"Who's Who in America," edited by ALBERT NELSON MARKUIS; --

"WILLIAM E. B. DUBOIS, editor and author was born in Great Barrington, Massachusetts, February 23, 1868 of negro descent, the son of ALFRED and MARY DUBOIS. He received an A.B. degree from Fisk University, Tennessee, in 1888. Subsequently, he attended Harvard University, where in 1890 he received his A.B. degree; in 1891 M.A. degree; and in 1895 his P.H.D. degree. He also studied at the University of Berlin. He was married to MINA COMER of Cedar Rapids, Iowa, May 12, 1896. Subject was Professor of Economics and History at Atlanta University from 1896 to 1910. He was director of publications of the National Association for the Advancement of Colored People and was Editor of the "Crisis" Magazine from 1910 to 1932. Further, he has been Professor of Sociology at the Atlanta University since 1932. He was also founder of the Pan-African Congress. Subject was author of the following: -- "Suppression of Slave Trade"- 1896; "Philadelphia Negro" - 1899; "The Souls of Black Folk" - 1903; "John Brown" - 1909; "The Quest of the Silver Fleece" - 1911; "The Negro" - 1915; "Dark Water" - 1920; "The Gift of the Black Folk" - 1924; "The Dark Princess" - 1928; "The Black Reconstruction" - 1935. Subject was also Editor of the Atlanta University, "Studies of the Negro Problem," from 1897 to 1911 and his home address was given as 210 West 105 Street, Atlanta, Georgia."

In an effort to ascertain the background of the subject before conducting an active investigation, a number of the copies of the "Crisis" Magazine were briefly reviewed, and it was noted that DUBOIS was Editor of this magazine, which is published by the National Association for the Advancement of Colored People, 70 Fifth Avenue, New York City, from 1910 to 1934. --

In the subject's writings in this publication, it appears that he leans to the writings and beliefs of the Socialist, also that he is impressed with the success of Russia and of Communism, but at the same time, he criticized the Communist Party of America. He constantly writes of racial discrimination and how his race is oppressed, especially in the South. He urged negroes to migrate to the North. Further, he believes that there should be social equality between all people, regardless of color, and, although he does not recommend marriage between the black and white races, he demands one's right to do so should he so desire.

It is noted that many of the thoughts portrayed in his writings have become the reported issues upon which the Communist Party of America have exerted their efforts to cause agitation among the negroes. DUBOIS from time to time sneered at those persons who branded the N.A.A.C.P. as being a Communistic-enforced organization.

In an April issue of the year 1931, in a postscript on page 39, subject spoke of his travels in Russia and Berlin and made the statement that he had friends who were representatives from Japan.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

Some of subject's later writings display that he has a kind of fatalistic acceptance of the basic condition as to the colored people as being unchangeable, and he now urges a negro nation within a nation, economically, not politically.

In a January issue of the "Crisis", year of 1920, on page 107, is the following notation: "Leave the black and yellow world alone. Get out of Asia and Africa and the Isles. Give us estate and town and section and let us rule them undisturbed. -- 1. Absolutely segregate the races and sections of the world. 2. Let the world meet as men with men; give justice to all, extend democracy to all, and treat all men according to their individual desert."

It was further noted that in the December issue of the above publication in the year 1920, DUBOIS praised GARBEY, the negro champion of the past who was one of the original organizers of the "Back to Africa Movement." Subject stated that he did not believe that GARBEY was dishonest, complimented him on his leadership but criticized his business methods.

[REDACTED]

It was also noted from a review of the above publication that DUBOIS resigned his position of Editor of the "Crisis" Magazine in June, 1934, at which time the N.A.A.C.P. stated that the writings of its Editor do not necessarily portray the views and opinions of the N.A.A.C.P. About this time, DUBOIS wrote an article regarding Segregation of the Races, which article the N.A.A.C.P. did not indorse.

In a recent investigation in this Office, the writer had an occasion to review a number of pamphlets distributed by the Communist Party in New York City and in a number of these copies, it was noted that the subject was severely criticized.

[REDACTED] on March 30, 1942 reported the following information: -- Subject was a member of the National Committee of the Civil Rights Defense Committee, a group organized to aid the followers of Trotsky tried for sedition in Minneapolis. This would indicate that subject is not a supporter of the Communist Party which opposed the defendants.

[REDACTED]

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

[REDACTED] He advised at that time subject was considered a radical, that he was Editor of the "Crisis" Magazine, and that to his knowledge this paper during the latter part of the war was denied the mail privilege. He recalled that one of the statements subject made at that time was that "The American officers spend more time fighting the negroes than the Germans."

[REDACTED] also furnished the following information in regard to subject: About the year 1892, the subject won a fellowship and went to Europe where he spent two years. He returned in 1894, at which time he taught at the Wilbur Force University, and also about that time he spent one year in the University of Pennsylvania, Philadelphia, Pennsylvania. Further, he was connected with the N.A.A.C.P. from 1910 to 1934 and in 1911 he attended a race congress that was held in London, England. He went on to say that subject was one of the permanent workers in racial problems and that after the war in 1918, he organized the Pan-African Congress, which held one conference in Paris, France and in 1927 met in New York City. This Congress was scheduled to meet again in Tunis, France, but the French stopped them, after which they attempted to charter a boat in order to hold the conference at sea but he does not believe that this materialized. [REDACTED] further stated that in 1927 two Russian impresarios, a man and a woman, came to DUBOIS to discuss his organization among the negroes. A German individual also accompanied them. As a result of this conference, subject visited Russia in 1928, where he visited such places as Leningrad, Moscow, Kiev, the Ukraine, and countries surrounding the Mediterranean. [REDACTED] further advised that he is of the belief that DUBOIS broke with the N.A.A.C.P. in 1934 due to disagreement over the defense in the Scottsboro case.

[REDACTED] subject also went abroad again in 1936, at which time he spent five months in Germany and two months in Russia. The purpose of this trip was to write a negro encyclopedia. About this time, subject was also reported to have traveled in China, Manchuria, and Japan. [REDACTED] has not heard of any subversive activities on the part of the subject, and he advised that today subject is a current writer in the Amsterdam New York Star News, a weekly colored paper published in New York City and that subject is considered to be more or less a conservative in comparison with the younger colored writers of today. His column under date of March 14, 1942 has been clipped. A copy is being furnished to the Bureau and a copy is being furnished to the Atlanta Field Division, as enclosures with this report. A copy is also being maintained in the New York files. This column is indicative of his writings of today.

The subject's business address, [REDACTED] New York City, referred to above, is the address of the building maintained by the N.A.A.C.P.

in which is published the "Crisis" Magazine. Identity was made of the [REDACTED] whose identity was not ascertained, and he advised that DUBOIS has not been with the N.A.A.C.P. for several years and is now teaching at some University in the South.

It was noted that subject's residence was given as [REDACTED] New York City, which is the [REDACTED] apartments, one of the largest apartment houses in the colored sections, comprising over five hundred apartments. An inquiry revealed that subject has not resided there for over two years. When he did reside there, he occupied two apartments. Inquiry at this address and also at the office of the publication, the Amsterdam New York Star News, revealed that subject is now located at Atlanta, Georgia, where he is Professor of Sociology at the Atlanta University.

AMSTER

As the Crow Flies

By W. E. B. DU BOIS

LISTEN, fellow white Americans.

Yes, yes, yes! We are going to do our bit. In this war as in others we will be neither slackers nor traitors. We are going to fight for this country, not because we think that it is always right, or always just, or even always decent.

Whatever this country is, it is because of our blood and our toil and our sacrifice; together with the help of some Americans and despite the hurt and hindrance of other Americans.

Dr. Du Bois

We fight not in joy but in sorrow with no feeling of uplift; but under the sad weight of duty and in part, as we know to our sorrow, because of the inheritance of a slave psychology which makes it easier for us to submit and obey rather than rebel. Whatever all our mixed reasons are, we are going to play the game; but listen, Fellow Americans, for Christ's sake stop squawking about democracy and freedom. After all, we are black men and we live in America.

Programs

I wonder if it isn't possible for Negro Americans consciously and clearly to set before themselves and at once follow three programs which always appear, disappear and re-appear among us and yet all are logical and rational and not contradictory. First, a program of immediate objectives, March, 1942: Admission into labor unions without discrimination; share of defense jobs; fighting all new appearances of racial discrimination; attacking the oldest and weakest of former discriminations, as, for instance, the denial of accommodations in Pullman cars, the denial of admission to publicly supported places of recreation; demand for equal pay in return for equal services. These and a half dozen other matters varying from place to place and from time to time are immediate demands which the American Negro should make. The movement to gain them ought to be put into the hands of young and energetic men and women, who are ready to sacrifice place, popularity and money in order to advance the interests of the Negro race. It is improbable that all these objectives can be reached within the next few years and all of them are worth trying for.

New Group Pressure

Second, group pressure and organization: This is a program of careful offensive and defensive organization. It should fight for effective and complete education even if that involves separate educational institutions. It fights for economic security and such a measure of economic autonomy as is necessary and possible in order to secure Negroes a decent income, so that they can support their own institutions. It would involve consumers cooperation and, wherever feasible, producers cooperation; racial business organization, racial institutions like churches and social settlements. It would look forward toward the organization of adequate recreational facilities, not simply for children but for youths and adults; organized social activity giving the opportunity for young people of marriageable age to meet under the proper circumstances and choose their mates by deliberation and not by sheer chance. The organization of homes and neighborhoods so as to be protected, not only from slum influences, but from race hate; and the encouragement of family life and the reproduction of an adequate number of children to maintain our present population.

All these we are doing with hesitancy and often lack of conviction. We are forced into these lines of effort by race prejudice and in our resentment against race prejudice we allow ourselves often to plan and organize poorly or not at all. This work should be carried on by the middle-aged group, liberal in education and thought, and fairly secure in their economic surroundings. It need have no quarrel with the young radicals. On the other hand, it can often furnish them sinews of war and advice, and in parts of their program it may be possible for them to share. Nevertheless, their main object is to put the Negro group today in a position of security and progress, whether or not that involves segregation and group loyalty.

in 1937 or 1938 she heard DUBOIS make a speech at Osaka, Japan. She stated that at that time DUBOIS was making a speaking tour of Japan and that he was widely heralded and advertised there as an American Educator. [REDACTED] advised that the address which she heard was made to an audience which was for the most part Japanese, that DUBOIS spoke in English, and that the speech was given to the audience through an interpreter. [REDACTED] stated that the drift of DUBOIS' talk was to the effect of his resentment in being a negro in America and that she gained some impression of a desire on the part of DUBOIS to unite the yellow and black races in opposition to the white race.

She recalled that DUBOIS said that the Japanese should be leaders in their part of the world and that he further said that "the negroes in America will extend to the Japanese in their leadership a weak but a willing hand". [REDACTED] advised that DUBOIS spoke at length of how the negroes in America had advanced in culture and in art and that he employed the general speaking device of flattering the Japanese on their culture and general ability.

[REDACTED] denied that DUBOIS made any such statement as that credited to him in referenced letter, namely, "that in the Japanese he saw the liberation of the negroes in America and that when the time came for them to take over the United States, they would have help from the negroes in the United States."

Speaking further of DUBOIS, [REDACTED] stated that she understood that he was a professor probably of psychology in a negro university in Atlanta, Georgia. She further stated that after the above discussed speech, she spoke personally to DUBOIS for the purpose of greeting him and at that time he told her that he was residing in Boston or New York and was teaching in Atlanta.

[REDACTED] further stated that several Americans in addition to her were present and heard instant speech, but she was unable to furnish their names.

Writings of subject in book "Dusk of Dawn", edited 1940, reflect mention of Japan's defeat of Russia as giving rise to fear of colored revolt against white exploitation. University where he has been a professor of Sociology for six years. His income is approximately \$4500 per year and his net worth is estimated to be several thousands of dollars. [REDACTED] the information was obtained that the subject was formerly employed by a newspaper in New York City for several years and returned to Atlanta six years ago. In June, 1936 he was appointed editor of the Encyclopedia "Negro" and since that time has been devoting a part of his time to compiling this encyclopedia. He has some income from that source but informants however do not know the amount.

He is highly recommended by his employers and is considered to be respectable and is said to own a home in Baltimore, Maryland at the address stated above.

[REDACTED] was contacted as to further information but was unable to offer same. He stated that he believed the subject to be a radical in his attitude on the racial and negro question. He also said that he had heard that the subject may have played a prominent part in the riot in Tulsa, Oklahoma several years ago in which a number of negroes were killed. He stated that it was discovered that the subject was headed to New York from Tulsa, Oklahoma the day after the riot occurred. He was unable to offer any information as to the subversive activities of the subject in Atlanta.

The following investigation was conducted by [REDACTED] in a memorandum submitted by him on September 18, 1942

in which he stated that he had contacted [REDACTED] and [REDACTED] had stated that the subject is a Professor at Atlanta University and is considered to be one of the most outstanding and prominent negroes in Atlanta. [REDACTED]

This informant also advised that the subject is frequently called upon by negro lodges and Civic organizations to make addresses, that he had heard him make several talks but had never heard him say anything which would indicate that he is subversive.

5 The subject according to this informant, while not a member of the Communist Party was one who was known to be in sympathy with the Southern Negro Youth Congress and who had contributed money to this Congress. The informant added that she had no definite information which would indicate that the subject knew the Southern Negro Youth Congress was dominated by Communists but she believed he would have such knowledge inasmuch as he is an intelligent man. This informant concluded that she would make a special effort to find out when the subject was to speak next and would be in attendance at his talk in an effort to ascertain whether he was spreading propaganda through his speeches.

In order to obtain some indication of the subject's attitude and tendencies in foreign sympathies the writer read parts of "Dusk of Dawn", a book edited by the writer in 1940. This book was copyrighted in 1940 by Harcourt, Brace and Company, Incorporated and is an essay toward an autobiography of a race concept. It also contains the writer's autobiography.

Information was contained in this book that the subject was born February 23, 1868 at Great Barrington, Massachusetts and that his ancestral family was divided into whites, blacks and mulattoes, most of them being mulattoes. The subject wrote and published a number of books from 1899 through 1940 most of which dealt with the problems of the negro race.

The following are quotations from the book, "Dusk of Dawn" edited by the subject on the date mentioned above:

On Page 232, "It is evident too that the defeat of Russia by Japan had given rise to a fear of colored revolt against white exploitation."

On Page 246, referring to the first world war, "Then came the refusal to allow colored soldiers to volunteer into the army; but we are

Possibly passive resistance of my twelve millions to any war activity might have saved the world for black and white. Almost certainly such a proposal on my part would have fallen short and perhaps slaughtered the American negro body and soul. I do not know. I am puzzled."

Page 266, Anti-Lynching bill, 1924, died with the filibuster in the United States Senate, "It was not until years after that I knew what killed that anti-lynching bill. It was a bargain between the South and the West. By the bargain, lynching was let to go on uncurbed by Federal Law, on condition that the Japanese be excluded from the United States."

On the other hand I believed and still believe that KARL MARX was one of the greatest men of modern times and that he put his fingers squarely upon our difficulties when he said that economic foundations, the way in which men earn their living, are the determining factors in the development of civilization and the basic pattern of culture."

Page 304, "The whole set of the White world in America, in Europe and in the World was too determinedly against racial equality to give power and persuasiveness to our agitation. Dr. Du Bois' 'Color and Democracy' Traces Path to Colonial Freedom

With the defeat of German Fascism, the colored and colonial question assumes decisive importance in the war against Japanese Fascism. Dr. Du Bois deals with this urgent problem in his new book reviewed by James W. Ford.

COLOR AND DEMOCRACY, Colonialism and Peace, by W. E. B. Du Bois. Harcourt, Brace and Company, \$2.00.

Reviewed by
JAMES W. FORD

DR. DU BOIS raises here one of the most crucial questions of war and peace. The colonial question assumes decisive importance for the prosecution of the war against Japanese Fascism.

Dr. Du Bois devotes the first chapter of his book to the unofficial negotiations of the big powers at Dumbarton Oaks and he says that the guiding purpose of that conference was to stop war by organization of the powerful nations on each "with varying histories and ideals" against

aggression. But, says Du Bois, "there sat at the Dumbarton

Oaks, fears, jealousies, and hopes: fears of renewed German aggression and Asiatic revolt; fears of postwar poverty and despair; jealousies of national rights and imperial power and hopes for eventual peace and progress." Here also is the crux of the colonial question.

The representatives of imperial powers at Dumbarton Oaks should give serious consideration to the solution of the colonial problem. But they did not. And it was taken over into the San Francisco conference in a way that aroused the fears of colonial peoples. If the colonial peoples are not to hold to their fears of imperial policy then these big imperial powers should prove in practice that the basis for these fears are to be removed.

The experiences of the past cannot be easily removed from the consciousness of colonial peoples. "In the latter part of the nineteenth century," writes DuBois. "China was at the point of being definitely divided into a group of European colonies." Spheres of influence had been laid out by the great powers including the United States. Western imperialism tended to nudge Japan out of partnership in this enterprise. "When this imperialism," says Du Bois, "made common cause with dictatorship in Germany and Italy, the world war was inevitable." Here Du Bois places the question in the province of imperialistic policy and raises one of the main contradictions between imperialist states that has led inevitably to war, namely, rivalries for division of colonial countries and military aggression against their national movements.

Tory Policy

With the defeat of German fascism in Europe, the war against the Japanese Fascists in the Far East comes head on with colonialism. And when Mr. Churchill clings to his tory policy of not relinquishing colonies; or when Dutch imperialism tenaciously holds on to hers; or when the discussion around trusteeship over colonies at San Francisco showed definite trends in the direction of big imperial powers holding on to domination over colonial peoples—then these people, understandably, do not find their enthusiasm for the war increased.

"The majority of the inhabitants of the earth," says Du Bois, "who happen for the most part to be colored, must be regarded as having the right and the capacity to share in human progress and to become co-partners in that democracy which alone can ensure peace among men, by abolition of poverty, the education of the masses, protection from disease, and the scientific treatment of crime."

Independence and democracy for colonial people can be achieved in our time, providing we live up to the Moscow, Cairo, Teheran and Crimean agreements.

W. E. B. DuBOIS

America was once a colony. She achieved independence and arose to nationhood during the period of the revolution of the 18th century, the classical period of the rise of nations. But these nations that rose on the basis of the rise of capitalism, after completing their development as nations, began to oppress other nations. And it seemed, until and with the advent of fascism that backward peoples and colonial countries would never be permitted to take the path to full nationhood.

But now German fascism, the spearhead of imperialistic destructions of nations, has itself been destroyed. Japanese Fascism is next on the order of the day, and providing we defeat this fascism as decisively and with the same object in view and root fascism out of the world, colonial peoples can take the path of independence and national existence.

Foreign Minister Molotoff made this point perfectly clear at San Francisco when he introduced an amendment to the discussion on trusteeship calling for independence for colonies. He added that he would be pleased to see India independent now.

DuBois points out the disadvantages which have been the lot of colonial peoples under imperial-

extraordinary unity of effort and enthusiasm for its ideal."

If Soviet Russia has solved the problems of nationalities, Britain and America although they have an entirely different ideology than the Soviet Union can grant, through the further unfoldment of bourgeois democracy which was the basis of the foundation of these states as nations, the right of self-determination to colonies, which is a democratic right.

Grand Alliance

The Crimean conference, which further consolidated the grand alliance of the three Allied powers, is the basis for this perspective. Dumbarton Oaks, says Du Bois, is the latest endeavor in the government of mankind from the "Double Crown of Egypt, the Achaean league, the Holy Alliance and the League of Nations" to the world organization of the United Nations in 1945.

This grand alliance can go down in history as a memorable milestone in the road to ensuring world peace and security, providing it takes the path also of independence, cultural and economic advancement of colonial peoples and countries.

Does this mean that imperialism no longer exists? Of course not. But the coalition that was formed at Yalta has proved that nations and peoples with different ideologies and high and low degrees of social and economic development possess the will and the ability to remove differences of opinion and adjust their relations with undeveloped countries so as to settle questions in the spirit of mutual understanding and concerted action to advance civilization. This can be done, however, only if the democratic forces combat those forces who are trying to frustrate the world organization and who are trying to alter the Crimean decisions in the direction of imperialist policy.

Dr. Du Bois has done a masterly job. He has made an important political contribution to the thought of our time. His book is divided into seven chapters, viz., 1. Dumbarton Oaks, 2. The Disfranchised Colonies, 3. The Unfree People, 4. Democracy and Color, 5. Peace and Conflict, 6. The Riddle of Russia, 7. The Mandates.

in two directions, viz., 1) by Britain and America where capitalist relations exist, reaching agreement with the Socialist system where nations have achieved liberty and freedom so that they can get along together in the world, and 2) by adjusting the points of conflict between them and the colonial peoples so as to eliminate features of colonial oppression which are inherent in fascism and in the old imperialist policy.

Potent Factor

The most notable chapter in Du Bois's book is the one where he shows the Soviet Union to be a potent factor in solving the problems of peace and the advancement of common people. "There is no doubt," says Du Bois, "that thinking and working people see in Russia the greatest hope of the future."

"From a land noted for its fierce and brutal anti-Semitism and for other racial antagonisms and tensions," he adds, "it has become today a community of two hundred, more or less, adverse groups of people speaking different languages, with different heredity and to some extent clashing ideals, bound together in an ex-

ism. And he adds that limited cultural advances hold the hope for further adjustments because "the world believes in democracy, and is fighting a war of incredible cost to establish democracy."

The basis for the world travelling the path to full freedom and independence for colonies lies

In chapter 4 he discusses the effect which the disfranchisement and oppression of the American Negro play in this world picture. Du Bois is eminently qualified by experience and understanding as well as being a recognized spokesman of colored people to make his contribution to a solution of the world problem of colonies.

From whence flows this understanding? Du Bois does not profess to being a Marxist and there is much that could be added to give a rounded out Marxist interpretation of the facts he has adduced to the discussion. What is inherent in Du Bois' contribution is the struggles and position of the Negro people as an oppressed group in the very center of the greatest capitalist country in the world. It flows from the fact that the Negro workers have become an inseparable part of the labor movement in America and that they have brought into the Negro peoples movement as a whole the methods and basic current of the labor movement in world affairs.

Of all oppressed peoples of comparable size, the Negro people speak and think in the language spoken by the largest combination of peoples who have developed modern industrialism. All the advanced thought of the world is made available to them in the English language.

Through their leaders, and first of all of labor leaders, and through their struggles they are playing a role which not only affects their own position here in America, but they are contributing to the solutions of the problems of colored and colonial peoples throughout the world—and also therefore to the world problem of peace and progress.

A vehement attack on the Gov-
ernment of the United States as
the only one in the world that
wanted war, and on the Repub-
licans and Democrats for their
"bipartisan policy of war" was
made last night by Dr. William
E. B. Du Bois, American Labor
party candidate for United States
Senator.

Dr. Du Bois addressed 1,500 per-
sons at a campaign rally in the
Golden Gate Ballroom, Lenox Ave-
nue and 142d Street. Much of
his long speech was devoted to a
social history of Harlem as the
focus of Negro progress in the last
hundred years. Dr. Du Bois made
a reputation as historian and writ-
er before becoming active in leftist
politics.

"Of all nations today," the 80-
year-old professor charged, "the
United States alone wants war,
forces other nations to fight, and
asks you and me to impoverish
ourselves, give up health and
schools, sacrifice our sons to a
jim-crow army, and commit sui-
cide for a world war that nobody
wants but the rich Americans who
profit by it."

With a scornful reference to
Gen. Douglas MacArthur, Dr. Du
Bois declared: "Let us stop the
antics of the Wild Man of Tokyo
who is determined of his own will
to fight China and Russia, and the
Eisenhowers who declare openly
we can lick the world."

Paul D. Ross, A. L. P. Mayoralty
candidate, told the meeting that
when he served at City Hall the
facts concerning police graft were
an open secret. He called for a
special session of the Legislature
and demanded that Governor
Dewey order a new "Seabury in-
vestigation."

John T. McManus, Labor party
candidate for Governor, attacked
the legislative record of Walter A.
Lynch, the Democratic candidate,
as anti-labor. He said there was
as much chance of getting civil
rights out of Governor Dewey "as
you would get out of voting for a
Halloween pumpkin head."

Background

The 1937 issue of "Who's Who in America", edited by ALBERT NELSON MARKUIS, reflected the following information regarding the background of DuBOIS:

WILLIAM E.B. DuBOIS, editor and author, was born in Great Barrington, Massachusetts February 23, 1868 of negro

descent, the son of ALFRED and MARY DUBOIS. He received an A.B. Degree from Fisk University, Tennessee in 1888. Subsequently he attended Harvard University where, in 1890, he received his A.B. Degree; in 1891, his M.A. Degree, and in 1895, his Ph.D. Degree. He also studied at the University of Berlin. He was married to NINA GOMER of Cedar Rapids, Iowa, May 12, 1896. He was professor of Economics and History at Atlanta University from 1896 to 1910. He was Director of Publications of the National Association for the Advancement of Colored People and was Editor of the "Crisis" Magazine from 1910 to 1932. Further, he has been professor of Sociology at the Atlanta University since 1932. He was also founder of the Pan African Congress. DuBOIS was author of the following: "Suppression of Slave Trade", 1896; "Philadelphia Negro", 1899; "The Souls of Black Folk", 1903; "John Brown", 1909; "The Quest of the Silver Fleece", 1911; "The Negro", 1915; "Dark Waters", 1920; "The Gift of the Black Folk", 1924; "The Dark Princess", 1928; "The Black Reconstruction", 1935. DuBOIS was also editor of the Atlanta University "Studies of the Negro Problem" from 1897 to 1911, and his home address was given as 210 West 105th Street, Atlanta, Georgia.

[redacted] of known reliability, furnished the following information in regard to the subject:

About the year 1892, DuBOIS won a fellowship and went to Europe where he spent two years. He returned in 1894 at which time he taught at the Wilbur Force University, and also about that time he spent one year in the University of Pennsylvania, Philadelphia, Pennsylvania. He was connected with the National Association for the Advancement of Colored People from 1910 to 1934 and in 1911 he attended a Race Congress that was held in London, England.

Informant stated that DuBOIS was one of the permanent workers in racial problems and that after the war in 1918 he organized the Pan African Congress, which held one conference in Paris, France and in 1927 met in New York City. This Congress was scheduled to meet again in Tunis, France but the French stopped them, after which they attempted to charter a boat in order to hold the conference at sea.

Informant stated that in 1927, two Russians, a man and a woman, came to DuBOIS to discuss his organization among

the negroes. As a result of this conference, DuBOIS visited Russia in 1928 where he visited such places as Leningrad, Kiev, Moscow, the Ukraine, and countries surrounding the Mediterranean. According to the informant, DuBOIS also went abroad again in 1936, at which time he spent five months in Germany and two months in Russia. The purpose of this trip was to write a negro encyclopedia. Informant stated that about this time DuBOIS was also reported to have travelled in China, Manchuria and Japan.

The "Daily Worker" of June 28, 1950, page 8, column 1, carried an article which reflected that "Mrs. NINA GOMER DuBOIS, wife of W.E. DuBOIS, outstanding negro scholar and fighter for negro rights, died in Baltimore yesterday after a prolonged illness. Mrs. DuBOIS was 80 years old and is survived by her husband and her daughter, Mrs. YOLAND D. WILLIAMS."

Communist Activities

[REDACTED] of known reliability, advised in September 1942 that the subject is frequently called upon by negro lodges and civic organizations to make addresses, and that informant has heard the subject make several talks but had never heard him say anything which would indicate that he is subversive. The subject, according to this informant, though not a member of the Communist Party, was one who was known to be in sympathy with the Southern Negro Youth Congress and who had contributed money to this Congress. The informant added that there was no definite information which would indicate that the subject knew the Southern Negro Youth Congress was dominated by Communists, but believed he would have such knowledge inasmuch as he, DuBOIS, is an intelligent man.

The Southern Negro Youth Congress has been designated by the Attorney General as coming within the purview of Executive Order 9835.

On page 302 of the book "Dusk of Dawn", edited by the subject in 1940 and copyrighted in 1940 by Harcourt, Brace

& Company, Inc., the subject states: "I am not and was not a Communist. I do not believe in the dogma of inevitable revolution in order to right economic wrong. On the other hand, I believed and still believe KARL MARX was one of the greatest men of modern times and that he put his finger squarely upon our difficulties when he said that economic foundations, the way in which men earn their living, are the determining factors in the development of civilization and the basic pattern of culture".

On page 320 of the same book, the subject states, in referring to the basic negro creed: "We believe in the ultimate triumph of some form of Socialism the world over; that is, common ownership and control of the means of production and equality of income".

The "New York Times", New York daily newspaper, of June 27, 1947, page 11, columns 4, 5 and 6, carried an article with the caption "DuBOIS Declares Socialism a Haven". This article states that "Dr. W.E.B. DuBOIS, editor and educator and one of the founders of the National Association for the Advancement of Colored People, told 1,000 delegates this morning that Socialism and the United Nations were the only hope for the backward races of the world with which, he said, the American negro is by economic position closely allied".

[REDACTED] of known reliability, advised on June 5, 1947 that DuBOIS was to be a speaker at a public meeting under the auspices of "Mainstream", to be held at Manhattan Center, 311 West 34th Street, New York City, on June 11, 1947.

The California Committee on Un-American Activities, report of 1947, page 106, and report of 1948, page 340, stated that "Mainstream" was a Marxist quarterly launched by the Communist Party in January 1947 for the avowed purpose of stimulating "Marxist thinking in literature and the creative arts". It later merged with "New Masses", the weekly journalistic voice of the Communist Party, and is often referred to as "Masses and Mainstream".

Party. Informant stated that [REDACTED] was very "mad" because he thought DuBOIS was a very poor choice for the reason that he was a member of the Communist Party. ✓

[REDACTED] ^C of known reliability, advised that [REDACTED] was a member of the Communist Party under the name [REDACTED]

[REDACTED] is the American Labor Party and the American Labor Party was cited as a Communist front organization by the House Committee on Un-American Activities on March 29, 1944.

[REDACTED] ^C advised in October 1948 that DuBOIS was going to make a recording in French to be flown to Paris where it would be played at a big meeting in Paris, at which meeting the twelve indictees would be given central consideration. The twelve indictees refers to the twelve Communist leaders of the Communist Party, USA who were indicted in New York City in 1948 for violation of the Smith Act.

[REDACTED] ^C advised on August 31, 1948 that W.E.B. DuBOIS was a sponsor of a statement entitled "The First Line of Defense", which was sent to the President and the Attorney General of the United States and which stated, "We strongly condemn your hysteria-breeding arrests of national leaders of the Communist Party". Informant stated that this statement had been running as a quarter page advertisement in all the negro weekly newspapers in New York City during the month of August 1948.

On October 14, 1948, [REDACTED] ^C advised that, "DuBOIS is a Communist at the present time and I think that this was quite recent. I know the Communists were certainly interested in him".

[REDACTED] ^C of known reliability, an agency which conducts security investigations, advised on December 31, 1948 that DuBOIS has been associated with many

5) First Line of Defense. According to Confidential Informant T-6, of known reliability, the First Line of Defense is apparently a Communist Party front as names of the listed sponsors are some well-known Communist Party workers and organizers. 6) American Committee for Protection of the Foreign Born.

7) Citizens Committee to Free EARL BROWDER.

8) Friends of the Soviet Union.

The informant further stated that the subject is a contributor to "Soviet Russia Today" and was on the editorial staff of "New Masses".

"Soviet Russia Today" was cited as a Communist front by the Un-American Activities Committee of the House of Representatives on June 25, 1942 and again on March 29, 1944.

[REDACTED] of known reliability, advised that in his opinion the Cultural and Scientific Conference for World Peace was a follow-up on the World Congress of Intellectuals held in Wroclaw, Poland in August 1948, and that these conferences were part of a world-wide Communist-inspired "peace" propaganda campaign.

The "Amsterdam News" of May 21, 1949, page 3, column 1, carried an article which states that Dr. W.E.B. DuBOIS, who was present at the World Peace Conference in Paris at the time PAUL ROBESON made his much-publicized "would go to war against the Soviet" statement that he found it unbelievable that American negroes would go to war against the Soviet Union, issued a statement outlining his attitude on the famed singer's remark. DuBOIS stated, "I agree with PAUL ROBESON absolutely that negroes should never willingly fight in any unjust war. I do not share his honest hope that all will not. A certain sheep-like disposition, inevitably borne of slavery will, I am afraid, lead many of them to join America in any enterprise provided the whites will grant them equal rights to do wrong".

The Third Session of the Permanent Committee of the World Peace Congress was held in Stockholm, Sweden March 15 to 19, 1950 and approved an appeal regarding the prohibiting of the use of an atomic weapon as an instrument of aggression.

BENJAMIN J. DAVIS read a message to ROBESON from Dr. W.E.B. DuBOIS, Vice Chairman of the Council on African Affairs, who was travelling in Europe after attending the world peace meeting in Prague. This message was:- "All Europe longs to hear your voice. Your picture was in the streets of Prague. Never say die".

The "Daily Worker" of July 24, 1950, page 3, column 3, carried an article which stated that more than one hundred American negro leaders yesterday joined in denouncing American intervention in Korea as part of an attempt to have "the United States replace Europe in the enslavement of Asia and Africa". The article states that the statement was drafted by Dr. W.E.B. DuBOIS and was sponsored by the Council on African Affairs.

advised on June 23, 1950 that W.E.B. DuBOIS was a nationally known negro educator and writer. He stated that although on friendly terms with the Communist Party for a number of years with the Communists making great efforts to win his sympathies and support, Dr. DuBOIS actually joined the Party about 1944. Informant stated that he was advised of this fact by [REDACTED]

Chairman of the Council on African Affairs, left for Prague, Czechoslovakia to attend the Executive Committee of the World Congress of Defenders of Peace.

The "Amsterdam News" of September 23, 1950, page 27, column 8, carried an article which reflected that Dr. W.E.B. DuBOIS, Vice Chairman of the Council on African Affairs and candidate of the American Labor Party of New York for the United States Senate, was, on September 15, 1950, voted a life membership in the American Association for the Advancement of Science. This article stated that Dr. DuBOIS had been a member of this association for fifty years.

[REDACTED] of known reliability, advised that the American Association for the Advancement of Science was characterized as the most important scientists' organization in the United States and had assailed President TRUMAN's "loyalty program" as "basically objectionable" for prying into persons' minds instead of concentrating on overt acts. Informant stated that this criticism was incorporated in a report drafted by the Committee on Civil Liberties of the American Association for the Advancement of Science. The informant stated that the principal objective of the committee is to ascertain all available information concerning procedures and situations in the United States Government service which are likely to affect scientists or scientific activity and, if possible, to recommend improved procedures.

The "Daily Worker" for August 25, 1950, page 2, column 1, carried an article which stated that Dr. W.E.B. DuBOIS, Chairman of the Peace Information Center, branded as a "fantastic absurdity" the Justice Department's demand that the peace group register under the Foreign Agents Registration Act.

The New York "Amsterdam News" of August 25, 1950, page 2, column 2, carried an article which reflected that Dr. W.E.B. DuBOIS was barred from speaking at the Morgan State College on June 6, 1950. President JENKINS of Morgan State College stated that DuBOIS' speaking engagement was cancelled because "your appearance with PAUL ROBESON at the recent World Peace Congress in Paris and your failure to condemn his treasonable statement at that meeting have linked you publicly with the Communist movement in this country and we are withdrawing our invitation".

[REDACTED] advised on August 29, 1950 that Dr. W.E.B. DuBOIS was listed as Chairman of the Peace Information Center, with offices at 23 West 26th Street, New York City.

The "Daily Worker" of September 7, 1950, page 4, column 1, carried an article which reflected that W.E.B. DuBOIS was nominated for the United States Senate on the American Labor Party ticket.

The "Daily Worker" for September 19, 1950, page 2, column 4, carried an article which reflected that Dr. W.E.B. DuBOIS was one of ten negro leaders who urged Supreme Court Justice ROBERT JACKSON to grant the petition of the ten Communist leaders for continued bail pending appeal to the Supreme Court from their convictions for alleged violation of the Smith Act.

The "Daily Worker" for September 25, 1950, page 2, column 1, carried an article which reflected that Dr. W.E.B. DuBOIS, Chairman of the Peace Information Center, released a statement advising that nearly 600 prominent Americans were urging a ban on atomic warfare.

The "Daily Worker" for October 11, 1950, page 5, column 1, carried a picture of Dr. W.E.B. DuBOIS, a board member of the China Welfare Appeal, reviewing the Columbus Day Friendship Cargo for China which was to sail on October 26, 1950. The article states that the funds for the Columbus Day Friendship Cargo may be sent to China Welfare Appeal, Inc., 439 4th Avenue, New York 16, New York.

[REDACTED] of known reliability, advised that there is no doubt in his mind that the China Welfare Appeal is a Communist front and that it is considered a Communist Party front by Chinese familiar with its activities.

[REDACTED] of known reliability, advised that on October 10, 1950 the American Labor Party of Queens County held a gala election rally at the Jamaica Arena, 144th Place and Archer Avenue, Jamaica, New York. Informant stated that Dr. W.E.B. DuBOIS, candidate for United States Senator on the ALP ticket, was principal speaker, and that he stated in substance: "The Soviet Union is the only country in the world which represents the interests of the people".

~~CONFIDENTIAL~~

[REDACTED]

DuBOIS elaborated on the history of the present Russia and emphasized that the capitalist countries led by the United States are trying to destroy the peaceful efforts and endeavors of the Soviet Union. DuBOIS claimed that pressure was being used by the United States Government on France and particularly on Italy to stay in line with United States foreign policies. DuBOIS stated that the Korean war was started by the United States for imperialist reasons. DuBOIS branded the United States Government's present foreign as well as domestic policy as completely disregarding the interests of the people and being concerned only with the profits of the Wall Street clique. Informant stated that DuBOIS' whole pattern of speech was the defiance of United States policy and the praising of whatever the Soviet Union is doing or has done in the past.

[REDACTED] C

advised that he did not know whether or not Dr. DuBOIS was a member of the Communist Party as he has never seen him at any Communist Party meetings or functions, but that he has heard from a reliable source which he did not divulge that DuBOIS has joined the Communist Party.

"The Worker (Harlem)", Sunday edition of the "Daily Worker", of October 27, 1950, page 1, column 3, carried the following article in which Dr. W.E.B. DuBOIS indicated his position as American Labor Party candidate for the United States Senate. DuBOIS issued the following statement on Korea and peace:

"Another crucial moment has come in the Korean War, now that the United Nations, forced by the United States, has pushed the North Korean troops beyond the 38th parallel. There were those of us who from the first believed this war, with its heavy cost in death, maiming and destruction was unnecessary; that it was a civil dispute for which the U. S. and especially South Korea were primarily responsible and which could have been settled with a minimum of hostilities if the UN had exhibited the restraint and wisdom in Korea which it exercised in the case of Palestine. This would surely have happened had not the United States insisted on war and started war before the UN consented to join.

"Our excuse was that Korean aggressors represented the Soviet Union. But no proof of this has ever been adduced; nor has China been proven an instigator of this war. Instead

"we tried to drag China in. Indeed, as the war progressed, it has become clear that neither Russia nor China desired this war nor advised it, nor aided it; nor was it to their interest to have it occur. It was the U. S. alone that seemed willing to make this evil upheaval the beginning of a Third World War.

"Apparently what the U. S. now fears is that this horrible interlude will really end in peace and not in world war. Our troops are pushing the South Koreans to invade the North."

advised on September 22, 1950 that at a meeting of the Maspeth Communist Party club executives on September 22, 1950, a topic for discussion was the preparing at once for the election campaign because the Communist Party is going all out to see that [REDACTED] is reelected and also that DuBOIS gets a large vote.

[REDACTED] C

advised on September 27, 1950 that a news letter of the Peace Information Center carried an article by Dr. W.E.B. DuBOIS in which he states: "More than two million signatures to the Appeal have been collected since the beginning of hostilities in Korea despite the general 'preventive war' hysteria and Red-baiting and attacks of the Secretary of State, Department of Justice, the House Un-American Activities Committee, the press, and leaders of various organizations."

[REDACTED] C

advised on October 10, 1950 that an American Labor Party rally was held at Jamaica Arena, 144th Place and Archer Avenue, Jamaica, Long Island, New York. Dr. DuBOIS was a speaker and stated that the ideas for peace and agreement with Russia should be followed on the Russian ideas.

advised on October 4, 1950 of a regular meeting of the Ozone Park Communist Party club held on October 4, 1950. In response to the Department's request, that the Bureau attempt to ascertain dates Dr. DUBOIS entered and left the United States during the last two years, there is being forwarded to the Bureau as an enclosure a photograph of Dr. E. E. B. DUBOIS' passport. It is pointed out that Immigration and Naturalization Service "admitted" stamps dated May 31, 1949, September 16, 1949, and September 11, 1950, appear on pages four and five of this passport.

In order that this passport could be returned to the Passport Division within the time limit they set, it was photographed rather than being taken directly to the translation unit as previous correspondence in this matter set out.

It is suggested that the Bureau have the visas and visa control stamps translated in order to determine where DUBOIS visited and on what dates.

NATIONAL COMMITTEE TO DEFEND DR. W. E. B. Du BOIS
AND ASSOCIATES IN THE PEACE INFORMATION CENTER

ROOM No. 311

16-18 WEST 29TH STREET

NEW YORK 1. N. Y.

April 20, 1951

Dear Friends:

With indecent haste, the Department of Justice is pushing the prosecution of Dr. W.E.B. Du Bois and his associates of the former Peace Information Center. Defense motions are scheduled in Washington on April 27, and trial has been set for May 14th.

We are asking you and your organization to take action immediately to stop this effort to convict these advocates of peace as "foreign agents".

As Dr. Du Bois has stated: "Any successful attempt on the part of the Government to suppress and curtail free circulation of ideas among the peoples of the world is monstrous and aimed at making all advocacy of peace and all social reform impossible!"

A roster of the defendants gives significant evidence of the scope and importance of the case: DR. W.E.B. DU BOIS, internationally-known scholar, dean of American letters, and beloved champion of the struggles of the Negro and colonial peoples for freedom for over fifty years; ELIZABETH MOOS, writer, educator and an eloquent woman's voice for peace; ABBOTT SIMON, combat veteran World War II and organizer for peace; KYRLE ELKIN, business man and Treasurer of the Peace Information Center; SYLVIA SOLOFF, militant trade unionist and clerical worker in the office of the PIC, indicted together with the officers of the organization.

The defense of these five Americans is a defense of the right to speak for peace.

We urge you to act immediately!

Upon receipt of this letter -

- (1) WRITE OR WIRE PRESIDENT TRUMAN AND ATT'Y GEN. J. HOWARD McGRATH DEMANDING THE DISMISSAL OF THE INDICTMENT AGAINST DR. DU BOIS AND HIS ASSOCIATES IN THE FORMER PEACE INFORMATION CENTER.
- (2) HAVE YOUR ORGANIZATION AND FRIENDS TAKE SIMILAR ACTION.
- (3) ORGANIZE LOCAL DEFENSE COMMITTEES.
- (4) CONTRIBUTE FUNDS TO THE DEFENSE CAMPAIGN. \$25,000 is needed to win this case for peace! Make checks payable to SHIRLEY GRAHAM, TREASURER.

We remind you - the prosecution is not waiting. The defense must move quickly.

WE URGE YOU TO - ACT NOW!

Sincerely,

dpwa

CO-CHAIRMAN: HON. ELMER A. BENSON, PAUL ROBESON - VICE-CHAIRMAN: MRS. CHARLOTTA BASS, PROF. HENRY PRATT FAIRCHILD,
HON. VITO MARCANTONIO, LEON STRAUS - TREASURER: SHIRLEY GRAHAM

The background:

IN APRIL of 1950, the Peace Information Center was established in the city of New York by a group of citizens profoundly concerned with the question of peace. Among its founders was Dr. William E. B. Du Bois, the great Negro leader and dean of American letters, who accepted the post of Chairman.

During the few months of its existence, the Peace Information Center served this country by making available to its citizens information concerning efforts for peace being undertaken throughout the world.

Among the documents which it made available were the International Red Cross Statement and the World Peace (Stockholm) Appeal against the employment of atomic warfare. As with all material published by the Center, the exact texts were presented for the American people to read and judge.

The service performed by the PIC must be judged against the studious silence maintained by the American press and radio on significant world-wide efforts for peace.

The work of the PIC must be considered in the light of a basic tenet of democracy—that intelligence and reason are predicated upon a free exchange of ideas.

The indictment:

NOTICE WAS SERVED on the PIC by the Justice Department in August of 1950 that they were required to register as an agency of a "foreign principal" pursuant to the terms of the Foreign Agents Registration Act.

The reaction of the organization to this amazing and unprecedented action was immediate. A brief was presented to the Justice Department demonstrating that no "agency" relationship existed and contending that application of the Act to the PIC was an invasion of basic constitutional rights and privileges.

The arguments were summarily rejected by the Justice Department. Dr. Du Bois, the distinguished Chairman of the PIC, requested an opportunity to discuss the matter with Mr. William E. Foley of the Justice Department and U.S. Atty General J. Howard McGrath. Dr. Du Bois was not even extended the courtesy of a reply.

In February 1951, some time after the PIC had been dissolved, a federal grand jury, after hearing solely government evidence, returned an indictment against the PIC and its officers, Dr. W. E. B. Du Bois, Elizabeth Moos, Kyrle Elkin and Abbott Simon. The indictment went so far as to include Sylvia Soloff, a clerical worker in the office. In the course of the arraignment, Dr. Du Bois was fingerprinted, searched for concealed weapons, and manacled.

The issue:

NO ISSUE OF CONSTITUTIONAL PRINCIPLE was involved in this case. NO other issue so manifestly subverts the interests of our nation and all other nations. Concern with peace is the property and obligation of citizens of every land. To be informed about peace is the right of all Americans.

To speak for peace is an inalienable historic privilege.

The indictment of the Peace Information Center and its officers is a challenge to their rights and privileges.

The shameful conduct of the arraignment of Dr. Du Bois must be related to his fifty years of devotion to the struggles of the Negro and colonial peoples for freedom and equality.

The attempt to brand peace as "alien" to our nation is a denial of the universality of the question and an effort to intimidate Americans who would speak in its behalf. The Justice Department has placed PEACE ON TRIAL.

The American people must assert their right to serve as the final jury.

SECURITY MATTER - C

On June 16, 1951, [redacted] advised [redacted] that [redacted]

[redacted] had given [redacted] an invitation to a luncheon honoring SHIRLEY GRAHAM, also known as Mrs. W. E. B. DU BOIS, at Ciro's, 8433 Sunset Boulevard, on Friday, June 22, 1951, at 12:30 P.M.

[redacted] attended the above-mentioned luncheon and observed that approximately 150 women were in attendance. About 25 of these women were colored.

Classified by SP5 [redacted]
 Declassify on: OADR

SARAJA LORD, Executive Secretary of the Southern California Council, ASP, introduced Mrs. LOU SOLOMON, also known as WILLA SPORN, who spoke briefly on the question of peace. She said that the subject of peace was of particular interest to the mothers, wives, and negro women because of the persecution of the leaders for peace. She stated that SHIRLEY GRAHAM had been on the battlefront in the fight for peace. She further identified SHIRLEY GRAHAM as chairman of the National Committee for the Defense of Dr. W. E. B. DU BOIS, and a charter member of the ASP.

Mr. LLOYD GOUGH made some humorous remarks and finally asked for contributions. One SALKA VIERTEL donated a large solid gold ring, stating that she had no money to give at this time.

SHIRLEY GRAHAM began her talk by stating that she felt very much at home among members of the ASP, and further that she did not intend to make a speech but that she wanted to make a frank talk as one worker for peace to another. She told of a recent dinner party given by New York attorney MARTIN POPPER at which JOHN HOWA DAWSON, DALTON TRUMBO, Dr. DU BOIS and herself were present. During the preliminary cocktails at this dinner, MARTIN POPPER's son commented that everyone present at the party had either been in jail or was going to jail. In this regard, SHIRLEY GRAHAM commented that it was ridiculous and fantastic that America's best minds were being sent down. She said that with all of the

great progress which had been made in this country, we had not advanced in the commonest of ideas. "We in this room are the protectors of the culture of America." She said that "squads" were going into book stores and libraries taking books off the shelves. "Writers' are being deprived of making a living and it is up to us to seriously face the problem--unafraid."

She described the Peace Information Center, which had been set up in April of 1950, as a point for the gathering of information regarding peace movements around the world and the dissemination of the same. She told of the peace conference which was started by ASP and held at the Waldorf Hotel in New York. She said that it had been started by HARLOW SHAPLEY and further that some of the best minds in the country were present. Some of the great minds of Europe were prevented from coming to the United States by our State Department.

Miss GRAHAM said that she went to France to attend the Paris Peace Conference. She paid her expenses from money received on an advanced payment of her forthcoming book. She said that every nation, creed, color, and class came to discuss how world peace could be obtained. "We will not be driven to murder each other," they said. She mentioned (PABLO) PICASSO and others who were present. She described them as "workers." Their slogan at the end of the conference, "We shall have peace." She gave a short discussion of the peace conference at Cuba and was at one held in Mexico City. She said that writers were the "core" of the peace movement. They must give out information. The Peace Information Center sent out postalsgrams all over the country. She said that the Stockholm Peace Appeal had been drawn up in Stockholm by the people of the world. She mentioned that O. JOHN ROGGE from the United States had signed the appeal in Stockholm. She said that the Peace Information Center had obtained several million signatures on the peace appeal. The State Department of the United States then noticed this group, the American Peace Committee, and ordered them to register as foreign agents. "We laughed," she said. They were all volunteer workers with the exception of SYLVIA SOLOFF (ph.) who worked overtime in the office. They were not receiving money from any foreign sources, only from poor Americans--working people--who wanted peace.

Miss GRAHAM said the Government had decided to close the office of the Peace Information Center and Dr. DU BOIS asked the State Department for an opportunity to explain and show the

records of that organization. Soon thereafter five officers of the Peace Information Center were indicted as "foreign agents." SYLVIA SOLOFF received a \$10,000 fine and five years in jail. She said that another man of the group, a war veteran who had been on the staff of General MAC ARTHUR and who had seen Hiroshima and Nagasaki, said, "We must work against the atomic bomb." He also received five years in jail and a \$10,000 fine. Miss GRAHAM referred to General MAC ARTHUR as "that mad man from Tokyo." She said that the treasurer of the group was a businessman with offices in New York, London and Paris. He was sentenced to five years in jail. He said, "If this can happen to me, it can happen to TAFT." She said that another cultured New England woman who had taught in an exclusive New England school had been in Czechoslovakia studying conditions, and upon her return to the United States, she was captured at the airport on Long Island by the F.B.I.

GRAHAM said that Dr. DU BOIS, who speaks for all people who are oppressed, black or white, and workers everywhere, has been called a "dangerous agent." She said, "He is dangerous to tyrants who would oppress the people." She said if the Peace Information Center can be indicted, then all of us can be indicted and civilization can be crushed and annihilated. She said the bill of particulars of the indictment of the Peace Information Center says that it disseminated in the United States information about war, about peace and matters related thereto. Miss GRAHAM said, "If this is a crime, then everyone in this room is guilty--every worker for peace."

Miss GRAHAM then described the desolation caused by war which she had observed in Hamburg, Germany, and Marseilles, France. "War against the people--war against the workers," she shouted. She said that writers must make the people see this thing in our country or we will be destroyed. "We will have concentration camps. We must save our country from total destruction. We must be real Americans like Thomas Jefferson and Tom Paine. We cannot afford to be afraid. We must clasp hands and all work together. We are lost as individuals. As we swim against this tide, we will gather strength. Others will join us." She said, "We cultured workers of the Peace Information Center were indicted because we dealt with ideas which are dangerous to the tyrants. We are all guilty because we elect men like RANKIN to our Congress. I want you to feel your guilt. This is our nation." She closed by reading a poem by Dr. DU BOIS.

The meeting closed by SARAJO LORD stating that CHARLES GRAHAM would endorse copies of her book in the lobby of Giro's.

On June 25, 1951, [REDACTED] advised Special Agent [REDACTED] that she attended a meeting at the Embassy Auditorium in Los Angeles on June 21, 1951, sponsored by the Independent Progressive Party. The informant noted a huge banner across the top of the stage with the inscription, "The verdict must be peace."

SHIRLEY GRAHAM was introduced as "a fighter for peace." She said the attack on Dr. DU BOIS was an attack on all Americans "We are fighting for equality and freedom for the colored people and peace and equality for all people." She said that she did not intend to be silenced in her work for peace or her fight for negro rights. "We must get rid of white supremacy," she said. She indicated that America needs honest men in what is left of this democracy. Today the majority do not want war. Throw off those who would keep us down. This is a critical day for American negroes." Everywhere she travels, she is greeted by loyal Americans who want peace and also desire to be saved from the threat of war.

Miss GRAHAM described the Peace Information Center which she and Dr. DU BOIS founded in April, 1950, in New York City. She said, "Truth is dangerous to the selfish few in our country who are trying to silence the strong voices in the fight for peace and freedom."

"The Government called Dr. DU BOIS an 'enemy agent.' He is an agent of oppressed people." Miss GRAHAM described a concentration camp in Germany with smoke-blackened walls and huge piles of ashes. "The Jewish people will rise against their enemies." "I call upon minority; we can do something now."

Dr. W. E. B. DU BOIS received a standing tribute when he appeared on the stage. He started his speech stating that the world was astonished at the United States as the rest of the world believes that the United States wants war. "We have warned and insulted Russia and prepared for war while Russia prepares for peace. In this country we jail the advocates for peace. We have turned Korea into a stinking desert and are set to drop bombs on Moscow and lick the world. In order to make their investments safe, our masters will lead us into total war unless we say no. This can not happen. American business dominates the Government. The small minority are so large and powerful that they own the earth. The capitalists

believe that whole industries will collapse unless we have war. American investments will seek to dominate the world." Some of the guilty ones he mentioned were General Electric, American Telephone and Telegraph, National Broadcasting Company and the Radio Corporation of America. "They order you to fight and demand that you be crippled by endless war. We need to reform ourselves before teaching others. Free speech and opinion are throttled. Unless you hate Russia, you are slandered and subjected to personal violence. What can be done to bring this nation to its senses?" He said that of all nations, the United States alone wants war and he further indicated that he would take an inalienable stand against war even though he would be jailed for it. "The rich Americans crave power because they profit by it."

Dr. DU BOIS spoke of "rank slavery" and "yellow coolies" who are victims of our imperialism. He described our present situation as "frightening." He referred to the policies of the United States Government as an attack on civilization. Dr. DU BOIS closed his speech with a quotation from Biblical scriptures. He received a tremendous applause.
