Office Memorandum • UNITED STATES GOVERNMENT

TO : All Supervisors in the Espionage and Internal Security Sections

DATE: September 28, 1950

FROM : A. H. BELMONT

SUBJECT: SPECIAL SECTION OF THE SECURITY INDEX

Vivian Glassman
65-59334

PURPOSE:

To provide for a review of all cases involving subjects currently in the Special Section of the Security Index for the purpose of determining whether or not they are properly included therein and to provide for instructions to be issued to the field to submit information in summary type reports suitable for distribution concerning these subjects.

GENERAL INSTRUCTIONS:

As you are aware, the Special Section of the Security Index contains the names of individuals who should be given special consideration as to the desirability of their apprehension in the event of hostilities. This Special Section is broken down into six categories as follows:

Espionage Subjects
Government Employees
Prominent Individuals
Atomic Energy Employees
Foreign Government Employees
United Nations Personnel

There are over 200 names in the Special Section and since the Bureau will be taking the responsibility for allowing these people to be at large after the start of hostilities while separate consideration is given to the desirability of apprehending them, the investigative files regarding these subjects should be examined now, for the purpose of determining whether the national security might better be served by including the names of various individuals now in the Special Section along with the others in the Security Index.

Each Supervisor should review those cases of individuals assigned to him who are now in the Special Section of the Security Index to determine if they are properly included therein. At the conclusion of the review, each case should be the subject of a memorandum which will indicate why the name should be deleted from the Special Section or why the name should be continued in the Special Section. These memoranda will then be correlated by Supervisor Whitson, Room 1647, and a summary memorandum of recommendations will be prepared.

It will then be necessary for each Supervisor to whom any of the subjects now included in the Special Section of the Security Index are assigned to issue instructions to the Field for summary type reports concerning those subjects to be continued in the Special Section so that these reports will be readily available for dissemination in the event of an emergency. These instructions should also provide that periodic reports suitable for dissemination be submitted covering the activities of those subjects retained in the Special Section.

With regard to those individuals who are to be deleted from the Special Section and placed in the Security Index for apprehension in the event of an emergency, each Supervisor, in reviewing his case files should determine whether reports now in the file are suitable for dissemination. If necessary, the Field should be instructed to prepare a summary type report suitable for dissemination on such subjects as are being placed in the regular Security Index.

Factors to Consider in Connection with Reviews:

With regard to all subjects now in the Special Section of the Security Index, you should consider the following five factors in determining whether they should be continued in the Special Section:

1. Is the category in which they are placed supported by the facts of the case?

2. Are any members of their households in the Security Index? If so, are they in the Special Section?

3. Have we ever attempted to interview the subject?

4. Could we adequately cover the subject's activities during the opening days of hostilities?

5. With regard to the application of the Emergency Detention Act of 1950, do we have evidence of the following:

A. Instructions or assignment in the Espionage, Counterespionage or Sabotage service or procedures of a foreign country, foreign political party or the Communist Party, USA.

B. Any past acts of Espionage or Sabotage or participation in any attempt or conspiracy to commit Espionage or Sabotage.

C. Holding of membership at any time after January 1, 1949 in the Communist Party, USA or any other organization seeking the overthrow of the Government of the United States by force or violence.

Espionage subjects are in the Special Section because:

1. Apprehension would destroy chances of penetration and control of an operating Soviet Espionage parallel, or

2. Apprehension would destroy known chances of penetration and control of a "sleeper" parallel.

Additional considerations with regard to Espionage subjects are:

1. Can we present the facts concerning the subject's Espionage activity to the Attorney General now?

2. If subject is a member of the Communist Party, USA, or an official of a party front, are others in a comparable position in the Communist Party, USA, or front in his locality in the Security Index?

3. Do we have sufficient data exclusive of the subject's Espionage connections to hold the subject under the Detention Program?

4. Is the subject employed by a foreign government or employed by or accredited to an international organization?

Government employees are in the Special Section because:

1. The case is still pending under the Loyalty Program, or

2. The case has been determined in the subject's favor by the Loyalty Board.

Additional consideration to be given Government employees is the question of whether our investigation has developed additional evidence or pertinent information since the last referral to the Government Board.

Also, in the case of Government employees, is there any logical objection to presenting the name of the Government employee, at this time, to the Attorney General for inclusion on his Master Warrant of Arrest?

Prominent individuals are in the Special Section because:

1. Apprehension might be attended by considerable publicity tending to make a martyr of the subject, or

2. Apprehension might affect adversely other persons not on the Security Index who are necessary to the war effort.

Additional considerations in regard to prominent individuals are as follows:

1. Why, specifically, is the subject considered a prominent individual?

2. Is the person whom the subject's arrest might affect adversely still necessary to the war effort?

3. What elements need to be developed in order to make the case against the subject a strong case?

4. What could the subject reasonably be expected to do during the first few days of hostilities that could injure the United States and thereby embarrass the Bureau, assuming he was not apprehended at the outset of the Detention Program?

5. What is the reasonable chance of developing data sufficient to make a strong case in the first few days after the outbreak of hostilities?

Atomic Energy employees are in the Special Section because their apprehension must be cleared with Atomic Energy Commission representatives in order to avoid interference with Atomic Energy work. With regard to these individuals, the following additional matters should be considered:

1. Is the subject working for the Atomic Energy Commission, for a contractor, or for a subcontractor? If so, where?

2. Does the subject have access to restricted material?

3. Does the subject have access to restricted areas?

Foreign Government employees are in the Special Section because we can only apprehend those employed by Governments with which we are at war. Additional matters to be considered in connection with

this category are:

1. Is the subject secretly serving the Soviets though in the employ of a nonsatellite nation which may be friendly or neutral in the event of war?

2. Does the subject have access to classified material which might relate to the conduct of the war by the United States and its allies?

United Nations and international organization employees are in the Special Section by reason of the fact that they are employees of international organizations regardless of their national origin, and notification must be given to the Secretary of the United Nations regarding their detention.

In reviewing cases involving United Nations employees regardless of their national origin, you should consider the advisability of presenting their names at this time to the Attorney General for inclusion in his Master Warrant of Arrest in order that he can take the necessary steps regarding notification to the Department of State and the United Nations in the event of emergency.

ACTION:

Memoranda regarding each of the subjects assigned to any Supervisor should be submitted no later than the close of business Wednesday, October 11, 1950. The memoranda should contain a recommendation to continue the individual subject in the Special Section or should contain a recommendation that he be removed from the Special Section and placed in the regular Security Index. Each memorandum should show that consideration has been given to each of the items set forth in the preceding portion of these instructions.

Instructions to the field regarding summaries will be sent after the correlated summary is approved.

PURPOSE:

To recommend the retention of Vivian Glassman in the Special Espionage Section of the Security Index.

DETAILS:

Reference is made to your memorandum of September 28, 1950, concerning the persons who are listed in the Special Espionage Section of the Security Index.

Vivian Glassman first came to the attention of the Bureau in connection with the investigation of the Rosenberg espionage network when she was identified as being a former girl friend of Joel Barr, a known Soviet agent who left the United States in 1948. The investigation has reflected that she was an acquaintance of Julius Rosenberg and had visited at the Rosenberg apartment in New York City. Further, an examination of the bank account of Alfred Sarant, one of the associates of Rosenberg, reflected that he deposited a money order in the amount of $45 drawn by Vivian Glassman to his account on August 11, 1949. This money was believed paid to him for monthly rental of the apartment at 65 Morton Street, Greenwich Village, New York, which apartment is believed to have been used as one of the apartments wherein photographic activities were carried on by members of the Rosenberg network.

According to William Perl, Glassman visited him in Cleveland, Ohio, on July 21, 1950, and passed on to him instructions as to his leaving the country by way of Mexico. He also indicated that Glassman at the time of this visit offered him a sum of money to be used for his expenses in leaving the country. At the time of her interview, she admitted the trip to Cleveland, Ohio, but explained that she had done so under the direction of an unknown individual who visited her apartment and identified himself by making reference to Joel Barr.

Vivian Glassman was born in New York City on June 30, 1919. She is a graduate of Hunter College and also has taken graduate work at the College of the City of New York. While employed at the United States Army General Development Laboratory, Fort Monmouth, New Jersey, in 1943 she was reported as being a leading figure in the Communist dominated Monmouth Chapter of UFWA - CIO Union.

Vivian Glassman presently resides in an apartment at 131 East 7th Street, New York City, and is employed by the United Service for New Americans, 15 Park Row, New York City. An active investigation is being conducted as to her activities.

All of the remaining factors appearing in referenced memorandum have been given appropriate consideration.

RECOMMENDATION:

It is recommended that Vivian Glassman's name be retained in the Special Espionage Section of the Security Index as her immediate apprehension in the event of hostilities would prevent identification of her Soviet espionage contacts and associates and interfere with the determination as to the extent of her participation in Soviet espionage.

Examination requested by: SAC, Washington Field

Reference: Letter 1/9/51

Examination requested: Document

Specimens:

Qc) Six photostatic copies of a two page letter dated January 7, 1948 directed to Department of State, Passport Division, Wash., 25, D.C., and signed VIVIAN GLASSMAN.

RESULTS OF EXAMINATION:

The additional known handwriting of VIVIAN GLASSMAN, Kc3, did not assist in arriving at a definite conclusion whether this individual prepared the handwriting on the hotel registration card, Qc2 and the handprinting on the money order, Qc1, because of variations which could not be accounted for with reference to the handwriting on Qc2 and because no handprinting is included with Kc3 for comparison with the handprinting on Qc1.

It is possible that the variations appearing in the writing on Qc2 may be due to the speed with which the writing on this specimen was prepared and also to the fact that the writings may not have been prepared in a normal writing position.

Additional known specimens of handwriting and handprinting should be submitted for further comparison with Qc1 and Qc2 if such specimens can be made available.

Re New York report of SA RICHARD T. HRADSKY dated 11-22-50.

Referenced report requested the Philadelphia Office to ascertain identity and background information for one DANIEL ROSENBERG in residence at 5233 Karpenter Street in January, 1948.

The records of the Philadelphia Police Department and the Philadelphia Credit Bureau, Inc. contain no information re DANIEL ROSENBERG.

The Philadelphia indices contain no record of a DANIEL ROSENBERG.

However, in this connection it should be noted that the Philadelphia and Suburban cross-reference telephone directories do not contain a Karpenter Street. There is however, a Carpenter Lane, a Carpenter Street, and a Carpenter Road listed. None of these streets carry a sequence of numbers in the 5200 series.

In order that Philadelphia may identify the DANIEL ROSENBERG, it is requested that the Washington Field Office furnish background and identifying data re DANIEL ROSENBERG as set forth in the Passport Division, Department of State.

VIVIAN GLASSMAN
ESPIONAGE - R

Reference is made to your teletype dated January 19, 1951, in the case entitled "Julius Rosenberg, Espionage - R."

It is noted that this teletype sets forth information as furnished to your office by Informant Jerome Eugene Tartakow.

Your attention is invited to page 3 of this teletype, where it is mentioned that Rosenberg was concerned about the information given to the Government by a woman who was on intimate terms with his wife Ethel. Further, that this woman traveled to a distant city to bring funds to a man there so that he could leave the country but that for some reason the funds were refused by this man and the woman returned to New York where the Government picked her up with the money.

It would appear from this information that assuming same referred to Vivian Glassman's trip to Cleveland in order to offer $2,000 to William Perl, that she, upon return to New York City, failed to turn it back to the person from whom it was originally received.

In substantiation of the belief that Glassman may have kept the money which she offered to Perl and he refused, you will recall that on July 27, 1950, when Glassman claims she returned the $2,000 to an unknown individual in her apartment, your office was maintaining a complete physical surveillance on the premises wherein she resided. According to your report on this surveillance, no strangers were noted to have entered the building on that date.

65-59334-103

In view thereof, it is requested that your office immediately recheck any [illegible] accounts which Vivian Glassman may have in New York City to determine whether she may have deposited any large sums of money to that account on or immediately subsequent to July 23, 1950.

There is enclosed herewith for the attention of the FBI Laboratory a letter dated Sunday, January 14, 1951, from subject GLASSMAN to RAY PINKSON. This letter was recovered from the trash of PINKSON by Special Agent GILBERT G. BENJAMIN. The trash had been picked up on January 29, 1951, by District of Columbia Sanitation Truck #340. On this truck were JAMES DIXON, the driver, with JACK KING, JOHN HAMILTON, WILLIE STODDARD, and HAYWOOD JOSEPH, helpers. This letter is as follows:

"Sunday, Jan. 14, 1951

"Dear Ray,

"I'm sure you'll be surprised to receive this letter, so I'll pause a moment in thought to let you catch your breath.

"I would like to apologize for whatever discomfort I caused you by my outburst during the early part of the evening, and to thank you for the otherwise pleasant time we had that day.

"It shouldn't surprise you to hear that I was impressed with you when I first met you, and that my initial impression was strengthened after spending more time with you. Since my personal relationship with my friend remains what it was when I last talked to you, I thought that you might be interested in meeting my sister, and that she might like to meet you. I'm being a little presumptuous in making the above suggestion, inasmuch as I do not know whether there have been any substantial changes in your personal relationships. However, inasmuch as I am sure that you would like Ellie, I decided to chance the above.

"If you're interested in my suggestion, I would be glad if you would let me know when you're planning to be in New York, so that we can arrange for you and ELLIE to meet each other.

Director, FBI

VIVIAN GLASSMAN, was.
ESPIONAGE - R

A review has been made of the results of the investigation which has been conducted with reference to the above-named subject and there are being set forth hereinafter certain suggestions for additional investigation in this matter.

In the report of Special Agent John M. Masterson dated at Newark on September 1, 1950, it is noted that Ernest J. Pataki upon interview indicated that he had been going with Glassman since 1945. It is not specifically mentioned whether he was interrogated concerning his possible knowledge of Joel Barr, with whom it is known that Glassman was intimately associated during the same period and prior to the time of Barr's departure from this country in January, 1948. It appears rather unlikely that he could have been going with Glassman during this period without knowing about Barr, who was then the fiance of Glassman. It is therefore suggested that he be further interviewed concerning his acquaintance with and knowledge of Barr and the latter's activities.

It might be considered of some significance that, immediately subsequent to Pataki's interview concerning this matter, he severed his connection with the Federal Telecommunication Laboratories, Inc. In addition, the extent of Pataki's cooperation during his previous interviews is questionable. In this respect, you will recall that at the time of his first interview on August 4, 1950, he could not recall the instance his telephone conversation with Glassman on July 21, 1950, whereas on August 7, 1950, after having talked the matter over with Glassman, he furnished the details corroborating those previously given by Glassman. In view thereof, your office is requested to initiate additional investigation to determine the past and present activities, business connections and associates of Pataki. It is desired that a particular effort be made to determine whether he may have been associated with any of the members of the Rosenberg espionage network.

A separate case file under the caption "Ernest J. Pataki; Espionage - R," should be opened by your office and all of the information previously reported and that developed as a result of the above-requested investigation should be properly reported therein.

In your teletype of August 4, 1950, it is noted that Glassman stated that the unknown man who appeared at her apartment on July 21, by way of identifying himself advised that at one time he was "going to help Joel Barr go to Europe." It is not clear from your interview with Glassman as to whether she was specifically questioned concerning the latter statement and particularly what impression she may have had as to the meaning thereof which caused her to immediately trust this individual thereafter. In the event a further opportunity is had to interview her, it is suggested that you further explore this point. It is also requested that your office carefully review all other information available as a result of the investigation of Joel Barr to determine whether there is any indication that Barr had any difficulty with regard to his passport, reservations or finances prior to his departure, wherein he may have called upon someone for assistance.

The Bureau Laboratory report of September 8, 1950, requested that additional specimens of Glassman's handwriting and handprinting be obtained to assist in their further evaluation of the money order application and hotel registration card submitted for examination. While it is noted that additional handwriting specimens have been submitted, it is desired that you make an effort to obtain further handprinting specimens for the assistance of the Laboratory.

It is noted that on page 32 of the report of Special Agent Richard T. Hradsky dated at New York November 22, 1950, one Ray Pinkson, 315 Peabody Street, Washington, D. C., is known to have been in correspondence with Glassman in September, 1950. Further, that according to the information furnished by Washington Field Office, Pinkson is known to have been very active in CP and CP front groups in Washington, D. C., and that in 1942 he was alleged to have maintained contact with someone in Russia through the Party courier service. An appropriate investigation should immediately be initiated by your office, as well as the Washington Field Office, in an effort to determine the exact connection between Pinkson and Glassman, as well as the reason for their correspondence. In this respect, WFO letter of February 14, 1951, which set out the content of a letter from Glassman to Pinkson dated January 14, 1951, clearly indicates that they were personally acquainted.

It is further requested that the Elitchers and David Greenglass be interviewed concerning their acquaintance with Pinkson and any information that they may possess indicating that Pinkson has been associated with any of the members of the Rosenberg espionage network. Photographs of Pinkson should be made available to the New York office by the Washington Field Office for their assistance in conducting these interviews.

In the case entitled "Nathan Brisker, Security Matter - C," the Washington Field Office was authorized by letter dated February 26, 1951, to conduct an interview with one Charles Herman Culler, Jr., an employee of the Nathan Brisker Electric Company, Washington, D. C. Inasmuch as Pinkson is presently employed as an electrician at this electric company, it is suggested that during the course of the interview, the Washington Field Office make an effort to obtain full information concerning Pinkson, as well as his connections and associates in New York City. In the event that Culler appears cooperative, it is suggested that he be specifically questioned as to his knowledge of any association between Pinkson and various members of the Rosenberg espionage network, such as Rosenberg, Sobell, Elitcher, Perl, and Glassman.

Any information developed in connection with the above investigation relative to Pinkson should be reported in the case entitled "Raymond Israel Pinkson, was; Internal Security - C," in which the Washington Field Office is office of origin, as well as in instant case.

An active and vigorous investigation, including mail covers, check of telephone calls, and spot surveillances, should be conducted as to Glassman so that the Bureau may be kept completely advised as to her activities, business affiliations, and associates. It is believed that this investigation of Glassman, who is known to have been closely associated with members of the Rosenberg network, if properly handled may be instrumental in identifying additional members of the network, as well as in developing additional information as to the activities of the various known members of the group.

The December 1950 Lackawaxen Telephone Directory reflects telephone number Lackawaxen, Pa., 9002-R-22 is listed to Beaver Lodge Hotel, Lackawaxen Pike County, Pa.

For supplemental information concerning this lodge, the New York Office is directed to the Philadelphia report of SA FRED J. HOOK, dated 2/1/51, captioned, "BEAVER LODGE, INTERNAL SECURITY - C," a copy of which was designated for New York.

Relative to the DANIEL ROSENBERG mentioned in referenced report, the Philadelphia Office, in addition to checking logical sources, as set forth in mylet of 1/11/51, made additional inquiries to establish his identity.

Mr. J. P. MULHERN, United States Lines, Bourse Building, Philadelphia, has advised he had no information pertaining to a DANIEL ROSENBERG of Philadelphia sailing on the SS AMERICA. It was his opinion that additional information beyond a name and address would be on file at the New York Office of the United States Lines.

[redacted] Passport Office, U.S. Customs House, Philadelphia, maintains a list of those who apply for passports in the Philadelphia area. This list was checked for a period of three months prior to 1/21/48, without revealing an application made by DANIEL ROSENBERG. However, GREENWOOD said ROSENBERG, though listing Philadelphia as his home, could have made application for this passport elsewhere.

No additional investigation is being conducted and this matter is considered RUC.

Examination requested by: Washington Field

Reference: Letter 2-14-51

Examination requested: Document

Specimens:

K4 Letter dated January 14, 1951, beginning "Dear Ray, I'm sure you'll be surprised...," bearing known handwriting of VIVIAN GLASSMAN.

Result of examination:

The additional known writing of VIVIAN GLASSMAN on K4 did not assist in arriving at a definite conclusion whether this individual prepared the handprinting on QC1 or the handwriting on QC2 in this case, because no handprinting is included with K4 and there are variations in the questioned writing on QC2 which could not be accounted for on the basis of the known writing, K4.

The original evidence, K4, is returned herewith to the New York Office. Photographic copies are retained.

Records of the Farrand Optical Co., Bronx Blvd. and East 238th Street, Bronx, NY reflect that VIVIAN GLASSMAN, subject's sister was employed on 12/20/43 as a junior physicist and worked mathematical formulas on lens designs. All work at this firm was US government contact work of confidential or secret classification according to Mr. E. WALTER GLASS, Personnel Officer.

Her residence address was 343 East 8th Street, NYC and her previous address was 219 E. 7th Street, NYC. She exhibited NY City Board of Health birth certificate 19410 reflecting her date of birth as 4/20/21 at NYC, daughter of SALLY and SAMUEL GLASSMAN. She was described as 5'4½", 135 lbs. (1943), black hair, brown eyes.

Her former employment was given as:

US Signal Corps., Ft. Monmouth, NJ 1942-43
Brooklyn College, Brooklyn, NY July 1941 - June 1942
A. Finkenberg Sons, 124th Street and 3rd Ave., NYC - September 1940 to July 1941

Her social security number is 061-14-5961.

Her personal references were Dr. MORRIS FRIEDMAN, 104 East 40th Street, NYC; Mrs. MARTIN MILLER, 60 West 68th St., NYC and Prof. MARY MILLER, Hunter College, NYC.

Her application indicated that she was a graduate of Hunter College, NYC.

Reurlet 3-12-51 in the case entitled "Vivian Glassman, was; Espionage - R."

A check of the Bufiles under the name Daniel David Rosard reflected only one reference to this individual. In the report of SA John P. Daley dated at NYC December 12, 1949, in the case entitled "Morris Zucker, was; Espionage - R," it is noted that the continuous monitoring of Zucker's account at the 5th Avenue and 42nd Street branch of the Public National Bank and Trust Company, New York City, developed that a check dated October 13, 1949, in the amount of $1000.00 was issued in the name of Daniel D. Rosard. This check was deposited by the payee in the Home Exchange National Bank and Trust Company, Philadelphia, Pennsylvania.

For your information, Zucker was reported as having been utilized by Jack Soble, a known espionage agent, in transmitting funds from France to the United States in the Fall of 1947. The investigation as to Zucker, which included the monitoring of his checking account, has failed to reflect that Zucker's foreign exchange manipulations were being used to finance Soviet espionage in this country. Further, with the exception of Sobls, no information was developed indicating that the individuals who received or paid money to Zucker were engaged in espionage or subversive activities.

(65-57810-28, 35, 48)

Your office was advised as to the results of a check of the Bufiles under the name Daniel Rosenberg in Bulet of 2-13-51 in the case entitled "Joel Barr; Espionage - R."

The New York office, in making its review of the Immigration file on Rosenberg, should consider the possibility of fraudulent naturalisation on the part of Rosenberg, based on his statement that he was not out of the United States since his arrival on June 22, 1943.

Inasmuch as the investigation relative to Rosenberg, as well as the other cabin mates of Barr on the S.S. America at the time of his trip from New York to France in February, 1948, is directly related to the investigation of Barr and the connection with the Glassman case is remote, you are requested to report all future information concerning this matter in the Barr case.

Reurlet dated 7/19/44 captioned "ESTHER BALSAM, nee LUTTAN" and report of SA RICHARD T. HRADSKY dated 2/28/51 at New York in instant case.

Reference letter reflects that a highly confidential and reliable source having access to state headquarters of the C.P. in New Jersey, on December 10, 1943 obtained a list of members of the Shore Branch of the C.P., the names being set out by initials only. The initials E.L. transferred in in March, and transferred out in August as reflected on the list, was reported as possibly indicating that ESTHER LUTTAN was a member of the Shore Branch of the C.P.

VIVIAN GLASSMAN resided with ESTHER LUTTAN, and the following individuals at 320 Ocean Avenue, Long Branch, New Jersey in 1943: ELEANOR GLASSMAN, who is subject's sister; VIVIAN FRUCHTBAUM, marriage name CARLIN; JUDITH GROLLMAN; GLADYS SEIGEL or SIEGEL; MILDRED BLOCK, marriage name CANTOR; ELAINE GOLD, marriage name ADLER, married June 1943; and ALICE KATZ, marriage name, BARSKY.

It is requested that the list of members of the Shore Branch of the C.P. obtained from source, be checked to determine if the initials of subject or of the other girls that she resided with, (with the exception of ELAINE GOLD) is reflected thereon, and if the name or initials of JOEL BARR and ALFRED SARANT, friends of VIVIAN GLASSMAN are reflected.

The Newark office has previously advised that the name "GOLD" was noted as a Shore Branch member of the C.P. according to advice received from a highly confidential source on April 21, 1944.

On the specimen reflecting "Property Pass", and dated 3/17/51, the date and subject's name were handprinted by subject. Both specimens are in pencil.

Also find enclosed photographic copy of application filed by subject at the Jewish Board of Guardians, which is dated 3/15/46, and which contains the handprinting of subject on Page 1, and on the top half of Page 2. The lower half of Page 2 reflects the handwriting of subject under the heading, "Professional References."

A letter bearing the signature of VIVIAN GLASSMAN, addressed to MR. HERSCHEL ALT., Jewish Board of Guardians, 228 E. 19th St., New York, N.Y., dated 10/1/46, is also enclosed. The specimens obtained at the Jewish Board of Guardians are written in ink.

It is requested that the handprinting and handwriting specimens mentioned above be compared with the handprinting on the Money Order #938487, date stamped 8/8/49, addressed to ALFRED GARANT, a photographic copy of which was previously submitted, and the handwriting on the Hotel Regent registration card dated 7/22/50, bearing the name MRS. Rebutel 3/10/51.

During spot check physical surveillance conducted of subject during week of March 12-16, SA JAMES T. O'BRIEN advised that at 12:45 p.m. on 3/15/51 he observed subject's sister, ELEANOR GLASSMAN and an unknown man, described as about 45 years of age, 5'8", 150 lbs., ruddy complexion and wearing a pearl-grey Homburg hat, black tight fitting overcoat and carrying a leather overnight suitcase, get out of a taxicab in front of VIVIAN GLASSMAN'S apartment building at 131 East 7th Street, N.Y.C. They entered the apartment building together and remained inside for about five minutes. They then reappeared at the apartment building entrance and engaged in a few minutes of conversation. They then walked together west on East 7th Street and were not observed to return. SA O'BRIEN has tentatively identified this unknown man as RAY PINKSON, from photographs in possession of the New York Division.

The individuals attending the morning and afternoon sessions of the ROSENBERG trial were checked during the week of March 12-16 court sessions as they were admitted to the courtroom but neither PINKSON nor ELEANOR GLASSMAN were noted among the spectators. It is to be noted that attendance was limited to courtroom capacity but that when initially admitted spectators vacated their seats during the session, other persons were permitted to enter the courtroom. PINKSON, however, was not observed in attendance by agents assigned to sit in at the trial.

Time of Call

1:45 p.m.

ASAC Whelan of the New York Office called today and advised as follows:

During the arraignment of William Perl this morning, AUSA Foley argued that bail in the Perl case should be set at $25,000. To support his arguments he advised the court that several months ago Vivian Glassman had traveled from New York City to Cleveland, Ohio where Perl was then living, and had offered him the sum of $1000. While Perl refused to accept this money he since came to New York and has applied for a passport. On the basis of this argument according to ASAC Whelan, bond was fixed at $20,000. Whelan stated that as a result of this disclosure the New York Office has been approached by the press which is inquiring for the home address of Vivian Glassman. It will be noted that Vivian Glassman has furnished the Bureau with information concerning her trip to Perl but has otherwise refused to cooperate.
