Please use the enclosed prenumbered forms for the below-listed court order and any extensions thereof.

The AOC has mandated that all Form 1 and Form 2 submissions beginning with new Title III court orders on or after 1/1/80 be submitted on the forms attached. AOC is authorized to issue binding regulations dealing with the content and form of the reports required to be filed under subsection (1) and (2) of Title 18, U.S.C., Section 2519.

(In a joint or "task force"-type investigation involving another Federal agency, that agency which is responsible for record-keeping procedures, as outlined in the MIOG, Section 10-9.9, shall be responsible for the preparation and submission of the Form 2 in accordance with that agency's established procedures. It will be the responsibility of the designated Special Agent (see "Step 6") to maintain effective liaison with the appropriate agency in order that all necessary statistics, costs, and results are compiled and reported on one Form 2 to be submitted by the responsible agency.)

The following procedural steps are to be followed in order to comply with the current instructions of the AOC, the Department of Justice, and the FBI:

Step 1 - FBIHQ ELSUR Index, upon becoming aware of a new Title III court order being signed, will, on a case-by-case basis, forward by airtel under the substantive case caption to the field office involved a prenumbered, precarboned Form 1 and Form 2 packet as provided by the AOC.

Step 2 - Within ten working days of date of this communication, by airtel under the substantive case title, Newark is to advise FBIHQ ELSUR Index of the name of the prosecuting official making the Title III application and the name of the Special Agent who will then have the responsibility for completing the enclosed packet. This airtel should be submitted inside a sealed brown envelope clearly labeled "Director, FBI, ELSUR Index, FBIHQ."

Step 3 - Form 1 reports are to be submitted on or before the 30th day following the denial of a court order, or, in the case of the issuance of such an order, on or before the 30th day following the expiration of the order, including all extensions. The

designated Special Agent and the prosecuting official will complete the Form 1 portion of the enclosed packet. The Form 1 portion should remain with prosecuting official.

Step 4 - The prosecuting official shall then be responsible for providing the issuing Judge the Form 1 for his review, approval, and signature in order for the Court to forward the Form 1 to the AOC in compliance with Title 18, U.S.C., Section 2519 (1).

Step 5 - The FBI has assumed the responsibility for the submission of the Form 2 (ply 3 of the enclosed packet) to the AOC. This procedure is not to be handled by the prosecuting official. The Special Agent responsible for the completion of the Form 2 portion will retain, with no additional notations at the time, that portion (ply 3) in the exhibit section of the substantive file until the end of the calendar year in which the order terminated, at which time it will be submitted to FBIHQ ELSUR Index. (See "Step 7" below. A copy may be provided the prosecuting official upon request, but the original must be maintained as indicated for expeditious handling at the end of the calendar year.)

Step 6 - The Special Agent designated shall compile the statistics, costs, and results of the Title III in order to complete sections 7 through 11 of the Form 2 at the end of the year.

Step 7 - Prior to the end of each calendar year, FBIHQ will furnish instructions to all offices for the completion of the remaining portions of the Form 2 (sections 7 - 11) and the subsequent submissions of the form to FBIHQ ELSUR Index, generally by the third week of December. Upon receipt of the Form 2s, FBIHQ will coordinate the preparation and submission of these forms to the AOC in compliance with the aforelisted statute.

The Special Agent responsible for coordinating with the prosecuting official supervising your recent court order dated 8/ /84 [REDACTED] and responsible for completing the packet, must become totally familiar with the instructions and the format. The enclosed packet is prenumbered and accounted for, therefore, extreme care must be given to follow these instructions and eliminate retypes insofar as possible.
