THE CASE OF "COUNT" ANASTASE VONSIATSKY

Disclosures of international significance are likely to come out of the Federal Grand Jury probe into the activities of Anastase A. Vonsiatsky, which is now taking place in Hartford, Connecticut, under the guidance of Thomas J. Dodd, special assistant to the Attorney General.

For years Anastase Vonsiatsky, head of the Russian National Fascist Revolutionary Party and until recently editor of The Fascist, has been weaving a net of international intrigue from his estate near the little town of Thompson, Connecticut. Himself an agent of the German and Japanese High Commands and a ringleader of the fascist White Russian fifth column in America, Vonsiatsky has been conspiring not only to overthrow the Government of the Soviet Union but also to bring about a fascist coup in the United States. Working closely with key representatives of Germany and Japan, he has helped smuggle spies, saboteurs, and terrorists into Russia, whose duties have included assassinating Soviet leaders. During the last ten years, he has frequently visited Berlin, Rome and Tokyo. He ran arms to Franco-Spain to aid the Axis-inspired uprising in that country. He aided in the organization of a fascist White Russian Army on Japanese soil which is now awaiting orders from Tokyo to launch an attack against the Soviet Union. On his Connecticut estate, he maintained an elaborate arsenal of rifles, machine guns, tear gas equipment, etc; and he trained scores of uniformed swastika-wearing young men in preparation for the day when Fascism would come to America.

For carrying on his multifarious plottings, the former Czarist officer had at his disposal the immense fortune of his wife, nee Marion Ream, who inherited a one-seventh share of the \$40,000,000 Ream estate in Chicago. The American heiress and the penniless Russian emigré met in Paris in 1921, and were married shortly afterwards. At the time he was twenty-three and she was forty-five.

Vonsiatsky Exposed in The Hour in 1939

On July 30, 1939, The Hour carried an article, entitled "Fritz Kuhn's Week-End Host Participated in Murders," which exposed Vonsiatsky's fifth column activities in the United States. Our report also brought to light a confession he had written many years before, describing a series of torture-murders in which he had participated. We urged in this article, and in subsequent reports, that the U. S. authorities conduct a thorough investigation of Vonsiatsky.

When the Federal Grand Jury hearings started this week in Hartford, one of the first witnesses to be summoned was The Hour reporter who assisted in preparing our articles on Vonsiatsky.

DETROIT FIFTH COLUMNIST REPRINT'S ENDORSEMENT BY SENATOR REYNOLDS

Current Issue of Smith's ~~Cross and Flag~~ Also Announces
Smith's Candidacy for U. S. Senate

The May issue of The Cross and The Flag, the seditious magazine being published in Detroit by Gerald L. K. Smith, ex-Silver Shirter No. 3223, devotes its entire back page to a promotional article based on an endorsement received from Senator Robert R. Reynolds of North Carolina (see The Hour for April 18 and May 2). At the top of the page are several lines of bold type reading: "United States Senator Robert R. Reynolds, Chairman of the Military Affairs Committee, said, when interviewed by the Associated Press concerning THE CROSS AND THE FLAG; ..." The item then proceeds to quote Senator Reynolds' statement endorsing Smith's subversive sheet which, in the Senator's words, stands "for the things I have stood for for many years." The article also quotes from a personal letter received by Smith from Reynolds, congratulating the Detroit fifth columnist on the first edition of The Cross and The Flag. Smith proudly remarks, "This is merely one of the thousands of testimonials that have come in, favorable to this crusading, patriotic journal."

Emboldened by the support he is receiving from congressmen such as Senator Reynolds, Gerald L. K. Smith strikes out with increasing venom against the Administration in his current issue. In his characteristic demagogic style, he attacks the "bureaucrats and politicians" in Washington for their supposedly incompetent prosecution of the war. The temporary setbacks suffered by the U. S. armed forces in the Pacific are pictured by Smith as "bloody circumstances" brought about by "boondoggling bureaucrats and racketeers in Washington, who not only should be fired but should be locked in jail for the duration." The Government investigation of Father Coughlin's pro-Nazi activities is represented as a "communist" plot to persecute the Royal Oak priest. Two pages are given over to reprinting an attack by Congressman Martin Dies on Vice-President Henry Wallace.

Some individuals, however, come in for hearty praise in the latest issue of Smith's seditious journal. They are Charles A. Lindbergh, the Naziphile flyer who so energetically strove to prevent this country from being prepared to face the Axis onslaught; Father Charles E. Coughlin, until recently Goebbels' foremost U. S. spokesman; Father Edward Lodge Curran, eastern Fuehrer of the Christian Front; Elizabeth Dilling, notorious anti-Semitic propagandist; Dr. Gerald B. Winrod, Kansas pro-Axis agitator; Col. Robert McCormick, publisher of the Chicago Tribune; Col. J. M. Patterson, publisher of the New York Daily News; Eleanor Patterson, publisher of the Washington Times-Herald; William Randolph Hearst; Congressman Martin Dies, and Senator Robert R. Reynolds. The traitor Smith, who once boasted to his jailbird boss Pelley of forming the first Silver Shirt stormtroop band in the United States, describes the above-mentioned individuals as "fearless Americans who have exposed the subterranean operations of the Red revolutionaries without mercy."

(More)

Smith's Political Plans

The feature article in the current issue of The Cross and The Flag is entitled "My Hat's In the Ring." In it Smith announces he will be a candidate in Michigan this fall for election to the U. S. Senate. The sort of backing he hopes to get is obvious. "I will be supported by the old-fashioned, Christian, American people," he says. He makes an open bid for the support of Christian Front, German-American Bund elements by including this plank in his program:

"I shall defend the right of free speech and free press for Father Charles E. Coughlin. The treatment that this minister of Christ is receiving at the hands of the blood-thirsty Reds is unbelievable."

With the United States engaged in a life and death struggle against the Axis powers, the seditious, disruptive propagandizing of this 20th Century Benedict Arnold constitutes an ever-increasing danger to the American people. The Hour therefore urges that the Department of Justice immediately suppress The Cross and The Flag and conduct a thorough investigation of the treasonable activities of Gerald L. K. Smith, examining with particular care his ties with certain members of the Congress of the United States.

* * * * *

DETROITER CALLS FOR PRO-AXIS "PEACE"

Robert S. Aspinwall of Detroit, who describes himself as "President of The Lincoln Manufacturing Company -- Specialists in Fluorescent Lighting," is currently distributing seditious literature through the United States mails. This literature is in the form of a small, neatly printed pamphlet, entitled Our One Hope of Peace, which contains defeatist, pro-Axis propaganda.

Camouflaged as a pseudo-economic tract which presents the "solution" of the world's present problems, Aspinwall's booklet contains such spurious comments as the following:

"In the first world war we used a number of slogans to give popular expression to the object for which we were fighting. We were told this was 'The war to end wars' -- that we were fighting for 'The preservation of freedom and democracy.'

"But to those of us who carefully study and analyze the situation there are many questions, many puzzling facts that do not seem to be clearly nor adequately explained by such simple and obvious reasons.

"Certainly we are called upon to defend ourselves against attack but on further reflection the people of the attacking nations are not a particularly warlike type."

(More)

Why then, asks Aspinwall, is the United States fighting the Germans and the Japanese? Mainly, he answers, because this country's harsh economic measures against Berlin and Tokyo forced the war on these nations. The Detroit pamphleteer then reasons:

"Thus it seems that the United States through a lack of understanding and commonsense has been jockeyed into a position of fighting for a cause that is both unjust and detrimental to civilization ... Of course the nations in question [with which the U. S. is at war] have adopted a brutal and barbaric method of accomplishing their aims but there seemed to be no other way for them to achieve their desires, for the U. S. had made it definitely clear that every effort would be made to protect home industry. Further than that the United States in company with other nations made it clear that if any attempt was made by force to expand the sphere of influence of these [fascist] nations that every help short of war would be given to any nation on whom force was used. ... this war might be brought to a reasonable conclusion by acknowledging our error and by the promise of cooperation when their [the Axis] goods are offered in payment for things they need."

(Italics ours)

Times Advertises Aspinwall's Book

Interestingly enough, on April 26 and May 3 the New York Times carried advertisements for Aspinwall's pro-Axis booklet. Both advertisements, which were headed "Our One Hope of Peace," read as follows:

"This war is a struggle for the control of raw materials and the issue can never be settled by fighting. A lasting peace can be achieved by free trade -- free trade not only between nations but between ourselves as well. Send ten cents for booklet, 'Our One Hope of Peace,' Robert S. Aspinwall, 2630 Erskine St., Detroit, Michigan."

It seems that the advertising department of the New York Times should exercise greater care in checking the sort of literature it promotes. Aspinwall's above characterization of this war as a "struggle for the control of raw materials ... which can never be settled by fighting" should alone have been sufficient to arouse the suspicions of any copy reader familiar with President Roosevelt's definition of this conflict as "A War of Survival."

Dear Sir:

Please be advised that the following information was
[redacted] regarding a speech made by Senator BENNETT C.
CLARK, on May 3, 1941, at the Arena, in St. Louis, Missouri.
CHARLES LINDBERGH was on the same program.

"Distortion in German Weekly of Senator Clark's
reference to investigations by the FBI in his speech on the occasion
of the America First Committee meeting on Saturday May 3, 1941, at
the Arena, 5700 Oakland Avenue.

(German Weekly) Deutsche Wochenschrift, May 8, 1941,
page 6.

Translation - Editorial

CONGRESS WAITS FOR THE VOICE OF THE PEOPLE

Senator Bennett Champ Clark of Missouri, who, together
with Charles Lindbergh on Saturday at the America First mass meeting
expressed himself against the participation of America in the war,
appealed to the citizenry to write or wire now to their representatives
in Congress that they should take a stand against the war, against
convoys and against all measures that lead to war. 'The great majority
of the people is against war and Congress has to follow this sentiment'
quoting Clark.

According to his experiences on his speaking trip the
great majority of the people, who are against the war policies, would
write to their Congressmen, if they were not in fear that the FBI in
consequence would investigate them. Senator Clark called that a false
opinion and told those people as well as the audience that in such
cases they should address themselves to him, and he would then
investigate the FBI.

"Senator Clark was quoted incorrectly in the above article of the German Weekly.

"What he said in the course of his address concerning investigations by the FBI is quoted verbatim in the Globe Democrat of May 4, 1941, page 8 A, under headline "Lindbergh Warns Against War" as follows:

'In urging his hearers to write the President and Congressmen not to be led into permitting ~~convoying~~, this final step into war, he charged some persons had been led to believe if they write the President their opinion they will be investigated by the FBI. That's poppycock. If you hear of any such thing, let me know and I'll have the FBI investigated.'

Very truly yours,

Lindbergh Bitterly Attacks U. S. Alliance With Russia

SAN FRANCISCO, July 2 (AP)—Charles A. Lindbergh bitterly denounced Russia at an anti-war mass meeting Tuesday night and declared "I would a hundred times rather see my country ally herself with England, or even with Germany with all her faults, than with the cruelty, the godlessness, and the barbarism that exist in soviet Russia."

"An alliance between the United States and Russia should be opposed by every American, by every Christian, and by every humanitarian in this country," Lindbergh said in an address prepared for delivery at a civic auditorium meeting sponsored by the America First committee.

Issue Becomes Confusing

Lindbergh's talk was broadcast over the National and Mutual networks. The longer this war in Europe continues, the more confused its issues become," Lindbergh said. "When it started, Germany and Russia were lined up against England and France. Now, less than two years later, we find Russia and England fighting France and Germany. "Winter before last, when

Russia was fighting Finland, the interventionists demanded that we send all possible aid to Finland. Now, when Russia is fighting Finland again, they demand that we send all possible aid to Russia.

Ex-Enemies Now Allies

"The murderers and plunderers of yesterday are accepted as the valiant defenders of civilization today; and the valiant defenders of yesterday have become the wicked aggressors of today. Finland and France are now our enemies; Russia our friend. We have been asked to defend the English way of life, and the Chinese way of life. We are now asked to defend the Russian way of life.

"Judging from Europe's record, if we enter this war, we can't be sure whether we will have Russia or Germany for a partner by the time we finish it. We don't even know whether we will end up with France or England on our side. It is quite possible that we would find ourselves alone fighting the entire world before it was over.

"The only sensible thing for us to do is to build an impregnable defense for America and keep this hemisphere at peace."

MEMORANDUM

RE: THE AMERICA FIRST COMMITTEE

5/8/86
Classified by *P. G. Jaffey*
Declassify on: OADR

The America First Committee was incorporated under the Not for Profit Laws of the State of Illinois on September 19, 1940. The purposes of the committee as outlined in its charter are to encourage and maintain in the United States of America:

1. Peace and the Democratic ideal.
2. A program of adequate defense.
3. A furtherance of peace in this continent, a policy of non-intervention in the affairs of other continents and to encourage the giving of help to refugees and the needy in other lands insofar as such help does not endanger the peace in the United States.

The America First Committee has advertised itself as being "non-partisan organization of loyal and patriotic men who believe:

1. The United States must build an unbreakable national defense.
2. No foreign power nor group of powers can ever successfully invade a prepared America.
3. Our Government sending men of its own, ships, planes and materials of war to a belligerent overseas dangerously weakens our defense at home and threatens to involve America in war abroad.
4. Our American Democratic liberties can only be preserved by keeping out of foreign wars in Europe or in Asia."

The national headquarters of the America First Committee is located at 1806 Board of Trade Building, Chicago, Illinois. A local headquarters is maintained in Washington, D. C., at 1010 Vermont Avenue, N. W. There is a total of 586 local chapters and affiliated units of the America First Committee throughout the United States.

The following is a list of the officers and Directors of the America First Committee with the background as to each individual.

~~SECRET~~

CAPTAIN EDWARD RICKENBACKER-
Nationally known aviation figure.

LOUIS J. TAYLOR- Nationally known for his work in connection with agricultural developments.

DR. GEORGE H. WHIPPLE-
Nationally known pathologist.

The following persons, who are nationally known, are also members of this Committee:

- Mrs. Bennett Champ Clark
- Bishop W. E. Hannaker
- Kathryn Lewis
- Sterling Morton
- Edward L. Ryerson, Jr.
- Mrs. Burton K. Wheeler.

The America First Committee is reported to be financed solely by voluntary contributions by those interested in the organization. The Committee conducted a radio broadcast on October 21, 1940, at which time the radio announcer requested his listeners to send anything from dimes to dollars to the America First Committee, Board of Trade Building, Chicago, Illinois, and this same request was made following numerous other broadcasts.

The Committee has also issued a card called "America First Committee Contribution Card," bearing the following:

"I am convinced that we can preserve our American Democracy only by keeping out of foreign war. Therefore I am contributing \$_____ to support the work of the America First Committee."

On October 21, 1940, Boake Carter was sponsored in a transcription program of Station WJAC, Chicago, Illinois, by the America First Committee. In this broadcast Carter explained that the Committee was dedicated to aid America first and later to aid Britain. Following the transcription, the announcer suggested that the listeners write their congressmen and senators demanding that they prevent the United States' intervention into the war and

~~CONFIDENTIAL~~

~~SECRET~~ 1511

~~CONFIDENTIAL~~

~~SECRET~~

that they arm America before aiding Britain and also requesting the audience to send in anything from dimes to dollars to the America First Committee, Board of Trade Building, Chicago, Illinois.

A confidential informant stated that the America First Committee was started by General Wood in cooperation with the other members of the Committee and that although the Committee's viewpoints in connection with the United States' present policy in foreign affairs is different from that of the administration, he is of the opinion that the Committee originally had a few persons in it who were what he termed "left-wingers" and according to him are not to be considered Communistic.

[REDACTED]

b7c
b7d

On December 18, 1940, the America First Committee sponsored a rally in Orchestra Hall, Chicago, Illinois, at which rally 3500 persons attended and several thousand were turned away.

b7

Information received from a confidential source, reveals that on January 16 the office of the America First Committee was opened on Wilshire Boulevard, Los Angeles, California, and it was observed that the automobile of Dr. Georg Gyssling, German Consul was parked in front of the building during that day. The informant related that this car had never been seen there previously and has not been seen there since that time.

The America First Committee has published an enormous amount of propaganda literature concerning the aims of the Committee and has circulated this literature throughout the United States. The apparent object of the literature is to crystallize American opinion to prevent the entrance of the United States into European wars and to vilify the foreign affairs program of President Roosevelt. The numerous pamphlets published by the Committee state that 86% of the people of the United States are opposed to the United States intervening in foreign wars. These pamphlets fail to make any explanation as to how the figure of 86% was arrived at. This literature also makes an appeal to American mothers to aid the Committee for the purpose of preventing

~~CONFIDENTIAL~~

134
~~SECRET~~

~~CONFIDENTIAL~~

~~SECRET~~

their sons from being embroiled in another European war. The foreign program of President Roosevelt is termed "the road to war" by the literature emanating from this committee.

Friends of Democracy, Incorporated, L. M. Birkhead, National Director, with National headquarters in Kansas City, Missouri, published a pamphlet entitled the "America First Committee, the Nazi Transmission Belt." This pamphlet alleges the America First Committee whether its members know it or not and whether they like it or not is a Nazi front organization and is a transmission belt by means of which the apostles of Nazism are spreading their anti-Democratic ideas into millions of American homes. This pamphlet also charges that Adolf Hitler and his disciples in the United States are using the America First Committee to spread Fascist and Nazi propaganda.

Hitler's ideology was one of these speakers. It was indicated that Boye's line of argument in his speaking tour would take the form of "placing such terrific power in the President's hands." (100-0-5003)

The Philadelphia Ledger for April 22, 1941, carried an article stating that the National Legion of Mothers and Women of America contemplated inviting women associated with the Kyffhaeuser Bund into its membership. Mrs. Edith Scott of Philadelphia, Pennsylvania whose organization is affiliated with the America First Committee said the invitation was under consideration by her group.

(100-4712-A)

In the April 14, 1941 issue of the Staten Island Advance an article appeared stating that Howard I. Jump, son of Mrs. Lila Jump, head of the Staten Island unit of the America First Committee, had failed to report for induction as ordered by the local draft board and had been given a formal notice giving him five days in which to change his mind. Jump, twice before, was refused deferment by his local draft board; once on a medical deficiency claim and again on an occupational claim. (100-4712-30X)

[REDACTED] Refer

The News Letter of Los Angeles, California for April 9, 1941, carried an article concerning the America First Committee meeting held at Los Angeles, California, which was addressed by Mrs. Catherine Curtis and Senator Gerald P. Nye of North Dakota. This article related that Mrs. Curtis' experience in rabble rousing is so comprehensive that she might easily qualify as "the top notcher of the petticoat platoon." It was she who founded the Women's National Committee for Hands Off the Supreme Court. She also was active in organizing the Women Investors in America, Incorporated, which organizations make their headquarters at 535 Fifth Avenue, New York, New York. (100-4712-38)

The Washington Times Herald for May 26, 1941, reported that the America First Committee together with the Committee Against War and the Keep America Out of War Congress had made plans for a three-day rally commencing May 30, 1941. The two latter groups are reported to contain a number of Socialists in their ranks. (100-10689-

Information received on May 26, 1941, reveals that united German societies held a meeting at the New York Tarn Hall at which time the meeting was addressed by Dr. Fleischman, a member of the America First Committee. (61-9879-268)

The activity of the America First Committee reached its peak during the period when it exerted its complete effort to the end of blocking the Lend Lease Bill sponsored by the administration. Thousands of pieces of literature were distributed; numerous meetings were held in the metropolitan areas and the people all over the nation were incited to petition their national representatives to block the passage of this legislation. (100-4712-16)

Two of the largest meetings sponsored by this Committee during that period were held at New York City on May 23, 1941, and Philadelphia, Pennsylvania on May 29, 1941, at which meetings approximately 20,000 people attended. Senator Burton Wheeler of Montana, Charles A. Lindbergh, Kathleen Norris and Norman Thomas were the headline speakers at these meetings. The texts of the speeches delivered were concerned with deriding the administration's foreign policy, especially the Lend Lease Bill, which they emphatically criticized as an active step towards entrance of the United States into the European conflict. Information received as of July 28, 1941, discloses that Newton Dillaway of Reading, Massachusetts received numerous communications from the German Library of Information addressed to him as Newton Sillaway, and that after this organization was closed he began to receive literature from the America First Committee addressed to him in the same manner, that is, the same mistake with the spelling of his name, and the stencil printing on the literature received from the America First Committee was identical with that received from the German Library of Information. (100-4712-109)

Information received as of August 7, 1941, disclosed that the America First Committee has a Colored Section headed by J. Finlay Wilson, Chairman, and Perry W. Howard, Secretary, with national headquarters at 613 F Street, North West, Washington, D. C. This organization is reported to have distributed literature in colored circles requesting the colored population to petition their national representatives to discourage the United States from entering the European war. (100-4712-112)

Other nationally known figures who have affiliated themselves with the America First Committee are Senator David I. Walsh, Congressman Hamilton Fish, Congressman James Francis O'Connor, Congressman Dewey Short, former Governor Philip LaFollette, and Robert Hutchins, President of the University of Chicago.

RE: AMERICA FIRST COMMITTEE
MEETING AT OLYMPIC AUDITORIUM,
Los Angeles, California,
October 2, 1941.

Dear Sir:

As you were previously advised, Attorney General FRANCIS BIDDLE requested me, when on the West Coast, to have the meeting of the AMERICA FIRST COMMITTEE at which Senator BURTON K. WHEELER was to speak in Los Angeles, attended for the purpose of furnishing him with a report.

This meeting was held at the Olympic Auditorium in Los Angeles at 8:00 p.m., October 2, 1941, and the auditorium was filled to capacity. There was an estimated attendance of slightly over 8,000.

The hall was well-decorated with American flags, bunting, and various signs bearing slogans such as "NO A.E.F.," and "Keep Our Factories Humming for National Defense, But Keep Our Boys in the United States." While the auditorium was being filled, community singing was engaged in, and at 8:10 p.m., Senator WHEELER and his party, including a woman dressed in a costume as the Statue of Liberty and an Indian in full costume including a feathered head dress, mounted the speaker's platform. From the ovation extended the Senator at that time, it was obvious that the audience was very sympathetic and friendly towards the AMERICA FIRST COMMITTEE and Senator WHEELER. At this time the crowd rose to its feet and afforded the senator a demonstrative reception. There was applauding, screaming, and much waving of handkerchiefs then and at various other times during the meeting. There was a vocal number of the AMERICA FIRST COMMITTEE song and the song of the Gold Star Mothers of America, both of these following the playing of the national anthem.

1 ENCL

The first speaker was Attorney JOSEPH SCOTT, who made an appeal for funds, and he based this appeal upon the following story: He stated that when he was a young man, he

RE: AMERICA FIRST COMMITTEE MEETING AT
OLYMPIC AUDITORIUM, Los Angeles,
California, October 2, 1941.

grandmother had presented him with a Liberty Bond, stating it to be a token that the last World War was one waged for righteousness and it was her investment in his future, made in the hope that he could live in a peaceful, free, and democratic world. After the Treaty of Versailles, his grandmother stated to him that she had been deluded, and that the treaty was one which would only lead to more wars. He continued by stating the Government, in order to pay the bond and its indebtedness, which is evidenced by the bond, actually taxed him in order to pay the debt which was due him.

He stated, therefore, that the collection which would be taken up that evening was an investment, and that the cost of any future war would assume staggering proportions in so far as it would relate to any individual. He added that any money which was contributed might well be regarded as an investment to protect the people against future greater debts. It was his opinion that the minimum cost per citizen--should we enter this war--would be \$2,000, and approximately \$7,000 per bread-winner. At this time the ushers passed up and down the aisles taking a collection. It is not known at this time how much was obtained.

Senator WHEELER was introduced by JOHN STEVEN McGROARTY, who referred to the senator as a lifelong friend. McGROARTY is referred to as the poet laureate of California, and was at one time a member of the United States Congress.

The theme of Senator WHEELER'S speech was concerning the fact that there are many people in America today who were against this country's entry into any war, but were afraid to speak. He is too frequently met with the response, "We Are in business," meaning that people were not in a position to express their views as they were in business and were actually against entry into war but were afraid to express their opinions. He stated he was unalterably opposed to America's entry into any foreign war and was now trying to force the President to keep the promises made to the American people when he was seeking their votes to re-elect him to a third term. He quoted President ROOSEVELT'S speeches to the effect that he, President ROOSEVELT, was

October 3, 1941

RE: AMERICA FIRST COMMITTEE MEETING AT
OLYMPIC AUDITORIUM, Los Angeles,
California, October 2, 1941.

against war, and he defined war as meaning "shooting." He also quoted President ROOSEVELT'S pledge that American boys would never be sent outside of the Western Hemisphere. He then stated that President ROOSEVELT had broken these pledges inasmuch as he had ordered the American Navy to shoot and also that he had occupied Iceland after consulting the Parliament of Iceland without consulting the Congress of the United States, and that he had stationed American soldiers in Iceland under command of British officers. He added that Iceland is situated in the Eastern Hemisphere and that "Not even a magician like WENDELL L. WILLKIE could bring it back into the Western Hemisphere."

Senator WHEELER launched an attack upon President ROOSEVELT'S statement that religious freedom in Russia is the same as in America. He quoted figures as to the number of priests, bishops, and other clergymen who had been killed by Communist overlords, and then gave as his source for these figures the title of a book, volume, and page number, the book being one written by WINSTON CHURCHILL. This statement was met with wild applause and enthusiastic cheering.

He then stated that from this fact, it might well be assumed that American soldiers would shortly be fighting side by side with Communist soldiers for the protection and preservation of Communist Russia. During the course of the speech, Senator WHEELER also stated he was against Nazi oppression and mentioned a tour he had made through Germany and the persecution he had witnessed there.

He referred to the present cooperation between England and Russia, and stated it was an "Unholy Alliance." The Senator launched an attack against the motion picture industry, and stated that the people in attendance at this meeting had not been attracted by glamorous movie stars, Bingo, bank night, and so forth. He attacked the industry as spreading war propaganda and stated that in years to come, the motion picture industry would be as responsible as Benedict Arnold if America gets involved in the present war. He stated the industry was attempting to build up a war spirit, resulting in active participation in the war. In speaking of the motion picture industry, he referred to the stand which

Director

- 4 -

RE: AMERICA FIRST COMMITTEE MEETING AT
OLYMPIC AUDITORIUM, Los Angeles,
California, October 2, 1941.

is being taken towards the Jewish race, adding that this is the reason this industry is putting forth every effort by way of propaganda pictures. He stated Jewish refugees have come to this country and are presently being feted and living in luxury and attempting to have the United States fight the war for them and for their cause. He criticized the regiment of British actors who are serving the present war from Hollywood Boulevard, and stated he was aware that not all of the producers were engaged in war propaganda, adding that the Senate investigation is directed against those who are.

During his talk, the senator stated that he was not anti-British, that he greatly admired the British people for being smart people, and he always admired smart people. He sarcastically outlined the role played by Great Britain during the last war, stating that that nation first requested America for money, which was furnished; then they requested a small token army to boost the morale of the allies, and a token army was given, which was followed by the A.E.F. He stated we did this because the smart people in England had told America it was fighting her war. He stated that when the war was over and after many of the men sent over failed to return, when America tried to collect her war debt, the smart people of England characterized America as "Uncle Shylock."

He then drew a parallel in present day events in the Lend-Lease Bill and the transfer of bombers and ships, and stated that shortly the President was contemplating introducing a bill authorizing the arming of American merchant ships. He stated that prior to the last war, a bill authorizing the arming of merchant ships was passed, and 21 days later America was in war.

The senator did not refer to Germany and Italy to any extent, only stating that the world has no room for dictators and dictatorships, and that Americans will continue to live in a democracy by supplying England with materials to carry on her war against the Rome-Berlin Axis.

He also mentioned CHARLES LINDBERGH as being a true and loyal American citizen who puts her heritage above all, and he is being supported by all real Americans. This statement was received

Director

RE: AMERICA FIRST COMMITTEE MEETING AT
OLYMPIC AUDITORIUM, Los Angeles,
California, October 2, 1941.

with great enthusiasm by the audience.

The meeting was generally orderly, with only two incidents being noted by the observers. Upon launching his attack against the movie industry, one person in the audience rose and called Senator WHEELER a liar. It was a minor disturbance, and this individual was ejected by the police. A middle-aged woman stalked down the aisle on the main floor of the auditorium to inspect the Indian at close range, stating she did not believe he was a real Indian. There was no violence with this incident, and the entire thing was greeted with laughter by the audience.

In general, the audience was very attentive and receptive, and they applauded the speaker most loudly when he referred to statements about keeping America out of the present war and keeping American boys at home. Although his accusations against the President of not keeping his 1940 campaign promises, and his jests of WENDELL L. WILLKIE drew applause from the audience, at no time was there hissing or booing at the mention of the name of the President or that of WENDELL L. WILLKIE. Before, during, and after the meeting, pamphlets and papers were passed out and copies of two of them are being attached to this communication. The Los Angeles press reports that 11,000 persons were in attendance at the meeting.

Very truly yours,

Wedge Seen Newest Goal of Germans

(Continued from Page 2)

towards Moscow and southward towards Kharkev."

Fierce battles raged all day Friday before Budenny's lines protecting Kharkev and Kurak, the Mail added, with von Rundstedt's panzers probing for weak spots in the Red front.

Simultaneously von Rundstedt launched a new attack against the Russians standing before Kostov-en-Don, north of the Sea of Azov.

But everywhere, the Mail said, the Germans are meeting with fierce resistance, with heavy tank battles involving many hundreds of tanks raging east of Dniepropetrovsk.

Lindbergh Fears Loss of Liberties

Tells Fort Wayne Rally This Address 'May Be My Last'

FORT WAYNE, Ind., Oct. 3.—(AP)—The administration has shown by "many signs" that it may clamp down on free speech and end free government in America, Charles A. Lindbergh declared tonight in an address which he said "may be my last."

In the first speech he has given since the one in Des Moines for which he has been under fire, the aviator hinted that he believed the end of free elections was in sight.

"The time has come when we must consider even that," he said.

Lindbergh opened his address before an America First rally with the words:

"When I speak to you here in Fort Wayne tonight, I realize that it may be my last address.

Sees Many Signs

"How much longer free speech will be possible in the United States, I do not know. But I do know that an administration which can throw this country into undeclared naval war against the will of our people and without asking the consent of congress can by similar methods prevent freedom of speech among us.

"There are many signs that such action may be taken in the near future, with as little warning as accompanied the occupation of Ice-

100-471

297

"If free speech ends in this country, it means that we are no longer a free people. It means that we are about to enter dictatorship and probably foreign war. It means that we will be forced to do this against the will of the people just as we have been forced into an undeclared naval war against the will of our people."

Dangers Sketched

Sketching the dangers he said America now faces, Lindbergh continued:

"The interventionists claim we have reached our present position by taking steps which the majority of the people approved of, and that therefore, the will of the people has prevailed. The fact is that we have reached our position by following the false promises of the interventionists and our administration in Washington. Not one step the administration has taken in these last two years has been placed honestly before our people as a step toward war . . .

"Instead of seizing every opportunity to draw us further from the war, the president and his administration have not missed a single chance to push us closer to it. Instead of avoiding incidents of war, they have created them. Instead of following our mandate to stay out, they have, by subterfuge and dictatorial procedure, led us in.

"They have not only turned their backs on their campaign promises but they have been treating our congress more and more as the German reichstag has been treated under the Nazi regime.

"Congress, like the reichstag, is not consulted."

Gloomy Picture Given

Pointing to the consequences of entering the war, Lindbergh asserted that it would be necessary to turn America into an armed camp, create a military force strong enough to cross the Atlantic and invade the continent and survive a coming wave of prostration, famine and disease.

The aviator charged that administration leaders have not presented a fair picture of these consequences.

"It is essential for us to realize that what we used to call representative government, American independence and the American way of life is rapidly becoming a thing of the past," he said.

"Recently—no one will ever know the exact date—we began following a road which involved the abandonment of our most fundamental customs and traditions . . . We must face the fact that you and I and our generation have lost our American heritage. It is no longer a case of defending it. It is a case of rebuilding it."

MEMORANDUM FOR MR. D. M. LADD

At 10:10 P.M., October 3, 1941, [redacted] called by long distance telephone to inquire if the Bureau could not do something about Colonel Lindbergh. He had particular reference to a radio broadcast he had just heard made by Charles Lindbergh from Fort Wayne, Indiana, in which, [redacted] stated, several derogatory remarks about the President of the United States were made. [redacted] states he resented these remarks greatly and wanted to be "on record" as protesting against them.

ALL INFORMATION CONTAINED
 HEREIN IS UNCLASSIFIED
 DATE 5/10/86 BY SP-6/bja/ky

Inasmuch as the undersigned, in the regular pursuit of his duties as night supervisor, had not been listening to the radio and also ignorant of the text, circumstances or any details or any radio broadcast which Charles Lindbergh may have made on the night of October 3, 1941, the undersigned assured [redacted] that along the course of events, this speech would probably come to the Bureau's attention and that if it should involve any violation of Federal Law over which the Bureau had investigative jurisdiction, appropriate action would be taken. [redacted] stated he hoped to hear from the Bureau in this regard.

Attached hereto is a newspaper account of a radio broadcast made by Colonel Charles Lindbergh on the night of October 3, 1941, at Fort Wayne, Indiana, to which [redacted] doubtless had reference.

Respectfully,

E. T. Cannon

Denial of Right To Vote Feared By Lindbergh

Even 1942 Election May Be Suspended, He Warns in Indiana

By the United Press

Fort Wayne, Ind., Oct. 3.—Charles A. Lindbergh charged tonight that President Roosevelt was moving toward suspension of the 1942 national elections.

He said that "one man" government already had plunged the country into undeclared warfare and deprived the people of their democratic heritage.

"I shall speak to you tonight as though this were my last address," Lindbergh told an America First rally and a national radio (NBC Blue Network) audience. "How much longer free speech will be possible in the United States, I do not know."

He said he feared that an administration which had thrown the Nation "into undeclared naval war" against the will of the people "can by similar means prevent freedom of speech among us."

Charges "Smear Campaigns"

"If the time comes when we can no longer meet face to face, as free men in a free country, we will meet together at the elections next year and, by our vote, clasp hands, though we be a thousand miles apart," he declared. "But what if there are no elections next year?"

Abrogation of the right to vote, Lindbergh asserted, "may not be many steps ahead" on the course pursued by President Roosevelt.

"The time has come," he said, "when we must consider even that."

Wheeler Heckler Ejected

Warren Fair Committee

Lindbergh Assails Russia as Worst Possible U. S. Ally

Tells Peace Rally He Is Ready to Fight For American Defense

The Associated Press.
SAN FRANCISCO, July 2.—
Charles A. Lindbergh, denouncing
Russia and European entangle-
ments, pleaded for "an independent
destiny for America" amid pro-
longed applause at an overflow mass
meeting sponsored by the America
First Committee here last night.

The crowd filled the 12,000 seats
of the Civic Auditorium before the
meeting began and overflowed into
the street where they listened to
outdoor loudspeakers. About 7,000
seats were free.

The audience roared its loudest
approval when Mr. Lindbergh de-
clared:

"I would a hundred times rather
see my country ally herself with
England, or even with Germany
with all her faults, than with the
cruelty, the Godlessness and the
barbarism that exist in Soviet
Russia. . . ."

"But there is one thing upon
which we can agree, upon which
we are not divided, and that is
that we are ready to fight for
America if the need should ever
arise."

Lindbergh quoted Jefferson's
statement that the countries of Eu-
rope "are nations of eternal war"
and reiterated Washington's warn-
ing "against European entangle-
ments."

Mr. Lindbergh responded with
engaging grins to the ovation which
greeted him and his wife, the for-
mer Anne Morrow, as they took
their places on the platform with
other speakers: Author Kathleen
Norris, Actress Lillian Gish and
Senator Clark of Idaho.

But his mouth wore grim lines
when he spoke of "interventionist
propaganda," commenting:

"A refugee who steps from the
gangplank and advocates war is ac-
claimed as a defender of freedom.
A native-born American who op-
poses war is called a fifth col-
umnist."

America First Group Lists Contributors

CHICAGO, March 12—The America First Committee reported today the organization had received \$17,515 in contributions from 15,014 persons and listed 66 contributions of \$100 or more. The \$6 included Col. Charles A. Lindbergh.

The list was issued after former Sen. Ernest W. Gibson of Vermont, chairman of the Committee to Defend America by Aiding the Allies, had listed contributions of \$100 or more to his organization and challenged the America First Committee to do likewise.

In addition to Col. Lindbergh, the list included:

Max W. Sabb, president, Allis-Chalmers Manufacturing Co., Milwaukee; John T. McCutcheon, Chicago Tribune cartoonist; Ernest T. Weir, the Weirton Steel Co.; Robert E. Wood, Sears, Roebuck & Co.; Robert Dean Paige 2d, Boston attorney; H. L. Stuart, president, Halsey Stuart, brokerage firm, and Wallace E. Pratt, New York geologist.

Contributions listed by the Committee to Defend America by Aiding the Allies included:

J. P. Morgan, less than \$500; Mrs. Dwight W. Morrow, less than \$500; Katherine Hepburn and Lynn Fontaine, actresses, between \$250 and \$500; Mrs. Herbert H. Lehman, wife of the governor of New York, between \$500 and \$1000. Others are Henry H. Luce, publisher, David Dubinsky, president International Ladies Garment Workers Union, and a group of about 50 playwrights, stage and screen producers, novelists, actors, publishers and composers, a total of \$24,808.

Called 'Nazi Front'

NEW YORK, March 12—The Friends of Democracy charge that the America First Committee, headed by Gen. Robert E. Wood, is "a Nazi front and a transmission belt for the Nazis."

L. M. Birkhead, national director of the Friends of Democracy, said literature of the America First Committee was being circulated at Nazi and Bund meetings and that Bund members and sympathizers were being urged to support it.

5 'America First' Speakers Ready to Start New Drive

CHICAGO, June 16 (C.T.P.S.)—The America First Committee, continuing with renewed vigor its battle to keep the United States at peace, announced yesterday its most extensive speaking campaign yet undertaken.

For the next three weeks, five noninterventionist leaders—Charles A. Lindbergh, Senator Burton K. Wheeler (D.) of Montana; Senator Gerald P. Nye (R.) of North Dakota; Senator Bennett Champ Clark (D.) of Missouri; and Senator D. Worth Clark (D.) of Idaho—will stump all sections of the United States, rallying public opinion against war.

Between Monday and July 4 the America First speakers will address 14 antiwar rallies in 10 States.

Senator Nye will open the campaign tomorrow night at Cincinnati, Ohio.

Senator D. Worth Clark will address the first of three California rallies Thursday night in San Diego.

Lindbergh will speak Friday night in Los Angeles, and will return to California July 2 for an address in San Francisco.

Senator Wheeler has six addresses scheduled during the three-week campaign. He will open his tour next Saturday in Loras College stadium at Dubuque, Iowa, when he will be interviewed over a nation-wide radio hookup.

Fascist Groups Unite Behind Lindbergh

Whisker A

Survey Shows Coughlinites, Anti-Semitic Outfits
Throughout Country Support Pro-Hitler
Program of America First Committee

By John Arnold

5 America is criss-crossed and honeycombed with virulent little home-grown circles of furiously producing and disseminating anti-Semitism and the Nazi creed of violence. They flood the mails with their horrors and the poisonous stream of their influence flows into many high places.

For many years efforts have been repeatedly made to unify and centralize these innumerable bands, but without success. It is the nature of each little fascist to be his own fuehrer until such time as a man of sufficient proportion appears who can command and dominate them all.

That man has now appeared. His name is Lindbergh. A unifying center has been found. It is the America First Committee.

The treasonable work of that group to block an American anti-Hitler front has won the support and the allegiance of every anti-Semite and every fascist in the country, from Charles E. Coughlin and Henry Ford down to the chin-whiskered William Dudley Pelley and New York's street brawler Joe McWilliams.

McWilliams has said: "Lindbergh is on our side. We must not hinder him . . ."

Francis Moran, a Boston leader of the terrorist Christian Front, has told his followers: "Wait until Colonel Lindbergh is ready to take over."

Father Coughlin's personal organ, Social Justice, has proclaimed that Senator Wheeler and ex-Colonel Lindbergh "... must be supported . . . for to them, following the war, will we look for leadership."

In a recent issue Social Justice proudly displayed two letters from leaders of the America First Committee under this line:

America First Committee

Welcomes Coughlinites
The men who now bestow their full allegiance upon the ex-colonel with the Nazi medals makes no secret of their ultimate aim: a world dominated by Hitler. Coughlin's Social Justice said this in its June 30 issue: "Hitler's declaration of war on Stalin points the way for America."

POGROM CALLED

William Dudley Pelley's weekly Bell Call for June 30 wrote as follows in the typical florid style of the goateed anti-Semite "Great days are around the corner of the hours. A world with the Judeo-Communist menace laid will be a world in which universal mischief makers are cataclysmically cooped. Humanity shall have the chance to breathe the pure air of Aryan integrity and sincerity again. Hitler with Russia's inexhaustible resources at his back will be a Hitler strong enough to challenge combinations of all other nationalities on the face of the globe."

Another America First supporter, the Rev. Luke Rader, fascist evangelist of Minneapolis, made this forecast recently: "After this country enters the war, we will have the bloodiest civil war ever experienced by any nation. Every international Jew will be eliminated, for the people of this country will attend to that. We Americans are very tolerant, but we've had enough of

the Frankfurters, the, E.E.C. Cshens, etc."

Still another America First backer, the so-called National Workers League of Detroit which inherited the dress of the notorious Black Legion, wrote this in a recent issue of its confidential bulletin: "Fellow citizens! Don't you often feel a primitive urge to get your hands around the throat of one of these 'democrats' who believe in Union Now with England? It seems murder does have some patriotic values."

Lest it be believed that these are but the expressions of crack-pots or of a lunatic fringe, it should be known that these groups now backing America First are in turn backed, supported and encouraged by men within the halls of Congress.

The Hour, anti-fascist newsletter published here, revealed in its Aug. 2 issue that George Paganelli, editor of a violently anti-Semitic paper called Christian Defender, has recently been in conference with members of the Congressional appeasement bloc.

Paganelli's paper recently published this: "Just a bit of warning to Jews: Once sales (of Social Justice) are effectively and finally stifled, then will also have come the time to resort to means other than the soapbox, the court and peaceful assembly."

REP. RANKIN IN IT

The Hour reports as follows: "George Paganelli . . . held conferences last week in Washington, D. C., with Congressman John E. Rankin of Mississippi and Ex-Congressman John C. Schafer of Wisconsin. Under discussions were plans for promoting and consolidating anti-Semitic sentiment in the United States and the use of this Nazi tactic as a political weapon in this country."

When Paganelli returned from Washington to New York City, he boasted to fascist intimates about conferring with anti-democratic politicians at the capitol.

"According to Jew-baiter Paganelli, Congressman Rankin advanced the following formula for keeping America out of the war and preventing further aid to the Allies: 'Blame the war on the Jews. Label this a Jewish war, a war brought about by international Jewish bankers. Spread this around the country and our battle is won.'

"Ex - Congressman John C. Schafer," The Hour further reveals, "undaunted by his recent defeat in the Wisconsin elections, is building a secret organization which he hopes will be the focal point for anti-democratic, anti-Semitic feeling in the United States. He told Paganelli that he hopes to enlist the support of large numbers of World War veterans and that he will soon start for the Middle West on a speaking tour. He intends to make Washington the headquarters of his Fifth Column organization."

PRO-HITLER ROSTER

The Hour also reports that Paganelli "has been maintaining close contact" with Senator Robert Reynolds of North Carolina, now chairman of the powerful and strategic Senate Committee on Military Affairs.

Other Congressmen either identified with the America First Committee directly or applauded in the fascist press of this country are Martin Dies, Senator Nye, Hamilton Fish and Stephen A. Day.

Hitlerism must not only be fought on the battlefields of Europe. It must be combatted at home. Its focal point in the United States today is the America First Committee.

September 12, 1941

MEMORANDUM FOR MR. KRAMER

RE: AMERICA FIRST, INC.
National Office - 141 W. Jackson
Blvd., Chicago, Illinois
New York Office - 515 Madison Ave.

The following information concerning the above organization was obtained from an outside unknown source dated at New York, New York, on August 4, 1941.

This organization was originally planned by R. Douglas Stuart, Jr., 24 year old law school senior in 1940 at Yale University. He is the son of the first vice president of the Quaker Oats Company. The first person contacted when the committee was formed was Col. Lindbergh, and another was Earl Browder. These people met with Stuart and later on General Robert Wood, head of Sears-Roebuck Company, Edward L. Ryerson, a director of Inland Steel; Mrs. Jeanette Ayer Fairbanks, a wealthy woman; and Chester Bowles, chairman of Benton and Bowles, an advertising agency, made up the picture. Soon William Castle, Under-Secretary of State in the Hoover Cabinet and the original master mind behind Lindbergh was added, then Senator Wheeler and Senator Bob Taft. At the very start this organization had a tremendous amount of money on hand, despite the claim that they never accept more than \$1,000 from any one person.

In the East, Thomas N. McCarter, former chairman of the Public Service Company of New Jersey, is one of the leaders, and he is said to be the contact man for Joe Pew, the millionaire Republican leader of Pennsylvania.

Henry Ford and Jay C. Hornell are members of the Committee. Kathryn Lewis, the daughter of John Lewis, is one of the active members, and for the Catholic element we find John T. Flynn, Reverend Father Coughlin, and John O'Connors. Other members are General Hugh S. Johnson, Alice Roosevelt Longworth, Amos R. Pinchot and Louis T. Taber.

FIN

Secretly there was a tremendous Jewish group backing the America First until just recently. This Jewish group had as its front the Guggenheim Foundation, and the committee was quietly subsidized for tremendous sums of money. The Guggenheim interest has always fronted for Lindberg, but a few weeks ago the Jewish group withdrew all financial support. A number of the members of the committee quietly withdrew or became inactive. This was due to three reasons.

1. America First was set up because of the hatred for President Roosevelt and the purpose was to do everything possible to embarrass him in every way possible.
2. Mrs. ~~Wheeler~~, the wife of the Senator, is bitterly anti-Semitic. She is a stock-holder of the Chicago Tribune, and Col. McCormick, the Tribune's owner, has as his man Harry Jung, head of the American Vigilante Intelligence Federation, who is also strongly pro-Nazi and anti-Semitic. It is alleged that Mrs. Wheeler, Harry Jung and Col. McCormick are using America First as a sounding board for anti-Jewish propaganda. In connection with this, Father Charles E. Coughlin of Detroit and the Christian Front Organization have just recently been officially welcomed into America First by Col. Wood, another stock-holder of the Chicago Tribune.
3. America First has a lobby strictly anti-Roosevelt at Washington. This lobby is comprised of William Castle, Alice Longworth, John L. Lewis and General Hugh S. Johnson. Each and every one of these are bitter enemies of the President.

This group had to figure a way to reach at the President through probably the most bitter attacks in the history of the world. The Hatch Act would not permit large political contributions to the campaign funds, so this organization, America First, has as its base enemy President Roosevelt, and consequently anything he attempts, no matter what it concerns in regard to war and Britain, will be attacked by America First.

In other words, this organization which is cooperating with every branch of anti-war groups, such as the I.R.A., Christian Front, anti-British, Catholic groups, and every pacifist group in the country, make it an organization that will always have to be watched.

From the Communist angle, William Castle has on his payroll William Sanger, a former Communist Stalin School graduate. Sanger now receives \$250 a month and is located at Washington.

CONFIDENTIAL

When the present Pope who then was Papal Secretary, was in the United States on a visit, he confided to certain members of the church that he thought that the American priests, outside of the Irish, were a lazy lot. Since then a peculiar thing happened that makes one consider. Cardinal Dougherty of Boston severely criticized Father Coughlin and tried to have him removed. Cardinal Dougherty went to Rome on the matter. In the meantime, Coughlin started an attack on the Jews and the British, and he was only mildly chastised for his actions, and ever since he has been on the war-path now that the Irish groups in the Catholic Church and the Knights of Columbus have become very bitter and active against Britain and Roosevelt, and no one is saying a thing to them. They are running wild, and ex-Congressman John O'Connor, one of the most staunch friends of the I.R.A. has been acting as attorney for Coughlin's organization, the National Union for Social Justice.

The America First has a great fortune back of it. Among the monied people are General Wood, Mrs. Jeanette Ayer Fairbanks, Frank O. Lowden, Thomas N. McCarter, Edward L. Ryerson, and Pew who controls the Sun Oil Company.

Respectfully,

K. R. McIntire

Dear Mr. President, -

Justice

Sept. 11, 1941

Your speech was attentively listened to and carefully absorbed by the undersigned. I likewise heard Lindbergh's address and it prompted me to become so bold as to suggest to our good President of the U.S.A. (the best country on earth in my opinion) that he permit one of his officials to ask the "Colonel" just a few simple questions, as follows, that all may know just what his true wishful, but unfortunately not practical at this time, platform may really be.

Handwritten notes on the left margin:
G.P. ...
...
...

1. Do you truthfully think that the present administration wants war, a shooting war?
2. Do you think the American people as a whole want war?
3. Do you think or know that if the U.S.A. sits idly by and arms itself and renders no aid to oppressed peoples fighting for their very lives unto the death, that Heir Hitler will not attack us after he has conquered them?
4. If you were in an unfair fight with an opponent whom you knew could easily beat the stuffing out of you and a man who owed you money hopped into the fray on your side, would you say - no, I'll take a good beating because you did not pay your debt to me?
5. If you were sunk by an Axis submarine without warning and had an opportunity to later retaliate, would you still turn the other cheek that that same murderer might murder more innocent and peace loving people?
6. Do you feel certain or know that if Hitler conquered all the peoples you mentioned in your speech (of class bigotry and hatred) in addition to those already subjected, that we would be able to avoid a much worse shooting war without capitulating to that type of satan worshiper?
7. Do you think England, France, Holland, Poland, etc., wanted a war?
8. Who do you think started this war?
9. If by any chance you think it was the Nazi butcher and his gangster colleagues, Goering, Goebbels, Hess, etc., then how inconsistent to say we, and England wanted it, when both did all humanly possible to avoid it?

etc.

10. Do you think or know that by germinating disunity in this country (though your intentions are probably 100% well founded in your own opinion, in the best interests of the good old U.S.A.) you are in reality causing a slight division of the Union? Do you not still believe that in unity there is strength? If not ask Hitler.

In my opinion the ⁰America First Committee might ~~be~~ more truthfully be called The Hitler Clubs of America. In fact in my travels I have observed that nearly all "imported" Germans are members of the America First Committee, and I wonder if there would be any America left to be first, if your ideas were carried out?

Respectfully and
obediently yours

AMERICA FIRST COMMITTEE

#100-922

9-10-41

William Castle, under Secretary of State in the Hoover Cabinet, and alleged master mind behind Lindbergh was added. Then Senator Wheeler and Senator Bob Taft. At the start this organization had a tremendous amount of money despite the claim that they never accepted more than \$1,000 from any one person. In the east, Thomas N. McCarter, former chairman of the Public Service Company of New Jersey, is one of the leading lights. He is the contact man for Joe Pew, millionaire Republican boss of Pennsylvania. Henry Ford is one of the biggest of this Committee, as is J. C. Hornell, millionaire Minnesota meat packer; Kathryn Lewis, the daughter of John L. Lewis, is one of the active members. For the Catholic element there is John T. Flynn, Father Coughlin, John O'Connors. Another man in the limelight is General Hugh S. Johnson. Others are Alice Roosevelt Longworth, Amos R. Finchot, former Governor of Pennsylvania and Lewis J. Faber. Secretly there is a tremendous Jewish group backing the America First Committee. This group has as its front the Guggenheim Foundation, and the Committee was quietly subsidized for tremendously large amounts of money. The Guggenheim interests have always fronted for Lindbergh.

America First was set up because of the hatred for President Roosevelt and its purpose is to do everything possible to embarrass him and the Army in the United States. Mrs. Wheeler, wife of the Senator, is bitterly anti-Semitic. She is a stockholder of the Chicago Tribune, and Colonel McCormick the Tribune owner, has as his stooge Harry Jung, head of the American Vigilante Intelligence Federation, and strongly pro-Nazi and anti-Semitic. Mrs. Wheeler, Harry Jung and Colonel McCormick are using America First as a sounding board for anti-Jewish propaganda. In this connection Father Charles E. Coughlin of Detroit and the Christian front organizations have just recently been officially welcomed into America First by General Wood, another stockholder of the Chicago Tribune.

America First has a lobby strictly anti-Roosevelt in Washington. This lobby is composed of William Castle and Alice Longworth, John L. Lewis and General Hugh S. Johnson. All are bitter enemies of the President. This group has figured out a way to reach the President with the most bitter attacks in the history of the world. The Hatch Act would not permit large political contributions to campaign funds, so this organization, America First, has its worst enemy in President Roosevelt and consequently anything he attempts, no matter what it concerns in respect to war, will be attacked by America First. In other words, this group is cooperating with every branch of anti-war groups such as the IRA, Christian front, Anti-British, Catholic group, German group and every pacifist group in the country.

This is one organization that will always have to be watched. From the Communist angle, William Castle has on his payroll William Sanger, a former Communist, Stalin school graduate. Sanger now receives \$250 a month and is located at Washington, D. C.

It must be remembered that America First has plenty of money back of it in General Wood, Mrs. Jeanette Ayer Fairbanks, Frank O. Lowden, Thomas M. McCarter, Edward L. Ryerson and Pew, who controls the Sun Oil Company in New York. The bitterness which Castle, John L. Lewis, Hugh Johnson

Pew, Colonel McCormick, Senator Wheeler and others has against Roosevelt is such that they would not deviate one inch in fighting everything that the President wants or attempts, and consequently the British suffer to a great extent."

July 7, 1941 Assistant Manager BLACK of the Perrine Building advised that a lease had been signed by a person by the name of COBB for the use of a room in the Perrine Building by the America First Committee. Mr. BLACK asked the party to the lease the nature of the business to be carried on and Mrs. DON LOHBECK replied that "our principal business will be keeping America out of war."

The Daily Oklahoman published an article on August 26, 1941 to the effect that the American Legion, Post #35 adopted a resolution requesting the City Council to deny the use of the Municipal Auditorium for a speech by Charles A. Lindbergh, speaker of the America First Committee. In a similar action the ENights of Pythias Lodge and the Oklahoma State Women's Ambulance and Transport Corps lodged formal protest against granting Lindbergh the use of the hall. The Daily Oklahoman on August 27, 1941 stated that the City Council voted to deny Charles A. Lindberg the use of the Municipal Auditorium. This article further states that the City Council's action came after several city organizations protested Lindbergh's appearance in Oklahoma City and rescinding order of T. T. JOYNSON, Auditorium Manager, permitting the meeting in the Auditorium. This article further reveals that Lindbergh notified the America First Leaders that he would speak on "air power" anywhere the appearance can be arranged. On August 28, 1941 the Daily Oklahoman published an article stating that the Sandlot Baseball Park 3200 N. W. 10th Street had been rented for the America First Committee's rally to be addressed by CHARLES A. LINDBERGH and BURTON E. WHEELER on August 29. On a day later, August 29, 1941 CARL J. STEWART, Managing Editor of the Daily Oklahoman and Oklahoma City Times published the following letter which was delivered to Charles A. Lindbergh upon his arrival in Oklahoma City August 28, 1941. The letter reads as follows:

"It has been announced that Friday you will speak in this community for the cause of isolationism. Of all the persons advocating this idea, you are perhaps its most persuasive sponsor. I think I have read carefully every press report of your recent utterances. Almost without exception, I find them negative. They abound in "shall nots" without, as I see it, offering any valid alternatives.

Perhaps in your mind there are alternatives. If that is the case you should, in all honesty and candor, state them also.

To focus your attention upon the gaps that appear to me in your platform for America, and doubtless to millions of other Americans, I submit to you the following 10 questions, together with my sincere recommendation that frank and responsive replies to them can hardly fail to serve

a very useful purpose at this time:

- 1 -- Did you not, prior to lend-lease express the conviction that Britain alone never can defeat Germany?
- 2 -- Did you not also publicly oppose the lend-lease bills?
- 3 -- If your answer to these questions is "yes" does it not necessarily follow that you would rather see a peace on Germany's terms, than to see the United States take any action to prevent such a development?
- 4 -- Do you think "Germany's terms" would be anything less than complete political and economic domination of the entire European continent?
- 5 -- Do you think such a peace would be tolerable to the United States?
- 6 -- Do you think a democratic western hemisphere could do business with a totalitarian eastern hemisphere on any other basis than slave-labor competition and an armed truce?
- 7 -- Would you, as an American, rather face the prospect of making and maintaining the United States as an armed camp for the next 50 years than to take any steps to help insure the defeat of Germany?
- 8 -- You said recently that as between Germany and Russia, you would rather see the United States allied with Germany. I assume this statement was made with due regard to the realities of the situation, and that it means that you would rather ally the United States with Germany against Britain, than with Russia against Germany. Is that your position?
- 9 -- Does your view of the course the United States should take in this world revolution arise out of a personal belief that democratic framework of government have been outmoded and that the only nations that will be able to compete in the world of the future must be organized as a totalitarian pattern?
- 10- --Are you prepared to recommend this view to the American people?

I await your reply when you are here Friday.

Sincerely
(Clark K. Stuart

W. H. "ALFALFA" BILL MURRAY, Former Governor of the State of Oklahoma introduced Lindbergh in a 15 minute address. Former Governor MURRAY said he was present at the meeting because he believed that in the Capitol city of his State the right of free speech was in danger and that he felt it his duty to attend. The writer attended the rally of the America First Committee on 8-29-41 at Sandlot Park in which CHARLES LINDBERGH and Senator BURTON K. WHEELER spoke on behalf of the America First Committee.

Following is the speech of CHARLES A. LINDBERGH as delivered in Oklahoma City, Oklahoma on August 29, 1941:

"As you all know, I stand with the men and women in America who oppose our entering this war in Europe. There are many reasons why I believe we should not enter the war. I have discussed these reasons freely and openly in articles and radio addresses during the last two years. I have said that I did not believe it was within our power to control the wars, or to solve the problems that have existed in Europe since European history began. I have said that we were not prepared to wage war abroad successfully at this time, and that we would not be prepared to do so for months if not for years to come.

I have said that our participation in this war would simply add to bloodshed and prostration in Europe, and bring confusion to our own country. I have said that the United States is strong enough and able enough to protect itself, and that we in America do not have to depend upon any foreign country for our security and welfare.

To these statements and beliefs, I hold as firmly today as I have at any time in the past. Developments since the war started have already partially proved them correct; and I think that by the time the war ends, you will find I have in no way misled you.

But tonight, I am going to lay aside the broader issues of the war, and talk to you about air power, its capabilities, its limitations, and its consequences. I have selected air power as my subject for two reasons: First, because of its great military importance; and second, because aviation has become a symbol of this modern, scientific and mechanized era in which we live. Germany has used aviation to change the entire technique of warfare both on land and on the sea. England is using aviation to strike back at a continent she is unable to invade. The American interventionists are using aviation to justify the occupation of Iceland, to prepare the way for an occupation of Africa, and to add to the general hysteria of the war. The capitalists are using aviation to make money, and the taxpayer is finding aviation a more and more expensive item on his bill.

I spent many years of my life surveying and laying out air routes in North and South America, and across the Atlantic and Pacific oceans. One of the greatest problems I encountered in those years lay in the difficulty of persuading people that aviation was actually a practical form of transportation; that, some day, this country would be spanned in a single night by passenger carrying air-liners -- and that, eventually, even the oceans themselves would be flown on regular schedule.

That was only a little over 10 years ago. Now I find myself in the novel position of arguing that aviation has certain limitations as have all of the other inventions of man. Ten years ago, I was trying to convince the government and the people of this country that transoceanic

passenger carrying was not only possible, but also practical. Today, I am trying to assure our government and our people that while trans-oceanic bombing is possible, it is not practical, and that the damage it could do on wartime standards would be slight.

I find the same people who scoffed at transatlantic air routes 10 years ago, now telling me that if the British empire does not win this war, the United States of America will be conquered by air invaders from Europe. They say that the world's two greatest oceans are no barrier to bombing planes, and that at any moment we may find trans-oceanic parachute troops raining down on the streets of our major cities.

Our own president has talked about air invasions by way of icecapped Greenland, and about others based on the jungles of Central and South America -- incidentally, at cruising speeds that are far higher than any racing plane has yet attained. Well, 10 years ago, those of us who believed in aviation set out to make this country "air minded." We seem to have succeeded, and now I suppose it is our job to get its feet safely back onto the ground. Now that we have become "air minded," our next problem is to learn how to operate aircraft to our best advantage.

But from what I say here, do not gain the impression that aviation has reached its ultimate development. It has still far to go both in commerce and in war. The bombing plane will become more destructive, the pursuit plane more effective, and the commercial plane more efficient than they are today. It is even possible that the discovery of new sources of energy will permit us to build rocket planes in the future which will outperform the mythical bombers of our present day politicians and interventionists. With unlimited energy available, one can conceive of speed limited only by the acceleration the human body can withstand. In that case, our descendants may some day accelerate halfway across the ocean, and "decelerate" the rest of the way across. If new sources of energy are discovered, the power of explosives will also increase. And then, in some future generation, fifty, or a hundred, or a thousand years from now, the United States may be as vulnerable to attack from Europe as England is today.

Now, I am sure that many interventionists will feel that since we may some day harness the atom and travel in rockets, we should go to war immediately to make the world safe for whatever system of government exists in that unknown and distant time. But I am among those non-interventionists who feel that we have enough problems to solve in our own generation; and that if our grandchildren insist on splitting atoms and building rockets, it must be upon their own responsibility. I believe that our generation will have accomplished its duty if we pass on to our children a free and independent American heritage that is not too greatly burdened with the debts of war. And so, for the present at least, I am willing to pass the atom and the rocket plan over to the interventionists, to hold in trust for generations of the future.

In discussing air power, we should start with the realization that man's conquest of the air will bring revolutionary changes to the entire

world, and that the changes which take place in one portion of the world are bound to affect in some degree all other portions. Whatever affects America affects Europe and Asia; and, conversely, whatever affects Europe and Asia is bound to have more or less effect on America.

Possibly we can appreciate the significance of air power better by considering the effect that sea power has had on the relationship and fortunes of nations. The comparison is not exact, but it is enlightening. And one must remember that aviation has developed as much in a generation as shipping developed over a period of centuries.

Now when great changes in methods of warfare take place, history shows that empires and nations fall, and other rise instead. The important problem for us in this country to solve, is how to turn the changes of this modern era to our advantage and how to avoid having them used against us. If we use air power intelligently, we can increase our national safety, add to our standard of living, and improve the quality of our civilization. But if we do not use air power intelligently, if we expose ourselves unnecessarily, if we fail to understand its limitations as well as its advantages if we allow some foreign nation to turn the developments of modern warfare against us we may find our national safety in jeopardy, and our standard of living far lower than it is today. In fact, air power if unintelligently handled, could bring the downfall of the very civilization which created it.

After a careful study of this problem, both in America and Europe, over a period of years, I was forced to the conclusion that France and England were not in a position to win a war against Germany, and that the dominant position in Europe had shifted from England, as a sea power, to Germany as a land and air power. The same study brought me to the conclusion that while aviation greatly strengthened our position in America from the standpoint of defense, it greatly weakened our position from the standpoint of attacking Europe.

I based these conclusions upon many observations and facts, there is not time to outline all of them tonight, but I would like to bring some of the most outstanding to your attention;

It was obvious, even before this war started, that air power made it costly, if not impossible, for naval forces to operate within effective bombing range of an enemy coast adequately protected by aircraft. This meant that troops could not be landed and maintained on any coast where an enemy had strong supremacy of the air. These facts have been confirmed by the results of naval and air battles off the coast of Norway, in the Skagerrak, in the North Sea, off the coast of Greece, and in the vicinity of Sicily and Crete. Wherever sea power and air power have clashed during this war, there is not a single instance where sea power has won.

It was obvious, before the war started, that Germany had by far the strongest air force in Europe, and that air power could strike across the English channel and behind the Maginot line, regardless of the strength of the

British navy or the French Army. These facts, too, have been confirmed by the developments of the war.

It was obvious that aviation, and the mechanization of ground forces, among other elements, placed Germany among others in a stronger position under Hitler than France was in under Napoleon.

It was obvious that England lay within idea bombing range of aircraft based on the continent of Europe, and that her sea lanes could be harassed both by submarines and bombing planes. German objectives, on the other hand, were farther removed from bases in the British Isles; so that even if England and Germany had equal numbers of fighting planes the advantage would still lie with Germany.

It was just as obvious that the great distance across the ocean placed America outside the effective bombing range of European aircraft, and that even if it were possible to establish European air bases in South America which I believe we can prevent, the United States would still be outside of their effective bombing range.

After I had traveled through the various nations of Europe and Asia, I came to the conclusion that there were two, and only two, great and natural air powers in the world at this time -- the United States, in the western hemisphere, and Germany, in the eastern hemisphere. I was convinced that neither was in a position to attack the other successfully across the ocean unless an internal collapse preceded an invasion. It seems clear to me that the quickest way for Germany to lose the war would be to attack America and that the quickest way for America to lose a war would be to attack Germany.

By way of illustration suppose we should follow the lead of the interventionists and enter a war against Germany. In that case, we must send the great bulk of our armies, and supplies, and fuel, across the Atlantic ocean on ships - ships that would have to be built, for there are not enough in existence today. The vulnerability of the shipping to bombing planes, raiders and submarines, has already been shown by British losses. Our convoys would be harassed in the Atlantic by Germany, and possibly in the Pacific by Japan at the same time. And under this harassment by bombing plane, raider and submarine we would have to find some way of forcing a landing, on a hostile coast. We would have to force a landing against the prepared positions of the same army and air force that broke the Maginot line and overcame the British, French and Belgian armies combined. We might easily find ourselves fighting, at one and the same time, the military forces of Germany, Italy, France, Spain, Japan and other nations, with the natural resources of Russia available to them. And it is not at all inconceivable that before this war is over, England herself may turn against us, as she has turned against France and Finland. Reasons are always found to justify whatever action a nation takes in time of war. It was no more improbable in 1939 that England would turn against Finland and France, than it is today that she will turn against us if

it becomes expedient to her welfare in the future. If you question my words now, I ask only that you read a history of the relationships between the United States and England during the last hundred and fifty years, and that you combine with this a re-reading of the pledges of everlasting loyalty that took place between England and France less than two years ago. If you will do this, I believe you will agree with me that we must depend upon ourselves and ourselves only, for our security in the future.

Now instead of following the lead of the interventionists, suppose we concentrate on our own defenses, as I have advocated, since long before this war began. I have maintained that if we attend properly to our own defense, no European or Asiatic power will dare to attack us; and that if we attend properly to our own affairs, none will desire to. But suppose that the fears of the interventionists come true, and we are attacked. In that case it would be our enemy, and not we, who would have to force a landing on a hostile coast. It would be our enemy, and not we, who would have to maintain supply lines across the ocean against the harassment of our bombing planes, our submarines, and our battleships. In that case, we could use our own aviation to the utmost advantage, concentrating it within a few hours at any point on our shores, and basing it on established and well-equipped air fields. If the British navy with its bases strung out from Alexandria to Scapa Flow -- if that navy with Gibraltar and Malta to assist it, cannot remain within bombing range of the European coast, then how can any navy, or any combination of navies, cross the ocean, and without a single base in this hemisphere, land an expeditionary force on American shores?

Instead of reducing the value of the Atlantic and Pacific oceans from the standpoint of our security, aviation makes them more important than ever before. Air power practically removes the danger of attack by sea; and the oceans themselves prevent effective attacks by air.

Let us take advantage of this fact. Let us take advantage of the changes that aircraft and this modern era bring to nations and to men. Let us use these changes to our advantage, and not permit them to be used against us. They can either strengthen our American independence, and add to the quality of our western civilization, or they can take us back into the endless wars and quarrels of the old world. The nation that makes use of these advantages will survive, and the nation which fails to understand them is certain to fall. The choice is the test of America, and the way of life we have built up in this new world.

We have the most perfect defensive position of any nation. We have highly developed industries, and an entire hemisphere full of natural resources. Here in America we have developed new standards of life and a new civilization; and our forefathers fought for the right to do so. Our entire national tradition is based on independence. Shall we now give up the independence we have won, and crusade abroad in a utopian attempt to force our

ideas on the rest of the world; or shall we use air power, and other advances of modern warfare, to guard and strengthen the independence of our nation; shall we sell our American birthright for the mess of pottage that is offered us in Europe and Asia today; or shall we preserve for our children the free and independent heritage that our forefathers passed on to us?

The America First Committee is an organization of men and women who stand firmly opposed to merging our future with that of any foreign land. We stand for a united nation behind an impregnable defense and an independent destiny for America. We stand for American traditions -- for the right of free citizens to meet, and to discuss the issues that confront their nation; for the right to know about, and to vote upon, the fundamental policies of our government. We stand for the right of those who will do the paying and the dying to also have a voice in the deciding.

If you stand with us, we ask you to join our committee. Our strength is growing in every section of the country. But we need your assistance here in Oklahoma. We need your assistance that freedom and independence and representative government, may continue to live in this nation.

Senator BURTON K. WHEELER reiterated his opposition to active participating in the present war and scorned alleged propaganda, "just like that used in the last war." Senator WHEELER attacked the action of the City Council and stated, "I am glad the people of this state don't feel about CHARLES LINDBERGH as your city council does. There isn't a more honest, decent, patriotic man in America." Turning to national affairs the Senator declared himself, "opposed to every kind of 'ism' except Americanism, even if you must call it New Dealism." WHEELER further declared "our boys would have to be sent to all parts of the world, to police India, China and other places and I am not in favor of sending American boys to die on the battlefields of Europe or Asia. If we go to Europe to save democracy again, we are likely to lose it in this country." Membership cards were distributed in this rally by the America First Committee, 408 Perrine Building, Oklahoma City, Oklahoma. On the back of this membership card are the principles of the local organization:

1. Our first duty is to keep America out of foreign wars. Our entry would only destroy democracy, not save it. "The path to war is a false path to freedom."
2. Not by acts of war abroad but by preserving and extending democracy at home can we aid democracy and freedom in other lands.
3. In 1917 we sent our American ships into the war zone and this led us to war. In 1941 we must keep our naval convoys and merchant vessels

on this side of the Atlantic.

4. We must build a defense, for our own shores, so strong that no foreign power or combination of powers can invade our country by sea, air or land.

5. Humanitarian aid is the duty of a strong, free country at peace. With proper safeguard for the distribution of supplies, we should feed and clothe the suffering and needy people of England, the other democracies and the occupied countries.

On August 30, 1941, LOUIS EVERETT McELROY, 3103 Ramsey Tower Building, Oklahoma City advised that he had been one of the members of the American Legion to appear before the City Council protesting the use of the Municipal Auditorium for use by CHARLES A LINDBERGH on behalf of the America First Committee. McELROY further advised that the City Council is composed of the following members:

A. P. VAN METER, JOE C. CAMPBELL, SALTY FULLERTON
HARLAN GERS, LEONARD H. DICKERSON, L. I. BAKER
PERCY JONES, G. A. STARK;

Mr. McELROY stated that Mrs. W.K. McKEEVER was the only person to appear before the City Council who spoke in favor of granting the use of the municipal auditorium to the America First Committee. McELROY further stated that Councilman JOE CAMPBELL inquired of all those persons who were protesting the use of this auditorium to LINDBERGH if they had considered the possibility of getting the situation reversed and of giving to LINDBERGH additional favorable publicity by denying him the right to use the auditorium. McELROY said that A. P. VAN METER, Councilman was opposed to LINDBERGH's using the auditorium because of the tenor of LINDBERGH's previous remarks which indicated a tendency toward subversive activities. A motion was made that the Mayor be instructed to deny the use of this Municipal Auditorium to LINDBERGH for the purpose of making a speech which might be considered subversive in nature. Mayor R. A. HEFNER, inquired as to whether the motion should be voted upon in secret or openly; since there was no reply to this inquiry Mayor HEFNER stated all those who would vote in the negative would signify their intention and since there was no indication of any negative votes being cast, Mayor HEFNER stated that all the votes would be cast in the affirmative to deny LINDBERGH the use of the municipal auditorium on the occasion of August 29, 1941.

TICE T. JOHNSON who had rented the auditorium was instructed to return the rental fee to the America First Committee, according to the statement that McELROY made. McELROY related that HERBERT K. HYDE, who is chairman of the America First Committee in Oklahoma City, Oklahoma is a republican seeking much publicity. McELROY further related that he had been secretary to former senator W. V. PINE of the State of Oklahoma and later

through the influence of PINE was made USA. McELROY recalled that HYDE as United States Attorney had prosecuted the URSCHEL case. Mr. McELROY believed that HYDE was radical in his ideas and had noted that he had been constantly opposed to the administration policies.

By letter of August 25, 1941, confidential Informant A advised as follows:

"A reliable source has reported that German groups around New York have received instructions to advise parents of men serving under the Selective Service Draft to tell their sons to prepare petitions to SENATOR WHEELER, protesting against their retention in the armed forces more than a year period. The suggestion is to have the men form groups or clubs for this purpose. Such petitions are to be sent to the PRESIDENT and Senator WHEELER. It is to be pointed out that the soldiers need not fear punishment for this, after what happened at Fort Dix where the General announced a pardon. (Presumably refers to newspaper statements by MAJOR GENERAL CLIFFORD POWELL, in command of the 44th Division, Fort Dix, N. J.) The groups meet in taverns in the prosperous suburbs around New York, in Westchester County and Connecticut. Active support for the AMERICA FIRST COMMITTEE is also advocated. It is known that the AMERICA FIRST COMMITTEE leaders are nervous over the shortage of operating funds, which has recently resulted in paid workers being laid off. The support of the German organizations and the funds they provide is therefore of vital importance to the AMERICA FIRST COMMITTEE and gives them prestige and power in this work.

That the AMERICA FIRST COMMITTEE is being used, consciously or otherwise, to do the work of German interests in obstructing the national defense effort is indicated by the above and other items of information. One of these items is that the GERMAN LIBRARY OF INFORMATION mailing list has been made available to the AMERICA FIRST COMMITTEE and used for their purposes."

On July 2, 1941 the Tulsa Tribune published an article which stated that DON LOHBECK scheduled a meeting for the Tulsa Chapter of the America First Committee at 8:00 pm July 11, 1941 in room 211 of the Albany Hotel. In this article it is further stated that LOHBECK had said that Senator GERALD P. NYE of North Dakota who had spearheaded the Committee's program of non-interventionist in the European war probably will come to Tulsa to address a mass meeting to be planned by the local committee. On August 21, 1941 Rev. O.A. PANKEY acting chairman of the America First Committee, Tulsa, attempted, with the assistance of W. S. FOULIS, to make arrangements with the Mayo Hotel for operations to contend a meeting of this committee, but such arrangements were unsuccessful. On August 25, 1941 the Tulsa Tribune published an article that CHARLES LINDBERGH might be booked for a peace lecture while in the state for his Oklahoma City address. This article further stated that Reverend PANKEY, Temporary chairman, advised: (1) The committee had abandoned efforts to secure a room in the Mayo Hotel for the meeting and obtained permission to use one of the district court rooms instead. (2) Disclaimed any intention of serving as promised chairman permanently for the America First Committee with the statement "I don't have time." In the article

Reverend PANKEY is quoted as stating that some forty Tulsans had been invited by telephone to attend the meeting which will be purposely for the business of electing permanent officers. The Tulsa World on August 26, 1941 published an article which stated that MACK SHRODES former republican Police and Fire Commissioner was elected chairman of the America First Committee, Tulsa Chapter, at a meeting at the court house Monday night. This article relates that only about 30 persons turned out for the meeting that out of these thirty, fourteen signed up for membership in the America First Group. In an article appearing in the Tulsa Tribune August 30, 1941 MACK SHRODES, Chairman, Tulsa America First Committee is quoted as saying he would like to secure Senator BENNETT CHAMP CLARK for a meeting in Tulsa on September 17. SHRODES is further quoted as saying in this article that CHARLES LINDBERGH and Senator BURTON K. WHEELER were invited to speak there but were forced to decline due to the other many engagements which they had. In the Tulsa Tribune on September 2, 1941 is an article which states that the America First Committee may stage a membership campaign in Tulsa on following up the cards signed at Tulsa meeting and by Tulsans at the CHARLES A LINDBERGH speech in Oklahoma City on August 29, 1941. This article also stated that MACK SHRODES, Committee Chairman will go over new organization records tonight with Mrs. ELLA GESSEL and EUGENIA POWER, Secretary and Treasurer. SHRODES is quoted further as stating that W. S. FOULIS, Chicago Secretary and Organizer would be here soon to help outline the committee's program.

b1 [redacted] whose identity has been previously furnished to the Bureau supplied the following information concerning the activities of the America First Committee in Tulsa, Oklahoma:

July 14, 1941 meeting of the America First Committee was held tonight at 8:00 pm in the Baldwin Methodist Church, 2200 Block on North Frankfort, with about 43 women and seven men attending. Among this group there were four men with the Reverend SMITH group and three men from the A.P.M. and later two married couples joined the group. DON LUBBOCK St. Louis organizer opened the meeting stating that his committee group had intended forming a chapter in Tulsa and raising funds to get the Hon. Senator WHEELER there for an open air meeting. LUBBOCK then introduced attorney MEAD of the Oklahoma City Branch. MEAD asked for funds several times and although no money was offered he reiterated his former statement that the "best insurance against further war is to finance this committee." Mrs. COOKE of the Tulsa Peace Council, Reverend PANKEY and Miss AMY COMSTOCK from the pro-American group not present. In all instances "they are out of town," with excuses. The literature distributed in these meetings was the usual type, carried in the general stock of the America First Committee.

b1 [redacted] that he had attended several of the A.P.M. meetings in New York and had been a delegate to the Emergency Peace Conference in Chicago last fall when the A.P.M. was organized and the reason for his not remaining with the A.P.M. was not the fact that they are too radical but that he had been offered a position with the America First Committee and told this as there is a direct livelihood while the A.P.M. was financially [redacted]

substantial at that time and it could not offer him even the most essential expenses while the America First Committee had the necessary finances to carry on. He further stated that there may be some communists even among the America First Committee and said that Oklahoma City has its share of this class of people and as long as they are not taking advantage of the general membership there is no cause to be complaining against them, and they will retain them as bonafide members as the America First Committee is not taking any responsibility for the many other activities of its members but only the peace angle. In further conversation LUBBOCK made specific mention of the CIO oil workers union, stating "I have had several minor conferences with Mr. HAYS on the Washington Side here and was promised that active cooperation directly from the union was impossible as they are divided on this peace conference but they are doing everything in their power to encourage and have memberships for joining our committee and I look for a satisfactory response among the oil workers." The meeting concluded at 10:00 pm with PERRINE remaining in conference with MEAD who had been invited by him to his home on their return from Bartlesville in order to further the interest of the Peace Tendency Movement. Even DON LUBBOCK seemed to take a great interest in this movement.

July 18, 1941.

A close search for DON LUBBOCK, Organizer for the America First Committee was of no avail because neither he nor MEAD were in town. Miss HOWARD said she was not contacted at all by them as promised and a call to Mrs. A. E. COOKE, President of the Tulsa Peace Conference disclosed that she had received a letter from LUBBOCK asking that she attend the meeting last Monday but she had a previous engagement and was not interested in the America First Committee. Mrs. FERGUSON the columnist for the Tulsa Tribune evening paper said through a telephone conversation that she will be willing to act as Chairman if Senator WHEELER will come and speak but she doesn't want to line herself in the open with any specific group. Mrs. FERGUSON further stated that while she is willing to work for peace she likes to do it through her own efforts and her column and not through the dictates of any organization.

Miss AMY COMSTOCK of the Womens American Group said that she is very busy in her own way and expressed herself as well gratified of the results of the Tulsa Tribune Peace Poll which showed that 85% of the population is against any open warfare with anyone. She said "This will give a little more leeway in coming out in the open and while I don't like the America First Group coming here and trying to steal the limelight I still maintain that we can well handle the situation as far as peace is concerned. We are sure that the working people are essential in any group or drive and we have prepared an appeal to the various labor groups for cooperation.

August 20, 1941.

After the announcement in the morning issue of the Tulsa World of the second effort to organize the America First Committee [REDACTED] called on Reverend PANKEY for an explanation as to why he was omitted from these [REDACTED]

ferences as LUBBOCK had requested that the A.P.M. members be present when selecting an executive committee. The Rev. PANKEY said, "There were no real conferences held so far except that he was called upon to act as chairman pro tem in the coming meeting" and the Reverend PANKEY said that "Reverend TETRICK and Reverend SMITH had accepted the honor to sit on the stage with me so that I will not look like the sponsor of this movement." PANKEY said that "Miss HOWARD agreed to act as secretary pro tem so that notes will be made and there shall be no hitch in stating the meeting and we certainly hope to get a larger crowd than we got in church on that Monday night and hope to have you there with the rest of the A.P.M. members."

b1
Later in the day [redacted] was about to get in touch with PERRINE to get a statement from him concerning the America First Committee and PERRINE admitted that he had been contacted last week by the group but not for the purpose of offering him some position in the executive committee but only for the purpose of getting a good speaker in Tulsa. PERRINE was asked to try and get one of the AMERINGERS from Oklahoma City to attend this meeting. PERRINE stated that he had first written his father and asked his advice regarding the America First Movement and got a very favorable reply. In fact, his father had urged him to turn all his power and influence to further this organization which is backing their "Pure Democracy Issue." PERRINE further stated that he went to Oklahoma City and found that OSCAR AMERINGER is still too ill to appear in any program while young AMERINGER (the son) is away from the city and is not expected back until the last of the month.

PERRINE advised that he had notified the Reverend TETRICK with whom he is on friendly terms of those conditions and was told that no speaker will be necessary, to get all the people to the meeting he can however, in order to make a showing and he promised even the B.I.A. to attend and has personally communicated with LARKIN and TOWNSENDITES groups to attend and got in touch with FROSS to urge the largest attendance possible at this important meeting.

Mrs. DORIS WEST came into the picture today with an announcement that she will attend the Oklahoma City Youth Legislature meeting on Labor Day and incidentally mentioned the America First Committee, the Rev. PANKEY as being holy pacifists, Rev. TETRICK as one who has no stand at all, Rev. SMITH as anti-semitic who has no peace stand at all and that Nazi sympathies are without bearing on the general peace situation. Mrs. WEST further announced, "If the American First Committee, including General WOOD has so many different aims among the leaders there is certainly no future for them and the names of those honest leaders whose sacrifices are holding up the committee are bound to fall when the crucial moment arrives." She also spoke of the A.P.M. mentioning the last release she had received from the national office urged that immediate material be sent to Russia to relieve the strain of the Russian production of war materials. This infuriated Mrs. WEST and she wrote to them to discontinue sending her material for distribution. She lauded, however, their efforts and would aid them in any way possible to

make a weak movement stronger in Oklahoma despite the protests of her husband who had resolved to give up all activities along these lines.

August 26, 1941.

The scheduled meeting of the America First Committee was held on the second floor of the county Court, Corner of 6th & Boulder with only the guests present which included 34 people of whom only nine were women. The Reverend PANKEY, GEORGE FOULIS, Special representative of the Chicago Chapter of the America First Committee and Rev. SMITH were on the platform when PANKEY opened the meeting explaining briefly that the America First Committee is exactly what the word stands for; namely to defend America first. PANKEY went into a lengthy history of his family, as well as his own personal history, making it look like an alibi for his presence at the meeting. He then introduced FOULIS who went into a lengthy explanation as to what the America First Committee stands for and what they have accomplished and stated that they earnestly hope to keep this country out of any foreign entanglements, including war. He eulogized LINDBERGH and WHEELER as those who are sacrificing their career and their futures in order to accomplish the aims of this committee. He then went into lengthy plea for support of this committee in Tulsa and finally asked for the nomination of a permanent chairman. Both Rev. PANKEY and Rev. SMITH who were nominated declined in favor of MACK SHRODES and promised support from them if he would accept the nomination which he did after a brief discussion with FOULIS. SHRODES made an acceptance speech expressing confidence in the movement and asking for cooperation for all those present. Included in the audience was RAYMOND ANDERSON, who butted into the speech that FOULIS made asking how the America First Committee stands on supporting the Russian Peace in defense of their country. FOULIS explained that they are for aiding all democracies in Europe and they would have no love for any Nazi, Fascist or any other didactic or dictatorial power, however, he sidestepped the real question of Anderson's. Very conspicuously the O.Y.L and the A/P.M. members have been absent from the meeting although Miss HOWARD said that all of them have been called on the telephone asking them to be present at the meeting tonight and that she expected about 50 people to be present all of whom she had called. The following permanent committee was elected:

MACK SHRODER, Chairman
MRS. GESSEL, Secretary
MISS HOWARD, Treasurer

Executive Committee

REV. SMITH
REV. TETRICK
GEORGE FERRINE

ED HOLSUM
JAMES MURDOCK
EDMOND FISHER

There was much discussion about going to Oklahoma City on Friday to hear the address by CHARLES A. LINDBERGH and a delegation was announced from this chapter to be accompanied by others who were willing to go. No comment was had from anyone present regarding this meeting and most of those present as shown had a rather optimistic view regarding the success of the

movement in Tulsa. There is some dissention existing already among those who have favored the America First Committee as the following statement will show. A fellow named JACKSON who has an insurance office in the Thompson Building, said, "I would have opposed the presence of Reverend SMITH at this or any other meeting of the America First Committee because he has been identified with the KKK and the Silver Shirts and every other radical movement including Anti-Semitism. Although I have no real love for the jews I don't try to persecute them and I don't go around preaching against them. In this case I don't think that Reverend SMITH at this or any other time should be included in any official capacity because that is going to hurt more than any good he may expect to do and I doubt that I ought to be in it with him."

Another fellow named PARKS expresses similar sentiments regarding this Reverend SMITH and PARKS added that he, SMITH, has been very anti-labor and that it therefore, will be hard to interest the laboring classes in this movement. PARKS further stated that the working men in the Tulsa District are determined to follow the lead of the City Administration which is far from being pacific or far from having any peace tendencies, for the population according to PARKS is strongly pro-British, therefore, it is going to be a real problem to put the America First Committee on the market there.

On August 30, 1941 at 7:30 pm there were 47 persons in the hall at a meeting of the Oklahoma Youth Legislature including four negroes; with the arrival of MACK SHRODES at 7:50 pm the meeting was called to order by BOB STONE with the introduction of four participants in the symposium. Miss DOROTHY MURDOCK, representative of the fellowship of reconciliation, was the first. GEORGE CHURCHILL, leader of the Bundles for Britian group was second. MACK SHRODES, Tulsa Chairman of the America First Committee was the third, and LENORE WOLFE, Executive Secretary of the OYL was the last speaker. MACK SHRODES, explained that he was not prepared to make an address but asked permission to read GEORGE WASHINGTON's address and asked those present to get a copy of it and read and study it and they would find that this country has no moral right to intervene in Europe's affairs. At this Oklahoma Youth Legislature meeting it was found that there occurred a heated argument regarding LINDBERGH and his recent Oklahoma City speech in which he failed to mention anything about the Nazis. MACK SHRODES now head of America First Group in Tulsa defended LINDBERGH, WHEELER and others claiming that their stand is the stand of the majority of American public, and reiterated the much publicized statement that 80% of the American public does not want any European intervention. He then left the meeting stating he had another engagement to keep.

The writer ascertained from KATHRYN MANTON, Secretary of the State's Office, Oklahoma State Capitol, Oklahoma City that the America First Committee is not registered, incorporated, or licensed in the State of Oklahoma.

JUNE 27, 1941

**Bombs May Fall
 On Us Tomorrow**

Read this thoughtfully! It isn't careless talk or hysteria or an irresponsible warning!

German "tourists" in the United States are this very hour devising ways of destroying our airplane factories in the East and West.

Our small towns, where vast quantities of vital aircraft accessories and parts are now under manufacture, are also of special interest to these Nazi "tourists."

Unquestionably there is one such Nazi "tourist" in our town, or in a neighboring community, where parts or other materials vital to America's defense are manufactured.

Tomorrow, German bombs may crash on Main Street America! That our Government believes this likely was made plain last week when anti-aircraft units were placed in position on airplane factory roofs and grounds in California and elsewhere.

Also last week, "The Aeroplane," spokesman for British aircraft manufacturers, revealed that German "tourists" in the United States were "exploring the possibilities of attacks on New York City, the Brewster, Grumman and Republic airplane factories on Long Island, the Glenn Martin Works at Baltimore, the Sikorsky works at Hartford, Conn., and other aircraft manufacturing centers. These plants now are under night-and-day guard—and the posting of these Army guards is no "practice maneuver."

This suggests very powerfully that, in the defense of our loved ones, our friends and our property, all of us whose eyes are open must unite immediately in this Fight for Freedom. We haven't a moment to lose.

Aside from organizing or joining our local Fight for Freedom group, we should immediately write or telegraph our Washington representatives, in both branches of the Congress, that the full protection of the United States as well as the Western Hemisphere demands immediate war upon Germany.

In the apt words of the Rgt. Rev. Henry W. Hobson, national chairman of the Fight for Freedom Committee, "the United States of America is in danger. Our people will disregard all petty differences in the face of the common enemy. That may mean occupation for the war's duration of the Azores, the Cape Verde Islands, the Canaries and Madeira Islands—or it may mean something entirely different."

Symbol of Freedom

Fight for Freedom Emblem

CINCINNATI, June (Special)—The new Fight for Freedom emblem, a flaming Torch of Liberty in the form of a red, white and blue enamel pin, will shortly be placed on sale throughout the country.

The pin was designed to dramatize the aims of the Fight for Freedom Committee, which has chapters in every section of the nation. The Committee is rallying support for "unity for victory" and "agreement among all Americans over the grave risks and sacrifices that lie ahead."

The Committee, whose national chairman is the Rgt. Rev. Henry W. Hobson, of this city, asked local chapters this week in all parts of the country to display the new emblem in local theatre and movie lobbies and at their own meetings, to the end of promoting the objectives which the Committee advocates. These include seizure for the duration of war of the Azores, Cape Verde Islands, the Canaries and Madeira Islands, if necessary. The Committee's unqualified policy is war on Hitler—now.

Local committee members, who have orders for the emblems, which come in a 3-inch size selling for \$2.00 and half that size selling for \$1.00, may obtain them by sending checks to the Fight for Freedom, Inc., 1270 Sixth Avenue, New York City.

**DON'T OBEY
 THE PRESIDENT,
 WHEELER HINTS**

Commander F. K. O'Brien of the U. S. Navy informed Senator Wheeler, via the POST that Army and Navy men are under oath to the President. The Senator hinted in a recent speech that the Army and Navy men might NOT OBEY conveying orders — to date he hasn't apologized to the ARMED FORCES for this implication of MUTINY or told the proper authorities, where he gets off to make such a reckless crack. — (Wisshell.)

IN TODAY'S NEWS

By H. BOND BLISS
 (Herald Staff Writer)

Dade County would get all your names and list your specialties — Such as shooting chutists (Nazi-Ed.) Personally we (Ed. note — Herald, Lindbergh, Laval, Lafollette & Co.) shall volunteer to operate a battery of typewriters — The typewriters you know, are more powerful than the bomber, although one would prefer to be hit with a typewriter. It does not explode in print.

Ships are being sunk on both sides and folks are going down into the deep—ALL OF THE SHOOTING IS NOT GERMANY.

We mourn the drowning of British; We shout in glee over the deaths of Germans and Italians.

H. Bond (Ignorance) Bliss, is either a damn clever, pro-Nazi propagandist or he is just a plain stupid little runt of a "man."

What do you think, dear reader—let me know, I'd appreciate it.

HITLER'S HENCHMEN IN AMERICA

This picture was taken in Germany in 1933 during the "Partei Kongress" of the National Socialist German Workers Party (Nazi)—the "Gentleman" to the left is Dr. Schnuch formerly "landes fucher" (leader) of the "Friends of the New Germany" now known as the Amerika-Deutscher Volkshundes — Dr. Schnuch is now a member of the Board of Directors of the Bund in New York — Second from the left is Fritz Gissible fugitive from justice. Former "Middle-Western" leader (Chicago) of the Efende i. e. Friends now the Bund — In reality Fritz Gissible with Dr. Ignary T. Griebler was the National Leader of the dreaded Gestapo—Fritz with his brother Peter participated in Hitler's Beer Cellar Putsch.

The Enemy is within the Gates! It is later than you think! Wake up before it is too late!

The Voice of the People

100 Per Cent For President

Editor The Herald: In regard to Mr. C. E. Strong's statement that the America First organization has finally arranged for a hall in which they can hold their meeting.

As for the hall, yes, it belonged to the Germania Corp., Inc. in former years better known as the German Society, and then Village Ball Room.

I myself was a member of the German Society and Germania Corp. for 11 years, served them as secretary and as a member of the Board of Directors, I want to state never at any time was Nazism brought up in our organization. So Mr. Strong is wrong when he calls the former Village Ball Room a hotbed of Bundsmen, even if he has lived just around the corner.

Although I am no longer a member of the Germania Corp., Inc. I sincerely praise that organization for what it stands for today. And all members of the Corp. will stand by our President 100 per cent in this emergency.

JACKSON LYTELL

OPEN LETTER TO THE PUBLIC

Dear Mr. & Mrs. Miami:
In answer to Jackson Lytell's letter to the Pro-Apperars official journal, let me point out that Mrs. Frank Fisher, a chamber maid in the Columbus Hotel is a full fledged "National Socialist (Nazi)" she is a member of the Executive Committee of the Germania Corp. and her man Frank is the PRESIDENT of the German Society—he is the president because no one else would take the job.

In the last Executive meeting of the Germania Corp., a motion was made to change the name of the Germania Corp.—OBJECTIONS were made by Mrs. J. Fisher chamber maid Nazi—Mr. Carl Freiberger of 4545 Collins Ave., M. B.—Gestapo Spy Mr. Von Tongen and Herr Ernst Reich, proprietor of a Nazi printing shop at 10 N. E. 7th St.

The name Germania will remain to enlighten the owners of the German Hall Bldg. at 420 S. W. 8th Ave.—formerly property of the Knights of the K. K. K. — The Order of the Moose is trying to take over the bldg.

Mr. Lytell we know Freiberger, Fisher, Diettle, Herman, Schnuscher, and we also know that they are the kind of citizens that speak with two tongues in the hollow of their mouths. Lytell—wake up.

The 32nd Asst. Editor.

X-Marks the Spot-- "They" Tell Me That

Sam Quapitrocchi, a New York Blackshirt is in Miami Organizing the local "Musso-Men" — his address — 771 N. W. 17th St.

Rumor has it that he is attempting to purchase some property, for Fascist meetings — will give you more dope on Quapitrocchi in the next issue.

Dr. Fuad Hanna prominent Miami physician, an Egyptian by birth — a resident of the U. S. for the past 22 years spoke before a White Front Rally some time back where he praised Hitler and condemned the Jews, some of those that attended the meeting were Blanchard II of Coral Gables, Mr. and Mrs. J. McGraw of Biscayne Islands, McCord of Coral Gables, a partner of W. G. B. Sr. — Holbrook & Prince Ganti Muroff.

Dr. Fuad Hanna attended the meeting dressed in a white suit—he spoke 20 minutes.

Mrs. McGraw (Lucy Cotton Thorpe) carried a pekingese; everytime Blanchard and Dr. Hanna opened their mouths the pekingese would bark.

Dr. Fuad Hanna has an office in the DuPont Building.

They tell me that:—
Gordon Otto, proprietor of Grill, 3629 N. E. 36th Street, loudly shouts his praise of Hitler — he also informs me that his business is dropping off.

They say that the Bus started at Richards Department Store like Katolicks and "Kikes."

Isn't Herr Ortlieb supremely happy that he lost out at the Lost Lake his Anti-Nazi surroundings.

One question we like to ask "friend" Wm. Gorn if he would like to go on the first boat to land to be with his beloved Kanden Adolf—what would he do if his wife born in the Jewish faith and his daughter, would he take along?

W. B. is connected with Carl Diettle of the Florida Sunland Corp.

Wouldn't the people who spent much money in the city when it was here in 1938, invite officers and crew to parties and cocktail "Saufereien" be very glad if they could find out the name of the "Oberrat" on board who made notices of all the names of the visitors and who voted for the "Anschluss" on board?

They tell me that Mrs. Whitman of Hotel Whitman has appointed Nazi Organizer Leo Helbach as her personal manager.

PUBLICATION OFFICE
2595 N. W. 62nd Street
Miami, Florida
Phone 7-6325

Convicted criminal, alien and gun smuggler, a man who on many occasions brutally slugged his employers with a sawed off baseball bat—recently released from the 'Big House' (Federal Penitentiary, personal friend and ex-advisor to "General" Wm. Blanchard II of the defunct Fascist White Front of Coral Gables, Willard Campbell is now attempting to organize a new racket—a racket based on racial and religious bigotries—His "Honorcratic" News, official organ of the Dade Honorcratic Clubs is open to Jewish merchants BUT his organization will not accept an American of the Jewish Faith.

Every Friday at his weekly veramlungs he can be seen sporting a brown shirt, brown trousers and a black four in hand tie — strikingly similar to Hitler's band of murderers S. A. Men.

Campbell has had ample opportunity to study Karl Marx, Hitler's Mein Kampf and the Life of Huey Long—during his variation in Atlanta at the expense of the Taxpayer—Government.

Bingo & "Religious" Revivals resorted to, to lure the unsuspecting working man into Campbell's Fascist-Nazi Bund—He is definitely a menace to society and if allowed to continue he will be directly responsible for the blood that will flow for his method and goal are the same as Unserer Fuehrer Adolf Hitler.

Stop him now, before he stops us.

A PATRIOTIC ESTABLISHMENT MANNING'S SEA FOOD GRILL

INVESTIGATOR

One day last week the German Society "Kaffeeklatsch" met, as usual, at Manning's for their weekly chat.

Frau Prince, the wife of the Paramount theatre film operator, likes to hear herself sing in her Mother tongue—many of Manning's patrons protested Frau Prince's German utterances to the Manager,—the manager then turned on the radio loudspeaker and drowned out the Frau's German Volk-Songs—Mrs. Henrietta Herman, Nazi Frau No. 1 of Greater Miami vigorously protested both to the manager and to Mr. Manning, prop. of the Grill — Mr. Manning informed the Nazi Frau Henrietta Herman that she had a lot of nerve telephoning him and that he agreed with the measures taken by his manager—

Mr. Manning also told Mrs. Herman that Mrs. Prince's songs may not have been Nazi Songs, BUT HOW WAS HE TO KNOW!

CAPT. FRITZ WIEDEMANN
Consul General in San Francisco
U.S. RAL No. 1

AMERICA FIRST CITIZENS COMMITTEE (SOCIETY OF AMERICANS) LEADER, T. B. MCCOUN ARRESTED, CHARGED WITH DRUNKEN DRIVING AND PASSING WORTHLESS CHECKS

Capt. Thos. B. McCoun, founder of the America First (Citizens) Committee now known as the 'Society of Americans,' bitter foe of the President's Foreign Policy was arrested on the 23rd day of November 1935, charged with passing a worthless check, his record follows:

No. 26172—Sex—M—Color W—
Name—Thos. B. McCoun.
Charge—Worthless Check
Arrested by Hardie
Time—10:41 A. M.—10-5-35
Warrant by—Theed
Approv. by—Theed

Warrant by—Allen
Tried by—Allen—10-23-35
RESULTS—\$5.00 and costs or 15 days
DISPOSITION—Paid \$23.39—10-23-35
McCoun, T. B.

Address—1814 S. W. 22nd Ave.

COURT HOUSE

Charge—Driving Drunk
Arrested by—Peterson
Time—2:55 P. M.—1-6-36
Released by Peterson in the custody of attorney Wm. Pruitt.
Order of County Solicitor—Hamel

This same race-track tout, moocher—drunk and CONVICTED worthless check passer are the type (tripe) that calls upon Americans to abandon the President of the United States, as did comrade Charles (Nazi Echo) Lindbergh.

A few weeks ago a full page advertisement was placed in the Miami Herald by Page Hufty, State Chairman of the America First Committee, the thing that interested most about the ad was the wording on the bottom of the page:

Paid for by Patriotic Miami Citizens, when in reality the check was drawn by Page Hufty of 330 Island Rd.—Palm Beach on the Union Trust Co. of Chicago, Ill.—Hufty, McCoun's friend, drew \$330.00 out of a fund of \$125,000.00 established by General Robert Wood, chairman of Sears, Roebuck and Col. McCormack of the Chicago Tribune, the "World's Greatest Nuisance."

We urge you to join the "6th Column—Fighters for Freedom and assist us in stamping out this racketeering Nazi Appeasers directed by professional politicians, would be big shots, confidence men, drunks and what have you.

IT IS LATER THAN YOU THINK!

Dear [Redacted]

This will acknowledge receipt of your letter of June 28, 1941, with enclosure, for which I am most appreciative.

Your kind offer of assistance has been noted with interest and I want you to know that you, as a civilian, can help by bringing to the attention of this Bureau any information which you believe of value concerning the internal security of our country.

Should you obtain possession of any such data, please feel free to communicate directly with Mr. R. G. Danner, Special Agent in Charge, Federal Bureau of Investigation, Department of Justice, 1300 Biscayne Building, Miami, Florida.

Sincerely yours,

John Edgar Hoover

Mr. Walter Winchell
Daily Mirror
235 E. 45 St.
N.Y.C.

Dear Walter:

The enclosed release, which I sent you, was not used, as I expected. Possibly you might want something like the following, Sunday night:

"Why are mailing lists of the recently dissolved 'America First' Committee still being used to circularize former members in New York? George C. Burro formerly active in the Committee, who now calls himself President of the Loyal Copperheads of America, has been sending out Christmas cards from the Copperheads to ex-members. (The Anti-Nazi League has protested to Attorney General Francis Biddle on the grounds that these lists are being used possibly to lay a groundwork for future guerrilla conflict on the propaganda front in America.)

"On the West Coast, the National Copperhead composed of followers of Charles A. Lindbergh, was founded and headed by Ellis O. Jones, a writer for the official organ of the Nazi Bund. Jones was recently freed by the F.B.I. after investigation. Even after the war, he made speeches attacking the President along his usual Nazi lines."

Here's something else you might want to use if the news from the Phillipines should be bad: Didn't the America First Committee say it was impossible for our territory to be invaded?.....

Rose Bigman told me that she was getting that letter I asked you for. I want to thank you most sincerely for it.

I hope you realize that my reason for not joining you is honestly because I feel so sure of being able to do a real job in Army or Navy Intelligence or Public Relations. I've concentrated on this anti-Nazi field for more than three years and it's almost as if I'd deliberately trained for propaganda activity when war broke.

I want terribly to get a chance to do what I know best.

I'm trying one more angle, having written today to Lt. Comm. Tuthill, explaining my background. I don't even know if he'll see the letter, of course, but I'm hoping.

If there is anything you can do (and this is the last time I'll bring it up) I would be eternally grateful.

Once again, my thanks for your past help.

Sincerely,

Joseph X. Kleinfeld

P.S. I just phoned Tuthill's office and was told that I may be able to see Liet. Deal this afternoon. (En)

INVESTIGATION OF USE OF "AMERICA FIRST"

MAILING LISTS ASKED BY NON-SECTARIAN ANTI-NAZI LEAGUE

Charging that mailing lists of the recently dissolved "America First" Committee are "still being used by some individuals and groups, possibly to lay a groundwork for future guerrilla conflict on the propaganda front in America", wired Attorney General Francis Biddle asking that he inquire into the disposal of "America First" mailing lists and institute an investigation of the "Loyal Copperheads of America".

The League is in possession of copies of a Christmas greeting folder printed with the signature the "Loyal Copperheads of America", headed by a former active "America First" worker. This folder was sent out during the first few days of this week as a Christmas greeting to former active members of the "America First" Committee in New York. Persons receiving this Christmas card, the League revealed, had been previously active in "America First", though never members of the "Copperheads".

The name "Copperheads" was adopted last fall by a group composed of followers of Charles A. Lindbergh. On the West Coast it is known as the "National Copperheads" headed and founded by Ellis O. Jones, a writer for the Deutscher Weckruf und Beobachter, now defunct organ of the German-American Bund, who was recently under investigation by the Department of Justice after he had made a speech, following the declaration of war, violently assailing President Roosevelt. The Deutscher Weckruf on several occasions urged its members to join the Copperheads. Copperhead literature was widely distributed at many "America First" meetings, earlier in the year.

Photostats of the card and envelope have been sent to Attorney General Biddle. Excerpts from the wire to Biddle follow:

"We respectfully urge that you institute an investigation of how the mailing lists of the now dissolved "America First" Committee were disposed of and in whose possession they now are. We have reason to believe that these lists are still being used by some individuals and groups, possibly to lay a groundwork for future guerrilla conflict on the propaganda front in America.

"Inasmuch as the Committee is supposed to have been completely

disbanded and dissolved by its leaders, we feel that an investigation at this juncture is called for. The Loyal Copperheads, headed by a former "America First" official, is composed of followers of Charles A. Lindbergh. On the West Coast, under the name of the National Copperheads, the group has consistently cooperated with open Nazis and is still active. Its founder is Ellis O. Jones, recently arrested and released by your Department. Jones, as you know, was a writer for the Deutscher Wochruf und Beobachter, the organ of the Nazi Bund, which, incidentally, on several occasions urged its members to join the Copperheads."

Note to Editor: A photostatic copy of the folder is available upon request.

[REDACTED]

On December 6, 1940, at a testimonial dinner of the Communist Party

[REDACTED]

[REDACTED] was the principal speaker and is reported as having attacked everything except the Soviet Union and its officials, denouncing HITLER as a dictator and calling President ROOSEVELT, Governor JAMES, Mr. KNUDSON of the O. P. M., CHARLES LINDBERGH, CHURCHILL, the Pope, and RICHARD FRANKENSTEIN all "HITLER stooges". He declared that Governor JAMES and President ROOSEVELT were acting as stooges when they sent troops to intimidate the strikers. He is further reported to have declared that the Communist Party would change its policy at any time it sees fit to defend the worker and that prior to the entrance of Russia into the war, it was an imperialist one incited by capitalists, but that the capitalists made a mistake in inciting HITLER to attack the Soviet Union. He indicated that the Communist Party would change its policy every day, if necessary, in order to provide a policy that was consistently for the worker.

THIS CASE ORIGINATED AT **OKLAHOMA CITY, OKLAHOMA**

FILE NO. **100-1179**

REPORT MADE AT OKLAHOMA CITY	DATE WHEN MADE 10-9-41	PERIOD FOR WHICH MADE 7-28; 9-1, 8, 15, 22; 10-2, 6-4	REPORT MADE BY FOREST F. BURGESS
TITLE ROSCOE DUNJEE, Editor, "THE BLACK DISPATCH".			CHARACTER OF CASE INTERNAL SECURITY - C

SYNOPSIS OF FACTS:

The Black Dispatch, published by ROSCOE DUNJEE in Oklahoma City, while not subversive in content, strongly parallels the policies and tenets of the Communist Party.

Details:

The Black Dispatch is published every Wednesday at 324 East Second Street, Oklahoma City, Oklahoma, by The Black Dispatch Publishing Company, Oklahoma City, Oklahoma, and lists as advertising representative, W. B. Ziff Company, Chicago, New York, Los Angeles, Rochester, Kansas City and Lagos, Gold Coast, Africa. The Black Dispatch is a member of the Associated Negro Press. While this publication cannot be said to be definitely subversive, since it would be obviously detrimental to its future to have such documentary evidence published. It is quite significant that its editorials and other articles strongly parallel the Communistic policies and tenets.

EX-6

ENCLOSURE
F190

FOR WEDNESDAY P.M. RELEASE....

Miss Gertrude Lawrence, star of "Lady in the Dark" has refused to accept a medal proffered by the Finnish government through the Finnish Relief Fund headed by ex-President Herbert Hoover because that government "is now the vassal of Nazi Germany", Fight for Freedom learned today.

Miss Lawrence sent a copy of her letter to the Finnish Relief Fund, Inc. to Bishop Henry W. Hobson. Her letter of refusal follows:

October 14, 1941

Finnish Relief Fund, Inc.
420 Lexington Avenue
New York City

Gentlemen:-

The Finnish Government, through your organization, has offered me a medal because I helped to raise money for the relief of the Finnish people in 1939--1940.

There are few things that I would rather have than a medal from those brave, simple folk. It makes me sad that I must refuse this offer made in their name, but in reality made by a Government which is now the vassal of Nazi Germany. For I cannot help being convinced that it is one more case in which the Government of a small country is being used by the Nazis in an attempt to make people of good will and humanity appear to endorse the actions of the Nazi regime. My creed has always been that expressed by my Prime Minister, Winston Churchill when he said, "Any man or state that fights against Nazism will have our aid. Any man or state that marches with Hitler is our foe."

Very truly yours

(signed) GERTRUDE LAWRENCE

* * * * *

Bishop Hobson commented: "I know how deeply concerned Miss Lawrence was with the ethical problems involved in making her decision. Her action is in decided contrast to that of Charles Lindbergh who has no scruples about keeping his Nazi decoration."

The offer of the Finnish medal came to Miss Lawrence through Ferrin C. Galpin, Secretary of the Finnish Relief Fund, in a letter sent on October 6th.

67D

AMERICA FIRST INC. AFFAIRS

To say that the international affairs of this organization were in a turmoil would be putting it mildly.

In The Chicago area the "Fight for Freedom Committee" has set up a pretty fine organization to fight America First. On one side we find Colonel McCormick of the Chicago Tribune, Harry Jung and the Dilling woman, and on the other side is Professor Albert Parry. The point is that the America First Committee is endeavoring to smear the Fight for Freedom group as being Communist. This has caused the America First group to search everywhere for any sort of evidence that they can find to belittle Parry and his cohorts.

In the New York area the situation is terrible simply because Lindbergh and Senator Clegg have started their open attack on the Jews. All of the Jewish money that was forthcoming to the America First has practically stopped and the suspicion is that about the only funds they are getting in from some big source possibly comes from Colonel Pew, the executive head of the Sun Oil Company.

It is understood that John T. Flynn, the New York leader among the Catholics and the America First, has served an ultimatum on the New York committee that if Lindbergh does not resign he will then resign the New York chapter chairmanship. Norman Thomas is reported to have given the National Committee two weeks for Lindbergh to resign or he will stop his talking.

100-24467-38

DEPARTMENT OF JUSTICE
INVESTIGATION

tour for the committee. Every Jewish group in New York from the very lowest has received instructions to "crack down" on America First, and this is going to cause a repercussion that may do more harm to the Lindbergh crowd than anything that has come up of late.

Dorothy Dunbar Bromley, the noted liberal writer, has resigned from the committee and now it appears as though Kathryn Lewis and Mrs. Burton K. Wheeler are really the whips of the organization. Flynn flew to Chicago and had a "rough-house show-down" with the National Committee last week, but as yet the committee has not changed its attitude in connection with Lindbergh.

(No mention
of Col.
Lindbergh)

[REDACTED]

[REDACTED]

[REDACTED]

In fact, so far as identifying German propaganda is concerned, the only precise effort is found in the issue of August 8, 1940, where certain passages from Col. LINDBERGH's speech are compared with selected excerpts from German short-wave broadcasts. Reference to a few of these comparisons indicates that there is necessarily some common ground on which conscientious students of current history are likely to meet. For example, we find the concept that the present conflict

'concerned the division of territory and wealth between nations'

contrasting with the concept that the war is a 'conflict of ideologies', to protect a 'way of life' common to England and the United States. Both of these conflicting views are old friends, at least to anyone who remembers the period from 1914 to 1917, the slogan to

'make the world safe for Democracy'

and the pitiful materialism of the Peace of Versailles. At all events, the present fortunes of the war are being availed of, at least, to adjust to the successful belligerent's ideas,

'the division of territory and wealth.'

Again, there is no way to prevent german propaganda agencies quoting Washington's advice to 'beware of foreign entanglements', or reminding us that that is a traditional American policy. We may resent their saying it at this juncture, but we should be fair to our own citizens who still believe it is sound advice, and apply it, irrespective of its implications.

Again, that America should put forward a peace program, as Col. LINDBERGH put it -

'a plan for the progress and protection of the Western civilization of which they and we each form a part'

has been a sentiment entertained by many of the most intelligent and active public men of our time, particularly those closely associated with international commerce.

Each of these concepts has, in fact, been woven into the fabric of Nazi propaganda from time to time. None of them has any permanent part in it, but may serve the purpose of introducing some argument, or combatting some Allied propaganda. When they have served their purpose, they will presumably be discarded without apology by the Nazi philosophers.
