Re: J. Edgar Hoover-FBI.

Dear Mr. Winchel:

For many years I have admired J Edgar Hoover and what he stands for in our government organization. I have too realized that the pay for such service is not sufficient for an honest man to accumulate much beyond a comfortable living.

I, like yourself as expressed in your Sunday Night broadcast, feel that we as Americans owe a debt of gratitude to this man for his high ideals and accomplishments, devotion to duty and for what he has expressed.

With this though in mind, I would suggest that we start a fund for the retirement of J Edgar Hoover, which no doubt is not too far off.

I think that many Americans would like to contribute something to this fund which would enable him to devote his time to work or play of his own choice without thoughts of having to earn a living after retirement. Perhaps such fund would enable him to devote time to writing for and lecturing to the youth of the country or organizing clubs etc...since our young people seem to present such a problem today in the crime circle.

I don't know what legal complications could arise from such a step, but to prevent them I would suggest a committee of outstanding citizens to collect and hand over such a fund...and would suggest that donations be limited to individuals, without identity being revealed to anyone except such committee or trustees. In such a way no one could buy favor or interpret the donation as a buy of justice etc.

Such sum collected should be turned over to Mr. Hoover when he retires with no strings attached. In case he should predecease retirement, then in such case such sum collected should go to his college for scholarships in his name or to a college of his selection for such purpose for work in social welfare study or crime prevention work, to be outlined by such committee or trustees.

If this has merit, please count me in for the first donation, and any contribution of effort necessary to begin the movement.

With all good wishes and thank you for the splendid accounts you give us in your broadcasts.

Dear [Redacted]

Mr. Walter Winchell has advised me of your recent communication to him wherein you so kindly commented pertaining to my service in the Federal Bureau of Investigation.

I deeply appreciate your thoughts; however, I have no intention of retiring, and I would not under any circumstances approve of the collection of any such fund as you had suggested to Mr. Winchell, although I did appreciate the spirit which motivated your suggestion.

Sincerely yours,
J. Edgar Hoover

INTERVIEW WITH ROY M. COHN:

NY Calif
D.C. NY

During this broadcast, Winchell interviewed Roy M. Cohn, Chief Counsel for the McCarthy Committee, as follows:

WINCHELL: Roy M. Cohn has done an awful lot for our country prosecuting Communists, many of whom have gone to prison and two of them in the electric chair, Julius and Ethel Rosenberg.

I understand Senator Potter has named you as one of the employees who should be fired. If you are voted off the Committee does that mean your services as a Communist fighter will be lost to this country?

COHN: I intend to do whatever I can to continue in this fight against Communist infiltration, whether on or off the Committee.

WINCHELL: There have been rumors that you want to get off the Committee. Is that true?

COHN: It's pretty tough to stay in this game of fighting Communist infiltration in this country. You take an awful lot of smears. The great support we've got from the American people during these hearings is enough to want to make me stay on the job.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

WINCHELL: Senator McClellan was quoted the other day that two members of the McCarthy Committee had been denied security clearance by the Defense Department. That couldn't include you, could it?

COHN: No. As far as I know there is nobody on the Committee staff who has been denied or refused any kind of security clearance by anyone.

WINCHELL: Democrats announced the other day that they would block further public hearings but wouldn't object to further executive session hearings. Do you think the Democrats will succeed in blocking the McCarthy Committee?

COHN: I don't think they should want to. Our next scheduled hearings are exposure of large numbers of Communists in defense plants throughout the United States and I don't think any group would want to take responsibility for blocking the ouster of these Communists from defense plants.

WINCHELL: When I was covering the hearings, I met Professor Louis Budenz for the first time. Budenz told me that many anti-McCarthy newspapers in the nation have at least one editorial writer or rewrite slanter, somebody who can rewrite the headlines to confuse the people or mislead them. He said that these people were once members of the Communist Party and that many Communists are still in significant strategic newspaper jobs on newspapers from coast to coast. Could you tell us something about that?

COHN: First, don't limit it to newspapers.

WINCHELL: Why is Budenz so sure about this. How does he know?

- 5 -

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

COHN: He can be more sure than anyone else in the world because it was his job as editor of the "Daily Worker" to place Communists on supposedly respectable newspapers throughout the country.

WINCHELL: You mean he was in charge of placing and planting these Commies?

COHN: That's right. He had a great responsibility in actually placing Communists on newspapers throughout the country.

WINCHELL: Has he told McCarthy or anyone on the Committee the names of these Communists?

COHN: He submitted a great deal of information about that to us, yes.

WINCHELL: What are you doing about it?

COHN: That's one of the things we hope to do when we can get back into operation.

WINCHELL: I think that should come before the defense plants.

COMMENT:

Joseph R. Scottoriggio was a Republican Party campaign worker in New York City during the 1946 Congressional election campaign. He died as a result of injuries received when he was assaulted by unknown persons on 11/5/46 in New York City. This assault occurred during the campaign in which Vito Marcantonio, the candidate of the American Labor Party, was elected to the U.S. Congress. There were allegations to the effect that Marcantonio's henchmen killed Scottoriggio. No investigation was conducted by the Bureau in this matter although all pertinent facts relative thereto were referred to the Criminal Division of the Department.

EXCLUSIVE FOR MR. WALTER WINCHELL.

SWEDEN'S FOREIGN MINISTER OESTEN ~~UNDEN~~ IS AT PRESENT IN SOVIET RUSSIA ON A "VACATION." THE REASON BEHIND THIS SO-CALLED "VACATION" IS THE FAMOUS WALLEMBERG CASE. Raoul Wallenberg—son of one of the world's richest men, his cousin Gustaf Wally Wallenberg) a former Swedish theatrical producer and now head of a Panamanian Shipping Company lives now permanently in New York City, on Central Park South —was secretary of the Swedish Legation in Budapest during the Nazi occupation and helped many European Jews to escape. When the Russians came to Budapest,, they kidnapped this handsome, young heir to one of Sweden's greatest fortunes. Mr. Oesten, the Swedish Foreign Minister believes that Wallenberg is still alive. Since all his protest notes failed, he is spending his "vacation"(9 days) in Russia, trying to liberate Wallenberg und to bring him back to Sweden. By the way, the Russians kidnapped from the Western zones in Austria more than 600 individuals since 1947, they threatened to kill Austria's Minister of the Interior Oskar Heimer and they attempted an "automobile accident" on former Minister of Justice in Austria,, Dr. Otto Tschadek, who ~~realized~~ Stalin in presence of Russian officers a "mass murderer". How many persons from Western Germany, France, Italy, Denmark, Norway were kidnapped by Russian agents is now known in Finland they kidnapped several hundred persons. Every day, I looked forward to reading your "Reporter's-Eye" view of the fracas in Washington, but now you have us worried. Haven't read a word for days about this.

We're wondering what Mr. H. told you when you talked with him about the "Supposed-to-be" top secret letter, because since then, W. W. has been very quiet on this subject. This is 'nt like W. W. Must be some-thing very, very big.

Never in American history has a man been more respected and trusted for so long a time as Mr. H., but now I wonder. IS THIS GOOD?

WINCHELL SAID:

Winchell said that he ran out of time in interviewing Roy Cohn the previous week, so he asked Cohn some questions after the broadcast. These questions are as follows:

Winchell asked Cohn if Senator McCarthy would be able to employ Cohn on his own in the event he, Cohn, were dropped per Senator Potters statement that he, Potter, would ask both sides to drop some of their aides. Cohn replied that Senator McCarthy could re-employ him and even if McCarthy didn't he, Cohn would offer to work for him without pay.

Winchell asked what Cohn thought would happen to the McCarthy Committee after both sides make their reports. Cohn replied that if the staff continues to be attacked, the McCarthy Committee may never again be effective.

Winchell told Cohn that a major criticism of that Committee was over it's methods; that many people condemned the Senator and his staff for the way they misshandled the Annie Lee Moss case, and was it true as it was reported, that her case was a terrible case of mistaken identity. Cohn said: "absolutely untrue. There may have been three people in Washington by the same name, the name of Annie Lee Moss, but she was the one we meant. I hope that the McCarthy Committee will be allowed to prove it."

Winchell added that Cohn then revealed that Francis Carr, McCarthy's chief investigator, will resign in about two weeks. Carr has been offered an attractive job with a big business firm. Carr made this decision because he is fed up with what he calls a "thankless job."

Winchell said that immediately after his interview with Carr, the ABC switchboard was flooded with telephone calls --200 in 20 minutes, pro-Roy Cohn, 9 to 1.

COMMENT:

Inasmuch as Winchell could not be understood as he identified the above Major, it is not possible to identify this individual. Contact with the Liaison Section, handling the review of Jenner Committee Testimony, reflects that this Committee does not give the Bureau any advance notice on individuals whom they have under subpoena.

WINCHELL SAID:

Winchell made reference to a letter from William Loeb, President of Associated Newspapers, which letter, according to Winchell, appears in the current issue of the "Editor and Publisher," a trade journal. According to Winchell, this letter states that the American Press is suffering a severe decline in the eyes of the American people who have been able to compare the news being published with the news that they are able to see and hear on TV. As an example, Winchell referred to the recent Army-McCarthy hearings and stated "this merely confirms what Roy Cohn said on my program last week."

COMMENT:

Winchell is referring to his broadcast of June 20, 1954, during which he interviewed Roy M. Cohn, Chief Counsel for the McCarthy Committee. Cohn, among other things, stated that many newspapers in this country have at least one editorial writer or rewrite men who are able to rewrite the news to confuse the people or mislead them. The above items represent the only statements made by Winchell in his broadcast, which appear to be of interest to the Bureau. Winchell devoted the balance of the program to general gossip and society items, i.e., marriages, divorces and births, etc. He talked at some length concerning current stock market trends, primarily his predictions of recent weeks of the spiraling prices of U. Winchell concluded his program with an interview of Bob Considine, the columnist, who, Winchell stated, would take over the Winchell program for the period beginning July 11, 1954, through September 5, 1954, while Winchell vacations.

TO : MR. QUINN TAMI

DATE: August 27, 1954

FROM : C. L. Trotter

SUBJECT: SENATE COMMITTEE TO CENSURE
SENATOR JOSEPH MCCARTHY

RE: REQUEST TO LOCATE WALTER WINCHELL

At 11:20 A.M. 8-27-54 Mr. John Jex, in the Office of Senator Watkins, called. Mr. Jex stated that Senator Watkins was heading the committee considering the Senate resolution to censure Senator Joseph McCarthy and that he, Mr. Jex, was calling for Senator Watkins. The committee desires to locate Walter Winchell over the forthcoming weekend (Saturday-Sunday, 8-28/29-54).

Mr. Jex wanted the answer to two questions:

1. Would it be within the province of the Bureau to assist the committee in locating Walter Winchell so that he could be interviewed by committee representatives over the weekend?
2. What form should be utilized by the committee in requesting the Bureau to do this.

I checked with Mr. Nichols and, in accordance with his instructions, at 11:25 A.M. I called Mr. Jex back and told him that under departmental regulations the Bureau could take no action on a request of this nature unless we were specifically directed to do so by the Attorney General. The fact that Mr. Winchell has an office in the Daily Mirror Building in New York City and might be located through that source was also conveyed to Mr. Jex. Mr. Jex advised that they had already attempted to follow this lead out but Mr. Winchell was now on vacation and apparently his office refused to tell the committee where he was at this time.

Mr. Jex advised that this satisfied his request and he understood that any further action pertaining to this Bureau in this matter must necessarily flow through the Attorney General.

MEMORANDUM FOR MR. TOLSON
MR. BOARDMAN
MR. BELMONT
MR. NICHOLS

Senator Arthur V. Watkins, Chairman of the Select Committee to investigate charges made against Senator Joseph McCarthy, called to advise that Walter Winchell was to appear before the Senate Committee in Executive Session at 1:00 o'clock today with reference to his possession of a two and a quarter page document and how he had obtained this document. The Senator indicated he wanted to inquire as to my version of the conversation I had had with Walter Winchell concerning this document and stated if Mr. Winchell's version did not coincide with mine then it might be necessary to have me testify before the Executive Session this afternoon.

I told the Senator that I had had a personal talk with Mr. Winchell at a dinner I believed on May 5 at which time Mr. Winchell stated he had a two and a quarter page document and he wondered what would be the results if he were to make it public. I stated Mr. Winchell had this document in his hand at the time he spoke to me and though I did not get to read the document it appeared to be similar to the document which Mr. Robert Collier, Chief Investigator for the Mundt Committee, had shown me. The Senator was advised that I told Mr. Winchell that he would likely be in trouble if he made this document public; that he would not be serving the public interest and it was possible he might face prosecution in view of the confidential character of the document. I mentioned that this conversation occurred the same day the document was produced before the Mundt Committee.

Senator Watkins was advised that that same day Mr. Robert Collier, Chief Investigator for the Mundt Committee, came to see me regarding the two and a quarter page document and asked whether it was a true copy of a document from the FBI. I stated Collier was advised that we had checked our files and the two and a quarter page document had obviously been prepared by using excerpts from a sixteen page report which we had sent to the Military Intelligence of the Army. I stated that these excerpts were lifted verbatim from the sixteen page report, however indicated that the salutation and closing of the two and a quarter page document WERE not correct and did not represent the salutation and closing of the sixteen page document.

I told the Senator that I had asked Mr. Winchell where he had gotten the two and a quarter page document and Mr. Winchell stated that someone had put it in his pocket. The Senator was advised that I subsequently reported to the Criminal Division of the Department of Justice my conversation with Mr. Winchell and indicated he had a copy of this document. I further told the Senator that though I did not get to read the document which Mr. Winchell had it appeared to be similar to the one Mr. Collier showed me and the Senator stated he was very concerned that Senator McCarthy may have permitted such a document to get into the hands of a gossip columnist.

Senator Watkins then inquired if the information in the two and a quarter page document was classified and I told him yes that since this particular document had been excerpted from the original sixteen page document which was classified therefore no portion thereof could be considered as unclassified without the approval of the Attorney General. I further advised Senator Watkins that subsequently the Mundt Committee had contacted the Attorney General with reference to this matter and were advised that the contents of the two and a quarter page document should not be disclosed.

The Senator then reiterated that Mr. Winchell would be testifying before the Executive Session this afternoon at 1:00 o'clock and I told him if the Committee needed any information from me I would be very glad to appear.

"The New York Times" is one of the newspapers that criticized McCarthy for concealing his sources. On 4-21-51, this paper ran an article on the meeting of President Truman and General MacArthur on Wake Island. This report was classified "Top Secret." Senator Bridges thinks this is a serious breach of security and thinks "we" should try to find out who released the report. "The New York Times" refused to reveal its source.

Detective ~~McShane~~ of the New York Police Department has eleven citations for bravery, including the Medal of Honor. He is concrete example of what they mean when they say, "New York's Finest." He was demoted, humiliated and sent to the Bronx, because on his day off he held an umbrella over the head of a friend, the heavyweight champion of the world, and the picture got into the papers. He continued by saying, Commissioner, this is very stupid public relations. If the Police Commissioner doesn't respect a good "Cop" and his record, why should a "punk" teenager.

Dear John:

Hope the attached will interest you.

I mentioned it in my own column the other day and told Bob Considine, who may do a piece. I also sent word to Mr. Berlin through Jack Clements who was in Washington. I reminded them that the 30th year was May 10th and perhaps the Hearst papers would want to do something about it editorially. Here is the first one.

regards,

Walter

*"Ye shall know the truth and the truth shall make you free."
John, viii, 32.*

Happy Anniversary!

A TRULY GREAT AMERICAN will observe, but probably not celebrate, a 30th anniversary next Monday. That will mark the date that J. Edgar Hoover took over as acting director of the Federal Bureau of Investigation three decades ago. Since that time he has transformed a loose, politically-dominated agency into the finest investigative force in the world.

The FBI has replaced Scotland Yard in fiction because it surpassed in fact. The achievement is due to Hoover and the devoted men he chose and for whom he set high standards.

The procedure of the Bureau has been correct and non-partisan.

Naturally, the FBI has many enemies. It has as many as there are criminals and Communists. Its enemies are America's enemies. Communists and crooks, if any distinction can be made between the two, hate the FBI because they fear it, and with good reason.

More than any other agency, the FBI has exposed the Red conspiracy in this country—and it has done so while guarding the civil rights of individual Americans.

J. Edgar Hoover can take comfort on his anniversary in being known by the enemies he has made. So can the American people!

J. Edgar Hoover

Winchell probably refers to the membership list of the International Workers Order (IWO). The complete membership list of the IWO has been turned over to the New York State Department of Insurance.
