SUBJECT: TRAVEL OF THE ATTORNEY GENERAL

*ROBERT F. KENNEDY*

With reference to the Attorney General's trip to Roanoke, Virginia, this afternoon, he has now advised he plans on meeting with the United States Attorney and his assistants and desires I accompany him to assist in these meetings. Travel to and from Roanoke is to be by a private plane which is being made available by the Norfolk and Western Railroad, leaving at 3:30 p. m.

With reference to the previous conversations between Ed Guthman of the Attorney General's Office and Ed Kemper of Crime Records, the Attorney General states he would appreciate the Bureau handling his transportation in Roanoke so this can be carried out in the usual effective manner of the FBI and without the fanfare which the United States Attorney and the Bar Association would like.

This whole fiasco is occasioned by number one, the Attorney General not making up his mind and secondly, by the antics of a Negro lawyer who has been trying to get a special seat on the podium when the Attorney General speaks. The meeting of the Bar Association is, I understand, not segregated.

ACTION TO BE TAKEN:

If the Director approves, I will accompany the Attorney General to Roanoke and will make the necessary arrangements with the Richmond Office to supply the Attorney General the transportation he desires. The Attorney General understands that our principal office is at Richmond and that we have Resident Agents at Roanoke. He does not desire that we disrupt our activities in any way or to have the SAC make any special trip to Roanoke.

This memorandum is submitted to supplement the teletype sent by the Richmond Division concerning the Attorney General's visit to Roanoke yesterday.

The U. S. Attorney from the Eastern District of Virginia at Richmond, Claude Vern Spratley, came to Roanoke and the Attorney General met with him and U. S. Attorney Tom Mason for the Western District of Virginia. The three Assistant U. S. Attorneys for the Western District were also present. Nothing of special interest occurred during these conferences since both U. S. Attorney's offices are small, their dockets are current and there are no particular problems.

Peter Hackes of NBC news traveled to Roanoke with the Attorney General as did the local reporters who regularly cover the Justice Department. Hackes taped a 30-minute television program made up of an interview with the Attorney General. During this program, Hackes said he had heard recurring rumors that the Director of the FBI was going to resign and asked the Attorney General to comment on this. In response to this question, Kennedy said that he had had great admiration and respect for the Director prior to the time he had become Attorney General and that this admiration and respect had increased during the past year; that he had no intention of leaving his position as Attorney General in the foreseeable future but that he hoped and expected Mr. Hoover to be Director of the FBI long after he left his position as Attorney General. He also was asked whether he had any intention of resigning in order to manage the President's campaign for re-election in 1964 and the Attorney General stated that he did not plan to manage this campaign.

The Attorney General's personal secretary, Miss Novello, advised he was desirous of seeing the motion picture film taken during the course of his trip abroad in February. This is the film taken by the U. S. Information Agency. The Attorney General has not seen it previously. Miss Novello asked if it would be possible to have this film shown in the FBI classroom which is equipped with the necessary projectors.

It is recalled that the Director previously approved our showing the film taken by the commercial television people of the same trip and this was seen by the Attorney General and his family in our classroom.

### ACTION

Miss Novello has suggested that late Friday afternoon would be a convenient time for the Attorney General. I have checked and determined our classroom will be free at 5:00 on Friday. Accordingly, if the Director approves, I will advise Miss Novello to this effect and will make arrangements with the Administrative Division to have a projectionist run the film.

SUBJECT: SPECIAL TOUR FOR CLASS OF JOSEPH P. KENNEDY, III OUR LADY OF VICTORY SCHOOL WASHINGTON, D. C.

*ROBERT F. KENNEDY*

As you know, at the last minute this morning the Attorney General's Office called and advised that the Attorney General's son, Joseph P. Kennedy, III, and his class would like a special tour of the FBI when they arrived at 10:30 a. m. this morning. The group arrived at approximately 10:15 a. m. and consisted of two Sisters of Notre Dame, five parents and 52 children. They were taken in two groups by Special Agents [redacted] and [redacted] and given a special tour with particular emphasis on the firearms demonstration in the indoor range. Pursuant to arrangements made by the Attorney General's Office, the group was then taken to the Attorney General's Office and Mr. Kennedy greeted them briefly and autographed the various pieces of material on crime and communism the students had obtained along the FBI tour route. Agents [redacted] did not personally meet the Attorney General but assisted in handling the group upon their leaving the Attorney General's Office and obtaining their cars which were located in the courtyard.

The nuns, adults and children expressed their appreciation for courtesies extended to them on the tour.

SATURDAY

William Geoghegan, Assistant Deputy Attorney General, called and advised the Attorney General has now scheduled his second reception for the children of Congressmen for May 26, 1962. Those to be included in this group of children are between the ages of five and nine years. Because of their youth, it is not desired that these children be given a tour of the FBI as was done during the first reception when the children were older. Geoghegan said it would be appreciated, however, if we could arrange for a shooting exhibition in the firearms range in the basement. Geoghegan said this would be the first item on the program and would be about 10:00 or 10:30 in the morning.

The Attorney General is sending out about 100 invitations. Predicated on the previous experience, he expects about 80% to accept.

Following the shooting demonstration, the children will be taken to the Attorney General's office where he is to talk with them. He is then going to have a magician to perform and this will be followed by a puppet show. He intends to serve them ice cream and cake and have the affair end shortly after noon.

### ACTION TO BE TAKEN

Since we cooperated with the Attorney General in connection with his last reception for Congressional children, we will, if the Director approves, have the necessary arrangements made to comply with the request in this instance.

SUBJECT: RECEPTION BY THE ATTORNEY GENERAL  
FOR CHILDREN OF CONGRESSMEN  
SATURDAY, MAY 26, 1962, 10:00 or 10:30 A.M.

*ROBERT F. KENNEDY*

### BACKGROUND:

Reference is made to Mr. Evans memorandum of May 11, 1962, which indicates that the Attorney General has now scheduled his second reception for the children of Congressmen on the morning of Saturday, May 26, 1962. Since the children included in this group are between the ages of five and nine years, Mr. Geoghegan in the Department pointed out that they <sup>need</sup> not be given a tour of the FBI as was done during the first reception on January 27, 1962. He said it would be appreciated, however, if we could arrange for a suitable demonstration in the firearms range in the basement. We were advised that the Attorney General is sending out about 100 invitations and is expecting about 80% acceptance.

The Director approved the recommendation that we make the necessary arrangements to comply with this request.

### ARRANGEMENTS:

*b7c*

The handling of this group is being coordinated under the supervision of SA [redacted] Chief of our Tour Unit. SA [redacted] of the Training and Inspection Division will handle the requested firearms demonstration and our plans call for the assignment of sufficient personnel to provide for the security of the building while these youngsters are in our charge. A nurse will be on duty in the Health Service in case of illness and in view of the fact that the visit will be confined to the range, it will not be necessary for us to make arrangements for additional elevator operators.

EX-107 REC-9 177-51387-249

Very special handling will be afforded these youngsters and Special Agents assigned to the Crime Records Division and adequate clerical tour personnel will meet the group in the Great Hall prior to 10:00 A.M. on May 26, 1962. From

this point they will be taken directly to the range where the group will be divided into two sections. A special firearms demonstration will be put on for one-half of the group at a time, while the other half will be shown the various effective exhibits we have installed in the lobby of the indoor range. These include an audience participation display on the effective range of various weapons used by the FBI, a colorful, sequential exhibit based on the practical pistol course, and a large three-dimensional diorama of our range setup at Quantico.

We are also preparing individual packets of appropriate reprint material, which will also include a silhouette target and some empty shells, which will be presented to these youngsters as souvenirs of their visit.

This matter is being followed very closely and you will be kept promptly advised of any later developments.

Pursuant to the Director's approval, we met the Attorney General's young guests in the Great Hall, right on schedule, shortly prior to 10 a. m. this morning. Following brief remarks of welcome by Mr. Geoghegan of the Department, we escorted the youngsters directly to our Indoor Range. There, Special Agent *b7c* [redacted] of our Quantico staff put on a very special firearms demonstration for half of the entire group at a time, while Special Agents [redacted] and *b7c* [redacted] of the Crime Records Division explained the various exhibits located in the lobby of our Indoor Range to the remainder.

Upon completion of our program, shortly prior to 11 a. m., we presented each child in the group with a packet of reprint material, which included a used silhouette target and empty shell casings. The group was then escorted to the Attorney General's reception room promptly at 11 a. m., at which time our participation in the program terminated.

### REACTION:

The special firearms demonstration was particularly well received, and all the youngsters in the group expressed their delight, with cries of excitement and spontaneous bursts of applause, in tribute to SA [redacted] superb marksmanship. Mr. Geoghegan and other Department officials were profuse in their praise for the manner in which the Attorney General's young guests were received and handled. The President's and the Attorney General's sister, Eunice, the wife of Sargent Shriver of the Peace Corps, participated in the tour and exhibited a keen interest in our activities. Mrs. Shriver asked numerous questions concerning the firearms training afforded our Special Agent personnel, both in Quantico and here at headquarters; she was very complimentary in her remarks concerning the program.

SUBJECT: EXAMINATION OF MEDICINES FOR THE ATTORNEY GENERAL

*Robert O'Kennedy*

With reference to the memorandum from the Laboratory dated June 7, 1962, this matter was discussed personally with the Attorney General. Mr. Oehmann, his Executive Assistant, was out of town and the Attorney General previously indicated he wanted this matter kept most confidential.

The Attorney General said he was still trying to get some information as to the intended use of the medicine which he asked us to examine. He understands that without such specifics a definite conclusion cannot be reached since there is an insufficient amount of the medicine to run all of the tests that would have to be made. The Attorney General said he is appreciative of what has been done, the information ascertained has been helpful and he would like to have the data in written form.

ACTION TO BE TAKEN:

There is attached a blind memorandum incorporating the results of the Laboratory examination. If approved, this will be handed personally to the Attorney General rather than being sent to him through the mail in view of his request the information be maintained in confidence.

**LABORATORY EXAMINATION**

The following specimens were received with the request their composition be determined, whether the samples were similar and whether narcotics or barbiturates were present.

- #1 One 30 ml. vial containing small amount of yellow liquid
- #2 One 10 ml. vial containing 10 ml. of yellow liquid
- #3 One 10 ml. vial containing 10 ml. of yellow liquid
- #4 One 10 ml. vial containing 10 ml. of yellow liquid

It is pointed out that it is not possible by analytical means alone to determine the specific detailed composition of these samples from the limited quantities furnished; however, general similarity and tests for certain specific components, such as narcotics and barbiturates were possible. The following results were obtained from such examination as could be made of this material.

- (a) Each of the specimens is composed of mixtures of vegetable oil solutions and water solutions;
- (b) Specimen #1 is different from specimens #2, 3 and 4;
- (c) Specimens #2, 3 and 4 are similar to each other;
- (d) None of the specimens contain any barbiturates or narcotics, such as Methadon, Demerol, or opium alkaloids (morphine or codeine);
- (e) Vials, such as we have in this instance, usually contain printed matter on the glass. Specimen #3 contains black particles that suggest at least 8 lines of printing were on the outside and that this printing had been mostly removed before receipt in the Laboratory.

The significance of the similarities between specimens #2, 3 and 4, and the significance of the difference between specimen #1 and the remaining specimens, of course, cannot be evaluated in the absence of a detailed specific analysis, which as noted above is not possible with the limited samples available.

SUBJECT: EXAMINATION OF MEDICINES FOR THE ATTORNEY GENERAL

Reference is made to Mr. C. A. Evans' note dated 6/4/62, concerning the above-entitled matter. The following specimens were received from Mr. Evans:

- #1 One 30 ml. vial containing small amount of yellow liquid
- #2 One 10 ml. vial containing 10 ml. of yellow liquid
- #3 One 10 ml. vial containing 10 ml. of yellow liquid
- #4 One 10 ml. vial containing 10 ml. of yellow liquid

It was requested that the Laboratory determine whether the samples were similar and whether narcotics or barbiturates were present.

It is pointed out that it is not possible by analytical means alone to determine the specific detailed composition of these samples from the limited quantities furnished; however, general similarity and tests for certain specific components, such as narcotics and barbiturates were possible. Confirming the oral information furnished to Mr. Evans, the following results were obtained from such examination as could be made of this material:

- (a) Each of the specimens is composed of mixtures of vegetable oil solutions and water solutions;
- (b) Specimen #1 is different from specimens #2, 3 and 4;
- (c) Specimens #2, 3, and 4 are similar to each other;
- (d) None of the specimens contain any barbiturates or narcotics, such as Methadon, Demarol, or opium alkaloids (morphine or codeine);
- (e) Vials, such as we have in this instance, usually contain printed matter on the glass. Specimen #3 contains black particles that suggest at least 6 lines of printing were on the outside and that this printing has been mostly removed before receipt in the Laboratory.

Mr. Belmont:

Andrew Oehmann, Executive Assistant to the Attorney General, stopped by the office. He left with me a small bottle, about one-quarter full of an orange colored liquid. The bottle is the type ordinarily used to hold medicines which are administered by means of an injection. The bottle has a label on it with the printed name "Dr. Max Jacobson, 155 East 71 Street, New York City. RE 7-0977-0978. Shake Well. Keep in Dark - Away From Light." The label also has a place for the date, name and dosage. None of these are filled in. The label has printed in orange colored ink what appears to be "SOL" or "SDL."

Oehmann said the Attorney General asked if chemists in the FBI Laboratory could tell him what this medicine is. Oehmann said the Attorney General was anxious about this. He added that the Attorney General had someone with him and Oehmann didn't have the opportunity of asking the Attorney General anything about the bottle of medicine. Oehmann speculates this may have been medicine for the Attorney General's father. He said, however, he is only guessing and reached this conclusion because of the AG's obvious intense personal interest.

ACTION BEING TAKEN:

The bottle of medicine is being delivered to the Laboratory and a memorandum will be submitted as to the results of our examination.

SUBJECT: TV INTERVIEW OF WALTER LIPPMANN  
ON "CBS REPORTS," CHANNEL 9, 10 P. M.  
JUNE 7, 1962

*Log 6-1*  
ROBERT KENNEDY

Walter Lippmann, noted newspaper columnist, during an hour-long interview, in reference to the recent incident relating to the steel prices commented that he thought the Administration's involving the FBI in the matter for early morning interviews of newsmen was bad. Later in the interview in answer to a question concerning the Attorney General, Mr. Lippmann replied that "Bobby" is a pleasant fellow but he still has the same reservation about him that he held prior to his appointment as Attorney General. He said "Bobby" is the type of person that when he feels he is right about a matter becomes "ruthless." He asserted the FBI's involvement in the steel issue was a good example and that he assumed, in fact he felt sure, that this was "Bobby's" doings since he is in charge of such matters. These were the only references to the FBI noted during the entire program.

RE: TRAVEL OF ATTORNEY GENERAL

The U. S. Attorney was instructed by Mr. REILLY to arrange the following:

1. A press conference at the office of the U. S. Attorney.
2. Arrange for a meeting of all the investigative heads at the office of the U. S. Attorney.

*Why did Sac volunteer this?*

Mr. POTTER was informed that I would see that the Attorney General, Mr. EVANS and the two accompanying him, Mr. JOHN REILLY and Mr. ED GUFFMAN, were picked up at the airport and taken wherever they wanted to go. Mr. POTTER desires to set the press conference for 3 p.m. at his office, allot thirty minutes for the press conference and tentatively schedule the meeting with the investigative heads for 3:30 p.m.

Mr. POTTER said he was also instructed to get a hotel room where the Attorney General could relax if he so desired. A room is being obtained for this purpose at the Skirvin Tower Hotel, located at Park Avenue and Broadway. This is one block away from the First National Bank Building, where tentative arrangements will be made for a private dining room for dinner at 6:15 p.m. at the Beacon Club. According to Mr. POTTER, Mr. REILLY said the Attorney General expected the U. S. Attorneys and the staff of the U. S. Attorney in Okla. City to be present at this dinner. Of course, this will include the entire staff of the Attorney General's party. Dinner can last up until 7:45 p.m.,

*Just why is Sac taking over all arrangements usually when FBI is expected to do press conference? I am not sure I did here & not thru some local U.S. City.*

and I will see that the Attorney General and his group are taken to the airport, which would be in sufficient time to get the plane for Dallas, American Airlines Flight #495, scheduled to depart at 8:15 p.m. There will be no problem on time since the local manager of American Airlines [REDACTED] will provide every courtesy and assistance. b7c

Possible topics of interest about which the Attorney General might be queried at his press conference may include:

1. What plans the administration has to provide some position for the present Governor of Oklahoma, J. HOWARD EDMONDSON (EDMONDSON has been one of the original boosters for the KENNEDYS and has been mentioned as having been considered for a responsible position in the present administration. He is a brother to former Agent and present U. S. Congressman ED EDMONDSON).
2. BILLY SOL ESTES case. (It will be noted that we have conducted about 175 interviews of individuals in Okla., including interviews of 63 farmers and those having knowledge of transactions relating to cotton allotments.)
3. The article appearing in the Saturday Evening Post relating to the trial of KATHRYN KELLY, wife of Machinegun KELLY, in connection with the kidnaping of CHARLES F. URSCHEL in 1933 and the trial in 1958. This question deals with allegations concerning alleged non-production by the U. S. Attorney of a handwriting examination by Bureau representative at the trial. Details concerning files of the Okla. City Office in this matter were transmitted to the Bureau by airtel dated 6-16-62. Enclosures were forwarded with referenced airtel.

5. He may possibly be asked about the case commonly referred to as "The Tulsa Bypass." This involves a fraud against the government (Bufile 46-39361) captioned [REDACTED], ET AL, FAG." For your information, this matter is being reviewed at present by U. S. Attorney JOHN IMEL, and within the next two weeks he plans to go over the case in detail with the Agent assigned, at which time he will make a decision on the action to be taken. b7c

6. It is possible the Attorney General may be asked something regarding the physical fitness program on a national basis, it being recalled that Athletic Director and Coach CHARLES (BUD) WILKINSON, of the University of Oklahoma, has been selected by the President as in charge of this national program.

7. He might possibly be asked concerning the Civil Rights matter captioned "ARREST PROCEDURES, OKLAHOMA CITY POLICE DEPARTMENT," wherein we have already conducted the investigation and submitted the closing report under the above caption made by SA [REDACTED] 3-1-62. A second report was submitted by SA [REDACTED] dated 3-9-62. We have no Bufile number on this. The newspaper correspondent for the Daily Oklahoman and Oklahoma City Times in Washington, D. SUBJECT: TRAVEL OF THE ATTORNEY GENERAL

ROBERT F. KENNEDY

The SAC at Oklahoma City was telephonically contacted with reference to his airtel of June 18, 1962. He was informed that Bureau instructions concerning the visit of the Attorney General were contained in an airtel of June 6, 1962, and the only thing that the SAC was to do was to keep the Bureau advised of any information which he received concerning the proposed visit of the Attorney General.

He was further informed that on the basis of his airtel it appeared that he was personally taking over arrangements and acting as an "errand boy" for the United States Attorney (USA). SAC Teague said that this was certainly not true but he could understand from the language that he used in his airtel where this impression might be created. Teague said that the USA had asked him for some guidance in setting up a dinner for the Attorney General. The USA did not have available any facilities in the downtown area which would be suitable for this. Teague said the only thing he did was to tell the USA that he, Teague, was a member of the Beacon Club (a private dining club) and he told the United States Attorney that he should feel free to use his membership there if the USA wanted to use the facilities of the club. Teague emphasized that arrangements for the hotel room were strictly being handled by the USA and he did not mean to imply that the SAC was involved in any way.

The SAC said he was told by the USA that in a telephone conversation the USA had been informed by the Department that the Attorney General would undoubtedly ask the FBI to meet him at the airport. The SAC said what he told the USA was that if this was so, he certainly wanted to cooperate.

As a matter of fact, while the Attorney General has had tentative travel plans he is constantly changing his mind. This is true here as the Attorney General first said he was going to Detroit, then he said he wasn't going to and he has now reverted back to including Detroit in the trip. Today I received the attached schedule from the Attorney General. He has indicated this is final, although it is noted this is only Wednesday and the trip does not begin until Monday morning.

VISIT TO BOULDER, COLORADO

In connection with the Attorney General's current trip, he is to be in the Denver area tomorrow, 6/26/62. SAC Scott Werner of the Denver Office called this afternoon and advised that information had been received indicating a possible gathering of the "Young Peoples Socialist League" at Boulder tomorrow at the time the Attorney General is there. Apparently this group is a small group from the University of Colorado who is interested in the civil rights legislation. Werner pointed out they are followers of Norman Thomas.

Mr. Werner stated there appears to be no problem in connection with this demonstration; that the Denver Office is keeping in close touch with it, and will furnish any additional details.

ACTION:

In view of the appearance of the Attorney General in Boulder tomorrow, this information has been passed on to Mr. Evans who is with the Attorney General, in order that it can be brought to the Attorney General's attention immediately.

TRAVEL OF THE ATTORNEY GENERAL.

ATTORNEY GENERAL ROBERT F. KENNEDY ARRIVED IN CHICAGO AS SCHEDULED LAST NIGHT AND HELD A CONFERENCE FROM SEVEN TO TEN P.M. IN THE U. S. ATTORNEY-S OFFICE. IN ATTENDANCE AT THIS CONFERENCE WERE THE HEADS OF IRS AND NARCOTICS, AUSA-S AND BUREAU REPRESENTATIVES. THE WORK BEING DONE IN CONNECTION WITH THE ORGANIZED CRIME PROGRAM IN CHICAGO WAS BRIEFLY REVIEWED, AND THE ATTORNEY GENERAL EXPRESSED APPRECIATION FOR WHAT HAD BEEN DONE AND HOPED FOR CONTINUED PROGRESS.

THE EMPHASIS WAS ON IRS MATTERS AS THESE PRESENTED BEST POSSIBILITY TO PROSECUTION OF HOODLUMS ALTHOUGH THE ATTORNEY GENERAL INDICATED HE HOPED THE ATTORNEYS WOULD EXPLORE THE POSSIBILITY OF USING THE ANTITRUST LAWS IN THESE MATTERS. NOTHING OF PARTICULAR SIGNIFICANCE IN SO FAR AS BUREAU OPERATION TRANSPIRED.

ATTORNEY GENERAL KENNEDY ATTENDED A BREAKFAST THIS MORNING AND ANNOUNCED A GRANT OF APPROXIMATELY A QUARTER MILLION DOLLARS TO THE CITY OF CHICAGO UNDER THE PRESIDENT-S PROGRAM ON JUVENILE DELINQUENCY. HE LEFT AS SCHEDULED FOR DENVER AT TEN TWENTY P.M.

SUBJECT: ATTORNEY GENERAL ROBERT KENNEDY  
ISSUES AND ANSWERS TELEVISION PROGRAM  
ABC-TV, 6-17-62

The above program was monitored by SA [redacted] of the Crime Records Division from 4:00 to 4:30 p.m. on 6-17-62. This was a local television program and the only person appearing on it as guest was the Attorney General. The moderator of the program asked the Attorney General a series of generally innocuous questions concerning his actions in the present Administration. The following points of interest were brought up.

Mr. Kennedy was questioned as to whether he believed the President had exercised too much power in his dealings with the steel industry, and he replied that the President is certainly not "anti-business," that the vigorous efforts he had taken to stop the raise in steel prices were done in public interest as he believed steel price raise would be inflationary. He pointed out that the Administration had assumed the steel industry would not raise prices after the President had exerted pressure to obtain a noninflationary labor contract. The President's strong action against the steel industry was occasioned by the fact that steel prices were raised, regardless of the fact that a noninflationary contract was obtained. Mr. Kennedy pointed out that a Grand Jury hearing is still in progress to determine if antitrust violations were present in connection with the steel price raise.

In regard to the Billie Sol Estes case, Mr. Kennedy stated that 75 FBI Agents are still working on this case. He pointed out that this case does not compare with the Teapot Dome scandal of the 1920's since it was ascertained that cabinet members and other high officials in that Administration had been corrupt. He said the Kennedy Administration will take responsibility for those Government employees involved in the Billie Sol Estes case, and he noted that a number have been discharged from their Government positions. He stated in his opinion the criterion in this case is not that corruption has occurred in the Kennedy Administration, but that the Administration has taken strong action to uncover all facets of the matter. He said his Department will vigorously prosecute violations of the law discovered in this case, and that Congressional committees will have access to FBI reports in order that they may conduct necessary inquiries.

77-51587-265 JUN 22 1962

NOT RECORDED

Mr. Kennedy stated he believed the most important problems facing his Department deal with civil rights, organized crime and juvenile delinquency. He said he has done a good job in these matters, particularly noting that a number of

Re: Attorney General Kennedy

positive steps have been taken in the civil rights field. He mentioned that there are many more Negro attorneys employed in the Department of Justice than when he entered office and that the President has placed Negroes in several important Government positions. He said that bus terminals and other facilities have been integrated in the South since he came into office and that whereas in the Eisenhower Administration there were only a few voting cases being prosecuted, he now has over 100 cases in the courts.

Mr. Kennedy concluded by advising that he is not now active in politics and does not anticipate taking any action on behalf of his brother, Ted Kennedy, in the latter's Senatorial campaign in Massachusetts.

Mr. Clyde A. Tolson  
Associate Director  
Federal Bureau of Investigation  
Washington, D. C.

Dear Mr. Tolson: ROBERT F. KENNEDY

It has just come to my attention that the Attorney General is scheduled to address the 42nd convention of the National Insurance Association in Los Angeles on July 26, 1962.

According to a Chicago news item, the National Insurance Association is comprised of the chief executive officers of 50 Negro-owned life insurance companies.

While I felt sure that you would be aware of the fact that the Attorney General is apparently scheduled to be in Los Angeles at that time, I thought it would be well to mention this to you.

On recent visits of the Attorney General to Los Angeles he has stayed at the Beverly Hills Hotel. You will recall that this is the hotel located on Sunset Boulevard in Beverly Hills.

Walter Winchell continues to be a regular guest at the Ambassador Hotel. He still occupies the same cottage as last year. He has been in and out of town, but will remain in Los Angeles most of the time when the filming of "The Untouchables" resumes within the next several weeks.

It appears that David Schine and his father, J. Meyer Schine, will be staying at the Ambassador Hotel sometime later this summer. Their plans are not definitely known to date.

I thought the above items might be of possible interest.

With my kindest regards to Mr. Hoover and you,

Sincerely, **REC-41 77-51387-272**

TRAVEL OF THE ATTORNEY GENERAL,  
 June 25 - 30, 1962

*Robert Kennedy*  
*McKee Drew*  
*6-1*  
*M...*

This memorandum is submitted to supplement the daily teletypes transmitted by the various field offices covering the locations visited by the AG last week.

The trip was primarily concerned with meetings with US Attorneys, Federal Judges, and the heads of Federal investigative agencies. In addition, the AG had speaking commitments in Colorado and at Roanoke, Virginia.

Including the US Attorneys who were attending the Fourth Judicial Conference at Roanoke, I had the opportunity of talking with a total of 27 USAs, scores of Assistant USAs and numerous Federal Judges. Uniformly these officials were all most commendatory of the Bureau's work and were apparently well acquainted with the FBI SAC in their home territory.

Of particular interest was the conference held on the evening of 6/25/62 at Chicago. It seems as though the USA there has learned something from previous conferences with the AG, in that he now has a tendency to talk in a more positive tone and to cry less about his difficulties. It is still obvious, however, that he has no real control over his office and there is dissension between Assistant USAs in Chicago. After leaving this conference the AG said that this one was somewhat better than previous conferences, although the USA's office in Chicago was still his #1 problem in this field.

EX-115 REC-37 77-51387-274

The AG was extremely pleased at the results of the conference in Los Angeles. SAC Simon was most forceful in his presentation and he stressed the accomplishments which have been secured; the fact that he noted the effect of the Federal Grand Jury which has been assisting in the problem of organized crime; the pressures effected in this way.

The AG said he was most impressed with the work done by the FBI in Los Angeles and he characterized the over-all situation with regard to the organized crime program in that city as being the best in the United States.

Mr. Belmont

While in Los Angeles the AG conferred with Jerry Wald about the production of the motion picture predicated on the AG's book. There seems to be some question in the AG's mind as to whether this picture should be produced until after prosecutions in which James Hoffa is involved are completed.

[REDACTED] b7c

The meeting held in Oklahoma City was attended by the USA there, as well as USAs from the other two judicial districts in Oklahoma, and the two districts in Arkansas. Actually, the USA in Oklahoma City is not a forceful individual; his presentation of the work in the area was most inadequate when compared with the detailed presentation by SAC Teague. None of the other investigative agencies had anything material to contribute, and the AG's understanding of crime conditions in that area was predicated solely on the FBI presentation.

The meeting in Nashville, Tennessee on Friday, 6/29, was also attended by the USAs from the five surrounding judicial districts (two in Tennessee, two in Kentucky, and one in northern Mississippi). The big problem in this area is, of course, rather extensive gambling activities, and the corruption of several major law enforcement organizations. The AG cut this meeting short in order to spend some time in the late afternoon with the publisher and editor of the Tennessean (it is noted that John Siegenthaler, formerly the AG's Administrative Assistant, is now the editor of this paper). These discussions related to the whole spectrum of national affairs, with particular comment on the Foreign Trade Bill which had just passed the House of Representatives. They also touched upon the activities of mutual acquaintances. There was nothing that related to the FBI.

Mr. Belmont

The AG's speech concluded the Fourth Judicial Conference at Roanoke on Saturday, 6/30. His talk concerned the work of the Department of Justice and the need for a rule of law to uphold the position of the U.S. as a nation where justice is done. In private conversations with many of the judges in attendance at this conference it was obvious that the Jim Bennett philosophy as to handling Federal law violators is continually being pushed. Several judges mentioned the speech given the night before by Senator Roman L. Hruska, who favored the indeterminate sentence procedure.

**ACTION TO BE TAKEN:**

While Assistant Director DeLoach has done some very effective work in countering this soft treatment approach to criminals in his appearances at two or three of the judicial conferences, it would nevertheless seem that we are going to have to continue to get our views across to counter the Bennett philosophy. Accordingly, it is believed we should accept every invitation possible to appear before the judicial conferences for this purpose.

SUBJECT: TRAVEL OF THE ATTORNEY GENERAL TO NEVADA

*Robert F Kennedy*

On Saturday, 7/14/62, I telephonically contacted ASAC Shroder of the Las Vegas Division who was in charge of the office in the absence of SAC Dean Elson from the city.

I told Shroder that the Attorney General was traveling to Nevada with General Maxwell Taylor on Monday afternoon, 7/16/62, and would probably remain in Nevada thru July 17. The Attorney General's purpose in visiting Nevada was to observe an atomic detonation. I also informed Shroder that the Attorney General would spend the night of 7/16/62 at the Thunderbird Hotel and that these reservations were being handled for him by the Army. I told Shroder that the Attorney General's trip required no action by him; however, we were alerting the office in the event the Attorney General might call while in Las Vegas.

The Attorney General advised on Saturday morning that he was going to Las Vegas on Monday with General Maxwell Taylor to view an atomic detonation. He stated that General Taylor through the Army had made reservations for them to stay at the Thunderbird Hotel in Las Vegas. The Attorney General wanted to know the reputation of this hotel. I told him that from memory this establishment is not one of the more notorious spots, but the gamblers, of course, played a prominent role in practically all of the Las Vegas hotels. I told the Attorney General that a memorandum would be prepared for him concerning this hotel which we would get over to him Monday morning. He said this was fine since he wasn't leaving for Las Vegas until late Monday afternoon.

ACTION BEING TAKEN:

The memorandum for the Attorney General is being expedited and will be submitted for the Director's approval first thing Monday morning, July 16, 1962.

SUBJECT: ATTORNEY GENERAL'S VISIT TO NEVADA

With reference to the Attorney General's visit with General Taylor to Nevada, at approximately 8:15 p. m. on 7/16/62 the Andrews Air Force Base telephonically advised our Washington Field Office that the plane on which the Attorney General was traveling was returning to Andrews Air Force Base. According to the Command Post at Andrews, the Attorney General's plane was scheduled to land at Andrews at approximately 9:50 p. m. No reason was known why the plane was returning to Washington. However, at about 9:40 p. m. the Command Post at Andrews advised that Base operations at Andrews had "goofed" and the Attorney General and General Taylor were scheduled to arrive in Las Vegas around 10:10 p. m., E. S. T. as planned.

SAC Elson of the Las Vegas Office subsequently advised that the Attorney General had arrived in Las Vegas at approximately 11:25 p. m., E. S. T. Elson spoke with the Attorney General for a very short time pursuant to his request. The Attorney General is staying at the Thunderbird Hotel and the military authorities appear to be taking care of the accomodations for the Attorney General and General Taylor while in Nevada. No requests have been made for any action on the part of the Bureau.

SUBJECT: VISIT OF ATTORNEY GENERAL  
 TO LAS VEGAS

The Attorney General telephoned and advised that in connection with his visit to Las Vegas he would like to have the opportunity of talking with our Agent in Charge concerning organized crime matters, particularly the gambling casinos in Las Vegas. In addition, he said he wanted to talk to the head of the Internal Revenue Service there. The AG is aware of the reputation of US Attorney John Bonner [redacted] accordingly, the AG does not plan any contact with the US Attorney. *67C*

The AG said further that his time is limited, since he does not expect to arrive in Las Vegas until after 10 p.m. tonight (Washington time). He is due to leave there at 7 o'clock tomorrow morning for the atomic test site. Under the circumstances the AG said he would either talk with our SAC tonight or, if he were too tired, he would have the SAC come over early in the morning and have breakfast with him. He asked that our SAC get in touch with him on his arrival in Las Vegas, at which time he will work out further details directly with the SAC. *7*

**ACTION TO BE TAKEN:**

If you approve the SAC at Las Vegas will be telephonically advised of the AG's request and he will be instructed to meet with the AG, in line with the above.

Dear Bob:

The graduation exercises of the Seventieth Session of the FBI National Academy are scheduled for Wednesday, October 31, 1962, at 10:30 A. M., in the Departmental Auditorium. I am writing to you at this time in the hope you will agree to present the diplomas to the graduates. We would be privileged to have you participate in this manner, and I know the approximately ninety members of the graduating class would feel honored to receive their diplomas from you.

You are familiar with the background and history of the National Academy. The Seventieth Session will be a particularly noteworthy one because for the first time it will include a number of foreign participants under the Agency for International Development Program.

I shall appreciate your advising me if you can fit this engagement in with your schedule of commitments.

Sincerely,

Edgar

Our Los Angeles Office on July 26, 1962, received a telephone call from David R. Hissen, Assistant United States Attorney in that city, who reported that he had received an anonymous telephone call at approximately 1:10 p.m., on that date, during which he was told to warn Robert Kennedy not to go into the mountains of Washington State during his vacation tour in the West.

The caller, who sounded like a young male, stated that he had overheard "some gangland characters" in Canada recently talking of killing the Attorney General under appearances of an accident inasmuch as the latter was "getting in their way." The caller stated that these individuals implied that they would hire someone from Italy to do the actual killing.

This information was furnished to Secret Service Agent [redacted] in Los Angeles and to [redacted] Protective Research, Washington, D. C., on July 26, 1962. It has also been brought to the attention of the Attorney General.

Check with Secret Service indicates that while that agency has responsibility for the protection of "the immediate family of the President," they have not been exercising such responsibility except for the President's wife and children. Mr. J. Edgar Hoover

Dear Sir:-

I am sure that <sup>Robert</sup> <sup>o</sup> Kennedy after reading this article about our beloved Attorney General, will want to obey the Law.

I am positive that the charts, graphs and writings about crime reaching a new high level will immediately show a decline.

I suppose the Pretty Secretaries walked the dog on their lunch hour, coffee break time or their day's off.

Yours for easy Law Enforcement

Bobby Kennedy

## Bobby's Dog Defying 'No Dogs Allowed' Sign

WASHINGTON *P*—Most dogs get lonesome when the kids are on vacation. Brumus is no exception.

So Brumus, a husky 100-pound-plus Labrador, has been going to the office with his master, Atty Gen. Robert F. Kennedy.

"With the children gone he gets lonely," Kennedy told some visitors the other day, "so I bring him to the office with me and he gets pretty secretaries to take him for a walk."

And that explains the pretty secretaries walking the streets around the Department of Justice, being led by a big black shaggy dog.

Brumus was missing one day this week, and there was the attorney general of the United States, strolling through the maze of corridors, whistling for his dog. Brumus was found in the FBI section.

That same day Brumus wedged his way under Kennedy's desk as the attorney general was taking part in a question and answer exchange with some Brazilian students.

Without skipping a beat, Ken-

nedy poured water into an ash-tray and slid it under the desk to the thirsty Brumus.

There's a \$50 fine and 30 days in jail for anyone convicted of bringing animals, other than Seeing Eye dogs, into government buildings.

Deputy Atty. Gen. Nicholas Katzenbach was asked about it. Without batting an eye, he ruled, "Brumus must be a Seeing Eye dog."
