races and political parties interest in the gaining of FREEDOM and SELF DETERMTN-ATION and INDEPENDANCE for all their people and races.

The Symbionese Federation is NOT A GOVERNMENT, but rather it is a united and federated formation of members of different races and people and political parties who have agreed to struggle in a UNITED FRONT for the independance and self determination of each of their races and people and The Liquidation of the Common Enemy.

And who by this federated formation represent their future and independant pre-governments and nations of their people and races. The Symbionese Federation is NOT A PARTY, but rather it is a Federation, for its members are made up of members of all political parties and organizations and races of all the most oppressed people of this fascist nation, thereby forming unity and the full representation of the interests of all the people.

The Symbionese Liberation Army is an army of the people, and is made up of members of all the people. The S.L.A. has no political power or political person over it that dictates who will fight and die if needed for the freedom of our people and children, but does not risk their life or fight too for our freedom, but rather the S.L.A. is both political and military in that in the S.L.A. the army officer, whether female or male is also the political officer and they both are the daughters and sons of the people and they both fight as well as speak for the freedom of our people and children.

The Symbionese Federation and The Symbionese Liberation Army is made up of the aged, youth and women and men of all races and people. The name Symbionese is taken from the word symbiosis and we define its meaning as a body of dissimilar bodies and organisms living in deep and loving harmony and partnership in the best interest of all within the body.

We of the Symbionese Federation and The S.L.A. define ourselves by this name because it states that we are no longer willing to allow the enemy of all our people and children to murder, oppress and exploit us nor define us by color and thereby maintain division among us, but rather have joined together under black and minority leadership in behalf of all our different races and people to build a better and new world for our children and people's future. We are a United Front and Federated Coalition of members from the Asian, Black, Brown, Indian, White, Women, Grey and Gay Liberation Movements.

Who have all come to see and understand that only if we unite and build our new world and future, will there really be a future for our children and people. We of the People and not the ruling capitalist class, will build a new world and system. Where there is really freedom and a true meaning to justice and equality for all women and men of all races and people, and an end to the murder and oppression, exploitation of all people.

A.

We have heard it said that Mr. Hearst wants to save his daughter, we want to save all the children and people. In an effort to answer some of the basic needs of the people, we are asking for a symbolic gesture of good faith from this representative of the corporate state. Each person with one of the following cards is to be given $70.00 worth of meats, vegetables, and dairy products: all people with welfare cards, social security cards, pension cards food stamp cards, disabled veteran cards, medical cards, parole or probation papers, and jail or bail release slip. So that all those with such cards have time, and will not be forced to stand waiting in long lines, the time for the distribution of this food must extend over a four week period, beginning February 19th, on each Tuesday, Thursday, and Saturday for four successive weeks, each person with one of the listed cards can go to publized stores and pick up their food.

1. The stores where people can go are to be clearly designated and publized in each of the communities listed below, and they are to be within easy access to the people of those communities. There must be at least 5 stores as distribution points within each community; these distribution points should be major stores within the community, we suggest such stores as Safeway and Mayfair.

2. The meat, vegetables, and dairy products must be of top quality, and in ample supply during all store hours.

3. TO THE PEOPLE: If you are not receiving your food, all you have to do is voice your discontent in the streets, at bus stops, movie theatres, etc. and we will hear about it. Also anyone facing any interference from the police state in the way of harrassment should voice their discontent. The people's army calls upon community groups such as Nirobi College in East Palo Alto, Glide Memorial Church in San Francisco, and The Black Teachers Caucus, The National Welfare Rights Organization, United Farm Workers, AIM, Third World Womens Alliance, United Prisoner's Union, as well as representatives from people's news services such as Getting Together, Kalayan, Triple Jeapardy, Black Panther Party, The Anvil, and others to act as observers and coordinators to see to it that the aged and disabled receive their food and ways to transport it and shop for it, AND to see to it that NO police-state agents, in or out of uniform, are allowed to be in the areas of food distribution or photograph or harass the people.

4. Stores in each of the following cities or communities are to serve as distribution points:

San Francisco (Mission District, Chinatown, Hunters Point, The Fillmore)
Oakland (East and West)
Richmond
Delano

San Francisco is full of picturesque hills, each with a 360-degree view at the top. They say if you ever get tired of walking around the City you can always lean against it. Lombard Street, shown here, changes directions ten times in one block and is sometimes called "the crookedest street in the world".

The home of the cable cars, located at Washington and Mason Streets, is now a unique San Francisco visitor attraction. It accommodates more than 150,000 visitors annually. Built in 1887 and virtually demolished during the 1906 fire and earthquake, it has been restored to its turn of the century appearance. It is the heart of the cable car system, designated a National Historic Landmark in 1964, and furnishes the power for moving 10½ miles of 1¼-inch cable beneath city streets at a steady 9½ miles an hour. The visitors gallery is open from 10 a.m. to 10 p.m. daily. Groups may arrange for tours by contacting the Division Superintendent at 558-3333.

Already one of the nation's major people-movers, Muni has undertaken a two-part, $95.5 million modernization program. New 70-foot rail cars will operate quietly and comfortably in the new Muni subway on Market Street, as well as on street portions of San Francisco's five streetcar lines. The system will provide for smooth and convenient transfer to the projected regional service of BART (Bay Area Rapid Transit District).

New vehicles will be added to Muni's electric trolley coach fleet, the largest in North America. And there will be new shops, garages, and streetcar tracks. Small, but important, is future the program will be improvements to the City's venerable cable car system.

hidden alleys combine the charm and flavor of many of the most colorful Old World cities. Reduced to cinders several times since birth, "The City" fought back gallantly to greater heights.

There is Fisherman's Wharf, where fine restaurants of world renown have created a gourmet's dreamland. Fishing boats and colorful personalities make it a photographer's paradise.

Golden Gate Park is a treasure for young and old — wide open spaces in the west with lakes, trails, and bike paths among flowers, trees, and shrubs from all over the world. In the east are numerous attractions for devotees of the arts and sciences. M. H. de Young Museum's art works and the diversified California Academy of Sciences make the park one of the country's greatest cultural centers.

The San Francisco Symphony, opera, ballet, little theaters, art museums and galleries extend a cultural atmosphere that cannot be matched.

It is often said that more elements of sheer beauty may be seen without cost in San Francisco than in any other American city.

So park your autos and take it easy. Travel the comfortable, convenient Muni way.

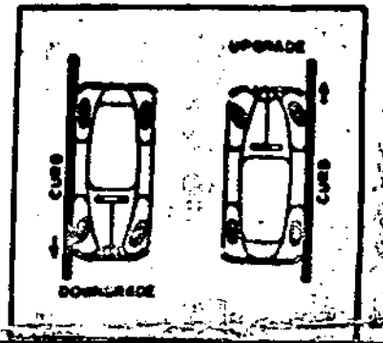
BLOCK WHEELS WHEN PARKING ON GRADE

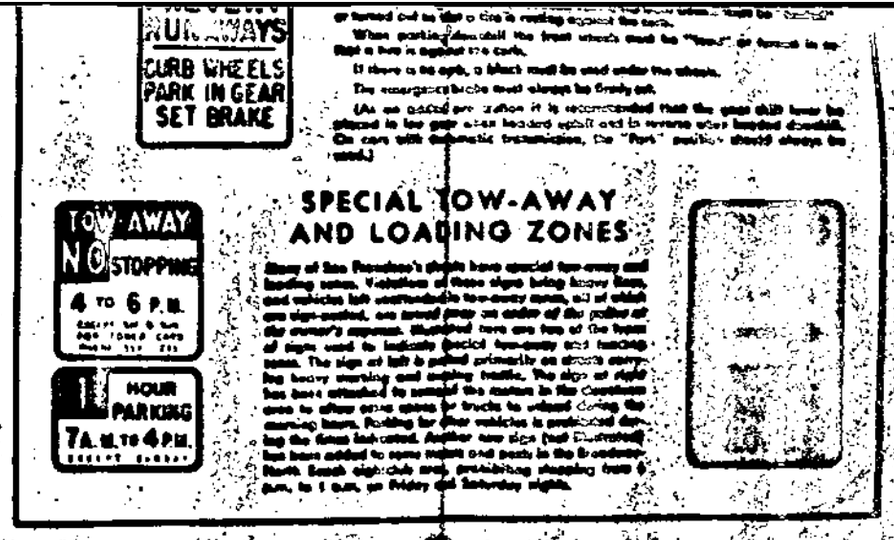


WHEN PARKING on San Francisco's hilly streets, even on slight grades, cramp the wheels of your car by the curb and set the brake.

A city ordinance makes it unlawful to park any vehicle upon any "grade exceeding 3%" without effectively setting the brake and blocking the wheels by turning them against the curb or by other means.

Strict enforcement of this definitive San Francisco traffic regulation prevails throughout the city.

The penalty for violation of this law (parking upon grade) is a fine of not more than $100.00 nor more than $500.00, or by imprisonment in the county jail from 5 to 30 days, or by both fine and imprisonment. In the event of an accident, the penalty is not less than $25.00 nor more than $100.00, or by imprisonment of not less than 10 days nor more than 60, or by both fine and imprisonment.



SPECIAL TOW-AWAY AND LOADING ZONES

Many of San Francisco's streets have special tow-away and loading zones. Violations of these signs bring heavy fines, and vehicles left overtime in tow-away zones, all of which are sign-posted, are towed away on orders of the police or the owner's agents. Illustrated here are two of the types of signs used to indicate special tow-away and loading zones. The sign at left is posted primarily on streets carrying heavy morning and evening traffic. The sign at right has been extended to permit the motors in the downtown area to allow some space for trucks to unload during the morning hours. Parking for other vehicles is prohibited during the times indicated. Another new sign (not illustrated) has been added to some motor and posts in the financial, North Beach night-club area, prohibiting stopping from 6 p.m. to 1 a.m. on Friday and Saturday nights.
