It is with considerable regret that I have tendered my resignation, but I have received a most flattering offer to re-enter the field of the private practice of law at Knoxville, Tennessee, and I do not feel that I can afford to refuse same.

Dear Mr. Hoover:

PERSONAL

The Convention was a big success from our point of view I think, you were endorsed by Mr. May the President during the course of his speech, and by Mr. Jenkins, Chief of Police, Portland.Ore., and I have today mailed you the account as shown by the local newspaper. I also made arrangements with the Secretary that the letter be written at once to the Attorney General, so that we would have the same on file.

I think that you should write a letter to the following for the part each took in the matter and then if they are ever needed again in any way we will be able to call on them.

Deur Mr. Moover:

In reply to your letter of July 6th, 1929, please be advised that the membership of the International Association of Chiefs of Police fully realizes that disgruntled employees exist in every organization in the Country, and the usual procedure is to criticize those in authority when they are either dismissed or released from service.

The work of the Bureau under your supervision has been extremely satisfactory to all concerned on the Papific Coast, for it is possible to receive information within four or five days by using the Air Meil. The time is practically equivalent to communications sent to our State Bureau.

Members of the International Association fully realize the difficulties encountered by you in organizing the Bureau on account of the incompleteness and reliability of the records that were delivered to you for classification and filing. The only surprise is, that you were able to organize the Bureau as quickly as you did under the circumstances. If as any time the Peace Officers Association of the State of California can be of any assistance to you, do not hesitate to make the request.

My dear Mr. Hoover:

I desire to make of record the appreciation of the War Department, and particularly of this Division, for the many excellent reports received through your office concerning conditions in Mexico. These reports have been of the greatest value to the Division in obtaining a correct estimate of what was occurring along the border and south of it. Many of them give us an angle that we could obtain in no other way. All are carefully prepared, accurate and conservative reports by trained investigators; and, therefore, exactly the class of material most useful to the Military Intelligence Division.

I have followed our usual practice and have acknowledged only those communications which required action. I hope you understand that we are none the less appreciative of all reports received, and I assure you the cooperation of your office has been of the greatest assistance to this Division. I congratulate you on the ability of your agents, and on the uniform excellency of their reports.

MIMORANDUM FOR MR. MOOTER

You will recall that when you first discussed the effect of the Welch Bill with me and directed the maintenance of a record upon which to base requests for a deficiency appropriation, you cautioned that the Burean would not only be antitled to a deficiency appropriation for each adjustments in echary which because effective for employees in the service July first, but that we would also be entitled to a deficiency allowance for the proportionate increase of such men as entered upon duty after July first.

Mr. Cardner has informed so that such is not the sace for we shall be entitled to a deficiency allowance only covering the actual personnel in the service July 1, 1928, and any appointments which are made after that date will not entitle the Eureau for reimbursement because of the Welch Mill, under the theory that such appointments are made in full contemplation of the new schedule of salaries and represent a voluntary obligation which the administrative efficien has undertaken and for which actual funds must be available. Mr. Gardmer advised that this would in fact work no hardship on the management of our appropriation, for the reason that lapses in appointments and new appointees' entering at lower steps than those occupied by persons who have resigned, usually are sufficient to care for this matter.

This is merely for your information in considering the distribution of the 1929 salary allotment when making future appointments.

MEMORANDUM FOR MR. NATHAN.

Re: WELCH BILL INTERPRETATION

(DHOC. JUN 19 1328 4 2. DEPARTMENT OF JUSTICE

Div. One

FILE

On June 2, 1928, Comptroller General McCarl, issmed a circular entitled AVAILABILITY OF APPROPRIATIONS AND APPLI-CATION OF THE ACT OF MAY 28, 1928, AMENDING THE CLASSIFICATION ACT OF 1925, TO SALARIES OF CIVILIAN POSITIONS IN THE DISTRICT OF COLUMBIA AS OF July 1, 1928, wherein is set forth as applying to Grade 14 under the Welch Bill, an interpretation of that Bill with respect to promotions in that grade. Mr. McCarl relates in the referred to circular as follows:

-Grade 14 -

"Original Statute \$7500 (Including those positions specifically fixed by statute prior to July 1, 1928) (Grade 14)

Amended Statute -\$8000 (Grade 15)"

It would appear from Mr. McCarl's interpretation of the Welch Bill that if a person was at the top of Grade 14 with a salary specifically fixed by statute prior to July 1, 1928, at \$7500 per annum, that person could be promoted to Grade 15 at an annual rate of compensation of \$9,000 per year.

In view of the fact that the basic qualifications of Grades 14 and 15 are identical in most respects, the Welch Bill would operate to promote the individual in Grade 14 to Grade 15 in that the said Welch Bill provides that "Whenever in any case the basic qualifications of any already existing grade or subdivision of a service are by this Act made the basic qualifications of a higher grade or subdivision, the positions of all employees in said existing grade or subdivision are by this Act advanced to said higher grade or subdivision of a service."

A person in Grade 14 under original statute, that is, the Classification act, could not by the Welch Bill be promoted to Grade 16 in that Mr. McCarl rules that only positions which are or may be specifically authorized or appropriated for at animal rates of compensation in excess of \$9,000 may be in Grade 16.

Grade 14 of the Welch Bill is as follows:

"Grade 14 in this service, which may be referred to as the executive grade, shall include all classes of positions the duties of which are to act as assistant head of one of the largest and most important bureaus, or to act as head of a major bureau, in case professional or scientific training is not required, or to supervise the design of systems of accounts for use by private corporations subject to regulation by the United States, or to act as the technical consultant to a department head or a commission of board in connection with technical or fiscal matters, or to perform work of similar importance, difficulty, and responsibility.

"The annual rates of compensation for positions in this grade whall be \$6,500, \$7,000, and \$7,500, unless a higher rate is specifically authorised by law."

Grade 15 of the Welch Bill is as follows:

"Grade 15 in this service, which may be referred to as the senior executive grade, shall include all clauses of positions, the daties of which are to act as the head of one of the largest and most important bureaus, in case professional or scientific training is not required, or to perform work of similar importance, difficulty, and responsibility.

"The annual rates of compensation for positions in this grade shall be \$8,000, \$8,500, and \$9,000, unless a higher rate is specifically authorized by law."

Therefore, it would appear that those persons whose rates of compensation were fixed by statute prior to July 1, 1928, are entitled to the benefits of the Welch Bill.

MEMORANDUM FOR MR. HOOVER

With reference to your conversation of June 5, 1926 concerning the possibility of classifying certain officers of the Bureau in grades higher than those to which they are already allocated, your attention is respectfully invited to the note beginning on page 11 of the Comptroller's ruling re: The Welch Bill, a copy of which has already been furnished you, said note reading as follows:

**Stion as allocated prior to July 1, 1928 (as in Grade P-S 5 and 6), are covered by either of two higher grades as described in the amended statute, the operation of the statute is to require the administrative effice to place such position in whichever of the two higher grades he shall determine more specifically describes the duties of the position. For instance, if the duties of a position in any effice allocated in grade P-S 6 prior to July 1, 1928, are more specifically described in the amended statute under grade 8 than under grade 7, the statute anthorises and requires the administrative effice to place such position in grade 8.)

It is evident therefore that the administrative head of the Department, the Attorney General, has absolute discretion in the matter of classifying men whose positions are covered by two possible grades, and Mr. Caldwell states that he is of the opinion that this ruling of the Comptroller will stand, despite the opposition of the Personnel Classification Board. He further states that in the case of the Director of the Bureau it is merely a question of convincing the Attorney General that the head of

the Bureau should properly be in grade 15 and, of course, Mr. Mathan and Mr. Bughes would accordingly be classified in grade 14, Mr. MacFarland in grade 12. Hr. Caldwell also suggests that you confer with Mr. Marshall as soon as possible in a effort to determine the probable decision of the Attorney General in this respect and so that our classification sheets may be submitted in due time.

A preliminary study of the possibility of classifying the eligible portion of the field service in professional grades indicates that we would have some difficulty in classifying our men in the professional grades relative to the elerical, administrative and fiscal grades which they now occupy. There would, of course, be no difficulty in classifying our Anti-Trust Agents, and a system could be devolved whereby all Agents who are law graduates could be certified from the CAF Classification to the Professional Service upon the completion of a certain apprenticeship which would give them the necessary experience to estisfy the specifications which will undoubtedly be issued by the Personnel Classification Board in the near future.

The difficulty in this question of classifying the field service, however, rests on the fact that the work of the Bureau is not only highly specialised, but is unique and defies classification according to the existing specifications and precedents established by the Personnel Classification Board. A thorough study will be made of this matter in order that we may determine whether or not it will be possible to convert the Personnel Classification sound to our ideas, so that we might maintain our existing salary ranges under professional classification.

Respectfully,

Mr. R. H. Colvin. Special Agent in Charge. Department of Justice, Dallas, Texas.

Dear Sir:

I have just returned from the Tyler Division of this court where I have just completed the trial of the case of United States vs O. R. Davis et al, in which case all six of the defendants charged were convicted upon each count of the indictment.

I wish to take this occasion to state that I believe this to have been the most complete investigation with which I have ever come in contact during my six years in this office.

apout Sights file 69- 1285-2 I wish to take this eccasion to especially commend the service: of Special Agent Claude P. Light of your office in connection with this investigation.

The investigation was so clear, complete and convincing that for the first time within my experience, Honorable H. L. Estes, upon the conclusion of the trial and in open court, publicly commended are Light upon the efficiency and completeness of this investigation.

I wish to state further that Mr. Light's assistance to me in the conduct of the trial and his familiarity with the records and details of investigation involved, were of invaluable benefit to me in the trial of this case.

I am sure that the same is in large measure due to the efficiency of the men under your supervision, but I cannot refrain from stating that since your incumbency of that office, all investigations coming under my observation have been of such an exceptionally high character in general, that I am personally convinced that you are in large degree responsible for the character of the same, and I wish to commend you most highly for your painstaking guidance and direction in these matters.

With kindest personal regards and deep appreciation of the invaluable assistance rendered this office in the matters coming Within your jurisdiction. I beg to remain.

Sincerely yours.

101 Bandolph Bryant United States Attorney.

P.8: -Dear Mr. Colvan:

I mean every word of the enclosed letter, and while not wishing to

detract from the praise to which I know you are entitled, I do wish to say that in my opinion the improvement in investigations of matters by your office is due in large part to what I believe to be the great improvement in the character of the men now employed by the Bureau. I can commend generally, from my personal observation, the worthiness of the policy pursued by the Director in requiring the highest qualifications for appointment to your service. The wisdom of this policy is more than justified in the results achieved.

Simcerely,

The chief way you may learn the attitude and real acts of Agents and Agents in Charge is through information transmitted to you from various sources not striving to tell things one way or another - disinterested and voluntary statements. Hence my waking bold to give you parts of a letter from former Agent Omar F. Brown, now of Kokomo, Indiana, from where he wrote, showing one result of my constant efforts to send out every agent with whom I come in contact a believer in, and a friend of, the Director, as I, myself, believe and am. Mr. Brown, under date of April 18, 1927, writes:

"I had a very fine letter from Mr. Hoover and had a meeting with Mr. Purnell Friday. I am sure Mr. Hoover is a very fine gentleman as you have always said he was."

Of former Agent J. J. Maroney, about whom we talked when you summonsed me to Washington, and to whom it would have been necessary for me to say a few things about his attitude had he returned to Montana, Mr. Brown says:

"Maroney won't do. He is doing under sover work for the Prohibition forces, but don't keep under much as you know he never would keep under on anything. I met him up north and he talked his head off and I never offered him any suggestions and told him nothing."

He closes, to give you the findings

of a man who has gone and would be giving a disinterested
view, which shows the results of my efforts to give the
office the maximum of efficiency with the minimum of
friction (of, by and for the Bureau, solely), with the

I have at hand your letter of the 14th instant, advising me of the conditions with which you have met in the investigation of applicants for appointment in this Bureau.

It is indeed very gratifying to learn that the better alement of the mills holds the Bureau in hist esteem. have always felt that the highest praise which we could ever expect to receive would be in having the complete confidence and respect of the better class of law-abiding citizens.

am very glad to note that the investigation of applicants is considered an important matter. I know that 14 was formerly the impression that such eaces should be given to the never men in the service who had had little experience in investigative work. I have tried to correct this very unwise practice for I consider the immestigation of an applicant one of the most important phases of the Bureau's work, for if the investigation is not properly conducted we may either obtain the service of a man who is unfit for work in this Dureau, both from the point of view of experience and from the point of view of character, or, on the other hand, we may fall to learn of the true fitness of a man who might witinately be a credit to Consequently such investigations the service of the Bureau. should always be senducted by thoroughly experience men and should be educidered as most important, in their character.

Dear Sir:-

On some recent applicant investigations, I have had occassion to interview some of the foremost attorneys in this section of the sountry, gentlemen, who are types of our highest citizenry. It has been pleasing to note the high respect they entertain for the Bureau and their idea of the high character of ability requisite for employment in it. So strong are these feelings in them they are impelled to speak with absolute frankness about applicants who are their close personal friends even when they realise their information may react unfavorably.

WESTERN DIDTRICT OF TENNESSEE MEMPHIS

Deptember 9, 1925

Hon. J. E. Hoover, Chief of Bureau of Investigation, Department of Justice, Washington, D. C.

My dear Sir:

一名のことのできないというというできるのであるというとのできないのできない。

On the 15th of April, 1922, I had the honor of appointment as Referee in Bankruptcy for the Western Division of the Western District of Tennessee.

At that time, as the records of the Court will establish, aronad hankruptcies were running riot. The quite a good deal to the fact that the then Referee took no interest in undertaking the surb them, and, further, that he was a man of no experience whatever in that line of work. At the timeof my appointment there was a branch of your sureau here under the direction of Mr. Towler, whose headquarters were, as now, in Mashville, I immediately availed myself of the services of that branch, and so long as it continued in existence we had great success in the apprehension and conviction of strainal bankrupts

This lasted about a year and then the Memphia branch became disorganized, which situation continued for about a year. During that time there was another outbreak of outrageous frauds, and we were able to make very little headway in our campaign for the suppression of this class of offenders, because these dishonest bankrupts knew as well as we did that the sureau only occasionally had a representative here and was crippled.

Then you became Chief of the Bureau and life was again injected into the campaign. Since your incumbency, and because of the interest you have taken in these matters, we have had only one seriess case. That case was promptly and most efficiently investigated, with the result that there were developed facts which make out an absolutely perfect case, and the offender is now under indictment, with the certainty of conviction.

The fact of the assistance, activity and efficiency of your Bureau is so well known to those inclined to violate the penal section of the sankruptcy law that they have become afraid to experiment with it. In fact, I am able to say that in this Division your Bureau is the very backbone of prevention of this character of crime, and is

0/

the bulwark against frauds of this nature, so serious to merchants and others extending credit.

The situation is now so well in hand, and the improvement in conditions so marked that I have felt for some time that I ought to voice to you my own appreciation, as well as that of our merchants, banks and other citizens who have been so greatly benefited by the services of your Bureau.

It so often happens that efficient and faithful service fails to receive the expressions of appreciation which it merits until such expressions are delayed until after it is impossible for those to whom they ought to be made to receive them that I have thought it not improper to say these things now, while you and I are living.

Thanking you most cordially for all that you have done to help us, and trusting that some time in the mear future I may have the privilege of meeting you personally, I remain.

Very truly yours.

MESORARDON FOR MR. MUNES.

I am sampelled to call your attention to a matter of official record in the Department, which not only strikes at my official standing but is a direct stigms upon my personal character and one which any respectable man is called upon to resent.

With regard to the inquiry being made by the se-called Daugherty Committee of the Senate into the disappearance of liquors stored by the Department of Justice in the Security Storage Company warehouse and the statement centained in the report of Examiner Harry C. Oax for March 22, 1922, to the effect that I had advised John F. Clark to say that he, Clark, knew mothing about the disappearance of the liquor and that hh had forgotten the same in the event he should be questioned about his knowledge of the disposition of the said liquor, I wish at this time to brand this statement of Examiner Cox as a deliberate and malicious lie.

As you know, the only connection that I have had with the investigation of this better the at your direction and associated of interviouing John F. Clark in Murch, 1922, to obtain from him a statement of to his knowledge of the disposition of this liquor. At that time I reduced to writing Clark's statement and incorporated the same in the Bursau file under a memorandum dated March 20, 1922. In someluding the interview with Chrk, I stated to him that the Eureau was making a therough importigation of the disappearance of this ligner and that St would, no doubt, involve a number of the efficials of the Department and In order that the investigation might not be hampered. I believed it imadvisable for him to generally discuss the matter until he was called before a grand jury. I teld him that he was then to tell the truth, irrespective of whom it affected. I pointed out to him that there would. no doubt, be some publicity in the newspapers concerning this untter and that pending the conclusion of the investigation it was inadvisable for any persons having intimate knowledge of the disposition of the liquor to discuss the same with outside parties. Clark stated to me that he had already made a statement of the mattery giving in substance the same information he had given me, to Assistant Atternay General Holland and Mr. J. D. Harris, General Agent of the Department, several days prior to his interview with me.

And I been indifferent to the responsibilities of my office, it would have been preposterous for me to have given to Clark the advice that Examiner Oux attributes to me in view of the fact that Clark had already made a statement upon the matter and, further, also in view of the fact that I immediately reduced to writing his statement to me and incorporated it in the Bureau files.

I have branded the statement in Examiner Cex's report as a malicious lie and I charge the same as being malicious for the reason that on April 22, 1924, you called to your office John F. Clark and in the presence of yourself and Mr. W. W. Grimes, and later in my presence. Clark devied having made the statement makeined in Emminer Con's report and corroborated the version of the interview that I had already This statement of Clark, given in the presence of yourself am Mr. Grimes was entirely voluntary and was given by Clark before he knew of my version of the conference with him. Further, in support of my sharge that there was malice, if Mr. Cox believed the statement which is now incorporated in his report and had had no malice, he most assuredly would have sought both versions of the interview with Clark, which he did not do. He incorporated in his report a version alleged to have been given by Clark without varifying the same or edneavoring to obtain from me the version of the interview which he later reported to the Assistant Attorney General.

Respectfully,

(Signed)

J. EDGAR MOOVER.

P. S. I would appreciate your calling this matter to Mr. Molland's attention as in the name of common justice this man Cox's report should be corrected to accord with the facts and disciplinary action should be taken against any employee who would engage in such reprehensible practices.

MEMORANDUM FOR MR. HOOVER

With reference to the attached memorandum from Assistant Attorney General Holland, it is presumed that the letter referred to is the one written in Movember, granting an increase for Agent Jentser. As this increase was to cover a certain time by days, and them to revert bank to his original salary, it was almost impossible to write it effective the first regular pay day after approval, as the specific dates from and to had to be mentioned in the letter.

Another letter has been written to take the place of the original, but that has not been returned be date. I have made search of our filed but cannot find any sirenlar or memoranism spoken of in the first paragraph of the attached memorandum. I do remember that it. Russell was notified verbally or by phone to entedate such letters, which has been done, except in instances like the shows.

THE PERSON NAMED IN COLUMN TO SERVICE AND ADDRESS OF THE PERSON NAMED IN COLUMN TO SE

December 6, 1921.

MEMORANDUM TO THE BUREAU OF INVESTIGATION:

Attention Mr. J. E. Hoover.

Your memorandum of December 6, 1921, to which there was attached copy of a memorandum dated October 27, 1921, has been received.

The question here has to de with the turning ever of sertain property balanging to Georg Schulz and Karl Frinkens to the Alien Property Custodian, the property having been seized at Philadelphia in 1917, prior to the declaration of war, and now being held by you.

Subdivision (e) of Section 7 of the Trading with the Enemy Act provides:

"Any payment, conveyance, transfer, assignment, or delivery or money or property made to the Alien Property Guetedian hereunder shall be a full acquittance and discharge for all purposes of the obligation of the person making the same to the extent of the same."

The above section is self-explanatory, and you are advised that the Department of Justice, even at this time, is seeking to enforce demands under by the Alien Property Custodian for the seizure of enemy-evened property; that while the Peace Resolution has been passed and pre-dated to take effect on July 2, 1921, there has been no provided alien under for the return of enemy-evened property.

On the other hand, Section 5 of the Peace Treaty provides that the property be held until United States claimants are cared for in some way satisfactory to the United States Government. The office of the Alien Property Custodian is a live office at this time, exercising the powers of a trustee.

TO THE TENT OF THE PARTY OF THE

You are advised that the best course possible for you to pursus sould be to turn this property ever to the Alien Property Custodian at ence, taking a proper receipt therefor. It would be an anomaly indeed for the Department to insist upon the fulfillment and execution of demands when one of its divisions refuses to return property to the filten Property Custodian.

These men, being German interness, could rightfully file
a claim for the return of their property and would, under Section 9,
if proper proof is introduced, be allowed the return of the property.
The only case course for you to pursue is to turn this property ever
to the Alien Property Castedian. The arguments presented to you to
the effect that the status of an alien enemy no longer exists are
fallacious, because this act is now in full force and effect.

Mr. Gee. W. Storck, Care of Kincaid Hotel, Whishoms City, Oklahoms,

Dear Birs-

Now's the eld memory. All right? Well, here is one for a test. On December 6, 1917, a check was drawn to the order of Capt. McConnell for \$51.58 and on the same date a deposit of the mane amount was made, both in the Special Account, which I am new suditing for the Chief. The sheek to McConnell was returned without being eached, which is self-explanatory. The deposit of \$51.83 is not identified on the stub or the deposit slip, there is mething in the files to throw any light on it, and as it now stands the account has that much money which does not belong there, and I wast find the proper place to put it. I wrote to Sayt. McConnell, and enclose copy of letters from him, have also interviewed George Wheeler, who is at present in Washington, but he claims he knows nothing at all about the transaction. As you were in charge of the inves-tigation at Camp Lee at the time, you may have some knowledge of the source of this \$51,33 deposited erreneously in the Special Account, as suggested by Sapt. McCennell, and I would appreciate it if you can give me any information. I am about through with this account, which had mover had an audit, and has been running from 1913, and handled in turn by Bielaski, Allen and Suter, and you can gues what a mess it is, especially during Biolaski's time, as he despised all method or system, and didn't have anybody in his office he could keep him straight. I hope you are getting along all right flown in Oklahoms, and that you will soon return to the East, although the weather herehad now been at all agreeable, very try and het.

Yours very truly,

Special Bank Accountant.

P.S.-As this is a short day, and I haven't time to make sepies of Capt. McConnel's letters, will send the originals, which kindly return with your reply.

Re: KARL ERICHSEN or ERRICKSON and G. SCHUIZ

Attention - J. H. Mackey - Special Examiner:

Dear Bir:

THE PROPERTY OF THE PARTY OF TH

In reply to your letter of September 50th, over the signature of J. H. Mackey, Special Bank Examiner, asking for information relative to certain property now in the custody of the Bureau, belonging to the above subjects, I beg to advise that the only information on this subject which can be found in our files is a copy of a letter addressed by Agent in Charge Garbarino to Chief of Bureau under date of April 26, 1917, under the title "U.S. Vs. A. K. Fischer, Et Al, "detailing the manner in which the property in question came into the possession of this Bureau, and original receipt from R. Bruce Bielaski, Chief of the Bureau, to Special Agent Todd Daniel, covering the property contained in the two packages in question. A copy of this letter and receipt is attached hereto for your information.

Mr. Henry Rohner, mentioned in letter attached, was interviewed today at his place of business, 5th & Race Streets, this City, and he stated he had no information whatever as to the present address of KARL ENCHSER as he had never heard from this man since the date on which the property was turned over to him. He states however, that it is his recollection that a letter was enclosed in the package left to him by Erichsen directing where the property should be sent in case of his death. The letter is no doubt in the files of the Washington Office.

Mr. Rohner also stated that the only information he had about SUBULZ is contained in a letter which he received from Schmiz under date of December 21, 1919, in which he gave his address as Berlin, Germany, West 57th Dennewitz St. 3042.

14

I later communicated with Judge James Gordon, also mentioned in letter attached as having been attorney for HENRY ROHNER during 1917, and learned from him that a letter contained in the package left with Rohner by Erichsen directed that, in the case of his (Erichsen's) death, the property should be forwarded to his mother, Mrs. C. Erickson, Ponseon, Bewarder, Heide (Holstein), Shoemaker St. #22. I also learned from Judge Gordon that there was a letter attached to the package delivered to HENRY ROHNER by SCHUIE, whose name appears in some places as O. F. Shultz and in others as GEORGE SHULTZ, directing Rohner that in case anything happened to SCHUIZ to send the property to his mother "whose address you will find after removing the outer wrapper."

It is believed that communications addressed to the addresses above given will result in locating these men or their heirs.

I am returning herewith the photostatic copies of the reports which were attached to your letter above mentioned.

Bespectfully.

Dear Mr. Mackey: -

This is in acknowledgment of your letter of September 17, 1921.

Fortunately, I recall the \$27.00 referred to. This money was found by us in one of the suit-cases taken in a raid on one of the Bouthern trains between Washington and Alexandria, when we were attempting to stop the traffic from Washington to the Southern States, in violation of the Reed Amendment to the Postoffice Appropriation Bill.

At my request, Miss Stephens, who was at that time Mr. Bielsski's secretary, marked the envelope, as described by you, and placed it in the safe, with a hope that the owner would show up and claim it.

If you have any trouble in finding a way to dispose of this envalope and its contents, my address is 236 Sisson Avenue, Hertford, Connecticut.

Please remember me to my friends in the Department and accept my high personal regards for yourcelf.

Sincerely yours,

Dear Sir:-

In reply to letter of July 22nd, 1921 initialed JHM-HEJ, signed Lewis J. Baley, Chief, and your letter of August let, 1921, with same initials, I have to state that Mr. Uffley, former Division Superintendent, at New York, states that he had no official knowledge of any claim having been made for the return of the monies in question.

Examination of the files, does not disclose any claim subsequent to the date of Mr. Offlers resignation.

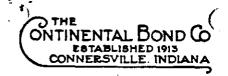

Mr. Offley also offered the suggestion in connection with the disposition of the "Passport" monies that it might be of advantage to obtain a decision from the Legal Department of the Bureau to determine whether this Item should be covered into the United States Wreasury or turned over to the Alien Property Custodian. This suggestion is respectfully passed on for consideration.

Dear Mr. Makey!

I have your letter of July 18th with further reference to the \$51.85, but I am tetally at a loss to know how to explain this matter. I thought surely Mr. Theeler could give you a satisfactory explanation and it is quite fortunate that you were able to see him. I cannot think that Mr. Phillip's explanation is correct as I am quite sure that no shock from Pay of the army was used to make this deposit. It rather secure to me that Mr. Theolor made the deposit in such. Itili I am mot et all alear en this as I am quite sure that I did not make the deposit myself and it may be that this is an entirely different transaction, but it seems impossible for me to recall just exactly what it was. Whenever you see George Storck, maybe he can give you some help as he was with me with the whole Camp Lee deal, If I should learn anything ar if this matter should some to mind, I will write you whatever I learn.

Thanks for conveying my regards to Simmerman as I would like to see him very much myself. If you talk to Phillips, again tell him to drop me a line as I would like to know how he came out after he left the Department of Justice. I suppose he is still in the War Department. Wish best wishes.

A CONTRACTOR OF THE PROPERTY O

Replying to your letter of July 22nd,1921, I recall very clearly Captain McConnell coming into the office and giving us either his check or cash for a emall amount of money, for which he desired our check, It seems to me that it was a check he had and he wanted our check for some reason which I don't recall, possibly he wanted to make an early collection on the check he had and our check was easier to cash in Washington,

I am not at all clear as to just what the money represented by this check was. It seems to me that it was an amount which some minor employee at the encampment had admitted he had wrongfully made in some way in handling the supplies of the encampment, and wished to return. McConnell was making an investigation and was in doubt as to what should be done with the money, not knowing whether it should be returned to the Disbursing Officer at the encampment and oredited to some War Department Division, or turned in to the Tressury as a miscellaneous item. If the check was returned without being cashed, it would seem to confirm the idea that the money should be paid to the Treasury. In any event, the check was the money which we put in our Special Fund, in exchange for our check.

I recall Captain McConnell speaking to me about it one day and my turning the matter over to Miss. Stephens to give him the check he desired. It was a very small transaction and took only a minute or two of Removed file Rephatetical file 3-18.58 time during a very busy period, and happened three four years ago so you must take my recollections or it with several grains of salt.

I imagine Captain McConnell can either confirm or credit these statements.

I am sending a copy of this letter and yours to Miss Stephens, so that she may write you any further recollection which she may have about the matter.

It may be that the amount of \$51.33 was received by some employee of the Government in an "Under cover" investigation and that he turned it into McConnell for disposition. The only fact that I am sure of is that McConnell had gathered the money in in the course of some official investigation and did not know just what was the proper thing to do with it and desired to get our check in exchange for what he had. I know it was after McConnell entered the Army, for he was in uniform at the time he called at the office.

Very truly yours,

Dear Mr. Bielaski .-

Referring to the audit of the Special Account about which we have had some correspondence. I regret that there is one more item about which I must ask you, which I am compelled to do on account of the incompleteness of the records in the Department. On December 6, 1917, Oupt. McConnell was drawn & check for \$51.83 against the Special Fund, and on the same date a deposit of that amount made tomthe eredit of the Special Account. The shock was returned without being mashed, but the deposit still stands, and evidently belongs elsewhere, as it is in excess of the required balance in the Special Account. The is nothing on the stub or the deposit ticket to identify this amount, and there is no correspondence in the Department on the subject. I have written to Capt. McConnell, and he says it revolves around Geo. Wheeler when McConnell, Wheeler and Storck were investigating Cump Lee. Do you have any recellection of this transaction, and particularly to you recall where this deposit of \$1.55 came from. I have spoken to Wheeler, who is now in Washington, but he claims he does not know anything about it. I would thank you for any information you have have in regard to this matter.

Yours very truly,

Bear Mr. Mackey:

I have your letter of July 9th asking for information about a shock for \$51.85 which appeared to have been drawn in my favor by Mr. Bielaski en December 6, 1917. It seems that this shock has been returned to you not easted and there is no explanation on the stab. I have no data from which to refresh my memory but as I recall, this check was drawn to pay the salary or expenses of Special Igent Wheeler, but as I recall Wheeler declined to accept the check and his reason for doing so was that he was already on a Government pay roll. You see that Theoler was count to damp Lee to dot as yelvate but retary to the Mirisian Amilitar who was at that time w surveillance. As I recall, Wheeler asked me several times whether it would be right for him to accept payment and apparently he came to the conclusion that he should accept only one salary from the Government. If Wheeler is still in the service he can no doubt explain the matter er perhaps Expert Buck Account Sec. W. Storck can give you the further facts, as he was at fempiles with me, while I was a captain in the G.E.C.

I was rather surprised to receive a letter from you signed as a "Special Bank Accountant". I have had a great many shocks with your signature as Disbursing Clerk when I was an Examiner. I hope you will like your new work and sometimes wish that I were back as an Examiner because I sertainly enjoyed my work. Thenever you run narross "Pep" DeSaulles or Goo. I do not suppose you run across the Examiners very much but if you do see any of them especially Simmerman or Masterson, I would be glad to have you souvey my best regards.

Mr. J. H. Mackay, Special Bank Accountant, Department of Justice, Washington, D. C.

Dear Sir:

I am in receipt of yours of the 22d instant, asking me to test my memory relative to a transaction of December 6, 1917 in which a check was drawn to the order of Capt. McConnell for \$51.33, and that on the same date a deposit of like amount was made, both in the special account of the Chief of the Burgan.

I have read Captain McConnell's letters, which I em returning to you, and would state that at that time, George Wheeler, who is now Special Agent in the Deparment, was placed in the auditors division at Camples as a secretary to the Division Auditor, and under cover men. I have no recollection, however, as to what arrangements that were made as to how he should be paid. At that time, as I recollect, Wheeler was in the Haval Reserve, and therefore he could not accept compensation from the Government again. My impression would be, however, that as you say a check was drawn to the order of Capt. McConnell, and the sam day a deposit was made, that this would be an offset or a cancellation. If McConnell and Wheeler don't know anything about the transaction, I would hardly know.

I am returning to you the original letters of Captain McConnell.

With kindest personal regards, I am,

Very truly yours,

At that time I was drawing and paying back a great deal of money and tried to keep things straight with my limited office for and I am unable now to state whether I over paid \$8.45 or not.

However, I will trust to the department's auditing department about this and if their records show that I have overpaid, I will be glad to receive chack for same."

Dear Sir:-

Referring to your letter of June, 17th., relative my refund for the amount of \$300.00 which was advanced me on April, 17, 1920, in connection with radical activities at Butte, Montana.

In excess in the refund, but was included in my statement to the Chief of the Bureau at the time of refund. While in Butte on this mission I did not use official envelopes and therefore purchased Postage Stamps to be used in uniling letters. The 40¢ in postage stamps therefore was what I had on hand at the time I concluded my business in Butte, the original amount with which stamps was purchased was deducted in my statement of settlement.

Dear Mr. Mackey:

STATE OF THE PROPERTY OF THE P

I received your letter of June 18, 1921, and am sorry that I can not help you very much.

to whom any part of the \$1,000 loaned to us by the State Department, was advanced. It is my recollection that the money was used to pay the accounts of confidential informants and agents whose accounts were then put upon blue slips when received, and the fund reimbursed in this manner. I think advances of amounts were made from the fund to the informants in some cases; in other cases no advances were made but the accounts were paid from this fund immediately on receipt and then transferred to blue slips. The State Department paid for a number of the agents and informants on the borier, and from time to time reimbursement was had from that Department.

The \$1,000 was made as an advance and should be returned, although we were advised at the time it was given that it might be used, if necessary in border work and not returned. It, he ever, he he ft intact during my time and it was always intended that it would be returned.

You are correct with respect to the money advanced by you as Disbursing Clerk. This was always purely an advance and was to be returned in full. It was also intact when I left the Department. I think it very likely that the funds are still intact,

The second secon

but that the absence of records and of people who were familiar with its handling, may handicap you in getting it straightened out.

The only points that occur to me where you may look in the hope of getting the matter straightened out, is that, assuming the same practice was continued after I left as we had in effect while I was with the Department, some payments have been made from the account for which blue slips were not made and thus the account failed of reimbursement. It is a bare possibility that some account due from the State Department was rendered and that Department charged it against the advance, instead of making payment to us, but this manner of payments by the State Department ended, as I recall it, just about the time we entered the war or shortly before.

Kiss Stephens always handled this account in its entirety while I was with the Department. I signed whatever checks were required and authorized whatever advances were made from it. The account was always in balance and we never had any difficulty with it.

I meant to bring in with me from the house, the receipt which I have, which may give you some information, but I neglected to do so. I will try to bring it with me tomorrow and mail you a copy promptly.

Miss Klaus, who handled these funds for Mr. Allen for a few weeks after Miss Stephens left, tells me that they were intact, including the \$1,000 advanced by the State Department, when she had charge of it.

If you continue to have difficulty in straightening the matter out, I will be glad to drop in to see you and go over the matter with you when next I am in Vashington. It may be that with the records which you have succeeded in finding, I may be able to be of some assistance to you.

Very traly yours.

Mr. J. H. Mackey, Bureau of Investigation, Department of Justice, Washington, D.C.

Dear Mackey:

I received your letters of June 21, regarding the special account. I am sure that I have none of the paid checks, bank statements, or anything else belonging to this account, but I will make a search of what few records I have in order to make sure.

The \$1.000 in cash paid out by check of November 22, 1916, to the best of my recollection was cash advanced to an agent to be marked in a fraud case to be used as evidence as soon as arrests Miss Stephens can doubtless tell you were made. It is my recollection that it what the case was. was either a Shipping Board case or a case arising in the Quartermaster's Department in connection with the fraudulent letting of contracts. The se two quite important cases were going on about this time and I think it was in one of them, although I have no clear recollection on the subject. This check was drawn just about the time I was giving up active participation in the work and just prior, as I recall it, to a trip I took around to a number of cities at Mr. Gregory's personal request, to try to decapt up troublesome situations, and I was not much in touch with the office during the last month or sime weeks of 1918. In fact, a couple of weeks I think Miss/She phene I was in bed with influenza. sure will be able to tell you what this

Checks to Mrs. Curry were in full settlement of her accounts as a confidential agent in Mexico, the \$500 one being. I think, the next to the last payment to her and the \$318.54 being the final payment, if I am not mistaken. These amounts should have been charged in accounts on blue slips and the special fund reimbursed. Whether this happened or not, I do not know, although I am quite sure I did not render any account for the payment made in February 1919. If Mr. Allen did not, that would account for an amount due to the special fund, for which an account should be rendered.

I return these enclosures so that you can send them to Miss Stephens if you wish to do so.

Very truly yours,

July 14, 1920.

My dear Mr.Mackey:

I have delayed answering your letter of the 11th instant for the reason that I have been endeavoring to ascertain the facts as to which you enquire through the files of the local office of the Bureau of Investigations.

These records, however, are quite evadently incomplete or a portion of them have been misfiled, so they afford little or no information.

I find from the stub of one of my personal check books that under date of July 14, 1919, I issued to the erder of J.T.Suter, Acting Chief, three checks, as follows:

amount by the Chief of the Bureau from the Special Fund to Division Superintendent Dewoody for use as "marked money" in a payment to be made the prospective defendant in the case of the U.S. vs. Marks, and which I found in the safe upon my return to New York, the money having been recovered at the time of the arrest and taken from the person of the defendant, and the case having been elecal.

One for \$250 to refund the advance to me from this same fund for emergency use.

One for \$100 in settlement of special advance by Er.Suter for the expenses of agents tetailed to guard the home of the than Attorney General.

These adjustments were made by me as a prelimimary to leaving the service and embraced all amounts for which I was liable.

As to the credit item of \$202 which appears in my favor, I recall that when I originally took charge of the New York office in the latter part of 1911 I found in the safe two one dollar bills, taken from or surrendered by victims in a "Green Goods" case, having been sent them as alleged mamples of the counterfeit money proposed to be sold by the confidence men.

The cases had been disposed of but neithing done with these sample bills.

At the time Special Agent Adams delivered to

Carl Ruerode four passports in the first passport fraud case he received in payment Fifty dollars in each case or a total of \$200, and following the conviction of Ruerode, I think in 1915, I sent the money received by Adams and the "Green Goods" money to the Chief of the Bureau for the purpose of having it covered into the Treasury.

These various amounts aggregated \$202, as they were all paid over to the Treasury, the Department of Justice having no title thereto, I think it is probable that I included them in one shock.

It is my recollection that at the time the Chief of the Bureau had or expected to have shortly other moneys which had come into the possession of agents of the Bureau to be disposed of in the same manner, and it is possible he may have temporarily placed my remittance in the Special Fund; this, of source, is surmise upon my part.

As to the Sherly case, I have no independent recollection of the same but it occurs to me, in view of the amount, that he may have been involved in the Marks case, which was, I think, one in which Marks was accused of offering to scoure exemption for some can from the operations of the Belective Braft Act.

There was at one time a man named McConnell in the employ of the Bureau, either as an Examiner or Accountant, I think the former, who was assigned to the investigation of the alleged frauds at Camp Lee in company with Accountant Storck and who was afterwards in the Military Service in some especity and acquired the rank of Captain, but beyond this I can tell you little of him.

While I was with the Department it was the custom to keep in the Bureau files at Washington separate folders of my exprespondence and if this practice has not been discontinued you should be able to find a full history of such amounts as I sent the Chief for any purpose.

When advances were made me from the Special Fund I always signed a voucher in the regular form as an advance and settled at the close of each fiscal year from my personal funds, if necessary, the advances being renewed the following year.

I hope these explanations may aid you in balancing this account and if I can be of further service, please advise me.

Yery truly yours,

Do you believe it would be advisable to have agent Stone at Newark cooperate with the New York effice on the matter of the weekly report? As you know, Stone covers a territory which is thickly populated by radicals of every shade, and I believe he is in a position to supplement the New York weekly report with excellent data. It is not my intention to have him send in a separate weekly report but to furnish whatever "dope" he has to igent Tacker, say Friday afterneen erasaturday morning.

Besides being able to mick up a let of information of value in this seames tion, the New York and New Jersey situations have a bearing on each other, the to the close proximity of their territories.

Conferring with Mr. Suter on this sutter, I was advised that there was some question in his mind relative to sertain expenditures in this account, especially verious sums paid out for enter-tainment. You can readily appreciate that it is practically impossible for an agent operating in the manner in which \$36 operates at the present time, to itemize in detail each expenditure.

I sall this specific incident to your estention as I am sure that you do not desire the specations of such information as 856 to be hindered by the most of further explanation of their expense weathers. If this matter were collect to the attention of ir. Survey, I am sure such misunderstandings and difficulties sould be climinated in the further.

U.S. vs. A.K. Fischer, Et Al

Dear Sir:

Judge James Gordan, attorney for Henry Rohner, one of the defendants in the above case, called upon U.S. Attorney Kane this afternoon and I joined them in a conference with respect to Mr. Rohner.

Mr. Rohner's original attorney was Mr. Eggleson, and it seems that at the time of Rohner's arrest he handed Mr. Eggleson two packages which he had in his safe; these packages having been sent to him from the German reider, Prinz Eitel. Mr. Rohner changed connect and engaged the services of Judge Cordon and the Judge brought the two packages to Mr. Esne's office this afternoon advising him as to how they came into his possession, as covered above, and requesting that we open the packages.

One of the packages was sent to Mr. Rohner by O.F. Schults (one of the interned Germans) with a letter attached to same, requesting Mr. Rohner to see that his mother obtained this package if any mishap befell him. I will have the letter trensmitted and submit it to you later. The package was wealed. Upon opening it I found that it contained two plain silver neck chains and \$190.00 in American currency and 1400 German merks.

The other package was sent to Mr. Rohner by K. Errickson with a letter attached thereto along similar lines, copy of which will be sent to you later. The package was sealed and when opened it contained a linen bag within which we found \$500.00 in /merican currency and 2379 German marks.

These packages with their contents have been tunded to over to me by Mr. Kane and I will place them in a safe deposit wault until final disposition is made of mame. Mr. Kane will no doubt write a letter to the Attorney General giving the above facts, either this evening or tomorrow.

In this connection. I went to dell your attention to the fact that through my confidential informant. I learned that

on the day of the break with Germany, Fischer took two large packages to the Northwestern National Bank on Girard Avanue, this city, and had them placed in a safe deposit vault. It occurs to me that probably these packages contain money and jewelry belonging to Capt. Will you kindly advise me on this matter? I should also like to bear from you as soon as possible as to what disposition should be made of the two above mentioned packages.

Carl Ruroede:

On page 7 of letter of April 1, 1915, from the District Attorney at New York, addressed to Mr.

F. H. Duchay, appears the following:

"His" (Rueroede's) "counsel urged that his motive was that of misguided patriotism, but it must be borne in mind that Ruroede was not a German subject, but a naturalized American citizen who had renounced his alleigance to the Emperor of Germany".

In a letter of December 18, 1915, written by H. A. Schatz of The Schatz Manufacturing Company, Poughkeepsis, M. Y., in behalf of Mr. Bureede, appears the following:

he was an American citizen, at the same time

his business brought him in contact continu
eusly with Germans and naturally when the war

started, in which his brothers and ether rel
atives were called to the colors, undoubtedly

his sentiments and thoughts tanded to lead

him to the country of his high."

In the biographical sketch of Mr. Ruroede, which is attached to the application for parole, appears this sentence:

action, more especially as it might indicate a lack of appreciation of the duty I ewed my adopted country as one of her citizens; nevertheless I desire to state now and most amphatically that I yield precedence to no one in my love for the country of my adoption and only sak an appartunity to show my appraciation by the strictest adherence possible to every principle of civic duty and obligation.

The feregoing extracts are the only statements in the file in regard to Mr. Euroede' being a maturalised American sitisen.

Acting Superintendent of Prisons.
