Dearest,

I have heard of the hard time
you have had trying to get Tommy
back home. I am so sorry to
hear you have such a hard
time in coming out. I am
so worried about the
who have family there get to
in and out. If they don't get
down in the town. They will be
at the Hotel in the town.
Wayne has been working for me
trying to leave you. I am
in there waiting for you
with the best, please
if you want the opportunity
we can give Tommy
good you. I am sure
if we try to make up
all the things we have put
him in. If they don't
sleep. The other family members
there, the Congressmen go
bring and Tommy back
with him.

I am so sorry
you be.

Always
Wanda.

The Co-operative System in Action

1. WHAT IS A CO-OPERATIVE?

Co-operative is a short way of saying "Co-operative Society". Sometimes we say "Co-op". A co-operative society is formed when a group of persons come together to put their money, their skills or other resources together to share in the ownership of businesses. They then work as equal partners to produce goods or to provide services for themselves and other people. Members of a co-operative share, in a fair and equal way, the money they make from their business.

WHY IS A CO-OPERATIVE SOCIETY GOOD?

A co-operative society is good because:

- a. all members share equally in the decisions of management of the business;
- b. all members have an equal voice in framing the policy of the business.
- c. all members put their money together:

- e. help the people own and control the wealth of our country;
- f. build Guyana through co-operatives and self-help work;
- g. make the hinterland the best part of Guyana in which to live, work and have a better life;
- h. use the rich farmlands of Guyana to feed us;
- i. train people to become good farmers and technicians as quickly as possible;
- j. help bring all the nations in the Caribbean into one big family of nations so they can all work together for a better life for their people too;
- k. work as equals with all nations around the world that have the same goals as we have, without letting any nation make us a colony again.

HOW CAN GOVERNMENT DO THESE THINGS?

Government can do these things only if every Guyanese citizen, young and old, does his or her duty and works in co-operation with each other.

WHAT DO WE MEAN WHEN WE SAY WE WILL WORK IN CO-OPERATION WITH EACH OTHER?

When we say we will work in co-operation with each other, we mean:

- a. we will help each other;
- b. we will teach each other;
- c. we will share what we have with others.

all love her very much. Tell Florence
and all the others hello. Mama pray for us
and ask God to re-visit the Bobby Washington
family again soon. How are you & Boykin feeling
now. I hope that you continue going to the
doctor. I can't think of Boykin having heart
trouble. and not eating. I hope that he has
had a thoroughly medical examination because
that is not Boykin, not to eat. Mama, thank
you for everything and remember that we all
love you so very much.

Yours truly,
Loretta & children

P.S. Bobby told me to tell you hello when
I visit him yesterday. We had his birthday
and our Anniversary party with him yesterday.
His birthday is Feb 22. I hope we are

Dearest Mama,

I received your letter and the money and thank you so very much. I am so glad that you received your pocket ball and Budahs in good condition. I was so worried that they would get broken but I am so glad they weren't broken and that you like them. The children are well and send love to you and thanks you so very much for the money. I went to see Bobby yesterday. It ~~was~~ snowing but we made the trip because he needs our visits and we need his visits. Mama, I still don't know what day in March the hearing will be but I hope and pray that we come out as winners. I called Dina cat and I asked her about How Dennis and Larry got out of jail so we will have one of them call me. Mama, it is so very cold here and the beating bill is murder. Mama, Bobby is ok but mama, he has to get out of that place and I am praying for his release soon. I called you one night last week and I was told that your number had been disconnected. I got your letter giving me your new number. I will call you soon. Tell Junkam hello for me and tell her that

4. Much, much, unsettled. The great burning down of Chicago and blended it in the dirt but it didn't burn. To quell the news operation so people are still fighting for their freedom.

These corporations won in speed. They were
flying paid for millions of \$'s but now they have
to pay only for damages. If Morda Wagner
for instance had done the same
change he would have spent up
as much for a long time.

- ① Henry Newton - colored man - was in Cuba in Oakland in Gold car - saw lady on corner - told the tall man to pick up the lady - Driver told he to get in - put his hand on her pants - she brushed him off and he burnt her. He went down first on her and driver said Henry does not do street women and he taken money 48.00 out of her purse and gave her 5.00 to get home. I don't believe that anyone with a big car would steal money or pick up women. He was in Texas night club and slapped a woman. The reason was written because CIA tried to down him. He was told not to come from Cuba but he wanted to come back and see his mother.

Nothing otherwise directed, we'll go back tomorrow 11:00
