Mrs. Madelyn Murray, the Baltimore atheist who forced the Supreme Court's anti-school-prayer decision, has an article in the current issue of a sick, left wing publication which not only includes four letter words but some 10 and 11 letter gems that are even wilder. Her dirty-wordage makes Mailer and Lenny Bruce sound like Shirley Temple. (Article appears in The Realist. One of the wildest anti-American tirades I've ever read.)

CUBA: Uncensored!

RECENTLY SOME FORTY American newspapermen were invited to Cuba by Fidel Castro to see what the internal Cuban situation really was like...

They represented all shades and varieties of editorial opinion in America from the Hearst papers to the Communist Party Press.

They were permitted to travel anywhere on the island—to see everything—talk to anyone—without interference.

Some stayed just a few days... others a week... others two weeks.

What did they see and hear—and what did they report? Some of their "findings" already have appeared in newspapers and newweeklies. Other articles are being written to appear in the near future.

LYLE STUART, editor of THE INDEPENDENT, was one of the reporters on the jaunt. But his story is most unusual—for not only does he report on what he saw and heard in Cuba (this was his fourth trip since the Revolution)—but what he saw and heard among the newspapermen: in other words, how they covered their assignments.

This human-interest packed document is illustrated by twenty-seven photographs. It is a tremendous insight both into the Castro government today and into the way newspapermen work. Which newsmen went to Cuba with a total bias? Which reporters admitted to their colleagues that they couldn't write as favorably as they felt?

The article is dynamic. It fills an entire double-size issue of THE INDEPENDENT.

The price is only 25c. Yes, you may have a copy by sending a quarter to THE INDEPENDENT. Or you may have a copy as a FREE BONUS if you send \$3 for a one-year (12 issues) subscription to one of America's most courageous, most honest journals. Use this coupon.

FROM : M. A. Jones

SUBJECT: TELEVISION SERIES FEATURING
WALTER WINCHELL

BACKGROUND:

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 9/28/84 BY SP8 BJS/KAL

By letter to the Director dated 10-10-64, Mr. Winchell said he had told Henry Plitt of ABC Films, Inc., New York, to write to the Director regarding "Disaster Squad." Mr. Winchell said he would appreciate permission to use it as the pilot for his upcoming series. He went on to say that "Mr. Plitt won a Peabody Award in 1962 when he and Fae Thomas (I introduced her to you and Clyde at Del Mar) co-produced a series for that network."

Mr. Winchell also enclosed a favorable editorial from "The San Diego Union," the original of which is being acknowledged by the Correspondence and Tours Section.

INFORMATION IN BUFILES:

Bufiles contain no derogatory information regarding Henry Plitt, who is President of ABC Films. He was the victim in a recent Interstate Transportation of Stolen Property - Major Theft investigation captioned "[REDACTED] aka [REDACTED] aka," Bufile 87-76251. Approximately \$72,000 in jewelry was involved in this case. Bufiles contain no information concerning Fae Thomas. ABC Films is affiliated with the American Broadcasting Company. We have enjoyed good relations with the latter concern.

RE: REFERENCE TO "DISASTER SQUAD":

Bufiles and appropriate checks of other Bureau divisions fail to reflect any information concerning "Disaster Squad" in connection with a film to be used by Mr. Winchell. It is noted that on 7-22-64, Mr. Winchell advised the Los Angeles Office that he was contracting with ABC Films, Inc., to do a television series of 39 30-minute programs entitled "Walter Winchell Narrates 'Headliners.'" Mr. Winchell advised that the format of the show would involve showing old newsreel clippings of famous incidents, particularly in the criminal field, with a narration by Mr. Winchell.

M. A. Jones to DeLoach memo
RE: TELEVISION SERIES FEATURING WALTER WINCHELL

OBSERVATION:

While we have no information available concerning Mr. Winchell's proposed pilot film, presumably details are to be spelled out in a letter being prepared by Mr. Plitt. This letter has not yet been received at the Bureau. Since we do not have this information available, we are not in a position to consider Mr. Winchell's request that he be permitted to use "Disaster Squad" as the pilot film in his new series. Consequently, we are not able to comment on this at this time.

RECOMMENDATIONS:

1. That the attached letter of acknowledgement be sent to Mr. Winchell.
2. That upon receipt of a letter from Mr. Plitt, we consider his proposal and, at that time, if appropriate, an additional letter be sent to Mr. Winchell.

Dear Mr. Hoover:

While in California last week, I was in negotiation with Mr. Walter Winchell in connection with a proposed series we are planning to do. At that time he brought to my attention a very interesting subject heretofore unpublicized (Disaster Squad) which we feel could be very illuminating to the public, exciting to us, and beneficial from a public relations point of view.

I am leaving for Europe this evening and will be gone approximately ten days. Upon my return, if it meets with your approval, I should like to come to Washington to meet with you and learn what we can possibly utilize and what you can possibly free in this area.

With Walter's best wishes, I remain,

Yours very truly,

My memorandum of 10-14-64 noted receipt of a letter from Walter Winchell in which he advised the Director that he had told Henry G. Plitt, President, ABC Films, Inc., New York, to write to the Director regarding the "Disaster Squad." Mr. Winchell said he would appreciate permission to use it as the pilot for his upcoming series. Inasmuch as we had no information concerning such a film, a letter of general acknowledgment was sent to Mr. Winchell. It was recommended and approved that upon receipt of a letter from Mr. Plitt spelling out further details that we would consider his proposal at that time and, if appropriate, an additional letter would be directed to Mr. Winchell.

Bufiles reflected no derogatory information concerning Mr. Plitt and his company.

CURRENT DEVELOPMENT:

The Director has received a letter dated 10-15-64 from Mr. Plitt in which the latter advises that after his return from Europe, he would like to come to Washington and discuss this matter with the Director.

OBSERVATION:

The connection of Messrs. Winchell and Plitt with this program certainly indicates it will be a prime time television production and it is felt that we should give every consideration to extending cooperation.

RECOMMENDATIONS:

(1) That the attached letter be sent to Mr. Plitt requesting that he contact the Director's Office when he comes to Washington.

My dearest John:

I thank God and you for at long last restoring this country's belief in the Federal Bureau of Investigation's complete integrity. I thought you would never speak out. In recent years I have literally agonized, even died a little, over the hatchet job the commies and others in our government had used and not unsuccessfully to undermine your life's work and all the Bureau represents because of your diligent supervision. Each organized attack on the Federal Bureau of Investigation given such wide exposure has to many seemed more frightening than an all-out atomic attack which could come either from within or without, the climate for revolution being what it is. I hope this does not arrive garbled via Western Union. Do remember me to Clyde.

Walter Winchell OF NEW YORK

Chips on a Shouder

FROM NEWSWEEK: "Ironically, Hoover has even managed to offend some of his more conservative well-wishers. He was embarrassed during the campaign when news of the FBI's investigation of Presidential aide Walter Jenkins at White House

orders was followed by word that the FBI chief had sent flowers to Jenkins' hospital room. Actually, the flowers were sent hours before Hoover knew of the White House request or the reason for Jenkins' breakdown; they were merely a typically thoughtful gesture to a high official with whom he had worked and whose brother William Jenkins, in Dallas, had been an FBI agent for 25 years."

So many well-wishers are eager to jump to conclusions and criticize. So few are anxious to wait for the facts.

LETTER - TO - THE - EDITOR of The N.Y. News: "Bayard Rustin's comment that J. Edgar Hoover is 'a pygmy intellectually and morally compared to Dr. King' must be one of the most laughable statements of recent date. Rustin's qualifications to pass upon the 'moral' qualities of others include convictions for draft-dodging and sexual perversion. But perhaps, in the eyes of the various State Dept queers, this record might qualify Mr. Rustin as an authority."

DEAN DANIEL GUTMAN (of the N.Y. Law School) in the N.Y. Times: Every day in the week, criminals walk out of courts, cockier and more brazen than ever, and looking for new prey. They 'beat the rap'—a status achievement in the underworld. In many such cases, the acquittal or dismissal has resulted not from lack of evidence, but from the fact that evidence of crime was obtained by unapproved methods. A technicality has precluded its use."

But when J. Edgar Hoover protests the coddling of criminals, he is accused of being anti-civil rights.

M. KEMPTON'S COMMENT: "The case of Edgar Hoover is a splendid instance of the national habit of putting men in trouble only for the wrong reasons. Mr. Hoover, if memory serves, helped establish the national habit when he sent Al Capone to prison, not for murder, but for cheating on his income tax."

Mr. Kempton's memory failed to serve. G-Men did not trap Capone. U.S. Treasury Agents did. Thanks to the late Eliot Ness.

Item: "The National Otorhinolaryngological Congress met in Prague to discuss among problems of speech, the cause of stuttering and stammering."

The first step would be to lose that ridiculous name.

★
FROM THE PAPERS: "One campus ringleader in the University of California's sit-in was quoted as saying: 'The kids have learned more about democracy here than they could in 40 years of classes.'"

Except obey its laws. In Russia they'd have gotten 40 years. Washington correspondent Thomas Collins' reminder: "With the exception of South Africa, the U.S. alone stands condemned in the eyes of the world for its long history of racial discrimination. But the color of a man's skin is a problem the world over and one which is largely ignored."

In the Soviet Union the Asiatics and gypsies hold second-class citizenship and visiting African students have been spat on and cursed; in Latin America, the uneducated Indian; in Britain, the Jamaican finds employment and housing hard to come by; in part of Africa the white man cannot vote or acquire property."

Ironically, bigotry belongs to every race and creed.

FROM U.S. NEWS-WORLD REPORT: "Prime Minister Wilson is described as seeking to have U.S. taxpayers take over more of the load of defending Britain. To permit Britain to enjoy more welfare-state luxuries and to enjoy the inefficiencies that go along with a government-managed economy."

How do you like that? He expects Americans to finance British Socialism.

Statement by Kingman Brewster Jr., president of Yale: Reporting must be more than a flashy chronicle of notorious events. It must reveal the more subtle drama which is played out in the daily hopes and fears of city life."

Thanks for the diploma.

★
FROM THE FRONT PAGES: "The closing of 93 military bases will throw 63,000 Americans out of work and result in a saving of \$477 million."

It won't save a penny. (1): The govt will be deprived of the taxes those workers pay; (2): Many millions of dollars will be paid in unemployment insurance; (3): Local and State welfare payments will be increased... The irony of it: We play Santa Claus to overseas ingrates while we treat American workingmen like Scrooge... The Billions squandered on Communist Tito alone would keep those 63,000 Americans employed for several years.

"**STOCKHOLM** (Reuter's News): "A new style for men was telecast across Sweden as dozens of youths with painted lips, powdered faces and waved hair (often longer than that of their girl friends) invaded a dancehall here."

Girl Friends???

Item: "Mae West, an authority on the subject, told interviewers: 'Sex is like a small business. You've got to protect it, watch over it. It's a matter of timing.'"

Tick-Tock, Tick-Tock, Tick-Tock.

Editorial excerpt: "There are two reasons why the European taxpayer in the middle and upper brackets is better off than the American. The rate of progression is much less severe and there is more reliance on indirect taxation as a source of income."

I begya pod'n. The reason the foreign taxpayer is getting a break is that American taxpayers are going broke helping him.

Via the Cables: "Putting his finger on Britain's industrial sore spot, Prince Philip said. The trouble with senior management is that there are too many one-ulcer men holding down two-ulcer jobs."

The Prince has quite an old-gag memory.

★
PAGE ONE STORY: "The Russians and Chinese are still complaining about the U.S.-Belgium rescue operation in the Congo. They call it 'an act of intervention and a crime.'"

As this column noted often: Where Criminals Are Rulers Decency is Illegal.

From the N.Y. Times (reporting the most important break-through in cancer in 20 years): "In 1951, Dr. Ludwig Gross, the virologist, finally demonstrated that a 'spontaneous' leukemia occurring in a particular strain of mice was really caused by a virus."

The Damon Runyon Cancer Fund was the first and only source to help Dr. Gross when he started.

HEADLINE: "England Having Financial Problems."

Dear Walter:

I have just read your superb article
appearing in the "Los Angeles Herald-Examiner"
on this date.

This documented and factual article
should go far in dispelling false rumors and
allegations. I would like to join with your other
friends and admirers in offering you hearty con-
gratulations on such an outstanding response to
critics of Mr. Hoover and the FBI. It certainly
is "Debunking the Bunk."

To Mr. T.

Dear Walter Winchell:

Isn't it a shame that no newspaper has come out to back John Edgar Hoover when he rightly called this alleged Dr. King, what King really is? Where are these so-called courageous newspapermen or editors? In their storm collars

I want to congratulate you on your Column in today's New York Journal-American. I knew you'd back Hoover and he surely deserves the nice things you said about him. I know of no one in public life who deserves kind words more than John Edgar Hoover for his many years as a great public servant.

Am enclosing a little clipping from the Daily News, which answers this King perfectly. Why couldn't some Editor write thusly?

And can you imagine this nobody, King, getting a Nobel Peace Prize? Even the judges for these prizes are kow-towing to the colored men. This is going too far.

And did you read in that paper, which is your favorite football, and rightly so, how they tried to down-grade Hoover and build up this bum, rustin? That paper is a disgrace to any fair minded person.

With kindest regards and best wishes, I am,

Yours sincerely,

Dear Walter:

Seldom have I ever read such a well-
documented, clear-cut response to critics as I did
in your article which appeared in the "New York
Journal-American" today. "Debunking the Bunk"
is certainly a fitting title to the diatribe which some
editors believe fashionable these days, and I can't
thank you enough for your stalwart support.

As you know, the FBI has been
subjected to numerous attacks over the years; how-
ever, I am proud that we have enjoyed the confidence
and support of the vast majority of citizens. This is
due in no small part to the hard-hitting articles such
as yours.

Your setting the record straight is
indeed appreciated, and I am grateful for your
effective efforts on our behalf.

With best wishes and warmest regards,

Sincerely,

Debunking the Bunk

THE N. Y. TIMES editorial page recently intoned: "Under the circumstances, it would be wise to let the mandatory provisions of the Federal retirement law take effect on Mr. Hoover's 70th birthday."

The same newspaper on May 10, 1964 reported:

"No one disputes Mr. Hoover's solid accomplishments. He has eliminated political influence in appointments. He had the foresight to promote—on a scale never before attempted in America—high scientific standards in detective work. And he established a huge fingerprint collection, an indispensable resource in tracking down criminals. He also created a skilled laboratory to make scientific tests on minute physical clues. Mr. Hoover also founded the National Police Academy, which trains selected officers from departments throughout the country in the latest scientific methods." . . . The newspaper

added: "Mr. Hoover has made an incalculable contribution to raising the standards of law enforcement in the United States."

★
THE NOVEMBER 26th, 1964 N. Y. Herald Tribune carried a statement by a civil rights leader that "the FBI director was carrying on a vendetta against civil rights groups."

On the same page was a report from Jacksonville, Florida. It quoted J. B. Stoner, a leading Atlanta segregationist. Stoner attacked the FBI as "the federal bureau of integration." And accused the FBI of violating the rights of the Ku Klux Klan.

ONE CIVIL RIGHTS LEADER has called for the resignation of J. Edgar Hoover. The FBI chief was charged with failing to protect civil rights. What is the FBI record on civil rights? . . . In 1950 the Reader's Digest examined that record. The report was authored by Morris Ernst, then counsel for the American Civil Liberties Union. It was noted: "The FBI is unique in the history of national police. It has a magnificent record of respect for individual freedom. It invites documented complaints against its agents. It has zealously tried to prevent itself from violating the democratic process."

"Among liberals I am by no means alone in this opinion. A while ago Roger Baldwin, formerly director of the American Civil Liberties Union, wrote to J. Edgar Hoover: 'It seems to me that your bureau has accomplished an exceedingly difficult task with rare judicial sense.'"

MR. 1. I ALSO CERTIFIED: "I wrote articles in which I ask readers to send me any evidence they might have that the FBI had violated a person's constitutional rights. My scorecard shows a remarkable absence of such accusations."

It is significant that those who are charging the FBI Director with failing to protect civil rights have not offered a single fragment of evidence to support their charges.

THE NOVEMBER 27TH, 1964 Time mag reported: "J. Edgar Hoover has many old foes, has made a legion of new ones recently; undoubtedly there will be vastly increased pressures on the White House from now on to boot the old fellow out of his job."

Most of Mr. Hoover's foes are criminals, Communists, Fascists and Nazis. He has devoted forty years to fighting them. His friends are the overwhelming majority of Americans, which explains why he has held his job for four decades.

A NEW YORK EDITORIAL page smear: "J. Edgar Hoover has plainly exposed himself as unfit to serve as the key figure in the battle against the segregationist mob and the racist underworld."

Newsday stressed the facts: "Actually, northern FBI men are well in the majority in the South. The FBI's record of loyalty serves as evidence that they do their duty whatever their personal feelings."

★
FROM A N. Y. NEWSPAPER: "We do not minimize the complexity of law enforcement in the backward Southern regions. We do say that Mr. Hoover has bluntly confessed that he has no heart for the effort; he is a states rights man."

THE SUGGESTION that supporting states rights violates the concept of racial equality is the sheerest of nonsense. As a matter of fact it verges on lunacy. States rights are an important segment of the American Constitution. For example, Article 10 in the Bill of Rights clearly states: "The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people." Also see Article 4.

NEW YORK: A leader of the national civil rights movement has demanded the resignation of FBI Director J. Edgar Hoover, accusing him of damaging the struggle for civil rights."

On Nov. 22 commentator Max Lerner wrote: "I doubt whether Hoover will hurt the civil rights movement much by his attack on King, or his remark about 'wet-nursing everybody who goes down South.' I should even guess that he will have to even be more on his mettle now in showing that his FBI Southern staff does not share the prejudices of local Southern police."

★
OVER AND OVER AGAIN the public record affirms J. Edgar Hoover's respect for civil rights . . . It was Mr. Hoover who once asked the U.S. Attorney General NOT to endorse a law that would legalize free use of wire-tapping . . . Such free use of wire-tapping would have made the FBI's job much easier. But Mr. Hoover explained his opposition to indiscriminate wire-tapping by police agencies: "I do not wish to be the head of an organization of potential blackmailers."

THE AFOREMENTIONED Morris Ernst has written: "On Pearl Harbor Day the FBI was able to advise the Attorney General of the basis for authorizing the arrest of some 16,000 persons. A few of the 16,000 became my clients. I defended them before hearing boards and was able to help free some of them. In every case there were fair hearings, with every consideration being shown to the defense. And although I was the lawyer for certain acquitted suspects, I must admit that Mr. Hoover had a justification in picking up my clients; there was cause for suspicion and no injustice was done."

Finally, if you or your neighbor have any evidence to prove that a member of the FBI violated any American's civil rights—you can borrow this space to . . .

Identified Communist William M. Mandel, 47 (at left), grabs bearded young Steve Weissman, Free Speech rebel leader, during a dramatic moment on campus Dec. 4. The demonstration shown here took place the day following massive arrests. Looking up at Mandel is another non-student, Howard Jeter. Brian Turner, one of eight students suspended during the first wave of campus demonstrations, is visible directly behind Jeter. Long a hero to UC's left-wing students, Mandel is slated to become Moscow correspondent for Berkeley station KPFA next year.

'Free Speech' Shields CP Ties

Although "free speech" is the insurrectionists' attractive password at the University of California, the real issue is: will the administration consent to allowing its campuses to be used as recruiting and agitation centers for the Communist movement?

Despite the well-concealed strategy of the rebellion, a few obvious connections with the Communist movement were already clear:

- The Free Speech Movement and the case of identified Communist professor Eli Katz are connected according to the FSM's own admission (TOCSIN, Dec. 5, 1964).

- One outside Communist group, the Progressive Labor Movement, issued literature which began as a defense of the "free speech" rebels and quickly turned into an agitprop document against U.S. anti-Communism in the Congo and Vietnam.

- The lawyer defending arrested students is identified Communist Robert E.

Treuhaft, partner in the firm of identified Communist Doris Brin Walker of a famed Korean War sedition case.

- That old Communist stand-by charge of "police brutality" was being bandied about by the FSM leadership even before police officers had made a single arrest.

- The immediate objective of the Free Speech Movement is University-approved picketing rights for the Marxist-run Ad Hoc Committee to End Discrimination.

- Newly elected California Assemblyman John Burton told a campus rally Dec. 4 that he would seek support for the student rebels from Harry Bridges' International Longshoremen's and Warehousemen's Union. Burton is wed to the former Michele Hall, a delegate to the 1962 Communist World Youth Festival and daughter of identified Communist Jack Hall, an ILWU leader in Hawaii.

- Lee Harvey Oswald's self-appointed attorney, Mark Lane of New York, spoke

YSA Leader On Campus

BRIAN SHANNON, a leader of the Trotskyite-Communist Young Socialist Alliance at the University of California, reads a message supporting UC's "free speech" rebels from Negro agitator Bayard Rustin of New York. Shannon, shown here addressing a crowd during the Dec. 3 campus disorders, was convicted for his part in the San Francisco Sheraton-Palace sleep-in last spring. He organized a picket against President Kennedy during 1962 Charter Day ceremonies and arranged a protest caravan against the House Committee on Un-American Activities. Shannon, who is past YSA chairman, vehemently denounced "Kennedy's Cuban blockade" during the Soviet missile crisis two years ago. In an appeal for support for the Communist World Youth Festival held in Helsinki in 1962, Shannon declared in the student Daily Californian of Dec. 14, 1961, "Comrades! We are armed only with ideas. Join with us in action to present them to the World Festival of Youth!" Rustin, whose words of encouragement Shannon is citing, was top organizer for the 1963 March on Washington and of a New York school boycott last February. A self-admitted former organizer for the Young Communist League, Rustin in 1953 spent 60 days in jail on a charge of lewd vagrancy after being arrested in Pasadena, Calif. He was then employed by the Fellowship of Reconciliation, a militantly pacifist organization.

Why UC Profs Back Rebels

How can one explain the tremendous surge of faculty support for the lawless "free speech" rebellion at the University of California?

Despite the acknowledged presence of Communist agitproping, this factor alone is insufficient to account for the reflex sympathy which professors in widely separate fields have thrown behind the rebel movement.

A more exact explanation must take into account the cardinal principle of Communist strategy: The Communist movement does not ordinarily create situations so much as it exploits them.

In the academic world, the exploitable situation was already existent in the universal professorial horror of Babbittism and philistinism. Almost to a man, faculty members suffer from an acute sense of superiority over their stereotype of the uncultured businessman who controls the "power structure." Despite increases in faculty salaries and the handsome fringe benefits which many now derive as consultants to business, professors still feel themselves to be the unappreciated geniuses of a world ruled by squares.

FLATTER THE EGO

Where the Communist movement makes its pitch to minorities on the basis of a reverse racism and to labor unions on the basis of wage exploitation, the academic world is wooed through flattery of its ego. An equation of intellectual sophistication and Communist goals has been possible largely because the typical faculty member would rather be caught dead than look like a yokel. Conformist to a degree unheard of even in the military, he falls easy prey to the social pressures exerted by departmental colleagues. Since few university departments are without their articulate Marxist sympathizers, the professorial pattern of conformism provides a resistance-free audience.

The recalcitrant "free-speech" student mob is only acting as a lobbyist for the timid faculty members whose disgust with "unsophisticated" American society is confined to sarcastic classroom lectures. Lacking the courage of their own rebellion, faculty members cheer from the sidelines at their impassioned students who naively accept criticism of the American system as commands to direct action.

Communist strategist Alexander Trachtenberg once observed that a man who is wise in his own specialized field may be quite a child politically. This unfortunate fact helps explain why teachers who proudly practice the scientific method in their own work and condemn others for their failure to do so elsewhere fall second to no one in their use of stereotypes and destructive generalizations.

'A HEALTHY CLIMATE FOR ACADEMIC FREEDOM?'

Kerr's Policies Under Spotlight

Seventeen broken windows were the last remaining physical sign of the "free speech" sit-in which ripped the University of California's Berkeley campus Dec. 3 and brought the arrest of 814 persons.

But the moral stench generated by the insurrection hovers over the nation's largest university in ugly confirmation of the rebels' promise that "You ain't seen nothin' yet."

Never in history has the American university scene beheld its like.

The fact that such an insurrection could take place at all was incredible. The fact that it took place only a few months after President Clark Kerr had received a tribute from the American Association of University Professors for "notable service in establishing a healthy climate for academic freedom" cast sorely needed illumination on Kerr's policies, as well as on the currently fashionable definition of "academic freedom."

SPEAKER BAN

For Kerr's service to the healthy climate referred to by the Association meant specifically the removal in 1963 of the University ban against acknowledged Communist speakers. The whole "free speech" insurrection resulted after the University suddenly decided last September, for reasons still unclear, to move for once in an opposite direction by cracking down on left-wing student politicking.

Though Kerr has now emerged as the spokesman for old-fashioned law and order, his past pronouncements made it seem as if he were now acting "a *contra*-Kerr," as one language teacher expressed it.

His long-time "see no evil" policies, now forever discredited, were typified by Charter Day aphorisms, which student rebels could interpret only as an invitation to license.

The lonely, unorganized student and faculty opponents of campus lawlessness suddenly found it impossible to draw courage from such Kerr slogans as "Our American ideals . . . need no special care except daily exercise."

'STRIKEBREAKERS'

If anyone's free speech was being violated, it was surely that of the majority of hard-working students trying doggedly to finish their college educations at a University where instructors were refusing to hold classes. Amazing only to an uninformed public was the fact that students who chose to take scheduled examinations during the Dec. 4 strike were viewed by some rebel professors as rat-finks and strikebreakers, and subtly threatened with "if you know what's good for you" looks.

California legislators, long irritated at the closed-doors decision-making that has

shrouded Kerr's administration of this sacred public trust, are now insisting on a thorough examination of the whole mess.

But in the tradition of go-getting career men in tough spots, Kerr is now a candidate for being "kicked upstairs." For several weeks rumors have been rife to the effect that President Johnson is about to appoint Kerr to the Cabinet post of Secretary of Health, Education and Welfare.

Revolt Blueprint Sold on Campus

A fifteen-cent blueprint for the kind of revolution that took place last week in Berkeley was sold to students as they enrolled for classes at the beginning of the present semester.

It bears the by-line of former UC student Herbert B. ("Brad") Cleaveland, 31, and was sold under the aegis of the radical left-wing Slate political party.

Cleaveland, one of Slate's elder statesmen, made these bold recommendations, which took on new meaning in the light of the Dec. 3 siege and subsequent campus strike:

(The University) "does not deserve a response of loyalty and allegiance from you. There is only one proper response to Berkeley from undergraduates: that you ORGANIZE AND SPLIT THIS CAMPUS WIDE OPEN!" (emphasis in original).

SLATE INSERT

The report was inserted in the popular "Slate Supplement to the General Catalog," which recommends courses on the basis of student polls under the editorship of Phil Roos.

Cleaveland's report, subtitled "A Letter to Undergraduates," also asked for the "resignation of Clark Kerr" and "of top administrators who might employ slick diverting tactics. Reconstitution of the Board of Regents, either through firing or expansion, perhaps both."

To insure that complaints are answered, Cleaveland declared that students should "Go to the top. Make your demands to the Regents. If they refuse to give you an audience, start a program of agitation, petitioning, rallies, etc., in which the final resort will be CIVIL DISOBEDIENCE. In the long run there is the possibility that you will find it necessary to perform civil disobedience at a couple of major University public ceremonies."

The letter also demanded "immediate disbanding of all University dorm and living group rules which prescribe hours and which provide a system of student-imposed discipline, thereby dividing students against themselves."

36

PHASING OUT

The National Committee to Abolish the House Committee on Un-American Activities, a Los Angeles-based Communist front, is circulating a petition asking that the anti-subversive committee be abolished. The appeal, addressed to the House of Representatives, also asks that HCUA's files be transferred to the Archives on condition that they not be opened for 50 years. After the U.S. government has been safely overthrown?

o o o o

Letters to the editors of Communist papers indicate that docile readers are terribly confused about how to rationalize Khrushchev's ouster. "The action appears to have been entirely within the framework of democratic process," insists one letter to the National Guardian last month. Other readers are hanging on tightly to their criticisms of the "method" used.

o o o o

Newest Communist-line defense committee: the Committee to Defend Resistance to Ghetto Life, an outgrowth of the Harlem race riots last July. Chairman is Bill McAdoo, a member of the so-called Harlem Defense Council which helped foment the demonstrations. Secretary is Susan Karp.

o o o o

Our cosmic Communists: Whenever a Communist-supported organization is under attack, the Communist press inevitably launches a campaign of mendacious hyperbole. Example: the current probe of the Communist-infiltrated Mobilization for Youth social welfare organization "forecasts an attack on the entire anti-poverty program," according to the Worker.

o o o o

Fun game: Try to locate in any Communist paper a reference to the political right-wing not preceded by the word "Ultra."

o o o o

Double standard: Anti-Communists take it on the chin when the Worker slanders them with the adjective "fascist-tending," but identified Communists pose as injured innocents when our big metropolitan dailies timidly refer to them as "alleged fellow-travelers."

Cuba, The Congo and Campus 'Free Speech'

Cuba, the Congo and the University of California's "free speech" rebellion fuse in the activities of the trio of young Free Speech Movement adherents pictured here. They are, left to right, Lawrence L. Shumm, Elena Belle Flemming and Helen Schiff, standing near a sign announcing Shumm's appearance Dec. 2 at a rally sponsored by the Young Socialist Alliance. The YSA is the youth section of the Trotskyite-Communist Socialist Workers Party, a declared subversive organization.

All three of the young people have been in the pro-Castro movement. Miss Schiff is in charge of signing up UC students for this summer's illegal visits to the island. She was conspiring after picketing in San

Francisco auto row demonstrations for "civil rights."

Miss Flemming, along with her sister Bonnie, was a visitor to Cuba during the first widely publicized tour in July 1963. Their elderly father, Harry Flemming, is an old-time Communist-fronter whose Dependable Income Tax Service in San Francisco was an early advertiser and supporter of the Communist People's World. Flemming has been on campus as a participant with his daughters in the "free speech" demonstrations.

Shumm, who is an on-and-off student at UC, was 1961 chairman of the Young Socialist Alliance. Also a 1963 visitor to Cuba, Shumm returned to "predict" that a Castro-style revolution would sweep all of Latin America.

UC Rebels' Communist Lawyer

Identified Communist Robert E. Treuhaft and avowed Marxist Vincent Hallinan are acting as counsels for persons arrested at the University of California "free speech" sit-in Dec. 3.

No stranger to University affairs, Treuhaft was pictured at an earlier "free speech" demonstration last month on the Berkeley campus (TOCSIN, Nov. 28, 1964). He was among pickets protesting the imprisonment of atom spy Morton Sobell and other issues during the Berkeley Charter Day visit of President Kennedy, March 23, 1962. Hallinan's sons were early supporters of Slate, radical left-wing student political party founded in the late '50s.

Long associated with so-called "police brutality" cases, Treuhaft represented Oaklander Walter Owens in a suit against peace officers in 1950. Treuhaft and his

former partner, identified Communist Bertram Edises, in conjunction with a cited Communist front called the Civil Rights Congress, charged "police brutality" before a California Assembly Interim Committee on Crime and Correction as long ago as January 1950.

Observers of the Berkeley controversy have noted that the Free Speech Movement leadership has displayed a virtual fixation with the "police brutality" theme. FSM boss Mario Savio, after biting the leg of police officer Philip Mower during the first wave of demonstrations which ended Oct. 2, later insisted on raising the "police brutality" issue on a San Francisco radio forum.

TV viewers heard one limp demonstrator arrested in the Dec. 3 sit-in yell "The police are beatin' hell out of us!" while being carted off gently by two officers.

Some Sit-in Leaders Stayed Outside Hall

The campus hard-core leadership of the Free Speech Movement appears to have let a majority of naive newcomers take the rap.

Among the 814 persons arrested, the greater number are unfamiliar names. The "free speech" rebels shrewdly contrived to place an escape rope at a Sproul Hall window so that the movement's experienced leaders could keep the insurrection brewing despite mass arrests.

FSM leaders who did not turn up among the arrestees included such activists as Ken Cloke, son of identified Communists Richard and Shirley Cloke; Larry Shumm, Brian Shannon and John Belisle, of the Trotskyite-Communist Young Socialist Alliance; Robert Paul Kaufman, Steve Weissman and Martin Roysner.

Three prominent names among those who were arrested were Bettina Aptheker, daughter of leading Communist Party theoretician Herbert Aptheker; Margaret Lima, daughter of Northern California Communist Party Chairman Albert J. Lima; and Lee Goldblatt, daughter of identified Communist Louis Goldblatt, secretary-treasurer of Harry Bridges' International Longshoremen's and Warehousemen's Union.

COMMUNIST TIES

on campus Nov. 30 in firm support of the rebellion. Lane's "brief" to the Warren Commission, first printed in the Communist National Guardian, sparked the Communists' "Oswald was framed" drive.

Fact of Life

An undeniable fact of contemporary American life is the existence of an irrational and omnipresent taboo against criticism of the Soviet "experiment."

'Germ Warfare' Prof's Kin Is DuBois Editor

Celia Rosebury Cohen, 24, has an unusual address: 1853 1/2 McAllister St., San Francisco, national headquarters of the Communist-spawned W.E.B. DuBois Clubs of America. She is serving as full-time managing editor of the new club magazine, the Insurgent.

A close friend of young Communist Party National Convention delegate Douglas Wachter of Berkeley, the present Mrs. Cohen was among students who last year signed the protest petition against the University of California ban on Communist speakers.

Mrs. Cohen is the daughter of Dr. Theodor Rosebury, of the Washington University Medical School, St. Louis, who has been affiliated with Communist fronts for more than two decades.

During the Korean War when the Communist press was seeking to raise the phony issue of "germ warfare," Rosebury joined some 40 signers of a letter to President Truman printed in the Daily Worker of June 6, 1952, in reference to the germ-warfare question. In the letter he was identified as director of U.S. armed forces germ warfare research during World War II.

Rosebury also sponsored activities of the American Peace Crusade, the American Committee for Protection of Foreign Born and the National Conference to Repeal the Walter-McCarran Law—all Communist-backed enterprises.

During the '60s, his name has appeared as a sponsor of activities of the Emergency Civil Liberties Committee, the National Assembly for Democratic Rights and other Communist-supported groups.

Non-Student Jeter at UC

NON-STUDENT HOWARD JETER (left) and University of California teaching assistant Michael Rossman are shown in attendance at a campus "free speech" demonstration recently. Jeter was the Communist-backed candidate for Congressman in 1962. A Balboa High School teacher, Jeter organized a picket of California Governor Edmund G. Brown last April in San Francisco, protesting the governor's actions on civil rights. Jeter was announced as the featured speaker at a picnic sponsored June 17, 1962, by the Communist National Guardian. Last year he was one of four persons named to speak at a 50th-birthday testimonial to identified Communist Jean Kramer, executive director of the Communist-run Northern California Committee for Protection of Foreign Born. In 1947 Jeter was arrested for possessing a deadly weapon after a fracas in an East Bay tavern. Rossman is in charge of a survey being conducted by the University of California "free speech" rebels on alleged repression of political expression.

Debunking the Bunk

The N.Y. Times editorial page recently intoned: "Under the circumstances, it would be wise to let the mandatory provisions of the Federal retirement law take effect on Mr. Hoover's 70th birthday."

The same newspaper on May 10, 1964, reported: "No one disputes Mr. Hoover's solid accomplishments. He has eliminated political influence in appointments. He had the foresight to promote—on a scale never before attempted in America—high scientific standards in detective work. And he established a huge fingerprint collection, an indispensable resource in tracking down criminals. He also created a skilled laboratory to make scientific tests on minute physical clues. Mr. Hoover also founded the National Police Academy, which trains selected officers from departments throughout the country in the latest scientific methods." . . . The newspaper added: "Mr. Hoover has made an incalculable contribution to raising the standards of law enforcement in the United States."

The Nov. 26, 1964, N.Y. Herald Tribune carried a statement by a civil rights leader that "the FBI director was carrying on a vendetta against civil rights groups."

On the same page was a report from Jacksonville, Florida. It quoted J. B. Stoner, a leading Atlanta segregationist. Stoner attacked the FBI as "the Federal Bureau of Integration." And accused the FBI of violating the rights of the Ku Klux Klan.

One civil rights leader has called for the resignation of J. Edgar Hoover. The FBI chief was charged with failing to protect civil rights. What is the FBI record on civil rights? . . . In 1950 the Reader's Digest examined that record. The report was authored by Morris Ernst, then counsel for the American Civil Liberties Union. It noted: "The FBI is unique in history of national police. It has a magnificent record of respect for individual freedom. It invites documented complaints against its agents. It has zealously tried to prevent itself from violating the Democratic process."

"Among liberals I am by no means alone in this opinion. A while ago Roger Baldwin, formerly director of the American Civil Liberties Union, wrote to J. Edgar Hoover: 'It seems to me that your bureau has accomplished an exceedingly difficult task with rare judicial sense.'"

"J. Edgar Hoover has many old foes, has made a legion of new ones recently; undoubtedly there will be vastly increased pressures on the White House from now on to boot the old fellow out of his job."

Most of Mr. Hoover's foes are criminals, Communists, Fascists and Nazis. He has devoted 40 years to fighting them. His friends are the overwhelming majority of Americans, which explains why he has held his job for four decades.

The suggestion that supporting states rights violates the concept of racial equality is the sheerest of nonsense. As a matter of fact it verges on lunacy. States rights are an important segment of the American Constitution. For example, Article 10 in the Bill of Rights clearly states:

"The powers not delegated to the United States by the constitution, nor prohibited by it to the states, are reserved to the states respectively, or to the people." Also see Article 4.

"New York: A leader of the National Civil Rights Movement has demanded the resignation of FBI director J. Edgar Hoover, accusing him of damaging the struggle for civil rights."

On Nov. 22 commentator Max Lerner wrote:

"I doubt whether Hoover will hurt the civil rights movement much by his attack on King, or his remark about 'wet-nursing everybody who goes down South.' I should even guess that he will have to even be more on his mettle now in showing that his FBI Southern staff does not share the prejudices of local Southern police."

Over and over again the public record affirms J. Edgar Hoover's respect for civil rights . . . It was Mr. Hoover who once asked the U.S. attorney general not to endorse a law that would legalize free use of wire tapping . . . Such free use of wire-tapping would have made the FBI's job much easier. But Mr. Hoover explained his opposition to indiscriminate wire-tapping by police agencies: "I do not wish to be the head of an organization of potential blackmailers."

The aforementioned Morris Ernst has written:

"On Pearl Harbor Day the FBI was able to advise the attorney general of the basis for authorizing the arrest of some 16,000 persons. A few of the 16,000 became my clients. I defended them before hearing

It is significant that those who are charging the FBI director with failing to protect civil rights have not offered a single fragment of evidence to support their charges.

Winchell's column which consisted in this instance of numerous comments on various matters of history and politics in the Washington, D. I thought it might not be amiss for an ex-F.B.I. agent to thank you very much for your column entitled "Debunking the Bunk". The things that you said in your article need to be impressed upon the American people over and over again and I concur in your obvious thought that there never has been a more remarkable and conscientious public servant.

Thank you.

Dear Mr. Winchell:

As a newspaper man you are next to none! On Thursday Dec. 10, your article was terrific, I am surprise that no one has called you a bigot yet for sticking up for Mr. J. Edgar Hoover, or have they? The best thing you wrote was "Bigotry belongs to every race and creed". The reason I am writing you is because I work with negroes and got into a fist fight with two of them, because of your articles - I got a bad beaten but still think you are right, and always will. GOD Bless You SIR FOR being honest above the yelling of everyone else.

Yours. truly, -

NEW YORK JOURNAL-AMERICAN

The captioned column by Walter Winchell captioned "Man About Town" states in its first paragraph, "The FBI's biggest catch in years is so big it may not be made public by G-men yet..." The Director has inquired, "Have we any idea what he is writing about?"

It may well be that Winchell received a tip through the New York Police Department concerning the arrest by FBI and New York City police today of the three Negroes and white female charged with conspiring to dynamite the Statue of Liberty, the Liberty Bell and the Washington Monument.

While the above is merely an educated guess, it seems the most plausible.

Memos of a Girl Friday

DEAR WW: Jack Ruby's brother Earl appreciates your helping the family keep the record straight about the case. They hope you will make this public—mainly for the edification of newspaper people. Defense lawyer Joe Tonahill, says Earl Ruby, was

dropped some time ago but he refuses to acknowledge same. Jack's lawyers continue to be S. A. Dann of Detroit, W. M. Kunstler of 511 Fifth Avenue, NYC, and Elmer Gertz of Chicago... Melvin Belli, without fee, says he promised Ruby in his cell that he would stay on as his appeal lawyer. Mr. Belli plans to be in court March 10... Legates say that if Ruby is as mentally ill as reported The High Court will not permit his execution.

★
IF YOU'VE BEEN wondering about Carol Lynley's nudes in Playboy here's an eyebrow-lifter. I figured photogger Sam Shaw had to employ all sorts of chicanery to get such an important actress to peel publicly. After all, she has some pretty big credits such as "The Cardinal," "Blue Denim," etc. Sam's answer was "She asked me!"... The producers of "Goldfinger" are not the only ones getting rich from it. A former press agent named Mike Beck gets a "piece" of each James Bond movie... Lots of mail from readers urging you to ask the President to stop going on deer hunting trips in Texas. Not to save the deer, but to stay away from things that involve guns.

★
ART BUCHWALD'S NEXT BOOK, another collection of his best columns, is on the way. The title: "And Then I Told the President" or "The Secret Papers of A. B." The secret papers are those on his syndicate... Former "Miss Canada" (actress Jean MacRae) and her mate made the parting permanent. She is in H'wood to resume her career... A truly beautiful blonde... I thawt the Connie Francis matter with her husband of four months was settled out of court, but their chums report they will let a judge decide who was at fault. It may get oofly rough, they say... Greenwich Villagers are also fearful of roaming gangs of neighborhood kids. They fling bottles thru windows and worry residents sick.

SUBJECT: ITEM RE "RED SPIES IN THE UN"
IN WALTER WINCHELL COLUMN

Reference is made to captioned column in the 2-26-65 issue of the "New York Journal American" which states that Pierre Huss and George Carpozi collaborated on captioned book and were given 50 photos of spies in action over here by the FBI. The Director noted "Is this correct?"

In early 1964 George Carpozi came to the Bureau and requested public source data on spies in the United Nations for a book he and Pierre Huss were writing. Approval was given to furnish him write-ups of old persona non grata cases.

In 8-64 Carpozi called the Bureau and asked for photos to illustrate his book. Upon approval, he was furnished 11 photographs in the Martynov case; these pictures involved the meeting of the FBI Agent disguised as an Army colonel with Martynov. They have been widely circulated previously. Carpozi on being furnished these pictures was told that he was not to attribute them to the FBI.

It is noted also that Carpozi recently sent us his manuscript which was a combination of facts woven with imagination. To protect our best interests, it was approved that we furnish Carpozi suggested changes. Carpozi was also told that the FBI was not responsible for data in his book and that he should make no public mention that he had been in contact with the FBI concerning the book.

Privately issued for Editors and Executives

Compiled by an Association
of Washington Reporters

February 23, 1965
Vol. XII - No. 3

- White House (IES) -- The strong bipartisan go-ahead from Capitol Hill on Vietnam is regarded as a firm commitment, like the Democratic majority's endorsement of the Eisenhower Doctrine in 1958.
- Capitol Hill (IES) -- Regardless of its merits the Dirksen constitutional amendment permitting state legislatures to be patterned after the Congress, with one House based on population and the other on factors other than population, appears doomed this year.
- House Ways and Means Committee (IES) -- The Medicare bill (H.R. 1) will be taken up the third week of April, if not sooner, after the committee disposes of excise tax reduction.
- Senate (IES) -- Chairman Willis Robertson's Banking and Currency Committee hearings next week on the international trade payments deficit will show U.S. tourism abroad is negligible in accounting for the dollar drain.
- Paris (IES) -- Rep. Wayne Hays' proposal to levy a \$100 departure tax on Americans bound for France, as against a \$1 levy on Americans traveling elsewhere abroad, is regarded as frivolous. It's recalled that Hays is a regular traveler abroad, on official business, and once favored Air France on excursions to Paris.
- Harrisburg (IES) -- Gov. Scranton can't run in 1966 to succeed himself and pretends to be indifferent about GOP presidential prospects in '68. But there's talk of drafting recently reelected Sen. Hugh Scott for governor, and of finding some way of keeping Scranton in the limelight. He's dealing with a Democratic-controlled House, a Republican-controlled legislature.
- Albany, N.Y. (IES) -- Newcomer Democrats from suburbia and upstate "Bible Belt" districts frown on legalized off-track betting. If the Republicans remain solidly behind Rockefeller, enough Democratic votes are available to sustain a veto.
- New York (IES) -- The talk about Sen. Jack Javits running for mayor if a Fusion ticket is organized shouldn't be taken seriously. Look for increasing emphasis on Rep. John V. Lindsay as GOP nominee.
- Jerusalem (IES) -- France is supplanting West Germany as supplier of arms shipments Bonn suspended under pressure from Cairo. Bonn is expected to make up for its fumbling in this episode through other trade with Israel. West German rocket scientists still in Egypt will be under increasing pressure to come home or forfeit citizenship.
- New York (IES) -- It's estimated that 1,800 hard-core conservationists in Westchester County constitute the nucleus of the fight against hydroelectric development in the Hudson Highlands. The Cornwell generating station is urgently needed for increasing metropolitan area power needs. Poles are puzzled as to why Sen. Bob Kennedy is joining with Rep. Richard Ottinger in backing the Interior Department-drafted bills to turn the area into a national park; Gov. Rockefeller is opposed to federal intervention and Secretary Udall six months ago said he had no objection to the power development, during FPC proceedings on the issue.

bring home--from \$100 a wholesale value to \$50 at retail--is causing anguish at the famed Free Port here. There's also worry about the emphasis on "See America First". Tourism is Ireland's "invisible" export, that helps counter a deficit that is more theoretical than real. Irish International Airlines boasts the highest load factor in the transatlantic passenger traffic and is booked solid for this year's summer season.

Boston (IES) -- Columnist A.A. Michelson, writing in the Boston Globe and other Massachusetts dailies, notes that Sen. Ted Kennedy is the first member of his family to take on the leadership responsibilities of the Democrats in preparation for next year's election wars. The Democrats will have to field candidates against the formidable Leverett Saltonstall, a fixture in the U.S. Senate since his first election in 1944, after rating as a gubernatorial ball-of-fire on Beacon Hill, and Gov. John Volpe, who is certain to seek reelection in 1966 for what will be the first four-year term in that office. Michelson brushes off Kenny O'Donnell and Larry O'Brien as hot prospects for nomination for high elective office. The voters don't know either man well, he holds, and there is doubt among the polls as to how much the two know about state problems. They have been preoccupied since 1960 with sundry duties as aides of the late J.F.K. and, in 1964, the Johnson-Humphrey Presidential campaign.

Los Angeles (IES) -- The authoritative Field Survey rates Sen. Kuchel and George Christopher, ex-Mayor of San Francisco, as the strongest available Republicans for next year's gubernatorial race. Actor Ronald Reagan is ruled out despite his claim to political fame on the strength of a speech last fall denouncing Medicare. So is Los Angeles oilman Joe Shell, one-time Assemblyman. How well the Republicans fare will turn on the outcome of intra-party Democrats squabbling, which is worse than even that of New York State Democrats. Speaker Jesse Unruh's latest clash with Gov. Pat Brown is over the mayoralty race here, in which Unruh is backing incumbent Sam Yorty. Brown is backing Rep. Jimmy Roosevelt. Yorty was a flaming liberal in the House early in the Eisenhower era, but defected to Nixon in 1960, and has been at war with the City Council on most issues. Unruh's last "triumph" over Gov. Brown was in masterminding Pierre Salinger's upset primary win over Alan Cranston, a respected state official, and Salinger's ill-fated contest against winner George Murphy in November. Pat Brown is odds-on favorite to prevail, and to win a third gubernatorial term, if he decides next year to run.

Civil Aeronautics Board (IES) -- Airline officials are feverishly speculating about reports Chairman Alan Boyd will go to the Commerce Department as Undersecretary for Transportation, succeeding C. D. (Dan) Martin, a West Coast Cadillac distributor. Martin's career since the New Frontier began has been a lacklustre one, and a speech in Baltimore a few weeks ago appears to have been a Swan Song: He denounced federal aid for commuter transportation systems, despite the commitment of the Kennedy Administration and L.B.J., who inherited it, to provide Washington cooperation in coping with urban problems, especially those of an interstate character. The move by the New Haven RR's trustees to end passenger services generally, beginning with commuter trains between Westchester County and Manhattan, coincided with Martin's speech. The Senate's contingent from New York, Connecticut and Massachusetts is known to be worried about the New Haven's plight, as are governors in Albany, Hartford and Boston, as well as state legislators in those capitals. Boyd is known to aspire to run for governor of Florida some day, but reportedly turned down a bid to get into administrative office as manager of Dade County (metropolitan Miami).

House Ways and Means Committee (IES) -- Democratic whip Hale Boggs is expected to offer the Administration-backed bill providing for generous tax credits for private U.S. investment in underdeveloped countries. The President referred to such plans in his Foreign Aid message. The tax credits would be applicable to insured investments (against expropriation, nationalization, discriminatory tax treatment, etc.) and would stimulate U.S. exports of capital goods as well as of technical (managerial) services, offsetting the dollar outflow. The substitution of private investment for U.S. grants and development loans under the increasingly unpopular Foreign Aid program would satisfy Congress that a sensible alternative to "giveaways" is now available, and end the annual hassle over authorization and appropriation bills.

To John Edgar Hoover
 GET OFF THE MAN'S BACK

Washington is a town full of opinions, few of them any good. The proliferation of columnists has resulted in a torrential flow of garbage, mendacious, unprincipled and cruel. Such is the attack now being made upon the President. He is a very human man, high-minded and responsible. It is time that the great brains of Washington let him alone, to do the job for which he was elected, the job to which he is dedicated.

The television people, to a certain extent, have taken over the impartial characteristics of the press. Television burns up people very quickly, so the telecasters do not emerge as Washington institutions. People like Ed Murrow, who did so much for the radical left, gradually wear out their welcome and are not entertainment after a while. A dull, ponderous man, like Cronkite, who reads mostly straight news, hangs on longer.

But the columnists have multiplied like rabbits in the past few years because newspapers have been too broke to hire their own help, so have bought the product of a lot of prestidigous people. And all of them, swimming around the Federal capital like a school of fish, have a tendency to pick up the war cry of the leaders. It becomes quite a clamor.

Lately the idea has to be "negotiate". No one has come up with whom or why, but just the same the opinions are set forth. One columnist specializes in weaving quite a web to enmesh the President. He points out that Johnson must be irresponsible because he resents unfair criticisms, and therefore he will lose the war in Viet Nam and then the world. If this man ever had his advice taken, Chou En Lai would be presently in the White House.

The sainted Martin Luther King has added beautifully to the President's woes. At the height of Viet Nam, Mr. King contrived a crisis worthy of the Kremlin. It was just like Khrushchev and Berlin. King went to a place called Selma, Alabama, turned children and a mob of hysterical, ignorant people into the streets and got properly locked up. Then when the television had saturated the country with the martyrdom of this holy man, he quickly bailed himself out and announced he was going to see the President for the redress of his wrongs in the sovereign State of Alabama.

He said this with all the pomp of--yes, Khrushchev--and started off for Washington with a roar of engines and 22 retainers. This man has more people to hold his coat than Charlemagne.

This was indeed, one hell of a time to blast his way into the White House, but he did and to blazes with North Viet Nam, South Viet Nam and the rise or fall of the American Republic.

Then along comes a big-mouth lawyer in Washington, D.C., and adds to the woes of the nation by blasting John Edgar Hoover, the Director of the F.B.I. and the rock of law enforcement in this country. This man, with a left-wing record as long as your arm, wants to get rid of Hoover in the interest of Mr. King, the sanctified man of God, so that the mobs can take to the streets, without restraint.

On Capitol Hill a young Senator rises and finally makes the front pages by imploring for negotiation. There is such a thing as Senatorial courtesy, but the President gets little of it. The Senator wants to negotiate when in world politics every negotiation has resulted in a dead loss for freedom.

Meanwhile in the White House sits the outstanding American of the century, being screamed at in the columns, heckled by the home agitators, reviled by the communists around the world, and holding in hands which have become worn and patient, the course of freedom in the world.

The Passing Parade -- Part 1

It has been said that Lincoln's birthday would hardly be noticed were it not for the politicians who use the event for self-serving oratory. Perhaps the same could be said about St. Patrick's Day and Columbus Day. But the boring speeches of these observances can be tolerated and put down as a necessary exercise of political awareness, but nothing in these black-tie rituals can compare with the blasting enthusiasm of the street parade. Given fair weather and some lilting bands, there is nothing politically like it, even unto the second generation.

Up in the dusty, sharp and corrupt city of Boston, they have three holidays which no one else knows about, and which are political touchstones. The first is Evacuation Day, which coincides with St. Patrick's Day on the 17th of March; the second is the 19th of April, when Paul Revere made his famous ride; and the third is Bunker Hill Day, on the 17th of June. The March parade is held in South Boston and the June parade is in Charlestown, the site of the famous battle. Patriot's Day doesn't have a big city parade, but it is observed in the towns of Lexington and Concord, and also in the running of the annual marathon race.

The local parade is a fine opportunity for aspiring politicians to whet their appetites and sharpen their wits. Regardless of the Alamos, Bunker Hill days and various other local fiestas, the one, standard, all-American observance in every hamlet and town has been Fourth of July. "The Fourth!" was a cry from hill to hill, coast to coast and from the Great Lakes to the Gulf. Every man, woman and child thrilled to anticipation of the day. And the politicians made the most of it.

They marched with the old Grand Army and the United Confederacy, the Sons of the Revolution and the Order of Cincinnati. They turned up in the ranks of the militia or leading it. They rode with the Indian War vets and those of the Spanish struggle. Some played in the community band and some just walked along with a flag over one shoulder and eyes beaming from one side to the other.

Some were featured in the "Horribles", a section of the parade with clown costumes and designed to give the crowd a laugh, especially the future voters.

Fourth of July parades were always held in the morning because of the heat and the fact that everyone was celebrating and might not be able to make it later on. This holiday was one in which the lid was off. One grim New England preacher once proclaimed that alcohol was the Devil's kindling wood except on the Fourth of July. It was the one holiday in which the juveniles could stay out all the "night before".

But the politician had no illusions about HIS duty. He did not stay out. He got up early, pressed and brushed his uniform or best suit, soaked his feet in Epsom salts, rubbed yellow laundry soap on the inside of his socks before he pulled them on, and went out fresh and clean to trudge in the gravel or on the asphalt to the delight of his fans.

A local Mayor or chairman of the Selectmen had quite a day. He got up early and attended to the rituals mentioned above. He took his place in the parade until it reached the reviewing stand. Then he left the line of march and took his place on the stand and reviewed the marchers. Then he partook of refreshments at the firehouse or G.A.R. building. Everyone went home at noon for a feast of boiled salmon, white sauce, green peas, watermelon and home-made ice cream, generally served outdoors under a tree.

Then he went off to the ball park and threw out the first ball. He remained dutifully through the game. If a riot of over-stimulated fans took place he always was able to make his way out of the crowd unseen.

In the evening he went back to the same ball park and led the "Oooos" and "Ahaas" at the fireworks. It was always quite a day. (A continuing feature.....)

OF NEW YORK

Memos of a Girl Friday

DEAR WY: That long letter alleging G-Man Hoover (and other prominents) are marked for assassination is the wildest yet. It was rushed to him, of course, and by this time agents probably followed through. The warning included the sender's address and phone number. What interested me most was the stuff linking Chicago mob chiefs with racists, who supposedly get financial support from them to carry out the rubouts . . . The White House fears that some Red sympathizer will erase Rev. Martin L. King to denigrate the Black-White matter . . . New York detectives working on the murder of Malcolm X say that Elijah Muhammad, the Black Muslim leader, is using a lookalike. Believed to be one of his cousins . . . No Russian or Red Chinese newspaper ran anything about the white Reverend who died in Alabama after being clubbed by Selmaniacs.

UPI CONFIRMED OUR TIP of March 1 about the Sean Connerys (Diane Cilento) . . . Mrs. Sidney Poitier, whose husband is reportedly going to wed Dianam Carroll next, trying to forget them both by producing the film, "The Great Diplomat" . . . Equity is pretty unhappy with the union of the dressing rooms at a theatre housing a smash musical. They will no longer issue warnings. If not corrected at once they plan to force the theatre to close . . . The "Lord Jim" premiere gave the Runyon Cancer Fund over \$40,000 . . . Texas Guinan's Greenwich Village brownstone house is now a beatnik coddlehead.

JULIET PLOWEN SPENT TWO HOURS getting her hair done for the role in "Who Killed Teddy Bear?" The found out her first shot was in the Henry Hudson pool. Without a cap . . . Defense boss McNamara is going slightly daffy trying to stop the military moonlighting in camps around Washington. Many drive cabs and tend filling stations because they can work at odd hours . . . RFK's press secy departs any day (or has he already?) to become national news editor for an L.A. paper . . . No. 1 mail item at the White House is the Vietnam thing. The 2nd largest mail draw in the White House history. Cuban crisis is next . . . The AP and West Germany now has about 12,000 millionaires . . . Because Americans favored the Marshall Plan, is what that story should have added.

RECORDING STAR NANCY WILSON'S blunt opinions of certain people resulted in a clash with NAACP people in Philly. One allegedly flung profanity at her while she performed in the Latin Casino . . . Loretta Young nestled in chinchilla at Basin Street during Peggy Lee's show. While the rest of us sipped Scotch Sours lovely Loretta had milk and cookies. Her escort was her biz mgr . . . The mags in Germany and France are using Jackie Kennedy to up their circs. Link her with Adlai and Marlon among others . . . Electrique, a Miami Beach strip star who could double for Jean Harlow, killed her romance with a Jackie Gleason staffer.

JEANNE MOREAU, EUROPE'S new movie star (you met her on Time's cover recently), is the adored of noted fashion designer Pierre Cardin. She's in Mexico doing a picture with Brigitte. They are on the long-kissance by the hour . . . Marcelo, the flamenco star at Chateau Madrid, is a favorite of Ava Gardner, Kun Novak and Rita Hayworth. He's 22 . . . Gary Lockwood had the Charles V wolfpack drooling when he came in with Stefania Powers. She has Angie Dickinson legs . . . French singer Patashou's nightclub act includes a "My Fair Lady" parody. Depicts Eliza as a streetwalker. The lyrics are hilarious . . . James Garner is this popular: He gets top billing over Melina Mercouri in "Welcome, Mr. Beaudin" even in Greece, her homeland.

LOUNGE HOTELS are the most expensive, according to friends who come back from a world tour. More expensive than have. London, Paris, etc. . . The Copa chorines have a pact. They do not date a fellow who dated one of the line for 2 months. The reason they all get along so well . . . "Writers On The Left" by Daniel Aaron (Avon is publisher) names most of the opinion-mongers the Reds could depend on. But some names are conspicuous by their absence . . . Recently you learned that singer Diane Lane's boy friend heard her screams when two hoods followed her into a powder room of a theatre. He knocked both punks cold. She is now honeymooning as Mrs. Ralph Caglioti, the name of her Brave Boy.

MICKEY SPILLANE'S MOVIE "The Girl Hunters" (seen on tv) has been re-issued to theatres. They hope to cash in on the film's femme lead, Shirley Eaton, who got all that publicity in the mags and papers as the gold-painted Babe in the "Goldfinger" picture . . . The strenuous comedy capers that Peter Sellers goes through in "What's New, Pussycat?" should convince his fans that he is back in A-1 condition . . . Paula Wayne, S. Davis Jr.'s white leading lady in "Golden Boy," has fifty boy friends to protect her from the racists who beat and slashed Tammy Grimes . . . When they send the curtains to the dry cleaners at Radio City Music Hall the cost is great. One bill was a mere \$23,000. That's one curtain.

THEY SAY 26TH PAID \$1,250,000 to put "Sound of Music" on the screen. The most conservative guess is that the studio will gross between 45 and 55 million . . . The E-Girl joints in the midtown area are being "cased" to protect the World's Fair tourists. One block with about 15 sucker-traps is under surveillance. They had better behave themselves or risk losing their liquor licenses . . . The highlight of NBC's most successful affiliate meeting was TNTertainment produced by talent vesp David Tebet . . . Richard Burton seldom omits the details in his mag articles. The current one reports that he really fell for Liz when he heard her cuss.

MICKEY JELKE, who made sensational headlines about 10 years ago, has been staying out of print and trouble. Just came into a fat slice of his father's oleomargarine fortune . . . Neil Hickey's new blog of Rep. A. Clayton Powell will be an eyebrow-lifter, they say. It is due in May . . . I am still trying to check if the recent bride of one of the wealthiest men worked as a hostess on the ill-fated liner "Andrea Doria" . . . Nobody is sure which chap Geraldine Chaplin cares about most. The No. One guy, I am told, is Manuel Velasco, Spanish cameraman . . . Playwriting can make you rich, all right. "Any Wednesday" enjoyed a weekly gross of \$100,000 from 4 troupes of 16 . . . A syndicate of wealthy men is trying to buy Paramount Pictures.

SEVERAL LETTERS EXPLAINING why the Gov. gave \$25,000 to a Louisiana fruitcake maker. Nation's Business magazine ran a hot editorial about this grant. Many of the letter senders apparently did not notice that you credited the mag. Anyway, the money was given mainly to help promote more jobs there, etc. . . Tell talent scouts to hear new-comer Dino Palermo at the N. Y. Hilton's 7 Hills restaurant. He rates a break . . . Satevepost is doing a cover-story about J. Edgar Hoover. They'd appreciate any human-interest about him. "We know the institution," said the mag's Mr. Phelan. "We aim to write about the man" . . . ORDER FOR INFANTCIDE

BY

ELEANOR ROOSEVELT

1947

IT IS IMPERATIVE THAT THE FOLLOWING MISSION BE CARRIED OUT IF WE ARE TO OVERTHROW THE UNITED STATES FROM WITHIN. THE MAJOR STRENGTH OF THE AMERICAN NATION AND ITS MILITARY HAS BEEN SINCE ITS INCEPTION THE YOUTH OF THE COUNTRY. IT IS THEREFORE NECESSARY THAT THIS GROUP BE RUTHLESSLY DISECTED, CRIPPLED, MAIMED, TORTURED, AND WEAKENED PHYSICALLY, MENTALLY, AND MORALLY. THE YOUTH OF AMERICA MUST BE TAUGHT TO FORGET THEIR MILITARY HISTORY, THEIR RELIGIOUS BELIEFS, THEIR SENSE OF DECENCY, THEIR LOVE OF SPORTS AND TEAMWORK, THEIR SENSE OF LOYALTY, AND MOST OF ALL THEY MUST BE TAUGHT TO DESPISE THE WORD PATRIOTISM. THIS GROUP MUST BE TURNED INTO DELINQUENTS, DOPE ADDICTS, DRUNKS, PIMPS, PROSTITUTES, DOPE PUSHERS, LESBIANS, HOMOSEXUALS, SADISTS, MASOCHISTS, ATHEISTS, NEUROTICS, PSYCHOPATHS, AND KILLERS. THIS MISSION WILL BE ACCOMPLISHED IN THE MOST DEVASTATING CAMPAIGN OF PSYCHOLOGICAL WARFARE IN HISTORY.

COMMUNIST PSYCHOLOGICAL WARFARE ATTACK ON THE
AMERICAN CHILDREN
DOCTRINE

I. A LARGE SCALE PSYCHOLOGICAL WARFARE PROGRAM WILL BE BEGUN AGAINST THE AMERICAN CHILDREN UTILIZING MOVIES, TELEVISION SHOWS, BOOKS, PAMPHLETS, RADIO SHOWS, COMIC STRIPS, MAGAZINES, POST CARDS, SCHOOL TEXT'S AND ALL OTHER MEDIA OF CHILDRENS INFORMATION SYSTEMS.

THE UNITED STATES OF AMERICA MUST BE THE KEY TARGET OF COMMUNIST ACTIVITIES SINCE IT IS THE MOST POWERFUL CITADEL OF CAPITALISM IN THE WORLD. THE UNITED STATES BECAUSE OF ITS GEOGRAPHICAL POSITION, MILITARY POWER AND PRODUCTIVE ABILITY CANNOT BE MET IN OPEN COMBAT; IT MUST THEN BE SUBVERTED AND DESTROYED FROM WITHIN.

THE PARTY WILL PLACE KEY PEOPLE IN THE MOST IMPORTANT POSITIONS OF GOVERNMENT AND THE MILITARY AND WHEN THE TIME COMES THESE INDIVIDUALS WILL MISDIRECT AND DELAY MILITARY AND GOVERNMENT ACTIONS SO THAT WE CAN SEIZE THE IMPORTANT CITIES AND DEMAND THE SURRENDER OF THE NATION.

THIS PLAN IS NOW IN FULL OPERATION AND BASED ON OUR PREVIOUS SUCCESS UTILIZING IT IN FRANCE IN 1940 and NORWAY IN 1941 WE EXPECT IT TO BE COMPLETED IN THE YEAR 1965. THE CHIEF OF ALL PARTY OPERATIONS IN THE UNITED STATES AND THE WESTERN HEMISPHERE IS MRS. ELEANOR ROOSEVELT.

***** COMMENTS: THE TURKISH GOVERNMENT WHICH HAS A DEEP CEDED HATRED FOR THE RUSSIANS HAS BEEN MAKING FRIENDLY GESTURES TO MOSCOW SINCE JANUARY 1965.

REASONS FOR THIS CHANGE OF POLICY ARE AS FOLLOWS:

- I. THE TURK MILITARY INTELLIGENCE REPORTED THE PRESENCE OF 40 LONG RANGE MISSILES IN CUBA
- II. THE TURKS KNOW NIKITA KRUSCHEV STILL THE BOSS OF BOTH RUSSIAN AND CHINESE PARTIES.
- III. TURKISH INTELLIGENCE RED PRESENCE IN CUBA OF SPECIALLY TRAINED SHOCK TROOPS SPEAKING LIKE AMERICAN CITIZENS AND BEING SMUGGLED INTO U.S.
- IV. TURKS KNOW JOHNSON WILL BE KILLED AND HUMPHREY WILL SELL OUT TO KRUSCHEV.

NOTE WELL CUBANS WERE RECENTLY ARRESTED IN NEW YORK WITH RIFLES AND GRENADES AND ORDERS TO ATTACK SCHOOLCHILDREN WITH THEM. THIS CASE WAS BROKEN BY POLICE BUT F.B.I. TOOK THE CREDIT. NOW IN NEW YORK CUBANS, MUSLIMS, AND NAZI'S HAVE THOUSANDS OF GUNS AND GRENADES STOLEN FROM NATIONAL GAURD ARMORIES FOR SAME PURPOSE.

THE FOLLOWING IS A LIST OF THE GENERAL STAFF OF THE WORST MURDER ORGANIZATION HISTORY. THESE RATS WITH THE AID OF A HIGH POWERED PSYCHOLOGICAL WARFARE PROGRAM OF ELEANOR ROOSEVELT'S COMMUNIST RATS IN HOLLYWOOD HAVE MURDERED THE MINDS, BODIES, AND SOULS OF THE INNOCENT CHILDREN OF AMERICA WITH DRUGS, ALCOHOL, AND PORNOGRAPHY.

FACT#1 IN 1948 The Senate Subcommittee on Subversive Activities and Un-American Activities named HOWARD DE SILVA, LLOYD BRIDGES, and ROBERT RYAN as leaders of Communist cells in HOLLYWOOD. All three of these Red traitors are now starring in television shows of WCBS-CHANNEL#2 in N.Y. This station definitely controlled by Communist as it has recently been running numerous anti-military propaganda films, and fear propaganda show titled World War I which is narrated by Comrade Ryan. REMEMBER THIS FACT ***** For three years Comrade Arthur Schlesinger Jr. appeared on the high powered news-panel show "MEET THE PRESS". A loyal American newsmen then identified him and exposed him as the VICE-PRESIDENT of the YOUNG COMMUNIST LEAGUE and he was supposedly fired from the press staff. This Red Rat is back and directing the propaganda attacks on the military. [REDACTED] and [REDACTED] were well known ass-kissers of ugly ELEANOR ROOSEVELT.

FACT#2 Get Pay-War personnel to check the shows on WHEW-TV Channel-#1 New York and they will find that this channel has been blasting hell out of The UNITED STATES NAVY AND UNITED STATES MARINE CORPS for the last 18 months with old war films and anti-military shows. The shows are being used as fear propaganda. THE Films being utilized in this manner are as follows: Destination Tokyo, Wing and a Prayer, Pride of The Marines, Task Force, Guadicanal Diary, and Gung-Ho. These shows aimed at children and civilians to depict the horrors of war and to terrify them. This channel under the command of [REDACTED] a pseudo-intellectual and communist party member who is ably assisted by Comrades [REDACTED] and [REDACTED]. The proof that this is a highly organized well coordinated PSY-WAR OPERATION is the British anti-war show W.W.-I which was copied by WCBS-TV and both these shows are scheduled on Sunday evenings when the mothers and daughters are forced to watch them with the fathers and sons

FACT#3 COMRADE [REDACTED] commands WABC-TV and has also been kicking hell out of the UNITED STATES NAVY AND UNITED STATES MARINE CORP THE SHOWS MCHALES NAVY, BROADSIDE, AND ENSIGN O'TOOLE ARE MURDERING THE NAVY IN THE EYES OF THE CHILDREN. Remember children are taught to hate and despise people who display the traits of immorality, deceit, sadism, ignorance, stupidity, disobedience, and disrespect for authority. This station also broadcasts fear propaganda shows THE GALLANT MEN, BATTLE-LINE, AND COMBAT and all of these shows have vividly displayed Marines being butchered in combat films. It is because of this flood of high-powered propaganda that the teenagers today are petrified of the service. REMEMBER THIS FACT Recently convicted traitor ALGER HISS APPEARED ON THE station and blasted General MacArthur and the combined chiefs of staff. He was interviewed by COMRADE [REDACTED] and this open breach of security proves how sure these rats are that COMRADES JOHN E. HOOVER and COMRADE [REDACTED] and [REDACTED] will protect them.

STATEMENTS OF FACT FOR W.W. TO DIGEST AND VERIFY

QUESTION HOW COULD RUSSIA WHICH LOST 40 MILLION PEOPLE AND WAS FINANCIALLY BANKRUPT IN 1947 MATCH AND OUTPRODUCE THE GREATEST INDUSTRIAL POWER IN THE WORLD THE U.S.A. IN JUST TWO DECADES.

ONE OF THE ANSWERS: [REDACTED] AT THE U.S. ARMIES COUNTER INTELLIGENCE SCHOOL [REDACTED] IN COMMUNICATIONS PSYCHOLOGICAL WARFARE AND CHEMICAL WARFARE. IN THAT [REDACTED] TRAINED ARMY, NAVY, MARINE CORPS, AIR FORCE, F.B.I., AND STATE DEPT. INTELLIGENCE PERSONNEL AND NEVER EVEN MET A MEMBER OF THE VAUNTED CENTRAL INTELLIGENCE AGENCY. THIS IS HOW SOVIET RUSSIA BECAME SO STRONG BILLIONS OF DOLLARS SPENT FOR AN ALMOST NON EXISTENT INTELLIGENCE GROUP

QUESTION HOW COULD THE MAFIA CONTROL ALL THE INDUSTRIES DEALING WITH CHILDREN IN THE U.S.A. AND MAFIA BUM AND ANTI-FREE PRESS RAT [REDACTED] BE THE MOST POWERFUL MAN IN MOVIES. E.G. THE RECENT PROPAGANDA FILM " JAKE GOLDFARB WHY DON'T YOU GO HOME " IS NOT ONLY A VICIOUS ATTACK ON NOTRE DAME BUT ALSO ISREAL WHICH IS ABOUT TO BE ATTACKED BY NASSER. THIS FILM PRODUCED BY SINATRA ENTERPRISES AND STARS SHIRLEY MACLAINE WHO OF COURSE WAS A FAVORITE OF MR KRUSCHEV WHEN HE WAS GIVEN THE ROYAL WELCOME BY ELEANORS PETS AND TRAITORS IN HOLLYWOOD

NOTE WELL NIKITA KRUSCHEV USING ELEANORS FAKE PARTY SPLIT WHICH WORKED SO WELL IN 1948 ELECTION.

thought you should see it anyway, specially the page where

same elevator with me Monday and since I'm the only one

had to see you, etc. and I told him you were out of town

NOTE: [REDACTED] is not identifiable in Bufiles. The Special Investigative Division reviewed this material and noted it to be incoherent generalization about a variety of subjects attributing Director Hoover as being the leader of the underworld and the greatest traitor this country has. Although he makes several wild charges including a reference to the assassination of Walter Winchell in April, the source of this data must be evaluated and from the nature of his writings it would appear [REDACTED] is not in full possession of his faculties and is merely rambling about his knowledge of hoodlums in the Chicago area. In view of this, it is felt the reply to Mr. Winchell is sufficient to let him know that he should not spend too much time with this individual.

THE COMMUNIST PARTY OF THE UNITED STATES OF AMERICA

PSYCHOLOGICAL WARFARE REPORT

LAST QUARTER 1964

I. PROPAGANDA FILM CLASSIC

TITLE: THE AMERICANIZATION OF EMILY

COMMENT: This film is the culmination and the antithesis of eighteen years of brilliant propaganda films produced by party writers, directors, and actors in Hollywood.

PSYCHOLOGICAL WARFARE THEME

This film bluntly and blatantly states that patriotism and defense of ones country in wartime is immoral, stupid, and inhumane. It is a classic propaganda film since it hides its true message under a veil of humor, but the scenes showing the horror of war clearly define its meaning. In this film the major star JAMES GARNER delivers a minute eulogy on the stupidity and wastefulness of war and blame the making of wars on the GENERAL STAFF. Thru vivid close pictorial scenes the high ranking officers in the E.T.O. are portrayed as brutal, sadistic, opportunist, drunkards, sex maniacs, and psychopaths. They are portrayed as men who will stop at nothing and don't care how many lives it will cost as long as they achieve their personal goals. It is a direct insult to the UNITED STATES NAVY and an indirect but subtle attack on that imperialistic JEW Admiral Rickover. The film constantly refers to the UNITED STATES NAVAL ACADEMY as a hatchery for deceitful, opportunistic murderers. It depicts Naval Officers and Non-Commissioned Officers as cowards, crooks, con-men and blackmarketeers and pimps. This epic casts dispersions on and doubts in the mind of the civilian populace as to functions and mission of the United States Navy. It also attacks the ANGLO-AMERICAN ALLIANCE by showing American officers purchasing the sexual favors of English female personnel with candy, perfume, and party dresses. It also shows the women of America that the only thing war produces is WIDOWS and MOTHERS who lose children. Of course we have added a usual classic touch by having a Navy Officer portrayed by a star whom all the teenagers know is a homosexual. The teenagers will react very strongly to this film's message since it teaches them that they pay the price in lives and limbs while the Admirals enjoy sex and booze. The last scene is of course a slap at that Marine Corps symbol of decadence the statue of IWO JIMA. This film is now showing in two thousand theaters in American and FIVE MILLION TEENAGERS will have been effected. We congratulate our comrade critics for there excellent reviews and for pushing our propaganda program so effectively.

THIS FILM EPIC IS A PROPAGANDA HYDROGEN BOMB

2. BRILLIANT ANTI-MILITARY PROPAGANDA AND PSYCHOLOGICAL WARFARE

TITLE: 7 DAYS IN MAY

COMMENT: This diabolically clever propaganda picture serves two very important functions for the party.

- A. It dissects the COMBINED CHIEFS OF STAFF and portrays them as psychopaths and power mad radicals as well as immoral and indecent men.
- B. It also provides the intellectual and psychological basis and evidence should Comrade Hoover be forced to crush any counteraction by members of the COMBINED CHIEFS OF STAFF.

PSYCHOLOGICAL WARFARE THEME

THIS FILM STARS COMRADES [REDACTED]

b7C

This film desecrates GENERAL CURTIS LE MAY and his savage in the Strategic Air Command. In this film we portray this fascist dog as a psychopath with a criminal desire for power. We also portray the General Staff and loyal members of Congress as drunkards and misfits. We vividly portray the high command of Americas military complex, and military forces as stupid, arrogant, and power mad, conspirators constantly fighting for positions of importance. We also showed high ranking officers of the military plotting to set up a military dictatorship. We of course utilized the case of the radical fascist General Walker to great advantage as we portayed the right wing as being opposed to civil rights and the capitalistic ideals of liberty and justice for all. I find it quite humorous when I think how shocked the General staff would be to know that General Walker is actually one of our agents and was trained by Comrade Gen. Taylor. It is appareant from the initial reactions to this film that Comrade Eleanors estimate of the American peoples character and their mental immaturity was perfect and exactly correct. The stupid people have been brainwashed by our psychological warfare to the point that Comrade Hoover can crush any Military man who stands in our way. This of course allows us to operate quite openly against the military forces of the United States with strikes and sabotage carried out by the Mafia. It should of course noted well that Comrade maxwell Taylors aid and control over the military has been invaluable as in the brilliant assassination of that dog Kennedy. This movie based on the book which our comrade critics made a best seller has so conditioned the middle class minds that any untoward move by the military will be viewed with tremendous anxiety and suspicion.

THE
COMMUNIST PARTY PSYCHOLOGICAL WARFARE
HUMOR TECHNIQUE ANALYSIS

TITLE: DOCTOR STRANGELOVE

PSYCHOLOGICAL WRAPPING PAPER

A. The best method to be utilized against the American people in the field of propaganda is I. HUMOR, II. FRIVOLITY, and III. LAUGHTER.

COMRADE ELEANOR ROOSEVELT.

B. PHILOSOPHICAL PRINCIPLE: The first principle of teaching is that order to impart knowledge to a class you must begin by gaining their respect, confidence, and most of all their friendship. The theory is basic a compatible class means a cooperative one, or in simple terms first you make them learn then you make them laugh. The theory is put into reverse when utilized in propaganda that is first you make them laugh then you make them learn.

C. SCIENTIFIC PRINCIPLE: Laughter creates a physiological effect on the human body whereupon the blood corpuscles are thickened and are forced to the cerebral area caused by an increased pulse rate. This is sometimes referred to as light headedness. This rapid change in the cerebral area causes a sharpening of the rational, perceptive, and receptive powers of the organic faculty known as the brain.

D. MATERIALISTIC RESULT: Therefor following the scientific and materialistic principles we can conclude that the more humor and laughter induced into a lecture or conference the greater the intellectual endeavor that will be stimulated in the student and the larger amount of fact and knowledge can be passed on by the professor.

E. APPLICATION: In the movie DR. STRANGELOVE we use the subtle approach to humor by making the players into frivolous counterparts of actual people such as the President, the Chief of Staff, and of course we do a truly expert job of cutting up Werner Von Braun. The humor produces a friendly audience and therefor allows us to sell our surrender doctrine. It is a proven fact that this type of propaganda produces a tremendous result particularly among the children. I refer you to the masterful and brilliant productions 1. SGT. BILCO, 2. MCHALES NAVY, 3. HOMER GOIMPERS U.S.M.C. and NO TIME FOR SERGEANTS. These shows have caused the civil citizen to look on the military with disdain and the children to think a tour in the military as the equivalent to a prison sentence. The humor type anti-military propaganda is especially effective in newspapers and news magazines. The classic example of this type of attack is of course our masterpiece the "AMERICANIZATION OF EMILY" in which we massacre the UNITED STATES NAVY, AND ADMIRAL RICKOVER.

COMMUNIST PARTY OF THE UNITED STATES OF AMERICA

PSYCHOLOGICAL WARFARE REPORT

LAST QUARTER 1964

I. SUCCESSFUL NEWSPAPER, RADIO, TELEVISION, MAGAZINE ATTACKS.

A. THE STATE OF MISSISSIPPI AND IT'S UNIVERSITY.

1. The university and State of Mississippi have been under constant attack since 1956 when Comrade Klinor and Comrade Hagerty persuaded that incompetent idiot Eisenhower to send the proud 101st Airborne Division into the state to force integration of the schooling system. This was of course a typical masterstroke by Comrade Eleanor as she desecrated both the honor and glory of a great State and the UNITED STATES ARMY'S best Division. By use of our student groups we have devastated and destroyed the very soul of the state of Mississippi. When our three young communist league agitators were murdered in Philadelphia, Mississippi Comrade Hoover did a magnificent job of portraying the people of the state as a group of lawless murderers. He also added a brilliant stroke by attacking that passifist dog Martin Luther King. The press, radio, television, and magazines have made the very name MISSISSIPPI synonymous with murder. And so a proud State of the Union, and it's patriotic people were destroyed by the Trickery, Treachery, and Treason, of Comrades Roosevelt, Hagerty, and Hoover.

B. THE UNIVERSITIES OF ALABAMA, GEORGIA ATTACK

2. The universities

ALABAMA UNIVERSITY The home of the famous 4th ALABAMA DIVISION known as the pride of the old south, this fine school was smeared by a trumped up charge engineered by the MAFIA and the Communist controlled SATURDAY EVENING POST.

GEORGIA TECH The home of the famous rambling wrecks and training ground for some of the militarys finest engineers is smashed and smeared when the famous coach WALLY BUTTS is falsely accused of selling his team out.

C. THE UNITED STATES MILITARY ACADEMY AND AIR FORCE ACADEMY

3. THESE GREAT INSTITUTIONS FOR MILITARY FANATICS HAVE BEEN THE PET TARGETS FOR MAFIA SPORTSWRITERS AND TEENAGE PROSTITUTES. THE MAFIA UTILIZED MARIJUANA AND BLACKMAIL TO EXPELL 105 STUDENTS RECENTLY.

4. OTHER UNIVERSITIES ATTACKED

- A. NOTRE DAME
- B. KENTUCKY
- C. SIENNA
- D. FORDHAM
- E. ST. LOUIS
- F. TEXAS

EAST QUARTER 1964

SITUATION

BY DEPRIVING THE CHILDREN OF GOD IN THE SCHOOLS AND BY DEPRIVING THEM OF THEIR NATIONAL SYMBOLS AND PRIDE AND BY SMEARING SCANDALIZING, AND DESTROYING THEIR SPORTS IDOLS WE HAVE BEEN ABLE TO DESTROY AMERICA'S MOST VALUABLE RESOURCE, THEIR CHILDREN. WE HAVE BACKED UP OUR PROPAGANDA PROGRAM WITH NARCOTICS, ALCOHOL, AND PORNOGRAPHY AND THUS HAVE MAGNIFICENTLY COMPLETED THE MISSION ASSIGNED TO US BY THE PARTY IN 1947.

TWELVE MILLION AMERICAN CHILDREN HAVE BEEN MAIMED, CRIPPLED, BRAINWASHED, AND KILLED BY OUR THOROUGH USE OF THE WEAPONS OF PROPAGANDA, AND PSYCHOLOGICAL WARFARE. THERE ARE IN AMERICA RIGHT NOW THE TOTAL OF FOUR MILLIONS MENTALLY ILL CHILDREN UP TO THE AGE OF 18, AND MOST OF THESE CAN BE CREDITED TO OUR PROGRAM.

EIGHTEEN MILLION CHILDREN HAVE GROWN UP THINKING PATRIOTISM IS A STUPID AND IMMORAL EMOTION AND THAT SERVICE TO THEIR COUNTRY IS THE SAME AS A PRISON TERM.

CONCLUSION

I AM POSITIVE OUR TAKEOVER OF THE UNITED STATES WILL BE CARRIED OUT WITHOUT A HITCH SINCE THE STUPID AMERICAN CITIZENS AND AMERICAN MILITARY HAVE NO IDEA THAT THEY ARE EVEN BEING ATTACKED AND WOULD NEVER SUSPECT COMRADE HOOVER OF BETRAYING THEM. I SALUTE THE POLITBUREAU AND COMRADE ELEANOR WHO TAUGHT ME TO BE THE PSY-WAR CHIEF AND I ANXIOUSLY AWAIT YOUR ARRIVAL MR. KRUSCHEV AFTER OPERATION DOOMSDAY.
