Dear Mr. Siskel:

Congratulations on receiving the Golden Plate Award from the American Academy of Achievement. What an honor it is to have been chosen by the Golden Plate Awards Council for this prestigious award!

Although I was unable to attend the Academy's Salute to Excellence Weekend, I know that few experiences are more inspirational or rewarding than talking to and sharing experiences with these brilliant young scholars.

By your selection and participation, you have provided encouragement and inspiration to these young achievers to pursue their dreams and to excel in whatever fields they have chosen. Please accept my warmest congratulations.

Sincerely yours,

William S. Sessions
