SUPPORT ARMY'S EQUAL OPPORTUNITY PROGRAM.

SGT. Matix, is an aggressive, talented innovative NCO, who is constantly using his new ideas to improve his squad and platoon. He is a valuable asset to the unit by his outstanding example he sets for the younger soldiers. He has the quality for attention to detail which does not falter under adverse conditions. This SGT, would make an outr standing 1SG.

SGT MATIX is one of the most professional soldiers I've ever had the opportunity to serve with. He is highly skilled in his MOS and is inventive in utilizing problem solving techniques. While never failing to accomplish assigned missions he manages his personnel in an outstanding manner, inspiring them and maintaining a high level of moral. This SM is highly dedicated and trustworthy, attacking assignments with much enthusiasm which is tempered with good judgement based on a well developed background. If it were in my power to do so I would promote this man immediately. I would be surprised and sorely disappointed if this SM did not become a Command Sergeant Major sometime during his Army career. I would welcome the opportunity to serve with this soldier anytime.

I know that if I secure my enlistment by means of any false statement, willful misrepresentation or concealment as to my qualifications for enlistment, I am liable to trial by court martial or discharge for fraudulent enlistment and that, if rejected because of any disqualification known and concealed by me, I will not be furnished return transportation to place of acceptance.

I am of the legal age to enlist. I have never deserted from and I am not a member of the Armed Forces of the United States, the US Coast Guard or any Reserve component thereof; I have never been discharged from the Armed Forces or any type of civilian employment in the United States or any other country on account of disability or through sentence of either civilian or military court unless so indicated by me in item 56, "Remarks" of this contract. I am not now drawing retired pay, a pension, disability allowance, or disability compensation from the government of the United States.

51. SECTION 5538 OF TITLE 10 OF THE UNITED STATES CODE is quoted: "(a) The Secretary of the Navy may extend enlistments in the Regular Navy and the Regular Marine Corps in time of war or in time of national emergency declared by the President for such period as he considers necessary in the public interest. Each member whose enlistment is extended under this section shall be discharged not later than six months after the end of the war or national emergency, unless he voluntarily extends his enlistment. (b) The substance of this section shall be included in the enlistment contract of each person enlisting in the Regular Navy or Regular Marine Corps."

52. SECTION 5540 OF TITLE 10 OF THE UNITED STATES CODE is quoted "(a) The senior officer present afloat in foreign waters shall send to the United States by Government or other transportation as soon as possible each enlisted member of the naval service who is serving on a naval vessel, whose term of enlistment has expired, and who desires to return to the United States. However, when the senior officer present afloat considers it essential to the public interest, he may retain such a member on active duty until the vessel returns to the United States. (b) Each member retained under this section — (1) shall be discharged not later than 30 days after his arrival in the United States; and (2) except in time of war is entitled to an increase in basic pay of 25 percent. (c) The substance of this section shall be included in the enlistment contract of each person enlisting in the naval service."

53. I understand that, upon enlistment in a Reserve Component of the Armed Forces of the United States, or upon transfer or assignment thereto, I may be ordered to active duty without my consent — for the duration of a war or national emergency declared by Congress and for six months thereafter, or for a period of 24 consecutive months during a period of national emergency declared by the President, or under any other conditions and for such period of time as are presently or hereafter authorized by law. I further understand, as a statutorily obligated member of the Ready Reserve that if I am not assigned to, or participating satisfactorily in, a unit of the Ready Reserve; and have not served on active duty for a total of 24 months, I may be ordered to active duty without my consent, by order of the President, until my total service on active duty equals 24 months, the terms of my enlistment notwithstanding.

Judge:

On April 16, 1986, SAs Edmundo Mireles, Jr., John F. Hanlon, and SSA Gordon G. McNeill each underwent additional surgery. SA Mireles' surgery involved the grafting of a bone taken from his hip to replace the smaller of two bones in his left forearm. A metal plate was put in place of the other larger bone. SA Hanlon's and SSA McNeill's surgery was performed in an effort to remove small bullet fragments that had lodged in their hands and arms. Additionally, surgeons attempted to alleviate the numbness which still affects the lower part of SSA McNeill's body. All three Agents are in satisfactory condition and their prognosis for recovery is excellent.

Miami's investigation concerning the two subjects has been divided into three distinct areas. The first involves the administrative inquiry being conducted by a shooting review team headed by an inspector from FBIHQ. A second team of Miami Agents is reviewing all unsolved bank robberies that occurred in the Miami area. This investigation also will determine if the subjects had committed bank robberies or armored car robberies outside the state of Florida. The third phase of the investigation will focus on the activities and personal histories of the two subjects going back to their high school years. Friends, relatives and former employees will be contacted and interviewed concerning any information they might have concerning the subjects. Bank accounts, military records, personal items and evidence seized during the search of their two residences are being examined and appropriate leads will be pursued.

Each subject's military records have been reviewed for lead value, and all locations where they were stationed will be sent leads to have those individuals who knew them interviewed. According to their military records, both subjects had no disciplinary action taken against them and were honorably discharged from military service. William Matix enlisted in the U. S. Marine Corps in October 1969 and was discharged in July 1972. At the time he left the Corps, he was an E 5 Sergeant and had worked as a cook during his tour of duty. In August 1973, Matix enlisted in the U. S. Army where he served as an E 5 Sergeant in the Military Police until his discharge in August 1976. Michael Platt enlisted in the U. S. Army in June 1972 and was trained as an infantryman. He was an E 6 Sergeant when he was discharged in May 1979. The two met at Fort Campbell, Kentucky, became very close friends, and eventually partners in a landscaping business they currently had owned in southwest Florida.

Local police in Columbus, Ohio, have reopened the December 30, 1983, murder of William Matix's wife and another woman who were left bound and gagged with their throats slashed in the laboratory of a local hospital where they were employed. The killings were never solved, and although Matix was a suspect, the Columbus Police Department did not have enough evidence to charge him at that time. Matix received almost $400,000 from his wife's insurance policies after her death. He recently had filed a three million dollar lawsuit against the hospital.

On December 21, 1984, Michael Platt's wife allegedly committed suicide by shooting herself in the head with a shotgun. The coroner's report claimed that the death was a suicide. There is speculation at this time, without any solid evidence to substantiate it, that the subjects may have been involved in the murder of each other's wife.

Miami is aggressively pursuing all aspects of this matter and you will be advised of pertinent developments as they occur.
