Joe:

I am sorry that I know you and want no part of you from now on.

b7c

You are the second [redacted] who is going to cash in on your life with Marilyn.

The real reason that you are involved in a stadium deal is because you want to be among the the movie stars and the T.V. stars. You love to go out with them because they show too much of their breasts, wear dresses too tight and expose too much of their asses.

You had date after date and who do you think is going to believe that you didn't know that she is a prostitute. I know three different men that have given her thousands of dollars when they found out that she was pregnant. One gave her a check for $25,000 and has the cancelled check, signed papers she signed in his attorney's office and two prominent attomeys witnessed her signature. He was smart.

Mr. Joe Di Maggio

Dear Joe:

If you go to Los Angeles to live no one will believe that you are going there to make money only. They will and are already saying that you want to go there to be around the movie and T.V. Stars.

b7C

Don't you think that it looks like you are becoming a second [redacted] who is ready to cash on Marilyn. I would hate to think that you could become that kind of a person. You have always been a good, honest and decent gentleman all your life.

I know that had you understood Marilyn better when you married her that you would have realized that a little more time in movies was all that Marilyn wanted. She wanted you and the movies at first and after you separated she was afraid to try marriage with you again. She wanted to be with you a lot but your temper, refusing to talk and pouting was more than she could understand.

She didn't realize that you loved her so much that you wanted her for herself alone. Stay true to her memory. Another marriage would never bring you happiness because you will never love any else - that is really love. You are smart enough to know that you can never love some one els

Don't go to Los Angeles for a stadium or you will find out that you will receive more criticism than you have ever received in your life. You do not need money. Neither do you need to go out with girls in the movies or on T.V. programs.

Stay in San Francisco where your relatives and friends are. They all love you and would do anything to make you happy.

Q34 Envelope postmarked "SAN FRANCISCO, CALIF. PM 23 APR 1964" bearing typewritten address "Mr. Joe DiMaggio 2150 Beach Street San Francisco, California"

Q35 Accompanying slip of paper bearing typewritten message beginning "Joe: I am sorry..." and ending "...He was smart."

Q38 Envelope postmarked "SAN FRANCISCO, CALIF. PM 23 APR 1964" bearing typewritten address "Mr. Joe Di Maggio 2150 Beach St. San Francisco, Calif."

Q39 Accompanying one-page typewritten letter beginning "Dear Joe: If you go to Los Angeles to live..." and ending "...anything to make you happy."

Result of examination:

The style of type used to prepare the typewritten material on Q34 and Q35 resembles the standard on file for a Remington elite style of type and is the same as the style of type used to prepare specimens Q3 and Q4. Due to the limited number of characteristics, it was not definitely determined whether or not Q34 and Q35 were prepared on the same typewriter used to prepare Q3 and Q4.

The style of type used to prepare the typewritten material on Q36 through Q39 most closely resembles the standard on file for a Royal elite style of type. This style of type was not used to prepare any of the previously submitted items.

Title: UNKNOWN SUBJECT;
[redacted] - VICTIM
Joseph Di Maggio, Jr. - VICTIM

Character: EXTORTION

Synopsis:

Victim DI MAGGIO, received two more letters, post-marked at San Francisco, 4/23/64. The letters were typewritten and included messages similar to those in previous letters in this case. DI MAGGIO still states that he does not know the sender and can suggest no suspects. FBI Laboratory concluded that the samples from typewriters accessible to [redacted] Oakland, California, are not identical to typing on the threatening letters. Laboratory advised that some letters to Di Maggio were prepared on Woodstock, elite style, typewriters. Investigation reveals that this typewriter is now obsolete and that most Woodstocks owned in the San Francisco area are in the possession of a rental company, which has typewriters in numerous public buildings in the San Francisco area. Officials above company have checked all their typewriters for a peculiarity in the letter "w" noted by the Laboratory with negative results. [redacted] considered as possible suspects in this case have been interviewed and deny participation. Investigation continuing.

The following investigation was conducted by SA [redacted]

On April 6, 1964, the Anonymous Letter File in the following Divisions of the San Francisco Police Department were checked without locating any letters similar to letters in captioned case: General Work Detail, General Office Correspondence Section, and Intelligence Detail.

On April 9, 1964, JOSEPH DI MAGGIO, SR., 2152 Beach Street, San Francisco, California, advised that since last contacted by SA [redacted] he has not received any additional anonymous letters. He stated he still has no suspects in this matter.

On April 7, 1964, [redacted] advised SA [redacted] which company places coin-operated typewriters in various public and private places throughout the San Francisco Bay Area. He stated he has a service man who services each typewriter on the average of once every two weeks but he stated this man would find it impossible to take typewriting specimens of these typewriters as it would increase his work to such an extent that it would not be feasible. All typewriters are Woodstocks and he stated none are Remingtons.

I know that had you understood Marilyn better when you married her that you would have realized that a little more time in movies was all that Marilyn wanted. She wanted you and the movies at first and after you separated she was afraid to try marriage with you again. She wanted to be with you a lot but your temper, refusing to talk and pouting was more than she could understand.

She didn't realize that you loved her so much that you wanted her for herself alone. Stay true to her memory. Another marriage would never bring you happiness because you will never love any else - that is really love. You are smart enough to know that you can never love some one else.

Don't go to Los Angeles for a stadium or you will find out that you will receive more criticism than you have ever received in your life. You do not need money. Neither do you need to go out with girls in the movies or on T.V. programs.

Stay in San Francisco where your relatives and friends are. They all love you and would do anything to make you happy."

Mr. DI MAGGIO stated that recently in one of the newspaper columns, an item appeared indicating that he was going to Los Angeles to attempt to build or open some type of a baseball stadium. DI MAGGIO stated he has no intention of doing this but this is apparently what the letter writer is referring to. Mr. DI MAGGIO stated he has no suspects regarding the source of these letters.

On March 9, 1964, the above letters were forwarded to the FBI Laboratory.

b7c

The following investigation was conducted by SA [redacted]

On March 26, 1964, the FBI Laboratory furnished the following information regarding the peculiarities of the type used in the threatening letters:

It was previously determined that specimens Q29 and Q30 were prepared with a Woodstock elite style of type. The numbers "2" and "5" are characteristic of this style of type and it was noted that the letter "W" tends to strike below the line of typing. It is also to be noted that this style of type has a high center letter "W".

As indicated in previous reports, some of the other questioned typewriting was prepared with a Remington elite style of type (except for the letter "j"). It is to be noted that a matching style of type is used on some Corona standard typewriters. In regard to this typewriting, the lower case letter "a" tends to strike high, the letter "i" tends to strike slightly to the left and the letter "W" has a high center.

The remaining questioned typewriting resembles the standard for a Remington pica style of type. In this typewriting, the letter "A" tends to strike low and the letter "W" has a high center.

Information in the Bureau files indicate that none of the above styles of type are ordinarily used on electric typewriters.

On March 26, 1964, the FBI Laboratory furnished the following report regarding the comparison of the type of typewriters used by [redacted] with the type on the threatening letters:

K1 Sheet of paper bearing typewriting headed "QUICK QUERIES FOR DIANE !" taken from a Royal typewriter by [redacted]

SF 9-1784
DFH/efb

b7c

K2 Sheet of paper bearing typewriting headed "TABLE OF CONTENTS" taken from a Smith-Corona portable typewriter by [redacted]

K3 Sheet of paper bearing typewriting headed "THE [redacted] FAN CLUB" taken from a Smith-Corona electric typewriter by [redacted]

K4 Sheet of paper bearing typewriting beginning [redacted] taken from a Smith- Corona electric typewriter by [redacted]

K5 Sheet of paper bearing typewriting beginning "Screen Actors' Guild" taken from a Smith-Corona electric typewriter and signed [redacted]

K6 Two pages of typewriting and one carbon taken from a Standard Royal typewriter SN FPE 13 6379060

K7 One page of typewriting and one carbon taken from an Underwood electric Serial #36413

Result of examination:

It was determined that none of the questioned typewriting on the specimens submitted in this case was prepared with any of the typewriters used in the preparation of specimens K1 through K7.

On March 24, 1964, the FBI Identification Division advised that there were no fingerprint cards on file for [redacted]

On March 9, 1964, the FBI Identification Division advised that no latent prints had been developed on Specimens Q29 and Q30, letters sent to DI MAGGIO, February 8, 1964.

On March 27, 1964, the Los Angeles Office advised that [redacted] had turned over two more letters, one postmarked at San Leandro, California, January 31, 1964, addressed to her in care of CBS Television City, Hollywood, California, and a second, also postmarked 7:30 PM January 31, 1964, at San Leandro, California, addressed to [redacted] c/o Colombia Broadcasting System, Television City, Hollywood, California.

SF 9-1784
DFH/efb

b7c

On April 10, 1964, the FBI Laboratory furnished the following report regarding the above letters:

Q32 One envelope bearing typewritten address [redacted] % Columbia Broadcasting System, Television City, Hollywood, California." and accompanying typewritten letter beginning "Miss Fahey: We don't want you in..."

Q33 One envelope bearing typewritten address [redacted] % C.B.S. T.V. Television City, Hollywood, Calif." and accompanying typewritten letter beginning [redacted] Don't see are talk to..."

Result of examination:

It was determined that the same typewriters were used to prepare specimens Q32 and Q33 that were used to prepare the typewritten material on some of the other letters previously submitted for examination in this case.

Nothing of particular significance was noted during the paper examination of specimens Q32 and Q33 and no indented handwriting was found.

On April 24, 1964, [redacted] General Office Equipment Company, 62 2nd Street, advised that his company was one of the few in town that handled Woodstock typewriters. He advised that the Woodstock was now obsolete and had not been made for many years. The R.C. ALLEN Company now makes the machine but it is different than the old Woodstock. [redacted] advised that he had not repaired a Woodstock in about six months, and the peculiarity of the W on the typewriter used for the threatening letters was not significant to him. He could not recall a machine with this peculiarity, which he advised was a loosetype block for the letter W causing it to slip below the other letters. He said that should such a typewriter be brought in he would immediately notify this office.

On April 24, 1964, [redacted] Paul Chung Company, advised that his company handles the repairs R.C. Allen Typewriters, but that the R.C. Allen Company had made Woodstocks until about 1939, when the line was discontinued. He had not repaired a Woodstock in many months and had none on hand. He suggested that the Holliday Company, 108 Pine Street, and Guarantee, 507 Market, did most of the repairs and might have repaired a Woodstock.

SF 9-1784
DFH/efb

b7c

On April 24, 1964, [redacted] repairman for the Cathray Company, 285 Buckingham Way, was recontacted. He advised that he services all the Woodstock typewriters operated by the company and that he works his way through the route in about two weeks and in that time would have checked every typewriter. He knew of no other outfit using or having Woodstock Typewriters. He said that they are used by his company because they are easier to adapt to rent typewriters than any other machine. The company has to go as far as Los Angeles to pick up Woodstocks since they have practically all of them in the Bay Area already. He could suggest no other outfit that might have them at this time.

He was furnished with portions of a Xerox copy of the threatening letters prepared on the Woodstock with defective "w". He advised that he had no recollection of repairing this typewriter. He advised that he would check each typewriter during the next two weeks looking for the defective "w".

On May 15, 1964, [redacted] advised that he had checked every Woodstock belonging to the company during the past two weeks, and no machine had the defective "w".

He advised that he would continue to check the machines and if he developed any other information on value he would advise this office.

Re Los Angeles airtel dated 3/27/64 and report of SA [redacted] at San Francisco dated 5/19/64.

On 5/26/64 [redacted] Los Angeles 69, California, furnished SA [redacted] two anonymous typewritten threatening letters. One letter was addressed to her in care of CBS, 7800 Beverly Boulevard, Television City, Hollywood, California, and postmarked San Francisco, California, 4/23/64 P.M. The second letter was addressed to [redacted] in care of Screen Actors Guild, 7750 Sunset Boulevard, Los Angeles, California, and postmarked initially 4/28/64 PM. at Los Angeles.

Letters received by [redacted] in early May but misplaced and so delay encountered in furnishing them to the Los Angeles Office. Letters opened by [redacted] and read by mother but not otherwise handled.

The first letter contained the following:

Original letters and Xerox copies of each forwarded herewith for latent fingerprint examination and for comparison with similar letters previously submitted by Los Angeles and San Francisco in this investigation. The FBI Laboratory is requested to compare the enclosed letters and envelopes with letters submitted with Los Angeles airtel dated 5/22/64 in matter captioned "WALTER WINCHELL; INFORMATION CONCERNING."

Xerox copies of letters being forwarded to the San Francisco Office.

The Laboratory is requested to advise San Francisco and Los Angeles of the results of the requested examination.

[redacted] who is not currently under contract to any motion picture studio, is presently unemployed. She appeared in a "Wagon Train" sequence on 3/19/64 and a Kraft Theater program filmed during April, 1964. Both productions were made at Revue Studios, Universal City, California, and the Kraft Theater program has not been released. Neither [redacted] or mother

have any information as to the identity of the writer of these letters. [redacted] has had no contact with victim JOSEPH DI MAGGIO, but she is going to Atherton, California, 5/28/64 for a weekend ocean cruise. She will be the guest [redacted] and can be reached through him until 5/31/64.

Specimens received 5/25/64

Q1 Original and photocopy of airmail special delivery envelope postmarked "SANTA MONICA. CALIF. MY 18 1964 PM" bearing typewritten address "MR WALTER WINCHELL % JOURNAL AMERICAN HEARST PUBLICATIONS INC. 220 SOUTH STREET MANHATTEN NEW YORK NEW YORK"

Q2 Original and photocopy of accompanying typewritten note beginning "PLEASE CHECK THIS STORY..AND SAVE THIS GIRL'S LIFE..." and ending "...HER INITIALS ARE H J."

Result of examination:

Specimens Q1 and Q2 were searched in the appropriate sections of the Anonymous Letter File without effecting an identification. Copies of Q1 and Q2 will be placed in this file for future reference.

It was determined that the typewriter used to prepare the typewritten material on specimens Q1 and Q2, listed above, was not used to prepare any of the typewritten material on the items submitted under the caption "Unsub, [redacted] Joseph DiMaggio, Sr. - Victims; Extortion."

A red substance was noted along the top edge of specimen Q2 indicating that this item had been torn from a pad of paper. Nothing else of particular significance was noted during the physical examination of specimens Q1 and Q2. No indented handwriting was found on these two items.

All of the typewriting on Q1 and Q2 is in upper case form and was prepared with either a Corona or Smith-Corona pica style of type.

Specimens Q1 and Q2 have been photographed and will be returned separately to Los Angeles.

JOSEPH DI MAGGIO advised on 7/2/64 he had recently received an anonymous handprinted letter which may possibly have been sent by the same individual who has been sending him other letters which have been forwarded to the Bureau by past communications. He furnished this letter and envelope and there is enclosed to the Bureau the original letter which is handprinted in pencil and which begins, "You must be hard up..." and ends "...don't stoop so low." There is also enclosed the accompanying envelope which is addressed to DI MAGGIO and is postmarked Oakland, Calif., June 19, 1964. Also enclosed is 1 Xerox copy of both items.

It is requested the FBI Laboratory conduct the following examination:

1) Process the enclosed letter for latent fingerprints.
2) Process the enclosed letter and envelope for indented writing.
3) Compare the handprinting on the enclosed envelope and letter with handprinting in the Anonymous Letter File.
4) Determine if the paper utilized in the envelope and letter is sufficiently distinctive so that an investigative lead could be obtained from this paper.

At conclusion of the above examination, it is requested the original letter and envelope be returned to the San Francisco Office.

For the information and assistance of Los Angeles there is enclosed 1 Xerox copy of above letter and envelope.

Remarks:

Specimen Q42 will be returned with the results of the latent fingerprint examination.

There appears to be fragments of indented handwriting on the envelope included in specimen Q42. A part of this indented handwriting appears to read "Bill" and the number "150." This name and number are not definite since the indented handwriting is only fragmentary in nature.

Will, through local sources, attempt to get samples of the handprinting of immediate relatives of JOE DI MAGGIO for comparison with the handprinting on the letter sent to DI MAGGIO, 6/19/64.

Will ascertain if any of DI MAGGIO's immediate relatives are employed in an office and are good typists, it being noted that the Subject apparently is a good typist and had access to at least four typewriters, a Remington (elite type), a Remington (pica), Woodstock (elite), and a Royal (elite).

Will maintain contact with Victim DI MAGGIO for any additional letters he may receive or any suspects he may develop.

Will report results of FBI Laboratory examinations now being conducted.

Title: UNKNOWN SUBJECT;

Character: EXTORTION

Synopsis:

Victim FAHEY received two more typewritten letters, one postmarked at San Francisco, 4/23/64, and the second postmarked at Los Angeles, 4/28/64. Victim DI MAGGIO received handprinted letter postmarked 6/19/64, at Oakland, California, critizising him for going out with a cocktail waitress. This letter was apparently based upon an item in a column reporting DI MAGGIO's interest in a cocktail waitress. The FBI Laboratory reported that two letters previously sent to DI MAGGIO were typed on a machine containing type resembling Royal elite type. The Laboratory advised that samples from Woodstock rent typewriters at the Oakland Library were not identical to the Woodstock typing on two of the letters in this case. Repairmen, Cathray Company, San Francisco, have no information concerning a Woodstock Typewriter with a defective "w". [redacted] and DI MAGGIO are unable to suggest suspects in this case. Investigation continuing.

AT HAYWARD, CALIFORNIA

The following investigation was conducted by SA [redacted]

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

On July 2, 1964, [redacted] California State College, Hayward, advised that he would make inquiry from appropriate personnel at the college to determine the location of any Woodstock Typewriters in usedthere by the public so that suitable typing specimens may be obtained.

He later advised that he has contacted, amony others, [redacted] who has control of all p physical property in use on the campus, and was advised that there are no Woodstock Typewriters presently in use on the campus. [redacted] told him that the only coin-operated typewriters on the campus at the present time are IBM brand machines.

He considered it possible that there were formerly Woodstocks there, but that they had been replaced with IBM machines.

AT OAKLAND, CALIFORNIA

The following investigation was conducted by SA [redacted].

Through the cooperation of [redacted] Oakland, California Tribune, the file of letters to the Editor, which had been received by that publication during the past year, were reviewed on June 12, 1964, and none containing the type of material contained in the letters in this case were located.

On June 24, 1964, and July 6, 1964, [redacted] Oakland Typewriter Exchange, were contacted but they knew of no Woodstock Typewriters other than those in possession of the Cathray Company, San Francisco. They advised that they would notify this office if any Woodstock was brought in for repair or if they observed a Woodstock at any of the companies or schools where typewriters are maintained.

SF 9-1784
DFH:cle

b7c

On July 7, 1964, [redacted] Cathray Company, which company handles all the Woodstock rent typewriters in the San Francisco area, was recontacted.

He advised that all the rent Woodstock Typewriters in the San Francisco area have again been serviced and none was located with the defective "w", noted in the typing on the threatening letters in this case. He said that the repair of a loose type block, which would cause the defective "w" would require resoldering of the typeblock, and he had no recollection of making this type of repair in the last year and felt that he would recall it if he had made this repair.

In view of the above information, it was felt that further efforts to obtain samples from the Woodstock Typewriters in use by the Cathray Company was not warranted, and this avenue of investigation was discontinued.

On July 12, 1964, [redacted] was recontacted. After examining the postmark on the envelope addressed to Mr. JOE DI MAGGIO, June 19, 1964, he advised that the postmark contained nothing that would pinpoint the time or place of mailing. He said that the fact that this and other letters were postmarked in the P.M., was not significant since most letters mailed from a Post Office box would be postmarked in the P.M.

The following investigation was conducted by SA [redacted]

AT SAN FRANCISCO, CALIFORNIA

On June 29, 1964, [redacted] of the Guaranteed Typewriter Company, 507 Market Street, advised that they have had no Woodstock typewriter in for repair for a number of years. He was alerted to the possibility of a Woodstock coming into his shop with a defective "W", and he stated he would contact all of his repairmen and should he have any information he would immediately advise the San Francisco Office.

[redacted] the Holladay Typewriter Company, 108 Pine Street, on June 29, 1964, advised that in the last year or two they have had only one Woodstock typewriter in the shop and that it is there at the present time and has been for approximately the last two months. He stated there is nothing wrong with the "W" in this typewriter noe was there anything wrong with it when it came into the shop. He stated he would alert all of his typewriter repairmen so that they would immediately advise him should anything concerning a Woodstock typewriter with a defective "W" come to their attention.

On May 18, 1964, the FBI Laboratory furnished the following information concerning three letters which had been mailed to JOE DI MAGGIO from San Francisco, California, April 23, 1964, and which were forwarded to the FBI Laboratory for examination:

Q34 Envelope postmarked "SAN FRANCISCO, CALIF. PM 23 APR 1964" bearing typewritten address "Mr. Joe DiMaggio 2150 Beach Street San Francisco, California"

Q35 Accompanying slip of paper bearing typewritten message beginning "Joe: I am sorry..." and ending "...He was smart."

Q36 Envelope postmarked "SAN FRANCISCO, CALIF PM 23 APR 1964" bearing typewritten address "Mr. JOE DI MAGGIO 2150 Beach ST. SAN FRANCISCO, CALIF."

Q37 Accompanying sheet of paper bearing typewritten message beginning "IF YOU GO TO THE..." and ending "...WHERE YOU BELONG."

Q38 Envelope postmarked "SAN FRANCISCO, CALIF. PM 23 APR 1964" bearing typewritten address "Mr. Joe Di Maggio 2150 Beach Street, San Francisco, Calif."

Q39 Accompanying one-page typewritten letter beginning "Dear Joe: If you go to Los Angeles to live..." and ending "...anything to make you happy."

Result of examination:

The style of type used to prepare the typewritten material on Q34 and Q35 resembles the standard on file for a Remington elite style of type and is the same as the style of type used to prepare specimens Q3 and Q4. Due to the limited number of characteristics, it was not definitely determined whether or not Q34 and Q35 were prepared on the same typewriter used to prepare Q3 and Q4.

The style of type used to prepare the typewritten material on Q36 through Q39 most closely resembles the standard on file for a Royal elite style of type. This style of type was not used to prepare any of the previously submitted items.

A "HY TONE" watermark was noted in the Q36 paper. This is a very common watermark registered by the Western Tablet and Stationery Company, St. Joseph, Missouri. Nothing else of particular significance was noted during the physical examination of the Q34 through Q39 papers. No indented writing was found on any of the submitted items.

No latent impressions of value were developed.

On May 27, 1964, the Los Angeles Office furnished the following information:

On May 26, 1964, [redacted] Los Angeles 69, California, furnished SA [redacted] two anonymous typewritten threatening letters. One letter was addressed to her in care of CBS, 7800 Beverly Boulevard, Television City, Hollywood, California, and postmarked San Francisco, California, April 23, 1964 P.M. The second letter was addressed to [redacted] in care of Screen Actors Guild, 7750 Sunset Boulevard, Los Angeles, California, and postmarked initially April 28, 1964 P.M. at Los Angeles.

b2

Letters received by [redacted] in early May, but misplaced and so delay encountered in furnishing them to the Los Angeles Office. Letters opened by [redacted] and read by mother; but not otherwise handled.

The first letter contained the following:

SF 9-1784

b7c [redacted]

"Stay away from Joe Di Maggio at all times or you will be murdered. He is a decent gentleman and you are a prostitute. I have a gun with a silencer and I will murder you. This is not a threar it is the truth."

Letter postmarked April 28, 1964, is quoted as follows:

[redacted] you area prostitute. I know it and three married men knownit because they had to give you thousands of dollars when each one of them found that you were pregnant. Well they thought was (obscene) for fun. Well you were but what they didn't know that you wanted to get pregnant so that you could get thousands of dollars, which you did. You are not fit to be alive. Go with people of your own class not decent girls andmen."

[redacted] who is not currently under contract to any motion picture studio, is presently unemployed. She appeared in a "Wagon Train" sequence on March 19, 1964, and a Kraft Theater program filmed in April, 1964. Both productions were made at Revue Studios, Universal City, California, and the Kraft Theater program has not been released. Neither [redacted] or her mother have any information as to the identity of the writer of these letters. [redacted] has had no contact with Victim JOSEPH DI MAGGIO, but she is going to Atherton, California May 28, 1964 for a weekend ocean cruise. She will be the guest of [redacted] Atherton, California, and can be reached through him until May 31, 1964.

[redacted] may extend San Francisco, California, visit for several days, but she has no present plans to contact Victim DI MAGGIO andno publicity has been given to her weekend plans.

[redacted] will furnish subsequent pertinent information received concerning this matter to the Los Angeles Office.

SF 9-1784
DFH:cle

The Los Angeles Office furnished the above envelopes and accompanying letters to the FBI Laboratory for examination.

On June 5, 1964, the FBI Laboratory furnished the following information concerning the examination of the above items:

b7c

Q40 Envelope postmarked "SAN FRANCISCO, CALIF. 2B PM 23 APR 1964" bearing typewritten address [redacted] % C.B.S., 7800 Beverly Blvd., Television City, Hollywood, Calif.," and accompanying one-page typewritten letter beginning [redacted] Stay away from..." and ending "...it is the truth."

Q41 Envelope postmarked "LOS ANGELES, CALIF. 1A PM 28 MAY 1964" bearing typewritten address [redacted] %Screen Actors Guild 7750 Sunset Blvd. Hollywood, Calif.," and accompanying one-page typewritten letter beginning [redacted] you area..." and ending "...decent girls andmen."

Result of Examination:

Two different styles of type were used to prepare the typewritten material on specimens Q40 and Q41. These same styles of type have been used to prepare other envelopes and accompanying letters previously submitted in this case. Due to the limited typewritten material on Q40 and Q41, this typewritten material could not be specifically associated with any of the typewritten material on the other items.

Nothing of particular significance was noted during the paper examination of specimens Q40 and Q41, and no indented handwriting was found.

On June 5, 1964, the Identification Division of the FBI advised that no latent prints of value were developed on the above letters.

On July 2, 1964, JOSEPH DI MAGGIO, 2150 Beach Street, San Francisco, California, advised that he had recently opened an accumulation of mail and among this maile was a letter postmarked Oakland, California, June 19, 1964 and handprinted in pencil the name and address

"Mr. Joe Di Maggio
2150 Beach St.
San Francisco, Cal."

The envelope contained a letter which was handprinted in pencil and which is as follows:

"You must be hard up for a girl to be going out with one that works as a cocktail waitress or hostess.

"You must enjoy making a fool of yourself. Don't stoop so low."

b7L [redacted] Mr. DI MAGGIO stated that recently Columnist [redacted] carried an item concerning him and a cocktail waitress. He stated he did not recall the exact wording of the item and in fact does not believe he saw it, but the general idea was to link him romantically with a cocktail waitress from Concord.

DI MAGGIO advised that he has no idea who wrote the above letter.

On July 2, 1964, the preceeding envelope and letter were forwarded to the FBI Laboratory for examination.

On May 22, 1964, the FBI Laboratory furnished the following report of a comparison of the typewriting samples obtained from the rent Woodstock Typewriters at the Oakland Public Library with that of the threatening letters:

K8 Sheet of paper containing typewriter specimens from Woodstock Typewriter, Serial Number RN 9992 E.

K9 Sheet of paper containing typewriter specimens from Woodstock Typewriter, Serial Number RN 9104 E.

Result of examination:

It was determined that neither of the typewriters used to prepare K8 and K9 was used to prepare any of the typewriting onthe questioned items submitted to date in the captioned case.

ADMINISTRATIVE:

A review of the threatening letters in this case reveals that the writer appears to be highly antagonistic toward any woman mentioned in print as dating DI MAGGIO. He or she appears to feel that DI MAGGIO should remain true to MARILYN MONROE and apparently is also antagonistic toward [redacted] This, along with the fact that the writer appears to have some knowledge of theatrical people, would suggest that the Subject is a fan of MARILYN MONROE.

JOSEPH DI MAGGIO, SR. - VICTIM

Character: EXTORTION

Synopsis:

Victims have received no additional letters since last report. FBI Laboratory examination of the handprinted letter sent to DI MAGGIO from Oakland, California, 6-19-64, revealed that indented handwriting on the paper appeared to read "Bill" and the number "150". In a reinterview with Victim DI MAGGIO he was unable to attach any significance to the above indented writing. He could suggest no suspects among his relatives or associates. Investigation through typewriter repairmen, Oakland and San Francisco, California, negative.

On August 3, 1964, and August 19, 1964, [redacted] Oakland Typewriter Exchange, was recontacted and advised that he had been alert for any typewriters with the peculiarities in typing in the letters in this case but had found none.

AT SAN FRANCISCO, CALIFORNIA

On July 31, 1964, the Los Angeles Office furnished the following information:

On July 10, 1964, [redacted] CBS, Television City, 7800 Beverly Boulevard, Los Angeles, advised Special Agent [redacted] that Guest Relations Department of Network received numerous letters from the San Francisco area requesting CBS show tickets. Many of these are typewritten and come from young people who are planning vacations in Southern California.

Without being aware of the nature of this investigation, [redacted] indicated he would furnish any such letters received during the next several months to this office for its information.

On August 20, 1964, [redacted] forwarded three typewritten letters received by CBS from the following individuals:

[redacted]

The Los Angeles Office furnished the above letters to the FBI Laboratory for comparison with the letters in this case.

On August 18, 1964, the FBI Laboratory furnished the following information regarding the typewritten samples furnished by Los Angeles:

K10 One-page typewritten letter signed [redacted]

K11 One-page typewritten letter dated July 13, 1964, signed [redacted]

K12 One-page typewritten letter dated July 6, 1964, bearing typewritten signature [redacted]

K13 One-page typewritten letter bearing typewritten signature [redacted]

K14 One-page typewritten letter dated June 29, 1964, signed [redacted]

K15 One-page typewritten letter dated June 29, 1964, bearing typewritten signature [redacted]

Result of examination:

The typewriting on K10 through K15 was compared with the questioned typewritten material on specimens Q1 through Q42, previously submitted in this case. Nothing of

particular significance was noted to indicate any possibility that any one of the typewriters used to prepare specimens K10 through K15 may have been used to prepare any of the questioned typewriting.

The Bureau furnished the following information regarding examinations conducted in connection with the hand-printed letter addressed to Mr. JOE DI MAGGIO, 2150 Beach Street, San Francisco, California, postdated at Oakland, California, June 19, 1964 (designated as Q42 by the FBI Laboratory):

On July 17, 1964, the FBI Laboratory furnished the following information:

There appears to be fragments of indented handwriting on the envelope included in specimen Q42. A part of this indented handwriting appears to read "Bill" and the number "150". This name and number are not definite since the indented handwriting is only fragmentary in nature.

The hand printing on Q42 was searched in the Anonymous Letter File without effecting an identification. Copies of this material will be added to the file for future reference.

Nothing of particular significance was noted during the paper examination of Q42.

Specimen Q42 has been photographed and will be returned separately.

On July 21, 1964, the Latent Fingerprint Division of the Identification Division furnished the following information:

No latent prints of value were developed on the envelope or letter, which are enclosed.

On September 17, 1964, [redacted] b7c Cathray Company, which handles Woodstock Typewriters in San Francisco, advised that he had been alert for any typewriter with the peculiarities of type noted in the threatening letters in this case but had been unable to locate any.

The following investigation was conducted by SA [redacted] at San Francisco on September 8, 1964.

JOSEPH DI MAGGIO was interviewed at DiMaggio's Restaurant, Fisherman's Wharf. He stated that the word "Bill" and the number "150" mean nothing to him. DI MAGGIO stated that as far as he knows, he has no inactive or active fan club in the San Francisco Bay area, and he felt that he would know since they normally contact personalities for photographs.

In regard to his address on Beach Street to which the anonymous letters are directed, he stated that this address is common knowledge to anyone who would take the time to look it up, since it appears frequently in news items in periodicals and in newspapers, and he gets many letters from citizens at this address. He stated that the anonymous letters that he has received have always been mailed immediately after some news item concerning him has appeared in either a periodical or a newspaper, and consequently he does not feel that the writer is anyone close to him, since they would have many other items they could possibly write about rather than limiting the letters to newspaper items.

He stated that he has considered the fact that the writer could possibly be a relative of his, but has completely discounted this as there would appear to be no logical reason why any relative of his would write this type of letters. He stated his immediate relatives are [redacted]

He stated another brother, MIKE DI MAGGIO, is deceased.

He stated there is no one in his employ who would be out of a job should he leave the area or become married again.

In conclusion, he advised that he has absolutely no suspects in this matter.

Several handwritten letters were in the file from [redacted] to officials at the hospital and others complaining of her confinement. A letter dated June 15, 1958, [redacted] contained the following statements of possible significance:

"Just because I reported a whore who was carrying on disgracefully was no sign to take me and bring me here."

The letter also mentioned that she could have typed the letter and complained that her husband and son had been taken from her and that her husband was living with another woman.

The file reflected that on March 13, 1964, she had made phone calls to her sister, [redacted] and a cousin, [redacted]

The file contained no information to indicate that [redacted] had been out of the hospital on any day that a letter was mailed to any of the victims.

Actress [redacted] advised that she has not received any threatening letters since April, 1964, and will notify the Los Angeles Office immediately in the event any additional correspondence is received.

On November 5, 1964, the following information was furnished by the Los Angeles Office:

[redacted] Hollywood representative for Celebrity Service, Inc. (conceal), on November 2, 1964, advised SA [redacted] that [redacted] long-time friend and confidant of the late MARILYN MONROE, is currently employed by the [redacted] and resides [redacted]

[redacted] also disclosed that at the time of her death in August, 1962, Miss MONROE employed a [redacted] (first name unknown) [redacted] as her Hollywood secretary, with offices at 20th Century Fox Studios.

Washington Field Office note victims have been receiving abusive and threatening letters periodically since early this year. [redacted] an actress, dated DI MAGGIO in Rome, during June, 1962, but has not been in his company

since that time. Examination of letters received to date indicates Unknown Subject is extremely antagonistic toward DI MAGGIO, and any women with whom he associates. The San Francisco Office considers it possible that Unknown Subject may be a disgruntled former member of a MARILYN MONROE fan club in the Oakland-San Francisco Bay area. Investigation was requested in Hollywood to identify former fan club officials and members in an effort to locate the club's correspondence file.

The Washington Field Office was requested to attempt to ascertain the identity of the fan club president and staff in the San Francisco-Oakland area.

For the information of the Bureau and FBI Laboratory. [redacted] located at San Jose, California, from July 22, 1949, until April 24, 1954. On the latter date, she was discharged under the Family Care Plan and presently lives with a family at Santa Clara, California, still under the supervision of Social Workers and doctors at the above hospital. At their request she has not been interviewed, pending preliminary investigation. For some reason, in interviews, DI MAGGIO failed to name [redacted]

Investigation among personnel of the above mental hospital has revealed that [redacted] has followed DI MAGGIO's activities closely in the gossip columns, continually talks about his activities and has made statements approximating those expressed in the threatening letters in this case.

Investigation has failed to show that she used a typewriter at the hospital or arranged for some other person to type for her, but it is known that she had access to the typewriters in the Typing Room and at the Central Supply Department, where she worked. Handwritten letters indicate that she was mentally capable of preparing the letters.

Investigation has reflected that Hy Tone tablets were sold in the canteen at the above hospital and the nurse in [redacted] ward has advised that she used this type of tablet.

It is requested that the FBI Laboratory compare the enclosed typing samples with those on the threatening letters and compare the enclosed "Hy Tone" stationery with that used for the letter to JOE DI MAGGIO, postmarked San Francisco, Calif., Apr. 23, 1964 (Q 36 and Q 37).

The San Francisco and Los Angeles Offices should be advised of the outcome of this examination.

Remarks: It is requested that specimens Q38, Q39, and Q41 be resubmitted so that the original items can be used to make a further comparison with the typewriting on K19 and K20. As a matter of information, the typewriting on Q38, Q39, and Q41 does not appear to contain any significant defects upon which a definite identification could be made. Nevertheless, the original items, Q38, Q39, and Q41, should be resubmitted so that the original typewriting can be examined since the photographs retained do not show all the detail that would be available with the original specimens.

As indicated in the attached report, it does not appear that any of the other typewriters used in the preparation of specimens K16 through K18 and K21 were used to prepare any of the questioned typewriting.

In regard to the examination of K22, it is usually necessary that the original item be made available to make any detailed comparison of questioned and known papers. Although nothing of significance was noted during

Six specimens of typewriting taken from the following typewriters:

K16 Remington noiseless, marked #6, located in typing room at St. Agnews Hospital

K17 Remington typewriter, SN 12083414

K18 Royal standard typewriter, Central Supply Department, St. Agnews Hospital

K19 Royal elite typewriter, SN M12-2923340

K20 Royal standard typewriter, marked #7, typing room, St. Agnews Hospital

K21 Royal standard typewriter, marked #10, typing room, St. Agnews Hospital

K22 Three sheets of "HY TONE" stationery

Result of examination:

The typewritten specimens on K16 through K21 were compared with the questioned typewritten material on specimens Q1 through Q42 of the captioned case. The style of type used to prepare specimens K19 and K20 is similar to the style of type used to prepare specimens Q38, Q39, and Q41. However, due to the absence of any particularly significant characteristics, it could not be definitely determined whether or not any one of the Q38, Q39, and Q41 specimens were prepared on either of the typewriters used to prepare specimens K19 and K20.

On November 17, 1964, the following items were forwarded to the FBI Laboratory:

1. Two pages of typewriting samples from a Remington typewriter, marked "6", located in the Typing Room, Agnews State Hospital.

2. One page of typewriting from a Remington typewriter, Serial 12083414, located at the Typing Room, Agnews State Hospital.

3. One page of typewriting from a Royal Standard typewriter, located at the Central Supply Department, Agnews State Hospital.

4. One page of typewriting from a Royal Standard, Serial M 12-2923340, located in the Typing Room, Agnews State Hospital.

5. One page of typewriting from a Royal typewriter, marked "7", located in the Typing Room, Agnews State Hospital.

6. One page of typewriting from a Royal typewriter, marked "10", located at the Typing Room, Agnews State Hospital.

7. Three pieces of "HY TONE" stationery.

The Laboratory was requested to compare the typing samples with the typing on the threatening letters in this case and to compare the "HY TONE" stationery with that used in the letter to JOE DI MAGGIO, postmarked San Francisco, California, April 23, 1964.

On November 23, 1964, the Bureau furnished the following FBI Laboratory report regarding the above examination:

SF 9-1784
DFH/rg

Six specimens of typewriting taken from the following typewriters:

K16 Remington Noiseless, marked #6, located in Typing Room at Agnews State Hospital

K17 Remington typewriter, SN 12083414

K18 Royal standard typewriter, Central Supply Department, Agnews State Hospital

K19 Royal elite typewriter, SN M12-2923340

K20 Royal standard typewriter, marked #7, Typing Room, Agnews State Hospital

K21 Royal standard typewriter, marked #10, Typing Room, Agnews State Hospital

K22 Three sheets of "HYTONE" stationery

Result of examination:

The typewritten specimens on K16 through K21 were compared with the questioned typewritten material on Specimens Q1 through Q42 of the captioned case. The style of type used to prepare Specimens K19 and K20 is similar to the style of type used to prepare Specimens Q38, Q39, and Q41. However, due to the absence of any particularly significant characteristics, it could not be definitely determined whether or not any one of the Q38, Q39, and Q41 specimens were prepared on either of the typewriters used to prepare specimens K19 and K20.

Nothing elseof particular significance was noted during the remaining comparisons.

It was not definitely determined whether the K22 papers and the paper used in the preparation of Specimen Q37 did or did not originate from the same source.

Q38 and Q39 indicated above are an envelope postmarked San Francisco, 4/23/64, addressed to Mr. JOE DI MAGGIO, 2150 Beach Street, San Francisco, California, and an accompanying one-page lettering, beginning, "Dar Joe: If you go to Los Angeles to live ...." and ending "....anything to make you happy."

SF 9-1784
DFH/rg

Q41 mentioned above is an envelope postmarked Los Angeles, California, 5/28/64, bearing the typewritten address, [redacted], c/o Screen Actors Guild, 7750 Sunset Blvd., Hollywood, California," and accompanying one-page typewritten letter beginning, [redacted] you are a ...." and ending "... Decent Girls and men."

On December 3, 1964, the originals of Q38 and Q39 were forwarded to the FBI Laboratory as well as an envelope postmarked at San Francisco, 4/23/64, addressed to JOE DI MAGGIO (Q36) and accompanying letter beginning, "IF YOU GO TO LOS ANGELES" (Q37). It is noted that Q36 contained a "HY TONE" watermark.

The Los Angeles Office was requested to forward Q41 to the FBI Laboratory.

On December 29, 1964, the FBI Laboratory furnished the following report:

Due to the absence of any particularly significant characteristics, neither the typewriting on K19 nor the typewriting on K20 could be definitely associated with any of the typewriting on Q36 through Q39.

On December 11, 1964, the New York Office furnished the following information:

[redacted] Kennedy Library, New York City, advised on December 9, 1964, that [redacted] has not been associated with the Kennedy Library in New York City, since approximately October 28, 1964. [redacted] left New York City soon after that date and her whereabouts are unknown.

She said that she had not written them nor had she written threatening or anonymous letters to DI MAGGIO or anyone else.

She advised that she had not seen DI MAGGIO for years until last September, when she visited him at his restaurant in San Francisco, California.

During conversations, she mentioned DI MAGGIO's address, 2150 Beach Street, San Francisco, California. She denied that she had ever heard of [redacted] She said that she had clipped items from newspapers about DI MAGGIO and has seen his name linked with women. She said that this did not upset her and she knew no one else that was upset over it.

She said that she did not type and had never had anyone else type anything for her.

She complained that while in the hospital, her relatives [redacted] had visited her only infrequently and that she had not seen or heard from her son since she went into the hospital in 1949.

On February 5, 1965, the Los Angeles Office furnished the following information:

The following investigation was conducted by SA [redacted]

AT HOLLYWOOD, CALIFORNIA

[redacted] telephone [redacted] on February 2, 1965, advised that during the year she managed MARILYN MONROE's business affairs, the fan mail was sent to her office by 20th Century Fox Studios, and then re-shipped unopened to a woman in New York City, who had been hired several years earlier by Miss MONROE to process and answer all of her correspondence. [redacted] could not recall the name of this woman [redacted] administrator of Miss MONROE's will, [redacted] might remember it.

[redacted] on February 3, 1965, identified [redacted] telephone [redacted] as the woman responsible for handling Miss MONROE's fan mail for a period of several years before the latter's death.

On March 1, 1965, the New York Office furnished the following information:

AT NEW YORK CITY, NEW YORK

The following investigation was conducted by SA [redacted]

[redacted] on February 25, 1965, stated she handled MARILYN MONROE's fan mail for approximately one year prior to Miss MONROE's death. The film star's fan mail was sent [redacted] by 20th Century Fox Studios and also by Miss MONROE's personal business office. [redacted] answered the mail with form letters and photographs. She stated she kept statistics on the pieces of mail she answered and then destroyed the fan mail as soon as replies were sent out. [redacted] did not keep a copy of her replies and did not keep a list of people to whom she sent the form letters or photographs.

[redacted] stated that she had between 50 and 100 unanswered fan letters on hand when Miss MONROE died and at the direction of Miss MONROE's office, she gave these letters to [redacted] of Actors Studio, New York City.

The nature of captioned investigation was explained to [redacted] but she was unable to be of any assistance. [redacted] stated she never knew anything about Miss MONROE's Fan Club and does not know if the club had a national president or regional officers. She could not furnish the names of anyone in San Francisco or elsewhere who were connected with the club. [redacted] could only suggest that such information should be available at 20th Century Fox Studios or from Miss MONROE's personal publicity agent.

[redacted] Actors Studio, New York City, on February 26, 1965, stated that they could not be of any assistance in this investigation. They do not have any information concerning Miss MONROE's Fan Club or publicity arrangements before she died.

[redacted] stated Miss MONROE left her personal property and papers to them. [redacted] received all unanswered fan mail from [redacted] but the mail was destroyed. [redacted] said only about 20 or 30 letters were received from [redacted] and these letters never were answered before they were destroyed.

The only other personal property on hand concerning MARILYN MONROE are business papers, personal documents and letters from intimate friends that would not be of any use to this investigation.

[redacted] Rogers and Cowan, Public Relations, 503 Madison Avenue, New York City, advised SA [redacted] on March 2, 1965, that she was MARILYN MONROE's [redacted] prior to Miss MONROE's death. She stated that she handled primarily Miss MONROE's personal correspondence and was not connected with her publicity projects or with Miss MONROE's fan clubs. [redacted] stated that she remembers that Miss MONROE had an active fan club at one time and several independent groups who were

collecting all of Miss MONROE's photographs and biographical data. However, [redacted] said she never did know the name of the national president of Miss MONROE's fan club or the names of any of the club's regional officers. She stated she never had any connection with this part of Miss MONROE's business life and is unable to suggest anyone who might be able to supply such information except 20th Century Fox Film Studios.

[redacted] stated that there was a slim possibility that [redacted] New York City, might have some information of value. [redacted] stated that [redacted] handled Miss MONROE's personal business matters while she was married to [redacted]

[redacted] on March 2, 1965, advised SA [redacted] that she handled some of Miss MONROE's personal and business matters during the period that Miss MONROE lived in New York City and was married to [redacted] She stated, however, that she did not have any connection with Miss MONROE's fan clubs and is unable to furnish the names of the club's president or regional officers. [redacted] said that she has a vague recollection that there is in existence an organization known as "Fan Clubs of America". She stated she believes this organization is based in Los Angeles and keeps a running list of all fan clubs connected with the various film stars. She said with the exception of this organization and the 20th Century Fox Film Studios, she is unable to suggest the name of anyone who might be of assistance to this investigation.

AT SAN FRANCISCO, CALIFORNIA

Regular contact has been maintained with JOSEPH DI MAGGIO, SR., and he has reported no further letters in this case. He has been unable to suggest additional suspects.

[redacted] It is noted that investigation of [redacted] to date has revealed that [redacted] that she was in a mental hospital at Agnew, California, from 1949 to April, 1964, when

SF 9-1784
DFH:mc

she was released on the Family Care Plan to the home of [redacted] Santa Clara, California. She is still under the supervision of the State Department of Mental Hygiene and is not allowed to leave [redacted] home. According to [redacted] she will probably be returned to the hospital next month, since her condition has not improved to the extent that she is ready for a complete release.

According to employees at Agnew Hospital, [redacted] continually talked to other inmates about [redacted]. She read all the columns and sport pages for items about DI MAGGIO and discussed him constantly. She was obsessed with sex and in conversations expressed sentiments similar to those expressed in the anonymous letters in this case.

On March 10, 1965, SA [redacted] discussed this case with Assistant United States [redacted] San Francisco [redacted] advised that information developed to date would not warrant a prosecution of [redacted] He said that a further factor for declining prosecution was the fact that [redacted] was a patient at Agnew State Hospital at the time the threatening communications were written and is presently under psychiatric care.

It is noted that the victims have received no letters since April, 1964. It appears that [redacted] is the most logical suspect in this case and her mental condition would indicate that it is highly unlikely that she could ever be prosecuted. In view of this and the fact that all other logical leads have been covered in this case, this case is being closed with the permission of the Special Agent in Charge.

Should additional letters be received by either victim in this case, it will be reopened.
