SUBJECT: HAL ROSS
ZIEGLER ROSS AGENCY
LOS ANGELES, CALIFORNIA

GARY ROWE

BACKGROUND:

By letter dated 5/17/65 above-captioned Hal Ross wrote the Director suggesting that he be permitted to contact Gary Rowe for the purpose of interesting him in selling rights to his life story. By letter dated 5/21/65 Miss Gandy advised Mr. Ross that his proposal would be brought to Mr. Rowe's attention. This is being done. Gary Rowe is the informant in the Viola Liuzzo murder case in Alabama, the trial of which resulted in a hung jury.

DEVELOPMENT:

At 2:35 p. m. today Hal Ross telephoned from Los Angeles and talked to Wick. He referred to the receipt of Miss Gandy's letter and asked whether there had been any change in the situation and whether it would be appropriate for him to press further in attempting to contact Rowe. He said his company did not wish to take any action which might jeopardize the future trial in the murder case, but he did want it known that his company is very much interested in securing the rights to Rowe's story which ultimately will be told.

Mr. Ross was told there had been no change in the situation but that his inquiry would be maintained as a matter of record.

ReBHairtel 5-27-65 and Bulet 5-21-65.

On 7-7-65 WILLIAM BRADFORD HUIE appeared at the Birmingham Office. HUIE at this time again repeated his request for an opportunity to do a story on GARY THOMAS ROWE and his activity in the Klan. HUIE said that if ROWE had a story to tell which he believed he had, he would willingly pay the sum of \$25,000 for the story regarding the Klan and ROWE's activities therein. HUIE also said that in the event this story was suitable for developing into a movie, he was willing to make an additional payment of \$25,000 for the movie rights to this story.

HUIE said that he had a representative by the name of MICHAEL DORMAN, who was a newspaperman on Long Island, who would be in touch with Mr. JOHN DOAR, Assistant Attorney General, sometime next week. He said that DORMAN would make this offer of HUIE's known to Mr. DOAR. DORMAN reportedly will act as a legman for HUIE and run out the various details that are necessary to complete a story.

No commitments of any kind were made to Mr. HUIE beyond the fact that his wishes would be made known. HUIE said that this was the primary purpose of his call so that the FBI would be aware of his interest in GARY THOMAS ROWE. This is being furnished for the Bureau's information only.

The information received in referenced communication was immediately disseminated to all Agents in this Division who maintain contact with Klan sources requesting them to determine whether ROBERT SHELTON or any of his close associates or other members of the Klan plan any trips out of the immediate Birmingham area in the near future. To date, contacts have been made with [REDACTED] and [REDACTED] (protect identity) and no positive information has been developed that would indicate that SHELTON or any of his Klan associates are planning a trip to the west coast in the near future. PL

All Agents maintaining contact with Klan sources have been asked to immediately report any information that would indicate that the Klan is aware of subject's relocation area and it is felt that if any known members of the organization leave the immediate Birmingham area we will be immediately aware of their destination and purpose of their trip.

BH 70-9

It might be noted that Mr. HUIE was advised that Mr. ROWE had previously indicated he had no interest in having a story prepared until at least the completion of the trial herein. He was also advised that ROWE had advised he did not know if he would be interested in telling a story even after completion of the trial.

Inspector James L. McGovern and ASAC Thomas Jordan of the Mobile Office have advised the Bureau had less than one hour to conduct a check of members of the jury panel for Assistant Attorney General John Doar. They advised that the case which was to proceed instant case fell through and the Klan conspiracy case would be the first case in court.

After 10:20 a. m., Montgomery time today, the Agents were given the names of 59 individuals who had been summoned for jury duty. One of the individuals under subpoena was the Identification Officer of the Montgomery, Alabama, Police Department. ASAC Jordan advised that when this officer is subpoenaed there is no way of checking the records at the Montgomery Police Department. Twenty of the 59 persons subpoenaed were from Montgomery County, Alabama.

As of 11:20 a. m. the box of trial jurors had been filled. The Agents at the request of Doar had concentrated on the first 30 names on the jury list and were able to furnish to the Departmental attorneys the results of a check of the office indices, information available through Agents' personal knowledge, and other local checks. Eleven of the 30 resided in Montgomery and we were not able to check the records of the Montgomery Police Department inasmuch as the Identification Officer was under subpoena and was at the Federal court.

Inspector James L. McGovern has telephonically furnished the following information. Gary Thomas Rowe, our informant, finished cross examination at 3:10 p. m., Washington, D. C., time, subject to recall. His testimony was essentially that given by him in the two previous state murder trials of Collie Wilkins and the defense attorney, Art Hanes, was unsuccessful in his efforts to shake the informant.

As was done by the late Matt Murphy during the state murder trial of Wilkins, defense attorney Hanes introduced the factor that the informant had violated his Klan oath in disclosing information concerning the Klan and for that reason his testimony was not worthy of belief.

Inspector McGovern stated that it is believed that this tactic was unsuccessful and could backfire on the defense since the Departmental attorneys in refutation were able to introduce the entire Klan oath which provides that Klan members should cooperate with duly constituted law enforcement agencies, particularly in relation to crimes such as treason and murder.

ACTION:

The Mobile Office is continuing to follow the trial closely and will keep the Bureau advised of all pertinent developments.

Inspector James McGovern telephonically advised at 1:30 p. m. that in connection with the trial of the three defendants the Government has rested its case and the Court has recessed until 1:45 p. m., EST.

Defense Attorney Arthur Haynes made a motion for dismissal on the basis that the Government had not made a prima facie case and was promptly overruled by the Judge. Haynes will commence the defense when Court reconvenes at 1:45 p. m.

With reference to arrangements to record the audio tape made available by the Canadian Broadcasting Company, it has not been possible to record the tape on available local radio station equipment due to background interference. Arrangements have now been made through the local telephone company which has superior high fidelity facilities and equipment to "boost" the volume, to record it. The intention of the Departmental attorneys is to use pertinent material in the tape, if a recording of sufficient quality can be obtained, in rebuttal.

CIVIL RIGHTS

United Press International today reported that the informant in this case testified he had gone to Jacksonville, Florida, with Eugene Thomas to plan an assassination of a Klansman. He reportedly did not give any details but it was stated in the release that the planned assassination apparently had no connection with the Liuzzo case. It was also reported informant testified he had met with high-ranking officials of the Klan in Jacksonville to plan the assassination of a Klansman who had revealed information about the Klan.

Memorandum to Mr. Belmont
RE: EUGENE THOMAS, ET AL.;

 H

Rosecrans referred to above is William Sterling Rosecrans, Jr., who was arrested by Bureau Agents in March, 1964, charged with a Federal Civil Rights violation in connection with the bombing of the home of Iona Godfrey, Jacksonville, 2/16/64. The Godfrey residence was bombed because a six-year-old Godfrey child was the first Negro to attend an all-white school.

Rosecrans pleaded guilty in Federal court on March 13, 1964, and was sentenced to serve seven years. He later served as a Government witness in the trial of five Klansmen who had been involved in the bombing. These five subjects were tried 6/30/64. One subject was acquitted and the jury was unable to reach a verdict on the others. Four of these subjects were retried in Jacksonville beginning 11/25/64 and were acquitted 11/27/64. Rosecrans has been in prison since his conviction and no attempt is known to have been made against his life.

ACTION:

Mobile is closely following the trial and will keep the Bureau advised of pertinent developments.

Inspector McGovern called from Montgomery, Alabama at 3:15 p.m. today to advise that the jury had just returned a verdict of guilty against subjects Eugene Thomas, Collie Leroy Wilkins and William O. Eaton.

These subjects were charged under Section 241, Title 18, of the Civil Rights Statute, and McGovern said the maximum penalty is 10 years. While McGovern, of course, does not know, he feels from the action of the judge that sentence may be passed today and that the judge may give the defendants the maximum sentence. He will advise the Bureau when sentence is passed.

Director's memorandum advised by pink note of sentencing.

U. S. District Judge Frank M. Johnson, Jr., of the Middle District of Alabama contacted Inspector McGovern after the sentencing of the three defendants in Federal Court today.

The Judge stated that some of the jurors were somewhat apprehensive following a return of the verdict of guilty against the three subjects. Judge Johnson requested that Agents contact the jurors and obtain their names, residence addresses and telephone numbers. He also desired that each juror be furnished the name of the nearest Agent whom they could contact in the event a threat was received. The Judge understands that the Bureau will not be affording protection of any type to the individual jurors.

Mrs. Viola Liuzzo was shot near Selma, Alabama, on the evening of 3/25/65, while engaging in the transportation of civil rights workers between Montgomery and Selma. One of the defendants Collie L. Wilkins has been tried twice in State Court in Hayneville, Alabama. The first trial ended in a mistrial, the second in acquittal.

The three defendants were indicted by a Federal Grand Jury setting in Montgomery, Alabama, in April, 1965, for conspiracy to violate the civil rights of the victims.

In connection with the Federal trial which began in Montgomery on 11/29/65, SAs Richard W. Flach and Marion E. Williams were called as witnesses.

SA Williams testified concerning his examination of the victim's car in Montgomery immediately following the shooting and the physical evidence which he obtained. He also testified concerning the examinations he conducted in the Laboratory which resulted in the identification of a bullet from the victim's head and two bullets recovered from the car as having been fired in the revolver recovered by Bureau Agents from a car located at the residence of Eugene Thomas, a defendant in this case.

SA Flach testified concerning his examination of glass fragments removed from the recovered bullets. These fragments were compared with known specimens obtained from the door window and windshield of the victim's car. On the basis of this examination, SA Flach was able to testify concerning which specimens passed through the door window and which passed through the windshield.

Wick 11-1

After being advised by Mr. Belmont, I immediately called the Attorney General and advised him that I just wanted to let him know that all three people were convicted in the case in Birmingham. The Attorney General said he was just going to call me and tell me the Bureau did a terrific job not only originally but in the way the testimony went and the way they conducted themselves and it was really a victory for the Bureau as in this one, the Bureau was itself on trial in a sense. I stated I thought it may be the turning point. I stated the defense counsel had made a great issue of the fact that the witness (Gary Thomas Rowe) had broken his Klan oath and I thought that is insulting the intelligence of the jury and that may have been the turning point. The Attorney General said that he and John (Doar?) talked over the trial and decided one of the things which was really essential was that the Bureau be put forward in this. He stated the Bureau was held back, in a sense, in the State court trials and they felt the way to win this was to rely on the reputation of the Bureau and he thought that is what won it.

I stated I was glad the informant came through, as he is temperamental and if we had lost this we could probably not use him again because he was pretty well torn to pieces when he came back from the West Coast. The Attorney General stated he thought it was terrific and I commented that I was happy about it.

44-28607-617

I commented that we have that Mississippi thing to which we will have to face up some of these days, and the Attorney General said those fellows must be feeling uneasy. I stated I thought there was a different attitude in Mississippi today and the Governor had helped materially and if we can get to trial, I thought the Supreme Court would sustain the position the Department had taken. The Attorney General stated he thought they would in Mississippi but he did not know about the Georgia case. The Attorney General reiterated that he really congratulates me and the Agents involved and I expressed my appreciation to him.

Inspector McGovern has advised that the Federal Court jury which has this case under consideration returned to the courtroom at approximately 11:20 a. m. (Washington, D. C. time) today and informed the court that they were hopelessly deadlocked and unable to reach a verdict.

The District Court Judge advised the jurors that this was a very important case. He said that the presentation of the case had been very expensive to the Government and also involved considerable expense to the individual defendants. The court indicated that the jurors had heard the testimony of approximately 50 witnesses and informed the jurors in effect "you have just begun to deliberate this matter." The Judge then sent them back for further consideration of the case.

The Birmingham office advised that a few minutes ago the jury in the civil rights case arising from the Liuzzo murder came into the court and told the Judge they were "hopelessly hung." The Judge told the jury that this was a highly expensive case to the Government with some 50 witnesses called and an expensive case to the defense, and that they had only begun to deliberate and to go back and resume deliberation.

Convictions in Alabama Heartening to Johnson

By Carroll Kilpatrick
Washington Post Staff Writer

AUSTIN, Tex., Dec. 3 — President Johnson said today that the Nation "can take heart" from the conviction of three Alabamans for conspiracy in connection with the slaying of Viola Gregg Liuzzo.

Mr. Johnson also congratulated the Federal officials who prosecuted the case in Montgomery, Ala.

Acting White House press secretary Joseph Laitin quoted the President as saying "the whole Nation can take heart from the fact that there are those in the South who believe in justice in racial matters and were determined not to stand for acts of violence and terror."

Laitin said the President telephoned Attorney General Nicholas deB. Katzenbach and made the comment to him.

Mr. Johnson also told the Attorney General, Laitin said, that Assistant Attorney General John Duer, who handled the prosecution along with Ben Hardeman, the United States Attorney in Montgomery, and the FBI were "to be congratulated on the successful conclusion of the conspiracy trial."

A civil rights worker from Michigan, Mrs. Liuzzo was killed early this year on the highway between Selma and Montgomery after participating in the march on Montgomery.

The President made the original announcement of arrest of the three men in a televised statement from the White House.

The President was reported

to have worked most of the day at his desk following an early morning physical examination by Vice Adm. George G. Burkley, White House physician.

Laitin said the doctor was "quite satisfied" with the President's condition and found everything within normal range.

The President's weight is between 190 and 185 pounds and the doctor wants him to maintain it, Laitin said.

When the President makes a sudden turn he feels twinges from muscle sensitivity, Laitin said, but the doctor found that the incision "has healed nicely."

The President announced the selection of Rear Adm. Edward J. Fahy as chief of the Bureau of Ships. Fahy will succeed Rear Adm. William A. Brockett, who is retiring Feb. 1 after disagreeing with shipbuilding policies of Secretary of Defense Robert S. McNamara.

Fahy is a 35-year-old honor graduate of the U.S. Naval Academy. He currently is commander of the San Francisco Bay Naval Shipyard and of the Mare Island Naval Shipyard.

In a statement issued today, Mr. Johnson also announced that paratroopers serving in Vietnam will be able to draw their extra incentive pay—\$55 a month for enlisted men and \$110 for officers—if involvement in ground fighting prevents them from making the required one jump every three months. The action amended an earlier executive order.

SUBJECT: TELEGRAM FROM PRESIDENT
LYNDON B. JOHNSON

The Director received the attached telegram dated December 4, 1965, from the President at the temporary White House in Johnson City, Texas. The telegram reads "My congratulations to you on the successful conclusion of the U. S. vs. Eaton, Thomas, and Wilkins case. The work which you and the Bureau did in preparing this case for trial in conducting the necessary investigations, I am sure, made possible this victory for justice. Lyndon B. Johnson."

Pursuant to my conversation with the Director this morning there is attached a copy of our acknowledgment of this telegram which was approved by the Director and reads as follows "It was typically thoughtful of you to extend congratulations regarding the Eaton, Thomas and Wilkins case. I am very grateful to you for your continued faith and confidence in the FBI's handling of its responsibilities in this field. I am taking great pride in passing your fine message on to the many FBI personnel who tenaciously and patiently handled this matter. J. Edgar Hoover."

Mrs. Stegall at the White House advised that there are no facilities in either Austin or Johnson City for delivering telegrams to the LBJ ranch. She stated all telegrams sent to either of these cities are sent back to the White House and they put them on the direct line to the Little White House at the LBJ ranch. She stated that this handling is much faster and accordingly, a copy of the attached telegram was delivered personally to Mrs. Stegall at approximately 10:20 a. m. and she assured that it would be sent to the President immediately.

the assistance of some experts in that area as to who are members of the Klan, et cetera. I stated we were pretty well covered by informants and took occasion to mention to the Attorney General that I have ordered more Agents into the Charlotte area, including Inspector Joseph Sullivan. The Attorney General stated he did not know that the information he gave me re the starting of the trial is public knowledge, but we are going to have a very short time to check on the jury panel. I stated I would lay plans accordingly so we would have enough men in that office so they can respond to it.

The Attorney General inquired if I thought we would break the case in Charlotte. I stated I was not certain and he inquired if it depended upon somebody talking and I agreed, stating we have to get somebody from within.

I also took occasion to mention to the Attorney General the fact that there is coming out in the January Reader's Digest a fine article on the accomplishments in the civil rights field. I stated I have found that people are amazed when I begin to tell them of the things that have been done and this article will be excellent. I commented that I had seen an editorial in a Cumberland paper which was critical of the Department for not doing more in the civil rights and organized crime fields, but we have made a substantial record in both and mentioned the case in Chicago yesterday where Murray Humphreys died. The Attorney General asked if I would send him the names of the two Agents in Chicago who made the arrest of Humphreys as he thought he might write them. I told him I would do so. (Mr. Belmont has been advised.)

The Attorney General stated that John Doar would be down there sometime Friday and be in touch with the Bureau people and if I had any further thoughts on the matter to give him a call, but he thought Rowe would have to be toned down a bit but we can try to do most of what he wants. I stated I saw in a wire I had received from the West Coast that Rowe said he had no confidence in the attorneys of the Department but did have confidence in the FBI so we will have that leverage. The Attorney General stated he thought Doar is a calm man and I stated he is a good prosecutor and that is important because I think this case is being viewed rather as a "symbol" case.

November 24, 1965

Memorandum for Messrs. Tolson, Belmont, Rosen, DeLoach

The Attorney General stated that we are going to have about four hours from the time the jury panel is drawn to find out something about the people on it so they are going to need some help from my sources there as there will be 75 names on that panel and they have to be able to identify them. I inquired as to when they anticipate going to trial and the Attorney General indicated Monday; that the Judge is going to draw a new jury on Monday and he has one case coming before this case which will probably be about a three-hour case and we will know the 75 names on that jury panel when court convenes and the chances are that at 2 o'clock that afternoon they will start selecting the jury for the case. The Attorney General stated that consequently they will need

[Redacted] furnished the following information:

On March 25, 1965 he was assigned, along with numerous other members of [Redacted] to be in the Dexter Avenue area in order to prevent any illegal activity, violence or incidents of any kind. Among the instructions, they were told they should keep groups from congregating on any street corners or in the street.

He recalls that an hour or two after the marchers had reached the capitol area on Dexter Avenue, probably in the early afternoon, he was in the vicinity of the American Service station located about two blocks from the capitol building on the north side of Dexter Avenue, when he observed a group of approximately four or five Negro men and another group of four or five rough-looking white men gathered on the corner of the service station property. These two groups were exchanging insults and harsh words and it appeared to him they were about to engage in a fight. He went over to this group, accompanied by a uniformed policeman, believed by him to be [Redacted] and ordered both groups to break it up and leave the area. Both the Negro and white groups immediately walked away in different directions and no further trouble was observed at that vicinity by him, although there were numerous people milling about, but not congregating in groups.

[Redacted] stated this incident was merely observed by him and he did not receive a call and no one sent him to this area for this specific incident.

To his knowledge no other incident of this nature occurred in this vicinity on March 25, 1965.

He stated he is attached with the Alabama State Troopers at Oneonta, Alabama, out of the Birmingham Division of the Alabama State Troopers. 71 [REDACTED] furnished the following information:

On March 25, 1965 he was on special assignment in Selma, Alabama. In the early nighttime of that date, he was patrolling at the Dallas County - Lowndes County line vicinity, when two men, driving a Corvette convertible stopped and talked to him. He stated these men identified themselves as being attached to Craig Air Force Base, Selma, Alabama, and were cadets from some foreign country, the identity of which he does not recall. These men told him they had observed a Negro man standing in the highway about three miles back toward Montgomery on U. S. Highway 80, and the man was waving his arms, apparently attempting to stop them. They almost hit this man and had to swerve to keep from hitting him. They did not see anyone else around and suspected he might be trying to rob them, but stated there was a possibility he had been involved in an accident.

He radioed the Selma State Troopers post and furnished this information to them and then proceeded about three miles east toward Montgomery on U. S. Highway 80, but seeing nothing unusual, he returned to his post of assignment and continued patrolling in the area of the county line. In about five to ten minutes he heard a dispatch on his radio to the effect that there had been a shooting in the same general area where the men had reported seeing the Negro; therefore, he proceeded immediately to the vicinity of Craig Air Force Base, where he spotted the convertible with the two men in it and stopped them. He had them repeat the information to him, got them to exhibit their identification cards, from which he copied their names, which were very

44-1245 :egp

The following investigation was conducted by Special Agent [redacted] on November 22, 1965, at Selma, Alabama:

[redacted] of [redacted]

[redacted] National Guard Armory, Orrville Highway, advised they knew of no possible way to verify that a 6X6 truck was located at the corner of Lawrence Street in Selma, Alabama, on March 25, 1965. They pointed out that trip tickets are only maintained a period of 60 days to show movement of vehicles in any particular area.

The trip tickets which are kept by the Armory and the National Guard units at the present time do not require detailed information as to the movement of a vehicle, and if a unit noted on the trip ticket, "to downtown area," this would fulfill existing regulations and it could mean any area in Selma.

They concluded that they have no personal recollection of any 6X6 truck being assigned to the area of the churches - First Baptist Church and Brown's Chapel AME Church - on March 25, 1965.

44-1245

On November 22, 1965

[redacted] National Guard, Montgomery, Alabama, advised Special Agent [redacted] that unless the number on the 6 X 6 truck, which had been observed in Selma, were known, there would be no way to determine the unit to which it was assigned. [redacted] further advised that no record was maintained of the assignment areas of the various units of military police, which were assigned to the march from Selma to Montgomery.

By communication dated November 20, 1965, the St. Louis Division advised as follows:

The Department has advised that the House Committee on Un-American Activities plans to subpoena Gary Thomas Rowe to appear before the Committee in Washington, D. C., probably during January of 1966. This is in connection with the Committee's hearings concerning the various Klan organizations. The Department has advised that it does not know the exact nature of the testimony desired from Rowe.

The Department has pointed out that the Committee does have the power to subpoena any individual in the United States and that the Department desires to cooperate with the Congressional Committee. The Department has requested that the informant be contacted and it be specifically ascertained whether or not Rowe is willing to appear before this Committee.

In this regard, it is the Department's opinion that he should be made available, however, you should not in anyway endeavor to influence the decision of Rowe either one way or the other. The Bureau should be advised of the informant's opinion so that the Department may be notified of his feelings no later than 12/29/65.

The San Francisco Office should furnish the letter from Mr. Johnston, with attachments, to Rowe for his consideration. The decision as to accepting the settlement outlined is Rowe's alone.

Since the employment of Matt Murphy in this instance was in furtherance of Rowe's position as an informant, if Rowe requests that the Government provide him the necessary funds to handle the settlement as outlined by Mr. Johnston, you will furnish such funds.

You should obtain Rowe's decision in writing in a letter addressed to Mr. Johnston, with a copy to SAC, San Francisco, and have the Birmingham Office furnish the original letter to Mr. Johnston.

The San Francisco Office should handle immediately and advise the Bureau of developments.

As you are aware, Chief Marshal James McShane initially made an appointment with Mr. DeLoach at 3:00 P. M. on 1/4/66 which he failed to keep. His secretary subsequently called and stated that McShane had found it necessary to confer with the House Committee on Un-American Activities and that he would make an appointment for the morning of 1/5.

For your information, this appointment was made; however, McShane again failed to keep the appointment. On the afternoon of 1/5/66 at 2:45 P. M., Jack Cameron of McShane's office called on Mr. DeLoach and told him McShane was home sick.

Dear Mr. Hoover:

I am writing to express the strong interest of the Committee in interviewing Gary Thomas Rowe, Jr., former Federal Bureau of Investigation informant in the United Klans of America, Realm of Alabama.

I am advised that Mr. Rowe has indicated complete willingness to be interviewed by members of the Committee's staff, although he has expressed the view that, as of now, he is not inclined to testify before it in public or private session.

It is my request that Philip Manuel, an investigator for the Committee, be permitted to interview Mr. Rowe at a place other than Mr. Rowe's current residence, and preferably in Los Angeles, California. It would be most helpful to the Committee if the meeting could take place next Monday, January 10, at the Mayflower Hotel, 531 South Grand, Los Angeles.

For security purposes, I have had reservations made at the hotel for that date in the name of Mr. Manuel and Mr. Louis Russell; another staff investigator. With Mr. Rowe registering under the name of Mr. Russell, his presence should go unnoticed. The Committee, of course, will bear the expense of Mr. Rowe's travel to, and stay in, Los Angeles.

If these arrangements meet with your approval and are agreeable to Mr. Rowe, I would appreciate your having a member of your staff so notify Mr. Donald T. Appell, Chief Investigator of the Committee, so that Mr. Manuel can make arrangements to be in California by noon on Monday.

Victim, Viola Liuzzo, wife of a female civil rights worker, was shot in Lowndes County, Alabama, 3/20/65. State prosecution unsuccessful on one subject and outstanding on other two subjects. Federal Civil Rights prosecution successful on all three subjects.

Automobile of victim was in custody of state authorities as evidence. We never had custody of automobile and it was not used in Federal trial. It does not appear reasonable that automobile available for public sale if title remains with Liuzzo family.
