On December 6, 1978, at approximately 9 p.m., [REDACTED] interviewed at John F. Kennedy International Airport concerning the assassination of Congressman LEO J. RYAN by Special Agents of the Federal Bureau of Investigation, [REDACTED] and [REDACTED]. Also present during the interview, was Secret Service Agent [REDACTED] (u)

[REDACTED] appraised of the nature of the interview and the identities of the agents. (u)

[REDACTED] he was willing to be interviewed without the presence of an attorney. (u)

[REDACTED] (u)

[REDACTED] Further that security was posted at the front entrance, where the livestock was kept and at the "Casavomore" (phonetic), where food and supplies were kept. Security people were armed with shotguns, [REDACTED] but he stated that he did not know where the guns came from. [REDACTED] no one ever took firearms training; the only practice they received was from shooting at bush turkeys. [REDACTED] TOM KICE was a hunter and the most knowledgeable in firearms. [REDACTED] (u)

[REDACTED] he had never seen a gun on Rev. JONES and that JOE WILSON kept the keys to the firearms. [REDACTED] (u)

b7c WILSON instilled fear into the people not himself. (u)

[REDACTED] Rev. JONES was paranoid and physically sick. It was believed that JONES had lung cancer, but there were times when JONES needed help just to walk. [REDACTED] JONES was not well enough to make decisions. (u)

[REDACTED] no one ever asked to leave Jonestown because they were afraid to. [REDACTED] there was no abuse of drugs at Jonestown and that all medicine were prescribed. (u)

[REDACTED] there were no beatings at Jonestown. [REDACTED] TOM GRUBBS, who was the principal of the school, came up with the idea of boxes to discipline the problem children. Further [REDACTED] GRUBBS is either dead or in the jungle (u)

[REDACTED] he was one of JONES' bodyguards and as such was trusted more than most, but [REDACTED] he was not trusted completely by JONES. [REDACTED] technical equipment was maintained in cottage 14, [REDACTED] At this time, [REDACTED] the PT had two legal shotguns and one .22 rifle. [REDACTED] these guns were never carried to meetings. (u)

[REDACTED] dolls were made and sold to a Guyana department store. [REDACTED] these dolls were stuffed with rags and not drugs. [REDACTED] discussed the PT's boats, one which is called the "Albatros". The crew for this boat was CHARLIE TOUCHETTE, HELEN SWINNEY, and RICHARD GENARO. [REDACTED] no information about any drugs being transported by Jonestown's boats. (u)

[REDACTED] no one was forced to turn over their personal items, including cash, to Rev. JONES. [REDACTED] advised that his mother did not receive retirement checks and that he himself had nothing to turn over to Rev. JONES. Some members of the PT did turn over their social security checks because they had no need for money, everything was provided for. (u)

[REDACTED] there were suicide drills, but these were considered loyalty tests and no one took JONES seriously. [REDACTED] his loved ones would never take poison freely, [REDACTED] JOE WILSON forced members to take the poison. (u)

[REDACTED] there were some problems between TIM STONE, the legal advisor, and Rev. JONES, but he does not know why. (u)

[REDACTED] he was in Georgetown at the time of RYAN's assassination and the mass suicide-murder. [REDACTED] JONES was concerned with the purpose of RYAN's trip. [REDACTED] the Congressman was happy and impressed. [REDACTED] an individual named HOUSTON, a friend of RYAN's, prompted RYAN to visit (u)

[REDACTED] ASCONE, the former Mayor of San Francisco, did attend meetings at the PT [REDACTED] did not know WHITE. [REDACTED] he never planned the killing of public officials. [REDACTED] to his knowledge, there is one bank account in Georgetown and two in the United States, he does not know what other countries the Temple had bank accounts in. (u)

[REDACTED] he knows nothing about weapons or explosives in GERRY's basement and that there was no (u)

incident on the Pan Am plane whose pilot refused to fly with them on board. (u)

[REDACTED] he knows nothing of any brainwashing at the compound, but [REDACTED] he knew two individuals who were placed in medical care for a few days who apparently were very happy to be released. (u)

[REDACTED] the American Embassy delivered their mail and that he knew nothing of any payoffs to the embassy. (u)

[REDACTED] Rev. JONES taught socialism and communism and that he made a push to get "legal" weapons. [REDACTED] eventually they had twelve shotguns because there were a lot of birds to be hunted. (u)

[REDACTED] he does not know of any assassination list, that he does not want to see any more killing, and that he would not kill [REDACTED] if there was an assassination list, it would probably be in San Francisco and that if anyone was on this list, the STONES, TIM and GRACE and the MYRTLES (phonetic) might be. (u)

[REDACTED] LARRY LEIGHTON would kill RYAN without questions if Rev. JONES indicated that he wanted RYAN killed. (u)

[REDACTED] Rev. JONES was considering moving the PT to the Soviet Union, but decided Guyana was better. [REDACTED] representatives of the Union of Soviet Socialist Republics toured the compound and liked what they saw. Spanish, French, Russian, and Swahili were taught in the compound's schools. (u)

[REDACTED] he had no knowledge of any primitive nuclear device. (u)

[REDACTED] he had no knowledge of Rev. JONES' sex life [REDACTED] not know if Rev. JONES was a homosexual. [REDACTED] Rev. JONES' wife, MARCELINE, did not sleep in the same cottage as Rev. JONES. MARCELINE JONES had the respect of the people because she lived like the common people, [REDACTED] (u)

[REDACTED] he did not know what the need for weapons was except for hunting purposes. [REDACTED] he had no knowledge of a small revolution or if anyone made silencers for the weapons. [REDACTED] the total number of guns was ten handguns and fifteen shotguns. The ammunition usually arrived in a sheet or a pillow slip. (u)

[REDACTED] he was not sure if Rev. JONES hated blacks. [REDACTED] about 1,000 people lived in Jonestown and of the 1,000 people about 90 percent were black. [REDACTED] you did not have to do anything to get into Jonestown except ask to be accepted. (u)

[REDACTED] he had no knowledge of a "5 Step Plan", but [REDACTED] Rev. JONES preached that if the Temple ever ends, you'll know who is responsible and you should get back at them. [REDACTED] MARK LANE was the PT's lawyer, but now he talks against us. (u)

[REDACTED] came down with Congressman RYAN and another ex-member. (u)

is about 29 years old and a mechanic. (u)

[REDACTED] on the morning of the mass  
suicide, the security guards were pulled back. [REDACTED]  
[REDACTED] he saw Rev. JONES' body, which was bloated,  
but he could not see any bullet holes. (u)

[REDACTED] he would return to the PT  
in San Francisco because that is all he knows. (u)

[REDACTED] permitted to break for about two hours  
during this interview for the purpose of having a discussion  
with [REDACTED]

This church was of Pentecostal denomination located at the corner of 15th Street and New Jersey. In 1956, JONES went to visit a Father DIVINE in Philadelphia and later on Easter, 1977 [redacted] broke his relationship with JONES inasmuch as he could not tolerate JONES' advocating throwing away the Bible and portraying himself as God. is originally from Indianapolis and left with JONES when JONES traveled to California. IMES was associated with a church at the location of 10th and Delaware Street prior to his traveling to California with JONES and between 1965 and 1970, [REDACTED] received numerous telephone calls advising him, [REDACTED]

[REDACTED] The basis for these telephone calls was the fact [REDACTED] was attempting to get [REDACTED] to leave the Peoples Temple and not to give all of her money away. IMES called numerous times [REDACTED] to leave [REDACTED] alone. (u)

Another powerful man in the Peoples Temple was a Reverend JACK BEAM, an associate pastor with JONES at the 1502 North New Jersey Street church. [REDACTED] JONES used coercion, telephone taps and any other means at his disposal to control his members and congregation. When his [REDACTED] became a full-fledged member of the Peoples Temple, he was never able to discuss any personal business with her and be left alone. There was always a member of the Peoples Temple present.

[REDACTED] JONES utilized his power over people of low mentality and low socio-economic status and described it just as the Pied Piper leading people who have no conscience or no convictions of their own. [REDACTED] he never heard any mention of murder, suicide pacts, assassinations, or weapons being stashed. (u)

The only incident of violence that he can recall was in 1957 when he went to a nursing home in the 2300 block of North College in Indianapolis and witnessed a beating by AGNES JONES, the adopted daughter of JIMMY JONES. AGNES kicked and hit an elderly woman and later that evening, he brought this to the attention of JIMMY JONES, at which time JONES told [REDACTED] mind his own business. (u)

[REDACTED] he was never a member of the Peoples Temple and last saw JIM JONES in the early 1960's. He would not categorize JONES as a friend; however, he stated that they were roommates at Indiana University at Bloomington, Indiana and met in January, 1949. They had a basic personality conflict which culminated in JONES' sticking hat pins through a mattress into [REDACTED] and a subsequent confrontation with the dormitory counselor at the time. (u)

[REDACTED] JONES was maladjusted and had great swings in his personality and was not a person of very high integrity. As an example, [REDACTED] an instance when JONES took an economics test and left after twenty minutes, later trying to tell the economics professor that he never took the test. This to [REDACTED] was a clear indication of a lack of integrity on JONES' part. JONES would frequently cite chapters in the Bible regarding faith healings and his whole approach to religion was to control the minds of minorities and weak individuals and to use the downcast and the downtrodden for his own power and glory. JONES could not deal with people in a straightforward businesslike fashion. (u)

[REDACTED] no information regarding any murders, assassinations or suicides by Peoples Temple members and he did not know any of JONES' followers who traveled from Indiana to California. (u)

[redacted] office telephone number [redacted], home telephone number [redacted] advised that he knew the Reverend JIMMY JONES very well from a period of about mid-1950's through the late-1960's. JONES aspired to know all about church groups and frequently would come to [redacted] and ask questions regarding how to motivate people and how to control church groups. [redacted] described JONES as an emotional paradox who was legitimately and sincerely interested in the plight of the poor and underprivileged when he first began his ministry. He also was very impressed with the communal socialistic society. [redacted] did note a change come over JONES after JONES' visit with a Father DEVINE in New York City. JONES returned believing that he was a little god and began making demands upon his parishioners for their total family possessions. [redacted] this was wrong and that he would ultimately have great difficulty with his church if he should continue to demand the personal belongings of individuals. [redacted] disappointed and surprised by the appointment of Mayor CHARLES BOSWELL of JONES to the Mayor's Human Rights Commission in Indianapolis. [redacted] did not feel that JONES was qualified for this position and felt that JONES was not worthy of such. [redacted] he is convinced that JONES used a cover story stating that Indianapolis was not racially in tune with his preachings and desires in leaving, while the real story was the fact that JONES was receiving considerable pressures from families of those parishioners who had sold their properties and donated their entire life savings to his church. Just before JONES left Indianapolis [redacted] heard of incidents of beatings of parishioners for violations of confidences that they had bestowed or that JONES had bestowed with them. JONES took advantage of his confidences and the confidence of the people that he ministered to. (u)

In Washington, D. JONES told the people how to vote, and inasmuch as he demanded total obedience, they did vote as he wished. [REDACTED] left the Peoples Temple because he was tired of being harassed into giving everything that he had and everything he could get and everything he could scratch up, which was the JONES theory of ministry. CHARLES TOUCHETTE, from Indianapolis, Indiana, who was a counselor and a friend; (u)

JOYCE TOUCHETTE, wife of CHARLES, who was also a counselor; (u)

HELEN SWINNEY, who was in charge of convalescent homes while in California and was the mother of JOYCE TOUCHETTE; (u)

ARCHIE JAMES (phonetic), who was the second in command to JONES in charge of the bus drivers and probably in JONES' absence would run the Peoples Temple in California or elsewhere; (u)

JACK BEAMS, an assistant pastor also from Indianapolis! (u)

[REDACTED] EVA and JIM PUGH (phonetic) were the secretary and treasurer and handled all of the Peoples Temple money and that they are formerly of [REDACTED] in Indianapolis, Indiana (u)

[REDACTED] the bus trips around the United States as "spreading the word of JIMMY JONES." The buses were frequently overcrowded and overloaded, and the elderly people in the congregation would frequently complain. Children were placed up in the luggage racks and probably had the best seating arrangement of the entire congregation. They only stopped in rest areas and parks and never stopped at any restaurants. The rest areas and parks were always pre-arranged by some of the other members who preceded the buses in cars and would make the appropriate arrangements for food and drink at the rest stops (u)

[REDACTED] security guard in Redwood, California in view of the large number of threats that were aimed against JONES. The threats came primarily from residents of the Redwood Valley who became infuriated at the large number of blacks that JONES brought into the valley (u)

[REDACTED] a TIM CARTER, believed to be from the California area, was in charge of publications which consisted mainly of pictures and key chains bearing photographs of JIMMY JONES. The Peoples Temple sold these for various prices and they were sold for all types of occasions to protect against travelers, dangers at night, to protect against rain and fog, and other sorts of mishappenings that may befall persons. This was a very lucrative business, and the first year [REDACTED] can recall that the temple took in well over \$100,000. (u)

[REDACTED] JONES handpicked body guards to dress, act, and look just like JONES. They combed their hair in the same manner as JONES and wore sunglasses just like JONES to protect against any would-be assassin who would have a difficult time deciding who actually was the real JIMMY JONES and who were the body guards dressed alike. [REDACTED]

JONES demanded total obedience, told people that he was God and that he was Jesus and [REDACTED]'s opinion that his followers and survivors of the murders and suicides in Guyana would stop at nothing to obey the command of JONES. [REDACTED] feels that the people in Guyana probably did commit suicide at the insistence and direction of JONES as they were so "brain-washed" by JONES and his teachings. [REDACTED] he would not put anything past any of the survivors of the murders and suicides in Guyana as they are "capable of anything." [REDACTED]

[REDACTED] CLEVE and HELEN SWINNEY, who are from Indianapolis and who may have survived the murders in Guyana by virtue of being in Trinidad shopping for supplies. They have had no further confirmation on this and do not know the fate of CLEVE and HELEN SWINNEY. [REDACTED] CHARLES EUGENE TOUCHETTE became acquainted with JIMMY JONES approximately ten years ago and moved to California. As a result of his leaving Indianapolis, he hardly corresponded with the family, only several letters over a ten-year period, as JIMMY JONES would not allow correspondence with families. [REDACTED] became acquainted with the Peoples Temple through [REDACTED] the above-mentioned CLEVE and HELEN SWINNEY. At the time that TOUCHETTE left, he had an excellent job as a sheet metal salesman with the Paller Engineering Company which he gave up to go to Stockton, California then to Ukiah and ultimately Redwood Valley. TOUCHETTE and his wife along with the SWINNEYS received large sums of money from the State of California to care for indigent and wayward youngsters and CHARLES also handled concessions and drove missionary buses to San Francisco and Los Angeles to pick up the destitute people. He became an assistant minister to JONES [REDACTED] visited TOUCHETTE in California. They did not approve of JONES and his ways; however, they could not convince TOUCHETTE to leave the group. JONES got information from other people and played upon this knowledge to portray himself as a god and a supernatural. As an example, the TOUCHETTE family has a history of heart attacks and high cholesterol and JONES told CHARLES TOUCHETTE that if he did not join the Peoples Temple church, he would die of heart attacks. TOUCHETTE joined the Peoples church and has had no heart attack problem, thus convincing TOUCHETTE that JONES, in fact, does possess supernatural powers and is a god of some sort. (u)

[REDACTED] MICKEY JEAN TOUCHETTE, a former Peoples Temple member, was a secretary to JIMMY JONES and became disgusted with his financial wheelings and dealings and his breaking up the families by demanding that the families sell all of their belongings and donate the moneys to the church. MICKEY JEAN left the temple and stated on numerous occasions that JONES had money stashed in caves all over the State of California. MICKEY JEAN became very fearful of retaliation from members of the sect and was reluctant to let her whereabouts be known. (u)

 was interviewed in the presence of his wife [REDACTED] regarding JAMES JONES and the Peoples Temple. b7C

[REDACTED] neither he nor his wife had ever met JAMES JONES and they have never been members of the Peoples Temple. His mother, [REDACTED], a white female, age 66, and his father, [REDACTED], white male, age 68, are both members of the Peoples Temple and are believed to have been in Guyana at the time of the recent murders and suicides. [REDACTED] advised he has heard that his mother had been [REDACTED] somewhere in South America, and is presently alive and well in the Country of Trinidad; however, his father's current whereabouts is unknown. [REDACTED] (u)

[REDACTED] his parents went to California, with the original JIM JONES group from Indianapolis, in 1965. Their attitude was that they had met a "wonderful preacher" and apparently had found a great deal of peace and solitude in dealing with JONES. (u)

[REDACTED] in the early beginnings of the Peoples Temple group in Indianapolis, there was a great deal of secrecy connected with any of the meetings of the followers. He never became involved in spite of his parents' activity, and they ultimately left Indianapolis in the early 1960's because of a holocaust that JONES forecast for Indianapolis, which was supposed to wipe out the city. (u)

[REDACTED] JONES as a con-man who proclaimed to be a self-healer, and recalls hearing a story once about how JONES was shot in California, and there was blood splattered everywhere, but JONES was not taken to a hospital, but merely taken aside for several hours and came out later, apparently well again, and continued to preach. [REDACTED] this was a put-up job, a fraud, and a fake. (u)

[REDACTED]

[REDACTED] originally went with the group to California; however, thought that JONES was crazy, so he left the Peoples Temple before they went to South America. [REDACTED] has been very careful in regard to notifying anyone of his whereabouts, fearing possible Peoples Temple (PT) reprisals (u)

[REDACTED] appeared frightened and would never discuss the PT [REDACTED]. If any inquiry was made regarding her address or her whereabouts, she stated to all of her relatives that she did not want her address known to anyone. She appeared to be in fear for her life. (u)

[REDACTED] visited his father and mother when they were in California. When they returned, they related incidents of seeing armed guards and of being in certain areas and seeing certain buildings that were not open to outside visitors. Apparently, when [REDACTED] toured the grounds of the PT in California, there were guards stationed at the various areas as checkpoints. [REDACTED] also recalled [REDACTED] mentioning once that his father, [REDACTED] stated they had all the gun power they needed at Peoples Temple. (u)

[REDACTED] however, does not know how much information his uncle [REDACTED] would have regarding the PT and does not think [REDACTED] was ever a member. (u)

[REDACTED] has a heart condition, and may not be in a position to discuss any of his past visitations to the Peoples Temple in California. (u)

[REDACTED] he never heard any mention of murders, assassinations, mass suicides, suicide pacts, weapons caches, or the use of narcotics or narcotics paraphernalia. Both he and his wife [REDACTED] are astounded and amazed at the recent happenings in Guyana, and have no logical explanation for it. (u)

She said she witnessed him removing tumors from a woman's eyes and causing another woman to throw up goiters in her throat. (u)

She said that during the early days she had no idea the PT or JONES held any racial or politically motivated feelings. She saw no evidence of the use of drugs or any conspiracy to commit violence or accumulate weapons (u)

[REDACTED] said that her parents became disenchanted with the church about 17 years ago when JONES and his associate pastor, a Mr. IMES, described as a tall thin Negro male, began preaching against portions of the Bible. In addition she stated the family believed IMES had become intimate with [REDACTED] and in fact oftentimes displayed his affection for her openly in front of the family and [REDACTED]'s husband [REDACTED]. the motivating force in the move. She said with the exception of two letters received by her mother, they had no further contact with them. She said the letters were both severely censured with lines marked out. The last letter was received about 12 years ago and stated [REDACTED] and her family were well, that they had had another son and that they were going to South America with JONES. (u)

[REDACTED] said that following the news release concerning Guyana, [REDACTED]

[REDACTED] made several attempts to call [REDACTED] from Guyana. [REDACTED]

He said he had escaped the suicide because he had left Jonestown to have [REDACTED] and his father, [REDACTED] had been away having [REDACTED] work done. [REDACTED] said she had received no other information other than that a newspaper reporter told her the State Department would be contacting her for identifying information concerning [REDACTED]. [REDACTED] recalled that her sister was Caucasian, approximately 36 years old, had a round birthmark about the size of a quarter [REDACTED] (u)

Telephone [REDACTED], was advised as to the identities of the interviewing Agents and the nature of the interview. She was interviewed in the presence of her husband, [REDACTED] at her request. [REDACTED] throughout the interview indicated agreement with what [REDACTED] furnished the Agents (u)

[REDACTED] advised she and [REDACTED] had been affiliated with the People's Temple (PT) since its inception. She said they first attended the Somerset Methodist Church on South Keystone in Indianapolis in the early 1950's and that JIM JONES was the Pastor. JONES left the church when members accused him of lying and stealing funds and she and her family followed. She said he then established the PT and they helped him buy an old synagogue at 10th and Delaware in Indianapolis. (u)

In the late 1950's JONES went to Brazil, South America for an extended period of time and RUSSELL WINDBERG acted as the Pastor of the PT. She stated WINDBERG currently resides at [REDACTED]. When JONES returned she saw a change in him in that he seemed to be interested only in important people who had money. She said he began to gather a large black congregation and tried to force it upon other members. She said the congregation ended up about 85% black and she and her family finally quit attending in the early 1960's. She said she believed JONES left Indianapolis in 1965. (u)

[REDACTED] said she had been a close associate of JONES and his wife in the early years. She said when her oldest daughter was ill with the combination of diseases in 1953 and not expected to live, JONES came and stayed with her day and night. She advised her daughter miraculously recovered from the illness. She said in 1954 when her husband was diagnosed as having cancer and given only three days to live, JONES came and stayed with him day and night until he too recovered miraculously. She stated she believed JONES had the power to heal during those early years. (u)

In July, 1971, JONES returned to Indianapolis for a revival and she and her family attended. She said during the (u)

service her oldest daughter, [REDACTED], became missing and she went to JONES and asked if he had seen her. She said JONES went to his office and came back with [REDACTED] who appeared dazed and told her she was returning to California with JONES. She said at that time [REDACTED] was about 20 years old and had a 12 week old baby born out of wedlock. She said [REDACTED], the baby and [REDACTED] returned with JONES to California. [REDACTED] said she had no direct knowledge of the use of any drugs by the PT at any time or on her daughter. She said she now believes that JONES used hypnosis rather than drugs to induce her daughter to follow him. (u)

[REDACTED] with her younger daughter, [REDACTED] left for California in the next day or two with plans of looking it over and if she liked it her husband planned to follow after he retired. She said JONES asked her husband to sign over all their possessions to him and later forced her to call her husband back in Indianapolis and tell him to come to California or he would die. She explained that JONES predicted a holocaust would occur and all would be killed except for he and his followers. She said he first predicted the holocaust in 1967 then again in 1974 and the last prediction was that it would occur in July, 1979. (u)

[REDACTED] spent about six weeks with the PT in California and JONES forced her to live with [REDACTED]

[REDACTED] During the time she said JONES took her into his confidence. She said he told her that he was God and also that he and [REDACTED] were homosexual. She said JONES was campaigning for ANGELA DAVIS and she donated to the cause not knowing what it was for. She said in a sermon he preached that he was a socialist and said, "We must overthrow this Government." He said that the Government was bad and displayed a strong dislike for then President NIXON. She said he had talked about having a cave full of shotguns and machine guns, handguns, medical supplies and food to last for six months. She said she believed the supplies were a mass for his impending holocaust. She said he never told her where the caves were located. She said during the services there were armed guards at the entrances. She said the services lasted from 7:00 PM until 4:30 AM, and once when she tried to go to the restroom a guard threatened her with a handgun. (u)

[redacted] returned to Indianapolis in September, 1971 with [redacted], however her daughters and [redacted] baby remained. She said she next saw JONES in October of 1971 at another Indianapolis revival and learned that he was not going to let her daughters return. She said at that time he was wearing robes and told her they were to cover up his "holy clothes". (u)

In May, 1972 she was contacted by a man in California who told her that PT members had tried to rape [redacted]. She said the man protected [redacted] until she could go to California and get her. She stated she tried to locate [redacted] at the same time and bring her back and finally found her in a house belonging to JONES and learned she was married to a black man. She said she determined the marriage was performed by JONES' lawyer, TIM STONE, and she believes [redacted] was forced into the marriage. She said the black man severely beat [redacted] and the baby and she was able to persuade both daughters to return with her to Indiana. (u)

[redacted] stated that during the time she had had contact with Governor REAGAN of California about her daughters and tried to print a letter in the National Inquirer about the PT but was unsuccessful. She said she did work with CAROLYN PICKERING, a reporter for the Indianapolis Star and News after she returned from California and several articles were printed. She said they reached JONES and she and her daughters received several harassing phone calls threatening her if she did not quit talking to the press. She said at one point the telephone company found a device in the receiver of her telephone that the repairman described as a "bug". She said that occurred in 1972 and to her knowledge was never reported to law enforcement. She said none of her family had any contact with JONES or PT since 1972. (u)

[redacted] said that her daughters remained terrified of the PT and JONES and seldom ever discussed their experiences. She said [redacted] told her once of being beaten and having her hair cut and that [redacted] later told the same story. She said about two years ago she asked [redacted] about the cave with the weapons and [redacted] told her she knew where the cave was. She said the girls brought a book with them entitled, "Introduction To Socialism" authored by LEO HUBERMAN and PAUL M. SWEETZ and told her JONES forced them to study it like a Bible. She said on Thanksgiving Day, 1978, [redacted] admitted to her that she had been one of JONES' armed bodyguards. In regard to the suicide pact, [redacted] said she recalled hearing [redacted] talk of it in 1971 while she was living with him. [REDACTED] advised that he was an active member of the Peoples Temple from 1967 through 1974, and became acquainted with the Temple through an aunt, [REDACTED], of Indianapolis. [REDACTED] did not believe all of the teachings of JIMMY JONES and his church; for instance, the fact that they were not allowed any contact, social or otherwise, with persons outside their Temple. [REDACTED] did follow JONES out to California, where he was employed as a janitor in [REDACTED] while he lived at Ukiah, California. [REDACTED] stated he did serve as an unarmed security guard in the Peoples Temple there, and related that some of the guards did carry weapons; namely, pistols. [REDACTED] was not aware of any stockpiles of arms at the Peoples Temple or elsewhere. [REDACTED] was never threatened since leaving the Peoples Temple, but upon leaving, was advised not to say anything to outsiders. He felt that it was his opinion that this secrecy was linked to the fact that the Temple was integrated and interracial, and the Peoples Temple members had many enemies who wanted to overthrow them. JIMMY JONES preached nonviolence and [REDACTED] never heard any talk or mention of threats, murders, murder pacts, suicides, assaults of public officials, or large stockpiles of weapons. [REDACTED] advised he never owned or carried a firearm of any kind, and never participated in any suicidal drills. (U)

[REDACTED] date of birth [REDACTED]  
[REDACTED] was advised as to the identities of the interviewing Agents and the nature of the interview. She provided the following voluntary information: (u)

In 1971 at the age of 15, she went with her mother, [REDACTED] to California where she joined the Peoples Temple (PT). [REDACTED] said her mother returned to Indiana, but she and her older sister, [REDACTED] remained with the PT in California. (u)

[REDACTED] lived with [REDACTED] while in California from the Fall of 1971 through the Summer of 1972. She said JIM JONES talked about free education, developing old folks homes and orphanages and the quality of races and she believed him so she stayed with the Temple. She stated she left when JONES began preaching socialism and communism and when she witnessed the violent acts of beatings performed on PT members on JONES' instructions. She said she, herself, was beaten for violations of rules. She described these violations as things such as contacting her family in Indiana. In addition, she said she believes she was once shot at as a warning by PT members when she was observed with a non-member of the church. (u)

She said she was made to study books on socialism, one of which she brought back and gave to her mother. (u)

[REDACTED] stated JONES preached about a military takeover by the government that would result in a holocaust of self-destruction. JONES never indicated he planned to lead or initiate a takeover, but that he and his followers would be the only survivors. He said the government would try to take everything and likened it to HITLER's acts against Jews. JONES preached that the blacks would be the primary victims. [REDACTED] said at the time she was in California approximately 85% of the nearly 1,000 members were black. (u)

[REDACTED]  
[REDACTED] was told of caves of weapons, ammunition, medical supplies and food. She said the cash was to be used to insure the members survived the holocaust. She stated [REDACTED] never took her to the cave, but told her where it was. [REDACTED]

[REDACTED] He told her that to get to the cave it was necessary to climb the mountains behind the hospital and descend the other side by rope to reach the cave. He also told her the caves were covered with rocks. (u)

[REDACTED] said JONES often preached sex and at one time tried to abolish sex saying after the-holocaust he himself would plant his seed to repopulate the world. She said he also told them that he was god. (u)

[REDACTED] advised she attended meetings at the church nightly from 9:00 p.m. to 3:00 a.m. and during the meetings they were preached to and held a variety of activities. She said they held what JONES called "churchy" meetings when strangers were present and what he called catharsis meetings for members only where discipline was weeded out. She said the discipline was in the form of beatings with belts or boards for violating rules. JONES would direct a big or large person who was a member to carry out the discipline. (u)

She said she never heard of a suicide pact, but was told that if anything happened to the PT, twenty members would survive and kill anyone who had spoke against JONES or his Temple. (u)

[REDACTED] said JONES detested the government and convinced the members not to trust or believe in the government and that the government was out to get them. She said she was instructed to say nothing if contacted by government Agents. (u)

She stated she knew of no conspiracy directed against government officials. She recalled that JONES once (u)

predicted something would happen to GEORGE WALLACE and three days later he was shot. She explained she had no reason to believe the PT was involved in the shooting. (u)

[REDACTED] said when she was there the Temple was located in Redwood Valley, California, and JONES lived behind the church. She said the nearest town was Ukiah (u)

[REDACTED] (u)  
She said she never knew of any use of narcotics by members and in fact JONES punished members caught smoking or drinking. (u)

She advised that JONES led the church and that JACK and RAVENA BEAM were next in line. She advised BEAM traveled for JONES; however, no one ever knew his destination or the reason for his trips. She said she could recall RAVENA attempting to find out and JACK refusing to tell her. She advised ARCHIE IVES was a powerful member and handled the care of the children of the church and of the old peoples homes run by the Temple. She stated (first name unknown) CORDELL, a white male, whose entire family were members was also powerful in the church and served as JONES' armed body guard. She said there were always armed guards at the church meetings and members had to display identification cards. (u)

[REDACTED] advised a black male, who was supposedly wanted for murder, was also powerful in the church. She said she could not recall his name, but remembered he was killed in San Francisco. She said to her recollection he was shot with a shotgun and a pistol and she believed the murder was never solved. She said the man was very large and served as a body guard and enforcer of the rules and discipline. (u)

[REDACTED] could not recall any other names and stated she has had no contact with the PT since 1972. She said she would notify the FBI if contacted or if further information came to mind. (u)

Description 12/6/78

[REDACTED] also known as [REDACTED]

(protect identity), advised that she is a former Peoples Temple member and knows JIM JONES and has known him since childhood. She recalls when JONES had a church on Keystone Avenue in Indianapolis, and when she and her parents attended services at JONES' church. She became much more active in the church in July 1971, when she attended a rally at JONES' church on North Delaware Street in Indianapolis. The rally was led by JONES, TIM and GRACE STOEN, and others. She was invited to go to California, and went. [REDACTED] took her only son at that time, [REDACTED], and traveled on a bus to Redwood Valley, California. While there, she lived with [REDACTED]. (u)

During this period of time in California, she recalls that JONES advocated Socialism and Marxism, and required all the persons, members of the Temple, to call him Father, and the children were required to call him Uncle J. J. JONES had a very hypnotic, soothing and seductive voice. He would not tolerate make-up or jewelry for the woman during this period of time, and any expensive jewelry was required to be turned over to JONES, with JONES saying that the proceeds went to buy land for "our beloved elderly and to provide nursing homes." JONES claimed to be God, and beat on the U. S. Flag with his fists, throwing the Bible on the floor and spitting on it. The only beating she recalls witnessing was when a LINDA AMOS spanked [REDACTED] one day during church services so hard he had welts on his behind. He was spanked for crying during the service. (u)

Regarding weapons, the use of and carrying, by Peoples Temple members, [REDACTED] related the following incident: (u)

Sometime during the summer of 1971, [REDACTED] recalls a Sunday service during which JONES spoke of a coming disaster. JONES felt there was impending doom and something evil was about to happen, and he did not want it to happen to the elderly or the children. Everyone was moved outside the Temple into the open air, and when this was done, two shots rang out, and JONES fell. JONES then, accompanied by his wife, MARCELLINE, JOYCE BEAN, ARCHIE IAMES, JACK BEAN, walked to his home, where he was attended to. (u)

JONES later returned to the congregation with a bloody shirt and gauze, and stated he had healed himself by the power of God, and that he had the power of God. With this, JONES preached for approximately 14 hours after his gunshot wound. The people believed JONES, and the fact that he had been shot, and believed it was part of a conspiracy to destroy him and the Temple. The alleged assailants fled through the woods and were never caught. Approximately a week or so later, [REDACTED] began observing guards carrying handguns and walkie-talkies, patrolling the Peoples Temple area. There was tight security; however, she never did observe large caches of weapons or armories, and never heard talk of murder and suicide. She never recalls hearing anything of the assassination or murder of public officials. (u) b7c

On another occasion, [REDACTED] recalls observing JONES, again during a sermon, strike three people dead and then bring them back to life. If anyone would question his supernatural powers, they might risk a beating with a paddle or a belt in front of the entire congregation. Absolute secrecy was demanded regarding any meetings, subsequent beatings, or any miracles worked by JONES. JONES would continuously remind the people that he abolished witchcraft and said there was no such thing, yet he, himself, sold lockets which he blessed and which had his picture affixed thereto to protect the parishoners from ills and evils. (u)

Regarding suicides, [REDACTED] recalls on one occasion in the San Francisco Temple, when JONES, during one of his sermons, asked how devoted the people were. JONES would always start his sermons in a very soft, soothing and subtle manner, and then work the crowd into a frenzy. When he asked how devoted his people were, they all hollered, "We love you, Father." Again, he asked if they would drink poison in the form of Kool-Aid or in milk or soup, at which point again they all hollered, "We love you, Father." Based on this, [REDACTED] was shocked and yet not surprised at the recent tragedy in Guyana. (u)

[REDACTED] stated that she has not received any specific threats regarding her safety, but yet is somewhat concerned for her safety. She explained she left the Peoples Temple with her husband at that time (her current ex-husband), [REDACTED] (phonetic) with the promise they would return. They left their son, [REDACTED] with [REDACTED] one of the Peoples Temple members. During their time away from the Temple, [REDACTED] consistently beat her up and [REDACTED] then went into hiding, fearing [REDACTED]. [REDACTED] mother then went to California, and got both [REDACTED] and her sister, [REDACTED] and her son, [REDACTED] and they all returned together to Indianapolis. (u)

JIMMY JONES often preached that if an individual defected from the Peoples Temple, the government would continuously watch, threaten, and harass defectors. At a council meeting on one occasion, she recalls a mention being made to stop defectors from giving a bad name to the Peoples Temple. No specifics were mentioned, but the inference was very subtle that a stop, something drastic, should be done. When asked who was present at the meeting, [REDACTED] could only recall ARCHIE IAMES and JACK BEAN. (u)

UNKNOWN SUBJECT;  
ASSASSINATION OF  
CONGRESSMAN LEO J. RYAN  
PORT KAITUMA, GUYANA  
NOVEMBER 18, 1978

CONGRESSIONAL ASSASSINATION STATUTE

On 11/17-18/78 Congressman Leo J. Ryan, certain members of his staff, various news media representatives, and a group of concerned relatives visited Jonestown, Guyana. The purpose of the Congressman's visit was to personally investigate allegations he had received from various sources that some Peoples Temple (PT) members were being held against their will at the PT compound in Jonestown. (u)

After inspecting the PT compound at Jonestown, Congressman Ryan and his party returned to their two airplanes at the Port Kaituma airstrip to fly back to Georgetown, Guyana. A member from the PT compound (Larry Layton) had professed to be a defector and secured permission from Ryan to accompany his party back to the U. S. Shortly after arriving at the Port Kaituma airstrip, a tractor pulling a flatbed trailer carrying a number of PT members opened fire on the Ryan Party. Layton had boarded one of the aircraft and began firing at the persons already on board with a handgun. It appears Layton began firing after hearing the shots fired from the flatbed trailer. (u)

The following persons were killed by gunfire from individuals on the flatbed trailer: (u)

Congressman Leo J. Ryan

Don Harris, NBC Correspondent

Bob Brown, NBC Cameraman

Greg Robinson, San Francisco Examiner photographer (u)

Patricia Parks, PT "defector"

A few of the people on the plane with Layton when he began firing at them were injured, but none died as a result of their wounds. (u)

FBI involvement in the investigation of the assassination of Congressman Ryan is based upon the Congressional Assassination Statute, Title 18, U. S. Code, Section 351. Immediately after Congressman Ryan was murdered, the Department of Justice (DOJ) was contacted to determine jurisdictional aspects of the FBI and DOJ in this matter. The Department replied that the Congressional Assassination Statute gives the Department extra-territorial jurisdiction to prosecute attacks on Congressman. Such prosecution, of course, must be conducted in the U. S. FBI investigative jurisdiction under this Statute is limited, however, to the U. S., its territories and possessions. The FBI has authority to investigate this matter in the U. S. to determine whether a conspiracy existed to assassinate Congressman Ryan. Investigation to determine if a conspiracy existed is continuing. (u)

Within hours after Congressman Ryan was murdered at Port Kaituma PT leader Jim Jones ordered his followers to drink a poisoned fruit flavored drink. It was later alleged some of the PT members were forced to drink the poisoned liquid at gunpoint. (U)

A subsequent count revealed 913 bodies at the Jonestown compound as a result of suicide or murder. These bodies were flown by U. S. Air Force personnel to the Armed Forces mortuary at Dover, Delaware; autopsies were performed on seven bodies including that of PT leader James Warren Jones. The combined efforts of FBI Identification Division and Dover Air Force Base personnel were successful in identifying 631 bodies of the 913 total (69%). (U)

577 individuals were identified by fingerprints alone. (U)

45 were identified by dental charts alone. (U)

9 were identified by a combination of fingerprints and dental charts. (U)

The above identifications were reported by the FBI Identification Division on 1/3/79. A few other identifications may have been successful as additional fingerprints, dental charts, X-rays, etc., were located. (U)

Of the unidentified bodies most were infants and children for whom there were no identifying documents available. (U)

The Government of Guyana has charged Larry Layton with five counts of murder, three counts of attempted murder, and two counts of gun violation. A preliminary hearing began in that country during the week of 10/29/79. If the presiding magistrate determines there is sufficient probable cause, he will authorize an indictment to be issued charging Layton with those offenses. (u)

The U. S. Department of State (USDS), DOJ, and FBI coordinated efforts to assist the Guyanese by helping two key witnesses, Vernon Gosney and Odell Rhodes, return to Guyana to testify. The preliminary hearing in Guyana has been continued and the results will be reported when it concludes. (u)

MISCELLANEOUS (u)

As of 9/22/79, the latest date for which information is available, \$546,263 have been expended during this investigation for salaries and related expenses. (u)

The main file for this investigation in the San Francisco FBI Office consists of 50 volumes. (u)

A subfile consisting of 20 volumes holds interviews of survivors, witnesses, and other pertinent investigations recorded on form FD-302. (u)

The San Francisco Office has 700 1A envelopes containing pertinent documentary evidence. (u)

There are also 100 subvolumes containing information about certain individuals identified as key witnesses or suspects. (u)

Approximately 2,000 pounds of bulky evidentiary material consisting of 22 foot lockers of tape recordings, documents, and other items is maintained in the San Francisco FBI Office. (u)

San Francisco is also maintaining 14 crates of video tape material received from various sources. (u)

Immediately following the Jonestown incident, 30 Special Agents in the San Francisco FBI Office were assigned full-time to this investigation. During its early stages as many as 80 Agents were assigned to this investigation at any one time across the country. (u)

Eighty Jonestown survivors were interviewed by the FBI upon their return to the U. S. (u)

A total of approximately 2,000 individuals have been interviewed during this investigation. These individuals are broadly described as PT members, survivors, former members, certain of their associates, and other individuals who may have had pertinent information. (u)

THE FOLLOWING INFORMATION SHOULD NOT BE PUBLICLY RELEASED (u)

During March, 1979, a Federal Grand Jury in San Francisco began hearing testimony to determine if a conspiracy existed in the U. S. to assassinate Congressman Ryan in Guyana. [REDACTED] individuals testified before that Grand Jury. On 3/14/79, a sealed indictment was returned by the Grand Jury charging Larry Layton and 14 un-indicted deceased co-conspirators with conspiracy to murder (u)

63  
Rule 6(e)  
FRCP

Congressman Ryan, a violation of Title 18, U. S. Code, Section 351 (d). Layton was also charged in a separate count with aiding and abetting, a violation of Title 18, U. S. Code, Section 351 (a). (u)

The DOJ is closely following Layton's possible prosecution in Guyana. Depending upon the results of prosecutive action in that country, decisions will be made as to prosecution of Layton in the U. S. on the charges set forth above. (u)

During these meetings, [REDACTED] Reverend JONES said that he was the reincarnation of LENIN, BUDDHA, and Christ. In such, he spoke of helping the poor, oppressed, the handicapped, of instituting food programs, and also spoke about housing. [REDACTED] since 1975 or 1976, JONES took offerings from the PT members. Prior to that time, PT members were required to and did give 25% of their total gross earnings. If they did not, at Wednesday night meetings they "caught hell." [REDACTED] he always gave his money. Those members who did not, would be publicly embarrassed by the PT "counselors." (u)

[REDACTED] at one time, while in High School, in San Francisco, he got "whacked 50 times" because he did not want to mingle between PT members and was also caught smoking. [REDACTED] people in the PT were made to sign incriminating statements about themselves; some of whom would also stand up and state, "I give permission for my son to be spanked." Moreover, during each meeting in San Francisco, Los Angeles, and Redwood Valley, California, (u)

the members signed their names on blank, legal size paper, and they were expected to do so. As a result of this, some people left the PT, but were continually harassed by JONES. [REDACTED] recently told him via the telephone that he [REDACTED] would be shot upon his return. (u) b7c

One such person [REDACTED] was GREG WATKINS a male, black, 23-24 years of age, muscular build, medium height. WATKINS was purported to have been caught stealing someone's purse; went to court; and then went to Guyana after his matter was taken care of. WATKINS was reported to have worked the fields in Guyana. (u)

[REDACTED] stated that Reverend JIM JONES, aka "Final Word," headed the PT with a triumvirate composed of the following persons: CAROLYN LAYTON, KAREN LAYTON, and TERRI BUFORD, who was called "brains" by JONES. These three were responsible for the following departments: (u)

[REDACTED] he was treated by SCHAT during the time he [REDACTED]. He met SCHAT in the US while he [REDACTED] was in Junior High School. At that time, SCHAT was a hippie, and drug addict. Reverend JONES took SCHAT to Redwood Valley, and was thereafter "straightened out," and sent to college. His medical education in Mexico and San Francisco was financed by the PT. [REDACTED] also stated that SCHAT was a homosexual, and he did not like SCHAT. (u)

When queried regarding SCHAT's activities prior to the mass suicide, [REDACTED] he had no information regarding the acquiring of poison, nor was he aware of any "contingency plans" in the event of Reverend JONES' death, including the mass suicide or death of Congressman RYAN. (u)

67C

[REDACTED] he had heard of talk about "juice" drills, but had never witnessed them, nor did he take them seriously. However, he stated, after the mass suicide, he read in the newspaper that SCHACT was assisted by many people, but only read that JOYCE TOUCHETTE made the Kool Aid. [REDACTED] he did not have any knowledge of any drugs being grown or trafficked by the PT, nor of the drug, Thorazine. (u)

[REDACTED] TISH LEROY maintained a chart of the departments, as well as taking notes at meetings. (u)

[REDACTED] besides the different departments he had mentioned, the PT had other members known as follows: (u)

These "observers" went around and checked if everyone was working or not. [REDACTED] he had seen JOHNNY BROWN JONES with a handgun under his arm. (u)

b) Dispatch Group - an office comprised of young girls responsible for security and the front entrance to Jonestown. The girls were as follows: (u)

TERRI BUFORD  
DEBBIE BLAKEY  
CAROLYN LAYTON  
KAREN LAYTON (u)

They utilized radios (C.B.'s) in the Radio Room to maintain communications between the Dispatch Office and other members in and around Jonestown. On one occasion, [REDACTED] he went to the Radio Room in order to make an announcement because [REDACTED] was lost. (u)

c) Public Service Unit (PSU)

In charge: MARTHEA HICKS - a female, black  
SEBASTIAN MC MURRAY - a male,

This unit was a disciplinary unit. If a member received three warnings a month, or the crew supervisor "wrote you up," the member was placed in this unit. Then the member(s) were made to run all day while going from one job to the next. Tasks also performed were to cut grass with a cutlass. (u)

d) Letter Writing Committee (u)

This committee, comprised of RITA TUPPER, a female, white, and GERALDINE BAILEY, a female, black, were responsible for censorship. [REDACTED], Reverend JONES had the whole PT community scared. JONES was purported to drill the PT members as to what they would have to say to US Embassy representatives in Guyana. Moreover, PT members were also told that if they went to the US Embassy in an attempt to leave Guyana, JONES said he would know, for he had people in the Embassy who would let him know. In addition, [REDACTED] PT members were also drilled as to what they were to say on the radio during telephone patches. (u)

[REDACTED] Reverend JONES did not like it when US Embasssy people came to Jonestown. JONES referred to them as CIA people. [REDACTED] he saw US Embassy people in Jonestown on four separate occasions. (u)

With regard to religious activities, [REDACTED] "meetings" were held whenever JONES wanted to, and he changed them around so that the people did not know when they would be held. During these meetings, persons who headed specific departments would give an account of their department. As an example, an agriculture report would be given in accordance with the yearly plan, to see if all had been done according to the plan. In addition, Reverend JONES gave speeches, and talked about MARX, LENIN; that he did not like the US, and tried to make everyone else not like it. [REDACTED] JONES said that the US did not take care of its own people. (u)

[REDACTED] JONES had a "relish" for members who left the PT. JONES thought that those who left were with the CIA. (u) b7c

While in Jonestown, [REDACTED], he knew of one individual who ran away. This individual was TOMMY BOGUE. He was found near Port Kaituma and then placed in the Public Service Unit. (u)

There were occasions, [REDACTED], that the PT members were awakened during the night for their "protection." They were then brought to a pavilion where they sat on benches, sometimes staying for ten to twelve hours. [REDACTED] stated that he did not know of a "contingency plan" espoused by JONES in retaliation for interfering with Church policies. He did hear that other members went through drills in case someone came to shoot them. JONES is purported to have said that ex-members would come back to kill them. If this were to happen, JONES said that the people were to drink a potion. If the people disagreed, they were ridiculed by other members. One such person that disagreed, and known [REDACTED] was CHRISTINE MILLER, who is deceased. (u)

[REDACTED] he did not have any knowledge of any PT members receiving firearms trainings. However, he did say that he knew that SHARON AMOS was attempting to obtain a pistol license for TIM JONES, through one of the Guyanese ministers. [REDACTED] he overheard a conversation between the two individuals, four to six months ago, at which time, AMOS asked if "they had been cleared to get the license" in Georgetown. (u)

With regard to any awareness of threats to harm public officials, current members or former members of the PT, [REDACTED] he knew nothing pertaining to public officials. [REDACTED] JONES said that if anything happened to him as a result of action taken by the PT members who left, all he (JONES) had to do was to call a friend in the Mafia. (u)

[REDACTED] he knew the following individuals as being members of the PT's Planning Commission: (u) b7c

ELMER MYRTLES  
DAN MYRTLES  
TIM STONE  
GRACE STONE  
EVA PUGH  
CAROLYN LAYTON  
KAREN LAYTON

Additionally, [REDACTED] he fears the MYRTLES because they are dangerous people, and the STONES, even though they left the PT. Moreover, LARRY LAYTON was a confidant of Reverend JONES, and was described as a "crazy" individual, who would do anything for JONES, including a capability to kill. (u)

[REDACTED] he was not afraid of anyone that he had given his forwarding address to. In any event, he added, he would attempt to contact an attorney through the San Francisco Temple to help him. When asked why he would contact an attorney, [REDACTED] he was told in Guyana that he would probably need one upon his return to the US. Nonetheless, [REDACTED] he no longer considered himself a member of the PT and denounced JIM JONES, his Church and all that he taught. (u)

[REDACTED] he had never heard the term, "The Angels;" that he was not aware of any discussions regarding the assassination of Congressman RYAN and his party; nor did he know if JONES ordered the party be ambushed. In addition, he stated that he did not know if there were any practiced drills for ambush of anyone who disturbed the Jonestown compound. After the assassination, he heard that LARRY LAYTON had shot Congressman RYAN and PATRICIA PARKS. [REDACTED]

[REDACTED] after the deaths he read in the paper that there was an assassination squad, but he did not know if it existed. (u)

When further asked if he knew if the remaining individuals who are at liberty, will carry out their assassination plans of survivors or defectors, [REDACTED] he did not want to be bothered and hoped that they would "let the thing die." (u)

Additionally, [REDACTED] he saw DI MALLY at a testimonial dinner in San Francisco; and that JONES said that DI MALLY had gone to Guyana. (u)

With regard to Reverend JONES having bodyguards, [REDACTED] in the last couple of months, JONES was sickly looking, with swollen joints, slurred speech, bloated looking, and had to be led around. [REDACTED] JONES appeared to him to be very paranoid, i.e., "he thought everyone was out to get him and he let everyone feel that way." In this vein, [REDACTED] JONES, in his talk of a suicide drill, said that the members should "die with dignity." In addition to his receiving assistance during this latter period of time, [REDACTED] JONES had his two sons with him and some people who were observers. JIM JONES would have the individuals to be disciplined come to the stage in the Pavillion. JIM JONES would verbally abuse and humiliate the individual. JIM JONES would have family members and relatives come to stage and physically beat and assault the disciplined member at JIM JONES' direction. (u)

JIM JONES would assign the disciplined individuals to a punishment work detail or restrict the food they received (u)

Suicide Rehearsal (u)

[REDACTED] JIM JONES had preached mass (u)

NY 89-495

suicide to People's Temple members for many years; however, she could not recall the date when he started his mass suicide sermons. (u)

The first mass suicide rehearsal which [REDACTED] could recall was in 1976, San Francisco, California, and continued in Jonestown, Guyana. JIM JONES had approximately five or more practice suicides in Jonestown. (u)

JIM JONES stated People's Temple members would commit suicide by poison; but, he did not state the type of poison. The poison was to be taken orally and intravenously. The poison was to be mixed with punch; the poison was to be odorless and tasteless. (u)

JIM JONES told People's Temple members they had to be prepare to defend Jonestown and JIM JONES with their lives to prevent the CIA from killing or kidnapping JIM JONES. In the event, the CIA plan succeeded, the members were to commit suicide. (u)

Whitenight (u)

[REDACTED] JIM JONES held practice defense drills called, "Whitenight" or alerts. People's Temple members practiced alerts while the People's Temple was located in Ukiah, San Francisco, California, and Jonestown, Guyana. (u)

During alerts in Jonestown, Guyana, People's Temple members were compeled to meet in the Pavillion. The members would have to reaffirm their suicide promise. The Security Force were the only members allowed outside the Pavillion. The Security Force did not allow non-security force members outside the Paviollion. Security Force members were armed with rifles and/or handguns. (u)

JIM JONES would advise members in the Pavillion that Jonestown was under attack by the CIA or United States (u)

military. The time of each alert varied; but, at the end of each alert, JIM JONES would tell members he had made some arrangement with the Guyanese government and Jonestown was safe. (u)

Arrival of Congressman RYAN (u)

[REDACTED] JIM JONES called everyone in the Pavillion before Congressman RYAN arrived in Jonestown, Guyana (November 14, 1978). JIM JONES announced RYAN and some members from the Concerned Parents Group would be arriving in Georgetown, Guyana. JIM JONES made the following statement, "If RYAN comes to Jonestown, he will only stay long enough to have tea." [REDACTED] interpreted this to mean JIM JONES was going to poison RYAN. (u) b7c

The Friday RYAN arrived (November 17, 1978), JIM JONES called a "Whitenight". JIM JONES advised members they were not to talk to RYAN or his party. JIM JONES designated members who were to speak to RYAN and his party. JIM JONES told members what they were to say to RYAN. (u)

Escape (u)

On November 18, 1978, RYAN was scheduled to return to the United States and JIM JONES declared the day a work holiday for People's Temple members. JIM JONES had previously reduced the number of the Security Force patrolling Jonestown. The combination of a holiday and reduced security provided the opportunity for members to escape. (u) b7c

[REDACTED] made plans to escape. Between 8:00 AM and 9:00 AM, the [REDACTED] told the Security Force guard they were going on a picnic at the piggy and signed the registor. (u)

They proceeded to the front gate; however, before they reached the gate, they followed a path into the jungle. (u)

In the jungle, they met [REDACTED] and [REDACTED]. They followed the path until it crossed the railroad tracks. [REDACTED] the others boarded a train to the police station. (u) b7c

Visitors (u)

[REDACTED] JIM JONES received visitors at Jonestown. JIM JONES would select certain individuals who would be allowed to communicate with the visitors and anyone else was not to speak with the visitors. (u)

JIM JONES had members study or listen to a tape recording containing a list of questions and answers. All questions answered by members were within a general frame which would have visitors believe everyone at Jonestown was content and Jonestown was very productive. (u)

Jonestown was visited by a doctor from the Soviet Embassy in the end of October, 1978; however, she could not recall the doctor's name. (u)

DIANNA LOUSIE was assigned to accompany the doctor during his stay in Jonestown. The doctor was to examine JIMMY JONES. The Russian doctor was a specialist in "Reviving the dead." (u)

Radio Operations (u)

JIM JONES had a radio room in Jonestown, Georgetown and San Francisco. JIM JONES would regularly communicate with Georgetown and San Francisco by radio. The radio communications were coded and the code book was in the radio room. (u)

Date of transcription 12/18/78 b7c

[redacted] was interviewed on Wednesday, December 8, 1978, at John F. Kennedy International Airport (JFKIA), by Special Agents (SAs) [redacted] and Secret Service Agent [redacted] (u)

[redacted] he was born [redacted] on [redacted]. He left [redacted] at the age of four and later returned to attend school. He stated that he joined the army in August, 1975, after completing the eleventh grade at [redacted]. He received a general discharge from the army after ten months, twenty-nine days; went to Memphis, Tennessee and then back to [redacted] where he remained from January, 1977 until May, 1977. (u)

[redacted] he left [redacted] for San Francisco at the persuasion of his grandmother, who had joined the People's Temple (henceforth referred to as PT or temple) in 1972. She, [redacted] had described the PT as a racially harmonious body wherein he could learn a trade and earn a lot of money. [redacted] after arriving in San Francisco, he attended the temple several times and joined in June, 1977. (u)

[redacted] he, along with thirty other PT members, left San Francisco for Guyana in August, 1977, via a bus to New York (NY). In NY they boarded a plane for Georgetown via Caruso and Port of Spain. After arriving in Georgetown, they went through immigration and then to Lamara Gardens at 41 Dennis Street. He stated that he and approximately 160 other predominantly new members later left Georgetown for Jonestown aboard the Cudjoe, piloted by TIM SWEENEY and PHILIP BLAKEY. (u)

[redacted] after arriving in Jonestown, the new members were briefed and given work assignments. [redacted] his first assignment was as a field hand but, since he did not like field work, asked for a change of assignment. He stated that he was asked to take [redacted]

TIM JONES, JIMMIE JONES, Jr., STEPHEN JONES, CHUCK BIEKMAN, BRUCE OLIVER (deceased), DARELL DEVERS (deceased), AL SIMON (deceased) and JOHNNY COBB. (u) b7c

[REDACTED] used a .22 rifle, a .308 rifle and a 12 gauge Remington automatic shotgun. He stated that he also observed approximately 24 handguns (.22's, .38's and .45's), seven shotguns, eight rifles and a large quantity of ammunition. He further stated that he was told that two of the shotguns were licensed to him and another individual by the Guyanese Government for hunting purposes. (u)

[REDACTED] whereas he does not know of any firearm training received by PT members, he is aware of the fact that the guns were shot in the bushes on a monthly basis for test purposes. He also stated that on one occasion, at a meeting, JIM JONES shot a flare gun into a tub of gasoline and said that it was a new bomb. (u)

[REDACTED] after arriving in Guyana, he found that it was not what he thought it would be. He stated that his primary purpose was to make money, however, he was not doing so and he did not like the idea of his grandmother giving her social security check to JIM JONES. (u)

[REDACTED] the first white night was held after his arrival in September, 1977. JIM JONES called everyone to the pavilion and told them that the Central Intelligence Agency (CIA) had taken over Guyana and that the surrounding areas were filled with mercenaries. JONES also stated, for the first time, that if anything happened, everyone would commit suicide. Finally after six days of alert, JONES told them that FRED WILLS, a member of the Guyanese Parliament, has taken care of everything in Georgetown and in the states. (u)

[REDACTED] all of the white nights were held during the rainy season: the first, as aforesaid, in September, 1977, the others in February, March and July, 1978. (u)

[REDACTED] the members of the Inner Core of the Planning Commission were: TISH LEROY (deceased), JOHN JONES, Jr., GENE CHACKIER (deceased), JACK BEAM (deceased), CHARLIE TOUCHETTE (in Barbados), ALBERT TOUCHETTE (deceased son of former), LEE INGRAM (Georgetown), JOYCE TOUCHETTE (deceased wife of CHARLIE) and RICHARD JANIERO. (u) b7C

[REDACTED] the people who JONES trusted and could be considered extremely dangerous if they are alive and in the United States (US) are: STEPHEN JONES, JOHNNIE JONES, TERRY BUFORD, PAULA ADAMS, HEW FORTSON, LEONA COLLIER, JEAN BROWN; the following deceased persons were also trustees: ANNIE MOORE, SHUNDA JAMES, MARIA KATSARIS, SHARON AMOS, JIM MC LEVAIR and DEBBIE TOUCHETTE. (u)

[REDACTED] the persons operating the radio and having access to the codes were: MARIA KATSARIS (radio operator), CAROLYN LAYTON (substitute), SHARON AMOS (substitute), MIKE CARTER (morse code) and JUDY (Last name unknown) (LNU) (code). He further stated that he was in the radio room approximately two months ago when he heard the phrase "give my love". He stated that CAROLYN LAYTON and MARIA KATSARIS told him that the phrase meant that JIM JONES would die. He further stated that the phrase "tell them I miss them" was a code that he heard approximately three or four months ago and meant that the assassination squad would "get" the defectors. (u)

[REDACTED] the term "the angels" referred to the team of people who were left to "get rid" of defectors and traitors. He stated that whereas he does not know who the angels are/were, CHRIS LEWIS (deceased), TIM CARTER and MIKE PROKES are likely suspects. (u)

The following people, [REDACTED] were regarded as enemies of the temple: GRACE and JIM STOEN (parents of JOHN VICTOR STOEN); the following defectors: The METLOCKS, the MYRTLES, JIM COBBS, MICKIE TOUCHETTE and DEBBIE BLAYTON. [REDACTED] whereas he does not know of any plans to assassinate any public official, JIM JONES had an extreme dislike for (u)

BQ 89-495

California Governor JERRY BROWN, the San Francisco Mayor prior to MOSCONE and CHEDDY JAGIR, the party leader of PPP. (u) b7c

[redacted] on November 6, 1978, [redacted] the basketball team, the coach and trainer, went to Georgetown for a tennis tournament. The only thing unusual about the day that the team left, [redacted] was that the people were not working. Many of the wives, however, cried as the team left. At this point, [redacted] recalled that after hearing of the mass suicides, CARL BARNETT said that ED CRENSHAW told him that they may never see each other alive. BARNETT stated that he took it as a joke. (u)

[redacted] on November 17, 1978, SHARON AMOS told STEPHEN JONES that JIM JONES had ordered them back to Jonestown. STEPHEN told SHARON that he was not going back. The basketball team then gathered in the radio room to listen to a conversation between JIM JONES and STEPHEN. JIM JONES, [redacted] told STEPHEN that RYAN's (Congressman) group would cause trouble. [redacted] STEPHEN told JIM JONES that the Congressman would not because the two of them had talked at Sewall on the day before. [redacted] STEPHEN again refused to go back to Jonestown and told JIM JONES that the basketball team would stay with the "snake man" (owner or operator of a karate gym). (u)

[redacted] reference to the November 18, 1978 suicides, stated that STANLEY CLAYTON, PT cook, said that JIM JONES ordered the shooting of RYAN, the reporters and PATRICIA PARKS. [redacted] ALBERT TOUCHETTE (deceased) was present at the ambush and that the following persons probably participated: JOE WILSON (deceased), JOHNNIE JONES, Jr. (deceased), CALVIN SMITH, WESLEY BRIEDENBACK (deceased), ELKIHUE DENNIS (deceased), EDDIE CRENSHAW (deceased) and DON SLY. He further stated that DAVID GEORGE was probably the tractor driver and that he has some suspicion about the part that TIM CARTER and MIKE PROKES played. [redacted] CARTER and PROKES were told by JONES that their mission was to stay alive. (u)

[REDACTED] STANLEY CLAYTON said that when JONES called everyone to the pavilion on November 18, 1978, for the suicide ritual, everyone thought that it was a test. THURMAN GUY, [REDACTED] drank the concoction, went into convulsions, fell and was dead five minutes later. People then started running back and some were screaming. JONES ordered that the babies be injected first. One lady, RULETTA PAUL, volunteered and gave her baby to the medic for the injection. Other women refused to give up their babies. The security squad threatened to kill them and at that point started snatching babies. (u)

[REDACTED] JIM JONES told BILLY OLIN and LOU JONES to make sure that everyone was dead and then kill themselves. (u)

[REDACTED] BILLY OLIN (deceased) told him that JONES had used a double (impersonator) on several occasions and perhaps because of this, STEPHEN JONES said that he did not believe that JIM was dead. JIM JONES DAY and JOHNNIE COBB, however, identified JONES' body. (u)

[REDACTED] the only connections with Russia that he had knowledge of were a visit by two Russians, one from the Russian Embassy; the other a Medical Doctor (MD), and the fact that JIM JONES had stated that in the event of a mass suicide, Russia would give them asylum. JIM had also stated that he had asked ROSALYN CARTER to send medical aid to Cuba. (u)

[REDACTED] MIKE PROKES told PAULA ADAMS that there were four outstanding warrants for members of the PT. He stated that PAUL MC ANN said one might be for him for bad checks and CLEVELAND LEWIS said he may have one for traffic tickets. (u)

Other miscellaneous information given [REDACTED] is as follows: (u)

1) JONES' body guards: JIMMIE JONES, Jr., TIM JONES DAY and CALVIN DOUGLAS. Substitutes were JOE WILLIAMS, AMANDO GRIFFITH and LOU JONES, all deceased. These bodyguards were sometimes armed with .38s or .45s. (u)

2) California Lieutenant Governor DI MALLY visited the PT in 1975 or 1976 and there was a big feast. DICK GREGORY and MUHAMMAD ALI, according to JONES, were to visit Jonestown. (u)

3) Alpha was the first white night (u)

4) Hut 14 was known as the family house and the following people lived there: TIM, JOHNNIE COBB, TIM JONES DAY, JIMMIE JONES Jr., BRENDA COBB (deceased sister of JOHNNIE), CLARENCE COBB (deceased) and MONA COBB (deceased) (u)

A CB radio, shotgun and rifles were also housed there (u)

5) BILLY OLIVIR told him that money was kept in Redwood Valley at the temple (mother church) in a vault under the pulpit. (u)

b7c

[REDACTED] (u)

7) JIM JONES would tell PT members what to tell reporters and forced PT members to write incriminating statements about themselves. (u)

In referenced to Dr. LAWRENCE E. SCHACHT, [REDACTED] SCHACHT was a confidant of JIM JONES, that his education was financed by the PT and that he was a licensed doctor. He also stated that JUDY IJANS (deceased) was JIM's personal nurse. [REDACTED] described SCHACHT as quiet, arrogant, a loner and a male chauvinist who did not want female medical assistants. He also stated that there were rumors that SCHACHT was having a relationship with ROSE BURGER. (u)

b7c

BQ 89-495

[REDACTED] the reason that he was going back to San Francisco was because JIMMIE JONES said that \$5,000.00 was waiting for everyone who came back to San Francisco. (u)

that AMOS had killed herself and her children. [REDACTED] told her to take the first flight back to San Francisco. [REDACTED] she heard of the suicides and was not leaving until she found out about her children. [REDACTED] learned [REDACTED] her children were dead. (u)

[REDACTED] on Saturday, November 25, 1978, she was re-united with her husband [REDACTED]

[REDACTED] the "Albatross" was a cargo ship that she believed the PT Church had purchased to carry supplies from San Francisco to Guyana. [REDACTED] she subsequently learned that the "Albatross" was used to make money. The ship carried rice to Trinidad to be sold, and then picked up a cargo and went on to Barbados. [REDACTED] she did not know how or where the "Albatross" was registered.

(u) [REDACTED] TOM ADAMS was a radio operator at the San Francisco Temple, and that she had been allowed to talk over the radio to Georgetown with ADAMS present. [REDACTED] the PT had code names for everyone. [REDACTED] in San Francisco, JEAN BROWN, TERRY BUFFORD, TOM ADAMS, and SANDY BRADSHAW had access to the radio and the codes used. PAULA ADAMS in Georgetown, and MIKE CARTER at Jonestown, had access to the radio and codes. [REDACTED] towards the end, they began using Morse code. [REDACTED] she was not privy to the codes used. (u)

[REDACTED], prior to going to Jonestown, Reverend JIM JONES had bodyguards called "Apostolic Guardians". [REDACTED] these bodyguards were trained in karate, and that they were Reverend JONES private security, separate from the security unit in San Francisco. [REDACTED] the "Apostolic Guardians" numbered twenty or thirty, and were spread out between Los Angeles, San Francisco, and Redwood Valley. [REDACTED] the regular security unit wore special uniforms consisting of red shirts and black slacks or skirts. [REDACTED] JIM MAC ELVENE (phonetic) was the security chief, and that he went to Guyana on the 16th of November. [REDACTED] she has never heard the term "Angels". (u)

[REDACTED] she suspected that there might be weapons in the San Francisco Temple, however she did not know for sure. [REDACTED] she knew EVA PUGH carried a handgun, because she often took money to the bank. [REDACTED] there were target practice sessions at the ranch, or care center, at Redwood Valley, California. She stated that she knows [REDACTED] JEAN CHAKEN, an attorney probably dead at Jonestown; and JIM MAC ELVENE (phonetic) participated in target practice at the ranch. ANNIE MOORE, CAROLYN LAYTON's sister, who [REDACTED] is dead, may have had firearms. (u)

[REDACTED] she did not know how weapons were sent into Guyana. She stated that, when she was preparing to go to Jonestown, she sent some packages on ahead. ARCHIE IJAMES, who knows a lot about the Church, and DENNIS ALLEN were in charge of packing and crating. [REDACTED] not know if anything was added to her crates or taken out. (u)

[REDACTED] the PT Church had a planning commission (PC), which grew from twenty or thirty members to over 100 members. [REDACTED] stated that the real power in the PT Church was in the Staff, the hierarchy of the PC. [REDACTED] the Staff consisted of the following (u)

BQ 89-495

TERRY BUFFORD, [REDACTED] knew the most about the PT Church activities. (u) b7c

CAROLYN LAYTON, who had a child by Reverend JONES, and was in Guyana. (u)

LEONA COLLIER, a black female, 39 - 40, had influence over black members of PT Church. (u)

KAREN LAYTON, who was in Guyana. (u)

MARIA KATSARIS, who was in Guyana. (u)

HARRIET TROPP, believed dead. (u)

PATTY CARTMELL, who was in Guyana. (u)

SHARON AMOS, deceased, who was in Guyana. (u)

JEAN BROWN, who is the San Francisco coordinator. (u)

SANDY BRADSHAW, who would know a lot about PT finances. Wife of LEE INGRAM, but not living together. Former corrections officer. (u)

JIM RANDOLPH, in charge of transporting members from San Francisco to Guyana, and would also have financial knowledge. (u)

TOM ADAMS, radio operator at San Francisco. PAULA ADAMS' ex-husband. As close to Reverend JONES as a male secretary. (u)

MIKE PROKES, who would know a lot about PT activities. (u)

[REDACTED] the normal procedure was to have a general meeting or congregational meeting, and these meetings (u) b7c

were always taped. Following this meeting, there would be a PC meeting. During the PC meeting, Reverend JONES would have us make statements that would incriminate ourselves. [REDACTED] she believed that these statements were to intimidate the members so they would not leave the Church. [REDACTED] at times Reverend JONES would dictate what the members were to write. [REDACTED] everytime a member attended Church, they signed a blank piece of paper, and incriminating statements were later added to this paper. [REDACTED] she she signed a statement that she would assassinate, then President, RICHARD M. NIXON. [REDACTED] they signed statements that they were communists and would overthrow the Government of the US. [REDACTED] some of these statements were worded to indicate that these actions would occur if the PT Church was attacked, or Reverend JONES was killed or arrested. (u)

[REDACTED] often at meetings, members were made to publicly tell bad things about themselves. [REDACTED] believed these to be therapy sessions, however, now she realizes that this made it easier for Reverend JONES to dominate the members. [REDACTED] the length of the meetings also made it easier for Reverend JONES to dominate them, because they were worn down. (u)

[REDACTED] public fighting, sexual mis-conduct, and stealing would prompt public discipline. This discipline was in the form of spankings and the use of boxing gloves on adults. This discipline was conducted in front of the entire congregation. [REDACTED] sexual mis-conduct did not apply to Reverend JONES, because she knew Reverend JONES fornicated with GRACE STOEN. STOEN admitted this at a PC meeting. [REDACTED] they got away from public discipline, and were made to do phampleting. This meant going out on the streets to beg. (u)

b7C

[REDACTED] one PC meeting, approximately two or three years ago, where Reverend JONES served white wine. Reverend JONES then told the members that the wine was poisoned.

[REDACTED] thought this strange because they never drank wine. [REDACTED] ROSE SHELDON gagged and passed out. [REDACTED] thought that the wine was really poisoned, or SHELDON was a "plant". She thought that Reverend JONES was testing the members for their breaking point, or to see if anyone was afraid to die. [REDACTED] the wine incident did not seem out of place, because Reverend JONES had often talked of the Ghetto becoming a concentration camp. She stated that, before Reverend JONES would let this happen, we would fight and commit suicide. Reverend JONES showed the members of the PT Church pictures taken at Nazi concentration camps. Reverend JONES stated that what happened to the Jews in Germany, would happen to the blacks in the US. (u)

[REDACTED] some people entering the Church married individuals of the opposite race. These marriages were in name only, and she did not believe the members were forced to do this. Reverend JONES told the members that, unless they married a black person or adopted a black child, they would not have the stigma attached to blacks. (u)

[REDACTED] another PC meeting, at which DALE PARKS asked her to ask a question. [REDACTED] this was the first time she had done this, and she realized that many things were "planted" to get the meetings going. [REDACTED] recalled that the question was an accusation against another member. (u)

[REDACTED] another PC meeting, when there was someone from San Francisco who was de-programing "Moonies". Reverend JONES asked [REDACTED] and attempt to determine where he was and what he was doing. [REDACTED] (u)

she was instructed to act as a parent concerned about her child. she made the telephone calls, which were recorded, but she was unsuccessful in reaching this individual. (u)

Reverend JONES told the members of the PT Church that the Federal Bureau of Investigation (FBI) and Central Intelligence Agency (CIA) were persecuting him and the Church. this was a progressive thing, and that she did not recognize it developing. She stated that at first Reverend JONES preached brotherhood and love, and the Church was predominately white.

Reverend JONES had a healing routine. some of this may have been staged, but some of the healing she believes was real. She stated that Reverend JONES claimed his gifts came because he was doing the work of JESUS CHRIST. he progressed to the point where Reverend JONES claimed to be God. Reverend JONES' paranoia developed when a story appeared in the New West paper, critical of him and the Church; and when TIM STOEN left the Church. she learned after the suicide that they were giving Reverend JONES drugs at Jonestown. (u)

the PC meetings stopped when Reverend JONES went to Guyana, and that they never held a PC meeting without Reverend JONES present. (u)

when Reverend JONES was in San Francisco, he frequently invited politicians to speak at the temple. She stated that the meetings these politicians saw were different from the regular meetings. PT members were instructed on how to act. They were instructed to respond to the speaker, as the speaker would appreciate the response (i.e. conservative, liberal or radical). Reverend JONES would send the members out in masses to support certain politicians. Mayor MASCOLE was one of these politicians. not know what, if anything. (u)

Reverend JONES received in return for this support. [REDACTED] 67c  
[REDACTED] Reverend JONES solicited a letter from ROSALYN  
CARTER. [REDACTED] California Lieutenant Governor  
DI MALLY went to Guyana, and she believes this trip was for  
public relations. [REDACTED] she knows PAULA ADAMS  
was having an affair with the Guyanese Ambassador to the  
United Nations. She thinks this official's name is BUNNY  
MAN (phonetic) (u)

[REDACTED] the following list of individuals  
that had left the PT Church: (u)

MIKE CARTMELL, believed to have a great deal of  
knowledge about PT Church. Son of PATTY CARTMELL of PT Staff. (u)

GRACE STOEN, PT Church head counselor at one time (u)

TIM STOEN, GRACE's husband. PT Church legal counsel.  
At one time number one man to Reverend JONES. (u)

LIZ FURMAN, believed to reside in the San Francisco  
area. Originally from Los Angeles. Left Church in summer of  
1976. (u)

MYRTLE Family, whereabouts unknown. (u)

JOYCE SHAW, whereabouts unknown. (u)

BEN BOWEN, used to work radio. Left Church one to  
one and one-half years ago. Present whereabouts unknown.  
Attempts were made to get him to return, because he had license  
for radio. (u)

MARVIN SWINNY

HUGH DODSWELL

(FIRST NAME UNKNOWN) (FNU) PARKS, wife of DENNIS PARKS (u)  
Daughter-in-law of EDITH PARKS. (

RICK CORDELL, brother to HAROLD CORDELL. Believed to  
have a lot of knowledge on PT Church. (u) b7c

[REDACTED] members of the PT Church, especially  
Reverend JONES, took it as a personal affront when someone left  
the Church. They were considered deserters. [REDACTED]  
when DENNIS PARKS' wife left the Church, she claimed to have  
received telephone calls threatening her and her children.  
Mrs. PARKS felt these calls were made by PT Church members,  
however, Reverend JONES denied this to JERRY PARKS. JERRY PARKS  
is Mrs. PARKS' brother-in-law. [REDACTED] she felt that  
Mrs. PARKS claims were true. [REDACTED] she was asked  
once by KAREN LAYTON to go with her and talk to DENNIS PARKS'  
wife, in an attempt to get her to return to the Church. [REDACTED]  
[REDACTED] she feels some people were threatened or bothered a  
lot. She feels that KAREN LAYTON did a lot of this, however,  
she may have taken a different Church member with her each time.  
[REDACTED] she knew of no specific plans to assassinate  
deserters from the PT Church. (u)

[REDACTED] she recalled one very unusual  
event. In late September of 1978, TIM CARTER made a surprise  
visit to the US. TERRY BUFFORD and PAULA ADAMS were also in  
the States. [REDACTED] CARTER told her he had to go to  
Utah to see his father, and then he would stop and see her.  
CARTER's father called [REDACTED] CARTER's father  
gave [REDACTED] address in Oakland, California, where TIM CARTER  
might be staying. [REDACTED]  
[REDACTED] TERRY BUFFORD told her to tear up the address  
and forget it. [REDACTED] heard that TIM CARTER had gone back  
to Guyana, and that he had asked his father for suitcases for  
some reason. [REDACTED] this seemed odd to her, since  
duffel bags were more practical than suitcases. (u)

b7c

[REDACTED] denied any specific knowledge of "contingency plans" in the event of Reverend JONES' death, or the existence of a "hit list". [REDACTED] Reverend JONES claimed in the past that, if anything ever happened to him or the PT Church, plans had been made. [REDACTED] Reverend JONES also made threats to have people "taken care of". [REDACTED]

[REDACTED] LARRY LAYTON was crazy enough to be the individual that would do this. JOE WILSON would kill someone, if he was alive. DON SLY professed violence, [REDACTED] never saw him do anything violent. When asked if she would kill someone if Reverend JONES asked her to and told her it had to be done, [REDACTED] "I don't know what I would have done". [REDACTED]

[REDACTED] "I may have, back at the time I really believed in Reverend JONES". (u)

[REDACTED] Reverend JONES had mentioned Swiss bank accounts often, however, she did not have any specific knowledge regarding PT Church funds. [REDACTED] TERRY BUFFORD and MARIA KATSARIS made frequent trips, and they may have taken money in or out. [REDACTED] TIM STOEN should be a major source of information on PT Church funds. [REDACTED] she believed the San Francisco office of the PT Church had turned over PT funds and property to the courts. She stated that there seemed to be a lot of suits coming in against the PT Church. (u)

[REDACTED] she was not aware of how the cyanide got to Jonestown. She stated that the only poison she knew had been shipped to Jonestown was rat poison. [REDACTED] they had a very bad rat problem at Jonestown. (u)

[REDACTED] she knew that Congressman RYAN was going to Jonestown with MARK LANE and Mr. GARY. [REDACTED] SANDY BRADSHAW and JEAN BROWN advised her that they were going to try and keep Congressman RYAN from making the trip. (u)

██████████ they tried to stop RYAN through LANE and GARY. ██████████ PHYLLIS HOUSTON (phonetic) was sent down to Jonestown to be there before RYAN arrived. ██████████ thinks this was done to keep the grandparents from getting HOUSTON's children, who were there alone. ██████████ denied any knowledge of a plan to assassinate Congressman RYAN. (u)

██████████ denied any knowledge of a suicide pact. (u)

██████████ when she left San Francisco, SANDY BRADSHAW gave her a travel bag that BRADSHAW said contained an adding machine. At the hotel in Georgetown, ██████████ opened the bag and discovered an adding machine, financial reports, various papers, reports on people, and a sealed notebook, with tape around it. ██████████ she asked PAULA ADAMS what to do with these things, and PAULA told me to use my own judgement. ██████████ she understood this to mean flush them down the toilet. Not trusting Guyanese plumbing, ██████████ tore up most of the documents. ██████████ turned over checks and letters to Mr. ELLIS at the American Embassy. ██████████ she turned over some papers to a Guyanese lawyer named HANAMAN (phonetic). ██████████ HANAMAN told her to get rid of the stuff, and that he is nervous because he bought a building from the PT Church next to the temple. ██████████ he paid for the building in Guyanese money, and apparently that is illegal. (u)

██████████ tape recorders were sent from San Francisco to Guyana for re-sale on the black market. ██████████ she thought this was illegal, but they made a lot of money. She stated that hundreds of tape recorders were sent to Guyana. (u)

██████████ she and most of the PT members still in the US were told that everything was fine in Jonestown. She stated that MARCELYN JONES, PAULA ADAMS and TERRY BUFFORD told them everything was fine. ██████████ she heard recently (u)

that the people at Jonestown were learning Russian. [REDACTED] the PT members back in the States did not know that Reverend JONES was insane, and they did not know about the "White Nights" until the end. [REDACTED] she can not understand why someone did not kill Reverend JONES to keep others alive. (u)

[REDACTED] the following information on the below listed individuals: (u)

TIM JONES, black male. (u)

TIM JONES, white male, 21 - 22, also known as TIM TUPPER, has a large family back in the States, adopted son of Reverend JONES. (u)

JIMMY JONES, JR., black male, adopted son of Reverend JONES, never observed violent. (u)

EDDY CRENSHAW, black male, early 20s. (u)

JOHNNY COBB, black male, brother of JIM COBB, who was young black leader before he left Church. (u)

STANLEY GEIG, white male, early 20s, hot tempered, mechanic. (u)

CLIFFORD GEIG, brother of STANLEY, alive on boat "Cudule" (phonetic). (u)

LEE INGRAM, black male, mid-30s, worked with young people, could have propensity for violence. (u)

YVONNE HAYDEN, black female, girlfriend of RONNIE JAMES. (u)

BQ 89-495

RONNIE JAMES, black male, early 20s, slender, tall, knows karate, "Apostolic Guardian", at one PC meeting he jumped on DODSWELL's neck, but later the man was all right. /u/

ROBERT RANKIN, black male, 40s, a little crazy /u/

JOYCE PARKS, nurse at Jonestown. /u/

RITA TUPPER, in charge of letter writing. [REDACTED] b7c

HAROLD CORDELL, knows a great deal of PT Church history. Handled finances and real estate, but not believed to be a member of Staff. /u/

HUGH FORTSON, returned to San Francisco to be assistant pastor. /u/

BONNIE BECK, administrator at care center, Redwood Valley, California. Would have more knowledge of what ADAMS and BUFFORD were doing. A real con-artist and schemer. Previously was corrections officer with SANDY BRADSHAW. /u/

██████████ denied any knowledge of bodies being buried at the 37 acre ranch in Redwood Valley. ██████████

██████████ at one time, holes were dug at the ranch and tapes of PC meetings, previously described above, were burned. ██████████ a lot of papers and documents were also destroyed this way. ██████████ was done about the time the New West Newspaper article mentioned above appeared. (u)

██████████ she was returning to California, and that she planned to keep in touch with certain PT members, however, she does not plan on living communal. ██████████ TOM ADAMS had told her that the PT Church was disbanded, and that there is no longer a PT organization. ██████████ ADAMS told her that the Church was being sold. [REDACTED] no idea where the poison was acquired and  
did not know whether SCHACHT was aware of the Contingency Plans  
in the event of JONES' death or the fall of the PT including  
mass suicide or death of Congressman RYAN. (u/)

██████████ SCHACHT as being a "Schizo", wierd, and a former drug addict whose education was financed by the PT. ██████████ nothing of SCHACHT's friends and associates in the United States. He believed SCHACHT was a licensed doctor although he had never seen the license. (u)

██████████ nothing of BECKY Last Name Unknown (LNU), JOHN ALVIN CLEVELAND, or JOHN RUEBEN HERRERA. (u)

██████████ he had no knowledge of foreign bank accounts belonging to the PT, JIM JONES, or anyone else. (u)

██████████ there was a "silent weapons" team at Jonestown which practiced with bow and arrows as well as cross-bow weapons. The members were TOM GRUBBS, MARIE RANKIN, BOB RANKIN, and DICK GRUBBS alias Ken Norton. (u)

██████████ he knew nothing about a PT in Venezuela. He advised JOYCE PARKS had gone with elderly patients to a hospital in Caracas, Venezuela, and as a result had not been present at the mass suicide. He reported he had heard PARKS had gone from Caracas to San Francisco and was living on Page Street. (u)

██████████ the basketball team had left Jonestown about two weeks before the mass suicide and were to have been away in Georgetown until December 27, 1978. (u)

██████████ he felt that his brother ██████████ who had died at Jonestown, would never have willingly taken poison. He stated his brother was a mechanic and had become involved in the same way as himself. (u)

██████████ he had heard that MIKE PROKES, TIM CARTER, and MIKE CARTER, who had attempted to take money out of Jonestown, had been given handguns and told by JIM JONES "Your job is to stay alive." (u)

██████████ he thought it strange that some survivors had escaped leaving members of the immediate family behind. He provided the following list of these individuals who had all stayed together at the Park Hotel in Georgetown: (u)

RICHARD CLARK  
ROBERT PAUL

Son CLEVELAND  
Wife and baby

JOHNNY FRANKLIN	Wife and child
TIM CARTER	Wife and child
MIKE CARTER	Wife and child
DALE PARKS	Child

He also advised none of the above would speak with him and appeared to be "scared of him". (u)

[REDACTED] he knew nothing of any importation or exportation of illegal drugs, nor had he ever observed anyone using same. (u)

[REDACTED] PT members were taught "not to question" and were discouraged from leaving because even an indication one desired to leave would mean confrontation and humiliation before the other PT members. He advised he personally enjoyed what he was doing in Jonestown and had no desire to leave. (u)

[REDACTED] he had seen many weapons at Jonestown and a lot of ammunition. He stated he believed there were about 40 rifles (.308 semi-automatic, 30-30 rifles, .22 caliber rifles), and about 20 shotguns (some automatic), and pistols. He advised he had seen a big pistol in the hand of JIM JONES and had heard it was a .357 Magnum. He advised when JIM JONES wanted this gun he would say, "Bring me my bible". (u)

[REDACTED] that PT members on Social Security would be brought their checks by Security Force members who would wait while they were endorsed and then take them from the recipients. (u)

[REDACTED] a box was used to punish PT members by placing them inside, and that they were usually released on the following day. He advised thoresene had been administered in the infirmary to troublemakers and to people who had attempted to escape. He stated the Security Force was used to bring back the escapees. (u)

[REDACTED] LARRY LAYTON was wierd and that his sister DEBBIE BLAKEY had left the PT. JIM JONES was angry at BLAKEY for causing problems to the PT and would often say he was going to get "that bitch". [REDACTED] this put a lot of pressure on BLAKEY's mother, LISA LAYTON, who was at Jonestown. LISA LAYTON eventually died and [REDACTED] LARRY LAYTON blamed her death on JIM JONES. (u)

By way of background, [REDACTED] the PT was not really a church as such but more of a social experiment. He advised they held no services on Sunday and when there was a meeting which was not a "White Night", JIM JONES would advise the PT members of current news and there would be entertainment. (u)

## FEDERAL BUREAU OF INVESTIGATION

Date of transcription 12/13/78

12/27/78 [redacted] was interviewed at John F. Kennedy International Airport (JFKIA), Queens, New York (NY), upon his arrival on Pan American flight 228 from Georgetown, Guyana. [redacted] interviewed in the presence of Special Agent [redacted] United States Secret Service (USSS), and furnished the following information: (u)

[redacted] his first encounter with the People's Temple was when he was 19 years old and in trouble with the police. His mother [redacted] a member of the People's Temple, brought him to the People's Temple Headquarters in San Francisco to meet with their attorney, EUGENE CHAKIN. [redacted] on that occasion, he listened to Reverend JIM JONES speak at a meeting; however, at this point, he was not interested in becoming a member, so he returned to Los Angeles, California. (u)

[redacted] in June, 1977, he moved to San Francisco, California, and became a member of the People's Temple. He advised he was assigned a position on the security patrol which earned him ten dollars a week. His function was to guard the door and surrounding areas of the headquarters to make sure that only members entered the grounds. [redacted] he maintained this position for nearly three months, and then in August, 1977, he took a bus from San Francisco to Miami, where he boarded a plane to Georgetown, Guyana. He advised his fare was paid by the People's Temple. Upon arrival, [redacted] he spent the first two nights at the People's Temple Headquarters in Georgetown and the next four days he worked on the wooden boat "Lotti Sue". He advised the People's Temple also owned two other boats, "Cudjoe" and "Albatros". These boats were used to transport supplies between Trinidad, Barbados and Georgetown, Guyana. (u)

[redacted] after a week in Georgetown, he was transported to Jonestown. He was assigned to Cottage [redacted] as his living quarters, which were shared with [redacted]. He advised he was assigned working with [redacted]. (u)

[REDACTED] after six months, he was reassigned to work on the security patrol. He stated his duties on security were to protect the livestock from being attacked by wild animals, protecting the camp from possible attack by outsiders, and searching for individuals who wandered away from the camp and were lost in the jungle. [REDACTED] asked how would they protect themselves if attacked. [REDACTED] they would carry clubs and flashlights; however, he went on to say that they also carried shotguns at times. [REDACTED] all weapons were stored in Cottage 14, where JOHNNY COBB resided; however, TIM JONES was responsible for the weapons. [REDACTED] other members on the security force that carried weapons and whether they were alive (A) or dead (D): (u)

JOE WILSON (D)

[REDACTED] BOB KIZE (D)

[REDACTED] GARRY JOHNSON (D)

[REDACTED] BILLY OLIVER (D) (u)

MONDO GRIFFITH (D)

DANNY MOTTEN (D)

[REDACTED] JOE WILSON was in charge of the security force and was also the instructor in operation of the weapons. [REDACTED] TOM GRUBBS, GUY MITCHELL, and MIKE LUND were trained in the use of bow and arrows. He advised the only weapon he ever used was a shotgun. [REDACTED] to his knowledge, there was no assassination squad in Jonestown nor were there any plans to murder any officials from the United States (US), including Congressman RYAN. [REDACTED] the day RYAN was killed, he was in Georgetown with the Jonestown basketball team, which consisted of the following members: (u)

STEVEN JONES

BURRELL WILSON

JIMMY JONES

MARK CORDELL

TIM JONES

PRESTON WADE

JOHNNY COBB

CLEVELAND NEWELL

CALVIN DOUGLAS

CARL BURNETT

LEE INGRAM - Coach

67C  
[REDACTED] approximately five days before the killing, Reverend JONES called STEVEN JONES in Georgetown to advise him he wanted the team back in Jonestown and if they saw RYAN, they should not converse with him. STEVEN advised the Reverend that it was not necessary for the team to come back and in fact, they were staying where they were.

[REDACTED] several days after the killing, he learned that on the day RYAN was leaving Jonestown, JOE WILSON handed out weapons to GARY JOHNSON, MONDO GRIFFITH, DANNY MOTTEN, BOB KIZE and BILLY OLIVER, and advised them we have to stop him. [REDACTED] advised him that the Reverend was afraid RYAN learned many people were not happy at Jonestown and when he got back to the States, he may start an investigation of the activities there.

[REDACTED] if Reverend JONES ordered RYAN killed or if JOE WILSON took it upon himself. [REDACTED] he was not aware of the term "Angels" and that it had nothing to do with the security force.

[REDACTED] they were the closest members of the group with Reverend JONES. (u)

[REDACTED] the remaining members of the security force have no plans to kill any survivors or defectors of the People's Temple. (u)

[REDACTED] he was aware of the individuals comprising the Planning Commission. [REDACTED] the members were as follows: (u)

KAREN LAYTON  
MARIA KARSARIS  
ANNIE MOORE  
AVA JONES  
MARCELINE (Reverend JONES' wife)  
MIKE PROKES  
TIM CARTER  
JOHNNY COBB  
CAROLINE LAYTON  
SARA TROPP

(u)

[REDACTED] the above individuals would run Jonestown if anything happened to the Reverend or if he got arrested. they would form a plan to get him released. [REDACTED] the most important people on the Commission were CAROLINE LAYTON and SARA TROPP. (u)

[REDACTED] he was familiar with the term "White Night". He stated this was when Reverend JONES would get on the PA and order everyone to immediately go to the pavillion for a meeting. At these meetings, Reverend JONES would warn us that the FBI or CIA may attempt to arrest people at Jonestown and if they tried to take someone, they would have to deal with all of us. Reverend JONES would ask us if we were prepared to die and by what means we would prefer. At one of these meetings, we all practiced suicide by drinking punch and pretending it contained poison. We closed our eyes and fell to the ground. If you didn't go along with these ideas, you would be called upon to explain why not. [REDACTED] some people tried to run away from Jonestown and it was up to the security force to find them. When they were found, they would be brought back to the camp hospital where they were treated for any bites or cuts they may have received in the jungle. [REDACTED] not aware of these people being punished for running away, although he stated some individuals were punished if they crossed the Reverend. [REDACTED] while in the hospital, you were treated by Doctor LARRY SCHACT. He advised he knew SCHACT received his education in the US and that his assistants in Jonestown were DALE PARKS and his wife, ANNIE MOORE, DIANE LOUIE, RUBY JOHNSON, and JUDY IJIMES (phonetic). He stated he knew that cyanide was contained in the hospital and that he heard on the day of the suicide, JOYCE TOUCHETTE helped mix the poison. (u)

[REDACTED] he knew the individuals having access to the radio room. He stated that several people worked in the radio room, including KAREN LAYTON, SARA TROPP, MIKE PROKES, SANDY JONES, LEE INGRAM and PAULA ADAMS. He advised they were the main individuals that operated the radio, although other people had access to the radio room. (u)

no definite plans to relocate the People's Temple if something happened in Jonestown; however, he advised that possibly Russia, Cuba or Brazil had all been mentioned as possible new locations. He thought it might be Russia, as there were two representatives from Russia visiting Jonestown recently; however, it would just be a guess on his part, although in school, the children were being taught Russian by DON JACKSON. (u)

[redacted] being on the security force did not mean you got any special considerations. For the most part, you ate the same food everyone else did and you lived by the same rules of the camp as the other individuals. [redacted] only Reverend JONES' sons and the people closest to him got special treatment in regards to what they ate and what they could do. [redacted] being on security was just a job that he was assigned to and that he never hurt or mistreated anyone in Jonestown. He further advised that if the basketball team was in Jonestown, the suicide would not have taken place because STEVEN JONES would have talked his father out of such an idea. [redacted] the day of the suicide, he didn't know for a fact, however, he believed some of the individuals were forced to take the poison or they would have been shot. He didn't know who did the shooting; however, he felt that it was probably the same individuals that killed the congressman. (u)

## FEDERAL BUREAU OF INVESTIGATION

Date of transcription 12/8/78

A woman identifying herself as [REDACTED] was contacted upon arrival at John F. Kennedy International Airport, and was advised of the identities of the interviewing agents and Secret Service Agent [REDACTED] who remained present throughout the interview. (u)

[REDACTED] advised agents of the following information:

From 1970, at the time she was ten years old, [REDACTED] and her family had joined the People's Temple in San Francisco, California. In December of 1977, when she was 16 years old, she and her older sister decided to join the Church in Guyana and pursue a life style in farming. This was upon hearing of the numerous opportunities available in Guyana and the existence of an agricultural program she wished to avail herself of. (u)

(It is to be noted that the following paragraph describing the Church in Guyana as a "paradise valley" was subsequently admitted to the interviewing agents as lies by [REDACTED] she later corrected her statements). (u)

[REDACTED] upon her and her sister's arrival in Guyana, they were greeted warmly by Reverend JIM JONES and taken on a tour of the community. From the time she arrived, everyone appeared happy, helpful and kind, and there existed an atmosphere of freedom and choice. Everything was free: medical treatment, food, clothes, classes, entertainment, and she was never asked to donate any of her possessions over to the Church. [REDACTED] looked upon the Church as an opportunity and found that working in the Nursery there proved to occupy most of her time as she received much satisfaction from caring for the infants. A year had gone by before the rest of her family joined her from the United States but that during that year, she and her family had corresponded regularly with each other, with no interference or censoring of the mail by members of the Church. Meetings were held by Reverend JONES on Tuesdays and Saturdays, but it was not a religious worship service. Mostly, during the meetings, they discussed growth of the Jonestown community and agricultural programs and land development. Any personal problems in the Church, including complaints or disciplinary matters were not punished, (u)

but were referred to counselors especially trained to help the people and listen to them. No bodyguards, guns, or security force were ever seen, and people were free to come and go as they wished. Suicide was never discussed; people were never, to her knowledge sedated for control; the Reverend JONES was acting normal up until she left, and she knew nothing about the assassinations or suicides until she heard about it all in Georgetown via the news. (u)

(The following was related to interviewing agents as an actual account of what happened):

[REDACTED] part of the People's Temple program involved some extension of public relations work outside in Georgetown. When seeking volunteers for this program, [REDACTED] stated that she and a girlfriend, [REDACTED] (black female, 19-20 years, a survivor) asked if they could go and did, in fact, leave for Georgetown about two months prior to the assassinations. In Georgetown, they stayed at a housing complex located at 41 Dennis Street, entirely occupied by members of the People's Temple. (u) b7C

She stated that prior to her two months' stay in Georgetown, she did, in fact, work in the Jonestown nursery on a regular basis. It was comprised of three large rooms and a large clinic adjacent to it which was used for checkups and the administration of drugs for treatment. In charge of the nursery were JOYCE PARKS, SYLVIA GRUBBS and PHYLLIS SHAKEN. There were two separate Special Care Units (SCU) and both under that title; however, one was especially for ill people, the other for those who were drugged for reprimand. Everyone knew which was for which. (u)

People that tried to defect, such as one THURMON GUY, were brought back to the camp by the security force and isolated far away in a box in the ground. This was called "the box" or "the floor" and was greatly feared. (u)

Other means of punishment were ostracism, such as having to eat alone at a table, public ridicule and humiliation before the congregation, and long exhaustive work. (u)

[REDACTED] JIM JONES would become especially upset if people expressed a desire to leave the Church. He would tell everyone that their relatives had lost concern for them, that they would be considered crazy and put in jail, and there would eventually be threats on their life. (u)

Once she recalled hearing shooting on the outside of the camp, at which time Reverend JONES called an "alert", and all were instructed to report to the Pavilion. These were called "white nights" or "white alerts" and would occur at times JONES felt the compound was being infiltrated or there was a threat of the Church being exposed. (u)

At one time, Reverend JONES called a meeting and asked who would be willing to commit suicide for the sake of the Church or if he or the Church were threatened. [REDACTED] nearly everyone raised their hand in view of the fact they were fearful if they refused. [REDACTED] she, too, raised her hand. Those that declined were called to the front and brutally humiliated and chastised. (u)

This punishment involved those persons instructed by JONES to drink, what he said to the congregation, was poison. Even though it never proved to be poison, [REDACTED] the person drinking it would actually come to believe it was so, and act delirious and feverish. This was also done in one suicide practice which occurred sometime earlier this year. (u)

[REDACTED] Reverend JONES always had at least two bodyguards around him at a time. These people wore guns on them everywhere but in the meetings. When the interviewing agent asked her if the guns were the size of his magnum, which he showed her for a size estimate, [REDACTED] some were, in fact, that size. (u)

[REDACTED] the security guards carried rifles around the grounds and that the weapons were kept in Cottage 14. However, she never saw weapons being delivered into the camp. (u)

The security force was designated the title "SAT" which was later changed to "Day Helpers" and "Night Helpers" (u)

[REDACTED] these individuals wore green, military-looking uniforms and patrolled the grounds for either renegades or possible infiltrators. (u) b7C

Date of transcription

On December 2, 1978, an individual who identified himself as [REDACTED] was interviewed at John F. Kennedy International Airport (JFKIA), New York, New York by Special Agent (SA) [REDACTED] Federal Bureau of Investigation (FBI) and [REDACTED], United States Secret Service. [REDACTED] interviewed concerning People's Temple Movement. (u)

[REDACTED] also stated that he became acquainted with the People's Temple Movement approximately four years ago. [REDACTED] he went to Guyana because the People's Temple Movement was going to provide medical assistance to a developing nation. (u)

[REDACTED] before going to Guyana, People's Temple Members were to sell all their real estate, automobile and other luxury items and the proceeds were to be donated to the People's Temple; however, [REDACTED] he left his possessions with his mother-in-law, [REDACTED] (u)

[REDACTED] Medical supplies were maintained in the Bond Barn, under the control of Doctor LOUIS EUGENE SCHACHT, JUDY AIMES, Registered Nurse and RENE KICE. These individuals would disperse medication [REDACTED] The Bond Barn seemed to have plenty of drugs on supply. [REDACTED]

[REDACTED] was not allowed to administer drugs which were taken orally or intravenously; SCHACHT, AIMES or KICE perform those duties. (u)

[REDACTED] drugs were administered to People's Temple members who were trouble makers. Trouble makers were individuals who did not conform to the teachings or the philosophy of JIM JONES or individuals (u)

who attempted to escape from Jonestown. [REDACTED] individuals in this category were sedated and placed in the Medical Tent for a few days. The sedative made trouble makers sleep for long periods of time (u) b7C

[REDACTED] he had no knowledge of where the drugs came from or how they were delivered to Jonestown. (u)

[REDACTED] individuals living in Jonestown were assigned jobs and worked twelve hours a day, seven days a week. [REDACTED] the Security Force were overseers of work performed in Jonestown and determined if an individual's output was sufficient. Individuals whose output was not sufficient were reported to JIM JONES. (u)

#### MEETING AT THE PAVILION (u)

[REDACTED] every day or night, but mostly nights, all the members would meet in the Pavilion. JIM JONES would preach to the members for extended periods of time. JONES would give sermons concerning the faults of capitalisms and the United States. JONES would preach that the United States was a racist society. (u)

JONES would tell the People's Temple members the United States government was going to attempt to kill JONES and destroy Jonestown. The Central Intelligence Agency was planning to attack Jonestown and kill JONES. JONES stated People's Temple members must be prepared to defend Jonestown and JONES with lives. JONES assigned certain members to the Security Force and they were to protect Jonestown. Meetings in the Pavilion would last for hours and sometimes until the early hours of the morning. Individuals that fell asleep during the meetings would be awakened by the Security Force. (u)

The meetings were used frequently as a disciplinary trial for individuals who had lost favor with JIM JONES. Individuals were disciplined for not maintaining proper harvest output, attempting to escape Jonestown, refusing to commit suicide or disagreeing with JONES. Individuals would be called to the stage and asked by JIM JONES and verbally ridiculed by JIM JONES and sometimes beaten until they denounced or repented their previous action. JIM JONES would, in some cases, have the disciplined persons family members administer punishment. (u)

NY

3

JIM JONES had asked People's Temple members on several occasions in the Pavilion if they were willing to commit suicide. JIM JONES asked members to vote on a suicide pack. At first, approximately three-quarters of the members voted by show of hands to commit suicide if their leader so desired. JIM JONES had members who voted not to commit suicide, come to the stage on the Pavilion. JIM JONES told them they had lost their faith and were traitors. JIM JONES made examples of them by ridiculing them and beating them. A vote was again taken and the same process was repeated until all members agreed on the suicide pack. This sometimes lasted all night and until early in the morning or until individuals were so tired or so scared that they all voted yes. (u)

JIM JONES would have members come to the stage and admit to having committed criminal acts in the United States or homosexual acts or any other contact that could be used against members if they defected from the People's Temple Movement. All members were forced to admit to such acts whether they were true or not and those who refused were beaten or ridiculed. (u)

Members of the People's Temple were also forced to sign blank pieces of paper at the meetings in the Pavilion. JIM JONES told members that if they ever left the People's Temple Movement the blank pieces of paper would be filled with a confession and the confession would be made public and used to discredit their statements. (u)

#### SECURITY FORCE (u)

The Security Force was a group of individuals selected by JIM JONES to protect Jonestown and JIM JONES against his enemies. JIM JONES stated the Security Force was necessary because the People's Temple Movement had many enemies, such as the United States Government and Agencies such as the Central Intelligence Agency and the Federal Bureau of Investigation (FBI). JONES stated that these agencies were out to destroy the People's Temple Movement and the movement must be able to defend itself against such agencies. Members of the Security Force carried rifles and handguns. (u)

DUTIES OF THE SECURITY FORCE (u)

The Security Force was used to patrol the perimeter of Jonestown. Their task was to prevent outsiders from coming into Jonestown and also to prevent members from leaving Jonestown. (u)

The Security Force made members of the People's Temple carry out their work assignment. The Security Force were overseers for individuals working in the fields and made certain harvests proceed at a certain level. (u)

The Security Force members were always present when JIM JONES had People's Temple members sign their checks (whether the checks were personal or governmental checks). Individuals were afraid not to sign the check. The checks were turned over to JIM JONES. [redacted] one instance in particular where GLOVER DAVIS was forced to sign his Social Security checks and turned them over to JIM JONES. (u)

The Security Force was also used by JIM JONES to keep People's Temple members awake at meetings in the Pavilion. [redacted] at times individuals were so sleepy they would fall off the chairs and the Security Force would wake them up and make them listen to the sermons. (u)

The Security Force were trained in karate. (u)

[redacted] never saw the Security Force have target practice, but he was aware of gunfire in the jungle surrounding Jonestown. (u)

The weapons were kept in a warehouse which also served as a sleeping quarters for STEVEN JONES. (u)

## FEDERAL BUREAU OF INVESTIGATION

12/6/78

Date of transcription

14/21/82 UNCLASSIFIED  
 [REDACTED] member of People's Temple, Jonestown, Guyana, was interviewed at the John F. Kennedy International Airport (JFKIA) Hangar 17 Queens, New York (NY). [REDACTED] advised of the identities of the interviewing agents and the nature of the interview. [REDACTED] provided the following information regarding the People's Temple and the Jonestown facility (u)

She joined the People's Temple on Gary Boulevard in San Francisco in 1973, along with her husband. [REDACTED]

[REDACTED] She joined the People's Temple because she believed it offered her and her family a better life. A life of helping others and community involvement. [REDACTED] she felt she could satisfy her professional and personal needs best through the People's Temple. (u)

In March of 1978 her and her family moved to Jonestown. They had talked about moving for some time, but when they received a letter from her sister [REDACTED]

[REDACTED] telling how beautiful and perfect Jonestown was, she and her husband decided to go. They took very few personal belongings and flew to Jonestown at the expense of the People's Temple. She never turned any money or possessions over to the People's Temple at any time. (u)

Upon arriving in Jonestown, assuming the position of [REDACTED] she knew it was not what she had expected it to be. She and her husband were forced to live in a 12 by 16 hut with seven other couples. Her children were taken from her and forced to live in a different hut with other children. Her diet consisted of rice three times a day and she lost approximately 60 pounds while in Jonestown. The medical care was good when you could receive it. (u)

BQ 89-495

The People's Temple compound in Jonestown was directed by force, violence, and intimidation. Temple members who disagreed with Temple policy or rules were either ridiculed or beaten in front of the entire temple population at the "Pavilion" (central hut). Often after the ridicule or beating, they were forced to work in the fields day and night without rest. Those temple members who attempted to escape through the jungle were usually caught by members of the security force, brought before the temple members at the "Pavilion", ridiculed or beaten, and placed into the "extended care unit" (ECU), where they were administered the drug thorazine on a daily basis until they were willing to comply with temple policy. One temple member, name unknown, who attempted to escape, was kept in the ECU unit for two months under drug influence. When she returned to her normal duties, she was a vegetable. She remembers Reverend JONES telling a temple member, JOHNNY FRANKLIN, the only way to leave Jonestown was in a box. (u)

On one occasion, a temple member was accused of adultery. In front of the temple members at the "Pavilion", he was forced to strip and begin to have sexual relations with a female member; however, this was not carried out. (u)

The temple members were constantly being summoned by a drill called "Alert". The "Alert" was announced over a loudspeaker system, and everyone was to report to a specific location for a specific assignment. "Alerts" were normally called when someone was entering the compound, someone had escaped, or whenever Reverend JONES wanted to get the temple members together. There was usually one alert a week. Often times after an alert was announced, they would be directed to the Pavilion over the loudspeaker system, where JONES would speak to them. (u)

BQ 89-495

If a visitor was coming into the compound, the temple members would, "clean it up" for the benefit of the guest. The temple members would act and talk as if they wanted to be there, and how beautiful everything was until the guest left. (u)

JONES first mentioned mass suicide in her presence approximately five months ago. JONES felt that if outsiders attempted to expose the temple, he had enough guns and people to hold them off. If not, Reverend JONES felt mass suicide was better for temple members than the humiliation and agony they would receive from outsiders. (u)

On one occasion at the Pavilion, Reverend JONES polled the temple members to see how many would voluntarily commit suicide. Approximately 70 per cent of the temple members raised their hands; those that did not were brought before the group and ridiculed. Many people, she believes, raised their hands to avoid going in front of the temple members. She feels many people were forced to drink the poison Kool Aid, since many at the polling raised their hands out of fear. (u)

Prior to her arrival at Jonestown, she heard of a practice mass suicide where everyone drank Kool Aid that they were told was poison; however, she never saw or participated in a practice mass suicide. (u)

On the Friday before the arrival of Congressman RYAN and his party, JONES called an "Alert". Instead of going to the Pavilion as normal, everyone made a circle around the perimeter of the compound. They remained in the circle for a short time, and then went to the Pavilion. Reverend JONES told them that RYAN and his party were coming without permission. JONES instructed everyone to return to their hut. During this time, she observed MARK LANE and CHARLES GARRY on the temple grounds. She had seen them before on other occasions. The next day, [REDACTED] (which is the day Congressman RYAN was due to arrive) tells her its time to escape. They had discussed

b7c

(u)

BQ 89-495

escape before, but on this occasion, [REDACTED] left the complex about 8:30 AM and said they were going on a picnic to the "piggery" (where pigs and chickens were kept). Once at the "piggery", they were able to slip into the jungle and walk 22 miles to a train. During their escape through the jungle, they ran into other members of the People's Temple; [REDACTED]

The train stopped and carried them 15 additional miles to Mathews Ridge, where they contacted the Guyana Police at approximately 7 PM. The police informed them of the RYAN incident and the beginning of a mass suicide. The next day, they were flown to Georgetown. (u)

[REDACTED] denied any prior knowledge of a conspiracy or plot to assassinate Congressman RYAN, and her escape on the day RYAN arrived was coincidental. (u)

During her time at Jonestown, certain members of the People's Temple were allowed to carry weapons. These individuals were known as the Security Force, and carried long barrelled weapons, bows and arrows, and crossbows. On occasions, she heard shooting from the jungle, but has no knowledge of firearms training and has never heard of the term, "Angels". She has no knowledge of weapons or money being cached anywhere. (u)

She knows PAULA ADAMS, who was personal secretary to Reverend JONES and a radio operator. She believes ADAMS was sexually involved with Guyanese officials, however, she could offer no specific information in this regard. (u)

She had no knowledge of the following:

Contingency plans for retaliation by temple members, any officials targeted for assassination, assassination of the RYAN party, existence of an assassination squad or assassination plan, relocation plans in the event of a mass suicide, written or oral oaths signed by members of the People's Temple, or a nuclear device of any kind. (u)

b7c

BQ 89-495

She believes that certain individuals at Jonestown were wanted for criminal offenses in the United States (US), but she could give no specific information regarding the identity of these individuals or the basis for her belief. (u)

On one occasion, she recalls that an official from the Soviet Embassy in Georgetown visited the temple compound and spoke to the temple members regarding how beautiful Jonestown was. In addition, a Soviet doctor was examining JONES and she believes he told Reverend JONES he had emphysema and a heart condition. Reverend JONES was taking certain medication prescribed by the doctor. She could not provide the name or position of either of these Soviet officials. Reverend JONES, she felt, was using drugs a great deal in the last two months to the point he could hardly walk. Reverend JONES often talked of going to Russia or Cuba if attacked or exposed, and talked of how Russia and Cuba looked after its people. Reverend JONES constantly denounced the US. (u)

While in San Francisco, she heard that the Lieutenant Governor of California had visited the Jonestown facility and knew he was a supporter of the People's Temple, but this was the extent of her knowledge regarding the Lieutenant Governor or other California officials. (u)

Doctor SCHACHT, the Jonestown doctor, was extremely disliked by temple members in Jonestown. He was a homosexual and was involved in homosexual relations with Reverend JONES. SCHACHT received his medical degree from Mexico, and did his internship at San Francisco General Hospital. SCHACHT's entire education from undergraduate school through medical school was paid for the People's Temple. (u)

BQ 89-495

She had no knowledge regarding the acquisition of the poison, SCHACHT's awareness of a contingency plan, or SCHACHT's friends or associates in the US. (u)

She felt that PHYLLIS CHAKEN, Administrator of the Hospital, might have assisted in the administering of the poison, since she was faithful to Reverend JONES. (u)

The only drug she was aware of was thorazine, and she remembers Reverend JONES constantly speaking of a shortage of drugs and medication. She has no knowledge regarding the production, distribution or receipt of drugs at Jonestown. She had no access to drugs as Assistant Administrator of the hospital. (u)

In regard to the manufacturing and selling of toy dolls, she knew they were produced at the Pavilion by 20 to 30 temple members working in two shifts. The production was approximately 3,000 dolls a month, and was supervised by RUBY CARROLL. To her knowledge, the dolls were sold in Georgetown, and she has no information regarding narcotics being transported in the dolls. (u)

In February of 1978, [REDACTED] received a call over his ham radio for medical assistance and patched through Dr. ALBERT GREENFIELD, Obstetrician, [REDACTED] to Dr. LARRY SCHACHT of the Mission Village, WB6MID/8R3 (Jonestown, Port Kaituma, Guyana, South America). Dr. GREENFIELD orally instructed SCHACHT through a Cesarian on a pregnant native woman two weeks overdue. Every other day for the following week, GREENFIELD or [REDACTED] briefly contacted the Mission Village to check on the health of the native woman and her twin girls. (u)

From February, 1978, through April, 1978, [REDACTED] spoke to ALBERT TOUCHETTE and two women who identified themselves as SARA and MARGARET on approximately six different occasions. The conversation was strictly general in nature. [REDACTED] was also in contact with WB6MNH/8R1 (Jonestown, Guyana) operated by PAULA ADAMS and two individuals who identified themselves as TOM and MIKE. [REDACTED] spoke to them several times between February and April, 1978. Conversation was general and brief. (u)

Sometime in February, 1978, MIKE BYRNE, Editor, OBGYN News (Medical Newspaper), solicited [REDACTED]'s help in contacting the Mission Village to do an in-depth study of the people in the village. BYRNE was interested in the life style of these people and their operations there. BYRNE's conversation with the Mission Village lasted approximately one hour, after which they discouraged BYRNE from going to Guyana to study them. They advised BYRNE at that time that the Peoples Temple had 1.4 million members, 1,200 of which were at the Mission Village. BYRNE is presently employed by [REDACTED]. (u)
