B.F." (taken from newspaper heading)

Qc58 Photocopy of reverse side of post card bearing message
beginning "DEAR EDITOR: You'll hate me..." ending
"ZODIAC" (taken from newspaper articles)

Result of examination:

The photocopies Qc57 and Qc58 do not contain any
hand printing and a comparison of these specimens with the
other specimens received previously in this case was not
feasible. Nothing of significance was noted concerning
Qc57 and Qc58 which would be of value in identifying the

GENERAL INVESTIGATIVE DIVISION

Zodiac is the alias of the West Coast murderer who claims to have killed 13 people and who is believed by police authorities definitely responsible for seven murders. We are not actively investigating the murders but conduct out of state investigation for local authorities on limited basis. Several Zodiac threats have been mailed and the Bureau has an Extortion case, however, U. S. Attorney has indicated preference for prosecution by local authorities on murder charges.

Attached discloses a [redacted] arrested in Ohio on a charge of murder wherein victim's body was mutilated including the cutting of a "Z" on her abdomen. Two Negro prostitutes were found murdered in San Francisco during 8/70 with mutilations similar to the Ohio death. San Francisco authorities requested assistance in obtaining major case prints, photographs and whereabouts of [redacted] during 8/70. If approved, Cincinnati will conduct the limited investigation requested.

Specimens received

11/2/70

Qc59 Photocopy of a post card bearing cut out typewritten address [redacted] **Orinda, Ca." postmarked "BERKELEY, CA 17 OCT PM 1970"** bearing message cut out of newspapers or other publications beginning **"Mon, Oct 12, 1970 [redacted] The Zodiac is going to..."**

b7c

Qc60 Photocopy of envelope postmarked **"SAN FRANCISCO, CA 6B 27 OCT PM 1970"** bearing hand printed address **S.F. Chronicle 5th - Mission S.F."**

Qc61 Photocopy of accompanying Halloween greeting card bearing hand printed message beginning **"By FIRE..."**

Result of examination:

Qc59 does not contain any hand printing and a comparison of this specimen with the other questioned specimens containing hand printing was not feasible.

The hand printing on Qc60 and Qc61 is too limited and distorted to definitely associate it with any of the hand printing on threatening letters received previously in this case; however, a few hand printing similarities were noted.

Nothing of particular significance was noted concerning Qc59 through Qc61 which would be of value in identifying the source of these specimens or the other specimens received previously in this matter.

Dear [REDACTED]

In my present review of the Zodiac case, I turned up a couple more interesting items.

In line with the findings re moon phases that Zodiac apparently uses in timing his murders, I discovered that a full moon started the day before the Riverside City College coed murder Oct. 30, 1966, in which he has been suspected. This tends to confirm those suspicions.

Also, I noticed that Zodiac's last communication, a postcard claiming a murder in the Tahoe area, went to the SF Chronicle a year to the day after the Modesto area kidnap. ~~REDACTED~~ Because he has marked his "anniversaries" similarly before, this also tends to confirm his participation in that crime. You wouldn't think he'd consider that an achievement, but he must have got his jollies by burning her station wagon. Or perhaps he did someone else in later that night.

Enclosed is a copy of a ~~REDACTED~~ tabulation I did on the pertinent moon phases since the SF cabbie murder, save for a couple Pisces Moon phases I don't have.

It may be that with several dozen known factors in his six known strikes, including date and time, the time gaps, the moon phases and possibly such details as weapon caliber, a computer could be programmed to come up with probabilities on strikes after Oct. 11, 1969. As I mentioned, it appears he had started a pattern of two Friday strikes, two Saturday strikes, etc. In his astrology, the number two appears highly significant, both because of it being the numerological number assigned to the moon and because the Zodiac symbol for Pisces contains two fish. The other especially significant number for him is nine. He also appears to use the basic number system of numerology which, for example, applied to dates gives you a basic number of two for 12-20-1968, and ~~REDACTED~~ nine for ~~REDACTED~~ 7-4-1969.

Cordially,

Dear [REDACTED]

I will stop burying you in a blizzard of letters with this one.

But I learned for the first time in the Sacramento Bee today (new Secret Witness program) of some details of four murders of young women there.

I have already mentioned the full moon (Hunters Moon) that started Nov. 13, 1970. A Mrs. Carol Hilburn was murdered Nov. 14.

The article also tells of the kidnap and murder of a nurse, Judith Hakari, who was abducted from a parking lot the night of March 7, 1970. A Pisces new moon ~~occurred~~ occurred March 6 and 7 that year, and there was a total eclipse of the sun March 7.

Both of those sound like they could have been Zodiac's work.

With regard to the long gap between the Lake Herman Road and Blue Rock Springs murders. He could, of course, have been out of the country or at sea or something. But it's possible he has had a horoscope done and uses that in connection with moon phases. A reliable astrologer, if there is such an animal, would be helpful on that. I get the feeling, however, that Zodiac may not have gone into astrology very deeply.

When I read about the Stockton strangulation last Thursday I checked the tabulation and found there was a new moon Wednesday. But later I learned it ~~it~~ looked like a rape or sex crime. That isn't Zodiac's MO--but could he fake the sex angle, at least to a certain extent?

Best regards,

b7c
Dear Mr. [REDACTED]

Zodiac has not been heard from since March 22. He could have been in the Houston-Galveston area where there have been six unsolved murders of females.

I have dates for only the last four slayings but again they correlate with the moon phase pattern reported previously:

Pisces moon on June 15
Colette Wilson Vanished June 17

Pisces moon on Oct. 29
Gloria Gonzalez vanished Oct. 28

New moon on Nov. 17.
Debbie Askerman and Marie Johnson vanished Nov. 15
(All bodies found later)

It is theoretically possible for Zodiac to have flown back to Oakland or San Francisco after the Nov. 15 double murder, then go to the Tally employment agency in Stockton Nov. 18 and end up strangling her. That would have been extremely tight scheduling--but with Zodiac little is surprising.

With regard to Pisces in astrology. I should have called it a water sign closely related to the moon, as well as to the planet Neptune. The moon association is because of the moon's tidal effects. Numerologically, the moon is number 2 and Neptune is number 9. Pisces is the 12th and last sign of the Zodiac.

And, most important, the most favored times for action in astrology ~~may~~ may extend a few days at a time, according to their "high priests".

If you check the mailing dates of Zodiac messages with the moon phase pattern, you will find that a number of them also correlate.

Sincerely,
b7c [REDACTED]

Dear [REDACTED]

Please excuse this amateur, among countless others, for horning in on the Zodiac case. But I believe I have uncovered some dope that may be helpful.

It may appear involved and far out--and it is. Before the Zodiac case broke, I didn't know astrology from asters or numerology from numismatists. But I couldn't believe that a killer who would take the time and pains to construct his abstruse ciphers, based on his cryptographic service experience, would be a random killer. The enclosed information supports that conclusion.

It could prove helpful in several ways:

1. Identifying past murders as Zodiac's by their propinquity with New Moon, Full Moon and Pisces Moon phases.
2. Narrowing his birth date to the Pisces period from Feb. 20 to March 20.
3. Perhaps somehow anticipating future strikes, although this likely would be impossible because of the wide range over which he operates. Perhaps officers would be more alert during likely strike periods--just a few a month at most.
4. Identifying ~~XX~~ Zodiac when and if he comes into custody.

I have learned from digesting astrology magazines that so-called favorable times may extend as much as several days. This would permit Zodiac, as he did, to strike a day or so after a New Moon, Full Moon or Pisces Moon.

It may be that the "significant" Moon number of 2, and the Neptune number of 9 have been applied to various things, e.g. the .22 caliber gun at Lake Herman Road and the 9 mm. at Blue Rock Springs and at San Francisco. But perhaps my imagination runs away with me. One astrology book said that the "magic" Neptune number of 9 should be associated with the birth date during December,

RE: Zodiac murders

As the FBI noted, Zodiac might have been triggered by a horoscope magazine. This appears to be the case, based on examination of the magazine Astrology--Your Daily Horoscope (the magazine cut up to paste up the Zodiac message mailed to the Sacramento Bee Dec. 10, 1969. I checked copies for the known murder months. Here's the "trigger":

New Moon on Dec. 19, 1968:

Lake Herman Road murders Dec. 20, 1968 (Friday)

Moon enters Zodiac sign of Pisces July 3, 1969:

Blue Rock Springs murder July 4, 1969 (Friday)

Full moon in Zodiac sign of Pisces Sept. 25, 1969:

Lake Berryessa murder Sept. 27, 1969 (Saturday)

New Moon on Oct. 11, 1969 (Saturday):

Cabbie Paul Stine murder, San Francisco, Oct. 11, 1969.

Subsequent "trigger":

Full Moon on Sunday, March 22, 1970:

Zodiac kidnap of woman and baby north of Modesto on March 22, 1970.

The moon in the sign of Pisces indicates that's Zodiac's sign--born between Feb. 20 and March 20. He has dropped some false clues to his sign, such as Gemini in his cipher, paste-up message on Cancer sheet and others. But it appears from actual murder dates that he is Pisces.

Pisces is the 12th and last sign of the Zodiac. This series of murders started during December, 12th and last month of 1968.

The planet of Pisces, according to astrology, is Neptune, which carries the astrological number of 9. The astrology magazines ascribe "Number 9 power" to the murder dates of 12-20-1968 and to 10-11-1969.

Pisces is called a Moon Sign. The moon's astrological and numerological number is 2.

The first two murder strikes occurred on Fridays, the next two on Saturdays. The kidnap occurred on a Monday, suggesting that Zodiac's fifth and sixth strikes were made on Sunday, then two on Monday, etc.

Zodiac's message to the XXI Bee was mailed on Wednesday, Dec. 10, 1969, the day following a new moon and total solar eclipse on Dec. 9. A Sacramento murder of a young woman who

To [redacted] Boston FBI
From [redacted]

I talked to [redacted] at the Newark FBI office today and he explained that you would not be sitting in at our also conference in Boston

(2 mailings)

However, I am enclosing the latest materials from [redacted] re the Zodiac [redacted] scenario since you have a complete set of previously received data, and you indicated that the FBI would be willing to forward the material to Washington to an FBI center where the [redacted] binary theory, handwriting etc. could be checked out by some experts

b7c

I truly would appreciate your doing this, as one part of ^{establishing} ~~putting~~ this connection as a plausible, or non-plausible, theory.

I will be endeavoring to:

- (a) Have perhaps Middlesex Dist. office investigate [redacted] background and whereabouts during the time of the Zodiac Killings & letters
- (b) Have Newark Police continue to check airline manifests to see if [redacted] can be placed on a [redacted] flight from Newark to Logan (he could have used an alias)
- (c) Develop an approach so that perhaps [redacted] would consent to a Police interview

This analysis was requested by Supervisor [redacted] and interviewing Agents on 5/22/81 when [redacted] was interviewed regarding [redacted] complaint of harassment, in the Boston Office, from receipt of [redacted] and various articles sent to him by [redacted] via the U.S. mails.

San Francisco is unable to assimilate the validity of the enclosed documents, along with the previously submitted materials, purported to be a "solution" to the identity of the Zodiac killer as theorized by [redacted]. Due to the complexity of the codes of [redacted] analysis, this material is being forwarded to the FBI Laboratory Document Section for review. It is suggested that referenced airtel and Lab report (referenced above), be reviewed prior to examination of the enclosed materials.

The Bureau is to note that on 7/8/81, [redacted] was generally advised that the FBI Laboratory was not convinced that he had reached a "solution" of the Zodiac codes in his analysis. It is further noted that in the enclosed communication, entitled, [redacted] attached an additional page in which he asked if he should send a copy of it to [redacted] was again warned that he could incur both criminal and civil liabilities by continuing to send materials to [redacted] stated that he had in fact sent one more card to [redacted]. He stated he wanted to be totally "up front" with the FBI and he would never again send any material to [redacted]

[redacted] was also advised that the enclosed materials concerning Zodiac codes would be furnished to the FBI Laboratory for analysis and that he would be advised as to the findings of the Laboratory.

Remytel calls to San Francisco, 9/6/72 and 9/7/72.

For information of the Bureau and receiving offices, on 9/2/72 at Buffalo, New York, one RICHARD HOWARD MICHAEL, utilizing a .30-30 rifle, murdered his 24-year-old wife, KATHLEEN, and his 3 1/2-year-old son, RICHARD, JR., and immediately thereafter committed suicide using the same weapon. Until approximately two weeks ago, MICHAEL, originally a native of Buffalo, New York, had been residing in the San Francisco area for approximately five years. He had been separated from his wife and child during the past several months, and the above killings and suicide are believed to have been caused by despondency over the unsuccessful attempts at reconciliation.

Through further contacts with Lieutenant [redacted] Commanding, Homicide Bureau, Buffalo Police Department, it has been determined that investigation by the Police Department to date has developed that the reason for the separation of MICHAEL and his wife in California was because of MICHAEL's insistence upon her participation in group and perverted sex practices. Because of MICHAEL's presence in the San Francisco area, his general description, and other propensities as set forth above, he should be considered a suspect in the Zodiac killings.

It is to be further noted that prior investigation in the Zodiac homicides has indicated a possibility that Zodiac had received training, possibly in the military, in the science of cryptology. Present investigation shows that MICHAEL was an electronic technician assigned to U. S. Navy submarine duty and found amongst his effects is a book on cryptographic techniques.

It was not determined whether Qc1 and Qc2 were prepared by the writer of the letters in the case "ZODIAC; EXTORTION," because of a lack of significant characteristics in the hand-printing on Qc1 and Qc2. The possibility, however, that the writer of the letters in the ZODIAC case prepared Qc1 and Qc2 could not be eliminated.

The results of the Cryptanalysis examination of the coded message on Qc2 will be furnished separately. The submitted evidence is retained.

For your information, the investigation by this Bureau of the extortion aspect of the ZODIAC case is being coordinated by the FBI, Sacramento. That office is being requested to advise the local authorities who have interest in the murders attributed to the ZODIAC of the contents of Qc1 and Qc2.

NOTE: Enclosed for Sacramento are copies of Qc1 and Qc2. Sacramento is requested to insure that local authorities who have interest in the ZODIAC case be advised of the contents of Qc1 and Qc2. Albany in coordination with Sacramento should insure that any latent fingerprints developed on the originals of Qc1 and Qc2 be compared with the latent fingerprints developed in the ZODIAC case.

Result of examination:

It has previously been noted that certain of the threatening letters in this matter ~~was~~ not written as freely as other letters and portions of the questioned material contain distortion. Additionally, most of the specimens submitted to the Laboratory have been photocopies, some of which are not sufficiently clear to permit satisfactory comparisons. For these reasons, an unqualified determination regarding the number of persons preparing the threatening letters in this matter could not be made; however, hand printing characteristics indicate that all of the threatening letters including Qc62 and Qc63 were probably prepared by one person.

The submitted evidence is retained.

SUBJECT: ZODIAC
EXTORTION
OO: Sacramento

For information of the Los Angeles Office, commencing in August, 1969, an individual who has written several letters to newspapers in Northern, California, some of which contain cryptographic messages, and who signs himself "ZODIAC", has been suspect in at least six unsolved murders in California. Because of some of the details contained in his letters, pertaining to the murders, details not known to the general public, the police agencies which investigated the cases have come to the confirm conclusion that the "ZODIAC" is responsible. The murders for which the "ZODIAC" has taken credit are as follows:

DATE	PLACE	NUMBER OF VICTIMS
10/30/66	Riverside, California	1/2
12/20/68	Vallejo, California	2

<u>DATE</u>	<u>PLACE</u>	<u>NUMBER OF VICTIMS</u>
9/27/69	Lake Berryessa (Napa County, California)	1
10/11/69	San Francisco, California	1

All but the Riverside, California crimes occurred in the Sacramento and San Francisco Division. The Sacramento and San Francisco Divisions have, since 1969, on a selective basis, requested examinations by the FBI Laboratory and FBI Identification Divisions, pursuant to requests from the Vallejo, California Police Department (PD); Solano County, California Sheriff's Office (SO); San Francisco PD; and Napa County, California SO. All of these police agencies have had jurisdiction in murders committed by the "ZODIAC" in their areas.

As a result, the FBI Laboratory has on file several samples of handprinting and writing prepared by the "ZODIAC", which samples were furnished by the above police agencies.

The FBI Identification Division, Latent Fingerprint Section, has on file some latent prints developed from questioned documents and other sources, and made available by the above police agencies. Some or all of these latent prints may belong to the "ZODIAC".

For a period of approximately three years, no correspondence had been received from the "ZODIAC", however, on 1/29/74, a letter was received by a San Francisco newspaper, believed to have been prepared by the "ZODIAC". The San Francisco office is in the process of obtaining a copy of this letter and any latent fingerprints developed on it for submission to the FBI Laboratory and Identification Division.

SC 9-68

A review of the Sacramento file in this matter discloses that no questioned writing or latent prints which may have been developed in the Riverside, California, murder have ever been submitted to the FBI Laboratory or Identification Division.

LEADS:

The FBI Identification Division, Latent Fingerprint Section, is requested to advise how many latent prints believed to be of the "ZODIAC" are available and if there is any possibility of classifying these latent prints to the extent of permitting a search through FBI fingerprint files in an effort to identify the "ZODIAC".

LOS ANGELES:

AT RIVERSIDE, CALIFORNIA:

Will, from the local authorities who investigated the murder believed committed by the "ZODIAC", obtain copies of any handwriting or handprinting attributable to him, and photographs of any latent prints which may have been developed in that case, and submit these to the FBI Laboratory and Identification Division for appropriate examination and comparison with previously submitted samples.

b7c the Riverside Police Department. Detective [REDACTED] related "The Confession" described details of the murder of CHERI JO BATES and the manner in which her vehicle was disabled which would have been known only to the unknown subject who murdered her.

He advised the hand printed letters stating, in effect, "Bates had to die, there will be more" had been received after "The Confession" letter had been received.

b7c Detective [REDACTED] stated that after an article by reporter PAUL AVERY in the San Francisco Chronicle in early 1971, in which AVERY claimed the CHERI JO BATES murder had been committed by Zodiac, Zodiac thereafter directed a letter to the Chronicle in which he claimed responsibility for this murder.

Detective [REDACTED] stated that several months after the CHERI JO BATES murder, the poem which starts, "Sick of living/Unwilling to die...", was discovered in the library at Riverside City College, Riverside, California, where CHERI JO BATES was attending at the time of her murder. He pointed out the night she was murdered she had left the library in which this poem was discovered. He said it had apparently been written with a blue ball point pen into the soft wood of a plywood study desk.

b7c Detective [REDACTED] stated that all latent fingerprints in instant case had been submitted to the Identification Division, Latent Fingerprint Section, on 11/4/66. Detective [REDACTED] exhibited a letter from the Latent Fingerprint Section dated 11/15/66 which reflected Latent Case #73096 had been assigned to the Riverside submissions. He added that from the latents previously submitted to the Bureau, only four fingerprints and three partial palm prints remain unidentified.

REQUESTS OF THE BUREAU

The FBI Laboratory is requested to compare the handwriting or hand printing of the enclosed documents with previously submitted samples of the handwriting or hand printing attributable to Zodiac.

LA 62-6854

It is pointed out that all items being submitted have been processed chemically by the Riverside, California, Police Department for any latent prints.

On completion of the examination by the FBI Laboratory, it is requested the enclosed documents, all which are originals and are evidence in the CHERI JO BATES murder case, be returned to Los Angeles for return to the Riverside, California, Police Department.

The FBI Identification Division, Latent Fingerprint Section, is requested to compare the latent fingerprints and partial palm prints previously submitted by the Riverside Police Department to the Identification Division on 11/4/66, Latent Case #73096, with other latent prints on previously submitted samples by the Sacramento and San Francisco Offices.

Specimens received

August 15, 1974

K13 Four sheets of paper bearing known writing of [REDACTED]

b7c ALSO SUBMITTED: Zodiac sign and photograph of [REDACTED]

Result of examination:

b7c It was not definitely determined whether the Zodiac letters submitted to the Laboratory to date were prepared by [REDACTED] K13, because of a lack of significant characteristics in the material available for comparison.

While [REDACTED] could not be definitely eliminated as a possible suspect in this matter on the basis of the handwriting comparison, nothing of significance was noted in the examination which suggests that additional known exemplars of [REDACTED] would be of value. It is suggested that other suspects be considered in this matter.

The submitted evidence is returned herewith. Representative photographs are retained.

Re: ZODIAC
EXTORTION

FBI File No. 9-49911

Lab. No. D-74082101C LL

Specimens received 8/30/74

- Qc77 Photocopy of envelope bearing illegible postmark and hand printed address "Editor San Francisco Chronicle San Francisco, California"
- Qc78 Photocopy of hand printed letter beginning "Editor Pat Marco back....." and signed "...The Red Phantom"
- Qc79 Photocopy of address side of postcard postmarked "POSTAL SERVICE, CA 945 P 8 MAY 1974" bearing hand printed address "Editor SF Chronicle 5th & Mission San Fran"
- Qc80 Photocopy of message side of Qc79 postcard bearing hand printing beginning "Sirs - I would like to express..." and signed "...A citizen"

Result of examination:

The hand printing on Qc77 and Qc78 contains some characteristics which are inconsistent with the hand printing on the ZODIAC letters received in the Laboratory to date. While these inconsistencies are not sufficient to definitely eliminate the writer of the ZODIAC letters as the writer of Qc77 and Qc78, they suggest that these specimens may have been prepared by someone other than the writer of the ZODIAC letters.

It was not definitely determined whether the questioned hand printing on Qc79 and Qc80 was prepared by the writer of the ZODIAC letters because of variations in this material; however, similarities were noted which indicate that Qc79 and Qc80 were probably prepared by the writer of the ZODIAC letters.

The submitted evidence is retained.
