SUBJECT: ~~X~~ ATTORNEY GENERAL'S CHRISTMAS PARTY
 1, 100 UNDERPRIVILEGED CHILDREN
 REQUEST FOR FBI FIREARMS DEMONSTRATION
 FRIDAY, DECEMBER 20, 1963, 2:00 P. M. - 4:00 P. M.

Reference is made to our memorandum of December 9, 1963, attached, wherein the Director approved a series of firearms demonstrations for the 1, 100 children invited to the Attorney General's Christmas Party on Friday, December 20, 1963.

At 9:30 A. M. today Mr. Stubbs, of the Department, who made the original request in connection with this affair, telephoned SA [REDACTED] He said he first wanted to express the Department's wholehearted appreciation for the splendid cooperation he received from us in connection with the captioned matter. Somewhat apologetically, he added that at a meeting of the Program Committee last night it was decided that in view of the large number of boys and girls involved, and the fact that they would have to be split into small groups in order to see the firearms demonstration, that they did not wish to impose on us to this extent. Mr. Stubbs explained that the members of the committee fully appreciated that the FBI could handle its part of the program with its usual efficiency, but their concern was with the other events on the program. He said that they had engaged a Clown Band which would play in the Courtyard with several individuals dressed as animals who would entertain the children. He mentioned they were now seeking a show business luminary to entertain the group in the Great Hall, following which the youngsters would be brought to the Attorney General's Office to meet Mr. Kennedy and to receive individual gifts from him. He added that because of the movement of large numbers of children involved which would severely tax the elevator service on the Justice side of the building, they felt that it best because of the time element to omit the firearms demonstration.

Mr. Stubbs stated that he hoped he hadn't caused us any inconvenience in connection with any planning we may have done on his original request, and he was thanked for getting in touch with us as promptly as he did.

DATE: December 9, 1963

SUBJECT: ATTORNEY GENERAL'S CHRISTMAS PARTY
 1, 100 UNDERPRIVILEGED CHILDREN
 REQUEST FOR FBI FIREARMS DEMONSTRATION
 FRIDAY, DECEMBER 20, 1963, 2:00 P. M. - 4:00 P. M.

This morning, Mr. Robert J. Stubbs, of the Department, advised that the Attorney General is planning to hold a Christmas party for about 1, 100 underprivileged boys and girls from the Washington, D. C., area. These children will be between the ages of 9 and 11 and this affair will be held in the Great Hall and the Justice Courtyard. Mr. Stubbs indicated that the Attorney General's assistant, Dave Hackett, will be in charge of the program, and that entertainment will be provided, consisting of a group of clowns, a magician, and several stars of the Washington Redskins' football team have also been invited. He mentioned that in the event of snow they planned to have horse drawn sleds take the children around the courtyard, and that should weather conditions not permit this, they were looking into the feasibility of hiring a snow machine for this purpose. This is not firm, however, he said.

Present plans call for the children to be brought to the Great Hall at 2:00 P. M. on Friday, December 20, 1963, by D. C. Transit Company buses which will also return them at the end of the party about 4:00 P. M. Mr. Stubbs explained that the Attorney General is greatly interested in this affair and wanted him to check to see if it would be at all possible for the FBI to put on a series of firearms demonstrations for the children. He said that if this were possible necessary arrangements could be worked out to our convenience and satisfaction, and that the demonstrations could be scheduled across the entire two hour period so that our facilities would not be overloaded. Mr. Stubbs was advised that our Indoor Range is also used as a training facility at this time of the year in addition to being used for FBI Tours, and that we would have to check our commitments to see what our situation is on that date and time.

A check of our tour schedule reflects that our commitments are relatively light during the two hour period involved here on December 20, 1963. Further, the Training Division advises that the Indoor Range will not be used for training purposes until 4:30 P. M. on that particular date. The handling of these 1, 100 youngsters could be coordinated without too much difficulty by our Tour Unit staff, and arrangements could be made to schedule a sufficient number of demonstrations during the two hour period to enable all of the children to see a firearms demonstration.

RECOMMENDATIONS:

1. That firearms demonstration be approved for these youngsters on Friday, December 20, 1963, from 2:00 - 4:00 P. M.

b7c 2. If approved, that SA [redacted] of our Tour Unit effect the necessary liaison with Mr. Stubbs of the Department to work out the necessary details. *OK*

Robert O. Kennedy

The Attorney General called and stated he had heard that there has been some discussion about a report on Martin Luther King before the Rooney Committee and also some discussion about the Department of Justice wanted to recall that report and he, the Attorney General, wanted to recall our conversation about it because someone got the impression he, the Attorney General, requested it be recalled. I told the Attorney General that the only discussion before the Rooney Committee was off the record; that there was inquiry off the record as to the association of Martin Luther King with the Communist movement and I reviewed the information that we had developed in the monograph and said copies of the monograph had been delivered to the Secretary of Defense, the Secretary of State, and the White House, and that it was later recalled because it was feared it might leak out. I stated one of the members of the Committee, a Republican, made the statement he thought it ought to be exposed, and Chairman Rooney said he thought information of that kind should be kept in the back of the head rather than come out as public information. I stated I made the remark that that was the intention in recalling the document. The Attorney General stated he understands that they are saying he had requested it be withdrawn. I stated it was nothing of the kind; that in other words he, the Attorney General, and I had talked about it several times and he had questioned the wisdom of its distribution and I indicated I would have the copies withdrawn and I did. The Attorney General stated he did not want to have the idea that he had requested it. I stated both of us had feared a leak might get out from the Departments which had copies of the monograph; and if it happened during a sensitive time of negotiations going on with the Negro leaders, it would have caused a ruckus insofar as King was concerned.

stated he did not know what is going on with this thing, that he just knew the letter was cleared with the FBI before it was sent. I stated I did not know what the letter is, that I would check on it because that is a new development I had not heard about. The Attorney General stated that just last weekend he heard that there was apparently some conspiracy on the part of President Kennedy and himself in connection with this; that he did not mind it coming out, but he wanted the facts. I stated there was no discussion on the record at all, it was all off the record and as I had stated, there was one member who thought this information about King ought to be exposed and Rooney spoke up that it is better at times to have matters of this kind in the back of the head rather than have it leak out or be disseminated, and I stated that was the intention of recalling the document. The Attorney General stated he remembered the conversation we had had. I stated in regard to this matter of some letter that DeLoach mentioned, I did not know what that is about and I would talk to DeLoach about it and check on it.

Shortly before 10:30 this morning our Tour Room received a request from the Attorney General's Office for a tour leader. Mention was made that little "John John" Kennedy, the late President's son, wanted to see our guns.

b7c

SA [redacted] went directly to the Attorney General's Office where it was decided that the Attorney General, Dave Hackett, and little John would go to our Indoor Range for a special firearms demonstration. Upon leaving his office, the Attorney General said that he wanted to stop by and see if the Director were in, and [redacted] took the party directly to Mr. Hoover's Office. The Director received the group, spent some time with little John showing and explaining to him various items in his office which appeared to fascinate the child. Little John was particularly interested in the model airplanes and missiles, and the Director promised the boy that he would send one of the model missiles over to his Uncle Robert this afternoon so that he could give it to him. Secret Service Agent [redacted] also accompanied the group while they were at the Bureau; however, he did not go into Mr. Hoover's Office with the party. *K*

b7c

Following the meeting with the Director, [redacted] took the group to the Indoor Range where SA [redacted] was in the process of firing for a couple of tour groups. His accuracy was perfect and elicited cries of approval from the tourists. Following this the Attorney General was introduced to [redacted] and arrangements were made for little John to fire a couple of shots with the revolver under Agent [redacted] close scrutiny. The youngster was delighted, and the target was given to him before he left the range. The Attorney General expressed appreciation for the courtesies extended at the Bureau.

SUBJECT: TRAVEL PLANS OF THE ATTORNEY GENERAL

D. J. Brennan

Previous memoranda have set forth information indicating the Attorney General is to participate in the memorial services for the late General MacArthur in Norfolk on April 11, 1964.

Mr. Harold Reis, Executive Assistant to the Attorney General, has advised that the Attorney General is to officially participate in the services and is to travel to Norfolk, Virginia, leaving Washington, on an Air Force Jet plane at approximately 8:15 a. m., on April 11, 1964. Mr. Reis asked that they be furnished with any additional information coming to our attention which would be of interest in connection with the Attorney General's trip. Of course, this will be done. The Department has been advised by memoranda concerning information received from the Norfolk Police Department indicating a possible threat to the Attorney General on the part of a disgruntle citizen in Norfolk. In addition, the Attorney General has been advised of anonymous calls to the "Washington Daily News" and the Norfolk Police Department indicating one [redacted] allegedly has threatened to bomb the memorial services in Norfolk. The Norfolk Office is aware of this information and it has been disseminated to local authorities as well as military and Secret Service.

With further reference to the Attorney General's travel plans, Mr. Edwin Guthman has advised that the Attorney General will visit Canada on April 14, 1964. The Attorney General Enc.

 JOHN F. KENNEDY, JR., SON OF LATE PRESIDENT

 EDWIN GUTHMAN, ATTORNEY GENERAL'S SPECIAL
 ASSISTANT FOR PUBLIC INFORMATION
 ██████████ SECRET SERVICE AGENT
 FRIDAY, APRIL 24, 1964, 10:25 A. M.

DC

At about 10:25 A. M. today SA ██████████ received a telephone call from Ed Guthman, of the Department, who asked if it would be possible for him to bring little John Kennedy and the above-named children of the Attorney General with their Secret Service Agent escort to the Exhibit Rooms for a brief tour. He was assured that the Director would be very pleased to have this done and ██████████ met the party personally and briefly conducted them on a visit through our Exhibit Rooms. The children were particularly interested in the large model airplane that we have on display in connection with the Jack Gilbert Graham Case. Guthman and the Secret Service Agent had many complimentary things to say about the manner in which our exhibits were displayed and they appeared to be particularly interested in the Brink's matter and the Abel Spy Case. The children were also given an opportunity to view the large photograph of the Attorney General and following this they were taken to the Indoor Range.

SA ██████████ of the Training Division put on a most effective demonstration for them which the children thoroughly enjoyed. Each, of course, was given a used silhouette target before they left the FBI. Guthman was most appreciative and commented that the FBI Tour certainly was a very popular Washington institution judging from the thousands of people he saw in the building at the time and the enormous crowds he had seen at various other periods during the spring season. He said that numerous friends of his and the Attorney General whom he had referred to us for the FBI tour had commented in highly favorable language concerning the manner in which their visits were handled.

SUBJECT: REQUEST OF ATTORNEY GENERAL FOR
UTILIZATION OF CLASSROOM #1 (ROOM 5231)
TO VIEW 35 MILLIMETER FILM, 4:45 PM, 5-5-64

Eddy Ford, Services Branch Manager of the Administrative Division of the Department, telephonically contacted the writer late this afternoon and stated that the Attorney General's Office had requested his office to see if it would be possible to obtain the use of FBI Classroom #1 (Room 5231) at approximately 4:45 p.m. on Tuesday, May 5, so that the Attorney General could view two 1000 ft. reels of 35 millimeter film that the President of the Columbia Broadcasting System (CBS), was flying in from New York with, leaving New York at 3:00 p.m. tomorrow. I advised Ford I would have to check to see what the utilization situation was with respect to this classroom and advise him.

The Training Division has informed that classroom #1 will not be in use tomorrow afternoon for classroom purposes. Therefore, should the Director approve the utilization of this room for the showing of the film to the Attorney General, it is available at the time desired and a projectionist can be made available.

Dear Sir:

There are only 2 blemishes on your 40-year record with the FBI. 2 men died whose lives you could have saved.

In 1941 Lepke surrendered to you personally on your promise that he would be tried by the U. S. Instead, you turned him over to NY and B. A. Dewey whose life Lepke had spared when he ordered Dutch Schultz removed. Dewey sent him to the chair in 1944 as part of his campaign for President.

Lepke's loss was not a great one to the U. S. but in 1963 America lost its greatest leader since for when your Agents bungled the Lee Oswald case, it was a great victory for the Reds.

Oswald's widow has received \$60,000 in contributions, a woman who could have saved JFK with one phone call. I certainly hope that you are checking every person - left or right wing - who has seen fit to disgrace our country by sending her money.

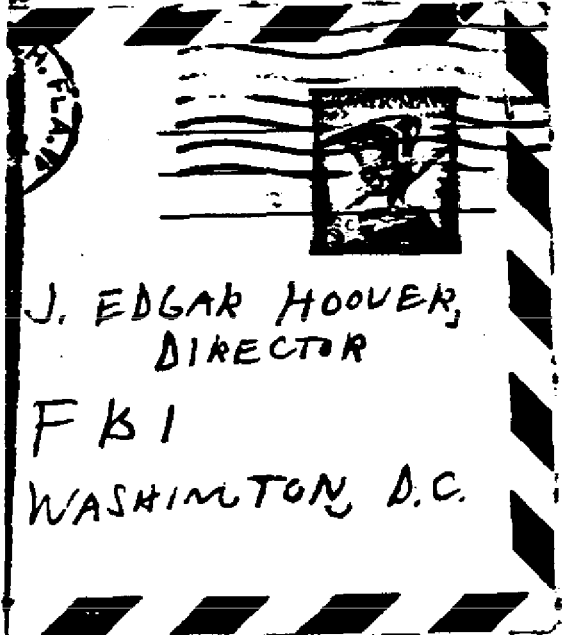

They shot the wrong Kennedy, stop letting Bobby use the FBI like the Gestapo. John Knight of the Miami Herald can tell you what I mean.

Disappointed.

Based upon your request, extra duty supervisor, [redacted] telephonically contacted Tom Nally, ASAC, Richmond Division, at 9:55 P.M., tonight with the instruction that Nally have [redacted] in Farmville, Virginia, contacted to determine full facts concerning his information that Attorney General Kennedy should not land at the Farmville Airport on Monday.

Nally called back about 10:35 P.M., tonight and advised as follows:

b7D

[redacted] Farmville, Virginia, was contacted telephonically tonight by SA [redacted] of the Richmond Office. [redacted] advised that he had been in Farmville since August, 1963. He stated that last evening, 5-8-64, he had attended a meeting of college students at Farmville, which is the location of both Hampton-Sydney and Longwood College. At the meeting he met a William Delano of the Peace Corps, who was from Washington, D. C. In conversation with Delano, Delano said he was concerned about the visit of the Attorney General to Farmville; that Delano claimed to know the temper of the people in town and it was his opinion that the feeling toward the Attorney General at this time was not conducive to a satisfactory visit. [redacted] expressed great admiration for the Attorney General and said that his visit to Farmville was a worthy cause. He said that he had absolutely no specifics of any type indicating any threat against the Attorney General. He said that Delano told him his comments were strictly motivated by his own personal opinion and he knew of no one who shared his views. He was furnished with the telephone number of the Richmond Office and the location of SA [redacted]. He will immediately contact the Richmond Office if he receives any pertinent information.

Nally said that he and [redacted] will talk with [redacted] on 5-10-64.

Memorandum to Mr. Evans

RE: Attorney General Kennedy's visit to Farnville, Va., 5-11-64

Nally stated that he had previously alerted the Farnville Police Chief Otto Overton, [REDACTED]

b7D [REDACTED] His brother is Jack Overton, the First Deputy Sheriff of Prince Edward County, Virginia, who was also alerted to be on the lookout for any potential trouble. After talking with [REDACTED] both of the Overtons said that they had checked extensively in Farnville today, and had received no information concerning any threats to the safety of the Attorney General or any possible trouble in connection with his visit.

Nally said they have been in touch with the local police and have worked closely with them in setting up security and precautionary procedures. Sixteen uniform officers and four plain clothes officers from the police department will be on duty. The latter four will be mingling with the crowd and equipped with radios tuned to the police frequency. The Bureau cars will be tuned to that frequency. A sufficient number of Agents with cars will be assigned to cover the affair. Seven or eight Virginia State Troopers will be on the scene directing traffic and available if trouble ensues.

Nally is of the opinion sufficient law enforcement personnel are available and already assigned to cover this parade on Monday; however, on 5-10-64, a meeting will be held with representatives of all agencies affected to iron out last minute problems.

ATTORNEY GENERAL'S ~~PROPOSED~~ VISIT
TO FARMVILLE, VA., 5/11/64
MISCELLANEOUS, INFORMATION CONCERNING

Re my airtel, 5/11/64, advising that Attorney General ROBERT KENNEDY and party arrived at Farmville, Va., about 9:40 A.M., 5/11/64, and were met at the Farmville Airport in accordance with instructions received.

The Norfolk Office by separate communication is transmitting an article titled "Bobby Makes A Visit" by GEORGE M. KELLEY, Richmond, Va., correspondent, which appeared in the 5/17/64 edition of the Virginian-Pilot, a Norfolk, Va., newspaper. In the article KELLEY, referring to the Attorney General's visit to Farmville, alleged that an FBI Agent on duty at the airstrip readied himself by getting into the car the Attorney General would ride in, pulling his gun from the holster, putting a bullet in the chamber and sticking the gun "in the waist" of his trousers. KELLEY's article reflects further that an FBI Agent was first to greet the Attorney General and after introducing himself gave a signal that obviously was an indication that everything was under control. KELLEY continued that the FBI man was never more than a few feet from the Attorney General.

Upon being apprised of the contents of the article by GEORGE M. KELLEY, I immediately contacted the Richmond Agents who met the Attorney General and they have advised that the claims of KELLEY are ludicrous. For example, the Agents pointed out that

I thought that the Bureau might desire to have the foregoing comments in evaluating this matter.

As the Bureau is aware, Governor SANFORD and Attorney General KENNEDY have apparently been very cordial, and inasmuch as Attorney General KENNEDY's special plane is expected to land at the Raleigh-Durham Airport which is perhaps 15 miles from Raleigh, and inasmuch as the Attorney General's speech is to be made at nearby Duke University, there is a strong likelihood that Governor SANFORD will meet and may desire to accompany the Attorney General while he is making this visit. I have had no advance notice of this but Bureau instructions are specifically requested as to how this matter might be handled if, in fact, Governor SANFORD does appear and join the Attorney General's party.

SUBJECT: TRAVEL OF THE ATTORNEY GENERAL

The Attorney General's secretary telephoned and advised that she in turn has just received a call from the Attorney General who is in New York City. The Attorney General has canceled his scheduled appearance at Duke University late tomorrow, May 26, 1964. He will keep, however, his commitment at West Georgia College, Carrollton, Georgia, early Tuesday afternoon. The Attorney General is returning directly to Washington from Georgia and is scheduled to arrive at Andrews Air Force Base about 6:00 p. m. The Attorney General's secretary was unaware of the reason for the Attorney General advancing the time of his return to Washington. She said he had promised Duke University to reschedule his appearance there next fall.

Within a short time after the call from the Attorney General's Office, ASAC Walters of the Charlotte Division advised information had been received by our Senior Resident Agent at Durham, North Carolina, from officials at Duke University that the Attorney General's appearance there had been canceled. The Charlotte Division is therefore aware that the Attorney General will not be visiting in their territory tomorrow.

This morning a request was received from the Attorney General's office for a special tour for four of his children.

 SA [REDACTED] of the Crime Research Section went to the Attorney General's office where he met the Attorney General and was introduced to the four children who were to take the tour. They were as follows: Joseph, aged 12; Bobby, aged 10; Michael, aged 6; and Mary Kerry, aged 4. Joseph, who acted as spokesman for the group, said they were particularly interested in a firearms demonstration. Consequently, after a brief tour of the Laboratory, they were taken to the firearms range and provided a very special demonstration. They were each given a target and some ^{shell} casings which they received enthusiastically. Following the firearms demonstration, they were taken to our Exhibit Rooms where they expressed a particular interest in the Jack Gilbert Graham display. They were all intrigued by the model airliner that is featured in this exhibit.

Following the tour, they were returned to the Attorney General's office. The Attorney General met them personally and expressed his appreciation for the cordial treatment afforded them.

During the Attorney General's recent visit to Carrollton, Georgia, our Atlanta Office has indicated that during the question and answer program inquiry was made of the Attorney General as to what was being done about La Cosa Nostra. He said that the convictions are up 700 per cent. The Director inquired as to the correctness of this figure.

It appears that the basis for the inquiry is in the Attorney General's report to the President on the Federal fight against organized crime and racketeering dated January 9, 1964. This report advises of the number of racketeering indictments, the number of individuals indicted and the number of individuals convicted. It reveals that convictions numbered 45 in 1960, 73 in 1961, 138 in 1962 and 288 in 1963. Nowhere in the report are these convictions identified as being members of La Cosa Nostra. This can figuratively be interpreted as nearly a 700 per cent increase during the period 1960 through 1963.

It is known from previous discussion with representatives of the Department's Organized Crime and Racketeering Section that they have lumped into the figure reflecting racketeering convictions all such action which took place in Labor Management Relations cases, any conviction of a member of the Teamsters, as well as any conviction in gambling matters.

Attorney General KENNEDY, Mrs. ROBERT KENNEDY, ED GUTHMAN, ROBERT RICHARDSON, Chief of Staff to Governor CARL SANDERS, DON IRWIN, Reporter for Los Angeles Times, and JOSEPH CRAFT (KRAFT), Harpers Magazine, arrived Carrollton, Ga., 1:10 P.M. EST, this date. AG participated in ground breaking ceremonies for JOHN FITZGERALD KENNEDY Inter-denominational Chapel at West Georgia College, Carrollton.

In question and answer program at the college, AG answered question about what was being done about the Cosa Nostra that convictions are up 700%; that President KENNEDY introduced 7 bills in 1961 in connection with racketeering; that 26 government investigative agencies which up to 1961 were working independently are now working together and that 55 attorneys in the Department of Justice are now correlating the information from those agencies.

Is this correct?

AG KENNEDY in answer to the question as to what action was being taken by the Department of Justice to keep Communists out of the Civil Rights Movement that a major effort to infiltrate the movement has been unsuccessful and that the attempt to infiltrate has been a wholly white attempt.

No references were made to FBI 154

No incidents occurred. One picket was observed carrying "GEORGE WALLACE For President" sign.

By appointment, I introduced William Manchester, who has been commissioned by Mrs. John F. Kennedy to write a book concerning the four days surrounding the assassination and funeral of the late President, to the Director at 10:10 a.m., today in the Director's Office.

Mr. Manchester first thanked the Director for seeing him. He explained that he had already seen approximately 90 people, principally in Washington; however, had not yet gone to Dallas, Texas, inasmuch as Chief Justice Warren felt that he should not conduct interviews in Dallas until after the Warren Commission report had been issued.

In instituting a series of questions to the Director, Mr. Manchester first inquired as to what the Director was doing on November 22, 23, 24 and 25, 1963. Manchester added that he would first like to start with November 22, 1963, at the precise moment the Director first received the news that the President had been shot. The Director replied that he had just returned from lunch. This was approximately 1:10 p.m. A news item was brought in to him reflecting the President had been shot. The Director immediately called the Attorney General who was at his home dining with the U. S. Attorney from New York, Mr. Morgenthau. The Director advised the Attorney General that a news announcement had been made that the President had been wounded. The Director stated he next talked to the SAC of our Office in Dallas, Texas. He was informed that the President had been wounded and had been taken to the Parkland Memorial Hospital. The SAC also advised that Governor Connally had been shot and was now in the emergency room with Kennedy at the same hospital. Mrs. Kennedy and Mrs. Connally, who were riding in the same car, had not been hit. The SAC told the Director that it appeared that the shots had come from an upper story window of the Texas Book Depository Building.

Re: William Manchester, Author of Kennedy Book

Appointment with Director, 10:10 a. m., 6-4-64

The Dallas Office additionally advised the Director shortly after 2:00 p. m. that day that the President had died. The Director immediately called the Attorney General once again and told him of the death of his brother. At this time the Director inquired as to whether the Attorney General planned to go to Dallas. The Director stated that he had advised the Attorney General that if such plans were in the making he would facilitate his departure and arrival. The Director told Manchester that shortly thereafter our Dallas Office called once again to indicate that the President's body would be immediately flown back to Washington and that the Vice President had already been sworn in as President. The Director later called the Attorney General once again and told him that the FBI was moving into the investigation. The Director advised Manchester that the FBI took this action despite the fact that there was no law making it a Federal violation to assassinate the President.

At this point the Director gave Manchester a brief history of the assassination of SAC Shanahan in Chicago, Illinois, in the middle 1920's. There was no Federal law against assaulting or murdering an FBI Agent at that time. The Director told Manchester he initiated action to make it a Federal crime to assault or kill an FBI Agent so that proper action could be taken in Federal court rather than a local court in such matters.

The Director told Manchester that if the FBI had taken custody of Lee Harvey Oswald, Jr., Oswald would never have been killed by Jack Ruby. The Director stated that the murder of Oswald by Ruby naturally gave rise to considerable speculation and rumor. All of this could have been avoided had the Dallas police taken proper action to protect Oswald.

The Director told Manchester that the FBI immediately entered the case, despite non-jurisdiction, and that we interviewed Oswald as soon as he was made available. The Director stated that on the evening of November 22, 1963, at approximately 7:25 p. m., President Johnson called him at his home and requested that the FBI take complete charge of the case involving the assassination. The Director stated he advised the President that the FBI had already entered the case and that we would, of course, go all out in this matter. The Director also told the President that he was concerned about the great amount of publicity coming out of Dallas.

The Director then told Manchester that the Dallas police had given out considerable information received as a result of FBI findings, particularly from our Laboratory. He added that on the 4th or 5th day following the assassination he instructed our SAC in Dallas to contact Chief of Police Curry and order him to make no further statements to the press with respect to the evidence or investigation surrounding the assassination. The Director told Manchester that this Chief of Police could have told

him to go to hell; however, he had recognized the obvious necessity and logic of such instructions and had complied. The Director explained to Manchester at some length the necessity to keep physical evidence confined prior to the prosecution of an individual.

The Director told Manchester that on Saturday evening, November 23, 1963, our Dallas Office had received an anonymous telephone call indicating that plans had been made to murder Oswald when he was removed from the Dallas City Jail. The FBI informed the Dallas Chief of Police immediately. The Director told Manchester that original plans for removal of Oswald had been made for 10:00 p. m. that Saturday night. The Chief of Police, however, changed these plans by acceding to the pressure of the press that Oswald be removed at a convenient time so that communications media could cover the event. Our Dallas Office again called the Dallas Police Department on Sunday morning, November 24, 1963, and reminded that Department of the same anonymous telephone call. At that time the Chief of Police assured our Dallas Office that all precautions were being taken to protect Oswald.

The Director informed Manchester that following the President's call at 7:25 p. m., November 22, 1963, he gave specific instructions that the FBI do everything possible to thoroughly investigate this case. The Director stated that additional personnel were immediately sent to Dallas. He told Manchester this was necessary inasmuch as our Dallas Office and FBI Headquarters, as well as other offices, received hundreds and hundreds of phone calls, telegrams and letters setting forth leads in this case.

Manchester inquired as to whether the Director placed any significance to the anonymous phone call concerning the plan to murder Oswald. The Director replied that we had no way of knowing at the time whether any importance should be attached or not; however, we did have the responsibility to immediately notify the Dallas police, which we did.

The Director characterized Jack Ruby as somewhat of a "police buff." As a result of his friendship with a number of police officers he had easy accessibility to the Dallas Police Department. The Director stated that he did not know whether Ruby's reported insanity was of the sincere or faked type inasmuch as we were not psychiatrists. He stated that Ruby had given the excuse that he had killed Oswald because of his obvious affection for the late President and the fact that he wanted to prevent any further sorrow to Mrs. Kennedy inasmuch as she would necessarily have to return to Dallas and testify against Oswald.

Re: William Manchester, Author of Kennedy Book

Manchester inquired as to the exact location of the Director at the time Oswald was killed on Sunday, November 24, 1963. The Director replied that he was at home. He stated that the Dallas Office contacted him immediately following this event. Manchester inquired as to the Director's immediate reaction. The Director replied that his first thought was how such an event could take place, particularly under a system of civilized justice. The Director added that he had ordered an immediate check on Jack Ruby and particularly to ascertain if there had been a relationship between Ruby and Oswald.

Manchester inquired as to whether the Director was watching television at the time of Oswald's murder. The Director replied in the negative. He stated he was working on official papers at the time. The Director added that he usually saved Sundays to review lengthy documents and memoranda as well as to prepare himself for interviews, hearings, etc.

Manchester inquired as to what the Director was doing on Friday morning, November 22, 1963, prior to the assassination. The Director replied that he was conducting business as usual, that he had had a number of interviews that particular morning.

Manchester inquired as to the physical location of the wire service ticker machine. He was told that it is located across the hall and that pertinent wire service items are brought in to the Director immediately.

The Director told Manchester that his first conversation on November 22, 1963, with our Dallas Office occurred at approximately 1:48 p. m. The Director was advised at that time that the President was not believed to be dead yet but that he had suffered a mortal wound. The Director mentioned that on the occasion of his second call to the Attorney General, the Attorney General had indicated that he had also been in touch with a number of the Presidential Staff and had been informed of a number of details concerning the shooting and the fact that the President had died.

Robert F. Kennedy
Manchester inquired as to the Director's opinion of the Attorney General's reaction upon being informed that the President had been shot. The Director replied that the Attorney General had been silent for a few moments and had then requested that the Director keep him informed of any further facts received concerning this matter. The Director told Manchester that the Attorney General is usually very quiet in manner until he has all the necessary facts of a given situation. The Director stated that the Attorney General was not the explosive type unless he became angry.

Re: William Manchester, Author of Kennedy Book

Appointment with Director, 10:10 a. m., 6-4-64

Manchester told the Director that the President's call to the Director at 7:25 p. m., November 22, 1963, appeared to be one of the first calls that the President made upon returning to Washington that evening. The Director replied that he would surmise that this was correct. The Director added that our investigation proceeded forthwith; however, it was not until Monday or Tuesday of the following week that the President decided to name a Presidential Commission to look into the assassination. The Director told Manchester that an FBI report had been sent to the Warren Commission within ten days after the President had set up this body. The Director stated that he personally had appeared before the Warren Commission and that he considered their questioning of him to be quite thorough. He stated that thoroughness was necessary on the part of the Commission inasmuch as this would serve to assist in quelling gossip and speculation in the future. The Director quickly added, however, that rumors will continue concerning this case, especially in Europe where there is widespread gossip concerning a supposed conspiracy, for many years.

The Director told Manchester that the statement that some of the information may be withheld by the Warren Commission naturally gave rise to further rumor. Manchester replied that he could understand the Chief Justice's statement in this regard inasmuch as not just any individual should be allowed to look at the classified material sent to the Commission by some agencies. The Director replied that the issue in point is such that excessive precautions of security is unwise. The Director explained that he had never been a great believer in wasteful precautions or going overboard regarding excessive security. He stated that an item is either classified or else it isn't classified. The Director gave examples of leaks in Government that have given several Presidents extreme cause and worry. He stated that the FBI is usually called upon to investigate these leaks, however, newspapermen naturally do not desire to reveal their sources. The Director stated that if newspapermen did reveal such sources that quite naturally the sources would dry up.

Manchester inquired of the Director as to whether the assassination case became one of major concern following the President's call at 7:25 p. m., November 22, 1963. The Director stated that as he had previously indicated, the FBI had already entered this case. He added, however, that after the President's call we went all out in doing such things as working around the clock, sending a Washington-based FBI official to Dallas and adding approximately 30 Agents to the Dallas personnel complement. The Director stated that we still have at least 50 men who are tied up in running down leads on this particular case throughout the FBI's service. He stated that this case will never be closed from an investigative point of view inasmuch as we will continually receive leads, many from mental cases, which necessarily have to be checked out.

Re: William Manchester, Author of Kennedy Book

Appointment with Director, 10:10 a.m., 6-4-64

Manchester asked if the matter of a President being assassinated not being a Federal crime had ever been discussed fully by the Congress, or anyone else, according to the Director's knowledge. The Director replied that there had been no discussion to any extent. He stated the matter had just never been considered.

Manchester inquired as to whether the FBI had prior material on Oswald before the assassination. The Director replied that we did have some information regarding Oswald, however, it was quite flimsy in nature. The Director then explained at some length the background of Oswald. He told Manchester of the press releases that Oswald made in Moscow. He told Manchester of Oswald's employment in a factory in Minsk, Russia, and of the fact that Oswald had later returned to Moscow. The Director stated that he certainly did not understand why the Department of State had failed to have Oswald sign an affidavit forfeiting his American citizenship at the time Oswald returned to Moscow and visited the U. S. Embassy. Manchester spoke up and stated that the State Department claimed they had wanted to find out if Oswald had committed an extraditable crime in the Soviet Union, therefore, no signed affidavit was taken from him. The Director again deplored the failure to have such an affidavit executed.

The Director continued that we had interviewed Oswald within two or three days following his arrival in the United States. He explained that we, of course, desired to find out if Oswald had been recruited as an intelligence agent by the Soviet Union. The Director told Manchester that this did not appear to be true. He added that Oswald had classified himself as a Marxist rather than a communist. The Director added that Oswald had later been interviewed in New Orleans after getting into a street squabble with anti-Castroites over leaflets being handed out by Oswald. The Director told Manchester that Oswald could best be termed a "loner." He explained Oswald's communications with the Communist Party in the United States but added that Oswald had never joined the Party. The Director told of the incidents surrounding Oswald's attempt to kill General Walker in Dallas. He added that Oswald's wife, Marina, had advised us of this incident following the assassination. The Director summarized this part of the interview by indicating there appeared to be nothing in Oswald's background which would reflect that he was a man of violence and most certainly nothing which indicated that Oswald had any intentions of assassinating the President.

Manchester asked if the Director did not find it odd that Mrs. Oswald had failed to tell anyone about the attempted assassination of General Walker until after the murder of President Kennedy. The Director replied that he did not find this odd in view of the cold relationship between Oswald and his wife, the language barrier on the part of Mrs. Oswald and the fact that Mrs. Oswald did not have the natural instincts of an American woman but to the contrary had a different attitude altogether. He stated he placed no significance in Mrs. Oswald's failure to advise of this incident prior to the assassination.

Re: William Manchester, Author of Kennedy Book
To Be Published in 1969

Appointment with Director, 10:10 a. m., 6-4-64

The Director told Manchester that it was extremely difficult to speculate on the motivations of Oswald to kill the President. The Director stated it was entirely possible Oswald may have wanted to kill Governor John Connally. He explained that Oswald had written communications to Governor Connally protesting his particular type of discharge from the U. S. Marine Corps. The Director added that President Kennedy was an intellectual liberal type. He stated that President Kennedy had been desirous of keeping peace with honor. He stated that President Kennedy desired peaceful co-existence -- American style. The Director added that the President, although he had been firm in his dealings with Khrushchev, had a fairly good relationship with Khrushchev and the Soviet Union. The Director summed up by stating that Oswald could not have desired to kill the President because the President had dealt harshly, or spoken harshly, against the Communist Party and Chairman Khrushchev.

Manchester speculated that perhaps the communists, including Oswald, did not like the relationship between the late President and Khrushchev; therefore, the communists desired to do away with President Kennedy so that this obstacle to their desired philosophy could be removed. The Director replied that this was entirely possible; however, he wanted Manchester to clearly understand that Khrushchev was not a person to be trusted and that Chairman Khrushchev had a very cold and evil mind. The Director, at this point, gave examples of Khrushchev's understanding of the English language despite the fact that he had Groyanovsky, an excellent interpreter, with him at all times while on his visits to the United States. The Director told Manchester that he had always felt it better to kick individuals like Khrushchev on the shins once in a while rather than to boot-lick them. The Director explained that Khrushchev was basically an oriental and that individuals opposing orientals usually lost face in the oriental's opinion when fear or trepidation was shown.

Manchester inquired as to whether the Director's duties and responsibilities allowed him to participate personally in the funeral ceremonies. The Director replied in the negative. He stated he had been at his desk constantly. He added that he had issued instructions that FBI personnel participate officially in the ceremonies by assisting Secret Service as much as possible. The Director spoke of the many visiting foreign dignitaries and of the dangers involved in the march from the White House to St. Matthew's Cathedral. He told Manchester that over 40 Special Agents had been assigned to assist Secret Service, particularly at St. Matthew's Cathedral. He further told Manchester that the authority to protect the President was clearly a function of the Secret Service; however, since the assassination we have assisted when called upon. The Director briefly advised Manchester at this point of the immediate widespread ramifications of this case following the actual shooting. He told Manchester that leads had spread to Mexico as well as throughout the entire United States. Therefore, it has been necessary for him personally to remain at his desk so as to supervise this matter.

At this point I reminded Manchester of his previous statement to me that he had to be at the White House at 11:15 a. m. Manchester thanked the Director twice upon his departure and stated that he was very appreciative of the Director's cooperation and considerable time taken from a busy schedule to be of assistance.

Memo, Baumgardner to Sullivan, 7/7/64, stated New York Office advised that new book by Frank A. Capell entitled "The Strange Death of Marilyn Monroe," which alleges that Attorney General Robert F. Kennedy had an intimate relationship with Miss Monroe, would be ready for sale about 7/10/64.

Kennedy's Friendship with Miss Monroe "Well Known"

The New York Office has now furnished us with a copy of this 70-page book. The book claims that Miss Monroe's involvement with Kennedy "was well known to her friends and reporters in the Hollywood area," but was never publicized. It is alleged that "there are person-to-person telephone calls, living witnesses, tape recordings and certain writings to attest the closeness of their friendship."

The author suggests that Miss Monroe "was led to believe his intentions were serious," and that Kennedy had promised to divorce his wife and marry her. When he failed to do so, the book charges, she "threatened to expose their relationship," which would have ruined his presidential aspirations. It was then that Kennedy decided "to take drastic action."

Kennedy Had Communists "Murder" Miss Monroe

According to the book, Kennedy used "the Communist Conspiracy which is expert in the scientific elimination of its enemies" to dispose of Miss Monroe by making her murder appear to be a suicide. This could have been achieved without great difficulty, the author points out, because her personal physician, Dr. Hyman Engelberg, was a communist.

Re: FRANK A. CAPELL
INFORMATION CONCERNING

Most of the allegations made against Kennedy are contained in the chapter entitled "The V.I.P." (pages 49-61) and on pages 69 and 70.

Allegation Previously Branded False

It should be noted that the allegation concerning the Attorney General and Miss Monroe has been circulated in the past and has been branded as utterly false.

References to Director and FBI

There are several references in the book to the Director and/or the FBI. A biographical sketch of Capell on page 3 states that, while associated with the Westchester County, New York, Sheriff's Office, "he supervised the investigation of over five thousand individuals and organizations, including Nazis, Fascists and Communists, on behalf of the F.B.I. in most cases."

On page 49, it is stated that "under the direction of Bobby Kennedy the F.B.I. has been frustrated as never before."

On page 69, it is said that Mr. Hoover does not share Kennedy's opinion that the Communist Party, USA, "is a windmill virtually powerless to harm the United States."

On page 70, reference is made to an anonymous letter quoted in a column of Walter Winchell datelined May 25, 1964, at Hollywood, California, which told of a 23-year-old Beverly Hills blonde who had been "terrorized for months by the same person who caused Marilyn Monroe's death.... You can check this with F.B.I. Special Agent in Charge, Mr. Grapp in L.A..... Her initials are M.J."

SUBJECT: SUSPICIOUS AUTOMOBILE. PARKED IN-
THE VICINITY OF THE ATTORNEY
GENERAL'S RESIDENCE

ROBERT F. KENNEDY

Mr. Jack Cameron, who is assigned in the Chief United States Marshal's Office in the Department, telephoned. He advised that Dean Markham, who is Executive Director of the President's Commission on Narcotics and a neighbor of the Attorney General, had reported a suspicious automobile parked in the immediate vicinity of the Attorney General's home this morning.

The automobile is a 1962 Pontiac bearing Alabama license 1A58762. It was ascertained this license is issued to a Ray D. Watt, Post Office Box 121, Mount Olive, Alabama. We have no record on Watt in Bureau files.

PHOTOX 1932

SAC Ingram of the Birmingham Office was contacted telephonically and he advised Watt is a 32-year-old Baptist minister who is pastor of the Beechwood Baptist Church at Mount Olive, a suburb of Birmingham. Watt, who is married, with one child, has an excellent reputation. He is known to be vacationing in the Washington area and his parents are reported to reside in the same area as the Attorney General.

VA.

Information as to Watt's background was furnished to Mr. Cameron who said that obviously under the circumstances no further action was needed.

RE : ATTORNEY GENERAL ROBERT F. KENNEDY

Enclosed is a clipping of an item appearing in the 8/7/64 issue of the "San Francisco Chronicle", a daily newspaper of general circulation.

"MEMO TO Atty. Gen. Robert F. Kennedy:
You might be interested to know that 'Let Freedom Ring'--a right-wing telephone recording gimmick in the E. Bay (LA 4-0140)-- is currently presenting excerpts from a book called 'The Strange Death of Marilyn Monroe,' which attempts to imply that you had a close connection with her and her tragic fate."

Persons dialing LA 4-0140, the telephone number set out in the clipping, heard a tape recording stating that two years ago the American public was shocked by the death of movie star MARILYN MONROE and states that a recently-published book by one FRANK A. CAPPELL (ph) entitled, "The Strange Death of Marilyn Monroe" revealed a secret romance between Attorney General ROBERT F. KENNEDY and MARILYN MONROE. The author of the book was reportedly a former law enforcement officer and he stated that the autopsy performed on MARILYN MONROE found no barbiturates in her stomach, although a considerable amount was in her bloodstream.

The book is also reported to indicate that MARILYN MONROE was attempting to influence ROBERT KENNEDY into obtaining a divorce, but when KENNEDY refused, MONROE allegedly threatened to expose their illicit affair.

The recording then states that this is the reason why President JOHNSON removed ROBERT KENNEDY as one of those being considered as candidate for Vice President and also attributes this as the reason why ROBERT KENNEDY stated he would spend a year in Europe following the November, 1964 elections. The recording then asks the question, "Did ROBERT KENNEDY take drastic action" when MARILYN MONROE pressured him into obtaining a divorce.

SUBJECT: ATTORNEY GENERAL'S TRAVEL

At approximately 2:30 p. m., ASAC Alexander of the New York Office called concerning the Attorney General's visit to New York this morning. ASAC Alexander stated the Attorney General requested that an Agent assist him and his wife in getting to the airport. SA [redacted] of the New York Office thereafter accompanied the Attorney General and Mrs. Kennedy to LaGuardia Airport, and the Attorney General just prior to departing from the airport for Atlantic City, New Jersey, requested [redacted] to accompany him and Mrs. Kennedy on the family plane. The Attorney General mentioned that Mrs. Kennedy was pregnant and he wanted Agent [redacted] to accompany them to Atlantic City in view of her condition, which Agent [redacted] did. SA [redacted] sent word to the New York Office that he would immediately contact the Resident Agent in Atlantic City upon arrival.

ACTION:

It would appear that in view of the Attorney General's specific request, SA [redacted] had no choice. However, Assistant Director DeLoach has been contacted to see that arrangements are made for Agent [redacted] to return to New York immediately.

SUBJECT: ATTORNEY GENERAL ROBERT KENNEDY
INTERVIEW ON CBS-TV, CHANNEL 9
8-24-64

At approximately 8:00 p. m., last night, the Attorney General was interviewed on CBS-TV (Channel 9).

Briefly, the Attorney General made general statements concerning progress made in the civil rights field. In response to an inquiry regarding what else the Federal Government could do in this field, the Attorney General advised that not only the Federal Government but citizens themselves should take an active role. Individuals could do this by treating their neighbors properly, and educating our younger people to respect other people.

In response to the inquiry as to whether there is presently a new atmosphere, as explained by Carl Sanders (ph) of Georgia, as compared with four years ago, the Attorney General advised that there was a new atmosphere everywhere. That people are now aware that the civil rights problem is one that must be faced by the whole country.

The Attorney General advised he will be at the Democratic Convention on Thursday and will be attending the social affair given by former Governor Harriman. He also noted that he was going to New York today, 8/25/64, and when asked why, he stated, "To make an announcement." When pressed as to what he meant by this statement, he refused to elaborate.

SUBJECT: REQUEST OF DEPARTMENT FOR IDENTITIES OF BUREAU OFFICIALS

Robert Kennedy

Mrs. Frances L. Catloff, Lands Division of the Department, spoke to Walsh in my office. She stated that the Attorney General was addressing under today's date a note of appreciation to the Director, Associate Director, Assistants to the Director and Assistant Directors. She read off a list of the names of these officials and asked if her list was current and accurate. She was advised that it was. She then asked to be called back with the identity of any former Bureau official with the rank of Assistant Director or higher who, while no longer in the FBI, had served in the FBI during the Kennedy Administration. As to such individuals she stated she would need their home addresses.

A check was made and it was determined that the following former officials served during the Kennedy Administration: Donald J. Parsons, former Assistant to the Director, retired 6-16-61, home address, Grandvue-on-the-Potomac, Lorton, Virginia; Quinn Tamm, former Assistant Director, retired 1-23-61, home address, 3200 Wake Drive, Rock Creek Hills, Maryland.

RECOMMENDATION:

Since Quinn Tamm's retirement was effective immediately following inauguration, it is not felt his name should be furnished. It is recommended that Mrs. Catloff be called back and furnished information regarding Donald J. Parsons.
