Radio station KPFK identified the voices on the tape as follows:

First voice, who identifies itself as TIKO (Phonetic), is WILLIAM HARRIS; second voice, who identifies itself as YOLANDA (Phonetic), is EMILY HARRIS; and the third voice who identifies itself as TANYA (Phonetic), is PATRICIA HEARST.

GEORGE HEARST, Publisher of the "Herald-Examiner", a daily major Los Angeles newspaper and a relative of PATRICIA HEARST, has identified the voice of TANYA as that of PATRICIA HEARST.

The investigative period is noted. The overlapping is the result of investigation either not received in time or not transcribed and reviewed in time for inclusion in referenced report.

San Francisco has received innumerable reports of alleged sightings of Symbionese Liberation Army (SLA) persons and of PATRICIA HEARST. Each of these have been promptly and thoroughly investigated. All such negative sightings have been omitted from this report to avoid a voluminous quantity of negative investigation which would contribute nothing to the report.

LEADS

As all leads are being set out by teletype or other expeditious means of communication, none are being set out in instant report.

Copies of this report are being furnished for information per request of the Sacramento Office and per instructions of the Bureau by routing slip to Chicago, Indianapolis, Los Angeles, and Sacramento.

He advised that [redacted] then pointed out the spot to him where he had found the tape. [redacted] stated this spot is underneath a set of cement stairs in the school yard which lead up to the gymnasium. He advised he looked at this spot and located what appeared to be an SLA poster, a brown paper tube with an address on it, a torn piece of paper with some type of typewritten note on it, and some gold foil wrapping paper. He stated that after consulting the Board of Education, he then "appropriately disposed" of the above items, including the tape and one-half of a driver's license.

In regard to the area where the above items were found, he stated that this is an area utilized daily by the students for gambling and smoking. He does not believe the tape and the additional items could have been there on April 23, 1974, as he thinks somebody would have seen them and either taken them away or reported them.

To those who would bear the hopes and future of our people let the voice of their guns express the words of freedom. Greetings to the people and all sisters and brothers behind the walls and in the streets. Greetings to the Black Liberation Army, the Weather Underground, and the Black Guerrilla family, and all combat forces of the community. This is General Field Marshal CIN speaking. Combat operation, April 15, 1974, the year of the children. Action. Appropriation. Supplies liberated. One .38 Smith & Wesson revolver. Condition good. Five rounds of 158 grain .38 caliber ammo. Cash. $10,660.02. Number of rounds fired by combat forces. Seven rounds. Number of rounds lost. Five. Casualties, peoples forces. None. Enemy forces. None. Civilian. Two. Reasons. Subject One, male. Subject was ordered to lay on the floor fact down. Subject refused order and jumped out the front door of the bank, therefore, the Subject was shot. Subject Two, male. Subject failed or did not hear warning to clear the street. Subject was running down street towards the bank and combat forces accordingly assumed Subject was armed enemy force element, therefore, the Subject was shot. We again warn the public any civilian attempting to aid, to inform, or assist the enemy of the people in any manner will be shot without hesitation. There is no middle

ground in war. Either you are the people or the enemy. You must make the choice. As a black man and a father, and as a representative of black people, I would like to say that I, as well as many other black people, have been watching the actions taken against black people over in the City of San Francisco and also in Berkeley and Oakland by the racist agents of the ruling class. Like most of my people I never trust anything the enemy says or does. I must at all times be suspicious or discount any acts on his part of not being what they first seem to be. Following this principle, I must look at the so-called Zebra Operation with more tension, since it is an action against the freedom of the people. For the love that I hold for the people drives myself and all the SLA to understand that we must fight and defend the people. I at first had thought that Operation Zebra was really nothing more than a normal contra-insurgence operation to attempt to entrap SLA forces or more precisely, to assassinate myself. I say assassinate because the enemy knows by now who I am and the danger that I represent as long as I am alive. He understands that if he can terrorize and disarm the black community from action or joining me, then he would be able to isolate me specifically and to kill me, thereby not allowing me the time to educate men and women from the community to become leaders of

our people. He also understands that I am the bringing of the children of the oppressed and the children of the oppressor together. He understands that I am bringing the truth to the children and opening their eyes to the real enemy of humanity, by simply allowing them to see that if the enemy as he truly is, and allowing them to find out really who the people are. And if the people love them, will welcome them with open arms if they will just come. In short, he knows that the SLA is building an army of the people that is the army which by its very composition can fully destroy the enemy and free the people. At this point I am more inclined to feel, however, that Operation Zebra is a lot more than just entrapping the SLA. In fact, I feel that the enemy knows that he or she can never totally entrap all the SLA forces regardless of the size of the city in which contra-insurgency operations may take place. Reports that units, bases, of SLA are under surveillance by the FBI are designed to demoralize the people, and attempt to make them believe in the prestige of the enemy. In any event, understanding these points we come back again to the same question. What is Operation Zebra? If Operation Zebra is not merely a contra-insurgency operation, then what is it? And if we look closely we

begin to see the truth that Operation Zebra is a planned enemy offensive against the people to create a race war which could possibly be the only way the enemy can stop the SLA from bringing all the oppressed people together against the common enemy. Operation Zebra is even more than that. The so-called Zebra killer will never be found because it is the only justification, not withstanding marital law being declared, whereby the enemy can stop and arrest any black male. In fact, we can expect in the next few months under the guise of searching for the so-called Zebra killer block by block and house by house searches and, of course, all weapons found in the peoples homes will be confiscated under the guise of stolen property or that they have to be verified as not being the murder weapon. In short, the people will be disarmed. Operation Zebra serves yet even another purpose to the enemy. It is a means to remove as many black males from the community as possible, at the same time forcing all the black males to submit to FBI classification identification which is being applied in the form of so-called "police passes", by using these persons drivers licenses and Social Security card numbers which are, I may mention, "peek-holes for the FBI's computer systems." My people

I warn you again, the only way I repeat the only way you will regain your life and freedom is to fight. The only way you will keep your guns is to use them. Your time is running short. Open your eyes. Death to the fascist insect that preys upon the life of the people. Greetings to the people. This is TIKO speaking. As it has been stated many times by the black community, the Zebra Operation is a planned enemy offensive against the people to create a race war. Race war is a fascist tactic to divide the people. The pigs know that there is no way to control or eliminate the peoples army. A peoples army in the United States of America means a guerrilla force of black, brown, red, yellow, and white people, united by the fighting spirit and their common determination to kill the pig. The Symbionese Liberation Army is a peoples army and the only way the fascists can slow us down is to try to scare the people into fighting among themselves. The pigs and the fascist media have by their slick trickery attempted to link the SLA with the so-called Zebra killings. They have even gone so far as to release a composite drawing and description of the killer which has a resemblence to General Field Marshal CINQUE and TUMAY (phonetic). Next lie that

we expect to hear is that CINQUE is the Zebra killer and this will be to give even greater pig justification to continue the harrassment and disarming of the people. The pigs hopes to manipulate the fear and racism of the broad mass of unconscious whites in order to eliminate black revolutionaries, and by black revolutionaries we mean black people in general. Pigs like ALIOTO wish to maneuver these white people into allowing the fascist army to sweep the ghettos and machine gun or imprison the people, but anyone who by their racism and government manipulated fear supports a genocide makes the grave error of forging his or her own slave chains, and if white people in fascist America don't think they are enslaved, they only prove their own foolishness. The enemy has kept us divided for hundreds of years and for at least that long the pig has made uncountable attempts at eliminating the rise and tide of black revolution. But black people by their strength and determination have survived this fascist onslaught. Black people more revolutionary than ever before are armed and angry and now the SLA is proving that black people ain't alone, that the things the pigs have feared the most is happening is growing. A peoples army of irate niggers of all races including whites, not talkers, but fighters. The enemy recognizes that the people are on the brink of revolution

and the enemy will do anything at any cost to prevent this. We ask the people, especially whites, to carefully analyze Operation Zebra. The black and white horse of the times, and to understand who in reality sits in the saddle and holds the reins. Death to the fascist insect that preys upon the life of the people.

Greetings to the people. This is TANIA. On April 15th my comrades and I expropriated $10.660.02 from the Sunset Branch of the Hibernia Bank. Casualties could have been avoided had the persons involved cooperated with the peoples forces and kept out of the way until after our departure. I was positioned so that I could hold customers and bank personnel who were on the floor. My gun was loaded and at no time did any of my comrades intentionally point their guns at me. Careful examination of the photographs which were published clearly shows this is true. Our action of April 15th forced the corporate state to help finance the revolution. In the case of expropriation the difference between a criminal act and a revolutionary act is shown by what the money is used for. As with the money involved in my parents bad faith gesture to aid the people, these funds are being used to aid the people and to insure the survival of the peoples forces in their struggle with and for the

people. To the clowns who want a personal interview with me, VINCENT HALLINAN, STEVEN WEED, and the pig HEARSTS, I prefer giving it to the people in the bank. It's absurd to think that I could surface to say what I am saying now and be allowed to freely return to my comrades. The enemy still wants me dead. I am obviously alive and well. As far as being brainwashed, the idea is ridiculous to the point to being beyond belief. It's interesting the way early reports characterized me as a beautiful, intelligent liberal, while in more recent reports I am a comely girl who has been brainwashed. The contradictions are obvious. Consciousness is terrifying to the ruling class and they will do anything to discredit people who have realized that the only alternative to freedom is death, and that the only way we can free ourselves of this fascist dictatorship is by fighting, not with words but with guns. As for my exfiancee, I'm amazed that he thinks that the first thing that I would want to do once freed would be to rush and see him. The fact is I don't care if I ever see him again. During the last few months STEVEN has shown himself to be a sexist, agist pig, not that this was a sudden change from the way he always was. It merely became blatant during the period when I was still a hostage. Frankly, STEVEN is the one

who sounds brainwashed. I can't believe that those weary words he uttered were from his heart. They're a mixture of FBI rhetoric and RANDY's simplicity. I have no proof that Mr. DUBRAY's letter is authentic. The date and location he gives is confusing in terms of when the letter was published in the papers. How could it have been written in Paris and published in your newspapers on the same day, ADOLPH. In any case, I hope that the last action has put his mind at ease. If it didn't further actions will. For those people who still believe I am brainwashed or dead, I see no reason to further defend my position. I'm a soldier in the peoples army. Patria omerta (phonetic) Venceremos.

Death to the fascist insect that preys upon the life of the people.

The sound of music is then heard.

Agents identified themselves by display of official credentials and [redacted] was informed of the fact that a bank robbery which occurred this date in San Francisco had been robbed with some identification in her name being used to procure a getaway car from a rental agency in San Francisco.

COOPER was advised that a driver's license in the name of JANET M. COOPER, as well as credit cards in this name from Macy's department store, the J. C. Penny Company, and Arco Oil Company had been utilized. COOPER reminded the interviewing Agents that she had previously furnished information to the FBI that her wallet had been stolen in October, 1973, from a restaurant in Berkeley, and that this fact had been duly reported to the Berkeley Police Department. She acknowledged that her driver's license and credit cards had been in her wallet at the time it was stolen.

COOPER was informed of the fact that the bank which had been robbed was the Hibernia Bank, 1415 Noriega, San Francisco, and that the possibility exists that it was perpetrated by members of the Symbionese Liberation Army (SLA) who were apparently in possession of her identification.

At this point COOPER stated she did not wish to furnish any further information without first consulting an attorney and refused to answer any further questions. On April 24, 1974, [redacted], Oakland, California, indicated that she is attending Holy Names College, Oakland, California, and it was at college where she was first approached by three males who were recruiting for BCA. [redacted] indicated that she filled out the application for membership to the CMF but stated she never attended any of the sessions at Vacaville.

On the same date, Miss [redacted], Oakland, California, indicated that she is a student at Holy Names College and filled out an application in order to participate in the BCA program at the CMF, Vacaville, California, in response to a recruitment program by members of BCA. She indicated that she completed the application but did not attend any of the BCA meetings.

On April 25, 1974, efforts to contac[redacted] at [redacted], Berkeley, California, met with negative results. It is to be noted that this address is currently a vacant residence.

On the same date, [redacted] Berkeley, California, advised that she has been living at this address since September, 1973, and is not familiar with [redacted] who might have occupied that address prior to her moving in.

On the same date, efforts to locate and interview [redacted], 2021 Lincoln Avenue, Berkeley, California, revealed that she is no longer living at this address.

On the same date, [redacted]. California, indicated that she and her husband filled out applications for membership in the BCA at the request of [redacted] at a wedding reception

which she had for [redacted] at her residence in July, 1973. [redacted] indicated that after giving this matter some consideration, they decided that they would not get involved and therefore never attended any of the BCA sessions at Vacaville.

On April 26, 1974, [redacted] Oakland, California, stated that she is a student at Holy Names College, and while on campus, she was asked to participate in the BCA activities at the CMF, Vacaville, California. She stated that she filled out the application which was furnished to her by one of three men who approached her, not further identified, but stated that upon the advice of her mother she did not participate any further in this program.

On the same date, [redacted] Oakland, California, indicated that she had filled out an application to participate in the BCA program at Vacaville, and in fact actively participated in the BCA program by tutoring the inmates. She indicated that she could furnish no information regarding any individuals who might be familiar with any Symbionese Liberation Army (SLA) individuals. She stated that if she did receive any information she would advise the FBI.

He stated that he and his wife were on the Letter Writing Committee, but he stated they participated no further. He indicated that the inmate at Tracy they were working with the most was transferred to San Quentin and since that time have not been actively involved in the BCA.

was the only occasion that the officials at Vacaville allowed him to show any films, and therefore did not return to Vacaville after that time.

He stated that he was not familiar with the name "WALKING HORSE" and did not know anyone with that pseudonym.

On April 24, 1974 [redacted] interviewed [redacted] Berkeley, regarding persons active in the Black Cultural Association (hereinafter called BCA) who may have connections with the Symbionese Liberation Army (hereinafter called SLA). She volunteered the following information:

BCA, contrary to popular conception, did not give rise to the SLA. What may have happened was that a group of people, all Caucasian, infiltrated the BCA, and used it for their own ends. This group was comprised of GINVA CHAN, DAVID GUNNELL, AMANDA DE NORMANVILLE, ROBYN SUE STEINER, and RUSSELL LITTLE. GINVA CHAN, who appeared to be the leader of this group, espoused the virtues of the Maoist doctrine, and distributed Communist literature among the members of the BCA. [redacted] disavows knowing EMILY HARRIS. The BCA's membership included both interested visitors as well as inmates. [redacted] indicated that she vocally objected to the admission of whites to the BCA and feared that this would result in the organization becoming a social club characterized by liaison between black inmates and white girls, and thus forsaking its original ideas.

The original concept of the BCA entailed a pre-release program directed at the facilitating the re-entry of ex-convicts into the economic mainstream. [redacted] She was relieved of her position in February, 1973, because of her opposition to white membership. [redacted] She feels that her position was undermined by [redacted] a member of the BCA. The latters name, she picked out from the list of BCA members in the possession of the interviewing agents.

[redacted] met DONALD DAVID DE FREEZE when she attended meetings of the BCA a few months before her position in the organization was terminated. At the time, he was involved in a program devoted towards the assessment of the relative roles by the black man and the black woman in the scheme of things. She stated that he was very disturbed at whether he had given his wife a raw deal and was trying to work out solutions. He had requested of some of the outside members of the BCA testimonial letters which would ensure his parole. He did not appear to be the type disposed towards the violence which has subsequently been attributed to him. [redacted] stated that she has no knowledge of DE FREEZE's whereabouts and knows of no one who has. She has never seen either PATRICIA HEARST or STEVEN WEED at meetings of the BCA.

[redacted] was not aware of any relationship between [redacted] and DONALD DE FREEZE. CECIL MOORE she knows as a past chairman of the BCA.

She is surprised that the name [redacted] has not surfaced in the FBI investigation in view of the fact that he kept a close liaison with GINVA CHAN, DAVIS CUNNELL and RUSSELL LITTLE. [redacted] was an inmate at Vacaville. She stated that [redacted] wife implicated him in the "Jack the Ripper Slayings" in San Francisco, stating that she helped her husband to dispose of the dead bodies.

The surname [redacted] was assumed by the interviewee to reflect her common-law relationship with [redacted] She indicated that he had served a total of 11 years and eight months in different penal institutions. He was shot to death in Oakland on May 13, 1972, by two assailants.

[redacted] She stated that she would like the name of the BCA to be cleared from any implication in the SLA activities and would cooperate in supplying information towards that end.

CLIFFORD "Deathrow Jeff" JEFFERSON, a long-time California inmate, was interviewed at the California Medical Facility and gave a lengthy, rambling dissertation on the Symbionese Liberation Army (SLA). As a prelude, JEFFERSON explained that he had no information concerning the present whereabouts of PATRICIA CAMPBELL HEARST, that he believed that she was guarded by only three individuals after her abduction and at present her captors would number no more than five.

[redacted] stated that it would be impossible for DE FREEZE "Cinque" to kill HEARST as the other members of the group would not allow this and that it would not be according to the tenets of the SLA. When questioned concerning the possibility of taking PATRICIA HEARST's life as the SLA had previously taken credit for the killing of Supervisor MARCUS FOSTER, JEFFERSON stated that the only reason this crime was committed by the organization was the fact that MARCUS FOSTER was actually an enemy of the people and the majority of the people in Oakland were believed to dislike his school policies concerning school identification and police on campus. JEFFERSON added that PATRICIA HEARST was not disliked by the people, therefore, he believed they would not harm her in any way.

During the conversation he did mention the fact that DONALD DE FREEZE and NANCY LING PERRY were believed to be among the people holding PATRICIA HEARST and possibly EMILY HARRIS was also involved.

He again reiterated the view that he felt that if he were allowed a chance to consult with JOSEPH REMIRO and RUSSELL LITTLE some plan might result for an early release of the victim.

In discussing the formation of the SLA, JEFFERSON stated that the group was a culmination or outgrowth of a prison reform movement that extended back into the 1960s. He stated that this movement had been known under several names, the first being the old Partisans Vanguard Party, which had been changed to the Black Militant Force and later back to the Partisans Vanguard Party when white prisoners entered the

movement. He also related that the general make-up of the SLA is similar to the Venceremos underground, an organization that was formed of both prisoners and people out of prison. This organization was composed of "heavies" in the Venceremos who were agreeable to acts of violence but the organization had never actually done anything or accomplished anything.

JEFFERSON states that the Symbionese Federation is really non-existent, that the organization is small but could probably rely on help from as many as 200 individuals.

The actual SLA, according to JEFFERSON, was formed in 1973 by RUSSELL LITTLE and JEFFERSON. NANCY PERRY next joined the group and was the author of the name Symbionese Liberation Army. WILLIE WOLFE and JOE REMIRO were added, ROBIN STEINER joined and the group took in DONALD DE FREEZE "Cin" when he escaped from prison.

JEFFERSON stated the Central Committee of the organization is composed of himself, RAY SPARKS, RAY SCOTT, RUSSELL LITTLE, NANCY LING PERRY, CINQUE, WILLIE WOLFE and JOE REMIRO was also in charge of firearms training. Prior to January 1974, it was a practice to submit names of members to the Central Committee for approval. This has not been done in the case of PATRICIA HEARST, therefore, she cannot be considered a member of the SLA in the opinion of JEFFERSON.

He claimed that he had close contact and gave some direction to the SLA before January of 1974 but contact with the outside members became exceedingly difficult after the arrest of REMIRO and LITTLE.

When questioned concerning pseudonym he advised JOSEPH REMIRO used the names Bo and Bayo; RUSSELL LITTLE used the names Osceola and Osi; Mwanza was the name utilized by inmate BRADLEY who was formerly with the Republic of New Africa. When JEFFERSON was questioned concerning the additional code names of Shago, Sodium, Aikla and Zolla as having possibly been utilized by an SLA member, he had no information.

JEFFERSON claims the Cleaver Faction or the Black Liberation Army have no part in the SLA. ELMER PRATT and GLORIA SMITH were members of the SLA for only a few days and then expelled by him. He also related that on his instructions [redacted] who he described as being crazy, was not allowed to continue in the organization.

When questioned concerning the motive for the killing of MARCUS FOSTER, JEFFERSON first claimed that the organization was built to serve the needs of the poor and oppressed people and that the killing of MARCUS FOSTER could be laid at the doorstep of the general community; that is, many of the people in the Oakland community had been bitterly critical of FOSTER and his plans for an identification system in the public schools. On the other hand, he was critical of REESE ERLICH who he claimed reported the opinion of the Oakland community on this matter. JEFFERSON denied that WILLIE WOLFE and RUSSELL LITTLE had ever had a falling out. He stated that he realized that such a difference had been reported as a fact but this was done by the SLA merely as a ruse.

JEFFERSON also claimed that the August Seventh Guerrilla Movement (ASGM) is entirely fictional and that it was a name utilized by the SLA to confuse authorities. When it was mentioned to JEFFERSON that a black narcotics pusher and a white prostitute had been killed in Monterey County and a note was left with the bodies signed by the ASGM JEFFERSON would only state that the SLA was violently opposed to narcotics and that any member found utilizing narcotics would be severely disciplined. JEFFERSON identified photographs of the following individuals and made the following comments:

NANCY LOU BOEHM and her friend SKIP CONLEY were frequent visitors to the prison.

He was most critical of DONALD DE FREEZE, stating CINQUE is not intelligent and was not well liked in prison. As previously noted, he was critical of REESE ERLICH in reporting on the community attitude toward MARCUS FOSTER. He has no information concerning the present whereabouts of EMILY or WILLIAM HARRIS and noted that EMILY had often visited

the California Men's Colony at San Luis Obispo. He described NANCY LING PERRY as a beautiful person inside and stated that the codes of war, the writings of the SLA are a combination of ideas previously set forth in the Black Militant Force group and the Partisans Vanguard Party and additions of PERRY.

He related that RUSSELL LITTLE and JOE REMIRO were both young and inexperienced and believes that REMIRO had been captured on January 10, 1974, mainly because he was concerned that LITTLE might have been seriously wounded in the gun fight.

[redacted] was LITTLE's "old lady". WILLIE WOLFE, according to JEFFERSON, was the only SLA member having access to any other money other than the wages that they had earned and WILLIE was able to obtain some funds from his parents.

[redacted] and JEAN WAH CHAN are not fully trusted by SLA members.

[redacted] stated that the photograph of [redacted] is a picture of the person who visited at Folsom under the name of [redacted] LINDBERG. He also stated that he knows [redacted] but is unable to identify her photograph.

[redacted] was unable to identify photographs of the following individuals:

[redacted]

[redacted]

REESE ERLICH

[redacted] PATRICIA SOLTYSIK

ANGELA ATWOOD

[redacted]

[redacted]

[redacted]

[redacted]

He claimed he had never heard of PATRICIA SOLTYSIK but had heard the name "Mizmoon".

As far as funds were concerned, [redacted] JEFFERSON stated that there was no outside source for funds other than some money WILLIE WOLFE had received from his parents. He pointed out that all of the members worked and had at least part-time jobs and contributed a good portion of their income to the SLA.

[redacted] stated that "Doc" HOLIDAY at San Quentin was head of the Black Guerrilla Family but was not a member of the SLA.

Upon entering Apartment [redacted] stated that he was angry because the apartment was very dirty and full of trash and personal effects. [redacted] and the extermination man were in the apartment approximately five minutes. They had entered the apartment at approximately 10:55 AM that morning. [redacted] noted that there were two notes on the floor near the door. One was a note which he had placed there on Friday, April 26, 1974, at approximately 4:00 PM, instructing the tenants to make rent checks payable to the D&G Investment Company. This was due to the fact that [redacted] Resident Manager, was moving out of the apartment. [redacted] also observed the note which he

It was noted she related the same information essentially as before except on this occasion she stated that the second woman that she observed on the night of April 25, 1974 wore a white knit cap. She was reminded that previously she described this woman as bare headed. She then stated she could be confused on this point.

She then pointed out from her living room where she had been standing to observe the activities, she described, on April 25 and 25, 1974.

It is noted she does have a clear view of the driveway in which the vehicles were parked on the nights of April 24 and 25, 1974. Her view of the sidewalk and the entrance to 1827 Golden Gate Avenue is restricted, however, by an awning over the sidewalk at that point.

[redacted] said she recalls that on Wednesday night April 24, 1974 she observed an Avis rental panel delivery truck type vehicle parked in front of her apartment building for approximately one hour commencing at about 10:30 p.m. She recalls the incident because the truck was parked in front of the driveway to her building. She recalls the Avis truck because it was similar to a panel truck she had rented on a previous occasion. She recalls the lettering "AVIS" on the side of the truck.

She said the truck was being loaded with clothing and boxes by two individuals, a White female and a Negro male, carrying these items from the front entrance of 1827 Golden Gate Avenue. She said of course she is unable to identify which apartment these people were moving from, but she could observe them go in and out of the door of 1827 Golden Gate Avenue. She described these individuals as follows, pointing out that it was dark and the street lighting is poor and she is unable to identify either of them:

One White female, age 20 to 30, slender build, long hair, but could not distinguish the color, could not tell how tall, was wearing a white hat with floppy brim, a light colored or white jacket, and slacks, the color of which she does not recall.

A Negro male, age 20-30, slender build, does not know approximate height or recall facial hair, wearing blue jeans and blue jean jacket.

[redacted] also recalled that on the following night, April 25, 1974, also at about 10:30 p.m. a gray or off white colored old four door station wagon again parked in her driveway for about one hour. She is not familiar with automobiles and can not identify the station wagon except to recall that the rear window was rolled up and down by a handle cranked from the outside center of the rear door. It appeared to be an older car but she does not know year models and can recall nothing else which might serve to identify the vehicle. She does not recall the license plates. This vehicle was being loaded by two individuals that she believes, by the clothing they were wearing, were the same two individuals - a White woman and a Negro male, that she observed on the previous evening to load the Avis panel truck. On this occasion, however, they were accompanied by three additional persons. Two of these persons stayed in the front seat of the station wagon and she observed only their legs as she was looking down at the vehicle which had parked in her driveway. Both pair of legs were in slacks but she can not identify either of these individuals either by sex or race. The third additional person assisting in loading the station wagon was another White female. [redacted] said again because of the darkness she is unable to identify this individual except that she had long brown or dark colored hair, no hat, white or light colored pants, and a dark colored, brown or blue, jacket, possibly a peacoat. She described her as possibly in her 30s, slender, height unknown.

They loaded clothing and boxes into the station wagon and with all five back in the station wagon drove off proceeding west on Golden Gate Avenue. She has not seen them since. She does not know if she had ever observed any of these individuals previous to these instances.

[redacted] advised that he has been employed by the [redacted] Brisbane, California, telephone [redacted] for the past 24 years and has picked up trash on the route which covers 1827 Golden Gate Avenue for the past two years. His routine schedule of work is from Monday through Friday and he is rotated the fourth Saturday of each month. His Saturday work route covers another district which does not encompass 1827 Golden Gate Avenue.

He starts his route between 5:15 a.m. and 5:20 a.m. and noted that the 1800 block of Golden Gate Avenue is located in approximately the center of the route. He and his partners [redacted] cover [redacted] Golden Gate Avenue between 8:30 a.m. and 9:00 a.m., Monday through Thursday, and on Friday about 7:00 a.m.

He described the building at 1827 Golden Gate Avenue as having a locked door to which they have the key which leads to the area where a trash chute is located. This chute is near the back stairway which contains three landings. On each landing there is a feeder chute which leads into the main trash chute. Tenants can take the trash from their apartments to the respective landings and deposit the trash therein. At the bottom of the chute is a 50-gallon metal can which when full is exchanged for another by the building manager.

On Monday, April 29, 1974, [redacted] recalled that his partner [redacted] was picking up the trash at 1827 Golden Gate Avenue and he was across the street at the last apartment on Golden Gate Avenue. [redacted] noted that [redacted] was very upset because [redacted] thought that the Saturday trash pickup crew failed to pick up the trash as designated. [redacted] was shown a circular containing photographs of DONALD DE FREEZE, PATRICIA SOLTYSIK, CAMILLA HALL, and PATRICIA HEARST. He stated he at no time had observed any of these individuals in the area of [redacted] Golden Gate Avenue during the hours he was in that area.

He reiterated that he could not pinpoint the exact day that he picked up the clothing in the 50 gallon trash cans at 1827 Golden Gate Avenue; however, he approximated that it was about Tuesday, April 30, 1974, between 8:45 AM and 9 AM. He recalls on that day it was his turn to work the side of the street on which 1827 Golden Gate Avenue is located. He stated that the usual pickup times in that area Monday through Thursday, were anywhere between 8:45 AM and 10:15 AM. On Friday, they pick up between 7:00 AM and 7:15 AM.

He stated he did not know who works on Saturdays or what their shifts are, but that there are eight men who rotate in two-man teams once a month for Saturday duty. He stated that [redacted] would know who works on Saturdays.

He stated that 1827 Golden Gate Avenue always has two 50 gallon drums which contain trash and that after they empty the trash into their truck and leave, the occupants at 1827 could have refilled the cans for the next day's pickup.

[redacted] described the apartment as having the entrance to the right of the building, where a key is needed to open the door. A hallway proceeds down the right of the building, and halfway to the end of the building, underneath the stairs, is the trash chute. The trash chute is actually for an 80 gallon container; however, there is a 55 gallon can located there. [redacted] said that at 1827 Golden Gate the fee is for one trash can only. There is another 50 gallon trash can located near that can; however, they do not pick that one up [redacted] stated that if garbage falls out of the can from being too full, they do not pick it up or take it with them. They only take the garbage that is in the can.

[redacted] stated that he routinely looks through the garbara to see what he finds and determine what people do in certain areas. He stated that along Golden Gate, at 1819 and 1827, he often finds literature for the Black Panther Party. [redacted] stated that that day was not an unusual day and had half a can of garbage, and he does not recall any plum wine bottles in the can. [redacted] further stated that no clothes were seen, and that none of the garbage could be identified with that of Symbionese Liberation Army (SLA) type.

[redacted] does not recall any more particulars of the Saturday pickup; however he definitely states that he made that pickup on Saturday morning.

[redacted] stated that clothes are not an unusual item to be found in trash cans, because people throw their clothing away in that area when moving.

On April 30, 1974, [redacted] found the trash can to have certain clothing. He stated he did not look through the clothes to determine the sizes or to try to identify them; however, he described them as being mostly dark colored clothes with some dark jackets in the can. After reviewing the above-mentioned listed prices, [redacted] concluded that they referred to items dealing primarily with hair coloring and tinting. Upon further study of the prices listed and the total amount, he recalled a lone female as having made the purchase and picked out the photograph of PATRICIA SOLTYSIK as resembling and fitting the description of the lone female.

He stated that on March 28, 1974, the purchaser came into the store wearing an obvious wig, which he described as a "skin top" frosted wig. He stated she said she was with a theatrical group which she did not identify, even when later further questioned as to its identity. The purchaser remarked that some of the girls in the group wanted to go black with their hair. With this statement, [redacted] stated that he then recalled the above-mentioned $.90 item referred to the purchase of Effasol color removal, which is used to bring the hair back to the original color. He added that the purchaser also commented some of the girls wanted to go silver with their hair. Inasmuch as the Roux Company was the only company which makes a product whereby the silver result could be obtained in one step, and because the purchaser did not have a beautician's license whereby she could purchase this restrictive product, various items were purchased which, after numerous steps would result in a silver color for the hair. [redacted] pointed out that in describing tints and hair coloring and how various results could be obtained, it was obvious to him that the purchaser knew practically nothing in this field.

With reference to $1.29 purchases [redacted] believed these prices referred to the purchase of two wig

holders which have a clasp and a rod which is inserted into the wig block on which the wig is set for combing, and tinting or coloring.

Continuing, [redacted] related to the best of his recollection there was no one else in the store at the time the purchase was made. He based this on the fact that he had spent so much time in giving instruction to the purchaser concerning hair tinting and coloring. In addition, [redacted] believed she was coatless and wearing a skirt and blouse at the time of purchase. He did not know whether she was picked up by anyone outside or what happened to her after she left the store.

He remarked that he worked behind the cash register between 8 a.m. and 9 p.m. and was relieved by [redacted] during his lunch break. He added that no one else handled sales at the store.

[redacted] voluntarily appeared at the San Francisco Office of the Federal Bureau of Investigation. He was made aware of the identities of [redacted] and [redacted] as Special Agents of the Federal Bureau of Investigation. He was advised that we wished to interview him concerning a former residence of his in Cazadero, California.

[redacted] stated that in August of 1973 he had noted an ad in the newspaper stating that there was a mobile home or trailer available for rental in the Cazadero area. He stated that he went to the area to look at the trailer at which time it was occupied by a female known to him as NANCY LING PERRY. He stated that this individual was not home at the time he was there, but the landlord allowed him to check the residence. He stated that all of the personal belongings of NANCY LING PERRY were still in the trailer, as well as her two cats and kittens. He stated that the trailer was in very poor condition and he made arrangements with the owner to rent the trailer as soon as NANCY LING PERRY had vacated it. He stated that he returned in approximately one month to take up residence in this trailer, at which time there still remained a considerable amount of personal property of NANCY LING PERRY. He stated that he moved into the trailer and was later contacted by PERRY who stated he could have the remainder of her possessions in lieu of the cleaning necessary for the trailer. PERRY stated that she would pay him for feeding her cats.

[redacted] stated this was the only occasion which he is aware of that she visited his residence at the trailer in Cazadero. He stated that her possessions, which he can recall, were several novels and poetry books and some mimeographed feminist literature. He stated that he did not observe any drawings of a seven-headed cobra nor did he recall any literature concerning revolution, guerrilla warfare, or new left movements.

[redacted], University of California at Berkeley (UCB) was advised of the identity of the interviewing agent. [redacted] advised the following information:

The records of the Student Health Service are confidential and must be obtained by a subpoena. The general information in the file reflected, however, that NANCY LING PERRY has been in the files since September 19, 1966. In 1968, she had a change of the last name to PERRY. The last entry in the file is on March 7, 1973, and the file was put in dead file during the winter of 1973. Other than the usual type of common ailments, colds, etc., there is nothing unusual indicated in the file. There were different occasions when she would have to call back to the clinic to determine the results of some type of laboratory examination. This would be the reason for her having the telephone number of the Student Health Service.

On November 14, 1972, she was referred to the University Psychiatric Department, which is a separate unit of the Student Health Service and maintained with their own files. The file also indicates that she had some type of recurrent condition and was referred to some outside source for this condition.

[redacted] advised that the person to whom a subpoena should be directed for a file is [redacted] Custodian of Records, University of California at Berkeley.

[redacted] Berkeley, California, was advised of the identity of the interviewing Agent and that the nature of the interview was in regard to the PATRICIA HEARST kidnap February 4, 1974, and specifically in regard to any knowledge he might have of NANCY LING PERRY, who is a suspected member of the Symbionese Liberation Army (SLA). [redacted] furnished the following information:

[redacted] first met NANCY LING PERRY in November of 1972, [redacted] believed that PERRY had already been working at the Life Science Building since the summer of 1972. NANCY LING PERRY worked as a part-time lab assistant and was in a program of a work study scholarship type thing. She was trying to get a Chemistry Degree, although she already had a degree in English because she was very interested in the health profession. NANCY LING PERRY worked two or three days a week and was employed in a second job at Fruity Rudy's during the same time.

[redacted] described NANCY LING PERRY as being above average intelligence and had a great desire to become a doctor. [redacted] believed that during the time she was employed at the Life Science Building she took care of a little boy six or seven years old whom [redacted] believed to be her son. [redacted] advised that PERRY said very little about her personal life and kept her personal life and lab life separate. [redacted] did not know any of her friends, and does not think she had any close friends in the lab.

In early February, 1973, PERRY stopped working at the lab because she had to leave due to the fact she had dropped out of school because she could not schedule the courses she needed. By dropping out of school forced the administrators to dismiss her because the state pays 90 per cent of a student's salary and the school pays 10 per cent. Due to the fact that she is no longer a student, the school could not afford to continue to pay her salary. [redacted] believed that she stayed

[redacted], voluntarily appeared at the Berkeley Resident Agency, where he was advised of the identity of the interviewing Agent and that the nature of the interview was in regard to the PATRICIA HEARST kidnaping on February 4, 1974, and specifically in regard to any knowledge he might have concerning NANCY LING PERRY, who is suspected of being an SLA member. [redacted] furnished the following information:

[redacted]

[redacted] advised that NANCY LING PERRY first started Yoga in 1971, and in this beginner's class there were approximately 40 people. He described her as a very sincere and personable person and was "intensely" interested in Yoga. After eight months of the standard lessons she requested private lessons. [redacted] conducted these private lessons at his residence [redacted] San Francisco, California. In these private classes there were usually from 12 to 20 people present. Classes usually ran for three month periods and met once a week. Cost of classes was strictly donation. NANCY LING PERRY would donate approximately $15 for each three month class. NANCY LING PERRY always attended these classes alone and never became close or friendly with anyone in the class. [redacted] described her as a loner in the class.

[redacted] advised that he had visited NANCY LING PERRY socially at her home which was located on Divisadero near the intersection of Haight and Divisadero. During these social visits [redacted] never heard PERRY mention the SLA and never saw any books or other materials in her house which would connect her with the SLA or any other radical movements.

[redacted] determined during these visits that GILBERT PERRY, NANCY LING PERRY's husband, was very jealous of any other man being associated with NANCY LING PERRY. NANCY LING PERRY was very attached to GILBERT PERRY, although GILBERT P[redacted] was not very faithful to her. [redacted] advised that [redacted] PERRY had openly shown affection to other women in the presence of NANCY LING PERRY and himself. [redacted] further advised that when he knew NANCY LING PERRY she drove a green Volkswagen van with a white top.

[redacted] was very upset that NANCY LING PERRY would become involved with any organization such as the SLA. [redacted] felt that he had failed as a teacher because the principle behind Yoga is peaceful and the methods of the SLA are completely different than that that is taught in Yoga. [redacted] felt that NANCY LING PERRY had a great respect for him as a teacher. [redacted] advised that NANCY LING PERRY worked in the North Beach area as a waitress because she needed money quickly and did not wish to restrain herself to an 8:00 a.m. to 5:00 p.m. job. She had contempt to the established way of making money, although she was a real hustler, honest worker and had a good mental attitude towards work. [redacted] felt the reason she took the job as a waitress in the North Beach area, although it was demeaning to her, it was necessary in order to obtain money so that she could go into medicine. PERRY was very serious about going into medicine and during the Yoga classes was going to the University of California at Berkeley (UCB) to further her education in medicine. [redacted] feels that one of the reasons she became involved with the SLA was due to her inability to raise money for school and her frustrations in attempting to become a doctor. [redacted] described PERRY as very intelligent and quite capable of obtaining a degree in medicine. [redacted] advised that her social frustrations were not helped by Yoga, although Yoga helped to keep her mentally straight. [redacted] feels that if NANCY LING PERRY had been provided a scholarship she would be well on her way to becoming a doctor now instead of a member of the SLA.

[redacted] was not aware of NANCY LING's political philosophy but was aware that she was a strong supporter of integration.

In April, 1973, NANCY LING PERRY stopped taking classes from [redacted]. [redacted] talked to her on several occasions afterwards at Crazy Dave's, where she was employed at an orange juice stand. He tried to talk to her about why she quit the Yoga lessons. She avoided giving him any reason for leaving. [redacted] feels that she was trying to break any ties she had with him in order to prevent him from becoming involved in any of her activities regarding the SLA. [redacted] feels that it is a very strong possibility that she may contact him sometime in the future. [redacted] advised he will attempt every effort to convince NANCY LING PERRY to surrender herself to the FBI.

[redacted] was shown photographs of NANCY LING PERRY and advised that she is identical with the NANCY LING PERRY who was in his classes. [redacted] was also shown the following photographs with negative results:

ATWOOD advised he had re-evaluated his situation in regard to cooperation with the FBI. ATWOOD explained that in trying to get things in order in his own mind he did not feel in good conscience he could assist the FBI in identification of voices on any tape recordings. He stated that he realized if his wife, ANGELA ATWOOD, or former acquaintances, WILLIAM and EMILY HARRIS, were to contact him this would be a different matter. ATWOOD indicated while for his own curiosity he would like to listen to the tapes to see if his wife's voice or any other voices he recognized might be on the tape, he had the right to decline to identify those voices and wanted to utilize that right. ATWOOD advised if contacted by his wife or the HARRIS' he would consider the possibility of furnishing information to the Federal Bureau of Investigation at that time. Another friend was [redacted] (phonetic) who headed up the food conspiracy. He described her as a while female, 25 - 28 years, 5'3" - 5'4", 115 - 120 pounds, blonde hair. FASSLER stated that he is the attorney for CYNTHIA GARVEY and is also assisting Attorney [redacted] in representing JANET MARGARET COOPER. FASSLER stated that he had accompanied CYNTHIA GARVEY and JANET [redacted] in their appearance before the Federal Grand Jury on April 25, 1974. It was explained to FASSLER that the Federal Bureau of Investigation (FBI) is interested in any information which he or his clients may have regarding the location or activities of the persons who kidnaped PATRICIA HEARST or committed the Hibernia Bank robbery in San Francisco. It was carefully explained to FASSLER that the FBI is not pursuing radical or revolutionary activities which his clients may or may not be involved in but is interested solely at this time in the criminal acts involving the kidnaping and the bank robbery.

It was requested that FASSLER contact CYNTHIA GARVEY and JANET COOPER and request them to reconsider an interview with the FBI and the possibility of furnishing any information which they may have in their possession regarding any of the above criminal acts. [redacted] appeared to be noncommittal but stated that he would discuss this matter with his clients and abide by their wishes. Mr. FASSLER was asked if he would contact the FBI office and advise of the results of the interview of his clients. [redacted] stated that he did not wish to furnish any information to the FBI and advised he would prefer the FBI to contact him and stated that he would have an answering service installed at his residence by Tuesday, April 30, 1974.

## E. Analyses of SLA Tape Recordings

FD-302 (REV. 11-27-70)

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 4/17/74

[redacted] advised as follows:

He has been furnished with six cassette tapes of communications from the SLA received on various dates in February, March, and April, 1974. These tapes were received from the Federal Bureau of Investigation (FBI) in San Francisco, California.

He has reviewed the messages with the help of a qualified fellow psychiatrist and he has completed his review and analysis. He advised as follows:

There are three possibilities as to PATRICIA HEARST's involvement in her kidnapping and related acts:

One, she was in on it from the beginning and had some prior knowledge of her kidnapping.

Two, at the time she was kidnapped and up to the present time, she is operating under total compulsion; that is, the "gun at the head" theory. In this context, she is not acting voluntarily.

Three, at some point in time after the kidnapping, members of the SLA were able to achieve sincere conversion in her mind so that she became voluntary in subsequent acts. The third category is commonly known as "brainwashing".

[redacted] would subscribe to the theory that at the present time she is under almost total compulsion in recording the last tape and what ever subsequent acts have become known since then. She is operating out of fear of bodily harm.

[redacted] feels that there is a slight tendency on her part to have accepted some degree of brainwashing, perhaps ten or fifteen percent at the most. This brainwashing stems from a fear of death that would occur if

an armed FBI raiding party attempted to rescue her. She has possibly been persuaded to believe this over a period of time since her capture. She also did have tremendous confidence in her father. He had been an omnipotent factor in her life. She has seen him almost totally dominate what ever he comes in contact with, yet in the present situation he appears almost helpless and she sees this, and so she has become confused to some extent. Additionally, also adding to the ability of the SLA to slightly persuade PATRICIA HEARST into being brainwashed is the fact that the SLA are intelligent, articulate, and passionate radicals even though of a violent and terroristic nature. She has no doubt been subjected to intensive political persuasion by these people. Since she is a relatively young women of approximately 20 years of age who has possibly been exploring various political persuasions in recent years, she is a prime candidate for reacting favorably to intensive political persuasion or brainwashing.

[redacted] noted that in the first few tapes the voice of PATRICIA HEARST appears to be speaking her own thoughts in her own way. She was spontaneous, measured, and appeared sincere in expressing her fears while attempting to reassure. Later in the tapes, her rhetoric becomes more that of the SLA and less that of PATRICIA HEARST. It is more stereotyped. It contains more of the radical jargon common to the SLA and similar groups. In the last tape she sounds like an "automaton", probably reading a prepared script and speaking in a voice and tempo that does not at all appear to be comming originally from within PATRICIA HEARST.

[redacted] advised that to reiterate his opinion, he feels that up to and including the point in time where she participated in the last tape, she is being motivated out of fear for her safety and would cease and desist from her participation in the tapes and whatever else she is doing with the SLA if she was, in fact, able to make her own choice. There is very little evidence to show brainwashing was successful in motivating her.

[redacted] feels that if PATRICIA HEARST continues to be subjected to the SLA persuasions on a regular basis, there is a definite possibility that the amount of compulsion necessary to have her involuntary perform acts with the SLA will be reduced and there will

be a proportionate increase in the degree of success achieved by the SLA brainwashing efforts.

[redacted] has had an opportunity to review various news media photographs and articles relating to the San Francisco bank robbery of April 22, 1974, in which it is indicated the SLA and PATRICIA HEARST are involved. He feels that the information concerning that incident is consistent with his review and analysis of tapes.

[redacted] Technical Development, Inc., 4720 Montgomery Lane, Bethesda, Maryland, telephone [redacted] was interviewed at his residence, [redacted] and he advised as follows:

His company has engineered a voice analyzer called a Mark II Voice Analyzer, which measures stress in the human voice. He is furnishing, free of charge, a mathematically based voice analysis of a poor copy of a less than one minute excerpt from the last PATRICIA HEARST tape (indicating willingness to join SLA).

This tape was obtained from the Management Safeguard Company, New York City, New York who prepared it from news media sources.

[redacted] company has worked on measuring emotional stress in individuals' voices for both the governmental and private sectors.

[redacted] furnished a one page graphic and verbatim transcript of the recording with selected words keyed on a scale from 20 to 60. Normal beginning stress levels in most individuals are values in the high 30's or 40's. Higher levels are indicative of very strong stress although not necessarily higher in proportion.

Working without control stress levels, [redacted] opinion is that PATRICIA HEARST is very stressed during the preparation of the tape but there is no evidence in [redacted] evaluation to indicate she was forced to make the statement under duress. The pattern of emotional reactions as indicated by the values set out, shows sincere and what appears for her to be normal emotional reactions for the situation.

The FBI Laboratory furnished the following administrative information:

Differences were observed in comparing the hand printing on Q172 with the hand printing on the previously submitted manila envelopes, Q63, Q48 and Q45. It is noted that the Q172 envelope is approximately the same size and color as the previously submitted Q63, Q48 and Q45 envelopes.

Some general resemblances were observed in comparing the handwritten notation in the lower left corner of Q172 with the available writing of EMILY HARRIS. However, the available comparable writing of HARRIS for comparison is too limited for adequate comparison. It will be necessary to have additional writing by HARRIS showing the same letters and letter combinations before an adequate comparison can be made.

Nothing of particular significance was observed in comparing the questioned writing on Q172 with the comparable available known writing or purported known writing of other suspects previously submitted in this and the SLA cases.

As the Laboratory has previously noted with regard to other questioned typewritings submitted in this case, the questioned typewriting on Q163 through Q171, Q20 through Q23 and Q32 through Q39 contains few individual identifying characteristics, and therefore, definite identifications with known typewriter or typewriters may not be possible.

As previously advised, some similarities were observed in comparing the available writing of CAMILLA HALL with the "Janet Cooper" signatures on previously submitted car rental forms in this case. Also, HALL cannot be eliminated as having been involved in the preparation of the questioned handwritten notation on the Q172 envelope, previously submitted. The available writing of HALL does not contain sufficient hand printing for adequate comparison with hand printing on items previously submitted in these cases. Nothing of particular significance was observed in comparing the available handwriting of HALL with other unidentified questioned writing on items submitted in this case, the SLA case and the ASGM case.

San Francisco and recipient offices should continue to be alert to obtain additional handwriting and hand printing of HALL for submission to the Laboratory.

Some resemblances were observed in comparing the written notation "Tania 1974" on the Q173 photograph with available writing of PATRICIA CAMPBELL HEARST which indicates that she cannot be eliminated as a possible suspect in the preparation of this notation. However, this questioned written notation is too limited for handwriting identification.

As of 4/26/74, the Laboratory advised that the submitted writing of PATRICIA CAMPBELL HEARST does not contain any of her hand printing. San Francisco may wish to obtain known hand printing of PATRICIA CAMPBELL HEARST for future comparison purposes.

Photographs of Q175 were made and will be available for any future comparison requested.

As the Laboratory has previously noted with regard to other questioned typewritings submitted in this case, the questioned typewriting on Q178 through Q181 and Q183, Q163 through Q171, Q32 through Q39 andQ20 through Q23, contains few individual identifying characteristics, and therefore, definite identifications with typewriter or typewriters may not be possible.

Some similarities were observed in comparing the hand printing on Q182 with available limited known hand printing of NANCY LING PERRY. Inasmuch as the upper-case known hand printing submitted to the Laboratory of NANCY LING PERRY is very limited, the Laboratory again requested additional known upper-case hand printing of PERRY, if found available.

As of 5/15/74, the Laboratory stated that San Francisco should refer to previous Laboratory comments concerning the comparing of writing of EMIL HARRIS with the unidentified questioned writing in "these cases" and the obtaining of additional known handwriting and hand printing of HARRIS.

Synopsis:

Contents taken from Central Bank, Berkeley, California Safety Deposit Box 127 in name of NANCY LING PERRY obtained by subpoena. Latent print developed on rental agreement Q156 has been identified as impression of the right thumb of PERRY. Original SLA cassette received by KSAN obtained on 4/3/74 as well as typewritten sheets of paper, instructions and colored photograph of girl in front of flag with SLA emblem. It was determined that typewriting on Q163 through Q171 was the same style as typewriting on specimens previously submitted in this case, but a definite conclusion was not reached whether the questioned typewriting on these items was prepared by the same typewriter. Typewriting corresponds to Laboratory standards for a Smith-Corona or SCM elite style of type spaced twelve characters per horizontal inch. Q163, Q165 and Q168 through Q171 bear watermark with the words "NEENAH BOND 25% COTTON FIBER". Handwriting similarities were observed in comparing the written notation "7 April 74" on the Q174 cassette with the available writing of DONALD DAVID DE FREEZE. Three weapons in Q173 photograph identified. Polaroid Corporation furnished information on photo. Evidence sent to JOHN BRYAN, San Francisco Phoenix was obtained by search warrant served on Attorney VINCENT HALLINAN. The name and address enclosed in a drawn heart on Q176 was prepared by PATRICIA MICHELLE SOLTYSIK. Q184 through Q191 are carbon copies of Q163 through 170. ARMED AND DANGEROUS.

Specimens received 3-27-74

Q152 Central Valley National Bank admission slip bearing numerals and writing on back side

Q153 Social Security card #551-74-5130 in the name "Nancy Ling Perry"

Q154 Check stub dated 9-28-70, in the amount of $50.00

Q155 Check stub in the amount of $77.82

Q156 Rental agreement signed "Mrs. Nancy Ling Perry"

Q157 Manila envelope bearing writing and numerals on front

Q158 One pill box containing two pills

Also Submitted: Two Central Valley National Bank safe deposit receipts; 1969 Wage and Tax Statement in the name "N L Perry"; two carbon copies of the Pacific Telephone and Telegraph Company statement in the name "N L Perry"; one one dollar Federal Reserve Note serial #C 28429204 D

Result of examination:

The conclusion was reached that the Perry signatures on Q156 and Q153 and the questioned writing on Q157 were prepared by NANCY LING PERRY, purported writer of items K04, K10, K13 and K22 in this case and item K4 in case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM". A definite conclusion wasnnot reached whether the remaining questioned writing on the

items described above was prepared by PERRY, due to the presence of unexplained variations and the limited amounts of questioned writing on some items. However, handwriting similarities were observed in comparing the purported writing of PERRY with the questioned writing on Q154 and Q155 which indicates PERRY probably also prepared this questioned writing.

The Q153 pills were found to contain lysergic acid diethylamide (LSD).

The submitted items are being returned separately. Appropriate photographs were made.

Q160 and Q161 were not associated with material maintained in the Anonymous Letter File. Copies have been added thereto.

A definite conclusion was not reached whether the hand printing on Q160 was prepared by the writers of the questioned or known writing previously submitted in this case, due to the lack of distinctive hand printing characteristics, the presence of unexplained variations and the lack of sufficiently comparable writing. However, nothing of particular significance was observed in comparing the hand printing on Q160 with hand printing on other items previously submitted in this case.

The words and letters on Q161 were cut out from newspaper, magazines or similar type publications. Q160 and Q161 contain no watermarks, indented writing of significance or other characteristics to aid in definitely determining their source. Q174 SONY C120 cassette tape bearing writing "SLA 37 April 74"

Also Submitted: AMPEX 120 cassette case; white envelope, and yellow receipt to KSAN Radio

Result of examination:

It was determined that the typewriting on Q163 through Q171 is the same style as the typewriting on specimens Q20 through Q23 and Q32 through Q39, previously submitted in this case. A definite conclusion was not reached whether the questioned typewriting on these items was prepared by the same typewriter, due to the lack of a sufficient number of individual identifying characteristics. Although some typewriter characteristics in common were observed in comparing the typewriting on Q163 through Q171 with the typewriting on Q20 through Q23 and Q32 through Q39, these characteristics on Q163 through Q171 were inconsistent.

The typewriting on Q163 through Q171, Q20 through Q23 and Q32 through Q39 corresponds to Laboratory standards for a Smith-Corona or SCM elite style of type, spaced twelve characters per horizontal inch.

Q163, Q165, and Q168 through Q171 bear the watermark or partial watermark of a design enclosed in a circle with the words "NEENAH BOND 25% COTTON FIBER" which is registered to the Neenah Paper Company, Neenah, Wisconsin. Q164, Q166, Q167 and Q172 and the envelope portion of the Also Submitted items, contain no watermarks. The submitted items contain no indented writing of significance or other characteristics to aid in definitely determining their source.

Due to the limited amount of questioned writing, a definite conclusion was not reached whether the questioned writing on the Q174 cassette was prepared any of the writers of previously submitted known or purported known writing. However, handwriting similarities were observed in comparing the written notation "7 April 74" on the Q174 cassette with the available writing of DONALD DAVID DE FREEZE, purported writer of K12, K21, K24 and K29, previously submitted in this case.

(over)

A definite conclusion was not reached whether the questioned writing on Q172 was prepared by the writer or writers of the unidentified questioned writing on items previously submitted in this case or in case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM", due to the lack of sufficiently comparable writing, the presence of unexplained variations and the limited amount of portions of questioned writing.

A definite conclusion was not reached whether the questioned writing on Q172 was prepared by any of the writers of previously submitted known or purported known writing in this case or in the SLA case due to the presence of unexplained variations and the lack of sufficiently comparable writing.

Three weapons are present in the Q173 photograph. The weapon which is being held appears to be a modified .30 caliber U.S. Carbine. This carbine appears to have been restocked and mounted with a telescopic sight. Further, it appears that the barrel has been shortened and the front sight has been moved back. Two 30 round tube magazines (bannana clips) appear to have been taped together opening in opposite directions so as to facilitate rapid change of clips.

The weapon in the left pocket is most similar to a 9mm Browning "Hi-Power" or 9mm Fabrique Nationale Model 1935 semiautomatic pistol. Such a weapon chambers and fires the 9mm Luger (9mm Parabellum) cartridge.

The weapon leaning up against the wall appears to be a sawed-off, slide action repeating shotgun. Based on the physical characteristics of the portion of this weapon as displayed in the photograph, this weapon could be a Winchester Model 12, 25, 42 or 97 shotgun.

The submitted items are being returned separately. Appropriate photographs were made.

A definite conclusion was not reached whether the remaining questioned writing on the items submitted was prepared by the writers of unidentified questioned writing, known writing or purported known writing on items previously submitted, due to the limited amount of this questioned writing.

Specimens received April 8, 1974, were previously described in Laboratory report dated April 12, 1974.

This report supplements the report of D-740408001 PF previously furnished to you.

Following is a report of the results of the examination made by the engineers of the Polaroid Corporation of specimen Q173 for the purpose of determining the age and possible point of distribution of this specimen.

Polaroid Corporation advised, using date of the photograph 4/12/74 as a reference, Polaroid's examination reveals photograph was taken a minimum of 12 to 14 days prior. The maximum time could be 30 days prior. Assuming photograph was maintained continually at normal room temperatures, a fairly safe assumption is that photograph was taken 22 to 25 days prior to 4/12/74.

There were prior photographs taken in the film pack utilized in the taking of the enclosed photograph. The writing which appears on top of the photograph "Tania 1974" was written several days after the photograph was taken.

Because much of the identifying data has been removed, it was not possible to identify the area of distribution for sale of the film.

Specimen Q173 together with 12 natural-size copies and eight enlargements made from this specimen are sent herewith.

Result of examination:

The conclusion was reached that the name and address enclosed in a drawn heart on Q176 was prepared by PATRICIA MICHELLE SOLTYSIK, purported writer of K7, K28 and Kc30.

A definite conclusion was not reached whether the remaining questioned writing on items submitted was prepared by the writers of unidentified questioned writing, known writing or purported known writing on items submitted in this case, case captioned"SYMBIONESE LIBERATION ARMY (SLA) EM" or case captioned "AUGUST SEVENTH GUERRILLA MOVEMENT (ASGM) EM," due to the presence of unexplained variations, the lack of sufficiently comparable writing and the limited nature of some of the questioned entries. Some similarities were observed in comparing the hand printing on Q182 with the hand printing on previously submitted manila envelopes designated Q45, Q48 and Q63.

The following submitted items are carbon copies of previously submitted typewritten items as follows:

Q187 is a carbon copy of Q163.
Q184 is a carbon copy of Q164.
Q185 is a carbon copy of Q165.
Q188 is a carbon copy of Q166.

(over)

Q189 is a carbon copy of Q167.
Q190 is a carbon copy of Q168.
Q191 is a carbon copy of Q169.
Q186 is a carbon copy of Q170.

The typewriting on Q178 through Q181 and Q183 is the same style as the typewriting on Q163 through Q171, Q32 through Q39 and Q20 through Q23, previously submitted; however, due to the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether these items were prepared by the same typewriter. Although some characteristics in common were observed in comparing the typewriting on these items, some of these characteristics are inconsistent.

Q183, Q185 and Q186 bear watermarks registered to the Neenah Paper Company, Neenah, Wisconsin. Other items submitted contain no watermarks. The submitted items contain no indented writing of significance or other characteristics to aid in definitely determining their source.

The submitted items, which have been photographed, are being returned separately.

Re Bureau request 6/3/74 for brief summary of polygraph examinations conducted to date in HEARNAP.

Following examinations conducted by this Office in line with verbal authority of FBIHQ:

THOMAS DEAN MATTHEWS, Lynwood, California, who was abducted by EMILY HARRIS and confederates 5/16/74, was given authorized polygraph examination by SA examiner [redacted] 5/18/74 to confirm MATTHEWS' account of his abduction and alleged conversations with PATRICIA HEARST during that period. Examiner concluded MATTHEWS was truthful in his accounts of abduction and identification of Miss HEARST.

KYLE EDWARD JONES, manager of residence at 833 West 84th Street, Los Angeles, was given authorized polygraph examination 5/22/74 by SA examiners [redacted] and [redacted] JONES rented 84th Street address to DONALD DAVID DE FREEZE, aka Cinque, and confederates prior to 5/17/74 shootout in Los Angeles. Polygraph examination designed to resolve apparent discrepancies in earlier interviews with JONES covering his conversations with DE FREEZE and others at West 84th Street location. Overall interview and charts produced revealed emotional responses generally associated with truthfulness. JONES not considered to be withholding additional information.

[redacted] was given authorized polygraph examination 5/24/74 by SA examiner [redacted] to determine accuracy of his report about the delivery of $50,000 in cash to a location near the Los Angeles Griffith Park Observatory on 5/17/74. According to informant, payment was authorized by Nation of Islam (NOI) headquarters, Los Angeles, to assist PATRICIA HEARST and remnants of the SLA in their escape.

[redacted] Overall interview and chart analysis revealed emotional responses usually associated with truthfulness. [redacted]

[redacted] was given authorized polygraph examination by SA examiner [redacted] 5/29/74 to determine if he was truthful when he identified photographs of DE FREEZE and WILLIAM HARRIS on 5/16/74. [redacted] had reported seeing the latter two individuals near the Observatory in the general area of a white van on 5/16/74.

[redacted] Chart analysis disclosed significant emotional responses usually associated with deception. However, examiner's conclusion is that [redacted] was truthful when he originally made identifications but is currently suffering considerable anxiety and self-doubt over accuracy of his identification. Significant emotional responses appear to have been produced because of anxiety. Following polygraph examination [redacted] admitted he was not confident enough about his identifications to testify to them in court.

RE: SLA TAPE RECEIVED BY RADIO STATION KPFK,

LOS ANGELES, JUNE 7, 1974.

UPON INFORMATION RECEIVED FROM THE LOS ANGELES NEWS MEDIA THAT RADIO STATION KPFK, 3729 CAHUENGA BOULEVARD WEST, NORTH HOLLYWOOD, CALIF., HAD RECEIVED A TAPE, REPORTEDLY FROM THE SLA, SA'S OF THE FBI INTERVIEWED [redacted] STATION MANAGER, KPFK RADIO. LEWIS AND HIS ATTORNEY, [redacted] WHO WAS PRESENT, ADVISED THAT HIS STATION RECEIVED A TELEPHONE CALL FROM AN ANONYMOUS INDIVIDUAL AT 6:30 AM, JUNE 7, 1974.

END PAGE FOUR

THE UNKNOWN CALLER ADVISED THAT A RECORDING FROM PATRICIA HEARST HAD BEEN PLACED BEHIND A MATTRESS AT THE REAR OF THE STATION.

THE CALLER INDICATED THE RECORDING WAS IN A MANILA ENVELOPE [redacted] AND DIRECTED THAT THE RECORDING BE PLAYED OVER THE AIR. [redacted] DECLINED TO STATE WHETHER THE VOICE OF THE UNKNOWN CALLER WAS MALE OR FEMALE. HE ALSO REFUSED TO TURN OVER TO THE FBI THE ORIGINAL TAPE AND MANILA ENVELOPE IN WHICH IT WAS FOUND. [redacted] DID PROVIDE A COPY OF THE TAPE PREPARED BY HIS STATION FROM THE ORIGINAL.

DETAILS RELATING TO THE RECEIPT OF THE TAPE BY RADIO STATION KPFK, AND THEIR REFUSAL TO FURNISH THE TAPE, THE CONTAINER IN WHICH IT WAS RECEIVED OR ANY INFORMATION RELATING TO THE RECEIPT, TO THE FBI WAS DISCUSSED WITH AUSA ROBERT L. BROSIO, CHIEF ASSISTANT USA, LOS ANGELES. IT WAS POINTED OUT TO BROSIO THAT [redacted] STATION MANAGER, KPFK, REFUSED TO FURNISH THE FBI ANY INFORMATION ON THE BASIS HE WAS PROTECTING HIS SOURCES OF INFORMATION. BROSIO WAS QUESTIONED REGARDING WHETHER OR NOT A SUBPOENA FOR THE ORIGINAL TAPE AND THE CONTAINER IT ARRIVED IN COULD BE ISSUED AND SERVED ON STATION KPFK.

BROSIO NOTED KPFK IS A STATION OF THE PACIFICA FOUNDATION AND PACIFICA FOUNDATION HAS A WELL KNOWN POLICY OF NOT ASSISTING LAW ENFORCEMENT IN ANY MANNER. BROSIO ADDED HE COULD NOT AUTHORIZE A SUBPOENA WITHOUT AUTHORIZATION OF THE DEPARTMENT. BROSIO ADDED HE WOULD CONSULT WITH THE DEPARTMENT TODAY.

END PAGE FIVE

EXTENSIVE NEIGHBORHOOD INVESTIGATION CONDUCTED IN VICINITY OF KPFK. ALL RESIDENTS AND LOGICAL INDIVIDUALS INTERVIEWED WITH NEGATIVE RESULTS. CRIME SCENE SEARCH ALSO CONDUCTED WITH NEGATIVE RESULTS.

INVESTIGATION TO IDENTIFY POTENTIAL WITNESSES TO DELIVERY OF TAPE CONTINUING.

RADIO STATION KPFK-FM, OWNED BY PACIFICA FOUNDATION, INC., IS A SISTER STATION OF KPFA, BERKELEY, AND HAS A LONG HISTORY OF LEFTIST PROGRAMING. LEGAL COUNSEL FOR KPFK IS [redacted]

LOS ANGELES FILES CONTAIN NO PERTINENT INFORMATION CONCERNING [redacted]

END PAGE SIX

AT NOON, PACIFIC STANDARD TIME, KPFK RADIO, 90.7 FM, RADIO PACIFICA FOUNDATION, 3729 CAHUENGA BOULEVARD WEST, NORTH HOLLYWOOD, CALIF., AIRED A LIVE PRESS CONFERENCE FROM THEIR STUDIOS. IN THIS CONFERENCE WILLIAM LEWIS, STATION MANAGER, ADVISED THAT HIS STATION HAD RECEIVED AN ANONYMOUS CALL AT 6:30 AM, JUNE 7, 1974, IN WHICH THE CALLER HAD INSTRUCTED THAT A TAPE FROM PATRICIA HEARST WAS LOCATED NEAR A MATTRESS BEHIND THE STATION. LEWIS STATED THEY RETRIEVED THE TAPE AND LISTENED TO ITS CONTENTS. THE VOICES CONTAINED ON THE TAPE WERE BELIEVED TO BE THAT OF WILLIAM HARRIS, EMILY HARRIS, AND PATRICIA HEARST. IN THE NEWS CONFERENCE KPFK RADIO STATED THAT THEY BELIEVED THE FIRST VOICE ON THE TAPE USING THE NAME TIKO, WAS THAT OF WILLIAM HARRIS. THE SECOND VOICE, USING THE NAME YOLANDA, WAS EMILY HARRIS, AND THAT THE LAST VOICE, THAT OF TANYA, WAS PATRICIA HEARST.

LEWIS WARNED THAT THE TAPE CONTAINED STATEMENTS WHICH HE CONSIDERED SENSITIVE (OBSCENE) BUT THEY WOULD PLAY THE TAPE IN AN UNEDITED FORM, AS WAS KPFK RADIO STATION'S POLICY.

END PAGE SEVEN

THE TAPE BEGINS WITH THE VOICE OF A MALE WHO IDENTIFIES HIMSELF AS TIKO (PHONETIC). HE BEGINS BY EXPPESSING GREETINGS TO "THE PEOPLE, THE BLACK LIBERATION ARMY, THE UNITED PEOPLE'S LIBERATION ARMY, THE BLACK GUERRILLA FAMILY, THE WEATHER UNDERGROUND AND ALL FREEDOM FIGHTERS OF THE UNITED SYMBIONESE FEDERATION AND THE NEW WORLD LIBERATION FRONT". HE CONTINUES, "YOLANDA (PHONETIC), TANIA AND I EXTEND PROFOUND FEELINGS OF REVOLUTIONARY LOVE AND SOLIDARITY TO GENERAL FIELD MARSHAL CABRILLA AND ALL THE SOLDIERS OF THE UNITED PEOPLE'S LIBERATION ARMY, THE R TEAM COMMANDER AND ALL ELEMENTS OF THE ANTI-AIRCRAFT FORCES OF THE SLA; TO COMBAT UNIT NUMBER FOUR OF THE BLACK LIBERATION ARMY, TO COMRADE MARTIN SASTRA (PHONETIC) AND ALL OTHER COMRADE - BROTHERS AND SISTERS IN AMERICA'S CONCENTRATION CAMPS; TO OUR BELOVED COMRADES IN ARMS AND PRISONERS OF WAR, OSEOLA (PHONETIC) AND BO WE ECHO (PHONETIC)." TIKO STATES THAT THE MALCOLM X COMBAT UNIT OF THE SYMBIONESE LIBERATION ARMY HAS PICKED UP THE BANNER. HE STATES THAT THE MALCOLM X COMBAT UNIT LEFT THE SAN FRANCISCO [redacted] BAY AREA MAY DAY 1974. THIS WAS DONE SINCE IT BECAME

END PAGE EIGHT

CLEAR THROUGH INTELLIGENCE REPORTS THAT THE "PIGS" WERE PREPARING TO TRAP THEM ON THE SAN FRANCISCO PENINSULA. ON MAY DAY, THE UNIT SLIPPED OUT OF SAN FRANCISCO AND INTO LOS ANGELES. HE CONTINUES THAT ON MAY 16, 1974, THREE MEMBERS OF THE UNIT WERE SENT OUT TO BUY A NUMBER OF ITEMS. AT MEL'S SPORTING GOODS STORE IN INGLEWOOD, "PIG AGENT CLERK" NAMED TONY SHEPERD FALSELY ACCUSED HIM OF SHOPLIFTING. HE STATES THAT IT WAS IMPOSSIBLE TO ALLOW A VERIFYING SEARCH BY STORE SECURITY GUARD SINCE HE WAS ARMED AND THEY WERE FORCED TO FIGHT THEIR WAY OUT OF THE SITUATION. TIKO GIVES A DETAILED DISCUSSION OF REPORTS THAT 49 CENTS WORTH OF SOCKS WERE STOLEN AND DISCOUNTS THESE REPORTS.

TIKO STATES THAT ON MAY 17, 1974, CIA-DIRECTED FORCE OF FBI AGENTS, LOS ANGELES CITY "PIGS", AS WELL AS NUMEROUS OTHER AGENCIES INCLUDING THE ARMED FORCES, SURROUNDED THE OTHER MEMBERS OF THE UNIT AND KILLED THEM. THE KILLING OF THESE SLA MEMBERS WAS DONE DELIBERATELY BY INCENDIARY GRENADES FIRED BY THE "PIGS". THESE GRENADES CAUSED THE FIRE WHICH KILLED THE SLA FREEDOM FIGHTERS.

END PAGE NINE

TIKO DISPUTES THE CLAIMS MADE IN THE NEWS MEDIA THAT CINQUE COMMITTED SUICIDE. HE STATES THAT BASED UPON THEIR ANALYSIS OF THE DIAGRAM WHERE THE BODIES WERE FOUND, IT WAS CLEAR THAT THEY HAD DIVIDED INTO TWO TEAMS TO EFFECT AN ESCAPE FROM THE HOUSE BY FORCE.

TIKO ENDS HIS STATEMENT BY SAYING [redacted] THE MILITARY POLITICAL LEADER OF THE SLA AND FIVE TOP CADRE HAVE BEEN KILLED BUT THE SLA IS NOT DEAD. IT WILL LIVE AS LONG AS THERE IS ONE MEMBER OF ANY OPPRESSED CLASS, RACE, SEX OR GROUP LEFT ON THE EARTH. HE THEN QUOTES A SAYING FROM HO CHI MINH, "TODAY THE LOCUST FIGHTS THE ELEPHANT, BUT TOMORROW THE ELEPHANT WILL BE DISEMBOWELED".

THE FEMALE IDENTIFYING HERSELF AS YOLANDA SPEAKS SECOND ON THE TAPE. SHE EXPOUNDS ON THEIR INTERPRETATION OF THE WORD "REVOLUTION" INDICATING THAT TO THEM IT MEANS VIOLENT FIGHT FOR FREEDOM. SHE COMMENTS REGARDING THE 22,000 BROTHERS AND SISTERS IMPRISONED IN THE STATE OF CALIFORNIA; LACK OF JOBS AND THE FACT THAT THE "DICTATORS" TAKE THE FOOD FROM THE MOUTHS OF THE STARVING. SHE ISSUES A STATEMENT TO THE PEOPLE INDICATING THAT THE FIGHT WILL INVOLVE ALL THE PEOPLE AND THAT THEY UNDERSTAND THE REALITY OF REVOLUTION WILL INCLUDE DEATH AND IMPRISONMENT, SUFFERING AND VIOLENCE, AS WELL AS VICTORY. SHE STATES THAT 54TH STREET IS NOT AN END BUT A BEGINNING AND THE PEOPLE WILL GATHER ON THE STREET.

END PAGE TEN

[redacted]

THE THIRD VOICE ON THE TAPE IS THAT OF A FEMALE WHO IDENTIFIES HERSELF AS TANIA. TANIA STATES THAT SHE WANTS TO TALK ABOUT HER SIX MURDERED COMRADES TO CORRECT THE DISTORTED PICTURE PAINTED BY THE "FASCIST PIG MEDIA" OF THEM. SHE THEN CONTINUES BY GIVING A DESCRIPTION OF HER LOVING FEELINGS REGARDING THESE SIX MURDERED COMRADES.

TANIA BERATES HER FAMILY AND USES OBSCENITIES REGARDING THEM. SHE COMMENTS THAT REPORTS THAT CINQUE COMMITTED SUICIDE WERE FALSE. SHE STATES, "I DIED IN THE FIRE ON 54TH STREET, BUT OUT OF THE ASHES I WAS REBORN". SHE INDICATES THAT THE PLEAS FOR SURRENDER HAVE ONLY MADE HER MORE DETERMINED. LIFE, SHE INDICATES, IS VERY PRECIOUS TO HER AND THAT SHE WOULD NEVER CHOOSE TO LIVE THE REST OF IT SURROUNDED BY "PIGS LIKE THE HEARST'S". SHE ENDS HER STATEMENT BY STATING, "DEATH TO THE FASCIST INSECT THAT PREYS UPON THE LIFE OF THE PEOPLE".

GEORGE HEARST, PUBLISHER, "HERALD EXAMINER", A DAILY MAJOR LOS ANGELES NEWSPAPER, ADVISED THE THIRD VOICE ON THE TAPE IS PATRICIA HEARST.

END PAGE ELEVEN

COPIES OF THE TAPE RECEIVED FROM KPFK ARE BEING PROVIDED TO THE BUREAU, CHICAGO AND INDIANAPOLIS BY SEPARATE COMMUNICATION. [redacted] WILL BE [redacted] TO PLAY THE TAPES FOR FAMILY MEMBERS OF THE HARRISES.

SLA--THE NEW MARTYRS OF THE LEFT

By RALPH de TOLEDANO

A traumatic experience like the shootout between the police and FBI and the Symbionese madmen brings the weirdos out of the woodwork. For example, Dr. Fred Schwartz, leader of the Christian Anti-Communism Crusade, received a letter attacking "morons such as you" and concluding: "The SLA is a Right-wing plot to discredit the Left--didn't you know?" The writer was S. Beals, news director of Earlham College's FM radio station in Richmond, Indiana.

But it is also responsible for a carefully-planned drive to make the Symbionese Liberation Army and those of their members who chose death in Los Angeles the martyrs for today. David Wolfe, father of one of those killed, has called for an investigation of the "slaughter" by the police and the FBI--which may be excused as a manifestation of parental sorrow. But what I predicted recently is now coming to pass. The sob-sisters and brothers of the media have begun the glorification of the paranoid young people who murdered a school offic kidnapped Patricia Hearst, robbed banks, shop-lifted, and opened fire on the police and the FBI when they were surrounded Simultaneously, the newspapers have begun to contribute to the SLA "martyrdom" by publishing inflamatory letters which distort the facts and create an SLA mythology.

Washington's only morning newspaper last week gave majo prominence in its letters section to three outbursts, one of which I quote at some length:

"I am sickened by the way in which the police and FBI seem to be so eager to kill members of the Symbionese Libera-tion Army," Richard H. Perry writes. "The attacking police fo[illegible] the house where six SLA members were slaughtered could [illegible] more time talking to the defenders before assaulting [illegible] with tear gas and opening fire with their vast arsen

(MORE)

police and FBI statements constantly threatening to [illegible] fugitives gives the police and FBI the image of boi[illegible] happy goons. . . . After that brutal police assault and the slaughter of six SLA members, I have great sympathy for the six and their cause. And never have I felt such hatred for the establishment, which is now exposed in my mind as being a bunch of murderers.

Another letter accuses the police of having set fire to the building, although it is known that the "defenders"--such a nice word for them--had Molotov cocktails and were trained to s[illegible] fire to any building in which they were cornered, as their manu[illegible] of operations has disclosed. The Perry letter states as fact the the police opened fire, when it was the other way around. The tear gas was used to get the SLA murder-bund out unharmed, and it was met by a fusillade of SLA fire from its considerable arsenal of weapons. The police had no choice but to fire back.

The family of the school official shot dead by SLA with a cyanide bullet--and killed for no reason other than that he was a school official--will wonder about the sanity of a society which sympathizes with such barbarism. Those wounded during the bank robbery will ask themselves about the "cause" which sanctions such brutality. And readers of the Washington Post--or at least those not afflicted by madness--will raise some questions as to the journalistic purpose served by giving currency to the idea that those who do not condone murder are murderers themselves.

Were some poor kook to write a letter to his morning newspaper charging that Senator Sam Ervin Jr. and Representative Peter Rodino were Communists who were deliberately attempting to subvert the American system in their attacks on the President, his words would never see the light on day in the letters column. Journalistic responsibility would prevent it. Were it published there would be muttering in the city room and a flood of indignant responses.

But the sob-sisters and sob-brothers cannot resist a juic[illegible] martyrdom. They will join hands with anyone who weeps with them and the Left is notorious as a shedder of crocodile tears. When Daniel Ellsberg threatened the national security by his theft an[illegible] publication of the Pentagon Papers, he was immediately elevated to the status of hero and martyr, whereas the government he assailed became the culprit for attempting to prosecute him. And others have been granted instant martyrdom, if they professed Leftist sentiments.

It is all part of the insanity of our times--orchestrated and imposed on the American people. The Watergate break-in is elevated into the biggest crime of our time. But the murderous [illegible] of the SLA elicit tears.

On June 5, 1974, Mr. [redacted], CBS News, 524 West 57th Street, was interviewed in the presence of [redacted] CBS Evening News and [redacted], and an offer was made to Mr. [redacted] to review selected portions of the New York copy of the 16 millimeter Hibernia Bank surveillance film, April 15, 1974, at San Francisco, California, in order to determine if questioned film, that had been offered to them for showing on CBS Evening News, was authentic.

Mr. [redacted] stated that he did not desire to review this film or to discuss the matter in detail since by doing so they (CBS) would then be presented with the problem of whether they should reveal the names of their news sources or other sources of information.

Mr. [redacted] advised that he felt that their position was in line with the United States Attorney General's guidelines.

Mr. [redacted] also stated that he felt that the films of the bank robbery on April 15, 1974, at the Hibernia Bank should be made available to the news media for showing.

Mr. CRONKITE implied that it was difficult for him to understand that CBS was the only network contacted and that he felt other networks had been contacted and reviewed this questioned film.

He advised that West Coast news sources had disclosed that the San Francisco Police Department had had copies of this film.

Mr. CRONKITE also stated that he felt that this film should be shown on television for the good of the national interest.

REQUEST OF FBI LABORATORY

FBI Laboratory should note that FBI San Francisco, in the drying-out process, attempted to piece together those items of paper scraps of similar consistency, etc., for immediate lead value, which was partially successful; these items are forwarded accordingly, wherever possible, within the same plastic containers--note that this is not completely accurate as to grouping, due to lack of training of field SAs involved and all portions should be considered completely interchangeable in assembling.

(1) Piece together the small portions of paper, to form what is believed to be letters, checkbooks, maps, directions for criminal acts, means of escape, etc. (Note this requested effort is believed to be critical in resolving and prosecuting this case.)

(a) When completed, photograph in as legible form as possible and immediately furnish to San Francisco and any other indicated field office. Consider, also, furnishing educated guesses as to missing portions, where indicated. Also attempt to "raise" blurred and illegible wording/maps, etc.

(2) Examine handwritten specimens developed, compare with known handwriting of this matter, SLA matters, and August 7th Guerrilla Movement matters previously available and retain, as appropriate, for future comparisons when further specimens are obtained and submitted.

(3) Attempt to determine the exact wording of the mostly illegible sales receipt (described in Item 10) and handle per 1a (above).

(4) Compare typing specimens with typewriter previously submitted to Lab which was seized incidental to recovery of instant items; if not identical, compare with other typing specimens submitted in this matter, SLA matters, and August 7th Guerrilla Movement matters previously submitted; retain for future comparisons, as indicated, of typing specimens which may be furnished in the future on these matters.

(5) Assemble enclosed driver's license; atte[illegible] to determine writing on the back, and handle per 1a [illegible]

(6) Examine the enclosed cap (described in Item 140), especially inside for hairs, noting that this cap is believed to have been worn by MIZMOON SOLTYSIK in the instant SLA/HEARNAP bank robbery; determine probable origin, sex, hair coloring including any dying or tinting, for future comparison with hair specimens to be submitted upon arrest of SOLTYSIK; determine identity of any vegetable matter found inside the cap.

(7) Determine identity of vegetable matter contained in enclosed "baggie" (as described in Item 99).

(8) On the three enclosed books, handle writings on the pages as indicated in Items 44, 45, and 62, as per lead 2 and in accordance with 1a (above).

(9) Handle all material which is susceptible to latent prints carefully, and after appropriate examination by Lab, forward to Identification Division for latent print examination.

REQUEST OF IDENTIFICATION DIVISION

Process all submitted items for latent prints, including each scrap of paper; note that these items had to have been held by SLA members in the partial destruction process they consumated; compare latents developed with known prints on file in this matter, SLA matters, and August 7th Guerrilla Movement matters and retain for future comparisons wherein further prints of known subjects will be obtained and furnished.

Note that scraps of paper, etc., which have no future court-use significance may be destroyed by the Identification Division, after examination, if they possess no latent prints.

ARMED AND DANGEROUS.

KIDNAP

Re Bureau teletype, 6/11/74, setting forth information concerning Reverend John P. Adams.

[redacted] of the Civil Defense in Washington, D. C., telephonically contacted FBIHQ today. He stated he had been contacted by the Reverend John Adams, a Methodist minister who deals with dissident groups.

The Reverend Adams has been in contact with the Schwartz family, the parents of Emily Harris. Harris' parents have listened to the latest tape and feel Emily is not hostile to them as is Patty Hearst to her parents. Mr. and Mrs. Schwartz plan another appeal to Emily and are working with the Reverend Adams. They plan on making a tape recording appeal to Emily, and the Reverend Adams will endeavor to reach Emily through the underground. They plan to furnish the tape to the so-called dissident radio stations requesting they play the tape over the air, suggesting that Emily contact her parents or perhaps call a Methodist church.

[redacted] said the purpose of the call was that the Schwartz family wanted the FBI and law enforcement to know they were not upset by any action taken by the FBI or law enforcement, that they were merely trying to establish a contact with the Harrises.

Above is being furnished for your information.

Q84 Manila envelope postmarked "HOUSTON, TX 770 APR 7 1974 PM," bearing affixed typewritten address "Attn: EDITOR SHREVEPORT JOURNAL 222 LAKE STREET SHREVEPORT, LOUISIANA 71101"

Q85 Photocopy of accompanying newspaper article entitled "If the Guerrillas Unite"

Q86 Accompanying copy of typewritten message beginning "For your ..."

Result of examination:

Q84 through Q86 were not associated with material maintained in the Anonymous Letter File. Copies have been added thereto.

The typewriter or typewriters from which Q84 and Q86 were made most closely correspond to Laboratory standards for a Royal pica style of type, spaced ten characters per horizontal inch. The only other typewritten items previously submitted in this case or in the HEARNAP case that correspond to this style of type are Q82 and Q83, previously submitted in the HEARNAP case. However, due to the lack of a sufficient number of individual identifying characteristics, a definite conclusion was not reached whether these items were prepared by the same typewriter, although some typewriting differences were observed in the comparison.

Q85 and Q86 and the address portion affixed to Q84 are electrostatic photocopies made using a coated paper, such as produced by Olivetti-Underwood, Copia II or Copia III photocopiers.

A definite conclusion was not reached whether the questioned writing on Qc1377 through Qc1379 was prepared by the same person or by any of the writers of previously submitted known or purported known writings in this case and in case captioned "Symbionese Liberation Army (SLA)", due to the lack of distinctive writing characteristics, the presence of unexplained variations and the lack of sufficiently comparable writing.

dated 6-5-74.

The lifts were examined and nine latent fingerprints, three latent palm prints and one latent impression of value appear on eleven of the lifts from residence at 833 West 84th Street.

See attached pages for results of comparisons conducted with three of the latent fingerprints with fingerprints of Donald David DeFreeze, FBI #606723D, and Angela Atwood.

Remaining latent prints not identical fingerprints and palm prints of DeFreeze; fingerprints of William Taylor Harris, FBI #308668L5; right thumbprints of Nancy Ling Perry and Patricia Campbell Hearst, FBI #325805L10, appearing on their California driver's licenses; or available known fingerprints of Atwood, Hall, Perry, Soltysik, and Wolfe.

Four latent fingerprints on lifts on cards marked in part "Lamp Shade From Living Room", have been identified with twenty-two latent prints previously reported as having been developed on specimens purportedly handled by Patricia Michelle Soltysik, "Mizmoon". One of these same latent prints from the lamp shade, has also been identified with three latent prints previously reported as having been developed on a cancelled check, dated 8-22-73, endorsed "Camilla Hall", purportedly handled by Camilla Hall.

Remaining latent prints compared with remaining latent prints previously reported as having been developed on specimens purportedly handled by Soltysik; Hall; Atwood; Emily Harris, FBI #325804L2; Hearst; and Perry, but no identification effected.

The unidentified latent prints are not identical with fingerprints of the remaining individuals previously named for comparison purposes in this matter.

(Continued on next page)

With the exception of DeFreeze, no palm prints are available Identification Division files for remaining subjects and suspects in this matter.

ACCORDING TO NEWS REPORTERS WHO WERE PRESENT AT RADIO STATION KPFK, LOS ANGELES, FOR THE PLAYING OF THE TAPE ON JUNE 7, 1974, THE TAPE IS OF EXCELLENT QUALITY. IT HAS BEEN SUGGESTED BY LAPD THAT THE RECORDING WAS PROFESSIONALLY DONE AND POSSIBLY IN A STUDIO. LAPD IS PURSUING OBTAINING THE ORIGINAL TAPE FROM RADIO STATION KPFK AND INTENDS TO CONSULT

WITH LOS ANGELES COUNTY DISTRICT ATTORNEY, EARLY JUNE 1974, REGARDING THE POSSIBILITY OF OBTAINING A SUBPOENA. THIS MATTER IS BEING CLOSELY FOLLOWED WITH THE USA'S OFFICE, LOS ANGELES, SINCE IT WOULD BE MOST DESIRABLE FOR THE FBI TO OBTAIN THE ORIGINAL TAPE FOR EXAMINATION BY THE FBI LABORATORY.

RADIO STATION KPFK, 3729 CAHUENGA BOULEVARD WEST, IS LOCATED ON A COMMERCIAL STREET BOUNDED BY A PREDOMINANTLY RESIDENTIAL AREA. AN INTENSIVE NEIGHBORHOOD INVESTIGATION, WHICH INCLUDED INTERVIEWS WITH ALL RESIDENTS AND BUSINESS ESTABLISHMENTS IN THE IMMEDIATE AREA, AS WELL AS LOS ANGELES POLICE DEPARTMENT (LAPD) OFFICERS WHO COVER THIS BEAT, FAILED TO DEVELOP ANY PERTINENT INFORMATION REGARDING WHO ALLEGEDLY PLACED THE TAPE IN THE ALLEY. INVESTIGATION DID DEVELOP INFORMATION THAT [redacted] A KNOWN MEMBER OF THE BLACK PANTHER PARTY (BPP), WAS PRESENT AT RADIO STATION KPFK AT ABOUT 9:00 PM, JUNE 6, 1974. [redacted] WAS ON A TALK SHOW IN WHICH SHE COMPLIMENTED THE SLA. INVESTIGATION IS BEING CONDUCTED IN AN EFFORT TO DETERMINE IF [redacted] DEPOSITED THE TAPE IN THE ALLEY.

RE JUNE 8 RALLY COMMITTEE:

THE JUNE 8 RALLY COMMITTEE WAS FORMED BY BLACK MINISTERS WHO HAVE CHURCHES IN THE SOUTH CENTRAL AREA OF LOS ANGELES, WHICH IS THE LARGEST BLACK COMMUNITY IN LOS ANGELES AREA.

END PAGE TWO

THE PROCLAIMED PURPOSE FOR THIS COMMITTEE IS TO PROTEST THE KILLING OF THE SIX SLA MEMBERS ON MAY 17, 1974.

INFORMATION WAS RECEIVED THAT THE JUNE 8 RALLY COMMITTEE, TOGETHER WITH THE SOCIALIST COLLECTIVE, WERE SPONSORING A RALLY AT SLAUSON PARK, 54TH STREET AND COMPTON BOULEVARD, LOS ANGELES, ON SATURDAY, JUNE 8, 1974. THIS IS IN THE IMMEDIATE VICINITY OF THE SHOOT-OUT OF MAY 17, 1974. RALLY WAS PLANNED TO PROTEST THE KILLING OF THE SLA MEMBERS. THE SOCIALIST COLLECTIVE IS REPORTEDLY COMPOSED OF A GROUP OF BLACK CITIZENS TO AID THE JUNE 8 RALLY COMMITTEE IN DISTRIBUTING PROTEST LITERATURE AND PROMOTING PUBLICITY FOR THE SLA.

THE RALLY, WHICH LASTED FROM 1:15 PM TO 2:54 PM, JUNE 8, 1974, WAS ATTENDED BY LOS ANGELES AGENTS. MOST OF THE SPEECHES RELATED TO THE SACRIFICE OF THE SLA MEMBERS KILLED, AND TO THE EMANCIPATION OF THE WORKING PEOPLE. "BEACHES" MOORE, A BPP MEMBER WHO WAS INVOLVED IN A SHOOT-OUT WITH THE LAPD IN 1969 AT BPP HEADQUARTERS IN LOS ANGELES, SANG REVOLUTIONARY SONGS.

OTHER RADICAL ORGANIZATIONS WERE REPRESENTED, SUCH AS THE SPARTACIST LEAGUE, THE OCTOBER LEAGUE, SOCIALIST WORKERS PARTY, NATIONAL COALITION FOR LAW AND PRACTICES, AND THE SOUTHERN CALIFORNIA ALLIANCE AGAINST RACIST AND POLITICAL REPRESSION.

INDIVIDUALS WHO ARE KNOWN TO HAVE BEEN INVOLVED WITH THE BPP IN THE PAST WERE RECOGNIZED, AS WELL AS MEMBERS OF THE CHINO

[redacted] BROADNAX IS NOW IN SAN QUENTIN PRISON AND HAS BEEN DESCRIBED BY CALIFORNIA PRISON AUTHORITIES AS A LEADER AMONG BLACK RADICALS IN THE CALIFORNIA PRISON SYSTEM. INVESTIGATION BY SAN FRANCISCO AND LOS ANGELES DIVISIONS HAS REVEALED THAT DONALD DAVID DE FREEZE, THE OTHER SLA MEMBERS INCLUDING WILLIAM HARRIS, EMILY HARRIS AND PATRICIA HEARST, RESIDED IN NEGRO GHETTO AREAS OF THE SAN FRANCISCO DIVISION. WHEN THE GROUP MOVED TO THE LOS ANGELES AREA THEY AGAIN SET UP IN A NEGRO AREA OF LOS ANGELES.

SINCE IT WOULD APPEAR THAT THE FUGITIVES MIGHT HAVE CONTACTED RADICAL ELEMENTS OF THE NEGRO COMMUNITY IN THE SOUTHERN CALIFORNIA AREA FOR ASSISTANCE BECAUSE OF THEIR CLOSE ASSOCIATION WITH THESE ELEMENTS IN THE PAST, THE BUREAU IS REQUESTED TO TEMPORARILY ASSIGN SIX ADDITIONAL BLACK AGENTS TO THE LOS ANGELES DIVISION. At 6:50 a.m. on 6/12/74, Jim Roberts, WNTS Radio News, Indianapolis, Indiana, (317) 359-5591, advised he is the coanchorman of a 4-hour morning news block. Mr. Roberts stated that in his opinion he had some "kooky" allegations that have come to his attention through Cincinnati, Ohio, Indianapolis and California radio stations, the work of political researchers to the effect that there is (1) a linkup between William and Emily Harris and the Indiana State Police and (2) a linkup between the SLA and the CIA.

Mr. Roberts further advised that he had contacted the superintendent of the Indiana State Police who had denied any such linkup between the Harrises and the Indiana State Police organization; however, he requested comments of FBI through our news office concerning the allegations.

Mr. Roberts was asked what he thought of these allegations and he said personally he didn't think there was anything to it; however, he wanted to discuss matters further by telephone with an FBI news representative. He was advised that he would be further contacted in this regard.

In regard to the letter from [redacted] Mr. Kelley asked the question, "Note that Bates reptdly. made a radio appeal to Patty - Did this happen?"

ASAC Thomas Druken, San Francisco, telephonically advised today that there is no basis in fact to the report that SAC Bates made a public appeal through the news media either via radio or television for Patty Hearst to surrender. Likewise, there was no such reference made to brainwashing or any inference of clemency by Mr. Bates concerning this case.

Dear Sir:

I am amoung the many who have been interested in the bizarre kidnapping of Patricia Hearst. I am concerned for her safety, for my own curiosity but also that we may be sure that justice is done. If Pat Hearst is killed we can never be sure of her guilt or innocence.

I stress to you that the whole nation is watching your performance as a law enforcement agency. Itrust that you will live up to our high expectations by not repeating another slaughter. I urge you to have as your highest priority the preservation of the lives of every person involved.

Sincerely,

June 10, 1974

[redacted]
Detroit, Michigan 48210
[redacted]

I received your letter wherein you commented regarding the kidnaping of Patricia Hearst and the situation which took place in Los Angeles. I regret that it was necessary to take the steps that the Los Angeles Police Department and our Bureau took, but we feel that under the circumstances, such action was warranted. The information given me indicates that a ten minute warning was given and then a tear gas grenade was thrown into the house. It was the choice of the occupants of the house then to fire, and in the ensuing siege, they fired quite a number of blasts.

I do hope that you look at the affair from the standpoint of law enforcement. Were we not to have taken action, there could well have been many officers shot as well as curious bystanders and members of the news media who, on occasions such as this, wander into the area without due regard for their own safety. We never want to hurt anyone and would prefer an amicable surrender. We will persist in these endeavors and will make every effort consistent with conditions then prevailing in the event we are faced with a similar problem to capture Miss Hearst and her confederates. I do want to emphasize, however, that this is our effort on all such occasions and we do not desire to have any such atmosphere charged with violence or perhaps the use of lethal force.

Copy made for Corres, and Tours Section

Sincerely,

C. M. Kelley

Re [redacted] witness at Griffith Park, 5/15/74.

[redacted] was given an authorized polygraph examination on 5/29/74 in the Los Angeles Office by SA Examiner [redacted] was also present during the examination.

This examination was authorized to determine whether [redacted] in Los Angeles, was telling the truth when he identified photographs of DONALD DAVID DE FREEZE and WILLIAM TAYLOR HARRIS as individuals he saw near a white van at the Observatory the morning of 5/16/74. Examination was also designed to determine truthfulness of [redacted] report of seeing the figures of two women in the white van at the Observatory.

In pre-polygraph interview, [redacted] impressed the examiner as a well-intentioned hard working man of rather below average intelligence and limited education. He evidenced genuine respect for law enforcement and an ordered society and expressed the hope that he could be helpful in the HEARST case. By way of background, [redacted]

Chart analysis in series one measured inconsistent emotional responses to both relevant and irrelevant questions. In series two and three, the charts recorded significant responses to critical questions which are usually associated with deception. The physiological responses in the latter two series of tests were clearly greater to relevant then to control and other questions. During the examination [redacted] answered in the affirmative when presented with control questions which asked if he had ever cheated on his time card or lied to his supervisor.

In a post-polygraph interview, [redacted] said he had some doubts whether he could testify under oath to his identifications of DE FREEZE and HARRIS.

It is the examiners opinion that GARCIA was truthful when he identified the photographs and told about the women in the white van. He is a well-intentioned, sensative man who is now suffering considerable anxiety over the accuracy of his identifications. These doubts have probably produced the significant emotional responses observed in Polygraph Examination charts. The charts were also reviewed by SA Senior Polygraph Examiner [redacted], who concurred the findings of SA [redacted]. Charts and test questions are being maintained in the files of the Los Angeles Office.

VOICE OF WILLIAM TAYLOR HARRIS

To those who would bear the hopes and future of our people that the voice of their guns express the words of freedom. Greetings to the people, the Black Liberation Army, the United People's Liberation Army, the Black Guerrilla Family, the Weather Underground, and all freedom fighters of the United Symbionese Federation and the New World Liberation Front. This is Tieko speaking. Yolanda, Tanya and I extend profound feelings of revolutionary love and solidarity to General Field Marshal Cabrilla and all the soldiers of the United People's Liberation Army, to B Team Commander and all elements of the Anti-Aircraft Forces of the SLA, to Combat Unit Number Four of the Black Liberation Army, to Comrade Martin Sastra and all other Comrade brothers and sisters in America's concentration camps, to our beloved comrades in arms and prisoners of war Oseola and Bo, we echo the words you have often left us with La Luca Con Tu Luca Venceremos. We have come together in many different cells, squads and military political units. We have taken many different meaningful names, but we are not hung up on names for as comrades in arms we are one in our struggle for freedom. The determination to eliminate our common enemy by force of arms has united us. To our comrade sisters and brothers of the Black Liberation Army and all other fighters let it be known that the Malcolm X Combat Unit of the Symbionese Liberation Army proudly picks up the banner of the New World

Liberation Front. The Malcolm X Combat Unit of the Symbionese Liberation Army left the San Francisco Bay area in a successful effort to break a massive pig encirclement. It had become clear through intelligence reports from other SLA elements and from the people in the community that the pigs were preparing to trap us on the San Francisco Peninsula. We knew that there was a great risk in setting up a base of operations in San Francisco which is a natural defile, a trap. The area is very small surrounded by water and with limited choices for breaking a major encirclement. However we accepted this potentially dangerous condition because we saw the importance of making solid contacts in the oppressed communities of the city. We considered ourselves to be an underground unit, however, the majority of our units' members moved about freely and in the five months we were there we made many good contacts. We decided to move our base of operations to Southern California concentrating on the greater Los Angeles area an with its vast oppressed communities and more favorable terrain. In April the War Council dispatched an Intelligence and Reconnaissance Team to Los Angeles. Its mission; to make some additional contacts and survey the area. Based on the favorable results of this mission and the concentration of pig activity in the San Francisco Bay area, our unit slipped out of San Francisco and into Los Angeles on May Day 1974. On Thursday, May 16, 1974, three members of the Malcolm X Combat Unit of the

SLA were sent out to buy a number of items needed by the unit. At Mel's Sporting Goods Store in Inglewood, a pig agent clerk named Tony Sheperd, attempting to show his allegiance to his reactionary white bosses, falsely accused me of shoplifting. It was impossible to allow a verifying search by a store security guard because I was armed, and therefore, we were forced to fight our way out of the situation. The pigs originally said that a $.49 pair of socks were stolen and that this was what caused the shootout at the store. The people found this very difficult to believe when it was pointed out that we had already purchased over thirty dollars worth of heavy-duty wool socks and other items. This apparently became equally confusing to the pigs who later charged that an ammunition bandolier was the item taken, supposedly to make the accusation more believable. The policy of the Symbionese Liberation Army has always been to avoid shoplifting because of the heavy risk involved to the whole unit. We cannot afford to have soldiers busted on humbug charges. However, we realize that the combat and support elements run a great risk of being jammed whenever we move about above ground. The most unfortunate aspect of this situation was that the pigs then learned that SLA elements were in the Los Angeles area. It appears that even with this knowledge the pigs would not have located our comrades if a collaborator named Mary Carr had not snitched to the enemy. On Friday, May 17, 1974, the CIA directed force of FBI Agents, Los Angeles City, County and California State pigs with air

support and reserve assistance from the United States Marine Corps and the National Guard and encircled elements of the Malcolm X Combat Unit of the Symbionese Liberation Army. The result of the encirclement was that the people witnessed on live television the burning to death of six of their most beautiful and courageous freedom fighters by cowardly, fascist insects. In most cases when an ubran guerrilla unit is encircled by the enemy it can expect to take great losses especially if the enemy has time to mobilize a massive force. Our six comrades were not on a suicide mission as the pigs would have us believe. They were attempting to break a battalion-sized encirclement. By looking at the diagram of where their bodies were found, it is clear that they had split into two teams, moved to opposite sides of the rear of the house, and were preparing to move out of the house by force. The heavy automatic weapons fire from the front of the house was a diversionary tactic to force the pigs to concentrate some of their forces in the front. The two dynamite loaded pipe bombs were to be used as fragmentation grenades to clear a path through the cringing pigs who had started the blaze by firing incendiary grenades into the house. Cin, Vieisa, Zoya, Kujo, Jalena and Gopi (phonetic) died of smoke inhalation and burns before they could get outside. The pigs want us to believe that the fire was started by the SLA; that it was caused by SLA molotov cocktails or by accident from pig tear gas grenades. This is pig shit. The swat squads, FBI, and LAPD would have had

to go into the house themselves to clear it out. They showed their true cowardice by using incendiary grenades to cause the fire that killed our comrades. For those who don't know incendiary grenades burn at such an incredible temperature that they melt steel and armor plate in a matter of seconds and are impossible to extinguish. The pigs want the people to believe that the bad ass tactics of the SLA guerrillas drove the fascists to use such barbaric force, but we say the SLA is a reaction to fascism. The SLA uses automatic weapons and homemade bombs because the pigs have automatic weapons, artillery, and hydrogen bombs. Pigs want the people to believe that General Field Marshal Cinque en Toomi (phonetic) committed suicide. To this absurdity the SLA responds by quoting our beloved comrade brother. He often said "We must not fear death for to fear death is to put our fear of pig terror before our love of the children and the people's struggle for freedom." The pigs have historically focused on eliminating Black leaders. Many have been murdered or imprisoned in America's concentration camps. For over a year the pigs couldn't find Cin to murder him so they attempted to isolate him from the people with pig propaganda. First, they work on the most blatantly racist whites with their traditional crazy Black nigger escaped convict rapist routine. Next, we learned that Cin was a plum wine alcoholic. This obviously was

the white racist liberal answer to the logic that a Black revolutionary leader could order and assist in the assassination of a jive ass pig agent school superintendent. It followed that the white supremacists and bourgeois Black elements of the revolutionary left so-called leadership would be pimped with ridiculous tales of links between the SLA and the CIA; that Cin was and had been a paid informant for the Los Angeles Police Department and the California Attorney General's Office. If this were true we dare these fools and collaborators to explain Cin's reward for his deeds--a life term in California's concentration camps. White, sickeningly liberal paranoid conspiracy freaks and spaced out counter-cultured dope fiends prove their naivety in amateurish research skills as they rambled on and on and on about the California Department of Corrections. Bazaar stories about Cin having been programmed and electrdoes implanted in his brain while at Vacaville began to appear in the so-called underground press. Cinque en Toomi--the name means fifth prophet. Cin was indeed a prophet. The pigs would have the people believe that Cin was just as they would say another dumb nigger. They continually attempted to undermine his leadership by propagandizing that Cin was being fronted off by whites; that he wasn't smart enough to be the brains behind the planning and execution of

the successful SLA actions. To this display of racism we say go on into the Black community and ask the people if Cinque en Toomi was not a prophet. Ask the people if they think he was being used by whites. The people know that a Black man in America does not need conscious whites to push him into leading a revolution. Racists cannot believe that middle and upper middle class whites and a daughter of a super fascist ruling class family would ever have reason to follow the lead of a beautiful Black genius revolutionary warrior and give their lives for the people. Sick ass racists would have us believe that white women who follow the lead of Black revolutionaries are only mindless cunts enslaved by gigantic Black penises. The cringing pigs who face the fire power of Jalena, Gopi, Vieisa and Zoya know much better. Racists believe that it is impossible for white men to denounce white racism and follow the revolutionary leadership of Black men, but the SLA proved this theory to be a sick delusion. Cinque en toomi was himself the spirit of Frederick Douglas, Gabriel Prothos (phonetic), Denmark Visi (phonetic), Marcus Garvey, the Scottsboro Boys, Medger Evers (phonetic), William E. Burkhart Du Bois (phonetic), Malcolm X, Martin Luther King, Emmett Till, Little Bobby Hutton, Fred Hampton, L. D. Barkley, Johnathan

and George L. Jackson, Mark Essex, and every other Black freedom fighter who came before him. To racists slander the SLA and all the people say "Death to the fascist insect that prays upon the life of the people." And now after our comrade brother fought valiantly against a battalion of pigs, a battle witnessed by millions, these same chicken shit pigs are trying to have us believe that General Field Marshal of the Symbionese Liberation Army Cinque en toomi, killed himself. Cin was so determined to kill pigs that as long as his heart was beating and that there was any air in his lungs at all, he would fight even if his only weapon was his own body. We all know that revolutionaries do not kill themselves. Revolutionaries kill the enemy. Cin was the baddest member of the SLA and therefore our leader. Our five white comrades who died with him were among his students and had learned well. They too showed incredible determination and courage. Kujo, Jalena, Vieisa, Zoya and Gopi did not commit suicide. The pigs would have us believe. Pigs tell us it is suicidal for whites to join blacks and other oppressed people in making revolution. To this oinking we say it is suicidial for the ruling class and all of its pig agents to believe that they can continue to oppress, exploit, murder and imprison an undivided revolutionary army of the people.

White Americans who follow the example of our beautiful comrades and join the fight for the freedom of all oppressed people will not do so because they wish to die, but because they wish to be free. The pigs boast that they have broken the back of the Symbionese Liberation Army, but to do this the pigs would have to break the back of the people. The military political leader of the SLA and five top cadre (phonetic) have been killed by the fascists; however, the SLA is not dead and will not die as long as there is one living, fighting member of any oppressed class, race, sex or group left on the face of this earth. The pigs have won a battle, but the war of the flea is not over. As our dear comrade Ho Chi Minh once wrote from an Imperialist prison, "Today the locust fights the elephant, but tomorrow the elephant will be disemboweled."

(EMILY):

Greetings of profound love to the people, to all comrades in arms, to all comrades in the concentration camps of fascist America and to all the children. This is YOLANDA speaking. When we say revolution we do not use the word losely, a revolution meaning violent fight for freedom; freedom that can be gained in no other way than by fighting. People do not fight because they enjoy it, or because they relish the thought of their own death or the death of their beloved comrades. They fight to survive because they understand the violence of fascism, and that violence means germicidal (phonetic) death at the hands of dictators who mass five hundred pigs armed with military weapons, fragmentary grenades and incendiary grenades to burn six people to death. Dictators who imprison over twenty-two thousand brothers and sisters in the State of California alone. Dictators who take jobs away from those who are begging to work. Dictators who take food from the mouths of those who are starving. Dictators who take joy from the hearts of those who love the people. The military

industrial state of the ruling class can only survive to repression. These fascist dogs must destroy truth in the minds of the people to keep them pacified they must make people afraid so they will do nothing. They must make people feel issolated from each other and powerless. Fascism tries to do all these things through the brutal violence of the military police force. The lurking big brother presence of the FBI, CIA, and their computer files through media propoganda. Fascism tries to tell us we are fools to resist because we will in the end be destroyed. If we were only six people, they would be correct for they can destroy the lives of six or nine or even one hundred people; but the truth the pigs try so desperately hard to repress is one the people are coming to understand only too well. People are ridding themselves of the bourgeois desire to lead a long life and instead wish to fight for a better more human life. Yes, repression breads resistance. It is proven to be true as each day goes by, as dark eyes grow darker with hate and strong muscles grow stronger with

rage and cold steel grows colder in the firm grip of the hand that loves the people. We must face the inevitable truth that repression will grow more intense as the power hungry pigs see their grip slipping. Whites in this country have historically had a tendency to back off when repression intensified feeling they could escape the viscous tentacles. For this reason black, brown, Asian, and Indian brothers and sisters have not trusted whites, feeling that they would desert the fight as it was just beginning in order to save their own skins. These brothers and sisters were often proven correct. That is why we say anyone who loves freedom must prove this love through action not words and only after they have fought can they speak. So, we are freedom fighters. We may be murdered but whether we live or die the day is close at hand when the people will join together in an army because they wish to survive on their own terms; and the people will change the course of history, through their courage and determination. To all those whose fear is stronger than their hatred of the

pig, I must say that the freedom fighters do not bring repression to your door. The fascist pig is responsible for this and soon even those of you with white skins will lose your privileges. The pig will no longer knock and be very polite. He will shoot to kill, he will burn and rape, he will imprison and starve. He does this already in the ghettos of this country and will expand his efforts to stay in his greed filled position of power. And, if people wish to survive they will have to defend themselves with as much rage as the pig would use against them. Only in this way can the people of this country avoid the mass genocide (phonetic) that occurred to Jews in Germany and left us in Chile' (phonetic). All these things have been said before, but I would continue to say then and too the reality is so clear we no longer need to repeat the words; that will be the day when our mind accepts what we see with our eyes. To those who have attempted to express their love for us by calling for our surrender we say we must express our feelings of love only by continuing the fight. We have renounced our class and race privilege

and say that we love no individual more than we love freedom. Fight has cost us of the SLA eight comrades, six dead and two in concentration camps as well as the death and imprisonment of our comrades in arms of the BLA, the BGF, and the Weather Underground. We clearly understand that the reality of revolution will include death and imprisonment, suffering and violence, as well as victory. The price is high, but we accepted this reality when we picked up the gun for the first time and nodded yes to freedom, to love, to living. Because we must endure the suffering does not mean we have any doubt in the beauty of the victory. Our comrades died the way they chose to live, fighting courageously. They did not compromise to the hundreds of insects crawling the community who resorted to burning them to death rather than facing in battle the ruthless strength and courage of freedom fighters. Fifty-fourth street is not an end but a beginning. People are gathering on the street, they are feeling the strength of their own bodies. They are clearing the fear and blind ignorance from their

eyes. CINQUE, FAHEZA (phonetic), ZOYA, KUJO, JANENA (phonetic), and GARBE conquered the fear and will never die in the minds of those who have, who see the monster and know he will be destroyed. All comrades dead and alive, in prison and out, underground and on the streets are calling on all the people to conquer the fear and join the battle, realizing what can happen when five hundred pigs surround a house and then are surrounded by fifty or one hundred or five hundred irate Niggers firing from their houses, alley ways, tree tops, and walls, with a straight and fearless shot, to bring down the helicopter, the SWAT squad, the LAPD, the FBI, the neighborhood snitch. Consider the day when the pig won't even enter the communities of the armed people. We got to make the pig fear for his life, because he knows every eye behind every curtain in the ghettos, barrios, and poor communities is setting down the barrel for peace, ready to pull the trigger at any moment. There has been a lot of talk about wasted lives, referring to the six dead bodies of our comrades and to TANJA, TIKO, and myself. The ironies of rascist, fascist, America are

once again reflected with sickening reminder. There are no editorials written for the wasted lives of the brothers and sisters daily gunned down in the streets and prisons. The present uproar of white America over the fate of PATTY HEARST was barely a murmur as hundreds of young men, mostly black and brown, went off to die in Vietnam. We of the SLA hate the historical reality that requires young people to struggle to survive and to die violent deaths. We hate the reality in this country that murdered our six comrades, sisters and brothers, and daily continues to murder throughout the world. Because we hate this reality we must fight to destroy it by any means necessary. Yes, history might be different if they had lived, but revolution is not made by saying, if only. We do know that the lives of revolutionaries will never be wasted. Right now there are men and women, young and old, black, brown, Asian, Indian, and white, who are filled with fighting spirit of KING, of MALCOLM, of GEORGE, of CINQUE, of

their mothers, fathers, sisters, and brothers who have died at the hands of the pig. And these are a new breed of the baddest mother fuckers alive. Yes, we hate the pig, and we are at war with the pig, and we will kill the pig as violently as he has killed comrades of ours for centuries. We will do this because we love the people we are lucky enough to know, and we love the people we will never know; the beautiful babies, the angry young men and women, the understanding mothers and fathers, who have seen the rising tides for as long as they have been alive. Our past as middle class white Americans was meaningless. It was truely wasted potential, full of desperate pessimism that could feel the emptyness of capitalist America, even before we could understand it. Our lives now are not easy or full of joy. We may die, but our lives are real because we see the truth in the future. Right now the people are igniting the sparks of a great prairie fire and the fire fighters will soon be helpless against the freedom fighters because the flames will be far too hot and deadly for their weak world to endure,

and their evil spirit will die with them in the ashes.

Once again, my love to all the comrades.

Transcription of voice #3 on tape

Greetings to the people. This is Tania. I want to talk about the way I knew our six murdered comrades, because the Fascist pig media has, of course, been painting a typically distorted picture of these beautiful sisters and brothers. Kujo (phonetic), was the gentlist, most beautiful man I've ever known. He taught me the truth as he learned it from the beautiful brothers in California's concentration camps. We loved each other so much, and his love for the people was so deep that he was willing to give his life for them. The name Kujo means unconquerable. It was the perfect name for him. Kujo conquered life, as well as death by facing them and fighting. Neither Kujo or I had ever loved an individual the way we loved each other, probably because our relationship wasn't based on bourgeois fucked up values, attitudes, and goals. Our relationship's foundation was our commitment to the struggle, and our love for the people. It's because of this that I still feel strong and determined to fight. I was ripped off by the pigs when they murdered Kujo. Ripped off the same way that thousands of sisters and brothers in this Facsist country have been ripped off of the people they love. We

mourn together, and the sound of gunfire becomes sweeter. Julena (phonetic) was beautiful. Fire and joy. She exploded with the desire to kill the pigs. She wrote poetry; some of it on the walls of Golden Gate, all of it in the L.A. pig files now, that expresses how she felt. She loved the people more than her love for any one person or material comfort, and she never let her mind rest from the strategies that are the blood of revolution. Julena would have yelled "Fire Power" to the people if there wasn't the necessity to whisper the words of revolution. We laughed and cried and struggled together. She taught me how to fight the enemy within through her constant struggle with bourgeois conditioning. Gabi (phonetic) crouched low with her ass to the ground. She practiced until her shotgun was an extension of her right and left arms; an impulse; a tool of survival. She understood the evil in the heart of the pig, and took the only road that could demoralize, defeat and destroy him. She loved to touch people with a strong, not delicate, embrace. Gabi taught me the patience and discipline necessary for survival and victory. Zoya (phonetic) wanted to give meaning to her name, and on her birthday, she did. Zoya, female guerilla, perfect love and perfect hate reflected in stone cold eyes. She moved viciously and with caution, understanding the peril of the smallest mistake. She taught me, keep your

ass down and be bad. Faiza (phonetic) was a beautiful sister who didn't talk much, but who was the teacher of many by her righteous example. She, more than any other, had come to understand and conquer the putrid disease of bourgeois mentality. She proved often that she was unwilling to compromise with the enemy, because of her intense love for freedom. Faiza taught me the perils of hesitation; to shoot first and make sure the pig is dead before splitting. She was wise and bad, and I'll always love her. Cinque loved the people with tenderness and respect. They listened to him when he talked, because they knew that his love reflected the truth and the future. Cin knew that to live was to shoot straight. He longed to be with his black sisters and brothers, but at the same time, he wanted to prove to black people that white freedom fighters are comrades in arms. Cinque was in a race with time, believing that every minute must be another step forward in the fight to save the children. He taught me virtually everything imaginable, but wasn't liberal with us. He'd kick our asses if we didn't hop over a fence fast enough, or keep our asses down while practicing. Most importantly, he taught me how to show my love for the people. He helped me see that it's not how long we live that's important, it's how we live; what we decide to do with our lives. On February 4,

Cinque Entoume (phonetic) saved my life. The Malcolm X combat unit of the SLA was a leadership training cell under the personal command of General Field Marshal Cinque. General Tieko (phonetic) was his second in command. Everything we did was directed toward our development as leaders and advisors to other units. All of us were prepared to function on our own, if necessary, until we connected with other combat units. The idea that we are leaderless is absurd as long as any SLA elements are alive and operating under the command of our General Field Marshal. It's hard to explain what it was like watching our comrades die; murdered by pig incendiary grenades. A batallion of pigs facing a fire team of guerillas, and the only way they could defeat them was to burn them alive. It made me mad to see the pigs looking at our comrades' weapons, to see them holding Kujo's .45 and his watch, which was still ticking. He would have laughed at that. There is no surrender. No one in that house was suicidal, just determined and full of love. It was beautiful to hear Gabi's father. He understands. Gabi loved her father, and I know that much of her strength came from the support he gave her. What a difference between the parents of Gabi and Kujo and my parents. One day, just before the last tape was made, Kujo

and I were talking about the way my parents were fucking me over. He said that his parents were still his parents, because they had never betrayed him, but my parents were really Malcolm X and Asata Chekeur (phonetic). I'll never betray my parents. The pigs probably have the little old mack monkey that Kujo wore around his neck. He gave me the little stone face one night. I know that the pigs are proud of themselves. They've killed another black leader. In typical pig fashion, they've said that Cinque committed suicide. What horse shit. Cin committed suicide the same way Malcolm, and King, and Bobby, and Fred, and Jonathan and George did. But no matter how many leaders are killed, the pig can't kill their ideals. I learned a lot from Cin and the comrades who died in that fire. And I'm still learning from them. They live on in the hearts and minds of millions of people in Facsist America. The pigs' actions that Friday evening showed just how scared they really are. They would have burned and bombed that entire neighborhood to murder six guerillas. The SLA terrifies the pigs, because it caused all the oppressed people in this country to arms, to fight in a united front to overthrow this Facsist dictatorship. The pigs think that they can deal with a handful of revolutionaries, but they know they can't defeat the

incredible power which the people, once united, represent. It's for this reason that we get to see, live and in color, the terrorist tactics of the pigs; the pigs saying, you're next. This kind of display, however, only serves to raise the peoples' consciousness, and makes it easier for our comrade sisters and brothers throughout the country to connect. I died in that fire on 54th street, but out of the ashes I was reborn. I know what I have to do. Our comrades didn't die in vain. The pig lies about the advisability of surrender have only made me more determined. I renounced my class privilege when Cin and Kujo gave me the name Tania. While I have no death wish, I've never been afraid of death. For this reason, the brainwash duress theory of the pig Hearts has always amused me. Life is very precious to me, but I have no delusions that going to prison will keep me alive. And I would never choose to live the rest of my life surrounded by pigs like the Hearsts. I want to see our comrades in this country's concentration camps, but on our terms, as stated in our declaration of revolutionary war, not on the pigs' terms. Pataria um muerte. Venceremos. Death to the Facsist insect that preys upon the life of the people.

"Hello Again, F _ _ _ heads. Let the people be heard! They will not tolerate your massacre on 54th Street, nor shall we. When you least expect it we will strike and kill one pig for each SLA member who died. You are mistaken if you think you have wiped out the core of our army, or that Cinque was the leader. For your assistance, some similarity was observed in comparing the Bay signatures on Q1518 with the Delgado signatures on Q1513 through Q1516, previously submitted. It will be necessary to have writing by BAY comparable to the questioned writing, before a more adequate comparison can be made.

Nothing of particular significance was observed in comparing the remaining comparable questioned writing on items submitted in these cases with the Bay signatures on Q1518.

I believe that I may have seen Patty Hearst on the morning of June 9 (Sunday) around 7 A.M. traveling south on Interstate 26 near (north of) the Chapin, S. Car., Exit.

The individual was driving a medium-sized van, either new or recently painted, olive-drab color with the words "Rated X" printed in white on the ~~right~~ left rear panel door.

The girl was wearing a headscarf, it appeared, tied at the back of the neck.

The van was not traveling fast; it may have been looking for a turn off; there was a rest stop in the vicinity.

I have not reported this because it seemed so unlikely that I would see this person and also, I did not look at the license plates as we passed the vehicle ('Rated X' got my attention instead). However, upon looking at photographs of Patty Hearst again, I am convinced that the driver did strongly resemble Miss Hearst. I was sitting in the front seat beside my husband who was driving our car; the van-driver and I looked at each other as we passed the van.

First voice, who identifies itself as TIKO (Phonetic), is WILLIAM HARRIS; second voice, who identifies itself as YOLANDA (Phonetic), is EMILY HARRIS; and the third voice who identifies itself as TANYA (Phonetic), is PATRICIA HEARST.

GEORGE HEARST, Publisher of the "Herald-Examiner", a daily major Los Angeles newspaper and a relative of PATRICIA HEARST, identified the voice of TANYA as that of PATRICIA HEARST.

The conclusion was reached that the questioned writing on the sides of the Q1096 pieces of paper beginning "cars.pickuup..." and "bags ropes ..." was prepared by PATRICIA MICHELLE SOLTYSIK, purported writer of K7, K28 and Kc30, previously submitted.

The conclusion was reached that the majority of the questioned writing on the Q1096 pieces of paper beginning "Hospital parking ..." and "defend killing ..." was prepared by DONALD DAVID DE FREEZE, purported writer of K12, K21, K24 and K29, previously submitted.

The conclusion was reached that the questioned writing on both sides of the two Q1101 pieces of paper listing items numbered one through twenty-one under the caption "Pad", was prepared by EMILY HARRIS, purported writer of K5, K6, K8, K9, K20 and K37, previously submitted.

No conclusion was reached whether any of the remaining questioned writing on items submitted was prepared by any of the writers of known writing or purported known writing submitted in this case or in case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM", due to the presence of unexplained handwriting characteristics, unexplained variations, the lack of sufficiently comparable writing and the limited nature of some of the questioned writing. However, some writing similarities were observed in comparing the following items which indicates the person named may have prepared the questioned writing mentioned:

Similarities were observed in comparing the questioned small ink writing on Q1094i, portions of the questioned writing of Q1094j and Q1094k, with available purported writing of CAMILLA HALL. Also, similarities were observed in comparing the available purported writing of CAMILLA HALL with the "Janet Cooper" signatures on Q207, Q208, Q216 and Q983, previously submitted, although, due to the presence of a few unexplained variations, a definite conclusion was not reached in this regard.

Similarities were observed in comparing portions of the questioned writing on Q1094t with the purported writing of NANCY LING PERRY.

Similarities were observed in comparing portions of the questioned writing on Q1094l, Q1094m, Q1094o, Q1094p, Q1094q, Q1094r, Q1094t, Q1094x, the notation on one piece of the Q1096c paper reading "Serving Rehem purple skirt repair velvet quilt" and the notation on the piece of paper beginning "14th & Market ..." with purported writing of PATRICIA MICHELLE SOLTYSIK.

Similarities were observed in comparing the questioned writing on Q1096b and portions of the questioned writing on Q1096c with purported writing of DONALD DAVID DE FREEZE.

(over)

Similarities were observed in portions of the questioned writing on Q1094d with purported writing of EMILY HARRIS. Also, handwriting similarities were observed in comparing the purported writing of EMILY HARRIS with the "Hamilton" signature on Q1055, previously submitted, although, due to the presence of unexplained variations, a definite conclusion was not reached in this regard.

Portions of the typewriting on Q1094ee and Q1094gg is a similar style and size as T samples made from the Q1054 typewriter, although, due to the poor nature of the submitted typewriting and the lack of a sufficient number of individual identifying characteristics, a definite conclusion was not reached whether the Q1094ee and Q1094gg typewriting was prepared by the Q1054 typewriter.

Specimen Q1095 consists of a small quantity of oily plant material with the odor of olive oil. The plant material appears to be a seasoning similar to oregano. Oily particles of similar plant material were recovered from the Q1104 cap.

Specimen Q1104 is a tan knitted cap composed of woolen fibers, synthetic fibers and rabbit hair. The cap has a label which reads "Made in Italy for Joseph Maghin". One dark brown filament similar to filaments used as synthetic hair in wigs was found in the cap. No human hairs were found.

Specimen Q1099 is a black hair pin three inches long. Nothing of apparent significance was noted about the hair pin.

The submitted evidence is being returned separately. Photographs were made. Appropriate photographs of the submitted evidence are enclosed.

NOTE:

Referenced teletype reports receipt of an anonymous telephone call on 6/8/74, which was tape-recorded by the Newark, New Jersey, Police Department. The caller, who claimed to be a member of the Symbionese Liberation Army (SLA), indicated bombs were set to explode in the post office in Newark and that other bombs were going to be set off. Appropriate local and Federal authorities were advised of the above. The SLA is a multiracial revolutionary group which has claimed credit for the 2/4/74 kidnaping of Patricia Hearst. No evidence exists to indicate the SLA is operational outside of California; however, tape recording in question should be submitted to the Laboratory for examination. This has been coordinated with the Bombing Unit of Section IS-3, Intelligence Division, and with the General Investigative Division.

This investigation is predicated on information indicating the Symbionese Liberation Army (SLA) is engaged in activities which could involve violations of Title 18, U.S. Code, Sections 2383 (Rebellion or Insurrection), 2384 (Seditious Conspiracy), and 2385 (Advocating Overthrow of the U.S. Government).

An SLA document captioned "Declaration of Revolutionary War and the Symbionese Program," dated August 21, 1973, stated "...Therefore, we of the Symbionese Federation of the SLA... Do now by the rights of our children and people and by force of arms and with every drop of our blood, declare revolutionary war against the fascist capitalist class. We support by force of arms the just struggles of all oppressed people for self-determination and independence within the United States and the world. And hereby offer to all liberation movements, revolutionary workers groups, and peoples organizations our total aid and support for the struggle for freedom and justice for all people and races..." The SLA has claimed credit for the November 6, 1973, assassination of Dr. Marcus Foster, Oakland, California School Superintendent, and the February 4, 1974 kidnapping of Patricia Campbell Hearst, daughter of newspaper publisher-owner Randolph A. Hearst, in furtherance of its revolutionary objectives.

On April 29, 1974, a source who has furnished some information in the past that has been corroborated and some that has not been, advised that [redacted] was teaching a class in weapons and explosives for individuals interested in the SLA. He described this individual as [redacted] This individual was subsequently identified as [redacted]

These two relevant questions certainly caused [redacted] some anxiety and it was recommended that he be reinterviewed along these lines.

SUBJECT: [redacted]
SPRINGFIELD, OHIO
RESEARCH (CORRESPONDENCE AND TOURS) [redacted]

Enclosed for the Bureau is a copy of a letter dated 5/17/74, directed to Congressman CLARENCE BROWN, U.S. Post Office Building, Springfield, Ohio, from captioned individual.

On 5/20/74, [redacted] U.S. Congressman CLARENCE J. BROWN, U.S. Post Office Building, Springfield, Ohio, furnished a copy of the letter received from subject. [redacted] advised the original of the letter was being forwarded to Congressman BROWN at his Washington, D.C. office.

In this letter subject indicated he had information concerning individuals opposed to the U.S. Government, and had attempted to call the Cincinnati Office of the FBI to furnish this information. The Cincinnati Office of the FBI, however, had refused to accept his collect telephone call. The apparent purpose of subject's letter to Congressman BROWN was to complain about the FBI's refusal to accept his collect telephone call, and to suggest that the FBI be furnished with a toll free telephone number.

On 5/20/74, and 5/21/74, several attempts to contact subject at his listed telephone number, 325-8659, met with negative results.

6-[illegible]

On 5/22/74, subject was telephonically contacted at the above-mentioned telephone number. At this time, subject stated he had no information to furnish to the FBI. He stated that he previously had information, "but it's probably too late now anyhow," and "I don't want to get involved." When reminded that he had written to Congressman BROWN saying he had information for the FBI, subject replied that he had written to Congressman BROWN because "I was irritated that the FBI wouldn't talk with me." He then stated, "I'm on my way out and don't have time to talk." He was asked to suggest a more convenient time that he could be called or that he could call the Springfield RA, and he replied, "I may call later when I've got more time."

On 5/23/74, subject telephonically contacted the Springfield RA and advised that when he received a telephone call from the FBI the previous day, he had had company and was unable to talk. He now wishes to furnish information to the FBI.

He advised that he was previously employed as Central U.S. District Manager for Reed-Merdith Wigs, Inc., 300 Canal Street, Lawrence, Massachusetts. This firm is owned in part by the Norman Church and a[redacted] is [redacted] Reed-Merdith Wigs, Inc. He described [redacted] as a millionaire of German descent who had a "Hitler Complex." [redacted] frequently talked about what a great man HITLER was, and how much better off the world would be if HITLER were still alive.

[redacted] Oakland, California, [redacted], was the Southern California [redacted] for Reed-Merdith Wigs, Inc. He advised [redacted] a white female, was married to a Negro male, name unknown, but was having an affair of long standing with [redacted] He learned of this, and reported it to [redacted] who promptly had [redacted] fired inasmuch as the Norman Church did not approve of such hanky-panky.

He has heard from a girl, name unknown, employed by [redacted], that [redacted] was suspected of stealing wigs from Reed-Merdith, Inc. and selling them at reduced prices to pick up a little extra pocket money.

He knows that [redacted] was sympathetic to various radical groups presently operating in the United States, and he has heard her discuss the possibility of these groups overthrowing the United States Government. He has no knowledge that she was active in any of these groups, but she could have been without him, [redacted] being aware of it.

On a TV news broadcast a few days ago articles were pictured and described which had been located in an abandoned SLA apartment hideout. The articles pictured and described included not only guns and ammunition, but also several wigs. The wigs pictured and described were of the type manufactured by Reed-Merdith Wigs, Inc. and could, in fact, be wigs made by Reed-Merdith Wigs, Inc.

He wishes to report that, should it be true that the wigs located in the SLA apartment hideout were manufactured by Reed-Merdith Wigs, Inc., [redacted] is likely the individual who provided those wigs to the SLA.

[redacted] concluded by saying that his identity as the source of this information must be protected at all costs, and that he would not testify against [redacted] should she be charged with anything as a result of this information.

The above is submitted for information, and no further action being taken by Cincinnati, UACB.

While the newspapers and electronic media noted the presence of agents of the FBI at the shootout concerning the SLA on West 54th Street in Los Angeles on May 17, 1974, none of them so far as we know, until this week, said anything to the effect that the FBI had participated in the active shooting. The June 5 Los Angeles Times, however, carried a story, a copy of which I enclose, indicating that the FBI had also engaged in shooting.

Thus, in one portion of the story it is stated:

> "But the fighting, which raged for more than an hour, was between SLA and two Special Weapons and Tactics (SWAT) teams from the LAPD, reinforced midway through the battle by a unit of FBI sharpshooters.
>
> "We had about 100 agents in the area as a covering force for the Los Angeles police, but we had agreed to let the SWAT teams handle the primary assignment because they were the best trained and equipped," said William A. Sullivan, assistant FBI director who heads the bureau's Los Angeles office.
>
> "Only five of our agents, one special weapons team, ever got into the actual shooting and that wasn't until the fight was almost over", he added. (Emphasis supplied)

Later on in the story, it is stated:

> "The combined SWAT team-FBI assault force of about two dozen men fired an estimated 1,200 to 1,500 rounds into the SLA's stucco stronghold, according to Hagen."

As we are sure you must have heard, serious questions have been raised as to the necessity for this massive police--- and now FBI --firepower, having in mind that the function of the

7-[illegible]-3217

55 JUL 3 1974

[illegible]

law enforcement officers at that event was to arrest the individuals, not kill them.

We assume a report has been or will be made to you or an appropriate official in your department as to the facts, reasons and justification for your agents' firing their weapons. We also assume that some evaluation and/or investigation will be made as to that report and some judgment rendered as to it. We make these assumptions because we are confident that the FBI does not condone its agents' using lethal force without necessity, or using an unecessary amount of such force, and that when and if you officers engage in such conduct, suitable action is taken to correct it. Conversly, if in this case the firing and fire power used were justified, proper note should be made of that fact.

May we therefore urge and suggest that the results of your investigation be made public. By this, we do not mean merely an announcement of approval or disapproval of what occured, but a factual discussion and reasoned conclusion so that the public, at least some parts of which are understandably apprehansive of over-reactive law enforcement work, will have a full understanding.

Sincerely Yours,

Marvin Schachter

## Ex-POW Indicted

SAN DIEGO—A "soldier of misfortune" who turned up as the only civilian among American prisoners of war released by North Vietnam, has been indicted on charges that he set up the kidnaping of an American vice consul in Hermosillo, Mexico.

Bobby Joe Keesee, 40, who has been involved in several international incidents, was indicted by a federal grand jury on charges he "aided, abetted, induced and caused" the kidnaping of John S. Patterson.

Patterson, 31, was kidnaped March 28, and there has been no sign of him since. Patterson's wife has attempted to pay a ransom, but said she was unable to make the redezvous.

Keesee was already under arrest in connection with the kidnaping. He was being held in the Orange County jail on FBI charges that he tried to extort $250,000 from the government.

The U.S. attorney's office would not say what new evidence led to the indictment Friday, accusing Keesee of setting up the kidnaping but not actually carrying it out himself.

Keesee surprised U.S. officials by turning up among the POWs. They did not know the North Vietnamese had any American civilian prisoners. His appearance seemed to confirm a report by a Thai charter pilot that an American hijacked his plane in 1970 and forced him at gunpoint to land in North Vietnam.

In the 1960s, Keesee served a two-year prison term after deserting the Army, stealing a light plane and flying to Cuba. He later turned up among hostages held by Palestinian guerrillas in Amman, Jordan.

## Plea to Miss Hearst

ALLENTOWN, Pa.—The father of slain Symbionese Liberation Army member whom Paticia Hearst reportedly was in love with has issued a plea for Miss Hearst to "save some people's lives."

The plea was made by Dr. L. S. Wolfe, father of William Wolfe, 23, killed along with five others in a shoot-out with police in Los Angeles May 17.

Miss Hearst revealed her love for a man with the SLA name of Cujo in a tape-recorded message played by a Los Angeles radio station, Thursday. The man was identified as young Wolfe.

Dr. Wolfe said he telephoned FBI Director Clarence Kelley and San Francsico publisher Randolph Hearst but recevied no cooperation.

"I have called the FBI's Mr. Kelley and told him I would like to save a life, but so far he's been out of town and out of contact with the world," Wolfe said. "I called Mr. Hearst and said I would like to save some people's lives. Since Patty does not know how to get in touch with me in an underground manner, let these people allow her to get in touch with me above ground.

[redacted]

CALIFORNIA, ADVISED THAT SHE HAD SEEN AN INDIVIDUAL IN THE NEIGHBORHOOD WHO RESEMBLED WILLIAM HARRIS.

INVESTIGATION CONTINUES IN THIS VICINITY IN AN ATTEMPT TO IDENTIFY INDIVIDUAL RESEMBLING HARRIS. IT IS NOTED PHOTOS OF FUGITIVE PREVIOUSLY FURNISHED RESIDENTS IN THE AREA OF [redacted]

[redacted]

SAN FRANCISCO IS REQUESTED TO PROVIDE LOS ANGELES ON A

PERIODIC BASIS WITH A LIST OF THOSE PERSONS VISITING [redacted] BROADNAX AT SAN QUENTIN PRISON. THIS IS ESSENTIAL SINCE LOS ANGELES IS CONDUCTING INVESTIGATION REGARDING SEVERAL OF BROADNAX' ASSOCIATES IN THE LOS ANGELES AREA WHO HAVE BEEN KNOWN IN THE PAST TO VISIT HIM. [redacted]

EVIDENCE

DURING THE SEARCH OF THE RESIDENCE AT 833 WEST 84TH STREET, LOS ANGELES, CALIFORNIA, A PIECE OF PAPER WITH THE MESSAGE "DODGE PICKUP WITH CAMPER, BROWN, YAL 337, OAKLAND, 2123 SEMINARY" WAS LOCATED. DEPARTMENT OF MOTOR VEHICLES, SACRAMENTO, REVEALED YAL 337 WAS ISSUED TO A 1966 DODGE PICKUP OWNED BY [redacted] OAKLAND, CALIFORNIA. THE VEHICLE HAS BEEN SUB-PLATED AND NOW HAS CALIFORNIA LICENSE [redacted] REGISTERED TO [redacted] AT THE SAME ADDRESS.

ALSO LOCATED AMONG THE ITEMS AT 833 WEST 84TH STREET WERE FOUR KEYS ON A KEY RING. SAN FRANCISCO HAS ADVISED THAT

END PAGE FIVE

THESE KEYS FIT THE 1966 DODGE CAMPER PICKUP TRUCK REGISTERED TO [redacted] ADVISED SAN FRANCISCO THAT ON OCTOBER 30-31, [redacted] 1973, HE LEFT ALL FOUR KEYS TO HIS TRUCK AND THE VEHICLE AT BOB'S MUFFLER, 4501 EAST 14TH STREET, OAKLAND, CALIFORNIA, WHILE TRUCK BEING REPAIRED. INVESTIGATION DETERMINED THAT JOSEPH MICHAEL REMIRO WAS EMPLOYED AT THIS COMPANY ON OCTOBER 30 - 31, 1973, AND WOULD HAVE HAD ACCESS TO THE KEYS TO THIS VEHICLE. LOCKSMITHS AND KEY MAKERS IN THE VICINITY OF BOB'S MUFFLER HAVE BEEN UNABLE TO IDENTIFY PHOTOGRAPHS OF REMIRO AS A CUSTOMER WHO HAD KEYS MADE.

EXAMINATIONS CONDUCTED REGARDING TAPE RECORDINGS MADE BY THE SLA REVEALED THE POSSIBILITY THAT ONE OF THESE RECORDINGS WAS MADE IN A CHRYSLER-PRODUCT CAMPER TRUCK. SAN FRANCISCO MAY DESIRE TO CONSIDER POSSIBILITY TAPE MADE IN [redacted] TRUCK.

BLACK EXTREMISTS

"THE SANTA MONICA EVENING OUTLOOK" NEWSPAPER, A LOCAL NEWSPAPER PUBLISHED IN THE LOS ANGELES AREA, CARRIED AN ARTICLE IN THE JUNE 18, 1974, EDITION ENTITLED "YOUTHS WARNED;

BLACK PANTHER PARTY EDITORIAL BERATES SLA" WITH AN OAKLAND UPI DATELINE. THE ARTICLE STATES THAT THE BLACK PANTHER PARTY (BPP) HAS WARNED MINORITY YOUTHS TO BEWARE OF THE PLEADINGS OF THE SLA FUGITIVES. IT WARNS THAT THE SLA WANTS TO LURE BLACK AND OTHER MINORITIES DOWN THE ROAD TO EXTINCTION. THE ARTICLE COMMENTS ON THE RECENT TAPE RECEIVED BY RADIO STATION KPFK LOS ANGELES, FROM THE SLA FUGITIVES, NOTING THIS TAPE WAS AN IMPASSIONED, RECKLESS CALL FOR DEFEATIST TERRORISM AND DEVOID OF ANY CONSCIOUSNESS-RAISING PROGRAM. THE SLA FUGITIVES WERE CRITICIZED FOR NAMING THEIR COMBAT UNIT AFTER THE LATE MALCOLM X.

THE ARTICLE CONTINUES BY INDICATING THE BPP'S DISGUST OVER THE "THREE CHILDREN OF WHITE, BOURGEOIS AMERICA" WHO PLACED THE NAME OF THEIR "POLICE AGENT LEADER" DONALD D. DE FREEZE, ALONGSIDE THE HALLOWED NAMES OF MARTIN LUTHER KING AND BBP FALLEN COMRADES.

IT WOULD APPEAR THAT THIS ARTICLE REFLECTS A HOSTILE ATTITUDE [redacted] DISSEMINATED [redacted] TO THE [redacted] TOWARD THE SLA FUGITIVES, WHICH IF PROPERLY

END PAGE SEVEN

BLACK COMMUNITY IN GENERAL, MIGHT HAVE A NOTED EFFECT ON ANYONE HAVING INFORMATION REGARDING FUGITIVES' WHEREABOUTS COMING FORTH. SINCE FUGITIVES POSSIBLY ARE BEING ASSISTED BY BLACK MILITANTS IN THE LOS ANGELES AREA, A GENERAL ACCEPTANCE IN THE BLACK COMMUNITY OF AN ATTITUDE OF HOSTILITY AGAINST THE FUGITIVES MIGHT BE BENEFICIAL.

THE INTD DIVISION IS REQUESTED TO DISCUSS THIS MATTER WITH THE BEHAVIORAL SCIENCES UNIT OF THE TRAINING DIVISION FOR ASSISTANCE IN OUR EFFORT TO DEVELOP A PROGRAM TO FOSTER A NON-COOPERATIVE ATTITUDE BY THE BLACK COMMUNITIES TOWARD THE FUGITIVES. IF POSSIBLE, THIS SHOULD INCLUDE SPECIFIC AREAS WHICH MIGHT BE EXPLORED SUCH AS THE FUGITIVES BEING WHITE OR THEIR MIDDLE CLASS AND RICH BACKGROUNDS. SPECIFIC PHRASES OR WORDINGS WHICH HAVE THE MOST IMPACT ON THE BLACK COMMUNITY MIGHT BE SUGGESTED. ALSO THE MOST SUCCESSFUL MEANS OF COMMUNICATING THIS MESSAGE TO THE BLACK COMMUNITY MIGHT BE CONSIDERED.

IT IS NOTED THAT ADJACENT TO THE ARTICLE SET FORTH ABOVE REGARDING THE BPP WAS AN ARTICLE RELATING THAT RANDOLPH HEARST STILL IS OFFERING A REWARD OF $50,000 FOR INFORMATION LEADING TO THE RETURN OF THEIR DAUGHTER, PATRICIA HEARST. THIS ASPECT SHOULD ALSO BE CONSIDERED.
