Dear Sir:-

Agust 4

I am writing to ask if you will kindly consider giving me afour assistance in reducing my sentence by granting me some good time. I have less than one year left of a ten year sentence, all of which I have served in the main. Approximately five years of that time I have been employed as Motorman, pumpsman, electrician in the telephone shops. For one year I was employed every day (Sundays included) running the electric pumps in Mine and am now in the shops repairing and rebuilding telephones. Regarding the manner in which I have worked in the departments mentioned above I respectfully refer you to Mr. Marchefski, the Pit Boss under whom I work. My record for deportment is of course available. If you find my record and work sure Worthy of your consideration and feel that you can to extend me the clemency that your authority permits, I assure you it will be very much appreciated.

Yours Respectfully,

Mr. O. W. Sifrid

Dear Sir,

We bought our home from John F. McGinty in the Spring of 1920. The last we heard of him was that he was sick and the last time he saw my husband was in the early summer of '32 and we have not seen his step-daughter Edith Osrish Mahr (Mrs J. Mahr.) since her grandmother Mrs. Stickney died about six years ago. There are several Mahr families in the Directory but none I could identify as them, and I recalled that his relatives had left town.

John F. McGinty's wife Elizabeth A. died about 1923.

I know nothing of Mr. McGinty's sister who once lived here abo-

When they sold us the house they moved to a farm outside the city, where Mrs. Mc Ginty died, and her daughter lived awhile; John Mc Ginty working in town the while. He disposed of that property and bought another farm later but my husband didnt know where and later Edith Mahr bought a farm I was told and has not called on people I know. They just seemed to drop out of sight.

If he calls on my husband at his place of business we'll get his address and foward it to you.

John F. Mc Ginty's father has not been living since about 1915. He worked on our home before that in building it.

I am sorry that I have been unable to get the addresses as you wished.

Yours Truly

2. Through bills of lading will be issued in all instances between initial and ultimate points, except when some more advantageous to the Government may be otherwise secured.

3. When shipments are made under contract or special rates, mention of such fact should appear on the face of bills of lading.

4. Officers charged with the duty of providing or securing Government transportation should familiarize themselves with land-grant railroads in order that shipments may be made at the lowest rates available to the Government by the use of such lines, or lines equalizing rates therewith.

5. Public property may be delivered by any Government officer or agent to the Quartermaster Corps, U. S. Army, which will ship the same under its regulations. (32 Stat. 111.)

6. Bills of lading must describe shipments of articles by their commercial names, giving separately such weights, dimensions, and manner of packing as may be necessary to ascertain classifications and rates and to enable recovery in case of loss or damage.

7. If the number of articles to be shipped be too great for the blank form (original, memorandum, and shipping order), extra sheets of the prescribed form should be used, and so attached and designated as to form but one bill of lading, under one number.

8. The voucher when submitted for settlement shall cover charges to one office or service only. The name of the office is inserted at the top of each bill of lading. Correspondence regarding transportation accounts should be addressed to the particular office or service and reference made to the serial numbers of the Government bills of lading included in the company's bill.

## GENERAL CONDITIONS AND INSTRUCTIONS

### CONDITIONS

It is mutually agreed and understood between the United States and carriers who may receive this bill of lading, that—

1. Prepayment of charges shall in no case be demanded by carrier, nor shall collection be made from consignee. On presentation to the office indicated on the face hereof this bill of lading, properly accomplished, attached to freight voucher prepared on the authorized Government form, payment will be made to the last carrier, unless otherwise specifically stipulated.

2. Unless otherwise specifically provided or otherwise stated hereon, this bill of lading is subject to the same rules and conditions as govern commercial shipments made on the usual forms provided therefor by the carrier.

3. Shipment made upon this bill of lading shall take no higher rate than would be charged had the shipment been made upon the uniform straight bill of lading or uniform express receipt.

4. No charge shall be made by any carrier for the execution and presentation of bills of lading in manner and form as provided by the instructions hereon.

5. This shipment is made at the restricted or limited valuation specified in the tariff or classification at or under which the lowest rate is available, unless otherwise indicated on the face hereof.

6. Receipt of the shipment is made subject to the "Report of Loss, Damage, or Shrinkage" noted hereon.

7. In case of loss, damage, or shrinkage in transit, the rules and conditions governing commercial shipments shall not apply as to period within which notice thereof shall be given the carriers or to period within which claim therefor shall be made or suit instituted.

### INSTRUCTIONS

1. Erasures, interlineations, or alterations in bills of lading must be authenticated and explained by the person making them.

2. Shipping order, original bill of lading, and memorandum bill of lading should be used in making a shipment. Only one original bill of lading will be issued for a single shipment. The shipping order should be furnished the initial carrier. The original bill of lading and memorandum copy should be signed by the agent of the receiving carrier, returned to the consignor, and the original promptly mailed to the consignee. The consignee on receipt of the shipment will sign the consignee's certificate on the original bill of lading and surrender the bill of lading to the last carrier. The bill of lading thus becomes the evidence upon which settlement for the service will be made. Memorandum copies of bills of lading may be used as administrative offices direct.

3. In the absence of the consignee, or on his failure to receipt, the person receipting will certify that he is duly authorized to do so, reciting such authority.

4. In no case will a memorandum bill of lading be issued for a shipment, nor will a bill of lading be issued after the transportation has been performed. In case the bill of lading has been lost or destroyed, the carrier shall be furnished by the consignee with a "Certificate in Lieu of Lost Bill of Lading," on the standard form prescribed therefor which, when finally countersigned by acknowledgment of the "Certificate and Waiver by Transportation Company," shall accompany the bill for services submitted by the carrier to the officer charged with the settlement of the account. Should the original bill of lading be located after settlement has been made on the certificate, it will be forwarded to the administrative office of the department concerned for transmittal to the General Accounting Office.

5. To insure prompt delivery of property, in the absence of the bill of lading, the consignee should give to the carrier a "Temporary Receipt," executed on the prescribed form, for the property actually delivered. On the recovery of the bill of lading, or when the certificate provided for above shall have been given, a statement will be indorsed on said bill of lading or certificate of the fact of the delivery as per said temporary receipt, and the said temporary receipt will be indorsed with reference to the bill of lading or certificate sufficient to identify the same, and both papers attached and forwarded with the claim for payment thereon.

6. In case of loss or damage to property while in the possession of the carrier, such loss or damage shall, when practicable, be noted on the bill of lading or certificate in lieu thereof, as the case may be, before its accomplishment. All practicable steps shall be taken at that time to determine the loss or damage and the liability therefor, and to collect and transmit to the proper officer, without delay, all evidence as to the same. Should the loss or damage not be discovered until after the bill of lading or certificate has been accomplished, the proper officer shall be notified as soon as the loss or damage is discovered, and the agent of the carrier advised immediately of such loss or damage, extending privilege of examination of shipment.

7. Bills must be submitted by the general officers of services, and on forms furnished by the Government, to be obtained from the Public Printer, Washington, D. C.

Mrs. Ruth Jasmer, 6952 Wallace Street, Chicago, Ill.

Dear Ruth & family guess you
will think I am rude not to have
your letter & card all ready but
when it comes to writing letters
but better late than never I sent it
we are all pretty good down here
and had a little cold snap also
some snow but it didn't last long
it's all gone now and we again
had a little from God again and
he wanted a pen & pencil so I am
writing him today to and sending
it to him he said he is getting
along just fine and I do hope he
is and this will be a lesson to
him and he will be a good boy
when he gets out - he sure was
a naughty boy while here with us
we were so good to him and we
all just begged him to be good and
get him every thing he wanted but
it did no good so we gave it up
we all liked him so well. How is
your family now days and hope
my Jasmine has a steady job

by now I guess things have picked up so much yet here they there so a lot of people out of work around here now so and I am all through farming to sold out every thing so I can go away now: got nothing to keep me but will stay here awhile with my aunt yet for she likes to have me here with her but I don't like it here all the time.

Well dear Ruth I guess this will be all for this time so by by with lots of love to you & family and write me when you have time as ever Isabelle.

Mr. Jno D. Rockefeller Jr.

Jan. 6-1936

Dear Sir,

This is Mrs. Owen D. Young from the heaven delivered to you one more message from the merciful omnipotent God in The Holy Trinity, The Father, The Son and the Holy Ghost. That on The New Years day at 12 A.M. The Almighty God in the Holy Trinity was sited upon the Seat of His Majesty to render His Holy justified double wrath upon you as He proclaimed on the 1935 birth day of The divine Jesus christ. And due to The four hours prayer of The all holy Saints, and the all holy Angels, The God in The Holy Trinity did not wanted to grant His Holy leniency to you, But upon The prayer of The Holy Mother of Jesus christ, when she prayed to The God in The Holy Trinity, The Father, The Son, and The Holy Ghost. Then Her Son Jesus christ Who is our dear Saviour, and also Who is our merciful Judge granted His Holy leniency, by with holding His Holy demnation to The 30th day of Jan. 1936. But He did doubled The amount from $500,000 to $1,000,000, and in the postponding of His Holy double wrath against you. He said That you must send This poor, and sick Gentleman The sum of $1,000,000, on or before Jan. 30th, 1936, and That immediately you should start your's strick penance, without any postponding it, and That you must be more charitable to every one who will asks you for The charity. But if you fail to do This on The specified date. Then on The 2nd day of Feb. 1936 at 12 P.M. He will place His Holy justified double wrath upon you, and then no prayers He will accept. And further saying said I did blessed him with such a great Wealth That he himself, and even his whole generation shall be unable to use it. And thereby his greedy stubborn Selfishness shall be rebuked to and blasphemously conducting himself against my Holiest wishes. And The merciful Judge Jesus christ instructed me to remind you these following words which He did said there while He has been teaching the whole nations upon

the earth before He has been cruelfie [illegible] said. Thou
shalt love the Lo[illegible]Thy God with thine whole heart with thine
whole soul, with thine whole mind, with thine whole thought
and thou shalt love thine neighbor, as thyself. Blessed are
the merciful, for they shall receive mercy. Be merciful as
your Father who is in the heaven is also merciful. Ask and
it shall be given to you. For what shall it profit a man if he
gain the whole world, and suffer the loss of his soul.
Or what shall a man give in exchange for his soul. Do
not to yourselves treasure on earth, where the rust and the
moth consume, and where thieves break through and steal.
But lay up to yourselves treares in heaven, where neither
the rust, nor the moth doth consume, and where thieves do
not break through nor steal. For where is thy treasure is,
there is thy heart also. Amen I say to you that it is easier
for a camel to pass through the eye of a needle, than for
a rich man to enter into the Kingdom of heaven. And when
the son of man shall come in his Majesty, and all the Angels
with him. Then he shall sit upon his seat of his Majesty. And
all the Nations shall gather together before him, and he
shall separate them one from another, as the shepherd
separated the sheep from the goats. And he shall set the sheep
on his right hand, and the goats on his left. Then shall the
King say to them that shall be on his right hand, Come you
blessed of my Father, and possess you the Kingdom which
was prepared for you from the foundation of the world.
For I was hungry, and you gave me to eat, I was thirsty,
and you gave me to drink, I was a stranger, and you took
me in. Naked, and you covered me, I was in prison, and
you came to me, sick, and you visited me. Then shall the
just answer him saying, Lord when did we see thee
hungry, and fed thee. Thirsty, and gave thee drink. Or
when did we see thee a stranger, and took thee in. Naked,
and covered thee. Or when did see thee sick, or in prison,

and came to Thee. And the King answering them shall say.
Amen I say to you, [illegible] as you did it [illegible] of these my
least brethren. You did it to me. Then he shall say to them
That shall be on his left hand. Depart from me you cursed
into the everlasting fire which was prepared for the devil
and his Angels. For I was hungry, and you gave me not to eat.
I was thirsty, and you gave me not to drink. I was a harbo-
er, and you took me not in. Naked, and you covered me not. Sick
sick, and in prison, and did not come to me. Then they also
shall answer him saying. Lord when did we see Thee hun-
gry, or Thirsty, or a stranger, naked, sick, or in prison, and
did not minister To Thee. And he shall answer them saying.
Amen I say to you, as long as you did it not to one of these
least, neither did you do it to me. And these shall go into
everlasting punishment, and the just into everlasting
life of a great enjoyment. Heaven, and earth shall pass
away, but my words shall not pass away. Watch you
therefore because you know not the day nor the hour
when The Lord shall call upon, and say. Give me the
full account of your's stewardship. For you shall
steward no more. So dear Johny These are the words
of our dear Saviour, and also of our merciful Judge Jesus Christ.
And to day on The 1936 Th commemoration of the
celebration of the visit of the three Kings that came from
The East to visit The little child Jesus christ, They
were Kings of the earth. But They came to adore The
heavenly King. Who is The King for all The Kings.
And on this celebration, The merciful omnipotent
Tent God in The Holy Trinity sent me to deliver the
Holy last and The final message To you. Dear Johny
you should know, you should believe, and
should understand That Jesus Christ is the divine
Son of The merciful [illegible] To Tent God. And He is the

Dear Doctor;

I am enclosing herewith two letters which please deliver for me at once. Deliver them both to my father at the house -- 855 West 7th St. or at the office wherever he may be - It is very important that they be delivered right away as it means a lot to me - Be sure however not to say a word to anyone else that you have been given these letters to deliver. The reason I am writing to youis because I know you can be trusted not to say anything.

Edward G. Bremer"

"Friday Evening

"Dear Walter;

I'm sorry to have called on you but I felt you were the old standby. Assure Emily & Pa that I'm allright. I knew you would use your head & work on this <u>all alone</u> - no police. The people that have me have given the impression that you are not working alone. Walter please do. I know you will for me. I've been told that the reason the first plan was not gone through with was because you were working with the police. Again I say <u>please</u> work all slone & I'm sure everything will come out allright. Be sure now - no strings attached. You & you alone. These people are going to give you a new plan. Work according to their directions - & again I say - alone - no police - just you.

Edward

E. G. Bremer"

"Friday Evening

"Dearest Patz,

Please don't worry. I hope everything will come out allright. Tell Hertzy to be a good little girl, her daddy is thinking of her all the time and to see you & her again is all that I want. I suppose you are worrying about the blood in the car. I have a cut on my head which bleed a lot but it has been dressed & is allright now. Tell Pa too not to worry. I'M treated nice & the only thing I have to ask is to keep the police out of this so that I am returned to you all safely.

Yours,

Ed"

Remain at your office daily from noon until 8.00 p.m.

Have the dough ready and where you can get it within thirty minutes.

You will be instructed how to deliver it

The money must not be hot as it will be examined before bremer is released

"My Dear Father Deere;

I am calling on you as a representative of God to do something for me. It must be a secret - every bit as muchas a confession & under these circumstances I am calling on you. Enclosed herewith is a letter addressed to my father. This letter is to be delivered to him - unopened & may Itake the privilidge of asking you to be the good Samaritan.

If you listen in on the radio & read the St. Paul paper y u will have heard or seen that my father has made a special appeal to everyone to not interfere & let him work on my being returned alone.

Note addressed, My Dear Father Deere" continued:

It is therefore necessary that some one take this letter to him, someone whose coming to see him will not create any suspicion & I could think of no-one better than you.

Please take this letter to my father at once. It may be asking a lot but it means so much to me. Go to the house as you usually do, to pay him a visit but don't let on to anyone that you have this letter. Dont give him the letter when anyone else is present. You can make the opportunity so that you are alone with him.

Thank you for your kindness in doing this for me & may God speed you on your way.

Ever Appreciative

Edward Bremer "

"My Dear Lil;

As my old standby I am calling on you to do something for me that it seems no-one else can do. I must get the enclosed letter to my father -- unopened -- & I know if I intrust it in your care it will be done. I suppose you know that my father has made a special appeal to everybody police & government officers included to lay off for three days so that he can make his own arrangements to get me back. Now the next thing is -- is to get the instructions to him -- & you old pal will not fail me I know.

As soon as you receive this note take it to my father -- please. Be sure that no-one knows that you have received it. When take itdont say anything about it. If anyone stops you to ask you what you want tell them you have some bank matters to take up with him or anything else you want to tell them but don't let on about this letter. When you get to see my father be sure you are alone with him when you give him the letter. I know I don't have to tell you any-more because you always understand.

Please girl hurry -- but don't <u>loose</u> your head -- I know you wont & I'm sure you'll do just as I ask you to. We always did understand each other.

Note addressed "My Dear Lil" continued:

Its a living hell here & the time I've been here seems like ages. Please do your part & I'm assured I'll be home soon -- Please Hurry & be careful

As Always

Dear Dolores

I haven't been able to write you before, but I have heard through Babe.

I see by the paper that you were taken to Florida, but we haven't heard from you, or anything about the baby.

Dolores I am awfully anxious about the baby, and you too. Now you write me and tell me all about yourself and the baby. Who did you leave it with? And were they to take the baby to me. I am going to see my lawyer today when I go out.

Dolores, there isn't anything I can say to you except I am awfully upset.

I have had Masses said for you.

And please dont forget your prayers.

Lovingly,

Mother.

P. S. Won't you write me at once.
