The above-mentioned called yesterday and stated that he was doing research with regard to the background of his family and wondered whether it would be possible to furnish him from our Identification Division records the names of all people named Tiboni represented in the records together with their dates of birth and the names of their parents. Father Tiboni stated that his family came from Italy originally and that he had had difficulty identifying many people by the same name in the United States.

I advised Father Tiboni that, as much as we would like to be of assistance to him, it was just not possible to take people from their regular work to perform a non-law enforcement function such as he had in mind. Father Tiboni stated he understood but was just curious as to whether our fingerprint records could assist him in his research.

At 8:55 p.m. 6/16/71 Bureau operator contacted night supervisor SA William M. Gallagher on duty in the Special Investigative Division and advised that a Mr. Kyle was on the line from New Orleans, Louisiana, and wanted to speak with "someone in authority around there." Kyle sarcastically asked Bureau operator what "FBI" stood for. SA Gallagher took the call and identified himself to Mr. Kyle who responded, "What is your name again and where do you work there?" Kyle was appropriately informed. Kyle refused to further identify himself other than his last name, saying, "that's all you need to know."

Kyle then said he wanted the telephone number of the warden of "the correction institution at Danbury, Connecticut," to tell him about the death of an inmate's relative. Kyle was advised that we did not have this information available and it was suggested that he contact the Justice Department switchboard, area code 202-737-8200, if he was referring to the Federal penitentiary there; or to contact the telephone company if the institution he wanted was state controlled. Kyle then stated he was a taxpayer and insisted that the FBI had this information and should make it available to him since he was paying the salaries of Mr. Hoover and all FBI Agents who are "really servants of the public."

Kyle's comments were derogatory concerning the work of the Director and the Bureau. He was obnoxious, overbearing, and insulting, and SA Gallagher terminated the conversation.

New Orleans office advised no record of any chronic complainant with last name of Kyle, and there was no such record in the box of chronic complainant cards maintained in the Special Investigative Division. In the absence of any further identifying data Bureau indices could not be checked. 11 JUN 21 1971

On June 21, 1971, a highly emotional individual identifying herself as Mrs. Bogart (phonetic), telephonically contacted Coding Clerk Donald A. Flynn, Crime Records Division, and stated that she had seen the picture of Agent Flynn in Sunday's newspaper and that had prompted her telephone call.

The caller apparently was making reference to the photograph of former Special Agent William Flynn, now Athletic Director at Boston College, which appeared in the Washinton Post on June 20, 1971, in connection with an article by Jack Anderson on the subject of former Special Agents. Coding Clerk Flynn has not had his picture in the newspapers.

Mrs. Bogart described herself as white, Jewish, forty-five years of age, blonde hair, who resides in Laurel, Maryland, and is employed as a [REDACTED] at the Laurel store of the [REDACTED]. Flynn attempted to explain that he was not Special Agent Flynn, however, she persisted in outlining her complaint. She stated that three hoodlums with whom Special Agent Flynn had contact, had been responsible for ruining her reputation, with the result that she had been raped, spent ten days in jail, and had her money stolen while in jail. She stated that she had written to fifty Senators and President Johnson in an attempt to gain an appointment with the Director for the purpose of having Mr. Hoover clear her name, but to date had been unsuccessful in seeing him.

On 6/27/71 subject telephoned General Investigative Division Extra Duty Supervisor from the President Hotel, Denver, Colorado, Room 218, telephone number 303 AC 2-3861. He volunteered he was born [REDACTED] and was a professional piano player. [REDACTED] claimed he had furnished important information concerning "The Golden Leaf" to SAC Whaley, Albuquerque, SAC Faist, El Paso, and Mr. Spring (Complaint Clerk), Denver. [REDACTED] stated he becomes frustrated when he is "drunk" and calls the FBI, CIA or Dr. Edward Condon, USAF, UFO Director in Colorado Springs, Colorado, to report on this dangerous organization. [REDACTED] rambled and gave disjointed happenings to himself over the past three years, and bragged about being examined by a psychiatrist who told him he had a "dual personality when drinking."

The Denver Office advised that the subject has telephoned and personally contacted the Denver Office on five occasions between 3/11/70 and 3/5/71. On most occasions he had been drinking and talked in rambling and disjointed manner and never had any pertinent information concerning Federal or state criminal violations. According to information [REDACTED] furnished the Denver Office, "The Golden Leaf" is an organization of "space people" here on earth.

Bureau records do not contain any information identifiable to the subject.

ACTION: Since it appears subject has written or contacted our offices at Albuquerque, El Paso and Denver, this memorandum be routed to Crime Records Division for its information.

A long distance telephone call was received from New York City, and the operator said that Mr. RICHARD NIXON was telephoning to speak to the Director. *NY*

It seemed unusual that the President would call in the above manner, so in the attempt to find out if this was a legitimate call, the operator was told that the Director was out of the office and asked for a number where the Director could return the call.

The caller, a male, came on the line and stated that he has to talk to the Director and wanted to know where the Director can be reached. He was again asked for a number where his call could be returned. The caller said that there is no number where he can be reached and became quite indignant. The caller then asked if his name was recognized. He was told that his name is recognized and asked if he were the President. The caller said that he did not say that he was the President and stated that he will write a letter to the Director to arrange an appointment.

SA Haynes, Domestic Intelligence Division, advised that the President is at the White House.

Bureau files are being checked.

At 5:16 a.m. on 6-28-71, Mr. Michael Donovan, Director of Suicide Prevention, 275 East State Street, Columbus, Ohio, telephonically contacted SA Lawrence Sarhatt, Extra Duty Agent, Special Investigative Division and advised that his office had received a phone call earlier from an unidentified woman who advised that she had just received a Western Union telegram stating that her husband and three children were killed in a private plane crash in the State of Washington. She refused to identify herself and threatened to kill herself. Mr. Donovan was aware that the FBI did not have jurisdiction; however, requested assistance in contacting the Federal Aviation Agency (FAA) to determine the identity of the unknown caller. He noted difficulty in contacting FAA.

At 5:22 a.m. Mr. Bruce Slater, Duty Officer, FAA, Washington, D. C., was contacted by SA Sarhatt and advised of the above facts. He stated that there were no plane crashes in the State of Washington in the past 48 hours. He stated that his office would be advised if there were any air crashes resulting in death.

At 5:32 a.m., Mr. Donovan was contacted and furnished the above information from FAA. Mr. Donovan requested recontact of FAA to determine if any plane crashes involving an adult and three children in the entire country.

At 5:37 a.m. Mr. Slater, FAA advised that there were three plane crashes in the past 48 hours. One involved the death of several persons on a chartered flight at Eureka, California, a private plane crash at Lake Tahoe killing two and a military plane mishap.

On 7-7-71 captioned individual, who described himself as having worked for Housing and Urban Development (HUD) in San Francisco, California, telephonically contacted Bureau Headquarters and in a most quarrelsome manner demanded to be given a complete report on a complaint which he had made several months ago concerning internal personnel matters at HUD. He did not specify the precise nature of his complaint against HUD but he apparently had been given some disciplinary action. He further indicated that he had contacted our San Francisco Office at least ten times and had given the details of his complaint to the San Francisco Office. In every instance, he had been told that his problem did not fall within our investigative jurisdiction. [REDACTED] then, in a most antagonistic manner, questioned the competence of our San Francisco Office and in a rather irrational manner condemned the FBI for not "helping" him with his problem. In no uncertain terms, Mr. [REDACTED] was told that our jurisdiction was strictly limited and, as the San Francisco Office had obviously indicated to him, we could not exceed our jurisdiction in order to "help" him in what was apparently a personal problem. There is no record of [REDACTED] in Bufiles.

INFORMATION CONCERNING

Telephone Calls

[REDACTED] telephonically contacted the Bureau on 8/5/71 and the call was handled by SA Raymond F. Hogan, Special Investigative Division. The call was received at 4:18 A.M. and after [REDACTED] had considerable discussion with the Cape Girardeau operator, he then carried on a rambling discussion.

He said he was calling from his mother's residence, [REDACTED] telephone number [REDACTED]. He introduced a woman on the telephone as his mother and she furnished the telephone number. He advised that he was taping his conversation and the nature of his call dealt with politics. He then rambled on explaining that his business was in the interest of the people, and he recited childish poems, explaining that he was playing like a little kid. He advised he was announcing the fact that he would be a candidate for Governor of Missouri and he was wondering what type of protection he would receive. It appeared that he was thoroughly inebriated and possibly in the need of psychiatric care. His language became abusive and sprinkled with vulgarities and SA Hogan discontinued the telephone conversation at 4:38 A.M. He again called at 4:42 A.M., at which time SA Hogan politely informed him that no further conversation would be had.

Bureau indices were checked and no identifiable information regarding the caller was located.

For record purposes, a Mr. Albert J. Schatz called my office yesterday and advised that he would "just love to come in and sit down and chat with Mr. Hoover personally." Schatz said he had nothing particular in mind but that he had always wanted to talk with the Director. He said he was 65 years old and retired and at one time worked for the Washington Star Corporation.

It was explained to Mr. Schatz that the Director's schedule was heavily committed and it was just not possible to give him any encouragement.

Bufiles ^{were} ~~was~~ then checked and, based on background furnished, Schatz was not identifiable in files.

Inasmuch as Schatz was an extremely garrulous individual and only wanted to "chat," his call was returned and it was explained to him that unfortunately the Director's schedule was such that it was not possible for him to make arrangements to see Mr. Schatz.

Reverend [REDACTED] telephonically contacted the Bureau at 1:20 A.M., 8/6/71, and spoke to SA Raymond F. Hogan, Night Supervisor, Special Investigative Division.

He explained his reason for the call was the reported suicide of his brother, [REDACTED] in Clarksville, Arkansas, on 7/17/71. His brother, according to information he received when he attended the funeral, shot himself in the abdomen with a shotgun. He was of the opinion his brother would not shoot himself, and he claims he could not receive any information from the authorities due to the fact that the color of his skin is black. At no time during the telephone call did Reverend [REDACTED] claim a Civil Rights violation had occurred, but at times reiterated that he was of the opinion his brother would not take his own life. He emphasized the reason for his call was merely to explain that he had not been able to receive any specific information from the authorities because he felt that Arkansas, in general, is biased against the blacks.

Telephone calls 1 - Mr. Bolz
Non-Subversive 1 - Mr. Cashin

On 8-10-71, at 8:46 p. m., Mrs. [REDACTED] called the Bureau and spoke with Extra-Duty Supervisor Francis L. Cashin.

b7c-1 She was yelling and shouting during all of interview. She started by saying that she was formerly married to [REDACTED] whom she described as the [REDACTED] at the old Washington Times Herald. She then said that she is a close friend of Katherine Graham of the Washington Post.

b7c-1 Mrs. [REDACTED] stated that a week ago her house was burglarized and that her golf clubs, two French Poodles, fishing equipment, bank account and automobile were taken.

She called the Indio Police Department but when she was told that an officer would come to her residence, she said "No" as he would scare the children in the neighborhood. She then complained that after some delay the Indio Police Department started an investigation. They have not solved the matter to date and whenever she calls the Indio Police Department and identifies herself, the person at the police department responds with "The lady with the French Poodles." She stated this is a matter of life or death as the French Poodles will take food from no one other than herself.

She continued that one to two hours ago she wanted to give some information to the police department and that she called the police but they have not appeared at her residence up to this time. She wanted the FBI to call the Indio Police Department and make them investigate this case immediately.

On 8/16/71 captioned complainant telephonically contacted the Bureau and spoke to Extra Duty Supervisor Robert J. Petersen from his residence telephone, number [REDACTED]. It appeared obvious from his initial remarks that he had been drinking heavily and complained about the failure of the Erie Police Department to take his suggestions into consideration in connection with their investigations. In this regard, he stated "I have been telling them for months there was going to be an accident in the corner near my residence and now it happened -- they're not enforcing the law."

b7c-1

[REDACTED] was advised of the FBI's jurisdiction and in view of the fact that this was a local matter, the Bureau could be of no assistance. At this point [REDACTED] became quite indignant and began to curse law enforcement stating no one would ever listen to him. He was firmly advised that if he had a matter coming within the FBI's jurisdiction it would receive appropriate attention, however, he was unable to furnish any information relating to a violation under our jurisdiction. [REDACTED] indicated that he would probably have to call FBI Headquarters again in order to get the matter squared away.

**PRATTVILLE, ALABAMA,
INFORMATION CONCERNING**

~~Origin - New Orleans~~

This will record that at 8:58 p.m., 11/13/71, Mr. [redacted] telephonically contacted Extra Duty Supervisor C. A. Nuzum. [redacted] advised he is a retired Air Force sergeant; and he is constantly being arrested by the police at Prattville, Alabama, for "no reason." He said he works for Daniel Construction Company, Greenville, South Carolina, and on weekends comes home. He said that the police were harassing him and kept telling him he should go home from various taverns in the area. He claimed he never drank to excess. He felt the FBI should instruct the Prattville police to leave him alone. Mr. [redacted] was tactfully advised that his complaint appeared not to relate to a matter within the jurisdiction of the FBI, and he expressed appreciation for being listened to and hung up. Bureau files indicate that Mr. [redacted] in September, 1968, called the Bureau in another personal situation (Bures 9-0-14838 and 9-0-14991). The Columbia Office determined that according to the Greenville County, South Carolina, Sheriff's Office, [redacted] is an alcoholic who gets drunk frequently and, when in a drunken state, makes telephone calls to numerous persons in which he makes false claims and ridiculous allegations. The Sheriff's Office advised that he is completely unreliable and that members of his own family pay no attention to his statements.

ACTION: This is for record purposes.

At 10:10 p.m., 11/21/71, Extra-duty supervisor, E. J. McDonough, received long distance telephone call from Mrs. [REDACTED] Pasadena, California. Mrs. [REDACTED] who exhibited a demanding hysterical attitude, went into a long tirade as to the activities of her neighbors in running their mini-bikes up and down the street and otherwise harassing her. She stated she had contacted the police and although she had no faith in the local police, they had answered her previous complaints but she didn't think they acted strongly against the neighbors.

She wanted the FBI to come out to her house and afford her protection and the Los Angeles Office said they could not afford protection. She was advised by SA McDonough that the FBI could not afford her protection and if she desired, she could contact state law enforcement authorities. She then launched into a profane diatribe against all law enforcement including the FBI and the conversation was terminated.

Bureau files contain no pertinent information identifiable with [REDACTED]

ACTION: In view of the attitude displayed by [REDACTED] and her unwillingness to recognize that the FBI cannot afford her personal protection, it is recommended this be routed to the Crime Records Division for preparation of a chronic complainant card.

She stated that she is from Tucson, Arizona, and had met the Director at the Scripps Clinic in La Jolla.

This is to advise of the receipt of a telephone call by Bureau Headquarters switchboard operator at 2:18 p.m., 1/21/72, containing a threat against the Office of the Director.

Miss Suzanne Avels, Bureau switchboard operator, received a call from a commercial operator at 2:18 p.m. asking if a collect call would be received from a Mrs. Colby (phonetic), no city named. Miss Avels refused to accept this call in accordance with existing policy at which time the caller was overheard to angrily state, "Give Mr. Hoover this message. If I don't get satisfaction in Texas, there will be nothing left of his office in Washington..." At this point the commercial operator terminated the call and Miss Avels was unable to recontact the commercial operator in order to determine more facts about the caller. Miss Avels advised the entire incident transpired within a minute and she was not certain she could recall the commercial operator in order to identify both the operator or the caller.

ACTION:

WFO was instructed to attempt to determine through contact with the telephone company whether the call as set out above could be traced, at least to its city or origin, in order to attempt to identify the caller Colby. This matter is being followed and you will be advised of pertinent developments.

The apartment was the epitome of squalor itself in that papers, clothing, as well as large accumulations of trash and rubbish were thrown at random throughout the residence. Cockroaches were clearly visible during the entire interview as were a cat and dog who roamed at will over food, furniture and occupants.

b7C-1 As soon as introductions were completed, Mrs. [REDACTED] became emotional and began rambling incoherently. After extreme difficulty, agents determined that approximately two weeks ago she had written a letter to the Attorney General of the United States requesting information as to how she could register a complaint against FBI employees. When she did not receive an answer she wrote a letter to J. EDGAR HOOVER in which she claims to have outlined specifically detailed incidents of misconduct on the part of two agents, SA [REDACTED] and SA [REDACTED] as well as an unidentified blonde lady.

b7C-1 While it was impossible to be certain what Mrs. [REDACTED] desired to convey or may have detailed in her letter, it appears she alleges that in 1967 while residing in New York she was operating a boarding house. At that time an unemployment compensation check was stolen from a boarder. The boarder wrote a letter to the FBI concerning Mrs. [REDACTED]. It is noted that Mrs. [REDACTED] declined to furnish information concerning the boarder or the residence at which she ran the boarding home.

b7C-1 Subsequent to the above mentioned incident, unidentified persons in the neighborhood told her FBI agents [REDACTED] and [REDACTED] as well as an unnamed blonde lady had installed a television camera to watch all of her activities and were paying an unidentified neighbor \$80.00 to \$90.00 per month for his assistance.

b7(-) At the same time unidentified persons began mailing her letters on stolen official letterhead stationery from an unrecalled Government agency. This resulted in her loosing her home. Mrs. [redacted] then travelled to the "West Indies" where she was followed by FBI agent [redacted] and the blonde girl who Mrs. [redacted] had never seen before.

b7(-) Upon Mrs. [redacted] return from the West Indies, she had a conversation with her mother and then came to Philadelphia. Upon arriving in Philadelphia a woman she had never seen before told her exactly what she and her mother had discussed.

b7(-) Mrs. [redacted] further advised after moving to Philadelphia she received several calls from [redacted] who she believed to be SA [redacted]. However, she did not recall what was said in these conversations.

b7(-) Mrs. [redacted] also indicated she had seen several television shows in which people claimed the FBI bugged private person's homes. She further stated unidentified persons in her present neighborhood have told her Agent [redacted] and [redacted] have watched her apartment and are telling people what she does in her home.

b7(-) As indicated above during the interview Mrs. [redacted] rambled at length and was extremely difficult to understand. It is felt that she may well be experiencing some type of emotional stress and it is felt further personal contact with her would not be in the best interest of this Bureau.

b7c-1 With reference to the memorandum of February 11, 1972, concerning captioned individual who had called the Bureau late 2/11/72 alleging he had been victimized in an extortion plot, at 12:35 p. m., 2/15/72, a Mrs. Mildred Barron, Administrative Assistant to Pennsylvania State Deputy Attorney General Dante Mattioni, Philadelphia, telephonically made inquiry concerning [REDACTED]. According to Mrs. Barron, [REDACTED] who identified himself as a doctor called from Southern New Jersey [REDACTED] advising he had just returned from Washington, D. C. He indicated he had been in touch with a Chief Justice Ben Jones and had reported his difficulties to a Mr. Shroder of the FBI. He requested that Mr. Mattioni contact him on a very urgent matter as soon as possible.

Mrs. Barron indicated that since he had mentioned the FBI Mr. Mattioni did not want to become involved unless it was a matter of interest to the State of Pennsylvania. She was advised that a quick check would be made and she would be recontacted forthwith.

In the SAC's absence, Supervisor John Ganley, Philadelphia Office, was advised of the above. The memorandum of February 11, 1972, indicates that [REDACTED] is well known to the Philadelphia Office as a chronic complainant, has mental problems and has been in and out of mental institutions for a number of years. Ganley was instructed to immediately contact Mrs. Barron and advise her of [REDACTED] background and the fact the FBI had no interest in him.

At 1:05 p. m., Supervisor Ganley called and advised that Mrs. Barron had been so recontacted and was most appreciative of the information.

b7C-1 At approximately 5:53 a.m. on 2/18/72, Night Duty Supervisor Harry E. Morris, Jr., received a telephone call from captioned individual who resides at [REDACTED] Biloxi, Mississippi. He seemed to be mentally unbalanced. He said he had a secret report stolen from his footlocker which is critical in time of war and that he had been instructed by President Nixon to call the FBI at "Pennsylvania and 13th Street" if he had any trouble. He blames "Naval Intelligence" for the theft and said Naval Intelligence had devices all over his house "for transmitting." It was suggested he call our Jackson Office if he had information he believed to be of interest to the FBI. He said he couldn't because the President told him to call Washington. He was told his call would be made a matter of record. No reference in Bureau or Jackson Office indices.

b7C-1 Captioned subject who resides at [REDACTED], Richmond, Virginia, telephone number [REDACTED] telephonically contacted the night duty supervisor, Special Investigative Division, at 8:06 pm 3/13/72.

b7C-1 Mr. [REDACTED] stated that he was entirely dissatisfied with the FBI and various local law enforcement agencies. It should be noted that he spoke in a rather slurring manner of speech and it could not be determined if he was inebriated. *S*

b7C-1 Mr. [REDACTED] was complaining about the fact that the FBI did nothing to assist in locating [REDACTED] Joseph A. McClaugherty, who was an attorney and resided in Long Beach, California. He stated that McClaugherty had an excellent background, but recently went through divorce proceedings which apparently had an emotional impact on him. He stated that McClaugherty was found on 3/9/72 on a desert road by some hikers in the vicinity of San Diego, California, in his automobile. A hose leading from the exhaust pipe into the car and two loaded weapons on the front seat were found. In addition [REDACTED] stated that McClaugherty had left three notes, one to his girlfriend, one to his son, and one to his mother, in which he said he was sorry.

REC-466-3182-9097

b7C-1 Mr. [REDACTED] was blaming the FBI for not initiating an investigation which probably could have precluded the death of his [REDACTED] if we had used our full facilities to locate him. It was explained to Mr. [REDACTED] that in a situation of this nature the FBI cannot institute investigation due to the lack of jurisdiction. He indicated there was no evidence of foul play, but felt there could have been a "mafia" connection. He also said that he is the only one in his family who is not satisfied with the coroner's findings and as a result he intends to discuss this matter with several senators or congressmen from the State of Virginia.

b7c-1 On March 31, 1972, captioned individual telephonically contacted the Bureau and spoke with SA Thomas B. Coll of the Crime Research Section. Mr. [redacted] advised that he is "an old pen pal" of Mr. Hoover's, and that he is from Texas but presently in the U. S. Air Force and assigned to Andrews Air Force Base. He commented that, being that he was so near to Washington, he would like to come in and "have a chat with Mr. Hoover." He was advised of Mr. Hoover's busy schedule but told that his wishes would be made known.

b7c-1 Bufiles indicate that one [redacted] of the West Texas Children's Home wrote the Director in 1969, and requested information about the Bureau as he wanted to be a lawyer. He indicated that he had spent most of his life in foster homes and his parents were divorced. His letter was acknowledged and he was sent reprint material concerning the Bureau.

He again wrote the Bureau in April, 1970, requesting the FBI to conduct an investigation to locate his father and also to "analyze his name." He was advised by letter dated April 17, 1970, that we have no authority to conduct an active investigation to locate his father and do not offer such services as analyzing names. He was advised that if he furnished a suitable description of his father, a Missing Person notice would be placed in the files of the Identification Division. He did not furnish such description.

INFORMATION CONCERNING

b7c-1
At approximately 8:50 p.m., 4/8/72, captioned individual telephonically contacted Supervisor John E. McHale, Jr., on duty in the Special Investigative Division, to advise that his wife was "whoring around" in Washington, D. C., with [REDACTED] of South Carolina, and that he wanted her arrested for violation of the White Slave Traffic Act.

b7c-1
According to Mr. [REDACTED] who appeared to be heavily intoxicated and whose voice was very badly slurred, his wife has been confined to mental institutions on a number of occasions and he was concerned that she might be involved in an automobile accident while in Washington and be killed. He stated that he was calling from a pay booth in Greenville, North Carolina, and that he was en route to return her to an institution where she couldn't get out again. Mr. [REDACTED] added that he was a nephew of the late newspaper editor [REDACTED] of Atlanta; that his wife was descended from a very wealthy Georgia family; and that the two of them have known [REDACTED] for at least ten years.

b7c-1
When it was explained to Mr. [REDACTED] who claimed to be a practicing attorney, that the White Slave Traffic Act was intended to combat commercialized prostitution rather than personal escapades, he advised that he understood the Bureau's position but that he was desperate to have his wife arrested before she had an automobile accident or suffered some other form of injury. He said that she was probably registered at the Ambassador Hotel under a false name.
