Payroll records for December 1943 and January 1944 for the 3113th Ordnance Armored Vehicle Company, 613th Ordnance Armament Maintenance Battalion, Fort Ord, California, were located. No payroll records for this unit following January 1944 could be located. An examination of these payroll records reflected that DAVID GREENGLASS, Tec. 5, ASN 32882473, received pay for the months of December 1943 and January 1944 with his unit. This payroll record reflected that this unit was at Fort Ord, California for these payroll periods. There was located special orders #154 dated 6-30-44 issued by the Headquarters, Army Service Forces Training Center (Ord.), Mississippi Ordnance Plant, Flora, Mississippi.

Paragraph 29 of this order released for assignment DAVID GREENGLASS, Tec. 5, ASN 32882473, 3113th Ordnance Base, Armored Vehicle Maintenance Company, 613th ~~OBAM~~, and attached him, unassigned, to Company B, 1st Battalion, 14th Training Group, effective 7-3-44. There were located special orders dated 7-24-44, #174, issued from the Headquarters, Army Service Forces Training Center (Ord.), Mississippi Ordnance Plant, Flora, Mississippi, paragraph 14 of which pertained to DAVID GREENGLASS, Tec. 5, ASN 32882473 (252). This order transferred GREENGLASS ~~to~~ Company A, 1st Battalion, 14th Training Group, to Special Engineering Detachment, Manhattan District, Oak Ridge, Tennessee, on 7-26-44. The orders instructed him to proceed to Knoxville, Tennessee and to telephone CO, Special Engineering Detachment, telephone #42981, Knoxville, Tennessee, extensions 91 and 92, upon arrival, for further instructions, effective date of change on morning reports to be 7-28-44. This special order bore the following of possible interest:

KC 65-1293

"Auth. 2nd. Ind., ASF, O. C. Ord., Dtd., 7-18-44, O. O. 220/4377, SPOGM."

Mr. HAYZIETT advised that the above referred to: Second Endorsement, Army Service Forces, Office of the Chief of Ordnance, and Official Order, with the number following and the designation, "SFOGM," referring to the file number of the special orders. He advised that this special order should be on file with the Chief of Ordnance, Washington, D. C. There was located in the records of Company B, 1st Battalion, 14th Training Group, an extract of service record for DAVID GREENGLASS, ASN 32882473. This extract reflected that his civilian address was "64 Sheriff Street, New York City, New York." He was inducted 4-5-43 into the Army. His civilian occupation was as a turret lathe operator. His Army Civil Special Service Number was 252114 (apparently this refers to a draft board number). He was born 3-3-22, described as 5 feet 8 inches in height, 166 pounds, hazel eyes, black hair, and white. His nearest relative was given as TESSIE GREENGLASS, mother, 64 Sheriff Street, New York City. The person to be notified in emergency was RUTH GREENGLASS, wife, 266 Stanton, N. Y. C. He was inducted from Local Board #6 at the Armed Forces Induction Center, Grand Central Palace. This extract reflected that he was transferred from the Mississippi Ordnance Plant to the CO, Special Engineering Detachment, Manhattan District, Oak Ridge, Tennessee. His character rating was excellent.

REFERRED UPON COMPLETION TO THE OFFICE OF ORIGIN

-ADMINISTRATIVE PAGE-

Through Mr. E. P. HAYZLETT, Searcher, Kansas City Records Center, the following was obtained from records located at the Center:

Payroll records for December 1943, January 1944 for the 3113th Ordnance Armored Vehicle Maintenance Co., 613th Ordnance Armament Maintenance Battalion, reflected that the First Sergeant was DONALD C. BEACRAFT, ASN 13150996. Payroll record further reflected that an allotment was taken out of his pay for his wife, AGATHA BEACRAFT, Rd. #4, care of ALDERFER, Potttstown, Pennsylvania. No payroll records for this unit could be located after January 1944. The above individual was the First Sergeant of the unit with which GREENGLASS was connected, at least in January 1944. No further record could be located which would indicate whether this man or someone else was the First Sergeant at the time of GREENGLASS' transfer from this outfit.

Payroll record further reflected the following individuals also assigned to this unit during the period of the payrolls covered:

HERSHEL R. MILTON, PFC., ASN 34702614, and MICHAEL A. LOPIANO, Private, ASN 31295541. b7c

Special Order #154 dated 6-30-44 issued by Headquarters, Army Service Forces Training Center (Ord.), Mississippi Ordnance Plant, Flora, Mississippi, released Private HERSHEL R. MILTON, ASN 34702614, and MICHAEL A. LOPIANO, ASN 31295541, from the 3113th OBVM Company, attached and unassigned, to Company B, 1st Battalion, 14th Training Group. This was the same order which took the same identical action as to DAVID GREENGLASS as set out in the details. It appears that GREENGLASS, together with the above two-mentioned individuals, were all three transferred by the same orders at the same time from the same unit to the same unit.

From the extracts of service record, as contained with the records of Company B, 1st Battalion, 14th Training Group, the following was ascertained:

HERSHEL R. MILTON, ASN 34702614, enlisted in the Army 1-22-43 at Fort Mc Clellan, Alabama. His age at that time was 19 years and 7 months. His civilian address was given as 421 Washington Avenue,

Montgomery, Alabama, and his nearest relative was given as VERA D. MILTON, mother, at the same address. This extract contained no descriptive information. It did reflect that on 9-7-44 he was transferred to the 37th Infantry Regiment, Fort Benning, Georgia. His character rating was excellent.

MICHAEL A. LOPIANO, ASN 31295541, enlisted in the Army 2-5-43 at Fort Devens, Massachusetts. His civilian address was given as "76 Bunker Hill Street, Lawrence, Massachusetts. His mother, NANCY LOPIANO, at the same address, was listed as his nearest relative. His civilian occupation was given as "wool shop worker." He was born 12-16-22, was 5 feet 6 $\frac{1}{2}$ inches tall, weighed 171 pounds, blue eyes, hair black and white. [REDACTED]

With reference to the payroll records for Company B, 1st Battalion, 14th Training Group, Mississippi Ordnance Plant, Flora, Mississippi, Mr. HAYZLETT advised that none of the payroll records for this pertinent period could be located and that they had undoubtedly been destroyed. The morning reports for 7-3-44 were located, which indicated GREENGLASS and the above two-mentioned men in this company at that time. From this report it was not possible to identify the First Sergeant. The morning report was signed by Captain PHILLIP D. HARRIS, otherwise unidentified.

ASAC Whelan called from New York at 5:20 pm on June 22, 1950, to advise that Special Agents Leo Frutkin and John W. Lewis were served with subpoenas by a process server at the New York Office, requiring their appearance tomorrow at the removal hearing of David Greenglass. The subpoenas were at the instance of O. John Rogge, defense attorney. Mr. Whelan advised that the process server insisted on giving \$4.00 each to the Agents, as he stated this was required under the law, in spite of their attempts to decline. Mr. Whelan advised that no attempt was made to dodge the process server, inasmuch as he felt that to do so would give Rogge basis to criticize the Bureau. Therefore, the subpoenas were accepted.

Mr. Whelan advised that U. S. Attorney Saypol will ask for an adjournment at the hearing tomorrow for the purpose of enabling an indictment to be returned at Albuquerque prior to the removal hearing. By such means it will be possible for the government to remove Greenglass without having the Agents testify to anything but the identity of Greenglass, as probable cause will be established by the indictment.

Mr. Whelan was advised that the Agents should return the \$4.00 to defense attorney Rogge when they appear for the hearing on June 23. Mr. Whelan said that he would inform U. S. Attorney Saypol that the Agents were going to do this.

At 2:50 P.M. ASAC Whelan called from New York to advise that Agents had secured permission from the doctor at the hospital where Ruth Greenglass is a patient to interview her. He stated that Ruth Greenglass is on a stretcher and will be taken home by ambulance this afternoon; that the doctor has stated she is capable of being interviewed, and the only reason she is bedridden is because of the condition of her leg.

The Agents attempted to interview Ruth Greenglass but she refused to give any information without first talking with her husband. Mr. Whelan advised that there was some thought of bringing her to the basement of the building via ambulance and allowing her to talk to her husband, who is in the Marshal's Office in the Courthouse. I advised him against this inasmuch as there are reporters around the building and there is no assurance whatsoever that she would be allowed to talk with her husband. It would appear rather ridiculous to have her carried into the Marshal's Office on a stretcher.

Mr. Whelan advised that attempts would be made to have her talk to her husband on the telephone and possibly she would consent to furnish information to the Agents thereafter. Mr. Whelan advised that New York will continue their attempts to work out something on this and will keep the Bureau advised. He advised that during the brief interview with her the Agents had definitely confronted her with her activities and maybe after thinking the matter over, she will consent to talk to them.

UNSUB AMERICAN NO. FIVE, ALBUQUERQUE, NEW MEXICO, HARRY GOLD, INFORMANT,

ESP - R. GOLD WAS SHOWN PHOTOGRAPHS TODAY OF THE HOUSE AT TWO NAUGHT

NINE NORTH HIGH ST., ALBUQUERQUE, WHICH PICTURES WERE MADE DURING

YEAR NINETEEN FORTY FIVE AND HAD BEEN SUPPLIED BY THE ALBUQUERQUE

OFFICE. GOLD STATES THE HOUSE SHOWN IN THESE PHOTOS VERY CLOSELY

RESEMBLES THE HOUSE HE VISITED IN JUNE, FORTY FIVE WHEN HE CONTACTED

UNSUB. IT SHOULD BE NOTED THAT BOTH OF THESE PICTURES SHOW ONLY A

VERY SMALL PORTION OF THE HOUSE AND AS A RESULT, IT WAS IMPOSSIBLE

FOR GOLD TO MAKE AN ABSOLUTE IDENTIFICATION. GOLD NONETHELESS IS

REASONABLY CERTAIN THAT THIS IS THE HOUSE AND SAID HE REMEMBERS THE

SMALL ST. NO. SIGN ON THE EDGE OF THE PORCH. GOLD WAS ALSO SHOWN

PICTURES OF MR. P. M. SHERER WHICH PICTURES WERE ALSO SUPPLIED BY THE

ALBUQUERQUE OFFICE. GOLD STATES SHERER VERY CLOSELY RESEMBLES THE

INDIVIDUAL WHO ANSWERED THE DOOR AT ALBUQUERQUE FOR HIM AND THAT

THIS INDIVIDUAL MIGHT WELL BE IDENTICAL WITH SHERER. GOLD HAS

COMPLETELY ELIMINATED POSSIBILITY THAT W. B. FREEMAN WAS THE MAN

WHO LET HIM INTO THE HOUSE ON THE DAY IN QUESTION.

DAVID GREENGLASS, ESP - R. HARRY GOLD INTERVIEWED THIS DATE, RECALLED THAT ON HIS CONTACT WITH GREENGLASS IN ALBUQUERQUE IN JUNE NINETEEN FORTYFIVE, GOLD HAS A TORN PIECE OF PAPER AND GREENGLASS HAD THE MATCHING PIECE WHICH SERVED AS MEANS OF IDENTIFICATION BETWEEN THE TWO. GOLD CANNOT RECALL THE NAME OF THE INDIVIDUAL WHO GREENGLASS SUGGESTED AS A POSSIBLE RECRUIT FOR SOVIET ESPIONAGE. GOLD STATED, HOWEVER, THAT WHEN GREENGLASS SUGGESTED A NAME THAT GOLD IMMEDIATELY CAUTIONED HIM ON TAKING ANY SUCH STEPS. GOLD SAID GREENGLASS THEN TOLD GOLD A STORY ABOUT A SOLDIER AT LOS ALAMOS WHO HAD BEEN BROKEN FROM THE RANK OF SERGEANT TO PRIVATE AND WAS POSSIBLY CONFINED AT LEAVENWORTH PENITENTIARY. GOLD SAID THAT GREENGLASS TOLD HIM THAT THIS SOLDIER HAD BEEN APPREHENDED BECAUSE HE HAD PLACED HIGHLY SECRET INFO IN A LETTER. GOLD SAID THAT AFTER GREENGLASS TOLD HIM THIS STORY, GREENGLASS THEN ADMITTED THAT GOLD WAS PROBABLY CORRECT IN CAUTIONING GREENGLASS AGAINST ATTEMPTING TO RECRUIT ANYONE. GOLD HAS NO FURTHER RECOLLECTION AS TO THE NATURE OF THE INFO WHICH GREENGLASS GAVE HIM OTHER THAN THAT PREVIOUSLY REPORTED BY THIS OFFICE.

Supervisor Granville called from New York at 8:40 AM, June 16th. He stated that between 1:30 and 1:40 AM on June 16th, Greenglass had called his brother-in-law, Louis Abel, 87 Columbia Street, New York, telephone AL 4-0778. Greenglass advised Abel he would not be home and asked Abel to get an attorney. He suggested O. John Rogge. He said to tell Ruth (his wife) not to worry and that he had given the FBI a statement.

At 2:20 AM, Abel called the New York Office and asked for Greenglass. He was informed that Greenglass was asleep and asked whether he wanted Greenglass awakened. He answered that he did not and asked that Greenglass call him in the morning. Greenglass awakened at 8:00 AM, and at 8:15 AM called Abel. He said he was in the New York Office and asked Abel to get him an attorney. Abel apparently asked him whom he should get, and Greenglass told him to use his own good judgment. At the time of the call, Greenglass was having breakfast (8:40 AM).

I called ASAC Whelan at New York at 10:55 A.M. and informed him that Mr. Whearty of the Department was conferring with USA Saypol in New York regarding Greenglass. I told Whelan that a complaint will be filed at Albuquerque against Greenglass charging him with conspiracy, together with John and Gold, and as soon as this complaint has been filed the New York Office will be informed so that Greenglass can be taken before the Commissioner and charged. I told him that we would keep him informed.

At 11:12 A.M. I called SAC Wyly at Albuquerque. I furnished him with the content of the complaint against Greenglass, which was drawn up by the Department. I instructed that immediate arrangements be made to have this complaint filed before the U. S. Commissioner and instructed that the Bureau should be immediately notified when the complaint is filed. I told him that the matter was urgent and while I was talking with him he made arrangements to have an Agent contact the U. S. Commissioner and the USA who, I told him, had been advised by the Department that he would be contacted by the FBI in connection with an important matter. Mr. Wyly informed me that the Agent who would file the complaint was J. Jerome Maxwell and that the Commissioner is J. 170
Mowrey.

I instructed that the complaint be drawn up and ready to file as soon as word is received from Albuquerque. I told him to be sure that the USA and Commissioner were available immediately in order that Greenglass may be arraigned without any delay.

With reference to Julius Rosenberg, brother-in-law of David Greenglass, whom Greenglass has implicated in espionage activities, ASAC Whelan advised at 9:10 am that Rosenberg had come to the New York Office for interview.

At 3:15 pm, Mr. Whelan advised that Rosenberg has refused to give information; that the Agents confronted him with information furnished by Greenglass but Rosenberg refused to admit any such activities on his part. Mr. Whelan advised that Rosenberg has begun to talk in terms of consulting an attorney. Mr. Whelan wanted to know whether the Bureau was considering a possible complaint against Rosenberg on the basis of information available to date.

The New York Office is of the opinion that Julius Rosenberg is identical with unknown subject [redacted] also known as [redacted] in the [redacted] case. However, the only available evidence at this time against Rosenberg is the statement of Greenglass. When the Greenglass case was discussed with the Department representatives this morning (Messrs. McInerney, Whearty and Kneip), they expressed the opinion that there was insufficient basis to authorize process against Rosenberg, solely on the statement by Greenglass.

Mr. Whelan was advised that the Agents interviewing Rosenberg should flatly state to him that he was not being held in any manner; that he could get up and walk out of the office at any time; that they were giving him the opportunity of cooperating; and if he did not desire to furnish information, they would prefer that he get out of the office. It was suggested that the Agents stress the fact that they are giving him the opportunity to cooperate; that, of course, the extent of his cooperation is up to him and it may be that he would rather tell his story to a grand jury. Mr. Whelan was advised that Rosenberg should be informed that the Agents would be willing to resume the interview with him at any time that he desires to furnish information. In the event Rosenberg is asking for an attorney or indicating that he thinks he is being held in any way, Mr. Whelan was advised that the interview should be terminated immediately. It was suggested, however, that the Agents attempt to have Rosenberg consent to a search of his home in his presence. In the event he agrees, the consent should be in writing and the Agents should go immediately to the home and conduct the search. It was pointed out that our searches in connection with other subjects in this matter had furnished valuable information and, therefore, it would be desirable to conduct the search if Rosenberg would give permission.

Mr. Whelan was advised that the New York Office, in office of origin, must analyze all information in its possession concerning Rosenberg and set out leads for a complete and thoroughly exhaustive investigation of Rosenberg, leads to be handled by teletype or telephone.

I saw Mr. O. John Rogge on the afternoon of June 26, 1950, in accordance with an appointment previously made.

Mr. Rogge stated he was considering the desirability of having his client, David Greenglass, cooperate fully with the Bureau; that he thought it might be beneficial to Greenglass. He stated he has criticized the government on numerous occasions in the past because he feels the government has no right to investigate associations and thoughts of an individual, but that a matter of this kind, involving espionage, is in his opinion entirely different.

He stated he did not know whether Mrs. Greenglass was involved in this matter; that he doubted that she was a Communist, but that he felt his client might be able to furnish some helpful information concerning another subject, namely his own brother-in-law. We, of course, are investigating and have interviewed the brother-in-law, Julius Rosenberg.

I pointed out to Mr. Rogge that the Bureau was not interviewing Greenglass at the present time, since his arrest; that the question as to whether we would continue to interview him and as to whether it was desirable to secure the cooperation of subject Greenglass at this time was strictly a problem for the Department of Justice to pass on. I suggested that he talk with Mr. McInerney in the Criminal Division, and pointed out to him that, of course, in the event Mr. McInerney worked out any arrangement with him it would be strictly one between the Department and himself, Mr. Rogge; that the Bureau could not enter into any kind of an arrangement, either to continue interviewing or to discontinue interviewing Greenglass.

Mr. Rogge expressed his appreciation and stated he should have thought of this. He left my office to go over to the Criminal Division.

Result of Examination:

It was concluded that the RUTH GREENGLASS signatures on specimens Q1 and Q3 through Q10 were written by one individual.

No conclusion could be reached whether the handprinted RUTH GREENGLASS signature on Q2 was written by the above individual because this handprinted signature is not comparable with the other handwritten signatures.

It was further concluded that the DAVID GREENGLASS signatures on Q10 were written by a second person.

The remaining writing appearing on specimens Q1 through Q10 is not sufficiently intercomparable or is too limited to warrant a definite conclusion as to whether one or more individuals are involved in its preparation.

In connection with Q2, efforts should be made to obtain known handwriting and handprinting specimens of RUTH GREENGLASS.

As set forth in the Bureau's teletype to your office on June 15, 1950, the two OPA forms designated as items one and two on page two of your letter of June 8 were submitted by you with a memorandum dated June 6, 1950, to the Mechanical Section. These two documents and photostatic copies of them were returned to you under date of June 13, 1950. Accordingly, the examination of the signature "Mrs. DAVID GREENGLASS" on the back of one of these two documents cannot be made until this material is resubmitted to the Bureau's Laboratory for comparison.

A photographic copy of each of the above-listed specimens, Q1 through Q10, is transmitted to your office herewith. The original evidence will be returned to your office within the next two weeks.

For Immediate Release
FRIDAY, JUNE 16, 1950

DEPARTMENT OF JUSTICE

Attorney General J. Howard McGrath and FBI Director J. Edgar Hoover today announced the arrest of David Greenglass, age 28, in New York City, on espionage charges.

J. Edgar Hoover, Director, FBI, said that Greenglass has been identified as the individual who furnished classified information to Harry Gold at Albuquerque, New Mexico, in the summer of 1945.

At that time he was attached with the Second Provisional SED Unit at Santa Fe.

Records in Los Alamos reflect that Greenglass worked on highly confidential material in connection with atomic energy research.

The information furnished by Greenglass to Harry Gold was subsequently transmitted by Gold to Anatoli A. Yakovlev, known only to Gold as "John."

David Greenglass was born March 3, 1922 in New York City. He was inducted into the United States Army on April 5, 1943, and entered duty on April 12, 1943 at Fort Dix, New Jersey.

A complaint charging conspiracy to violate Section 32 (a), Espionage Act, Title 50, U. S. Code, was filed before United States Commissioner Owen J. Mowrey at Albuquerque, New Mexico. Bail was fixed at \$100,000. Greenglass will be arraigned in New York City for removal to New Mexico.

ENCLOSURE

DEPARTMENT OF JUSTICE

Attorney General, J. Howard McGrath announced today the arrest by FBI Agents of Alfred Dean Slack, 44, at Syracuse, New York, on espionage charges.

J. Edgar Hoover, Director, Federal Bureau of Investigation, stated that Slack has been identified as the individual who furnished classified information and material to Harry Gold at Kingsport, Tennessee, in 1943 and 1944. At that time Slack was employed in the Holston Ordnance Works at Kingsport. Slack has admitted turning over a sample of a powerful new explosive which at that time was being manufactured at the Ordnance Works. Slack has also admitted furnishing Gold highly classified information on the manufacturing process of this highly concentrated explosive. In turn Harry Gold turned over this sample of explosive and data to his Soviet principal, Semen M. Semenov. This is the same individual who subsequently instructed Gold to cease having further contacts with Slack in view of "a very important assignment" which was given Gold. Semenov then assigned Gold to contact Dr. Klaus Fuchs for the purpose of receiving secret data on the atomic bomb which were turned over to the Russians. Harry Gold knew Semenov only by the name of "Sam" and "Sam's" real identity was subsequently established through the investigative efforts of FBI Agents as Semenov.

Semenov, an employee of the Amtorg Trading Corporation, left the United States in September, 1944. Mr. Hoover further stated that after Semenov's departure from the United States, Gold's contacts with the Soviet Espionage Service were handled through an individual known to Gold only as "John." The true identity of "John" has since been established through investigation as Anatoli Antonovich Yakovlev. Yakovlev, a Vice Consul of the Soviet Consulate in New York City, left the United States on December 27, 1946.

Slack was born August 6, 1905, at Syracuse, New York. He attended Syracuse University, Mechanics Institute, Rochester, New York, and Central City Business Institute, Syracuse, New York, and thereafter was employed as a chemist, engineer and plant manager in chemical laboratories, pencil manufacturing companies and chemical supply companies in New York, Rhode Island, and Georgia. From September, 1943, to October, 1944, he was employed by the Holston Ordnance Works at Kingsport, Tennessee, where he had access to classified information. Since September, 1948, Slack has been employed as a chemist with a paint manufacturing corporation in Syracuse, New York. He resides near Clay, New York.

A complaint charging conspiracy to violate Section 32a (Espionage Act), Title 50, U. S. Code, was filed before Federal District Judge Robert L. Taylor, Knoxville, Tennessee, today. Slack will be arraigned before the U. S. Commissioner, Syracuse, New York, for removal to Knoxville, Tennessee, today.

At 8:10 P.M. on June 15, ASAC Whelan of New York advised that the home of David Greenglass had been searched with his consent and a considerable amount of his effects were presently being gone over by Agents of the New York Office. During the search Agents located about 25 photographs dating back to the early 1940's of Greenglass and his wife. An Agent of the New York Office has taken these photographs to Philadelphia in order that they can be displayed to Gold. Identification by Gold will, of course, make the interview of Greenglass on a much sounder basis. Whelan advised that Greenglass is being interviewed along general lines until the photographs have been displayed to Gold.

At 9:07 P.M. Mr. Cornelius called from Philadelphia to advise that Harry Gold had made a positive identification of Greenglass from the photographs which had just been brought down from New York. Mr. Cornelius has advised the New York Office for their information in connection with the interview of Greenglass.

At 10:45 P.M. Mr. Whelan advised that Greenglass had been confronted with the identification by Gold. Greenglass now admits that he met an individual in Albuquerque in June, 1945, and furnished him information, in return for which he received \$500. He says he did not furnish the information for the money but for the cause. He states that the photograph of Gold resembles the man whom he met in Albuquerque although the photograph shows Gold to be a little fatter than he remembers. The individual he met in Albuquerque was known to him as "Dave." Greenglass admits that he worked on the atom bomb and that his wife, a Communist, recruited him to give information to "our allies." Mr. Whelan advised that he believed Greenglass admits knowing that the information was going to the Russians but he was not sure as the interview at that time was proceeding and he did not want to interrupt the Agents as they were making headway.

You will recall that it was thought that Greenglass may be the unknown subject [redacted] and it was thought his wife might be [redacted] subjects in the [redacted] case. Mr. Whelan advised that New York is of the opinion that Greenglass and his wife are quite possibly [redacted] and they are endeavoring to tie this in.

Greenglass' wife, who in turn recruited Greenglass. Therefore, it is quite possible that Rosenberg is involved in this matter, and New York is considering the possibility that Rosenberg is the Unsub [redacted] (S) in the [redacted] case. Rosenberg resides at 10 Monroe Street, New York City. I requested Mr. Whelan to place an immediate physical surveillance on this individual in the morning. ~~TOP SECRET~~ b1

At 12 midnight Mr. Whelan was advised that in view of the identification of Greenglass by Gold and in view of the admission by Greenglass, the New York Office should arrange to keep him in the New York Office overnight. I further requested that the New York Office send a detailed teletype showing the developments today regarding Greenglass in order that we could prepare a memorandum for the purpose of presenting this case to the Department in the morning. Mr. Whelan advised that a report had been submitted on Greenglass under the title "Unknown American No. 5, Albuquerque, New Mexico, June, 1945," under date of June 12, 1950, by SA Leo H. Frutkin. This report shows the background of Greenglass and the information furnished by Gold up to that time.

Mr. Whelan advised that the Agents went to the home of Greenglass at 1:30 P.M., June 15, and started the search, and came to the office with Greenglass about 6:00 P.M. Mr. Whelan advised that Greenglass has furnished a three-page statement and this statement, together with the additional information developed will be placed in a teletype tonight.

Mr. Whelan was advised that Greenglass should be allowed to get plenty of sleep tonight; that the interview log should be carefully kept; and that the Agents should remain alert throughout the night. I instructed Mr. Whelan to set this up personally. Mr. Whelan advised that Greenglass appeared to be in good health but inquired whether a doctor should examine him. I advised him that for record purposes it would be desirable to have the office doctor take a look at him.

Mr. Whelan advised that Greenglass has been advised that he could have an attorney and no restrictions have been placed on him. However, in the last hour or so Greenglass has been casting hints about an attorney and has mentioned the name O. John Hogge. Undoubtedly, if he is not allowed to depart, he will ask for an attorney.

Mr. Whelan was advised that if this situation arises he should inform Greenglass that in view of information developed this evening, such as his identification by Gold and other substantiating information indicating a violation of the law, it is necessary that Greenglass remain at the office until the facts can be presented to the appropriate authorities in the morning. Mr. Whelan advised that he would use this

~~TOP SECRET~~

~~TOP SECRET~~

approach in the event it became necessary, as Greenglass has indicated that he would not desire to remain willingly with the Agents.

An appropriate memorandum setting forth the salient facts in our possession concerning Greenglass for discussion with the Department is attached.

At 1:40 pm, Mr. Whelan read to me the signed statement of Greenglass which definitely implicates Greenglass, his wife, Ruth, and his brother-in-law, Julius Rosenberg, of 10 Monroe Street, New York City. New York had previously been instructed to put a physical surveillance on Rosenberg on the morning of June 16. Mr. Whelan pointed out that Rosenberg lives in Knickerbocker Village, a crowded apartment development, and inasmuch as Rosenberg is not known to the New York Agents, it would be difficult to spot him for a physical surveillance immediately.

Greenglass will undoubtedly get an attorney on the morning of June 16, and Julius Rosenberg will be put on guard. Greenglass has stated that he would have fled following the publicity in this case had it not been for his wife and child. Possibly, Rosenberg will flee when action is taken against Greenglass. We must move against Greenglass on June 16, as far as process is concerned, as he is staying all night at the New York Office. Therefore, our only opportunity to catch Julius Rosenberg by surprise is early in the morning. On this basis, I advised Mr. Whelan that the Agents should arrange to contact Rosenberg at approximately 8:00 am, on June 16, and question him concerning his knowledge of Greenglass, and if appropriate, work into questioning him on his own activities.

The New York Office is sending in a teletype setting forth available information on Julius Rosenberg. A file search is being made by the Night Supervisor here on Rosenberg. It appears that we have a brief main file on him, showing that the Army had trouble with him because of his Communist leanings.

At 9:10 am, on June 16, 1950, Supervisor Granville advised that Rosenberg had just been brought into the office and the questioning of him would start.

AND SIGNED THE FOLLOWING STATEMENT AT ONE NAUGHT SIX A.M. JUNE SIXTEEN INSTANT. "I, DAVID GREENGLASS, MAKE THE FOLLOWING STATEMENT TO JOHN W. LEWIS AND LEO H. FRUTKIN, WHO HAVE IDENTIFIED THEMSELVES TO ME AS SPECIAL AGENTS OF THE FEDERAL BUREAU OF INVESTIGATION. I MAKE THIS STATEMENT FREELY AND VOLUNTARILY AND HAVE BEEN ADVISED OF MY RIGHT NOT TO MAKE A STATEMENT AND THAT I HAVE A RIGHT TO AN ATTORNEY. I UNDERSTAND THAT THIS STATEMENT MAY BE USED AGAINST ME IN A COURT OF LAW. I WAS BORN MARCH THREE, NINETEEN TWENTYTWO, AT NEW YORK CITY AND PRESENTLY RESIDE AT TWO SIX FIVE RIVINGTON STREET, NEW YORK CITY. ON OR ABOUT NOVEMBER TWENTYNINE, NINETEEN FORTYFOUR, MY WIFE, RUTH, ARRIVED IN NEW MEXICO FROM NEW YORK CITY AND TOLD ME THAT JULIUS ROSENBERG, MY BROTHER-IN-LAW, HAD ASKED IF I WOULD GIVE INFORMATION ON THE ATOM BOMB AND STATED AS A REASON FOR THAT THAT WE ARE AT WAR WITH GERMANY AND JAPAN AND THAT THEY ARE THE ENEMY AND THAT SOVIET RUSSIA WAS FIGHTING THE ENEMY AND WAS ENTITLED TO THE INFORMATION. ON THAT BASIS, I AGREED TO GIVE WHATEVER INFORMATION CAME TO ME IN THE COURSE OF MY EMPLOYMENT AT LOS ALAMOS, NEW MEXICO, AT THE LOS ALAMOS ATOM BOMB PROJECT. THIS MESSAGE, WHICH MY WIFE CONVEYED TO ME, WAS NOT HER OWN IDEA BUT WAS AN IDEA GIVEN TO HER BY JULIUS ROSENBERG. SHE TOLD ME AT THE TIME THAT A MAN WOULD CONTACT ME LATER FOR INFORMATION ABOUT THE LOS ALAMOS ATOM BOMB PROJECT. ABOUT FEBRUARY, NINETEEN FORTYFIVE, MY WIFE MOVED TO ALBUQUERQUE, NEW MEXICO, FROM NEW YORK CITY. THREE OR FOUR MONTHS LATER SHE HAD A MISCARRIAGE.

END OF PAGE TWO

PAGE THREE

APPROXIMATELY A MONTH AFTER THAT TIME, A MAN CAME TO THE PLACE WHERE RUTH WAS LIVING, TWO NAUGHT NINE NORTH HIGH STREET, ALBUQUERQUE, NEW MEXICO. I DID NOT KNOW THIS MAN-S NAME AT THE TIME BUT RECENTLY RECOGNIZED HIS PICTURES IN VARIOUS NEWSPAPERS AS BEING HARRY GOLD. HE HAD WITH HIM A TORN OR CUT PIECE OF PAPER CARD WHICH FITTED A TORN PIECE OF PAPER CARD FURNISHED ME AS A MEANS OF IDENTIFYING THIS MAN. I CANNOT RECALL AT THIS TIME WHETHER THIS TORN PIECE OF CARD WAS GIVEN TO ME BY MY WIFE, RUTH, AT THE TIME SHE MOVED TO ALBUQUERQUE, NEW MEXICO, FROM NEW YORK ABOUT FEBRUARY, NINETEEN FORTYFIVE, OR WHETHER I RECEIVED IT FROM JULIUS ROSENBERG WHILE I WAS IN NEW YORK CITY ON FURLOUGH BETWEEN ABOUT DECEMBER TWENTY, NINETEEN FORTYFOUR, AND JANUARY TWENTY, NINETEEN FORTYFIVE. GOLD GAVE ME AN ENVELOPE CONTAINING FIVE HUNDRED DOLLARS. GOLD SAID TO ME THAT I WAS LIVING IN A POOR PLACE AT THE TIME HE GAVE ME THE FIVE HUNDRED DOLLARS. I FURNISHED HIM WITH INFORMATION CONCERNING THE LOS ALAMOS PROJECT, ALTHOUGH I DID NOT DO IT FOR THE PROMISE OF MONEY. I GAVE HIM A LIST OF NAMES OF PERSONS WHO WERE WORKING AT LOS ALAMOS WHO, I THOUGHT, COULD BE APPROACHED FOR INFORMATION. THEY WERE NAMES OF BOTH SOLDIERS AND CIVILIANS, TO THE BEST OF MY RECOLLECTION. I FELT IT WAS GROSS NEGLIGENCE ON THE PART OF THE UNITED STATES NOT TO GIVE RUSSIA THE INFORMATION ABOUT THE ATOM BOMB BECAUSE SHE WAS AN ALLY. I THINK THAT I GAVE GOLD A SKETCH OF A HIGH-EXPLOSIVE LENS MOLD, OR SOMETHING OF THAT TYPE OF THING, WHICH WAS AN EXPERIMENT TO

STUDY IMPLOSION EFFECTS ON A STEEL TUBE TO UNDERSTAND THE EFFECT
IT WOULD HAVE ON URANIUM SO IT COULD BE DETERMINED HOW THEY COULD
ARRIVE AT A CRITICAL MASS THAT WOULD NOT EXPLODE BEFORE DETONATION.
I HAVE FURNISHED A ROUGH PENCILED SKETCH OF A PORTION OF THE ABOVE-
MENTIONED HIGH-EXPLOSIVE IMPLOSION TEST TO F.B.I. AGENTS. I ALSO
FURNISHED GOLD WITH INFORMATION CONCERNING THE IDENTITY OF A WORLD-
FAMOUS SCIENTIST, WHO WAS WORKING AT LOS ALAMOS UNDER AN ASSUMED
NAME. I ALSO FURNISHED THE INFORMATION TO GOLD THAT ~~OPPENHEIMER~~ WAS
WORKING AT LOS ALAMOS AND THAT ~~KISTIAKOWSKY~~ WAS WORKING AT LOS ALAMOS.
GOLD TOLD ME THAT HE WOULD COME BACK TO SEE ME AGAIN AND I AGREED
TO SEE HIM, HOWEVER, HE NEVER CONTACTED ME AGAIN. MY WIFE WAS NOT
IN THE ROOM AT THE TIME I RECEIVED THE MONEY FROM GOLD AND AT THE TIME
I GAVE HIM INFORMATION ABOUT THE LOS ALAMOS ATOM BOMB PROJECT.
I GAVE GOLD THE INFORMATION WITHOUT EXPECTING MONEY FOR IT. I WAS
INDUCTED INTO THE ARMY APRIL TWELVE, NINETEEN FORTYTHREE, AND WAS
GIVEN ARMY SERIAL NUMBER THREE TWO EIGHT EIGHT TWO FOUR SEVEN THREE.
DURING THE SUMMER OF NINETEEN FORTYFOUR I WAS ASSIGNED TO OAK RIDGE,
TENNESSEE, WHERE I REMAINED FOR ABOUT TWO WEEKS. WHILE AT OAK RIDGE,
TENNESSEE, I WAS GIVEN A SECURITY PEP TALK BY SOMEONE IN MILITARY
INTELLIGENCE, AND AT LOS ALAMOS WAS FURNISHED WITH A SECURITY BOOK.
I UNDERSTOOD THAT ALL OF THE WORK BEING DONE AT LOS ALAMOS, NEW MEXICO,
WAS TOP SECRET. I UNDERSTAND THAT UNDER ARMY REGULATIONS "TOP
SECRET" MEANS THAT SUCH INFORMATION IS NOT TO BE DISCUSSED WITH ANYONE

EVEN WITH FELLOW EMPLOYEES, EXCEPT WHEN IT IS NECESSARY FOR THE WORK. I WAS ASSIGNED TO THE LOS ALAMOS ATOM BOMB PROJECT FROM ABOUT AUGUST, NINETEEN FORTYFOUR, UNTIL ABOUT FEBRUARY, NINETEEN FORTYSIX, AND DURING ALL THAT TIME I WAS A NON-COMMISSIONED OFFICER IN THE UNITED STATES ARMY, HAVING FIRST, GRADE T-FIVE, AND LATER, GRADE T-FOUR. I WAS ASSIGNED TO THETA SHOP AT LOS ALAMOS WHERE I WORKED ON HIGH-SPEED CAMERAS, LUCITE PARTS, EXPERIMENTAL EQUIPMENT, AND ALSO MADE UP PARTS THAT COULD NOT BE BOUGHT ON THE OUTSIDE. ON ONE OCCASION THAT I RECALL I HANDLED URANIUM. IN GENERAL, THE WORK WAS IN REGARD TO THE ATOM BOMB BUT I DID NOT KNOW THIS UNTIL ABOUT A MONTH OR TWO AFTER I WAS ASSIGNED THERE. I HEARD IT AMONG THE EMPLOYEES AT THE LOS ALAMOS PROJECT. I RECALL THAT I HAD A LEAVE OF FIVE DAYS IN LATE NOVEMBER, NINETEEN FORTYFOUR, AND THAT MY WIFE, WHO HAD ARRIVED IN ALBUQUERQUE FOR MY WEDDING ANNIVERSARY CELEBRATION, CAME ON OR ABOUT NOVEMBER TWENTYNINE, NINETEEN FORTYFOUR. I ALSO RECALL THAT I HAD A FURLOUGH FROM ABOUT DECEMBER THIRTY, NINETEEN FORTYFOUR, TO ABOUT JANUARY TWENTY, NINETEEN FORTYFIVE, AND I SPENT MY FURLOUGH TIME IN NEW YORK CITY. I HAVE READ THE ABOVE STATEMENT CONSISTING OF THIS PAGE AND THREE PRECEDING PAGES AND STATE THAT IT IS THE TRUTH TO THE BEST OF MY KNOWLEDGE. NO PROMISES OR THREATS OR COERCION OF ANY KIND WERE USED TO OBTAIN THIS STATEMENT." SIGNED BY DAVID GREENGLASS.

ON EVENING OF JUNE FIFTEEN, FIFTY, HARRY GOLD MADE THE FOLLOWING NOTATION ON A PHOTOGRAPH OF DAVID GREENGLASS "THIS IS THE MAN I CONTACTED IN ALBUQUERQUE, NEW MEXICO IN JUNE NINETEEN FORTYFIVE, ON INSTRUCTIONS FROM MY SOVIET ESPIONAGE SUPERIOR "JOHN". THE MAN IN THE PICTURE GAVE ME INFORMATION RELATIVE TO HIS WORK AT LOS ALAMOS, NEW MEXICO WHICH INFORMATION I LATER GAVE TO JOHN" AT ONE TEN A.M. GREENGLASS WROTE THE FOLLOWING ON THE BACK OF A PHOTOGRAPH OF HARRY GOLD. "THIS IS THE PICTURE OF THE MAN WHO WAS THE RECIPIENT OF MY INFORMATION AT ALB". SIGNED DAVID GREENGLASS.

GREENGLASS TELEPHONICALLY REQUESTED LOUIS ABEL TO OBTAIN FOR HIM ATTORNEY O. JOHN ROGGE AND TOLD LOUIS THAT HE WAS AT THE F.B.I. GREENGLASS SAID LOUIS ABEL IS HIS BROTHER-IN-LAW. PURSUANT TO TELEPHONIC AUTHORITY RECEIVED BY ASAC WHELAN FROM INSPECTOR BELMONT AT THE BUREAU, DAVID GREENGLASS WAS PUT TO BED IN THE NURSE-S OFFICE AT F.B.I. NEW YORK AT ONE FORTY A.M. DETAILS:

At Philadelphia, Pa.

On June 15, 1950, SA's T. SCOTT MILLER, JR. and RICHARD E. BRENNAN exhibited a series of pictures of DAVID GREENGLASS taken in and around 1945 to HARRY GOLD.

In this group of pictures, GOLD identified a photograph of DAVID GREENGLASS as being identical with the American soldier he contacted in June of 1945 in Albuquerque, N.M.

The photograph selected by GOLD was one of DAVID GREENGLASS and his wife, RUTH GREENGLASS, standing on the steps of the house at 209 North High Street, Albuquerque, N. M. This photograph bore an Albuquerque, N. M. camera shop date stamp of November 8, 1945 on the back.

HARRY GOLD wrote the following statement on the back of this photograph of DAVID GREENGLASS and his wife:

"This is the man I contacted in Albuquerque, N. M. in June, 1945, ^{per} instructions from my Soviet Espionage Superior, 'JOHN'. The man in the picture gave me information relative to his work at Los Alamos, New Mexico, which information I later gave to JOHN."

ADMINISTRATIVE PAGE

An analysis of the material secured during the search of HARRY GOLD's residence at 6823 Kindred Street, Philadelphia, failed to reflect any material that had any bearing upon DAVID GREENGLASS.

The photograph described in this report was delivered to the Philadelphia Office, on June 15, 1950, by SA L. O. GALLAHER of the New York Office. This photograph was also returned to the New York Office on the same evening by SA GALLAHER.

HARRY GOLD on June 16, 1950 advised SA's T. SCOTT MILLER, JR. and RICHARD E. BRENNAN that he has no more information concerning DAVID GREENGLASS, beyond that which he has already furnished.

HARRY GOLD on June 26, 1950 advised SA's T. SCOTT MILLER, JR. and RICHARD E. BRENNAN that the relative of GREENGLASS whom he was to contact in December of 1945 was named JULIUS. GOLD has previously stated that he believed this relative's name was PHILIP. It should be noted that this JULIUS is probably identical with JULIUS ROSENBERG, who is the subject's brother-in-law. GOLD also stated that he recalled RUTH GREENGLASS, subject's wife, had mentioned that she had talked to JULIUS shortly before leaving New York City to go to Albuquerque.

On this date, a list of 14 surnames were shown to GOLD and he passed by the name ROSENBERG, stating that it meant nothing to him. In this connection, it is also pointed out that GOLD advised he is not certain whether he was given the last name of GREENGLASS's relative in New York City.

GOLD did state, however, that he received the impression at the time that JULIUS was either an uncle or an in-law of the subject's. He also said that he left Albuquerque with the understanding that the subject and his wife would be staying with JULIUS in New York City, when they arrived there in the following December. GOLD said that it was at JULIUS's residence that he was to establish his next contact with the subject or the subject's wife.

A great deal of the information supplied by HARRY GOLD concerning GREENGLASS consists of GOLD's impressions and recollections, and is being reported as such.

ADMINISTRATIVE PAGE (Continued)

GOLD said that he had been led to understand that if GREENGLASS were not available in Albuquerque, he was to contact subject's wife, RUTH, who would have an envelope for GOLD. He also said that he understood RUTH GREENGLASS was as reliable as her husband in conducting this affair. He also believes that he was told that in the event DAVID GREENGLASS was not at home, he was to conduct all his business with RUTH GREENGLASS and was to make arrangements for future meetings with her.

He said that, to the best of his recollection, RUTH GREENGLASS was in the room the greater portion of the time during which GOLD and DAVID GREENGLASS conducted their business. He also said that even if she had left the combination living-room bedroom and gone into the kitchen, the apartment was so small that she still would not have been out of earshot. He said he remembered that RUTH GREENGLASS was in the living-room when subject gave GOLD the packet of information. However, he believes that she may have been out of the room when GOLD gave the subject the envelope containing \$500. However, GOLD said that Mrs. GREENGLASS was told by her husband immediately after she returned to the room that HARRY GOLD had given DAVID GREENGLASS \$500. GOLD recalls that GREENGLASS was not completely satisfied with this sum but said that it would be enough for the present, but he expected and needed more later on.

GOLD said that RUTH GREENGLASS was also present in the room at the time when DAVID GREENGLASS told GOLD about the possible recruit at Los Alamos. GOLD states, although he says he is not certain, that he is reasonably sure he told DAVID GREENGLASS and his wife that he, GOLD, would be in Albuquerque again in the following September.

Information in this case has been previously reported under the caption UNKNOWN AMERICAN #5, Albuquerque, New Mexico, HARRY GOLD, Informant.

Reference is made to my memorandum to the Attorney General dated June 16, 1950, which was delivered to you by Mr. Ladd and Mr. Belmont on the morning of June 16, 1950. The following additional details regarding this matter are being brought to your attention:

An interview of David Greenglass' wife, Ruth, was not conducted simultaneously with that of her husband in view of the fact that she had entered the Gouverneur Hospital in New York City on June 13, 1950, suffering from an inflammation of the connective tissues in her left leg, a result of burns suffered several months ago. However, on June 16, 1950, after permission had been secured from the doctor at the Gouverneur Hospital, an interview was conducted with Ruth Greenglass. This interview began at 1:30 PM at the Gouverneur Hospital. Mrs. Greenglass supplied background information regarding herself and stated she first visited her husband in Albuquerque, New Mexico, in November, 1944. She stayed about five days to celebrate their wedding anniversary and then returned to New York City. Mrs. Greenglass said that in about March, 1945, she moved to Albuquerque and lived at a number of different addresses, primarily at 209 North High Street. While in Albuquerque Mrs. Greenglass worked for the O.P.A. and also worked for about two weeks with a soil conservation group.

Mrs. Greenglass denied that anyone had visited her or her husband in Albuquerque. She denied knowing the names Harry Gold, Frank Kessler or Frank Martin. She repeatedly declared that the only persons who visited her were people from Albuquerque, such as the wives of G.I.s and fellow employees. She claimed she never had seen Harry Gold before his photograph appeared in the newspapers after his arrest, nor did she recognize him as anyone she knew by any other name. When she was confronted with information furnished by her husband and by Harry Gold in separate interviews, independently confirming Gold's visit to Greenglass in the Spring of 1945 at Albuquerque, she declined to answer any further questions pertaining to her husband or herself without the opportunity of talking to her husband. She said she would have to talk to her husband before she could believe he had furnished any information unless he told her so himself. The interview was terminated at 3:25 PM on June 16, 1950 at which time Mrs. Greenglass' father appeared at the hospital to see Mrs. Greenglass.

In view of the fact that David Greenglass had implicated his sister's husband, Julius Rosenberg, as the individual who arranged for his recruitment in work for the Soviet Espionage Service, arrangements were made for an interview of Rosenberg which was conducted on the morning of June 18, 1950. At this time Rosenberg denied any espionage activities and refused to sign a waiver of search for his apartment. Rosenberg did admit that Ruth Greenglass told him in about August, 1944, that David Greenglass was assigned to a secret project at Los Alamos, New Mexico. Rosenberg also recalled that in about November, 1944, Ruth Greenglass visited Albuquerque and stayed for a short time. He also recalled that in about March, 1945, David Greenglass came to New York City on a furlough, and after Greenglass returned to Albuquerque he procured an apartment for himself and his wife. (It is to be noted that Greenglass' furlough was actually in December, 1944, and January, 1945.) Rosenberg denied asking Ruth Greenglass to request her husband, David, to give information on a secret project to the Soviets. Rosenberg also denied arranging details of David Greenglass' contacts by the Soviets, and he also denied receiving any confidential information relating to the Los Alamos project. Rosenberg specifically denied the circumstances reported by David Greenglass regarding the arranging for a contact in New York City in December, 1945, between Greenglass and an unidentified Soviet agent.

Rosenberg furnished the following background information concerning himself: He was born May 12, 1918, in New York City. His parents' names were Harry and Sophie Rosenberg who were born in Poland. Rosenberg graduated from the City College of New York in February, 1939, with a BA Electrical Engineering Degree. In 1939 he took a tool design course at Brooklyn Polytechnical. In 1940 he attended the Guggenheim Aeronautical School at New York University, studying aeronautical dynamics and aviation motor design. He was employed from 1939 until the Summer of 1940 by the Williams Aeronautical Research Company in New York City. In the Summer of 1940 he obtained a position as a P-1 Junior Inspection Engineer with the Signal Corps of the United States Army. In February, 1945, Rosenberg was dismissed from the Newark, New Jersey, Signal Corps Inspection Agency for alleged subversive activities. Rosenberg said that he had received legal advice from Victor Rabinowitz, a New York attorney, regarding his reinstatement in the Signal Corps. Rosenberg said that he was a member of the FAECT Union from 1940 to 1945 and the Chairman of the Civil Service Committee group in New York City during this period. He said that

he joined this union through Marcel Sherer, who was then the union organizer, and that he was designated Chairman of the Committee by Sherer. Rosenberg said that he was registered with Local Draft Board No. 7 in New York City. He was married June 18, 1939, to Ethel Greenglass, the sister of David Greenglass. They have two sons, Michael Allen Rosenberg, age 7, and Robert Harry Rosenberg, age 3.

You will be furnished a copy of the summary report in this case in the near future. It is requested that you advise us as to whether you consider that there is sufficient evidence on which to institute prosecutive action against Ruth Greenglass and Julius Rosenberg. In this connection you will recall that in our previous memorandum to the Attorney General, dated June 16, 1950, Gold advised that when he was told to contact Greenglass in Albuquerque he believes Yakovlev told him to contact Greenglass' wife if Greenglass was not there. You will also note that in Greenglass' signed statement he admits that his wife, Ruth, arrived in New Mexico in November, 1944, and told him that Julius Rosenberg had asked if he, Greenglass, would give information on the atomic bomb. In his statement it is also set forth that Ruth Greenglass had given to David a torn piece of paper card which was to serve as the means by which Gold was to identify himself.

In connection with the foregoing, you are aware that David Greenglass has retained an attorney, Mr. O. John Rogge, and it is, therefore, not deemed advisable for us to continue interviews with David Greenglass and his wife, Ruth, at this time, through which it might be possible to obtain further information concerning the espionage activities of Julius Rosenberg. It would be appreciated if you would immediately submit your views on the advisability of reinterviewing Ruth Greenglass for information regarding Rosenberg, and as to whether there is sufficient evidence on which to proceed against Ruth Greenglass and Julius Rosenberg.

It is believed that you will be interested in the details of the admitted espionage activity on the part of David Greenglass who was, as you know, arrested on June 16, 1950, for conspiring with Harry Gold and Anatoli A. Yakovlev in violation of Section 34, Title 50, U. S. Code. Greenglass was arraigned before a United States Commissioner in the Southern District of New York and bail was set at \$100,000. Greenglass is to be removed to New Mexico, which is the district where venue will lie.

Harry Gold has executed a signed statement concerning his contacts with Greenglass. He has advised that in about May of 1945 he met his superior, "John," (Anatoli A. Yakovlev) in a bar on Third Avenue in New York City for the purpose of discussing plans for his departure in June of 1945 for Santa Fe, New Mexico, to meet Fuchs. During this meeting "John" supplied him with the name and address of an individual whom Gold has identified as Greenglass and instructed Gold to contact this person in Albuquerque, New Mexico. "John" also gave Gold an envelope containing about \$500 and instructed that this money be given to Greenglass.

Gold states that he left Philadelphia in June of 1945 and went to Albuquerque and from there to Santa Fe, where he contacted Fuchs and on his return to Albuquerque, which he believed was on a Sunday, he contacted Greenglass, learned that Greenglass was in the United States Army and believes that he was a Technician 5th Grade. Gold states that he,

Gold, used the name Frank Kessler or Frank Martin in making this contact. Gold left Greenglass' house and later in the afternoon returned, at which time he received from Greenglass an envelope containing three to five pages of written information and possibly one sketch. Gold believes that this information was a description of the area in Los Alamos, New Mexico, where Greenglass worked. He also believes that there may have been a sketch of some structural equipment or of a machine. Gold judged from what Greenglass said that he worked at Los Alamos as a draftsman, a machinist or an electrician in the Physics Laboratory. During the conversation with Greenglass Gold made tentative arrangements for a second meeting to occur in New York City during a furlough which Greenglass expected at Christmas, 1945. This meeting, according to Gold, never took place. Gold also states that he met Mrs. Ruth Greenglass in Albuquerque.

Greenglass in a signed statement executed on June 16, 1950, admitted that on about November 29, 1944, his wife Ruth arrived in New Mexico from New York City and told him that Julius Rosenberg, Greenglass' brother-in-law, had asked if he would give information on the atom bomb because of the war with Germany and Japan and the fact that Soviet Russia was fighting the enemy and was entitled to the information. On this basis Greenglass agreed to give whatever information which came in his possession as a result of his employment at the Los Alamos Atomic Energy Project.

Greenglass stated that he believes that in about March of 1945 a man whom he identifies as Harry Gold came to his residence at 209 North High Street, Albuquerque, New Mexico, and had with him a torn or cut piece of paper which fitted a torn piece of paper card which had been furnished to Greenglass as a means of identifying the person who would contact him for information. Greenglass was not able to recall whether he received his half of the piece of paper from his wife, Ruth, or whether it had been given to him by Julius Rosenberg while Greenglass was in New York City on furlough between about December 20, 1944, and January 20, 1945. During the meeting Gold furnished to Greenglass an envelope containing \$500. In return Greenglass admits he furnished to Gold information concerning the Los Alamos project, a list of names of persons who were working at Los Alamos and also a sketch of a high-explosive lens mold or something of that type. This, according to Greenglass, was part of an experiment to study implosion effects on a steel tube in an effort to determine the effect it would have on uranium, particularly with respect to determining whether the critical mass of uranium would explode before detonation. Included in the report furnished by Greenglass to Gold was information concerning the fact that Oppenheimer and Kistiakowski were working at Los Alamos.

Investigation has reflected that David Greenglass was born March 3, 1922, in New York City. From February to June, 1940, he attended the Brooklyn Polytechnic Institute, studying mechanical engineering, but did not graduate. He attended the Pratt Institute of Science during the terms ending June 14, 1943, and October 14, 1943, studying mechanical designing. Army records reflect that Greenglass was inducted into the United States Army on April 5, 1943. During July, 1944, he was transferred to the First Provisional Special Engineer Detachment Unit, Manhattan District, Oak Ridge, Tennessee. He departed from Oak Ridge on August 2, 1944, and joined the Second Provisional SED Unit at Santa Fe on August 5, 1944. On February 28, 1946, he was transferred from Santa Fe to the Separation Center at Fort Bliss, Texas, and was discharged on February 29, 1946. The records at Los Alamos reflect that David Greenglass, T-4, was assigned to Group E (implosion experiment) in August, 1944, under G. B. Kistiakowski. He worked in Group E-5 in August, 1944, on "Study of Symmetry of Collapse and Future Methods for its Improvement." He was transferred to Group X-1 under group leader E. E. Bradbury in September, 1944, working on implosion research. In about December, 1944, or January, 1945, Greenglass was working in Group X-4 under E. A. Long and J. W. Stout. This group was charged with engineering of molds for high-explosives, research on sintered and plastic bonded explosives and other miscellaneous services for X Division.

It would be appreciated if you would advise as to whether there would be a danger from the public disclosure of the information which Greenglass has admitted furnishing to Gold at a public trial. In this connection we would like to know whether such a disclosure at a trial would in effect amount to a declassification of matters which you still have under classification. It is our understanding that a sketch of a high-explosive lens mold was under classification by the Manhattan Engineer District at the time that Greenglass furnished this information to Gold and that it is still classified by you. Further details with respect to this would be appreciated.

You are requested to make no dissemination of the information contained in this memorandum.

DAVID GREENGLASS' apartment at 265 Rivington St., NYC, searched with his consent 6/15/50. Photograph of DAVID GREENGLASS found there taken at Albuquerque, New Mexico, in 1945, was positively identified by HARRY GOLD as person who furnished him information regarding Los Alamos, N.M., atom bomb project at Albuquerque, N.M., June, 1945. On 6/15/50 DAVID GREENGLASS gave signed statement to FBI agents at NYC admitting he was recruited for Soviet espionage by his wife, RUTH GREENGLASS, about 11/29/44, at request of his brother-in-law, JULIUS ROSENBERG, NYC. GREENGLASS states he was furnished with torn or cut piece of paper card by either RUTH GREENGLASS or JULIUS ROSENBERG which matched piece in possession of HARRY GOLD for identification and that when GOLD came to GREENGLASS' apartment at Albuquerque, N.M., in summer, 1945, he gave GOLD sketch of high explosive experimental lens mold then being used for experiments in arriving at critical uranium mass at Los Alamos atom bomb project and he furnished GOLD with information regarding personnel at Los Alamos, including OPPENHEIMER, KISKIAKOWSKY and Dr. BOHR, who was then working at Los Alamos under the alias BAKER.

DAVID GREENGLASS admits knowledge that all work at Los Alamos was top secret. He states GOLD gave him \$500 at that time but claims that he was motivated by feeling that the U.S. should have furnished information regarding atomic bomb to their ally, USSR. On 6/16/50 DAVID GREENGLASS furnished second signed statement admitting that, while he was in NYC on furlough either after or before his meeting with GOLD, JULIUS ROSENBERG arranged for contact between DAVID GREENGLASS and unknown man who questioned him concerning the high explosive lens mold. DAVID GREENGLASS arraigned 6/16/50 before USC, SDNY, on basis of warrant issued Albuquerque, N.M., 6/16/50, charging GREENGLASS with violation Section 34, Title 50, USC (1946 edition). DAVID GREENGLASS remanded to custody USM, SDNY, in default \$100,000.00 bail. Hearing continued to 6/23/50. Correspondence found in apartment of GREENGLASS indicates GREENGLASS converted his wife, RUTH, to principles of Communism and that she has been member of YCL and AYD. Correspondence also reflects RUTH GREENGLASS was at Franciscan Hotel, Albuquerque, N.M., from 11/26/44 to 12/4/44. DAVID GREENGLASS admits former membership in YCL and IWO.

DETAILS:

The title of this case is being changed to reflect the aliases of subject, DAVID GREENGLASS as DAVE GREENGLASS, DAVID GREEN, DAVID GREENE, The title has previously been carried as UNKNOWN AMERICAN NUMBER 5, Albuquerque, New Mexico; HAROLD GOLD - INFORMANT, and as DAVID GREENGLASS.

AT NEW YORK, NEW YORK

IDENTIFICATION OF DAVID GREENGLASS

DAVID GREENGLASS was positively identified as the unknown man who had furnished information to HARRY GOLD in June, 1945 concerning the Los Alamos, New Mexico Atom Bomb project, in the following manner:

During the afternoon of June 15, 1950, while searching the apartment of DAVID GREENGLASS, Apartment 6, 265 Rivington Street, New York City, with GREENGLASS' consent, Special Agent LEO H. FRUTKIN located a group of twenty-four photographs of DAVID and RUTH GREENGLASS. One of these photographs bore a photographer's stamp on the back, showing the date of November 8, 1945, Albuquerque, New Mexico. In the presence of Special Agent JOHN W. LEWIS, DAVID GREENGLASS advised Special Agent FRUTKIN that this photograph was one of him and his wife, RUTH GREENGLASS, which had been taken in Albuquerque, New Mexico. The photograph shows DAVID GREENGLASS to be dressed in an Army uniform. This photograph, together with the others, was given to Special Agent WILLIAM F. NORTON by Special Agent LEO H. FRUTKIN. NORTON was at that time on the street in front of 265 Rivington Street, New York City. NORTON walked east on Rivington Street until he located Special Agent MAURICE W. CORCORAN in the vicinity of Columbia Street and Rivington Street, at which time he gave the photographs to Special Agent MAURICE W. CORCORAN, who turned them over to Special Agent WALTER C. ROETTING, who was in an automobile in the neighborhood. ROETTING delivered the photographs to Special Agent LESTER O. GALLAHER at the FBI Office in New York City. GALLAHER transported the photographs to Philadelphia, where he gave them to Special Agent T. SCOTT MILLER. Special Agent MILLER then exhibited the above-mentioned photograph, stamped November 8, 1945, Albuquerque, New Mexico, to HARRY GOLD, who made the following notation on the back of the photograph:

"This is the man I contacted in Albuquerque, New Mexico, in June 1945, on instructions from my Soviet espionage superior 'John'. The man in the picture gave me information relative to his work at Los Alamos, New Mexico, which information I later gave to John.

CONFESSIONS OF DAVID GREENGLASS

On the evening of June 15, 1950, DAVID GREENGLASS furnished the following signed statement:

"New York, New York
June 15, 1950

"I, David Greenglass, make the following statement to John W. Lewis and Leo H. Frutkin, who have identified themselves to me as Special Agents of the Federal Bureau of Investigation. I make this statement freely and voluntarily and have been advised of my right not to make a statement and that I have a right to an attorney. I understand that this statement may be used against me in a court of law.

"I was born March 3, 1922, at New York City and presently reside at 265 Rivington Street, New York City.

"On or about November 29, 1944, my wife, Ruth, arrived in New Mexico from New York City and told me that Julius Rosenberg, my brother-in-law, had asked if I would give information on the Atom Bomb and stated as a reason for that that we are at war with Germany and Japan and that they are the enemy and that Soviet Russia was fighting the enemy and was entitled to the information. On that basis, I agreed to give whatever information came to me in the course of my employment at Los Alamos, New Mexico, at the Los Alamos Atom Bomb Project. This message, which my wife conveyed to me, was not her own idea but was an idea given to her by Julius Rosenberg. She told me at the time that a man would contact me later for information about the Los Alamos Atom Bomb Project.

"About February, 1945, my wife moved to Albuquerque, New Mexico, from New York City. Three or four months later she had a miscarriage. Approximately a month after that time, a man came to the place where Ruth was living, 209 North High Street, Albuquerque, New Mexico. I did not know this man's name

15336
NY 65-15336

"at the time but recently recognized his pictures in various newspapers as being Harry Gold. He had with him a torn or cut piece of paper card which fitted a torn piece of paper card furnished me as a means of identifying this man. I cannot recall at this time whether this torn piece of card was given to me by my wife, Ruth, at the time she moved to Albuquerque, New Mexico, from New York about February, 1945, or whether I received it from Julius Rosenberg while I was in New York City on furlough between about December 20, 1944, and January 20, 1945. Gold gave me an envelope containing \$500. Gold said to me that I was living in a poor place at the time he gave me the \$500. I furnished him with information concerning the Los Alamos Project, although I did not do it for the promise of money. I gave him a list of names of persons who were working at Los Alamos who, I thought, could be approached for information. They were names of both soldiers and civilians, to the best of my recollection. I felt it was gross negligence on the part of the United States not to give Russia the information about the Atom Bomb because she was an ally.

"I think that I gave Gold a sketch of a high-explosive lens mold, or something of that type of thing, which was an experiment to study implosion effects on a steel tube to understand the effect it would have on uranium so it could be determined how they could arrive at a critical mass that would not explode before detonation.

"I have furnished a rough penciled sketch of a portion of the above-mentioned high-explosive implosion test to F.B.I. Agents.

"I also furnished Gold with information concerning the identity of a world-famous scientist, who was working at Los Alamos under an assumed name. I also furnished the information to Gold that Oppenheimer was working at Los Alamos and that Kistiakowsky was working at Los Alamos.

"Gold told me that he would come back to see me again and I agreed to see him; however, he never contacted me again.

"My wife was not in the room at the time I received the money from Gold and at the time I gave him information about the Los Alamos Atom Bomb Project. I gave Gold the information without expecting money for it.

NY 65-15336

"I was inducted into the Army April 12, 1943, and was given Army Serial Number 32882473. During the summer of 1944 I was assigned to Oak Ridge, Tennessee, where I remained for about two weeks. While at Oak Ridge, Tennessee, I was given a security pep talk by someone in Military Intelligence, and at Los Alamos was furnished with a security book. I understood that all of the work being done at Los Alamos, New Mexico, was top secret. I understand that under Army regulations 'top secret' means that such information is not to be discussed with anyone even with fellow employees, except when it is necessary for the work. I was assigned to the Los Alamos Atom Bomb Project from about August, 1944, until about February, 1946, and during all that time I was a non-commissioned officer in the United States Army, having first, Grade T-5, and later, Grade T-4. I was assigned to Theta Shop at Los Alamos where I worked on high-speed cameras, lucite parts, experimental equipment, and also made up parts that could not be bought on the outside. On one occasion that I recall I handled uranium. In general, the work was in regard to the Atom Bomb but I did not know this until about a month or two after I was assigned there. I heard it among the employees at the Los Alamos Project.

"I recall that I had a leave of five days in late November, 1944, and that my wife, who had arrived in Albuquerque for my wedding anniversary celebration, came on or about November 29, 1944. I also recall that I had a furlough from about December 30, 1944 to about January 20, 1945, and I spent my furlough time in New York City.

"I have read the above statement consisting of this page and three preceding pages and state it is the truth to the best of my knowledge. No promises or threats or coercion of any kind were used to obtain this statement.

This photograph is being retained in the files of the New York Office.

Concerning the above-mentioned signed statement, it should be noted that prior to its dictation by Special Agents JOHN W. LEWIS, LEO H. FRUTKIN and DAVID GREENGLASS, that GREENGLASS had advised Agents LEWIS and FRUTKIN that he first became aware that he was working on the Atom Bomb when he learned it from his wife at the time she requested him to get information on it for the Soviets, about November 29, 1944. It will be noted that he changed this statement in the above quoted statement to read that he first became aware he was working on the Atom Bomb when he learned it from talk around the Los Alamos Project. GREENGLASS stated that he feels that it is his duty to protect his wife and his family to the best of his ability under the circumstances. GREENGLASS had also previously advised the above agents that the internationally known scientist mentioned in the above signed statement was Dr. BOHR, who was working at Los Alamos, New Mexico, Atom Bomb Project under the assumed name BAKER, so that the world would not know that Dr. BOHR was employed there.

It should also be noted that prior to the dictation of the above statement, GREENGLASS had claimed that he did not know who asked RUTH GREENGLASS to recruit him to get information concerning the Atom Bomb for the Soviets, but he later admitted that his brother-in-law, JULIUS ROSENBERG of New York City, was the one who had done so, and GREENGLASS said that he had admitted this lie because he felt that investigation might well reveal the true facts. It should

NY 65-15336

also be noted that at that time GREENGLASS claimed that he had no personal contact with ROSENBERG concerning espionage activities. This claim is untrue as will be set forth below.

The above signed statement was dictated to Stenographer FRANCES DEVLIN and transcribed by her. Her stenographic notes are being retained in the files of the New York Office. The statement was dictated for the most part from notes of Special Agent JOHN W. LEWIS, which are being retained in the files of the New York Office. The changes made in the statement are in the handwriting of Special Agent LEO H. FRUTKIN, each change having been initialed by DAVID GREENGLASS. The last paragraph of the signed statement is in the handwriting of DAVID GREENGLASS.

On the morning of June 16, 1950, DAVID GREENGLASS gave the following signed statement:

"I, DAVID GREENGLASS, 265 Rivington Street, New York City, make the following voluntary statement to Special Agents LEO H. FRUTKIN and JOHN W. LEWIS of the Federal Bureau of Investigation. They have told me that I do not have to make any statement, and that any statement I make can be used against me in a court of law. I know I have the right of counsel and to be represented by an attorney. No promises or threats, or coercion has been used to obtain this statement.

"I recall that when I was on furlough from the Los Alamos Atom Bomb Project, my brother-in-law, JULIUS ROSENBERG, in New York City, asked to see me one night. I had a previous appointment of a social nature to see some personal friends and cut the appointment short in order to meet my brother-in-law, JULIUS ROSENBERG. I borrowed a 1935 Oldsmobile and drove to the vicinity of about First Avenue, somewhere above East 42nd Street, but below East 59th Street probably. I parked the car at the curb, on a north bound street facing north. JULIUS ROSENBERG walked over to the car and told me to wait. Then he walked away and came back with a man and introduced him to me by a first name which I do not recall. Then the man got into the car and I drove around while the man asked me questions about a high-explosive lens which was being experimented with at Los Alamos Atom Bomb Project. I tried to describe the lens to the man while I was driving. When the man left the car about fifteen minutes later, I went home. JULIUS, after introducing the man to me had left. This furlough was either the one before I met HARRY GOLD the summer of 1945 or after that time.

NY 65-15336

"I have read the above statement consisting of this page and one preceding page and state that it is the truth to the best of my knowledge.

/s/ "DAVID GREENGLASS

"Witnessed

/s/ "LEO H. FRUTKIN
Special Agent, FBI
/s/ "JOHN W. LEWIS
Special Agent, FBI, NYC"

The above signed statement is written in the handwriting of Special Agent LEO H. FRUTKIN and the changes have been initialed by DAVID GREENGLASS. GREENGLASS signed both pages and wrote the last paragraph in his own handwriting. This signed statement is being retained in the files of the New York Office.

Although GREENGLASS was hazy as to the time of the meeting mentioned in the latter statement, he is more inclined to believe that this meeting took place subsequent to his meeting with HARRY GOLD in June, 1945, and that the unknown man mentioned in the latter statement had been attempting to get a clarification and amplification of the information he had furnished to HARRY GOLD concerning the high-explosive lens. He advised that the above meeting took place during a dark night, and that he saw the unknown man only when a light shone on his face. He was of the opinion that the man was wearing a hat, but that at one time the man pushed the hat back, revealing a high hairline. He was shown a group of photographs, including photographs of ANATOLI A. YAKOVLEV, and SEMEN SEMENOV. He said that the photograph of SEMENOV more nearly resembled the unknown man than the others, but that his only reason for saying this was that SEMENOV has a high hairline.

PROSECUTIVE ACTION

The following information concerning prosecutive action has been received from the Albuquerque Office:

NY 65-15336

Upon the authority of Assistant United States Attorney MAURICE SANCHEZ, Albuquerque, New Mexico, Special Agent J. JEROME MAXWELL filed the following complaint before United States Commissioner OWEN J. MOWREY at Albuquerque, New Mexico, at 9:36 A.M., June 16, 1950. The warrant was signed at 9:37 A.M., June 16, 1950. The complaint is as follows:

"Before me, the undersigned, a United States Commissioner, in and for the District of New Mexico, upon this 16th day of June, 1950, personally appeared J. JEROME MAXWELL, Special Agent, Federal Bureau of Investigation, and first being duly sworn, deposes and says:

"That from on or about January 1, 1945, and continuously thereafter for a considerable period, the exact period being to deponent unknown in the District of New Mexico, and within the jurisdiction of this Court and elsewhere, DAVID GREENGLASS, the defendant herein, did, the United States then and being at war, conspire, combine, confederate and agree with HARRY GOLD and ANATOLI A. YAKOVLEV, alias *'JOHN' and divers other persons to deponent unknown, to violate sub-section (A) of Section 32, Title 50, United States Code, in that they did conspire, combine, confederate and agree, with intent and reason to believe that it would be used to the advantage of a foreign nation, to wit, the Union of Soviet Socialist Republics, to communicate, deliver and transmit and attempt to communicate, deliver and transmit to a foreign government, to wit, the Union of Soviet Socialist Republics, and representatives and agents thereof, directly and indirectly, documents, writings, sketches, notes and information relating to the National Defense of the United States, to wit, documents, writings, sketches, notes and information relating to Atomic Energy and nuclear fission.

"Pursuant to the said conspiracy and to effect the objects thereof, the defendant and other conspirators, did commit, among others, the following overt act:

NY 65-15336

"1. In or about the month of June or July, 1945, the exact date being to deponent unknown at Albuquerque in the District of New Mexico, the defendant, DAVID GREENGLASS, met and conferred with HARRY GOLD and at that time delivered to said HARRY GOLD information relating to the National Defense of the United States.

"In violation Section 34, Title 50, United States Code (1946 edition)."

Assistant United States Attorney MAURICE SANCHEZ recommended bond of \$100,000 and such bond was fixed at that figure by the United States Commissioner, Albuquerque.

On June 16, 1950, Mr. IRVING H. SAYPOL, United States Attorney, for the Southern District of New York, advised Special Agent JOHN W. LEWIS that he had telephonically received advice concerning the issuance of the above-mentioned warrant at Albuquerque, New Mexico. On the basis of the above information, the following complaint against DAVID GREENGLASS was signed by Special Agent JOHN W. LEWIS before Honorable EDWARD W. McDONALD, United States Commissioner, for the Southern District of New York, on June 16, 1950:

"JOHN W. LEWIS, being duly sworn, deposes and says that he is a Special Agent of the Federal Bureau of Investigation and upon information and belief alleges and charges as follows:

"That on the 16th day of June, 1950, in the district of New Mexico, a complaint and warrant was filed and issued for the arrest of the above-named defendant, who is charged with the violation of Title 50, United States Code, Section 34 (1946 edition), that on information and belief, he believes that the defendant, DAVID GREENGLASS, who was apprehended in the Southern District of New York, is the same DAVID GREENGLASS for whom the warrant was issued in the district of New Mexico. The sources of deponent's information and the grounds of his belief are advice from U. S. Attorney IRVING H. SAYPOL of the Southern District of New York, that he has been telephonically advised that MAURICE SANCHEZ, United States Attorney for the district of New Mexico, had filed before United States Commissioner OWEN J. MOWREY, at Albuquerque,

NY 65-15336

"New Mexico, the aforesaid complaint recited hereinabove, charging a violation of Title 50, Section 34, United States Code (1946 edition), and statements of the defendant."

At the time of filing the above complaint, DAVID GREENGLASS was arraigned before Commissioner McDONALD, who remanded him to the custody of the United States Marshal, Southern District of New York, in default of \$100,000.00 bail, and continued the hearing until June 23, 1950. GREENGLASS was represented at the arraignment by attorney O. JOHN ROGGE.

SEARCH OF DAVID GREENGLASS' HOME

At 1:46 p.m. on June 15, 1950, Special Agents JOHN W. LEWIS and LEO H. FRUTKIN appeared at Apartment 6, 265 Rivington Street, New York City, which is rented by DAVID GREENGLASS. The agents were admitted to the apartment by DAVID GREENGLASS. Special Agent JOHN W. LEWIS identified himself to GREENGLASS and introduced Special Agent FRUTKIN. LEWIS advised GREENGLASS that the agents were attempting to obtain information concerning materials and information which had been either lost, strayed or stolen from the Los Alamos Atom Bomb Project at New Mexico during the period that GREENGLASS was employed there, and that in connection with this investigation, the agents desired to search GREENGLASS' apartment if he would so permit. GREENGLASS was advised by Special Agent JOHN W. LEWIS of his Constitutional right not to make any statement, of his right to have an attorney, and of his right not to have his home searched without a warrant. GREENGLASS advised that he had nothing to hide and that he desired to cooperate in every way, and signed a waiver of search for his apartment. This waiver of search is being retained in the files of the New York Office and was witnessed by Special Agents LEWIS and FRUTKIN.

Agents LEWIS and FRUTKIN began the search of this four-room apartment at 1:58 p.m. At 2:26 p.m., Agent FRUTKIN took out of the apartment a group of twenty-four photographs, with the consent of DAVID GREENGLASS, to whom he had exhibited the photographs.

Upon Agent FRUTKIN'S return to the apartment shortly thereafter, Special Agent JOHN A. HARRINGTON also joined the search. The search continued until about 5:07 p.m. and the following items were taken from the apartment with the consent of DAVID GREENGLASS, in addition to the above-mentioned photographs, and are presently being retained in the files of the New York Office,

"TO THE MEN AND WOMEN OF MANHATTAN DISTRICT PROJECT:

"Today the whole world knows the secret which you have helped us keep for many months. I am pleased to be able to add that the warlords of Japan now know its effects better even than we ourselves. The Atomic Bomb which you have helped to develop with high devotion to patriotic duty is the most devastating military weapon that any country has been able to turn against its enemy. No one of you has worked on the entire project or knows the whole story. Each of you has done his own job and kept his own secret, and so today I speak for a grateful nation when I say congratulations and thank you all.

"I hope you will continue to keep the secrets you have kept so well. The need for security and for continued effort is fully as great now as it ever was. We are proud of every one of you.

"ROBERT P. PATTERSON
"Undersecretary of War"

NY 65-15336

One mimeographed letter signed by J. R. OPPENHEIMER, which is undated, and which is quoted as follows:

"An official public announcement has just been made of the existence and general purpose of this project and associated projects under the cognizance of the Manhattan District. From time to time further information will probably be released. The decisions on what may be released and what is in the public interest to release, have been made by the highest authorities of the country. I am sure that they would be glad to consider well motivated suggestions about future releases. I should be glad to transmit such suggestions to them.

"As you will have noticed, many technical matters have not been referred to in this release. We must be guided by the fact that the material not officially released for publication is still classified as secret, and it is still our obligation to maintain it so. I know that it will be some comfort to all of you to have the general purpose of our work known, and to be able to admit your association with it; beyond that, and the confirmation of matters known to you to have been released for publication, no information about our work may be made public.

"It is realized by all of us that the partial relaxation of security makes the maintenance of security more difficult, but on behalf of those responsible for over-all policy, I must ask your cooperation and help in this as I have in the past."

NY 65-15336

The following items were located by Special Agent JOHN W. LEWIS in GREENGLASS' apartment, and were removed with GREENGLASS' consent:

One lucite disc with six holes. GREENGLASS claimed that this disc was some part of the Atomic Bomb which he had picked up at Los Alamos, New Mexico. He said he was not positive as to the use of this disc, but is of the belief that it was used either for a powder train to go through the holes, or that the holes were used for photography.

One identification card of DAVID GREENGLASS, issued by the War Department, United States Engineers Office, October 3, 1945.

One identification badge of DAVID GREENGLASS from Peerless Laboratories, New York City.

The above items have been marked for identification by Special Agent LEWIS, with his initials and date. Agent LEWIS also located a trunk locker partially filled with correspondence, concerning which information is set forth below:

LEWIS also obtained typing specimens from GREENGLASS' Smith Corona noiseless portable typewriter, which have been identified by both GREENGLASS and Agent LEWIS.

LETTERS OF DAVID GREENGLASS

While searching DAVID GREENGLASS' apartment; ~~that is~~, Apartment 6, 265 Rivington Street, New York, New York, on June 15, 1950, with the consent of DAVID GREENGLASS, a foot locker or hand trunk was found by SA John W. Lewis in the room adjacent to the kitchen. The foot locker was located on an open shelf above the closet located against the east wall of that room. DAVID GREENGLASS opened the lock with a screwdriver. This lock was apparently unlocked but rusted somewhat so that it could not be readily opened.

DAVID GREENGLASS and SA Lewis found that with the exception of a shallow tray in the top of the trunk, the foot locker was almost full of letters. GREENGLASS browsed through seven or eight of the letters and told Agent Lewis that he could take them all but that he would like to have them back when the FBI ^{was} finished with them. ~~The shallow tray was left in the apartment and Agent Lewis took the foot locker containing the letters and gave it to SA William F. Norton, Jr., who was in a Bureau car parked in front of 265 Rivington Street. Agent Norton transported the trunk to the FBI Office, New York City, where he turned the foot locker over to SAs James P. Lee and Joseph C. Walsh.~~

omit (On June 17, 1950 photographs of this trunk were made by Photographer Peter C. Mitesser of the New York Office, which are being retained in the New York files. The following excerpts from the letters are being set forth:

1. Letter postmarked March 22, 1943 from IDA ~~X~~ALTERMAN, 250 Division Street, to Mrs. RUTH GREENGLASS, inviting her to attend a meeting, for which an invitation was enclosed. The letter ended with the phrase "In case I'm not there when you come Wednesday night, ask for SYLVIA ~~X~~ALTERMAN, my sister, Club Lincoln, 236 East Broadway". The invitation which was included in this letter was an invitation to the Fourth Empire State Victory Convention, Young Communist League, to be held Friday, March 26th at 7:30 P.M., at the Central Opera House, 67th Street and Third Avenue, New York City.

2. Letter dated April 28, 1943 from Private DAVID GREENGLASS, Aberdeen, Maryland, to Mrs. RUTH GREENGLASS, in which he stated as follows: "Although I'd love to have you in my arms I am content without so long as there is a vital battle to be fought with a cruel, ruthless foe. Victory shall be ours and the future is socialism's".

3. Letter dated May 1, 1943 from Private DAVID GREENGLASS, Aberdeen, Maryland, to Mrs. RUTH GREENGLASS, in which he stated: "While at Dix I met four comrades and boy they were tops in their respective lines.

NY 65-15336

"One of them had 150 I.Q. out of a possible 153. We made quite a group..... While I was in Dix I had a few discussions with other soldiers on politics but I never had a chance to finish an argument... By the way darling I read and enjoyed your letters and also the clippings from PM you had put in. I'd like to see some clippings from the Daily Worker too. Something like MIKE GOLD or SENNER GARLIN or the 'Veteran Commander'. I really miss them".

4. Letter dated May 2, 1943 from RUTH GREENGLASS to Private DAVE GREENGLASS, Aberdeen, Maryland, in which she states: "Well darling here it is Sunday and I went to the rally. Well sweetheart all I can say is that I am sorry I missed so many other May Days when I had the opportunity to march side by side with you. The spirit of the people was magnificent... I'm going to buy tomorrow's Worker and send you the writeup on it. I almost forgot to tell you this. On the subway on the way to the stadium five girls came on the platform singing and harmonizing beautifully. The melodies struck a cord in my mind and suddenly I remembered the film we saw of the Russian folk dances and music. Remember at the Stanley Theater and again at the Irving Place. These girls were singing Russian folk songs and everyone on the platform crowded around to hear.... Perhaps the voice of 75,000 working men and women that were brought together today, perhaps their voices demanding an early invasion of Europe will be heard and then my dear we will be together to build --under socialism--our future..."

5. Letter dated May 26, 1943 from RUTH GREENGLASS to Private DAVE GREENGLASS, in which she states: "Dearest, remember what JULIE told you, as a Communist it's up to you to set an example to the other soldiers and you can't do that if an officer bears a grudge against you."

6. Letter from Private D. GREENGLASS to Mrs. R. GREENGLASS, dated June 3, 1943 at Aberdeen, Maryland, in which he states: "Although we are materialists we base our materialism on humanity and humanity is love. It is the most powerful force in the world. It is causing us to win where we are outnumbered. The victory shall be ours. The freedom shall be greater because of our great feeling that only democratic and freedom-loving peoples can foster. Darling, and we who understand can bring understanding to others because we are in love and have our Marxist outlook."

7. Letter from Mrs. RUTH GREENGLASS to Corporal DAVE GREENGLASS, Aberdeen, Maryland, dated July 14, 1943, in which she states: "I saw IDA tonight and she gave me a report of what happened at the branch president's meeting. There is a new program afoot now. The YCL will disband and we'll form some sort of youth, anti-fascist, win-the-war club on a national scale."

NY 65-15336

"I think this was suggested principally because many people shy away from our club because of 'Communist' in our club name. It seems they're afraid of political entanglements and its antagonism is very old and set. Therefore the plan is to form the type of group I mentioned and try to draw all youth into it to make them aware of what we're fighting for. The Communists from among the Party will still try to recruit into the Party but there will be no YCL.... Darling, do you remember one FLORENCE FREY.... Well the other day she walked into our office and she says she has known me for the longest time. She told me that she knows you. She claims she was once sent from Club Molroe to recruit you. Do you know her? Also, did you belong to Molroe or only Colin Kelly, and how long have you been a member of the League. That's just a by the way I'd like to know".

8. Letter from RUTH GREENGLASS to Corporal DAVID GREENGLASS, Arcadia, California, dated August 22, 1943, in which she stated: "HERBIE ALEXANDER came to see me and this time he found me home. We talked and he asked me if I was president of the 'club'. For a moment I didn't understand what he was talking about and then I told him I was. He then said that he too was a Communist and was trying to convert his place. He claimed he'd already converted LIBI, that she was a socialist, isn't that odd. You gave me the impression that HERBIE was rather reactionary.... All this was rather new to me but anyway I am glad he was re-educated".

9. A letter dated August 24, 1943, from T/5 D. GREENGLASS to MRS. R. GREENGLASS in which he states as follows: "Darling, during lunch I had two discussions on political questions with some fellows. I used the utmost patience and care in the choice of words so that I could get my point across and still not be suspected of Communism. Well, I believe that I did get something across to them and I will continue to work on them further. I'll raise that flag yet so don't worry about the future."

10. A letter from T/5 D. GREENGLASS, at Arcadia, California, dated August 25, 1943, to Mrs. R. GREENGLASS, in which he states: "First of all, let me tell you I certainly was surprised to hear that HERBIE ALEXANDER was finally converted. It made everything seem brighter with the world. By that I mean we were progressing by recruiting more members who will put that much more weight behind our philosophy.... Now about LIBIE. Well, I think she'll do it because HERBIE says so. If I were you I would try to educate her, so that she will understand it on her own. If HERBIE is sincere then HERBIE understands the principles or else he wouldn't have said anything about it."

NY 65-15336

11. A letter to Technician 5/C DAVID GREENGLASS at Fort Ord, California, dated November 4, 1943, signed ~~JULIE~~ and ~~ETHEL~~, in which it is stated: "Tomorrow we (including ~~RUTHIE~~ and ~~JULIE~~ and I hope ~~GLADDIE~~ and ~~JEAN~~) are going to the American Council on Soviet Relations rally at the Garden -- ROBESON is to open the meeting by singing...."

12. A letter from T/5 D. GREENGLASS, Arcadia, California, to Mrs. R. GREENGLASS, dated September 1, 1943, in which he states as follows: "Through our Marxian philosophy, we shall go forward to a better, more richer world for us and our children. A world where they (our children) can look forward to a life of usefulness, culture and a love of people and not own heart interests."

13. Letter dated September 19, 1943 from RUTH GREENGLASS to Technician 5/C DAVE GREENGLASS, Ford Ord, California, in which she stated: "~~PHYLLIS~~ finished dressing first so she and HERBIE came to ~~DIANA'S~~ house to wait for her. I don't quite remember how it happened but before I knew it the conversation took a sudden turn and we were all discussing current events. It didn't take much time for me to notice that they were all anti-Soviet. They started shooting questions at me until I asked why I was being cross-examined. PHYLLIS piped up, 'as president of the YCL you should know the answer'. I have no idea how she found out about it but there was such scathing sarcasm in her voice that I picked up my head in surprise. Obviously they believe in Moscow gold. They think I have a private wire to get information daily from JOE STALIN himself. I saw that I wasn't able to cope with those characters so I changed the subject...."

14. A letter from T/5 D. GREENGLASS, Fort Ord, California, to Mrs. RUTH GREENGLASS, dated September 30, 1943, in which he states: "Well, here I am in Frisco again...Last night I went to the Reform Temple here in the City. After that I met a refugee family, who took us to their home and entertained us royally. They are very well-to-do and have to younger sons. I also found the Doctor (the husband) is a dermatologist and makes use of X-rays a great deal....Don't worry. They are not religious people and they are definitely radical from what I see they have in their library and how they talk about world affairs."

15. A letter from T/5 D. GREENGLASS, Fort Ord, California, dated November 4, 1943, in which he states as follows: "Dearest, how did the CP and ALP make out in the elections. I am pretty interested so give me the results."

NY 65-15336

16. Letter dated December 24, 1943 from Technician 5/C D. GREENGLASS, Fort Ord, California, to Mrs. RUTH GREENGLASS, New York City, in which he stated: "Darling, this morning I had a political discussion with some of the fellows before they went to work.... You probably know that I had injected a great deal of our beliefs into the discussion. It went over pretty well. As I have always said, you must put the other man on the defensive or else the argument sometimes gets away from you.... The news of the partisan armies of Yugoslavia and Greece and their refusal of the respective kings of those countries is very welcome indeed. It shows the growth of a progressive social spirit among the people of Europe. I hope that it spreads back to America where it had originated."

17. Letter dated December 27, 1943 from T/5 D. GREENGLASS, Fort Ord, California, to Mrs. RUTH GREENGLASS, in which he stated: "Darling, you are right it is our twisted psycology that is due in the greatest part to our 'social structure', namely, capitalism with its economic hold on everyone, teaching them to grasp what they can and giving them no real future to look to. Dearest, at present we are fighting a war to give people a chance at least. I hope that we can do away with the rotten structure as quickly as possible... Dearest, you are no snob, what you say is true and there are only two ways to look at it. Either convert our friends or drop them. And I don't believe in giving up easily, do you."

18. Letter from T/5 D. GREENGLASS to Mrs. RUTH GREENGLASS, dated January 2, 1944, from Fort Ord, California, in which he stated: "I am reading another book called 'What Makes Sammy Run' by SCHUIMAN and so far it is pretty good. Darling, is the Random House Publishers the Party press? You see that is the publisher of this book..... Sweetheart, that comrade in the shop doesn't realize that we have sort of a united front with all anti-fascist groups and therefore the Post comes under that heading. I like certain columns in it and I'd rather read it than the Herald Tribune or Sun... So, darling, a subscription to the Post is what I want in view of the fact that a Worker would just about put me in the guard house."

19. Letter dated January 2, 1944 from Mrs. D. GREENGLASS to T/5 DAVID GREENGLASS, Fort Ord, California, in which she stated: "Still I hope that our children will be brought up in a socialist world and our money will be useless, I look forward to that day when necessities and luxuries are to be had by all and sundry just so long as he justifies living by working... I am reading 'Battle Hymn of China' and I am certainly enjoying it, it's a powerful book. Darling, a lot of the things you told me about China (things that never appear in the press) when you were trying to convert me I'm reading in this book".

NY 65-15336

20. Letter dated January 10, 1944 from Mrs. R. GREENGLASS to T/5 DAVE GREENGLASS, Fort Ord, California, in which she stated: "I went to the meeting at the Garden tonight and somehow I missed ETHEL. I don't know how. I'm going to call her tomorrow and find out. The meeting was very good as you can imagine. ~~BROWDER~~, AMTER, ELIZABETH GURLEY ~~FLYNN~~, CLAYTON ~~POWELL~~ and some others spoke." EARL

"Have you heard that the Communist Party may dissolve? As BROWDER put it tonight, when the war is over the people won't be ready to accept socialism and all its reforms and to offer it to them may alienate it more than ever... The central committees of the parties have proposed that the Party dissolve and a committee of political education be formed. However, this is only a proposal and will probably not be acted on before May of this year. Still it is a thought and deserves every consideration."

21. Letter dated January 13, 1944 from T/5 D. GREENGLASS, Fort Ord, California, to Mrs. R. GREENGLASS, New York City, in which he stated: "Darling, I met a fellow in my company who is a very progressive guy. He is a native of Frisco. You see, I gave him that 'In Fact' you had sent me. He was enthusiastic about it. Sweetheart, send me all the issues that you receive after that one and keep sending it each week. This fellow, his name is RAY ~~SCHNEIDER~~, says he will help me propogandize the company. By the way, cross your name and address out with black ink so that it is illegible... Dearest I would like you to send me EARL BROWDER'S speech. I even heard some of its repercussions out here. I believe that they do not tell the whole story so dear I want to read the original... That love is ours upon which to build a family with the human conception, which is socialism."

22. A letter from T/5 D. GREENGLASS, Fort Ord, California, to Mrs. R. GREENGLASS, New York, dated January 17, 1944, in which he stated: "Dearest, I felt terribly let down when I read in the papers out here that the C.P. was going to dissolve. Of course, they made no mention of the why and wherefore of this move. But no matter what, I think it is a bad move. You see, dear, it is a symbol of strength and political understanding to me and to thousands of other former YCLers in the service. And its dissolution would seem to us as the taking away of support to our political beliefs. It would put us in the position of a thinking Socialist and not a doing one because of the lack of organization to carry out our program. Maybe I have my facts wrong and the move is right, but how can I tell without actually knowing what is going on. Darling, please send me that speech and whatever literature the New Committee of Political Education puts out. Darling, this is vital in

NY 65-15336

"the boosting of my morale. Please don't delay in sending me the BROWDER speech. Send all literature pertaining to the speech. Find out from ETHEL what she and JULIE think about it. Ask her to get the literature. Darling, I love you and no matter what happens in America politically. In the end it will be Europe and a large part of Asia that will turn Socialist and the American end of the world will of necessity follow in the same course. So, dear, we still look forward to a Socialist America and we shall have that world in our time."

23. Letter dated January 18, 1944 from T/5 D. GREENGLASS, Fort Ord, California, to Mrs. RUTH GREENGLASS, New York City, in which he stated: "I wanted to answer you at once but I got involved in a discussion of socialism, communism and capitalism. Boy I really got into a rip-roaring argument. Of course, when the dust of discussion settled I had convinced many of my listeners in at least the morale right of our cause. You see, dear, it is not because I am so wonderful, but because our philosophy is so logical and correct that no argument can stand against it. I am sure that if we educated people to our point of view we would have a socialist America pretty quickly. You see, dear, all we have to do is put out more literature than the capitalist press can lie about or distort."

24. Letter dated January 19, 1944 from T/5 D. GREENGLASS, Fort Ord, California, to Mrs. R. GREENGLASS, New York City, in which he stated: "In the evening after the parade I went to see a picture. The name of picture is 'Song of Russia'. It is a wonderful picture that I recommend very highly to you... Of course it has the typical Hollywood touch but it really is a pretty good picture of the Soviet Union and its philosophy as expressed by the heroine."

25. Letter from T/5 D. GREENGLASS to Mrs. RUTH GREENGLASS, dated January 25, 1944, from Fort Ord, California, in which he stated: "Of late I have been having the most wonderful discussions on our native-American fascists, and I have been convincing the fellows right along. I'll have my company raise the Red flag yet."

26. Letter from T/5 D. GREENGLASS, dated January 29, 1944 from Fort Ord, California, to Mrs. R. GREENGLASS, New York City, in which he stated: "I really was glad that you understand why nothing has been done about this condition under capitalism. I am sure that things are different in a socialist society... I think that in order to find out about it you can read the book called 'Red Medicine'... I will be glad to receive these clippings and keep sending me those 'In Facts'. I am using them to good advantage here."

NY 65-15336

27. Letter dated February 5, 1944 from Mrs. R. GREENGLASS to T/5 D. GREENGLASS, APO 186, L.A., California, in which she stated: "GLADDY had wanted to go to the movies but I had seen the picture. So I persuaded her to come down to the club with me (a very important meeting had been called) only for a few minutes and then we'd both go to ETHEL'S. When we walked down to the club we were in time to hear the voting that dissolved the club. Yes, it's true dear. It was a flop. There was no interest, no cooperation, nothing. The place was dirty, we were four months behind in rent, about two months in electricity and so on down the line. The county office of the AYD will try to get all those members that are interested in other clubs in the neighborhood. Meanwhile, the county has chosen certain choice people (yes dear, I'm one of them) to start an S.O.S. -- Sweethearts of the Service club down here on the east side. It would be an all-girls' club, of course, and I think that that type of thing will have a great appeal to our neighborhood. These people, who can be called either charter members, organizers or what have you, are meeting Sunday afternoon. I explained the thing to GLADDY and she's very much interested so I'm taking her down to the meeting with me."

28. A letter from Mrs. D. GREENGLASS, dated February 13, 1944, to T/5 DAVE GREENGLASS, APO 186, Los Angeles, California, in which she states as follows: "It seems that the Party is having a recruiting drive and I've been 'invited' to join. It's part of a plan, dear. After we're in, us ex-YCLers who are now in the AYD, classes will be held to make us to work better in the AYD. I told LIBIE that I'd join, but not until I got back from California. However, she said it was important that I join now because there was a drive going on, but I didn't feel that way. When I join, I want to become active—not just to enroll, pay dues and then leave and send my dues in. I don't want to be that kind of a member."

29. Letter from T/5 D. GREENGLASS, Jackson, Mississippi, dated May 21, 1944, to Mrs. R. GREENGLASS, which contained a P.S. reading as follows: "I love you with all the love of Marx and the humanity of Lenin, Love, DAVE".

30. A letter from T/5 D. GREENGLASS to Mrs. R. GREENGLASS, dated June 29, 1944, in which she states as follows: "Darling, I have been reading a lot of books on the Soviet Union. Dear, I can see how farsighted and intelligent those leaders are. They are really geniuses, everyone of them. I have been revising what I think and how I think politically. Having found out all the truth about the Soviets, both good and bad, I have come to a stronger and more resolute faith and belief in the principles of Socialism and Communism. I believe that every time the Soviet Government used force

NY 65-15336

"they did so with pain in their hearts and the belief that what they were doing was to produce good for the greatest number. The tremendous sacrifices of blood, sweat and tears of the Soviet peoples is a feat that surpasses all sacrifices of the past. More power to the Soviet Union and a fruitful and abundant life for their peoples.

31. A letter dated July 6, 1944 from T/5 D. GREENGLASS, Jackson, Mississippi, to Mrs. R. GREENGLASS, in which he states as follows: "Dear, don't worry about the fact that I was taken out of my old outfit. It was a matter of politics. The First Sergeant didn't like me and, besides that, some of my politics must have reached his ears. This theory was upheld by the fact that another fellow from my former battalion, of like political opinion, was also 'chosen for this outfit. So you can see, dear, one of the higher-ups got rid of me."

32. Letter dated July 29, 1944, from T/5 D. GREENGLASS, Oak Ridge, Tennessee, to Mrs. R. GREENGLASS, in which he stated: "Dear, I am working on a classified project so you will just know about my camp life but not my work. In fact, none of my friends or relatives have to know where I am stationed. That is, of course, the ones I write to and they won't be told any more than that I am stationed here. The rest shouldn't even know that.. Dear, I am watching the future at work here and it works. Of course, there is a lot to be done yet in the way of tolerance but on the whole everything here is rosy. It's just like the things we are fighting for. We are copying wholesale from that great scholar Karl with a k. Dearest, I am glad to be part of the wonderful future... Dear, you can feel in the atmosphere a kinship brought about by the system the people live under."

33. Letter dated August 4, 1944, from DAVE GREENGLASS, to Mrs. R. GREENGLASS, postmarked Kansas City, Missouri, in which he stated: "Dear, I have been very reticent in my writing about what I am doing or going to do because it is a classified top secrecy project and as such I can't say anything. In fact, I am not even supposed to say this much. Darling, in this type of work at my place of residence there is censorship of mail going out and all off the post calls. So dear, you know why I didn't want you to say anything on the telephone. That is why I write C now dear instead of comrade."

It is to be noted that in all prior correspondence between DAVID GREENGLASS and his wife the letters were signed "Your sweetheart, wife and comrade" and on the part of DAVID GREENGLASS were signed "Your husband, lover and comrade".

34. Letter dated September 16, 1944 from T/5 D. GREENGLASS, Santa Fe, New Mexico, to Mrs. R. GREENGLASS, New York City, in which he stated: "Say dear, these folks would like to become members of the Book Find Club. So, my darling, would you please send me an application? I shall arrange it so you will get credit and you will be able to get a book as a dividend."

35. Letter from T/5 D. GREENGLASS, Santa Fe, New Mexico, to Mrs. RUTH GREENGLASS, New York City, dated September 26, 1944, in which he stated: "My darling, how I would have liked to go with you to that Madison Square Garden meeting. The two of us together at such a meeting is like building the future... He is a wonderful man and should be nominated to the presidency in 1948. By that time we shall have laid a firm foundation for the world of tomorrow. We should have made our contributions to that world, at least one such contribution."

36. Letter from T-5 D. GREENGLASS, dated October 23, 1944, Santa Fe, New Mexico, to Mrs. RUTH GREENGLASS, which states: "I want to speak to that person I told you about. Well, the outcome of that was that I should see him about Thursday or Friday and he would let me know then. I have every confidence dear so don't worry. I'll let you know definitely one way or the other."

37. A letter from Mrs. D. GREENGLASS, New York, to T/5, D. GREENGLASS, dated February 1, 1945. She states: "Well, I went to 'The American Home' today and almost got a job as an addressograph operator. I say almost because later in the day I accepted another job. I'm glad I didn't take it though because it meant perjuring myself. The employment application asked for union affiliations, which meant that I had to lie about my reference. Then they asked about church affiliation and so on. Oh, yes, they gave bonuses. Always the same in anti-union places, so that was ruled out right away. Then I went up to the union and got sent out for an interview and I got the job. I'm working (as of tomorrow at 9:00) at the American Jewish Congress, on 59th Street and Columbus Circle."

TRAVEL OF RUTH AND DAVID GREENGLASS

38. A letter from Mrs. R. GREENGLASS, dated December 9, 1944, at New York, to T/5 D. GREENGLASS, Santa Fe, New Mexico, in which she states as follows: "This is going to be a kind of two-in-one letter because I didn't write it yesterday. You see, sweets, I got home (I don't

NY 65-15336

really think of any place as home unless I am with you. It is our house until you come and then it takes on a new air and is truly home.) at about 9:30 p.m. and was a little fa-tumult, saying hello to everyone and so on."

39. Letter from MRS. D. GREENGLASS, dated January 19, 1944, to T/5 D. GREENGLASS, Santa Fe, New Mexico (it is noted this letter is postmarked January 19, 1945), in which she states as follows: "After you left last night, I felt sort of queer and empty inside... Soon after I got up I checked the time-table to see about where you were. Darling, I hope the trains haven't been slowed up because of the weather... Anyway, it seems to me that the 11:40 is due to arrive in Chicago at 4:40 and another train leaving at that time gets in after 7:00. Sweets, I hope you make the right connection; otherwise, I'll never forgive myself for being so pig-headed."

40. A letter from MR. and MRS. B. GREENGLASS, 64 Sheriff Street, New York City, to T/5 DAVE GREENGLASS, Santa Fe, New Mexico, dated February 15, 1945. It is noted that this letter is signed "Eth." This letter states as follows: "As soon as you left, we were buried under more snow."

41. A letter from MRS. D. GREENGLASS to T/5 D. GREENGLASS, Santa Fe, New Mexico, dated February 24, 1945, in which she states as follows: "Last night I drew up a list of all the hundred or so items that I have to take care of before I leave... The very first thing, of course, I went to the bank and withdrew enough to cover the cost of the railway ticket... Darling, I bought a one-way coach ticket and, even though I was dead set against it, I am going on the "California Limited" after all. It seems that the "Scout" doesn't go directly to Albuquerque and I don't want to be bothered by mixed-up methods... I'll leave Tuesday night, dear, at 11:30 and Friday morning at 10:20 I should be in Albuquerque."

LETTERS DEALING WITH TRAVEL OF MRS,
RUTH GREENGLASS

1. A letter dated October 31, 1944 from Mrs. R. GREENGLASS, New York City to T/5 DAVE GREENGLASS, Santa Fe, New Mexico, in which she states as follows:

"Anyway, dear, as I wrote you if I leave on the 24th and arrive on the 26th, I'll have a day to rest up in the hotel - that is your pass begins on Tuesday the 28th".

2. A letter dated November 4, 1944 from Mrs. RUTH GREENGLASS, New York City to T/5 DAVE GREENGLASS, Santa Fe, New Mexico, in which she states as follows:

"And so my sweets I bought a ticket and I'll leave New York on Monday the 27th. I may not be able to get a reservation on El Capitain that seems to be next to impossible. The ticket clerk said he would wire the Santa Fe railroad for me. But he was pessimistic because as he said they have asked for tickets four weeks hence and were unable to receive them. If I can't get on that train, I'll leave earlier from here but come what may, I'll arrange to be in Albuquerque on the 29th."

3. A letter dated Sunday, November 26, 1944 from Mrs. R. GREENGLASS, Franciscan Hotel, Albuquerque, New Mexico, to T/5 DAVE GREENGLASS, Santa Fe, New Mexico, in which she states as follows:

"I really had no intention of leaving so abruptly and then I was advised (by the Santa Fe people and Penn) that my best bet was to go to Chicago pronto and just keep my fingers crossed. To do that I had to leave immediately so I left on Friday and now here I am. I all settled (that only means everything in the draw and in the closet but it's you I'm missing.. Friday morning I ran around and took care of several last minute items and at 4 noon I boarded the train. The trip to Chicago was nice but I froze at night but then for me that's not too unusual.

"I got into Chicago Saturday shortly after 9. I went directly to the Santa Fe depot and hung around but everywhere and at every window I got the same answer 'Sold out'. Finally one man gave me a little hope. He said that he would try to get me something and to please come back at 4....I got

NY 65-15336

"back to the depot and it was ten after 4 and all the agents were saying 'sold out'. That's all I heard for the greater part of an hour... So I get back on the line and at five after 5 I got a seat - I was never so relieved in my life. The train the El Capitain was due to leave in 40 minutes so I took my bag and wired the hotel to change my reservation back to the 26th.

4. A letter dated Monday, December 4, 1944 from R. GREENGLASS, Franciscan Hotel, Albuquerque, New Mexico to T/5 DAVE GREENGLASS, Santa Fe, New Mexico, in which she states:

"Right after you left I went down to the depot but I didn't fare so well. However, I'm leaving tonight and I'll take what I can get.... I just checked out of the hotel and my bags are parked in the lobby. Boy I certainly accumulated plenty of junk to take back. I've got about five hours to kill and I'll be darned if I know what to do.....Since the California Limited is a fairly crummy train to begin with - and anyway all I could get is a coach seat, maybe I think when I get to Chicago I'll stay a day just to get some sleep.

5. A letter dated Wednesday, December 6, 1944 from Mrs. R. GREENGLASS, New York City to T/5 DAVE GREENGLASS. This letter is written on stationery of the New York Central System. In this letter she states as follows:

"I must go back a little here. Just as I was leaving the hotel someone called my name. For just a minute I got excited, even though I knew better. I thought it was you. But it was ~~PATY~~, she had come in to sit in the lobby because it was nasty out,... So we went to the depot early and sat around. In the station we started to talk to some gals, one who was running away from the university to get married (she was exactly like a character out of a dime novel) and one who was going east to visit. They made it nice because we travelled together. As a matter of fact it was the first time that I travelled that I got a seat with a girl.....We were about three hours late getting into Newton, Kansas and there the cylinder in the engine burned out so for a while we were stranded there.... We were due in Kansas City at 8 and were supposed to stay an hour. We pulled in at 12 and I made a mad dash for the Western Union desk and sent you that wire and then grabbed a sandwich. But I might just as well have taken my time because we didn't pull out until 2 o'clock.....I'm at New York Central as you can see but I still ain't got a reservation.....I should be home sometime on Thursday."

BACKGROUND AND ORAL ADMISSIONS OF DAVID GREENGLASS OBTAINED THROUGH INTERVIEW

When interviewed by Special Agents JOHN W. LEWIS and LEO H. FRUTKIN on June 15, 1950, DAVID GREENGLASS furnished the following background information concerning himself:

He advised that he was born on March 3, 1922 at 64 Sheriff Street, New York City, and resided at that address until he was married, on November 29, 1942, to RUTH LEE PRINZ, GREENGLASS. He said that his father, BARNET GREENGLASS, was born in Russia, near Minsk, and that he came to the United States in about 1902 or 1904, and died in 1949 at the age of 78. His father, he said, had been a machinist who was self-employed, having his business address at his home address, 64 Sheriff Street, New York City. GREENGLASS said that his mother, TESSIE FEIT GREENGLASS, was born in Galicia, near Cracow, seventy years ago, which was at that time Austria, but is now part of Poland. He said that she is presently residing at 64 Sheriff Street, New York City, and is dependent upon her children for support.

GREENGLASS stated that his brother, SAM LOUIS GREENGLASS is about 40 years of age, and resides on Carroll Street, near Kingston Street, in Brooklyn, New York, and is employed by the John Pohltook Company, on Maiden Lane, New York City, which is in the watch materials business.

He stated that his brother, BERNARD ABRAHAM GREENGLASS, age 33, resides at 65 Cannon Street, New York City, and is employed as a machinist and assistant manager of an unknown company. He said that his brother, BERNARD'S wife is ill with Hodgkin's Disease, and has no chance to recover, and that her daughter, SHARON, age 2, has been living with DAVID GREENGLASS' family most of the time and will probably be adopted by DAVID and RUTH GREENGLASS upon the death of Mrs. BERNARD GREENGLASS.

DAVID GREENGLASS advised that his sister, ETHEL ROSENBERG, who has two children, is married to JULIUS ROSENBERG, and resides at 10 Monroe Street, New York City, and that JULIUS ROSENBERG is the proprietor of Pitt Machine Products Company, 370 East Houston Street, New York City.

DAVID GREENGLASS advised that his education consisted of six years at Public School No. 4, on Pitt Street; three years of Junior High School, at P.S. 97, New York City, which is no longer in existence; three years at

NY 65-15336

Haaren Aviation High School, where he studied machine shop work and aviation, and graduated in January, 1940. He said that he attended Brooklyn Polytechnic Institute, Brooklyn, New York from January to June, 1940, where he studied Mechanical Engineering, and that he attended Pratt Institute, New York City for one and a half terms during 1948, where he studied Mechanical Design.

He said that he had been employed part-time by his father during his early life, and part-time by an electrician named SAM FREUND, from about 1936 to about 1938, and at that time FREUND'S business was in the vicinity of Broadway and 22nd Street, New York City. He said that from 1939 to 1940 he was employed by the Freeman Machine Shop on Broadway near 8th Street, New York City. He advised that about 1940 he was employed as a machinist maintenance man by the International Telephone and Telegraph Company, on Spring Street, New York City. He advised that he resigned when that company moved to New Jersey. About 1940 or 1941 he used the name DAVID GREENE to obtain employment at Eugene, Limited, New York City, where he worked a short time in a machine shop. This company was engaged in the production of permanent wave machines, and about that time he joined the United Electrical Radio and Machine Workers of America, Local 1225, because of his employment there. He said that his next job was at Peerless Laboratories, during the period from 1941 to 1943, which was at that time located on 4th Avenue and 23rd Street, New York City, but is now located somewhere on the west side of New York City. He said that this company was engaged in production of x-ray equipment, and explained that he had used the name DAVID GREENE because he had felt that he had failed to get a previous job because of his Jewish name.

He said that he was inducted into the Army about April, 1943, at Fort Dix, New Jersey. He advised that he had attempted to get into the Navy, but was refused because of color-blindness. He advised that he was at Fort Dix for about one week for induction and processing, and was given Army Serial No. 32882473. He then went to the Aberdeen Proving Grounds for about four weeks of basic training. He stated that he then worked in the machine shop there for an indefinite period, after which he was transferred to the South Gate General Motors plant, South Gate, California, near Los Angeles, and was then sent to the mountains for a rest for a short time. He said he was then assigned to 3113rd Ordnance Base machine shop, at Santa Anita Race Track, Santa Anita, California, where he worked in a machine shop for an indefinite period, and was quartered in a stable at the track.

NY 65-15336

His next assignment in the Army was at Fort Ord, near San Francisco, California, where he worked in a machine shop repairing tanks, for a period of about three months, in 1943 or 1944, and was then transferred to the Pomona Ordnance Base, at Los Angeles, California County Fairground, where he stayed for about three months and was given duties as a truck driver. He said that during that period his wife also lived at Pomona. He said that he was then transferred to a base called P.O.M., which stands for Preliminary Overseas Movement, and that this base may have been called the Mississippi Ordnance Plant, and was located near Jackson, Mississippi. He said that after an indefinite period there, his outfit was shipped overseas and he was left behind on orders from Washington, for reasons unknown to him.

He said that he was then transferred to Oak Ridge in the summer of 1944, for about two weeks, where he had a security talk and was then assigned to the project at Los Alamos, New Mexico, where he was quartered in the barracks and assigned to work in the Theta Shop, where he worked on high-speed cameras, lucite parts, experimental data, and also manufactured parts that could not be bought on the outside. He said that his outfit there was also concerned with the maintenance of inter-communication systems, and occasionally handled uranium. He said that he himself had machined some uranium on one occasion. He said that in general, the work was concerned with the construction of the Atomic Bomb, but that he did not know this for some time. He said that his work also involved the making of high explosive molds. He said that when he was first assigned there, his supervisor was BOB HOLLAND, and that later he himself became the head of the shop. He advised that Master Sergeant FITZPATRICK was in charge of the Theta building. The supervisor of the group in charge of Thermal Dynamics, of which his shop was a part, was a Mr. KISTIAKOWSKY, who was a civilian, and that GREENGLASS knew him only by sight.

He advised that during his stay at Los Alamos, his wife came to live at Albuquerque, New Mexico about one hundred miles away, about February, 1945. She had difficulty in finding a place to live and lived in a hotel for a time until they obtained an apartment which was being rented by a friend named *BELLMAN, but after obtaining this apartment, which was located on Fifth Street in downtown Albuquerque, BELLMAN immediately wanted it back, and then RUTH GREENGLASS resided on Coal Street, Albuquerque, with the wife of a friend of DAVID, whose last name was SPINDEL. He said that his wife RUTH had a miscarriage there, and then found an apartment at 209 North High Street in

NY 65-15336

Albuquerque, which was in the home of an elderly couple, and that the father of the landlady also lived there. GREENGLASS advised that while his wife was living at Albuquerque, he bought a car in partnership with SPINDEL and a tall red headed fellow, whose name he cannot recall. He believes that this car was a Dodge, possibly a four-door sedan, of ancient vintage, and that they paid \$600.00 for the car which was in such bad condition and poor repair that they sold it after about three weeks for \$450.00. He believed that the car was registered to WILLIAM
*SPINDEL.

GREENGLASS was of the opinion that he had three furloughs while he was in the Army; one in June, 1944 and two ^{after} while he was stationed at Los Alamos; one before the end of the war and one ^{at} the end of the war. On each of his furloughs he said he came home to New York City. He advised that his furloughs consisted of fourteen days leave plus travel time. He was of the opinion that he had one three-day pass, when his wife came to Albuquerque, and one three-day pass when his wife had a miscarriage, in May, 1945. He said also that he had a five-day pass about November 29, 1944, when his wife came to Albuquerque for their wedding anniversary, and that she returned to New York at the end of five days. He said that he made only one long distance call to his home while he was in the Army, and that was when he first got to Los Alamos, New Mexico, about early September, 1944.

He said that when he was assigned to Oak Ridge, Tennessee, he got a security pep talk by Military Intelligence, and also was given a security handbook when he reached Los Alamos. He said at Los Alamos he wore a red badge, which entitled him to get an explanation of jobs being done by him, that is, enough information to enable him to perform his job properly. He said that he did not go to the site of the explosion of the first Atom Bomb test.

DAVID GREENGLASS said that he himself was discharged from the Army on February 29, 1946, at which time he took off one month to rest and to hunt an apartment. During that time he lived with his aunt, Miss REGINA *FEIT, 64 Sheriff Street, New York City, and they took their meals with his mother at the same address. They also had some of their meals with his parents-in-law, Mr. and Mrs. MAX J. *PRINTZ, 254 Rivington Street. He then became employed by Wholesalers and Distributors Company, 64 Sheriff Street, which was a partnership deal among himself, ISADORE *GOLDSTEIN, his brother BERNARD, and brother-in-law JULIUS ROSENBERG. This

*GREENGLASS

NY 65-15336

company consisted of buying and selling Government surplus, and the firm used the telephone of DAVID GREENGLASS' mother, TESSIE GREENGLASS. The funds of the above company were transferred to the G & R ENGINEERING COMPANY about 1947, at which time ISADORE GOLDSTEIN got out of the firm. About that time DAVID GREENGLASS said that he joined the IWO because the secretary of a local lodge, Mr. LENICK, came around and told him that it was cheap insurance. He said, however, when Attorney General TOM CLARK said that the IWO was subversive, he resigned from the International Workers Order. It will be noted that the International Workers Order is on the Attorney General's list of subversive Communist organizations coming within the purview of Executive Order 9835.

DAVID GREENGLASS advised that he then became a partner in the firm PITT MACHINE PRODUCTS COMPANY, 370 East Houston Street, New York City. He said that GOLDSTEIN interested a wealthy man named DAVE SCHEIN, who is connected with the STREITS MATZOS COMPANY, to loan PITT MACHINE PRODUCTS COMPANY \$15,000. GREENGLASS said that although this was a loan, apparently SCHEIN expected that this loan would entitle him to a partnership in the firm. GREENGLASS said that RUTH GREENGLASS wanted him to get out of this firm, and as a result he did so last September, at which time he gave his shares in the company to JULIUS ROSENBERG, and at that time borrowed money from the bank for living expenses to tide him over until he could get a job. About that time he was employed by ARMA CORPORATION, 254 36th Street, Brooklyn, New York, as a Mechanic (B), and his wages there run from \$76.00 a week for a forty-hour week, to \$127.00, depending upon the amount of overtime he put in. DAVID GREENGLASS advised that the ARMA CORPORATION has restricted and confidential Navy contracts. He stated that restricted means, "Don't tell anyone who is not an American citizen". He said that confidential means, "Don't tell anyone outside the plant". He said that all of the work he had done at Los Alamos was rated as top secret, which means, "Don't tell anyone except when necessary to get the work done".

NY 65-15336

DAVID GREENGLASS advised, concerning the materials with which he worked at Los Alamos, New Mexico, that he was aware that it involved uranium, implosion, and high explosives, and he was told at Oak Ridge not to talk about the work being done even among fellow workers.

Concerning his political beliefs, DAVID GREENGLASS stated that he is a left winger. He said he had voted for the American Labor Party about two years after coming out of the Army. He is of the opinion, he said, that capitalism is not the best possible system, and also that the system in Soviet Russia today is not the best possible system. He said that the United States does not give the people as much as possible, and that he believes in socialistic measures. He advised that he thinks everyone should work. He said he believes in the Constitution of the United States, but is of the opinion that it is not being upheld at all times. He stated that he was a member of the Young Communist League during ROOSEVELT's second term as President, and had joined when he was about 16 years of age and remained a member for about two years. He said he understood that the Young Communist League was a training organization for the Communist Party, but claimed that he would not join the Communist Party because he could not submit to Communist discipline.

He said that he had lived through one depression and worries about possible future depressions. He claimed that he was a member of the Young Communist League at the Club Malraux, which was then located in the neighborhood in which he lived. He advised that his wife was a member of the Club Lincoln while he was in the Army, which he understood was the Young Communist League and was located in the same place as had been the Club Malraux. He stated that he believed his wife, RUTH, joined the YCL to please him because of his leftist leanings. He said he was sure she had not gone to meetings since the war and thinks she quit because she was having children and could not be active. He believed that the Club Malraux and the Club Lincoln were located on Clinton Street between Rivington and Stanton Streets, New York City.

NY 65-15336

DAVID GREENGLASS claimed that since he was discharged from the Army, he has not had any conversations with his brother-in-law, JULIUS ROSENBERG, concerning Soviet espionage, but he has on various occasions borrowed money from JULIUS ROSENBERG since his discharge from the Army, in amounts of \$40 or \$50 each, which would probably total from \$200 to \$300. DAVID said that JULIUS ROSENBERG on each of those occasions claimed that he, himself, had to borrow the money to give to DAVID.

DAVID said that although no mention was ever made of the fact, he, himself, regarded those loans as sort of blackmail and is of the opinion that JULIUS ROSENBERG also regarded them as blackmail because of the information DAVID GREENGLASS has concerning JULIUS ROSENBERG's involvement in Soviet espionage.

Concerning the \$500 he received from GOLD, DAVID GREENGLASS stated it was in currency and was made up of a number of bills the denomination of which he cannot recall. He was of the opinion that he spent this \$500 for little luxuries and items that were needed by him and his wife, and that he did not put any of the money in a bank.

DAVID GREENGLASS, while being interviewed concerning his meeting with HARRY GOLD, advised that he is quite sure that the official Army records will indicate that he was on duty at Los Alamos, New Mexico, at the time of his meeting with HARRY GOLD at Albuquerque, New Mexico. He said that he had followed the common practice at Los Alamos of leaving the project on week ends without making his departure a matter of official record. He described this as "sneaking out".

NY 65-15336

INTERVIEW WITH MRS. DAVID (RUTH) GREENGLASS

On June 16, 1950, Mrs. DAVID (RUTH) GREENGLASS was interviewed by Special Agents RAYMOND P. WORTH and EDWIN R. TULLY at the Gouverneur Hospital New York City. The interview with Mrs. GREENGLASS began at 1:35 P.M. in the library at Gouverneur Hospital after Dr. H. E. BAUER, Superintendent of the hospital, advised that Mrs. GREENGLASS was well enough to be interviewed and was in fact being released from the hospital on that date. In the presence of the interviewing agents, Dr. BAUER asked Mrs. GREENGLASS if she was willing to be interviewed by the FBI and when she replied in the affirmative, Dr. BAUER made arrangements to have her transported from the ward to the library on the second floor in the hospital.

Mrs. GREENGLASS was advised that she did not have to talk to the interviewing agents if she did not so desire and that she had the right to consult with an attorney before answering any questions and further anything she said could be used against her in court. Mrs. GREENGLASS declared that she was perfectly willing to talk with the agents.

She advised that she will be married to DAVID GREENGLASS eight years this coming November. She said the first occasion she had to visit her husband in Albuquerque, New Mexico, was in November, 1944 when she and her husband celebrated their wedding anniversary, the date of the anniversary being November 29. Mrs. GREENGLASS stated that on the occasion of her visit to Albuquerque in November, 1944, she remained there around five days and then returned to New York City.

In about March, 1945, she moved to Albuquerque, New Mexico, to be near her husband who was stationed with the United States Army at Los Alamos. She said that while in Albuquerque she resided at approximately six different addresses. She recalled living at North Fifth Street, address unknown, and North Eighth Street, address unknown. However, she said that most of the time she lived at 209 North High Street in Albuquerque. She recalled that her husband was a T-4 in the Army at the time.

She recalled that a man named FREEMAN was the owner of 209 North High Street and described him as being about 50 or 60 years of age with a stocky build. She said that FREEMAN'S wife was a teacher. She described 209 North High Street as a two story house with a basement.

Mrs. GREENGLASS stated that she secured a job with the OPA in Albuquerque and worked for the OPA most of the time that she resided in Albuquerque. She recalled that she had worked for Soil Conservation for

NY 65-15336

about two or three weeks. She said that the only money she received while in Albuquerque was that from her salary and from the allotment received from the government for being the wife of a soldier. She denied receiving money from any other source during her stay in Albuquerque.

Mrs. GREENGLASS denied that HARRY GOLD visited her or DAVID, her husband, in Albuquerque. She denied knowing HARRY GOLD or FRANK KESSLER or FRANK MARTIN. She said she never saw HARRY GOLD before his photograph appeared in the newspapers after his arrest. She said she never recognized HARRY GOLD as anyone she knew or met by any other name.

Mrs. GREENGLASS was confronted with the facts that her husband had admitted to the FBI that HARRY GOLD had visited the GREENGLASSES at 209 North High Street in Albuquerque. She stated that she would have to talk with her husband before she would believe that he furnished such information. She was confronted with the fact that HARRY GOLD and her husband, DAVID, had in separate interviews independently confirmed GOLD'S visit to the GREENGLASSES in Albuquerque in the spring of 1945. She then advised that she would not answer any further questions concerning her husband. She said she would not believe any such admissions by her husband unless he himself told her so.

The ambulance that was to take Mrs. GREENGLASS home was outside the hospital and subsequently the interview was terminated at approximately 3:05 P.M.

Upon completion of the search of DAVID GREENGLASS' apartment, mentioned in the details of this report, DAVID GREENGLASS voluntarily agreed to accompany the Agents to the New York Office for interview. To avoid possible embarrassment to GREENGLASS, SA Harrington left the apartment first and was driven by SA Norton to a point $2\frac{1}{2}$ blocks east of GREENGLASS' apartment and a fraction of a block south of Rivington Street, at which point Agents Lewis and Frutkin, together with GREENGLASS, entered the car and were driven to the New York Office, arriving there at about 5:25 p.m.

GREENGLASS was taken to Conference Room U on the 29th floor of the U. S. Courthouse, New York City, by Agents Lewis and Frutkin, for interview. They were shortly thereafter joined by SAs Norton and Harrington. Agents Norton and Harrington left the interview room about 6:45 p.m. and did not return.

The course of the interview conducted by Agents Lewis and Frutkin was directed entirely toward obtaining background information from GREENGLASS until word was received about 8:30 p.m. that HARRY GOLD had positively identified GREENGLASS as Unknown American No. 5, Albuquerque, New Mexico. When confronted with the fact that GOLD had visited him and his wife at 209 North High Street, Albuquerque, New Mexico, on June 3, 1945, GREENGLASS immediately, by inference, indicated that he was the guilty person. During the course of the questioning concerning this meeting with GOLD, the interviewing agents gave GREENGLASS no indication as to what transpired while GOLD was in GREENGLASS' apartment at 209 North High Street, with the exception that it was intimated that GREENGLASS had mentioned the name BEDERSON to GOLD as a possible recruit at Los Alamos for the purpose of obtaining information. GREENGLASS was not given any information by the Agents to the effect that GOLD had given him money.

During the period of the search and throughout the time he was interviewed on both June 15 and June 16, 1950, GREENGLASS exhibited a friendly attitude toward all of the FBI personnel and seemed to be in good spirits during the whole period. At the time he was helping to dictate his signed statement on the evening of June 15, 1950, he made the following statement in a rather light mood: "I expect to have my day in court, at which time I will plead innocent, repudiate this statement, and claim I never saw you guys."

Complete notes concerning the interviews with DAVID GREENGLASS and his attitude have been made by SAs J. W. Lewis, L. H. Frutkin, W. F. Norton,

ADMINISTRATIVE (CONT.)

J. A. Harrington and Stenographer Frances Devlin: These notes are being maintained in the files of the New York Office, together with logs showing the times of pertinent events, starting with the search of GREENGLASS' apartment on the afternoon of June 15, 1950, and ending with his arraignment on the afternoon of June 16, 1950.

After the signing of the first signed statement dated June 15, 1950 at 1:32 a.m., June 16, 1950, GREENGLASS was advised as follows by SA Leo H. Frutkin - that he could sleep over in the Nurse's Room of the FBI Office, and that on the next day he would be brought before an appropriate judicial tribunal. GREENGLASS remarked that he would rather not go home to sleep inasmuch as he wished to avoid publicity in the vicinity of his house.

In the above connection, it should be noted that during the course of the interview, after GREENGLASS had been confronted by the Agents with the fact that GOLD had visited GREENGLASS June 3, 1945, GREENGLASS stated that he had recognized GOLD's picture in the paper on about the third day after GOLD was arrested, and that since that time he had been expecting the FBI to come to see him. He also said that but for his love for his wife and children, he would have either committed suicide or fled into the hinterlands of the United States where he could never have been found.

On the morning of June 16, 1950, between the hours of 1:50 a.m. and 8 a.m., DAVID GREENGLASS slept on a cot in the Hygiene Unit on the sixth floor of the U.S. Courthouse, New York City. SA Leo H. Frutkin slept in an adjoining cot and Agents Robert F. Royal and Harold F. Good remained immediately outside the door to this room and maintained a log of events, from 1:32 a.m. through 9:50 a.m. This log is being maintained in the files of the New York Office.

Between the hours of 8:30 a.m., June 16, 1950, and 9:50 a.m., GREENGLASS accompanied Agents Lewis and Frutkin to a restaurant, where they had breakfast, and to a barber shop, where GREENGLASS got a shave and a haircut. At the barber shop GREENGLASS saw a copy of the New York "Daily News" and glanced briefly at the release concerning the arrest of ALFRED DEAN SLACK in connection with HARRY GOLD. He said he had never seen nor heard of ALFRED DEAN SLACK prior to that time.

Between the hours of 10 and 11 a.m., June 16, 1950, GREENGLASS was interviewed by SAs Lewis and Frutkin, at which time he furnished the second

signed statement which is set forth in the details. From 11 a.m. to 11:20 a.m., GREENGLASS was interviewed in Conference Room B of the New York Office on the sixth floor by MR. HERBERT J. FABRICANT, an attorney from the law firm of O. JOHN ROGGE. Thereafter GREENGLASS was photographed in the Photo Lab of the New York Office and was fingerprinted by SA Frutkin.

At 12:55 p.m., United States Attorney Irving Saypol, Southern District of New York, advised SA Lewis that he had received telephonic information concerning the filing of the complaint and issuance of the warrant at Albuquerque, and that the arraignment would take place at 1:20 p.m. At the same time he called the office of attorney O. JOHN ROGGE and spoke to MR. FABRICANT, and advised him that the arraignment would be at 1:20 p.m. MR. FABRICANT asked him to postpone it until 1:30 p.m., inasmuch as MR. O. JOHN ROGGE desired to be there. MR. SAYPOL agreed. The arraignment proceedings, however, were held up because MR. ROGGE did not appear until 1:50 p.m., and the proceedings started at that time and were completed at 2:05 p.m.

On June 15, 1950, MR. LOUIS ~~E~~BUDENZ advised SA William J. McCarthy that he was unable to recognize the photographs of DAVID GREENGLASS as anyone known to him.

MR. ROBERT GORDON ~~S~~WITZ advised SA Robert S. Plantz on June 15, 1950, that he has no information concerning DAVID GREENGLASS.

Confidential Informants T-1 and T-2, of known reliability who are acquainted with some phases of Soviet espionage, advised that they have no information concerning DAVID GREENGLASS.

SA August J. Micek checked the records of the New York City Police Department against the name DAVID GREENGLASS with negative results.

A photograph of DAVID GREENGLASS taken in 1940 was obtained June 14, 1950, from the records of the Brooklyn Polytechnic Institute, Brooklyn, New York, by SA Raymond Mullins, which photograph was copied and the original returned to Brooklyn Polytechnic Institute. Copies are being maintained in the files of the New York Office.

Bureau authority to interview GREENGLASS was received by teletype of June 14, 1950, at 4:07 p.m., captioned "HARRY GOLD, was.; ESPIONAGE - R".

During the interview with DAVID GREENGLASS concerning HARRY GOLD,

NY 65-15336

ADMINISTRATIVE (CONT.)

GREENGLASS was generally of the opinion that GOLD had not used any name for himself during their association. At one point he thought that GOLD may have called himself DAVE, but he later rejected this possibility.

During the period between January 4 and March 17, 1950, DAVID GREENGLASS was interviewed by SA Lawrence W. Spillane of the New York Office at GREENGLASS' home, at which time GREENGLASS stated that while he was a member of the United States Army, he was assigned to the Los Alamos project in July or August 1944, under MR. FITZPATRICK, who was the section leader. He recalled that he worked in the machine shop at Los Alamos, and that on one occasion he had some work done on a uranium hemisphere in this shop, which work was performed by CHARLES SHROEDER. He stated that he looked at and touched this piece of uranium hemisphere out of curiosity, but that he never had any in his possession and he never removed any uranium hemispheres or normal uranium from the Los Alamos project.

He stated he saw hemispheres of various sizes in the technical area and in the laboratories, which he believes were probably referred to as tuballoy hemispheres, but that he was never in the tuballoy shop at Los Alamos. He stated that he never removed any of the above mentioned materials and he had no knowledge of anyone else having done so.

1. A letter dated December 21, 1943, addressed to "Dear DAVY" and signed "ETHEL", in which she states as follows:

"Am awfully sorry I haven't been able to write you any sooner. Especially in view of the misery your mouth (and your stomach both) were causing you. I know exactly how you must feel not being able to eat that cake. Once while we were in Washington, D. C., Mom sent us such a wonderful box. Unfortunately it remained in the postoffice over the weekend and when it arrived we found a peculiar hole through the box. MILTY ~~MILNES~~ (the pharmacologist drat him) pronounced it a hole that a rat had made, so although the cake alooked as though nothing hadtouched it, we were afraid to eat it.

"I got home just the same because I didn't want to wait. Most of the seats had been filled at Los Angeles and the conductor lead me to a seat next to a soldier. He was O.K., reticent and never bothered me.....I had the Pullman Conductor wire Las Vegas for a reservation but I had no luck. So I waited until Wednesday morning and at North Platte, I got a sleeper so at least one night I slept. When we pulled into Chicago Thursday morning it was nasty but I was glad that the longest part of the trip was over.....So I decided to stay in Chicago until 3:30 in the afternoon.....In Chicago I went to the Southern Railway to find out how long it would take you to come home from Jackson and how much it would be, Darling, it's good you are only 46 hours away and if you travel pullman, it will be \$75.00 round trip - that's minus the discount for servicemen - coach is about \$45 or so."

"I expected to see BLANCHIE Thursday. I thought you arranged with her to call her and then you could join her when she comes over to my mother-in-law's home. As usual I have been quite busy. Aside from my dramatic work, I'm taking two very interesting college courses in economics and American history. Also expect to become an assistant to a nursery school or kindergarten teacher..... 3. A letter dated January 23, 1944, addressed to Mrs. RUTH GREENGLASS, New York City, from T/5 D. GREENGLASS, Fort Ord, California, in which he states as follows:

"Dearest, After the personal inspection yesterday, I went to the barracks and proceeded to spend the afternoon writing you letters and reading. But BILL and GOLDIE had heard of a town (called Little Oklahoma) and they insisted I come along with them. Well after an hour or so of argument they finally won me over to going along with them. First we went to Salinas and they bought me a beer and another they kept insisting I must take. I didn't want any. They kept saying that I was a wet rag, a sourpuss and that I was keeping them from enjoying themselves, and the end of it was that I drank what they had bought. After a while, I had drunk so much that I started to drink on my own volition. Well, before I knew it I was pretty well gone. In other words I was high."

"Darling, Here I am still waiting to be assigned. Dear, last night after writing you I went out to Town Site with this fellow ~~BORIS~~. He's a Harvard graduate and a reader of PM. He's a hell of a nice guy and we get along famously. First thing I did was hit the library and joined it immediately. The librarian is a New Yorker and we hit it off very nicely. So nice in fact that I was able to borrow, (the nice word for chisel) some stationery to write on. As you can imagine from such a town and a New York librarian, I found the books to be of the better variety. Books by AGNES SMEDLEY and SHOLEM ASCH and LOUIS ADAMIC. I asked her if she gets the books through the Book Find Club and she answered with a very knowing smile. So dear, this sort of community should continue after the war it's the future at work."

"Darling, I must tell you this. You see I have been asked to fill out certain applications. There were certain character references that I had to give, who were neither employers nor relatives. So I chose ~~NORMY~~ and ~~MOISHE~~ ~~and~~ ~~BEA~~ ~~GOTTESMAN~~. They will receive letters from the War Department asking them about my character, political affiliations, etc. Please make sure that they are informed of this. They are to have known me ten years or longer. Darling, I was to give work references and I gave as references Uncle ~~IZZIE~~ and my three bosses at ~~PEERLESS~~. The names are Mr. ~~DROCHMAN~~, Mr. ~~ERNST~~ and Mr. ~~CARL~~ ~~BERGMAN~~. Dear, I wish you would speak to them and ~~IZZIE~~ and let them know that I'm in the Army and that I'm not getting a different job. You see they are to be my references on my ability I think they will know me as GREENGLASS but let them know that I'm GREENE. You may tell them all you know so that they will get it straight."

I stuck my head out and looked down to see who it was - and I looked down on ETHEL and JULIE. They wanted to go see ~~LEONA~~ and of course, I did, too. So I said I would be down in 15 minutes..... So I scooped over to your mom's house and there I found ETH and JULIE. Your cousins ~~HELEN~~ and BEA were there..... A few minutes after I came in, MICHAEL awoke. He's such a cute baby and really exceptionally clever..... I traipsed around with the ROSENBERGS all day. We went to see ETH'S sister and stayed for a while.... Later in the afternoon we went to LEONA'S again but she still wasn't home..... I got invited to ETH'S house for supper so I went home with them..... And so, today, I v.sited with ETH, JULIE and little MIKE. Tonight, SAM, FRAN and MARILYN were there and GLADDY came in too. We had a round table discussion as always but - and this may surprise you - no fights. MARILYN'S a sweet kid and very graceful. She was in our house and as she played the drum she did an Indian dance for me and the kid's good.. We left your mom's at about 11:30 and GLADDY walked me home. She read BERNIE'S letter to me - the one in which he tells her of his accident and darling from the tone of the letter, I could tell it's very minor.....He writes all about this Italian family he has met and he and his buddy gave a party for the kids at Christmas. "Last night I went to see *MOISH and ESTHER. I wasn't able to see MOISHE though..... Sweetheart, you wanted to know about my friends here. Well, there's first *JOE *PIOTROWSKI, Sergeant. He's a Pole, who's a swell guy and he's got a sense of humor that's all right. Politically he's pretty undeveloped but I shall see to his education, although I haven't made much progress as yet. Then there's *FREDERIC *WEIBLING, Pfc., a German guy, who's a very close friend of JOE's with the same type of humor. They don't hate negroes but they have certain prejudices against them, although they will stick up for them against the southerners.... Well, then there's *GOLDBERG, Sergeant and *RUSSELL, Private. Two O.K. fellows, who are pretty progressive but not too much so, I shall endeavor to keep all of them informed of the things we are fighting for and believing.

When interviewed on June 16, 1950 by SAS RAYMOND P. WIRTH and EDWIN R. TULLY, Mrs. GREENGLASS was asked who visited her while she was living at 209 North High Street. She stated that no one visited her while she was in Albuquerque other than wives of GI's who were stationed at the Army Base with her husband and people that she worked with. She stated that no one visited her or her husband at 209 High Street from out of town. She repeatedly declared that the only persons who visited her were people from Albuquerque, such as wives of GI's and fellow employees. She named some of her visitors as: SPINDEL, GORMAN, CHARLEY SCHRODER (his wife died on his honeymoon), BAUMGARTEN, and an individual named SPARKIE or SPARKY who was originally from Rhode Island. When GREENGLASS was asked why he had advised HARRY GOLD that BEN BEDERSON, a soldier at Los Alamos, might be developed as a source of information for the Soviets, GREENGLASS stated at first that he thought BEDERSON was a good fellow and thought he had left wing tendencies because he had collected money for the ROOSEVELT campaign at Los Alamos. He later stated, however, that the real reason he had mentioned BEDERSON to GOLD was that he knew that BEDERSON had lived in a cooperative apartment building on Allerton Avenue in the Bronx.

GREENGLASS stated that BEDERSON was a tall, blonde fellow and that he had had the rank of T/3 at one time but was demoted to the rank of Private because of an argument he had with a WAAC.

S. COHEN, Assistant Credit Manager, Macy's, furnished the contents of a credit application made by Mrs. RUTH GREENGLASS, 265 Rivington Street, Apartment 6, New York City, on December 14, 1949. ADMINISTRATIVE (Continued)

The following investigation was conducted on June 8, 1950:

In an effort to obtain a photograph of RUTH GREENGLASS, a survey was made in the neighborhood of 214 East 23rd Street, the address given on the GREENGLASS' marriage certificate as the place where they were married. It was determined that the address 214 East 23rd Street does not exist as such, and the buildings in this vicinity are loft buildings occupied by printing establishments and by Carl Dietzgen Company, drafting instrument manufacturers. No photographers were located in the immediate neighborhood and a survey at 314 East 23rd Street, 214 East 22nd Street, 214 East 21st Street and 214 East 24th Street failed to disclose any place at which GREENGLASS might have been married.

By letter to the Director dated June 9, 1950 the Los Angeles Office advised the following:

Mrs. MILDRED ROBERTSON, Personnel Department, Fairbanks, Morse and Company, Pomona Works (formerly Joshua - Hendy Iron Works), Pomona, California, made available the personnel file of RUTH PRINTZ GREENGLASS which reflected the following information:

She was hired to do stenographic work by the Joshua-Hendy Iron Works on March 23, 1944, and terminated her employment on May 11, 1944, giving as the reason "going back to New York, soldier husband being transferred." Her Social Security Number was 050-18-1356. Her husband's name was DAVID and his birth place was given as New York City, place of employment Ordnance Base.

November 1942 to February, 1943	Covington Fabrics Corporation 261 Fifth Avenue New York City	Stenographer - Switchboard operator.

The records reflect that while she was employed at the above company she lived at 849 South White Avenue in Pomona, California.

Mrs. PEARL HOWARD, of 849 South White Avenue, was interviewed in a discreet manner relative to RUTH PRINTZ GREENGLASS and it was learned that Mrs. HOWARD recalled her, and advised that she lived at this address during the time she was in Pomona. Mrs. HOWARD advised that she did not have a photograph of her and that she recalled that when she left Pomona she was returning to New York with her husband.

By teletype dated June 9, 1950 the Bureau was requested to furnish photostatic copies of income tax returns of DAVID and RUTH GREENGLASS from 1944 to date, and the Chicago Office was requested to furnish records regarding war bonds purchased by DAVID and RUTH GREENGLASS.

By letter dated June 9, 1950 the San Antonio Office was furnished with information concerning the friendship between ROSALIE ~~TERRELL~~, who now resides at Route 7, Box 564, San Antonio, Texas, and RUTH GREENGLASS, while both were residing at 209 North High Street, Albuquerque, New Mexico, as of June 3, 1945, when HARRY GOLD visited DAVID and RUTH GREENGLASS. Photographs of HARRY GOLD were furnished to the San Antonio Office, with the request that ROSALIE TERRELL be interviewed at the appropriate time to determine if she saw GOLD come to the GREENGLASS residence, or if she could recall any conversation on the part of RUTH GREENGLASS to the effect that GOLD might have visited the GREENGLASS residence.

By letter of June 12, 1950 New York requested Baltimore, Charlotte and Los Angeles to exhibit photographs of DAVID GREENGLASS to WHITTAKER CHAMBERS, JOHN J. MATWIN, AMADEO SABATINI, ORIN YORK and VICTOR CUBARKIN.

By letter dated June 12, 1950 the Los Angeles Office advised that photographs of HARRY GOLD were exhibited to Mr. P. M. SHERER, 2400 West 23rd Street, Los Angeles, who advised that he did not recall ever having seen GOLD while living at the home of ~~Mr. and Mrs. W. E. FREEMAN~~, 209 North High Street, Albuquerque, New Mexico. Mr. SHERER recalled that Mr. and Mrs. GREENGLASS were living at the above address, but he did not remember the visit by GOLD. A picture of Mr. SHERER, taken in 1945, was obtained and forwarded to the Philadelphia Office for exhibition to HARRY GOLD.

As a result of fingerprints of DAVID GREENGLASS being obtained from the Arma Corporation, Brooklyn, and forwarded to the Identification Division, the Identification Division advised that these fingerprints are identical with those of DAVID GREENGLASS, Army Serial Number 32882473, the latter fingerprints having been received from the Army, dated April 5, 1943 at New York, New York. The two above mentioned sets of fingerprints are filed under FBI Number 439514A.

In reference to the surveillance of DAVID GREENGLASS on June 11, 1950, the following investigation was conducted by SAS VINCENT LOUGHLIN and LOUIS P. HURLEY:

Through the cooperation of the Kingston, New York, Police Department, it was ascertained that New York plate 9D-2387 was issued for a 1937 Chevrolet Town Sedan, registered to LEO BROOKS, of Grahamsville, New York.

ADMINISTRATIVE (Continued)

The Brooks Farm and Bungalow Colony is located on the continuation of the Ulster Heights road out of Ellenville, being in the so-called Beaverdam Section, nearly 10½ miles from Ellenville, and about three miles from Grahamsville in Sullivan County.

The nearest neighbor to BROOKS on the Ellenville side is one DAVE LEVITZ, a farmer, who, it was later ascertained, is a cousin of Mrs. BROOKS. This farm is about one-half mile away. On the Grahamsville side, the neighbor nearest is the Beaverdam Club, a local private fishing and hunting club. The caretaker is one IRVING HEROY, a local character of good repute according to Chief RICHARD PORTER, of the Ellenville Police Department. There is a clubhouse with sleeping accommodations there, and the membership is allegedly restricted. It is about 0.8 miles from BROOKS. The telephone number is Grahamsville 2-777.

The BROOKS place consists of five bungalows in a semi-circle about 100 feet from the road. The BROOKS family live in one of these.

As the above mentioned Agents drove by, a woman frantically warned them to stop. She said she was Mrs. BROOKS, and was almost hysterical over the presence of a large snake in the grass near her house, and asked for help. The Agents disposed of the snake, and she was grateful.

Under pretext, she directed them to Grahamsville. She said her husband is an electrician, but is presently building a large chicken house, which is partially constructed, on the premises. She also said that three of the bungalows were rented to one family. As to the fourth, she said her husband had met a man from New York City in Ellenville the preceding day (Sunday, June 11, 1950) who answered their ad in the "New York Post", and had driven him up to see the place. She said that this individual's wife had phoned that day to state that they would rent the bungalow for the season, and that the rental was \$350.00. She stated this couple have one child about four years of age and a small baby. No name was mentioned, and Mrs. BROOKS did not say when this couple would move in. It is noted that the season usually runs through the Jewish Holidays in September.

Mrs. BROOKS said the mail comes through the rural route out of Grahamsville, and that there is a daily milk delivery by the Crowley Dairy. She indicated that the neighbor, LEVITZ, is her cousin.

It is apparent that Mrs. BROOKS is very talkative and very emotional, but friendly.

WILLIAM V. KRUM, Postal Clerk at Grahamsville, said the BROOKS have lived there about six years. No derogatory information was known. He said the rural carrier is THERON W. HASBROUCK, a native.

By teletype of June 13, 1950 St. Louis advised that records of Bruns General Hospital are not at St. Louis, and are probably at Kansas City.

By New York teletype of June 14, 1950 Kansas City was requested to check the records of Bruns General Hospital for information concerning DAVID GREENGLASS' alleged hospitalization there.

By letter of June 13, 1950 the Newark Office furnished handwriting specimens to the FBI Laboratory of DAVID GREENE, who is identical with DAVID GREENGLASS, which specimens were obtained from the Federal Telephone and Radio Corporation, and consisted of his application for employment there as of July 28, 1941.

By teletype dated June 14, 1950 St. Louis was requested to ascertain whether the morning reports of Records and Administration Center, Adjutant General's Office, should include records of short liberty, which would have permitted GREENGLASS to spend week ends in Albuquerque during the pertinent period, and whether the fact that the name DAVID GREENGLASS does not appear in morning reports for the period of June 1 to June 7, 1945 indicates that GREENGLASS was not on duty during that period.

By teletype dated June 16, 1950 at 4:15 a.m. the Bureau, Philadelphia and Albuquerque were furnished with full information concerning the signed statement of DAVID GREENGLASS dated June 15, 1950.

During the search of DAVID GREENGLASS' apartment on June 15, 1950 at 3:15 p.m. DAVID GREENGLASS signed a voluntary waiver of search for his safe deposit box number 1602B at the Manufacturers Safe Deposit Company, 376 Grand Street, New York City, and made available the key to this safe deposit box. The waiver of search and the key are maintained in the files

ADMINISTRATIVE (Continued)

of the New York Office. A search of the box was not made, inasmuch as the bank was closed at the time of receipt of the waiver. This safe deposit box is in the names of both RUTH and DAVID GREENGLASS. DAVID advised that he ordinarily kept only important papers, such as insurance policies and birth certificates and war bonds in this safe deposit box, but that at the time he had most of these papers at home, for the purpose of showing them to the New York City Housing Authority in an attempt to get a better apartment. However, he had ascertained that he was receiving too large a salary to get an apartment through the New York City Housing Authority. He said that he has cashed all of his War Bonds.

The address book mentioned in the details as having been found by SA LEO FRUTKIN in the GREENGLASS apartment contains the following on the cover leaf: "Property of RUTH PRINTZ, 254 Rivington St., NYC."
