Reference is made to SAC letter 137, series 1947, entitled *DEPORTATION and DENATURALIZATION CASES - INTERNAL SECURITY - C".

The subject of this letter, JESSICA LUCY TREUHAFT, was born in Morton, Marsh, England on September 11, 1917. She entered the United States at New York City on March 2, 1939. She became a citizen of the United States by the process of naturalization on January 3, 1944 in the United States District Court, San Francisco, Calif.

A review of the files of this office reveals that the subject is now a member of the Communist Party in Oakland, Calif. She has been an active member of the Communist Party in San Francisco and Oakland since January, 1944, the same month in which she was admitted to citizenship in the United States. She was, until very recently, the San Francisco County Financial Director of the Communist Party, a full-time job at party headquarters. She has been a leader in obtaining funds for the party, especially in the recent drive for the Party's "Fighting Fund".

Informants have reported that the subject was active in the Communist Party and its affairs while she was employed by the United States Government in the Office of Price Administration but waited until after she had received her United States citizenship prior to actually becoming a member of the Party. The subject worked for the Office of Price Administration until December 15, 1943, during which time she was very active in union activities, and was considered a Communist by some of her superiors. The subject is alleged to have given \$2,000 to the London Daily Worker, but the date of this gift is not known at this time.

In view of this information, and in view of the subject's background, which is a matter of record at the Bureau, it is felt that the subject's name should be presented to the Attorney General as the subject of a denaturalization case, and subsequent deportation.

YOUR file 100-21480

Dear Sir:

A review of the files at the Bureau in connection with this subject has revealed that a report has not been received from your office concerning the subject since the report of Special Agent _______ at San Francisco ______.

While it is realized that existing instructions do not require that a report be submitted periodically on Security Index card subjects unless the subject is also a top functionary, it is felt that in view of the tense international situation at the present time, a new report should be submitted setting forth the extent of the subject's present activities in connection with the Communist Party and related groups in order that the Bureau will be in possession of current information concerning each one of those subjects who are considered a threat to the internal security.

In submitting the report, the Bureau desires that you incorporate in summary form the information contained in your files not previously reported. Information of substantive nature only should be set forth and repetitious material should be avoided. Where a description of the subject has not been reported, that, too, should be included in the report and also placed on the reverse side of the Security Index card in accordance with the instructions outlined in SAC Letter No. 57, Series 1948, dated April 10, 1948.

In the event the subject's current address is not the same as that which appears on the Security Index card, you should correct the Security Index card and forward Form FD-119 to the Bureau in order that the Security Index card at the Bureau can be corrected.

In order that the Security Index will contain only the names of those individuals who can be considered to be a threat to the internal security of this country, the Bureau desires that you carefullly appraise this case and if it appears that the subject, based on his present position and activities or past position and activities, cannot be considered such as threat, then in addition to submitting the report, you should recommend that the Security Index

Card be canceled.

on March 25, 1949. The informant stated that WILLIAM SCHNEIDERMAN, Chairman of the California Communist Party, was the principal speaker, and used as his topic "Who Are the Traitors". This informant quoted SCHNEIDERMAN as saying, "It (Atlantic Pact) was a plan to send American soldiers, sailors and flyers abroad in a dozen countries to establish military bases, so that enything that happens anywhere will involve the United States in war without the authority of Congress." SCHWEIDERMAN declared, "The Communist Party will not support any unjust war that is aimed against the working class or against the individuals of any nation." He stated, "The Communist Party has been misquoted in the idea that it would support Russia in the event that Russia should attack the United States." He said, "The Party really stated that first and foremost we must fight against any war, that the two forms of government can exist side by side and war is not inevitable. FOSTER and DENNIS say that if in spite of the efforts of the Communist Party the men of Wall Street are able to plunge us into a war, we will oppose it as a capitalist war and do everything to bring such a war to a speedy conclusion on the basis of a democratic peace. In case we fail in the fight for peace, we will continue to struggle against war even after it breaks out. We have no blueprint as to how it can be done, but nevertheless, to state our position we will express our political opposition to such a war, and even as LINCOLN and as other great Americans did who were not thoroughly Communists and revolutionaries in the sense that we Communists are."
