My dear Mr. Hoover:

Some time ago you suggested that I might refer to you any exceptional young man who has an interest in the work of the Federal Bureau of Investigation. I have such a man in mind who is to graduate this June. The one I desire to present for your consideration is Mr. Richard Nixon, one of the finest young men, both in character and ability, that I have ever had the opportunity of having in my classes. He is a very superior student, alert, aggressive, a fine speaker and one who can do an exceptionally good piece of research work when called on to do so. His position with his fellows is shown by the fact that he is this year the President of the Duke Bar Association. In this connection he has shown fine executive ability and extremely good judgment. I can recommend him for your consideration without reservation.

With kindest personal regards, I am

Very sincerely yours,

Applicant was born January 9, 1913 at Yorba Linda, California. He is single and resides with his parents. His father is a grocer. He has two brothers who are students. He has never been arrested or involved in any kind of trouble, nor have any members of his family. He takes an occasional social drink of liquor. He typewrites poorly with the touch system. He has had no training or experience with firearms. He drives an automobile. He has no relatives in the Government service.

Applicant attended public grammar school at Yorba Linda, California, and high school at Fullerton and Whittier, California, graduating from the latter school in 1930, thereafter entering the Whittier College where he was awarded an AB Degree in 1934, having majored in history. He then enrolled in the law school at Duke University, receiving an LL.B Degree in June, 1937. He plans to take the California Bar examination commencing on September 7, 1937.

Applicant's chief employment during his spare time from his studies and during his vacations has been with his father who operates a grocery store. He claims, however, that in the Summer of 1931 he worked part time for the Whittier College, interviewing prospective students. (This work was done under the supervision of the Acting President at that time, Dr. Herbert Harris.) He claims that in the Summers of 1932 and 1933 he assisted his father from a gasoline filling station at 2706 East Whittier Blvd., which he operated on his own account, doing business with the Richfield Oil Products Co. In the Summers of 1934 and 1935 he assisted his father in the letter's grocery store. During the school year of 1935 and Summer of 1936 he worked as assistant in the law library at Duke University. Also during the school year of 1936 and 1937 he did research work for the Dean of the Law School. He mentioned that at the time he was awarded his Degree at Duke he was elected to membership in the Order of Coif, Honorary Legal Fraternity. He also mentioned that he made the football squad at Whittier, playing on it for four years but did not receive a letter.

The applicant learned of this Bureau through a talk made by SAC J. A. Smith at Duke University. He is not acquainted with any Special Agents of the Bureau nor employees of the Department of Justice.

J. H. HANSON, Special Agent in Charge.
The results of the fictitious interview given to Applicant are attached hereto. Special Agent J. G. Ross, who was used for this purpose, advised that applicant made a very good appearance, appeared to be confident and thorough, commensurate with his inexperience, adding that he reported the information obtained correctly. The applicant also dictated satisfactorily.

The applicant is being recommended. It is believed that he is above average in intelligence and mental alertness. He appears to be possessed of sufficient force and aggressiveness; also of good, common ordinary sense. He expresses his thoughts well and uses good English. He is manly appearing, possessing a good physique, and it is felt that he could successfully contact persons of all walks of life and that he would inspire confidence.

This is to certify that forty minutes were spent in the interview with this applicant and that the examination and interview were given to him personally by the interviewing official.

MEMORANDUM FOR MR. HANSON:

Re: Application of Mr. Hal Douglas for position in the Department of Justice, Federal Bureau of Investigation as Special Agent.

The information was obtained from Mr. J. Q. Ross.

Mr. Ross has known Mr. Douglas for the past six years. He first became acquainted with Mr. Douglas when they entered George Washington University Law School in 1931. While in George Washington Law School, Mr. Douglas was a reasonably good student. He evidently liked to have his good time, but he applied himself well enough to get his LL.B Degree in the required three years. While in law school, he also did work - working for the Federal Reserve Board. He evidently was satisfactory in his work with the Federal Reserve Board since he at the present time has a full-time job with that Board and has held it for the past three years. Mr. Ross did not know very much concerning Mr. Douglas' early education.

Douglas is a resident of Arkansas. His father was connected with a newspaper in Little Rock and Douglas apparently was a graduate of the University of Arkansas.

As to Douglas' habits, which might be of some bearing upon the consideration of his application, it is said, as stated before, that he liked to have a good time. He indulged in considerable drinking and was supposed to have played around somewhat with the women. I understand that he has not changed since going to work. He is married at the present time. As far as Mr. Ross knows, he has never been convicted of any crimes, except possibly for minor traffic violations.

As for characteristics which should prove particularly beneficial to a Special Agent, Mr. Douglas, according to Mr. Ross, has an extremely good physique. He has engaged considerably in athletics. He also makes a very good personal appearance. He is a smooth speaker and generally creates a very good first impression with people he meets, but evidently Mr. Douglas does like his good times and for that reason he may possibly not wish to apply himself to the extent that the work of the Department might require.
Mr. Ross knew nothing further about Mr. Douglas' family background, his undergraduate and grade school education.

I believe that so far as Mr. Ross' estimation of Mr. Douglas is concerned that we can rely on his judgment since he seems to have been very well acquainted with him in law school, although he has not seen him for the past year. As far as Mr. Ross knows, Mr. Douglas' work with the Federal Reserve Board in Washington, D. C., where he is now employed has been satisfactory, but I would suggest further inquiry along that line.

Applicant - Special Agent

The Bureau will note from the interviewing report attached hereto concerning the above-mentioned applicant that he contemplates taking the California Bar examination beginning September 7, 1937. The applicant indicated that he was very desirous of taking this examination and said that he would be through with it by September 11, 1937.

In the event the Bureau should have a vacancy and give favorable consideration to this applicant, it would be my recommendation that no such action be taken until on or about September 15, 1937, as I feel that the applicant is very desirous of taking this Bar examination and I believe that he would be a more satisfied employe if he had that opportunity.

scholarship, and maintained it for three years; that there was no record of any disciplinary action against Nixon during his entire career at Duke, and he was considered one of the outstanding men in the Law School. She stated that in addition to being president of the Duke Bar Association, Nixon wrote several articles for the Duke Law Review which had received favorable comment from the faculty. Instant records also reflected that Nixon was born January 9, 1913 at Yorba Linda, California and his father is P. A. Nixon; that during his senior year Nixon resided at the residence of his Duke forest adjoining the University.

Duke University Law School stated that Nixon worked at the reference desk in the Law Library as a Library Assistant during 1935 and 1936; that this job was part time work and from the opportunity that he had to observe Nixon he does not hesitate to recommend him in his present application; that he was well above average not only in his work, but in his character and personality, and that he was well liked by students and faculty alike.

Administration Building stated that Nixon was employed under the N. Y. A. from September 1936 to April 1937 doing legal research work under Dean Moreck and R. E. Trahan of the Law School; that this work netted him about $16 per month, and as far as she knew he had performed it in a satisfactory manner.

and stated that he taught Nixon in some of his classes, and frequently had contact with him as a staff writer of the above publications, that Nixon's articles in these magazines were some of the best that had ever appeared therein, and that he had a fine legal mind, and was a trustworthy and conscientious student; that the above referred editorial writing and the presidency of the Duke Bar Association occupied much of Nixon's time and required a great deal of outside work, and that Nixon performed this in a highly satisfactory manner. He stated that Nixon presents a fine appearance and is of the opinion that he will do well in any work, provided it interests him, and he thinks that he is in the right field. further advised that personally he is not in favor of Nixon entering the Bureau, because he feels that his legal mind should be applied strictly to legal work.
It is to be noted that [redacted] is the studious type of man and from his conversation it was evident that his interest lies in the theory of law in the classroom rather than its practical application.

Instructor Duke Law School stated that he taught Nixon for three years in various classes, and that in his opinion he was one of the best students in the Law School during the past several years; that in addition to having a good mind, Nixon has shown him that he can be practical; that as president of the Bar Association he has shown initiative in directing its activities and handling the students; that several times he had had to confer with the faculty regarding disciplinary action against some members of the Bar Association, and that on these occasions he has shown sound and mature judgment. [redacted] also stated that he had rather see Nixon pursue his legal career rather than enter the Federal Bureau of Investigation because he thinks that he would soon be a leader of any bar before which he practiced.

[redacted], Duke Forest stated that Nixon lived at her home from June 1936 through June 1937, and that it had been her custom to provide a room for a deserving boy each year free of charge, and that Nixon had been selected as being one most worthy of this help. She stated that during his residence at her home he proved himself to be very likable and trustworthy and was a rather quiet, studious minded boy.

[redacted], in the Student Loan Department, Duke University, stated that Nixon went through Law School upon a scholarship, that he did not borrow any money from the University, and that all smaller bills that he incurred upon the campus had been promptly paid.

Inquiry of the Merchants Association, Trust Building, Durham, North Carolina and the Durham Police Department revealed that Nixon has no credit or criminal record in that city.

SYNOPSIS OF FACTS:
Applicant rated as student of highest scholarship and activity record in high school and at Whittier College, Whittier, California, being Student Body President in the latter and active in athletics, debating, and dramatics. References speak of applicant as young man of outstanding attainments and ambition, than whom they know of no one better. Neighborhood investigation favorable. No credit or criminal records.

REFERENCE:

DETAILS:
AT FULLERTON, CALIFORNIA

The records of the Fullerton High School were checked by the writer, at which time it was indicated that this applicant was a student there from 1926 to June 1928. An examination of his scholarship record revealed that he
received unusually high marks in all of his subjects with a total average slightly under A. The records also indicated that this applicant had experienced no trouble whatever in contact with school authorities, but on the other hand, during the two years he attended there, his merit record was among the highest, averaging between 94 and 99 for the 2 years out of a possible 100 merit points.

AT WHITTIER, CALIFORNIA

The records of the Whittier High School were also checked by the writer, these also indicating this applicant to have been an outstanding student in that school. His scholarship was slightly under A for all subjects and he was considered one of the highest in the school. It was pointed out that this applicant was particularly outstanding in the activities of the Whittier High School and was chosen by the high school to represent it in oratorical contests and in speeches before service clubs at Whittier.

The records of the Whittier College were also checked, indicating applicant was a student there from September 1930 to June 1934, at which time he received an A.B. Degree with a major in History.

The records of all of these schools substantiated applicant’s date of birth as being January 9, 1913.

Whittier College, pointed out that for the first year applicant’s average was B for all subjects; second year, B-Plus, and that in his final two years his average nearly equalled A. This would place him far above the average of students attending this college.

These records also indicated that this applicant was particularly outstanding in his courses in History and English; further, that he was active in football and track among the athletic activities of the college, and that his other extra-curricular activities included dramatics and debating.
further stated that during the school year 1933-1934 Nixon was student body president and enjoyed an unprecedented popularity among the students as well as among the faculty members of the college.

Agent interviewed Whittier College, who stated that he considered this applicant to have been an outstanding student. He recalled having had him in some of his classes and stated that he considered him one of the finest students he had ever taught. He characterized applicant as being a natural leader, an excellent mixer among students or adults, and an outstanding debater.

stated that while applicant was student body president of Whittier College he was named as a delegate to the National Convention of College Student Body Officers, at which convention he also distinguished himself; further, that his nephew had been a close associate of this applicant, they having participated together on college debating teams. For this reason applicant frequently came to his home and he had an opportunity of observing him there as well. Upon this basis he states that applicant is a young man of good habits, very discreet in his conduct, and a fine young man in every respect.

Whittier College, was also interviewed. He, too, stated that applicant is an outstanding leader and mixes excellently. He stated that he believes applicant may properly be rated as one of the best all-around students Whittier College ever had; that he is possessed of unusually great energy and his only concern is that applicant will overwork himself. He pointed out in this connection that applicant had an older brother who died of Tuberculosis, and he has, therefore, cautioned applicant repeatedly to not overwork lest he be afflicted with the same ailment. He informed that he knew applicant to be a young man of unquestioned habits and that he has a good physique, although he is not of the husky type.
that he was reluctant to comment on this young man because he could not say anything of him without being extravagant in his statements; that he has been connected with the training and development of young boys in college work and otherwise for the past 20 years, and he has known of no one who, in his opinion, would outrank this applicant.

was questioned as to the employment which this student did at the college under his supervision, and informed that this was temporary in its nature and was in itself an award for meritorious scholastic work by this applicant. The work consisted of visiting high schools and giving speeches before high school student bodies to acquaint them with the opportunities offered at Whittier College. In addition to this applicant was also employed in interviewing students during Summer months who were applicants for enrollment at the college.

stated that applicant had this employment for two years, and that thereby he earned his tuition, which is $250.00 per annum. He also stated that applicant is a young man of excellent character and good habits.

, Whittier, California, was also interviewed. He stated that applicant has an excellent family background, his mother and father having been industrious people who have enjoyed an excellent reputation in that community; that applicant had worked temporarily at various times for him but that inasmuch as the work consisted mostly of odd jobs, no employment record had been kept.

stated that it was his understanding that applicant attended Duke University on a scholarship which had been awarded to him at Whittier; that he knows of no young man whom he could more unreservedly recommend for any position for which he might have the technical qualifications.

Applicant lives very close to the office occupied by , and he, therefore, knows him well from the standpoint of a neighbor, and in this regard spoke very highly.
of applicant from the standpoint of his character and general conduct.

[Redacted] who is engaged in [Redacted] at Whittier, spoke of applicant as being "A-1" in every respect, stating that he has known him all of his life and has also known his parents, and considers all of them to be outstanding people; that he has been informed that applicant has been offered a position in one of the best law firms in Whittier, but that inasmuch as this offer of employment has not yet been accepted, no effort was made to contact the attorneys.

[Redacted] was also interviewed, and stated that he has known the family well for the past eight or ten years and regards them very highly; that applicant has three brothers, all of whom are very fine young men. He characterized applicant as being trustworthy, fearless, and of unquestioned integrity. He stated that applicant has an unusual mental capacity and readily adapts himself to any kind of work. In his opinion, applicant has a brilliant mind.

[Redacted] also spoke of applicant as being an excellent extemporaneous speaker, and stated that his morals and habits are "A-1".

[Redacted] was questioned as to applicant's physical condition, and stated that he is certain applicant could pass any physical test.

At police headquarters, it was ascertained that GUY C. WELCH, Chief of Police, listed as a reference, was in a hospital about to undergo a serious operation. In his absence, [Redacted] was interviewed and stated that he is acquainted with applicant and regards him as one of the outstanding young men of the community, his character being beyond reproach.

An effort was made to contact MR. A. M. OTIS, listed as a reference, but it was ascertained that he is pres...
ently vacationing in the mountains and no one could be located who could give his present address. In view of the unusually favorable remarks made by other persons concerning this applicant, it was not considered that it would be necessary to set out an undeveloped lead to interview him at a later date.

At the Richfield Oil Company, no record could be found of the employment of this applicant. It was pointed out, however, that the service station at which he is stated to have worked is located at 2700 East Whittier Boulevard, this being the address of applicant's residence. It was ascertained that at that address applicant's father maintains his general merchandise store, and also has a service station which he leases from time to time. It was learned that the lessor of the service station in 1830 and 1931, the dates given by applicant as the time of his employment there, was

He is presently operating a service station for the Richfield Oil Company on Whittier. Upon interview, he stated that applicant had never been regularly employed by him, but that during rush periods he may have done odd jobs from time to time; that applicant, during most of that time, was employed for his father in his father's general merchandise store. Stated, however, that applicant was an industrious young fellow and had never caused any trouble around the community at any time.

A neighbor of this applicant, was also interviewed. She informed that although she has never been intimate with applicant's family, she has had occasion to observe applicant as one of the boys in the neighborhood for the past several years; that he has always been a fine young fellow and has never caused any trouble at any time. From her observation of applicant, he is also seen of good habits and discreet in his conduct.

Another neighbor, was interviewed and he was likewise of the foregoing opinion of applicant, praising him highly and stating that he has never known a finer young fellow.
A check of the records of the Police Department at Whittier and of the Sheriff's office for Los Angeles County at Los Angeles was made, but no record could be found of this applicant.

It was likewise ascertained that he has had no occasion to be listed for a credit rating in the community in which he lives.

Bar Association during his senior year, which was an honor in itself.

Applicant’s articles in these magazines were some of the best that had appeared therein, that he had a fine legal mind; and he will do well in any work, practical or
interests him, and he thinks that he is in the right field. Further advised
that personally he is not in favor of applicant entering the bureau because the fact that
his legal mind should be applied strictly to legal work. It is to be noted that

in the theory of law in the class room rather than in its practical application.

Office Memorandum - UNITED STATES GOVERNMENT

TO: THE DIRECTOR  DATE: March 18, 1954
FROM: W. R. GLAVIN  
SUBJECT: RICHARD M. NIXON

There is attached hereto the applicant file of Mr. Nixon, which reflects he filed an application for appointment to the position of Special Agent while attending Duke Law School, Durham, North Carolina, on April 22, 1937. He was referred for interview and examination under date of April 30, 1937, by former Assistant Director T. D. Quinn.

In June, 1937, it was ascertained by former Inspector Hince, while interviewing applicants at Charlotte, North Carolina, that Mr. Nixon had returned to his home in Whittier, California.

Mr. Nixon was interviewed at Whittier, California on July 17, 1937, by former Special Agent in Charge J. H. Hanson, who recommended him favorably. He was graded 60 on written examination and 63 on oral examination. Mr. Hanson felt Mr. Nixon was resourceful, appeared to have executive ability, was likely to develop, could successfully contact persons in all walks of life, would inspire confidence, had sufficient force and aggressiveness, and was possessed with good common sense.

Mr. Hanson, by letter dated July 17, 1937, stated Mr. Nixon was very desirous of taking the bar examination in California, which would begin September 7, 1937, and that he would be through the examination by September 11, 1937. Mr. Hanson recommended no action be taken in connection with his application until on or about September 15, 1937, as he felt since Mr. Nixon was very desirous of taking the bar examination he would be a more satisfied employee if he had that opportunity.

A character fitness investigation was conducted and physical examination afforded Mr. Nixon. Physical examination form returned July 29, 1937, reflected

Mr. Nixon properly executed the condition that in connection with the Special Agent position application and returned it to the Bureau, subscribed and sworn to, under date of July 31, 1937. This sheet points out the probationary basis of any such appointment, availability for assignment, and confidential nature of the work.

Attachment 26 MAR 24 1954
Memorandum to The Director

Re: Richard M. Nixon

March 18, 1954

Brief of investigation, prepared under date of August 10, 1937, is entirely satisfactory, only comment underlined being that of former Football Coach, who stated Mr. Nixon was apt to work too hard and had been cautioned, in view of fact Mr. Nixon's older brother had died of tuberculosis, that he should be careful not to overwork less he become afflicted with the same illness.

The brief contains comments concerning and Mr. Hanson's comment concerning Mr. Nixon's desire to take the California Bar Examination.

The brief is marked, "Not qualified, C for Q", reflecting that Mr. Crow, formerly assigned to the Administrative Division, marked the brief "not qualified" for Mr. Quinn, who at that time was passing on Agent appointments.

The brief contains a further ink notation, "Cancel appt., 8/11, T.", reflecting Mr. Tolson's instructions that the appointment which had been approved by the Department should be cancelled.

It will be recalled that in 1937, a request was made of the Department for approval to a-point and then the actual appointment request was forwarded to the Department, appointment letter being held until such time as the applicant was notified of his appointment.

In this instance, the appointment was cancelled under date of August 15, 1937.

There is nothing in the file to show that the appointment ever went forward to Mr. Nixon.

Also, the reason for the cancellation of the appointment is not reflected in the file. It may be assumed that in view of the fact that Mr. Nixon was not immediately available for appointment, and based on our needs in August of 1937, that the appointment was cancelled.

Dear Congressman Rees

I recently heard on the TODAY show that President Nixon was rejected by the F.B.I. for a job during the 40's. I am curious to know why he was refused a position. Was it for security reasons or was he not capable of the job. I think it is important for the people of the United States to know why.

I look forward to a reply.

Memorandum

TO: MR. CALLAHAN

FROM: J. B. ADAMS

DATE: 4-15-69

SUBJECT: Former Special Agent

EOD Resigned

INQUIRY REGARDING PRESIDENT RICHARD M. NIXON

Above individual, who is on the Special Correspondents' List, by letter to the Director dated 4-11-69, has requested information as to why President Nixon was not afforded an appointment to the Special Agent position. Purpose of this memorandum is to review the matter of President Nixon's application for the position of Special Agent and to recommend that the proposed attached communication to be approved.

In letter he suggests that if there was an innocuous reason for Mr. Nixon's rejection for the Special Agent position we furnish it to the World Book Encyclopedia with a request that they in turn pass it on to the purchasers of all 1969 Yearbooks. He is obviously referring to a comment appearing in the 1969 World Book Yearbook Annual Supplement which among other things mentions that upon graduation from Duke University Law School Mr. Nixon tried unsuccessfully to join the FBI.

Bureau files disclose that Mr. Nixon submitted an application for the Special Agent position under date of 4-23-37. He was recommended favorably. Shortly after receipt of the related papers dealing with Mr. Nixon's application, the Bureau submitted a letter to the Department recommending that Mr. Nixon be approved for an appointment to the position of Special Agent. This was approved by the Department and our letter returned to us. In the meantime, investigation had been instituted. A brief of the investigation of Mr. Nixon was prepared under date of 8-10-37 and a review of the investigation disclosed that it was entirely favorable. It was noted, however, that Mr. Nixon was not available for the Special Agent position for slightly over a month since he was desirous of taking the California Bar examinations beginning 9-7-37. A notation appears at the top of this brief "Not qualified" which apparently was a term used at that time indicating that an applicant was not being considered for one reason or another and in this instance was probably due to the fact that Mr. Nixon was not available. Accordingly, Mr. Tolson indicated that the appointment should be canceled which was done on 8-13-37. No follow-up was made as to whether an appointment was actually sent to Mr. Nixon but there is no question but that he had been approved for appointment.
Memorandum to Mr. Callahan  
Re: Glade D. Helzer

Bureau files disclose that Mr. Nixon, then Vice President, was the featured speaker at the graduation exercises which were held before the 53rd Session of the FBI National Academy on 6-11-54. Mr. Nixon was introduced by the Director. In this introduction the Director noted that "some years ago he was extended an appointment as a Special Agent of the FBI, but having already embarked upon the practice of law, the FBI's loss ultimately became the country's gain." At the request of Mr. Nixon a copy of the Director's introduction was made available to him, apparently on 6-15-54, with the penciled notation in the file by former Assistant to the Director L. B. Nichols, "Delivered. He was most appreciative."

RECOMMENDATIONS:

(1) It is recommended that the attached letter to be approved which transmits to him a copy of the transcript of the Director's introduction of Mr. Nixon before the 53rd Session of the FBI National Academy. The Director's comments in this introduction are consistent with the information which we have in our files as indicated by the foregoing.

(2) That we ignore correspondent's request that we send this information to World Book Encyclopedia since we can consider such action should we receive such a request at a subsequent date from an official of World Book Encyclopedia.

INFORMATION CONCERNING

We are in receipt of a copy of a letter from [redacted] to the President dated 6/3/69, which points out to the President that the 5/29/69 press quotes him as having told the graduating class of the FBI National Academy on 5/28/69 that he "never heard anything" from his 1937 application to become an FBI Agent. Continuing, he states that if he, the President, were correctly quoted believes that he will enjoy seeing the attached copies of his letter to the Director dated 4/11 and the Director's reply of 4/16 of this year. [redacted] states he did not send a copy of the Director's reply to the publishers of the World Book because he felt it could not possibly be the proper answer to the question. [redacted] concludes by stating that if the President has been quoted correctly, it obviously is not the proper answer and he leaves it to the President's good judgment as to whether or not he desires to correct the inference in the World Book of 1969.

As noted above, [redacted] wrote to the Director on 4/11/69 requesting information as to why President Nixon was not afforded an appointment to the Special Agent position. He suggested that if there was an innocuous reason for Mr. Nixon's rejection we furnish it to the World Book Encyclopedia with the request that they pass it on to the purchasers of all 1969 Yearbooks since a comment appeared in the World Book on page 557 that Mr. Nixon, after graduating third in a class of forty-four from Duke University School of Law in 1937 "tried unsuccessfully to join the Federal Bureau of Investigation."

In my memorandum of 4/15/69, you were advised that Mr. Nixon submitted an application for the Special Agent position on 4/23/37 and was favorably recommended. Shortly thereafter, the Bureau submitted a letter to the Department recommending Mr. Nixon be approved for an appointment to the position of Special Agent, which was approved by the Department. Investigation was instituted and the results were entirely favorable; however, it was noted that Mr. Nixon was not available for the Special Agent position for slightly over a month since he was desirous of taking the California Bar Examination. Since
Memo Adams to Callahan
Re: Information Concerning

Mr. Nixon was not immediately available for employment his appointment was canceled.

Bureau files disclosed that Mr. Nixon, then Vice President, was the featured speaker at the graduation exercises which were held before the 53rd Session of the FBI National Academy on 6/11/54, and was introduced by the Director. In this introduction the Director noted that "some years ago he was extended an appointment as a Special Agent of the FBI, but having already embarked upon the practice of law, the FBI's loss ultimately became the country's gain." At the request of Mr. Nixon a copy of the Director's introduction was made available to him and he was most appreciative.

It was recommended and approved that be furnished a copy of the transcript of the Director's introduction of Mr. Nixon before the 53rd Session of the FBI National Academy, which was done by Bulet dated 4/16/69.

A review of the transcript of Mr. Nixon's address to the 83rd National Academy graduating class disclosed that he did state that in 1937 when he was graduating from law school the Federal Bureau of Investigation then, as now, was doing some recruiting in the law schools and along with three or four other members of the class he submitted an application to become a member of the FBI and stated he "never heard anything from that application." Continuing, he stated years later after he became Vice President of the United States he asked the Director what happened to his application and quoted the Director as saying, "I'll check the files." The Director then informed him that he actually had been approved as an Agent of the FBI and would have been made a member of the FBI except for one fact, "Congress did not appropriate the necessary funds requested for the Bureau in the year 1937."

is raising a question as to the veracity of the transcript of the statement made by the Director when he introduced Mr. Nixon in June, 1954, and what President Nixon said on 5/28/69. It is evident that he, will never be satisfied. No acknowledgment is warranted as to his recent letter since it was directed to the President. is currently on the Special Correspondents' List and has, in the past, exchanged Christmas greetings with the Director.

RECOMMENDATION:

That be removed from every mailing list.

Dear Mr.[[redacted]],

I have received your letter of April 11th, and your kind comments are indeed appreciated.

Enclosed is a copy of the transcript of my introduction of then Vice President Richard M. Nixon before the 53rd Session of the FBI National Academy. Mr. Nixon was the featured speaker at the graduation exercises which were held on June 11, 1954. I trust that the information appearing in the enclosure will satisfactorily answer your inquiry.

Mr. J. Edgar Hoover, Director

Dear Mr. Hoover:

The World Book 1969 Year Book states on page 557 that President Richard M. Nixon after graduating third in a class of forty-four from the Duke University School of Law in 1937 "tried unsuccessfully to join the Federal Bureau of Investigation."

Knowing that a few years later, I joined the Federal Bureau of Investigation after also graduating third in my college class, our 13-year old junior high school daughter asked me: "How come you got in and the President did not?"

My answer that perhaps the entrance requirements were lower in 1941 does not satisfy her.

I am not asking for confidential information, but if President Nixon did make application and if there was an innocuous reason for his rejection, which I feel certain there must have been, I respectfully suggest that you furnish it to the Field Enterprises Educational Corporation, Chicago, Illinois, publishers of the World Book, with the request that they in turn pass it on to all purchasers of their 1969 Year Book.

In my opinion our daughter [redacted] and all the other kids in these United States who read the World Book and love and admire both you and President Nixon deserve this explanation.

Sincerely yours,

Introduction of Vice President Richard M. Nixon
By J. Edgar Hoover, Director, FBI

It's a very special pleasure to introduce the next speaker. Few young men have forged ahead faster than the man I am about to present. While only 41 he has already lived a lifetime of achievement, and in my humble opinion, he is only getting started. He was born in the State of California, and acquired his education the hard way, his workday starting at 4:00 a.m. in the store of his father. Through his struggle for an education and a livelihood, there was never any wavering of his faith in the American way of life which has now become symbolic with his public service. He met adversity, and conquered it because his moral fibre was strong and his faith in God unwavering. He did his undergraduate work at Whittier College in California and then later went to the Duke University Law School where he obtained his Bachelor of Laws Degree. He returned to Whittier, California, and practiced law and served his country by enlisting in the Navy, where he was discharged in 1946 as a Lieutenant Commander. The same year, he was elected to Congress and the world now knows of his great service on the House Committee on Un-American Activities. Almost single-handedly, through his diligent and careful preparation and objective approach, he was responsible for the exposure of Alger Hiss, which subsequently led to the conviction of that man. Those efforts of his brought down upon him the vituperation of all subversives and earned for him the lasting hate of the smear artists, but the esteem in which he was held by the decent people of the country, and particularly of his home state, rewarded him with a seat in the United States Senate. In 1952, he was nominated for the Vice Presidency and he was elected to that high office. I said in my early remarks in presenting this gentleman that it was a very special pleasure for me to make the introduction because some years ago he was extended an appointment as a Special Agent of the FBI, but having already embarked upon the practice of law, the FBI's loss ultimately became the country's gain. It is my great pleasure to present the Honorable Richard M. Nixon, Vice President of the United States.

Remylet 2/13/64, showing tapes cut to be broadcast through April 17.

It will be of interest to the Director to know that former Vice President RICHARD M. NIXON, who is not a candidate for any office, cut two tapes with SAC, Cincinnati, during the late night hours of February 12 after NIXON had had a very strenuous day. We cut these tapes in his suite at the Netherland Hotel, Cincinnati, and they will be broadcast February 20 and 21. Consequently the Bureau should move all scheduled broadcasts commencing with the proposed February 20 broadcast two days into the future. Kindly record SAC speech credit for these two tapes.

Tapes are attached.

Mr. NIXON mentions FBI in tape one and comments on such matters as the need for greater respect for law enforcement.

In tape two, he is very commendatory of the Director and of FBI. The warmth of his feeling for FBI is apparent.

Attached hereto is a copy of my February 13 letter to former Vice President NIXON thanking him for cutting these tapes.

It is significant that Mr. NIXON held a press conference in Cincinnati, engaged in other business, and made a Lincoln Day speech before approximately 1,500 citizens.

He volunteered a willingness to participate in the FBI program because of his respect for the Director and because he believes the FBI program is an effective public service.

Memorandum

TO: Mr. Callahan

FROM: J. B. Adams

DATE: 5-3-71

SUBJECT: INQUIRY REGARDING SPECIAL AGENT APPLICATION OF PRESIDENT RICHARD M. NIXON

Congressman Thomas M. Rees (D-California) has forwarded a letter from [redacted], who has inquired regarding the reason for the President's rejection by the FBI. [redacted] states he recently heard on the "Today Show" that President Nixon was rejected by the FBI for a job during the 40's and that he is curious as to why he was refused a position and feels it is important to the people of the United States to know why. Congressman Rees has requested that the necessary information be furnished to him so that he can reply to the inquiry. Purpose of this memorandum is to recommend that a copy of the transcript of the Director's introduction of Mr. Nixon before the 53rd Session of the FBI National Academy be sent to Congressman Rees.

Bureau files disclose that Mr. Nixon submitted an application for the Special Agent position under date of 4-23-37 and was favorably recommended. Shortly after receipt of his papers, the Bureau submitted a letter to the Department recommending that Mr. Nixon be approved for an appointment to the Special Agent position. This was approved by the Department and investigation was entirely favorable. It was noted, however, that Mr. Nixon was not available for the Special Agent position for slightly over a month since he desired to take the bar examinations and a notation appears at the top of his brief "not qualified" which was apparently due to the fact that Mr. Nixon was not available. Accordingly, the appointment was cancelled on 8-13-37. The file does not disclose whether an appointment was actually sent but there is no question that he had been approved for appointment.

Mr. Nixon, while Vice President, was in speaker at the graduation exercises for the 53rd Session of the FBI National Academy on 6-11-54 and was introduced by the Director. The Director in his introduction of Mr. Nixon noted that "some years ago he was extended an appointment as a Special Agent of the FBI, but having already embarked upon the practice of law, the FBI's loss ultimately became the country's gain." Mr. Nixon subsequently requested a copy of the Director's introduction, and it was made available to him. When Mr. Nixon addressed the National Academy graduating class (83rd Session) on 5-28-69, he stated that he "never heard anything" from his 1937 application to become an FBI Agent and after becoming Vice President.
Adams to Callahan  
Re: Inquiry Regarding SA Application Of  
President Richard M. Nixon  

he asked the Director what happened to his application to which the  
Director replied, "I'll check the files." According to the President,  
the Director then informed him that he actually had been approved as an  
Agent of the FBI and would have been made a member of the FBI except  
for one fact, "Congress did not appropriate the necessary funds requested  
by the Bureau in the year 1937." There is no record in the Bureau file  
of this inquiry or of information furnished to the President.  

OBSERVATIONS AND RECOMMENDATION:  

In April, 1969, we answered a similar inquiry concerning  
Mr. Nixon's application for the Special Agent position by enclosing a copy  
of the transcript of the Director's introduction of Mr. Nixon before the  
53rd Session of the FBI National Academy. Accordingly, since we have no  
information in file to support the President's 1969 statement as to the reason  
why he was not appointed, it is recommended that in order to be consistent,  
we answer this inquiry in the same fashion as before by furnishing a copy  
of the transcript of the Director's 1954 introduction of Mr. Nixon. If you  
agree, an appropriate letter to Congressman Rees is attached for your  
approval. He is not on any Bureau mailing list, but we have had limited  
contact with Congressman Rees on constituent matters.
