Mr. ANDERSON continued:

ANDERSON determined his mother and father were not acquainted with Mr. MC CORD.

At 4:20 p.m., Mr. ANDERSON telephoned the Washington Field Office, Federal Bureau of Investigation and requested the below named Special Agents to recontact him. A meeting at 7:30 p.m., June 30, 1972, was arranged in the vicinity of 15th and G Streets, N.W., Washington, D. C..

Mr. ANDERSON arrived alone and advised he had some additional information he would like to furnish outside the presence of anyone else except the FBI.

He continued:

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

Mr. MC CORD left the Security Office of the Committee around 6:15-6:30 p.m., June 16, 1972. MC CORD stated to ANDERSON, who was on duty at the Committee, that he planned to be in town for several hours. MC CORD did not state where he would be, but took a beeper with him. MC CORD had hung around the office later than usual, then when PENNY GLEASON, another security staff member had departed for dinner, MC CORD instructed ANDERSON to take a key from the master box of keys for each desk, file cabinet and office on the second floor. This is the Finance Committee floor. MC CORD stated this Committee had some papers which they had been ordered to destroy and the desks and cabinets would have to be checked to verify this destruction. ANDERSON was to advise JACK ERNST, another security guard who would be on duty June 17, 1972, and have ERNST deliver these keys to HUGH SLOAN, June 17, 1972, when SLOAN requested them. ANDERSON assembled the keys, and placed them on top of a file cabinet with written instructions for ERNST.

At approximately 10:30 p.m., June 16, 1972, when ANDERSON returned from his security rounds, GLEASON, who was then at the switchboard/reception desk, advised him MC CORD had returned to pick up his raincoat. She stated MC CORD's jacket was stuffed. ANDERSON believes the beeper was turned in at this time, but is not sure.

After the event of the arrest of Mr. MC CORD at the Democratic National Committee (DNC) Office on June 17, 1972 became known, GLEASON advised ANDERSON as follows:

Around two p.m., June 17, 1972, she received a telephone call from Mrs. MC CORD who requested how Mrs. MC CORD could get in touch with an attorney named RAFFERTY (phonetic). GLEASON was unable to locate any contact telephone for such a person in the Committee phone directories and then called Mrs. MC CORD to advise her. It was either during this call or a later call placed by Mrs. MC CORD, that she asked GLEASON to please remove all of Mr. MC CORD's diplomas, awards, and presentations which decorated Mr. MC CORD's office at the Committee.

During the same afternoon, a man came to the Committee Office whom GLEASON believed was (First name unknown) BITTENBENDER (phonetic), an officer with the Metropolitan Police Department, Intelligence Division.

~~CONFIDENTIAL~~

He asked GLEASON to telephone Mrs. MC CORD to advise her that Mr. MC CORD was okay and would be in touch with Mrs. MC CORD later.

ANDERSON then stated that he recalled that ~~ROBERT~~ *HOUSTON*, Mr. MC CORD's Security Supervisor, was always at the Security Office on Saturday. However, on June 17, 1972, HOUSTON did not work, but he did work on Sunday, June 18, 1972. GLEASON advised ANDERSON she observed HOUSTON going through some file cabinets of MC CORD's and removing some papers. HOUSTON told GLEASON that he had to burn the papers. ANDERSON does know that the combination lock on this file drawer had been removed about two weeks before June 17, 1972, with the combination known only to MC CORD and HOUSTON. Previous to this, almost all the security staff knew how to unlock the file drawer.

ANDERSON believes HOUSTON also removed from the Security Office a battery charger and a Mason Kit which had been in the office on Friday, June 16, 1972.

On one subsequent occasion ANDERSON was in the Security Office while HOUSTON was going through a file cabinet. Another employee, an unrecalled Black truck driver that hangs out in the Security Office said, "Hey BOB, looks like you are on another burn mission." Laughter was the only comment.

On either the 19th or 20th of June, ANDERSON asked HOUSTON what had happened to all the equipment, but not mentioning any type equipment in particular. HOUSTON advised ANDERSON he had taken it out. HOUSTON offered no further explanation.

Miss ~~MILLICENT (PENNY) MACEY GLEASON~~, 513 Gilmoure Drive, Silver Spring, Maryland, telephone numbers 593-5459 and (unlisted number) 593-5541, telephonically contacted SA CHARLES W. HARVEY at the Washington Field Office of the Federal Bureau of Investigation (FBI) at 11:00 a.m., July 1, 1972. Miss GLEASON stated that she had conversed with STEVE ANDERSON, another security officer for the Committee for the Re-Election of the President, who had been interviewed by SAs HARVEY and HARVEY W. JAMES on June 30, 1972, and that her purpose in calling was to make arrangements for a confidential interview concerning the burglary of the Democratic National Committee (DNC) which occurred at the Watergate Hotel, Washington, D. C. (WDC), on June 17, 1972. Miss GLEASON noted that she had been contacted by SAs HARVEY and JAMES on June 30, 1972, at the Security Office of the Committee for the Re-Election of the President, 1701 Pennsylvania Avenue, N.W., WDC, but that she did not feel comfortable in furnishing information in the presence of the attorney whose presence was required when interviews were conducted on the premises of the aforementioned committee.

Miss GLEASON stated that she was calling from home and that she would drive to downtown WDC where she would again telephone SA HARVEY.

At approximately 12:50 p.m. on July 1, 1972, Miss GLEASON again telephoned SA HARVEY and stated she was calling from a pay telephone at the corner of 13th Street and Pennsylvania Avenue, N.W., WDC. She expressed concern that she might have been followed by unknown persons associated with the aforementioned committee and that she desired that the interview be held farther away from WDC.

SA HARVEY then met Miss GLEASON at the Drug Fair store located at 13th Street and Pennsylvania Avenue, N.W. and both then walked to the 1200 block of G Street, N.W., where they were picked up by SA PAUL P. MAGALLANES, in his personally

owned automobile and transported to the area of 8th and I Streets, N.W., WDC, where the interview began. After over two hours of interviewing, it became apparent that the volume of information being furnished by Miss GLEASON necessitated a more adequate environment and since she indicated that she did not desire to be seen at or near WFO, the remainder of the interview was conducted in Room 300 at the Holiday Inn located at 1900 Connecticut Avenue, N.W., WDC. This room was rented in the name of SA HARVEY.

From the beginning of the interview, Miss GLEASON emphasized that she would surely be fired from her position as Security Officer for the Committee for the Re-Election of the President, hereinafter referred to as the Committee, should her superiors learn of her contact with the FBI. Miss GLEASON stated that she would attempt to furnish all information in her possession which might have any bearing whatsoever on the investigation of the burglary at the DNC. In this regard, she had in her possession her own handwritten notes concerning suspicious conduct by various personnel associated with the Committee.

Miss GLEASON advised as follows:

She has been employed as a Security Officer by the Committee since Easter Monday, 1972. When she began her employment there, Mr. JAMES W. McCORD, Chief of Security for the Committee, informed her and other security officers that he and his group would not have anything to do with the Republican National Convention and that "other people" would handle that. However, as time passed, McCORD and his security officers became more and more involved in the security preparations for the convention until the entire situation was being controlled by McCORD.

Concerning the events immediately preceeding the arrest of McCORD on June 17, 1972, and the events thereafter, Miss GLEASON furnished the following information in chronological order: (It should be noted that her memory of details of certain events was refreshed by discussing some of the more noteworthy and pertinent events, thus the information furnished hereinafter is not necessarily in chronological order.)

On the night of June 16, 1972, she was in the third floor security office of the Committee attempting to straighten

things up. Sometime between 9:30 and 10:00 p.m., Mr. McCORD came in the office and jokingly remarked that he had dropped by to make sure they had plenty of work. McCORD's appearance was unusual in that his shirt sleeves were rolled up and he was not well dressed. He was usually dressed very well. McCORD stated that he had come by to pick up his raincoat. Upon leaving, he said words to the effect, "PENNY, I want to thank you for what you've done for our office." Her impression was that McCORD's remark sounded more like a "good-bye" than a "thank you". As he left, she noticed that his pockets were bulging with unknown items. She believed that McCORD returned a "Bellboy" telephone alerting device. She left the office and went home at approximately 10:15 p.m. on that date (June 16, 1972).

Previously, at approximately 4:00 p.m. on June 16, 1972, McCORD wanted to know who was going to work on which shift the next day and instructed security officer JACK ERNST to be on the second floor (the space occupied by the finance committee). McCORD also wanted security officer GEORGE SHANKS to work on the 3rd floor with her (GLEASON). The reason for this was that earlier in the evening of June 16, 1972, McCORD had instructed security officer STEVE ANDERSON to go through the keys for the second floor finance office of the Committee and obtain one key for each file cabinet and desk on that floor. ANDERSON was supposed to give these keys to HUGH SLOAN or GORDON LIDDY on the next morning (June 17, 1972) in order that he (SLOAN or LIDDY) could go through the desks and file cabinets to either locate some papers for destruction or insure that some papers had already been destroyed. Since ANDERSON would not be available on the morning of June 17, 1972, the task of getting the keys to SLOAN or LIDDY was given to the aforementioned ERNST. ANDERSON, however, did get the keys as instructed and left them for ERNST to pick up. In this regard, Miss GLEASON stated that she believes McCORD told ANDERSON to give the keys to LIDDY and that ANDERSON believes that he was to give the keys to SLOAN. In other words, it was not an "either or" situation, but ANDERSON was instructed to give the keys to one specific individual - SLOAN or LIDDY, which one not definitely known. She (Miss GLEASON) has no idea what papers were involved in this situation but, to her knowledge, the desks and file cabinets were not inspected on June 17, 1972.

~~CONFIDENTIAL~~

On June 17, 1972, Miss GLEASON arrived at work with JACK ERNST at approximately 7:00 a.m. Someone, identity not recalled, came in and said that the DNC had been burglarized. She attached no significance to this statement at this time but thought it strange that ~~GEORGE LINDY~~ and ~~POWELL MOORE~~, JOHN MITCHELL's press man, were running around the office together inasmuch as she had never observed them together before. At approximately 9:30 a.m. - 10:00 a.m. on the same date "JEB" MAGRUDER called from an unknown location and told one of the office girls to advise him concerning the UPI wire reports concerning the DNC break-in.

At approximately 11:00 a.m. - noon, on the same date (June 17, 1972), she received a telephone call from Mrs. McCORD who was on the verge of tears. Mrs. McCORD asked, "PENNY, do you know an attorney named RATLIFF?" Mrs. McCORD inquired about the name RATLISS, not RAFFERY. (Miss GLEASON noted that at this point she still did not connect the burglary of the DNC with Mrs. McCORD's call). When she informed Mrs. McCORD that the name was not familiar to her and that ROB ODLE was in the office, Mrs. McCORD stated that she wished to speak with ODLE. Thereupon, Miss GLEASON gave Mrs. McCORD ODLE's direct telephone number and Mrs. McCORD presumably called him.

She (GLEASON) then ran upstairs to the fourth floor to see what was wrong and SYLVIA ~~PANARITES~~, ODLE's "secretary at that moment" said "everything's fine, go back downstairs". As she (GLEASON) was leaving ODLE's office, she heard ODLE instruct SYLVIA to get Assistant Attorney General SANTARELLI on the telephone. Miss GLEASON does not believe that ODLE is aware of the fact that she overheard this statement. She noted that SANTARELLI's wife, CONNIE, is employed by the Committee as head of personnel.

Miss GLEASON then went back to her office on the third floor and ODLE came running in shortly thereafter and stated to her, "I want you to stay until midnight because calls will be coming in on the West Coast incident." She was still unaware of McCORD's arrest at this time and had no idea what ODLE meant by "the West Coast incident". She then thought that possibly JOHN MITCHELL or his bodyguard, STEVE KING, had been injured on the West Coast. She then went upstairs and found MARTHA DUNCAN (office manager), ODLE and SYLVIA PANARITES in "JEB" MAGRUDER's office.

~~CONFIDENTIAL~~

She was still unable to find out what had happened and went back to her third floor office. MARTHA DUNCAN then came downstairs to the security office and stated to Miss GLEASON, "Are you shocked? Are you disillusioned." Miss GLEASON was still unaware of McCORD's arrest but answered "yes", even though she (Miss GLEASON) did not know what DUNCAN was talking about.

By this time it was approximately 1:00 p.m. - 2:00 p.m. (June 17, 1972), and Miss GLEASON decided to contact JEAN COLEMAN, secretary to CLIFF MILLER who, according to Miss GLEASON, is one of the two men at the Committee who are close to the President. COLEMAN stated to Miss GLEASON, "PENNY one of the men in the break-in at the DNC was Mr. McCORD. If ROB ODLE found out I told you, he'd fire me."

On the same date (June 17, 1972), ODLE personally asked Miss GLEASON to get BOB HOUSTON (security supervisor under McCORD) on the telephone. ODLE also stated, "Does HOUSTON know?" Thereupon, Miss GLEASON replied in the negative. She then called HOUSTON and told him that ODLE wanted to talk to him. HOUSTON at that time asked Miss GLEASON "Did you call Mr. McCORD about the DNC break-in?" Since ODLE had instructed Miss GLEASON not to give out any information, she lied to HOUSTON and told him "yes" in response to his question.

During the afternoon hours on the same date (June 17, 1972), Miss GLEASON received a telephone call from a man who said he was a friend of Mr. McCORD's and was on the District of Columbia police force. This individual then indicated that he wanted to come over to the Committee. She then told the caller to wait while she checked. At that time, ODLE, LIDDY and POWELL MOORE were in conference. She interrupted the conference and asked LIDDY what she should do about the man on the telephone and LIDDY replied that he did not want the man to come over. Miss GLEASON then told ODLE about the caller and ODLE told her to pay no attention to LIDDY's orders and to have the caller come over. She then told ODLE that since he (ODLE) did not want anybody to know anything, she would tell security officer MIKE MASSE that he (ODLE) wanted him to check downstairs and that she would go to the lobby to meet the individual who had called.

~~CONFIDENTIAL~~

WFO 139-166

6

Thereupon, she went to the lobby and at approximately 4:00 p.m. (June 17, 1972), one GARY BITTENBENDER, an Intelligence Officer for the Metropolitan Police Department (MPD), arrived. At that time, she realized that on Wednesday (June 14, 1972), she had been introduced to BITTENBENDER by McCORD in the security office of the Committee. McCORD had introduced BITTENBENDER to her as "one of your classmates" from Montgomery County Junior College. Miss GLEASON thought this was a peculiar introduction since she was unable to recall ever having seen BITTENBENDER before.

Continuing with her recollection of BITTENBENDER's activities on the afternoon of June 17, 1972, Miss GLEASON advised that while she and BITTENBENDER were in the lobby, she observed GORDON LINDY leave the building. She called upstairs to inform ODLE that she was bringing BITTENBENDER upstairs, but ODLE was talking on another telephone.

She noted that she did not require BITTENBENDER to sign in or out on the register and that he was the so-called "mystery man" seen in the Committee.

Concerning the "mystery man", she believed that ODLE was well aware of the identity of this individual and sent the FBI on a chase to locate the individual in order to create busy work and tie up Agents from investigating more substantive aspects of the case.

BITTENBENDER told Miss GLEASON that he had coincidentally been in the MPD cellblock when McCORD was booked in and that he recognized McCORD. BITTENBENDER kept repeating, "It's a very interesting case." He also said, "Maybe things like this won't happen when political rights are given back to policemen."

When they arrived in the security office, BITTENBENDER asked Miss GLEASON for a mug shot that

116

he had previously given McCORD. Miss GLEASON had no knowledge of this mug shot and, consequently, to her knowledge, BITTENBENDER never retrieved same. ODLE then came down to the security office, told Miss GLEASON to leave, and thereafter talked with BITTENBENDER for approximately 15 minutes. She went to get a Coke and when she came back BITTENBENDER was gone.

Later, on June 17, 1972, she heard from an unrecalled individual that GORDON LIDDY had left his second floor office at 6:00 p.m. never to return.

Miss GLEASON also recalled that during the day of June 17, 1972, Mrs. McCORD called her again and requested that Mr. McCORD's personal pictures and plaques be removed from the walls of the security office. She (GLEASON) removed these items and placed same in a file cabinet. Among the items were a key to the White House to McCORD from the U. S. Secret Service and an award presentation photograph showing RICHARD HELMS presenting an award to McCORD. This photograph bore the notation "With deep appreciation, DICK HELMS." The word deep was underlined.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

Miss GLEASON further advised that she departed the office at approximately 11:30 p.m. Saturday night, June 17, 1972, but that she was emotionally upset over the events of that day and was unable to sleep. At 2:00 a.m., June 18, 1972, she called the office inasmuch as she was concerned that the Students for a Democratic Society (SDS) had apparently tapped a recorded message into the telephone lines of the November Group, an advertising type agency for the Republican National Party, located in New York, New York. She called the office at that hour to determine if their lines had been similarly tapped and to find out what was happening. She spoke with ODLE and he was obviously quite drunk as were the other two people at the office at that time, MARTHA DUNCAN and SYLVIA PANNARITES. ODLE kept pleading with Miss GLEASON, "Penny don't leave us, we need you so much." She informed ODLE that she was not leaving and thereafter MARTHA DUNCAN got on the telephone and said, "We can't talk now, we're waiting for MITCHELL to call." Miss GLEASON stated that ODLE and DUNCAN will lie for each other to protect themselves.

Miss GLEASON recalled that since she was unable to sleep, she went to the Committee, arriving there at approximately 4:20 a.m., June 18, 1972. She learned later in the day from PANNARITES that ODLE, DUNCAN, and PANNARITES had left the office at approximately 4:00 a.m.

BOB HOUSTON arrived at the office at 8:00 a.m., Sunday, June 18, 1972. He told Miss GLEASON that he had read about MC CORD's arrest in the paper. HOUSTON immediately went to the file cabinet in the security office and began removing files. When Miss GLEASON asked HOUSTON what he was doing, he replied, "We're going to remove some of Mr. MC CORD's personal files." HOUSTON also removed some tapes and commented that his (HOUSTON's) voice was on some of them.

One file that was removed from the security office (possibly by HOUSTON, but Miss GLEASON did not observe this), concerned FBI teletypes. By memorandum, date not recalled but which was dated late May or early June, 1972, ROB ODLE advised "JEB" MAGRUDER that it would be nice if arrangements could be made for MC CORD to receive FBI daily teletypes like he (MC CORD) did when he was with CIA. In this same memo, ODLE asked MAGRUDER to talk to KLEINDIENST about the matter. This memo was labeled "Confidential-Sensitive."

Concerning the items removed from the security office by BOB HOUSTON on June 18, 1972, Miss GLEASON continued as follows:

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

HOUSTON proceeded to remove all of MC CORD's writings and he accomplished this without any direction as if the procedure were part of a prearranged plan. One of the tapes removed from the security office, presumably by HOUSTON, concerned SCOTT CAMILLE, head of the Vietnam Veterans Against the WAR (VVAW) and Cuban refugees. The content of this tape was, to her best recollection, as follows: "According to confidential sources they are teaching groups how to make home made bombs and are giving them firearms and artillery to use against the D.C. Police stationed in Miami." The same tape also contained information concerning the security arrangements at the Hotel Doral in Miami, Florida.

This tape had been brought back to WDC by MC CORD when he was on one of his trips to Miami. Miss GLEASON said MC CORD went to Miami on two occasions:

- 1) In approximately mid-May, when he checked out of the Hotel Doral for security arrangements.
- 2) Sometime during the approximate period of June 5-15, 1972. When MC CORD returned to WDC from this trip, he asked Miss GLEASON, "Penny, how would you like to go to Miami?" MC CORD apparently intended to send Miss GLEASON to Miami for the convention. On this same trip, MC CORD met with a Bell and Howell official in Miami concerning something to do with setting up radio communications for the convention. This trip lasted one or one and a half days. It was from this trip that MC CORD brought back to WDC the aforementioned tape concerning SCOTT CAMILLE and the Cuban refugees.

When MC CORD returned from the previously mentioned trip number one, Miss GLEASON typed a rough draft memo concerning security arrangements for the convention. CONNIE SANTARELLI typed the final paper and took same over to the White House during the latter part of May. This memo went into the details concerning an "audio counter sweep" since it had been determined that Senator MC GOVERN and the MITCHELLS would be staying in the same hotel. The memo covered other security matters such as identification cards. It also stated that two Committee security officers were supposed to go to the DNC as observers. Miss GLEASON stated that she believed that the above was

119 ~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

significant because all of the above-mentioned security arrangements had been taken care of prior to MC CORD's arrest. Along this same line, she recalled that MC CORD was making special arrangements with WDC Police Chief JERRY WILSON to obtain Special Police Officer (SPO) Commissions for all Committee security officers. These commissions would entitle them to carry firearms.

Concerning the other items missing from the security office and which were presumably taken by HOUSTON, Miss GLEASON advised that also missing was a handwritten memo from MC CORD to BILL TIMMONS, Assistant to the President. This memo covered security procedures for the Miami convention and dealt with such things as security officer, contracts, walkie-talkies, and security details in general.

Miss GLEASON also advised that she does not know what disposition HOUSTON made of any of the items he took out of the security office. She noted that the general assumption is that he burned the files but that she does not believe that this is necessarily so. HOUSTON only said he was taking the items "out of the office" and he allegedly took MC CORD's personal files to the office of Mc Cord Associates on June 18, 1972.

She recalled that around the first of June, 1972, HOUSTON told her that MC CORD wanted the combination lock changed on one of the file cabinets in the security office. It was assumed, she believes, by MC CORD and HOUSTON that she had no knowledge of the contents of this file cabinet. She stated that this was not the case, that she knew most of the contents of the cabinet in question, and that to her knowledge there was no mention of the DNC in the files.

On June 19, 1972, HOUSTON removed a desweeper kit from the security office and she noticed that a walkie-talkie type battery charger was also missing from the security office, presumably removed by HOUSTON.

Also, on June 19, 1972, HOUSTON made the statement, "We'll operate as normally as possible and all the people will be paid by RNC."

On June 21 or 22, 1972, HOUSTON told her that their office telephones had been tapped since June 19, 1972. She asked by whom, and he replied he did not know.

120 ~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

It was possibly on this same date that ODLE, POWELL MOORE, and HOUSTON came in the security office and asked Miss GLEASON and STEVE ANDERSON to "please leave." The aforementioned three individuals then went into the security office for a closed door conference.

When HOUSTON was interviewed by SA's DANIEL C. MAHAN and JOHN E. DENTON on approximately June 24, 1972, HOUSTON was "less than complete" with his information concerning tape recorders. She stated MC CORD had two new tape recorders but that an older, broken recorder was in the office but is now gone. The date and time this recorder was removed is unknown but it was there on the weekend of June 10-11, 1972. *DC*

On June 28, 1972, Miss GLEASON learned that GEORGE DUBROSKY, security officer for the RNC, told STEVE ANDERSON that MC CORD telephoned the RNC for JIM CAUDILL, Security Supervisor for the RNC. She has no knowledge of the text of the call and assumes it was made on the same date (June 28, 1972). MC CORD reportedly, through this call, left a message for the security people to "hang loose" and "be cool." *DC*
~~Re: Public Safety Committee~~

On June 30, 1972, HOUSTON told her that he had talked with MC CORD but that HOUSTON did not divulge what was discussed nor when he actually talked with MC CORD.

Also, on June 30, 1972, MAURINE DEVLIN, a receptionist for the finance committee on the second floor, told Miss GLEASON that FBI agents had displayed some photographs to her and that she had recognized the photograph of BERNARD BARKER as being identical with an individual who had previously been in the finance committee. It is unknown to Miss GLEASON whether DEVLIN admitted this fact to the FBI agents. *DC*
~~Committee to Re-elect the President~~

Miss GLEASON stated that she believes she observed some green or turquoise surgical gloves in a security office cabinet at one time but she was unable to recall when she observed this or the circumstances surrounding same.

On June 30, 1972, STEVE ANDERSON told her to advise the interviewing agents that on an unrecalled occasion he observed a small camera, brand name possibly Renault, in GORDON LIDDY's cabinet. At another unrecalled time, ANDERSON observed a handgun in LIDDY's cabinet.

~~CONFIDENTIAL~~

Miss GLEASON recalled that approximately one week prior to the burglary of the DNC, MC CORD had instructed security officers TOM WISE and STEVE ANDERSON in the operation of sweeping devices" in case the need arises and I'm not here."

Miss GLEASON stated that she has not been able to figure out any connection between MC CORD and the other four individuals who were arrested with him on June 17, 1972, at DNC. She noted that some of the other persons arrested with MC CORD were Cuban, that she has taken many telephone calls from MC CORD, and that she cannot recall ever having heard a caller with a Spanish accent.

On June 30, 1972, JUDY HOBACK, Secretary to MAURICE STANS, told Miss GLEASON that STANS had instructed her not to give any of their records to ROB ODLE because "something might happen to the records" before FBI agents got a chance to examine them. HOBACK is the bookkeeper for the Committee and her superior is HUGH SLOAN.

Miss GLEASON noted that she keeps a filing system for guest registers for the Committee and that a check of her files on June 30, 1972, disclosed that the registers for the days of June 17, 18, and 19, 1972, are missing. She noted the possibility that these may have been turned over to the FBI.

In thinking back concerning the weekend of June 17-18, 1972, Miss GLEASON thought it was peculiar that FRED LARUE, BART PORTER, the MITCHELLs, and possibly "JEB" MAGRUDER, all happened to be at a celebrity party in California on that weekend. Also, DEVAN L. SHUMAY, Director of Public Affairs, was fishing on Chesapeake Bay. She noted that some of these people are usually in WDC on any given weekend.

She noted that if MAGRUDER was in California on the weekend in question, then the above people who were in California on the pertinent weekend knew about the DNC break-in before the Committee people in WDC, because, as previously mentioned herein, MAGRUDER had called the Committee on June 17, 1972, concerning the UPI wire reports relating to the matter.

Miss GLEASON also stated that MC CORD always went where he wanted when he wanted and if they (security personnel) went to the White House and mentioned MC CORD's name, they could "get anything we wanted."

~~CONFIDENTIAL~~

On June 15, 1972, Mr. MC CORD instructed security officer TOM WISE to go to the Statler Hilton Hotel and buy some tear gas canisters. WISE returned with a box containing approximately thirty "Sheriff" tear gas canisters, black in color, and in plastic boxes. MC CORD pulled \$20 cash from his pocket and gave same to WISE for purchase of the canisters. During the week of June 26, 1972, Miss GLEASON locked in the box containing the aforementioned canisters and discovered that approximately seven or eight were missing. At the time when MC CORD told WISE to purchase the canisters, he (MC CORD) said that he wanted Miss GLEASON to have some of the canisters for her personal use. Miss GLEASON found this strange at that time inasmuch as she already had a "General MK-VII Chemical Baton Tear Gas Cartridge." She noted that the receipt reflecting WISE's purchase of the aforementioned "Sheriff" canisters is still somewhere in the security office and that there is no list of individuals who were issued the canisters.

On June 17, 1972, while Miss GLEASON was at the Committee, ~~MARTHA DUNCAN~~ told Miss GLEASON, "~~GORDON LIDDY~~ is going to be the one to fry." Miss GLEASON ~~stated~~ that she did not know what DUNCAN meant by this statement.

On June 19 or 20, 1972, BART PORTER's assistant, ~~ROGER STONE~~, called the Committee headquarters and asked of PORTER's whereabouts in California, stating that it was a matter of life and death that he, STONE, get a hold of him. Mr. STONE then called again and pleaded with Miss GLEASON for Mr. PORTER's number in California. Miss GLEASON then gave Mr. STONE two numbers where PORTER could be reached in Beverly Hills, California. PORTER then called and asked to be connected to Mr. FRED LARUE who was staying at Mr. MITCHELL's apartment because CLIFF MILLER had some important information that had to be passed on. PORTER did not say what the information was. Mr. STONE then called and asked if Miss GLEASON had been advised by Mr. PORTER of the information. Miss GLEASON replied in the negative and STONE stated "I can't discuss it."

On approximately Wednesday or Thursday, June 21 or 22, 1972, Mr. LARUE called and asked Miss GLEASON to get HUGH SLOAN. Miss GLEASON attempted to gain the whereabouts of Mr. SLOAN but was unsuccessful in her efforts.

On June 20, 1972, Miss GLEASON and MARTHA DUNCAN got together at the Roger Smith Hotel and over drinks discussed what had happened at the Committee headquarters. (At this point, Miss GLEASON stated that she, Miss GLEASON, and Miss DUNCAN do not particularly get along with each other as a matter of fact, are hostile toward each other. Therefore, she was surprised when Miss DUNCAN requested that they have a drink together.) While at the Roger Smith Hotel, Miss DUNCAN stated that the "higher echelon" told Miss DUNCAN to spy on Miss GLEASON. When Miss GLEASON asked why, Miss DUNCAN replied, "To see what you know." Miss DUNCAN then asked Miss GLEASON how well she knew Mr. MC CORD. (Here, Miss GLEASON stated that on the Saturday of the break-in, Mr. ODLE and Miss DUNCAN requested Miss GLEASON to go to Mr. MC CORD's house in order that Mrs. MC CORD would have someone with her. Apparently Mr. ODLE and Miss DUNCAN assumed that Miss GLEASON was a close personal friend of the MC CORD family. Miss GLEASON stated that she had no transportation and, therefore, she could not go to the MC CORD house by herself. Upon learning the latter, Mr. ODLE dropped the idea. Subsequent to this, Miss GLEASON learned that some close personal friend of Mrs. MC CORD stayed with her the Saturday of the break-in.) While at the Roger Smith Hotel, Miss DUNCAN asked Miss GLEASON, "Everybody has their price. Do you think Mr. MC CORD was paid off?" Miss DUNCAN further stated that "people upstairs" had told her not to talk about the incident and for her (DUNCAN) to spy on the security office.

On possibly the evening of June 19 or 20, 1972, about 9:00 p.m., Mr. ODLE told Miss GLEASON to keep the switchboard open. Later on, Miss GLEASON went back to the press section of the Committee headquarters to get a Coke and overheard Miss DUNCAN say "Is it in JACK ANDERSON's column?" Miss DUNCAN was talking with Mr. ODLE and with Mr. SCHUMWAY. The following day JACK ANDERSON's column contained an article covering LAWRENCE O'BRIEN's expense voucher. Miss GLEASON state that Mr. ODLE did not say why he wanted the switchboard open. After reading the following day's "Washington Post", ODLE then told everyone to go home.

On Wednesday, June 21, 1972, the previously mentioned ~~GARY RICHMOND~~ called and stated that "Everything's okay and that he's being taken care of."

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

Miss GLEASON heard noises on the telephone lines and assumed that the Committee telephones were being tapped. BITTENBENDER said he would be on vacation and would return on June 26, 1972.

On Thursday, June 22, 1972, Mr. ODLE's Assistant, ANDY LAWRENCE, called Miss GLEASON and asked her to go to Mr. ODLE's office. (Here, Miss GLEASON stated that while she was having a drink with Miss DUNCAN at the Roger Smith Hotel, Miss DUNCAN had told Miss GLEASON that a HOWARD HUNT was very big at the White House and that everyone knew him.) When Miss GLEASON arrived at Mr. ODLE's office, Mr. ODLE asked her whether she knew a Mr. HOWARD HUNT. Miss GLEASON replied in the negative and Mr. ODLE asked her "Are you sure?" and Miss GLEASON said that she was. Mr. ODLE then asked Miss GLEASON if she or anyone else in the security office knew what was going on.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

Miss GLEASON was the only security officer from the security office of the Committee to be questioned by Mr. ODLE about the incident. Miss GLEASON indicated however that Mr. HOUSTON may have also been questioned but that she was not certain. On June 26, 1972, Miss GLEASON and the staff from the Committee were advised that Committee lawyers would be present at the offices. Sometime during the week of June 26, 1972, someone, identity unrecalled, advised Miss GLEASON, "Don't talk too much because one of the FBI Agents is unfriendly to us." On the date Miss GLEASON was advised of the presence of the attorneys, Mr. HOUSTON told everyone in the security office that no one could talk with anyone from the FBI without a Committee attorney being present. Therefore, Miss GLEASON believed, she could say nothing in front of the attorney when she was contacted on June 30, 1972.

On June 29, 1972, Miss GLEASON was instructed by Mr. ODLE to remove Mr. MC CORD's I.D. data sheet from the Committee records. The I.D. data sheet was described by Miss GLEASON as an 8 by 11 sheet of paper with Mr. MC CORD's personal data thereon after which Mr. MC CORD's picture was placed on a card issued to him by the Committee. This card identified him as a staff member.

On June 29, 1972, at approximately 9:00 p.m., Miss GLEASON was at the Committee when a special delivery package arrived for Mr. GORDON LIDDY. The return address bore the name of the Department of the Treasury, the Office of Law Enforcement, New York City, New York. Miss GLEASON signed for the package and was instructed by JUDY HOBACK to place the package in the mail room inasmuch as Mr. LIDDY had been dismissed.

Miss GLEASON described JUDY HOBACK as being deeply affected by all of the strange things that have been going on in the finance department of the Committee where Mrs. HOBACK is head bookkeeper and with the strange goings on in the Committee as a whole. Miss GLEASON further described HOBACK as a fine up-standing, honest woman who has much integrity and who is ready to burst because of the strange behavior at the Committee. Miss GLEASON will have a luncheon date with Mrs. HOBACK on July 3, 1972, which date was suggested by Mrs. HOBACK and Miss GLEASON is of the belief that Mrs. HOBACK will advise her of what has been going on at the Committee subsequent to the Democratic

~~CONFIDENTIAL~~

National Committee Headquarter's burglary. Miss GLEASON is further of the belief that Mrs. HOBACK should be interviewed by the FBI and will suggest to her that she do so without advising Mrs. HOBACK that she has already been interviewed by the FBI.

Sometime after the burglary, date unrecalled, Miss GLEASON was advised by Mr. SCHUMWAY, "Don't worry about MC CORD, he'll be alright. I know what most of the facts are and I'm not at liberty to discuss them. We should have known (laughter) from the Bay of Pigs invasion."

Immediately following the burglary at the DNC, the attitude at the Committee was that the FBI was going to "whitewash" the entire investigation. According to Miss GLEASON, this line of reasoning was based upon the fact that President NIXON appointed Mr. KLEINDIENST as Attorney General and Mr. GRAY as Acting Director of the FBI. Along this same line, MIKE WILSON, driver for Mr. MITCHELL, once commented, "There wouldn't be any problem if the FBI had gotten there (to the scene of the burglary) before the D.C. police. The FBI would have covered it up."

Miss GLEASON reiterated her opinion that Committee officials are sending FBI agents on fishing expeditions to keep them from getting to the truth. She also reiterated that ROB ODLE has not been entirely truthful with FBI agents who have interviewed him. She also said that persons associated with the Committee have discussed the fact that Attorney General KLEINDIENST and Mr. MITCHELL or Mr. GRAY (not certain which two) were at the same hotel in California immediately following the DNC burglary. She noted that these circumstances led some people to believe that the FBI would merely go through the formalities of an investigation while actually covering up the truth.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

The attitude presently prevailing at Committee Headquarters is one of serious concern. The feeling now is that the FBI is getting closer. The attitude is now one of panic, especially on the part of Committee officials such as Mr. COLE. Some people, however, still are not completely convinced that the FBI is not merely covering up the investigation.

Miss GLEASON was exhibited the following black and white photographs and could identify none except the photograph of JAMES W. MC CORD:

JAMES W. MC CORD

FRANK STURGIS

VIRGILIO MARTINEZ

Miss GLEASON was exhibited the following black and white photographs and could identify none except the photograph of GORDON LIDDY whom she described as being identical with the Mr. GORDON LIDDY who was dismissed by the Committee during the week of June 26, 1972:

On July 2, 1972, Miss GLEASON telephonically advised SA PAUL P. MAGALLANES of the following:

While being interviewed by SA MAGALLANES and HARVEY on July 1, 1972, she forgot to mention that while she was at the Roger Smith Hotel on June 20, 1972, with MARTHA DUNCAN, DUNCAN had advised Miss GLEASON that Mrs. MC CORD had told Mr. ODLE, "Well it looks your project has failed." MARTHA DUNCAN then stated to Miss GLEASON, "I wonder why she would say something like that?" DUNCAN described Mrs. MC CORD's tone of voice as being calm and relaxed. DUNCAN did not indicate to Miss GLEASON whether she, DUNCAN, had listened to Mrs. MC CORD on Mr. ODLE's telephone extension, or whether Mr. ODLE related to DUNCAN what Mrs. MC CORD had told him. Miss GLEASON thought that it was strange that DUNCAN described Mrs. MC CORD's tone of voice as being calm and relaxed since Miss GLEASON had talked with Mrs. MC CORD on the same date, June 17, 1972, on at least two occasions and Mrs. MC CORD was frantic, excited, frightened and very upset because her husband had been arrested. The above quote attributed to Mrs. MC CORD occurred on June 17, 1972, the same day of the burglary of the Democratic National Committee Headquarters.

Miss GLEASON was assured by SAs MAGALLANES and HARVEY that the FBI is not covering up the Democratic National Committee burglary investigation and that the FBI thoroughly investigates each and every case which comes to its attention. She was further advised that all Special Agents are thoroughly investigated prior to their appointments as Special Agents of the FBI and that there has not been one incident of the FBI "covering up" an investigation.

Mr. ROBERT LEE HOUSTON, Security Coordinator, Committee to Re-Elect the President (CRP), 1701 Pennsylvania Avenue, N.W., was contacted in his office (Room 372), where he was advised of the identities of the interviewing agents and the nature of the inquiry.

HOUSTON was advised by SA MEIDERMAN that it was his (HOUSTON's) prerogative to have an attorney present during the interview, at which time HOUSTON advised he did not feel that an attorney was necessary, but he was under orders by his superior, Mr. ROBERT ODLE, to have an attorney present at all interviews. For this reason, HOUSTON stated he felt an attorney should be present so as to comply with Mr. ODLE's wishes.

Present for the duration of the interview was H. DONALD KISTLER, Attorney for the firm of Jackson, Gray and Laskey, 1823 L Street, N.W., Washington, D.C. (WDC).

HOUSTON advised that he first met JAMES W. MC CORD in January of 1972, when MC CORD telephonically contacted him concerning possible employment with the Republican National Committee. MC CORD got his name through the Department of Defense Referral Service, as he had just retired after spending 28 years in the United States Army, as a Military Policeman.

He was subsequently hired by MC CORD, and began working in the aforementioned capacity in February, 1972. His duties entailed general security of the building at 1701 Pennsylvania Avenue, assignment of security guards and background checks regarding people employed by the CRP.

HOUSTON stated he traveled only on one occasion to New York City, New York, to deliver a package to an unrecalled office located at 225 Broadway. This trip was in early May,

1972, and this was the only instance he traveled outside of the Washington area on CRP business.

HOUSTON emphatically stated that he never worked for Mc Cord Associates, nor had anything to do with JAMES MC CORD, other than work related matters at CRP. In early May, 1972, HOUSTON spent five consecutive mornings in the offices of Mc Cord Associates, Rockville, Maryland, where an Industrial Security Seminar was taking place. He stated he could not recall who taught the course, but believed some of the speakers were from Montgomery College. Attending these sessions were six other people whose names he cannot recall, except for Miss PENNY GLEASON, who is on the security staff at the CRP.

HOUSTON stated he first learned of the break-in at the Democratic National Committee (DNC) and the arrest of MC CORD on June 18, 1972, at approximately 7:00 a.m. from Miss GLEASON when he came to work. At this point, HOUSTON reflected for a minute and stated "Well, Mr. ODLE called me Saturday afternoon and asked me if I heard about the break-in at DNC". He stated he told ODLE no, and that ODLE never mentioned MC CORD's arrest. HOUSTON stated he stayed at the office until about 3:00 p.m., when he went home. He was asked if he took anything from the office that day, at which time he replied "no".

HOUSTON then related that there was only one secure filing cabinet in the office and he (HOUSTON), was the only one who knew the combination. MC CORD did keep some files in the cabinet, but if he (MC CORD) wanted them, he had to ask HOUSTON for them. The files MC CORD had were mainly security background investigations, which MC CORD did himself on various people, but HOUSTON had no knowledge of their contents.

HOUSTON was again asked if he had removed any items from the office on June 18, 1972, at which time he advised that

he did remove some cassette type tapes, a tape recorder and some personnel files, which he was working on at home. He further stated he also took a electronic sweeper, which was used to detect "bugs". He stated that all of the aforementioned items he returned to the office since JUNE 13th and that the tapes were blank when he removed them and they still are.

The only people HOUSTON knew from Mc Cord Associates were BILL SHEA and LOU RUSSELL, who worked at the Committee on a part-time basis. He does not know what their duties were or who paid them, except he felt sure they were not paid by the CRP.

HOUSTON stated that MC CORD usually transported any electrical equipment in a black vinyl suitcase. The suitcase contained special padding on the inside to protect the equipment and as far as he can recall no one else ever used the suitcase except MC CORD.

HOUSTON was asked if he knew an individual by the name of GARY BITTENDENDER. He stated he has heard the name, but knows absolutely nothing about him. MC CORD mentioned the name to him on several occasions and believed he may be a Metropolitan Police officer, but is not sure. HOUSTON advised he cannot recall what he and MC CORD were discussing when BITTENDENDER's name came up.

He has not seen or heard from either MC CORD or his wife since he was arrested and can think of nothing that may be of assistance in this investigation. HOUSTON stated that he did not want to be contacted again by the FBI concerning this matter at which point he requested the interview to be terminated.

selves as Special Agents of the FBI.

SA MAHAN advised Mr. LIDDY that the FBI is conducting
an investigation related to the burglary on June 17, 1972, of
the Democratic National Committee Headquarters (DNCH) located
in the Watergate Office Building, 2650 Virginia Avenue, N.W.,

Miss ~~KATHLEEN ANN CHNOW~~ was interviewed at room 107 of the Executive Office Building, 17th and Pennsylvania Avenue, N.W., Washington, D.C. (WDC), in the presence of Mr. JOHN DEAN, Legal Counsel to RICHARD M. NIXON, President of the United States and Mr. FRED FIELDING, Mr. DEAN's chief assistant. At that time Miss CHNOW furnished the following information:

She had been employed in a secretarial capacity to Mr. ~~EDWARD YOUNG~~ of room 16, the Executive Office Building, WDC from ~~1971~~ until sometime in March, 1972. During her employment in this capacity in October, 1971, Mr. YOUNG requested of her to have a private telephone line installed in a suite of offices located at room 16 so that Mr. ~~E. EDWARD YOUNG~~ will be in a position to receive calls on that phone line. This phone was to be billed to Miss CHNOW at her home address, 501 Slaters Lane, Alexandria, Virginia. Miss CHNOW agreed that this phone was installed per the directions of Mr. YOUNG and that Miss CHNOW brought the bills, approximately two, into the office and forwarded those bills to Mr. ~~JOHN DEAN~~, staff secretary to RICHARD M. NIXON, President of the United States.

Miss CHNOW advised that this phone remained in the office of room 16 for approximately five months, and to the best of her recollection the phone was taken out in the middle of March, 1972. Miss CHNOW advised that Mr. YOUNG's office consisted of four rooms; Mr. YOUNG's office, center office, conference room and a small reception area. The phone which he had installed and billed to her residence was an actual extension on two phones setting on actual desks in the center office and possibly a third extension went into the conference room. Miss CHNOW stated that Mr. YOUNG visited YOUNG's office on an average of approximately two times a week and that he did not maintain office space in room 16, but had an office on the third floor of the Executive Office

Building (EOB).

Miss CHENOW advised that she last saw Mr. HUNT in March, 1972, in the EOB. Miss CHENOW believed that Mr. HUNT was assisting Mr. YOUNG in the aftermath of the "Pentagon Papers." Miss CHENOW stated that she was also acquainted with Mr. G. ~~CONNOR LIDDY~~, in that he was the third party that assisted Mr. YOUNG and that he occupied an office in the same general location of YOUNG. The last time Miss CHENOW observed LIDDY was in February, 1972, when he appeared at Mr. YOUNG's office in order to pick up mail addressed to him. Miss CHENOW stated LIDDY left the employ of the White House in December, 1971, for employment with the Committee to Re-elect the President. Miss CHENOW advised that she did not know what duties either Mr. HUNT or Mr. LIDDY performed for the White House but that they had occupied staff positions. She advised that the phone installed for Mr. HUNT in room 16 was essentially a private line for Mr. HUNT and it acted as an answering service.

Miss CHENOW stated that at the present time she is not an employee of the U.S. Government and that in fact was on an extended visit of Europe, and returned to the United States per the request of Mr. DEAN.

The following description of Miss CHENOW was obtained through observation and interview:

DAVID REGINALD YOUNG, Special Staff Assistant, National Security Council, Room 16, Executive Office Building, was interviewed at the office of JOHN DEAN, Counsel to the President, and in the presence of Mr. DEAN and his Assistant, FRED FIELDING, and provided the following information:

In January, 1971, as a result of the disclosure of the 'Pentagon Papers', the need arose for someone to classify and declassify Government documents. At that time he was an Administrative Assistant to Dr. KISSINGER on the National Security Council and was selected for the job. His new position involved the classification and declassification of Government documents with particular emphasis on coordinating efforts of different Government agencies in locating the sources of unauthorized disclosures of confidential information commonly known as leaks in those agencies.

Hired as Assistants in this project were GEORGE GORDON LIDDY and EVELLETTE HOWARD HUNT. LIDDY came to his office from the Department of the Treasury on the recommendation of WILLIAM KROGH at the White House in the Summer of 1971. LIDDY had been working with KROGH on the international drug problem and KROGH felt LIDDY's expertise in the international area along with his excellent legal reputation would be of assistance to YOUNG. While working with YOUNG, one of LIDDY's responsibilities was to maintain close liaison with the Justice Department in connection with the project. He was assigned an office and a secretary in connection with his duties.

HUNT came to his office in 1971 on the recommendation of CHARLES W. COLSON at the White House. COLSON's ~~background and Central Intelligence~~ contacts would be of great help on the project. HUNT was particularly valuable in evaluating cables from the pertinent

period to determine if the "Pentagon Papers" accurately represented the facts and circumstances at that time in history. Also the standards for classification of Government documents were being re-evaluated at that time. HUNT ~~was~~ on an informal basis during this period while ~~working~~ with the Director, Mr. HELLS, and the Deputy Director, General WALTERS. (S)

While working on this project, HUNT asked him to have a telephone installed in the office which would not go through or be billed to the White House switchboard. HUNT explained at that time he needed a private line for operatives and CIA contacts to reach him directly without them knowing this phone was in the White House. Secondly, he needed a phone where messages could be received by a secretary which he did not have in his third floor office. It would be important for someone to take messages because he was in the office so seldom.

Mr. YOUNG told his secretary, KATHLEEN CHENOW, to set up such a phone, which she did. This phone was billed to an Alexandria, Virginia, location, but rang on Miss CHENOW's desk as well as on an unused desk set aside for an additional secretary. YOUNG advised he paid very little attention to this phone, never used it and considered it strictly a message phone for HUNT. HUNT was in the office twice a week at the most and sometimes not for several weeks at a time. As far as he was concerned, HUNT's former associates at CIA and individuals furnishing information in connection with the international drug problems were the only ones who knew to call him on this line.

In March, 1972, HUNT left his office when his part of the project came to an end. The whole project had been winding down for some time and HUNT's particular role was no longer necessary. He was aware HUNT was employed by the R. Mullen Company, a public relations firm, and he last saw HUNT last Christmas or early January or February of this year. When HUNT left he still had several classified documents in his

possession. These were documents he was working on at the time and presumably were left in HUNT's file safe or file drawer in HUNT's office on the third floor. However, he was not sure exactly where they were located. It did not surprise him that these documents were recently found in HUNT's file safe but he was not aware of the other contents in the safe as related in the newspaper.

In December, 1971, GEORGE GORDON LIDDY left after informing YOUNG he had been offered a position at the Committee to Re-Elect the President. His leaving was considered a promotion and he has seen LIDDY only once or twice just to say hello since LIDDY left to go to the Committee.

He did not know JAMES MC CORD nor did he recognize the names or photographs of the other individuals involved in the Democratic National Committee (DNC) burglary as appearing in the newspaper. He knew BOB ODLE at the Committee to Re-Elect the President mainly when ODLE worked for HERB KLEIN at the White House. Through KLEIN he also came to know JEB MAGRUDER, also at the Committee, and occasionally plays tennis with him.

When LIDDY and HUNT were working out of his office they worked with him rather than for him. He (YOUNG) had overall responsibility for the classification-declassification project and they furnished him the results of their investigation, but he did not exercise authority as such over them. They never provided any documents other than official reports, write-ups of oral conversations with individuals in various agencies.

There was no money available either to LIDDY, HUNT or himself to pay people for information of value in locating leaks. All information obtained was provided voluntarily by individuals interviewed and no means other than this was used to locate the persons responsible for the leaks. He had no idea how HUNT became involved with the individuals responsible for the burglary of the DNC and he had no idea where the money to finance such an operation may have come from.

WFO 139-166

A group of photographs of white males were exhibited to him, including those of EVERETTE HOWARD HUNT, CHARLES COLSON and ALEX BUTTERFIELD. he recognized photographs of these three individuals as fellow members of the White House staff. Another group of photographs of white males were exhibited to him, including the photographs of the five subjects, JAMES WALTER MC CORD, JR., BERNARD L. BARKER, VIRGILIO R. GONZALES, EUGENIO R. MARTINEZ and FRANK A. STURGIS. From this group he recognized the photograph of GEORGE GORDON LIDDY.

The following investigation was conducted on June 29, 1972, in Washington, D.C. (WDC), by Special Agents (SAs) JAMES W. HOFFMAN and JAMES R. PLEDOER:

Attempt was made to locate and interview the Resident Manager of the Hotel Congressional, 300 New Jersey Avenue, S.E., with negative results. Officer R. R. DOWELL, United States (U.S.) Capitol Police, Badge Number 596, presently assigned as a security guard for the Hotel Congressional, advised that the building had been closed as a hotel since April 28, 1972.

Officer DOWELL further stated that the hotel had been leased by the Knott Hotels Corporation, headquartered at 575 Madison Avenue, New York City, New York, until June 1, 1972. Until June 1, 1972, the general manager of the hotel had been ANDREW BACHIK who has since retired and moved to Cherry Hill, New Jersey.

DOWELL stated that the building is now a Federal building containing numerous offices, the National Capitol Democratic Club and the residences for numerous Congressmen. DOWELL stated that he did not have a list of occupants, however, such a list should be available at the architect's office in the Capitol building.

Mr. FREDERICK W. WINKELMANN, General Counsel, Office of the Architect of the Capitol, was interviewed regarding the occupants of the Hotel Congressional, 300 New Jersey Avenue, S.E., and provided the interviewing Agents with copies of three separate list of occupants dated March 10, 1972, April 17, 1972, and June 13, 1972. Copies of these lists are attached.

March 10, 1972

Record of Meeting in Mr. Winkelmann's Office, March 10, 1972, with
Representatives of Knott Hotels Corporation

Messrs. Winkelmann and Henlock, representing the Architect of the Capitol, met in Mr. Winkelmann's Office, March 10, 1972, with Messrs. Bowman and Bachik, representing the Knott Hotels Corporation and covered the following matters, generally, pertaining to the Congressional Hotel.

1. Messrs. Bowman and Bachik furnished a record of rooms in the Hotel occupied by Members of Congress, by a Member's widow, a Member's Administrative Assistant, a former Member of Congress, the Republican Congressional Committee, the National Republican Committee, the National Capital Democratic Club, and the Capitol Hill Club; also, the total number of rooms in existence on the 1st and 6th floors. The information, recorded, is appended hereto.
2. Mr. Bowman advised that the only sub-lease now in effect, which provides for a date of termination concurrent with the date of termination of the Knott Hotels Lease is their sub-lease with the American Railroads Association.
3. Mr. Bowman advised, further, that it is Knott Hotels intention to issue an immediate termination notice, requiring vacating of rooms on or before April 30, 1972, to all tenants excepting, upon specific request of the Government, Members of Congress, Mrs. Andrews (widow of the late Congressman Andrews), Mr. Rice (administrative assistant to Congressman Flood), former Congressman Auchincloss, the Republican Congressional Committee, the National Republican Committee, the National Capital Democratic Club, and the American Railroads Association. Knott Hotels proposes to issue a termination notice at this time to the Railroads Association, requiring them to vacate their quarters in the Hotel on or before May 31, 1972. (As the Capitol Hill Club are vacating their quarters on March 15, 1972, no notice to them is necessary).

4. The Knott Hotels Corporation proposes to follow the foregoing procedure, provided they are officially notified at this time by the Architect of the Capitol, by letter, that it is the wish of the government that the Members of Congress, Mrs. Andrews, Mr. Elco, former Congressman Auchincloss, the Republican Congressional Committee, National Republican Committee, and National Capital Democratic Club be allowed to stay in the Hotel until May 31, 1972, and that the government, subject to statutory requirements, proposes to permit these parties to continue occupancy on and after June 1, 1972 under arrangements not involving the Knott Hotels Corporation.
5. Mr. Bowman advises that the Knott Hotels Corporation must require all tenants, other than those included in the exception, to vacate by April 30, 1972, in order to allow the Corporation a month thereafter to phase out their operation in an orderly manner and to dispose of furniture, furnishings, and other items belonging to the Corporation.
6. Mr. Bowman stated that if their proposal is agreed to, then it will be necessary for the government to agree with them on plans to retain telephone service (including switchboard and switchboard operators), security guards, maid-and-cleaning service, heat, light, power, and air conditioning, for those occupants allowed to remain in the Hotel until May 31, 1972, pursuant to request of the government.
7. Mr. Bowman, although recognizing that it is incumbent upon Knott Hotels to provide some limited amount of service during the month of May, indicated that the Corporation would like to discuss further the question of whether the government would be willing to agree upon a compensation for any such services furnished in excess of services they would normally provide if all tenants were required to vacate at the end of April, were it not for the government's request.
8. Mr. Bowman also confirmed that the National Capital Democratic Club is desirous of leasing the entire first floor of the Hotel after the Capitol Hill Club vacate their quarters.
