Dear Sir:

RE: VERNON C. MILLER with aliases (DEORASH) ET AL
CONSPIRACY TO DELIVER FEDERAL PRISONER

Reference is made to a letter from the Butte Office addressed to the Kansas City Office dated October 24, 1934, and to the report of Special Agent in Charge D. H. Dickason, dated at Butte, Montana, June 8, 1934, both having reference to the identity and location of one Buster Blair, who was shown by the correspondence record of Charles Joseph Fitzgerald to have written a letter from Edmonton, Alberta, Canada, to Fitzgerald while the latter was serving in the Kansas State Penitentiary, Lansing, Kansas.

Investigation was made at the Kansas State Penitentiary by Special Agent A. E. Farland, of this office, in order to determine whether Blair ever served a term at that institution since it was not found that the Provincial Police at Edmonton are acquainted with the party under that name.

Agent Farland rendered a memorandum, a copy of which is enclosed herewith and to each other office and the Division receiving copies of this letter. It will be noted that the correct name of Blair is apparently Robert Baker, aliases: Edward Blair, Robert Blair, Robert Rothburn Blair, B. B. Blair, Emory King, Robert Baker, Buster Blair. It is evident that Baker may be a close friend of Charles Joseph Fitzgerald.

The latest photograph available to this office is that taken at the Colorado State Penitentiary, where his register number was 12940 and which was taken in 1925. This photograph is being furnished herewith to the Division and it is suggested that each of the interested offices be furnished with complete criminal record, a supply of photographs and a full description of Baker, which is not at this time available to the Kansas City Office.

It is noted that Charles J. Fitzgerald is a close contact of the Karpis-Barker gang, is a notorious bank robber and that

his location is desired in connection with the Bremer kidnaping case.

MEMORANDUM FOR THE ATTORNEY GENERAL

In connection with the Kansas City Massacre case, please be informed that I have just been telegraphically advised by the Kansas City, Missouri Division Office that information has been received from Colonel F. M. Casteel of the Missouri State Highway Patrol to the effect that one Francis McNeiley, who was arrested at Corydon, Iowa and is now in the custody of the Missouri State Highway Patrol, has admitted his participation in the murder of Sergeant Benjamin Moore of the Missouri State Highway Patrol and Sheriff Roger Wilson, at Columbia, Missouri on June 15, 1933. McNeiley names Elroy C. McKeever as an accomplice. The gun found in McNeiley's possession has been positively identified by the local authorities as the weapon used in the Columbia, Missouri killings.

Sub
Tracy

Adam Richetti, who was recently taken into custody by the local authorities at Wellsville, Ohio, and who is presently being held by the Missouri State Highway Patrol as one of the murderers, is now considered as innocent of this crime and is to be surrendered to the Kansas City, Missouri authorities.

10K

The Kansas City Office of this Division has been instructed not to take custody of Richetti, but that he should be delivered to the United States Marshal or the United States Attorney, Kansas City, Missouri.

Respectfully,

J. Edgar Hoover

Dear Sir:

With reference to the case entitled Charles Arthur
o Floyd with aliases (deceased), et al; Conspiracy to Deliver
Federal Prisoner, there are being returned under separate cover
one .45 Golt Automatic/pistol, serial number 483296, and one
Thompson Sub-Machine gun with number obliterated, both guns
having been forwarded to the Division after recovery from Adam
Richetti at Wellsville, Ohio. In view of the possible necessity
of producing these guns in evidence there are still attached the
envelopes designating them as exhibits and it is further stated
that these guns have never been out of the possession of the
Division subsequent to their arrival in Washington.

Both of these weapons have been examined in the Divi-
sion Laboratory and test bullets fired for retention in the
files. There exists a possibility that the above machine gun
may have been used in the Kansas City Massacre but the Division
at present does not have possession of the bullets and shells
recovered at the scene of the shootings for comparison purposes.
In view of this possibility of a future identification it is
believed that an effort should be made to ultimately obtain
permanent possession of this machine gun.

Very truly yours,

Under the name of Edward Brennan there was, in the Kensington branch, an account opened Sept. 1933, the address of this Brennan being noted as 293 Hastings Ave. However, this account was still active, the last entry being Nov. 30, 1934. Another account was under the name of E. C. Brennan, 2079 Niagara St., in the Riverside branch, which account was also still active.

Mr. W. A. Zimmerman, manager of the safe deposit boxes, Marine Trust Co., was interviewed and upon a search of his files, he advised that he had no safe deposit boxes under the names of the persons aforementioned.

George D. Thomson, manager of the Manufacturers & Traders Bank, was interviewed. After searching his records, he advised that the only account he had under any of these names was one in the name of E. C. Brennan, 2079 Niagara St.; stating he had ascertained from the manager of the branch bank that this man had a good reputation and this account was one of long standing.

J. L. Seitz, manager Manufacturers & Traders Bank safe deposit boxes, upon interview, searched his records and advised no safe deposit boxes were rented in Buffalo for any of the individuals in question.

Robert L. Gibson, manager of the branch banks of the Liberty Bank of Buffalo was interviewed by the writer and he advised, after investigation of his records, that the branch offices have no accounts in the names of the above individuals.

E. E. Ives, manager of the safe deposit box department, Liberty Bank of Buffalo, was interviewed, and he, after a search of his records stated there was no rental of safe deposit boxes in the name of the persons inquired about.

The following investigation was conducted by the writer and Special Agent P. J. Cotter.

Mrs. McCormick, apartment 611, 6 - 18th St., was interviewed, and she stated that the only car she saw Floyd and Richetti and the two girls use was the one they had just before their departure. She stated that they never were observed using a taxi cab; that, while she has a telephone, they never used it, and she knew of no other telephone in the apartment building.

Flora Coughlin, aged 10 years, residing in the pent house

62-10.

at 8 - 18th St., was interviewed and she advised she had often run on errands for the two girls (Rose and Juanita Baird) that she had often been in their apartment, and had been allowed to go in any room except the bedroom, that she had often observed Floyd and Richetti and readily identified them from the pictures shown to her. She stated that on one occasion when she had returned from an errand, one of the girls had opened a dresser drawer and in it she had seen many bills of large denomination. She advised that at times these people would go walking at night, but never more than two would leave at the same time and always one of the men and one of the girls. Miss Coughlin stated that she had never seen them in a car, except in the one which they had just before leaving Buffalo--and that she never knew them to use a taxi cab.

Mrs. C. L. Henderson, apartment 831, at 8 - 18th St., was interviewed and she stated that her husband is a customs officer; that he had observed these individuals during their stay at the premises often. She stated that she, herself, did not see them often but that she had lived directly over their apartment, and had never heard any loud talking or arguments in the apartment below.

Mr. C. L. Henderson was subsequently interviewed at the Buffalo Division Office by Special Agent in Charge J. P. MacFarland. Mr. Henderson stated that he could recognize the photographs of the persons who occupied the apartment below his, and when the pictures of Floyd and Richetti were shown to him, he immediately identified those individuals as the men who occupied the said apartment. According to Mr. Henderson, at various times during the late hours of the night, he observed a Packard Sedan calling for the individuals who occupied the said apartment, mentioning that he was unable to ascertain the license number of the Packard. Mr. Henderson related that he informed the owner of the said apartment block, Mr. Francis, that it was his belief the people who were occupying the apartment just below him were gangsters, in view of their peculiar actions. He stated that he was positive that these individuals received mail from Chicago, Ill. and from some point in the state of Ohio.

Mr. Henderson also related that in the same block, some time prior to the departure of Richetti and Floyd from 8 - 18th St., four men, whose identity he did not know, but whose names he believed were Jackson, Recu, Sheriff and Tromper, resided there under somewhat peculiar circumstances and left without much ado. Mr. Henderson mentioned that he informed some official in the customs service

62-10.

relative to his suspicions that gangsters were living in the apartment just below the one he occupied, and this official (whose name he would not disclose to the writer) was supposed to have conveyed the information to the Buffalo Detective Bureau--but failed to do so.

Mr. Henderson was again requested to view the photographs of subjects in this case and in other important kidnaping and extortion cases in this office, with a view to determining whether the four men herein mentioned, who occupied one of the apartments in the said block about two months prior to the departure of Floyd and Richetti from the city, were any of the subjects involved in these matters. Mr. Henderson indicated he was unable to identify the said individuals.

Mr. George F. Francis, 245 Lafayette Ave., the owner of the Amiantus Apartments, upon interview, advised that these tenants always paid him in cash, which money was deposited in the Grant Street Branch of the Liberty Bank of Buffalo. In reference to the public utilities serving these apartments, Mr. Francis stated that, although the gas was on a separate meter, still, this was included in the rental of the apartment and he paid for it, as the meter was in his name; that only one electric meter and one water meter were used throughout the apartment, and these were also in the name of the owner.

Continuing, Mr. Francis stated that he knew no reason why these individuals stopped at his apartment house; that he had not asked them for references since they were from outside of the state, and that his suspicions were never aroused during their stay there. Mr. Francis stated that these people never used the telephone in the building during their stay there.

William F. Coughlin, resident of the pent house at 8 18th St., was interviewed (by Agents Cunningham and Cotter) at which time he stated he recalled a car stopping at this address at intervals of several weeks, always during the night, and that Floyd and Richetti would leave in this car and return after several hours. Mr. Coughlin stated that he never had the opportunity to observe this car, but had often heard it start up when Floyd and Richetti left, and he had gained the impression that it was a large, powerful car.

Continuing, Mr. Coughlin stated that on one occasion, as he was leaving the building, Floyd and the man who came in this car met him in the hall; that he had an opportunity to

62-10.

observe this second man and described him as follows:

Height	6' 2"
Weight	200 lbs.
Build	heavy; muscular shoulders
Complexion	medium; tanned
Speech	Southern accent
Dress	gray pinch-back suit; gray Fedora Hat
Peculiarities	very thick neck; high cheek bones; cheeks thin, drawn
General appearance	that of an athlete in training

Mr. Coughlin stated he thought he could recognize this man from a picture, if shown to him. The photographs of various subjects of this and other important kidnaping and extortion cases of this office were shown to him, and he identified that of William Weaver as being most like the individual he had seen, although he would not state he was positive of the identification. In conclusion, Mr. Coughlin stated he recalled the persons in the apartment in question received mail and also received several small boxes, which were just too large to fit into the mail slot and were left on top of the mail box. He thought these packages were stamped "cigarette cases". Mr. Coughlin asserted he had never known these people to use a taxi cab.

The various garages in the neighborhood of 8 - 18th St. were contacted in an effort to find where a car might have been rented. It was ascertained that the only garage in the vicinity which rented cars was the Norwood Garage on Norwood Ave.

Mr. L. S. Baker, general manager of Norwood Garage, was contacted and he advised that they are the only garage in Buffalo renting limousines; that they kept a complete record of all calls made and locations where the different people were picked up and destinations. Mr. William Basch, dispatcher of this garage, was interviewed and he stated he recalled on several occasions a car was sent to these apartment houses. In view of this fact, the records at this garage were searched from September 1933 to November 1934, both as to where the people were picked up and the ultimate destination. No record was found, however, of a pickup at 8 18th St.

62-10.

There was a record on Dec. 30, 1933 a pickup was made at 12 - 18th St. and persons taken to Colvin and Tauntan St.

Rocky Rurkso, driver, was interviewed and he stated that he had made this pickup and that although he had no recollection as to the passengers taken, he did definitely remember that they came from 12 - 18th St., which is next door to the apartment house; that he had not picked them up at 8 - 18th St. Pictures of Floyd and Richetti were displayed to the various drivers at this garage, but no identification was effected.

Inquiry at the Norwood Garage disclosed that this company is the only company in Buffalo which keeps records; that the other companies rent meter cabs, which merely keep account of money paid for each trip.

SYNOPSIS OF FACTS:

Due to re-allocation of territory, the prosecution of Dr. Irwin R. Silvers in the Federal Courts of New Jersey will hereafter be handled by the Philadelphia office. Assistant U. S. Attorney George Phann, New York City, states that it is his opinion the Government is unable to prove that Chait and Borenstein had knowledge that they were getting an automobile driver's license for Vernon C. Miller, or that they had knowledge Miller was a fugitive from federal justice, and for this reason, Mr. Phann states that he eventually expects to dismiss the federal complaint charging Chait and Borenstein with conspiracy to harbor a federal fugitive from justice in the Southern District of New York. 67D Letter from the Kansas City office to the New York City office, dated November 23, 1934, requested the New York City office to interview [REDACTED]

This was done and the result of the interview furnished the Kansas City office by letter of November 30, 1934.

Due to re-allocation of territory, the federal prosecution in the District of New Jersey of Dr. Irwin R. Silvers is now to be handled by the Philadelphia office, which covers New Jersey, and full information regarding that angle of this case was furnished the Philadelphia office by letter dated November 30, 1934.

Under date of November 23, 1934, the Buffalo office requested certain investigation with regard to an advertisement which appears to have been clipped from the bottom of page 128 of the "True Story Magazine", of May, 1934, which was found in the apartment at Buffalo, N. Y., which had been occupied by subjects Floyd and Richetti.

At MacFadden Publications, Inc., 1926 Broadway, New York City, it was ascertained that this advertisement had been placed in the "True Story Magazine" by B. Paul, Inc., of 21 West 39th Street, New York City, and related to B. Paul's Henna, for coloring hair. Mr. Paul exhibited his records which failed to show any correspondence between his company and any of the parties connected with this investigation, either in their true names or known aliases. The only name anywhere near similar to those of the parties connected with this investigation was a communication and order for Henna hair dye which was received May 21, 1934 from Alma Baird, of Route #1, Independence, Ky. Mr. Paul stated that his products can be secured in any drug store or department store, and that, if subjects Floyd or Richetti had secured same, undoubtedly, they secured them in this manner, rather than by communicating direct with the New York office of the manufacturer.

Assistant United States Attorney George Phann, New York City, advised that there had been no further prosecutive action in Federal Court, regarding Abraham Chait and Herman Borenstein

62-4949.

against whom on November 6, 1933, in the Southern District of New York, a complaint was filed charging conspiracy to harbor a federal fugitive from justice, (Title 18, Section 88 and Section 246, U.S.C.); that he is unable to prove that Chait and Borenstein had knowledge that they were getting the automobile driver's license for Vernon C. Miller, or that they had knowledge that Miller was a fugitive from federal justice at the time they secured this automobile driver's license. Mr. Pham suggested that agent ascertain whether the State District Attorney would institute State prosecution against Chait and Borenstein on the facts submitted.

Accordingly, Detective Captain Leahy, of New York City Headquarters, cooperating with this agent, caused the facts to be presented to Mr. George Garrison, of the State District Attorney's office at New York City, and Mr. Garrison decided that the facts presented were not such as to warrant prosecution in the State Court of New York against Chait and Borenstein.

This information was transmitted to Assistant United States Attorney George Pham at New York City, who then said that he expected, under the circumstances, to dismiss the complaint in Federal Court, New York City, against Chait and Borenstein in the near future.

The advertisement from the "True Story Magazine", which has been referred to above, is being attached to Division copies of this report.

Under date of December 1, 1934, the Division advised that it desired all investigation pending in field offices, except the Kansas City office, looking to the location of individuals sought for questioning, be ~~discontinued~~.

UNDEVELOPED LEAD:

NEW YORK OFFICE, at New York City, will maintain contact with the United States Attorney's office, and report when dismissal of the complaint charging Borenstein and Chait with conspiracy to harbor a fugitive from federal justice, is filed.

Dear Sir:

RE: VERNON C. MILLER with aliases (DECEASED) ET AL
CONSPIRACY TO DELIVER FEDERAL PRISONER

Confirming my telegram of December 7, 1934, you are advised that on that date Special Agent in Charge R. E. Vetterli and Special Agents F. S. Smith and F. J. Lackey viewed Adam Richetti in a show-up at the Jackson County Jail, Kansas City, Missouri.

I was subsequently advised by Vetterli and Smith that they were unable to make any identification of Richetti with anyone seen by them at the time of the massacre. At my request Special Agent Lackey submitted a memorandum concerning the matter, copies of which are attached hereto. It will be noted that Agent Lackey states that Richetti does bear some resemblance to the individual he saw.

Very truly yours,

MEMO FOR S A C NATHAN:

Re: KANMO Case

I have today looked at and talked to Adam Richetti in the Jackson County Jail, Kansas City, Mo. In size and build, he resembles the smaller of the two men seen by me at the time of the Union Station Massacre, but seems to be of lighter complexion, which might be due to his having remained indoors over an extended period. His facial characteristics somewhat resemble the man above mentioned, but due to the fact that I got only a fleeting glimpse of this man, and then thru the windows of another car, I cannot be positive in this identification. His voice did not indicate anything of value to me.

RE: KANSAS CITY MASSACRE CASE

While talking with Mr. Nathan he asked whether the Laboratory had ever completed an examination of the tests of Floyd's guns; that Gill thought that some of them were identical with specimens used in the massacre. I advised Mr. Nathan that to the best of my knowledge these guns were not identified with any of the evidence in our case, but that I would check on this and advise him.

This gun was received "taken down" and it is noted that a small part known as a lock stop is missing. This piece, located below the hammer, is used to secure the action to the frame and it is necessary that it be replaced before an attempt is made to fire the gun in obtaining test bullets. An effort should be made to locate this piece and the Division advised accordingly.

MEMORANDUM FOR SPECIAL AGENT J. D. CUMMINGHAM:

Re: CHARLES ARTHUR "PRETTY BOY"
FLOYD with aliases (deceased)

Conspiracy to Deliver Federal
Prisoner (62-10)

Your report of Dec. 11, 1934 would appear to be incomplete, in that it does not appear that you made an investigation as was required of the postal authorities, the express agencies and telegraph companies in Buffalo, with a view to determining whether Floyd and Richetti were contacted with through these channels from outside sources.

It also appears that you overlooked the matter of determining at the New York Telephone Company whether there was a telephone in the apartment occupied by Floyd and Richetti. It does not appear that you made any effort to determine whether these subjects used any public telephone booths in the neighborhood of the apartment where they resided.

It is quite possible that these investigations have been made by you, but that you failed to incorporate the results thereof in your report hereinabove referred to. As you undoubtedly know, this is an exceptionally important investigation and it is the Division's desire that all leads coming to light in this matter be very vigorously and forcefully developed. I desire that you inform me by return mail as to whether you covered the said leads and in the event you did not, you will please state the reason why they were not so covered. Your oversight in this report in not developing the said leads, or at least not incorporating the results of your investigation thereof in your report of Dec. 11, 1934, is a source of embarrassment--not only to this office, but to the Division, in that Richetti is to be tried on the charge of murder in the very near future.

I shall have to caution you at this time that when matters are assigned to you for investigation, you must leave no stone unturned in an endeavor to develop the evidence or information required in particular investigations.

MEMORANDUM FOR THE DIRECTOR.

In connection with the Kansas City Massacre case, the United States Attorney at Kansas City, Missouri held a conference at St. Louis, Missouri on December 1, 1934 with Special Agents in Charge Vetterli, Jones, Harvey and Special Agent Trainor relative to the matter of cooperation by the Kansas City, Missouri Police Department. The Special Agents in Charge are to prepare memoranda of their contacts with the local authorities, setting forth, to the best of their recollection, the substance of conversations had with Messrs. Reppert and Higgins.

Vetterli and Special Agents Frank Smith and F. J. Lackey on December 7, 1934 viewed Adam Richetti at Kansas City, Missouri. Agent Lackey only partially identified Richetti as resembling one of the gunmen seen by him.

James M. LaCapra, who furnished considerable information concerning this case, is now in the County Jail at Wellington, Kansas where the State authorities are holding him on a local charge and apparently are not inclined to release him on bond. LaCapra has written letters to the Attorney General and to the Division requesting assistance. He has been advised that the Federal Government has no jurisdiction over the charges which have been preferred against him and therefore can not assist him in his present predicament.

The Oklahoma City Office has been requested to obtain a complete detailed description of the guns borrowed from the late Chief of Police, Otto Reed of McAlester, Oklahoma and which were taken to Kansas City, Missouri on June 17, 1934.

The Cincinnati Office is tracing a three year subscription to the American Magazine, which was apparently taken out by Rose Baird as Mrs. George Sanders, wife of Adam Richetti, with a view to possibly establishing other addresses where Floyd and Richetti resided.

Dear Sir:

RE: VERNON C. MILLER with aliases,
Deceased, et al
CONSPIRACY TO DELIVER FEDERAL PRISONER

An examination of the clothing worn by Adam Richetti when he was received by the Sheriff at Kansas City, Missouri, has developed that he wore a felt hat made by Dobbs, Fifth Avenue, New York, color white or natural, bearing a black band, size 8 7/8. The inside head band of the hat bears the name "The Higbee Company, Cleveland, Ohio". There is a price tag glued inside the leather head band bearing the markings:

KL (remainder torn away)
125
\$6.00

These markings are apparently the lot number, cost number and retail price.

Richetti also wore a gray top coat, size about 36, from which the labels had been removed. An examination of the coat indicates a marking showing NRA Code Authority A-1-Q-053602.

He also wore a suit of Saxon weave, gray color, size 36, with all labels and other markings removed.

It is requested that appropriate investigation be made at The Higbee Company, evidently a clothing concern at Cleveland, in an effort to establish any information available regarding the patronage of Richetti at that store. While this information may not develop facts of value, it is desired that an effort be made to secure any information which the individual clerks may have regarding his associates or places of residence.

Re: VERNON C. MILLER, with aliases,

CONSPIRACY TO DELIVER FEDERAL PRISONER

Investigation has recently developed that the car used in the massacre was evidently a 1933 model Chevrolet Sedan, bearing motor number 3505199, serial number 17074, model IAC02, originally purchased by Vivian Mathias, under the alias Vivian Page, on March 21, 1933, when she gave her address as 609 South Seventh Avenue, Maywood, Illinois. The car was purchased from the Bergl Motor Sales, 5346-48 West Cermak Road, Cicero, Illinois. It was registered in Missouri on June 15, 1933, by Vivian Mathias under the same alias, at which time she received Missouri 1933 license number 482-329. This is the license number apparently on the car used in the massacre. It is desired that the automobile now be located, in order to determine who has had the car since June 17, 1933. The various Field Offices will note that this may give rise to additional prosecutions on charges of harboring Verne Miller and others, and it is also probable that facts in connection with the subsequent possession of the car after the massacre may develop additional details of the activities of the participants.

The Chicago Office has placed a listing of this car with the Automobile Protective and Information Bureau at Chicago, Illinois, for any inquiries which may later be made of that organization.

The Missouri title for this car, received when it was registered in June, 1933, was number 3756907. No transfer of title appears of record in the state of Missouri. It is probable that the motor number of the car may have been changed before disposition of it was made after it was used in the massacre.

Dear Sir,

DEC 19 1934

Re: VERNON C. MILLER, with aliases,
(Deceased), ET AL
CONSPIRACY TO DELIVER FEDERAL PRISONER

Reference is made to recent investigation requested at Buffalo, New York, in connection with the residence there of Charles Arthur Floyd and Adam Richetti, with Rose and Beriah Baird, especially as referred to in letter from this office dated November 22, 1934.

Adam Richetti is now in Federal custody at Kansas City and is being held in default of bonds totaling \$40,000.00, on the Federal charges. The Sheriff at Kansas City has filed murder charges, but to date the prosecutor has not pressed these charges. Arrangements have been made through authorization of the Division whereby the United States Attorney at Kansas City will, as soon as the prosecution of the other defendants in the conspiracy case is had in Federal court, turn over to the County Prosecutor all evidence which the United States Attorney believes proper, tending to prove the charge of murder.

As you are probably aware, a great portion of the information adduced through investigation thus far, which definitely establishes the guilt of Adam Richetti, has received through confidential statements which the Division is bound to withhold in the event that the makers of these statements abide by their promises to plead guilty and otherwise aid the Government. This is particularly true of the statement of Violet Mathias, one of the few competent witnesses against Richetti. Violet Mathias has signified in the past that she will not testify in Federal court.

It is desired that all available evidence that tends to secure to prove the guilt of Richetti on charges of murder, be obtained at the earliest possible date. Reference is made to the report of Special Agent F. D. Cunningham, dated at Buffalo, New York, December 11, 1934, which indicates that investigation at Buffalo has failed to disclose the identities of Floyd's and Richetti's contacts while there, although that report indicates that these Subjects made nocturnal trips from the apartment where they lived, in company with some other man who called for them on different occasions. The information shown in Agent Cunningham's report furnishes a basis for belief that considerable additional informa-

RECEIVED
U.S. DEPARTMENT OF JUSTICE
DIVISION OF INVESTIGATION

62

Buffalo

tion might be forthcoming through other sources. It is realized that information of this nature can not usually be secured without the use of confidential informants in the underworld, and to this end it is suggested that further efforts be made.

It is suggested also that efforts be made to secure these facts through police contacts at Buffalo.

It is noted that O. L. Henderson, who is a customs officer, and resided in the same building with Richetti and Floyd, noticed their suspicious character and alleges that he reported the matter to one of his brother customs officers, whose name he refused to divulge, and who he alleges failed to pass on the information to the police department, as it was intended that he do. You are requested to solicit the superior of this customs officer, in order to thoroughly explore all of the facts in this connection, if such action is deemed by you to be an advisable means for determining this information.

Although it appears in the report of Agent Cunningham that mail of considerable quantity was received by Floyd and Richetti at their Buffalo residence, there is no indication that those facts have been fully developed through the mail carrier or other postal officials.

The photographs of Floyd and Richetti should in all instances be displayed at the banks and other financial institutions where inquiries are made. There is no indication that same has been done.

It is noted that Beulah Baird, while in Kansas City several years ago, received a head wound during 1931 in a gun battle, which resulted in an ailment necessitating visits to physicians.

These records should be consulted, and in any event an effort should be made to locate any doctors who treated Floyd and Richetti or their companions. Such a doctor would no doubt be able to, if willing, furnish considerable information of a personal nature, regarding these individuals.

It has been learned that at least two of the sisters of Rose and Beulah Baird, who practiced prostitution at Kansas City, Missouri, are users of morphine. Rose and Beulah Baird were reared in the same environment and, while it is not definitely known that they are users of narcotics, reports have been received in the last year to the effect that they are addicts, and it has also been said that Floyd was an addict, although the

66
b7C
63

Buffalo

5

December 15, 1934

truth of this is not definitely known. Adam Richetti has advised that he and Floyd were both using Marijuana on June 15, 1933, and it is probable that they would have purchased this drug in Buffalo. In the above connections, it is suggested that you consult the officials of the Narcotics Division of the Treasury Department at Buffalo, and through their informants endeavor to secure further facts.

It is understood that the customs officers, both on the American and Canadian sides of the international border, check automobiles and names and descriptions of the occupants of cars which pass between the United States and Canada. This lead should be immediately covered, and the photographs of Richetti, Floyd, and their two companions, Rose and Beulah Baird, should be there displayed. There are being furnished to the Division recent and excellent photographs, in various poses, of Richetti and Rose and Beulah Baird, and you will be furnished with copies of these within a few days. These should be displayed in connection with your investigation.

Any other leads which may, through the course of diligent inquiry, occur to the investigator, and which may tend to show contacts and other personal history of Floyd and Richetti in the vicinity of Buffalo, should be thoroughly followed. These facts, when secured, while they might not be of essential evidentiary value, will serve as useful in interviews with Richetti.

In view of the importance of this case and the fact that a successful prosecution for first degree murder is the desired result, every possible effort should be extended in the investigation.

Very truly yours,

Special Agent in Charge,
Kansas City, Missouri.

RE: CHARLES ARTHUR "PRETTY BOY" FLOYD,
with aliases (Deceased) ET AL;
CONSPIRACY TO DELIVER FEDERAL PRISONERS.

Dear Sir:

On December 10th, 1934, Special Agent W. F. Trainer of your office called this office over long distance telephone, at the request of Assistant U. S. Attorney Randall Wilson and advised as follows:

Subpoenas were being received at this office for the various persons who were to appear at the trial of the entitled case in Kansas City, Missouri, on December 29th, 1934. It was desired that this office follow the service of the subpoenas and advise your office in the event that process was not served promptly or any difficulties ensued in connection therewith. It was particularly desired that discretion be followed in the service of John Stever, the airplane pilot who flew Galatas from Hot Springs, Arkansas to Joplin, Missouri. It was also desired that the initials of G. M. Martin, police officer at Little Rock, Arkansas, be checked. It was requested that these matters be handled with discretion.

Immediately after the receipt of the above mentioned information, I got in touch with the Marshal's Office at Little Rock, Ark., who advised that they would inform me promptly regarding the service of the subpoenas in question.

Yesterday I was informed that subpoenas had been served on the following persons: Herbert Akers, Chief of Detectives, Hot Springs, Arkansas; Mrs. Betty Dinger, Telephone Operator, Hot Springs, Arkansas; Maunie Belle Kennedy, Telephone Operator, Hot Springs, Arkansas; Edith Rainwater, Telephone Operator, Hot Springs, Arkansas; W. H. Sheppard, Manager, Bell Telephone Company, Hot Springs, Arkansas; William Brandenburg, Former Chief of Police, Hot Springs, Arkansas, now Private Detective, Little Rock, Arkansas; G. M. Martin, Police Department, Little Rock, Arkansas.

Information was received from the U. S. Marshal's Office, Little Rock, to the effect that E. M. McCall, District Manager of the Bell

Page 48

Telephone Company at Little Rock, Arkansas, will answer the subpoena in place of Mr. G. M. Burger, local Manager of the Bell Telephone Company at Little Rock. He will bring with him all the necessary documents.

Subpoena was not served on Mrs. Freda Hansen, Telephone Operator, Hot Springs, Arkansas. She is reported to have moved to Cleveland, Mississippi, where she will probably be employed temporarily during the holiday season for the Bell Telephone Company.

At the time Chief Deputy U. S. Marshal Julian was at Hot Springs, Arkansas, John Stover, the airplane pilot was in England, Arkansas, where he had flown some high school students. He will be served with a subpoena at Hot Springs, Arkansas on December 17th, 1934. The Marshal's Office has informed me they will notify me promptly whether this subpoena is served. I have made arrangements to personally accompany a Deputy U. S. Marshal in the event that difficulty is caused in connection with the service of that subpoena on December 17th.

Yesterday, while at the Police Department, Little Rock, Arkansas, Lieutenant G. M. Martin, whose initials are correct, apprehended me regarding his appearance at Kansas City, Missouri as a witness in this case. He inquired as to whether he should take any records with him. I advised him that he should take every record available of his activities in connection with this case. He informed me that he would take the original records or best available copies.

This Division is very anxious to locate 1933 model Chevrolet sedan, bearing motor number 3508199, serial number 19094, model 14008, purchased at Cicero, Illinois, March 21, 1933, the purchaser being Vivian Page of Maywood, Illinois. This car was registered in Missouri on June 15, 1933 under the name of Vivian Page and she secured Missouri title certificate #3756907 for this car, and was issued 1933 Missouri license plates #463-GR9.

If the above described car has been registered in Connecticut during 1933 or 1934, I would appreciate it very much if you would give me full particulars as to the registration of the party who is shown to be the owner of this car at the present time. In your reply, it would be appreciated if you would refer to our File #62-4949. I am enclosing a self-addressed envelope for your convenience which requires no postage.

It is also requested that a flash card be placed in your files so that if this car is registered in Connecticut in 1935, you will notify this Division of such registration.

MEMORANDUM FOR ASSISTANT ATTORNEY GENERAL KIRKMAN

In connection with the case entitled RICHARD TALIMAN GALATAS with aliases, ET AL, CONSPIRACY TO DELIVER FEDERAL PRISONER, there are a number of defendants awaiting prosecution in the United States District Court at Kansas City, Missouri.

It is possible that these defendants will enter pleas of guilty but there has been raised the question of what effect a plea of guilty entered in a United States District Court to an indictment charging conspiracy to deliver a Federal Prisoner will have in a subsequent proceeding brought in a State Court arising out of an indictment charging murder. Will the plea entered in the United States District Court be admissible in evidence against the defendants in the State Court under the circumstances indicated above?

Your early response in this matter will be appreciated.

MEMORANDUM FOR MR. TAMM.

With regard to the prosecution pending against Richard Tallman Galatas, et al, in Federal Court at Kansas City, Missouri, Mr. Cowley requested that the Criminal Division of the Department be consulted with a view to ascertaining whether a plea of guilty in a Federal prosecution is admissible in evidence in a prosecution for murder in a State Court.

Mr. Cowley stated that this will be the only question which will prevent Galatas and the other defendants from entering a plea of guilty. It is observed that the indictments returned against Galatas and the others do not cite any overt acts which could directly implicate them in the murders, the United States Attorney at Kansas City, Missouri having intentionally phrased these indictments in this manner in order that it would be possible to secure pleas of guilty from the defendants without fear on their part of being implicated in the murders.

Respectfully,

Dear Sir :

Referring to your letter dated December 15, 1934, telegraphic inquiry was made of the Division of Motor Vehicles at Richmond, Virginia, and of the Commissioner of Motor Vehicles at Baltimore, Maryland, whose replies have been received that no record could be found of the registration of 1933 model Chevrolet Sedan, motor 3505199, serial 17074, which was more specifically referred to in reference letter.

Special Agent Burruss has today reported this matter to the office of the Director of Motor Vehicles and Traffic, District of Columbia, and has received information that no registration has been located here. The three offices above referred to have been requested to place a flash of record to notify the Washington Field Office in the event the above described motor vehicle is subsequently registered.

Laboratory Report

December 18, 1934

Case: Charles Arthur "Pretty Boy" Floyd with
aliases (Deceased), et al; Conspiracy to
Deliver Federal Prisoner.

Number: 62-28915

Specimens: One original letter written in ink on two sheets of blue line paper and beginning, "Dear Pal I will write a few lines***", signed "A.C.E.". One envelope in which the above letter was mailed, address being torn from envelope, postmarked Mounds, Okla. --8, 1934, 9 PM. One plain white envelope without postmark addressed, "Mr. Geo. Bender, Minot, N. Dak., Gen Del.", in which the above letter and envelope were enclosed.

Examination requested by:

Omaha Division Office

Date received:

December 17, 1934

Examination requested:

Handwriting and Fingerprint

Result of examination:

Examination by: *J. C. Conrad*

The handwriting appearing on this letter is identical with that appearing on a letter previously received in the instant case, the examination of which was covered in Laboratory Report #1223, a copy of which was forwarded to the Omaha Office under date of June 19, 1934. The previous letter was addressed to the "Police Headquarters, Grand Island, Nebraska" and was signed "Harry Doad"; it purported to be a confession by "Harry Doad" that he was a member of Pretty Boy Floyd's gang participating in the bank robbery at Grand Island, Nebraska. In this connection, it is noted that the instant letter makes the statement that "Harry Doad" is in Chicago, and the question arises as to whether "Harry Doad" may not be the same individual referred to as "Harry Doad". If so, then at least one of the letters is a hoax, inasmuch as the two handwritings are identical. The handwriting appearing on the envelope addressed to "Mr. Geo. Bender, Minot, N. Dak." is also believed to be identical with that appearing on the letter; no handwriting appears on the stamped envelope postmarked Mounds, Okla.

The unstamped envelope and the paper on which the letter is written are identical with the stationery used for the previous letter; the paper measures 5.01 wide at the bottom, 4.96 wide at the top, 7.94 long, and .0044 inches thick. In addition, each page bears the watermark "Irish Linen" and is ruled with 18 blue-green lines, beginning 1.75 inches from the top and spaced .349 inches apart. The unstamped envelope measures 7.5 (torn) by 3.93 by .0038 inches, has a linen finish, and bears no watermark.

OBSTRUCTION OF JUSTICE.

Dear Sir:

On the night of December 18, 1934, as per telegraphic request previously that Special Agent S. K. McKee be available, VIVIAN MATTHIAS, former paramour of Vernon C. Miller, telephoned him from St. Cloud, Minnesota, to the Division office, Randolph 6226, Chicago, Illinois, and advised that she is very desirous of discussing certain matters with Agent McKee as to the case which is to go to trial at Kansas City, Missouri on December 29, 1934; that she understood the gang in Kansas City had retained an attorney for her which would possibly interfere with her previous indicated arrangements to plead guilty at this time, and that she desired to discuss the matter in detail with Agent McKee. For this purpose she desired to meet him in the lobby of the Curtis Hotel in St. Paul, Minnesota at noon on December 25, 1934. She was advised that Agent McKee would see her at St. Paul at that time.

Suitable arrangements will be made with the St. Paul office prior to this date so that some Agents from that office will be available to cover the contact Agent McKee makes with her.

Agent McKee will proceed from Chicago to St. Paul in order to be available at noon on December 25, 1934 at St. Paul to make this contact with Vivian Matthias.

Reference is made to your letter addressed to the Division,
dated December 15, 1934 and to that addressed to Mr. E. J. Connelley,
dated December 15, 1934 in the above entitled case.

Inquiries were made at the office of the Secretary for the
State of Illinois and it was ascertained that no Chevrolet Sedan bear-
ing motor number 3806189, serial number 17074, model 14008, year model
1933, has been registered in the State of Illinois during the year 1934,
nor was any registration issued in that year to Vivian Mathias or Vivian

In the year 1933 it was not necessary for one to produce a
title to procure plates in Illinois. In view of this fact no informa-
tion as to title, nor transfer of ownership, was on file at the Secre-

caused innumerable records to be searched, subsequently advising that it was impossible to check any records of insured parcels delivered, but that the records of registered mail failed to disclose any information. Mr. Vick also stated that he had interrogated the carrier, who was positive in his statements that no insured or registered packages had ever been delivered to Floyd or Richetti under their assumed names at 8 Eighteenth Street, Buffalo, New York.

The writer examined the area in the vicinity of Eighteenth Street, and while there were several paystations in stores, in the estimation of the writer, there were only two places where Floyd or Richetti or the Baird girls would have made telephone calls, said telephones being located in the Utica Pharmacy, 426 Rhode Island Street, telephone Lincoln 9742 and 9745; and at the Jones Periodical Store, 460 Massachusetts Avenue, telephone Garfield 9576 and 9589.

b7D [redacted] of the New York Telephone Company, Buffalo, New York, was interviewed by the writer, and he agreed to search all the toll tickets available. He stated, however that toll tickets were retained for only a period of three months, after which they were destroyed. Upon being subsequently interviewed, [redacted] advised that at the writer's request he had caused a thorough search to be made of all telephones issued at 8 Eighteenth Street, but could not find that there had ever been a telephone in Apartment 821, 8 Eighteenth Street during the past one year and a half; nor had there been any telephone at that address for subjects under the names of Saunders, Brennan, or any of the other aliases used by the said individuals. [redacted] b7D [redacted] stated that his records disclosed that no long distance telephone calls had been made either from the Utica Pharmacy or Jones Periodical Store during the past three months--no other toll tickets being available for the said pay stations.

It will be noted in the Alvin Karpis case, particularly in the report of Special Agent G. V. Doherty, Buffalo, New York, dated December 7, 1934, referring to a Mrs. L. S. Davis, who was introduced to the proprietress of Mildred's Camps of Niagara Falls, New York by one Chuck Connors, said individual being known to the writer as one who has associated himself with racketeers in the city of Buffalo and for the past two or three years has been furnishing bail for the various individuals arrested in the City Court of Buffalo, New York. Investigation disclosed that said individual has on innumerable occasions furnished bail for the members of the DiCaro gang of Buffalo. Chief of Detectives

J. Whalen, Buffalo Police Department, informed the writer that Chuck Connors is a well-known criminal, having traveled considerably throughout the United States and is believed to have connections in Chicago and New York City; that while his only record in Buffalo is that of a pick-pocket, nevertheless, several years ago he was connected with the Carson Jewel Robbery case. (It should be here noted that according to Chief of Detectives Whalen, Chuck Connors is the brother-in-law of Desk Sergeant Jack Fitzgerald, attached to the Detective Headquarters, Buffalo, New York.)

In view of the fact that Chuck Connors had connections with various racketeers [REDACTED] was requested to examine the available toll tickets concerning said individual.

b7D [REDACTED] advised the writer that the telephone is listed for Mrs. William J. O'Connor, 196 Butler Avenue--Garfield 0788. In view of the fact that there ^{were} several calls outside of the State of New York, all the telephone numbers are being set forth herein and each office is being requested to make appropriate inquiry in an effort to ascertain the identity and activity of the individuals with whom Connors has communicated. This matter should be handled very discreetly, due to the fact that [REDACTED] has been very cooperative with the Buffalo Division office and furnished this information voluntarily, whereas he makes other departments furnish a subpoena before he supplies any information. b7D

Relative to Chuck Connors, the writer recalled that said person always drove a large car, and in view of the report of reference indicating that a large car called for Floyd and Richetti, the writer contacted the Auto Theft Bureau of the Buffalo Police Department, and ascertained that William J. O'Connor received 1934 New York license tags #7B43 for a 1933 LaSalle Coupe, motor #2001341. It is a recognized fact with the Police Departments of Buffalo and Niagara Falls, New York, that Chuck Connors has connections in both cities with the racketeering element; however, those contacted at both Police Departments advised that he would not voluntarily furnish any information, in view of which he is not being interviewed at this time.

It was ascertained from innumerable sources that Western racketeers see him whenever they come to Buffalo; however it is understood that they do not call at his home, and efforts are being made at the present time to ascertain where he regularly confers with these individuals, due to the fact that the office which he maintained at the corner of Delaware Avenue and Eagle Streets in Buffalo was recently converted into a tavern. Chief of Detectives Whalen advised the writer that he has two men specifically assigned to the investigation in an effort to make a definite connection of Floyd and Richetti with some of the local racketeers; however, said men have reported negative results to date; that innumerable informers have been contacted, but no definite information obtained, although there were several rumors that Floyd and Richetti were seen about the city of Buffalo. Chief of Detectives Whalen stated that he, personally, did not place much credence in these statements, and has his officers specifically assigned to this work and as soon as they procure anything definite, the Buffalo Division office and the writer will be immediately notified.

Mr. C. V. Daigler, Assistant Chief of Special Agents, Railway Express Agency, Terminal Building, Buffalo, New York, was contacted by telephone due to the fact that he was absent when the writer called, at which time Mr. Daigler informed that the records of the company are filed according to the city from which the package is consigned, and that unless it is known exactly where a particular package is shipped from, it is impossible to make a search; that this is also true of their Money-Order section. Mr. Daigler stated, however, that he would make a thorough search of all records of the larger western cities in an effort to ascertain whether or not there were any packages delivered to

94

anyone at 8 Eighteenth Street, and in the event he discovered that any shipment was delivered thereto, the writer would be immediately notified. Mr. Daigler stated further that this examination would also be made of their Money-Order Department; that he would personally communicate with the driver who delivers in the vicinity of 8 Eighteenth Street and ascertain whether or not this individual recalled delivering any packages there within the past year. The writer suggested that he personally would contact with the driver, however, Mr. Daigler stated that it would be preferable for him first to interview the driver and subsequently communicate with the writer, which he agreed to do. Mr. Daigler stated that he believed there were two drivers in that section within the past year, due to the fact that he had a recent investigation in that area, and stated that he would make every effort to expedite the location of both drivers. However, no information has been furnished by him to date.

Mr. William H. Marshall, Assistant District Director, United States Immigration Service, was contacted by the writer, and he advised that it is impossible definitely to trace the passage back and forth into Canada of individuals unless there is something unusual about them; that if they satisfy the inspectors making the investigation at the time of their entrance into the United States, no notation is made concerning them, in view of which no additional request was made of Mr. Marshall in connection with instant case. However, he indicated that appropriate inquiry would be made relative to Mrs. L. S. Davis, which will be covered more in detail in the Alvin Karpis report relative to said person.

Efforts to locate and interview Mr. B. J. Eitelman, Commercial Department, Western Union Telegraph Company, Rand Building, Buffalo, New York, were without result, he being absent from the office when the writer called, and as he is the contact man, no efforts were made to contact any other individual. Efforts to procure information from him will be made immediately. To date no inquiry has been made of the Postal Telegraph Company, but this will be covered in the very near future.

UNDEVELOPED LEADS

Offices receiving copies of this report are respectfully requested to make discreet inquiry relative to the identity and activities of the persons with whom Chuck Connors communicated, as indicated in the body of this report, having in mind that this information was furnished confidentially and should be disclosed under no circumstances.

95

The BUFFALO OFFICE will keep in contact with Mr. C. V. Daigler, Railway Express Agency, Terminal Building, interview the drivers, and expedite the interview of the contact men at the Western Union and Postal Telegraph Companies. Will carry out the suggestions set forth in letter of Special Agent in Charge R. B. Nathan, Kansas City, Missouri, dated December 13, 1934, bringing this investigation to a conclusion at the earliest possible date.

Dear Sir:

Under separate cover there are being transmitted photographic copies of enlarged charts showing fingerprint identifications of Adam Richetti, Vernon C. Miller, and Vivian Mathias for use in connection with the trial of the several defendants in the case entitled Vernon C. Miller, with aliases (Deceased); et al; Conspiracy to Deliver Federal Prisoner. These copies have been prepared for the use of the court and jury if deemed advisable.

Your attention is directed to the fact that the original fingerprint card from which these enlargements were made was transmitted in the case of Adam Richetti by the Hammond, Indiana, Police Department on August 7, 1928, in the case of Vernon C. Miller by the State Penitentiary at Sioux Falls, South Dakota, taken by Arthur H. Machev on August 4, 1923, and in the case of Vivian Mathias by the U. S. Marshal, Kansas City, Missouri, on or about October 5, 1934. In connection with the fingerprints and photograph of Charles Arthur Floyd, these were submitted by the Kansas City Police Department on March 9, 1930.

Dear Sir:-

We have reason to believe that information
that I gave on or about Aug. 22, 1934, to two (2)
federal agents at my home here, led to the
capture of Addam Richetti, and the killing
of "Prethy Boy" Charles, A. Floyd; and of "Baby Face"
Nelson in Illinois recently; we contacted these
agents through Mr. Owen Brown of Springfield
Missouri, detective dept. Springfield Missouri:-
The two federal agents who called at my home
gave me their names but I was ill at that
time and their names have been misplaced.
If federal agents are not allowed reward
for capture of outlaws, I have reason to
believe that I am entitled to part of reward
offered for Charles A. Floyd, who was killed just
60 days after agents were at my home. They never
seemed at any time to lose trail as I followed them
closely, thru papers, and Radio.

At the request of Mr. Tamm, the following memorandum is submitted relative to my recollection of the shotguns in the possession of the writer and Chief of Police Otto Reed of McAlester, Oklahoma, at the time of the so-called Union Station Massacre at Kansas City, Missouri.

Before leaving Oklahoma City, Oklahoma, SAC R.E. Colvin procured from the Oklahoma City, Oklahoma Police Department a 12 gauge pump gun with sawed off barrel. To the best of the writer's recollection, this gun was made by Remington. At the time the writer and Special Agent Frank Smith of the Oklahoma City Office picked up Chief of Police Otto Reed at McAlester, Oklahoma for the purpose of taking him to Hot Springs, Arkansas with us, he took from his gun rack in the Police Department Headquarters at McAlester, Oklahoma a 12 gauge sawed off pump shotgun which to the best of Agent's recollection was of Winchester make. While the writer is not positive at this time as to the make of these respective shotguns, he is positive that both guns were 12 gauge and that neither were 16 gauge and he is also positive that there were no double barrel shotguns on the party. Attention is called to the fact that Merle Gill, forensic ballisticsian at Kansas City, Missouri, has stated on several occasions that the breach markings on the two 16 gauge shotgun shells found at the scene of the Union Station Massacre were different and had evidently been fired from a double barrel shotgun. None of the officers involved in the Union Station Massacre were armed with a double barrel shotgun and there were only two shotguns in the party at all, both of which were 12 gauge pump guns as heretofore described. When the writer first heard of these two 16 gauge shotgun shell cases being found, it was reported that they had been found to the left of the automobile in which the writer was sitting when the Massacre occurred. The writer heard this not only from one but from several sources, and it was not until Gill's restatement that the writer ever heard that the shotgun shell cases were found in the car.

The writer has discussed the matter of these shotguns with Special Agent in Charge Gus T. Jones of the San Antonio Office and to the best of the recollection of Mr. Jones, these guns were returned to McAlester, Oklahoma and Oklahoma City, Oklahoma respectively a day or two after the Massacre or about the time of the funeral of Chief of Police Otto Reed. It is Mr. Jones' recollection that these guns were possibly returned by Special Agent J. R. Calhoun, now of the Omaha Office, when Mr. Calhoun went to McAlester, Oklahoma to attend the funeral of Chief of Police Reed. The Agent has not seen either of these guns since that time, but to the best

of his knowledge, the gun of Chief of Police Reed is at McAlester, Oklahoma and the gun carried by this Agent is in the possession of the Oklahoma City Police Department. The Agent does not remember any distinguishing marks on this gun of the Oklahoma City Police Department by which it could be subsequently identified. The writer is thoroughly familiar with shotguns and is positive that the gun carried by Chief of Police Reed was 12 gauge. The writer was sitting within two feet of Chief of Police Reed at the time that this shooting took place and has always been firmly of the opinion that no shots whatever were fired by Chief of Police Reed and certainly that no shots were fired from a shotgun by Chief of Police Reed.

TITLE: VERNON C. MILLER, with aliases (Deceased) ET AL.			CHARACTER OF CASE: Conspiracy to Deliver Federal Prisoner.

SYNOPSIS OF FACTS:

According to War Department, a colt .45 caliber automatic pistol, bearing #18001 is in possession of Rock Island Arsenal, Rock Island, Illinois; and a colt .45 caliber automatic pistol, bearing #C-84197 was sold to U. S. Marine Corps May, 1914. Marine Corps has no record of disposal of latter gun.

- RUC -

REFERENCE:

Division letter dated 11/5/34.

DETAILS:

AT WASHINGTON, D. C.

Mr. E. L. Kahlert, Ordnance Department, War Department, at the request of the writer, circularized the various Army Corps Areas. Mr. Kahlert later advised that no record of the theft or disposal of colt .45 caliber automatic pistol #18001 could be located. Mr. Kahlert received information, however, that a .45 colt automatic pistol, bearing #18001, was turned in for overhauling to the Rock Island Arsenal, Rock Island, Illinois on May 2, 1934 by the Iowa National Guard, and that this pistol is supposedly in the possession of the Rock Island Arsenal at the present time.

According to Mr. Kahlert, at one time the Colt and Remington Companies both made Colt Automatics for the Government and there might have been two .45 Caliber Colt Automatics having the same number. However, it is believed that a check should be made at the Rock Island Arsenal to verify the information received by Mr. Kahlert, and to determine whether

this pistol actually is at the Rock Island Arsenal.

With respect to .45 caliber Colt automatic pistol, bearing Serial No. G-84197, Mr. Kahlert received information from the Springfield Armory, Springfield, Massachusetts, that pistol bearing this number was delivered by the Manufacturer direct to the United States Marine Corps in May, 1914.

Agent contacted Mr. H. E. America, Supply Division, Quartermaster Department, United States Marine Corps, who advised after checking Marine Corps records, that no data could be located which would reflect that this gun was ever reported as stolen, missing, or disposed of. Mr. America did locate a record pertaining to a .45 caliber Colt automatic pistol #84179, which reflected that pistol bearing the latter number was one of six pistols missing from a shipment made from the Depot Quartermaster, Corento, Nicaragua, to the Depot Quartermaster, Hampton Roads, Virginia, on October 12, 1929. Survey as to this pistol indicated the box had been broken into during the shipment and that responsibility for the theft could not be fixed.

UNDEVELOPED LEAD:

THE ST. LOUIS OFFICE: At Rock Island Arsenal, Rock Island, Illinois, will obtain information relative to colt .45 caliber automatic pistol #18001, which was supposedly turned in for overhauling by the Iowa National Guard on May 2, 1934.

Copies of this report are being furnished to the OMAHA OFFICE as investigation may develop at the Rock Island Arsenal, and inquiry should be made at the Iowa National Guard.

Saw Floyd's wife and child in Rushville a little berg northeast of here. Didn't know me, sure was glad as she might have spilled the beans. Will write again in K. C. am O.K.

Dear Sir:

Reference is made to your letter of December 18, 1934, submitting an original letter beginning, "Dear Pal I will write a few lines", and envelope which had not been mailed addressed to Mr. George Bender, Minn., North Dakota, and another envelope postmarked Mounds, Oklahoma, 5th day, month unknown, 1934, 9 P.M., for examination in the Division Laboratory in connection with the case entitled Varnon G. Miller with aliases (Deceased); et al; Conspiracy to Deliver Federal Prisoner.

On the letter transmitted five fragmentary latent fingerprints have been developed, none of which presents sufficient characteristic detail to permit classification and search through the Division's single fingerprint file. No impressions of value were developed on either of the envelopes. These fragmentary impressions, however, will be of value for direct comparison with the fingerprints of any suspects who may be named subsequently.

The latent impressions developed on this letter have been compared with all the latent fingerprints previously developed in connection with the above mentioned case and also with those developed in connection with the case entitled Unknown Subjects; Albert Lantky - Victim; Extortion, but in no instance was any identification effected.

On the basis of the information furnished in your letter it has not been possible to identify George Bender in the Division's Identification Unit.

Re: CHARLES ARTHUR "PRETTY BOY" FLOYD, with

CONSPIRACY TO DELIVER FEDERAL PRISONER

Reference is made to Division letter dated December 7, 1934,
concerning furnishing evidence to the County Prosecutor of Jackson County,
Mr. W. W. Graves, for a possible murder charge against Adam Richetti.

You are advised that upon receipt of the Division's instructions,
I communicated with Mr. Graves and suggested the desirability of a con-
ference between him and the United States Attorney, Mr. Milligan, for the
purpose of discussing those phases of the evidence which Mr. Milligan
desired to discuss. Mr. Graves made an appointment with Mr. Milligan, but
I am informed that he has never called at Mr. Milligan's office, as agreed.

I have subsequently discussed this phase of the matter with both
Mr. Milligan and his assistant, Mr. Randall Wilson. They are of the opinion
that it would probably be more desirable if the state authorities were not
furnished with the Government's evidence until after the conclusion of the
conspiracy trials, and consequently they are not making any further effort
to communicate with Mr. Graves. In this situation, no further action will
be taken by this office to confer with Mr. Graves, unless the Division
otherwise directs.

For the information of the Division, it is noted that there is
apparently some feeling of unfriendliness existing between Mr. Milligan
and Mr. Graves. It is believed that this is because of their political
affiliations.

Re: CHARLES ARTHUR "PRETTY BOY" FLOYD, with

CONSPIRACY TO DELIVER FEDERAL PRISONER

Yours ✓
You are advised that United States Attorney Maurice M. Milligan informed me a few days ago that he had received a letter from Henry L. Balaban, the Chicago attorney representing Mr. and Mrs. Galatas and Stacci, to the effect that Balaban expected to move for a continuance in the conspiracy case. In his letter Mr. Balaban stated that one of his grounds for asking for the continuance would be that he has failed to obtain any cooperation from the Department of Justice, and that he recently received from this office an "arrogant and insulting letter". Mr. Milligan advised me that he would inform Mr. Balaban that any motion for a continuance would be resisted. In this connection, it is noted that subpoenas have already been issued for the witnesses in the case, and Mr. Milligan is not under any apprehension that a continuance will be granted. I was advised on December 20, 1934, that Mr. Balaban is in Kansas City and has filed demurrers to the conspiracy indictments, in behalf of his three clients. These demurrers recite the usual formal grounds, and Assistant United States Attorney Pandall Wilson is of the opinion that they will be overruled. Mr. Wilson states that as yet he has not been served with any official notice that Balaban has moved for a continuance of the case.

Mr. Holtzoff called and advised that the Criminal Division has referred to him a memorandum in which this Division made inquiry concerning the admissibility in evidence in prosecutions taking place in State Courts of pleas entered by the defendants, to charges preferred in the Federal Courts. I explained to Mr. Holtzoff the situation with reference to Richard Gallatas, et al, hesitating to enter a plea of guilty in the Federal Courts to charges of conspiring to deliver a Federal prisoner, because of their fear that such pleas might be admissible in evidence in the State Courts if murder charges were brought against them. Mr. Holtzoff stated that as a general rule a plea of guilty is equivalent to a conviction, and consequently can be introduced in subsequent Court proceedings. He stated that the laws of the various States vary, however, and that he would have the decisions in Missouri checked and advise us in due course by memorandum.

Respectfully,

This is to advise that the following witnesses have appeared at the Kansas City Office upon request and have been taken to the County Jail at Kansas City for a regular show-up of Adam Oichetti, in order that they might, if possible, identify him from a group of other prisoners, as one of the participants whom they may have seen in the massacre.

H. W. Prather, c/o Railway Express Agency,
Kansas City, Missouri.

W. F. Rouser, Manager, Fred Harvey's Restaurant,
Union Railway Station, Kansas City, Missouri.

The above parties were taken in two groups on December 18th and December 19th, 1934.

No identifications were made by any of the parties except by Mrs. Lottie West, who positively identified Richetti in person, having viewed him in a group with three other prisoners. She stated that she saw Richetti, Floyd and Miller and from the detailed statement which she furnished regarding his position in the group of assassins she gives the impression of being very positive and does not appear to be uncertain in any respect. 11

Robert C. Woods has also stated that Richetti, whom he identified from a group of other prisoners, bears a likeness very similar to the man who drove the Chevrolet car accompanied by one or two other men, which car nearly collided with the street car operated by Mr. Woods immediately after the massacre at Kansas City. However, he could not be positive in this identification.

Mr. Chalfont, who was the Ticket Agent on duty on the night of June 16, 1933 at the Union Railroad Station, also picked Richetti from four prisoners, stating that his description is similar to one of three men whom he saw suspiciously walking through the lobby of the Union Station on the night of June 16, 1933. However, he could not positively identify Richetti as he stated he did not get a good look at the faces of the three parties on the occasion in question.

There are still additional witnesses whom it is desired should view Richetti at Kansas City, Missouri, important of these being Mrs. Nellie Stites; Charles C. Moore; Mrs. Juanita Smith; C. L. Ellis; Elmer Waldron; H. L. Orr; Alva Parman and Robert E. Fritts. These parties were requested by letter from this office to appear in order that they might be taken to the County Jail for the purpose in question. They have failed to reply to the letter or to appear and within a few days appropriate steps will be taken to cause them to view the prisoner.

In no instance was any action taken which could result in publicity in the above, and the witnesses were cautioned both before

and after viewing the prisoner to say nothing to anyone else regarding their identifications or failures in that respect.
