Housing Integration In North Proposed

NEW YORK, Nov. 19 (AP) Eleanor Roosevelt today proposed that the Northern states provide integrated housing to show the South and Asiatic nations leadership in democracy.

Until there is integrated housing in the Northern states, Mrs. Roosevelt said, "there is no real possibility that children will be naturally integrated in the school." She told the Urban League of Greater New York that "understanding between the Asiatic states and the United States will be difficult to establish so long as they believe we care only for the white people in our country."
