At 5:57 p.m. of this date Mr. Art Rolander, Security Office, Atomic Energy Commission, telephonically advised Supervisor Robert A. Collier that his office had determined additional information regarding Gerhardt Norval Wollan. This individual was employed as a physicist by a contractional firm Ford, Bacon and Davis which firm helped build the K-25 plant designed by the Kellogg Corporation at Oakridge. Rolander stated that their files reflect that on the basis of a letter dated 2-5-44 from the M.E.D. Intelligence Office in New York City, Wollan's employment was terminated. The substance of the letter from the Intelligence Office is not known inasmuch as it has not been located. One reference which Wollan had at the time of his employment is known to be William Karl Bernstein.

Rolander also furnished information concerning Charles Joseph Greenspan. That individual was employed by Kellogg in June 1943 and left Kellogg October 25, 1945. Rolander stated that the Atomic Energy Commission master reference list reflects that Greenspan had sympathy or membership in the Communist Party and based upon that information his employment was terminated.

Rolander advised that additional data concerning these individuals is being secured and will be furnished to the Bureau as soon as possible.

On February 4, 1950, Mr. C. A. Rolander, Jr., Security Division, Atomic Energy Commission, telephonically advised Special Agent Ernest J. Van Loon that the Commission had been endeavoring to obtain all available information from its various offices concerning Gerhard Norval Wollan, a suspect.

Rolander advised that at the Oak Ridge installation a card on Wollan had been found in the MED Central Indices. This card reflected Wollan was born at Glenwood, Minnesota, June 27, 1910. His Social Security number was shown as 093-071-740. The card referred to New York MED file No. 508. It did not show any place of employment but indicated that Wollan had been terminated February 9, 1944. The card also reflected that Wollan's name had been placed on the Master Reference List which was said to be a watch list of persons on whom derogatory information was available.

The Atomic Energy Commission records at New York were checked, but the File No. 508, mentioned above, was not located. The New York Office had a card merely indicating that Wollan's name was in the Master Reference List.

At Los Alamos the records reflected, according to Rolander, that Wollan had applied for employment in 1943 and had been denied clearance in February, 1944, because of information developed in a clearance investigation. Rolander stated the clearance apparently was denied because of FBI checks which indicated that Wollan had been engaged in Communist activities since 1938.

At Washington, D.C., the Atomic Energy Commission records reflect, according to Rolander, that Wollan wrote a letter dated December 16, 1943, to Dr. M. H. Trytten, National Roster of Scientific Men, 2101 Constitution Avenue, Washington, D.C. This letter was on the letterhead of the U.S. Navy Yard, New York, New York, and read as follows:

"Dear Dr. Trytten:

"When I talked to you here in New York there was some slight possibility that I might have some difficulty in getting a release. That has been cleared up. I have obtained my release from the Navy Yard and I am available for your job as of today.

"Sincerely yours,"

Rolander stated that the Atomic Energy Commission records at the Seat of Government also reflected that Wollan's name was on the Master Reference List and that the New York FBI files revealed Communist activities on the part of Wollan, and reported Communist meetings in his home.

On February 6, 1950, W. A. Burke in Mr. Rolander's Office, telephonically contacted Special Agent E. J. Van Loon and advised that they had learned that one Ernest Omar Wollan, born November 6, 1902, Glenwood, Minnesota, is presently working at the Oak Ridge installation. The records on this Wollan indicate that he listed only two brothers, namely Abner and Ralph Wollan; the former was in Columbus, Ohio in the early part of 1948, and the latter was at Oak Ridge, Tennessee, as of 1948. While this Wollan was born at the same time as Gerhard Wollan, there is no information of record showing relationship.

June 29, 1944 to January 3, 1945. During that period WEBER was absent from work on three days, namely, August 29, November 14 and November 27, 1944.

It will be noted that August 29, 1944 and November 14, 1944 are both pertinent dates to this investigation. On those dates activity by the unknown subject is believed to have taken place. Moreover, both of these days fell on Tuesdays in 1944. Also the date August 1, 1944, another pertinent date, fell on a Tuesday in 1944. According to Kellax records WEBER was on duty on August 1, 1944.

The Kellax records further show that WEBER apparently worked on legal holidays, such as, July 4th, Thanksgiving Day, Labor Day and Christmas, on which days Kellax maintained a skeleton force.

The Kellax records did not reflect WEBER'S whereabouts on the days he was absent from work. It was T-1's opinion that complete attendance records, including reasons for absence and whereabouts during absence, are now in the custody of the Records Distribution Office, Atomic Energy Commission, Oak Ridge.

The records of the Department of Licenses, New York City, reflected that WEBER is the owner of a 1950 black Buick Sedan, Motor number 55775184, which automobile bore 1949 tags 6L-9864.

Confidential Informant T-2 advised on January 11, 1950 that WEBER directed a letter to his wife which was postmarked January 4, 1950 at Cleveland, Ohio and which bore return address, c/o ROBERTS, 2801 Hathaway Road, Dayton, Ohio.

By letter of January 11, 1950, the Cincinnati Office advised that Confidential Informant T-3, of known reliability, stated that he first became acquainted with WEBER in 1942 at which time WEBER and ABRAHAM BROTHMAN were engaged as consulting engineers for the International Engineering, Inc., Dayton, Ohio. T-3 stated that after WEBER terminated his services with International Engineering, he continued to see WEBER whenever he visited New York City. Approximately three months ago WEBER contacted a Mr. E. SAUMENICHT, New York representative for International and informed SAUMENICHT that his job with Kellax was about to be terminated and that he was desirous of obtaining work with a private organization. Thereafter T-3 advised WEBER was hired as a technical director in International Engineering, Dayton, Ohio, and placed in charge of engineering and sales. WEBER officially began this employment on December 15, 1949.

NY 65-15186

According to T-3, one of WEBER'S duties was to contact all manufacturing representatives of the company throughout the United States. WEBER therefore traveled to Boston, New York, Philadelphia, Wilmington, Pittsburgh, Akron, Cleveland, Detroit, Chicago, St. Louis, Tulsa, Houston and New Orleans. During the Christmas and New Year's Holidays, WEBER was in New York visiting his family.

T-3 knows that it is WEBER'S intention to purchase a home in Dayton and move his family there in the very near future. He also advised that WEBER'S duties will entail his contacting representatives in the above cities from time to time in addition to his duties in the engineering field in Dayton, Ohio.

T-3 agreed to immediately advise the Cincinnati Office when WEBER next travels to New York. He stated that WEBER usually travels by train. He also stated that WEBER is presently rooming in a private residence at 2801 Hathaway Road, Dayton, Ohio.

Confidential Informant T-8, of unknown reliability, advised that WEBER and his family moved in Apartment 308, 25 West Broadway, Long Beach, New York, on November 15, 1949, and have a lease which expires April 30, 1950.

Confidential Informant T-9, also of unknown reliability, advised that WEBER is presently in Dayton, Ohio, and that Mrs. WEBER and their two children live in Apartment 308 at 25 West Broadway, Long Beach, New York. T-9 stated that occasionally WEBER comes to New York on week-ends.

*Mr & Mrs* Further it is noted in connection with WEBER that August 1, 1944, WEBER'S wife, JEAN, opened a Special Checking Account, Number 4098, at the National City Bank, Kings Highway Branch, Brooklyn, New York. On August 2, 1944, the bank account in the National City Bank was changed to a joint account in the name of ARTHUR P. and JEAN WEBER. Between August 1 and December 29, 1944 several small deposits were made to this account and several small checks were drawn against it. The largest deposit was made on November 21, 1944 in the amount of \$148.65. The largest withdrawal was made by check on November 27, 1944, a day on which WEBER was absent from work. This check was in the amount of \$75.00. As of December 29, 1944, the balance in the account was \$139.02.

With regard to the information furnished by the unknown subject on October 1, 1944, regarding BROTHMAN, it should be noted that around that time WEBER and BROTHMAN had a disagreement and both left the employ of the Chemurgy Design Corporation, New York City. It was the opinion of Confidential Informant T-4

RE: ABRAHAM BROTHMAN

Confidential Informant T-5, of unknown reliability, has advised that BROTHMAN occupies office space on the twelfth floor of the building at 2928 41st Avenue, Long Island City, New York. This informant stated that BROTHMAN employs a girl secretary and a male assistant who is believed by T-5 to be a Hindu. T-5 is positive of the fact that BROTHMAN maintains irregular hours and at times is known to come into the building at two or three in the morning and work for the rest of the night in his office. In addition T-5 reported that BROTHMAN makes periodic trips to Philadelphia for two or three days at a time during which there is no activity in his office.

The records of the License Bureau, New York City, reflected that BROTHMAN is the owner of a 1949 red Oldsmobile two-door sedan which bore 1949 tags 7Q8492. From observation it was learned that this car has four white side-wall tires.

NY 65-15185

Periodic physical surveillances of BROTHMAN have been conducted and reveal that he parks his car in a parking lot at 44th Street and Skillman Avenue, Bunnyside, New York, about two blocks from his home. He parks the car in a parking lot directly across the street from 2928 41st Avenue, Long Island City. On January 22, 1950 he was observed entering his car in the parking lot near his home in the company of an unknown man. They drove directly to BROTHMAN'S office and both entered the building. BROTHMAN was seen leaving the building at 2928 41st Avenue at 8:25 P.M., January 22, 1950, in the company of two unknown men. BROTHMAN drove directly from there to 8503 57th Street, Elmhurst, Long Island, which is the business site of Peacock Laboratories and which BROTHMAN apparently uses for experimental purposes.

Confidential Informant T-6, of known reliability, advised on March 28, 1949 that BROTHMAN operates A. BROTHMAN and Associates in Room 1215, 2928 41st Avenue. His partner in this business venture is MIRIAM MOSKOWITZ. The business was established in October 1946 and its net worth in March 1949 was in excess of \$15,000.00. On October 11, 1946 the firm was registered by BROTHMAN, MOSKOWITZ and OSCAR J. WAGO. On June 2, 1948 WAGO sold his interest to the remaining partners.

MIRIAM MOSKOWITZ is 32, single and a graduate of the College of the City of New York in 1942. From the Spring of 1942 to August 1944 she was employed as a secretary in the War Manpower Commission, New York City.

The firm is engaged in developing work for firms in the United States and foreign countries including the Chinese Government. They are experienced chemical engineers and maintain a laboratory at 8503 57th Avenue, Elmhurst, New York.

T-6 was unable to furnish any information on the Phoenix Service Bureau, which name is also listed on the door.

With regard to HENRY A. GOLWYNNE, a former business partner of WEBER and BROTHMAN in the Chemistry Design Corporation, Confidential Informant T-7 has advised that GOLWYNNE is a British citizen who is astute in business matters and enjoys the friendship of a number of prominent businessmen in New York City. T-7 assumed that GOLWYNNE'S income in 1944 was in the neighborhood of \$25,000 to \$30,000 a year. Concerning his past, T-7 stated that GOLWYNNE came to Toronto as a youth and in 1914 joined the Canadian Army, resigning in 1919 as a Major having received the decoration of the British Military Cross while in the

NY 65-15185

service. For a number of years thereafter GOLWYNE specialized in magnesia and magnesite. More recently he has been interested in a mineral Kynait which is used in the making of high temperature refractory material. The GOLWYNE Cuban company was formed in connection with the importing of Kynait from Cuba. This material is sold to the Mullite Company of Shelton, Connecticut in which GOLWYNE has a quarter interest.

About October 7, 1944 GOLWYNE went to India on a mission for the War Production Board in connection with ascertaining Kynait deposits located in that country.

T-6 reported in December 1941 that the Golwynne Chemical Company, 420 Lexington Avenue, New York City, was incorporated under the laws of New York State in July 1931 under the name Golwynne Magnesite and Magnesia Corporation. HENRY A. GOLWYNE was President and Miss WINIFRED E. RUSSELL was Secretary and Treasurer.

In 1941 GOLWYNE was 49, divorced, a native of England and not a United States citizen. For a time prior to 1921 GOLWYNE was a purchasing agent in Toronto, Canada, for several foreign concerns and then started individually as an importer of magnesia and magnesite and also mica generally obtained from India. During 1925 he organized the Super Refractories Corporation, the name of which was changed to HENRY A. GOLWYNE Corporation in 1926. GOLWYNE is also President of the Pulverized Metals Corporation which maintains headquarters in New York City at 420 Lexington Avenue, New York City, and which was incorporated under Connecticut laws on December 20, 1940. The particular business of the Henry A. Golwynne Corporation is the importation and distribution of magnesite throughout this country which is obtained through the Magnesite Syndicate of London, England and also from Cuba.

In 1941 GOLWYNE resided at 45 Prospect Place, New York City. Prior to that he lived at 19 East 55th Street, New York City.

Enter the number of the job for which you are best fitted in box A; the one for which you are next best fitted in box B, etc. If you reported experience or training for more than four jobs, enter the numbers for only four. If you did not report four jobs, enter the numbers for any jobs in item 22, enter "none" in box A.

**25. If you are now working at one of the jobs for which you enter a number in box A, B, C, or D, circle the box in which you enter the number of this job.**

LIST OF SELECTED OCCUPATIONS

24. Read the following list of jobs and fields of work carefully. If you are now working or have ever worked at any job listed below, write the number of years you worked in that job in the box in front of the name of the job. For example, if you have worked 6 years as an electrician, write the number of years as: [6 yrs.] 324 Electrician. If you have worked less than 1 year, write the number of months as: [4 mos.] 324 Electrician. If you have completed training for any work, but have not yet had a job in it, write just a "T" in the box. If you have worked at more than one job on the list, write the number of years or months in front of each. (This list does not cover all kinds of work. Perhaps you will find nothing to mark on it. But notice that some of the names on the list cover jobs which often go by other names; for example, a railroad brakeman would mark "Trainman.")

If this list does not include any or all of the jobs or fields of work in which you have had experience or training, enter in item 35 below any others that you did not describe on page 2.

25. Other Occupations: List here any jobs or fields of work not reported in item 24 or on page 2, in which you have had experience or training.

In view of the above, referenced photographs are being forwarded herewith to the New York Office in order that they may be exhibited to WEBER.

Another statement by FUCHS which would lend credence to this identification is that his contact was totally unknown to him, other than as a contact for the transmittal of espionage information. In line with a long established policy of the Soviet Intelligence Service to operate through means of "cut-outs", this statement by FUCHS is consistent to what is known of their methods of operation.

It is therefore suggested that investigative efforts to develop additional suspects for the unknown subject GOOSE be directed to those individuals who are known to have been associates of BROTHMAN and who assisted BROTHMAN in the establishment of his laboratory, either financially or in obtaining contracts for him. It is also suggested that consideration be given to interviewing BROTHMAN in the event the circumstances so warrant.

Very truly yours,

*Being done all along*

Re report of Special Agent JOHN R. MURPHY, JR., dated March 9, 1950 at New York.

Referenced report sets forth a lead for the Boston Division to endeavor to locate TONY R. H. SKYRME for an interview.

Attention is directed to the report of Special Agent CARLTON C. LENZ dated February 28, 1950 at Newark, which reflects an interview with TONY HILTON ROYLE SKYRME.

If another interview with SKYRME is desired, it is believed that he can still be found at the Institute for Advanced Study, Princeton, New Jersey.

The Bureau has instructed by teletype of 3/10/50 that photographs of JOSEPH ARNOLD ROBBINS, WA Joseph Regenstreich be exhibited to ARTHUR PHINEAS WEBER to determine whether ROBBINS was an associate of ABRAHAM BROTHMAN. FUCHS has identified a June 1943 photograph of ROBBINS "with very fair certainty" as his U.S. contact.

Since it has been determined by the New York Office that WEBER will not be in New York until sometime next week, the June 1943 photograph of ROBBINS and a surveillance photograph of him obtained in New York City on 3/10/50 are being forwarded to Cincinnati.

The Bureau has further instructed that ROBBINS' photographs be exhibited in a group of other photographs and that ROBBINS' name not be revealed.

Also enclosed for the assistance of Cincinnati are the photographs of HARRY GOLD, HENRY CARROLL, ARNOLD KEEN, PERCY NADEL, PETER GABRIEL BERGMAN, JOSEPH KASTLE ROBERTS, GEORGE PLACZEK and EDWARD EVERETT AUER.

It is requested that all of these photographs be returned to New York after WEBER has seen them. It is also requested that the Bureau, Boston and New York Offices be advised immediately by teletype of the results of exhibiting these photographs.

The Bureau has also requested that investigation regarding ROBBINS be reported in the captioned case.
