A short time later Loughner came around a table set up for the event and shot Congresswoman Giffords, her District Director Barber, federal Judge Roll¹, and then continued firing at the crowd. To: Laboratory From: Phoenix Re: 89B-PX-86099, 01/24/2011

Details: On January 8, 2011, Saturday, at approximately 10:12 a.m., Jared Lee Loughner shot United States Congresswoman Gabrielle Giffords, United States District Court (District of Arizona) Chief Judge John Roll, and eighteen (18) other individuals at an event called "Congress on Your Corner" hosted by Congresswoman Giffords outside the Safeway grocery store located at 7110 N. Oracle Road, Tucson, Arizona. The event, which Congresswoman Giffords, aided by her staff (including Pamela Simon, Gabriel Zimmerman, and Ronald Barber), hosted in her official capacity was publicized via newspaper article as well as electronic e-mail and telephonic "blasts" to her constituents. Among those who received an electronic telephonic invitation was Judge Roll.

"Congress on Your Corner" was set up outside the south entrance of the Safeway. A line of people formed to meet with Congresswoman Giffords and the event began at approximately 10:00 Just prior to the shooting, Judge Roll spoke with Congresswoman Giffords' District Director, Ronald Barber, for several minutes. Jared Lee Loughner posed a question to Barber with words to the effect, "Where is the Congresswoman?" or "Is that the Congresswoman?" and Barber responded by pointing to Congresswoman Giffords. A short time later Loughner came around a table set up for the event and shot Congresswoman Giffords, her District Director Barber, federal Judge Roll¹, and then continued firing at the crowd. Loughner killed Judge Roll, Congresswoman Giffords' staffer Gabriel Zimmerman, and four others. In addition, Loughner critically wounded Congresswoman Giffords and wounded (to varying degrees of severity) thirteen (13) other individuals to include two of Congresswoman Giffords' staffers, Pamela Simon and Ronald Barber. In all, Loughner killed six and wounded thirteen (13).

Loughner, using a semi-automatic Glock pistol, emptied a thirty (31) round magazine and was in the process of changing magazines when he was tackled by three attendees of the event. At least one of the individuals who tackled Loughner, maintained continuous control of Loughner until Pima County Sheriff's Office deputies detained him.

Congresswoman Giffords and the event began at approximately 10:00 a.m. Just prior to the shooting, Judge Roll spoke with Congresswoman Giffords' District Director, Ronald Barber, for several minutes. Jared Lee Loughner posed a question to Barber with words to the effect, "Where is the Congresswoman?" or "Is that the Congresswoman?" and Barber responded by pointing to Congresswoman Giffords. A short time later Loughner came around a table set up for the event and shot Congresswoman Giffords, her District Director Barber, federal Judge Roll¹, and then continued firing at the crowd. Loughner killed Judge Roll¹, Congresswoman Giffords' staffer Gabriel Zimmerman, and four others. In addition, Loughner critically wounded Congresswoman Giffords and wounded (to varying degrees of severity) thirteen (13) other individuals to include two of Congresswoman Giffords' staffers, Pamela Simon and Ronald Barber. In all, Loughner killed six and wounded thirteen (13).

Loughner, using a semi-automatic Glock pistol, emptied a thirty (31) round magazine and was in the process of changing magazines when he was tackled by three attendees of the event. At least one of the individuals who tackled Loughner, maintained continuous control of Loughner until Pima County Sheriff's Office deputies detained and arrested him.

Jared Lee Loughner is described as white male, 5' 10", blue eyes, 157 pounds, DOB SSAN Arizona Driver's license number , address Tucson, Arizona Major case prints of Loughner were
obtained by Pima County Sheriff's Department.
On 01/10/2011, Monday, Loughner's initial appearance was held in United States District Court of Arizona in Phoenix, Arizona.

individuals at an event called "Congress on Your Corner" hosted by Congresswoman Giffords outside the Safeway grocery store located at 7110 N. Oracle Road, Tucson, Arizona. The event, which Congresswoman Giffords, aided by her staff (including Pamela Simon, Gabriel Zimmerman, and Ronald Barber), hosted in her official capacity was publicized via newspaper article as well as electronic e-mail and telephonic "blasts" to her constituents. Among those who received an electronic telephonic invitation was Judge Roll.

"Congress on Your Corner" was set up outside the south entrance of the Safeway. A line of people formed to meet with Congresswoman Giffords and the event began at approximately 10:00 a.m. Just prior to the shooting, Judge Roll spoke with Congresswoman Giffords' District Director, Ronald Barber, for several minutes. Jared Lee Loughner posed a question to one of Giffords' assistants with words to the effect, "Where is the Congresswoman?" or "Is that the Congresswoman?" and the assistant responded by pointing to Congresswoman Giffords. A short time later Loughner came around a table set up for the event and shot Congresswoman Giffords, her District Director Barber, federal Judge Roll, and then continued firing at the crowd. Loughner killed Judge Roll, Congresswoman Giffords' staffer Gabriel Zimmerman, and four others. In addition, Loughner critically wounded Congresswoman Giffords and wounded (to varying degrees of severity) thirteen (13) other individuals to include two of Congresswoman Giffords' staffers, Pamela Simon and Ronald Barber. In all, Loughner killed six and wounded thirteen (13).

Loughner, using a semi-automatic Glock pistol, emptied a thirty (31) round magazine and was in the process of changing magazines when he was tackled by three attendees of the event. At least one of the individuals who tackled Loughner, maintained continuous control of Loughner until Pima County Sheriff's Office deputies detained him.

Jared Lee Loughner is described as white male, 5' 10",	
blue eyes, 157 pounds, DOB , SSAN Arizona	L
Driver's license number , address	
Tucson, Arizona . Major case prints of Loughner wer	e
obtained by Pima County Sheriff's Department.	

On same date, 01/08/2011, it was requested a shooting incident reconstruction team report to Tucson, Arizona.

January 21, 2011 Jared Loughner, So you think you had it rough on the outside? Well welcome to hell motherfucker! You're in for a rude awakening you sniveling little pussy. As a child killer, you'll get extra special treatment on the inside enjoy! I wanted you to know also that while you're locked up, I'll be visiting your parents and other living family members to see that they meet the most gruesome, painful, and terrifying deaths this country has ever seen. Charlie Manson will be envious. For those relatives of yours that are already in the ground, I'll be taking dumps on their graves. If you fry soon, I'll also be making rounds to your grave. Hope you appreciate it. I'd get cremated if I were you. Lastly, I find it quite humorous that your target survives and is well on the road to recovery. You even find a way to FAIL at being a loser! I'm just checking back with you to see how you have been doing, how the counseling referrals are working out and if you have heard anything yet about the reimbursement packet you submitted to the FBI's Office for Victim Assistance for your travel to Tucson.
If you have not heard back about the reimbursement for travel, can you tell me when you mailed the packet, who it was addressed to (if you remember) and the amount requested for reimbursement? This will help expedite tracking your reimbursement status.
Thanks, and hope all is well with you.

Details: On January 8, 2011, Saturday, at approximately 10:12 a.m., Jared Lee Loughner shot United States Congresswoman Gabrielle Giffords, United States District Court (District of Arizona) Chief Judge John Roll, and seventeen (17) other individuals at an event called "Congress on Your Corner" hosted by Congresswoman Giffords outside the Safeway grocery store located at 7110 N. Oracle Road, Tucson, Arizona. The event, which Congresswoman Giffords, aided by her staff (including Pamela Simon, Gabriel Zimmerman, and Ronald Barber), hosted in her official capacity, was publicized via newspaper article as well as electronic e-mail and telephonic "blasts" to her constituents.

"Congress on Your Corner" was set up outside the north entrance of the Safeway. A line of people formed to meet with Congresswoman Giffords and the event began at approximately 10:00 a.m. Just prior to the shooting, Judge Roll spoke with Congresswoman Giffords' District Director, Ronald Barber, for several minutes. Jared Lee Loughner posed a question to Alex Villec, who was assisting at the event, with words to the effect, "Where is the Congresswoman?" or "Is that the Congresswoman?" and Villec responded by pointing to Congresswoman Giffords. A short time later Loughner came around a table set up for the event and shot Congresswoman Giffords, her District Director Barber, Federal Judge Roll, and then continued firing at the crowd. Loughner killed Judge Roll, Congresswoman Giffords' staffer Gabriel Zimmerman, and four others. In addition, Loughner critically wounded Congresswoman Giffords and wounded (to varying degrees of severity) twelve (12) other individuals to include two of Congresswoman Giffords' staffers, Pamela Simon and Ronald In all, Loughner killed six and wounded thirteen (13).

Loughner, using a semi-automatic Glock pistol, fired thirty two (32) rounds at close range (1-10 feet) and was in the process of changing magazines when he was tackled by three attendees of the event. As he was taken to the ground, Loughner

To the Families and Victims:

Earlier this month, the University of Arizona was honored to host an event for members of the families, UMC doctors, nurses and health care providers, first responders and our Tucson community who were all touched by the tragic events of January 8th. We hope that the event provided comfort and an opportunity to collectively share the burden of grief, but also provided a sense of shared strength and hopefulness in honoring both those victims and the many members of the community who acted as heroes in both large and small ways.

The UA and Tucson community event coordinators wished to provide a token of remembrance, solace and hope to attendees, especially to the families of the victims and first responders, so they developed t-shirts and programs with the theme for the event, *Together We Thrive: Tucson and America*. We are aware that there may be some interest among family members in acquiring additional copies of the program, t-shirts or a DVD copy of the event for those who may not have been able to attend. We have a limited number of these items and we want to make sure that all families have an opportunity to request these items before we distribute them.

If you are interested, I ask that you contact:

Jenna Bourland jenbland@email.arizona.edu (520) 621-3772

Again, to ensure our ability to provide you with a program, t-shirt or DVD I ask that you contact Jenna soon. Please accept my most heartfelt condolences and know that our thoughts are with you.

Sincerely,

Melissa Vito

The writing on specimen Q566 is best read as: "Hold on to this Bitch!", and "2010". With the exception of an "H" impression observed on Q564, no other indented writing of value was observed the remaining submitted specimens. Five photographs of the Q558 and Q566 enhancements as well as the impression on Q564 are enclosed.

The sealing flap on the Q555 envelope was manufactured as a moisture-activated flap.

Specimens Q555 and Q560 were searched through the Anonymous Letter File with negative results. Appropriate information has been added to this file for future reference.

Torn edges observed during the examination of specimens Q322, Q335, and Q565 are suitable for comparisons with like materials.

----- Document Text -----

A majority of the questioned writing observed on the submitted specimens is suitable for comparison with a known standard(s). If future examinations are desired, dictated and undictated known writing should be obtained from any logical suspect(s). The known writing should be comparable to the questioned writing in wording, style, and format. Dictated known writing should be obtained on separate envelopes and sheets of paper similar in size to the questioned specimens. Each exemplar should be removed from the writer's view upon

completion. Numerous repetitions may be necessary in order to obtain naturally prepared writing. Undictated known writing consists of writing prepared during normal course of business activity. Possible sources of undictated known writing include business papers, letters, canceled checks, and/or applications.
Additional assessments and observations have been made regarding the submitted specimens and recorded for possible future comparisons.
Remarks:
The supporting records for the opinions and interpretations expressed in this report are retained in the FBI files. Twenty photographs of the specimens submitted to the Questioned Documents Unit are enclosed for your assistance. The specimens submitted to this unit will be returned to your office at a later date under separate cover. No examinations were conducted on specimen Q566.1.
Images of specimens Q555 and Q560 will be submitted to the United States Secret Service to be searched through the Forensic Information System for Handwriting. You will be separately advised of the results.

Attached please find an article published in the 2/2/2011 edition of the Criminal Law Reporter. I thought the article would be of interest to you in that it discusses an enlargement in the time within a prosecutor must begin trial after indictment (from 70 to 180 days). Of particular interest, is the highlighted portion that indicates this is an issue on which Judge Roll worked with Congresswoman Giffords. I suspect the prosecution team already has a copy of the article, but you might want to share with them as well. As you know, they will need to establish Judge Roll was murdered while "engaged in or on account of the performance of official duties".

Thanks,

ITEMS FROM JARED LEE LOUGHNER'S RESIDENCE

Q564 Note card beginning "What is Government if..." (1B70, E4418896, Item 21)

This report contains the results of the chemical examinations.

Results of Examinations:

Colorants from inked areas within the Q322, Q335, and Q564 documents, as well as from an inked area from the Q321 wall dispenser, were compared to colorants from an ink sample that had been prepared from the Q336 marker.

The inks sampled from the Q564 note card and from the Q336 writing sample could not be differentiated from one another. No conclusion was drawn whether the inks from the Q321, Q322, and Q335 specimens were consistent with ink from the Q336 writing sample.

The following techniques were used in the analysis of the specimens: visual inspection, thin-layer chromatography (two systems), and ultra-violet light source visualization. Stereomicroscopy was used on Q322, Q335, and Q564.

Interpretations/Limitations:

Different inks with similar colorant formulations can not always be differentiated by the techniques that are used within the Unit. Therefore, no definitive conclusions can be made whether inks have come from the same writing instrument or from different instruments which contained the same colorant formulation. The Q321 specimen was sampled in an unconventional manner (i.e., wiping instead of taking sample plugs) and may have contributed to differences in the amount of ink that was analyzed for that specimen, as compared to the amount of ink from the Q336 writing sample. Such sample size differences, as well as differences between sample matrices (i.e., different types of paper for Q322 and Q325) may limit or preclude a conclusion to be drawn.

Cc: Subject:	RE disruptive student

I met with Jared Lee Loughner today to discuss the incident that occurred yesterday.

I arrived to his math class at 8:20am, introduced myself to the Instructor, quietly introduced myself Jared and informed him that I wanted to hear his perspective, about the incident that occurred yesterday, in the privacy of my office.

He stated, "I am offended" and I informed him that I would like to hear about it outside of the class. He followed me outside of the class, and returned to the class briefly to get his belongings.

As we walked out of the class, he asked me if I was a cop, I told him no, but there could be one if we could not find a way to meet a happy medium. I followed up by letting him know that my goal was to find a middle ground that would benefit everyone concerned. He questioned why he had to leave the class when he was only exercising his freedom of speech.

When we arrived to my office, I asked him to explain what transpired yesterday in his math class, and he said, "I don't know what you are talking about." I reminded him that a complaint was made that he was disruptive in class and he said, "I was not disruptive, I was only asking questions that related to math."

I asked him to tell me the questions he asked? He said, "My Instructor said he called a number 6 and I said I call it 18." He also asked the Instructor to explain, "How can you deny math instead of accept it?"

I asked him to explain how this was pertinent to the subject at hand? He said these questions caused students to think. I asked him to describe his views on time and place. He said he paid \$200 for the class so he should have the right to speak. He added that he has taken other courses and was scammed so he was going to do everything to ensure that he passed this class. I asked him to explain scammed and he said he took prior classes, failed, and did not get his money back.

I asked him if he felt he was being scammed in this math class, he said that he wasn't, but added that it scared him that his freedom of speech rights were being taken away. He also complained about being removed from class to talk to the Counselor.

I told him that I wanted to talk about rights as well as time and place. Every student has the right to have a safe learning environment; how are you meeting the rights of other students when you must exercise your right to call the number 6, 18. Have you considered the rights of the students who are sitting in class struggling to understand 6, while you argue with the instructor?

I informed him that the students are making the same complaint about being robbed of their educational experience that he was making to me, and asked him to explain the difference. I further informed him that the Instructor has to cover material in 5 weeks that is generally covered in 16 weeks, so there might not be time for students to ponder his questions, so his questions might have to be asked after class.

lm

He was reassured that when he becomes an Instructor he will have the right to teach a class based on his teaching style, but in the meantime, his Instructor will conduct the class the way he sees fit and if Jared had a problem with this, I would be happy to drop him from the class.

Jared said he wanted to remain in the class and he showed proof that he was doing the assignments. He asked me if I was saying that he could not speak in class and I informed him that he could ask his philosophical questions after class, and ask "how do I solve this problem questions in class."

He reassured me that he did not want to be expelled from class. I asked him to tell me what he planned to do to remain in this class, and he said that he planned not to ask any questions.

He mentioned in closing that he spoke to some guy (another Counselor in this office) about asking questions in class, and reiterated again that it scared him that his right to freedom of speech was being squelched.

This student was informed that the formal code would go into effect if this should happen again.

This student was warned. He has extreme views and frequently meanders from the point. He seems to have difficulty understanding how his actions impact others, yet very attuned to his unique ideology that is not always homogeneous. Since his resolution was to remain silent in class and successfully complete the course, I had no grounds to keep him out of class.

Since he reported that an incident such as this occurred in another class, Administrators will have to help this student clearly understand what is appropriate classroom dialog.

Just Lamb of God, Shadows Fall, Rob Zombie, and 3 Inches of Blood would be an awesome show. In This Moment, Chimaira, and Five Finger Death Punch have maybe 5 good songs between them. I just can't imagine myself sitting through the other terrible bands to get to good ones. Maybe if the tickets are cheap...

January 23rd, 2010 at 11:43 am DethByAudio says:

Other than Lamb of God there are no must see bands for me this year. Im going for Lamb of God, there always insane. ive never liked more than a few Rob Zombie songs, but i guess its prolly as close as ill get to seeing White Zombie, i hope they play some WZ. Korn maybe, ive hated them since their 4th album, but the 1st one is still cool, as long as its not a bunch of new shit. i saw FFDP at the 1st mayhem and i left their set Cuz they sucked massive ass. Winds of Plague was cool at Slaughterfest but that was with Kristen, who is now gone. She was my fave part of WoP, and not only because i want her to be the mother of my children. 3 Inches seems like they could be cool cuz their always on tour with Black Dahlia & Skeletonwitch. i haven't like Atreyu, except for Lip Gloss & Black. but that was because my friend learned the guitar part, and it was sweet. Hatebreed, Shadows Fall, and Chimiera have always been some of the blandest metal bands, ok music, just bland, and i absolutely fucking hate Norma Jean n In this Moment. maybe because year 1 had Mastodon, Suicide Silence, The Red Chord, and Slipknot. then last years was one of the best concerts ive ever been to, and will possibly never be rivaled in sheer holy fucking shitness. i noticed there's no hot topic stage this year, maybe that's why there are no extreme bands this year. HT stage was AMAZING last year. And obviously SLAYER slayed, even manson wasnt horrible, my gf loved his show and he played alot of his older stuff which ive always been ok with. i could understand the Jagerstage, but the other one sucks major ass cept for maybe 3IoB.

if the free tickets are for mainstage seats at the DTE in Michigan, ill be happy to take them off your hands...

18. - January 26th. 2010 at 3:25 am metalrules 33 says:

I would to see LOG but I will NOT go if they are charging \$13 for a budwieser like last year and I can't BYOB!... that's just a slap in the face to the fans to lock them in a 110 degree cage and then charge \$7 for a Monster and \$4 for a fing water. I saw a guy fall with a tray of 4 beers... there goes \$52... well the ants will be happy.

Also, who decides the headliners for this tour??? They always f that one up.

.... looks like i gotta get there early for SF, Chimara... and bail early again after 5FDP and LOG

5FDP is on the main stage hell yeah!! Great music all day at the other stages!! It's always a good show!

Let's see, 2008, Slipknot was amazing, Disturbed kicked ass, Dragonforce sucked, Mastodon was awesome, Underoath was gay, Black Tide was boring, Suicide Silence was awesome, 36 Crazyfists was awesome, The Red Chord was great, Machine Head was awesome, Airbourne sucked, 5FDP was awesome, and Walls of Jericho blew. 2009, the whole entire show FUCKIN RULED!!!!!! Including Manson, he put on a great show. Now 90s shock rock was okay in my book but queercore is where I draw the line. Atreyu, Noma Jean, In This Moment, are you fucking kidding me, this is a metal tour, not a screamo tour, even Three Inches of Blood doesn't add up. The mainstage is awesome and the Jager stage is alright but honestly, lose the emo bands like Atreyu, they don't belong at Mayhem Fest. You should have got Messhugah or Dimmu Borgir and there are a lot of very unpopular deathmetal bands that are awesome enough and would sever an arm to play even on the opening spot. Expect me there a few hours late cuz I'm only going for Korn and Zombie.

21. February 6th, 2010 at 12:52 pm Scramles says:

I personally like this years lineup (minus atreyu and norma jean...) but Zombie is good, Korn's old stuff is good, I FUCKIN LOVE LAMB OF GOD, FFDP is okay, I never cared for atreyu, or norma jean. But In this moment is okay and i like 3 inches of blood (Even though they have no original members left).

Hatebreed.. SICK Chimaira.. SICK Shadows Fall.. SICK Winds Of Plague.. SICK

It's still gonna be a good show. I'll even stick around for the other bands that i dont like just to see how well of a show they put on.

Mayhem isn't about all death metal. It's about mixing mainstream shit with new crazy metal shit. Slipknot ripped up main stage first year and slayer for sure last yr, I think Rob Zombie is truly crazy and puts on a beast show! 5FDP just fucking rocks. Gonna be a great show ans the best one coming to the pittsburgh! Fuck Jimmy Buffett and those annoying parrotheads!!
