SYNOPSIS OF FACTS:

Letters received by Texas Legislature criticizing its action in regard to resolution passed Sept. 18, 1941 concerning Col. CHARLES A. LINDBERG presented to U. S. attorney who declined prosecution as to all of them except one which is a violation of postal laws. This letter containing violation turned over to postal authorities.

DETAILS:

AT SAN ANTONIO

The present investigation is predicated on the receipt of a letter from the Dallas Field Office stating that on September 27, 1941 Mr. F. L. GLAMPITT, Postal Inspector in Charge, Fort Worth, Texas had submitted several letters and a telegram which had been received by the Texas Legislature criticizing its action in passing a resolution on Sept. 18, 1941 in regard to Colonel CHARLES A. LINDBERG. The telegram was signed, as were several of the letters, the balance of the letters being anonymous.

|---|--|

On October 3, 1941, the material received was presented to Mr. HOLVEY WILLIAMS, Assistant United States Attorney, San Antonio, who stated that all but one of the letters contained no violation whatsoever and there would be nothing in them on which to predicate any prosecution. The letter crypted was anonymous and Mr. WILLIAMS was of the opinion that the statements contained therein amounted to a violation of one of the postal laws and regulations pertaining to the sending of obscene matter through the mails. He also stated that the telegram which had been received may contain a violation in that the writer, ██████████ stated that he was in favor of starting a civil war. This telegram was sent from Denver, Colorado, and Mr. WILLIAMS suggested that it be sent to the Denver Field Office to be presented to the United States Attorney at Denver for consideration as to whether or not there is a violation at that point. B7C

On October 3, 1941, the letter which contained the alleged violation of the postal law and regulations was presented to Mr. GEORGE A. GRAY, Postal Inspector, Room 287 Federal Building, San Antonio, Texas who stated that it is likely that this letter contained material which amounted to a violation within the investigative jurisdiction of the Post Office Department. The letter was turned over to Mr. GRAY for further action.

The telegram mentioned above was sent to the Denver Field office with report dated November 13, 1941, to be presented to the United States Attorney at Denver for consideration of its contents as a possible violation of existing laws.

The anonymous letters in this group were forwarded to the Bureau under cover letter dated Oct. 27, 1941 for the anonymous letter file of the Laboratory.

The letters which were signed but which contained no violations are being preserved in the files of the San Antonio Field Office.

Inasmuch as no further investigation remains to be conducted in this case, the case is being closed.

Politics and Leadership

To The News and Courier:

Recently I have noticed letters from people who seem to delight in flattering and fawning upon Franklin D. Roosevelt and his spineless collection of yes men politicians.

Until our right and privilege to express our views is "rationed" or taken from us I would like to reply, partly, to these flatterers and fawners.

Quoting from a recent letter, "Criticism is sometimes very necessary, but criticism based upon ignorance, personal opinion, unsupported by facts, and prejudice is not only unjust, it is contemptible".

Let the man who wrote that refute these facts and I will take my hat off and say to him, "I apologize, you are a better man than I am, Gunga Din".

More than two years before Pearl Harbor, Charles A. Lindbergh warned Mr. Roosevelt and his collection of tax eating parasites of the air might of Germany.

Lindbergh begged our so-called leaders to arm before it was too late.

Author's Husband Airs New Charges

CHICAGO, April 21 — (AP)— Albert W. Dilling, embroiled in a bitter divorce controversy with his wife Elizabeth, author of "The Red Network," today asked the Superior Court to compel Mrs. Dilling to produce an accounting of any contributions she may have received since 1935 "from any American or foreign persons acting for any Axis government in spreading pro-Axis propaganda in the United States."

His petition also asked the opportunity to examine correspondence which Dilling alleged his wife received from 36 persons, including Charles A. Lindbergh, William D. Pelly, the Silver Shirts leader; George Sylvester Viereck, convicted Nazi agent; Sir Oswald Mosley, the Rev. Father Charles E. Coughlin; and Laura Ingalls, the sister recently sentenced for failure to register as a Nazi agent.

My dear M. Hoover,

We, 450 members and friends of the International Workers' Order, assembled on Saturday evening, October 18, 1941 at the Masonic Temple Bldg., Chicago., Illinois, condemn the treasonable utterances and actions of Mr. Lindbergh, Mr. Wheeler, Mr. Nye and the America First leadership, who seek to weaken, divide and destroy the American people.

We particularly condemn the anti-Semitic attacks of Lindbergh and Nye, who are closely following in this respect their Hitler model.

we urge that an immediate investigation be made of the America First Committee --its sponsors, its source of funds, its fascist connections --in order to expose them before the American people and to assure the unity and safety of our country.

BULLETIN NO. 224.

JULY 8, 1940.

THE REAL "5th Column". On July 4, Mrs. Dilling wrote a 13-page letter-size pamphlet **"HAS AMERICA TWO MAJOR PARTIES?"** As author of famous **THE RED NETWORK** and **THE ROOSEVELT RED RECORD & ITS BACKGROUND** (\$1. & \$1.15 postpaid), and as attendant at Republican Natl. Convention at Philadelphia, she gives factual history of political situation every Christian American should have. Sets up our viewpoint that the main job is to keep our own backyards clean and send determined informed Americans to Congress.

She comments: "The Marxist program of planned ruin has been steadily marching on for eight years. While politicians compromise and the people sleep, legislative measures to shackle us under iron dictatorship lie ready prepared at hand. France, like us, taxed and blew its billions, sank deeper into debt and unemployment. It, like us, played with coalition governments made up of Radical Socialists, plain Socialists, compromisers and what-nots. It let Red traitors, servants of Marxism and Moscow, into every key branch of government - just as we have done. It had its Popular Front, Communist-Socialist coalition, put over by President Roosevelt's warm friend, Red Leon Blum, the notorious advocate of sex filth. Like France, our Red Fifth Column is in our government France, at last aware of its danger, dissolved huge Red organizations and jailed hundred of its Red government officials - but too late. It had rotted so deeply that German troops went thru it, end to end, as tho it were chcese.... France went down under Marxist rot. Will we? Will we see the truth too late as they did?"

(send Mrs. Dilling, 53 West Jackson Blvd., Chicago, 104 on...

Illustrating how such "legislative measures" are being put thru, the Financial Record tells of H.R. 10127, a bill to amend the Federal Reserve Act (the Fed. banking system in USA), which (p. 13474) among other things dangerous to our well-being, provides that our Govt becomes responsible for protecting intl. bankers' property (money, gold, silver, banking paper, etc.) deposited with Fed. Res. Banks, vesting power in State Dept. (Jew-controlled Bill) to determine which foreign Govt is entitled to it, and making our Fed. Res. Banks insane to suits filed against them to recover such property, etc.

This passed the House; and then was rushed thru the Senate the same day. Showing how such important bills are passed without Congress knowing what they are voting on, following by Senator Adams on p. 13616 is illuminating: "Mr. President, a few moments ago a bill was passed protesting the Fed. Res. Bank in the matter of payments of foreign governmental central bank accounts. The understanding of the Senator from Michigan, the understanding I had, the statement made on the floor of the Senate, was that the bill as it was passed was the bill which had been approved by the Banking and Currency Committee this morning. It turns out that that is not the case; that the bill which we have passed is the original bill which was being considered yesterday and not the bill which was being reported. It seems to me, under that condition, that we should reconsider the vote by which House bill 10127 was passed, it having been passed under a misunderstanding; and I so move."

The Constitutional Educational League, Inc., 362 Madison Ave., New York City, has released 33-p. booklet "The FIFTH COLUMN in Washington!" which should prove valuable to law makers, law-enforcement officers, heads of industries, utilities, and veteran organizations. Widespread distribution of such factual information would defeat the NUREMBERG. Proves by its documentation that our previous statements are correct - that our National Defense program is sabotaged from top down (as in France, et al). It lists names, positions, salaries - up to \$10,000 a year - of hundreds of Communists still on Govt payroll in Depts of Labor, Justice, WPA, War, Navy, Agriculture, NIRA, SEC, Social Security, etc.

(single copy - 25¢ - quantity prices)

Sabotage thru channels of Govt, Law and Religion, thru confusion, defiance of officials, preventing law taking its course, etc. Methodist Bishop C. ...

5-23-40 was elected in Mass. Civil Liberties Com. but serves as sort of holding company of subversives of all stripes, and in itself an. thru numerous affiliates acts as one of chief "pressure" agencies in USA. While here, Bishop Oxnem claimed Mrs. Dilling lied about his affiliations. Obviously, he would not have been made Chmn unless he had previously served as a member. His predecessor, Poland, in his annual report said that thru correspondence with U.S. Atty-Gen. Robt. H. Jackson he had learned the FBI had not authorized investigators to attend liberal, radical and peace meetings to procure information.

Thus the Fed. Bureau of Investigation not permitted to get firsthand information re Reds, etc. Yet some FBI takes orders from Organized Jewry and arrests 17, mostly youths with Harold Nathan-dominated-Edgar Hoover spouting to press that they were guilty of seeking to overthrow the Govt, etc. With controlled press and radio front-paging and editorializing day after day, the public is propagandized to believe that the CHRISTIAN FRONT is the dangerous "5th Column". Yet a jury trial proved that the FBI had no case at all. But, in this case the FBI not only attended meetings, but with their hirelings cooked up meetings, taxpayers' money being used to try to get said boys drunk so that incriminating remarks could be dictaphoned by listening FBI agents. Yes, FBI agents spy on and arrest CHRISTIANS, but are not permitted to do likewise at "liberal, radical and peace meetings".

Bishop Oxnem, a false religionist, now heads Civil Liberties Com. that goes to it that meetings of socialists, communists and ditto-controlled pacifists (all intent upon destroying Christendom) are not even attended or reported upon by FBI. Recalling that Rev. Willard Johnson (Ia.-Nebr. Secy of Natl. Conf. of Christians & Jews financed by intl. OGPU, the B'nai B'rith, with Omaha atty Henry Monsky its Intl. Pres.) of Des Moines, who spends much time in Nebr. organizing ROUND TABLES of the NCCAJ, holds same position in Iowa as does Oxnem in Mass. Both head branches of Ann. Civil Liberties Union which recently went thru motions, with press publicity, of ridding itself of Communists. Yet the 7-1-40 action of its chief counsel, Jew atty Arthur Garfield Hays, further illustrates sabotage thru channels of Govt, Law and Religion. He joined with Samuel Rosenfeld and Darwin J. Meserole, long-time radical, representing Geo. Raymond, Communist Party, and began suit in U.S. Dist. Court at New York City to reinstate that Red in a WPA position as Somervell, NY WPA Administrator, to reinstate that Red in a WPA position discharged 6-25-40 under provisions of the new Emergency Relief Act, thus aiding of Communists and Nazis from WPA rolls. Thus Congress sabotaged by Organized Jewry.

Now, after an American jury defeats Organized Jewry by acquittal of so-called CHRISTIAN FRONTERS (not all 17 were members, but press and radio so designated them), a mysterious bombing (with prior phoned threats) at British Pavilion at New York City's World's Fair, kills 2 detectives, injuring 5 others, and the same Jewish NY TIMES that falsely crucified ahead of trial the aforementioned 17 (one committing suicide ? because of the OGPU methods of FBI), now front-pages 7-5-40 that "17 SUSPECTS SEIZED". Chief Inspector Louis F. Costuma (Jew) orders rounding up of any known "Bandits, Fascists or members of the CHRISTIAN FRONT attending open-air meetings at Columbus Circle. A short while later 17 men were taken from the Circle meetings and other places directly to police HQ's, for questioning." How strange that no apparent search made for socialists, communists and anarchists - many known to be attending schools in NYC learning art of bombing, creating riots, revolution, etc. With so many of NYC police force members or past members of the CHRISTIAN FRONT, is it logical that any would be guilty of such bombing? Looks like typical Organized Jewry terroristic tactics. But controlled press will hide it.

Jew Moses L. Annenberg, publisher of Philadelphia INQUIRER and New York Morning TELEGRAPH, whose papers a year ago crucified Christian patriot Gani. Mosley for presenting facts to Dies Com. proving power and subversive intent of Organized Jewry, was sentenced to but 3 years in prison (to be selected by Atty-Gen. Robt. H. Jackson - no doubt with due regard for Moe's comfort) for evading \$1,216,297 in income taxes. But he is to be unmolested in his more or less illegal businesses (race track rackets, etc.) so that he may pay the Govt \$8,000,000 plus interest and penalties totalling about \$1,500,000 in annual instalments. Weymouth Kirkland, chief of Annenberg's battery of 50 lawyers, pleaded with Federal Judge Jas. H. Wilkerson (to be commended for his bravery) to grant probation, which if denied, requires poor Moe to serve only 1 year before being eligible for parole. A fair question - how many convicts in our prisons are serving longer terms for lesser

All the press-agency split in the Ann. Youth Cong. is herein a Murray Flavner New York group is sponsored by Jack McMichael-Jos. E. Cadden. Majority in control at College Camp, Wis., on July 4, overlooks fact that USA never had such an adult-engineered youth movement until Mr. and Mrs. Roosevelt sponsored and apologized for such Marxist splitting population-into-groups ala the NUDEAL. How many stop to realize that such movements are part of the preparation for the dictatorships (and wars) now being enjoyed in Europe? Ex-boxer Tunney would set a good example for both adults and youth by refusing to front for any part of such youth movement. Obviously such congresses don't pass resolutions warning Americans against the real "5th Column" - those elements subtly destroying all Christendom. Did you take a good look at the faces in pictures in July 5-6 press?

Numerous cases been brot to our attention that "refugees" get preference over American citizens trying to get home from Europe. Latest is case of 100 embittered Americans and Canadians, fighting volunteers for Finland, who upon returning aboard Finnish freighter Mathilda Thorden, found "18 Polish Jews with money" occupying all the berths, while they had to sleep on makoshift bunks in the hold, and had to cook upon deck food that was poor. Added dissatisfaction was due to a Harlem Negro, "Col." H. Fauntleroy Julian, attired in blue and gold uniform of Finland, who had not fought in Finland against the Reds, but been given a Captaincy by Gen. Mannerheim after war was over, also enjoyed a berth because he had money. Quite a ruckus aboard when ship docked here.

Re "refugee" preference, poor Wm. Green, head of AFofL, made a sorry picture at dinner in his honor at Hotel Commodore, New York City, where he said: "The democracies of Europe might have saved themselves if they had been courageous enough to save the Jews of Germany." He pledged support of the AFofL for the Palestine Jewish homeland as nearly \$40,000 of the \$100,000 fund for establishment of Leon Blum colony in Palestine was raised from the 1,500 persons present. Wonder how many members of AFofL that pay in to keep Wm. Green in luxury would approve of his pledging, and of his honoring Leon Blum, one of chief traitors of France - the same Jew who wrote a book advocating incest! Other speakers were Gov. H. H. Lehman, Mayor F. H. LaGuardia, Matthew Woll, Dr. Stephen S. Wise, Dr. Israel Goldstein, Chaim Greenberg, Louis Segal, David Dubinsky and Max Zaritsky. How poor Bill Green must have felt to be so honored by the founders of his rival CIO!

Reminding such preference shown in all "key" positions. Not only is Pres. of Bd. of Education of New York City, Jas. Marshall, a Jew (atty and officer of powerful Organized Jewry agencies, Ann. Jewish Com., etc., and officer in Republican Party until 1933), but now the Associated Supt. of NYC school system at \$12,500 per year, is Dr. Elina Lieberman a Russian-born Jew, former literary editor of leading weekly THE AMERICAN HEBREW, and contributing editor since 1931 to the radical school weekly SCHOLASTIC, and contributor to Century, Scribners, Harpers, SATVEPOST, Ladies Home Journal, Outlook, NY TIMES, etc. Is it necessary to point out how thus the Jewish viewpoint is impressed upon non-Jews?

Further evidence of "preference" seen in new book FINANCIAL SECURITY IN A CHANGING WORLD by Jewish financial writer, M. S. Duker, who warns those desiring to hedge against "predicted inflation": "Lay in a stock of durable household supplies, including canned goods, now plentiful." Realize, too, that Jews control food and retail trades. This quotation from July THE BEACON LIGHT (25¢), which makes some startling forecasts - too many to be related here. Editor Wm. Bullgren, Atascadero, Calif. has made many prophecies which came true. Reminds of our previous admonition that canned goods to go higher. Reminding, also, that already our predicted troubles and inequalities due to the Jew-desired FOOD STAMP PLAN now being experienced by the unfortunates on relief here, who will have to wait until Washington passes upon their troubles, again illustrating how as foretold the control over the spending of our own relief funds been taken away.

Another phase of such "preference" seen in Paul Mallon's 7-1-40 comment that FDR may choose Mayor LaGuardia ($\frac{1}{2}$ -Jew) to be rammed down Democratic nominating convention as was willkie down throats of republicans - both backed by same gang of radicals and Intl. Finance-Organized Jewry. Reminding that a year ago our bulletin predicted that LaGuardia was to be our Dictator, the way things were working toward a climax then. This "preference" exhibited again in FDR's appointment of lifetime-Red Jew Sidney Hillman, who, according to Jewish authorities quoted by Homer H. Moore in his new publication DISPATCH (Old Post Office Box 436, Chicago, Ill. - 10¢), studied in Russia to be a

Christian, Maerz's column in DISPATCH No.3 are pertinent. "From current reports it our nation's capitol we learn that the President plans further grants of power to Hillmen under his 'give me a few more billion' defense drive. Judging from the situation in France referred to in DISPATCH No.2, in which we revealed that a Jew, Georges Mandel (Rothschild), member of the French War Cabinet, had virtual life and death power over the civil population, we may expect Hillman (almost-a-Rabbi Red) to control the American scene with like ruthlessness..."

"In numerous articles we have told you that the present war was declared to salvage what is left of the European branch of world Jewry. In other words, this is a Jew war; American Jewry makes no secret of this nor of the fact that they want the United States to help fight it. A typical Yiddisher viewpoint on the war can be summed up in the words of Rabbi Louis Israel Newman, writing in the (Jewish) SENTINEL of May 23, '40. Says Rabbi Newman (p.12): '...today, Jews stand in grave peril of losing whatever they gained at the Peace Conference twenty years or more ago and, moreover, if Hitler wins, the prospects are so black one can scarcely speak of them. If we go down (i.e. the Jew Ed.), the democracies go down, but if the democracies are victorious, it is still not certain whether we will be safe... unless the Allies grow stronger, one of the darkest chapters in Jewish and world history may be inscribed and then, of course, there is always the possibility, as a pious Jew declared, that the Allies will cry out "Yacmond America!"...' (underscoring OUR OWN - Ed.)."

"... Speaking of the consternation aroused in Jewish circles by Lindbergh's talk (re influential minority trying to put USA into war), Dr. G. George Fox has this to say in the SENTINEL (Jewish) for June 6, '40: '... we are told by a friend that Lindbergh's associates in his pre-hero days know him to be anything but fond of the Jews. They would not say that he disliked us, but they were certain that he did not love us.' We had always hoped that Col. Lindbergh was aware of the nefarious designs of International Jewry but we had never been certain on this point until reassured by Jewish periodicals..." (Maerz's DISPATCHES lead us to believe his new booklet ZIONISM EXPOSED worth 10¢)

Paul A. Peters, "Between You and Me" columnist for Jewish press, 7-5-40, comments: (further showing Organized Jewry's attitude towards Americans) "Is it a coincidence that the only three Americans who, to our knowledge, hold Nazi medals have taken some action which in one way or another gives comfort to Hitler's Germany? .. Or is there another word for it? .. Henry Ford, who is the recipient of one of Adolf's awards, has refused to build airplane engines for Britain .. Chas. A. Lindbergh, who has also been tagged by the Beast of Berlin, has pooh-poohed the Nazi menace to this country .. And Jas. D. Rooney, an official of General Motors who also has been decorated by the ex-house-painter, recently publicly stated that he still admired Hitler and Mussolini .."

"Philip Morris cigarettes have suddenly become, sensationally popular with refugees in New York and Brooklyn .. Reason: the company is reported to be paying the fare for a refugee from Europe for every 65,000 empty cigarette packages turned in to it .." (Christians - note how your P.M. cigarette money helps put more Americans out of work).

Pat Frank, Jewish Telegraphic Agency Washington Press Bureau in Jewish press July 5 also devotes most of his column to blasting Henry Ford for refusing to build Rolls-Royce Merlin engines for British planes, and Omaha's WORLD-HERALD editorially proves its control by singing some song. Yet, if "emergency" great as warmongers would have us believe, our industries should be building for American defense - which they are not.

JTA dispatch from London says that more than half of Europe's Jewry, roughly some 3,300,000, with cession of Bessarabia and northern Bukovina by Rumania to Russia, are now under Soviet rule - but nothing is said about Jews suffering under the Red flag, which helps confirm fact that Jews still rule Russia thru "stooge" Stalin. Who really rule all of Europe sensed in Biron's "Strictly Confidential" in 7-5-40 Jewish press: "It isn't because the French are preparing for the day when they will want a scapegoat for their present troubles that they picked (French people had nothing to say about it) General Huntzinger, an Alsatian Jew, to sign the armistice with Hitler, is it? ..." Recalling that it was Jew Gen. Winkelman who surrendered Holland's armies only after they had become almost total casualties; and that Georges Mandel (Rothschild) who had virtual life and death power over civil population of France, resigned with the Reynaud Cabinet. Isn't it a good bet that part-Jew Churchill will prepare way for a false peace to be made with Germany? With armament continuing, debts likewise, Armageddon delayed.

NAZIS PRIME LINDBERGH FOR U. S. FUEHRER

(Special to the Record)

NEW YORK, Dec. 23—The Nazis have put out a place for Charles A. Lindbergh as "Fuehrer of the United States." As the "Lone Eagle" became a "German Eagle," with the official decoration of the Nazi government, Hitler's plans for the aviator were recalled here today.

In a press interview at Long Island in September, 1937, Hansman Schwartzman, Bund official, declared:

"Lindbergh left for Europe not simply for a trip. He was sent there on a special mission—to study the situation in Europe and to acquaint himself with the methods of government in the fascist states."

"Lindbergh will return to the United States at a definitely appointed time and will undertake the leadership of our party."

TO THE EDITOR:

Just want to let you know that I enjoyed the talk made by a gentleman from McAllen Saturday night about 7:30 o'clock. This man looks at the situation exactly the way I see it. Am sorry I did not get his name. He is one of the few that analyzes the whole thing in the light of reason and logic. There are two sides to every argument, but the great majority are influenced wholly by propaganda.

I like your editorials as a whole pretty well, just as I did Carl Magee's, but listen, the Fuehrer of the great German nation is not a braggart of the beer halls, he does not drink nor smoke and thereby sets a fine example to the youth of his country.

You believe in God? Well perhaps we let Him do the judging, not use. Maybe Mr. Hitler was created by Him, too, hey? Yes, perhaps Almighty God has something to do with this whole business.

Listen, there was a time when Germany waited and waited for the promised disarmament of those that made her disarm, she was waiting for them to throw their murder instruments away, too. But alas, they proved to be nothing but hypocrits and liars. Yes, instead they created larger and larger armaments, used the money they owed America to build an iron ring around Germany, arming the little entente, Poland, and then tried to make a military alliance with terrible Russia. Oh yes, sure Russia, too, was a Democracy by then.

But wait, when Germany beat them to it, oh horror of horrors. Stalin and Hitler, a couple of gangsters as proclaimed by the son of our president, Elliot Roosevelt. Oh consistency how rare art thou. But enough is enough. Yes, oh yes, let's keep America out of the game of hypocrisy and murder business. Once was enough. Let's have more men like Charles Lindberg and the McAllen man. Let's be really neutral.

I thought a letter of introduction from [redacted] yesterday as far as that it seems to have done very little good. I dictated the following yesterday to a typist in the [redacted]

A book called "The Voice of Destruction" by Hermann Keeser quoted about the United States, "Hitler had his firm pre-conceived opinion which no argument could shake. This opinion was that North America would never take part in the European War again and that, with her millions of unemployed the United States was on a brink of a revolution from the outbreak of which only Hitler could save her."

Later, however, I had frequent occasions to hear the same view expressed.

"Nothing will be easier than to produce a bloody revolution in North America." Goebels interposed "No other country has so many social racial tensions. We shall be able to play on many strings there. The America of today will never again be a danger to us." * * * * * "It is a mistake to assume that it was a danger to us in the last war." Hitler remarked crossly. "Compare with the British and French, the Americans behaved like clumsy boys. - - - (I guarantee, gentlemen, that at the right moment a new America will exist as our strongest supporter when we are ready to take the stride into overseas space.) - - - "We have the means of awakening this nation in good time," he added after a pause. "There will be no new Wilson arising to stir up America against us."

This is a quotation from a book ^{THE} and ^{pages 69-71} a German who understood America:

Naturally Colonel Lindberg should realize this country has some "hysterical chatter of invasion", but this chatter is more the fear of German propoganda, undermining this great Nation thru Agents and organizations - many of which must exist, holding positions of security and prominence in this country. By their subtle influence and lies - they persuade the unsuspecting man to admire these aggressive murderers. Germans not permitted to think for themselves, submissively allow their ruthless leaders - thru promises of gain and fla to lead them to plunder - to kill and devastate homes of inn families of patriotic peace-loving countries.

Colonel Lindberg says "American Meddling". It seem to America has not meddled enough against Aggressors. But America has proven to herself that she could not come forward a great united powerful nation. As inexperienced children who stand and gaze - watching their parent countries dis-

indecisive children, who turn away from plunder and murder. -- At least thru watching this dreadful catastrophe America is only now vaguely realizing her own weakness, her own unpreparedness. I saw the Englishmen leaving for the front unequipped mentally and physically, - a nation that wanted to live peacefully in little houses with gardens, and forget war ever existed. What happened to the English Intelligence Department and Scotland Yard is beyond comprehension. Stanley Baldwin is greatly responsible for Great Britain's unpreparedness.

In the summer of 1938 I visited Greece and Yugo Slavia. There motoring thru small remote villages - the children giving Nazi salutes. I found out in these centers there was a German physical culture instructor, giving an hour of exercises and an hour of lectures.

A German maid I had in London last summer told me it was compulsory in Germany for men, women and children to attend daily one hour of exercises and a hour of propoganda lectures for mind training. - - - The mental training of our America citizens is most important as a part of preparedness against uprisings and revolutions that may take place, if Germany wins this War. Preparedness against mental confusion - indecisiveness and panic, preparedness for the unthinking American who is influenced and contaminated by being thrown in contact with foreign agents or the harmless commercial traveller. Complete organization and training for the United States to think straight and clearly should take place. Perhaps two or three times a week a not too long national letter could be sent and read at all clubs, meetings, organizations, etc. If this is impractical then the radio should be brought to use. The people to listen 8 or 10 minutes each evening for a nation-wide broadcast by the Government, told to watch for un-American propoganda, and only when one is certain it should be reported -- If Germany wins the war - this country should not be totally free until she is strong enough to find complete unison. To know and understand that as citizens of this U.S.A. there will be no allowance for internal troubles.

I feel definitely I can be of some use.
Yours truly,
If not in this country - then in Europe, where I have lived many years (London mostly) I could carry messages - make contacts - or elud private information etc. I still retain my British passport - having divorced my English husband 3 years ago.

Naturally Colonel Lindbergh should realize this country has some "hysterical chatter of invasion", but this chatter is more the fear of German propaganda, undermining this great Nation thru Agents and agitators - many of which must already exist, holding positions of security and prominence in this country. By their subtle influence and lies - they persuade the unsuspecting man to admire these aggressive murderers. Germans not permitted to think for themselves, submissively allow their ruthless leaders - thru promises of gain and flattery, to lead them to plunder - to kill and devastate homes of innocent families of patriotic peace-loving countries.

Colonel Lindberg says "American Meddling." It seems to me America has not meddled enough against Aggressors. But America has proven to herself that she could not come forward as a great united powerful nation. As inexperienced children who stand and gaze - watching their parent countries die - indecisive children, who turn away from plunder and murder. -- At least thru watching this dreadful catastrophe America is only now vaguely realizing her own weakness, her own unpreparedness. I saw the Englishmen leaving for the front unequipped mentally and physically, - a nation that wanted to live peacefully in little houses with gardens, and forget war ever existed. What happened to the English Intelligence Department and Scotland Yard is beyond comprehension. Stanley Baldwin is greatly responsible for Great Britain's unpreparedness.

In the summer of 1938 I visited Greece and Yugo Slavia. There motoring thru small remote villages - the children giving Nazi salutes. I found out in these centers there was a German physical culture instructor, giving an hour of exercises and an hour of lecture.

A German maid I had in London last summer told me it was compulsory in Germany for men, women and children to attend daily one hour of exercises and a hour of propaganda lectures for mind training. - - - - The mental training of our America citizens is most important as a part of preparedness against uprisings and revolutions that may take place, if Germany wins this War. Preparedness against mental confusion - indecisiveness and panic, preparedness for the unthinking American who is influenced and contaminated by being thrown in contact with foreign agents or the harmless commercial traveller. Complete organization and training for the United States to think straight and clearly should take place. Perhaps two or three times a week a not too long national letter could be sent and read at all clubs, meetings, organizations, etc. If this is impractical then the radio should be brought to use. The people to listen 8 or 10 minutes each evening for a nationwide broadcast by the Government, told to watch for un-American propoganda, and only when one is certain it should be reported. --- If Germany wins the war - this country should not be totally free until she is strong enough to find complete unison. To know and understand that as citizens of this U.S.A. there will be no allowance for internal troubles.

LINDBERGH AIDS 'FIFTH COLUMN,' BYRNES ASSERTS

Charges Flyer Urges Patriotic Policy on U. S.—Speech Taken as Administration's Reply.

WASHINGTON, May 23 (AP).—Senator Byrnes (Dem.), South Carolina, charged Col. Charles A. Lindbergh last night with advocating an isolationist attitude for the American people in the present international situation. The senator's radio speech was regarded as the administration's reply to one by the aviator which called for an end to "emotional chatter of calamity and disaster." The flyer said the course the Government had been following leads to neither strength nor friendship nor peace.

Recalling that Lindbergh had accepted a decoration from the Nazi Government, Byrnes asked: "When Mr. Lindbergh says 'No one wishes to attack us,' is he authorized to speak for Hitler?"

"Can the American people, in the light of recent history, accept the assurance of the young gentleman that if we do not ask for war, it will not come to us? Did China ask for war? Did Czechoslovakia, Poland, Denmark, Norway, Holland and Belgium ask for war? No, not one of them did. Yet today these nations have been wiped out and their men, women and children slaughtered."

Byrnes said Lindbergh is no more qualified to offer advice on America's foreign policy than "wrong way Corrigan or any other aviator who may fly the Atlantic Ocean."

"Emotional Protest." Turning to the aviator's statements that there had been "emotional chatter of calamity and invasion" and that a "definite policy" of defense was needed, Byrnes said: "Even Mr. Lindbergh at the end of his hysterical protest against other people becoming hysterical about our national defense program, admitted that we need a greater air force, a greater army and a greater navy, and nowhere indicated in what respect the President's program is defective."

President Roosevelt, he continued, not only had a "definite policy" but had "it laid out and again."

"Why, then," Mr. Lindbergh try to create the impression that the American people are being rushed hastily and impulsively into a national defense program?" Byrnes asked.

"He declared that England and France had been lulled into a false sense of security by men expressing the same international philosophy which Col. Lindbergh voiced in his radio speech Sunday night."

"Fifth columns are already active in America," Byrnes continued. "And those who consciously or unconsciously retard the efforts of this Government to provide for the defense of the American people follow Hitler."

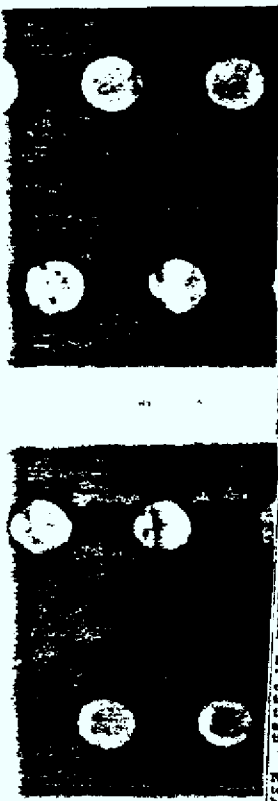

Dwight Lindbergh's Statement. Byrnes, chairman of the Senate Naval Appropriations Subcommittee, took sharp issue with Col. Lindbergh's statement that foreign air forces had no bombing planes capable of crossing the ocean and returning.

"When Mr. Lindbergh states that 'regardless of which side wins this war, there is no reason, aside from our own actions, to prevent a continuation of peaceful relations between America and the countries of Europe,'" Byrnes said, "I shudder to think of the kind of American Mr. Lindbergh is willing to accept."

Mr. Lindbergh seems not concerned with the flagrant violations of the rights of peaceful Hispanic peoples, the cruel and bitter persecutions of God-fearing Jews, women and children, because of their religion, race or political opinions; the burning of books, the bombing of helpless women and children fleeing in terror from their homes; the parachute spies and the torch troops. To Mr. Lindbergh all these seem to be only little, trifling, insignificant incidents in an age-old struggle for power.

"But to me these vile, barbaric deeds represent an attack against everything that we hold dear, an attack against international good faith, against religion, against learning, against political freedom, against civilization itself."

"Mr. Lindbergh may tell me, is

Attorney-General Jackson Says Roosevelt Got Ready to Deal With Activities Many Months Ago

WASHINGTON, May 23 (AP).—Attorney-General Jackson said today that President Roosevelt had prepared many months ago to meet "fifth column" activities and that the Federal Bureau of Investigation "has sagably, zealously and effectively carried out its task."

Jackson said that the F. B. I. would be enlarged if necessary to cope with subversive activities.

While the Justice Department has been active, he added, it "is obvious" that it cannot disclose its information or the nature of measures taken. He said that such activities could not be dealt with on a local or voluntary organization basis, but that citizens could be helped by reporting to the F. B. I. "acts, threats or evidence of sabotage, espionage or other disloyal activities."

He asked all citizens to be helpful by refusing to join any organization until they knew the sources of its promotional funds, who their associates and the backers of the organization were, and what became of their dues or contributions.

WAR HYSTERIA CONDEMNED AT STUDENT RALLY

800 Attend Peace Demonstration on Campus at Missouri U.—American Emotionalism Feared

COLUMBIA, Mo., May 23.—The demand "war hysteria" in the United States based on recent developments in Europe, Dr. John A. Decker, professor of social studies at Stephens College, in a speech at a student peace rally on the lawn of the Missouri State College of the University of Missouri this afternoon, denounced that vigilance be maintained over the proposed armaments program in order to continue it solely to national defense.

Dr. Decker told the 800 students and townspeople at the meeting that the emotional bias and the economic bias of Americans toward Great Britain and France had been clearly revealed in the showing of the Allied forces and the sharp slump in the stock market.

Asserting that he believed Colonel Charles A. Lindbergh's statement that there was no danger of an invasion of the United States, Dr. Decker said justification generally given for entry of this country into the current war were national defense, assistance to the Allies and protection of the present economic system. Of these, he said only the first is valid. He stated that the economic dislocation caused by war would be far less preferable to normal peaceful economic readjustment.

The Rev. James M. Lichliter, rector of Calvary Episcopal Church, who presided at the rally, said that American assistance to the Allies through the Red Cross, in aid to refugees of the war, would be far more valuable to the British and French than airplanes, ships and soldiers.

Two students at the University of Missouri, Gayton Germans, Columbus, and Bob Duncan, McKeanport, Pa., also spoke. Germans pointed out that Americans had long been aware that their military forces were weak, and asserted that the trend of the war in Europe should not cause near-panic now.

Duncan said the steps of the United States into the last war were being duplicated with the aid of the propaganda of the Allies radio. Characterizing the Allies as "colony-grabbers," he said the people of the United States "do not care to cut up Europe into many tummy pieces again."

The rally, the second of its kind held here in the last month, was sponsored by the United States Committee.

YARDLEY HEAD ON BOARD

Says Business in England Is
 Good—Von Opel, Seized
 Previously, Arrives

The Rex of the Italian Line docked at Pier 92, North River, last evening with 1,160 passengers from Genoa, Naples and Gibraltar.

Ship's officers told of a thirteen-hour delay at Gibraltar, during which British officials seized a quantity of mail, returned other mail that had previously been taken off other Italian ships and questioned fifty German refugees among the passengers.

Mail seized consisted of 193 sacks of registered mail, 420 sacks of regular mail and 511 sacks of parcel post. The British officers also seized 181 postcards and 70 letters which they found in various mail boxes on the ship. Mail returned was composed of 43 sacks of registered, 53 sacks of ordinary mail and 399 sacks of parcel post.

Thornton Gardner, president of the Yardley Company of London, arrived on the liner accompanied by Mrs. Gardner to spend four weeks in this country.

Mr. Gardner said that business was better in London and England generally than it had been for some time. But he declined to comment on the war or the political conditions.

SAYS NAZIS WILL WIN
 Fritz von Opel arriving on the Rex yesterday.

"I have been out of touch with current events on board ship nearly two weeks," he added.

Another passenger was Fritz Opel, former German automobile manufacturer. He was taken the Italian liner Coats di Savoia Gibraltar, on which he had been traveling to America, on April by a company of British marines.

The German industrialist, who sold his automobile factory in Germany in 1929 to General Moto said he was traveling on a passport issued by the Principality of Liechtenstein, which is under the jurisdiction of the Government of Switzerland. He explained that he had been living in Switzerland since he sold his factory, and had been elected a Liechtenstein citizen by the Parliament of that country last year.

Mr. von Opel said he was held for eight days in a detention barracks at Gibraltar. Because of a sh injury, he was transferred to the military hospital where he spent the next eight days before boarding the Rex. He asserted that the British were questioning all persons of German birth.

"Germany's chances of winning the present war are about 4 to 1 in her favor," he said. "They are unbelievably strong. I base this estimate on evidence of their overwhelming air power, their tremendous armament industry and the strategic superiority which they have displayed so far."

Miss Kyllikki Poffala, member of the Finnish Parliament and second in command of the Finnish Relief Commission, arrived to report on Finnish conditions to Herbert Hoover. She said conditions in post-war Finland were very bad.

Also aboard the Rex was Marcel Olivier, Commissioner General of the French Pavilion of the New York World's Fair. Mr. Olivier declared that his mission was one of peace and had as its object the improvement of Franco-American relations.

Other passengers included Vincenzo Mezzacapo, Italian Commissioner General to the Fair; Count L. Del Balzo di Caprigliano and Adolfo Alessandrini, commanders. Commandatore Alessandrini will discuss contraband control problems with the British officials in Washington. Another passenger was Sveinn Bjornsson, Icelandic Minister to Denmark.

Italian Ship Is First Since the War Began to Escape Tie-Up at Gibraltar

One thousand and sixty-five passengers arrived here from Europe yesterday on the Italian liner Conte di Savoia, the first Italian liner to pass through Gibraltar waters since the war began without detainment and search by British authorities at the gateway to the Mediterranean.

The passengers included 551 citizens of the United States and about 600 refugees from Central Europe.

Among those aboard were Mr. and Mrs. Lawrence Copley Thaw of New York, who have been hunting for nearly a year in Persia, Afghanistan and India, traveling in their richly outfitted "land yacht," and Dr. Giuseppe Bastianelli, former physician to the Italian Royal House.

The Thaws returned with 250,000 feet of color film as a record of their trip, the highlight of which was an attack on Mrs. Thaw by an enraged tiger at Assam, India. She was not wounded, but emerged shaken and scratched by brambles after a wild ride in which the elephant on which she was mounted outran the tiger.

"I was out after a tiger," Mrs. Thaw said. "In the jungle the elephant apparently nearly stepped on the tiger, which immediately charged. My life was in danger."

ably would have been swept off the branches, as the jungle was very thick. The tiger finally gave up the chase. It seems incredible but an elephant can travel faster than a tiger."

At the time Mr. Thaw was about two miles away, also hunting tiger. When he heard of the incident he refused to let Mrs. Thaw hunt again, but later changed his mind and she shot two tigers.

Dr. Bastianelli, who treated Mussolini when he was shot in the nose in an assassination attempt in 1926, said he had come here on "private business." He was accompanied by his wife, a native of Philadelphia.

He is a Senator and the head of the Malaria Institute in Rome, where he was visited by Il Duce only a month ago. Although he has not been consulted professionally by the Premier, he said in reply to a question that Mussolini was "doing very well and is in 100 per cent condition."

Ford Gets Set to Build U.S. 1,000 Planes a Day

DETROIT, May 28 (AP).—Henry Ford said today that much as he hated war, "if it became necessary the Ford Motor Company could—with the counsel of men like Lindbergh and Rickenbacker, under our own supervision and without meddling by Government agencies—swing into the production of a thousand planes of standard design a day."

It would take about six months under those conditions, he said in an interview, to reach that level of production.

"Of course," he emphasized, "they would have to be of standard design; equally important would be freedom of action on our own part."

Ford said he was convinced the present conflict in Europe would not last very long "because the United States won't get into it."

It was suggested to Ford that "a thousand planes a day is an enormous volume of production."

"So was 10,000 motorcars a day, but we did it."

Britain Holds Aliens

London, May 27 (U.P.)—Trains packed with enemy aliens rolled toward concentration camps tonight as authorities cleared the London area of all German and Austrian men and women, many of whom hitherto had been allowed restricted liberty.

Striking swiftly to fortify against a "Trojan horse" invasion, 1,000 detectives rounded up 1,500 alien women, including domestic servants, in London, and sped them

to internment camps on the Isle of Man, in the Irish Sea, 30 miles west of England. It was estimated that approximately 11,000 aliens of both sexes between the ages of 16 and 60 had been interned there.

Some 3,000 of the interned aliens have applied for permission to go to the United States, an Associated Press dispatch said.

French in Desperate Need of Planes

WASHINGTON.—The French have secretly been almost on their knees before U. S. officials to beg, borrow, or buy more airplanes.

The French aviation situation is desperate. How many planes have been smashed is a guess—perhaps to the French, themselves. But most of their air force on the Western Front has been devitalized. Probably at least an equal number of Nazi planes have crashed, but Germany started with about 18,000 planes, the French with about 2,000.

The French were counting on British air support. Original tactics were for the French to do the bulk of the land fighting with the British reinforcing in the air. This before anyone realized Hitler was going to break through the French lines and head for the Channel.

Now Britain needs her every plane for home defense.

So desperate was France that

the war started. They were far-sighted than began ordering planes American market long war broke. It was a French pilot, killed in San Diego, that caused such a furor in the Senate over U. S. planes being sold to a foreign country. (Now there is no furor.)

The British have been woefully inefficient in their purchases. When the last British purchasing mission arrived just a few weeks ago, instructions were to order 10,000 planes.

But suddenly cabled instructions from London cut the purchase to 4,500. Why Sir John Simon changed his mind is not known, for it came just as the Allies were in a bad spot in Norway. Also, it came just before the realization of the

Smart Birds

On a recent inspection of the site for the new Navy air school at Corpus Christi, Texas, members of the House Naval Affairs Committee visited Rep. William Kleberg's famous King Ranch. Driving his colleagues about the vast estate, Kleberg gave them a demonstration of his marksmanship.

As a pigeon flew over his car, he jammed on the brakes, grabbed a rifle and got the bird. Kleberg's guests were wide-eyed.

"That's nothing," he smiled. "We'll run across a wild turkey, and I'll show you some real shooting."

Sure enough, down the road a wild turkey suddenly whirred across the road. Again Kleberg grabbed his rifle and fired. But this time he missed.

"Bill," asked Rep. William Jacobsen of Iowa, "how come you can shoot a pigeon on the wing but miss a big turkey?"

"Well," explained Kleberg gravely, "I always hit them in the head and these wild turkeys are smart. When this one saw me aim—he ducked!"

That was just the wonderful speech... over the radio;
how the enemy bombers could fly from Lisbon to Brazil, and
to Florida and Washington (and Hyde-out-Tark.) You should make
day. Don't let them cool down. Take a leaf from Hitler. He makes it
and is winning.

RECORD

And forbid such traitors and nitwits as Brigadier General Hugh
Johnson and Colonel Lindbergh to write or speak for the public. You ought to
be able to put them in jail on the pre-application of "M" dog. What are you
President for if you have no power! ? There are others should be put away;
Coughlin man, some senators, and business man. Go to it ; do not be bashfull.
Nation is getting behind you. Your 3 d and 4 th terms are assured. You are
not powerdrunk like Hitler, oh no. You just are making personell sacrifices
the good of the U. S. A. (That is what I am telling them, but
me and say " crapp.)

So you can easier put int solitary confinement
Arnolds that want to ruin our country, I send you the evidence

**Lindbergh to Discuss
Air Defense of U. S.**
WASHINGTON, May 17 (U. P.)—
Col. Charles A. Lindbergh will ad-
dress a Nation-wide radio audience
on the subject of "The air defense of
America" from 10.30 to 10.45 P. M.
(E. S. T.) Sunday, the Columbia
Broadcasting System announced to-

"These accidents are the direct re-
sult of incompetency, criminal negli-
gence and almost treasonable adminis-
tration of the national defense,"
he said.

DEFINITION OF BUNK
"The best way for America to be
respected abroad is to be strong at
home," he asserted in a press con-
ference, "and the best way to be
strong domestically is to cut out this
bunk and give business an oppor-
tunity to perform its vital function."
Asked to define "bunk," he replied:
"Punitive tax laws, excessive Gov-
ernment regulation and control, ex-
travagant public expenditures and
constant sabotage and attacks on
capital, industry and business."

This situation could be remedied, but
with the present system. The President gave
no indication of any change in his present at-
tempt to combine in himself the powers and
duties of secretary of state, war and navy.
Indeed, the request for personalized appro-
priations indicates he intends to carry it still
further. He is asked neither by training nor
experience to do this present job and he has had
too much to do already.

Seems like one fellow is calling you a silly Ass. He says you are not
fitted for your job. Sue him. I'll take the case, and we will go halves on

you a slyem by innuendo.

"Criminal negligence and treasonable administration" and you are
Secretary of state, war and navy.
The above could be construed into "Treasonable utterance". I am all-
-dither when I realize how many votes we could gather on the money we should
collect upon suing. Come, let's be go-getters.

Hon. Franklin D. Roosevelt, President
White House
Washington, D. C.

Dear President:

A few years ago a distinguished American statesman cautioned his people that "the thing we have most to fear is fear itself". . . Now this distinguished statesman is swept off his feet by fear to the tune of nearly 2 billion dollars and he would like us to be fearful along with him.

Mr. President, Col. Lindbergh expressed a great truth when he recently said "We are in danger of war today not because European people have attempted to interfere with internal affairs of America, but because American people have attempted to interfere with the internal affairs of Europe".

Mr President, we know where your sympathies lie and not all of us share the same feeling for England and France that you do. We may not like the Leadership of Germany but neither do we have a great love for the stuffed shirts, the Clivenden set of England and the similar group of France, those selfish groups of people interested only in their own game to control conditions in their favor. It is a well known fact that in no other civilized nation, except perhaps our own, will you find slums and poverty such as England has. The common people of England and France, (and, yes too, America), have just been thought of as common people. While the few controlled and enjoyed the greatest luxuries of life, the rest were expected to be content with their lot, and many, in these Democracies, as in ours, were existings in conditions that were and still are shameful.

Acts of Justice

It is our hope should Hitler be successful and do unto the Chamberlains and Churchills what they would have liked to do to him, -- remove them from power, that he will deal kindly with them. Perhaps a just punishment would be to have them live in the slums they felt was good enough for their people, -- on the same starvation rations, (as many of our people have been forced to exist on).

We do sincerely feel sorry for the English and French people, but they are paying for their own stupidity and their blind following of the high hatted "self-righteous" gentlemen who lead them.

In a recent address you spoke of the danger to our "Christian Civilization". By what stretch of your imagination do you call ours a Christian Civilization? Do you call a Christian civilization one where people have to live in uncertainty of economic security just because a few entrenched Barons want it so? Is a nation, content to let a great number of its people exist in poverty, a Christian nation?

In "My Day" of May 20th, Mrs. Roosevelt tells of people asking why we could appropriate so much money so quick when we were "reluctant to give to the poor".

ACR OF FATH

With Quisling, Leopold and others of high estate who served in the Column I list for attention -
4. Lindbergh, Wm. R. Hearst, Sr. and his clique, and Sens Clark of Missouri, et al, Connally of N.C., and Martin (M.C.), of D'Alessandro of Maryland may bear watching.

5. The average college student and many of the faculties.
6. Most negroes, especially those who are subject to Communist influences.

7. The irreconcilable Irish and the idiots who are still fighting 1776. These people will do any-thing to hurt England if it means helping Germany to the harm of the U.S.

It so happens I am in a position to learn much of the activities of the Germans in the Baltimore area. If my name were my sources would be stopped, and, without doubt, my family would suffer, especially my son who attends a high school where there are many students of pro-Nazi families. Therefore, I remain anonymous.

Best wishes.

Since writing the above I've received information I've been awaiting on a German grocer who lives [REDACTED]. This man for years has been vehement in his champion-ship of the Germans and the Nazis in particular. He has been violent and no doubt would carry out any order from the German Kommando in the U.S. I think you will find he is linked to the Club or Bund on Pulaski St.
