Mr. Richard Bandettini 2908 Fulton Street San Francisco, California

Dear Mr. Bandettini:

Mr. Melvin Lowery has informed us that you are his probation officer, and that his case comes before you for annual review in June. Mr. Lowery's mother is a member of our church, and it was with her help and suggestion that he came to us several months ago for counseling and volunteer work with our program. We have offered services for several years in various areas including carpentry, printing, and auto mechanics, and have found this an effective way of contributing to rehabilitation for people in such situations as Melvin. Our church membership is quite large, and we have found that to support its programs takes a lot of cooperative effort; the training we provide mutually profits both our work and those persons like Melvin who might be on probation or parole or in need of a positive, productive environment. There is no financial requirement; we are a nonprofit corporation and all work that comes our way is volunteer.

For the past several months, Melvin has worked under the supervision of a member who is an associate minister as well as a master craftsman in construction and carpentry. Melvin responds well to such training and attention; and he gets along well with his fellows, many of whom are of the same age and background. We have welcomed Melvin into our fellowship and are most willing to continue such an arrangement as long as

NOTES FROM MEETING W/ CHARLES 5/7/78

- 1. To our question about stopping press from reporting one-sided story about TOS in IA he asked What we threated to do and actually do are two different things, right?" Said if we write or call them notice, they will merely print it and make an issue out of it. What we are overlooking is that initial charges made in Nee West etc. have since dissipated. All TOS is doing is rehashing. For us to go after him like that is a waste of time.
- 2. His most cynical mt analysis: As a criminal lawyer, would not admit a goddamn thing. Denounce all of it. If it becomes a courtroom thing, it is simply not true. He said something unrelated to that, but not that. Deny whole ting, since it is crazy and stupid.
- 3. RexxMrieristexessistements Re. compensating the relatives for the equivalent amount: Do it. Would not be opening pandora's box for others to do the same; because he asked Mac would we have to put out much if everyone in the same situation demanded something back. Mac said at the most \$148,000. Eric said "I would not let \$148 interfere with what we are doing." So reimburse relatives in full. And any other's who should ask, tho he doubts they would.
- 4. Re. transfer of Richards' to Flo etc: Only if bonafide deal, through title company and realtor and loan and fair market price. Ed could not help out because of fiduciary. Would want built in protection incase one of the recipients should die. Said that kind of thing is always difficult because it is pierceable. But if we could figure out where the linitial down would come from, then he might be willing to work on it with us.
- 5. Asked point blank how much did Dr. Estep know himself do that was underhanded? Said in case our hero has been an accident, he would without a doubt have documented everything. That would be opened on Eric's demise, and a cross examiniation of the Dr. Estep in a court would be more advantageous that having whatever he had documented unsealed. Said that was for the record.
- 6. Sail re, criminal charges on Rita, then the **wherek** Rex would not necessaryly cease to function. We pointed out relationship to Jose and he said what about the other minister. Would still function.
- 7. Wants indepth from Bernanrd about George. Things that is the way to go. How is he earning a living? Circulate the Ukiah Daily Journal article around showing his affinity and praise for Henderson. Take mx copies to IA incase he comes out there. This is what I think of Henderson, by George. Also, tell how we gave 5 to his assistant and how he used it. Try to turn the people around who are listening to the creep.
- 8. On the Amian: It is on appeal. He did not say how or when he learned this just said it in response to my question would publicity in the South stir this matter up again. He said it was on appeal by the AG, and that the many out of the office who is doing it views it as merely procedural -- does not know any of the parties involved. We asked if Dr. Short might have had something to do with that, and he said no, did not think so. Said he feels the supporting trials lawyer has a storng position/we based our actions on their fuck up and so it shall remain. Said the

other side willdo an opening bried on their appeal and he will respond in kind.

8. We asked how to catch up to Dr. Estep. He said if he were taking a case against Rex, then we could. I asked what if he were having one of his fellow attorney's do such a tim thing instead of himself. He said, that would be hard to prove. Mentioned that there is such a thing as champerty. That Dr. E. is soliciting clients. Asked exactly what was golg on in those meetings. What Mac relayed made him thing this champerty would be a possibility. Wante d the tapes and personal interviews with the people who attend the meetings. This could be subject to bar discipline.

10. Said what bothers him about the course of Dr. Short is that he is not saying anything about the things ham he realy does know. Did not elaborate for us on that, but made a Lucinda gesture. Said a desperate man might do something, and urged us not to provoke the situation.

ne realy does know. Did not Lucinda gesture. Said a desperate will might do something, and urged us not to provoke the situation.

1. Made the suggestion that we tell the media that the project will take any 5 relatives at some time, at one time. We will host them as guests, let them be one week there with relatives. Have an intercessor there, an objective party. Said he did not think they would have a king leg to stand on it no time. Also did not think that anyone but if friendly people whemex would take us up on it. This is his great wis solution.

- 12. Wants stuff on George, includingl names of people at the hospital visitation meetings, any insinuations, information about any and everything Says to study the articles in the UDJ. This is very discrediting to the fool.
- 13. Re. Mrs. Davis: if there is a press conference in IA, then send Mrs. Davis. He arranged to meet with her and Nancy Monday. Said it would be gmm good for her to meet the press.
- 14. Re. passports, they were given to us in trust to take care of. Keep those we cannot find owners for. It would be negligent to do anythi g other than keep them safely.
- 15. At firest did not want to get involved in "dickering" with Melanie and her relatives. Later agreed to let Rudy go ahead and try, on behalf of Melande. Said we should have them sign full and complete release of all claims against anyoneon receipt. Tell them how good they are, how much Hill than thinks of them, that their confort is his desire etc.

 Writing to the newspapers, or calling them, re TOS "participatory malignment - results in publication, calling attn to the facts. We cant afford a libel suit, Chaikin knows that. The initial charge has dissipated, TOSis just rehashing, We shouldnt spend time fooling around with this small stuff.

Meshocks - hesitant to say anything to all of us together, but eventually said, he would deny everything, on the theory that the reason we deny is that it's not true. He sees no way for them to get criminal charges against us. The alternative is to pay them off - he sees that we think this will open up a pandorats bos, but he doesnt think it will. He says pay off dollar for dollar, with a specific accounting of what's due, according to escrow disbursements, taking into account immixmakinamm that hammy we put them up in rent free apartment for such and such a time. He at first disagreed completelywith idea of paying off in \$1000 installments, later modified that. But he also feels that we should pay off any others who might come along with the same demand

Libel suit against TOS - doesnt want to do any civil suits, because that brings upon us right of discovery by defendant, in other words, they can subpoena our records, they can hold depositions and get on public record war their questions and our answers; whereas, in criminal actions, we have the right to remain silent. If criminal action is brought against us, we do not have to answer questions, we do not have to produce. He will not bring any civil suits. He does not want to file libel suit with Marcelline as plaintiff, or anyone else. Questioned re service of criminal warrant if we are charged with criminal suit, he says who cares, there is no extradition proceeding that Quyana will pursue.

5. He likes the idea of Yvette's mom telling her story to the press, will meet with her, and would like for her to be present at any LA press conference. If TOS holds press conference, we whould be there, and we should pass out copies of the Ukiah Daily Journal article that TOS did in which he came off prising us and JJ.

6. LA Quan case - The Attorney General has filed appeal; the next step is that the AG has to file an "opening brief" giving his reasons sast for filing appeal, then Eric files a "reply brief" and the thing is considered again by the Court of Appeals - to the considered again by the

influencing the AG to do the appeal, and mentioned that TOS was originally JJ's attorney of record in the action, as if this made a difference.

- 7. Eric would like to prove that TOS is soliciting clients when he goes out looking for more "concerned relatives", etc. Because this "champerty" is subject to the State Bar discipline process, but difficult to prove.
- 8. Eric mentioned for the first time that I knew of that in Grace's custody case, her attorneys originally wanted to have the case conducted en camera in secrecy, not public. I figure he must have had to fight that out in court but never heard about it il now.
- He suggested sending relatives of 5 people overseas over there, we arrange transportation from Georgetown to Jonestown; they pay their way from US to Guyana. We provide meals, housing, etc. Put them up 1 week, have representatives of Guyanes or American government/embassies visit at the same time to verify these people are not being beaten, etc. What if these strangers brought subpoenas with them to serve on JJ, etc.?? "No problem if they serve him." They should bring no pot, no booze, no weapons. We announce this publically. If they come back to States and tell lies, no matter. Of courrse, clear this aga idea overseas first.

Statement about Birdie Marable, from Millie Cunningham:

I used to stay at Birdie Marable's from 7 am until 2 pm twice a week for free. These are the things I observed___

The patients would beg me to clean them up. I spent all the time doing laundry and cleaning up.

<u>Janie Brown</u>--- She couldn't get up at all, her legs and feet were swellen so badly, she had bed sores out of control, just from the filth. Then she had her leg apputated (her right leg) for diabetes, but the D_T , said that she didn't keep it clean.

Ella Mae Hoskins -- Birdie turmed Ella Mae against averybody, she'd cook pies and fill the patients up an sweets. Ella was diabetic and the diet wasn't followed at all. She later had to have ther leg amputated too. Ella wanted to mave, and even teld member Robert Jehnson once on the street that she wanted to move out badly, but Birdie wouldn't hear of it.

Birdie lied about turning over all the money to PT. She never did that.

<u>Victoria</u> --- Birdie finally brainwashed Victoria not to even let her great niece Velma Darmes visit her-- Velma being a member of PT.

Mother LaTourneau---Birdle took alot of money from her, and took her car too. She treated her like a dog.

Statement about Birdie Marable from Fannie Jordan

I am a senior citizen 63 ys. old and I am a member of Peoples Temple. Pastor Jim Jones is my pastor. I have been a member for over 8 ys. I have never I mean never known him to hurt anyone. I know because he has taken me in. He has helped my daughter with 9 children who lives in Louisiana when the Welfare cut her off. he helped her with her children. He has helped people all over the nation, given thousands of dollars to keep people out of jail, who were strangers to him. he took in orphaned children, sent them to school, took them off the street. when the other people wouldn't take them in, and when they were a shamed of them, he too them in. He took in senior citizens when their children were tired of them, and had sent them to homes and forgot them, he had so much love and concern and compassion for the others. What made me so angry when I saw Birdie M'rable lie, and the others, that you all take for granted that she was telling the truth, and I wanted to tell you what I know about Birdie Marable. I lived with her long enoughute know what she is. I can't see why you all can't see what she is doing. She's taking money from seniors. She keeps drinking and she won't half feed them. She starved Truth Heart, the old lady, to death. She died because one sister wouldn't take her to the doctor. She had a sore on her leg, she did not take time to take the to the doctor, or see that she took medicine. She bought the foed as a front, so they would say that she did feed them. Then she would give a piece of waterwellon and a sandwich, even when they said that they didn't want that. She'd cuss them out then, and tell them that they wouldn't get anything. They were afraid of her. I have found pints of gin. She would be drunk and they would tell as about how she would do when I was gone. The name of the one dead from starving was Truth Heart, the other one was Ella Mas Hoskins. She had to have her leg taken off. Ella Mae told Robert Johnson to tell Restor Jis Just toward and get her. She was being mistreated by Birdie. "She all in the seniors, she wanted the money. It wasn't my business, but she was licensed and I had to tell what I know. Janie Brown's bladder was week, and she would set on herself. Birdie wouldn't clean her room, and it was stinking the stinking that the stinking the stinking the stinking that the stinking the stinking that the stinking that the stinking the stinking the stinking that the stinking the stinking the stinking the stinking the stinking that the stinking the st so badly that you couldn't go in the room. . harvey Lawson was a senior who sirdie let wander around the street. His mind was bad and people had to bring him home, he'd go downtown and get lost. Someone would have to bring him home, she didn't miss him.

Key this for discussion 5/1/78 Conversation with Marshall Swartz: June & Jean

June: What we were interested in was basically the first and second letters that came from the IRS - we remembered, and we had talked to Mr. Chaikin overseas about it also, we kind of conferred on it with Mr. Bentzman, the attorney up here. One of the original ideas that came out from all the discussion on this was that it might better off if we just did not comply at all in the beginning, from the beginning on.

S: We had discussed several alternatives.

J: What do you think - I think in the discussion last week we had reached kind of a consensus on responding to the point of sending them our Articles and our Bylaws, and not going along with the financial statement, but going halfway so far. We were a little bit worried about even complying in the slightest, considering the pattern of harassment that's been going down, and we wondered what would be your opinkon about if we just simply refused to comply based on that idea of harassment. Does that make any sense?

S: What you're saying to me makes sense. We had discussed two alternative solutions. We could take the hardline approach and not comply with this letter, which would force them to subpoen the documents, or we could in effect censor their request to decide what we felt was an appropriate request and what was not an appropriate request for the normal purposes of the Internal Revenue Service. When Jean called me last week, I assumed that everyone had discussed it and come to the conclusion that they wanted to comply with at least this letter, which seemed to request appropriate materials for an IRS purpose of examining the purposes of your organization to determine whether you qualify as a 501(c)(3) organization.

J: Okay, I think we had also reached that point, but then we're a little bit worried about complying, basically because there was an article in a newspaper one of our members saw,it was in the Boston Globe, about an exIRS agent who had said from his own personal experience that the worst mistake is to cooperate and rather you should not comply from the getgo because if the IRS is looking into you at all, they do have a case, or they're assuming they have a case; it was that and some other discussions we had

S: Well, wait a minute, I think we have to distinguish several different types of things. Now there's one situation where you definitely do not want to comply at all, and that is where a special agent is involved which means from the beginning that they are looking to charge you with fraud or some criminal activity. At that point it Immediately becomes a criminal matter, and you exercise your right granted under the Fifth Amendment. If possible, you do not disclose anything. Corporations do not haveFifth Amendment rights, first of all. Second of all, this does not have any indication that there is any type of criminal activity suspected.

- 2 5/1/7° Conversation with Marshall Schwartz
- J: I think our hesitation is that if we comply in the beginning like this, and show a willingness to comply, does that somewhat open the door so that it just gets wider and wider and they keep on getting more and more into it?
- S: Was this the 2nd letter?
- J: The second letter is basically the same as the first letter.
- S: Does it say you didnt respond to our earlier letter?
- Right. The questions are basically the same. In preparing J: Right. The questions are basically the same. In preparing a formal response; I mean we can send in delaying responses so that we they know we're responding but we're not actually supplying them with anything, but when we come down to the point of determining whether we want to supply or not, we're jestitant to even send them the Articles, because for one thing, Tim Stoen has apparently gone to our denomination and made accusations as usual, but then he's also told them he's gone to the IRS and hey will be publically exposed if they do not, they will be embarrassed if they keep us in the denomination. denomination.
- S: I get the point that you're making. Let me consider what you're saying. Last few times I've given the alternatives but I haven't been asked for my recommendation necessarily. Let me consider this overnight and I'll give you a call tomorrow.
- J: I'm wondering possibly if we had our attorney up here, maybe he calls call you and talk back and forth about it. Would that be okay with you?
- S: That would be no problem with me. Okay, let me think about it overnight and I'll get back to you tomorrow.
- We; re mostly in favor of not complying but we don't want to get on a fix where if we don't comply we end up in more troubble than we need to be, and also we're wondering if we do comply to the reint of just giving our Articles and Bylaws, would that head off the national level audit?
- S: There's no guarantee. I can't guarantee it will. It could if they're satisfied with the material you're submitting. I do know that there are areas of charitable organizations they are auditing so to speak more. Now whether this came or in a routine menner or through some other means, we can only speculate.
- J: I rather doubt it's normal.
- S: Okay, let be consider it overnight and I'll give you call bac: tomorrow.
- J: Okay, Ithink Jean has a grestion...

Jean: If we do give some documents, does that give us less credence later if we want to maintain the request was base on harassment, that their inquiry is based on harasshehm. If we do comply to some $\mathcal{B}\text{-}\mathcal{B}\text{-}\mathcal{A}$ &

certain extent and then say, I'm sorry, no then why didn't we maintain that from the onset.

S: I thought from the first time that we talked when you were down here, you were going towrite them a letter requesting the reason for the audit. Did you do that?

Jean: We've had some verbal communications back and forth; we haven; t done that formally in writing, no.

S: What was the response:

Jean: Offhand, the response was publicity.

S: 'What do you mean by publicity?

Jean: Well, we've been in the newspapers a lot, say from about June, or July

S: So the IRS responded that you've reached the public limelight and now we're going to look at you?

Jean; Yeah, that's what our attorney here, Marshall Bentzman; he talked to the guy whosename is on the second better. He told them that we really decided not to complybecause we thought that the inquiry is based on an informant. He kind of pressed him a bit, and finally the guy said, no it's just on publicity. That's what the IRS agent told our attorney here over the phone. That's never been formulated in writing. But we haven't pushed it in writing. I would think that would be something we would want to do, demand that kind of response.

S: Let me think about this overnight. I may talk to $\mbox{\rm Mr.}$ Karno about this.

Jean: Maybe you could call back and give your answer to Ur. Bentzman, maybe that would be the thing to do. What time do you think you'd be calling, I'll try to be on hand

S: I really couldn't pin it down to an exact time. They don't I give him a call

Jean: We could make an appointmentand meet there, that might be the best thing to do, to have us there in the office when you call.

S: Why dont you let me talk to him and if he feels the 3 or 4 of us have to get together in a conference, we'll set that up.

INTRA-DEPARTMENTAL MEMORANDUM

Sir:

The following is the body of the supplementary report as it will appear when entered into the system. I have reviewed the investigation and conclusions arrived at by the members investigating and concur with them.

On Friday, 06/17/77, Mr. Tracy of the New West Magazine was notified by his secretary, Kathy Whelan, of the damaged window lock. Ms. Whelan said the window was down and the lock was in Tracy lace although the slide bolt was broken when she first noticed it. When Officer Duffy of Central Station arrived, the window and lock were still in the same condition. Officer Duffy was told by Mr. Tracy that nothing was missing from the office. Mr. Tracy further stated that one or two of the folders in a file cabinet containing information on the Reverend Jim Jones appeared to be an inch or so higher than the rest of the folders. After inspecting the premises and interviewing Mr. Tracy, Officer Duffy concluded entry had not been made.

On Monday, 06/20/77, Inspector Evans of the Burglary Detail, responded to 325 Pacific and conducted the follow-up investigation. After inspecting the premises and interviewing the concerned persons, Inspector Evans also concluded that entry had not been made.

On Monday, 06/20/77, Inspector Michael Byrnes of the Crime Lab responded to 325 Pacific. The window lock had been removed and replaced with a new lock by that time. Because of the time lapse, physical condition of the building and the number of persons that had visited the scene, Inspector Brynes was unable to determine if the pry marks on the window frame and sill were of recent origin. After being given a description of the position and condition of the window lock, Inspector Byrnes concluded that if entry had been made the lock would have had to be pieced together after the window was closed and the exit made through the front door. It would seem logical that if scheene made entry and pieced

the lock together, they would also have made sure that any folders they touched would have been returned to the file cabinet exactly as found and not an "inch or so higher than the rest of the folders." No other files were disturbed.

The only useable physical evidence were palm prints and finger-prints located on the outside of the lower windowpane. A search of our files was started immediately. Meanwhile, fingerprints were requested of all the New West employees to determine if they had touched the window. On Friday, 06/24/\$\mathbf{f}\$, Mr. Jon Carroll of the New West Magazine, responded to the Hall of Justice to be printed. His prints matched those found on the window. Mr. Carroll was interviewed by Inspector Evans and stated he had been working late on Monday, June 13, 1977, finishing an article for the magazine. He went to the men's room and locked himself out of the New West office. He then proceeded to the third floor and located Mr. Tom Cook, Sedway and Cook, who suggested he use the fire escape to get back into the office. According to both Mr. Cook and Mr. Carroll, Carroll went down the fire escape, found the window unlocked and let himself into the New West office. This accounts for Carroll's prints Deing on the window.

From the indentations on the window frame and sill, it is apparent that someone used a pry tool on the window but it cannot be determined how recently.

It is the conclusion of the investigating officer that because of the lack of physical evidence entry was not made to the New West office between 06/16/77, 1830 hours, and 6/17/77, 0900 hours.

The investigating officer recommends that the classification of this remain as an attempted burglary.

Respectfully submitted,

TWe forget -- or we fail to consider -- how rarely is known the full story behind an attack on an official, behind what the media chooses to present to the public, what the officer or agent chooses to present to the prosecutors. Sometimes the accusers themselves -- because of blind racism, or differences in values that lead to false interpretation, or simple lack or pertinent facts -- do not truly know the story behind the story. They accuse and condemn, not knowing what they are doing. Whether they know or not, the accused never has comparable opportunity and resources for telling his or her side of the story."

I, Panala, Sandana, hereby resign my membership in Peoples Temple Christian Church. I am resigning because my beliefs and activities are at variance with the beliefs and activities of Peoples Temple Christian Church, and Jim Jones, the pastor of said church. I have no criticism of the church or of the beliefs or standards of the Peoples Temple Christian Church. My only reason for resigning is that I do not feel that I can uphold these beliefs and my current activities take up too much of my time.

I have been treated fairly and with justice and love by Pastor Jim Jones and the members of Peoples Temple. At no time have I had any reason to be unhappy or to disagree with any of the treatment that I have received.

am a member of Peoples Temple Christian Church, also known as Peoples Temple of the Disciples of Christ. I am fully aware of, and I fully believe in the ideals and standards of this church, and of its pastor, Jim Jones. Because of this belief, and my faith in its humanitarian works, I have donated and given, and will in the future donate and give, certain items and monies to this church to be used as said church or said pastor sees fit. I have given these items and monies freely and willingly, without any pressure of any kind. I have no intention of ever asking for or receiving them back again.
In the event that I should resign my membership in this church, or that my membership should be terminated in any way whatever, I hereby promise and affirm that I will never ask for nor expect to receive any of these items or monies back again. getting married has run away: reading English lit. has died: saw Fraser has been talk to by TOS: eats too much gets regular eye exams, generous is paranoid: Is talking negatively: taking Karate lessons
Is being divisive: likes to cook alot
Is named as party in the lawsuit: said said hi to

(system for explaining how attorney reacts to our suggestion, on a ratio basis: 933 says, "What were the test results?" We say "one out of five, or "two out of five" or "three out of five etc."

1- go ahead with it, or yes, he agrees and supports it
2- has misgivings, hesitates

- 3- wait, maybe later, time is not right yet 4- ABSOLUTELY NOT
- 5- NO - if we do it, we may lose our attorney, he is emotional about it.
- 6- Charles resents Mark/Don on this.
- 7- Mark resents Charles on this.

24 HOUR STAND-by: tell Bogita hello thines are terrible: HIGH SPIRITS: LOW SPIRITS: CONSERVATIVES: the toddlers went to the beach today had punch at the party ran out of punch at party

LEGAL STRATEGY IN DEALING WITH LAW SUITS BROUGHT BY TIM STOEN

- 1. Basic foremat: Tim is to be characterized as the evil mind behind the "dirty tricks" bureau of Peoples Temple, sort of a P.T. Sergetti but without the same level of dirtyness but with more legal and administrative involvement. He is the one who conceived the strategies for getting people to donate their houses, etc. and he carried them out by drafting up the forms, consulting with the members and advising Jim and the Board on what would be legal and proper to do. He held this position and of ice from 1971 through 1976. During that time he also held a high level offinancial confidence in the organization holding both funds and properties of substantial value in his name. The rest of the people in the church government relied on his judgement in all such matters and followed his advice without deviation, because they trusted both his judgement in church matters and his legal advice. After all he did graduate from a religeous College and was an ordaned minister in the Disciples. Therefore: if there was anything done that was either illegal or unethical done it was done not only based upon his opinion that it was legal and proper, but in most cases he, himself was the author of the plan, acting as the attorney and counselor for the Church. We were overly enthusiastic and guided by him.....
- 2. As applied to the Medlock suit: Tim originally approached the Board with the idea that the Medlocks should be encouraged to donate their properties. He outlined the plan of encouragement to be used, quoting certain Bible scriptures and the like. We assured the Board, or certain officers, that it was legal and proper. He, himself began the proceedure by talking to the Medlocks first about it. Later, over the months as the transaction went along he drafted or approved the documents used, and gave continuing legal advice on the matter. Consequently, if there is anything illegal or improper in the matter, he is primarily responsible whether because he negligently or intentionally misadvised his Church client, and should hold the Church harmeless from any resulting damages. He has further damaged the church by using "inside information" about the affairs of the Church acquired via a relation of trust and confidence, namely as their lawyer, against the Church in violation of his legal obligations as an attorney and of the code of ethics of the legal profession, and should not be remitted to profit from the transaction by way of earnings as feed or otherwise from these suits. (Such an allegation might make possible the induiry under intercratancy or denosition of the source of his funding as he would undoubtedly to tify that he is handling the suit without fee.)
- 3. As applied to the Katsaris suit: (This has been discussed). He frequently talked to her in the states about her relationship with her father, her foars that the father might go the conservatorship route with her his nossestiveness, etc. He gave her legal advice A "go to Suvana". We discussed with her the fact that her father had molested her. At the 1976 Arril meeting in Georgetown, when the whole matter of the conservatorships was discussed he suggested that it be fought, if necessary, by her disclosing the truth of the matter of the molestation, that he believed it to be true and a good defense against any suit that the father might bring against either Morie or the church. The Church officers believed him and relied upon his judgement and legal advice. So, if anything that was done was actionable it was done based on improper advice given by Stoen- whether intentional or by negligence, and he should hold the Church and Officers hormless from any damages most line. Further, that he is profiting from "inside information" at his ex-clients expense as in #2 above.

Property Control of the Control of t

the transfer of the

機能學院學院不過學學學學學

- 4. As applied to a suit P.T. v. Stoen: Here our nurpose would be to obtain a judgement in the form of an injunction permanently restraining stoen to in any way use any information acquired while attorney for P.T. against the interests of P.T.; from disclosing to any person any such information without the written consent of P.T.; from acting as the attorney or legal adviser to any person, or consulting with any person who feels that hey might have a cause of action against P.T.; from participating in any lawsuit or deposition as a wittness or advisor if P.T. is a party to the action, unless Stoen is also a wittness or advisor if P.T. is a party to the action, unless Stoen is also a wittness or other compensation, in connection with legal or cuasi legal work whose efforts are directed against P.*. The line is essentially the same. His long and involved career as church legal adviser, his authorship of many of the church programs, the relationship of confidentiality, the fact that he is breaching it, and the fact that, in one way (to be determined) he is profiting from it. The churches relative innocence inlegal matters, their reliance on him and his judgment as to what might be legal and also proper, especially because of his nosition as a District Attorney in Mendocino County, and of his religeous affiliation and credentials. P.S. we would also try to nostpone the other suits till this one done.
- 5. As applied to a complaint to the Bar Association: The same line would be used exactly, but we would be asking for administrative relief some sort of sanctions against him for his unethical behavior. These are usually in the nature (in the order of severity) of a private rebuke, a public rebuke, the suspension of the right to practice for some limited period of time, the removal of the license. The Bar itself does the investigation.
- 6. Evaluation: Taking the last item first, this should be kept in reserve. First, the Par will not moove if there is acourt case - so it would exclude the other alternatives. Second, as nut into as uit, it would be a constant threat because the Bar would take a Judges findings as conclusive in its investigation. Fird, because the Bar mooves slowly. Fourth, because the Bar, especially ethics committee, is very conservative and might well lean toward Tim in this situation, especially as to penalty. Fifth, because the greatest maximum penalty that would practically be invoked would be a six months license suspension, which would not help us much coming after several months or years of investigations and hearings. I think that the threat is better than the reality. We can always do it later - if and when we have a court order against him basic on conflict of interest. The next last, suit against Stoen, is more difficult to evaluate. Likely he would react by getting o t of the other cases so we wouldn't gain much time. Advice given before the injunction would be "water under the bridge" and they could always say it was given before - would be hard to enforce. There is some contradiction in the position in that if we say he was a principal or has liability it all of these matters then he must be a real party in interest (has a legal interest in the outcome) and a ourt could not restrain him from sufficient participation to protect his own interest - and the extent of that participation is hard to evaluate in that context. Next, I don't see how we could raise the issue in an independent suit against Stoen nd at the same time raise it in the subject suits he is bringing against us - I am just very hazy on this and it is a proceedural point to the effect that all of the areas of litigation hould be heard by one court at one time. What might happen is that all of the suits would be consolidated as having common issues of fact and of law, and tried before one court. This would have the effect of, likely, 1) delaying all of the suits greatly, 2) creating a readily accessable publicity foremat - for or against our benefit, 3) removing the suit from Mendocino county - likely to one of the Bay Counties. If our basic purmose is delay, then this might be a good plan. Lastly there is the general point that this approach may make us look bad. It is true, but they are doing it

June dear and family there:

We think of you often and thank you for the valiant effort you all make in standing there. We have found a lovely place here and long for you all to be here with us in the Shangrila we call Jonestown. It is truly a lovely place and you will all want to be here soon as possible. We are working hard on so much here -- that you will not believe what we have is possible! But it is not only possible -- it has happened! So... hurry on over. Tell betty our baby is about as lovely a little thing as she has ever seen -- for that matter, all of our babies are quite special. They are born without the tensions that stateside hospitals cause the mother, they are all breast fed and it shows in their healthy, happy little bodies.

Would like to take about an hour telling you about it -- but it is midnight now and Terri will be getting nervous about my getting this in to her..

Regarding Truth -nterprises...

1) IF You LEFT THE TITLE IN CHAIKINS NAME: (which was not to have been done) As long as the state board of equalization papers are filed, querterly as I recall on that account -- there is no trouble. In fact, if they forget to send it in -- then just get it prepared and send it in. If you goofed and let it lapse -- send in the reports current along with a letter requesting reinstatement and giving a good reason for the failure to file. change of bookkeepers in Er. Chaikin's absence might do it. and send in 15 with it for the reinstatement, plus the charges and taxes.

(2) IF THE TIPLE OF THE PRESSES CHANGED TO PLT. and the paper is being bought by P. T., then you should hav gotten a resale and use tax bernit - on that basis. In that case, you but it wholesale and pay use tax to the St. Eoard of Equalization ON ALL YCU BUY. paper, etc., everything taxable.

In this case, you could point to Er. Chaikin in So. America, say he f a ve the equipment to PT and that he is not there. HOW_VIA, you must consider that it can then be attached under lawsuit --which I am not sure it could not be anyway...whether or not it was a valid attachment, but they could tie it up a helluva while until "Gene's" attorney could fet it spring loose, and if he was part of the suit or named in it --it would eventually be lost anyway ...

3) by recommendation is to crate those presses and move them but of there as soon as physically possible.

as possible since Richard brought a lot of their 75 and 76 and 77 text papers down here and has stupidly managed to lose them... He is bril isnt, papers down here and has stupidly managed to lose them... He is bril ight but somehow the papers have gotten misplaced... the canceled checks, the income register and check stubbs and his bookkeeping cost records. He brought all of them with him and they are misplaced. He has moved about four times since he got here and thus things got scattered. He is trying desperately to locate them. Perhaps when Ulaire gets here she can help him locate them and then I can send back to LAS whatever is needed, or can arrange to go into the US Consulate here and take in the sup-ort information LAS wants to see... At any rate. I do not see how she can information InS wants to see... At any rate, I do not see how see can possibly submit to audit without the papers -- but soon as wichard can get them to her, she will send them in or bring them in immediately... that is what she should tell them, you understand...

At this point -- just keep filing for extensions.. perhaps another 2 mo. extension will do it... should be no trouble getting the time extension with him out of the country -- and they know he handled all of that type of pusiness.

Have tried to simplify this greatly -- hope I succeeded. We do miss you all and look forward most sincerely to your arrival --each and all... You know Always, Tisk who loves you...

Some stuff tobe conveyed to Gary re the Katsaris suit.

Some of this stuff will be ideas, strategies etc. for stalling and the outral idea is to turn this mto a Jarndyce v. Jarndyce defending Later there will be a point by point anwer to the complaint.

I. Peoples Temple of California as defendant; None of the individual dfendants named are alleged to be officers or directors of the church. Jim himself has not been a pastor of PT California since last June (july?) nor has he received any stipend for such services since.

A little difficult to see how the corporation(and remeber that PT of Calif. is not the same corp as PT of Guyana, and it is the California corp that is being sued.) could have authorized these individuals to be involved in this activity. There is a certain body of law, as we recall, that golds that the corpbrate employer cannot be held liable for the intentional torts of its employees. So this is an area that will have to be reviewed thoroughly. As far as the PT letterhead is concerned, thats a real problem, but we can allege that it was Laurie Efrein acting on her own with the help maybe of Tim Clancy— and furthermore that the stuff about molestation was put in by her intentionally, on her own, because she was fucking pissed off at Katsaris. (More on all this later...)

As far as an agency relationship goes, the complaint id defective because it doesnt not allege specific facts to shoe an agency relationship, and, as a matter of ;aw, it is not enough to allege an agency relationship generally. Furthermore, as a corporate employer is not liable for the intentional torts of its employees, then any such acts would be ultra vires, as beyond the wourse and scope of the employees authority. This needs to be remearched.

Of course although there are some defenses to the corporate involvemnt, a hell of a lot depends on getting any impartial judge since we may have be put up a hell of a bond to prevent mrankiams execution on the judgemnt while we go to appeal. Obviously we wont get that in mendocino. This is where Chaikins consolidation of all the lawsuits strategy comes in—we consolidate the suits on the basis of a press complaint against Stoen (provividing the necessary common issues of law and fact) and get the thing moved. The transmit when we diswuss the complaint in more detail.)

-- mgakax AGAIN:

-- none of these individuals were directors nor officers of the corporation and nothing said or dome by any officer of the corp that would have authorized this activity. And, although a few individuals may or may not have gotten togethe and may or may have not said some stuff which may or may not be provable in court is a long way from sticking the Calif. corp. with this.

-- agency relationship not alleged specifically which case law requires. Could use a special demurrer for failure to state a cause of action against PT corp or for uncertainty. Altho TOS will just amend, but it buys time. May want to let the thing go as is, and not "educate" him in the defects as Charles states, and then hit it at trial-- presuming we all get to trial.

-- Case against Jim is much weaker than that of Sandi- he is not an officer director, nor even an employee (as pastor) of PT Calif. Plus, as we shall see, he did not do the things alleged. (He is working for PT Guyana)

-- ase against Paula-- we"ll see that she did not do the things alleged. They will have a hard row to hoe is unless they can get the U.S. Embassy officials into court to testify or give a deposition on the case. However, if they get their testimony by way of deposition, then we might have a case for Maria's testimony being brought in by way of deposition as well. (Note: I think Dick McCay may have said something about not having to testify in this thing...)

LAW AND MOTIONS: might try to buy time with all kinds of motions to strike, summary judgement etc. This might be the road to go when and if we get all the various cases consolidated into one fat case-- outside of Mendocino county. At that point, law and motions could be a nice stalling tactic. Could go through all kinds of dicovery on issues we will discuss later, and then make motions for summary judgemnet etc.

Carolyn-please Kerox + send to Charles for gean to give to him. Gust some ideas etc. This strakegy.

QUOD ATTESTOR A NOTARY PUBLIC VENUE: The current Press Demo artickes and so on tie in very directly to the complaint that we could show that an aura of adverse publicity has been intentionally created dealing with the very issues that are subject to litigation and its not coincidental. Plaintiffs have acted in such a way as to develop a climate of prejudice and hatred intentionally. Can cite the CR petition as part of this delibertae effort to create such prejudice—distribute carefully to media etc. Some depositions might be taken on PD people as to how all this publicity arose etc. The compahintities of we shall see contains admissions that can be used to show prejudicial climate created by this publicit

MAKEGREEK
CROSS COMPLAINT: We might consider filing a cross complaint against the PD
on the grounds that it negligently designated Sandy and a church spokesperson,
mediamerathmerates when in fact she never presented herself as such, and thus
directly caused PT of Calif to be sued. We could make cross- complain and ask
indemnification for damages and costs. That should complicate matters nicely
for a bit longer-- discovery, depositions etc. etc.

ATTORNEYS: One thing to consider is that each of theses defendants is entiltled to a separate attorney. That means that each attorney can file separate EXMEMENTA answers, Seprate motions—at different times—EXPENSERXX Separate hearing date Moreover, each one is entiltled to one affidavit of prejudice against one judge without cause. Thus, in addition to boggling things up, we could, if venue change didny go too well, at least knock a lot of Menodocino judges out of the box. The lawyers could work together on the case, and maybe would be (hopefully) amenable to varrys direction etc. Indeed, they each wouldn't have to do all that much work, if Garty prefers it that way. If nothing else we might cause Mendocino county to spend \$100,000 to get some out of county judge in to try the fucking thing. Garry should pick friends of his, and maybe someone from Mendocino to do routine appearences.

Of course, if we get it consolidated we wont have so much of a problem, but multiple attorneys could still be good to tie the mix thing up.

We may want to set the case up so as to appear that the dimminer defendants are at cross-purposes among themselves -- this would help to make a jury conclude that there was no organizational conspiracy since all the defendants are fighting among themselves. Also such a stratevy might allow a jury to cut the case down the middle and let the corporation off the hook, while sticking Bradshaw and Jones as individuals. If we succed in doing that we would have wax won even though we would have technically lost.

OTHER ISSUES

SECOND CAUSE OF ACTION: pp. 19. "KATSARIS ALSO SAID CURCH OFFICIALS TOLD U.S. EMBASSY ETC." This statement raises a possibly interesting issue. The plaintiff "atsaris puwlished the thing himself. **Atxaxxidxxx** All "andi did (as an individual) and all we did was to reiterate his statement. This is supported by the fact that the whole molestation thing was brought out by Katsaris before our alleged slander in the CR pettion which was published to the public media and members of Congress etc. **Thexpression and the public media and interesting issue here where we are accused of making a libellous statement but the plaintiff himself is making the samestatements, and tying himself into these sattements in the public interesting else as well.

There are all kinds of interesting appellate issues in the case, but unless we can get the church extricated from this, we won't be able to afford the bond required to keep writs of attachemnet off while appeal is pending.

Now the Letterhead thing makes this dann difficult, unless we can show that Laurie put the moleastation thing intentionally, on her own and thus they should be suing her for slander, not us. This will be tough, especially if they introduce a bunch of press releases etc, that show this one fits in with the course of conduct etc. of PT for are extracted examples are releases etc. Of course, if they do that we can argue that a the fact that none of the previous pressreleases ever contained anyting libellous etc., helps support our contention that it was Lauries own intentional malicious addition (which fact she will testify in court to, of course)

MARK MORE ON THE SECOND CAUSE OF ACTION, pp. 19: " IN SF TODAY, CHURCU SOKESMAN, SB, SAID KATSARIS'S Daughter, will CONTINUE TO STATE THIS ESCAUSE THIS IS THE TRUTH."

Now on what basis can this be construed as a statement from the churchmaince it is obvious that what SB was making was a statement on behalf of Maria? The only thing that that ties this statement to the church are the words "church spokespen" which was the language of the FU. Sandi herself never represented herself as such. Thus we counter sue the Fress emocrat for negligience on the ground that she approximately add not represent herself as church spokeman, and as a result of their negligience. latelling her, the PD has opened us up for a lawsuit... PAGE 9, PP 31: How can there be an allegation that PT, which is alleged to be a Calif corp, was acting in Guyana where it has no officers and directors and where in fact there is an entirely different corporate entity functioning. One of the things that will have to be clarified is just what the hell are we talking about when we talk about Peoples Temple? If we are PT Calif, then the question is what evadence can be adduced to to the fact that PT, a Calif Corp. functions in Guyana-- which in truth and fact it does not. Therefore, none of this radio traffic can be PT- Calif, radio traffic (from SR) end at any rate) since there are no employees, officers or directors of PT Calif in Guyana. So its really interesting, that aside from the facts of what was or was not said over the radio, how could PT-Calif have done it since it does not function in Guyana? So we need to know what sort of law, what sort of evidence applys in this conject-- maybe in theory PT Calif can function in Guyana, but in light of the fact that there is a PT of Guyana which functions in Guyana etc, this doesn't seem to be the case.

PAUALA ADAMS: deny all that shit. What happened in fact was that haria made a tape and asked Paula to take it in to Dick McCoy and play it for hum, which she did. Paula made no such statement. In fact, she made no statement byond the one that the object of the one that the object of the tape and left, without comment on its contents. This event was explicitly asked to be confidential— I belive Maria, on the tape asked that McCoy keep it in confidence. She went in at Maris request, not at the direction of PT of Course. Guyana.

I, Greg Watkins , being duly sworn, hereby declare:

I was saved from jail, I was facing 5 years to life and was going to prison and Rev. Jim Jones steped in and helped me because there was no way out. I was charged of 211FC that is 5 years right off and Jim Jones prophesied that I would not go to prison on September 1, 1976 which was the day of my trial andthat day the judge was in anger because of the pressure and he wanted to put me away for 5 years. This all took place at City Hall in San Francisco, California, courthouse #22, Judge #cCarty. The charges were dropped and was given credit time served. The judge calmed down and was very nice during the trial not before and this was prophecised by Jim Jones. I was freed on September 1, 1976 at 3:00 pm Wednesday afternoon. Thanks to Rev. Jim Jones and my attorney Jean Chaiken he was sent by Jim Jones. And thanks to Rev. Jones for his help and kindness. A prophecy was given to me from Rev. Jim Jones that I would have been killed at my home and I could not walk down dark streets or alleys but the next day I found my door torn down and smashed to nothing, that's how I know I would of been killed thanks to Rev. Jones I am still alive.

SECTION I. SUMMARY

The instant case involves the plight of a five-year-old child now in the physical custody of the REVEREND JIM JONES, the leader of a communal religion known as the PEOPLE'S TEMPLE. Petitioner recently learned, as set forth in the AMENDED DECLARATION UNDER THE UNIFORM CUSTODY OF MINORS ACT, page 15, that the REV. JONES claims a right to custody. As provided for by law (see SECTION VI. POINTS AND AUTHORITIES RE JOINDER, page 17), Petitioner requests that the Court join REV. JONES ac a party to this action.

The REVEREND JONES recently departed from San Francisco for Guyana in the face of serious allegations arising from a number of different sources. The charges against REVEREND JONES include: (1) the authorization of serious physical abuse of church members, including children; (2) improper care of children and aged persons housed in Temple-run homes; (3) the use of coercive and fraudulent practices to induce transfers of money and property to the church; and (4) the indoctrination of minors with a philosophy detrimental to their emotional and moral well-being, to wit, that REVEREND JONES is the reincarnation of Buddha, Christ, and Lenin, and that as such, he has the authority to direct acts of physical abuse and mental cruelty against members of his organization.

PETITIONER'S DECLARATION PURSUANT TO RULE 8.2.64, see page 9, details acts of extreme cruelty witnessed by her son which were carried out at the direction of REVEREND JONES under the guise of his purported moral authority. Petitioner further

states that her own attempts to secure the return of her son have been unsuccessful. Unless this court acts, the boy will suffer irreparable harm.

As set forth in the attached POINTS AND AUTHORITIES RE
JURISDICTION, page 5 , this Court clearly has jurisdiction to
make appropriate orders regarding custody of the child. Petition
diligently attempted to serve Respondent and has set forth facts
(see DECLARATION OF COUNSEL, page 13) leading to the inescapable
conclusion that Respondent has actual notice of the proceeding
for August 19, 1977.

Therefore, Petitioner respectfully requests that this court act to safeguard the welfare of her minor son and that the proposed order be issued forthwith.

SECTION II. POINTS AND AUTHORITIES RE JURISDICTION

I.

BY VIRTUE OF THE AUTHORITY CONFERRED ON IT WIDER THE UNIFORM CHILD CUSTODY

JURISDICTION ACT (CIVIL CODE SECTIONS 5150-5174), CALIFORNIA, HAS JURISDICTION

IN THE INSTANT CASE.

A. Residency of the Minor Child at the Time Proceedings Were Commenced Confers Jurisdiction

California Code 5152 provides in pertinent part:

(1) A court of this state which is competent to decide child custody matters has jurisdiction to make a child custody determination by initial or modification decree if the conditions as set forth in any of the following paragraphs are met:

(a) This state (i) is the home state of the child at the time of commencement of the proceeding, or (ii) had been the child's home state within six months before commencement of the proceeding and the child is absent from this state because of his removal or retention by a person claiming his custody or for other reasons, and a parent or person acting as parent continues to live in this state.

In the present case, the minor child was born in California on January 25, 1972 and has lived here all his life. He has never resided in any other state. In October of 1976, he was removed to Guyana and currently remains there; it is the only place he has lived outside of California.

The petition for dissolution of the marriage and custody of the minor child, JOHN, was filed by Petitioner on February 23, 1972. As this filing represents the "commencement of proceedings," it falls well within the requirement of CC 5152 (1) (a) that the state having jurisdiction be the child's home state within six months prior to the commencement of the proceedings.

Section 5152 also states

(b) It is the best interest of the child that a court of this state assume jurisdiction because (i) the child and his parents, or the child and at least one contestant, have a significant connection with this state, and (ii) there is available in this state

substantial evidence concerning the child's present or future care, protection, training, and personal relationships.

(3) Physical presence of the child, while desirable, is not a prerequisite for jurisdiction to determine his custody.

As the child has lived in California for most of his life, most of the information concerning his life are located here; this includes official documents, such as his medical records, and inofficial information, such as that concerning his upbringing and his personal relationships.

California, as well as being the child's residence for almost all of his short five years, has also been the state of residence for his parents.

Petitioner was born in California and for the exception of one interval lasting only a few months has lived here all her life. Any and all information concerning her and her relationship with the child is located here. Respondent, too, though not born in California, has lived a significant portion of his life here. By the time of the filing of the petition for dissolution, he had been a resident here for seventeen years and left the state just shortly afterwards. His life was significantly involved in the community, becoming Deputy District Attorney of Mendocino County and later, Deputy District Attorney in San Francisco.

Respondent and Petitioner were married in California, had their child in this state, and raised him in this state.

The pattern of the lives of the parents and the child overwhelmingly the requirements of the above state section, the requirements of both "significant connection with the state" and "substantial evidence." Though the child is not currently in the state, the code specifically denies its necessity in determining jurisdiction.

II. CALIPORNIA IS THE MOST APPROPRIATE FORM FOR DETERMINING CUSTODY OF THE CHILD.

A. For Policy Reasons of CC 5150, This State Should Take Jurisdiction and exercise of jurisdiction by a court of this state would promote any purpose of this act stated in \$5150. As noted before, the child and his family have their closest connection with California. The recent removal of the child from this state and the recent departure of Respondent cannot counteract the effect of their years of residence here - the establishment of strong personal and communicity ties here and the resulting accumulation of "substantial evidence concerning their lives.

The sudden move of the child from California to a foreign country, unaccompanied by his parents, directly contravenes the purpose of CC 5150(1)(d) that states its interest in the "stability of home environment and of secure family relationships."

This title was also enacted to prevent such "abductions and other unilateral removals of children" (CC 5150(1)(e)) that characterizes the present situation. The child was removed from California in October, 1976, five months after Petitioner had commenced her attempts to secure physical custody of her child. The PEOPLE'S TEMPLE, who took the child to Guyana, have steadfastly refused to return him to his mother. Such action cannot be condoned. The court, by accepting jurisdiction over this matter, will render such action

MARGAREY RYAN ATTORNEY AT LAW 294 PAGE BYMET

-7-

¹⁽¹⁾ The general purposes of this title are to: (c) Assure that litigation concerning the custody of a child take place ordinarily in the state with which the child and his family have the closest connection and where significant evidence concerning his care, protection, training, and personal relationships is most readily available, and that courts of this state decline the exercise of jurisdiction when the child and his family have a closer connection with another state.

⁽d) Discourage continuing controversies over child custody in the interest of greater stability of home environment and of secure family relationships for "" child.

⁽e) Deter abductions and other unilateral removals of children undertaken to obtain custody awards. //

ineffective in preventing adjudication of this matter and promote the deterence of such abdúctions in accord with the purposes of this title.

B. There is No Other Forum Available to Adjudicate This Matter.

Section 5172 of the Act states that "The general policies of this tit extend to the international area." Thus, the appropriateness of California a a forum is also supported by the inappropriateness of any other forum. Secti 5152(1)(d) states that a court of this state has jurisdiction to make a child custody determination if

(i) It appears that no other state would have jurisdiction under prerequisites substantially in accordance with paragraphs (a), (b), 2 . . ., and (ii) it is in the best interest of the child that this court assume jurisdiction.

The child has lived in Guyana for a mere nine months; his parents have never resided there. Respondent visited once for just six weeks; Petitioner has never been there. Therefore, the greatest portion of information regarding t child and his family life has not moved with him, but has remained in California.

The child is also a citizen of the United States and this country has major responsibility for him. He has been removed from this country under dubious circumstances and the People's Temple, with whom he now resides, ref. Petitioner's repeated requests to bring him back. It is unquestionably in the "best interests" of the child, as well as in the interests of justice, that t matter of his custody be adjudicated in this country. As California is the c state in this country where the courts can claim jurisdiction over the custoo determination, it is not only appropriate but also necessary that they do so.

Attorneys for Petitioner

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE CITY AND COUNTY OF SAN FRANCISCO

In Re the Marriage of:

Petitioner: GRACE LUCY STOEN

No. 719-147

PETITIONER'S DECLARATION PURSUANT TO RULE 8.2.64

Respondent: TIMOTHY O. STOEN

I, GRACE STOEN, declare the following under penalty of perjury.

I am the mother of JOHN VICTOR STOEN, d.o.b. J 1972. As set forth in my declaration of August-11, 1977, I have been attempting to secure the return of my son since I left the PEOPLE'S TEMPLE in July, 1976. Unless this Court acts immediatel psychological, moral, and possible physical harm will continue to be done to JOHN.

I base my allegation on the following facts:

A common method of discipline within the PEOPLE's TEMPLE is the beating of members before the assembled membership. Microphones are placed near the mouth of the person beaten so that the intensity of their screams will not be lost on the audience.

Children are not excluded from watching the public beatings. In fact, they are encouraged and sometimes required to watch them.

While I was a member of the TEMPLE, JOHN and myself were present at many public beatings. On one occasion, a girl of seven was beaten well beyond the point at which she began to scream. On another occasion, a girl of eleven was straddled spread-eagled and beat seventy-five to one hundred times. On still another occasion, a young woman was beaten until both of her eyes were swollen shut.

The above is by no means an exhaustive list of public beatings which took place during my time in the TEMPLE. The majority of the members of the TEMPLE were "brought up" before the membership for punishment at some time. Not all of the beatings caused serious injuries. Some merely served to degrade a selected member because of an alleged wrong. Members who did not say "Thank you, Father" to the REV. JONES at the conclusion of a punishment directed by him were beaten more.

Before the assembled membership, REV. JONES claimed at various times to be the reincarnation of Buddha, Jesus Christ, and Lenin. On several occasions when JOHN was present, the REV. JONES exhibited bloody hands, which he instructed the congregation were stigmata. REV. JONES consistently and incessently presented himself as our ultimate moral authority. Anyone who questioned this premise was "brought up" for punishment.

REV. JONES worked effectively and persistently to indoctrinate the children of TEMPLE members to believe in his moral authority and fear his power to impose horrifying punishment

-10-

MARGARET RYAN ATIONNET AT MAW 264 PAGE EINEET BAN FRANCISCO, CA 8410 14151 82640878

JOHN and other children were present when a fifteen-year-old youth passed out after being beaten; they saw a young girl vomit after her punishment required her to enter a boxing match with a far more skilled opponent; they frequently heard threats of an instrument known as the "Blue Monster" which would administer shock treatments to the unworthy; they were required to jeer and ridicule members selected for public humiliation under pain of being punished themselves.

I do not believe that JOHN has any direct knowledge of the coercive and fraudulent means which the TEMPLE has used to secure transfers of land and money. Nor do I believe he has direct knowledge of the fact that money received by the TEMPLE for care of the aged is diverted for other projects, leaving the aged poorly cared for. However, the twisted sense of morality which authorizes these acts cannot have escaped him.

The twisted moral code which REV. JONES imparts on members of the TEMPLE may be summarized as follows: REV. JONES advocates social justice, racial equality and the brotherhood of man. He is the reincarnation of a host of divinities from other ages. It is his mission to search out and eradicate loathsome traits within members of congregation, even though they may not always wish his help. The sever beating of a young child for a minor infraction becomes an act of divinity.

Members of the TEMPLE including minors are frequently required to sign statements authorizing physical punishment of themselves and their children. These statements are in turn used by the TEMPLE as license for intimadation and degradation.

Respondent: TIMOTHY O. STOEN

I, JEFF A. HAAS, declare under penalty of perjury:

I am the attorney of record for Petitioner, GRACE L. STOEN. On February 25, 1977, I attempted to serve the Respondent, TIMOTHY O. STOEN, copies of the Summons, Petition, Order to Show Cause and accompanying documents. This attempt was made at the District Attorneys office at 850 Bryant Street. I was informed that Mr. Stoen had recently taken a leave of absense and would be away for approximately six weeks. I was not informed of his whereabouts.

Forther inquiry of various deputy Districy Attorneys confirmed that Respondent was outside of the country on a religious mission. Other sources confirmed that Respondent may be in Guyana. As service could not be perfected, the OSC was dropped from calander of March 18, 1977.

I am informed that when Respondent next surfaced he represented to

MARGARET RYAN AMONHET AT LAW 204 FAGE STREET

Petitioner that he was somewhere in France. After considerable negotiations Respondent agreed to meet Petitioner in Colorado. The meeting took place in mid-July at Respondent's brothers home in Colorado. I talked with Respondent by telephone on two seperate occasions during this meeting. He informed me, inter alia, that he had been aware of the pending Dissolution but had been avoiding service of process. After indicating that he would not respond to the moving papers, he specifically stated that he would allow the matter to go through default.

I have been informed by Petitioner that copies of Summons, Petition, Order to Show Cause set for August 19, 1977, and accompanying documents, were served on Respondent by his brother, JON STOEN, on July 13, 1977. JON STOEN, according to his wife, is reluctant to sign the affidavit of Service because he does not want to get his brother in trouble. I have been informed that the PEOPIE'S TEMPLE has attempted several times to reach TIMOTHY O. STOEN through his family in Colorado. MRS. JON STOEN did not indicate that there had been threats. She did indicate that her busband was confused and upset and that he was trying to decide if he should execute the Affidavit of Service.

On August 15, 1977, I received a call from MR. PATRICK HALLINAN. MR. HALLINAN stated that he had received a call from TIMOTHY O. STOEN and had been retained to represent the Respondent. He stated that Respondent was out of the country and asked me to drop the OSC from calander. I indicated that I could not do so.

I declare the following under penalty of perjury.

DECLARATION OF PETITIONER

I am informed by my attorney JEFFREY HAAS that Attorney CHARLES GARRY, appearing specially for the PEOPLE'S TEMPLE, represented to him that REV. JIM JONES both has physical custody of the minor child at present and has claimed the right to physical custody. Of my own knowledge, I do not know if this is now true, so accordingly, I amend the Declaration on information and belief.

SECTION VI. POINTS AND AUTHORITIES RE COURT'S AUTHORITY TO JOIN REVEREND JONES AS A PARTY TO THE INSTANT PROCEEDINGS.

THE DECLARATION UNDER THE UNIFORM CUSTODY OF MINORS ACT MUST BE AMENDED TO INCLUDE REV. JIM JONES.

The PEOPLE'S TEMPLE currently has physical custody of the minor child. CHARLES GARRY, Attorney for the TEMPLE and its leader REV. JIM JONES, indicated in a special appearance in proceedings held in chambers that REV. JONES, not the TEMPLE, was claiming personal custody of the child. Therefore, pursuant to California Civil Code Section \$158(3)-r concerning-the party'sduty to inform the Court of any information obtained of any custody proceeding concerning the child, such information must be included in the pleadings of this proceeding, the dissolution of the marriage of TIMOTHY O. STOEN and GRACE LUCY STOEN. The Declaration Under the Uniform Custody of Minors Act must be amended, then, to include REV. JONES under Part 4.b. as a person who has physical custody of the child.

UPON-THE FILING OF AN AMENDED DECLARATION UNDER THE UNIFORM - -CUSTODY OF MINORS ACT NAMING A THIRD PARTY CLAIMANT, THE COURT MUST ORDER JOINDER OF THAT PARTY.

Section 5159 of the Uniform Child Custody Jurisdiction Act gives the Court authority to order joinder in the present situation:

If the Court learns from information furnished by

the parties pursuant to Section 5158 or from other sources that a person not a party to the custody proceeding has physical custody of the child or claims to have custody or visitation rights with respect to the child, it shall order that person to be joined as a party . . .

See also Rule 1254 of the California Rules, of Court which provides

(a) The court shall order joined as a party to the proceeding any person the court discovers has physical custody or claims custody or visitation rights with respect to any minor child of the marriage.

As REV. JONES has both physical custody of the child and claims to have custody rights; it is not only appropriate but is indeed mandatory that he be joined as a party to this action.

(2) If a party to the proceeding whose presence is desired by the court is outside this state with or without the child the court may order that the notice given under Section 5154 include a statement directing that party to appear personally with or without the child and declaring that failure to appear may result in a decision adverse to that party.

California Civil Code Section 5154, [Notice outside of state]:

- (1) Notice required for the exercise of jurisdiction over a person outside this state shall be given in a manner reasonably calculated to give actual notice, and may be made in any of the following ways:
- (d) As directed by the court (including publication, if other means of notification are ineffective).

California Civil Code Section 5159. [Joinder and notice to person having custody or visitation rights]:

If the court learns from information furnished by the parties pursuant to Section 5158 or from other sources that a person not a party to the custody proceeding has physical custody of the child or claims to have custody or visitation rights with respect to the child, it shall order that person to be joined as a party and to be duly notified of the pendency of the proceedings and of his joinder as a party. If the person joined as a party is outside this state he shall be served with process or otherwise notified in accordance with Section 5154.

I am informed and believe that my minor son, JOHN VICTOR STOEN, date of birth January 25, 1972, age 5 is in the physical custody of the Peoples' Temple, Inc. of San Francisco, California; that the Peoples' Temple has taken John to the Peoples' Temple Agricultural Mission in Guyana and that they will refuse to return him to me or to bring him within the jurisdiction of this court unless ordered to do so. I further believe that unless this court acts, John will continue to be held in an atmosphere that is detrimental to his mental and emotional well being and that he will be permanently deprived of the loving

and stable home I can provide for him.

I am a former member of the Peoples' Temple. I joined the organization shortly after my marriage to Respondent in 1970. At the time of the marriage, I was nineteen years old, impressionable and looked to my husband, who was 12 years old for guidance. Respondent was a Deputy District Attorney for Mendocino County. He is intelligent and widely read. I great respected his judgment. He was a member of the Temple; I so became a member also. The organization's professed ideals of social justice, racial equality and concern for the economical disadvantaged held great appeal for both of us.

I was given the position of bookkeeper and became intimately involved with the inner workings of the organization. was instructed to become a notary public in order to assist the deeding of large amounts of real property to the Temple its members.

It soon became apparent to me that the organization and the lives of its members were tightly controlled by the Revolution Jones, the founder. The Temple's Planning Commission created an illusion of collective decision-making. The Commission made major decisions affecting the lives of the members It decided where members would live, with whom their children would live, the career they would pursue and what they were do with their earnings and property. The Planning Commission selected members out for punishment and public humiliation.

passive in the face of demands made by the Temple. The Planni Commission was in fact the alter-ego of Rev. Jim Jones. Memb ϵ felt a general loss of autonomy.

I worked in close association with Rev. Jim Jones. His thavior was frequently erratic. Rev. Jones often expressed a paranoid world vision wherein he and his organization were the objective of multiple conspiracies. To protect himself from alleged threat of assasination, he employed bodyguards. He feared attack from within the Temple as well as from without. To protect himself from internal threat, members were frequent directed to sign statements declaring their predisposition to one aberrent form of anti-social behavior or another. I was required to sign such a statement. These statements were regarded as an internal security measure. There was no suggestithat they were truthful. The statements were intended to be used to discredit anyone who turned against the church.

My own life was strictly regulated by the Temple. My minor son was sent to live with other Temple members. The children of other Temple were in turn sent to live with me. Though undermining the nuclear family was not a stated aim of the church, such was frequently the effect of the Temple's directives. The heavy schedule of church duties to which I was assigned often left me no more than 5 to 6 hours sleep per night. Nevertheless, because of the strong love I felt formy son, I was able to maintain close contact with John, general seeing him at least four times a week. We enjoyed a warm and

affectionate relationship.

The Peoples' Temple gradually took control of my life. T regulation and regimentation of our lives caused Respondent and myself to grow apart. Leaving the Temple seemed impossible. Members were strongly discouraged from leaving. Any defection from the ranks was seen as a threat to the security of the organization. Rumors circulated about dire consequences which would befall defectors. Because of my intimate knowledge of the organization's financing, my departure would be viewed as especially threatening.

Toward the end of my time as bookkeeper; the Temple's finances came under scrutiny. Allegations that transfers of money had been fraudulently induced began to be heard. Paranc within the organization increased.

Thoroughly disillusioned with the organization I secretly departed in July, 1976. Since leaving the organization in Jul of 1976, I have made numerous attempts, first acting alone, at then with the aid of my attorney to secure my son's return through informal negotiations with Respondent and the Peoples' Temple.

I did not seek a court order because I feared that the Temple would secret the boy in Guyana and deny knowledge of hi whereabouts. My last meeting with Respondent confirmed that our minor son was in Guyana with the Temple. Respondent indicated that he believed that custody should be split between the Temple and myself. He further stated that he would make

B-3-k-2

all reasonable efforts to have John sent back to live with me for six months, and that if negotiations with the church failed, he would travel to Guyana to institute legal proceedings. This conversation with Respondent confirmed my worst fears. Respondent is unsure of his own ability to secure the return of our son.

I declare under penalty of perjury that the foregoing is true and correct except for those matters stated on information and belief and as to these I believe them to be true.

Executed this ____ day fo August, 1977 at San Francisco, California.

I have had several remarkable healings that hev. Jim Johns has healed me of. The lat healing was a cancer growth of the throat 24 years ago, no called me by mame, author and asked me if I knew about the growth. . .efore he even got the words out of his mouth I spit that meas up and he never even touthed me. I believed him. I also got my hand in the washing machine. It was mangled. The doctors were amaged by the healing. They said they never seen a hand like it and called in other doctors to see it. This was 15 years ago. Recently I had to go in for a check-up. July 22, 1977. I had facial pains and sharp cutting pains in my head and tingling in my hands. The doctor was looking at that hand. I told him that it went throughthe wringer up to my elbow. He looked and turned my hand over and over and said that it was the 1st perfect hand to go through a wringer. And after all check-ups were in he said I h i no signs of a stroke. I was in perfect health. ne gave me a cardiagram and every kind of a test possible and I was alright. I was also healed of blindness. I had a growth in my left eye. I had my eyes tested recently as times before. sy doctors - one doctor said when he x-rayed my eyes. That where there had been a growth in the left eye - It was gone and perfect vision in that eye - And vision in both eyes were good. One outstanding miracle in my life was that I had an ulcer on my log in 1937. The ulcer had eaten 4 incles of the main muscle and no weins in that leg could be seen. Four toes were completely mumb, no feeling at all. For one year I didn't walk, seven weeks I was in the General Hospital of Indiana. All Jim Jones did was look at my leg and now my leg is perfect. Life in my toss and new signs of veins. I thank him, he has healed me so many times, sometimes only a touch or even a glance. I was blind, now I can see, I couldn't walk once. Now I walk .. I've known this man for 25 years, have a man of his word. At the age of 75 years I'm in perfect health,

But it would keep flowing, sometimes after I would get up. No one knew this problem except myself.

For years, as long as I can remember I had terrible pain in my back. I went to the doctor, and was receiving corotizone injections twice a week. The medication did not help the pain. I had pain so bad I would hardly be able to get up. I went to a church meeting one bunday. Pastor Jones sent a nurse to me and told me my every symptom. I was working out of town some 60 miles and coming home one evening and I noticed a stronge sound on the left side near the front tire that sounded like the tire was rubbing up against something. Being quite concerned I stopped at a service station to have it checked. The man there told me it was nothing to worry about that all it needed was a little oil. Feeling confident I went on about my journey home. The noise continued but I kept on driving assured that everything was okay. When I got home I got out of my car and stepped over to speak to someone in the yard. The entire wheel on the left front side fell off before our very eyes. Instantly I knew that it could only have been the power of Jim Jones that kept me safe during those 60 miles.

I had written a check that could not be covered by the bank and the business I wrote the check to made a complaint to the local sheriff's department who when realizing I was from Peoples Temple called up tim tones to let him know that one of his members was in distress. Fastor Jones has done so many good deeds to help people in the community, to be law abiding and a perfect example for his members to follow. The sherriff knew that all he needed to do was to notify Jim and he knew that the situation would be taken care of. For indeed it was Jim who paid the money to the business that made the complaint and offered me financial assistance until I was able to get on my feet again. I was extremely grateful because not only was I saved from a jail sentence which it would have been because I had no money to pay the hill and because of the financial assist I received I was able to live comfortably until I got a job.
