received from an unknown white male caller on 1/8/81 and 1/15/81, with the recorded interview of [REDACTED] b7c

By way of background investigation, the Conyers Sheriff's Office, Conyers, Georgia, received a call from an unknown white male on 1/8/81, claiming responsibility for the recent murders in the ATKID investigation. The unknown caller gave directions where the last victim was buried.

A search by the Conyers PD and Sheriff's Office was conducted on 1/9/81 in the area described by the caller with negative results.

On 1/31/80, a telephone call was made by an unknown white male to the principal of the Pine Street Elementary School, Conyers, Georgia. The caller advised the principal that he was going to abduct a white child from that school by 2/1/81.

Suspect, [REDACTED] [REDACTED] [REDACTED] [REDACTED] was developed by the Conyers Police Department. Bell was interviewed by Investigator [REDACTED], Conyers PD, and SA [REDACTED], FBI, Atlanta, Georgia. [REDACTED] denied making any telephone calls regarding these extortion threats, but consented to a voice recording. [REDACTED] read the transcribed conversations from the telephone calls received by the Rockdale County Sheriff's Department on 1/8/81 and 1/15/81. b7c

Enclosed for the Bureau, Latent Fingerprint Section, under separate cover, are one pair of blue Levi Strauss jeans; one brown belt; and a brown, plastic bag.

The above pair of jeans was found during a search in the area where the body of victim Geter was found, and have been positively identified as being those of victim. The jeans were found in approximately three feet of water in a small creek on February 9, 1981. The jeans were initially placed in a brown plastic bag, later carefully removed, and dried out prior to forwarding to the Laboratory.

REQUEST OF THE BUREAU

LATENT FINGERPRINT SECTION:

The Latent Fingerprint Section is requested to examine the enclosed pair of jeans and belt for latent fingerprints, presence of fibers or stain on jeans or brown plastic bag, in which the jeans were initially placed when found. It is requested that any prints found as a result of the examination

LAB. NO. 10114018 S TA KT
NM RURe: ATKID;
MAJOR CASE #30;
LUBIE GETER - VICTIM (MISSING
PERSON)
1/4/81;
KIDNAPPING

Specimens received January 14, 1981

Q13 Plastic bag
Q14 Tennis shoe (left)
Q15-Q15A Fragments of two shotgun shells
Q16 Cigarette butt

Result of examination:

No hairs or fibers of value for comparison purposes were found on specimens Q13 and Q14.

Specimens Q15 and Q15A consist of the head portions of two shotshell casings, both of Remington-Peters manufacture. Specimen Q15 is of 12-gauge and Q15A is of 20-gauge. Specimen Q15 contains some very limited microscopic marks of possible value for comparison purposes. Specimen Q15A does not contain any microscopic marks of value for comparison purposes.

Both Q15 and Q15A are badly corroded with their original paper body's disintegrated. Also, the headstamps in Q15 and Q15A have not been used by Remington for at least 20 years.

If the Q15 shotshells were subjected exclusively to natural environments, the metallurgical characteristics exhibited are indicative of relatively lengthy exposure to such environments.

No serological analyses were conducted upon the Q16 cigarette butt due to the potentially more valuable latent fingerprint request.

Re Atlanta teletype to the Bureau, dated 1/9/81
and Atlanta and Bureau telephone calls, 1/10/81.

Transmitted, under separate cover, to the FBI
Laboratory, are the following:

- Q12 (1) One plastic dry cleaning-type bag.
- Q14 (2) One tennis shoe.
- Q15 (3) Fragments of a shotgun shell.
- Q16 (4) One cigarette butt.

For information of the FBI Laboratory and Latent
Fingerprint Section, above items recovered in massive search
in Southwest area of Atlanta on 1/9-10/81, which resulted
in the location of the remains of two bodies. Above items
recovered in close proximity to where above two bodies located.

REQUEST OF THE BUREAU

FBI LABORATORY:

(1) The FBI Laboratory is requested to examine the above plastic dry-cleaning bag and tennis shoes for hair, fiber and body fluids;

(2) Examine above cigarette butt for saliva stains;

(3) Examine fragments of shotgun shell in an effort to determine gauge of shotgun shell and for any identifiable markings.

LATENT FINGERPRINT SECTION:

The Latent Fingerprint Section is requested to examine the above plastic bag, tennis shoes and cigarette butt for any latents of value.

10114018 TA

shotgun shell remnants —

Cu Zn w/ f.m. couple (coating/primer)

- extensive galvanic action (on larger shell)
- w/ pitting + obvious alternating anodic-cathodic areas.
- Cu buildup vic. each pit suggestive of dezincification
- edges thinned, w/ Cu buildup, tapered.
- corrosion process causing scalloped edges

smaller shell — no signif pitting but Cu buildup

Em: Shp

10114018 TA

Metallurgy Dictation

If the Q15 shot shells ~~specimens~~ were subjected exclusively to natural environments, the metallurgical characteristics exhibited are indicative of relatively lengthy exposure to such environments.

When you're all afraid, you're all upset
Cause none of those cops have caught me yet
I've struck again and didn't leave a clue
Now the whole city doesn't know what to do
You finally found Julie, but from then all the while
Keep looking you might find another child
You think that the number stops at nineteen
man, there are some things you haven't seen
One night some kids got killed in a fire
I struck the match, so the death toll is higher
But you can't seem to catch me, I wonder why
Thousands of you see me everyday when I pass by
It's pathetic to know that I can get away

With first degree murder on any chosen day
Politicians are worried as the plot thickens
Leaders running around like headless chickens
All different cops can't cooperate with the others
You'll never catch me, you humbling mothers
Go back from the ridiculous to the sub-time
And you'll find that I've been with you everytime
You'd better start looking before it's too late
Or there'll be another "50-48"

So we I leave you with this piece of evidence
Don't do something stupid, like dust it for prints
— The Ghost Killer

INFORMATIVE NOTE

Date 2/12/81

Re: ATKID
OO: ATLANTA

On 2/10/81, the Atlanta Constitution Newspaper made available a letter from an anonymous individual purporting to be responsible for the child murders in Atlanta.

Original letter has been forwarded to Georgia State Crime Lab and copies have been furnished by facsimile to Behavioral Science Unit, FBI Academy, and Professor [REDACTED]. As a result of a review of this letter by Professor [REDACTED] and the Behavioral Science Unit, it has been concluded the letter is not from the killer but from an educated individual seeking notoriety.

Both Professor [REDACTED] and the Behavioral Science Unit recommend that no response be given to this letter through the newspaper in that such action would provoke a rash of similar type communications. Atlanta Bureau of Police Services will be advised on 2/12/81, of the above findings.

A facsimile copy of this letter is attached hereto.

KIDNAPING

Specimens received September 22, 1980, under Laboratory Number 00922063 E QZ

Q2 One 10 1/2-inch Ampex reel of 1/2-inch wide magnetic tape marked in part "8-21-80" on a white label.

Specimens received: December 30, 1980, under Laboratory Number 01212069 E QZ

- K1 One Ampex 670, 30-minute magnetic tape cassette marked in part "██████████" on side "1."
- K2 One Ampex 670, 30-minute magnetic tape cassette marked in part "██████████" on side "1." *b7c*
- K3 One Ampex 670, 30-minute magnetic tape cassette marked in part "██████████" on side "1."
- K4 One Scotch 10 1/2-inch reel of 1/2-inch wide magnetic tape marked in part "12/9/80."

Result of examination:

b7c The unknown voice on specimen Q2 and the known voices of ██████████ on specimen K1, ██████████ on specimens K2 and K4 and ██████████ on specimens K3 and K4 were subjected to spectrographic (voiceprint) examination, which revealed spectral and aural dissimilarities between the unknown and the three known voices, which are normally associated with different speakers.

Voice identification by the spectrographic method is not considered a positive means of speaker identification, and the results of such examinations are furnished for investigative guidance only.

Specimen Q2 has previously been forwarded to your office via registered mail. Specimens K1 through K4 will be forwarded to your office under separate cover via registered mail.

Enclosed under separate cover for the FBI Laboratory is a plastic bag containing one pair of green slacks and one blue shirt.

The enclosed items are clothing worn by [REDACTED] who was abducted on 2/11/81, by a black male. [REDACTED] was forced to lie on carpet in the front seat of a car. [REDACTED] described the carpet as a short shag, green and black tweed.

Carpet fibers and animal hairs, possibly dog, have been found on other murdered victims.

REQUEST OF THE BUREAU

The Laboratory is requested to examine the enclosures for carpet fibers and animal hairs.

1/27/81
CRIMINAL INVESTIGATIVE DIVISION

By attached teletype, Atlanta advises that on 1/23/81 the body of a young black male identified as Terry Lorenzo Pue, age 15, was found in Rockdale County, Georgia. Pue was last seen alive at 4:30 pm on 1/21/81 while enroute to a basketball game.

On 1/8/81, the Rockdale County Sheriff's Office received an anonymous call indicating that the body of Lubie Geter could be located on Sigmon Road. Two subsequent searches in the area described by the anonymous caller were conducted with negative results; however, Pue's body was located on Sigmon Road within a mile of the areas previously searched.

The Atlanta Division, in conjunction with the Atlanta Police Department, continue actively searching for Lubie Geter. In an additional investigative effort, a total of 15 separate shopping centers are under surveillance by four man teams to locate any Negro male and a young Negro male who may be in the area.

Pue has been added to the list of murdered children in the Atlanta area, bringing the total to 17 Black children which have disappeared in the last 19 months. Fourteen of the children have been found murdered and three remain missing.

PAGE TWO AT 7A-1835 UNCLAS

PUE'S BODY IDENTIFIED BY HIS MOTHER WHO ADVISED THAT PUE WAS ONE OF EIGHTEEN CHILDREN, ELEVEN OF WHICH ARE STILL LIVING AT HOME. SHE ADVISED PUE WAS IN A SPECIAL SCHOOL BECAUSE HE HAD SUFFERED A BRAIN INJURY WHEN HE WAS TWO YEARS OLD; HOWEVER, PUE DID NOT REGULARLY ATTEND THE SCHOOL SINCE HE DID NOT LIKE IT. SHE FURTHER ADVISED THAT SHE DID NOT REPORT HIM MISSING UNTIL SHE HEARD THE REPORTS ON THE RADIO OF A DEAD CHILD FOUND IN ROCKDALE COUNTY AND THE CLOTHING THE CHILD WAS WEARING MATCHED WHAT TERRY HAD BEEN WEARING WHEN HE LEFT HOME. SHE STATED TERRY OFTEN STAYED WITH A SISTER WHO LIVED IN EAST POINT, GEORGIA, AND SHE FELT THAT HE WAS STAYING WITH SUCH A SISTER, THAT IS WHY SHE DID NOT REPORT HIS DISAPPEARANCE EARLIER.

IT SHOULD BE NOTED THAT ON JANUARY 8, 1981, THE ROCKDALE COUNTY SHERIFF'S DEPARTMENT RECEIVED AN ANONYMOUS CALL FROM APPARENTLY A WHITE MALE WHO ADVISED THAT HE HAD PLACED THE BODY OF LUBIE JETER OUT ON SIGMON ROAD. THE CALLER THEN THREATENED TO PLACE ANOTHER BODY, OF A WHITE CHILD THIS TIME, OUT ON SIGMON ROAD BEFORE FEBRUARY 1. THE CALLER TOLD OF AN AREA ON SIGMON ROAD THAT SHOULD BE SEARCHED FOR JETER'S BODY. THE

INFORMATIVE NOTE

Date 2/2/81

Re: ATKID

By attached teletype, Atlanta advises that on Friday morning, 1/30/81, a meeting was held in the Office of Maynard Jackson, Mayor, Atlanta, Georgia. In addition to Mayor Jackson, numerous city officials of Atlanta were present as well as Acting Deputy Attorney General (DAG) Renfrew and Ken Starr, Counsel to the Attorney General.

At the outset, Mayor Jackson indicated his pleasure with the cooperation he has received to date from the FBI toward solution of this investigation; however, Mayor Jackson requested assistance through the Federal Government in other areas relating to this investigation. He cited the areas of crime prevention, mental health, and funding of equipment as those areas in which he requests Federal Government assistance.

Acting DAG Renfrew informed the group that he was in Atlanta at the request of President Reagan and sees himself as a conduit for information which will be passed on to the Attorney General and subsequently, to other appropriate officials.

Following the 45 minute meeting, a brief press conference was held, after which Renfrew and Starr returned to Washington.

PAGE TWO AT 7A-1835 UNCLAS

PRIOR TO THE CONFERENCE, ASSISTANT DEPUTY ATTORNEY GENERAL RENFREW AND COUNSEL STARR WERE BRIEFED CONCERNING THE INVESTIGATIVE PROGRESS OF INSTANT MATTER.

MAYOR JACKSON INITIATED THE MEETING WITH AN APPEAL TO THE FEDERAL GOVERNMENT FOR ANY ASSISTANCE THE GOVERNMENT COULD PROVIDE. HE INDICATED HE WAS PLEASED WITH THE COOPERATION THAT HE HAS RECEIVED TO DATE, IN THAT FBI ASSISTANCE HAS BEEN SIGNIFICANT IN THE OVERALL PROGRESS OF THE INVESTIGATION TO DATE. HE ADDED, HOWEVER, THAT THERE WERE OTHER AREAS OUTSIDE OF THE INVESTIGATIVE POSTURE THAT HE FELT WERE NEEDED AT THIS TIME. HE STATED THAT ATLANTA NEEDED SOME ASSISTANCE IN THE PREVENTIVE AREA, THE MENTAL HEALTH AREA, AS WELL AS INVESTIGATIVE SUPPORT ASSISTANCE. CONCERNING THE PREVENTIVE AREA, HE REQUESTED GOVERNMENTAL FUNDING FOR CERTAIN EQUIPMENT; FOR INSTANCE, STREET LIGHTING AND EDUCATIONAL PROGRAMS FOR SCHOOL CHILDREN TO HEIGHTEN THEIR AWARENESS OF THE TRAGEDY THAT THE CITY IS NOW FACING. CONCERNING THE MENTAL HEALTH AREA, HE REQUESTED FUNDING FOR COUNSELING AND A HOT LINE, NOTING THAT MANY OF ATLANTA'S CHILDREN SUFFER FROM PSYCHOLOGICAL SIDE EFFECTS OF THE MURDERED AND MISSING CHILDREN. CONCERNING THE INVESTIGATIVE

124

PAGE THREE AT 7A-1835 UNCLAS

SUPPORT AREA, HE REQUESTED FUNDING FOR SUCH ITEMS AS VIDEO EQUIPMENT, SURVEILLANCE EQUIPMENT, SURVEILLANCE VEHICLES, COMMUNICATIONS EQUIPMENT, AND OTHER TECHNICAL ASSISTANCE.

He was ACTING DEPUTY ATTORNEY GENERAL RENFREW ADVISED THAT HE WAS IN ATLANTA AT THE REQUEST OF THE PRESIDENT A THE PRESIDENT, AS WELL AS THE PRESENT ADMINISTRATION, SHARES ATLANTA'S CONCERN AND WILL TRY TO ASSIST WHERE POSSIBLE. HE STATES THAT HE SEES HIMSELF AS A CONDUIT AND THAT INFORMATION RECEIVED DURING THIS CONFERENCE WILL BE PASSED ONTO THE ATTORNEY GENERAL AND SUBSEQUENTLY TO THE APPROPRIATE OFFICIALS.

THE MEETING LASTED APPROXIMATELY 45 MINUTES, FOLLOWED BY A BRIEF PRESS CONFERENCE.

IMMEDIATELY FOLLOWING THE PRESS CONFERENCE, ACTING DEPUTY ATTORNEY GENERAL RENFREW AND COUNSEL STAR RETURNED TO WASHINGTON, D.C.

ABOVE FURNISHED FOR INFORMATION.

KIDNAPPING

Specimens received

January 3, 1981

Q12 Panties

K7-K11 Five soil samples

Result of examination:

The results of the grouping tests conducted upon the human blood identified on Q12 were inconclusive.

No semen was identified on Q12. No analyses were conducted for the presence of saliva due to the location of Q12 when recovered.

There were no hairs of value for microscopic comparisons found on specimen Q12; however, one black head hair fragment of Negroid origin was found on this specimen. All foreign textile fibers found on specimen Q12 have been preserved. The elasticity of the waistband of this garment appears to be normal or near normal. Accordingly, there is no indication the garment was stretched beyond recovery limit.

No soil was found on or in the debris removed from specimen Q12 which could be compared with specimens K7 through K11.

The elasticity of the waist band of this garment appears to normal or near normal. Accordingly, there is no indication the garment was stretched beyond recovery limit.

However, 1 black head hair fragment of Negroid origin was found on this specimen.

Off-white panties - knit & elastic waist band - exhibits red-brown stains - no hairs of value for compo - no vis or indiv.

SUBJECT: ~~ATKID:~~
MAJOR CASE #30;
ANGELA LANIER - VICTIM (DECEASED)
3/4/80
KIDNAPPING
OO: AT

10112042 S

Re Atlanta airtel to the Bureau, dated 12/5/80. //

Enclosed for the FBI Laboratory, under separate cover, are the following:

- (1) One (1) pair of female panties;
- (2) Five (5) soil samples from different locations concerning victim and possible suspect.

Also enclosed for the FBI Laboratory are the medical examiner's report on the blood type of victim, Angela Lanier, and one photograph of victim depicting panties stuffed in her mouth.

For the information of the FBI Laboratory, Angela Lanier was last observed at school on 3/4/80. On 3/10/80, her body was found in a wooded area about one mile from her residence. When the body was found, Lanier's hands were bound with a brown, two-strand, common electrical cord, which was submitted to the Laboratory for examination, via referenced communication. The body was also found with

- 4 - Bureau (Enc. 2)
1 - Package Copy (Enc. 6)
2 - Atlanta

(6)

b7c

260

AT 7A-1835 SF 5

a pair of female panties stuffed in the victim's mouth. There are obvious blood stains on the panties; however, the victim's mouth, at time of discovery, was partially eaten away by rodents. Medical examiner also stated that blood found on panties may have come from purge while Lanier was being strangled.

The enclosed panties were secured by the local Atlanta Police Department and submitted to the Georgia State Crime Lab. Contact with the Georgia State Crime Lab concluded that to date, no chemical examination of any kind has been performed on said panties.

Also, the enclosed soil samples, numbers one (1) through five (5), were taken from the following locations:

- (1) The sight in which the body was found;
- (2) The residence of the primary suspect;
- (3) A relative's house of the primary suspect;
- (4 & 5) Area of two different houses where the victim was possibly held for a period of days.

REQUEST OF THE BUREAU

FBI LABORATORY:

The FBI Laboratory is requested to conduct the following examinations:

MICROSCOPIC ANALYSIS UNIT:

- (1) Conduct appropriate hair and fiber checks to determine existence of any such material.
- (2) Attempt to determine size of panties and possibility of them being stretched beyond normal limits.

AT 7A-1835 SF 5

MINERALOGY AND METALLURGY UNIT:

Compare soil found in panties to those enclosed,
(samples 1-4).

SEROLOGY UNIT:

Determine blood type contained on enclosed panties
and the existence of other stains contained on panties,
such as saliva and seminal fluids.

In addition to the above, the Lab is requested
to perform any other scientific analysis deemed necessary.

Atlanta request that the above examinations in
this major case be handled expeditiously.

Re: ATKID;
MAJOR CASE #30
EDWARD HOPE SMITH AND
ALFRED JAMES EVANS - VICTIMS (DECEASED);
KIDNAPING

Specimens received January 2, 1981

Q8 Tablecloth

Q9 Doily

Result of examination:

A number of brown head hairs of Caucasian origin and black head and limb hair fragments of Negroid origin were found among debris collected from specimens Q8 and Q9. The aforementioned Caucasian head hairs are suitable for microscopic comparisons in the event a known head hair sample from a person of the Caucasian race is submitted to the Laboratory for this purpose. The aforementioned black head hair fragments of Negroid origin are too limited in size to be of further value.

Specimens Q8 and Q9 were examined for the presence of blood; however, none was identified.

SUBJECT: ATKID;
 MAJOR CASE #30;
 KIDNAPING
 OO: ATLANTA

The Atlanta Division has been conducting investigation for several months into the facts surrounding the murdered and missing children in Atlanta, Georgia. It is felt that in a majority of the cases, there is one subject utilizing one modus operandi to commit many of these homicides. Investigations by both the FBI and local agencies has failed to develop any clues or evidentiary items which would be traceable back to the subject of these homicides. Noting this, Atlanta is attempting to take some overt action

Atlanta has discussed at length with SA *b7E*
 of the Behavioral Science Unit and Professor *b7c*
