex-members have also indicated the existence of a contingency plan which would go into effect under the following conditions to include the following results: (U)

named were those in line to succeed to the Presidency. The foregoing information has been made available to local officials in California as well as the Justice Department. United States Secret Service (USSS), CIA, State Department, National Security Agency, Defense Intelligence Agency, and the White House Situation Room. (U)

Telephonic contact with Legat Robert Ogelsby has revealed that the Guyanese Police have taken appropriate steps to preserve and protect all physical evidence in Guyana which includes 32 weapons listed by Guyanese and furnished to the FBI for NCIC checks. NCIC is negative re all weapons and this information is being relayed to Guyana for the information of local authorities. (U)

It has been determined that the briefcase belonging to Congressman Ryan was given by DCM Richard Dwyer, State Department Official in Guyana, to James Schollaert, a Committee Staffer for Congressman Ryan. Schollaert has returned to his home in [redacted] and is being interviewed by the Alexandria Office. (U) b7C

Medical records and various unidentified tape recordings located at the Jonestown community are in the possession of the American Embassy at Georgetown, Guyana. The State Department intends to turn these documents over to the FBI unless the Government of Guyana insists upon retention of those items for prosecution in Guyana. In the latter event, all materials will be copied for the FBI before the originals are turned over to the Government of Guyana. (U)

The current status of Americans in Guyana is as follows: (U)

46 individuals are in residence at the Lamaha Gardens, Peoples Temple Headquarters in Georgetown, Guyana. This is the location where Sharon Amos and her three children were murdered at about the same time the mass suicide took place in Jonestown. It is recalled that the Lamaha Gardens is a Peoples Temple owned structure in Georgetown, Guyana. (U)

29 individuals are currently housed at the Park Hotel. This group is composed of those formerly listed as the group who elected to stay at Police Headquarters s before being persuaded to go to the hotel. Included in this group are (U)

two brothers named Carter and Michael J. Prokes who were at one time held by local police but who have since been released. Local authorities appear convinced that these individuals were not involved in either the airport incident or the mass suicide. (U)

Two individuals are in a public hospital; one individual, Miguel DePina was allowed to return to the United States on a commercial flight due to advanced age and ill health. Mr. DePina is being interviewed at Los Angeles following his arrival there on this date. (U)

Two individuals have been arrested by local authorities in Guyana. Larry Layton has been charged with murder. Layton was born on [redacted] Layton has been charged with the murder of Congressman Ryan although it is unclear as to whether he actually shot Ryan personally. The second individual being detained by local authorities is Charles Beikman who has been charged with the murders of Sharon Amos (supra) and her children. Beikman was born [redacted] No further information is available at this time regarding these arrests other than the fact that Larry Layton is scheduled to go to trial in Guyana on 1/15/79. No trial is yet set for Charles Beikman. (U)

b7c

The identities of all persons travelling in the Ryan party both to Georgetown and to Jonestown is now known. We are insuring that all of these individuals are promptly interviewed. We are attempting to identify all members of the news media who are either in Guyana or who have returned from Guyana during the period of this incident. State Department has advised that they do not have a list of media personnel and we probably will be forced to rely upon media publications in order to identify all representatives of the media for interviews. (U)

The San Francisco Office has arranged through the Office of the United States Attorney, San Francisco, for the New York Office to purchase from NBC News, New York, a copy of film footage of the events at the crime scene. The costs, which will be borne by the United States Attorney's Office, San Francisco, should only amount to the costs of reproduction of the film. We have deemed this action more expedient than seeking the issuance of a subpoena which would undoubtedly involve a lengthy court battle in which NBC would no doubt feel compelled to challenge the subpoena to protect its industry. (U)

A teletype has been sent to all offices and Legats this date advising of the legitimate interest of USSS and instructing that these interests be accommodated. (U)

The investigation into the background of Dr. Larry Schacht has begun. Dr. Schacht is believed to be the individual who was the medical officer at the Jonestown community who prepared the suicide laced Koolaide from which many victims drank. A file review by the Houston Division indicates prior investigation of Schacht and family members regarding Students for a Democratic Society (SDS) activities and former Communist Party USA connections. This matter is being followed closely to insure that the background investigation is limited to Dr. Larry Schacht and not to other family members where not shown to be pertinent to the showing of a criminal violation. (U)

Alcohol, Tobacco, and Firearms Division of the United States Treasury Department has undertaken the task of tracing the Jonestown weapons for the FBI.

Attached, detached handling separately, for information is an affidavit in support of arrest warrants for individuals charged in this matter with violations of the Congressional Statute (18USC351(a) and (d)). It is expected that the persons named in these arrest warrants will be served at Charleston, South Carolina, if they return from Guyana. (U)

Investigation continuing. (U)

Dear [redacted]

We are terribly sorry for the delay in getting a QSL Card to you in response to our contact. We are located deep in the interior of the tropical forest and there have been delays in getting our QSL Cards from the Print. We are trying to remedy this now. We promise to get a QSL Card to you just as soon as we possibly can. Our Project has been very successful, and we feel a great debt to amateur radio which has been a true life-line for us out here. Lives have been saved because of the help of operators who have put us in touch with critical Medical information. We now have over a thousand residents here in the community and we have been able to help many people in the surrounding communities as well as our own. With a variety of needs our Medical facilities have expanded, and we are planning to even do more in the near future to help as many as possible.

Agriculture livestock construction and all kind of Project that have been developed are proving that even in the jungle, people who work together can accomplish much.

We are inspired by what has been accomplished through combined effort and a spirit of good-will and service to our fellow man. We thank you as an amateur radio operator, for your contact and expression of encouragement. We hope you will be receiving your QSL card from us soon and will QSO with us again.

Tragedy Not Surprising To Ex-Sect Member

By JIM BEAMGUARD
Tribune Staff Writer

Tom Dickson of Tampa says he wasn't surprised when he heard that members of the People's Temple had ambushed Rep. Leo J. Ryan in Guyana.

Dickson says he was one of the early members of the sect when it was first organizing in Indianapolis in the early 1960s, and is now chief of a security company in Tampa.

"Whether he pulled the trigger or not, Jim Jones is still responsible," Dickson says. "There was no way it could end up but that way."

Dickson, 53, says he joined the sect out of curiosity, and became a member of the "elder council" of the then-growing organization. One job of that council was to keep members from quitting the church, Dickson says.

"He would threaten people, tell them something tragic would happen if they walked away," he says. "He would fake healings," Dickson said, to make others believe in him.

Advocating conservative dress, bread lines, communal living, anti-violence, and miracles of healing, Jones built a stong following in Indianapolis in the early 1960s, Dickson says.:

"He did a lot of things for the poor," Dickson recalls. "He wanted to start a commune. He said he had a revelation from God that people had to band together against totalitarianism.

"No one else was supposed to have anything, but he had three Cadillacs and plenty of money. He was making slaves out of the people. They were mostly young people, lower class people, and women. He had them painting his house, fixing his car.

"I finally told him, 'Jim, I'm not going to let you get away with this stuff.' He jumped right up an shouted, 'You're speaking against the anointed prophet of God,'" Dickson says.

So Dickson quit the organization, and says he tried to talk others out of leaving Jones. Some members turned against the sect, and Jones moved to Hawaii.

Later he returned to Indianapolis, Dickson says, then moved to California.

The Rev. Harry Curran, now living in Minnesota, says he knew Dickson when the man was a member of the sect.

Tom Dickson recalls Jones from early days.

"He (Dickson) was pretty deep in it before Jimmy went off the deep end," Curran said Monday night. Curran, of the Assembly of God Church in Mankato, said he and his family attended a Jones meeting in Indianapolis, walked out before it was over, and Jones shouted to them as they left that they would have heart attacks if they left.

"He pronounced a curse on us," Curran said. "Of course, nothing happened."

When Jones left for California, many of his followers went too, Dickson says.

"Mothers were calling me up, asking me to talk their sons out of going to California with Jones.," Dickson says.

Most of them didn't listen to him, he recalls.

"A lot of people believed he was actually God," Dickson says.

After seeing the devotion showed to Jones, Dickson says he understands how there could have been mass suicides after the ambush in Guyana.

"I can hear him now," Dickson says, "He would say, 'The end is coming. They are going to throw you in jail.' He would talk of a better life, give them a suggestion."

"I told him the day I left, 'Jim, you're a devil. Something serious is going to happen.' And he said, 'It won't happen to me.'

"He'll go somewhere else," Dickson says, "and start it all over again."

Revised Club Competition Rules

"Three cheers for three tiers!"

ALL INFORMATION HEREIN IS UNCLASSIFIED DATE 10/1/93 BY 104 [redacted]
b7C

As early as mid-1976 the Contest Advisory Committee was studying the problem of ARRL-affiliated club competition because the giant clubs in metropolitan areas were dominating the standings. This left the smaller clubs and those in areas with few hams out of the running.

After review in early 1978 the ARRL Board of Directors approved a three-tiered competition which will allow clubs of approximately equal size to compete against each other. The revised club competition rules will be in effect for the 1978 ARRL November Sweepstakes, and the 1979 January VHF Sweepstakes and International DX Competition.

Club Competition

Only ARRL-affiliated clubs may participate in the club competition. A member must be listed in the regular score listings before he can be counted for a club.

In order for a club to be listed, two points must be met:

a) At least three entries from members of the club must be submitted.

b) All members wishing to be included in the club scores must indicate the club name on their summary sheet *and* the club secretary must send a list of all club members eligible to compete for the club and which level (unlimited, medium, local) they wish to enter for *each* competition. Remember to meet the mailing deadline!

There are three levels of club competition:

Unlimited. Any club submitting 51 or more *entries* would be in this class. (One station can submit two entries, one on phone and one on cw in the November Sweepstakes and the DX Competition.) All stations and all operators must reside within 175 miles of the club's center. All members more than 50 miles from the club's center must attend at least 50 percent of the club's meetings to be eligible to submit an entry. If, however, he has not been a member for a year's time, he must have attended at least 50 percent of the meetings since he became a member. There would be no attendance requirement for those members within 50 miles. However, to be considered bona fide, a member must be active in club affairs. Members living outside of 175 miles and/or members operating stations outside of 175 miles may not compete in the club competition. The club must be an ARRL-affiliated club.

Medium. Any club submitting more than 10 but not more than 50 entries would be in this class. There would be the same mileage and attendance requirements as the unlimited class club. The club must be an ARRL-affiliated club.

Local. Any club submitting 10 entries or less would be in this classification. All members must reside within 20 miles of the club's center. There would be no attendance requirement. Again, the club must be an ARRL-affiliate.

Single- and multioperator station scores may be counted. At a guest-operated single-operator station, both the guest-operator and the station licensee must be members of the same club in order to count the score for that club. At multi-operator stations at least 66 percent of the operators must be members of the same club in order for the score to count for that club.

In conjunction with the 50-percent attendance rule, the club must hold *at least* four in-person meetings per year. A club's entry classification may be changed if, in the opinion of the ARRL Awards Committee, the club has manipulated its number of entries to fall into a lower classification (i.e., if a club with 100 members submits only the 50 highest scores, even if more than 50 of its members wish to compete).

It is not within the intent of these rules that a club should vote out a member or a member resign and then be voted back into the club later in order that he can meet the 50-percent attendance rule.

The highest affiliated-club entry will be awarded a gavel in each category (unlimited, medium, local.)

The highest single-operator cw score and the highest single-operator phone score in any club entry will be rewarded with a club certificate when at least three single-operator cw and/or three single-operator phone scores are submitted.

Disqualifications

The disqualification criteria remain the same as printed on page 83 of February 1978 *QST*.

LONG-DISTANCE DELIVERIES

☐ From all across the United States, amateurs and doctors teamed up in February to help a missionary doctor deliver twins in a remote Guyanan village. After the mother-to-be had become two weeks overdue, then gone into prolonged labor, Dr. Larry Schacht asked Al Touchette, WB6MID/8R3, to call for assistance. His first transmission, on the 20-meter Maritime Mobile Net, was answered by N2EI/4, K4ZP, KP4DGT, WB5QAV and W7BIG. Changing band conditions, however, prevented completion of the exchange.

Amidst the patient's complications, Al established contact later that night with more U.S. hams. They were able to phone patch various specialists or relay the messages to and from Dr. Schacht. Among them were K3DML, Potomac, MD, who patched in Dr. Albert A. Greenfield, an obstetrician; W3JBJ, Williamsport, PA, an orthodontist, who patched in Dr. Kenneth L. Cooper, an obstetrician; and WA1YAX, Wallingford, CT, who relayed for Dr. Sturla Stefason, an anesthesiologist at Yale-New Haven Hospital, in Connecticut. Despite the lack of modern facilities, Dr. Schacht was talked through a Caesarean section and delivered healthy, identical twin girls. The next day, Valentine's Day, the mission doctor reported over the air that all were doing well.

Leo Ryan

Although there is no federal criminal violation apparently related to the Jonestown suicide/murders, questions being raised in public and official circles, and the need to preserve evidence for purposes of the investigation by Guyanese authorities, indicate the desirability of conducting autopsies on at least a sampling of four Peoples Temple victims as well as on Jones and his confidante, Maria Katsaris (or Katzaris) both of whom, according to the media, died from gunshot wounds. It is also requested that an autopsy be conducted on the medical aid at Jonestown, Dr. Larry Schacht. It should be noted that the Guyanese government has requested an autopsy on Jones.

Before these autopsies may be conducted, it will be necessary to secure the permission of the next of kin of the individuals upon whom the autopsies are to be conducted. Therefore, it is requested that the FBI immediately seek to contact such next of kin.

Should the next of kin of Jones, Katsaris or Schacht refuse to accede to our request for an autopsy, it is requested that the body of any such person whose next of kin does not consent to an autopsy, be turned over to Delaware state authorities so that they may conduct an autopsy.

When you examine the Jonestown murders please remember that 150 children were murdered, most with the consent of their parents. Surely a country whose President has taken upon himself the goal of advancing human rights in the entire world can spare a little inquiry into what happened to the human rights of the children in Jonestown.

Perhaps we may never see such slaughter on a grand scale again — but if we can save a few children from losing their human rights under similar circumstances, the effort should be made. DE-2 REC-102 89-4286-736

The proliferation of "religious cults" whose sole purpose is to collect money should ~~stop~~

It's time to tax income to all 2 DEC 6 1978 religious groups so that large immensely wealthy groups, such as the Catholic Church, will have to follow God's word & divide their wealth with the poor. No church should be allowed to hoard immense wealth under the guise of doing God's work. [redacted]

2 ENCLOSURE "ENCLOSURE ATTACHED" SIX

We suggest the attorneys for the People's Temple be questioned thoroughly on

58 DEC 7 1978

what they knew about the cult before Rep. Ryan went to Jones town.

We suggest the government provide legal service to determine the disposition of the funds of the Peoples' Temple and not allow Mr. Gary or Mr. Lane or any private lawyer to charge huge fees to do it.

There is no doubt the Peoples' Temple has, through its members, perpetrated heinous crimes and for that reason it should be terminated.

We have religious freedom in our country but this confers no right on anyone to confuse liberty with licence.

There is much truth in the two articles I enclose - I am not alone in feeling as I do about the dangers of tolerating too much - when cults do harm people & it's reported to the government it should not only be "investigated", as Jones town was - grand juries should be allowed to gather testimony & charges should be filed where warranted - so that the courts, through the medium of citizen jurists, can adjudicate these matters.

Religious Crimes

WASHINGTON — When you get over your shock and revulsion over more than 900 murders and suicides in the Rev. Jim Jones' People's Temple community in Guyana, you have some serious thinking to do.

How and when are we going to face up to the fact that "religion" is America's greatest sanctuary for people who engage in systematic theft, tax evasion, rape, torture and even murder?

Rowan

The federal government can make a banker specify in detail what interest he is charging on a loan; it can jail a corporation executive for using "insider's knowledge" to make a profit on a stock; it can force an automobile company to spend millions of dollars to recall cars that just "might" have a defective part. But government has been, with rare recent exceptions, powerless to deal with so-called "religions," even though there was abundant evidence of kidnappings, brainwashings, physical abuse — and most or all of con games to strip new "converts" of their money.

This gruesome tragedy in Guyana is an appalling example of governmental failure to act, primarily because government officials are timid about breaching sanctuaries of "religion." The State Department not only failed to act early against Jim Jones' "temple," but it fought to prevent FBI involvement.

But why was government handcuffed months ago when it knew that Jones and his cronies were forcing converts to sign over all their belongings, present and future, to "the temple"? Can it possibly surprise U.S. officials that one cult member was seized, after the killings, carrying $60,000 in cash and a $1 million bank draft on a bank in Panama? Or that more than $1 million worth of gold, jewelry and cash was found in Jones' commune in Guyana?

Our laws are written, or interpreted, in such a way that if a person enters a cult "willingly" and then is kept in, allegedly against his or her will, the FBI cannot act on grounds that this is kidnapping.

Thus our government has dealt gingerly with the Unification Church, headed by a Korean, the Rev. Sun Myung Moon. This cult has been accused again and again of brainwashing new members, holding them by force, wearing them down physically and mentally, and then "programming" them to a total commitment to the church.

Last August the federal government did move against one "unusual" religious group, the Church of Scientology. A federal grand jury returned a 28-count indictment accusing 11 high officials and agents of the church of stealing Justice Department documents, bugging an office of the Internal Revenue Service, encouraging perjury and hiding witnesses.

Documents acquired by the government in court-ordered FBI raids show that the Church of Scientology's policy has been to use "lies and derogatory data" to destroy the reputation of anyone investigating or criticizing the church, and to punish critics by filing lawsuits that force them to spend huge sums for legal fees.

There are dozens of "religious" groups in America which are just as venal and vicious as the People's Temple, but how bold or cautious must government be in investigating and/or prosecuting them? Other groups merely arouse suspicion. CBS' "Sixty Minutes" recently featured two evangelists who have won many thousands of followers by using radio and television. One of these ministers boasted that the cash donated in one day's mail might total $200,000.

Does the IRS dare intervene to see how that cash is counted, and whether it all goes into tax-deductible religious pursuits?

How does government deal with the reality that many of these evangelists are dispensing more politics than religion? How, especially, when the shrewdest merchandisers of religion are also clever at embracing politicians — as witness the fact that Jim Jones brandished "recommendations" from Rosalynn Carter, Vice President Mondale, Sen. Henry "Scoop" Jackson (D.Wash.) and the late Minnesota Sen. Hubert H. Humphrey?

The constitutional dilemma is very troublesome. But I say that, however much we cherish our separation of church and state, we have got to find a safe way for the state to rein in those who steal and kill in the name of God.

CHARLES GARRY belongs to what is practically a subculture in San Francisco. This is a group of loud-mouthed publicity hounds who happen to be members of the State Bar. You know most of their names. They like to try cases in the newspapers and on the tube, where they usually manage to get portrayed in the favorable light they choose.

Garry belongs to the radical brand of ink-eater. He explains his radicalism, and especially his identity with black causes like the Panthers, because of the discrimination he suffered as a [redacted] nian youth [redacted]

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED DATE 10/17/92 BY [redacted]

Mark L[redacted] er of the same stripe. For years he has been peddling, at considerable profit and notoriety to himself, the view that there was a right-wing conspiracy to kill President Kennedy.

The role of these two seamy characters in the terrible carnage of Jonestown is worthy of the closest examination. Hard questions have to be answered, especially by Garry, who as Jim Jones' lawyer since 1977 knew a great deal more about the Peoples Temple and its workings than Lane, who was retained just a month before the tragedy.

* * *

LANE SEEMED TO KNOW everything bad that was going on at Jonestown, and in numerous interviews he had said or implied that what he didn't know Garry did. Although Garry has denied it, Lane said Garry knew in advance that the Rev. Jones planned a mass suicide of temple members in Guyana.

Lane said that more than a year ago, on Oct. 6, 1977, Garry, Angela Davis, Huey Newton and American Indian leader Dennis Banks joined in a shortwave radio conversation from San Francisco "begging Jones not to kill the 500 Americans in Jonestown" at that time. Garry had insisted, until he no longer could do so, that Jones had no guns or other weapons and "30 years of dedication to non-violence."

Lane said he knew, before the Ryan party left for Guyana, that, "Maybe 10 percent of the people at Jonestown want to leave." Lane said this as he was traveling on an airplane to Guyana with Congressman Leo Ryan. He was also warned that the congressional party at their last meal in Jonestown might be served grilled-cheese sandwiches treated with tranquilizers or other drugs, but apparently said nothing.

Just how much did these lawyers know? Especially, just how much did they know about the alleged plot to exterminate the congressional party? Did they know Ryan and the others had been set up? How come they did not go with the congressional party to the airstrip massacre? These are hard questions. Garry has not been very good at answering them, nor has the press been very good at pressing them.

When asked at a press conference why he and Lane did not join the Ryan party at the airstrip, Garry told a story so thin that he would have been wise not to have told it, even if it is true.

He and Lane got off the truck carrying the congressional party, Garry said, because, "We were told that a father who wanted to leave the settlement was trying to take his children with him."

They walked back to the center of the settlement, and insisted that the father could leave if he wished, but should let the courts decide the custody of the three children, according to the Garry version of events. no deal

* * *

THE PRESS APPARENTLY did not press him on this improbable tale. That, in the midst of the general paranoia of the final hours of the visit, after having witnessed an attempted stabbing of Ryan, the lawyers would decline a ride back to the United States in order to settle a petty legal matter strains belief. Certainly it strains mine.

because the guy planned to stay behind

If the lawyers knew that the American party was going to be ambushed and did not tell Ryan, they are guilty of the most incredible immorality.

These questions and others should be asked by some public body of Lane and Garry. Jones is no longer their client, and their claim of confidentiality is considerably lessened, if existent at all. These lawyers' conduct during and after the tragedy has a high odor to me at least.

Dear [redacted]

Pastor Jim Jones has undertaken a great work for humanity. His one-thousand (1000)-member community of Jonestown, Guyana, South America, is showing the world a model of cooperation and love. Here, every good desire is being realized. The hand of Hope is reaching out in love to care for the needy, to bring relief to the oppressed. Everyone who comes to the miracle community of Jonestown has witnessed what Pastor Jim Jones has accomplished in such a short time. Yes, a miracle of faith, work and determination & an inspiration and help to all in need.

Though literally hundreds have been reached by the miracle of this healing ministry, much more needs to be done. Our free medical clinic is now serving many in the immediate area of our district, and we would like to reach even more of the outlying areas and add to the appreciable number of orphans that we already have.

Pastor Jones asks you to help sow the seeds of love with practical assistance. The jungle blooms with hundreds of plants and acres of vital, organic foods. Can you catch the lovely fragrance of this beautiful land? A reminder of how wonderful our lives are here, as we follow the higher path of service to mankind with Pastor Jones.

Won't you help in this great effort, assist us to build the foundations for a new world, extend the great chain of compassion across the seas to unite mankind in bonds of universal cooperation? The special number of faith this month for Jonestown is $50.33. Your generous gift, as always, will be a blessing to others and bring the higher laws of life, your giving will return to bless you. The scriptures of every great faith proclaim this to be so.

Show this beautiful community of love, Pastor Jim Jones sends to you in advance, his personal thanks and meditations for health, well-being and prosperity.

Sincerely in His Service,
Marion Campbell

ON DECEMBER 5, 1978, UNITED STATES COUNSUL RICHARD LA ROCHE, BRIDGETOWN, BARBADOS, ADVISED THAT "ALBATROSS III" STILL IN PORT OF BRIDGETOWN AND EXPECTED TO DEPART FOR PORT OF SPAIN, TRINIDAD, ON FRIDAY, DECEMBER 8, 1978. (U)

ALSO THIS DATE, LA ROCHE ADVISED THAT [redacted] DOES NOT OBJECT TO FURTHER INTERVIEWING BY FEDERAL BUREAU OF INVESTIGATION (FBI), HOWEVER, [redacted] ADVISED LA ROCHE THAT HE DOES NOT WISH TO SUBMIT TO POLYGRAPH EXAMINATION. (U)

UNITED STATES ADDRESS PROVIDED NOVEMBER 25, 1978 AT PORT OF SPAIN, TRINIDAD BY [redacted] ALSO ADVISED THEY HAD NO IMMEDIATE PLANS TO RETURN TO THE UNITED STATES AND WILL REMAIN [redacted]

F

RSMOR THE TIME BEING HAVING EXPRESSED INTENTIONS SIMILAR TO THOSE OF [redacted] (U)

[redacted] ADVISED ON NOVEMBER 26, 1978 THAT "SOME" MONEY FOR PURCHASES OF SUPPLIES WAS MADE AVAILABLE BY GEORGETOWN COORDINATORS DEVORAH TOUCHETTE AND PAULA ADAMS. OTHER MONIES WERE MADE AVAILABLE THROUGH EXTERNAL ACCOUNTS AT BARCLAYS BANKS IN GEORGETOWN, GUYANA, AND PORT OF SPAIN, TRINIDAD, ALLOWING GUYANESE DOLLARS TO CONVERT INTO TRINIDAD DOLLARS. [redacted] ADVISED THAT HIS KNOWLEDGE CONCERNING FINANCIAL MATTERS OF THE PT WAS LIMITED TO THE ABOVE. (U)

DURING INTERVIEW [redacted] ON NOVEMBER 26, 1978, SHE ADVISED THAT THE "CONFESSIONS" REGARDING ILLEGAL AND IMMORAL ACTS; STATEMENTS REGARDING WILLINGNESS TO ASSASSINATE UNRECALLED PUBLIC OFFICIALS, INCLUDING THE PRESIDENT OF THE UNITED STATES, AND BLANK PIECES OF PAPERS SIGNED BY [redacted] AND OTHER PT MEMBERS, WERE GIVEN TO "STAFF" MEMBERS IN PT, SAN FRANCISCO. SHE BELIEVES THESE AND OTHER DOCUMENTS WHICH MAY HAVE CAUSED PROBLEMS FOR PT WERE DESTROYED AT PT SAN FRANCISCO BY "STAFF" PER JIM JONES' INSTRUCTIONS DURING SPRING, 1977, WHEN PT WAS UNDER "ATTACK" AND SCRUTINY BY NEWS MEDIA, GOVERNMENT, AND GENERAL PUBLIC. (U)

b7c

CONCERNING [redacted]S REFERENCE REGARDING HAVING SIGNED STATEMENTS ALLEGING WILLINGNESS TO ASSASSINATE PUBLIC OFFICIALS, SAN JUAN WISHES TO STRESS THAT [redacted] ADVISED THIS OCCURRED SOME YEARS AGO WHEN [redacted] SHE PLACED THIS ACT IN THE OVERALL CONTEXT OF PT MEMBERS SIGNING BLANK PAGES OF PAPER ON WHICH INCRIMINATING OR COMPROMISING INFORMATION WAS LATER PLACED. SHE INDICATED SHE REGARDED THESE SIGNED STATEMENTS, I.E., REGARDING ASSASSINATIONS AS WELL AS ADMITTING IMMORAL ACTS, TO BE "A FARSE", AND THAT SHE NEVER TOOK THIS SERIOUSLY. IT WAS AN INTIMIDATION METHOD TO GAIN CONTROL OVER PT MEMBERS, AND WAS A "TEST OF FAITH." (U)

[redacted] WAS THE MOST COOPERATIVE OF ALL THE INDIVIDUALS INTERVIEWED IN TRINIDAD AND BARBADOS AND APPEARED THE MOST CREDIBLE. SAN JUAN'S JUDGEMENT IS THAT SHE IS NOT A WELL EDUCATED PERSON, AND NOT OVERLY INTELLIGENT. NEITHER SHE NOR ANYONE INTERVIEWED IN TRINIDAD/BARBADOS CONFIRMED OR WOULD ADMIT TO THE EXISTENCE OF THE "ANGELS" OR "HIT TEAMS". (U)

[redacted] WAS SPECIFICALLY QUERIED REGARDING ADDRESSES OF TERRY BUFORD, SANDRA BRADSHAW, JEAN BROWN, AND LEONA COLLIER ON NOVEMBER 26, 1978. SHE ADVISED ALL WERE RESIDING AT TEMPLE IN SAN FRANCISCO [redacted] ADDRESSES FOR ABOVE INDIVIDUALS PRIOR TO THEIR RESIDENCE IN TEMPLE UNKNOWN TO [redacted] ADVISED ON NOVEMBER 26, 1978 PAULA ADAMS AND DEBBIE TOUCHETTE RESIDED IN "LAMAHA HOUSE", A PT FACILITY, GEORGETOWN, GUYANA. PRIOR TO THEIR RESIDENCE IN GUYANA, THEY RESIDED IN TEMPLE, SAN FRANCISCO.(U)

AS NOTED IN REFERENCED SAN JUAN TELETYPE, [redacted] INTERVIEW WAS PREMATURELY TERMINATED FOR REASONS OUTLINED THEREIN; THEREFORE, NO ADDRESS IN U.S. OBTAINED FROM HER. ONLY ADDRESS FURNISHED [redacted] WAS JONESTOWN, GUYANA. NO ITINERARY WAS OBTAINED FROM [redacted] HOWEVER, SHE TOLD U.S. CONSUL, JOHN ADAMS, PORT OF SPAIN, THAT SHE HAD NO IMMEDIATE PLANS TO RETURN TO U.S. (U)

CONTACT IS BEING MAINTAINED [redacted] AND SHOULD [redacted] RETURN TO U.S., APPROPRIATE LEADS WILL BE SET OUT.(U)

Cyanide Fed To Babies; Cultists Sip 'Death Toast'

HERBIN IS UNCLASSIFIED
DATE 10/1/92 BY 10[redacted]

67C

georgetown, Guyana (AP) — Soldiers searched through a steaming jungle Monday for hundreds of American religious zealots who fled their remote compound after the suicide-murder deaths of at least 409 fellow cultists.

Some were shot, but most apparently lined up and took doses of cyanide poison mixed in a tub with flavored water. A witness said poison was spoon fed to babies.

Several hundred bodies were sprawled around a communal meeting hall, packed so closely together that many had fallen across others who had died minutes earlier. Some had embraced as they died.

By dark, police and soldiers had found only 12 survivors from among the estimated 500-900 who had fled into the bush.

All of the settlers were believed to be Americans, most from California.

Those who were killed or took their own lives perished at about the same time Saturday that enraged members of the sect attacked an investigative group led by Rep. Leo J. Ryan, D-Calif. at a dirt airstrip. They killed Ryan, three U.S. newsmen and a woman from the settlement.

By midafternoon, soldiers reported counting the bodies of 163 women, 138 men and 82 children. A police spokesman said later the toll was 409 as the terrible task continued at the settlement in this small South American country tucked beside Venezuela. He said bodies still were being found.

Also found in the fields, huts and dormitories were 17 shotguns, 14 rifles, seven pistols, a flare gun and large amounts of ammunition, government officials said.

Among the dead were the Rev. Jim Jones, founder of the People's Temple settlement called Jonestown; his wife and one of their sons.

was reference letters submitted by Jones. He said the People's Temple supplied some 60 letters, including ones purportedly signed by Rosalynn Carter, Vice President Walter F. Mondale and several congressmen that complimented Jones and his followers for their activities in California.

Odell Rhodes, a 36-year-old teacher and one of the camp survivors, told the pool reporters elaborate preparations were made for the mass suicides and killings triggered by Ryan's visit.

Rhodes said he remained through the first part of the suicide ceremony, but when a Dr. Lawrence Schact said he wanted a stethoscope, Rhodes volunteered to get it and hid in the jungle.

He told the reporters Schacht prepared the cyanide potion and the doctor and two nurses ladled it out, starting with the infants by spooning or squirting it into their mouths.

Adults lined up and received the poison drink in paper cups, sipping it there or taking it back to their places to join friends and relatives in a death toast, Rhodes said.

Armed guards were stationed around the group, he said, and one woman who first refused to take the poison drank it after others shouted, "No, no, if father says to do it you should do it!"

Jones was called father by his followers.

Rhodes said the original plan was for all the people in Ryan's main aircraft to be killed by a gunman who would pose as a defector and get on the plane, then kill the pilot, causing the plane to crash.

He said the man got on the secondary aircraft by mistake at the tiny airstrip in the village of Port Kaituma, eight miles south of Jonestown, then started shooting and other armed men on a truck-trailer also opened fire.

When the killers returned to Jonestown, it was known some members of Ryan's group had escaped. The suicide ritual was ordered, Rhodes said.

He said People's Temple members in Guyana and the United States had been planning a simultaneous suicide ceremony for months, to be carried out if the code "white knight" was broadcast.

Rhodes said the code apparently was not broadcast, and Jones summoned his followers to the death meeting by telling them over the loudspeaker, "The time has come for us to meet in another place."

According to Rhodes, Jones used the loudspeaker after Ryan's party had left, to announce he had ordered the deaths of the congressmen and all other members of his party.

Another survivor, Grover Davis, 79, told the pool reporters he realized what was going to happen as the settlers were being directed to the meeting hall and he ran into the bush and hid.

A woman who gave her name as Hyacinth Prash and said she was in her 70s was ill and remained in her cabin where she apparently was overlooked.

American attorney Mark Lane said the Jonestown meeting began at about 5 p.m.

Lane, being guarded with fellow attorney Charles Garry in a building some distance from the meeting, said he had beard medical personnel were preparing poison in a large vat somewhere in the camp.

He said that from their vantage point they also saw a dozen men take "many" automatic rifles from a shed.

One of their two guards told them, "We are all going to die now," Lane said.

"They were smiling. They looked genuinely happy," he said.

He and Garry persuaded the guards to release them, Lane said, by telling them he would "write the story" of Jonestown for the outside world. Before letting them go, the two guards hugged both lawyers.

Countians Await Word Of Relatives In Sect

In a letter to her father last Tuesday, Erin Eichler said everything was fine. She and her sister, Evelyn, seemed to be having a good time visiting members of the People's Temple religious sect in Guyana.

Today, Chuck Eichler of Westminster is pondering the fate of his two daughters who, he fears, may be among an estimated 400 victims of a mass suicide at the church camp, run by the Rev. Jim Jones.

At least two additional OC residents anxiously are awaiting word about possible survivors. They are Mrs. Carolyn Eslinger of Garden Grove and a Buena Park woman who say they have relatives at the camp.

Officials in Washington D.C. say they may be able to release the names of the victims today. An additional 500 to 700 sect members reportedly escaped from the camp when the suicides occurred.

Eichler said his daughters Evelyn, 23, and Erin, 19, lived in Burbank until their move to Guyana in April 197

The women expressed interest in joining the church, but Eichler isn't sure if they have become members.

He said he has received letters regularly from Erin in the past 18 months. The latest correspondence — a letter and picture showing Erin in front of some palm trees — arrived last Tuesday.

The letter, dated Oct. 17, had P.O. Box 893, Georgetown, Guyana, as the return address. Eichler said he does not know if that is the camp's address

3 More Venus Atmosphere Probes Sent

MOUNTAIN VIEW (AP) — Three more atmospheric probes were on the way to Venus on Monday after a successful in-space launch from a Pioneer spacecraft.

The three launchings from the Transporter Bus represent the second phase of the first project devoted primarily to the atmosphere and weather of another planet. The three probes, which had to go off simultaneously, were released Monday morning, after an 11-hour delay. Adjustments were made over that period to offset an increase in velocity, the National Aeronautics and Space Administration said.

Heart Failure Cited In Envoy's Death

NEW YORK (AP) – The Medical Examiner's office said Monday that it appeared that heart failure from high blood pressure caused the death here of a 38-year-old Soviet diplomat.

Dr. Michael Baden, chief medical examiner, said an autopsy showed the diplomat, Valeriy Vidyakin, had an enlarged heart, which he called a typical consequence of hypertension or high blood pressure.

Vidyakin, second secretary to the Soviet Mission to the United Nations, was found dead Sunday in his apartment in the Soviet residential complex in the Riverdale section of the Bronx. He had been in the United States just over a year.

Hotel Blaze Kills 2, Injures Several

EAU CLAIRE, Wis. (AP) – Fire swept through a three-story, wooc frame hotel Monday, killing two men and injuring several persons authorities said. Witnesses said one resident escaped by jumping out a window and another climbed out a window and down a tree.

Firefighters were called at 2:45 a.m. to the 97-year-old hotel, once the scene of elegant Saturday night balls but occupied in recent years by retired, elderly and low-income persons. The blaze continued until after dawn.

The dead were identified as James Janowski, 77, and Neil E. Rather, 55, who both were registered at the hotel. Both died of asphyxiation caused by smoke inhalation, Dr. Herbert Aitken, Eau Claire County Medical Examiner, said.

Hundreds Arrested After Ferry Hijacked

ISTANBUL, Turkey (AP) — Armed leftist youths hijacked a Europe-to-Asia ferry Monday and ordered the captain to cruise in the Bosporus Straits until authorities listened to their demands. But they later ordered the ship into port here where police reported more than 400 arrests.

Police said the hijackers gave up after police boats chased the ship as it crisscrossed the straits. It was not known if they presented their demands before giving up.

Sources said the ship was occupied by "Maoist militants" after authorities refused to let them attend a funeral for a slain youth

through the gate where Death Row convict Robert F. Lewis walked away two days earlier.

One of the two new fugitives was captured soon after and bloodhounds were on the track of the other, said Al Lee, spokesman for the Florida Department of Corrections.

that new information to the same effect was received Sunday morning.

"At the present time we can say we are conducting a limited investigation, looking at two particular statutes, the Congressional Assassinations Statute, and Protection of Foreign Officials Statute."

Teachers Hint At Strike If HB Talks Stalemate

HUNTINGTON BEACH — Negotiators for the teachers union and the Huntington Beach Union High School District returned to the bargaining table Monday under the threat of a possible teachers strike if talks stalemate.

The negotiators were scheduled to continue contract talks today, said district and union spokesmen.

There was no announcement on the results of Monday's negotiations with state mediator Drava Mrvichin.

Teachers voted by a 3-1 margin last Wednesday to go out on strike, but union officials held up calling the walkout pending the outcome of additional negotiations requested by the school board.

Teachers seek a 7 percent cost-of-living pay hike, a charge deducted from non-members' pay for union representation and binding, instead of advisory, arbitration of contract disputes.

The fee and binding arbitration have been recommended by a state fact-finding committee and the union has asked the board to incorporate the features in a new, two-year contract.

Trustees had rejected the recommendations of the state committee prior to the teachers union call for a strike vote last week.

day and called an ambulance.

The two men were taken to County-USC Medical Center, where Ramirez was in fair condition. Seja was treated and released.

Like the dead victims of the stabber, Ramirez and Seja were knifed in the chest and were found shortly after midnight.

But unlike the other victims, Cooke said, these two were young and Spanish-speaking.

"These two don't seem to fit the wino image of previous victims, but the investigators haven't ruled anything out yet," said a police spokesman.

Investigators say they still don't know if there is only one stabber or if there are "copycat killers." But they have released a composite picture and description of a man they think may be the killer — a pigeontoed, muscular, 6-foot-2 man in his late 20s or early 30s.

"The court has no desire to heap an unwarranted penalty on the head of Mr. Diggs," replied Gasch. "But, by the same token, the court realizes that the court must seek to be even-handed."

Then, Diggs stood impassively beside his attorney as the judge told him he was to serve three years on each of the 29 counts on which he was convicted. However, the terms are to run

GM Chief Asks Fair Trial for Carter's Controls Plan

NEW YORK (AP)—Warning against "counter-productive gestures" such as mandatory wage and price controls, General Motors Chairman Thomas A. Murphy said Tuesday that President Carter's voluntary anti-inflation program should be given a fair trial.

Murphy said he has "trust and confidence" in Carter's proposed voluntary 7% lid on wage and fringe benefit increases, and he urged unions to go along with it.

He said the voluntary concept "coupled with the kind of anti-inflationary monetary and fiscal policies promised by the President, is a viable one.

"It not only has a very good and distinct possibility of succeeding, it can succeed, it must succeed and it certainly is worthy of the best effort we as a people can put into it," he emphasized.

Murphy also predicted record sales by the auto industry next year and said analysts misinterpreted the decision by the giant auto maker to reduce its yearend dividend.

He told a luncheon audience of the New York Chamber of Commerce & Industry that GM trimmed its dividend because of "burgeoning needs" for capital spending "and the uncertainties we face in meeting the myriad of regulations."

The GM chairman voiced confidence that labor will not try to sabotage the anti-inflation program, despite the negative reaction of some labor leaders, including AFL-CIO President George Meany.

"Mandatory wage controls are as abhorrent to organized labor as mandatory price controls are to industry. I think it is safe to say that we all have learned—or at least a great majority of us have—from our mutual and bitter experience with such controls," he told about 1,000 businessmen at the Waldorf-Astoria.

Murphy cautioned against paying too much attention to what he called "those always-present doomsayers who say the program cannot work, that it is doomed to failure even before all of its aspects have been defined fully, much less given a fair trial."

Brutal Discipline Crowd People's Temple Sect

SAN FRANCISCO (AP) – The Rev. Jim Jones carved a careful imagery. His People's Temple cared for its mixed-race flock with self-help programs and a thriving agricultural commune in an idyllic South American setting.

The image cracked when disgruntled former members alleged Jones was an often brutal disciplinarian. The image exploded when sect members shot and killed Rep. Leo Ryan, D-Calif., and four others on a remote Guyanan airstrip. Ten others were wounded.

And earlier reports of suicide rehearsals and undated suicude notes left by People's Temple adherents before they went to Guyana were chillingly recalled Sunday when reports emerged that up to 400 bodies had been found at the sect's Jonestown camp, apparently dead of poison.

The gruesome incident is the latest, and the worst in the 20-year tale of intrigue and controversy surrounding the People's Temple and its founder.

Conceived in Indianapolis in the 1950s with the avowed purpose of breaking down class distinctions, the Temple moved to Redwood Valley, Calif., in the late 1960s, to San Francisco in 1971.

A sophisticated political manipulator, Jones, 46, became a potent force in San Francisco almost overnight, organizing some 5,000 Tempie worshippers into a group for a host of liberal political campaigns.

Jones, who is married and has seven children, was born in Indiana, the son of a poor, interracial couple. At one time, he could list among his friends Gov. Edmund G. Brown Jr., Los Angeles Mayor Tom Bradley and San Francisco Mayor George Moscone who appointed Jones chairman of the city Housing Authority after the People's Temple helped him win the mayoral election in 1975.

But Jones' star faded after a series of allegations by former members. They complained that his methods of control included beatings and exhausting work shedules.

Former members said Jones' following submitted to his authoritarian regime because his rules and rituals left them financially dependent on the church, terrified and often brainwashed.

Jones called the allegations "outrageous lies," but resigned from the Housing Authority in August 1977 and went to Guyana with some 1,200 followers to establish the agricultural colony there.

A news release the Temple issued last year said the Guyana community has rehabilitated many young people "from lives filled with serious problems. .. We do not brutalize or exploit anyone."

But in an interview broadcast Sunday on the NBC Nightly News, former member Debbie Blakey told how children were disciplined in Jonestown.

"Little children are scared by this thing called 'Bigfoot.' What they do if a child has done anything that most children do, (and it) is considered very bad. . .they are sent out to see 'Bigfoot.'

"They are taken into the forest, down Jones cabin (to) a well," she said. "Two people would already be in the well swimming, it's dark and you can't see. The child is thrown in there. . .and the people that are in there will be grabbing the child's feet or pulling him down, making sure that he comes up for a breath.

"You can hear the child screaming all the way there and. . .back, 'I'm sorry, father. I'm sorry, father. . .'

"If he doesn't scream loud enough how sorry he is, then he'll (Jones) send the child back down," she added.

Wray 'May Have Been Present at Prostitutes' Convention'

Santa Ana, Calif.

The REGISTER Fri, Nov. 10, 1978 A5

By LARRY PETERSON
Register Staff Writer

Assemblyman Chet Wray said Thursday he may have been present in a Sacramento tavern last year when a reception was held to raise funds for a campaign to legalize prostitution in California.

The Westminster Democrat had denied Monday that he attended the March 30 event, saying he spent the evening at a dinner in another part of the Sacramento area and then went home.

He branded as "dirty tricks politics" a statement in a brochure by Republican Doris Allen, whom he defeated in Tuesday's election, that claimed he attended the event, referred to as a "prostitutes' convention."

But Dan Walters, staff writer for the Sacramento Union, said Thursday that Wray was at the reception for at least an hour, "looked like he was enjoying himself and having a helluva good time."

Confronted with the eyewitness account, Wray said he may have stopped off at the capital-area bar "for a sandwich" but did not attend the reception, which he said was downstairs, not on the second floor where he ate.

But Walters said that the reception, sponsored by California Association for Trollops National Institute for Prostitution, the tavern's dining room and Wray were all upstairs.

In a story published by the Sacramento Union March 31, 1977, Walters wrote that the event was attended by lobbyists, the capital press corps, "a few nervous legislators" and their aides.

The story said the event included a see-through lingerie "fashion show."

Lawmakers identified in story as present were Assemblyman John Knox, D-Contra Costa; Michael Wornum, D-San Rafael; Walter Ingalls, D-Riverside; Ch[redacted] Ventura, and "Chet Grey."

Walters said Wray's name was "garbled in translation" because he dictated the story to another reporter over the telephone.

Wray said Thursday that he recalled that the invitation to the event "said something about a fashion show" but that he recalls that the invitation was still in his office mail box the next day.

He said he normally eats dinner at his Sacramento residence but sometimes stops for a sandwich at the tavern, the operator of which he says is a friend, when Assembly business keeps him late.

On Monday, Wray said he ate dinner the night of the reception with "the vice president of San Diego Gas & Electric" whose name he could not recall.

Thursday, however, Wray said he attended a dinner sponsored by the Orange County Pharmaceutical Association at Aldo's restaurant in the northeast Sacramento area.

Knox and Ingalls said they could not remember whether they saw Wray at the event. Wornum and Imbreacht could not be reached for comment.

Robert Nelson, campaign manager for Mrs. Allen, said he had learned of Wray's attendance at the function months ago but first decided not to use it in her campaign literature.

He said he changed his mind after the Wray campaign blanketed the district with what he called "lies and distortions" about Mrs. Allen's record as a Huntington Beach High School District board member.

Wray, first elected to the Assembly by a margin of 36 votes in 1976, won Tuesday by 9,000 votes.

Radio Ham Tells Of Temple's Transmissions

b7c

NASHVILLE, Tenn. (AP) – A Tennessee ham radio operator listened in on conversations from the People's Temple settlement in Guyana nearly every night for more than a year before the voices fell silent.

Ed Westcott, an Oak Ridge photographer, said the transmissions – some of which he alleged were illegal – ended three weeks before U.S. Rep. Leo Ryan, D-Calif., and four other persons, including three journalists, were slain at an airstrip eight miles from the People's Temple camp at Jonestown, Guyana.

A large antenna is visible from outside the sect's compound in San Francisco, and an NBC-TV news report Sunday said the People's Temple members there kept in contact with the agricultural settlement in Guyana via radio.

On Sunday, Westcott said in a telephone interview that some of the transmissions he heard apparently were in code.

"They were using cryptic and cipheric messages – that's illegal – and they were operating outside the amateur frequencies or bands which is a violation of international treaties," Westcott said. "And they were operating unidentified for long periods of time, which is also a violation."

He added: "A great deal of the communications weren't coded, but when something apparently secretive came up, it was in code and there were never any last names, just code names. Jones went by the name of 'Al' and no one could make any decision until 'Al' OK'd it."

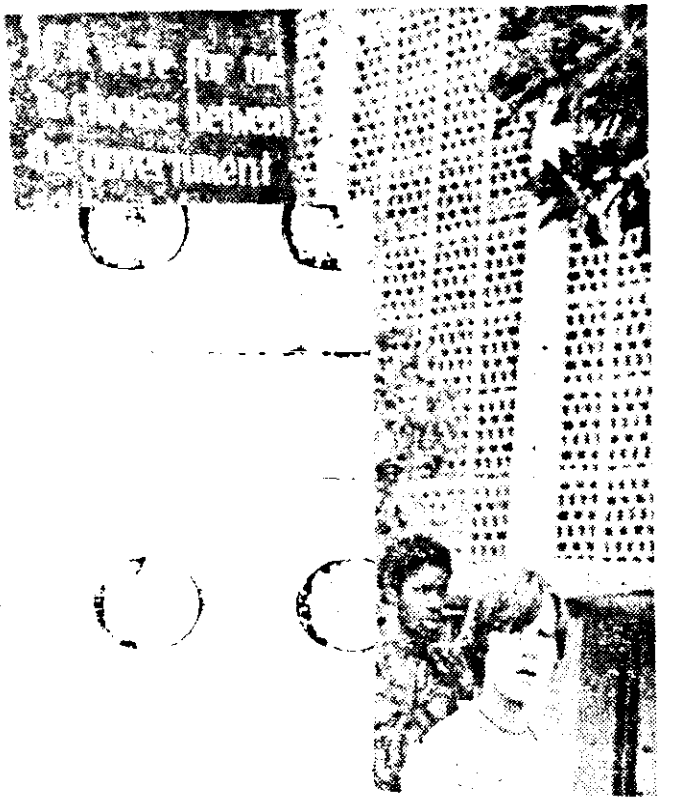
Westcott said he talked to Jones about the settlement – which had a goal of becoming self-sufficient – but declined an offer to do some photography work in Jonestown.

"In talking to him (Jones) I found out the congregation was made up of former drug addicts, alcoholics, runaways and problem people who just couldn't find a place in society but had found a place in the Temple church," he said.

"He (Jones) is cordial; a nice man to talk to. But he could be excitable in a crisis situation like a derogatory newspaper article and people trying to get out of the organization. Then he would go into a lengthy dissertation defending the organization," Westcott said.

On Oct. 12, Westcott recalled, he told the Federal Communications Commission that "the communications – the violations, the secrecy – would lead to a disastrous situation. About a week later I was told my complaint would be handled by a different department, one that ha sort of thing."

"After Oct. 25, more of Jonestov today."



1977 Statement Defended Cult Against Allegations

SAN FRANCISCO (AP) – When former members of Peoples Temple began talking publicly about beatings and fake healings last year, temple officials drew a virtual veil of silence over the embattled congregation.

The pastor, the Rev. Jim Jones, fled to Guyana without responding to the allegations.

On July 30, 1977, the temple issued a rare seven-page statement entitled, "What's Behind the Attacks on Peoples Temple?"

Here are some excerpts from that statement:

"We are not really surprised at the charges that have been made against us. Movements for fundamental social change have always been subjected to sophisticated and well-

where nobody lives in want...

"We note that some of those persons who are now coming forward with their charges against our movement include persons who constantly pressed us to take extremist actions totally incompatible with our principles. Some were even involved in manufacturing weapons and advocating that the church use them to advance a program of terrorism to achieve its social aims...

"Our program in Guyana is everything that it has been represented to be, both as an agricultural mission, and as a model cooperative community that has successfully rehabilitated many young people from lives filled with serious problems...

Suicide Memorial Held At SF Bridge

67c

SAN FRANCISCO (AP) – The apparent mass suicide at the People's Temple colony in Guyana came a year and a half after temple founder Jim Jones called for the erection of a suicide barrier on the Golden Gate Bridge.

On Memorial Day 1977, Jones stepped to a microphone beside the bridge and eulogized the more than 600 persons who had leaped to their death from the Golden Gate since the famed bridge opened 40 years earlier.

He said the suicide victims "were not casualties of war, but casualties of society."

Hundreds of those in the audience were members of the Peoples Temple and had arrived for the speech in buses. After the speeches, they joined a parade onto the bridge, each wearing a black armband and bearing the name of one of the suicide victims.

Many of the temple members who were on the bridge could have been among the nearly 400 persons found dead in the temple's Jonestown farming settlement in Guyana on Sunday, victims of apparent mass suicide.

Jones was a potent political force in San Francisco. He often turned out large crowds for political rallies and generated letter-writing campaigns for causes he favored.

Mayor George Moscone, a Democrat, appointed Jones to head the San Francisco Housing Authority in 1976, in appreciation for the minister's help in his successful campaign.

"If Jones was harboring some deep-seated evil intention at that time, I didn't know about it," Moscone said in the wake of the slayings in Guyana.

Jones resigned the housing post last year and departed suddenly for Guyana in the wake of reports quoting former temple members as saying he fostered beatings of members and used questionable tactics in accumulating money.

In 1977, Democratic Gov. Edmund Brown Jr. attended a memorial service for the late Rev. Martin Luther King at Jones' temple.

Ryan Told Visit Might Prov-

WASHINGTON (AP) – Rep. Leo Ryan was told before his trip to Guyana that members of the People's Temple felt harassed by American authorities and that further "persecution" might "create a most embarrassing situation for the U.S. government."

The warning, from the cult's attorney, Mark Lane, prompted Ryan to respond that the threat of embarrassment "does not impress me at all."

"If the comment is intended as a threat, I believe it reveals more than may have been intended," the lawmaker wrote the well-known activist attorney earlier this month.

Copies of the exchange of letters between Lane and Ryan were made available by aides to the slain California Democratic congressman.

They also released copies of telegrams Ryan sent to Jim Jones, leader of the sect, and John R. Burke, the U.S. ambassador to Guyana, as arrangements were made for the trip that ended in the death of Ryan and several members of his party.

Lane also was on the trip but escaped injury.

Ryan wired Burke and Jones on Nov. 1, informing them of his plan to visit the commune Jones and his followers maintain at Jonestown near the Venezualan border.

Lane replied five days later for Jones, writing the congressman that "the people of Jonestown have expressed a willingness to care for your needs and the needs of your staff and associates. . ."

But, he said, "you should be informed that various agencies of the U.S. government have somewhat consistently opposed the People's Temple. . .

"Some of the members of the People's Temple have had to flee from the U.S. in order to experience a fuller opportunity to enjoy rights which were not available to them within the U.S," Lane wrote.

He added that two countries, "neither one of which has entirely friendly relations with the U.S." had offered refuge to cultists.

Lane did not identify the countries, but an aide to Ryan said the lawyer apparently was referring to Cuba and the Soviet Union.

"Thus far, the People's Temple has not accepted either of those offers, but it is their position that if a religious persecution continues and if it is furthered by a witch hunt conducted by any branch of the U.S. government, that they will be constrained to consider accepting either of the offers," Lane wrote.

He then warned that the consequences of "further persecution" might prove embarrassing to the United States, apparently an indication that the group would consider accepting the offer of refuge.

Joe Holsinger, Ryan's top aide, said the congressman

Congressman Ryan Warned Guyana 'Hostile' To Visit

b7c

SAN FRANCISCO (AP) – Rep. Leo Ryan, killed in an ambush at a remote airstrip in Guyana, never backed away from danger in 16 years in politics, says a friend, and the People's Temple jungle colony in Guyana was no exception.

Ryan, a 53-year-old California Democrat, was shot and killed in an ambush Saturday while investigating whether Americans were being held against their will at the People's Temple at Jonestown in northwest Guyana. Three newsmen and a young woman also were killed Saturday as they prepared to fly out with residents unhappy with the colony.

Dan Cook, a congressional investigator and a close personal friend of Ryan's, said in a choked voice from Washington, D.C., Sunday that Ryan had received a telegram from Guyana which was "openly hostile" to his visit.

"His trip there was in keeping with his practice of going to see for himself, to check out the problems of the people he represented," Joe Holsinger, his administrative aide and a long-time friend, said Sunday.

"He knew he would not be welomed with open arms, but he certainly didn't expect such a senseless thing as this," Cook said.

A White House statement said President Carter was saddened by Ryan's death. "It was this drive to get his information at first-hand that led to his tragic death," the statement said in part.

Ryan and a small group of reporters, Temple attorneys and relatives of people inside the compound flew to Guyana Nov. 13 to investigate reports that American citizens were being held against their will at the Temple settlement that is led by the Rev. Jim Jones.

The 27,000-acre agricultural settlement, Jonestown, was founded by Jones over a year ago as a commune-like home for his flock.

Born in Lincoln, Neb., Ryan spent his college years at Creighton University and worked in several Nebraska schools before moving to California. He taught at Capuchino High School in San Bruno a few miles south of here before his election to the state Assembly from the 27th District.

Ryan was known as a man who liked to get involved in things of importance to his constituents.

In 1966 Ryan dived into the cauldron of Watts in Los Angeles after the deadly riots there to teach in a Watts high school for two weeks to check on schooling conditions.

In 1970 he spent an eight-day "sentence" in Folsom Prison to find out what it was like to live as a caged man.

Environment and ecology received Ryan's attention. He helped write a law prohibiting the sale of seal skins in California in an effort to halt the annual harvest of baby seals.

This year he traveled to Newfoundland at the invitation of the Greenpeace Foundation to inspect first-hand the hunting of harp seal pups. His opposition to the seal harvest earned him the International Wildlife Foundation's "Man of the Year" award.

But the journey to Guyana was the most dangerous of all.

"He knew it was relatively dangerous," said Pat Ryan, 25, one of the congressman's five children. "But that never stopped him before. This was something he had been working on for a long time."

The Ryan children had maintained an all-night vigil at the family home in Burlingame, south of here. They got the word of their father's death Sunday morning. Ryan was divorced from his wife in 1971.

showed signs of trouble, Eichler said. "They seemed to be having a good time."

The bodies of at least 383 persons, including Jones, his wife and one of their children, were found Sunday following the shooting death of California Congressman Leo J. Ryan, and several members of the press corps accompanying Ryan. The congressman was in Guyana to investigate allegations that church members were held at the camp against their will.

into the jungle. As they did they heard Jones chanting over the loudspeaker, "Mother! Mother! Mother! Mother!" and suddenly gunfire erupted. Lane said he heard many bursts of automatic fire and screams from the camp.

Guyanese Information Minister Shirley Field-Ridley told reporters that nine suspects had been arrested in connection with the Ryan attack were not true. She said only one man had been taken into custody and identified him as Larry Layton, about 32. She said he was from America but she did not know where.

remain anonymous, said her niece and nephew — both in their late 20s — joined the church soon after graduating from high school.

"They were unhappy with the war, but they were not violent people. They were gentle people. They loved plants and animals.

"It's really hard to explain. They were brought up in a middle-class family. Everyone in the family keeps asking why (this has happened)," she said.

The couple was introduced to the church by a friend, but she is sure that they were brainwashed into leaving for Guyana with Jones.

Their letters did not show signs of disenchantment with the camp. "There was never any mention of mistreatment. They seemed to be doing just fine.

"He told us he was doing some carpentry at the camp. And she did some farming. She always talked about how beautiful the jungle was."

Mrs. Eslinger said she, too, had relatives who were members of the People's Temple, but added that she was unsure whether they were part of the Guyana colony.

That uncertainty, however, only served to increase their anxiety about the fate of her sister-in-law, niece and nephew.

Mrs. Eslinger's sister-in-law, Agnes Jones, was adopted by the cult leader as his daughter some years ago, she said, and later married Mrs. Eslinger's brother.

Two children by that marriage, [redacted] their midteens, also joined the sect, said Mrs. Eslinger.

She said she had heard no word from the trio for more than a year and had no idea of their whereabouts, although they contacted her regularly while members of the People's Temple in Los Angeles before that time.

"When I went to the temple before, they would always say that she wasn't there at the moment, but later she always returned my calls.

"But when I went there around July of 1977 they took my number and said they'd bring them to see me, but I never heard from them again."

Mrs. Eslinger said that while she was at the temple she was "treated very well, but they never let me inside the church. I was an outsider. I don't know how that place worked."

She had heard Jones preach at a temple in Indianapolis "years ago" but saw nothing sinister in his manner or in the atmosphere of the temple, she added.

"Those people at that church seemed like such a loving bunch of people, but they did things their way. From the pulpit, he (Jones) was a radical, a religious fanatic, but I never heard anything about him being violent."

When a Register reporter tried to contact the People's Temple in Los Angeles Monday, the telephone was not answered.

Jones 'Didn't Like Losing His Children'

b7c

EDITOR'S NOTE: The following eyewitness account of the slayings in Guyana was written by San Francisco Examiner reporter Tim Reiterman, who was wounded Saturday in the gunfire that killed Rep. Leo Ryan and four others at a jungle airstrip. The story was dictated from Andrews Air Force Base in Washington, D.C., where he was flown for treatment, and has been edited by The Associated Press.

SAN FRANCISCO (AP) – "I feel sorry that we are being destroyed from within," the Rev. Jim Jones said as a tropical storm rained on the People's Temple pavilion.

Jones had suffered a setback. Rep. Leo Ryan, D-Calif., had come to the temple's agricultural project to determine whether the followers of Rev. Jones were free to leave the jungle settlement.

Starting with a note from two mem-ers asking, "Please help us get out of onestown," the list of defectors ew to at least 16. According to for-er members, Jones would not toler-e defections from the mission pro-t and many of the church members nsidered those who left to be itors.

the end of Ryan's two-day visit to mission Saturday, a woman sud-y charged down a slippery board-, crying, "Don't take my baby!" emotional tug-of-war ensued be-n a mother who wanted to stay the father who wanted to go. ly, attorneys for both Ryan and stody issue.

he does.

Some scowling faces appeared in the windows that rainy afternoon, watching the defectors leave, some with trunks and others with little more than the clothes on their backs.

There was much slipping through the mud around a six-wheel-drive dump truck which would take the congressional delegation, the press, the defectors and a group of concerned relatives of temple members to the Port Kaituma airport.

Mrs. Carter's, Jones' Letters Made Pub[illegible]

WASHINGTON — Rosalynn Carter's office made public Monday a 1977 exchange of letters between Mrs. Carter and the Rev. Jim Jones, leader of the religious community in Guyana that was the site of mass suicides.

Jones, in a letter dated March 1[illegible], 19[illegible], reported he had been in a delegation that had traveled to Cuba and been [illegible] "their country is badly in need of hospital equipment."

Urging that U.S. equipment be supplied, Jones wrote:

"I am personally of the opinion that such a move is consistent with the humanitarian aid you spoke about not long ago, and is an opportunity to help win Cuba away from the Soviet orbit. Anything that you could do regarding this matter, of course, would be deeply appreciated."

On April 12, Mrs. Carter, in a "Dear Jim" letter, replied:

"Thank you for your letter. I enjoyed being with you during the campaign — and do hope you can meet Ruth soon.

"Your comments about Cuba are helpful. I hope your suggestion can be acted on in the near future.

"Sincerely, (signed) Rosalynn Carter."

SUBJECT: EXTRATERRITORIAL JURISDICTION UNDER FEDERAL LAW

[redacted]

At 6 p.m. on November 21, 1978, Assistant Director Moore called me and said that he was, at that time, in the Director's office and the Director had requested me to furnish an opinion concerning whether the Federal statutes prohibiting slavery and involuntary servitude would be applicable to activities occurring in a foreign country. He was specifically referring to the circumstances involved in the recent events in Guyana. (U)

I conducted the necessary research and at approximately 8 p.m., November 21, I attempted to call you in your office and spoke to Russ Bruemmer in your absence. I furnished Mr. Bruemmer my opinion and then in a conference call with Associate Director Adams and Assistant Director Moore, at 8:11 p.m., I advised them. At approximately 8:20 p.m., I reached Mr. Boynton and advised him 18 USC 1583 (slavery) and 1584 (involuntary servitude) would not apply in a foreign country. (U)

Though there is little in the way of authority, the Supreme Court decision in United States v. Bowman 67 L. ed. 149 discusses the principle of territorial limitation of power and jurisdiction of a government to punish crime. The court stated (at page 151): (U)

DE-26 REC-111 89-4286-776

> "Crimes against private individuals or their property, like assaults, murder, burglary, larceny, robbery, arson, embezzlement, and frauds of all kinds which affect the peace and good order of the community, must, of course be committed within the territorial jurisdiction of the government where it may properly exercise it. If punishment of them is to be extended

> to include those committed outside of the strict territorial jurisdiction, it is natural for Congress to say so in the statute, and failure to do so will negative the purpose of Congress in this regard." (4)

The court contrasted the interest of the government with the individual interest as follows: (4)

> "But the same rule of interpretation should not be applied to criminal statutes, which are, as a class, not logically dependent on their locality for the government's jurisdiction, but are enacted because of the right of the government to defend itself against obstruction or fraud, wherever perpetrated, especially if committed by its own citizens, officers, or agents. Some such offenses can only be committed within the territorial jurisdiction of the government because of the local acts required to constitute them. Others are such that, to limit their locus to the strictly territorial jurisdiction, would be greatly to curtail the scope and usefulness of the statute, and leave open a large immunity for frauds as easily committed by citizens on the high seas and in foreign countries as at home. In such cases, Congress has not thought it necessary to make specific provision in the law that the locus shall include the high seas and foreign countries, but allows it to be inferred from the nature of the offense." (4)

Congress has acted to extend Federal jurisdiction by statute to the special maritime and territorial jurisdiction of the United States which is defined in Title 18 USC, Section 7. Under that specific statutory extension of jurisdictional authority, crimes against the person may be prosecuted under Federal law if the conditions of the maritime and territorial jurisdiction are met. For example, in United States v.

(4)

Erdos 474 F.2d 157 (4th Cir. 1973) the court held that there was jurisdiction under Federal law to prosecute an American citizen who killed another American citizen in the American Embassy located in the Republic of Equatorial Guinea. Federal jurisdiction may also extend to cases in which the Federal statute is intended to protect the government itself. In such cases, the offense is complete when the elements of the statute have been met and there is no specific requirement that the offense be committed within the territorial jurisdiction of the government. Specific application of the principle would result in the conclusion that the killing of the President of the United States or a member of Congress could be investigated and prosecuted under Federal law regardless of the physical location of the killing. The rationale for application of those statutes to events occurring outside the territorial authority of the government is that the statutes were designed to protect a function of government. Venue for prosecution in such cases is decided by reference to 18 USC 3238 which provides for venue in the district within the United States where the offender is arrested or first brought. This area of the law is not well developed and though it is my opinion that the general principles can be described, such questions arising in the future should be considered carefully on an ad hoc basis and I recommend that any such questions be referred promptly for a legal opinion. (U)

The general principles are: (U)

(1) There is Federal jurisdiction in any case meeting the requirements of 18 USC, Section 7, which generally extends authority to vessels at sea, government reservations, and U.S. aircraft. (U)

(2) Federal jurisdiction extends, according to the intention of Congress, to those statutes designed to protect the government itself and where the elements of the offense are not necessarily limited to the territorial jurisdiction of the United States (U)

(3) Federal jurisdiction does not extend to instances where offenses are committed against the person and there is no direct harm to a statutorily protected government interest. (U)

RECOMMENDATION: For information. (U)

Dear Sir:

During one of the news broadcasts from Jonesville S. America I heard that all the passports of the members were found by the army locked up in a large trunk. This passes several questions in my mind. (1) If these persons in Jonesville and in the San Francisco church are not being forced against their wills, then why were their passports and personal property taken from them and locked up. Christ never taught force or aggression in the salvation of souls. (2) Why haven't these passports been released to your agents in Dover Delaware who are attempting to identify these bodies. If they had those passports it would certainly be far more easier for your agents. In fact I have a third question (3) Why has the U.S. State Department been more cooperative with your agents and given them, your agents their pictures etc of the bodies? I know you are a religious man and neither God or Christ gave we adults the right to murder small young children. For this reason alone that Cult in San Francisco should be investigated. Children in the Cult have a Constitutional right and a God given right to the salvation of their souls. God gave them that free will and no human qualifi

to take from a child those rights which God and Country gives them. No I am not a religious bigot and yes I do support Constitutional Rights of freedom of religion and having mothered 3 children I know how easily their pure minds can be influenced. People who use brute force to worship God do not know God. No human has ever matched the perfection of Christ nor will they ever. And Christ warned us of hurting little ones. Christ said It would be better that you have a rock tied around your neck and thrown into sea than to hurt one of the least of these my little ones. Christ left the 90 and 9 to save one lost soul and we as a nation are not going to do a criminal investigation for the murder of 187 of these innocent little ones.

This whole tragedy does not appear to me to be mass suicide pact. So many were murdered in cold blood like the 30 missionaries in Rhodesia who were murdered. I can't help but wonder if there is not an international threat to American missionaries. I talked once with Rev Commander Wichita Council of Churches about the persecution of the missionaries in Spain. I was hoping he would tell me it was not true but he said every word you say was confirmed by a missionary friend of mine who just returned from Spain. There it was a Military Gov't and the Catholic Church who were persecuting non Catholics worse than in Communist Countries. The Army forced them to join the Army. Then they were ordered to go to Catholic Mass. At the elevation

of the ~~that~~ of Christ ~~they~~ had to stand and give a Gestapo salute. The United States must never have a Military-Industrial Complex which General Eisenhower condemned in inaugration speech part of which was quoted in "Seven Days In May". Such misplaced powers he said will destroy democracy and freedom.

Another Case of a City persecuting an Amish family because they refused to send their 16 year old daughter to high school. The girl was attending a trade school and was taking a Correspondence Course but this did not satisfy the Bureacracy that Com. First they arested the father fined him and threw him in jail. Then when I heard they were auctioning their farm I wrote Governor Hughes and requested he help the family. Asking what had happened to freedom of religion in the United States. He Governor took up their cross and helped these people. Then a group of them decided to go to panama to preserve that freedom. One year after they went there Panama fell. I may not agree with a persons religion but I'd give my life for their right to practice it. These are the precious freedom not man but God gave every man he created. There was politics involved in the Jim Jones Church. I understand he was paid by politicians to be large crowds to political affairs to give a T.V. Camera the illusion that the Candidate really had a large

-3-

following of supporters. Rev Jim Jones must have been paid well for this since they found several millions of dollars and gold in that camp in S. America.

There is another Racket operating in U-S Minister's licenses are issued by mail for $1.00. Many persons have obtained such licenses not to preach the Bible but to set up a thriving business. Example Madalyn Murray O'Hara! As you know she once had a suit in Court to force Roman Catholics to pay taxes on all property they owned but Church and parsonage. Someone told her about this racket. So she ordered her Minister License made her husband a Bishop and then bought a large Commercial Bldg from a woman, then rented the office back to them and nobody paid single cent taxes because she pirated under the guise of a Church which she called Poor Little Richards Church. I believe this was in Texas near San Antonio

This is especially dangerous to the security of the United States since foreign buyers can purchase property in U.S. and when they do they don't even have to pay Capital Gains taxes on their property or profits. I was working for General Motors during World War II making Carbine M-1 and M-16 and even as far back as then General Motors was publishing booklets on one next War

which they said would be an economic War and your predecessor in "Matter of Debt" said America will be destroyed from within and with foreign buyers who operate like U.S Mafia with hidden ownership most certainly will buy America right out from under our Children and grandchildren. There is no way for anyone to find out just what foreign person or agency is buying this property. It is not registered in their names but in Corporation. Sometimes there in New York and possibly there in foreign Country with nobody ever finding the new owners. Such foreign buyers are who are putting our farmers out of business by giving neighbor several million for his farm. You can be certain with that kind of investment you can be certain the foreign owner is not going to sell his produce out at a loss, or maybe he would since Japan sold steel at a loss in U.S to undercut U. Steel Companies who were the target of The Mafia in 1964 when Dr Donald R. Cressy did the report at U.C.L.A on request of President Johnson. The Article on Black Bahama Mafia Sat Eve Post Feb 1967 said Mr Hoover would not sell gambling licenses to a hotel in Cuba because the hidden owner was a friend of Jimmy Hoffa. Then when Castro took over Cuba he kicked the

Mafia out and as fast as he kicked them out Mr Hoover arrested them. Dr. Cressey said this new operation began with Mafia after the St Valentine Massacre in Chicago in 193 I am asking if we already have Mexican and Chinese Mafia operating in U.S. under their Hidden ownership Cover

I worked for a Chinese man once in Wichita Kansas and he was living in China with his family when communist took over. He wife was burned into unconsciousness because she refused to give them her wedding band gold She died from her torture after she come to U.S and her husband told me he was witnessing the same thing by our government which took place in China when they lost their freedom. He is deceased now too from Diabetes but his children live in Columbus Ohio His name was Long like in Hawaii Line O last night and that show was about Chinese Mafia first coming to Hawaii and from there to every City in U.S. Why does our trade with developing Countries always include their Mafia. Some of it U.S army is responsible for like Korea, Vietnam, Manila, Germany, I ask of wetback Chinese are involved in the bodies at Dover Delaware since they are coming into U.S. at the rate of 3,000 to 4,000 per week in New England states. I ask this because of the large Chinatown in San Francisco where Home Church of Rev. Jimmy Jones was. Martin Boreman Deputy to Hitler had Cosmetic surgery on face and fingers and went to S. America with help of Julius Andrioni

and the Vatican Robert Vesco of Watergate also took exhile in S. America. Robert Vesco gone Hugh Sloan Jr. Nixon White House aide the $200,000 that Sloan passed on to G. Gordon Liddy. Life Mag said that Mayor Alliota San Francisco was Mafia Connected and Jim Jones helped to defeat him. Patty Hearst was kidnapped the same day the Mayor and Mrs Alliota returned from Democratic Convention in Los Angeles. The Mrs followed the Mayor as she stopped by a mission. A Black school teacher who was a friend of Bishop Carrol in Wichita Kansas who pushed Communism taught school in Bay area. Her mother worked with me and was a very good friend of the Bishop Bishop Welsh released from Red China had a nephew also a Bishop in Same St Mary's Cathedral in Wichita.

Tong told me how they hide things under the Counter during World War II in Wichita. Bishop Carrol first told teenagers not to waste time fighting Communism that they were no longer a threat And he said a man of Reparation at Altar of Mary because I picketed W. S. U. for taking blood to send to Vietnam.

I went back to 11th because of St Martin of Tours who taught St. Odo. now I should like to take you back to 1972 election On Nov 16th Feast of St. Edmund of Canterbury - Governor of Louisiana Edmund Edwards and former U.S Congressman On this date of 16th 1972 the two students were shot and killed on New Orleans College Campus Smith and Leonard. On the same date I had been given an appt at D.C. General. I cancelled the appointment when I heard of the murders and the transfer to Court of D.C. Jail in mater. There was always activity or riots at D.C. Jail when I had appointment at D.C. General. The Grand Jury investigated and reported D.C. Jail Guards were being bribed. Also on Nov 16th in the Diocese of New Orleans only there are Celebrations for anticipation of Our Lady of Guadalupe. The Actual Feast Day of Our Lady of Guadalupe in on Dec 12. On that Date I had an appt in D.C. General Neuro-surgery Clinic which I again cancelled when I heard that a longshoreman in Baltimore, given broken neck by police in arrest had died. There were also riots that day in Richmond State prison and they called for Congressman Fauntroy. On Nov. 17, 1972 The students marched in protest of the death of Smith and Leonard, while here on the District I wrote a Letter of Protest to City Councilman Sterling Tucker protesting the police shooting in back of Gregory Coleman 16 year old who was killed by a Black Police officer who still remains on force today. Gregory had his bike stolen the night before. Gregory was

shot in back in the police see up. Then in January on Feast of St John Bosco Saint of Youth a police officer by the name of Gregory was shot St Gregory was a doctor of the Catholic Church and who the Gregorian Chant is named after. That date of Jan 31st. was when J. Edgar Hoover stopped space flight, the one which later failed. That date Richard Nixon was on the Island of St John reading the Crimes of Sylvester Bernard. The Medical report from Walter Reed on John Stennis was also released. He was head of Defense Committee then. The Courts proved conspiracy in his shooting. When Solzenytsin was released he went to and participated in Gregorian Mass. Nov. 19th is Feast of St. Elizabeth of Hungary. Where Cardinal Mindszenty is. He under hypnosis revealed all of the Church secrets. Queen Elizabeth II went to Israel filled with Youth on the anniversary of the sinking of Titanic. Princess Anne married Capt Mark Philip of Italian army. In my Hometown of Eaton Ohio The Church of Visitation of Mary to her Cousin Elizabeth Mrs Betty Ford Elizabeth was in White Horse my sister to whom I sent a Protestant Will from Kansas, her name is Elizabeth Eloise. My Grandmother name was Elizabeth and Mrs Dorie my mother In laws name was Elizabeth I was Confirmed in Catholic Church after divorce taking name of Mary's Mother Anne Now we are taken by the name Anne back to Georgetown U. Hospital Teddy Kennedy Jr was admitted on Thursday. On Saturday they removed his leg for Cancer. I believe decision was made too quickly. The Mafia gets new members now by religious Ceremonies

Senator Kennedy Sacked from intensive care to give only Roberts daughter away in marriage. That day Georgetown was supposed to play Anne Arbor Michigan and I charged fans play in both the game and the hospital. Georgetown then played Cathalic U. and Anne Arbor played Ohio State and the game was thrown to Ohio State a man even said he was going to court over the decision. In Hometown Cathalic Church priests name is Vogel, Dr. Vogel Mont Co (25 mile East) Health Dept Director and Bishop Vogel followed me to Kansas.

I noticed in the special on Jonesville that it was a mixed congregation racially and I still believe there was far more than mass suicide involved there. Congressman Ryan notified the U.S State Department of alleged torture in Jonesville one year before the deaths and the only question that were ask were by paper boys airforce officers requested family to send Dental Charts medical records and pictures to identify the dead. I repeat again the State Dept is failing these victims because they have all this information on passport records so why should family have to answer these requests if State Dept was cooperating with the airforce? Since the Guyana Army went in the compound and found all the passports locked up in a trunk why haven't they released this private American citizens property? Something really wrong when officials do not cooperate with your F.B.I agents and airforce.

(n)

I recall Amen's recent trip to S. America before this happened. As well as Mrs. Ghandi's trip to England who once owned Guyana. I recall also the four hundred Amen was supposed to have ~~[illegible]~~ executed in Cold Blood and the U.S. Missionaries 30 of them killed in Rhodesia by Nationalist. This is when the Salvation Army withdrew their membership in World Council of Churches because W. Council donated $80,000 to the Black Nationalist who committed those mass murders. In both areas Britain once owned them 60 mins last Sunday on C.B.S also had two evangelists on who like Jim Jones were making Millions of dollars. The Timing told me that Jim Jones was not the only man involved in those murders. I believe these deaths are part of the racial war of Mafia. The population there 50% of East India, from India 31% of African descent 12% mixed descent 4% American Indian African Slaves were brought in to work plantations as well as indenture servants from India. The Indians soon outnumbered the Negro population and still do. Venzuela has claimed possession of the Western half of Guyana in 1970 this claim was suspended for 12 years. The Surinam Bauxite is the largest industrial business there. Used in the manufacture of Bauxite which is used in manufacture of aluminum. The population there was integrated like Jones Compound first Jim Jones helped elect Jimmy Carter. Now Billy Graham gave ~~[illegible]~~ 72,000

of 23 million he got to the White Rocket Church which
split from Jimmy Carter's Church when a Black man
tried to join. Just exactly how I am not certain
but those people were murdered because State Dept
officials did not do their jobs properly. Seemed
a little strange to me that Jim Jones could have
been minister so long and still had only about

I just heard that President Carter took his 3 year old Jaeson Grandson on bike ride. I have a great nephew whose name is Jaeson and his Grandmother has a three wheel bike for shopping to conserve gasoline.

Jaeson's mother's parents and aunt are French. The aunt did work at United Nation's. When Eugene and Jaeson's mother were married. Their marriage was of short duration Eugene could not settle down and got involved in drugs for several years and she got divorce. The O.B.I agent went to my brother's place of employment and told him Eugene (Stump) was in Oregon on drugs several years ago. Eugene has straightened out am told and is working in state of Iowa I think his mother said. I don't know who requested he be located. It could just have been a favor on part of O.B.I because I wrote Mr. Hoover about him. The weekend the people were killed in Guyana a French Priest met with French Priest Leaver. The same name as Priest in Chicago who advised me to write J. Edgar Hoover first letter. Eugene came home for Christmas last year. (over)

They were returned stamped New York Embargo I took them to police Eaton and ask why since there was no Dock strike in New York. The Q.B.I stated there was. But I took the same letters put them in new Envelopes again with airmail postage and mailed them in Dayton, Ohio the following day. They were not returned and it was after that the police called me and said Q.B.I friend said they had been stopped because of dock strike. Dock strike would not affect air mail. I wrote Rabbi Rackman and sent him one of those envelopes stamped New York Embargo and wrote to T.V. News Media. Two weeks after they were returned to me the Dock strike was reported on News. I also wrote Postmaster General Blount then. His son had manslaughter charges dropped against him in Ala for the death of his wife and Congress responded by raising postage (regular) to Russia making it same as airmail to make it appear I did not send letters airmail By this time the Pope and Russia had already received the letters. The only time my name was ever on mortgage time payments was when I was married because I hate credit and do not have charge acc't. blocks between Broadway on Douglas to Railroad and the Owner of Eaton Hotel where I lived in for three years the owner sold half of it and agreed to renovate it to original state. The Life Size Portrait of Carrie Nation was removed. It was Eaton Bar she smashed. The new owner was Philip Cassebaum who was married to Alf Landon's Daughter Nancy. I understand she is legally separated from Philip now when she won the U.S Senate seat recently. I knew her personally. I worked on Rockefeller Campaign with her.

Someone Your Honor is examining my private medical records in Dayton Ohio of the 1950's without a letter of written Consent from me required by both Ohio State Law and D.C. Law. I know they are because they are harping about low back pain. No physician in D.C. has ever treated me for low back pain and nobody else has since the early 50's. The pain I have now is above the waste line but for right leg + arm. The arm broken in mugging and the leg broken on ice on St Mary's Cathedral steps in Wichita. The low back pain has turned to residualness from Surgery. Such evidence is not Court admissible and is the same as stealing Confidential records and transporting stolen property across state lines. No body can legally use Medicaid and Medicare records against me they are by law Confidential. This bite of information

began after the President attended the Democrats Jackson Day dinner in Columbus Ohio where Mr Hoover said Columbus police Detectives were accepting bribes when Robert Kennedy was killed. That same week of Jackson day dinner the President sent his wife and Mother to Kansas and Wichita to try to find skeletons in my closet; There is none most of the time I lived in Wichita I went to Church daily until it became mandatory I leave Catholic Church for reasons of Conscience. They had attempted to arrest me the day Pope Paul VI paraded in New York. Charges were dropped and Black Detective Henderson was killed in auto accident. Priest William Carr took my purse Three members of St Mary's were witnesses and told me. Dr. William Carr, Army psychologist was appointed to Lorton Prison Drug Program and shortly thereafter an inmate died. The priest was after a letter I received from President Johnson which was in that purse. I had submitted the name of Conrad Jensen N.Y. retired police Detective working with drug addicts as a replacement for Mr Hoover when he retired or died. When I reported purse to police I was told they could not get it. I have been in many U.S Cities but D.C is the only city I have ever been mugged and robbed on streets and it has happened here 5 times

in 6 1/2 years. 13. The first time it was on the Feast of St Gaspar of Precious Blood, the saint the Precious Blood Fathers were celebrating the day they they gave the three part sermon accusing Priest and Gov't officials of corruption and being Judases for a few pieces of silver. The Priest said it happened first on Calvary and again when Rome fell. All of this is why I know these attacks are not racial. Blacks are involved as Uncle Toms and dupes like the Mau Mau were of Black Racists in World War II when Catholic Monasteries were bombed by U.S because they were hidding Kittes Spies. And when U.S rebuilt it in 1964 Pope Paul 6 said "They Rebuilt it as if we could forget."

And if my suspicions are correct I am getting a message that I am going to be served with another railroad warrant because they cannot legally cut me off of Disability Social Security for 4 months. 90 day Trial period and those checks are always one month behind. I get Nov the first of December. My rent receipt says my rent is paid through Nov. 30th 1978 and I have deposit and credit taking it to 15th of December. They hope to destroy this evidence when I am arrested but I have property Insurance and they are already violating laws by illegal entry into my opt. when I [illegible] opt. Every Detective who

has investigate [redacted] nglaries and [redacted] cider here say that the d[redacted] re opened w[redacted] uplicate keys and then locks are pulled off after doors are opened but it still goes on even after I replaced cylinders in my locks, and I know either police or pentagon is involved because once when they were here they accidentally dropped a windshield Wiper Blade which has Helicopter Division on it.

Why do I not fear for my life - Because I know the Cathalics want to execute that invalid will which leaves organs to Medical Science. They may wound me to force me into Hospital but they will not kill me deliberately because they want to execute that scientific portion of that invalid Will. The United States State Department failed President Nov 26-78
Kennedy at the Bay of Pigs when Dr. Milton Eisenhower
and a group of U.S. attorneys were in Cuba when the air
Powerstrained Kennedy did not show. We had a repeat of this
no air defense when the Pueblo was hi jacked on open
sea. And now the U.S. State Department is failing
your 2. B.I. agents and the airforce trying to identify
the bodies at Dover, Delaware. In fact the Colonel requested
medical + dental records as well as pictures of the diseased.
Why should this be necessary when tragedies like these
are why passports are required by the State Department or
the state dept even keeping records of passports of
Americans abroad. There still is no excuse. All those
passports were removed from the members of the
Rev. Jim Jones and were locked up in a large trunk
with several million dollars and gold bars. The Army
searched the place right after they found the bodies
and found the passports complete with photos and
fingerprints. With passports this should be the easiest
identification possible. Since there were survivors why did
they not identify the bodies. The Grand Stall on the
part of State Department is for some reason a repeat of
the investigation they did not do a year ago at request of
the Honorable Congressman Ryan. His death could be
laid at the feet of State Department officials. Why do we have State

[redacted] also known as [redacted] was advised of the identities of the interviewing Agents. He was also advised that this interview concerned a possible conspiracy in violation of Congressional Assassination Statute. (U)

[redacted] furnished the following information: (U)

[redacted] and was honorable discharged after three years service. After he was discharged, [redacted] hung around with various "rock" groups in California, smoking pot, drinking and just drifting around. Eventually [redacted] became acquainted with members of a self-styled evangelistic group in San Francisco, California, became interested in their program and eventually joined them. (U)

[redacted] advised that he never knew this group to be associated with People's Temple and he did not at first consider it a religious or cult group, but rather thought of it as a community group. He later learned from letterheads used by his children it was a religion called Disciples of Christ. (U)

[redacted] he sold his home in [redacted] and rented an apartment in the same neighborhood so that his daughter, [redacted] could finish high school and his son, [redacted] could finish the eighth grade. He moved to [redacted] and she stayed in California. [redacted] she became interested in the same evangelistic group. She moved to Ukiah, California, lived at the Happy Acres Ranch outside Ukiah and worked at jobs in the town of Ukiah. One time he asked [redacted] how much it cost her to live at the Happy Acres Ranch, and she said they paid whatever they felt like. After high school, [redacted] went to (U)

San Francisco to join and work with the same group there. (U)

[redacted] b7C

[redacted] advised that this group headed by JIM JONES had six or eight buses in which they toured the United States. During the summer of 1973, they took a trip to Washington, D. C. and surrounding areas. [redacted] asked him if [redacted] could join the group for this trip. The cost of the trip for [redacted] was $100.00. He consented to allow [redacted] to go on the trip. When they returned from the East Coast, [redacted] wanted to return to Ukiah, California, to live at the Happy Acres Ranch and attend high school in Ukiah. This group would frequently travel from Ukiah by way of bus to their churches in San Francisco and Los Angeles, California. (U)

[redacted] advised that the group was not too well accepted in Ukiah, because some of their members were minorities. For this reason, the church built their own swimming pool behind the church for use of their members only. Because of the minority membership, the group received a great deal of adverse publicity from the news media. He feels that this is the reason the group, through their attorney MARK LANE, was attempting to fight back by filing civil suits against the press and the U. S. agencies. (U)

[redacted] advised he visited [redacted] at the Happy Acres Ranch on one occasion only, but he could not recall the date. He toured the compound and had lunch with a group of members. During lunch there was some kind of a remark concerning religion. He could not remember who made the remark or exactly what was said. He told them that he had his own immortal soul to save and as a Roman Catholic that is what he believed in. [redacted] also have their own immortal souls to save and they should do it the best way they know how. [redacted] were old enough to decide how they wanted to live and what religion they wanted to follow and practice. The compound of Happy Acres Ranch had some houses or cottages, which housed senior citizens and also the community took care of fourteen mentally retarded male patients. (U)

[redacted] just before Christmas, 1974, [redacted] advised him she had a chance to go to

(U)

Jonestown, Guyana. [redacted] flew to Jonestown to take Christmas gifts to people already living in the church agricultural community. He knew they flew, but did not know whether it was a charter flight or a commercial flight. They stayed only a few days and then returned to Ukiah, California, where RICHARD and CLAIR JANARO are managers of the Happy Acres Ranch. (U) b7C

[redacted], went to Jonestown, Guyana, sometime early in 1977, probably March. [redacted] had flown to Guyana from the United States, but he did not know if the flight was commercial or charter. She flew from California to New York and then to Georgetown, Guyana, and then took some kind of a ship up the east coast of Guyana to Jonestown. He did not know who or how many went with [redacted] and he did not know if her husband, [redacted] preceded her to Jonestown or followed her later. He knew nothing more about her trip. (U)

[redacted] was the next to fly to Jonestown, Guyana. He does not know when she went, [redacted] stayed in the United States. [redacted] was the next one to go to Jonestown. He could not remember the dates that [redacted] went to Jonestown, but he recalls that [redacted] gave birth to a son, [redacted] wife gave birth to a daughter, [redacted] were not in South America at the time of the birth of their children. [redacted] (U)

[redacted] explained that as far as he can understand the reason the group went to Jonestown was merely a matter of course. He understands that it was voluntary on the part of each individual. He never heard of anyone being forced to go to Jonestown and never heard of anyone being forced to stay after they got there. They wanted to participate in a community (U)

type agricultural life at a location away from the pressures of everyday life in the United States and particularly the aggravation the group suffered at Ukiah, California. The Government of Guyana had given the group 27,000 acres north of Georgetown, which they developed into their own community of Jonestown. (U) b7c

[redacted] he understood from Reverend MOORE of Reno, Nevada, the only disciplinary action taken against anyone at Jonestown for infractions of regulations would be "peer pressure". By "peer pressure" he understood punishment was in the form of "silent treatment" or "avoidance" of individuals being punished. He never heard of any incident regarding dissenters or discontents. (U)

[redacted] he frequently corresponded with [redacted] perhaps on a monthly basis, and more often from [redacted] He especially enjoyed receiving letters from [redacted] had an exceptional ability to express himself. All the letters he received from [redacted] were general in nature and contained news about the family. Never did any of these letters contain anything of a political or philosophical nature. They never discussed any long-range plans of the community of Jonestown and definitely never mentioned anything to indicate a conspiracy of any kind or any physical mistreatment of members or anyone else. (U)

[redacted] probably would not have become involved with guns. [redacted] and was knowledgeable of guns, because of his active duty experience. [redacted] to the best of his knowledge, had no experience with guns. He never knew any of the children to do any hunting or even show any interest in guns. (U)

[redacted] it is just not the nature of or disposition of [redacted] to ever become involved in a conspiracy or anything of that nature. On the other hand, [redacted] more easily be so involved; however, if he did, it would be strictly an innocent involvement. (U)

b7C

[redacted] explained that it would not be beyond [redacted] to develop information of any nature, including the number and identities of any visiting groups, such as Representative LEO RYAN's group; however, if [redacted] learned this information was going to be used to conspire or to plot murder he would immediately revolt and possibly defect. (U)

[redacted] traveled from Jonestown to San Francisco, California. [redacted] merely said he was a group coordinator and the nature of his visit to San Francisco was to [redacted] for a pending law suit against the news media and some U. S. Government agencies. [redacted] did not elaborate any further, and they did not discuss the Jonestown community or his activities any further. [redacted] are not real close in that they discuss their personal lives or activities. [redacted] departed October 29, 1978, en route to San Francisco. He knew nothing further about [redacted] itinerary. (U)

[redacted] to take these clothes to members of the family in Jonestown. After careful consideration, he considered [redacted] activities with this group to be rehabilitative. After [redacted] was discharged [redacted] he just drifted around San Francisco and Los Angeles and seemed to be going nowhere and had no goals in life. This movement gave [redacted] chance to work at his life and develop purpose and meaning for life. (U)

[redacted] CLAIR JANARO left New York and arrived Georgetown on the night of November 18, 1978. Before she left San Francisco, she purchased $700.00 worth of clothes to take to group members in Jonestown, [redacted] (U)

[redacted] advised that he is very strong in his convictions that the group in Jonestown was an extremely happy group, but he is at a loss to understand what took place that resulted in the mass suicide-murder incident. He was so much pleased with [redacted] happiness he obtained a passport and planned to visit them for approximately three weeks during January, 1979. (U) b7C

[redacted] who in any way is connected with this group. To the best of his knowledge, this group is active in Ukiah, San Francisco and Los Angeles, California. His only connection with this group is through [redacted] Reverend MOORE of Reno, Nevada, and Mr. and Mrs. RICHARD JANARO of Ukiah. He is not familiar with the structure of the People's Temple and, in fact, knows nothing about them and did not realize that [redacted] and the Happy Acres Ranch were associated with the People's Temple. [redacted], home telephone number [redacted] was contacted at his residence. [redacted] was advised of the identity of the interviewing Agent and of the purpose of the interview. (U)

[redacted] advised that he is a ham radio operator and, as such, [redacted] He advised that [redacted] is to handle Net discipline and police the airways so that the proper FCC rules and regulations are observed. Frequency 21.415 is a frequency primarily used to assist missionaries in overseas work. Within the last years, [redacted] has been listening to and making patch phone calls and turning station WB6MID/8R3 over to places in the Continental United States. WB6MID/8R3 is a ham radio station out of Jonestown, Guyana. The call sign WB6MID is registered to an Albert Touchette of 3747 Road B, Redwood Valley, California. (U)

[redacted] stated that the station operates with operators known only to him as Sara, Bea and Jim. Principally, Sara operates the station and has been in violation of FCC regulations by operating illegally, cutting in for emergencies when there are no emergencies and transmitting coded messages. The coded messages were using the names of flowers, small animals and birds in the code. [redacted] said he believed [redacted] of NBC News in Chicago, Illinois, knows of a man who is a ham operator in the Chattanooga, Tennessee, area who has broken the code. [redacted] stated that the Peoples Temple apparently has stations in unknown (U)

[redacted] stated he did not know the last names or identities of Sara, Jim or Bea and also stated that he did not make any patch calls for Sara to a Harry in California, telephone number 922-9597, on October 12, 1978, and apparently this must have been some other ham operator in another area. (U)

[redacted] said approximately one month ago Sara contacted him [redacted] for him to transfer her to California. He stated that at that time he told her that he would no longer handle the Peoples Temple transmissions because of the aforementioned illegalities and the fact that they were transmitting coded messages. Sara then told him that these were false allegations, and he was being slanderous towards her and the organization, and they would sue him, and [redacted] would be contacted by their attorney, Mark Lane. Approximately two or three days later, [redacted] was telephonically contacted by Mark Lane. Upon initial contact, Lane told [redacted] that he wanted to know more about the Peoples Temple. He did not mention or identify himself as being an attorney for the Peoples Temple and only wanted the information to write a book. [redacted] said he then confronted him with the fact that he was the attorney for the Peoples Temple, and it was his understanding that Lane was going to file a civil suit against him regarding the Peoples Temple. Lane told [redacted] that he was not going to file suit against him, and that he was only interested in information regarding the Peoples Temple for a book that he was writing. [redacted] said he told Lane of all of the FCC regulations that the Peoples Temple had broken, and he has not heard from Lane, Sara or the Peoples Temple since that time. (U)

[redacted] advised that in the event he received any further contact from the Peoples Temple or any individuals associated with the organization, he would immediately notify the FBI. (U)

Mike Abbell, Departmental Attorney, Department of Justice, advised p.m. 11/29/78, that he had just conferred with Phillip Heymann, Assistant Attorney General, Criminal Division, and they were reversing an earlier decision made that no autopsies would be conducted by the Federal Government at Dover, Delaware. The Department now believes that an autopsy should be performed on Reverend Jim Jones, Doctor Larry Schacht, Maria Katsaris, and a random sampling of four others if available. Abbell was placed in direct contact with Doctor William R. Cowen, Deputy Director, Armed Forces Institute of Pathology, Dover Air Force Base, who advised that autopsies could be conducted but they would need written requests from the Department of Justice.

89-4286-783

REC-111

Abbell contacted me 5:52 p.m., advising that he had discussed this matter with Mary Lawton on the legal basis and legally they have no problems since this would be Foreign Police Cooperation and the Department knows they must conduct some autopsies because of the notoriety of this case and a full pathological examination of at least selected individuals would be desirable. He indicated Reverend Jones, Doctor Schacht, and Katsaris should be the three subjects of autopsies and then four others selected randomly out of the named list. An autopsy on Katsaris should be performed since she was reportedly an aide to Reverend Jones and could have been his mistress, and the fact that she was involved with the Carters over a suitcase of money and may have been shot and killed. Abbell has no facts, but this is what the news media is putting out. He indicated he is instructing the FBI to ask the Reverend Jones' remaining family, Doctor Schacht's remaining family, and Katsaris' remaining family to furnish a short statement requesting that an autopsy be conducted. Upon the identification of four bodies selected at random, the FBI should contact the family requesting a written consent for an autopsy.

Memo to Mr. Moore
RE: RYMUR

Abbell advised a.m. 11/30/78, that he has been informed by the Air Force pathologists that they are in receipt of a telegram at Dover Air Force Base from Doctor Schacht's family in Houston requesting an autopsy; however, this is not sufficient and the FBI will have to contact the family at Houston to obtain a short written statement of consent. Abbell knows Jones has an adopted daughter allegedly in the D. C. area, and she should be contacted.

Abbell was requested to promptly submit his request regarding autopsies in writing to the FBI, and he stated he would do so.

ACTION: Forward teletypes to Houston, confirm with Identification Division regarding bodies of Jones and Katsaris for background on relatives to be contacted, obtain names, addresses, etc. of four bodies selected at random for autopsies, and set forth leads by teletype to obtain authority for autopsies. [redacted] PT HIGHLY "COMPARTMENTALIZED" AND ILLEGAL AND ILLICIT ACTIVITIES OF PT KNOWN ONLY TO VARIOUS MEMBERS WHO HAD NEED TO KNOW. REVEREND JONES OVERSAW ENTIRE OPERATION OF PT AND WAS ONLY PERSON WHO HAD COMPLETE KNOWLEDGE OF ENTIRE ACTIVITIES OF PT. [redacted] REVEREND JONES WAS KNOWN TO ALL INNER CIRCLE ELITE AS AN AVOWED MARXXIST WHOSE ULTIMATE GOAL WAS OBTAINING SOCIALISTIC STATE IN UNITED STATES. JONES DIRECTED ALL CHURCH EFFORTS TO THIS GOAL AND PREDOMINENT PHILOSOPHY OF CULT WAS "THE END JUSTIFIES THE MEANS". ACCORDING [redacted] CRIME WAS JUSTIFIED IF IT EFFECTED THE GOAL OF SOCIALISM. 41

[redacted] SHE HAD PERSONAL KNOWLEDGE OF HIT LISTS WHICH ~~WAS~~ had COMPILED AT JONES DIRECTION BY PT MEMBER AND INNER CIRCLE ELITE, JACK BEAM. AT TIME OF [redacted], FIFTY TO SEVENTY-FIVE NAMES APPEARED ON HIT LIST AND INCLUDED SELECT U. S. SENATORS, CONGRESSMEN, STATE GOVERNMENT LEADERS, HEADS OF MAJOR CORPORATIONS, REPORTERS, AND OTHER AVOWED ENEMIES OF THE PT. JONES WAS COMPLETELY RESPONSIBLE FOR PICKING INDIVIDUALS WHO WERE INCLUDED ON HIT LIST. PERSONS TARGETED WERE PERSONAL ENEMIES OF CHURCH IE DEFECTED MEMBERS, PUBLIC CRITICS OF JONES OR PROMINENT "CAPITALISTIC" INDUSTRIAL LEADERS. ALSO INCLUDED ON LIST WERE KEY ELECTED OFFICIALS AND INDUSTRIAL CORPORATION EXECUTIVES WHO WERE CONSIDERED TO BE "CAPITALISTIC" LEADERS WHOSE ELIMINATION WOULD FURTHER

SUBJECT: RYMUR

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED DATE 10/1/92 1048

PURPOSE: (U)

To advise appropriate officials of the receipt of tape recordings of intercepted People's Temple radio transmissions for cryptanalytic examination. (U)

ACTION:

For information. (U)

DETAILS: (U)

The Technical Evaluation Unit of the Laboratory's Document Section has received this date 45 five-inch reel-to-reel recording tapes in captioned investigation. These tapes are copies produced by the Engineering Section of the Technical Services Division from recordings made by amateur radio operator [redacted] provided these tapes to the Bureau [redacted] on 11-20-78. The recordings reflect radio transmissions on amateur radio (ham) frequencies, allegedly between the People's Temple in San Francisco, California and the contingent location at Jonestown, Guyana. We understand that additional recordings of transmissions which were intercepted by [redacted] and by the FCC will also be forthcoming. (U)

REC-111 89-4286-792

SA [redacted] has been assigned responsibility for supervising the cryptanalytic examination of the tapes. He will be assisted in the task by cryptanalysts [redacted] and [redacted] and by aural analyst [redacted]. The cryptanalytic examination will attempt to identify the presence of any encrypted messages or other form of secret communication which could (U)

shed light on possible illegal activities of members of the People's Temple. Attorney Mark Lane has reported that a code system was in use by the group. (U)

In addition to the cryptanalytic examination of the tapes we have also been requested by the RYMUR Command Post (SA [redacted] to carefully monitor all transmissions for the presence of any information involving possible violations of Federal laws such as a conspiracy to murder Congressman Ryan, or to violate kidnaping, extortion, mail fraud, firearms, ITSP, etc., statutes. In view of the large volume of material involved it is logical for us to perform this task concurrent with our cryptanalytic efforts. (U) b7C

It should be noted that review of the recordings in this case is going to be a time-consuming and difficult process because of the nature of the recordings. They are taken from very crowded and noisy radio frequencies. There is a great deal of background noise including static, and CW-code signals as well as other amateur operators transmitting on the same frequencies. Due to changing atmospheric "skip" conditions only one side of some transmissions can be heard. Also, the nature of the cryptanalytic examination is tedious. The analysts must be alert not only for obvious transmission of ciphered material consisting of random-appearing numbers or letters, but also for innocuous-sounding words and phrases which could have a "double" meaning or which could be significant selectively (e.g., the third word of every other sentence). (U)

You will be kept advised regarding significant findings or results of our examination. (U)

A COMMUNITY LETTER

To: John Van de Kamp
District Attorney
Los Angeles County
210 W. Temple Street
Los Angeles, CA USA 90001

From: Residents at Peoples Temple Agricultural Mission
Community, North West Region, Guyana, South America

Dear Mr. Van de Kamp:

As we learn more about the schemes to 'get Peoples Temple' through criminal indictments our of your office, we are increasingly outraged. But we are not naive.

For twenty-five years, Jim Jones and Peoples Temple have worked tirelessly for equality, justice, and humanitarian service. We have organized around issues of civil and human rights, inhuman conditions, and the crying need for world peace and international co-operation. We have a solid record of achievement in drug rehabilitation, in providing opportunities for jobs and education for thousands of young people, in helping untold numbers of people who were destitute, despondent, in need of medical help, counseling, food, clothing, and even shelter. We are all personal witnesses to this staggering achievement, which has been given official recognition all over the United States and even internationally. You can well understand how a man like Rev. Jones will be the subject of malicious gossip, lies, hate-campaigns, and even conspiracies orchestrated inside government institutions and the intelligence establishment. We have been the object of constant, organized harassment, vandalism, violence, smear campaigns, arsonists, racists, and even hired assassins.

Political frame-ups are not unfamiliar to us, and truthfully, we are not surprised that there is an effort to destroy us through the courts. But the reality of it is no less offensive, just because it was anticipated, even expected. We cannot stand idly by and stoically endure this injustice without protest. In fact, Peoples Temple has earned its unpopularity with certain elements in the United States precisely because it has actively fought against injustice for so many years. We do remember history, and we prefer not to repeat it. These efforts that have been mounted against us are indeed part of a shameful heritage of subterfuge that has claimed many victims over the years: individuals and organizations that were pursuing progressive directions in American life, seeking to bring together oppressed people, overcome racism, and work for economic and social justice.

You have been informed that there is an effort to destroy Peoples Temple. Though we have not 'cracked' this conspiracy completely, we are certain of enough facts to arouse any just-minded individuals, and those who wish the democratic system in the United States to survive would surely be alarmed. Some of these facts have been presented to the press; the mass media, however, has been distinguished by its refusal to print any reports that would point to what is really happening. An exception to this is the black press (and some 'Eastern establishment' press) which has been completely supportive of us throughout, since they recognize that attacks on Peoples Temple are attacks on the black community. We refer you to statements made by Dr. Carlton Goodlett, president of the National Newspaper Publishers Association (black press of America), for further clarification.

Additional facts will be brought to light soon. The story began years ago when certain individuals joined Peoples Temple who had prior experience working with the U.S. intelligence establishment and in ultra-right wing organizations. The hard facts came to light beginning in late 1976 when two military officers connected with Senator Stennis were caught trespassing near our church while a black woman mayor from Mississippi was speaking to our congregation about her trip to the Peoples Republic of China (we have no political alignment with any country, and have

always attempted to keep informed about alternative forms of government and their accomplishments). The very fact that we pursued these agents and published our startling findings about their spying mission no doubt intensified the determination of those out to harm us. Would it have been proper, or moral, to remain silent about it? We think not. Democracy depends upon the people knowing what is happening to them. What happens to Peoples Temple is only an example, in some instances, a harbinger, of what is planned for other minority groups.

We are confident that when you have the full picture of how the current group of people who are specifically organized to harass and persecute Peoples Temple have operated over the past year and a half, first secretly meeting to plot how to push smear and slander articles in the sensationalist press (they even hired a prominent, expensive public relations firm to help), then conspired to pressure and recruit people who would join them in lies and subterfuges, then going further to harm innocent people using government officials, and even threatening to hire mercenaries, you would not allow your office to be used and compromised to further their schemes.

Only a few of the devices that have been used in the attempts to destroy us include the following:

--Government agents who have conspired directly with members of Mr. Stoen's group of 'concerned relatives' that has pushed this campaign, have offered bribes and have attempted to blackmail various people to lie about and denounce Jim Jones and Peoples Temple. American Indian Movement leader Dennis Banks was pressured to do this and was offered help with his own serious legal difficulties as an enticement.

--We have documented efforts to cut off pensions and other payments to elderly members of Peoples Temple residing in Guyana. Checks have been re-routed -- hundreds of them -- with the active complicity of the U.S. Post Office Department.

--Our mail and other communications have been monitored and regularly sabotaged. One large batch of mail, including important legal documents, was doused with a wine-smelling substance. There have been many similar instances.

--Shipments of vital medical and food supplies have been interfered with by U.S. Customs agents. Some have never been delivered.

--The same group of people who are trying to pressure your office into moving against us has also engineered a series of legal maneuvers to force their children to return to the U.S. As you know, the most notorious case involved Jim Jones' own son, whom Mr. Stoen fraudulently claims to be his. Stoen, not surprisingly, is leading the current vendetta.

--News articles, letters, and other communications designed to cast aspersions on our organization and sow confusion have been planted in various publications on the 'left' and circulated everywhere in Guyana in the modus operandi COINTELPRO has used against various progressive and civil rights groups in the United States.

--Other 'dirty tricks; have included making phone calls of an harassing nature, impersonating members of Peoples Temple -- some to your own office -- to create hostility against Peoples Temple. Accusations and innuendoes have been made to the effect that we have been guilty of various 'crimes' when it is in fact our accusers who are the guilty parties. In one notable situation, we were cleared by the Los Angeles Coroner after those participating in the attempts to destroy us tried to insinuate that Peoples Temple was involved in foul play concerning the suicide of a young man who was not even in our church. What you are now being asked to participate in is only the latest in a series of trumped-up, fraudulent devices.

The people in the group of 'concerned relatives' formed by Mr. Stoen are only the front line of a conspiracy. They have spent tens of thousands of dollars to pursue their schemes. We are currently investigating the source of their funding. They have brazenly masqueraded as pious, outraged, morally-offended people who are seeking honest redress of grievances. But what lies behind the mask?

Most of the people who have decided to collaborate in these maneuvers (some, evidently, after much pressure), are operating out of personal resentments against Peoples Temple and Jim Jones. They did not want to follow the path of human service except on a very superficial level. While they fancied themselves humanitarians, they were only posturing. Eventually, they could not go on in the contradiction, yet they could not leave goodness alone. They became eager to destroy Jim Jones, who represented to them the kind of human commitment that they were incapable of -- and didn't want to

face that in themselves. This is a familiar syndrome, and made many of these people susceptible to being used by others who were interested in destroying Peoples Temple for many years -- people with strong right-wing, reactionary impulses, who could not stand to see people of all races and backgrounds co-operating and pursuing their fair share of rights and opportunities in life. Another group of individuals, not part of Peoples Temple, were furious that their (grown) relatives chose to spend their lives in service to humanitarian goals and ideals rather than to fulfilling others' expectations of them. They, too, have a personal grudge against Jim Jones and Peoples Temple, and have joined the efforts to harm us. (For example, we have proof being held for court in the form of sworn statements, from a prestigious California businessman and church leader -- not in our church -- that Mr. Stoen freely admitted to him that his efforts against Peoples Temple are in fact a personal vendetta.)

The entire scenario is not unfamiliar to veterans of civil rights struggles and the McCarthy Period. Thousands of people all over California and the nation -- progressive leaders, civil rights and community activists, government officials, private citizens, people who have worked with Jim Jones and Peoples Temple are aware of the fact that we are just another target in a long history of what amounts to a form of treason against ordinary people who are trying to secure a decent life for themselves. We are unusual, perhaps, because we are actively demonstrating a successful alternative for people oppressed by racism, and we sense a deep responsibility to keep alive the hope and opportunity we express for others.

Our work, by the way, has been thoroughly investigated by Guyana, and they have found nothing to change their total, enthusiastic support of Peoples Temple -- in fact, it has become even stronger over the past months. As a third world nation, Guyana obviously cannot afford to place itself in an antagonistic relationship with the United States, asd we know for a fact they would not back our presence here as resolutely as they have were there anything about Peoples Temple that would be an embarassment to them

or would cause difficulty for them.

The growing body of individuals who we have just alluded to are, with us, infuriated and outraged and profoundly disturbed by what is happening. We are determined to expose the conspiracy against Peoples Temple. We ask that you not co-operate with it.

Mr. Van de Kamp, you may be interested to know that the majority of us signing this letter come from the Los Angeles area. Many of us were not able to get out of the street- and gang- cultures and dead-end lives that we were involved in, until we were at a remove from that self-destructive environment. Many of us would still be on the swollen welfare rolls in Los Angeles if we did not have this community. Among us there are people who would have been dead, in prison, in street gangs, in organized crime, involved in drugs, prostitution; who would today be swelling the welfare rolls, who would be a drain on an already overburdened economy, who would have been abandoned in their later years in squalid hotel rooms, who would have been victimized by rapists, thieves, and muggers -- had it not been for Peoples Temple and Jim Jones. Many of us were caught in that vicious cycle of poverty, crime, and despair. We want you to know just exactly who it is that your office is being pressured to proceed against: people who have had very little, if anything, of their own; lousy neighborhoods to live in, terrible educational facilities, unsafe working conditions (if jobs were available); people who have had to work hard for just a little bit of hope for a future for their children. And many of us here are children of broken homes, and some of us have even been sold into human slavery, right here in the twentieth century, in the United States. Today, thanks to our people's collective and our community organizations, built on care and concern for people, as exemplified by a most principled and self-sacrificing leader of men, we have been able to achieve a measure of security and well-being that we never before have had, and which we are determined will not be taken away from us. We are of one accord that should this kind of frame-up be pursued through your office, we would be ready to return to Los Angeles to actively join protest actions (and we suppose that the Welfare Department would, in that
