By separate communication to all offices, the investigations of SNCC and its leader Stokely Carmichael are being greatly intensified in view of Carmichael's recent actions and inflammatory statements. The Bureau, however, desires to call to your attention for immediate handling the following information:

According to a news release dated 8/16/66, a spokesman for the Bertrand Russell Peace Foundation, London, England, announced Bertrand Russell plans to hold a "war crimes tribunal" in Paris, in November, to "indict" President Johnson "and other war criminals responsible for American atrocities in Vietnam."

It was reported in this release that members of SNCC, under the leadership of National Chairman Stokely Carmichael, will go to North Vietnam as part of the international investigating committee to gather evidence for presentation to the "tribunal." It was not known yet how many SNCC members would go to North Vietnam. However, in joining the "tribunal," Carmichael allegedly stressed that SNCC itself was endorsing the trial and said discussions are underway in the U. S. and elsewhere to mobilize support, funds and a world-wide petition calling for the indictment of "war criminals."

Atlanta and New York are instructed to contact logical sources and informants and conduct such investigation as may be indicated to determine if Carmichael and other members of

SNCC have made or are in the process of making plans to attempt to go to North Vietnam and/or attend the "war crimes tribunal." All pertinent information relative to the participation of Carmichael and SNCC concerning this matter should be immediately submitted to the Bureau.

With respect to possible travel to North Vietnam, it should be noted that such travel could possibly be in violation of Section 1185(b), Title 8, U. S. Code, if such travel is not specifically authorized by the Department of State. In the event information is developed that Carmichael and other members of SNCC are engaging in such travel without State Department permission, competent evidence to prove the violation must be developed.

In this regard, WFO is instructed to immediately contact the Department of State to determine if Carmichael is in possession of a valid passport and, if so, whether it is specifically stamped not valid for travel to North Vietnam. WFO is further instructed to alert the Department of State to the above news release which indicates Carmichael and possibly other members of SNCC may endeavor to travel to North Vietnam.

Atlanta and New York are instructed that upon determining the identity of any member of SNCC who will participate in the travel to North Vietnam, to submit their names by expeditious means to the Bureau and WFO for similar check of their passport records.

The above should be afforded immediate, thorough and continuous investigative attention.

Carmichael met with Elijah Muhammad on August 7, 1966. Although items discussed are unknown, a source stated Carmichael will not obtain any cooperation from Muhammad. The source stated Muhammad is always the dominant figure and the only way Carmichael can cooperate with him is to become a member of the Nation of Islam and be subservient to Muhammad. Carmichael refused to do this, although they parted amicably. Carmichael, however, through Nation of Islam officials in Atlanta on the approval of Muhammad, will be invited to attend a Nation of Islam rally in Chicago on August 28, 1966.

STUDENT NONVIOLENT COORDINATING COMMITTEE
STOKELY CARMICHAEL

There is set forth below a summary of current activity of the Student Nonviolent Coordinating Committee and its leader Stokely Carmichael.

Picketing Activities, Atlanta, Georgia

Approximately 17 Negroes picketed the Twelfth Corps Headquarters, United States Army, 699 Ponce de Leon Avenue, Northeast, Atlanta, Georgia, on August 17, 1966. The pickets carried signs such as "The Viet Cong Never Called You Nigger"; "Black Man Stay Home, Fight for Black Power"; and "The White Man Kills Black Kids, I Won't Kill Vietnamese Kids."

A leaflet was distributed by the pickets which stated in part: "to stay at home and fight for your black self, your family, your community and your black nation. Why must we go abroad to kill yellow skinned men for white skinned men who force us to live in rat infested slums? We must demonstrate each time a brother is sold into slavery (drafted) and keep our youth at home to build our power."

It was observed by a representative of the Atlanta Police Department that the pickets arrived in a Student Nonviolent Coordinating Committee bus, and most of the pickets were known to him as members of the Student Nonviolent Coordinating Committee.

On August 18, 1966, approximately 27 Negroes again picketed the Twelfth Corps Headquarters. A group of inductees entering the building were urged by the pickets not to enter, and one picket attempted to physically delay entry of one of the inductees.

Pickets attempted to force their way into the building and, as a result, approximately 12 pickets were arrested by officers of the Atlanta Police Department.

Was shocked at the remarks of Stokely

Does this man have his American naturaliza-

I consider him very dangerous, and if he

Black Panther Party, New York City

A confidential source advised that Max Stanford, Field Secretary for the Revolutionary Action Movement, had recently been in contact with Stokely Carmichael concerning the formation of a Black Panther Party in New York City. Carmichael offered to help Stanford with any assistance he may need to organize a Black Panther Party in New York City. It is noted Carmichael previously established a Black Panther Party in Lowndes County, Alabama, for the purpose of bringing Negroes together as an independent political bloc.

Memorandum to Mr. Wick
Re: Meet the Press, Channel 4 TV

Meredith claimed that Negroes have never engaged in violence although the white people did. He said that if the white people would not remove the killers of the Negroes, then the black people should do so. He said he knew and the white people knew who the killers of the Negroes were but since the whites refused to do anything, the Negroes should arm themselves and do the job the whites refused to do. Stokley Carmichael agreed with Meredith, stating that the Negro, while accounting for 10% of the population, was so located in cities throughout the country that if the 180 million white people turned on the Negro, all would go down together. He noted the Army was integrated and that 40% of the Army in Vietnam was Negro and they would not permit the whites to attack Negroes without retaliating. Roy Wilkins said Carmichael abounds in the provocative statement and that no one believes the Negro would take up arms. Carmichael noted that Students' Nonviolent Coordinating Committee would attend the War Tribunal trial of President Johnson called for by Sir Bertrand Russell. Carmichael said he would like to attend the trial as he felt the Vietnam War was immoral.

RECOMMENDATION:

This memorandum be brought to the attention of the Domestic Intelligence Division in view of Carmichael's seditious remarks.

MEET THE PRESS
CHANNEL 4 TV
AUGUST 21, 1966

Program was monitored and no reference was made to the FBI or the Director by any of the participants.

Martin Luther King, Jr., stated the rioting must end but demonstrations must continue as the latter serve to call attention to issues and bring the parties to the conference table. Roy Wilkins agreed with Dr. King and noted that adherence to law and order is not a handicap. King felt the injunction issued against him in Chicago was unconstitutional but he would abide by it because he has been having discussions with labor leaders and real estate men and others of good will. He noted the hatred of the North toward the Negro, differed from that of the South in that in the South the hatred of the mob was aided by law enforcement which is not true in the North. As to the Civil Rights Bill, King felt it would not change the hearts of people but that the legislation would alter peoples' habits and attitudes which eventually would bring about the aims of the civil rights leaders. King decried programmatic action around nonviolent activity, noting there was a difference between aggressive and defensive nonviolence. Floyd McKissick felt nonviolence was something out of the past and that the Negro would not stand idly by when attacked although he believed in nonviolence until he was attacked.

Stokely Carmichael stated Negroes fighting in Vietnam are hired mercenaries because the military services intimate to the Negro that a method to improve his lot in life would be to join the military which necessarily involves killing people. Carmichael noted that he would not join the military and stated he was a citizen of the United States. He said he would not go to Vietnam and he urged others not to go. James Meredith took issue with Carmichael stating that he supported war in Vietnam but not the Administration's conduct of it.

A spokesman for the Bertrand Russell Peace Foundation, London, England, announced that Bertrand Russell plans to hold a "war crimes tribunal" in Paris, in November, 1966, to "indict" President Johnson "and other war criminals responsible for American atrocities in Vietnam."

According to the spokesman, members of the Student Nonviolent Coordinating Committee, under the leadership of Stokely Carmichael, will go to North Vietnam as part of the international investigating committee to gather evidence for presentation to the "tribunal." It is not known how many Student Nonviolent Coordinating Committee members will go to North Vietnam. However, in joining the "tribunal," Carmichael allegedly stressed that the Student Nonviolent Coordinating Committee itself was endorsing the trial and said discussions are underway in the United States and elsewhere to mobilize support, funds and a world-wide petition calling for the indictment of "war criminals."

Meeting with Leader of the Nation of Islam

Stokely Carmichael, through Nation of Islam officials in Atlanta, Georgia, will be invited to the Nation of Islam rally to be held on August 28, 1966, at the International Amphitheater, Chicago, Illinois. Elijah Muhammad, leader of the Nation of Islam, has approved extending this invitation to Carmichael. The Nation of Islam is an all-Negro semi-religious organization which advocates a doctrine of violent hatred of the United States Government and the white race.

It is noted Muhammad recently directed letters to civil rights leaders for the purpose of calling a "summit conference." The response of the various civil rights leaders to Muhammad's invitation was completely negative with the exception of Stokely Carmichael.

Due to the interest of the President in the activities of Stokely Carmichael and his organization, we have prepared a summary setting forth the current and planned future activity in this matter. A copy of the summary is attached for ready reference.

It has been previously reported that members of SNCC and other individuals were arrested by the Philadelphia Police Department for illegal possession of dynamite.

Philadelphia teletype of 8/22/66 advised that at a hearing held at Philadelphia on 8/22/66 three of these individuals, including two SNCC members, were discharged while three other individuals, including one SNCC member, were held under \$50,000 bail for grand jury action.

During and after the hearings, rallies held outside Philadelphia City Hall were addressed by James Forman, national SNCC leader. Forman claimed the prosecution of this case was a "frame up" by whites against SNCC and Negroes because Negroes were defendants while the district attorney, judge, testifying officers and all court officials were white. Walter Palmer, a black nationalist, participated in the rally with Forman and spoke disparagingly of the white race.

It was previously reported that Stokely Carmichael would participate in a "war crimes tribunal" in Paris, France, in November, 1966, to "indict" President Johnson and "other war criminals responsible for American atrocities in Vietnam."

Recently, press releases have quoted an unidentified spokesman for SNCC as stating that although Carmichael had been invited he would not attend the "tribunal." However, some other official of SNCC might attend.
